HISTORY
QUT is a highly successful university with a strongly applied emphasis in courses and research. Established as a university in 1989, its predecessor institutions were among Queensland’s earliest tertiary education providers. Today, with a budget of $500 million pa, the university enrols 40,000 students in academic and professionally-oriented programs across a broad range of disciplines.

Based in Brisbane, QUT has four campuses: at Gardens Point and Kelvin Grove in the CBD, and at Carsseldine and Caboolture in the growth corridor north of the city. At Kelvin Grove, a modern urban village development is integrating the campus with the community. QUT’s Creative Industries Precinct and the new Institute of Health and Biomedical Innovation are part of the Kelvin Grove Urban Village, along with residential and retail development. Community teaching clinics and sporting facilities, and student accommodation are under construction in the village.

Courses are in high demand, and graduates have excellent job and career outcomes. QUT provides the largest number of bachelor degree graduates into full-time jobs in the nation.

Academic programs from bachelor degree to PhD are offered in: Built Environment and Engineering, Business, Creative Industries, Education, Health, Humanities and Human Services, Information Technology, Law, and Science. Twenty per cent of total enrolments are at postgraduate level, and 12 per cent of students come from overseas.

QUT is recognised nationally and internationally for the relevance of its teaching and research to industry, the professions and the broader community. Employers and professional bodies have a real influence on courses, which provide students with a unique balance of theory and practical skills. This has contributed to QUT’s very substantial reputation for the quality and relevance of its courses and for the use of the innovative technology in their delivery.

Over the past decade, QUT has greatly expanded its research and international profile. It leads three national Cooperative Research Centres (in construction innovation, engineering asset management and interactive design) and is a participant in eight others. It hosts the ARC Centre of Excellence in Cultural and Media Industries.

Four multi-disciplinary institutes aim to provide high impact solutions to some of the major economic, environmental and social challenges of our time. The Institute of Health and Biomedical Innovation draws researchers together to collaborate across health, science and biomedical engineering disciplines. The Information Security Institute builds solutions for government, business and the community by undertaking research in technology, legal, policy and governance issues related to information security. The Institute for Sustainable Resources develops and applies integrated solutions for the efficient and productive use of land, energy, water, infrastructure, assets and human resources in natural and built environments. The Institute for Creative Industries and Innovation is a research hub which investigates creative innovation, the innovation system and creative human capital. QUT is a member of the Australian Technology Network of universities, along with RMIT, UTS, UniSA and Curtin.

MISSION
QUT’s mission is to bring to the community the benefits of teaching, research, technology, and service. The University’s distinctiveness lies in the approaches it takes to realise this mission, which places a strong emphasis on practical engagement with the world of the professions, industry, government, and the broader community.

QUT is committed to the highest quality in teaching, learning, research, and a wide range of professional and community activities.

The University values:
- scholarship, learning, and achievement in all student and staff endeavours
- engagement with, and responsiveness to, its diverse internal and external communities
- social justice and equal opportunity in education and employment
- a safe, supportive, and healthy working environment which supports work/life balance
- honesty, integrity, and ethical behaviour and practices
- a spirit of experimentation, innovation, entrepreneurialism, and client service.

The top priorities for the University as set in the QUT Blueprint are to:
- build research capacity in selected areas
- strengthen QUT’s reputation for quality teaching and learning and provide one of the best learning environments in Australia
- strengthen the ‘real-world’ positioning in teaching and research through better partnerships across internal and external boundaries
- integrate information and communications technology into teaching, research, business/support functions, and infrastructure
- develop environments that foster and reward high-quality scholarship, and build a sense of community.

INFORMATION
In addition to the Handbook, the University produces a range of publications which the public can access. These include the Annual Report and the University’s Manual of Policy and Procedures (MOPP). These publications are available online via QUT’s web site at www.qut.edu.au or from the University’s libraries.

QUT is subject to the Queensland Freedom of Information Act 1992 which commenced on 19 November 1992.

ORGANISATIONAL STRUCTURE
In 2008 the QUT organisational structure consists of the Chancellery, eight Faculties, the Humanities Program (formerly QUT Carsseldine), QUT International College, four Institutes and five Divisions.

