

Welcome to Kelvin Grove campus

QUT acknowledges the Turrbal and Yugara, as the First Nations owners of the lands where QUT now stands. We pay respect to their Elders, lores, customs and creation spirits. We recognise that these lands have always been places of teaching, research and learning.

QUT acknowledges the important role Aboriginal and Torres Strait Islander people play within the QUT community.

This campus is three kilometres north of the Brisbane CBD, a location that ensures QUT has strong links with business, industry and government. The Kelvin Grove campus is part of the Kelvin Grove Village which gives the campus a bustling community feel and provides access to a broad range of services and facilities.

Here at Kelvin Grove you will find approximately 20,000 students studying arts, creative arts, communications, design, education, health and justice.

Please respect our current students and workplace health and safety, and do not enter classrooms, labs, etc. when touring the campus.

Stop 1—F Block

Here you will find:

- 480-seat lecture theatre (Level 5)
- outdoor amphitheatre which regularly hosts student events and performances
- 24-hour computer lab (Level 5)
- 500-space carpark (Levels 1–4).

Stop 2—C Block/community building

The community building provides a mix of retail and food outlets and support services for students. Within this building you will find:

- counselling, financial assistance, accommodation, language and learning support, and international student services
- The Grove campus bar
- QUT Guild offering services to students including the facilitation of QUT clubs and sporting teams, student advocacy and the hosting of social events
- QUT Supply providing a large range of study essentials, stationery and QUT merchandise
- a number of food and beverage outlets.

Stop 3—A Block and B Block

This courtyard area is home to regular market days and is a great place for students to unwind.

A Block is associated with teacher education and was home to the original Queensland Teachers' Training College, which opened in 1914.

B Block is where you'll find classrooms for education students where they practise their skills on campus before going out on prac.

LEGEND

| Taxi | Wireless Zone | Stairs | Emergency Phone | |
| Bicycle Parking | Food | HiQ | AED-Defibrillator | |
| QUT Supply | Lift | Parking | Wayfinding Sign | |

Stop 4—R Block (HiQ and library) and D Block

HiQ is the first point of call for students needing enrolment, study or IT assistance. Student concierges assist current and prospective students, with specialist staff on hand for any complex enquiries.

The library is open 24 hours a day during semester and provides access to:

- books, eBooks, online journals and databases
- study spaces, casual reading areas, meeting rooms, sensory spaces, assistive technology rooms and silent study areas
- free study skills workshops and one-on-one academic consultations for students
- printing services including scanning, binding and laminating
- a 24-hour computer lab.

D Block is home to the Oodgeroo Unit—QUT's Aboriginal and Torres Strait Islander student success centre. The Oodgeroo Unit is accessible 24 hours a day and includes tutoring rooms, computer labs and a kitchen.

Direction details: continue through R Block to E Block mezzanine.

Stop 5—E Block

QUT's Education Precinct contains five levels dedicated to world-class teaching. There are study pods, community spaces, bike parking and a garden atrium area.

A centrepiece of the precinct is the Sphere—a digital LED globe suspended over two floors with a changing menu of innovative visual content. With access to the technologies incorporated throughout the precinct, QUT education students will be equipped to thrive in a rapidly changing digital world and ready to incorporate technologies into their teaching.

Direction details: take the E Block stairs/lift down to Ring Road (Level 0).

Stop 6—S Block and Kelvin Grove Busway Station

If you look down the stairs next to S Block you can see the Kelvin Grove Busway station, linking the campus to the CBD and outer suburbs via the Inner Northern Busway.

Looking down Ring Road to the left you will find:

- **O Block**—home to lecture theatres and classrooms for the Faculty of Health. It houses large kitchens that are used by nutrition and dietetics students where they cook and experiment with food. It also features facilities used by both our clinical exercise physiology students and exercise and movement science students. These include the motor control, biomechanics, and strength and conditioning laboratories.
- **P Block**—home to QUT College, which provides programs for students who are looking for a pathway to university. Students can undertake diplomas and undergraduate certificates in a range of study areas, bridging programs and English language programs.
- **J Block**—our state-of-the-art sports complex includes a football field athletics track, seminar room and change room facilities.

