PREFACE

History

The Queensland University of Technology (QUT) was created in January 1989 by redesignation of the Queensland Institute of Technology (QIT). QIT had its origins in the Central Technical College, which was established in 1914 on what is now the University's Gardens Point campus. On its formation in 1965, QIT absorbed the professional courses offered by the Central Technical College and in its first year enrolled some 2000 part-time students.

In May 1990, QUT amalgamated with the Brisbane College of Advanced Education (BCAE), a large multi-campus institution specialising in the arts, business, education and the social sciences. BCAE was formed by an amalgamation that took place in January 1982, its precursors being the Kelvin Grove, Mount Gravatt and North Brisbane Colleges of Advanced Education and the Brisbane Kindergarten Teachers' College. These institutions were established, under other designations, in 1914, 1969, 1961 and 1907 respectively. The Mount Gravatt campus of BCAE was transferred to Griffith University in January 1990 prior to BCAE commencing amalgamation negotiations with QUT.

The institution resulting from the amalgamation of BCAE with QUT has retained the title Queensland University of Technology. It is a major university in the Australian context with a broad academic profile and an increasing involvement in research and postgraduate education. QUT has an enrolment approaching 27 000 students and expectations of sustained growth. It currently has campuses at Carseldine, Kelvin Grove and Gardens Point, all in metropolitan Brisbane.

Mission

Within its mission statement QUT has identified three main goals:

- **Teaching** – to ensure that its graduates acquire knowledge, professional competence, a sense of community responsibility, and a capacity to continue their professional and personal development throughout their lives.
- **Research** – to advance and apply knowledge germane to the professions and to the communities with which it interacts, and relevant to the enhancement of economic, cultural and social conditions.
- **Service** – to contribute to the development of Australia's international responsibility and competitiveness; to enhance QUT's relationship with the professions; and to increase community awareness of issues through professional service and social commentary.

Council

The Council is the University's governing body, with responsibility for advertising the University in accordance with the *Queensland University of Technology Act 1988-1990*. The Council consists of 22 members, of whom eight are nominees of the Minister for Education, one is a nominee of the Director-General of Education, two are nominees of the Council, two are elected non-academic staff members, three are elected academic staff members, two are elected student members and two are elected Convocation members. The Chancellor and Vice-Chancellor are members *ex officio*. The Chancellor is Chairperson of the Council and the Registrar is Secretary.

Convocation

Convocation represents the interests of QUT graduates through its representation on Council and its influence on University decision making, particularly in regard to teaching and applied research.

Convocation is chaired by a Warden and is served by a Standing Committee. The full Convocation meets annually and its functions are performed through the year by the Standing Committee.

Information

In addition to the Handbook, the University produces a range of publications to which the public has access. These include the Research and Consultancy Report, the Annual Report, the University's Manual of Policy and Procedures (MOPP) and the Admission Procedures booklet. These publications are available in the University's Libraries or may be obtained on request from the Registrar.

COUNCIL AND COMMITTEES

Council

Composition, membership, powers and responsibilities of QUT Council are governed by the *Queensland University of Technology Act*. Procedures for elections, meetings and dealing with business in Council, are specified in *QUT Statute 2 – Council*.

Council is empowered to establish committees and to delegate power to committees or officers of the University. While Council is ultimately responsible for the management and operation of QUT, it has delegated authority to the chief executive officer, the Vice-Chancellor, and to various senior administrators of QUT for much of the day-to-day management of the University. Council has also established a number of advisory committees, some of which have been authorised to make decisions in respect of prescribed policy and procedural matters.

RESEARCH CENTRES

Australian Centre in Strategic Management

The Australian Centre in Strategic Management (ACSM) was established in 1989 at the Queensland University of Technology (QUT) as a Commonwealth Key Centre of Teaching and Research by the Australian Research Council (ARC) and the Federal Department of Employment, Education and Training (DEET).

ACSM's mission is to provide to the community the benefits of teaching, research and service in its specific program areas. ACSM's two main program areas are: quality management and employment relations (including human resources, industrial relations and organisational change). ACSM also includes related projects on leadership, management development, women in management, and strategic management more generally.

Research of international standard is a high priority for ACSM. It is a hub for a network of researchers including Honours, Masters, doctoral and postdoctoral scholars, visiting professors and teams of academics working with practitioners. Research is funded by a range of sources, including the federal and state governments, Australian and overseas competitive research grants, contracts for applied research, consulting, sponsorship and donations. (Some donations are tax deductible.)

The Centre's current projects include: designing, conducting, analysing and providing feedback on surveys of employees' attitudes; a three-year ARC research grant to study the impact of strategy and structure on organisational performance in Australian industry; an international and inter-university ARC-funded study of changing employment relations in Western European, North American and Asian countries, with particular reference to the telecommunications, electronics and car manufacturing industries; an investigation of human resources and industrial relations practices and business strategy in the banking, finance, tourism and information technology industries; research on leadership, quality and risk management on the railways, and a five-year evaluation of quality in the meat industry.

ACSM convenes conferences and seminars, conducts educational programs, publishes books, articles, working papers, reprints and other publications and welcomes short-term and medium-term research visitors, who, for example, are on secondment or study leave. ACSM's significant progress towards fulfilling its mission is illustrated in its various publications, a list of which is available on request.

ACSM encompasses the values of:

- being relevant to governments, employers, employees, unions and other appropriate stakeholders, including small and medium-sized enterprises
- achieving excellence in research, teaching, and service
- building networks to achieve synergies with appropriate partners
- maintaining a supportive and trusting work environment
- being a learning organisation

In each of its program areas, ACSM has active links with professional organisations as well as with many enterprises in the private and public sectors, and with other universities and research centres in Australia and overseas. ACSM thereby acts as a bridge between tertiary education and business enterprises, governments, unions and the wider community.

Centre for Applied Studies in Early Childhood

CASEC occupies a unique niche in the national research scene which places it in a strong position to respond to current concerns about the effects of various aspects of modern society on the well-being of young children. The overriding goal of the Centre is to sustain a nucleus of expertise and research activity which is at the forefront of progress in areas concerning the development, education, and welfare of young children and to bring the benefits of this knowledge to QUT and the community at large.

The Centre for Applied Studies in Early Childhood has three main objectives:

- to conduct high quality research which is at the leading edge of current theory and practice in relation to the development, education and well-being of young children
- to provide postgraduate training to meet the needs and demands of early childhood professionals
- to make available both to professional groups and the community at large expertise, advice and consultancy aimed at enhancing the well-being of young children, their families, teachers and other care providers.

Research and Teaching

The research activities of the Centre fall within the four areas outlined below. At least one of the principal researchers in the Centre is actively involved in research and teaching in each of these areas. Expertise in both quantitative and qualitative research exists within the Centre.

Reconceptualising early childhood programs: This includes critically examining current knowledge underpinning the work of teachers in the early childhood programs emerging in the 1990s. Theories that will more effectively inform teachers' work with young children and their parents are expected outcomes of this research.

The management and provision of quality child care: This includes examination of the training and roles of child care providers and investigation of the child care accreditation process, as well as the impact of child care on children and parents.

Factors influencing normal patterns of child development: This includes the Centre's longitudinal study, which encompasses a number of different aspects of development. Some research in this area focuses on the process of development and some examines the effects of environmental factors on development.

Children and families with special needs: This research area is concerned with the influence of disability or atypical family environments on children's development.

The Centre has the expertise, resources and facilities to support research, training and service commitments in these areas of specialisation. Its achievements are highly regarded at state and national level and it is continuing to enhance its reputation in the international arena.

Centre for Eye Research

The Centre for Eye Research was established in the School of Optometry in 1986 to coordinate the wide range of research activities in the visual and ophthalmic sciences. The Centre has a vigorous program of research investigating human vision and how the problems people have with vision may be resolved or alleviated.

In 1988 the Centre was given University Centre status and provided with support funding to pursue its mission of developing the research and postgraduate activities of the School of Optometry. In 1989, the Centre's first PhD students were enrolled.

The research activities of the Centre encompass the clinical, theoretical and applied aspects of the visual sciences. There is an emphasis on the functional and performance aspects of vision. The Centre also undertakes research for the ophthalmic and pharmaceutical industries towards the development of improved ophthalmic appliances and materials. In addition to investigating the causes of human vision problems, the Centre also undertakes research work for government, industry and business to resolve visual problems in the workplace, in transport and in industry.

The Centre for Eye Research serves as a focus for collaboration with groups internal and external to QUT. This collaboration with industry and with other research units is well established, and the Centre has attracted significant research grants from industry and government funding agencies.

The Centre's facilities and resources are unique in Queensland and provide a resource for the development of the visual and ophthalmic sciences and industries in the State.

Centre for Instrumental and Developmental Chemistry

The Centre for Instrumental and Developmental Chemistry was formed in January 1992. It emphasises high quality fundamental research and expert service of community needs through research, postgraduate education, development projects and consultancy.

Research

The Centre specialises in three main areas:

Analytical Science

Research in this area was initiated within the now superseded Centre for Analytical Science. Project areas currently being researched in the analytical science program include the development of new analytical instrumentation; use of chemometrics; elucidation of three-dimensional structures of complex molecules by NMR, X-ray diffraction and mass spectrometry; and use of vibrational spectroscopy for the characterisation of polymers, minerals, biological molecules and dyes; the development of new sample introduction methods in atomic spectroscopy.

Applied Biological Chemistry

The program encompasses a wide range of industrial sectors, and research makes extensive use of the instrumental infrastructure of the Centre. Current areas of activity include the synthesis of new molecules for use in industrial electronics and in the medical field; isolation and characterisation of new compounds of medicinal benefit from natural sources; development of new synthetic procedures, especially those based on the use of enzyme technology; and development of new procedures in enzyme fermentation, enzyme technology, and biochemical engineering and processing.

Material Science

This area of Centre activities has been well supported by industrial grants. Research is carried out in a number of important areas encompassing organic, inorganic and metallic materials. Significant project areas include synthetic polymers, particularly degradation studies and polymerisation kinetics; corrosion of metals and alloys in industrial environments; investigation of the electrodeposition of copper during the refining process; study of the structure and properties of clays; and preparation of advanced ceramics by the sol-gel process.

Consulting, Testing and Continuing Education

The previous Centre for Analytical Science was very active in consulting and testing. This activity earned valuable funds and forged strong links with the industrial community, leading to joint research projects. The new Centre for Instrumental and Developmental Chemistry will continue and expand this activity. Centre staff have established a reputation in continuing education by developing short courses in corrosion science and in vibrational spectroscopy. These courses have been given in every capital city of Australia and in South-east Asia. Future opportunities exist for the Centre to expand its continuing education activities.

