

Building a High-Performing Team: The Eight Characteristics of Winning Teams

Learn the secrets of the All Blacks winning team formula and spark your team's high-performance potential.

The cornerstone to a high performing team is a strong group identity. Purposely built by great teams, winning identities aren't products of chance. This course takes the guesswork out of building successful teams.

Evolve with QUTeX

QUTeX is revolutionising professional development through leveraging the university's research and expertise to provide professionals with skills today to use tomorrow. Based on Dr Tim Baker's latest book, this course will teach participants how to apply practical, research-based tools and contemporary thinking to develop their team for high performance.

Core concepts

This workshop covers a range of topics, including:

- What business can learn from the world's greatest sporting teams;
- How to develop robust team relationships: the key to high-performance;
- The three key elements of team relationships;
- The team identity model; and
- Buffering, bridging, and building.

Who should participate?

This course is for team leaders and middle managers wanting to propel their team's performance.

Your expert facilitator Dr Tim Baker

Dr Tim Baker is a successful author, international consultant, and thought leader. Tim has written nine books and this program is based on his latest book: *The Eight Characteristics of a Winning Team: How to apply the winning formula of the All Blacks to your team*. He has worked with some of the largest multinationals and public sector agencies globally. In 2013, Tim was voted one of the 50 Most Talented Global Training & Development Leaders by the World HRD Congress. He is a longstanding Member of QUT Council.
