Your advantage

QUTeX Professional Advantage is an exclusive package designed to put you in charge of the professional development needs of your organisation.

- Create your own course investment plan and shape it to fit your work schedule and requirements.
- Course content is constantly evolving. QUTeX responds to market trends and needs to keep the program content fresh and relevant.
- Set your team up for leadership success with access to the **QUTeX Professional Program** and **Enterprise Leadership Program (ELP)**.
- A package option gives you a generous discount off the standard rate and offers flexibility of when and how you allocate your seats throughout the year across both programs.
- **Professional Programs** apply the latest research and address difficult and complex challenges facing leaders today.
- **Enterprise Leadership Program** modules develop your employee's knowledge and leadership skills across a number of core learning areas that are tailored to complex public and private sector environments.