Equipment

Activities revolve around sophisticated, high-cost instrumentation, including mass spectrometry, nuclear magnetic resonance spectrometry, fourier transform raman and

infrared spectroscopy, inductively coupled plasma emission spectrometry, inductively coupled plasma mass spectrometry, and thermal analysis.

Director: P.M. Fredericks, BSc(Hons) DPhil Sus., FRACI

Centre for Mathematics and Science Education

The Centre for Mathematics and Science Education seeks to promote a numerate and scientifically literate society by coordinating research in the teaching and learning of mathematics and science. It applies this research through graduate teaching, consultancy, curriculum development and the production of educational resources. It is affiliated with the Faculty of Education, and staff are drawn primarily from the School of Mathematics, Science and Technology Education as well as from other Schools and Faculties. An administrative office, clinical facility, and facilities for research assistants and higher degree students are located on Kelvin Grove campus.

Research

Research is a major Centre priority. The research program may be classified broadly into five categories relating to mathematics, science and technology education:

- Cognition – acquisition of scientific and mathematical knowledge, scientific and mathematical reasoning including problem solving; study of learning environments; teacher cognition and teacher change.
- The social context of science and mathematics education including access and equity issues.
- The application of information technology to human cognition and improving the quality of learning.
- Curriculum development, implementation and evaluation.
- Adult and workplace education.

The Centre offers PhD and MEd (Research) courses and a professional doctorate in education (EdD).

Teaching

The Centre aims towards teaching excellence with a staff experienced in undergraduate, higher degree and continuing education courses, and in supervising theses in mathematics and science and technology education. The Master in Education (MEd) and professional doctorate in education (EdD) degrees are offered by coursework and dissertation and allow specialisation in mathematics, science and technology education. Staff are active in writing teacher education materials and classroom texts in mathematics and science education.

Consultancy

Through consultancy, the Centre aims to promote success and excellence in mathematics and science for students of all ages and backgrounds. Staff are actively involved in a range of consultancy services to meet the needs of schools, industry and the general community. These services include diagnostic, remedial and enrichment activities with students; in-service seminars and short courses for industry and educators; cooperative projects with business and the Department of Education; writing and editing for

publishers. The Centre welcomes enquiries for the provision of services to the profession and the community.

Director: Associate Professor C.J. McRobbie, BSc *Qld*, MSc *Pacific*, PhD *Monash*

Centre for Medical and Health Physics

The Centre for Medical and Health Physics provides a formalised focus and vehicle through which to foster the application of physics and supporting disciplines to clinical, occupational and environmental health areas in the community.

The Centre has the following functions:

- To promote research in the area of medical and health physics
- To provide quality educational programs for postgraduate students and appropriate professionals
- To facilitate transfer of knowledge and developed technology to the broader scientific community and to industry
- To foster collaboration with external organisations both within Australia and overseas, particularly within countries in the Asia Pacific region.

Education

The Centre's staff provides support for undergraduate and postgraduate studies in the following programs:

- Bachelor of Applied Science – Physics major
- Bachelor of Applied Science – Medical Radiation Technology, with majors in Medical Imaging Technology and Radiotherapy Technology
- Bachelor of Applied Science (Honours) – Physics
- Master of Applied Science, with majors in Medical Physics, Medical Imaging and Medical Ultrasound
- PhD programs.

Continuing Education

The Centre offers short courses in:

- radiation health physics
- radiography
- medical ultrasound.

Research and Consultancy

The Centre's current areas of research and development are in:

- medical physics (imaging science)
 - image analysis
 - 3D image reconstruction and presentation
 - enhancement/development of instrumentation
- medical physics (body composition)
 - in vivo measurement of toxic heavy elements
 - bioelectrical impedance measurement of body water compartments
 - electrical impedance tomography

- health physics (occupational and environmental radiations)
 - natural lighting of buildings (daylighting)
 - environmental aerosol physics
 - environmental radioactivity.

The Centre's major areas of consultancy are:

- measurement of radioactivity
- shielding design for radiological practices
- measurement of light transmittance/reflectance (NATA registered laboratory)
- measurement of ultraviolet radiation.

Director: Associate Professor B.J. Thomas, BSc(Hons) PhD, FACPSEM, MAIP

Centre for Molecular Biotechnology

The Centre for Molecular Biotechnology has as its primary objectives research and postgraduate education in medical and plant biotechnology. The Centre was established in 1988 and currently has a staff and student complement of more than 80. The Centre is located on the Gardens Point campus in a modern, well-equipped laboratory complex with associated facilities. Postgraduate education includes PhD and Masters programs and components of the Honours and Graduate Diploma in Biotechnology courses. Undergraduate course components are also supported. Research is concentrated into a few programs and involves considerable collaboration with other Australian and overseas institutions as well as industry.

The principal research programs are:

- molecular plant virology
- human growth factor research
- chlamydia diagnosis and control
- plant tissue culture and transformation
- arbovirus pathogenesis
- aquaculture biotechnology.

Director: Associate Professor J.L. Dale, BScAgr PhD Syd., MASM

Centre in Statistical Science and Industrial Mathematics

The mission of the Centre is to create new knowledge in statistical science and industrial mathematics and to bring the benefits of this knowledge, its scholarship and expertise to QUT and the community at large. This has and will be achieved through:

- performing high quality research
- providing a focus and resources for researchers to perform research in statistical science and industrial mathematics
- providing postgraduate teaching
- providing continuing education of relevance to the community
- providing a consulting service to the community

- promoting collaborative projects between the Centre and other QUT centres and organisations in Queensland, interstate and overseas.

The Centre acknowledges the need to carry out research which is of significance to industry, government and society and therefore the need to forge links with external organisations. It also aims to maintain and develop strong links with local industry by providing expert consulting in statistics and mathematics.

The Centre in Statistical Science and Industrial Mathematics has, as its main research focus, the development of statistical and mathematical models and efficient algorithms for the analysis of problems of significance to industry, government and the community. It received university centre status at the end of 1992.

The research programs of the Centre include:

- time series analysis
- spatial statistics
- statistical modelling and data analysis
- statistical theory and statistical computing
- operations research
- mathematical modelling of complex industrial, biological and physical systems
- pure mathematics.

There are a number of research projects in each of these areas.

A major feature of the Centre is the high proportion of collaboration in research projects with other researchers from within QUT, other universities, the CSIRO, government departments and industry. Several projects involve contract research for industry.

Consulting services are provided within QUT and to external clients in industry and government by the Statistical Consulting Unit and by other staff of the Centre.

The Centre has a strong postgraduate teaching program with around 30 PhD and research Masters students. Many of these students are working on collaborative projects with supervisors from outside QUT in industry or research organisations.

Staff of the Centre are involved in the provision of statistical education for postgraduate students at QUT and external organisations.

The Centre has excellent computing facilities with its own DEC Alpha server, DEC Alpha workstations, networked PCs and Macs, and centrally provided research supercomputing facilities.

Director: Professor A.N. Pettitt, BSc (Hons) MSc PhD *Nott.*, FSS, MSSA

Cooperative Research Centre for Diagnostic Technologies

The School of Life Science is the lead site of the CRC for Diagnostic Technologies, a new Commonwealth-funded Cooperative Research Centre which brings together the diagnostic and molecular biological expertise and innovation of QUT, La Trobe University, CSIRO (Division of Biomolecular Engineering), the Kolling Institute, and four of Australia's leading biotechnology and diagnostic development companies: AGEN, Bioclone, PanBio and Silenius. This collaborative venture was established to develop new and internationally competitive DNA and protein based generic diagnostic technologies and to apply these new technologies to the diagnosis of important human diseases.

The principal research areas are:

- protein-based diagnostic technology
- nucleic acid-based diagnostic technology
- application and rapid diagnostic technology.

Information Security Research Centre

The Information Security Research Centre, formed in July 1988, is a joint venture between industry and QUT's Faculty of Information Technology. Since 1993 the Centre has been included within the School of Data Communications.

The Centre's activities focus on the control, management and security of computer systems and networks. Its role is to undertake research, development, consultancy and education activities in this designated area.

The Centre has areas of major research concentration in:

- cryptology
- information security management
- security in telecommunications and computer networks, including electronic data interchange (EDI), electronic funds transfer (EFT), open systems interconnection (OSI), and smart card technology.
- database and operating system security.

The centre supports other areas of research, such as:

- Secure Networks Laboratory (SNL). The SNL contains computer hardware and specialised security equipment to support applied research projects in information security
- reverse engineering and tools for the analysis of software systems as well as computer architecture for secure systems (CASS) in collaboration with the Programming Language Laboratory – School of Computing Science
- projects under the Distributed Systems Technologies Centre (DSTC), a Federal Government funded Cooperative Research Centre jointly set up by QUT, the University of Queensland, Griffith University and Bond University.

Since its formation, the Centre has carried out applied research and consultancy for a wide range of organisations in both the public and private sectors concerned with information security. The Centre has established research links with several overseas universities. In addition the Centre has developed its educational role by offering research Masters and PhD programs as well as teaching specialist subjects for postgraduate coursework students.

Physical Infrastructure Centre

The Physical Infrastructure Centre was established by QUT in 1990 as a national focus for civil engineering research. It is one of QUT's university centres and provides consultation, continuing education and research services.

The Centre's aim is to find real world solutions to complex civil engineering problems. With this goal in mind, the Centre works closely with the civil engineering profession,

industry and government on key projects that will strengthen and upgrade Australia's physical infrastructure.

Areas of expertise include:

- Transport and transport infrastructure
- Structures
- Construction and materials
- Environmental
- Hydraulics and fluids.

Recent research projects include:

- a USA National Research Council project to update the Highway Capacity Manual
- an OECD backed investigation into increasing transport efficiency through bridge/ vehicle interactions
- the development of a portal frame building system with Palmer Tube Mills
- numerous projects funded by the Australian Research Council including response of buildings subjected to earthquakes, and the dynamics of highway bridges.

One of the Centre's major projects is the development of a full-scale research facility at the University's Carseldine campus. The Carseldine Field Station will allow opportunities for the Centre to engage in large scale collaborative projects with industry. An earthquake testing facility is one component which has been developed on the site.

The current staff includes 20 researchers and 37 postgraduates.

Director: Associate Professor G.H. Brameld, BE(Hons) MEngSc BCom PhD *Qld*, MIEAust, MIABSE

Signal Processing Research Centre

The Signal Processing Research Centre grew from a small research concentration in the rapidly expanding area of signal processing. Established in 1986, the concentration received Faculty Centre status in 1990 and University Centre status in 1991, after the appointment of Professor Boashash as the Professor of Signal Processing and Centre Director.

