# FACULTY OF HEALTH

## Course Structures

### ■ Master of Applied Science (Research) (HL84)

See entry under University-wide and Interfaculty courses.

**Location:** Kelvin Grove campus

**Course Duration:** 1-2 years full-time, 2-4 years part-time (see further details below)

**Course Coordinator:** For further information on the Master of Applied Science (Research), contact the Faculty of Health office.

#### Entry Requirements

The minimum academic qualifications for admission to the program are:

- possession of Bachelor degree in health science, applied science or other approved degree from the Queensland University of Technology, or
- possession of an equivalent qualification, or
- submission of such other evidence of qualifications as will satisfy the academic board that the applicant possesses the capacity to pursue the course of study.

#### Application for Admission

The Master of Applied Science (Research) program is administered by the Health Faculty Academic Board through its Faculty Research Committee.

Applications for admission should set out fully the candidate's intended course of study. This proposal should include the area of study, the coursework to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program of research and investigation, its background, the significance and possible application of the research program, and the research plan.

Approval of applications is subject to receipt of a statement of support from the Head of School and Director of Centre in which the proposed research program is to be undertaken.

#### Course of Study

A candidate for the degree of Master of Applied Science undertakes a program of research and investigation on a topic approved by the Faculty Research Committee.

A candidate may be required to undertake an appropriate course of study concurrently with the research program. The course of study normally includes:

- a program of assessed coursework
- participation on University scholarly activities such as research seminars, teaching and publication
- regular face-to-face interaction with supervisors, and
- a program of supervised research and investigation.

## **Duration of Course**

The length of the course will vary depending on the applicant's qualifications on admission and the candidate's progress during the course.

Applicants who possess a three year undergraduate qualification or equivalent normally are enrolled as provisional students for a period of 1 year (full-time) or 2 years (part-time). Applicants who possess a four year degree, honours year or equivalent may be admitted with confirmed candidature.

Following confirmation of registration, candidates may submit their thesis for examination after a period of at least 1 year (full-time) or 2 years (part-time). Maximum periods for submission of thesis are 2 years (full-time) or 4 years (part-time) from the date of confirmed registration.

## **■ Master of Health Science (HL88)**

**Location:** Kelvin Grove campus

**Course Duration:** 1.5 years full-time, 3 years part time

**Total Credit Points:** 144

**Standard Credit Points/Full-time Semester:** 48

**Course Coordinator:** Associate Professor Don Stewart

### **Entry Requirements**

To be eligible for entry applicants should hold:

- (i) an appropriate three-year bachelor degree or equivalent and should normally have at least one year of appropriate work experience, or
- (ii) an appropriate three-year bachelor degree with an additional one year of honours, or
- (iii) an appropriate four-year bachelor degree or equivalent, or
- (iv) an appropriate graduate diploma, or
- (v) other qualifications acceptable to the Dean which may include substantial work experience or involvement in relevant research activities.

Candidates may be required to attend an interview with the relevant Head of the School in which they will complete their research project and thesis in order to establish suitability for entry into the course.

### **Advanced Standing**

Candidates with a four-year degree or three-year degree with an additional one year of honours may be able to obtain advanced standing up to a maximum of 48 credit points for previous study.

Candidates with a Graduate Diploma in Occupational Health and Safety, Nutrition and Dietetics or Health Promotion wanting to continue in these specialisations may be able to obtain advanced standing up to a maximum of 96 credit points for previous study. For candidates undertaking the Graduate Diploma in Health Promotion, there is complete articulation with the Masters degree program. In the case of the Graduate Diplomas in Occupational Health and Safety and Nutrition and Dietetics the articulation is less than complete because of professional requirements for credentialling and registration.

Candidates cannot normally enrol directly in the Masters degree in the areas of Nutrition and Dietetics, Occupational Health Safety or Health Promotion unless they have completed relevant undergraduate qualifications in one of the above areas to the satisfaction of the course coordinator. Special consideration may be given to candidates on an individual basis by the course coordinator.

Advanced standing is not automatic and will be subject to the approval of the course coordinator.

### Special Entry

Candidates who do not hold a qualification required of normal entrants may be required to successfully complete a bridging program or pre-requisites prescribed by the Dean in consultation with the relevant Head of School.

