GRADUATE CERTIFICATE IN COMMUNICATION FOR HEALTH

Direct entry into a range of postgraduate health programs

WHY STUDY THIS PATHWAY?

• Receive up to four units (one semester) of advanced standing and a guaranteed place in your approved masters program*
• Study two communication units at QUT International College to improve your English while studying two postgraduate health units at the faculty
• Meet the masters English entry requirement—no additional IELTS required
• Benefit from additional academic and language support
• Master of Health, Safety and Environment—expand your career opportunities in a wide range of locations, industries and government.
• Master of Public Health and Master of Health Management—take a project option providing real world skills and a competitive edge.
• Master of Advanced Practice Nursing—be prepared for leadership roles through studying current course content that reflects the health priorities of today.

* Pass all units with a GPA 4 from the graduate certificate program

CHINONYE MARCELLINA
UBA

Master of Health, Safety and Environment

“The Master of Health, Safety and Environment provides profound knowledge and skills vital to creating, maintaining and promoting a healthy, safe and sustainable workplace. QUT offers learning modules that are fused with real examples and expertise, which create even greater career opportunities. The rich blend of students from diverse backgrounds has also enriched my awareness of different cultures which is really helpful in the workplace. I really could not have asked for more.”