The Centre supports the majority of research students in the School of Electrical and Electronic Systems Engineering. Signal processing has a wide range of application areas and has undergone explosive growth within the last 10 years. The Centre provides an important resource for industry, government, the engineering profession and the community in general. The Centre's research activities encompass both theoretical and applied aspects of signal processing.

The Centre offers high level technological expertise combined with an ability to apply research for the benefit of the community.

The Centre has four main objectives:

- to remain at the forefront of technological research advances
- to provide clients with state-of-the-art results
- to provide stimulating postgraduate education
- to maintain and enhance the University's research profile.

It serves to foster postgraduate research and teaching with 26 PhD candidates and five

Masters students currently enrolled with the Centre. Staff have established good contacts with academics in other Australian universities, government-funded research agencies and industries. They have also built up an international profile through conference attendance and research collaboration. The director of the Centre is the general Chairman of the International Symposium on Signal Processing and its Applications which is held biennially on Queensland's Gold Coast, and was appointed the Technical Chairman of the International Conference on Acoustics, Speech and Signal Processing which hosted 1328 delegates in April 1994.

The Centre's researchers are active in the areas of image processing, signal theory and speech processing. They undertake research for government agencies and industry to resolve a range of signal processing problems. Contracts are in place with granting bodies such as DSTO, CSIRO, Auspace and the Australian Federal Police.

The CRISSP signal theory group has specialised in the areas of algorithm development for efficient signal processing implementation, detection of signals in noise, estimation of signal parameters in a noise-effected environment, sonar, radar and biomedical applications and higher-order spectral analysis.

Speech processing is involved in artificial neural network speech recognition, digital filtering, speaker verification for law enforcement agencies, voice encryption and scrambling and tape recording enhancement.

Image processing and computer vision areas have concentrated on analysis of data in digital images, development of efficient algorithms, enhancement of images for information recovery, robot vision, and computer recognition of three-dimensional objects and interpretation of images.

ACADEMIC AND STUDENT SERVICES

Oodgeroo Unit

The Oodgeroo Unit, a distinct section within the Division of Academic Affairs, performs a range of teaching, research and service functions in the University. A central activity is the recruitment and subsequent academic and counselling support of Aboriginal and Torres Strait Islander students enrolled in degree programs at QUT. Students who are supported by the Unit experience a high rate of success in University programs and later employment.

Aboriginal and Torres Strait Islander students are increasingly enrolling in the whole range of Faculties across QUT, including degree programs in Information Technology, Law, Science, Business, Nursing, Education, Arts, and Social Science. Throughout students' degree programs, Unit staff support students as they develop their study skills and professional discipline knowledge.

The Unit designs and teaches units in Aboriginal Studies and Aboriginal Education. In addition, staff from the Oodgeroo Unit contribute lectures and workshops to a wide range of degree programs, both at undergraduate and postgraduate level. Through these teaching activities students undertaking QUT courses have the opportunity to learn about cross-cultural issues in Australia.

The Oodgeroo Unit also engages in the professional development of QUT staff in respect to the development of appropriate skills and awareness for working in educational environments of cultural diversity. This function is also extended to the broader society, where the Unit has input in a range of government and community services. Conferences, seminars and workshops offered by the Unit bring benefit to the community.

Research into issues of contemporary concern to Aboriginal and Torres Strait Islander people is a priority activity for the Unit. In this way, the Unit seeks to contribute to the achievement of the goals of Reconciliation and social justice policy.

The Oodgeroo Unit's central office is located at the Kelvin Grove campus, with service offices on Carseldine and Gardens Point campuses.

Acting Coordinator: J. Synott, MEd(Hons) GDipAbStud UNE, GDipEd NSW, BA ANU

Chaplaincy Services

The University caters for the emotional and spiritual needs of students and staff through the provision of Chaplaincy Services. The Ecumenical Chaplaincy is a joint venture of QUT and the major Christian denominations. There are presently two full-time chaplains working at QUT, operating on a schedule of visits to each campus.

Chaplaincy Centres and Chapel

The Chaplaincy Centres are ecumenical, and although the chaplains represent the major Christian denominations, they are available to people of other religions as well. If necessary, they are able to put people in touch with appropriate contacts from different denominations or religions.

The Chaplaincy Centres are a focus for Christians from a diversity of traditions and theological emphases. The purpose is to encourage community spirit and to be a lively influence within each campus. The chaplains aim to relate Christian faith to both personal commitment and to the corporate structures of church and society. Activities include

counselling, social gatherings, discussion groups, eucharist, prayer and meditation groups. Chaplaincy can also serve as a bridge across the divisions that may surface in any human institution.

A chapel is available at the Gardens Point campus for quiet prayer, worship services and meetings. There is also a Muslim mosque in a room adjacent to the main chaplaincy rooms.

A chaplain is available at the Chaplaincy Centres below:

Computing Services

The Computing Services Department provides a comprehensive range of facilities to meet staff and student needs on all QUT campuses, including:

- 24-hour computer laboratories, including word processing, Internet access and printing facilities
- computing accounts, with email alias and password, for all students
- hardware and software support for desktop computers
- training courses, seminars and workshops (free to staff and research postgraduate students)
- a university-wide network for electronic mail, and Internet access
- mainframe host computers and servers for administration, teaching and research work
- the QPSF SP2 massively parallel supercomputer for advanced research work
- a visualisation and multimedia facility including a high-performance computer
- data entry and optical mark reading services
- management information systems support and development
- the library catalogue
- dial-in facilities for off-campus users
- faculty liaison counselling service
- service counters on each campus
- booklets, leaflets and manuals on a range of computing applications and techniques
- Computing News*, sent to staff and postgraduate students fortnightly and published on the web
- voice and data telephone and communications systems.

For more detailed information, buy a copy of the *Student Computing Guide* (updated annually) from the QUT bookshops, consult the Computing Services counter on your campus, or read the on-line Computing Services Information pages via netscape.

Counselling and Health Services

The Department of Counselling and Health is an autonomous professional department of QUT which takes an active role in promoting the personal, career and educational development of students and staff and providing for their health and well-being.

Careers and Employment Service

The Careers and Employment Service assists enrolled students and recent graduates with a variety of career management issues, such as course and career planning, employment opportunities, job search strategies and further study options. The Service aims to assist students to make informed course and career decisions and to reach their employment goals.

Services include: individual career and employment counselling; workshops and seminars; careers and employment information; employment interviews; the Graduate Destination Survey; and a Career Resource Centre.

Learning House

Offers undergraduate and postgraduate seminars and courses to help students improve their learning effectiveness. Individual appointments are available to discuss specific concerns and these can be made through the Counselling Office at Gardens Point or Kelvin Grove.

Learning and writing courses are offered. Seminar topics include study management, note-taking strategies, writing assignments, thinking strategies, improving memory and dealing with examinations.

Location:

Kelvin Grove – 48 Blamey St – 3839 6469 or through Counselling.

The Counselling Section assists with normal development needs. Personal and social matters, educational difficulties, welfare and financial issues, and decision making on future career and personal planning are some of the issues handled by counsellors.

The Counselling Service offers programs designed to aid the development of personal maturity and effective patterns of living, studying and working. These include workshops on communication, assertiveness, and stress management.

Complementing these is a range of general welfare and guidance services including financial aid. Contact with community agencies offering services to students is also provided.

Services are provided by professionally qualified staff. Services are free of charge and available to students (both full- and part-time) and staff at all campuses. All consultations are strictly confidential. Counsellors are available during normal University hours; however, out-of-hours appointments can be arranged.

QUT Health Services are available to all students and staff. Services include:

Comprehensive general practice patient-care: Lifestyle advice, including information on exercise, stress, drugs and sexually transmitted diseases; minor surgery including removal of warts, moles and sunspots; pathology services including blood tests.

'Well-woman' care: smear tests, breast examination and contraceptive advice.

Campus accident and emergency care: First aid treatment of injury and acute illness occurring on campus.

Ongoing nursing care: General advice on health maintenance; continuing care of injuries and minor operations; surveillance of medical conditions such as hypertension, asthma and diabetes; vaccinations and international travel advice; health education information and pamphlets.

Health Services are available on each campus and all consultations are strictly confidential. A Medicare card or Medibank book (for international students) is necessary for medical consultation.

Students with Disabilities/Health Problems

Students with disabilities or health problems who may require additional assistance or support during their studies are encouraged to make early contact with the Disability Officer at the Department of Counselling and Health (telephone (07) 3864 4539) or the relevant Course Coordinator. They are also requested to indicate such needs at enrolment. Those with temporary disabilities arising from accidents and illness that may occur during the year should also make known their needs if additional support services are required.

The University seeks to provide appropriate support services for students with disabilities. These may include:

- locating accessible parking for those with mobility problems
- organising effective learning/study skills workshops
- scheduling classes in accessible rooms
- lending special audiovisual equipment
- assisting with access to library resources
- arranging lecture material in different formats such as tapes, braille, large print, computer disks
- arranging a note-taker to assist in lectures
- arranging an interpreter for deaf students
- investigating alternative academic assessment procedures.

Early contact should be made with a counsellor or the Course Coordinator to discuss additional needs. Assistance with physical and study facilities and informing appropriate staff of additional needs can be expedited with early notice. An information booklet – *A Guide to Students with Disabilities* – is available on request.

International Students

The International Students Program

QUT welcomes international students to its three Brisbane campuses. All full-time degree courses offered by QUT are available to international students. QUT also offers a range of preparatory programs to assist international students to meet academic and English language requirements for entry to QUT courses.

An international student is any student who is not a citizen or permanent resident of Australia or a citizen of New Zealand.

There are a number of sections within QUT with specific responsibilities for aspects of the International Students Program.

International Relations Unit

The International Relations Unit is part of the International and Continuing Education Office within the QUT Division of Research and Advancement.

The International Relations Unit is responsible for the international promotion of QUT. Specifically, the Unit:

- coordinates publication and distribution of QUT international promotional material
- arranges for the representation of QUT at international recruitment activities

- manages the University's relationship with Australian Education Centres, commercial agents, and other relevant private and public sector agencies
- manages the University's institutional exchange programs
- receives international visitors.

The Office of International Students

The Office of International Students is located in the Student Administration Department and is responsible for the administrative aspects of the International Students Program. The Office undertakes the following activities:

- answers all written enquiries and advises students regarding admission and course requirements for all courses including the Foundation and Bridging Programs
- processes all international student applications
- makes all offers and monitors course quotas
- handles all visa related matters
- collects tuition and Medibank payments and administers fee refund policy
- administers international student scholarships.