### Provisional enrolment

Students who do not meet the entry requirements may be admitted on a provisional basis and be required to undertake preliminary coursework and reading as determined by the course coordinator. After satisfactory completion of the preliminary studies, students will be admitted to full candidature.

### Early Exit From Course

Students who successfully complete the equivalent of one year of full-time study may exit from the program with a Graduate Diploma in Health Science.

### Full-Time Course Structure

		Credit Points	Contact Hrs/Wk
<b>Year 1, Semester 1</b>			
MAN009	Experimental Design & Statistical Analysis for Research	} select one unit	12

## ■ Master of Nursing (NS85)

**Location:** Kelvin Grove campus

**Course Duration:** 1.5 years full-time, 3 years part-time

**Total Credit Points:** 144

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Ms Carol Windsor

### Entry Requirements

#### NORMAL ENTRY

Applicants shall hold a Bachelor of Applied Science (or equivalent) in the appropriate discipline for which they are seeking admission and shall normally have had at least one year of appropriate work experience in the discipline for which they are seeking admission.

Applicants may be required to attend an interview with the Head of School and/or Course Coordinator to establish suitability for entrance into the course.

Applicants must hold a qualification in nursing acceptable for registration by the Nurses Registration Board of Queensland.

#### SPECIAL ENTRY

Applicants who do not hold the specific tertiary qualification required of normal entrants may be admitted upon successful completion of a qualifying program prescribed by the Head of School.

### Special Course Requirements

Students are required to negotiate with appropriate health organisations for additional clinical practice placement outside the formal contact hours in order to meet the course requirements.

## Course Requirements

Students are required to complete:

- two core units
- two elective units
- two clinical specialisation units
- two advanced nursing units
- three step-locked dissertation units.

Students should select two units in a specified clinical area to be taken concurrently. For example, students should enrol in both Psychiatric/Mental Health Nursing 1 and Psychiatric/Mental Health Nursing 2.

**Note:** Students who commenced this course prior to 1993 should contact the course coordinator to review details of their enrolment program for 1994.

## ■ Master of Public Health (PU85)

QUT, Griffith University and The University of Queensland offer a joint Master of Public Health (MPH) degree, bringing together interdisciplinary knowledge and skills in public health across the three universities. Students enrol in and graduate from the university in which they undertake their specialist elective units and which supervises their dissertation.

**Location:** Kelvin Grove campus

**Course Duration:** 1.5 years full-time, 3 years part-time

**Total Credit Points:** 144

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Associate Professor Don Stewart

### **Entry Requirements**

The entry requirements for the Master of Public Health are identical for the three collaborating institutions, and are as follows:

- (1) A person may first enrol as a candidate for the degree only if that person:
  - (i) holds a bachelor degree from the university or a similar qualification from an approved institution in the health, behavioural, social or biological sciences with first or second class honours, and
    - (a) which required study for at least four years, or
    - (b) which required study for at least three years, if
      - (A) a postgraduate diploma from the university or an approved institution is also held, or
      - (B) the research publications and written reports of that person satisfy the Faculty Academic Board that the applicant should be accepted as a candidate, and
  - (ii) has, since obtaining the qualifications required, had training or experience in a relevant field for a period of at least
    - (a) three years, where the applicant seeks entry through paragraph (i) (b) (B), or
    - (b) two years, otherwise.
- (2) The Dean may allow a person to be admitted as a candidate, if of the opinion:
  - (i) that a person has obtained a basic professional qualification in the health, behavioural, social or biological sciences in that person's home country
  - (ii) that person has subsequently had at least four years of relevant professional experience, which may include a post-basic diploma or other relevant training, and
  - (iii) the qualifications and experience referred to above warrant admission.
- (3) Notwithstanding subrules (1) and (2), a person may not be admitted without first satisfying the Dean, if necessary, by passing an examination, that the person has both the level of scientific understanding and the level of proficiency in the English language to undertake the course successfully.
- (4) For the purposes of subrule (1) an approved institution is one which, in the opinion of the Faculty Academic Board, maintains standards comparable to those of the university.

### **Application for Admission**

Students enrol at the university in which they expect to undertake their specialist elective units and in which their dissertation will be supervised. Because this choice must be made before enrolment, a person seeking entry to the degree of Master of Public Health must, prior to application for admission, consult the Directorate of the MPH program.

