## Course Design

The Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:

- eight Business School Core units
- one block of eight Major Core units
- choice of one block of:
  - six Second Major units and two option (elective) units or
  - eight option (elective) units or
  - two Minors (four units each) (university or Business School or extension) or
  - one Minor (four units)(university or Business School or extension) and four option (elective) units.

## Enrolment and advanced standing

You may wish to apply for advanced standing (also known as credit or exemption) for prior completed studies and other assessable learning outcomes. See more on [Advanced Standing](#).

**Gardens Point campus students:** The first year program and all Business study areas are available at Gardens Point. Students commencing this course at Gardens Point campus must enrol on-line by nominating their primary major and then enrol in units according to that major. You are required to only nominate your first major to satisfy enrolment procedures. The second area of study, i.e. Second Major/Extension/Minor may be nominated at a later date. Students who have been granted advanced standing (academic credit) should nominate their second area of study (i.e. Second Major/Extension/Minor) in order to determine their enrolment program.

**Caboolture campus students:** The Business School Core units and the Accountancy, Management and Marketing majors are available at this campus. Students must choose first year Business School Core units at Caboolture campus but may choose units from majors from other Business disciplines at Gardens Point to complete the rest of their degree. When enrolling for the first time, students will be required to select either Accountancy, Management or Marketing as their major. After their first year, students will be able to change their major. Students may choose majors offered at Gardens Point or continue their studies at Caboolture. Business core unit availability will vary each semester. Students who wish to complete their degree in full-time mode should consult their Discipline School for specific course progression and enrolment advice. Queries regarding unit availabilities and progression can be directed to Business Student Services on bus@qut.edu.au or the Caboolture Student Centre on caboolture@qut.edu.au.

## Special requirements

- For your course structure and enrolment advice see [Course Checklist](#) and follow the instructions.
- A full-time student may only enrol in units contained in the normal course program for semesters 1 and 2 in the first year of study unless in exceptional circumstances and with the approval of the Course Coordinator.
- A part-time student may only select units from those listed for years 1 and 2 in the first two years of study.
- Students must take Business School Core units at first attempt, in the semester outlined in the structure of their chosen major.
- A student must enrol in more than one

unit in any semester, unless they have the approval of the Course Coordinator.

### International Students

International students must maintain a full-time study load to meet student visa requirements. International students are only permitted to enrol in units at Gardens Point campus. International students should consult the International Student Office on Level 2, B Block for advice.

## Overview

If guiding financial activities in the world of business sounds like an interesting challenge, then accountancy is the right career for you. As a QUT Bachelor of Business student your Accounting major will provide you with an excellent platform for any business career. You will be offered the opportunity to study the Accountancy major together with the Professional Accounting extension\* which will prepare you for professional accreditation in an interesting and respected business profession. Throughout this course you will develop key accounting concepts, problem solving skills, and critical and analytical thinking.

\* Available at the Gardens Point campus only

## Your degree at a glance

### Year 1

Academically, you will build a base of broad business knowledge through the core units, covering all areas of business from finance and economics through to marketing and electronic business. Generic skills in all areas will enhance your understanding of how businesses operate within the commercial and legal environment. You will also gain knowledge and practical experience in using an accounting package.

### Year 2

You will learn how to interpret financial information and reports and gain skills in using this information for business decision making. You can start to build your professional networks and find out more about the corporate world that awaits you at boardroom seminars. You'll also start to shape your career with the selection of a second study area.

### Year 3

You will draw on the knowledge gained through your major to solve real-world accounting problems such as preparing a tax return or analysing the financial statements of a client business. You'll also investigate how auditors report on the financial statements of companies, individuals and trusts. For the best chance of a top job to launch your career, attend graduate recruitment events on campus or take a work placement with one of our industry partners.

## Professional recognition

Graduates who complete the accountancy major and the professional accounting extension\* meet the academic component of requirements for membership of CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), the Institute of Public Accountants (IPA), as well as enrolment in their respective professional programs. Graduates are also eligible for exemptions in the qualifying program for membership of the Association of Chartered Certified Accountants (ACCA) and the Chartered Institute of Management Accountants (CIMA).

Graduates who complete only the accountancy major will need to complete additional units to meet these professional requirements. Students who complete specified units under the regulation and tax extension\* will meet the academic entry requirements for registration as a tax agent with the Tax Practitioners Board.

\* available at Gardens Point Campus only

## Resources and Opportunity

By choosing to study the Accountancy major you will be able to access a wide range of opportunities and resources specific to your degree. Undergraduate students will have the opportunity to network with our industry partners in programs such as the Accountancy Work Placement Program, Career Mentor Scheme and the Pitcher Partners Seminar Series. These programs are all

designed to make graduates job ready from day one and help ease the transition into the workforce.

You will be able to integrate your accounting knowledge through the final-year capstone projects. In this simulation, you will take the position of a professional consultant and be asked to solve unstructured problems based on those that you will encounter in your professional accounting career. You might even discover your potential for research work or an academic career with paid research work opportunities within the School, working with academic supervisors on real-world research projects, or as part of a Vacation Research Scholarship Scheme.

## Accountancy at Caboolture Campus

You are able to study and complete your Accountancy major with a second major in Marketing or Management, all at the QUT Caboolture campus. As a Business student at the Caboolture campus you will have access to all the business core units and a broad range of electives. Other Business majors or double degrees may involve study at either the Kelvin Grove or Gardens Point campus. Please check your course page for specific details.

## Other majors

## Overview

At QUT, we were the first to offer a comprehensive advertising degree in Australia and still lead the way in our approaches to innovative advertising education. As a Bachelor of Business student, your Advertising major will give you access to real-world learning that covers all areas of advertising operations including account management, planning, media, creative and digital. By choosing to study a unique course that offers an advertising degree taught within a business school, you will graduate with a strategic and commercial edge highly desired by employers.

## Your degree at a glance

### Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from management, accounting and economics through to international and electronic business. With generic skills in all areas, you'll have an understanding of how businesses operate within the commercial and legal environment. Your advertising major starts in second semester with the question of why consumers choose the products they buy. You'll also learn how advertising works and how agencies interact with their clients, media and suppliers.

### Year 2

Advertising becomes more hands-on in

your second year. You learn how to write advertising that solves client's problems; How to use words and images to stir emotion and compel action. You also learn about the multitude of different media channels and how to build them into creative and cost effective media schedules. You'll also have the opportunity to personalise your degree with the selection of your second study area.

### Year 3

In your third year, the focus is on being more strategic. You explore the issues surrounding being an advertising manager, such as branding and controversial advertising and compete in a case competition. You integrate digital into the advertising mix and develop a portfolio to help you get a job. And you round out your major by formulating an advertising campaign from a real-world client's brief. Working as a team, you'll research your client's advertising problem and develop creative ideas, match them to innovative media solutions and deliver a boardroom pitch to the client. Your client could be a Queensland icon such as Queensland Day, the Ekka or the Brisbane Lions, a charity such as Muscular Dystrophy, or a national consumer goods or pharmaceutical company.

## Resources and Opportunities

By choosing to study the Advertising major you will be able to access a wide range of resources and opportunities specific to your degree. For example, you can access all the latest media resources and insights online at the media room. You can enter international student advertising competitions, or learn more about the media industry with a MFA internship in Sydney or Melbourne, or network with the advertising industry through YoungBloods, an industry club run by our graduates. AMPed, the student association for QUT advertising, marketing and public relations students is another unique opportunity offered within the Advertising major. Through AMPed you can access industry professionals, and find out about events run by professional bodies. It's also a great way to meet your peers, and create your own career networks.

## Overview

Have you ever wondered why the Reserve Bank of Australia puts up interest rates? Are the fiscal deficits and government debt a concern? Do you want to find out how businesses and governments make decisions in the most efficient and sustainable way; how unemployment, inflation, competition and government affect you? You will discover the answers to these questions and more studying the Economics major. Economics is more than just a business discipline – it's a way of looking at the world. With the help of world-class economists, you will develop essential knowledge about economic behaviour, the workings of economic systems and the skills used in analysing economic and social issues in a wide range of contexts.

## Your degree at a glance

### Year 1

You will build a base of broad business knowledge through the core units, from finance and accounting through to marketing and international business. With a sound background in all areas, you will have an understanding of how businesses operate within the commercial and legal environment. Your economics major begins in second semester, when you will cover consumer and producer behaviours, and interaction of the national and international economy.

### Year 2

Delving further into your major, you will learn more advanced frameworks and skills to understand how production and exchange advance our welfare, the economics of market structures, and the roles of fiscal and monetary policy in an open economy. You will contemplate the interplay between government, private firms and consumers, and analyse the increasing globalisation of world trade and investment. You will also shape your future career options through the consideration of a second study area.

### Year 3

Research projects will build your practical skills. In the capstone unit, you will apply economic theories learned so far to topics of current interest, such as the federal budget, Australia's taxation policy, ageing population or global warming. You will learn how to locate the data for your analysis, decide on the relevant economic theories and models, and distil this into possible solutions. This analysis will help you advise the best way forward, and give you a practical introduction to the real-world applications of economic theory.

Throughout the three years of your study, you can select units of study from the economic program on a range of topics, based on your interest, career pathway and plan for further study.

## Resources and Opportunities

As an Economics student you will have the opportunity to build your disciplinary and generic skills through individual and team projects and research assignments. You can also join the Young Economists, under the auspices of the Economics Society of Australia, to exchange your ideas and to debate on current social and political issues. By applying your knowledge and skills to real world situations, you will develop your critical thinking and economic reasoning abilities, which are essential for effective decision making in business and public sectors.

## Industry links

Our lecturers have a wide range of real-world experience in economics and finance, government policy making and in industry, so their teaching reflects current thinking and is based on practical situations and outcomes. These links also provide access to guest lecturers, who add their own experiences and challenges to your learning and thinking.

## Other majors

See also separate entries for other majors in this course: Accountancy, Advertising, Finance, Human Resource Management, International Business, Management, Marketing, and Public Relations.

## Professional Recognition

As a graduate of the Bachelor of Business Economics major you will meet the academic requirements for professional membership to the Economic Society of Australia.

## Overview

Finance is a dynamic field, focussing on the borrowing, lending and investing of money by individuals, financial institutions, businesses and government organisations. By choosing to study the Bachelor of Business Finance major you will develop the knowledge and skills to analyse business portfolios and provide recommendations for best financial returns. This degree provides you with the opportunity to listen to real-world practitioners as they explain how the value of investments changes over time. If you are interested in corporate financial management, investment management, risk management or understanding financial markets, securities participants then the Finance major could be for you.

## Your degree at a glance

### Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from accounting and economics through to marketing and international business. You will gain generic skills in all areas and an understanding of how businesses operate within the commercial and legal environment. You will begin your major with skills in interpreting economic data for business decision making. Business cycles, foreign exchange markets, terms of trade and the significance of the

international economy will also be covered.

### Year 2

You will build a deeper understanding of the fundamental concepts of finance – the time value of money and the effect of interest rates, diversification and its role in forming an investment portfolio, and the relationship between risk and return. The types of financial markets and instruments traded, such as shares, bonds and futures, will also be introduced. You will also choose a second study area, such as economics, accounting or further finance studies, which will help to shape your career.

