Camera surveillance operates on campus for community safety purposes and in accordance with the Information Privacy Act 2009 (Qld). Footage will be accessed by persons authorised to do so and may be provided to the Queensland Police Services for law enforcement purposes. Enquiries should be directed to the QUT Central Monitoring Station by calling 31385585.

Welcome to QUT Kelvin Grove campus

This campus is three kilometres north of the Brisbane CBD, a location that ensures QUT has strong links with business, industry and government. The Kelvin Grove campus takes in the Kelvin Grove Village, which gives the campus a bustling community feel, and provides access to a broad range of services and facilities.

Here at Kelvin Grove you'll find more than 18,000 students studying creative industries, design, performance, education, health and community.

Please respect our current students and workplace health and safety by not entering classrooms, labs, etc. when touring the campus.

Stop 1—F Block, Student Learning and Support Centre (SLSC)

Within this building you will find:

- 480-seat lecture theatre (Level 5)
- outdoor amphitheatre
- 24-hour computer lab (Level 5)
- 500-space carpark (Levels 1-4).

Stop 2—C Block, Community Building

The newly-refurbished community building provides a mix of retail, hospitality and support services for students. Within this building you will find:

- counselling, financial assistance, accommodation, language and learning support, careers and employment, international student services, equity and disability services
- a general store and post office—featuring a lolly shop
- The Grove campus bar
- QUT Student Guild—offering a number of services to students including the facilitation of QUT clubs and sporting teams, student advocacy and the hosting of social events
- QUT Bookshop
- a number of food and beverage outlets.

Stop 3—A and B Block

A Block has long been associated with teacher education and was home to the original Queensland Teachers' Training College which opened in 1914. The building now houses the Education Student Affairs Office.

B Block is where the majority of teaching for the Faculty of Education takes place with a number of rooms being set up to mimic real-world classrooms. Within B Block you'll also find the Oodgeroo Unit, the centre of QUT's activities in Aboriginal and Torres Strait Islander education, studies and research. The unit also provides support and an alternative entry program.

Stop 4—R Block, HiQ and Library

The HiQ Service Point is the first point of call for students needing enrolment, study or IT assistance and is open 7 days a week. With HiQ students can access many services they need through a mobile app or using interactive kiosks in R block. Student concierges will provide advice and help students use the tools. Specialist staff are on-hand for any complex enquiries.

The recently refurbished library is open from 7am to 10pm weekdays and provides access to:

- books, DVDs, eBooks and online journal articles
- study spaces, casual reading areas and meeting rooms
- free study skills workshops and one-on-one academic consultations for students
- printing services for scanning, binding, laminating and printing
- a 24-hour computing lab.

To get to the next stop: Take the stairs or lift down one level to Ring Road.

Stop 5—M Block and Kelvin Grove Busway Station

M Block was formerly home to QUT's music studios but has been converted into teaching spaces with the opening of the second stage of the Creative Industries Precinct (stop 14).

If you look up in the trees out the front of M Block, you may be able to spy a wood-carved cockatoo. This is just one of many Australian animals around campus carved by artist Matty G. Keep your eyes opened for 30 more creatures nestled on campus.

If you look down the stairs next to M Block you can see the Kelvin Grove Busway station, linking the campus to the CBD and suburbs via the Inner Northern Busway.

Stop 6—O Block

O Block is home to lecture theatres and classrooms for the Faculty of Health. It also houses a number of large kitchens that are used by nutrition and dietetics students where they cook and experiment with food.

O Block also features facilities that are used by our exercise and movement science and clinical exercise physiology students including the biomechanics, strength conditioning and motor control laboratories.

Stop 7—P Block, QUT International College (QUTIC)

The International College provides pathway programs for international students who want to go on and study a degree. Students can undertake English language programs to enable them to meet university entrance requirements or to help them find work in Australia.

Stop 8—N Block

N Block is home to the School of Nursing with teaching spaces and nursing labs set up like real hospital wards. It houses the Clinical Simulation Centre which is used primarily by nursing and paramedic students, giving them the chance to use

simulation equipment to practise their skills. Features include mock ambulances, anatomical manikins with light sensitive pupils and tolerance to injections, and the mass trauma site used to simulate a building collapse or explosion.

Stop 9—S Block and the new Education Precinct

S Block is home to the School of Curriculum (Education). It also houses a 24-hour computer lab and science laboratories for students learning to teach science in schools.

Looking directly across Ring Road from S Block you will see that construction has commenced on the new \$76.7 million Education Precinct, due to be completed in 2018.

Stop 10—Iglu Kelvin Grove

Iglu Kelvin Grove is a purpose-built student village offering fully-furnished, self-contained apartments. It's home to approximately 450 students. Amenities at Iglu include an on-site gym, café and study spaces. For more information about Iglu please visit www.iglu.com.au

Stop 11—Q Block, Institute of Health and Biomedical Innovation

The Institute of Health and Biomedical Innovation (IHBI) is a multidisciplinary health and biomedical research institute devoted to improving the health of individuals and communities. Some of the research themes explored at IHBI include:

- Chronic disease and ageing
- Health determinants and health systems
- Injury prevention and trauma management.

Stop 12—44 Musk Avenue and Kelvin Grove Village

44 Musk Avenue houses QUT Health Clinics, offering services to students, staff and the general public. Our health students deliver many of these services under the supervision of qualified professionals. More than 100,000 placement hours are completed by our students in this facility each year. Within this building you will find:

- optometry, exercise physiology, podiatry, nutrition and dietetics, psychology and counselling and family mediation services
- QUT Medical Centre.

The building also includes a gymnasium and 25m indoor heated pool as well as a sporting stadium used by exercise and movement science students.

Directly across from 44 Musk Avenue is the centre of Kelvin Grove Village. Within the village you'll find a Woolworths supermarket, bakery, butcher, pharmacy, bottle shop, travel agent, hair and beauty salon, dentist and a number of cafés and restaurants.

To get to the next stop: Take the glass lift near the corner of Musk Avenue and Carraway Street to Level 4. Turn right when exiting the lift making your way to the parade ground.

Stop 13—Creative Industries Precinct

The Creative Industries Precinct was Australia's first site dedicated to creative experimentation and commercial development in the creative industries. It brings together interactive performance, exhibition and production spaces, high-tech learning areas and research facilities.

Within this area of the precinct you will find:

- Z1 incorporating The Roundhouse Theatre—a 400-seat, in-the-round theatre and home of La Boite Theatre Company
- Z3 and Z5 Sheds—containing specialist equipment for fashion students including textile printing and drawing studios, sewing machines, a computer assisted design (CAD) lab and facilities for pattern making and dyeing.
- Z6, The Hub—for students studying journalism, film, TV and new media production, and media and communication. The building features editing suites, dressing rooms, a news room and a 200-square metre film and television studio.

To get to the next stop: Walk across Musk Avenue from the street front of Z6, The Hub to Z9 (stop 14).

Stop 14—Creative Industries Precinct

The \$80 million expansion of the Creative Industries Precinct opened in 2016 and features heritage-restored spaces and a six-storey building housing world-class dance, drama, music and visual arts studios. Some of the facilities housed within Z9 include:

- three large dance and movement studios
- two acoustically isolated 'box-in-box' recording studios
- sound-proofed rehearsal areas
- performance and presentation spaces.

Within the remainder of the buildings at this stop you will find:

- exhibition and gallery spaces
- a construction workshop outfitted with wood and metal working equipment for visual arts students
- an animation and digital studio featuring graphic tablets allowing students to hand-draw directly in the digital domain.
