QUT Contractor Induction 

Complete Training

ASSESSMENT

To confirm your understanding of the topics covered in the QUT Facilities Management (FM) Induction training, you will now need to complete a short assessment.

Once you start the assessment you will not be able to return to the module without having to restart the assessment from the beginning. Therefore, if you would like to review any of the topics covered you should use the menu button to navigate to that particular topic.

The assessment contains 10 randomly selected questions based on what you have learned. To pass the assessment you will need to achieve a mark of 80%.