### Year 3

Project work and research assignments will hone your practical skills and prepare you for the workplace. You will develop valuation skills relevant to shares and derivatives. You can also act as a corporate treasurer for a semester, using data facilities in the Securities Dealing Room to gain experience in raising funds and managing the risk and cost of borrowing these funds in the face of unfolding economic scenarios.

## Resources and Opportunities

QUT pioneered the use of real financial data in Queensland universities. Our Securities Dealing Room is an exclusive resource gives you the opportunity to access data from Bloomberg, providers of financial data to many of the world's financial institutions. This comprehensive set of data on companies, commodities and economics will be useful in your final year project work, and allow you to apply the theory you learn to conduct real-world financial analysis and prepare you for the workforce. You can also act as a corporate treasurer for a semester, using data facilities in the Securities Dealing Room to gain experience in raising funds and managing the risk and cost of borrowing these funds in the face of unfolding economic scenarios.

## Industry links

Our finance lecturers have a wealth of experience in investment banking, commercial banking, funds management and financial consulting. The school also maintains industry links through the school's advisory board, town-and-gown events and the QUT Economics and Finance Society. A direct benefit of these links is that students are provided with an opportunity gain experience in financial

## Overview

As a human resource management professional you will be responsible for an organisation's most valued assets – the people working there. New technologies, changing economic conditions, increasing workforce diversity and an emphasis on work-life balance are all contributing to a profound revolution in the nature of work and the challenges of managing contemporary organisations. As a student of the Human Resource Management major you will be equipped with the skills required to manage people in organisations including recruitment, performance and reward systems, employment relations and staff development. This degree will position you for a career leading the people dimensions of organisations, both strategically and operationally.

## Your degree at a glance

### Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from finance, accounting and economics through to marketing and electronic business. With generic skills in all areas, you will have an understanding of how businesses operate within the commercial and legal environment. Your focus on human resources begins with a broad introduction to many of the human resource management functions and how

these functions complement the strategic direction of businesses and help organisations maintain competitive advantage.

### Year 2

You will build your foundation knowledge of business and human resource management, through developing a deeper understanding of individuals and groups. You will also investigate how the structure and organisation of human resources impact on organisations and their activities. You will develop skills in the implementation of human resource activities through practical work examples and case studies. You will also have the opportunity to personalise your degree with the selection of a second study area.

### Year 3

In your final year you will extend and integrate your knowledge of business and human resource management using critical thinking and decision making skills to analyse, diagnose and provide recommendations for implementing organisational change, work force planning, and human resource development. You will explore and critique real-world cases and projects, applying your theoretical knowledge to develop practical strategic policy suggestions for organisations.

## Resources and Opportunities

The Human Resource Management major gives you the opportunity to explore and critique real world cases and projects, applying your theoretical knowledge to develop practical strategic policy suggestions for organisation. You'll use critical thinking and decision making skills to analyse, diagnose and provide recommendations for implementing organisation change and policy interventions.

Through the Capstone unit, personal and professional development, you will acquire knowledge in the areas of self-management and the management of others to contribute to organisational performance. You will also develop personal and group skills as a way to apply the knowledge base you've gained throughout your studies in professional settings.

## Industry links

Many of our teaching staff are Human Resource Management professionals aligned with industry through research and consultancy activities. These links to

## Overview

QUT's international business major is distinguished by an emphasis on industry skills covering trade procedures, logistics, negotiation techniques, languages, regional understanding and offshore business strategies. As a student you will gain highly desirable insight into the complexities of global regulations, management of cultural differences, knowledge of different buying preferences, global transport options, and ethical behaviours. You will learn about the international aspects of importing and exporting, communication and negotiation, accounting, logistics and marketing, and develop the strategic know how required to manage in a global commercial environment. If you are interested in how business operates in many markets around the world and would like to open yourself up to career options in global industry, consider study in the International Business Major.

## Your degree at a glance

### Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from finance, accounting and economics through to marketing and management. You will develop generic skills in all areas, and gain an understanding of how businesses operate within the commercial and legal environment. You will begin

your studies in international business with specific emphasis on international marketing and market entry strategies.

### Year 2

You will tackle import and export management, and investigate the challenges involved in producing goods to distribute overseas. You will begin to personalise your degree with an understanding of the history, culture, accounting and business environments of countries in either Asia or Europe as your international region of expertise. Your choice of second business study area will further direct your future career options.

### Year 3

You will be encouraged to immerse yourself in another culture through further regional studies, or through international exchanges. Take the opportunity to gain practical skills in cross-cultural communication and negotiation, logistics, and contemporary business strategies for Asia or Europe. Gain an overview of strategic issues facing global firms, including the different company structures that provide an advantage over competitors in the global marketplace.

## Resources and Opportunities

As a student of the International Business major you will be encouraged to take up the opportunity to complete study overseas and use your learned skills in industry placements locally. Many International business students choose to undertake a language specialisation. You are eligible for this if you are a full-time or part-time student. To make full use of this opportunity your language units should commence in the first semester of your first year. All language units must normally be taken in the same language. If you are an international student you must take a language that is not your native tongue.

## Industry Links

There is an active internship programme with links to Brisbane companies in freight forwarding, customs and logistics as well as State government departments. The Supply Chain and Logistics Association support student placements.

## Professional recognition

As a graduate of the International Business major you will be eligible for membership of the Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of

## Overview

Management is a crucial activity in organisations of all kinds and is fundamental to success in business. The Management major will provide you with analytical, strategic and operational skills to manage the challenges of the contemporary business environment. You will develop skills in entrepreneurial thinking, decision-making, leadership, communication and negotiation, and project management. These skills can be applied in all occupations and industries, providing you the widest possible employment prospects.

## Your degree at a glance

### Year 1

You will build a base of core business knowledge, from finance, accounting and economics through to marketing and the global business environment. You will gain an understanding of how businesses operate within the commercial and legal environment. You will learn how organisations work and start to develop leadership and management skills.

### Year 2

In your second year we will help you expand your skill set needed to become a successful manager. You will be introduced to techniques in managing operations and supply chains, helping you to create more efficient organisations. You will learn to communicate and negotiate effectively in intercultural

settings, preparing you to successfully navigate an increasingly global and multicultural society. You will be stimulated to think critically and strategically, allowing you to make better decisions by investigating problems from multiple perspectives and challenging established wisdoms. You will apply all these skills in creating your own entrepreneurial business.

### Year 3

In the third year you both integrate and further expand your management knowledge and skills into new areas. You will learn how to make organisations more sustainable and how to manage change processes in organisations. You will investigate how companies create growth and seek advantages over their competitors. You will develop skills in managing small- and medium-sized enterprises and family businesses. Working as individuals and in groups in your capstone unit, you will have the opportunity to develop a project management plan demonstrating your knowledge to reach the project goals and those of the organisation while addressing the challenges of time, costs, risk and resources.

## Resources and Opportunities

You will not only develop the skills and knowledge needed to succeed in your first job, but the Management major also gives you the opportunity to obtain the necessary skills crucial in your further career. We will provide you with the opportunity to apply these skills in real-world cases, and even your own business or project. Our graduates find employment in a variety of roles from project manager to consultant to becoming an entrepreneur and starting their own business. If you find problem solving and motivating people to change and improve your organisation appealing, and like the challenge to become an entrepreneurial and strategic leader, this is the major for you.

## Overview

QUT has been a leader in marketing education for more than 20 years. Whether big or small, private or public, for-profit or not-for-profit, domestic or international - every organisation requires marketing. Marketing creates value by aligning the needs and wants of customers with the products that organisations offer. By choosing to study the Marketing major you will gain a thorough understanding of marketing strategy and tactics including branding, promotion, market segmentation, incentives and pricing. You will learn about the fast-changing world of e-marketing and integrated marketing communications through the use of case studies from the industry. You will learn how to analyse and predict consumer behaviour through well-designed marketing research. Regardless of whether you are a budding entrepreneur, or want to start your career working for a large multinational in business development, strategic marketing, market research or brand management, then you should choose the Marketing major within the QUT Bachelor of Business course.

You may choose to complete your business degree at Gardens Point or Caboolture campus, majoring in Marketing.

## Your degree at a glance

### Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from finance, accounting and economics through to international and electronic business. With generic skills in all areas, you will gain an understanding of how businesses operate within the commercial and legal environment. Your marketing major will commence in second semester, investigating why consumers buy products and how they make purchase decisions.

### Year 2

Building your knowledge of consumer behaviour, you will gain skills in conducting consumer and audience research and learn how market research informs corporate and strategic decision making. You will investigate the part technology has to play in developing new products for consumers, and learn how e-marketing can help companies compete in a global market. You will also have the opportunity to personalise your degree with the selection of a second study area.

### Year 3

You will round out your major by finding out how marketing decisions contribute to the strategic success of any business. Opportunities to apply your knowledge to real-world scenarios include producing a marketing plan in a simulated environment which allows you to apply your marketing decision making skills and assess the results. You may also have the opportunity to complete an industry placement to gain valuable work experience.

## Resources and Opportunities

You will have the opportunity to test your skills and knowledge in a simulated environment and take a marketing plan from concept to implementation. With a team, you will create a real product, devise a detailed marketing plan and sell your product to other students on market days.

## Studying Marketing at Caboolture Campus

You are able to study and complete your Marketing major with a second major in Accounting or Management, all at the QUT Caboolture campus. As a Business Student at the Caboolture Campus you will have access to all the business core

units and a broad range of electives. Other Business majors or double degrees may involve study at either the Kelvin Grove or Gardens Point Campus. Please check your course page for specific details.

## Industry Links

Work placement opportunities in consultancies, corporate settings, Government and community groups are available. You'll also have access to events run by professional bodies such as the Australian Marketing Institute, as well as opportunities to create your own career networks.

## Professional recognition

As a graduate of the Marketing major you may be eligible for membership of a number of professional bodies depending on your choice of major and units. If you decide to study the Marketing first and second major and extension you may meet the requirements for membership of the Australian Marketing Institute, the Marketing Research Society of Australia, the Australian Institute of Management, the American Marketing Association and the Australian Institute of Export.

## Overview

No two days are the same in the exciting and challenging world of public relations. A public relations career can take you from publicising a new movie, to launching a social media campaign, to improving relationships with customers, to developing a government safety campaign. Public relations is critical to success in business as it helps organisations build and protect their reputation and relationships with the community, employees and other stakeholders. Your public relations course brings the real world into the classroom. You will learn how to build organisational relationships, write for and liaise with the media, and make public relations decisions across the corporate, government, agency and not-for-profit sectors.

## Your degree at a glance

### Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from finance, accounting and economics through to marketing and global business. With generic skills in all areas, you will gain an understanding of how businesses operate within the commercial and social environment. You will begin your studies in public relations in the second semester, with an introduction to founding principles, an overview of the profession, and an

insight into the future of public relations practice in contemporary organisations.

### Year 2

You will build knowledge and skills in public relations techniques, learning how to write and prepare public relations tactics and tools such as media releases, social media programs, and events for real-world clients. In doing so, you will develop a portfolio of public relations materials to show potential employers. You will also build skills in public relations planning, allowing you to identify the best practices of public relations by analysing successful public relations campaigns from Australia and around the world. You will also have the opportunity to personalise your degree with the selection of a second study area.