Faculties
Built Environment and Engineering
Business
Creative Industries
Education
Health
Information Technology
Law
Science
Institutes
Institute of Creative Industries and Innovation
Institute for Health and Biomedical Innovation
Institute for Sustainable Resources
Information Security Institute

Divisions
Administrative Services
Finance and Resource Planning
Technology, Information and Learning Support
International and Development
Research and Commercialisation
**PRINCIPAL DATES**

### PUBLIC HOLIDAYS 2008
- **1 January** New Year’s Day
- **28 January** Australia Day
- **21 March** Good Friday
- **22 March** Easter Saturday
- **24 March** Easter Monday
- **25 April** ANZAC Day
- **5 May** Labour Day
- **9 June** Queen’s Birthday
- **11 August** Caboolture Show*
- **13 August** RNA Show **
- **25 December** Christmas Day
- **26 December** Boxing Day

### SEMESTER 1, 2008
- **18–22 February** Week 0/Orientation
- **25–29 February** Week 1
- **3–7 March** Week 2
- **10–14 March** Week 3
- **17–21 March** Week 4
- **24–28 March** Vacation
- **31 March–4 April** Week 5
- **7–11 April** Week 6
- **14–18 April** Week 7
- **21–25 April** Week 8
- **28 April–2 May** Week 9
- **5–9 May** Week 10
- **12–16 May** Week 11
- **19–23 May** Week 12
- **26–30 May** Week 13
- **2 June** Classes in lieu of Labour Day holiday
- **3 June** Classes in lieu of Good Friday holiday
- **4 June** Classes in lieu of ANZAC Day holiday
- **2–6 June** Exam Preparation
- **7 June** Exams
- **10–14 June** Exams
- **16–21 June** Exams
- **23–24 June** Exams
- **25–27 June** Vacation
- **30 June–4 July** Vacation

### SEMESTER 2, 2008
- **14–18 July** Week 0/Orientation
- **21–25 July** Week 1
- **28 July–1 August** Week 2
- **4–8 August** Week 3
- **11–15 August** Week 4
- **18–22 August** Week 5
- **25–29 August** Week 6
- **1–5 September** Week 7
- **8–12 September** Week 8
- **15–19 September** Week 9
- **22–26 September** Week 10
- **29 September–3 October** Vacation
- **6–10 October** Week 11
- **13–17 October** Week 12
- **20–24 October** Week 13
- **27 October** Classes in lieu of RNA and Caboolture Show holidays
- **27–31 October** Exam Preparation
- **1 November** Exams
- **3–8 November** Exams
- **10–15 November** Exams

### SUMMER PROGRAM 2008/2009
- **17–21 November** Week 1
- **24–28 November** Week 2
- **1–5 December** Week 3
- **8–12 December** Week 4
- **15–19 December** Week 5
- **22–26 December** Week 6
- **29 December–2 Jan, 2009** Vacation
- **5–9 January** Week 7
- **12–16 January** Week 8
- **19–23 January** Week 9
- **26–30 January** Week 10
- **2–6 February** Week 11
- **9–13 February** Week 12/Exams
- **16–20 February** Exams/O Week, Sem 1, 2009
- **23 February** Semester 1, 2009 classes commences

* For students enrolled at Caboolture campus only.
** For students enrolled at Brisbane based campuses only.
COUNCIL

Composition, membership, powers and responsibilities of QUT Council are governed by the QUT Act 1998 (see MOPP Appendix 1). Procedures for regulating the University's committee system, including conduct of business by Council, are detailed in Council Procedure 1 — Committees (see MOPP Appendix 2).

QUT Council comprises senior members of the professions for which QUT prepares graduates; appointees from higher education, government, commerce and industry; elected staff, students and members of Alumni; and the University’s chief executive officer. Council is responsible for the good governance of the University.

Council is empowered to establish committees and to delegate power to committees or officers of the University. While Council is ultimately responsible for the management and operation of QUT, it has delegated authority to the chief executive officer, the Vice-Chancellor, and to various senior administrators of QUT for much of the day-to-day management of the University (see MOPP Appendix 3). Council has also established a number of committees, some of which have been authorised to make decisions in respect of prescribed policy and procedural matters.

COUNCIL MEMBERSHIP

Chancellor (Chair)
Major General P. (Peter) Arnison, AC, CVO (Retd), BEc DLaws Qld, DUniv Griff, DLetters S.Qld, DUniv, FAICD, ASIA

Vice-Chancellor
Prof P. (Peter) Coaldrake, BA(Hons) James Cook, PhD Griff, FAIM, FRIPAA

Chair of University Academic Board
Prof D. (David) Gardiner, BA LLB LLM(Hons) Syd. Deputy Vice-Chancellor.

