

Enterprise Leadership Program

Professional development providing a flexible pathway for motivated managers and aspiring senior leaders. Take your career to the next level.

Step up with leadership confidence

Step up with flexible study that fits around your career demands. You can choose to complete as many modules as you like, with each one targeting the areas most relevant to your own workplace context. Learn to develop the confidence, frameworks and capability needed to thrive in complex environments and lead successful business outcomes.

Our professional development modules are grouped by six themes to help you choose your areas of expertise. Each module is a stand-alone course, and you can choose to complete as many or as few as you like.

Choose whichever modules* you feel will lead you to the promotion or career advancement you are seeking.

Expand
your skills
and knowledge

Flexible
learning
online or in person

Professional
pathways to
certificates or MBA

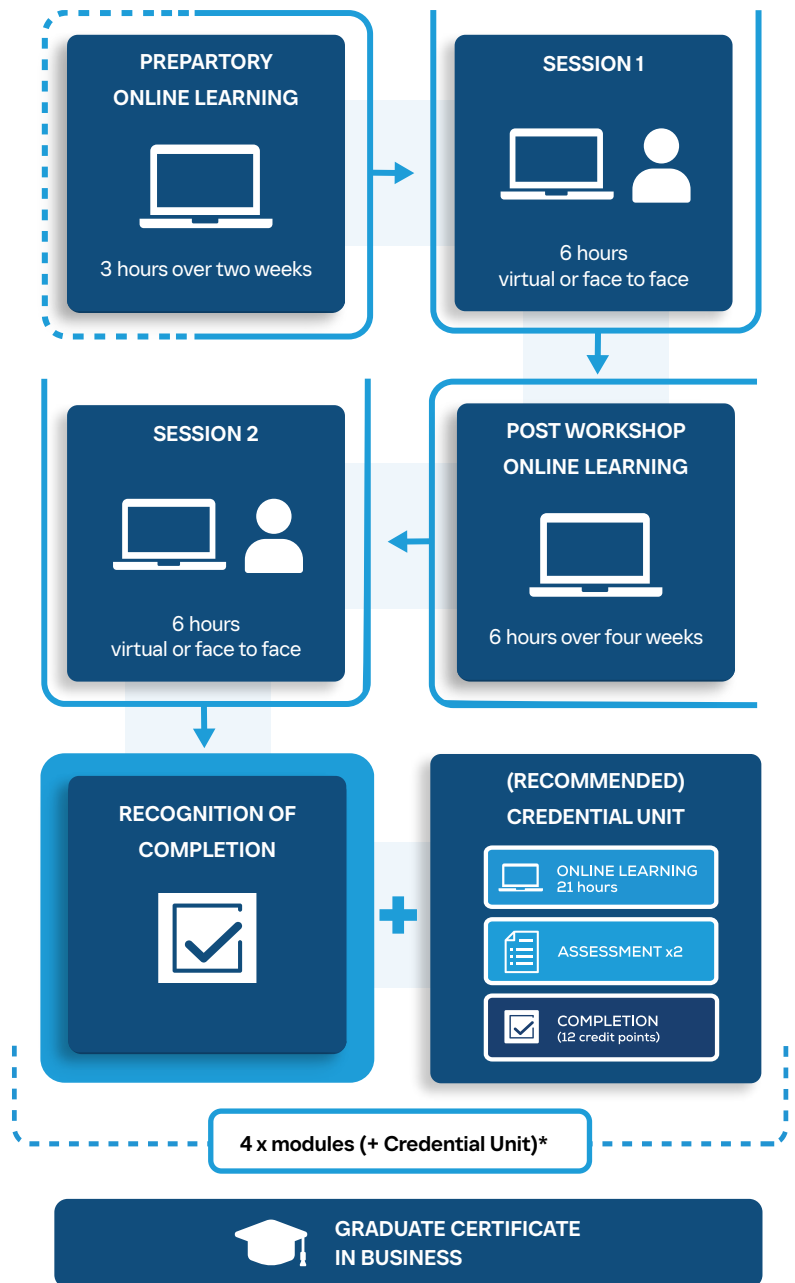

* Availability of some modules are dependant on demand.

Flexible study that fits around you

Learning is delivered in a facilitator-led, interactive, blended environment combining face-to-face workshops, workplace challenges and online learning. This means you can build your knowledge while growing your professional network and applying your learnings in the real world.

Each module can also be supplemented with an optional Credential Unit, that stack up to give you a pathway to a Graduate Certificate in Business, an MBA or an Executive MBA.

QUT Enterprise Leadership Program modules align to the leadership competencies for Queensland. Visit our website or contact QUT for more information.

* To attain the Graduate Certificate, you must complete the core unit - Leading Self and Others - plus any other elective units to achieve 48 credit points in total.

Enterprise leadership for your organisation

QUT Enterprise Leadership Program modules deliver many measurable outcomes for organisations.

These include helping to build leadership capability, techniques for solving complex problems, raising staff engagement, building trust, increasing staff retention and more. We can design and deliver tailored, in-house learning solutions for groups of employees or a particular division of your organisation to help you achieve your specific business objectives.

Join a growing community of leading Australian organisations in industries including government, financial and professional services, health and community, construction and mining, retail, education, agribusiness and more which are creating results-driven learning solutions with QUT.

Contact QUT to learn more about corporate packages or to get started as an organisation.

I enrolled in QUT's Enterprise Leadership Program as I knew it would empower me to make a positive impact in my career, and it did exactly that. The program equipped me with invaluable leadership frameworks, strategic thinking capabilities and effective communication skills, enabling me to drive positive change and foster a culture of safety, well-being and collaboration in my organisation.

Eliza Young