### Year 3

Acting as an internal adviser, you will explore corporate communication issues for organisations and track contemporary issues through case studies. You will also take the role of a public relations consultant, advising a real-world client on their problem or opportunity. Working in partnership with other students to form a consulting team, you will prepare a campaign plan to present to your client. Your writing skills will be further developed through your campaign portfolio. Work placements are also available to match your interests in consultancies, government, corporate settings and community groups.

## Resources and Opportunities

What is distinctive about public relations at QUT is that the course builds two career paths, taking the role of a public relations in-house practitioner and as a public relations consultant. In the role of an in-house practitioner your final year at QUT develops your skills to become a public relations manager by managing issues, responding to public opinion and working to protect reputations for real-world organisations. As a consultant, your final year at QUT involves a real-world project where you pitch an idea to a real-world client and prepare a campaign to address their needs. The practical nature of this major means that you will graduate with a portfolio of work to demonstrate your skills to potential employers.

## Industry Links

Work placement opportunities in consultancies, government, corporate settings and community groups are

available. You will also have access to events run by professional bodies such as the Public Relations Institute of Australia, as well as opportunities through your own career networks.

## Professional recognition

This course is accredited by the industry's peak professional body, the Public Relations Institute of Australia (PRIA), which provides you with access to professional education and career opportunities. QUT maintains strong links with this body, in which a number of our teaching staff hold executive positions.

## Other majors

The units that you will study in the Bachelor of Business – International will depend upon the combination of major(s) you have chosen at QUT and the international study year option that you will undertake. Because of the large number of combinations it will be necessary to draw up an individual study plan for every student. This plan will be created at the beginning of your course during the orientation period.

To allow you to enrol in the first semester of your degree, the indicative first semester study plans are shown below.

For more information on the units of study you will undertake in your chosen major please go to the page associated with that major.

Part time admission and enrolment is available, however the international study year must be completed full time.

## Your Degree at a Glance

### Year 1

This year is designed to give you an introduction to the core knowledge sets in business and to start you on your program of study in your chosen discipline area. In your first year you will

study a mix of core units and the introductory units in your major of choice. If you are uncertain about which major you would like to study then you can choose primarily first year core units to get a taste of a variety of business disciplines.

### Year 2

Year two is the important year in the Bachelor of Business – International. It is the year in which you will choose your preferred international study option and destination, and you begin to make subject choices that can lead to this option. In this year you complete your exchange application and will final decisions will be made on where you will go. Your final destination will depend upon your meeting certain conditions (see special conditions).

In year two you will continue to study business core units but you will also increase the level of study in your chosen major. If you are interested in undertaking a second degree as your international study option then you will be required to study some subjects which will be required to meet the conditions of the institution who will be hosting your second degree.

### Year 3

Depending upon whether you commence in February or July, you will spend all of just part of year 3 off shore. For most students, you will commence your overseas study half way through year three (August – October depending upon where you go to study).

In the first half of year three you will complete additional major studies at QUT, complete other units required for your international study option and undertake a special core unit Bridging Cultures – International. This unit of study is designed to help you prepare for your year offshore, and help you develop ways in which you can best assimilate and evaluate the overseas experience. Assessment will include undertaking intercultural evaluations at different points both before and after your offshore experience to allow you to see how you have changed over that time.

The second half of year three will be spent undertaking studies at your host institution. Depending on your choice of international study option, these subjects may be set (second degree) or completely elective (free exchange option).

### Year 4

In year 4 you will complete your offshore studies. This will include the final component of the intercultural assessment at the conclusion of which you will be provided with feedback on the extent to which you have developed in terms of your intercultural awareness and thinking. You then return to QUT to complete the final component of your QUT degree

The final semester at QUT will include the capstone unit in your chosen major which is designed to integrate your previous knowledge and skill development in that discipline and allow you to apply that to a real situation.

### Special Conditions

The unique nature of the Bachelor of Business – International which requires you to spend a year studying in another cultural living and learning environment means that you need to be prepared differently, and we need to ensure that you are performing academically well enough to handle the different environment. The following are special conditions relevant to this degree.

### Academic Performance

Consistent with the exchange policy in place at QUT, you will not be able to complete the international study year if you have not maintained a GPA of at least 4.5 on the QUT 7 point scale. This rule is in place to protect both you and the QUT reputation. Many of our partners are among the best business schools internationally where you will face a challenging learning environment. The higher GPA requirement is in place as a guide to increase our confidence that you will be able to meet the study challenges and to represent QUT well at the partner institutions.

### International Study Preferences

QUT has in place agreements with the major partner schools involved in the Bachelor of Business – International to set aside study places for our students, however these can not be unlimited. Consequently we can not guarantee that every student will be assigned to their first study preference. You will be able to let us know of your preferred destination when you commence your degree, and will submit a final set of preferences one year prior to commencing the offshore study program. International study options will then be determined based on the number of places on offer at the partner institution, the number of applications at

QUT, and, if necessary, academic performance. Where possible QUT will try to ensure that every student gets their preferred study destination, but this can not be guaranteed. However every student who has the required GPA will be able to undertake on overseas study experience.

### Designated Unit

The unit AMB390 Bridging Cultures – International is the main unit of study used to both teach and assess intercultural aspects of the degree, and is the unit in which we will carry out assurance of learning on this dimension of your study program. It has been defined as a designated unit and must be passed in order for you to complete the degree program.

### Study Plans

The combination of multiple major areas of study at QUT with many international study option choices means that each student is likely to have a unique study plan. You will be provided with a study plan based on your expressed preference in the first semester of your degree. It will be necessary for you to complete your studies according to that plan as any variation may mean you will not be able to undertake your preferred international study option. This is particularly the case if you wish to undertake the second degree option where you will need to complete certain pre-requisite subjects necessary to meet the requirements of the degree program at your host institution.

### Domestic Course structure

The units that you will study in the Bachelor of Business – International will depend upon the combination of major(s) that you have chosen at QUT and the international study year option that you will undertake.

If you choose the Flexible Exchange Studies/Certificate Program/Language and Cultural Immersion as your overseas option, you can enrol and follow the units listed in the course structures below relevant to your QUT major study area.

If you select the Second Degree as your overseas option, you will require a personalised study plan from the [QUT Business School Student Service Centre](#) in your first year of study. You can follow the 1st and 2nd semesters of study as indicated only. Depending on your overseas destination, some of your study units are pre-determined so your study plan will be individually designed for

you. If you do not seek study plan advice after commencement in the program you may risk ineligibility for this overseas option.

All students will be requested to indicate a preference for international study year within the first year of your degree.

It will be necessary for you to complete your studies according to that plan as any variation may mean you will not be able to undertake your preferred international study option. This is particularly the case if you wish to undertake the second degree option where you will need to complete certain prerequisite subjects necessary to meet the requirements of the degree program at your host institution.

If you are unable to meet any of the eligibility requirements for the international study year, or your personal circumstances change which prevent you from undertaking the year overseas, you may be eligible to transfer to the Bachelor of Business (BS05) three-year program. All eligible studies completed in the Bachelor of Business – International (BS08) program may be transferred to the three-year program.

## International Course structure

The units that you will study in the Bachelor of Business – International will depend upon the combination of major(s) you have chosen at QUT and the international study year option that you will undertake. Because of the large number of combinations it will be necessary to draw up an individual study plan for every student. This plan will be created at the beginning of your course during the orientation period.

To allow you to enrol in the first semester of your degree, the indicative first semester study plans are shown below.

For more information on the units of study you will undertake in your chosen major please go to the page associated with that major.

### Your Degree at a Glance

#### Year 1

This year is designed to give you an introduction to the core knowledge sets in business and to start you on your program of study in your chosen discipline area. In your first year you will study a mix of core units and the introductory units in your major of choice. If you are uncertain about which major you would like to study then you can choose primarily first year core units to get a taste of a variety of business disciplines.

#### Year 2

Year two is the important year in the Bachelor of Business – International. It is the year in which you will choose your preferred international study option and destination, and you begin to make subject choices that can lead to this option. In this year you complete your exchange application and will final decisions will be made on where you will go. Your final destination will depend upon your meeting certain conditions (see special conditions).

In year two you will continue to study business core units but you will also increase the level of study in your chosen major. If you are interested in undertaking a second degree as your international study option then you will be required to study some subjects which will be required to meet the conditions of the institution who will be hosting your second degree.

#### Year 3

Depending upon whether you commence in February or July, you will spend all of just part of year 3 off shore. For most students, you will commence your overseas study half way through year three (August – October depending upon where you go to study).

In the first half of year three you will complete additional major studies at QUT, complete other units required for your international study option and undertake a special core unit Bridging Cultures – International. This unit of study is designed to help you prepare for your year offshore, and help you develop ways in which you can best assimilate and evaluate the overseas experience. Assessment will include undertaking intercultural evaluations at different points both before and after your offshore experience to allow you to see how you have changed over that time.

The second half of year three will be spent undertaking studies at your host institution. Depending on your choice of international study option, these subjects may be set (second degree) or completely elective (free exchange option).

## Year 4

In year 4 you will complete your offshore studies. This will include the final component of the intercultural assessment at the conclusion of which you will be provided with feedback on the extent to which you have developed in terms of your intercultural awareness and thinking. You then return to QUT to complete the final component of your QUT degree

The final semester at QUT will include the capstone unit in your chosen major which is designed to integrate your previous knowledge and skill development in that discipline and allow you to apply that to a real situation.

## Special Conditions

The unique nature of the Bachelor of Business – International which requires you to spend a year studying in another cultural living and learning environment means that you need to be prepared differently, and we need to ensure that you are performing academically well enough to handle the different environment. The following are special conditions relevant to this degree:

**Academic Performance.** Consistent with the exchange policy in place at QUT, you will not be able to complete the

international study year if you have not maintained a GPA of at least 4.5 on the QUT 7 point scale. This rule is in place to protect both you and the QUT reputation. Many of our partners are among the best business schools internationally where you will face a challenging learning environment. The higher GPA requirement is in place as a guide to increase our confidence that you will be able to meet the study challenges and to represent QUT well at the partner institutions.

## International Study Preferences

QUT has agreements with the major partner schools involved in the Bachelor of Business – International to set aside study places for our students, however these places are limited. Consequently we cannot guarantee that every student will be assigned to their first study preference. You will be able to let us know of your preferred destination when you commence your degree, and will submit a final set of preferences one year prior to commencing the offshore study program. International study options will then be determined based on the number of places on offer at the partner institution, the number of applications at QUT, and, if necessary, academic performance. Where possible QUT will try to ensure that every student gets their preferred study destination, but this cannot be guaranteed. However every student who has the required GPA will be able to undertake an overseas study experience.

**Designated Unit.** The unit AMB390 Bridging Cultures – International is the main unit of study used to both teach and assess intercultural aspects of the degree, and is the unit in which we will carry out assurance of learning on this dimension of your study program. It has been defined as a designated unit and must be passed in order for you to complete the degree program.

**Study Plans.** The combination of multiple major areas of study at QUT with many international study option choices means that each student is likely to have a unique study plan. You will be provided with a study plan based on your expressed preference in the first semester of your degree. It will be necessary for you to complete your studies according to that plan as any variation may mean you will not be able to undertake your preferred international study option. This is particularly the case if you wish to undertake the second degree option where you will need to

complete certain pre-requisite subjects necessary to meet the requirements of the degree program at your host institution.