Nominees of the Minister for Education
Ms H. (Helen) Gluer, BComm Qld, MBA S.Qld CPA, Chief Executive Officer, Tarong Power
Dr K. (Keith) Hilless, BE(Elec) Qld, DUniv QUT. Chairman, Ergon Energy
Mr S. (Stephen) Keim, BA LLB(Hons) Qld. Barrister
Prof A. (Anne) Kelso, BSc(Hon), PhD Melb. Director, WHO Collaborating Centre for Reference and Research on Influenza
Dr J. (John) Puttick, DUniv QUT, FAICD, FAIM. Chairman, GBST Holdings Limited
Ms R. (Rosemary) Vilgan, DipSupMgt Macq, BBus QUT, FASFA, FAICD. Chief Executive Officer, QSuper Limited

Nominees of Council
Mr D. (David) Liddy, MBA Macq. Managing Director & Chief Executive Officer, Bank of Qld Ltd
Mr H. (Hugh) Nalder, BBus(Acc) QUT, MICA, MASCPA, MAIMM. Consultant

Elected Academic Staff Members
Professor S. (Susan) Danby, DipT QUT, BEdSt Qld, MEd Loyola, PhD Qld. Faculty of Education.
Prof J. (John) Gough, MSc PhD Well. Faculty of Information Technology.
Professor R. (Rodney) Wolff, BSc(Hons) Qld, DPhil Oxon, CStat RSS. Professor, Faculty of Science.

Elected Student Members*
Mr D. (Daniel) Doran
Ms N. (Natalie) Locke

Elected Alumni Members
Mrs M-C. (Marie-Claire) Grady, BBus(HRM) MBA QUT. Segment Specialist – Small Business, Suncorp.
Dr G. (Graham) Drummond, Dip(C Eng) Grad-Dip(BusAdmin) DUniv QUT. Professional Director.

Secretary
Dr C. (Carol) Dickenson, BBus QIT, PhD Qld. Registrar.

Tenure
Council serves a four-year term from 21 November 2004.
* Student members serve a two-year term.

Two vacant positions of person appointed by the Minister for Education existed during 2008.

COMMITTEES

QUT committees form the major decision-making structure of the University and student representation is provided for on both University and faculty committees. The major University committees that have student representation as part of their membership are:

- Academic Policy and Procedures Committee
- Appeals Committee
- Community Engagement Advisory Committee
- Discipline Review Panel
- Equity Board
- QUT Council
- Research Degrees Committee
- Teaching and Learning Committee
- University Academic Board.

QUT encourages student representation on the above committees. If you are interested in finding out more about University committees contact Governance Services on 07 3138 2088.
CHANCELLERY
Vice-Chancellor: Professor O.P. Coaldrake, BA(Hons)
James Cook, PhD Griff., FAIM, FRIPAA
Deputy Vice-Chancellor (Academic): Professor D.G. Gardner, BA LLM(Hons) Syd.
Acting Director, Academic Policy and Programs Unit: Professor S. Towers, BEd WACAE, Med UWA, PhD QUT
Director, Assurance and Risk Management Services: S. Patel, BA(Acctg) S.Pacific, CPA
Manager, Oodgeroo Unit: V. Hart

DIVISION OF ADMINISTRATIVE SERVICES

The University may award medals known as Queensland University of Technology Medals to graduands of certain courses who have achieved an exceptionally high level of performance in their studies.

For the award of a medal, a graduand should have normally achieved a minimum grade point average of 6.5 across all units and thesis where such is required. Medals are awarded by the Registrar, on behalf of University Academic Board, on the recommendation of the relevant faculty academic board. The medal should be testimony that the recipient not only shows exceptional academic promise at the time of the award, but also exhibits an exceptional and consistent record of achievement throughout the whole of the degree.

Eligibility to be considered for the award of a University Medal is limited to:

- graduands of 'end-on' honours degrees where performance in the related bachelor degree is also taken into account
- graduands of degrees with honours, including components of double degree programs where awards with honours are made
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,

- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
- graduands of bachelor degrees of at least three years normal duration where no honours award is available,
QUT Gardens Cultural Precinct, located at the University's Gardens Point campus, is situated on one of Queensland's most central and historically important sites. The Precinct encompasses QUT Art Museum, one of Australia's most sophisticated contemporary art museums; Gardens Theatre, with a 400 seat state-of-the-art theatre; and Old Government House.

