

# QUT YOUNG ACCELERATORS

Accelerate your STEM future at QUT!

## Learn more about the program

Young Accelerators promotes and facilitates a range of experiences to increase engagement in STEM for high school students in years 7 to 12.

This includes:

**School workshops:**

School terms | Arranged through schools

**High school research internships:**

Holiday program | April | Year 12s

**STEM subject selection:**

May | Year 9/10

**Power of Engineering:**

Holiday program | June | Year 8/9 girls

**QUT Open Day:**

July | All ages

**Winter holiday program:**

Holiday program | July | All ages

**QUT STEM Camp:**

Holiday program | September | Year 11s

**Real Decisions:**

December | Year 12s

QUT Young Accelerators is inspiring the next generation of innovators by combining creativity and entrepreneurship with STEM.