If you are unable to meet any of the eligibility requirements for the International Study Year, or your personal circumstances change which prevent you from undertaking the year overseas, you may be eligible to transfer to the Bachelor of Business (BS05) three year program. All eligible Studies completed in the Bachelor of Business – International (BS08) program may be transferred to the three year program.

## Course Overview

This double degree will give you a broad base of commercial knowledge in business and information technology. Business is highly dependent on information technology infrastructure, so having the expertise in both makes you more attractive to employers looking for multidisciplinary staff.

Businesses look for staff who can communicate well from both the business and information technology disciplines, so having the skills and knowledge across both gives you a competitive edge over other graduates. You will have the opportunity to complement your information technology studies in either information systems or computer science with a business major in accountancy, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

## Career Outcomes

This double degree will give you the particular skills to acquire a role requiring knowledge in both business and information technology. These include business and systems analyst, systems manager, product manager for an information technology product, team leader for multidisciplinary staff, pre-sales consulting, after-sales support, technical manager or consultant. Future career prospects include chief financial officer, chief information officer and chief technical officer.

## Study Areas

IX22 has nominated majors in Information Systems and Computer Science in the Information Technology component of the degree. There will now be a Study Area A shown on a graduate's parchment.

## Professional Recognition

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership to a number of professional bodies. Further information is available from the discipline schools.

This course is accredited by the Australian Computer Society (ACS). ACS accreditation is internationally recognised by the Seoul Accord.

## Overview

Your business degree will give you a broad base of commercial knowledge as well as the opportunity to major in a specific business area. This understanding of business makes you more attractive to employers, even if you wish to work predominantly in a science-based career.

## Aim

Through the combination of science and business, you will equip yourself for an exciting career at the cutting edge of scientific innovation within a range of public, private and non-profit industries.

## Career outcomes

By combining your science studies with business you will develop the entrepreneurial skills necessary to sell

your abilities to a range of employers. As well as the range of science-based careers available such as a scientific modeller, engineering software developer, scientific programmer, and computational scientist you could expect to gain employment as a consultant, marketer, or project manager within firms developing and taking scientific research to the marketplace.

## Professional membership

Both degrees allow you to satisfy the requirements of membership of the relevant professional body for your chosen majors.

## Non-standard attendance

Field work is a requirement of some areas of science.

## Domestic Course structure

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor Science program and 192 credit points from the Bachelor of Business program.

Business component:

- eight Business School core units (96 credit points) \*
- eight major core units (96 credit points)

\*Accounting major students complete six business core units and 10 accountancy major units to allow them to complete professional requirements.

## International Course structure

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor Science program and 192 credit points from the Bachelor of Business program.

Business component:

- eight Business School Core units (96 credit points) \*
- eight Major Core units (96 credit points)

## Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English
- Maths B

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also requires 4 SA in Maths A, B or C.

## International Subject prerequisites

- Maths B

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, Finance, Economics and Marketing majors also requires 4 SA in Maths A, B or C.

## Minimum English requirements

Students must meet the English proficiency requirements.

### IELTS (International English Language Testing System)

Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

## Career Outcomes

Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, finance, economics, human resource management, international business, management, marketing and public relations.

## Overview

Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one of accountancy, advertising, economics, finance, human resource management, international business, management,

marketing or public relations.

## Professional Recognition

This degree meets the requirements for membership of Engineers Australia.

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the [Bachelor of Business \(BS05\)](#).

## Special Course Requirements

A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment as part of the Work Integrated Learning unit, before graduating.

## International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

## Course Design

Students are required to complete 480 credit points comprised of 288 credit points from the Bachelor of Engineering program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 96 credit point Business School Core units in the Bachelor of Business program together with a 96 credit point Major in one of the following: Accountancy, Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing or Public Relations.

## Important Information

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on [Student Services](#) website.

## Domestic Course structure

Students are required to complete 480 credit points comprised of 288 credit points from the Bachelor of Engineering program and 192 credit points from the Bachelor of Business program.

The business component consists of the 96 credit point Business School core units

# Bachelor of Business/Bachelor of Engineering (Civil, Electrical or Mechanical)

(eight units) together with a 96 credit point major (eight units) in one of the following:

- Accountancy\*
- Advertising
- Economics
- Finance
- Human resource management
- International business
- Management
- Marketing
- Public relations.

\*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

## Sample Structure Course Updates

A number of changes have been made to Science and Engineering Faculty courses. From 2015, units in the Engineering component of IX28 will progressively be recoded, renamed or discontinued (for students who commenced the course prior to 2015). To see how these changes affect you, please consult Engineering unit replacement table below in conjunction with the course structure. Affected Study Plans are being amended to reflect the changes. Please contact the Faculty if you have any concerns.

### Course Updates

A number of changes have been made to Science and Engineering Faculty courses. From 2015, units in the Engineering component of IX28 will progressively be recoded, renamed or discontinued (for students who commenced the course prior to 2015). To see how these changes affect you, please consult Engineering unit replacement table below in conjunction with the course structure. Affected Study Plans are being amended to reflect the changes. Please contact the Faculty if you have any concerns.

## Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English
- Maths B

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

## International Subject prerequisites

- Maths B

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

## Minimum English requirements

Students must meet the English proficiency requirements.

## Overview

Your Business studies will combine the broad knowledge of business practice and in depth studies in at least one business discipline area in the Bachelor of Business with the advanced quantitative skills and problem solving abilities that you will develop with the Bachelor of Mathematics.

You will develop the ability to apply mathematics, statistics, computational methods and decision science to real world problems. You will also gain understanding of the broad principles of Business at the same time as developing the skills and discipline knowledge necessary to enter the business career of your choice.

## Career Outcomes

Combining business and mathematics offers diverse and sustainable career opportunities.

Business graduates are equipped to undertake sophisticated economic and

financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Business graduates may find employment as Accountants, Advertising Professionals, Banking and Finance Consultants, Economists, Human Resource Managers, International Business Specialists, Managers, Marketing Officers, Public Relations Officers.

Mathematics graduates are employed across a wide range of areas. These include, but are not limited to, finance, investment, data analytics, defence and national security, research, information technology, environmental science, health, management, marketing, logistics, media, and education. In addition to their knowledge and skills in mathematics, graduates are also highly valued for their analytical and problem-solving skills. Development of skills in communication, problem-solving, critical thinking and teamwork form an integral part of the course.

Favourable career outcomes for Bachelor of Mathematics graduates are likely due to the current demand for qualified statisticians and mathematicians.

## Professional Recognition

Both degrees allow you to satisfy the requirements of membership of the relevant professional body for your chosen majors.

## Financial Support

You should consider applying for an industry-sponsored mathematics bursary or a business scholarship to help you financially throughout your studies. For further information visit [Scholarships](#).

## Domestic Course structure

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Mathematics program and 192 credit points from the Bachelor of Business program.

### Business component:

- eight Business School core units (96 credit points) including MGB227

# Bachelor of Business/Bachelor of Mathematics

(see below)\*

- eight major core units (96 credit points)

\*Please note that BSB123 Data Analysis (one of the Business School core units) is not required as the content of MXB107 covers similar topics.

MGB227 Entrepreneurship replaces BSB123.

\*Accounting major students complete six business core units and 10 accountancy major units to allow them to complete professional requirements.

## Mathematics component:

- six core units (72 credit points), which are further divided into four mathematics core units (48 credit points), and two core option units (24 credit points) selected from an approved list
- 10 major core units (120 credit points)

### Mathematics core units

These units give you the grounding in mathematical theory and practice upon which your major units will build, and also provide an introductory taste of each of the three majors: applied and computational mathematics; decision science; and statistical science.

### Core option units

You may choose from a wide variety of introductory units from other disciplines offered at QUT, or you may choose additional mathematics units. The additional mathematics units include a unit specially designed to assist students without a background of successful study in Mathematics C at high school; an alternative unit aimed at high achieving students that explores some interesting and unusual aspects of mathematics in some detail; and a unit introducing the field of computational and simulation science which combines mathematics, science and computing to simulate real-world problems.

## Overview

The entrepreneurial nature of the Bachelor of Creative Industries makes this an ideal double degree with business. Some combinations may be particularly complementary in building related skill sets, for example film, television and screen with marketing; or creative and professional writing with public relations. Alternatively, you may be interested in pursuing a professional business career, such as accounting, finance or human resource management within a creative industries environment.

## Course Design

In order to complete this course, you must complete a total of 384 credit points comprising 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Creative Industries. You will undertake the two components of the double degree concurrently.

Business component:

You must complete the 96 credit point Business Core Units together with a 96 credit point Business Major. You will choose a major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will undertake 6 specified Business Core

units and 10 Accountancy Major Core units in order to meet the professional recognition requirements.

Creative Industries component:  
You will complete Creative Industries core units (96 credit points) and a Creative Industries major (96 credit points) from one of the following disciplines (Animation; Art and Design History; Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion Communication; Film, Television and Screen; Interactive and Visual Design; Journalism; Literary Studies; Media and Communication; and Music).

## Career Outcomes

Through the combination of creative industries with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration, marketing, managing or balancing the books for creative projects and businesses.

You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise in the performance, visual or production arts. Please refer to the Faculty of Business prospectus to find out more about the business majors.

## Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

## Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

## Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

## Important Notice

The last intake into the IX35 Fashion major was 2014. From 2015 this major is available as part of the single degree, DE42 Bachelor of Design (Honours) (Fashion). Continuing students should complete their IX35 Fashion studies by the end of 2017 as some units may be offered for a limited time for transition purposes. Please contact [ci@qut.edu.au](mailto:ci@qut.edu.au) if you have any concerns regarding completing your studies within this timeframe.

## Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Your business degree will give you a broad base of commercial knowledge. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a

fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

## Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Fashion) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Fashion discipline.

## Career Outcomes

Our graduates have had a significant impact on the emerging Brisbane fashion scene and have successfully launched their careers internationally. Many of our graduates are entrepreneurial, starting their own labels and small businesses.

They excel as independent designers and have collaborated with larger fashion houses such as Sportsgirl. Others work as fashion stylists, international trend forecasters and product development managers, living and working in cities all over the world. Pathways to further study, including honours and research degrees, lead to diverse outcomes such as fashion curatorship and sustainability studies.

## Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

## Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours) (Study Area A) or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

## Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

## Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

## Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also requires 4 SA in Maths A, B or C.

## Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

## Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

As with the creative industries as a whole, contemporary drama and performance are evolving to incorporate technology, cross disciplinary practice, experimentation and commercialisation.

Performance making is not limited to the theatre: performers express their ideas by creating their own works for festivals, site-specific and public events.

## Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Drama) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will

choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Drama discipline.

## Career Outcomes

As a multiskilled graduate you will seek to complement your artistic career with paid employment in related areas. Graduates work as event coordinators, festival organisers and administrators. Some establish companies with other graduates to create work for the independent theatre sector. Graduates have established successful careers as playwrights, artistic directors, directors, designers or performers working across a variety of genres including physical theatre or music.

## Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

## Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

## Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours) (Study Area A) or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

## Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

## Domestic Entry requirements Important information for 2014 applicants

### I have listed Fashion as a preference on my QTAC application

#### What happens next?

#### I have not registered with QUT.

If you have not registered for an audition and submitted the required additional entry documentation QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

#### I have registered with QUT and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

#### How do I find out my audition outcome?

#### I have not been shortlisted for an interview

If you have not been shortlisted for an interview QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

#### I have been shortlisted for an interview

Shortly after the 22nd of November 2013 QUT will update the preference information within your QTAC application to reflect your interview outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

#### What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently

held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in this course.

- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

#### What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

## Important Notice

The last intake into the IX35 Fashion major was 2014. From 2015 this major is available as part of the single degree, DE42 Bachelor of Design (Honours) (Fashion). Continuing students should complete their IX35 Fashion studies by the end of 2017 as some units may be offered for a limited time for transition purposes. Please contact [ci@qut.edu.au](mailto:ci@qut.edu.au) if you have any concerns regarding completing your studies within this timeframe.

## Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Your business degree will give you a broad base of commercial knowledge. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

## Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Visual and interactive design plays a pivotal role in the rapidly expanding fields of contemporary communication, marketing and new technology.

This course will provide you with the conceptual understandings, practical skills and working methods required to become a creative and innovative designer with specialist skills in designing for digital screens.

You will learn how to shape the expressive, aesthetic and communicative qualities of media technologies. You will apply design knowledge and skills to the process of creating compelling multiplatform experiences spanning physical and virtual worlds using web,

public display, and mobile technologies.

As the course progresses, you will develop the ability to lead projects through all stages of design from ideation and concept development to production and publication.

Your Fine Arts component comprises (192 credit points) from the Interactive and Visual Design discipline.

## Career Outcomes

This course will prepare you for a career as a designer in a range of creative industries. Graduates work in traditional design companies in areas such as graphic design, digital advertising and marketing, branding, print and television campaigns, web design and electronic publishing, interactive entertainment design, information design, interface design, usability, knowledge management, and information architecture.

They also gain employment in new industries. Games companies employ graduates to work on content production, interaction design, visual design and real-time and virtual environments modelling. Film and television production companies employ graduates to work on the design of multiplatform interactive entertainment. Multimedia design and interactive installation production is also a growth area in museums and other cultural institutions.

## Domestic Entry requirements Prerequisites

Successful portfolio and interview

### What happens next

#### How do I find out my interview outcome?

During the week preceding 17 November 2017, QUT will update the preference information within your QTAC application to reflect your audition outcome. You will be able to check this via [QTAC's Application Services](#). If you are unsure how to check your preference status there is a helpful video located on [QTAC's Check & change webpage](#).

#### What information will I see?

Within your Preferences tab you will see one of the following statuses:

- Based on the information currently held by QTAC you have satisfied the minimum entry requirements in order to be considered for a place in this course.
- Based on the information currently held by QTAC you have not satisfied the minimum entry requirements in order to be considered for a place in this course.

#### What does this mean?

If you have satisfied the minimum entry requirements for this course you will then be considered for a place in the course in the 17 November 2017 QTAC offer round. Depending on course place availability, further offers may be made in subsequent [QTAC offer rounds](#).

As more applicants will meet the minimum entry requirements than available course places, meeting the minimum entry requirements does not guarantee a QTAC offer will be made.

Successful applicants will only receive one offer from QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements, QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences. They can be added or amended via [QTAC's Application Services](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

## Intrafaculty degree transfer applications - Domestic students (I form)

Outcomes are released for applications lodged by 30 September 2017 (on-time) on 7 December 2017

Outcomes for additional entry courses will not be known until around late January

Outcomes will be emailed to students via their QUT student email from Admissions

## Change of major/second major/minor request applicants

Domestic students may apply at any time throughout the year. Outcomes for the change of major/second major/minor request form will be emailed to students from CI Faculty. If you are enrolled please refer to [key dates](#) for final dates to add and withdraw units

## Contacts

If you require further information, please contact the Creative Industries Faculty by:

Phone: (07) 3138 8114 / Email: [ci.@qut.edu.au](mailto:ci.@qut.edu.au)

## Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

This course will allow you to follow pathways into a career as a contemporary artist, art professional or art teacher. You will develop an individual art practice by working on projects in unique, open-media studios while also attending classes in modern and contemporary art history and theory. You will discover how to critically evaluate your work and the work of others through group and individual consultations.

## Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Visual Arts) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises 192 credit points from the Visual Arts discipline.

## Career Outcomes

This course will allow you to choose your career outcome. Many of our graduates become highly successful practising artists who are represented by commercial galleries and have strong careers in the commissioned and public funding sectors.

Graduates also pursue professional careers as curators or arts managers.

With specialist training in a related field, our graduates also take up positions as creative directors, visual designers and a range of other occupations in the creative industries sector. This course can be followed with a graduate-entry teacher education course, which enables you to become a qualified teacher.

## Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

## Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

## Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

## Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of

additional deferment may be granted.

Find out more on [deferment](#).

## Domestic Course structure Your course

## Overview

This professional course links journalism with business studies and is the choice of about one-third of commencing journalism students. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs, or political and social commentary.

## Course Design

In order to complete this course, you must complete a total of 384 credit points comprising 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Journalism. You will undertake the two components of the double degree concurrently.

### Business component:

You must complete the 96 credit point Business Core Units in the Business program together with a 96 credit point Major. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Accountancy students will undertake 6 Business Core units and 10 Major Core units in order to meet the professional recognition requirements.

### Journalism component:

You will complete 192 credit points of

Journalism discipline or specified units.

## Career Outcomes

Journalism graduates are prepared for careers in both print and broadcast journalism. Opportunities also exist to become press secretaries and media officers. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs or political and social commentary. Your journalism degree will be of benefit even if you choose to pursue a career in business, as you will graduate with highly developed writing skills. Public relations students will find this particularly relevant in tasks such as editing trade and specialist publications, speech writing or in corporate communication roles.

## Professional Recognition

Professional Recognition is specific to the individual majors completed in the Bachelor of Business. Further information is available at the discipline schools.

The Journalism degree is recognised by the Australian Journalists' Association (AJA) section of the Media Entertainment and Arts Alliance (MEAA).

## Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Journalism (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

## Professional recognition

The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC).

To pursue a career in a professional area of psychology, you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as a Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Business component: Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

## Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Behavioural Science (Psychology) program and 192

credit points from the Bachelor of Business.

The course structure for the Bachelor of Behavioural Science component of the double degree comprises the main APAC-accredited psychology core programme of 12 units as well as 4 psychology electives. The psychology core allows the student to complete a 3-year APAC-accredited psychology sequence across 4 years of study. On completion of the double degree program, a student then has the option to apply for entry to a Bachelor of Behavioural Science (Honours Psychology) or the Graduate Diploma in Behavioural Science (Psychology), in order to gain provisional registration as a psychologist.

The Business major can be selected from all majors offered within the BS05 Bachelor of Business. The Bachelor of Business component consists of eight core units\*; and an additional eight discipline specific units from within the chosen major, offered at Gardens Point. Students choosing the Management or Marketing majors may undertake units at the Caboolture campus.

\* Please note that the Business School Core Unit BSB123 Data Analysis is not required as the Psychology content covers similar topics. MGB223 Entrepreneurship and Innovation replaces this unit.

## Bachelor of Business (Honours) Year Option

Students can apply for Bachelor of Business (Honours) (BS63) once they have completed the double degree program. Please click on [BS63](#) for more details.

## Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

This course will be offered in 2014, however the course structure is being redeveloped and is subject to university approval.

For course updates please visit [www.qut.edu.au/coursechanges](http://www.qut.edu.au/coursechanges)

## Study Areas

IX58 will not have nominated majors and minors for the IT component and consequently there will not be a Study Area A shown on a graduate's parchment for the Bachelor of Information Technology. Instead, the IT component will have specialisations. The specialisation areas that will be available for students will include:

- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

The following Majors are available from the Business component: Accounting, Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing and Public Relations.

## Pathways to Further Studies

In 2001, an accelerated Honours program was introduced to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Business: For BS63 Bachelor of Business (Honours) please click [BS63](#) for details.

## Cooperative Education

The Science and Engineering Faculty's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you're learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the [Cooperative Education Program](#).

## Domestic Course structure

To graduate with a Bachelor of Engineering (Honours) in IX59, students are required to complete 288 credit points of course units, as outlined below:

- First year: Four (4) core units 48cp + two (2) discipline foundation units 24cp + two (2) option units 24cp (96 credit points)
- Major: One (1) block of eight (8) major units 96cp plus eight (8) honours-level units 96cp (192 credit points)

Honours units to consist of:

- Research methods 12cp
- Project 24cp
- 5 x advanced major units 60cp

To complete the Bachelor of Business students will complete 192 credit points of course units, as outlined below:

- eight Business School core units (96 credit points) \*
- eight major core units (96 credit points)

\*Accounting major students complete six business core units and 10 accountancy major units to allow them to complete professional requirements.

## International Course structure

## Overview

This course offers you a range of options in combining business knowledge with practical skills and a contextual understanding of media and communication.

The Bachelor of Media and Communication course analyses and seeks new applications for mass, niche and new media. Authentic learning opportunities such as industry placements and projects complement theoretical course content and give you the opportunity to apply your new knowledge.

QUT's Bachelor of Business develops transferable skills to help you succeed in your chosen career, think creatively and critically, communicate professionally, make ethical business decisions and work in a global context.

## Course Design

You are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Media and Communication program. You will undertake the two components of the double degree concurrently.

You will undertake 192 credit points of specialist units in media and communication. Your business degree

component comprises eight business core units, and eight business major units.

You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. You must complete 96 credit point Business School Core Units in the Business program together with a 96 credit point Major.

## Career Outcomes

Graduates use their skills for a variety of professional functions across all industry sectors. Many work in marketing communications, public relations or corporate communications. Others apply their broad media knowledge in the media function of advertising, either as sales executives for media outlets or as media planners and buyers for advertising agencies.

Careers exist in audience and market research, collating and analysing audience data to help media outlets better understand who their audiences are and how they are interacting with their product. Graduates also find employment in media policy development in the public sector and private enterprise. Pathways exist to prepare you for further study including honours.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration—marketing, managing or balancing the books for creative projects and businesses.

The combination of media and communication with advertising, marketing or public relations provides proven professional outcomes in media sales, media marketing and promotions, and in media planning/ buying for advertising agencies. You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise. Please refer to the QUT Business School prospectus to find out more about the business majors.

## Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the

# Bachelor of Business/Bachelor of Media and Communication

## Course structure information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program. You will study business and law units in your first four years and for the remainder of this course you will concentrate on law studies.

Under the Business component, students will complete 192 credit points (16 units) consisting of eight Business School Core Units and an eight unit major. As the content of BSB111 Business Law and Ethics overlaps with the Bachelor of Laws, it has been replaced by MGB223 Entrepreneurship and Innovation.

Students must choose a major from:

- Accountancy
- Advertising
- Economics
- Finance
- Human Resource Management
- International Business
- Management
- Marketing
- Public Relations

For professional recognition, the Accountancy structure differs from the normal structure. Accountancy students will complete seven Business School

Core Units and complete a nine unit major.

Under the Law component, students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336

Total credit points for core units: 240

Total credit points for elective units: 96

Honours Level Units

96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons):

LLH201 Legal Research,  
LLH206 Administrative Law,  
LLH302 Ethics and the Legal Profession,  
LLH305 Corporate Law,  
LLH401 Legal Research Capstone (24 cps) and  
two Advanced Electives in law.

## Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules.

Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

## Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

## Career Outcomes

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature

## Bachelor of Business/Bachelor of Laws (Honours)

which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations.

Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

### Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#).

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program. You will study business and law units in your first four years and for the remainder of this course you will concentrate on law studies.

Under the business component, students will complete 192 credit points (16 units) consisting of eight Business School core units and an eight-unit major. As the content of BSB111 Business Law and Ethics overlaps with the Bachelor of Laws, it has been replaced by MGB227 Entrepreneurship.

Students must choose a major from:

- accountancy
- advertising
- economics
- finance
- human resource management
- international business
- management
- marketing
- public relations.

For professional recognition, the

accountancy structure differs from the normal structure. Accountancy students will complete seven Business School core units and complete a nine-unit major.

Under the law component, students will complete 336 credit points of core units and a mixture of introductory, general and advanced electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a university-wide minor in place of four of the general electives. Successful completion of a minor will be recognised on the academic record and/or the Australian Higher Education Graduation Statement.

Total law credit points: 336

Total credit points for core units: 240

Total credit points for elective units: 96

Honours-level units

96 credit points of honours units listed below will be used to determine the honours levels of the LLB (Hons):

LLH201 Legal Research,  
LLH206 Administrative Law,  
LLH302 Ethics and the Legal Profession,  
LLH305 Corporate Law,  
LLH401 Legal Research Capstone (24 cps) and

2 x 12 cp Advanced Law Electives.

### International Course structure

### Sample Structure

The new Bachelor of Laws (Honours) is effective from semester 1, 2015. As a result of this new course, some of the unit codes have changed to LLBxxx. Your study plan will be updated to reflect these changes. For information regarding these changes, please refer to the QUT Real Law (LAW\_Real\_Law) Blackboard site under My Community on your blackboard homepage or contact [law\\_enquiries@qut.edu.au](mailto:law_enquiries@qut.edu.au) for further information.

Before enrolling in an option (elective) unit, you must ensure you have met any pre- or co-requisite requirements. You can check this by referring to the unit outlines on [QUT Virtual](#).

## Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points) as per the programs of study described under the individual majors.

Unit requisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should check requisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

Grades are awarded for each of the individual coursework units. The dissertation, which is currently given the weight of four units, is also graded. The degree is awarded at a certain level ranging from first class to third class Honours.

## Important course specific enrolment advice

The Business School will provide students with up to \$600 for approved research related expenses associated with the preparation of a thesis under the Business School's Postgraduate Research Student Support Scheme. Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

To obtain further information about the policies and procedures relating to this course, please refer to the [Business Postgraduate Guidelines](#).

Other useful information can be found on the [Student Services](#) website.

## Domestic Course structure

The course is designed for total immersion in academic study for a full-time year. Therefore undertaking the honours course part-time is generally discouraged. Not all schools permit mid-year entry. The structure of the course is such that the coursework units in the first semester logically precede the research thesis, which is largely completed in the second semester.

## Domestic Entry requirements

A completed bachelor or coursework masters degree that includes a major in the area of intended study or a qualification deemed equivalent. Students must have achieved a grade point average (GPA) of 5.5 or better on a 7-point scale in the relevant degree or other qualifications and experience which is considered by the Executive Dean, QUT Business School to qualify for admission.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The Business School does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the Business School website;
2. Contact the HDR Admissions Officer within the QUT Business School. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The information will be passed onto the nominated school or supervisor.

2. Contact the HDR Admissions Officer within the QUT Business School. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The information will be passed onto the nominated school or supervisor.

## International Entry requirements

### Academic entry requirement

A completed bachelor or coursework masters degree that includes a major in the area of intended study or a qualification deemed equivalent. Students must have achieved a grade point average (GPA) of 5.5 or better on a 7-point scale in the relevant degree or other qualifications and experience which is considered by the Executive Dean, QUT Business School to qualify for admission.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and

topic are well matched. The Business School does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the Business School website. The Research Coordinator within each school can also assist with this process.

## Domestic Course structure

The course is designed for total immersion in academic study for a full-time year. Therefore undertaking the honours course part-time is generally discouraged. Not all schools permit mid-year entry. The structure of the course is such that the coursework units in the first semester logically precede the research thesis, which is largely completed in the second semester.

Students must complete two prescribed units (24 credit points), two option units (24 credit points) and a dissertation (48 credit points).

## International Entry requirements

### Academic entry requirement

A completed bachelor or coursework masters degree that includes a major in the area of intended study or a qualification deemed equivalent. Students must have achieved a grade point average (GPA) of 5.5 or better on a 7-point scale in the relevant degree or other qualifications and experience which is considered by the Executive Dean, QUT Business School to qualify for admission.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and

topic are well matched. The Business School does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the Business School website.
2. Contact the HDR Admissions Officer within the QUT Business School. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The information will be passed onto the nominated school or supervisor.

## Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

## Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described under the individual majors.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should check prerequisite requirements and obtain approval from the Subject Area Coordinator prior to enrolment.

## Mid-year entry students

Mid-year entry students should contact the Honours Discipline Coordinator for enrolment advice and course progression details. Mid-year entry to any major

## Bachelor of Business (Honours) (Public Relations)

cannot be guaranteed and is subject to supervisor and unit availability.

### Further information

For further information on this course contact the Honours Discipline Coordinator Associate Professor Rebekah Russell-Bennett on 3138 2894 or [rebekah.bennett@qut.edu.au](mailto:rebekah.bennett@qut.edu.au)

The Honours Discipline Coordinator is responsible for the administration of the course, including admissions, scholarships and determining the result for the year as a whole. If you have any questions about the course or any comments, the Honours Discipline Coordinator should be your first point of contact.

### Important course specific enrolment advice

To obtain further information about the policies and procedures relating to this course, please refer to the [Business Postgraduate Guidelines](#).

Other useful information can be found on the [Student Services](#) website.

### Domestic Course structure

The course is designed for total immersion in academic study for a full-time year. Therefore undertaking the honours course part-time is generally discouraged. Not all schools permit mid-year entry. The structure of the course is such that the coursework units in the first semester logically precede the research thesis, which is largely completed in the second semester.

## Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English
- Maths B

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended Study: Chemistry, Maths C, Physics

## International Subject prerequisites

- Maths B

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended Study: Chemistry, Maths C, Physics

## Domestic Course structure

To graduate with a Bachelor of Engineering (Honours) in IX59, students are required to complete 288 credit points of course units, as outlined below:

- First year: Four (4) core units 48cp + two (2) discipline foundation units 24cp + two (2) option units 24cp (96 credit points)
- Major: One (1) block of eight (8) major units 96cp plus eight (8) honours-level units 96cp (192 credit points)

Honours units to consist of:

- Research methods 12cp
- Project 24cp
- 5 x advanced major units 60cp

To complete the Bachelor of Business students will complete 192 credit points of course units, as outlined below:

- eight Business School core units (96 credit points) \*
- eight major core units (96 credit points)

\*Accounting major students complete six business core units and 10 accountancy major units to allow them to complete professional requirements.

## Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also requires 4 SA in Maths A, B or C.

## Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

## Course structure information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program. You will study business and law units in your first four years and for the remainder of this course you will concentrate on law studies.

Under the Business component, students will complete 192 credit points (16 units) consisting of eight Business School Core Units and an eight unit major. As the content of BSB111 Business Law and Ethics overlaps with the Bachelor of Laws, it has been replaced by MGB223 Entrepreneurship and Innovation.

Students must choose a major from:

- Accountancy
- Advertising
- Economics
- Finance
- Human Resource Management
- International Business
- Management
- Marketing
- Public Relations

For professional recognition, the Accountancy structure differs from the normal structure. Accountancy students will complete seven Business School

Core Units and complete a nine unit major.

Under the Law component, students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336

Total credit points for core units: 240

Total credit points for elective units: 96

Honours Level Units

96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons):

LLH201 Legal Research,  
LLH206 Administrative Law,  
LLH302 Ethics and the Legal Profession,  
LLH305 Corporate Law,  
LLH401 Legal Research Capstone (24 cps) and  
two Advanced Electives in law.

## Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules.

Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

## Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

## Career Outcomes

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature

## Bachelor of Business/Bachelor of Laws (Honours)

which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations.

Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

### Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#).

Other useful information can be found on the [Student Services](#) website.

### Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

## Overview

The specialisations you can choose in the Graduate Certificate in Business offer a targeted group of units to broaden your knowledge in your selected business discipline.

The Graduate Certificate in Business is an excellent re-introduction to tertiary learning and an opportunity to update skills or, as one-quarter of the Master of Business program, a pathway to higher level study.

## Course Design

The Graduate Certificate in Business is effectively one-quarter of the Master of Business program. Graduate Certificate in Business (Accounting/insert major here) students will undertake 48 specified credit points (4 units) in their chosen discipline. This course can be undertaken either full-time (1 Semester) or part-time (2 Semesters).

## Entry Requirements

Applicants for the Forensic Accounting Major must have a completed recognised undergraduate degree in accounting. Students without an accounting undergraduate degree may be able to enrol in the Professional Accounting major.

## Special Entry

Special entry without an undergraduate degree is not available for students

undertaking the Forensic Accounting major.

## Articulation

With approval of the relevant Discipline Coordinator in conjunction with approval from the Course Coordinator, students may articulate from the Graduate Certificate in Business to a related Master of Business course, depending on the major undertaken. ## Course Design

The Graduate Certificate in Business is effectively one-quarter of the Master of Business program. The Graduate Certificate in Business (Interdisciplinary) is open to students who wish to construct their own program of study necessary to meet personal or professional needs. Students are required to complete 4 units (48 credit points). The course can be undertaken either full-time (1 semester) or part-time (2 semesters).

There are no recommended units for the Graduate Certificate in Business (Interdisciplinary), however, students must choose postgraduate units offered by the Business School of Business, excluding the MBA program and external units prefixed "AMN". Requests to undertake units from other Faculties will be assessed on a case by case basis, although to award the Graduate Certificate in "Business" it would be expected that at least three of the four units be taken from business studies.

## Articulation

As students undertaking the Graduate Certificate in Business (Interdisciplinary) may select a combination of units that may not all relate to one discipline, it is

not possible to recommend an articulation pathway.

## Course design

Students must complete two MBA foundation core units, and select a further 36 credit points from the MBA core units. Please note that there are pre-requisite requirements for one of the core units.

This course is designed to prepare students for transition to the MBA program. However the Graduate Certificate structure, as a stand alone qualification, is designed to update skills and acquire in-depth knowledge in the core discipline areas of business.

## Advanced standing

Advanced standing may be granted only if the course units for which the advanced standing is being sought have been completed in the last five years from an accredited business school or university (eg AACSB, EQUIS, AMBA). Advanced standing may also be granted at the discretion of the Graduate Studies Director under the following criteria:

1. The business school or university is highly ranked by an international publication or agency
2. There is a pre-existing exchange/cross-institutional agreement
3. The applicant is considered to be in the top third of his/her class cohort or has a GPA of 5.75 or more on a 7-point scale.

## English language requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at:

### Domestic Course structure Program content

The public sector management program is designed in collaboration with the governments of Australia to meet the needs of the contemporary public sector. It consists of four core units.

#### Unit One: GSZ631 Managing within the Context of Government

GSZ631 provides the 'big picture' of government and the context within which public sector managers operate. It develops an understanding of the institutional frameworks and conventions which guide practice and ensure sustainable democratic processes.