### **Course of Study**

- (1) A candidate must:
  - (i) pursue the course (full-time) for not less than three nor more than six semesters, and
  - (ii) obtain 144 credit points (48 per semester full-time, 24 part-time) comprising:
    - (a) credit for all units listed in Part A of the Schedule (core units), and

- (b) 24 credit points from units listed in Part B of the Schedule (units), and
- (c) 48 credit for PUN600 Dissertation (full-time) or PUN607 Dissertation (part-time).

(2) The Dean of Health may grant credit for a core unit if the Director considers the candidate has, while enrolled in this course, passed a unit or units at least its equivalent in content and standard at any of the three collaborating institutions.

### **Credit for a Unit**

To obtain credit for a unit a candidate must:

- (i) attend lectures, seminars, tutorials, practicals and other classes
- (ii) undertake laboratory and fieldwork
- (iii) complete assignments, project reports and theses
- (iv) pass examinations, and
- (v) fulfil any other requirement in the manner and to the extent prescribed by the Director concerned.

### **Dissertation**

(1) A candidate may not submit a dissertation for PUN600 Dissertation (full-time) or PUN607 Dissertation (part-time) without approval of the topic by the Director of the program after consultation with the supervisors.

(2) The dissertation must be examined by two examiners appointed by the Director.

(3) A candidate may, with the approval of the Director, submit further original work, whether published or not, for the consideration of the examiners.

(4) The Director shall determine whether credit will be awarded for the dissertation after considering the reports of the examiners.

### **Power of the Faculty Board to Terminate Enrolment**

The Faculty Academic Board may, at any time, terminate a candidate's enrolment if it is of the opinion that the candidate has supplied incomplete or inaccurate information with respect to application for enrolment.

### **Grant of Degree**

The Master of Public Health degree may be conferred on a candidate who has fulfilled the requirements of these rules and complied with the provisions of all Statutes and other applicable rules.

### **Course Structure**

Students in the program undertake a coursework component in their first two semesters (full-time) or four semesters (part-time – two units per semester), followed by a dissertation component of one semester (full-time) or two semesters (part-time). The coursework component comprises six core units and two advanced elective units.

## **PART A**

<b>Credit Points</b>	<b>Contact Hrs/Wk</b>
--------------------------	---------------------------

### **Core Units**

PUN603	Environmental Health (GU)
PUN604	Principles of Epidemiology (UQ)
PUN605	Statistical Methods in Public Health (UQ)
PUN606	Social Theories & Principles of Public Health (GU)

PUN613	Public Health Interventions - Principles & Practice (QUT)	12	3
PUN692	Health Care Delivery Systems (QUT)	12	3

## **PART B**

### **Advanced Elective Units Offered by QUT**

LWS006	Health, Ethics & the Law	12	3
PUN608	Economics & Health	12	3
PUN609	Health Care Finance	12	3
PUN610	Health Services Management	12	3
PUN611	Advanced Health Planning	12	3
PUN612	Advanced Health Evaluation	12	3
PUP018	Health Promotion Strategies	12	3

(Additional elective units are offered by other collaborating universities.)

## **PART C**

PUN600	Dissertation (full-time)	48
PUN607	Dissertation (part-time)	48

Dissertation: the dissertation is equivalent to an honours dissertation in type and scope and is expected to be between 10,000 and 20,000 words in length.

## **■ Graduate Diploma in Advanced Nursing Practice (NS62)**

**Location:** Kelvin Grove campus

**Course Duration:** 1 year full-time, 2 years part-time

**Total Credit Points:** 96

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** vacant

### **Entry Requirements**

#### **NORMAL ENTRY**

Applicants for admission to the course shall hold:

- (i) a nursing qualification acceptable for registration by the Nurses Registration Board of Queensland
- (ii) a degree or diploma in nursing, and
- (iii) normally have at least one year of appropriate post-registration clinical experience.

#### **SPECIAL ENTRY**

An applicant who does not meet the requirements for normal entry may present documentary evidence of qualifications, experience and other relevant information for special consideration by the Head of School. Such an applicant may be required to undertake appropriate bridging units to be determined at the discretion of the Head of School. The units would normally be selected from areas of study in the Bachelor of Nursing course.

### **Special Course Requirements**

Students are required to negotiate with appropriate health organisations for additional clinical practice placement outside the formal contact hours in order to meet the course requirements.

Each student must select one area of specialisation and complete the two units in that area of study. Six areas of specialisation will be offered in 1994: Medical/Surgical Nursing, Primary Health Care Nursing, Psychiatric/Mental Health Nursing, Midwifery, Gerontological Nursing, Child and Adolescent Nursing.

**Note:** Students who commenced the course prior to 1994 should contact the course coordinator to review details of their enrolment program.

**Location:** Kelvin Grove campus

**Course Duration:** 2 years part-time internal and external

**Total Credit Points:** 96

**Standard Credit Points/Part-Time Semester:** 24

**Course Coordinator:** Dr Mary-Lou O'Connor

### Entry Requirements

To be eligible for admission, an applicant must hold the following:

- (i) an approved degree/diploma, or General Nursing Certificate and two post-basic nursing certificates or equivalent, and
- (ii) at least one year's experience in the field of teaching or community health.

### Special Course Requirements

There are three major areas in the course: compulsory units, professional units and elective units. All students are required to complete the compulsory units; however, with the approval of the course coordinator, PUP027 Independent Study (12 credit points) may be substituted for one of the compulsory units. Students can select professional units in the School or Community Health area. The scheduling of elective units is subject to staff availability and student demand.

Students should have access to school or community health settings or appropriate health organisations to enable work to be undertaken.

**Note:** Students wishing to progress to the Master of Health Science must complete MAN009 Experimental Design and Statistical Analysis for Research or NSN405 Qualitative Research.

## ■ Graduate Diploma in Nutrition and Dietetics (PU62)

**Location:** Kelvin Grove campus

**Course Duration:** 1.5 years full-time

**Total Credit Points:** 144

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Ms Sandra Capra

### Professional Recognition

Graduates are eligible for membership of the Dietitians Association of Australia. This is the only recognised course for dietitians in Queensland.

### Entry Requirements

#### NORMAL ENTRY

To be eligible for entry an applicant must:

- (i) hold a degree, and
- (ii) have studied two semesters each of systematic human physiology and metabolic biochemistry to the second level. Second level nutrition studies are highly desirable.

#### SPECIAL ENTRY

Applicants not completely satisfying the unit requirements may apply upon completion of bridging courses prescribed by the course coordinator.

## Graduate Standing

Where an equivalent course of study or examination cannot be readily established, an applicant, at the discretion of the Dean of Faculty, may be permitted to undertake a qualifying examination, satisfactory completion of which will entitle such person to the status of graduate or diplomate for the purpose of admission.

**Note:** Applicants should contact the course coordinator, School of Public Health, by letter when lodging the application for admission.

## Special Course Requirements

Before entering the third semester of study, students shall have successfully completed all units of the first and second semesters.

Field trips as detailed in Unit Synopses have an attendance requirement and will be assessed.

## ■ Graduate Diploma in Occupational Health and Safety (PU65)

**Location:** Kelvin Grove campus

**Course Duration:** 2 years part-time

**Total Credit Points:** 96

**Standard Credit Points/Part-Time Semester:** 24

**Course Coordinator:** Mr Terry Farr

## Entry Requirements

### NORMAL ENTRY

The normal entry requirement for the course is a bachelor degree or equivalent in an appropriate discipline from a recognised tertiary institution. There is no assumption of prior knowledge in occupational health and safety.

### SPECIAL ENTRY

Special entry will be considered for a person without a degree, in view of experience and responsibility in occupational health and safety. As the course is academically demanding and high standards of performance are expected, such candidates will require either an extensive background in the discipline or other suitable tertiary qualifications and appropriate experience to be offered a place.

In some instances, preliminary bridging studies in the physical sciences may be required.

## Additional Requirements

All applications for entry will be judged on their individual merit. Course quota and the benefit of having a diverse class cohort are factors which impact on the final offer of places.

- **Bachelor of Applied Science (Honours) (HL52)**
- **Bachelor of Business (Honours) (HL58)**
- **Bachelor of Nursing (Honours) (HL50)**

**Location:** Kelvin Grove Campus

**Course Duration:** 1 year full-time, 2 years part-time

**Total Credit Points:** 96

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** For information please contact the Faculty of Health Office

## Entry Requirements

### NORMAL ENTRY

To be eligible for entry, students should have completed the University's Bachelor of Applied Science (HM42, PU42, PU44, PU45, PU49), Bachelor of Business (Health Administration) (PU48) or Bachelor of Nursing (NS40, NS48) or equivalent.

Students should have attained a grade point average (GPA) of at least 5.0 over the pass degree.

Application should be made at the end of the final year of the pass degree or within 18 months of completing that degree.

### SPECIAL ENTRY

Applicants who do not satisfy the normal entry requirements but who have demonstrated outstanding performance in only the final year of a degree, or whose application is based on other factors including work experience or involvement in research, may be admitted at the discretion of the Dean.

**Note:** In 1994 applications made within 24 months of completing the pass degree will be accepted at the discretion of the Faculty.

## Elective Units

Students undertake a 12 credit point elective. This may be selected from any honours or postgraduate program offered by the University, subject to prerequisite requirements and

with the approval of the student's mentor/supervisor and the course coordinator. Normally the elective unit is chosen from within the student's discipline area or from an area which complements or is germane to the student's study program. Students may also select one of MAN009 Experimental Design and Statistical Analysis for Research or NSN405 Qualitative Research as an elective.

### **Dissertation**

The Dissertation is one unit valued at 48 credit points. It is commenced during semester 1 (full-time mode) or semester 2 (part-time mode) and completed over the course of the program. Preparation and presentation of the Dissertation is completed under the guidance of a supervisor.

## **■ Bachelor of Applied Science (Environmental Health) (PU42)**

**Location:** Kelvin Grove campus

**Course Duration:** 3 years full-time

**Total Credit Points:** 288

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Mr Bruce Fleming

### **Professional Recognition**

Graduates are eligible for membership of the Australian Institute of Environmental Health and the Environmental Institute of Australia. This course is the only one available in Queensland from which graduates will be approved by the Director-General of Health to work as an environmental health officer within the State.

### **Course Requirements**

A registered student may enrol only in a full-time program. Arrangements to complete the course through a 'sandwich' program can be discussed with the course coordinator. This method of attendance is relevant to students living outside the Brisbane region and those who are employed as trainee Environmental Health Officers. Trainee Environmental Health Officers are permitted a maximum of six years to complete the course.

Field trips as detailed in the Unit Synopses have an attendance requirement and will be assessed.

## **■ Bachelor of Applied Science (Human Movement Studies) (HM42)**

**Location:** Kelvin Grove campus

**Course Duration:** 4 years full-time

**Total Credit Points:** 384

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Associate Professor Andrew Hills

## Special Course Requirements

Students must complete units totalling at least 384 credit points including the foundation unit (60 credit points), a major and minor study (168 credit points), elective units (60 credit points) and fourth year studies (96 credit points).

A major (120 credit points) must be completed in the discipline area of Exercise and Sport Science. This includes compulsory second level units (72 credit points) and four third level units (48 credit points) selected from Lists A or B.

Subject to appropriate prerequisite units being completed a minor may be undertaken in any approved discipline within QUT. Completion of a minor consists of passing units totalling at least 48 credit points from second and third levels (including at least 24 credit points at third level). Major and minor studies may be undertaken in the same or closely related discipline areas.

The degree may be awarded with Honours, First Class Honours, Second Class Honours Division A and Second Class Honours Division B. Candidates for the degree with Honours must fulfil the requirements for the pass degree and achieve such standard of proficiency in all the units of the course as may from time to time be determined by the Academic Board and approved by the Academic Committee.

All commencing students and certain continuing students are required to attend scheduled academic advisory sessions to plan their progression through the course, and to obtain approval of an academic adviser prior to effecting any change of enrolment.

**Note:** Students who have successfully completed 288 credit points and have met the general requirements for a three-year degree may graduate with a Bachelor of Applied Science.

## ■ Bachelor of Applied Science (Optometry) (OP42)

**Location:** Kelvin Grove campus

**Course Duration:** 4 years full-time

**Total Credit Points:** 384

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Associate Professor Peter Swann

## Professional Recognition

In each state and territory of Australia, the practice of optometry is regulated by Boards of Optometrical Registration which are statutory bodies set up under States legislation. Under these Acts, the practice of optometry is restricted to persons whose names appear on the Register. On completion of the degree course at QUT, the graduate will have satisfied the requirements of the Optometrists' Board of Queensland, and may apply for registration to practise as an optometrist in Queensland and all States and Territories of Australia.

