

## QUT Profile

### About this document

This document is for education agents, partners and other stakeholders that need generic QUT information. It can be used to update the QUT profile on websites, in advertisements, brochures and other marketing materials profiling QUT.

Please contact your [QUT Regional Manager](#) to discuss your plans for promoting QUT.

QUT is a leading Australian university known for its real-world learning, strong industry connections, and global outlook. We prepare students to thrive in a rapidly changing world through courses that blend academic excellence with hands-on, practical experience.

Located in the heart of Brisbane, a vibrant, multicultural, and welcoming city, QUT offers an exceptional study environment with access to cutting-edge facilities, research opportunities, and future-focused courses. With more than 50,000 students, including more than 9,500 international students from 131 countries, QUT is a truly global community where innovation, collaboration, and creativity come together to shape the leaders of tomorrow.

QUT's undergraduate and postgraduate study options include:

- Architecture and built environment
- Business
- Communication
- Creative arts
- Design
- Engineering
- English language pathway programs
- Health
- Information technology and games
- Justice
- Law
- Mathematics and data science
- Project management
- Science
- Teaching and education

---

## What makes QUT the university for the real world?

### Real-world learning

At QUT, every course is designed to prepare you for the future of work. You'll gain the knowledge, practical experience, and confidence to succeed in your chosen career; whether in Australia or anywhere in the world. With hands-on projects, internships, and placements built in your studies, you'll graduate ready to make an impact from day one.

### Industry connections

QUT has strong partnerships with leading employers, innovators, and industry professionals. You'll learn from lecturers and researchers who are actively engaged in industry, ensuring that what you study is relevant, applied, and connected to real opportunities. Our students often work on real-world projects with companies and community organised during their studies.

### Innovation and entrepreneurship

Creativity and innovation are at the heart of QUT. You'll be encouraged to think big and challenge conventions through opportunities that foster entrepreneurship and design thinking. From collaborative workspaces to mentorship programs and startup support, QUT helps you turn ideas into real outcomes.

### Future-ready graduates

QUT graduates are adaptable, skilled, and confident problem-solvers equipped to thrive in fast-changing industries. Our courses are designed with flexibility and future needs in mind, empowering you to lead, create, and shape what's next.

### Sustainability and global responsibility

QUT is committed to a sustainable future. Through research, teaching, and partnerships, we're tackling global challenges and helping create positive change for our planet. Sustainability is embedded across our courses from engineering and architecture to business, fashion, and science.

## QUT College: Your pathway to success

Our **English language and academic pathway programs** are designed to set you up for success by building your confidence, capability, and readiness for university life. You'll benefit from small classes, individual attention, and teachers who are passionate about helping you achieve your study goals. Located at QUT's Kelvin Grove campus, the College supports both international and Australian students developing skills needing to succeed in undergraduate and postgraduate programs.

QUT College offers:

- English language programs, including General English and English for Academic Purposes (EAP).
- Academic pathway programs, such as Foundation and Diploma qualifications that provide entry into selected QUT degrees.

You'll enjoy the same vibrant campus life as all QUT students with access to clubs, events, and learning resources and join a community that celebrates diversity and inclusion.

---

## Research with impact

At QUT, our research tackles real-world challenges and delivers solutions that make a difference locally and globally. We bring together brilliant minds from across disciplines to create new knowledge, technologies, and innovations that shake a better future.

Recognised among the world's leading young universities, QUT's research is focused on outcomes that improve lives, drive economic growth, and address the complex needs of our changing world. Our strengths lie in areas such as robotics, data science, sustainability, health, justice, and the digital economy where collaboration between researchers, industry, and community partners is central to our success.

Our research centres include:

- Australian Research Council Centre of Excellence for the Digital Child
- Centre for Agriculture and the Bioeconomy
- Centre for Biomedical Technologies
- Centre for Data Science
- Centre for Future Enterprises
- Centre for Genomics and Personalised Health
- Centre for Healthcare Transformation
- Centre for Justice
- Centre for Materials Science
- Centre for Robotics
- Digital Media Research Centre
- Centre for Environment and Society

As a QUT research student, you'll join a community of innovators and changemakers. You'll have access to expert supervision, world-class facilities, and strong industry connections that empower you to turn ideas into impact.

QUT offers a range of research degrees, including:

- Doctor of Philosophy (PhD)
- Professional Doctorate
- Master of Philosophy (MPhil)
- Honours and Undergraduate Research

## A reputation you can count on

QUT is globally recognised for academic excellence, research impact and strong industry connections. Your QUT qualification will be highly regarded wherever your career takes you.

## Real-world opportunities at QUT

At QUT, you'll gain more than a degree and will graduate with the real-world experience, skills, and connections to launch your career anywhere in the world. Every course is designed with employability in mind, combining theory with hands-on learning, industry projects, and practical placements that prepare you for the future of work.

### Work-integrated learning and industry connections

QUT's strong partnerships with employers, innovators, and community organisations ensure you gain relevant, applied experience during your studies. You'll have opportunities to:

- Complete internships, industry and community projects, and professional placements.
- Participate in short-term or semester-long overseas study programs with partner institutions around the world.
- Build global connections and career confidence through initiatives like the Career Mentor Scheme and Work Integrated Learning (WIL).

### Beyond the classroom

Your QUT experience extends beyond lectures and tutorials. With over 150 clubs and societies,

---

you'll also have endless opportunities to connect with peers, join cultural and professional networks, and make lifelong friends in Brisbane's welcoming student community.

### Study in the heart of Brisbane

As Queensland's capital, Brisbane offers the perfect balance of city life and natural beauty. With a warm climate, a thriving arts and innovation scene, and easy public transport, it's an ideal place to live and study.

QUT's Gardens Point campus sits beside the Brisbane River in the city centre, close to government and business hubs – a prime location for industry engagement. The nearby Kelvin Grove campus is home to the QUT College, Creative Industries Precinct, Health Clinics, and Education Precinct, featuring modern learning spaces, sports facilities, and a lively village atmosphere.

Across both campuses, you'll enjoy world-class facilities. From the Cube, one of the world's largest interactive digital display systems, to libraries, fitness centres, cafes, and vibrant student spaces – all designed to make your QUT experience inspiring, connected, and real-world ready.

### Scholarships

Being selected as a QUT scholar is a privilege and a fantastic experience and can include opportunities that may enhance your career prospects.

- **International Merit Scholarship** covers 25% of tuition fees for the full duration of the program, provided the minimum academic standards are met. Selected faculties only.
- **International Talent Scholarship** covers 20% of tuition fees per semester, provided the ongoing conditions are met for the eligible course. Selected faculties only.
- **College Merit Scholarship** covers 25% of the first semester tuition fee for the foundation or diploma program. Selected countries only.
- **College English Language Concession** is a reduction of 25% from tuition fee of the English for Academic Purposes (EAP) and IELTS Advanced programs at QUT College. Selected countries only.

You will be automatically considered for scholarships when applying to study at QUT.