#### Unit Two: GSZ632 Managing Self and Others

GSZ632 provides insights into key individual and group behaviours, and offers skills for communicating and managing people and teams.

#### Unit Three: GSZ633 Managing Outwards in a Networked Government

GSZ633 explores the variety of relationships that managers need to build across the public sector and outside it - with the private sector, with community and not-for-profit sector and with citizens and clients of government services.

#### Unit Four: GSZ634 Managing Operations for Outcomes

GSZ634 builds on the overall operational capabilities of managers and provides them with highly effective and appropriate tools, processes and diagnostic capabilities to deliver and sustain the business of government. This unit also includes a workplace project.

Course coordinators are located across Australia with administrative support staff in Brisbane and Canberra.

## Domestic Entry requirements

### Academic entry requirement

A completed recognised Bachelor Degree or Masters Degree (Coursework) (or qualifications deemed equivalent) with a minimum Grade Point Average (GPA) score of 5.5 or better (on QUT's 7 point scale). This qualification must include a major in the area of intended study.

### Application Guide

Applicants are required to nominate a supervisor and topic when submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The faculty does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as described on the [QUT Business School](#) website. The Research Coordinator within each school can also assist with this process.

This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The HDR Admissions Officer may ask for further information to assist with your enquiry. The information will be passed onto the nominated school or supervisor.

### Course Availability

Mid-year Entry:

Students should contact the Research Discipline Coordinator for enrolment advice and course progression details. Philanthropy and Nonprofit Studies is not available for mid-year entry due to unit availability. Mid-year entry to any major cannot be guaranteed and is subject to supervisor and unit availability.

Part-time Study:

Students should contact the Research Discipline Coordinator for enrolment advice and course progression details. Part time study in any major cannot be guaranteed and is subject to unit availability. Philanthropy and Nonprofit Studies is not available for part-time study due to unit availability.

### PhD Pathway for International Students

International students who may receive home sponsorship on the basis of a conditional PhD offer should contact the QUT Business School to discuss the possibility of a study offer that packages BS69 with the PhD prior to submitting a formal application. Conditions apply to such an offer. All other students should enrol initially in the BS69 to undertake the academic prerequisite training for potential entry to the PhD program.

### Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points) as per the programs of study described under the individual majors.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where elective units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT

Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

Grades are awarded for each of the individual coursework units. The thesis, which is currently given the weight of four units, is also graded.

### Important course specific enrolment advice

This course is a PhD qualifying course, and applicants are assessed as to their potential suitability for undertaking a PhD on the completion of BS69. Prior to enrolment in BS69, a supervisor and dissertation topic must be allocated. Contact with the supervisor prior to applying for entry is essential.

To obtain further information about the policies and procedures relating to this course, please refer to the [Business School Postgraduate Guidelines](#).

## Domestic Entry requirements

### Academic entry requirement

A completed recognised Bachelor Degree or Masters Degree (Coursework) (or qualifications deemed equivalent) with a minimum Grade Point Average (GPA) score of 5.5 or better (on QUT's 7 point scale). This qualification must include a major in the area of intended study.

### Application Guide

Applicants are required to nominate a supervisor and topic when submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The faculty does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as described on the [QUT Business School](#) website. The Research Coordinator within each school can also assist with this process.

This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The HDR Admissions Officer may ask for further information to assist with your enquiry. The information will be passed onto the nominated school or supervisor.

### Overview

The purpose of this course is to provide the basic research training for potential PhD candidates who do not possess the necessary research experience to gain entry into the PhD. It is offered as an alternative pathway, giving you the opportunity to pursue a research career.

### Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described under the individual majors.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should refer to the course structures for information on specific unit requirements.

### Course Availability

Mid-year entry:

Mid-year entry students should contact the Research Discipline Coordinator for enrolment advice and course progression details. Mid-year entry to any major cannot be guaranteed and is subject to supervisor and unit availability.

Part-time study:

Part-time students should contact the Research Discipline Coordinator for enrolment advice and course progression details. Part time study in any major cannot be guaranteed and is subject to unit availability.

### Important course specific enrolment advice

This course is a PhD qualifying course, and applicants are assessed as to their potential suitability for undertaking a PhD on the completion of BS69. Prior to enrolment in BS69, a supervisor and

dissertation topic must be allocated. Contact with the supervisor prior to applying for entry is essential.

To obtain further information about the policies and procedures relating to this course, please refer to the [Business Postgraduate Guidelines](#).

Other useful information can be found on the [Student Services](#) website.

### PhD Pathway for International Students

International students who may receive home sponsorship on the basis of a conditional PhD offer should contact the QUT Business School ([bus.research@qut.edu.au](mailto:bus.research@qut.edu.au)) to discuss the possibility of a study offer that packages BS69 with the PhD prior to submitting a formal application. Conditions apply to such an offer. All other students should enrol initially in the BS69 to undertake the academic prerequisite training for potential entry to the PhD program.

## Domestic Entry requirements

### Academic entry requirement

A completed recognised Bachelor Degree or Masters Degree (Coursework) (or qualifications deemed equivalent) with a minimum Grade Point Average (GPA) score of 5.5 or better (on QUT's 7 point scale). This qualification must include a major in the area of intended study.

### Application Guide

Applicants are required to nominate a supervisor and topic when submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The faculty does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as described on the [QUT Business School](#) website. The Research Coordinator within each school can also assist with this process.

This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The HDR Admissions Officer may ask for further information to assist with your enquiry. The information will be passed onto the nominated school or supervisor.

## Overview

The Graduate Diploma of Business (Professional Accounting) provides students with a solid core in accounting studies and ensures that graduates meet the academic requirements of the Australian professional accounting bodies. This program will be fully nested within the BS16 and BS17 programs and, consequently, requires that students achieve the learning outcomes designed for the Master of Business suite.

If you are looking to change your career direction or enhance your career options, accountancy is a dynamic profession that will provide you with a sustainable, challenging and diverse range of career paths. Professional accountants are in increasing demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners.

Discipline units focus on financial and

management accounting requirements, specialised applications in company accounting, audit and assurance, tax and company regulation. Core concepts and knowledge, problem-solving skills and critical and analytical thinking are developed throughout the entire course.

## Course Design

Due to professional recognition requirements students must follow the prescribed course structure. Any enquiries regarding course progression can be directed to the School of Accountancy.

## Professional Recognition

Graduates meet the academic component of requirements for membership of CPA Australia and Chartered Accountants Australia and New Zealand (CAANZ), and enrolment in their respective professional programs. Graduates are also eligible for exemptions in the qualifying program for membership of the Association of Chartered Certified Accountants and the Chartered Institute of Management Accountants (CIMA).

## External Study

The external version of this course is only available to domestic students.

### Course design

All majors within the BS16 course are available both full-time and part-time.

The Master of Business programs are available in 10 different disciplinary fields. Each discipline area within consists of 144 credit points of study comprising of core and option (elective) units.

The programs consist of two components, the Foundation Studies Component (Part A) and the Discipline component (Part B). The Foundation Studies component provides you with an introduction to your chosen discipline, along with other introductory business studies. Part B units provide discipline-based knowledge in your chosen major. Some majors give you choices to customise your study through option (elective) units or the inclusion of project work.

Further studies are available in most majors. This option gives students more flexibility to choose units of most interest to them and to diversify their knowledge in a complementary or alternative business area.

### Overview

If you are interested in advertising, promotions or communications, you should consider an Integrated Marketing Communication (IMC) major. Studies in IMC will provide you with a systematic and comprehensive understanding of the theory and research integration of marketing communication.

The course focuses on refinement of analytical skills and knowledge required for decision making in the areas of advertising, marketing and public relations. IMC focuses on the strategic integration of the functions of public relations, advertising, promotion, direct marketing, and personal selling to achieve brand equity and increase the effectiveness of promotional communications with target audiences.

You will be equipped to confront the fragmentation of mass markets, the explosion of new technologies that give consumers more control over the communication process, the emergence of global markets, and rapid changes in economic conditions within which organisations operate.

### Overview

Rules, regulations, government policy and the diversity of cultures and consumer needs and preferences all impact on how companies do business across borders.

International business skills are in high demand. These skills incorporate ethics, sensitivity and responsiveness to local cultures in new and diverse markets, while at the same time providing the planning, decision-making and strategic management these highly competitive operations need.

The international business environment is explored across a range of business disciplines, including accounting, finance, logistics, management and marketing.

The International Business program will

give you the expertise and skills to succeed in organisations both in Australia and around the world, including multinational enterprises, smaller firms operating across borders, government agencies and consulting firms that serve international companies.

The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate option (elective) units.

## Overview

The Master of Business (Professional Accounting) - Advanced is a two year full-time program, and like the Master of Business (Professional Accounting), is tailored to provide a formal accredited accounting qualification for graduates from non-accounting disciplines. The Advanced program offers the advantage of studying additional units in advanced topics.

If you are looking to change your career direction or enhance your career options, accountancy is a dynamic profession that will provide you with a sustainable, challenging and diverse range of career paths. Professional accountants are in increasing demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners.

Accounting is central to every business activity, and combining an accounting qualification with an existing degree in another discipline opens up a broad spectrum of career opportunities in Australia and overseas.

## Course design

Students are required to complete 192 credit points of units. Students should contact School of Accountancy for course progression advice.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

## International Entry requirements

A completed recognised Bachelor Degree (or higher) in any discipline with a grade point average of 4.0 (on QUT's 7 point scale).

## Minimum English requirements

Students must meet the English proficiency requirements.

### IELTS (International English Language Testing System)

Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

This major allows students who obtain IELTS 6.0 with no sub-band lower than 5.0 to undertake the Postgraduate Business Pathway program on the condition they undertake two Communication units as electives in the first semester of their Masters course.

## Overview

The strategic advertising major focuses on the management of the advertising function, including consumer behaviour, advertising management, creative strategy, media strategy, campaign planning and research. As a QUT advertising graduate, you could work as an advertising manager, planning and controlling the advertising for your employer and liaising with advertising agencies. You may work as an advertising planner or researcher, or within the media as a sales representative or copywriter.

The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate option (elective) units.

## Course design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved option (elective) units. Non-standardised course progression may result in unit selection difficulties. Students should contact the School of Advertising, Marketing and Public Relations for course progression advice.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

## Early Exit

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A) - this option is only available to students who commenced BS17 prior to 2015
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications.

## Overview

QUT's Executive MBA is designed to take experienced managers to new levels as highly skilled leaders.

The concept of 'knowing one's self' lies at the forefront of the program, facilitating the development of a deep understanding of personal goals and leadership traits.

In addition to self-realisation and leadership, the unique model for this Executive MBA program integrates fundamental units with more advanced elements that include organisational transformation, entrepreneurship, governance and corporate accountability. The program culminates in an international study tour to China, honing abilities to meet the demands of a quickly changing globalised society. During the tour, participants will learn the intricacies of negotiating and conducting business in a foreign land and applying commercial expertise in a vastly different culture.

Additionally, the program offers life coaches who will help individual cohort members establish clear goals for both their chosen career paths and personal lives.

With the Executive MBA's emphasis on corporate governance and leadership, cohort members will undertake a leadership practicum by shadowing a senior executive from industry, commerce or government. They will experience first-hand how leadership issues are handled in the real world at executive level.