## Special Course Requirements

The degree may be awarded with Honours, First Class Honours, Second Class Honours Division A and Second Class Honours Division B. Candidates for the degree with Honours must fulfil the requirements for the pass degree and achieve such standard of proficiency in all the units of the course as may from time to time be determined by the Health Academic Board and approved by Academic Committee.

Items of ophthalmic equipment are required by students for clinical use from the beginning of the third and fourth years of the course. Academic staff provide advice regarding the purchase of these instruments. Estimated costs are \$3000.

## ■ Bachelor of Applied Science (Podiatry) (PU45)

**Location:** Kelvin Grove campus

**Course Duration:** 3 years full-time

**Total Credit Points:** 288

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Mr Alan Crawford

### Professional Recognition

Graduates are eligible for State Registration throughout Australia. This qualification is also acceptable for registration in the United Kingdom, New Zealand and the EEC countries.

Graduates also become Members of the Australian Podiatry Association and are eligible to apply for membership of the Australian Sports Medicine Federation.

### Special Course Requirement

Students are required to undertake 180 hours of clinical practice between semesters in the second and third years of the course.

## ■ Bachelor of Business (PU48)

With majors in: Health Administration and Health Information Management.

**Location:** Kelvin Grove campus

**Course Duration:** 3 years full-time (Health Information Management major), 6 years part-time (Health Administration major)

**Total Credit Points:** 288

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Mr Paul Hindson

### Professional Recognition

Students who complete the Health Administration major are eligible for membership of the Australian College of Health Service Executives.

Students who complete the Health Information Management Major are eligible for membership of the Medical Record Association of Australia.

## Course Requirements

**Note:** Students who commenced the Bachelor of Business (Health Administration) prior to 1993 should contact the course coordinator for details of their enrolment program in 1994.

#### Elective Units

Elective Units may be chosen from any degree course, subject to prerequisite requirements, availability of the unit and approval of the Head of School. Details of specialist electives can be obtained by contacting the course coordinator.

### ■ Bachelor of Nursing (Postregistration) (NS48)

**Location:** Kelvin Grove campus

**Course Duration:** 1.5 years full-time, 3 years part-time

**Total Credit Points:** 144

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Associate Professor Gail Hart

### Professional Recognition

This course is recognised by the Royal College of Nursing, Australia as satisfying the academic requirements for admission as a professional member.

### Advanced Standing

Advanced standing of one year will be granted to graduates of the following courses conducted at QUT:

- Diploma of Applied Science – Nursing, and
- Post-registration Diploma of Applied Science courses, since (and including) 1982.

Advanced standing of six months will be granted to graduates of diploma-level nursing courses other than those conducted at QUT.

	Elective Unit	8	3

#### Year 2, Semester 2

NSB207	Nursing & the Individual	} select	8	3
NSB406	Nursing & the Family		8	3
NSB407	Nursing & the Community		8	3
NSB505	Professional Issues in Nursing 2		8	3
	Elective Unit		8	

## Elective Units

Students may elect to enrol in any undergraduate degree level unit as an elective (other than the identified Nursing Elective Units). Students are required to contact the relevant faculty for permission to enrol.

## Nursing Elective Units

Where the course structure indicates a Nursing Elective Unit, one of the following units may be taken:

		Credit Points	Contact Hrs/Wk
NSB150	Nursing Management	8	3
NSB349	Counselling & Crisis Management	8	3
NSB350	Health Education in Nursing	8	3
NSB450	Readings in Nursing	8	3

Alternative units not chosen as core units may also be taken as Nursing Elective Units. For example, if NSB406 Nursing and the Family is selected as a core unit then NSB407 Nursing and the Community can be selected as an elective.

## ■ Bachelor of Nursing (Preregistration) (NS40)

**Location:** Kelvin Grove campus

**Course Duration:** 3 years full-time, 5 years part-time

**Total Credit Points:** 288

**Standard Credit Points/Full-Time Semester:** 48

**Course Coordinator:** Associate Professor Gail Hart

### Professional Recognition

Graduates are eligible for registration within Australia, and have been successful in obtaining registration in Britain, New Zealand and North America.

This course is recognised by the Royal College of Nursing, Australia as satisfying the academic requirements for admission as a professional member.

### Special Course Requirements

The Clinical Practice B units each consist of a two-week period of continuous practice following the relevant semester.