Application and Enrolment

All international students, except those studying Year 12 in Australia, should apply on a QUT 'F' form. Year 12 international students in Australia should apply through the Queensland Tertiary Admissions Centre (QTAC). Applications and general information about entry requirements and tuition fees for all courses may be obtained by writing to the Office of International Students.

All degree students must meet the minimum English language entry requirements of IELTS 6.5 or TOEFL 575 for entry to be confirmed. Some linguistically demanding courses (such as communication courses and postgraduate business courses) require IELTS 7 or TOEFL 600.

Following acceptance of an offer and payment of one semester's fees and one year's health cover charges, a student will be issued with an Acceptance Advice Form to apply for a visa to travel to Australia. Enrolment will be completed during Orientation.

Attendance

To meet student visa regulations, students must fulfil all course requirements. This includes full-time enrolment, defined as 75 per cent or more of a full-time credit load for the course. Special approval must be obtained through the Office of International Students for part-time study.

Fees

Full tuition fees are charged for students enrolled in 75 per cent or more of a full-time credit load. Fees include student guild payments and all international student support services including airport greeting, accommodation service and English language support. International students are exempt from the Higher Education Contribution Scheme (HECS).

Tuition fees must be paid in advance by 26 June for Semester 2, and 10 January for Semester 1 in order for re-enrolment to be confirmed for the following semester. Failure to re-enrol or pay semester tuition fees will result in cancellation of the student visa. The

Overseas Student Health Cover (OSHC) charge must be paid every 12 months before re-enrolment.

Students returning to full-time study after a period of absence or exclusion are required to pay tuition fees appropriate at the time of return.

Tuition fees are partially refunded to students who withdraw from their course up to the end of Week 6 of the semester. After that time, no refund is available. Any tuition fees refundable may only be transferred to another educational institution in Australia on production of a letter of offer from that institution or remitted offshore.

Fees for students on approved part-time study are levied pro rata according to the proportion of full-time credit points being studied.

In some limited cases, applicants on temporary resident visas may be allowed to enrol part-time. Fees are levied on a pro rata basis as for other part-time international students.

International Student Services

Living and studying in a new country require significant adjustment in terms of language, culture and style of learning. In addition to the academic and professional challenges, students experience considerable personal and social development. Because international students do not have their usual sources of support and assistance (family, friends, community groups) available to them, QUT provides extensive support services.

International Students Services is located in the Department of Counselling and Health and is responsible for the following:

- conducting pre-departure briefings
- arranging on-arrival reception and accommodation
- conducting Orientation Programs
- offering direct counselling and welfare support
- developing student and community support networks
- arranging social and cultural activities
- offering English as a second language and learning skills support
- ensuring preparation for students returning home
- assisting graduate employment.

International and Continuing Education Programs

The International Education Programs' major function is to help international students meet QUT entry requirements and access professional employment. Courses offered include:

- the Foundation Program
- English language programs (ELICOS) and Bridging Program
- Migrant professional programs.

QUT Foundation Program and Bridging Program

The QUT Foundation Program prepares international students for almost all undergraduate courses at university level. It provides students who do not meet degree entry requirements with an opportunity to gain eligibility for entry into QUT Faculties.

QUT Foundation Program students who attain the minimum results for entry to a degree, as specified by the relevant Faculty, will be guaranteed a place in the QUT degree course for which they have applied.

The Bridging Program is designed for students who plan to study at QUT or at another tertiary institution in an undergraduate or postgraduate program in the following year and who already meet minimum academic admission criteria for their course. The Program is available in Semester 2, commencing in July.

Students will be given an opportunity to:

- familiarise themselves with QUT and its facilities, such as libraries and computer systems
- develop an understanding of academic and language skills needed for tertiary study in Australia
- undertake IELTS preparation (if necessary)
- study a unit for a credit towards their degree
- make friendships and establish a network of contacts
- be in a comprehensive study support program.

QUT English Language Programs (ELICOS)

QUT General English (GE) courses

General English courses are offered in six-week sessions. Courses cater for students at all levels of English language from elementary to intermediate and advanced.

QUT English for Academic Purposes (EAP) courses

The English for Academic Purposes course is offered in twelve-week sessions and caters for students with an advanced level of English who are about to commence a degree program at university.

The EAP program aims to develop specific study and language skills in English needed to undertake academic study successfully in Australia. The course includes an IELTS preparation component.

QUT English for Business Purposes (EBP) courses

The English for Business Purposes course is offered in twelve-week sessions and helps students develop their English in business communication. The course caters for a wide variety of students who need to be able to use English effectively for work or business studies.

QUT Migrant Professional Programs

MPP offers advanced ESL courses for unemployed overseas-trained professionals who require English language training and work experience in order to access professional employment or tertiary study in Australia. These courses are funded by DEET under the Special Intervention Program and access is through the CES.

International Education Programs are on Kelvin Grove campus.

QUT Foundation

The QUT Foundation strengthens relationships between the University and the wider community to extend the quality of QUT's research and education programs. Through the support of corporations, government, industry, professional bodies and individual sponsors, the QUT Foundation offers scholarships and prizes to QUT students.

For further information contact (07) 3864 2147.

QUT Alumni

The Alumni Relations Unit at QUT provides services and programs for graduates to enhance professional development, promote lifelong learning and create opportunities for all graduates to keep in touch with their alma mater and university friends.

Graduates are invited to participate in activities which add further value to the University's teaching programs. Guest lecture series, panel discussions and participation in the QUT Mentor Scheme are just some of the programs initiated to ensure QUT students are in touch with their future peers and employers in the real world.

For further information and application forms contact the Alumni Relations Unit on (07) 3864 2821 or visit the office, Level 12, ITE Building, Gardens Point campus.

University Library

Students and staff of QUT have access to a wide range of information and audiovisual services and professional advice in these areas. Holdings of books, periodicals and other

media have been developed in conjunction with teaching and research in the University and primarily reflect these activities. Materials are arranged on open access shelving. Access is provided via electronic catalogues available within the library buildings, via campus networks, and on a dial-in basis for persons with modems.

Locations

Libraries are located on all campuses. There is a separate Law Library at Gardens Point.

Hours

Hours differ from campus to campus and sometimes at different service points within a library building. Opening hours details are available through the Library catalogue and are advertised at each location and through a variety of publications.

Membership

All staff, full-time and part-time students are automatically members of the Library and may borrow materials on any campus. Identification cards are required whenever and wherever a user borrows.

The QUT Library has extensive reciprocal borrowing arrangements with Griffith University. As well, staff and students may also be eligible to register for reciprocal privileges from a number of other tertiary institutions. Details are available from Loans Desks.

Services

A variety of services is available across the campuses:

Information Services: Staff are on duty at the Information Desks to answer queries and assist users in finding and using collections and resources. Online searches of a large number of databases are also available. As well, there are electronic databases on CD-ROM in all libraries.

Lending Services: If the materials required by users are not held on their home campus, they may request an intercampus loan. Similarly, users with special research needs may be eligible for an interlibrary loan if the items are not held anywhere within QUT. Special reciprocal loans may be requested if the items are held by Griffith University.

Academic Liaison: Consultation with academic and research personnel on the development of resources and services is achieved through a liaison service. A Reference Librarian works closely with each School to ensure that collections and programs reflect School priorities.

User Education: Professional staff teach users efficient information-seeking skills through a variety of formal and informal programs. Persons interested in these programs may wish to contact the User Education Coordinator (telephone (07) 3864 1659). As well, teaching staff may contact their Reference Librarian, and students should enquire at the Information Desk or ask their lecturers to arrange for necessary instruction.

Other Facilities: Facilities for study include study carrels, seminar rooms, lecture theatres and supporting audiovisual, computing and photocopying facilities. Appropriate consultancies are also available. Guides to collections and services may be found near the main entrance of each library location.

PRIZES AND AWARDS

The following list of prizes are subject to final approval by respective donors and may be changed or withdrawn without notice.

University Medals

The University may award medals known as Queensland University of Technology Medals to graduands of certain courses who have achieved an exceptionally high level of performance in their studies.

Eligibility to be considered for the award of a University Medal will be limited to:

- graduands of honours degrees where performance in the related bachelor degree is also taken into account
- graduands of degrees with honours
- graduands of bachelor degrees of at least three years' normal duration where no honours award is available.

In completing one of the above degrees, graduands must have been enrolled at QUT for at least two years of full-time study or equivalent.

For the award of a medal, a graduand should have reached a distinguished academic standard based on a grade point average in all units and in a thesis where such is required. The standard should be at a higher level than would normally be expected from an excellent graduand. The medal should be testimony that the recipient not only shows exceptional academic promise at the time of the award, but also exhibits a distinguished record of achievement throughout the whole of the degree.

Because the University Medal is awarded only for outstanding achievement, Academic Committee has indicated as a guide to faculties that the proportion of graduands who may receive medals in any year should normally be not more than one per 200 bachelor-level graduands (or part thereof) per faculty. It is possible that in some years faculties would choose not to recommend a medallist.

The award is a silver medallion, suitably embossed and inscribed, together with a certificate attesting the award. The medallion is five centimetres square with rounded corners. The QUT logo is embossed one side and the reverse carries an inscription citing the year of the award, the name of the awardee and the degree undertaken. Further details may be placed on the certificate.

Awards are made at April graduation ceremonies.

Faculty of Arts

4MBS Prize

Awarded to the music student who gives the best performance of a distinctly twentieth-century music composition at the annual competition in October.

Australian Academy of Music Composition Prize (Instrumental)

Awarded for the best instrumental composition in a jazz or popular style, following the annual competition for music students held in second semester.

Australian Academy of Music Composition Prize (Vocal)

Awarded for the best composition in a jazz or popular style, following the annual competition for music students held in second semester.

Brisbane Commercial Radio Stations Prize

Awarded in conjunction with the Faculty of Business, this prize is donated by the Federation

of Australian Radio Broadcasters and awarded to the Bachelor of Business (Journalism) or Bachelor of Arts (Journalism) graduand who achieved the best overall results in radio broadcasting units.

BTQ Channel 7 Scholarship

In conjunction with the Faculty of Business this prize is awarded to a student specialising in the communication or media fields - advertising, film and television production, journalism, media studies, organisational communication or public relations. Students must have completed second year full-time (or its equivalent), be undertaking a major in one of the communication or media areas and have enrolled to study third year full-time at QUT.

Country Press Award

In conjunction with the Faculty of Business this award is donated by the Queensland Country Press Association and awarded to the student who achieves the best academic result in the unit MJB224 Feature Writing.

Dorothy Birt Memorial Prize

Awarded to the most outstanding student enrolled in the Master of Arts (Visual Arts) in the area of textiles.