## Course design

The Executive MBA is a prescribed program. Students are required to undertake 24 units of 6 credit points each.

# Executive Master of Business Administration (EMBA)

The intake for the EMBA is in January and the program runs for 23 months. Classes are scheduled once every four weeks over a Friday to Sunday weekend session, with 18-21 hours of classes per weekend session each month of the program; plus one intensive session (International Study Tour). The intensive block sessions allow students to schedule some dedicated time to study with minimal interference to their business commitments.

## Advanced standing

Advanced standing may be granted only if the course units for which the advanced standing is being sought have been completed in the last five years from an accredited business school or university (eg AACSB, EQUIS, AMBA).

Advanced standing may also be granted at the discretion of the Graduate Studies Director under the following criteria:

1. The business school or university is highly ranked by an international publication or agency
2. There is a pre-existing exchange/cross-institutional agreement
3. The applicant is considered to be in the top third of his/her class cohort or has a GPA of 5.75 or more on a 7-point scale.

## Further information

## Abbreviation

EMBA

## Domestic Course structure

The EMBA is structured into four components:

1. The Building Foundations component provides foundation business knowledge and skills along with the opportunity to engage in personal leadership development.
2. The Multi-Disciplinary Decision Making component provides you with a broad spectrum of knowledge and skills on business

- disciplines to equip you to make holistic and multi-disciplinary decisions in complex environments.
3. In the third component of the EMBA program you are able to choose a concentration from: International Leadership and Complex Program Leadership or Strategic Procurement
  4. The final component of the EMBA program is the completion of a Workplace Project.

## Delivery and timing

The Executive MBA program commences in Brisbane in January of each year. Classes are scheduled once every four weeks over a long weekend from Friday to Sunday with the inclusion of a two-week international study tour.

The Executive MBA commences in Canberra in February. The delivery will focus on an eight week cycle, with class sessions taking place every eight weeks supported by on-line learning and facilitation for the remainder of the cycle.

These intensive sessions allow participants to schedule dedicated time to study with minimal interference to their business commitments.

## Domestic Entry requirements

### Academic entry requirements

A completed recognised bachelor degree in any discipline with a minimum grade point average (GPA) of 4.5 (on QUT's 7-point scale); *and*

A minimum 3 years full-time post degree work experience with minimum of 2 years relevant professional work experience and 1 year minimum supervisory/management experience; *and*

Submit two completed [referee report forms](#)

### Additional entry information

Applicants may be required to attend an interview with the MBA Director to demonstrate relevant work experience.

### Work experience

Relevant work experience indicates applicants will be able to contribute to class discussion. A minimum of three years full-time equivalent professional or managerial work experience is required after the completion of an undergraduate degree. To enable us to assess your work experience, a current curriculum vitae providing details of your roles, responsibilities and achievements is required.

### Referee reports

All applicants must obtain two referee reports on the [referee proforma](#). At least one referee report should be from your current employer. The referees may choose to send the recommendations directly to QUT (fax, email and postal addresses are provided on the proforma).

### Pathways

Applicants may be admitted to the [Graduate Certificate in Business Administration](#) with a minimum of 7 years work experience (6 years minimum equivalent professional work experience plus 1 year minimum supervisory/management experience). Upon completion of the [Graduate Certificate in Business Administration](#) with a GPA 4.5 (or higher) students can articulate into the Master of Business Administration.

## International Entry requirements

### Academic entry requirements

- A completed recognised bachelor degree in any discipline with a minimum grade point average (GPA) of 4.5 (on QUT's 7-point

scale); *and*

- A GMAT score of at least 550; *and*
- A minimum three years full-time equivalent relevant managerial or professional work experience post-degree; *and*
- Submit two completed [referee report forms](#)

### Additional entry information

You may be required to be available for an interview with the MBA Director to demonstrate relevant work experience.

## Minimum English requirements

Students must meet the English proficiency requirements.

### IELTS (International English Language Testing System)

Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

## Course design

Units and concentrations in the MBA have been revised and will be offered from 2013. The MBA program is now made up four components that build on each other to provide you with an integrated and multi disciplinary curriculum to equip you to take on the challenges and opportunities of a complex business environment. For this reason it is important students follow the guidelines in planning their study progression.

Students can also refer to the Course Checklists for enrolment information.

## Guidelines for Enrolment

Please refer to the Course Structure for the list of unit codes, titles and components of the course.

### Building Foundation Units:

Students commence their MBA with the Building Foundation units and specifically with GSN405 Strategic Management. Students can then choose the order of the remaining Building Foundations units, dependent on the teaching period they are offered in. Students should finish this component with GSN403 Data Analysis and Decision Making.

### Multi-Disciplinary Decision Making Units:

The next component is the Multi-Disciplinary Decision Making units which provide you with a broad spectrum of

business knowledge and skills to equip you to take on the challenges and opportunities of a complex business environment.

Students should complete GSN473 Corporate Governance and Accountability as the last unit in this component. GSN490 Managing Technological Innovation and GSN415 Leadership and Complexity are also best completed towards the end of this component.

Concentrations:

GSN464 Systems Thinking for Managers should be taken as soon after completing the Building Foundations component program so that you can develop an understanding of dealing with multi-dimensional problems in complex environments.

Entrepreneurship and Innovation Concentration: students should complete GSN430 New Venture Funding and GSN431 New Venture Growth and Transitions before enrolling in the Integrated Workplace Project capstone units.

Leadership and Strategy Concentration: students should complete GSN460 Advanced Strategy for Global Business before enrolling in the Integrated Workplace Project capstone units.

Discipline Specific Pathway: students can seek advice from the Graduate School of Business regarding their elective choices and recommended progression.

Integrated Workplace Project: GSN570 and GSN571 are the capstone units for the MBA and will be completed at the end of the course. They provide students the opportunity to apply all they have learned to a real world venture or organisational opportunity in a complex business environment.

If you have any questions regarding your enrolment please contact QUT Business School Student Services on 3138 2050, via email on [bus@qut.edu.au](mailto:bus@qut.edu.au) or at Level 1, B Block, Gardens Point campus

## Special entry

Exceptional career accomplishments may be considered in place of a Bachelor degree. Successful exceptional applicants may be admitted to the Graduate Certificate in Business Administration and may later articulate into the MBA program under existing articulation rules (i.e. achievement of a Grade Point Average (GPA) of 4.5 or greater).

## Advanced standing

Advanced standing may be granted only if the course units for which the advanced standing is being sought have been completed in the last five years from an accredited business school or university (e.g. AACSB, EQUIS, AMBA). Advanced standing may also be granted at the discretion of the MBA Director under the following criteria:

1. The business school or university is highly ranked by an international publication or agency
2. There is a pre-existing exchange/cross-institutional agreement
3. The applicant is considered to be in the top third of his/her class cohort or has a GPA of 5.75 or more on a 7-point scale.

## English language requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at:

<http://www.qut.edu.au/study/applying/english-language-requirements.jsp>

## Further information

If you have any further questions regarding this course please contact the QUT Business School Student Services Office on 3138 2050, via email on [bus@qut.edu.au](mailto:bus@qut.edu.au) or at Level 1, B Block, Gardens Point campus.

## Course design

The Master of Business (Research) is a three semester or 18 month program (full-time equivalent), usually involving one semester of coursework in research skills development, followed by a two semester research program culminating in the submission of a thesis of approximately 40-50,000 words.

For entry without an Honours degree, students would usually complete a semester of coursework (48 credit points) followed by a dissertation (96 credit points).

For entry with an Honours degree, and where no further coursework is prescribed at point of admission, students must complete a dissertation (96 credit points).

A grade point average of 5.0 within the prescribed coursework must be maintained in order for BS92 enrolment to continue. It is normal for coursework to be undertaken at or near commencement of study, unless the applicant has already completed more or less identical subjects previously. The subjects, completed at the Gardens Point campus, include training in qualitative and quantitative methods and in research methodology.

## Master of Business (Research)

Candidates are expected to have regular face-to-face contact with supervisors and participate in scholarly activities such as research seminars and colloquia. Teaching and publishing are also encouraged.

### International Course structure

#### Course design

The Master of Business (Research) typically involves one semester (six months) of coursework in research skill development followed by a 12-month research program which culminates in a thesis of approximately 50 000 words. Students can study within the following school areas:

- Accountancy
- Advertising
- Banking and Finance
- Economics
- Entrepreneurship and Innovation
- Human Resource Management
- International Business
- Management
- Marketing
- Philanthropy and Nonprofit Studies
- Public Relations.

### Duration

The minimum period of enrolment for a student without an Honours degree is 1.5 years full-time (one semester of coursework units and two semesters for a dissertation).

Students will require an extension to exceed the equivalent of 1.5 years full-time to complete the program. The maximum period of enrolment would be two years (full-time equivalent). If a student's candidature exceeds this time period, they may be required to pay fees. Extensions beyond two years full-time equivalent are not permitted.

## Overview

The Master of Business (Research) trains students in research methodology techniques and critical evaluation appropriate to their field of study through a specified program of research under academic supervision. Students can pursue advanced studies within their discipline. Students will develop their capacity to conduct rigorous independent research, as well as undertaking advanced coursework that integrates conceptual and practical issues within their discipline. In addition, you are trained in analysing both the literature and debate in the substantive areas of the thesis topic at an advanced level. It may also provide an entry point to a PhD program.

## Course design

The Master of Business (Research) is a three semester or 18 month program (full-time equivalent), usually involving one semester of coursework in research skills development, followed by a two semester research program culminating in the submission of a thesis of approximately 40-50,000 words.

### Entry requirements (domestic and international students)

If applicants have an Honours degree (at level 2B or better) it must be relevant to the chosen discipline for the Master of Business (Research); or if applicants are entering from a pass degree, their undergraduate degree must include a major in an approved area, plus a grade point average of 5.5 or more on a 7 point scale; or applicants can present a case based on evidence of qualifications that demonstrates the applicants capacity to pursue the course of study.

In addition to assessing qualifications, the Business School must also be satisfied that adequate supervision and resources are available to support the applicants proposed research.

Research Proposal - the application for admission to the Master of Business (Research) must include details of the proposed research project. The QUT Research Student Centre enrolls all research students. However any questions regarding enrolment can be directed to the Research Studies Office in the QUT Business School on 3138 1407 or [bus.research@qut.edu.au](mailto:bus.research@qut.edu.au)

## Domestic Entry requirements

### Academic entry requirements

You must have either:

- a completed recognised relevant [honours degree or equivalent](#); or
- a completed recognised masters degree or professional doctorate (by research or coursework)

Masters and professional doctorate degrees by coursework must have a significant research component, normally not less than 25%. Holders of masters and professional doctorate by coursework must:

- have a minimum grade point average (GPA) score of 5.0 on QUT's 7 point scale; *and*
- present evidence of research experience and potential for approval

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

For more information on eligibility, read the [admission criteria for the Doctor of Philosophy \(PDF, 98.5KB\)](#).

## Location and duration

The PhD normally requires a minimum of three years of full-time study or its part-time equivalent. Study is normally undertaken at the Gardens Point campus but the University may approve study at an off-campus location (multi-modal study). Although QUT offers this flexibility, there will still be minimum attendance requirements and the University must be satisfied that adequate supervision and resources are available at the external location.

In general, the Business School does not support external PhD enrolment.

## International Student Entry

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:
