Understanding How Blind and Low Vision User Experience Self-Driving Cars.

We are currently seeking 12 people who are blind or have low vision to participate in our on-road focus group taking place at QUT during June and July 2025. This study explores potential accessibility challenges that BLV users may face during a driverless vehicle trip, aiming to inform the inclusive design of future autonomous vehicles. (QUT ethics approval number: 9361).

We're looking for individuals who:

Are over 18 years old.

Are blind or have low vision.

Apply through this survey link: https://qsurvey.qut.edu.au/jfe/form/SV_bQjTvizV3aIUj9RA or scan QR code below.

Contact the team: ma67@qut.edu.au

Lead researcher: Zhengtao Ma (PhD Student)

Project end date: 9 September 2025