Federation of Australian Radio Broadcasters Prize

In conjunction with the Faculty of Business:

- Awarded to the student who achieves the highest grade in the radio segment of the unit MJB338 Radio and Television Journalism 2.
- Awarded to the student who achieves the highest standard in COB305 Advertising Copywriting – Electronic.

Robert and Kay Bryan/Jack Manton Art Prize

Awarded to the final year student of the Bachelor of Arts (Visual Arts) who submits the most outstanding work in one or more studio areas.

Charles Hall Prizes

Awarded:

- to the music student with the best results in first year
- to the music student with the best results in second year.

MIM Holdings Ltd Prize

In conjunction with the Faculty of Business this prize is awarded to the student of the Bachelor of Business (Journalism) or Bachelor of Arts (Journalism) course who obtains the best overall result in this course.

QUT/QYO Concerto Composition Prize

Awarded to the student who best performs a concerto movement or a work for soloist and orchestra.

The Courier-Mail Prize for Journalism

In conjunction with the Faculty of Business this prize is donated by Queensland Newspapers Pty Ltd and awarded to the graduating student with the best overall performance in the Bachelor of Business (Journalism) or Bachelor of Arts (Journalism) degree.

Faculty of Built Environment and Engineering

The majority of prizes awarded to students in the Faculty of Built Environment and Engineering are determined on the basis of excellence in units nominated by the prize donor. In most instances students do not apply for the awards unless otherwise stated.

* indicates those prizes for which students are required to apply in order to be considered.

A.G. Scott Memorial Prize

Donated by Mr and Mrs R W Scott in memory of their son, Mr A.G. Scott, a graduate of the Bachelor of Engineering (Mechanical). The prize is awarded annually to a final-year student in the Bachelor of Engineering (Mechanical) who demonstrates the greatest improvement in innovative ability and competence in mechanical engineering design or attains the best overall performance in design work.

Andrew Brock Memorial Prize

Donated by the staff of Utah Development Company (now BHP Mining) in memory of Andrew Brock and awarded to the student with the best performance in the second year of the Bachelor of Built Environment.

Allgas Bursary*

Awarded to a third-year student in the Bachelor of Engineering (Mechanical) on the basis of a number of criteria including academic merit and practical experience.

Ardel Limited Awards

Awarded:

- to a full-time student with the best performance in the first year of the Bachelor of Applied Science (Property Economics)
- to a full-time-second year student in the Bachelor of Applied Science (Property Economics) with the best performance in the unit CNB626 Land Development Studies
- to a full-time student with the best overall performance in the second year of the Bachelor of Applied Science (Property Economics).

Association of Public Authority Surveyors Prize

Awarded to the Bachelor of Surveying first-year student who obtains the best academic result in the unit PSB325 Land Surveying 1.

AURISA (Queensland Chapter) Prizes

Donated by the Australian Urban and Regional Information System Association (Queensland Chapter) and awarded to:

- the student in the Bachelor of Surveying with the best result in the unit PSB342 Spatial Information Science 1
- the student in the Bachelor of Applied Science (Surveying) with the best result in the unit SVB563 Land Information Systems 2.

Australian Asphalt Pavement Association (Queensland Branch) Prizes

Awarded:

- to the student in the Bachelor of Engineering (Civil) with the best overall performance in the unit CEB211 Highway Engineering
- to the student in the Bachelor of Engineering (Civil) with the best overall performance in the unit CEB506 Pavement Design and Rehabilitation Techniques
- to the student in the Bachelor of Engineering (Civil) for the best design in flexible pavements in the unit CEB211 Highway Engineering.

Australian Institute of Building, Queensland Chapter Prize

Awarded to the student with the best academic achievement in the third or successive years of the Bachelor of Applied Science (Construction Management).

Australian Institute of Cartographers (Queensland Division) Prizes

Awarded to the best student of the Bachelor of Applied Science (Surveying) or the Bachelor of Surveying undertaking the units PSB307 Cartography 1 and PSB308 Cartography 2.

Australian Institute of Project Management, Queensland Chapter Prizes

Awarded:

- to the Graduate Diploma in Project Management student with the best performance in the course
- to the Master of Project Management student with the best dissertation.

Australian Institute of Refrigeration, Air Conditioning and Heating, Queensland Division Prize

Awarded to the student associated with the industry who obtains the best performance in units in the School of Mechanical and Manufacturing Engineering dealing with refrigeration, air conditioning or heating.

Australian Institute of Quantity Surveyors (Queensland Chapter)/David McNeill Memorial Award

Awarded to the final-year student of the Bachelor of Applied Science (Quantity Surveying) who shows the highest standard of proficiency in quantity surveying expertise.

Australian Institute of Valuers and Land Economists (Queensland Division) Prize

Donated by the Australian Institute of Valuers and Land Economists, Queensland Division and awarded to the student with the best performance in the final year of the Bachelor of Applied Science (Property Economics).

Australian Road Federation (Queensland Region) – Road Study Award

Awarded to a student in the Bachelor of Engineering (Civil) who prepares the best assignment in the unit CEB512 Transport Engineering 1.

Australian Water and Wastewater Association/Don King-Scott Memorial Prize*

Donated by the Queensland Division of the Australian Water and Wastewater Association in memory of Don King-Scott's contribution to public health engineering in Queensland. The prize is awarded to a postgraduate student undertaking studies on a water-based project or research. Students must submit a dissertation in competition with students from four other universities.

Board of Architects of Queensland Prizes

Awarded:

- to the student who shows the greatest proficiency during the first three years of the architecture courses
- to the student who shows the greatest proficiency on graduation from the Bachelor of Architecture.

Built Environment and Engineering Student Seminar Awards/Dean's Seminar Award

Awarded to a final-year student of an undergraduate degree in the Faculty of Built Environment and Engineering for excellence in the presentation of a seminar. The seminar may be based on final-year project work or on an industry-related project. Participants will be selected at a school level to represent their respective discipline. A judging panel will select an overall winner at an evening presentation of the seminars.

CMPS & F Engineering Bursary*

Donated by CMPS & F Pty Ltd and awarded to the student who, on completion of the second year of a Bachelor of Engineering, has the most potential to become a useful member of the engineering profession. The bursary provides financial assistance and work experience for the recipient in the third and fourth years of their course. Selection of the successful candidate is determined by an interview panel comprising representatives from CMPS & F Pty Ltd and the Faculty of Built Environment and Engineering.

Cottrell Cameron and Steen Surveys Pty Ltd Prize

Awarded to the student in the Bachelor of Applied Science (Surveying) or the Bachelor of Applied Science (Surveying)/Bachelor of Information Technology who obtains the best result in the unit SVB443 Photogrammetry 2.

Dean's Awards For Excellence

Awarded to the top graduand in each undergraduate course in the Faculty of Built Environment and Engineering.

Department of Lands Prize for Dux of the Course

Awarded to the graduate who achieves the highest aggregate mark in the Graduate Diploma in Surveying Practice.

Design Institute of Australia Award

Awarded to the outstanding design student in the final year of the Graduate Diploma in Industrial Design.

The Director-General Department of Transport Prize for Engineering and Detail Surveying

Awarded to the graduate of the Graduate Diploma in Surveying Practice who has achieved a high level of proficiency and demonstrated significant potential in Engineering and Detail Surveying.

DSTO Microwave Radar Undergraduate Prize

Awarded to the final-year student in the Bachelor of Engineering (Electrical and Computer Engineering) or (Aerospace Avionics), or the Bachelor of Engineering (Electronics)/Bachelor of Information Technology who submits the final-year project of exceptional merit in an area of technology relevant to microwave radar.

Electric Energy Prizes

Donated by the South East Queensland Electricity Board and awarded to the Bachelor of Engineering (Electrical and Computer Engineering) student with the best performance in designated units relevant to electric energy.

ESSO Engineering Design Awards

Donated by Esso Australia Limited to students across three engineering disciplines (Civil Engineering; Electrical and Electronic Systems; and Mechanical and Manufacturing Engineering) for excellence in engineering design for a project produced during the final year. The design must demonstrate a range of professional skills: an understanding of market needs, a practical approach to problem solving, and the ability to present the project in a clear, concise, professional manner.

Fulton Gilmour Trotter Moss Architects Design Prize

Awarded to a student with the highest percentage marks in the fourth-year design unit ARB007 Architectural Design 7.

Fulton Gilmour Trotter Moss Architects Research Award

Awarded to a student who demonstrates a high level of potential in fifth-year Architectural research and who is enrolled in the research unit ARB052 Architectural Research 1.

Golder Associates Geotechnical Engineering Studies Award

Donated by Golder Associates Pty Ltd and awarded to a student of the Bachelor of Engineering (Civil) who has obtained high aggregate marks for the units ESB229 Geology in the Built Environment, CEB240 Soil Mechanics 1 and CEB241 Soil Mechanics 2 and, in addition, is interested in working in geotechnical engineering and is seen to have the personal skills and attributes required for advancement within that field.

Hardie Iplex Pipeline Awards*

Donated by Hardie Iplex Pipelines and awarded to a student enrolled in the penultimate year

of the Bachelor of Engineering (Civil) and the Associate Diploma in Civil Engineering. The awards are made on the basis of academic performance in units related to water engineering or engineering practice, together with consideration of the students' interests and involvement in engineering practice and activities both within the University and the community.

Hastings Deering Bursary*

Awarded to a fourth-year student in the Bachelor of Engineering (Mechanical). Criteria include academic achievement and a demonstrated interest in equipment maintenance and its importance in today's mining environment.

Heilbronn and Partners Pty Ltd Prize

Awarded to the student with the highest result in the units SVB561 and SVB664 Land Development Practice 1 and 2 in the Bachelor of Applied Science (Surveying) or the Bachelor of Surveying.

Heilbronn and Partners Pty Ltd Prize for Survey Project Management

Awarded to the graduate of the Graduate Diploma in Surveying Practice who has achieved a high level of proficiency and demonstrated significant potential in Survey Project Management.

Institute for Drafting and Design Australia Prize

Awarded to a graduate of the full-time Bachelor of Technology who obtains the best results in the units MEB181 Engineering Communication and MEB282 Design 1.

Institution of Electrical Engineers, United Kingdom Prize

Awarded to the Honours student submitting the best project in the final year of either the Bachelor of Engineering (Electrical and Computer Engineering) or (Aerospace Avionics) or the Bachelor of Engineering (Electronics)/Bachelor of Information Technology.

Institution of Engineers, Australia – J.H. Curtis Award

Donated by the Institution of Engineers, Australia (Queensland Division) and awarded to a Bachelor of Engineering student who submits the best final-year project.

Institution of Engineers, Australia – Electrical College Student Award

Awarded to the final-year student in the Bachelor of Engineering (Electrical and Computer Engineering) or (Aerospace Avionics) or the Bachelor of Engineering (Electronics)/Bachelor of Information Technology with the highest grade point average who is also a student member of the Institution of Engineers, Australia.

Institution of Surveyors, Australia (Queensland Division) – N.J. Neilson Prize

Awarded to a third-year student of the Bachelor of Surveying who is most proficient in practical and academic work.

Institution of Surveyors, Australia (Queensland Division) – S.E. Reilly Prize

Awarded to the final-year student of the Bachelor of Surveying who is judged most proficient in practical work as well as academic work, taking into account community spirit as displayed by willingness to take part in activities outside the scope of the formal degree course.

Institution of Surveyors, Australia (Queensland Division) and Peter W. Dawson & Associates Pty Ltd Prize for Professional Practice

Donated jointly by the Institution of Surveyors, Australia (Queensland Division) and Peter W. Dawson & Associates Pty Ltd and awarded to the graduate of the Graduate Diploma in Surveying Practice who has demonstrated a thorough understanding of the legal responsibilities of surveyors, a high level of professionalism and a commitment to working for the furtherance of the profession.

IREE – MITEC Awards

Donated by the Institution of Radio and Electronics Engineers, Australia (Brisbane Division)

and MITEC Australia Ltd and awarded to the student who performs best in units relating to electronics and communications in the final year of the Bachelor of Engineering (Electrical and Computer Engineering) or (Aerospace Avionics).

James Hardie Design Award

Awarded to the student in the third or fourth years of the Architecture courses whose project shows a high degree of excellence of design and imaginative and creative use of Hardie's building products for functional, practical and aesthetic purposes.

James Hardie Prize for Building

Awarded to the student with the best academic achievement in the Bachelor of Applied Science (Construction Management) who has completed the equivalent of two years full-time.

Jasco Pty Ltd Prize

Awarded to the Bachelor of Technology (Mechanical) student with the best performance in the unit MEB773 Design for Manufacturing 1.

John Grayson Pike Memorial Prize for Cadastral Surveying

Donated by the Association of Consulting Surveyors (Queensland) and Pike Miris McNoulty Pty Ltd and awarded to the graduate of the Graduate Diploma in Surveying Practice who has achieved a high level of proficiency and demonstrated significant potential in cadastral surveying.

John Kindler Memorial Prize*

Awarded in memory of Mr John Kindler, former Chief Engineer in the Co-ordinator General's Department, to a graduate of the Bachelor of Engineering for outstanding performance throughout the course. Selection is based not only on academic achievement, but requires an involvement in sport, campus and general community activities, concern for and relation with peers and a mature approach to their potential as a graduate. Candidates must attend a personal interview.

Jones Lang Wootton (Qld) Pty Limited Prize for Commercial Property

Donated by Jones Lang Wootton (Queensland) Pty Limited and awarded to the student with the most outstanding performance in the unit 'CNB564 Valuation 7' in the Bachelor of Applied Science (Property Economics).

Lawson Surveys Prize

Awarded to the student in the second year of the Bachelor of Surveying who demonstrates the highest level of achievement in practical work in the units PSB328 Land Surveying 4 and PSB329 Land Surveying 5.

Karl Langer Memorial Award

Donated by the Australian Institute of Landscape Architects and awarded to a student in the Graduate Diploma in Landscape Architecture who, in the opinion of the adjudicators, shows marked potential for the practice of landscape architecture.

Keilar Fox and McGhie Pty Ltd Prize for Mapping

Awarded to a graduate of the Graduate Diploma in Surveying Practice who has achieved a high level of proficiency and demonstrated significant potential in mapping.

Leica Instruments Pty Limited Prize

Awarded to the student with the best performance in the unit PSB306 Cartography 1 in the Bachelor of Surveying or the Bachelor of Surveying/Bachelor of Information Technology.

Local Government Engineering Prize

Donated by the Queensland Foundation for Local Government Engineering and awarded to the graduating Bachelor of Engineering (Civil) student who obtains the best overall performance in the units CEB405 Civil Engineering Design 2, CEB313 Traffic Engineering,

CEB371 Water and Waste Water Systems, CEB305 Construction Planning and Economics and, where appropriate, CEB401 Design Project and/or electives.

Louvre Windows Australia Prize

Awarded to the student who obtains the highest mark in the unit FNB116 Financial Management for Engineers in the final year of the Bachelor of Engineering (Mechanical).

Michael P. Schloman Memorial Prize in Built Environment

Donated by Astra Panels Pty Ltd and awarded to a student undertaking the Bachelor of Built Environment who, at the first attempt, shows the greatest overall proficiency in the first-year units of the course.

MIM Holdings Limited Prize – Engineering

Awarded to a final-year student in a Bachelor of Engineering course who undertakes a project of benefit to MIM Holdings Limited and/or the mining industry and which is judged to be of a high academic standard.

Minister for Housing, Local Government and Planning – Town Planning Prize

Awarded to the final-year student in the Graduate Diploma in Urban and Regional Planning whose thesis is considered to contribute most towards the advancement of town planning in the area of local government.

National Trust Historic Building Prizes

Awarded to two final-year students, one from the School of Architecture, Interior and Industrial Design and one from the School of Planning, Landscape Architecture and Surveying, for a thesis (or project) study of an historic building or precinct related to Queensland.

Neville Lund Memorial Prize

Awarded to the student in the final year of the Bachelor of Built Environment (Landscape Architecture or Urban and Regional Planning major) for the best project in integrated environmental design.

Noel Robinson Architects Prize

Awarded to the Dux of the sixth year of the Bachelor of Architecture, determined by the best overall grade point average.

Norman Disney and Young Prize for Property Management

Donated by Norman Disney and Young and awarded to a Bachelor of Applied Science (Property Economics) student with the most outstanding performance in the units CNB665 Property Management 1 and CNB666 Property Management 2.

Paddy Behan Memorial Prize – Design in Landscape Architecture

Donated by the Local Government Association of Queensland and awarded to the student in the Graduate Diploma in Landscape Architecture who shows the most outstanding ability in the final-year unit PSP217 Landscape Design.

Paddy Behan Memorial Prize – Planning Study

Donated by the Local Government Association of Queensland and awarded to the student with the best performance in the unit PSN121 Planning Project in the Master of Built Environment (City and Regional Planning).

Peter McAnally Memorial Prize

Donated by the staff of the School of Civil Engineering in memory of their esteemed colleague and lecturer in geotechnical engineering and awarded to the best student in the elective units CEB541 and CEB542 Geotechnical Engineering 2 & 3.

Queensland Cement Limited Bursary*

Available to undergraduate students who have completed semester one of their second last year of study in the Faculties of Science, Business or Built Environment and Engineering.

Criteria include academic merit, career ambitions, communication skills and extra-curricula interests.

Queensland Cement Limited Prize

Awarded to the student with the best academic achievement in the Bachelor of Applied Science (Construction Management) who has completed the equivalent of three years full-time of the course.

Queensland Department of Transport Prizes

These prizes are awarded to officers of the Queensland Department of Transport in attendance at this University with the best performance in the Bachelor of Engineering (Civil) – Part-Time, and the Associate Diploma in Civil Engineering – Cadet Draftsperson.

Queensland Electronic Development Association Prize

Awarded to the student in the Bachelor of Engineering (Electrical and Computer Engineering) or (Aerospace Avionics) or the Bachelor of Engineering (Electronics)/Bachelor of Information Technology with the best performance in the units EEB820 Engineering Management and EEB821 Production Technology and Quality.

RACQ Prize in Highway Engineering

United Nations Association of Australia (Queensland) Prize

Fundamentals of Public International Law: An annual prize and one year's complimentary membership of the Queensland Division of the Association awarded to the student with the best performance in the unit LWB406 Fundamentals of Public International Law.

Faculty of Science

Advanced Technology Laboratories and Australian Institute of Radiography Prize

Awarded to the student who achieves the highest mark in Clinical Practice units in the first year of the Master of Applied Science – Medical Ultrasound major.

AGFA-Gevaert and Australian Institute of Radiography Prize

Awarded to the student obtaining the highest marks in the first-year unit PHB275 Processing Technology of the Bachelor of Applied Science (Medical Imaging Technology).

L.G. Amos Prize

Awarded each year to the graduand from the multidisciplinary Bachelor of Applied Science with major studies in Chemistry who, in the opinion of the Head of the School of Chemistry, obtains the best academic record over the length of the course.

Australian Association of Clinical Biochemists Prize

Donated by the Queensland Branch of the Association, and awarded to the student in the Bachelor of Applied Science (Medical Laboratory Science) who gains the highest aggregate marks with distinction in the units LSB520 Clinical Biochemistry 5 and LSB620 Clinical Biochemistry 6.

Australian Institute of Medical Scientists Prize

Donated by Radiometer Pacific and awarded to the graduand who obtains, with distinction, the highest aggregate marks over all of the clinical techniques units of the Associate Diploma in Clinical Techniques – Laboratory strand.

Australian Laboratory Services Pty Ltd Prize

Awarded to a full-time or part-time student of the Bachelor of Applied Science (Applied Chemistry) or the multidisciplinary Bachelor of Applied Science with major studies in Chemistry who has the best results in the final-year Analytical Chemistry units.

Australian Organisation for Quality Award

Awarded annually to the most outstanding graduand, based on the highest grade point average over the duration of the course.

Australian Society for Parasitology Prize

Awarded to the student with the highest mark in the practical component of the unit LSB500 Microbiology 5.

Australian Society of Cytology Prize

Awarded to the student gaining the highest mark in either of the cytology units Cytological Techniques 4 or LSB660 Histopathology 6.

Alan Bailey Prize

Awarded to the student with the best overall performance in LSB502 Projects 1 and LSB602 Projects 2 in the final year of the Bachelor of Applied Science (Biology).

David Barry Memorial Prize

Awarded to the graduate with the best overall academic performance in the Biology major of the Associate Diploma in Applied Science.

Canberra – Packard Prize

Awarded to the graduand undertaking major studies in Physics who has obtained the best academic record in the final year of the multidisciplinary Bachelor of Applied Science.

Castlemaine Perkins Scholarship in Applied Chemistry

Offered annually for a period of one academic year to a student chosen from those who satisfactorily complete the fourth semester of the full-time program of the Bachelor of Applied Science (Applied Chemistry) or the Bachelor of Applied Science (Chemistry major).

Centre for Medical and Health Physics Prize

Awarded to the student who, in the opinion of the Director of the Centre, is the best graduand of the Master of Applied Science – Medical Physics strand.