Gardens Cultural Precinct is at the centre of a circuit of culture and recreation incorporating the South Bank precinct with its parklands and cultural centre; the city heart with its galleries and shopping; and Gardens Point itself with its Botanic Gardens, Riverstage, historic campus buildings and Parliament House.

In addition to the core activity of exhibitions and performances, Gardens Cultural Precinct offers unique arts-based educational programs that provide practical ways for Queensland University of Technology to extend the benefits of its knowledge, research and services to the wider Queensland community. These programs have a practical emphasis and include hands-on sessions with curators, artists talks, activity booklets, guided tours and demonstrations.

Venue Hire
Gardens Cultural Precinct also offers a choice of stunning spaces for hire. QUT Art Museum provides an elegant and sophisticated space for cocktail parties; Gardens Theatre provides a picturesque and spacious function area, within the glass walled foyer overlooking the City Botanic Gardens; and Old Government House adds heritage glamour to any event.

For venue hire enquiries, phone 3138 4463 or email events@qut.edu.au

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

Information
Phone: 07 3138 8005
Email: info.culturalprecinct@qut.edu.au
Web: www.culturalprecinct.qut.com

Gardens Theatre
Open to the general public, Gardens Theatre is a premium and versatile venue a full program of professional theatre, children's shows, and student productions.

Featuring a spacious foyer overlooking the City Botanic Gardens and an auditorium that seats 400, Gardens Theatre provides an intimate performance space for both QUT Creative Industries' presentations as well as local and visiting drama, music and dance productions.

During 2008 it will offer an annual program of professional theatre productions, children's theatre, as well as opportunities to see tomorrow's professionals in QUT Showcase productions. Subscriptions are available to patrons which include discounts on tickets and pre-show dining.

This state-of-the-art venue is located on QUT's Gardens Point campus at the heritage end of George Street in Brisbane's CBD. Acknowledged as one of the city's premier performing arts venues, Gardens Theatre also features exceptional facilities for audiences including a licenced bar, palm tree atrium, disabled access and a Bar Merlo cafe.

Gardens Theatre facilities and foyer area are available for hire.

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

Box Office
Open Monday - Friday (9am–6pm) and one hour prior to all scheduled performances.

Bookings & Show Information
For advance bookings and information on current shows phone GardensTix on 07 3138 4455 or visit www.gardenstheatre.qut.com

What's On
Free program guides are available from the theatre box office or refer to program listings on the web at www.gardenstheatre.qut.com

QUT Art Museum
QUT Art Museum is a modern art gallery that has a reputation for displaying the finest works from the QUT Art Collection and presenting thought-provoking exhibitions of contemporary art.

Open to the general public, QUT Art Museum is an important cultural facility for the city of Brisbane. The Museum plays a vital role in the educational and intellectual life of the University. It houses a significant art collection that has become a valuable cultural resource for the students and staff of the University, and for the wider community.

The collection is one of the largest in Queensland and contains approximately 2500 artworks of great quality and diversity, mostly by Australian artists. It includes fine early paintings, ceramics and prints, important examples of indigenous art and challenging contemporary works.

As part of its exciting and dynamic program, the Art Museum offers an annual program of exhibitions drawn from the collection, national touring exhibitions from other galleries, and works from several creative academic disciplines within the University.

The Museum's educational services are designed to complement and enhance the exhibitions program for the benefit and enjoyment of the public. For free public program information visit www.artmuseum.qut.com

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

Museum Hours
Tuesday–Friday: 10am–5pm
Wednesday: until 8pm
Saturday–Sunday: 12noon–4pm
Closed Mondays and public holidays

Old Government House

Old Government House was the official residence of the Governors of Queensland from 1862–1909. Since that time the house has been occupied by the University of Queensland; the National Trust of Queensland; and Queensland University of Technology's predecessor institutions, Central Technical College and Queensland Institute of Technology.

Old Government House is owned by the Queensland Government. In October 2002, a Heads of Agreement was signed between the Queensland Government, National Trust of Queensland and Queensland University of Technology for the future conservation, management and use of Old Government House.

QUT has accepted responsibility for the continued enhancement of Old Government House and the accompanying grounds in accordance with the Government’s Conservation Plan.

To celebrate its history and advance knowledge of Queensland’s architectural, political and educational heritage, QUT has previously opened the doors of Old Government House to provide a welcoming environment for all Queenslanders and visitors to enjoy and learn about the building and its site. Guided tours are available on request.

As of mid 2007, Old Government House closed for a major restoration and will re-open as a new and exciting venue in 2009.

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

Opening Hours
Currently closed for restoration – will re-open in 2009

QUT Student Guild

The QUT Student Guild fosters the welfare of all QUT students and protects their rights. It advocates for students who experience difficulties during their time at QUT and represents all students on various University committees. Being a member of the Student Guild is like having an insurance policy; it is there to help you when things go wrong. Many QUT students have graduated only because the Guild has advocated for them when they have experienced academic difficulties.

The QUT Student Guild is owned and operated by and for students. The Student Guild is governed by Guild Council which consists of the Executive (President, General Secretary, Academic Rights Director, International Director, Womens Director, Welfare Director, Recreation Director, Indigenous Director and Queer Services Directors, campus representatives, and specialist representatives (for part-time and external students, Aboriginal and Torres Strait Islander students, and postgraduate students).

Members of the Guild Council are elected at the annual general election and all students are eligible to stand for positions at the election. Students are also able to nominate and vote for campus coordinator positions to help organise activities and services on campuses.

The Student Guild sends representatives to express students’ views to many University committees, including the University Academic Board.

The QUT Student Guild is an organisation which offers support, advocacy and representation to all students at QUT on issues ranging from academic appeals to lobbying the state and federal governments on higher education issues. Quite often, access and equity to education can be affected by government policy. The Student Guild will often call on its members to attend rallies to stop regressive changes to the education system. The Student Guild fully supports a free public education system where everyone has equal access.

The QUT Student Guild also operates several commercial services across all campuses. These consist of the Guild Fitness Centres, Guild Bars, Guild Aquatic and Squash Centre, Guild News and Post Office, the Guild Child Care Centres and Creche, Academic Gown Hire and the Guild Second Hand Textbook Shop.

The Guild has a presence on the Web which can be accessed at www.guildonline.net. All of the Guild’s services are listed there along with an events page where students can find out what is happening on their campus as well as up-to-date accommodation and part-time employment listings.

INTRODUCTION

The QUT Student Rules published here were approved by QUT Council on 23 October 2002, following a major review. Detailed information about procedural aspects of these rules can be obtained by accessing relevant topics at Student Services website or by contacting the Student Business Services Department.

For information on the University's admission policy and procedures, please refer to the various booklets available from QUT's Student Business Services.

STUDENTS ARE WARNED THAT PENALTIES (INCLUDING FINES, SANCTIONS, WITHHOLDING RESULTS, EXCLUSION OR EXPULSION) MAY BE IMPOSED ON STUDENTS WHO CONTRAVENE THESE OR ANY OTHER QUT RULE OR POLICY, OR WHO FAIL TO MEET THEIR OBLIGATIONS (INCLUDING FAILING TO PAY PRESCRIBED FEES, LATE FEES OR FINES, OR FOR FAILING TO RETURN LIBRARY/FACULTY MATERIALS OR EQUIPMENT).

These Student Rules are made pursuant to:
- QUT Statute No. 1 (Course of Study) 1999
- QUT Statute No. 2 (Student Discipline) 1999
- QUT Statute No. 3 (Fees) 1999

They should also be read in conjunction with:
- Schedule 1 to the QUT Act 1998, Conduct on University Land. This Schedule authorises certain University officers to direct disorderly persons or those creating disturbances to leave the University. A person failing to comply with such a direction may be fined.
- Information Facilities Rules (pursuant to QUT Statutes 2 and 3, and to the relevant staff conditions and awards).

THE RULES

PART 1 - PRELIMINARY

Division 1 - Interpretation

1. Definitions

In these rules:

‘assessment’ means work (for example, an examination, assignment, practical, performance) which a student is required to complete for any one or more of the following purposes -

(a) the fulfilment of an educational purpose (for example, to motivate learning, to provide feedback);
(b) to provide a basis for a record of achievement or certification of competency;
(c) to permit grading.

‘award course’ means a program of study leading to the award of a degree, diploma or certificate accredited by QUT.

‘cancellation of enrolment’ means that a student has discontinued an award course or a program of non-award studies.

‘course coordinator’ includes a staff member performing the functions of course coordinator specified by the director, QUT international college.

‘course requirements’ means the specific requirements for completing an award course approved by university academic board and includes the following -

(a) the course structure;
(b) any conditions for enrolment in or for completion of particular units required for the course;
(c) any conditions for academic progression through the course;
(d) any requirements for attendance type or mode of study.

‘dean’ means the executive dean of the faculty having responsibility for a unit or an award course and includes -

(a) the executive director, northern campuses, in the case of a unit or an award course for which that officer is responsible; and
(b) the director, QUT international college, in the case of a program of non-award studies for which the director is responsible.

‘faculty academic board’ means the body established by university academic board to manage academic policy and practices within the faculty or QUT Carseldine.

‘international student’ has the same meaning as ‘overseas student’ in the Higher Education Support Act 2003 (Cwth).

‘non-award studies’ means a unit or group of units which a student undertakes at the university other than as part of an award course of QUT.

‘QUT’ means the Queensland University of Technology.

‘registrar’ means the university’s chief administrative officer.

‘unit coordinator’ includes a staff member performing the functions of unit coordinator specified by the director, QUT international college.

‘university academic board’ means the body established by council to provide leadership on academic policy and practices of QUT.

1A. Academic calendar and teaching periods

(1) In these rules, ‘teaching period’ means a designated period of weeks in which the program of study and instruction for a unit or an award course is undertaken.
(2) The vice-chancellor approves the academic calendar for each year.
(3) The registrar -

(a) designates the teaching periods in which programs of study or instruction may be offered; and
(b) sets the dates for teaching periods within the academic calendar; and
(c) designates unit addition and withdrawal periods in Schedule 1; and
(d) sets the dates for unit addition and withdrawal in accordance with Schedule 1.

2. Attendance type and mode

(1) A student's attendance type is normally designated as full-time if the enrolment program for the teaching period is -

(a) in the case of a student enrolled in an award course, at least 75 per cent of the number of credit points for a standard enrolment program load for full-time enrolment in that course in a teaching period; or
(b) in the case of a student undertaking non-award studies, at least 75 per cent of the number of credit points for a standard enrolment program load designated by the registrar for that purpose.
(2) If a student's enrolment program load is less than the amount specified in rule 2(1), the student's attendance type is normally designated as part-time.
3. Addition or withdrawal of units in accordance with division 2 of part 3 of these rules may be deemed by the registrar to change a student's attendance type.

4. For the purposes of these rules and for course requirements, a student's attendance mode is designated as -

(a) internal, where instruction or supervision in all units in which the student is enrolled in a teaching period is delivered by attendance at a place designated by the registrar as a campus of the university; or

(b) external, where instruction or supervision in all units in which the student is enrolled in a teaching period is delivered other than by attendance at a campus of the university (for example, by posting instructional materials to the student); or

(c) multi-modal, where instruction in some, but not all units, is in internal mode.

Division 2 - Students' responsibilities under these rules

3. Student responsibility for compliance with these rules and other requirements

1. It is the student's responsibility to do all acts associated with admission, enrolment and academic progression in compliance with these rules, including, but not limited to -

(a) providing information to the university under rule 7(2), including statistical information and a mailing address; and

(b) re-enrolling at the university each year; and

(c) submitting an appropriate enrolment program and rectifying any known discrepancies with the enrolment program.

2. In the case of international students, the student must also comply with any requirements for enrolment or study at the university specified in the Educational Services for Overseas Students Act 2000 (Cwth), including, but not limited to -

(a) any requirements relating to attendance type or mode; and

(b) any conditions for enrolment programs and progress through an award course; and

(c) any conditions relating to leave of absence.

PART 2 - ADMISSION

4. Application for admission

1. A person must apply for admission to the university before first enrolling in an award course or non-award studies.

2. Except where specified by the registrar, a person must apply for admission before each teaching period in which they propose to enrol in non-award studies.

3. A person who seeks to re-enrol in an award course must apply for re-admission following -

(a) cancellation of enrolment in an award course or program of non-award studies; or

(b) an unapproved period of absence; or

(c) a period of exclusion from an award course imposed under part 6 of these rules.

4. The registrar must prescribe the dates for and the manner of applying for admission to the university.

5. Criteria for admission

1. University academic board may specify general requirements to be met by a person applying for admission to the university.

2. The faculty academic board having responsibility for an award course must specify minimum course entry requirements and may specify different requirements for different major areas of study within an award course.

3. The registrar determines the maximum number of persons to be offered admission to the university.

6. Offer of admission

1. The registrar makes offers of admission.

2. An offer of admission may be conditional upon the person providing documents or fulfilling other requirements specified in the offer.

3. The registrar may withdraw an offer of admission and reject enrolment where -

(a) the person fails to provide documents or to fulfil other requirements specified in the offer of admission; or

(b) the offer of admission has been made as a result of the provision of incomplete or inaccurate information by the person or a certifying authority; or

(c) the person fails to submit an enrolment program in accordance with the offer of admission by the specified date.

PART 3 - ENROLMENT

Division 1 - General requirements for enrolment

7. Enrolment procedures

1. The registrar -

(a) must prescribe closing dates for submission of an enrolment program for each teaching period; and

(b) may prescribe different closing dates for different categories of students.

2. The registrar must prescribe the manner of submitting the enrolment program, and the information to be included with the enrolment program.

3. For each teaching period, the registrar must -

(a) publish the closing dates for addition or withdrawal of units in accordance with schedule 1; and

(b) specify the manner of submitting changes to the enrolment program.

8. Valid enrolment

1. Subject to rule 8(2), enrolment in any teaching period means that the student has submitted an enrolment program for study, instruction or research at the university in that teaching period.

2. A student is validly enrolled upon -

(a) submission of an enrolment program for the teaching period by the specified date or such later time as permitted by the registrar; and

(b) acceptance of the enrolment program by the registrar; and

(c) payment of fees and charges required under these rules by the specified date or such later time as permitted by the registrar; and

(d) fulfilment of any other requirements specified in these rules.

3. The registrar may reject a student's enrolment where the student has not met all of the requirements of rule 8(2).

Division 2 - Enrolment programs

9. Requirements for enrolment programs

1. A student's enrolment program must comply with the general requirements specified in this division.
(2) In the case of a student enrolled in an award course, the student's enrolment program must also comply with the course requirements.

10. Addition of a unit to enrolment program

Subject to the requirements of this division, a student may add a unit to their enrolment program in a teaching period if -

(a) the unit is added by the addition date published in accordance with schedule 1; or
(b) where the student proposes to add the unit after the addition date published in accordance with schedule 1 -

(i) the student pays the administrative charge specified in schedule 2; and
(ii) the unit coordinator agrees to the addition of the unit; and
(iii) the registrar is satisfied that the student has demonstrated that exceptional circumstances for addition of the unit exist.

11. Withdrawal from a unit

(1) Subject to the requirements of this division, a student may withdraw from enrolment in a unit -

(a) by the withdrawal date published by the registrar in accordance with schedule 1 - without academic penalty; or
(b) after the withdrawal date published by the registrar in accordance with schedule 1 - with academic penalty.

(2) Despite rule 11(1)(b), the registrar may permit withdrawal without academic penalty if, following advice from the dean, the registrar is satisfied that the student has demonstrated that exceptional circumstances for withdrawal from the unit exist.

(3) In this section, 'academic penalty' means that the unit in question is awarded a failing grade.

12. Relationship between units of study

(1) Course requirements may specify any of the following conditions for enrolment in a specified unit -

(a) a student must have achieved a passing grade in a prerequisite unit before enrolment in the specified unit;
(b) a student may enrol in the specified unit only if -

(i) the student also enrols in a corequisite unit at the same time; or
(ii) the student has previously achieved a passing grade in the corequisite unit;
(c) a student must not enrol in the specified unit if the student has achieved a passing grade in an incompatible unit.

(2) A unit coordinator may permit a student to enrol in a specified unit without having satisfied the condition listed in rules 12(1)(a) or 12(1)(b) if the unit coordinator is satisfied that the student has demonstrated sufficient knowledge to undertake the unit.

(3) In this section, an 'incompatible unit' means a unit in which the subject matter or the body of learning is substantially similar to that included in the specified unit.

13. Maximum and minimum enrolment program load

Course requirements may specify either or both of the following:

(a) the maximum number of credit points for full-time enrolment;
(b) the minimum number of credit points for part-time enrolment.

14. Time limits for completion of an award course

University academic board must specify time limits for completion of an award course, and may impose different time limits for different categories of courses.

15. Acceptance of enrolment program

The registrar may not accept a student's enrolment program in any of the following circumstances -

(a) the student has not enrolled in accordance with their offer of admission, including, where specified, major area of study, attendance type, attendance mode and location of study;
(b) if the student is enrolled in an award course, the student has not submitted an enrolment program which is consistent with course requirements;
(c) except where permitted by the course or unit coordinator, as the case may be, the student has not complied with the requirements of division 2 of part 3 of these rules;
(d) if the student is enrolled in an award course, the student has not met the requirements of part 6 of these rules;
(e) the student is subject to a penalty imposed under rule 29 or Statute No 2 (Student Discipline) 1999 which prohibits their enrolment in the current teaching period;
(f) the student is in breach of any other statute or rule of the university which specifies rejection or suspension of enrolment as a penalty.