- **N Block**—home to the School of Nursing with teaching spaces and nursing labs set up like real hospital wards. It houses the Clinical Simulation Centre which is used primarily by nursing and paramedic students, giving them the chance to use simulation equipment to practise their skills.

Direction details: head towards H Block, turning right down Ring Road.

Stop 7—H Block

H Block is home to a 120-seat wet lab where undergraduate students participate in lab activities for microbiology, immunology and basic molecular biology units. Biomedical science and medical laboratory science students start lessons in this laboratory from Week 1, Semester 1 and learn techniques using industry-standard equipment.

Direction details: continue down Ring Road to intersection with Victoria Park Road.

Stop 8—Iglu, Kelvin Grove

Iglu Kelvin Grove is a purpose-built student village offering fully furnished, self-contained apartments. Amenities at Iglu include an on-site gym, café and study spaces. Iglu is one of a number of student accommodation facilities close to campus. To learn more, visit qut.edu.au/accommodation

Direction details: continue down Blamey Street and cross at intersection at Musk Avenue.

Stop 9—Q Block

Q Block is home to a QUT research facility which houses Australia's most creative minds in health, science and biomedical engineering. This facility runs research programs in injury prevention and rehabilitation, tissue bio-regeneration, tropical crops and bio-commodities, and vision improvement.

Direction details: continue down Musk Avenue.

Stop 10—44 Musk Avenue and Kelvin Grove Village

44 Musk Avenue houses QUT Health Clinics which offer services to students, staff and the general public. Our health students deliver many of these services under the supervision of qualified professionals. More than 100,000 placement hours are completed by our students in this facility each year. Within this building you will find:

- optometry, exercise physiology, podiatry, nutrition and dietetics, psychology and counselling
- QUT Medical Centre.

In this building you will also find QUT Sport and Fitness Centre, with an indoor sports hall used by exercise and movement science students.

Directly across from 44 Musk Avenue is the centre of Kelvin Grove Village. Within the village you'll find a Woolworths supermarket and a variety of retail shops and eateries.

Direction details: take the glass lift near the corner of Musk Avenue and Carraway Street to Level 4. Turn right when exiting the lift and make your way towards building Z3.

Stop 11—Creative Industries Precinct

The Creative Industries Precinct is a purpose-built teaching and learning hub, giving students the opportunity to learn in some of Australia's most technically advanced facilities and award-winning creative spaces.

Within this area of the precinct you will find:

- **Z1 The Roundhouse Theatre**—a 400-seat, in-the-round theatre and home of La Boite Theatre Company
- **Z2 BMW Group + QUT Design Academy**—a design hub for advanced learning, cutting-edge research and R+D projects. Animation suites can also be found on level 2
- **Z3 The Block**—home to cutting edge filmmaking production and studio technologies
- **Z5 Sheds**—specialist equipment for fashion students including textile printing and drawing studios, sewing machines, a computer assisted design lab and facilities for pattern making
- **Z6 The Hub**—for students studying communication and film and screen. The building features editing suites, dressing rooms, a news room and a 200m² film and television studio.

Direction details: walk across Musk Avenue from the street front of Z6 The Hub to Z9 (stop 12).

Stop 12—Creative Industries Precinct

The second stage of the Creative Industries Precinct features heritage-restored spaces and a six-storey building housing world-class drama, music and visual arts studios. Some of the facilities housed within Z9 include:

- two acoustically isolated 'box-in-box' recording studios
- sound-proofed rehearsal areas
- performance and presentation spaces.

Within the remainder of the Creative Industries Precinct (Z10-13) you will find:

- a SoftLab and Digital Fabrication labs, state-of-the-art facilities such as 3D printers and laser foam cutters
- exhibition and gallery spaces
- a workshop outfitted with wood and metal-working equipment for
- contemporary art and design students.