CRA Exploration Mapping Prize

Donated by CRA Exploration Pty Ltd, and awarded to the best project student in the Bachelor of Applied Science (Geology) for demonstrated ability in geological mapping.

George Edward Curphey Prize in Mathematics

Awarded to the student enrolled in the Bachelor of Applied Science (Mathematics) who, in the opinion of the Head of the School of Mathematics, is the most academically outstanding graduate of the year.

George Edward Curphey Prize in Mathematical Modelling

Awarded to the student enrolled in the Bachelor of Applied Science (Mathematics) who obtains the best performance of the year in the unit MAB632 Mathematical Modelling, providing that the Head of School judges the student to be of sufficiently outstanding merit.

James Vincent Duhig Prize

Donated by the Australian Institute of Medical Scientists, and awarded to the student who gains the highest pass, with distinction, in the unit LSB560 Histopathology 5 in the Bachelor of Applied Science (Medical Laboratory Science).

Du Pont and Australian Institute of Radiography Award

Awarded to the student achieving the best academic record in the first year of the Bachelor of Applied Science (Medical Imaging Technology).

Hugo Flecker Memorial Prizes

Donated by the Royal Australasian College of Radiologists, Queensland Branch, and awarded to students in the third year of the Bachelor of Applied Science (Medical Imaging Technology) and the Bachelor of Applied Science (Radiotherapy Technology) respectively who obtain the best performance in the clinical practice units for that year.

GEC Medical and Australian Institute of Radiography Prize

Awarded to the student obtaining the highest marks in the first year unit PHB286 Treatment Planning 1 of the Bachelor of Applied Science (Radiotherapy Technology).

Geological Society of Australia Medal

Awarded to the graduand who obtains the best results in the Bachelor of Applied Science (Geology).

Colin Graham Memorial Prize

Awarded from monies held in trust to the graduand of the Bachelor of Applied Science (Applied Chemistry) who, in the opinion of the Head of the School of Chemistry, has the best academic record over the length of the course.

Hanimex and Australian Institute of Radiography Prize

Awarded to the student achieving the best academic record in the third year of the Bachelor of Applied Science (Medical Imaging Technology).

Incitec Ltd Prize

Awarded annually to a full-time or part-time student of the Bachelor of Applied Science in Applied Chemistry or the multidisciplinary Bachelor of Applied Science with major studies in Chemistry who, in the opinion of the Head of School, shows at the first attempt the greatest overall proficiency in Year 3, semesters 1 and 2 (or the part-time equivalent) of the above courses. If no student is considered suitable in a given year, no prize will be awarded.

Michael & Elizabeth Innis Prize

Awarded to the student who gains the highest pass with distinction in the units LSB550 Haematology 5 and LSB650 Haematology 6 in the Bachelor of Applied Science (Medical Laboratory Science).

Kodak Prize

Awarded to the student in the Bachelor of Applied Science (Medical Imaging Technology) who obtains the best academic record (as determined from awarded grades) for the course completed in that year.

I.M. & M.J. Mackerras Prize

Donated by the Australian Institute of Medical Scientists, and awarded to the student who gains the highest pass with distinction in the unit area of Medical Parasitology within the unit LSB500 Microbiology 5.

Mallinckrodt and Australian Institute of Radiography Award

Awarded to the student achieving the best academic record in the second year of the Bachelor of Applied Science (Radiotherapy Technology).

Meadow Lea Foods – J.L. Forsyth Memorial Prize

Donated by Meadow Lea Foods, and awarded to the student who has shown the greatest proficiency in the units of the fifth and sixth years of the part-time course for the Bachelor of Applied Science (Applied Chemistry).

Medical Applications and Australian Institute of Radiography Prize

Awarded to the student achieving the best academic record in the third year of the Bachelor of Applied Science (Radiotherapy Technology).

MIM Exploration Honours Bursary in Geology

Awarded to a student in the Bachelor of Applied Science (Honours) studying a Geology major. Criteria include level of academic achievement.

MIM Holdings Limited Prizes

Awarded:

- to the student who obtains the highest mark in the unit ESB592 Field Excursions in the Bachelor of Applied Science (Geology), and
- to the student who obtains the highest combined mark in the units MAB187 Engineering Mathematics 1A and MAB188 Engineering Mathematics 1B.

Mining and Metallurgical Bursaries Fund Prizes

Donated by the Australasian Institute of Mining and Metallurgy, and awarded to the students of the Bachelor of Applied Science (Geology) who show the most outstanding potential in completing the course.

PESA (Qld) Fossil Fuels and Basin Analysis Award

Awarded to the student in the Bachelor of Applied Science (Geology) who obtains the highest results for the third-year units ESB672 Fossil Fuels and ESB682 Sedimentology and Basin Analysis.

PESA (Qld) Sedimentary Geology Award

Awarded to the student in the Bachelor of Applied Science (Geology) who obtains the highest result for the unit ESB432 Geomorphology and Sedimentary Geology.

Physics Staff Prize

Awarded to the student completing the second year of the multidisciplinary Bachelor of Applied Science and undertaking major studies in Physics who obtains the best academic record for that year.

Prospectors Supplies Pty Ltd Prize

Awarded to the first-year student of the Bachelor of Applied Science (Geology) who obtains the highest aggregate marks for the year.

Queensland Cement Limited (QCL) Bursary

Available to undergraduate students who have completed semester one of their second-last year of study in the Faculties of Science, Business or Built Environment and Engineering. Criteria include academic merit, career ambitions, communication skills and extra-curricula interests.

Queensland Medical Laboratory Prize

Awarded to the student who obtains, with distinction, the highest pass over the ninth to twelfth semesters of the part-time course leading to the Bachelor of Applied Science (Medical Laboratory Science).

Royal Australian Chemical Institute Queensland Branch Prizes

Awarded to the students showing, at the first attempt, the greatest proficiency in the first and second years of the full-time course (or its part-time equivalent) leading either to the Bachelor of Applied Science (Applied Chemistry) or to the multidisciplinary Bachelor of Applied Science with major studies in Chemistry.

Royal College of Pathologists of Australasia (Queensland Committee) Prize

Awarded to the student who obtains the highest pass in the units LSB500 Microbiology and LSB600 Clinical Bacteriology 6 in the Bachelor of Applied Science (Medical Laboratory Science).

J.R. Saal Prize

Donated by Merck Pty Ltd and awarded to the full-time student graduating in minimum time who obtains, with distinction, the highest aggregate marks over all of the clinical units of the Bachelor of Applied Science (Medical Laboratory Science).

Santos Petroleum Management Honours Bursary in Geology

Sea World Prize

Awarded to the student with the highest aggregate marks in the final year of the Bachelor of Applied Science (Biology).

Schering and Australian Institute of Radiography Award

Awarded to the student achieving the best academic record in the second year of the Bachelor of Applied Science (Medical Imaging Technology).

Charles O. Schloman Memorial Prize

Donated by Astra Panels Pty Ltd, and awarded to the student undertaking the Bachelor of Applied Science (Applied Chemistry) or the Chemistry major of the multidisciplinary Bachelor of Applied Science who, in the opinion of the Head of School, shows at the first attempt the greatest overall proficiency in the second-year Organic Chemistry units of the full-time course (or its part-time equivalent). If no student is considered suitable for the award in a given year, no prize will be awarded.

Charles O. Schloman Memorial Prize (Physical Chemistry)

Awarded annually to a full-time or part-time student undertaking the Bachelor of Applied Science (Applied Chemistry) or the Chemistry major of the multidisciplinary Bachelor of Applied Science who, in the opinion of the Head of School, shows at the first attempt the greatest proficiency in the second-year Physical Chemistry units of the full-time course (or its part-time equivalent). If no student is considered suitable for the award in a given year, no prize will be awarded.

School of Mathematics Staff Prizes

Awarded to the students enrolled in the Bachelor of Applied Science in Mathematics who, in the opinion of the Head of the School of Mathematics, obtains the best results in the mathematics component of each year of the full-time program or its equivalent or is in the Honours year.

The Then William and Jane Brophy Prize

Awarded to the student in the Anaesthetic Technician strand of the Associate Diploma in Clinical Techniques who achieves the highest results in the clinical practice units and is judged to be of sufficiently outstanding merit.

Toshiba and Australian Institute of Radiography Ultrasound Prize

Awarded to the student who achieves the best academic record in the first year of the Master of Applied Science – Medical Ultrasound major.

Velseis Geophysics Prize

Awarded to the student with the highest aggregate marks in the geophysics units of the Bachelor of Applied Science (Geology).

Byron Watkins Prize

Sponsored by the Industrial and Applied Chemistry Past Students' Association in honour of Byron Watkins, foundation Chief Instructor of the Chemistry Department of the former Central Technical College, and awarded annually to the graduand in the Chemistry major of the Associate Diploma in Applied Science who shows the highest level of achievement during the course.

Winthrop and Australian Institute of Radiography Travelling Fellowship

Awarded to the graduand of the Bachelor of Applied Science (Medical Imaging Technology) or (Radiotherapy Technology) course who achieves the best academic record over the three-year course.

STUDENT GUILD

The Guild is governed by Guild Council which consists of the Executive (President, General Secretary, Education Director, Women's Services Director, Welfare Services Director, Recreation Director and five Campus Directors), campus representatives, and specialist representatives (for part-time and external students, Aboriginal and Torres Strait Islander students, overseas students and postgraduate students).

Members of the Guild Council are elected at the annual general election and all students are eligible to stand for positions at the election. Students will also be able to nominate and vote for campus coordinator positions to help organise activities and services on campuses.

The QUT Student Guild is owned and operated by and for students.

The Guild sends representatives to express students' views to many University committees, including the University Academic Board.

The QUT Student Guild is a service organisation operated for the benefit of the student body. The Guild exists to make a student's time at University easier and more enjoyable. QUT staff and members of the public are also encouraged to join the Guild as associate members.

Services Department

...developing and delivering essential services which enhance the quality of the QUT student university lifestyle.

Academic Appeals: Advice, information and support on rules and procedures for handling academic complaints, disputes and grievances.

Accident Insurance: Accidents can be a hassle, but the expenses involved don't have to be. The Guild has all QUT students (full-time, part-time and external) covered by an accident insurance policy. On campus, off campus, anywhere in the world!!

Accommodation: Find it! List it! **Free.** Database listing service for off-campus accommodation – share, whole and private board. Advice and support on tenancy matters. One-stop accommodation guidebook for students.

Employment: Looking for work to help support your studies and lifestyle? Up-to-date database listing with jobs suitable for students, from permanent part-time to on-call casual. Job skills information and support.

