NS90 MASTER OF NURSE PRACTITIONER COURSE EXPECTATIONS

COURSE EXPECTATIONS RELATED TO THE CLINICAL LEARNING ENVIRONMENT AND CLINICAL SUPPORT TEAM

1. The applicant must have a minimum of four years full time equivalent clinical practice experience as a registered nurse in the nominated clinical field, which consists of a minimum of two years full time equivalent experience (within the last six years) **advanced nursing practice** in the same field. In addition, the applicant must be **working at an advanced practice level** for the duration of the course and **required to be supernumerary** when completing IPP supernumerary clinical hours.
2. The course comprises three units requiring **supernumerary clinical practice**:
 - The Science of Health Assessment - 40 hours
 - Integrated Professional Practice 1 – 130 hours
 - Integrated Professional Practice 2 – 130 hours
3. The applicant must have ready access to the nominated Clinical Support Team (CST) during their supernumerary clinical learning days. The applicant's CST will provide support through supervision, monitoring and review of applicants extended practice to meet learning objectives.
4. Each applicant must have a CST consisting of two nurse practitioners or two senior medical officers or a combination of both). The CST must have relevant clinical and professional experience, be currently practicing in the applicant's nominated clinical field and be able to provide supervision of clinical practice.
5. The applicant is responsible for identifying and obtaining support from a suitable clinical learning environment and an appropriate CST. The composition of the CST will be approved by the University prior to enrollment in your first unit of study.
6. The CST members will be re-confirmed prior to the start of each semester in which the integrated professional practice unit is undertaken. It is the applicant's responsibility to notify the Unit Coordinator of any changes to CST members or clinical learning environment as soon as practicable.
7. While undertaking NSN435 and NSN439 the applicant is expected to manage, under appropriate supervision, at least two complete episodes of care per week throughout the semester for typical patients/ clients in the applicant's case load.
8. The CST will be expected to conduct regular clinical practice reviews (including observation of practice and review of relevant documentation) to assess the applicant's management of these patients/ clients as a mechanism for teaching and learning and to monitor quality and safety of care.

NS90 MASTER OF NURSE PRACTITIONER COURSE EXPECTATIONS

9. The applicant is encouraged to develop a learning plan and discuss this plan and their learning goals with their CST early in the semester. In addition, they should make time throughout the semester to discuss their progress and make amendments to their plan, to ensure they meet the unit requirements before the end of the semester.
10. Specific details of assessment of clinical and academic performance during the integrated professional practice are outlined in the Unit Information and Student Support Handbook. It is the applicant's responsibility, in consultation with the CST and the Unit Coordinator, to organise the processes for this assessment.
11. A member of the CST will be required to contribute to, and sign off, on assessment records for all IPP units and to contribute to and sign off as a panel member/chair in a formal clinical viva.