Clubs and Societies: Financial and organisational assistance to affiliated groups – educational, social, cultural, religious, political, sporting, or recreational.

Information: Lost? Questions? Looking for a specific service or information resource? Access the Services Database, Self-help Resource Centre, or staff at the Help Desk.

Legal: Self-help resources, advice on tenancy laws, referral to community legal services.

Student Finance: Money hassles? Austudy, HECS, loans and tax information, support and advice. Assistance with problems. Representation and advocacy appeals.

Women's Services: The Student Guild employs a full time Women's Officer who works with the Women's Director and the campus Women's Coordinators to serve the needs and interests of women students at QUT.

The Women's Department has many functions including:

- representing the needs and concerns of women students on Guild and University committees;

- providing information and referral on issues pertaining to women students such as sexual harassment, sexual violence, discrimination on campus, sexist language, unplanned pregnancy, women's health, women's housing and equity issues;
- organising campaigns around issues such as security, childcare, domestic violence, women and access to education;
- organising activities such as Blue Stocking Week, self-defence courses, Reclaim the Night march;
- producing *Philosophia* (women's edition of *Utopia*) and a monthly newsletter.

In addition, the Women's Department maintains a Women's Space on each campus and the Women's Resource Library which has over 500 titles at present.

Where Do I Find the Services Department?

 Kelvin Grove phone (07) 3864 3704
 Carseldine phone (07) 3864 4714.

Education Research

Research into Student Issues: Staff develop background briefings on issues in higher education and conduct research into student experiences at QUT. In 1995 briefings were prepared for the campaign against upfront fees and the Department conducted a major survey of student perceptions of QUT library services.

Best Lecturer Award: The Guild promotes focus on quality teaching through conducting a competition to identify QUT's Best Lecturer.

Student Representative Support: The Guild organises student representatives for all QUT academic boards and committees requiring student input as well as for academic review committees.

Sport, Recreation and Activities

Games rooms: All campuses have games rooms containing facilities ranging from pinball machines and darts equipment to table tennis and pool tables.

Health and Fitness Centres/ Gymnasiums: The Guild operates health and fitness centres at Kelvin Grove campus and Gardens Point campus offering assessments, weights, aerobics, squash courts, and sports medicine clinics. Areas are available for other recreation activities. Phone: (07) 3864 3710 (Kelvin Grove), 3864 1685 (Gardens Point).

Physiotherapy Centres: The Guild contracts with a physiotherapy clinic to provide a physiotherapy service at Kelvin Grove campus and Gardens Point campus. Fees are reasonable with student plan accident insurance covering university-related injuries. Phone: (07) 3864 3711 (Kelvin Grove), 3864 1687 (Gardens Point).

Recreation Courses: A range of recreation courses is offered by the Guild. These include exercise courses, ski trips, foreign language classes, martial arts, massage, health and relaxation, golf, self-defence, abseiling, scuba diving, parachuting and special trips, such as to the Birdsville Races. A recreation handbook is available during Orientation Week, at Sports and Recreation Centres or the Student Information Centre on the Carseldine campus.

Recreation Equipment: A limited equipment pool is available for use by students and can be obtained from the Guild office or Gymnasium.

Social and Cultural Activities: A variety of social and cultural events and activities are organised throughout the year. These include balls, cabarets, bands, barbecues, films, theatre events and theme weeks. They may be run on each campus or as cross-campus activities. Put the QUT Annual Ball in your diary now – last Friday of exams in November.

Sporting Competitions: The Guild organises sporting competitions at all levels – lunchtime competition and recreational games, QUT inter-campus competition, regional, state and national inter-university championships. Contact the Fitness Centres for more information.

Sports Centre: The QUT Sports Centre is located at Gardens Point campus and is open seven days a week. It contains a 25 metre indoor heated swimming pool, two squash courts, a sundeck and kiosk. Activities include rebound volleyball, table tennis, aqua aerobics, training sessions, learn-to-swim classes and general fitness and relaxation swimming. Phone: (07) 3864 1688.

Weights Rooms: Carseldine campus has a weight training room available for use by students. Contact a Student Information Centre for further information.

For more information about sport, recreation and activities contact the campus Recreation Officers:

Gardens Point (07) 3864 1685

Kelvin Grove (07) 3864 3710

Media and Publications

Publications: The Guild produces a range of free publications throughout the year, including a wallplanner, newsletters, clubs and societies handbook, the Annual Report and various brochures on services and activities.

Student Newspaper: The Guild regularly publishes a free community newspaper called *Utopia* to which students can contribute. It provides general information and also acts as a forum for a wide range of topics of student interest. Editors of the paper are elected each year and all students are eligible to stand for election. Phone: (07) 3864 4012.

International Students Department

Assistance

- Assists all international students, undergraduate and postgraduate, to appeal against exclusions and other academic matters.
- Assists the fight against discrimination of any kind within the University environment.
- Assists other international student clubs associated with Student Guild to organise social events.

Cultural Awareness

The Department's objective is to promote cultural awareness at QUT among students and staff. Therefore, from time to time the Department holds multicultural events like market days with the help of international student clubs and other organisations. For more information contact (07) 3864 5531.

Postgraduate Students

In recent years the Student Guild has initiated a number of services for postgraduate students. These include the establishment of the Postgraduate Students Association and the publication of the postgraduate handbook. This year the Guild has a firm commitment to continuing this representation and working for postgraduate students.

For further information please contact the Postgraduate Students Association through Education Services. Phone (07) 3864 5530.

Other Services

Campus Shops: The Campus Shop at Gardens Point campus sells a large range of calculators, QUT memorabilia, sportswear, shoes, chemist lines, cigarettes and other goods, and provides photo developing and dry cleaning. There are credit card and EFTPOS facilities plus three-month lay-by with minimum deposit. The Kelvin Grove shop sells sportswear, shoes, chemist lines and cigarettes. It also carries newsagency items such as magazines, newspapers and cards. Phone: (07) 3864 1681.

Campus Club: The Student Guild operates a club at the Gardens Point campus. The club is an excellent venue to relax, kick back and unwind. It has a bar, pool tables, and an outdoor eatery with a variety of burgers, salads, made to order sandwiches and many other delicious menu items. With the daily specials, you need never spend over \$3.00 for lunch every day. The club also hosts bands throughout the year and is available for balls and other functions at very reasonable rates.

Degrees Cafe: Degrees is a licensed cafe run by the Student Guild at Gardens Point campus, Level 3, Y Block. Degrees offers students and staff the best coffee on campus – from cappuccino to latte, flat white and espresso. Also on offer at reasonable prices are delectable pastries, cakes and fine foods such as lasagne, quiche, fillo, foccacia and bagels. The cafe is open Monday to Thursday 10am to 6pm and Friday 10am to 3pm. Phone (07) 3864 1236.

Graduation Gown Hire and Sale: The Guild hires gowns, hoods and mortarboards for graduation ceremonies and photographs.

Hire fees – gowns \$17.00
– hoods \$8.00
– mortarboards \$5.00

Academic regalia is also available for sale. Phone: (07) 3274 1473.

Student Lounges: Student Lounge facilities are provided by the Guild at Kelvin Grove, Kedron Park and Carseldine campuses. These provide an area to relax or socialise. Drink vending machines are available in or near the lounges.

Child Care Centres: The Guild operates a child care centre at Gardens Point campus that caters for 25 children per day. Phone (07) 3864 1690. Another 56-place child care centre operates at Carseldine campus. Phone (07) 3864 4800. Both centres operate from Monday to Friday. Hours of operation are determined by student needs. Fees are reasonable and government subsidies are available at both centres. A new child care centre will open at Kelvin Grove campus in mid-1996 and further information regarding its services can be obtained by phoning (07) 3864 1666. Further information about child care services is available from the President. Phone: (07) 3864 1665.

ART COLLECTION

Queensland University of Technology houses a major collection of almost 1200 Australian and international works of art, comprising paintings, sculptures, decorative arts and works on paper. These holdings represent one of the largest public art collections in Queensland.

Established in 1945, the collection embraces both historical and contemporary works, spanning a period of over 140 years. The greatest strengths lie in the extensive holdings of Queensland art from the 1940s onwards and the outstanding collection of contemporary Australian art post-1970, chiefly paintings, prints and ceramics. The small but significant group of works by Australian artists (Elioth Gruner, Frank Hinder, Margaret Preston, Grace Cossington Smith and so on) working predominantly in the first half of the twentieth century forms an interesting complement to contemporary holdings.

A number of important contemporary Australian artists are represented in the collection by major examples of their work. They include Ian Fairweather, Rosalie Gascoigne, Richard Larter, Keith Looby, John Olsen and Imants Tillers. The collection also contains substantial holdings by several eminent individual practitioners such as Alun Leach-Jones, Carl McConnell, Gwyn Hanssen Pigott and William Robinson.

The rapidly expanding collection of Australian prints comprises works by artists who have been actively involved in the graphic arts over the past two decades including George Baldessin, Hertha Kluge-Pott, Bea Maddock, Mike Parr, Sally Robinson and Fred Williams. These holdings have been recently consolidated through the acquisition of a large body of prints by Aboriginal and Torres Strait Islander artists, as well as by the purchase of works incorporating new technology such as faxes, photocopies and laser prints.

Contemporary Australian ceramics have been acquired consistently since the early 1970s. Highlights include major sculptural pieces by Olive Bishop, Margaret Dodd and Lorraine Jenyns, and important functional wares by Stephen Benwell, Greg Daly, Milton Moon, Jenny Orchard and Sandra Taylor. Recent acquisitions include works by a younger generation of ceramic artists such as Jo Crawford, Merran Esson, Debra Halpern, Jerry Wedd and Jo Williams.

Other new acquisitions reflect the high priority and commitment given by QUT to the work of local emerging practitioners, particularly those who have graduated from the University's Academy of the Arts and begun to establish themselves as professional artists. The recent purchase of representative works by Stephen Brash, Don Heron, Stephen Nothling, Kate Ryan, Ellen Thompson and Anne Wallace exemplifies the significance and depth of this commitment.

In addition to its holdings of Australian art, QUT possesses a distinguished group of twentieth century American and European works by artists of the calibre of Georges Braque, Alexander Calder, Mary Cassatt, Henry Moore, William Scott, Victor Vasarely and Paul Wunderlich, as well as some outstanding nineteenth century Japanese woodblock prints.

The collection is displayed in various designated spaces at QUT's four Brisbane campuses. Policy and procedures relating to its development are determined by the Art Collection Committee, comprising senior representatives of the University and external members.

The collection is administered by the University Curator, Stephen Rainbird, and Assistant Curator, Susi Muddiman. For further information telephone (07) 3864 3240.