16. Amendment of enrolment program

The registrar may amend an enrolment program, after consultation with the course coordinator, if any of the following conditions exist -

(a) the student has not complied with the requirements of rule 13;
(b) the student has not complied with other course requirements;
(c) the student cannot attend classes or meet other unit requirements due to timetable incompatibility;
(d) the student has not complied with any conditions of probationary enrolment imposed under part 6 of these rules.

Division 3 - Credit

17. Credit for previous studies

(1) University academic board may specify the amount and type of credit for previous studies which may be granted in award courses, and may specify different amounts of credit for different categories of award courses or students.

(2) The registrar must specify the procedures to be followed, and the documentation to be supplied, by students applying for credit.

(3) The course coordinator must determine the amount and type of credit to be granted in accordance with university academic board determinations.

Division 4 - Discontinuation or interruption of enrolment

18. Leave of absence

(1) University academic board may specify the circumstances in which a student may take leave of absence from an award course.

(2) A student must apply to the registrar for leave of absence from the award course.

(3) The registrar determines the student's application for leave of absence.

19. Cancellation of enrolment

(1) A student must notify the registrar if they wish to cancel their enrolment in an award course or non-award studies.
(2) A student who cancels their enrolment is deemed to have withdrawn from enrolment in all units in their enrolment program in accordance with rule 11.

PART 4 - FEES

20. Definitions for this part

In this part:

'HES Act' means the Higher Education Support Act (Cwth) as amended from time to time.

'student contribution amount' means an amount being the contribution for the teaching period in question determined by the university in accordance with the HES Act.

21. Imposition of fees and charges

(1) Except as specified under the HES Act, the university may impose student contribution amounts and fees for enrolment and study at the university, or for services and facilities associated with enrolment and study, and may impose different student contribution amounts and fees for different categories of students.

(2) The officer or body listed in schedule 2 sets the student contribution amounts and fees.

(3) For each teaching period, the registrar must prescribe the dates for payment of student contribution amounts and fees.

(4) A student must pay the student contribution amounts and fees specified in these rules by the prescribed dates.

(5) A student is not validly enrolled unless all student contribution amounts and fees specified in these rules have been paid, including any additional student contribution amount or tuition fee required to be paid as a result of addition of a unit to a student's enrolment program in accordance with rule 10.

22. (Repealed - 19.04.06)

23. Liability for a student contribution amount

(1) Except as specified in the HES Act, a student who enrolls in any teaching period in a unit or units for an award course is liable for a student contribution amount.

(2) A student who is liable for a student contribution amount must submit a Commonwealth assistance form specifying the method for payment of the contribution in any of the following circumstances:

(a) when the student first enrolls at the university;
(b) when the student changes to another award course;
(c) if the student elects to pay the contribution by another method.

(3) For each teaching period, the registrar must prescribe the date for submission of the Commonwealth assistance form.

(4) Except as specified in the HES Act, a student may discharge a liability for a student contribution amount by:

(a) paying the required amount directly to the university by the date specified by the registrar; or
(b) supplying a tax file number to the university; or
(c) a combination of (a) and (b).

24. Tuition fee

(1) This rule applies to students who are not liable to pay a student contribution amount for a teaching period or a unit.

(2) A student (other than an international student or a student deemed by the registrar to be liable to pay a student contribution amount) who enrolls in a unit or units must pay the tuition fee specified in schedule 2.

(3) A visiting student (other than a visiting international student) who enrolls in a unit or units must pay the tuition fee specified in schedule 2, except that the dean may specify a different fee for students undertaking a designated enrolment program.

(4) An international student must pay to the university, for each teaching period, the international student tuition fee specified in the offer of admission.

(5) Where the HES Act specifies, a student who is normally liable to pay a student contribution amount may be required to pay the tuition fee specified in schedule 2 for enrolment in a particular teaching period or unit.

(6) For this rule:

a ‘visiting student’ means a student who enrolls in non-award studies, but does not include a cross-institutional Commonwealth supported student who enrolls in a unit or units at QUT to obtain credit towards an award course at another Australian university.

‘Commonwealth supported student’ means a student who is liable to pay a student contribution amount for a unit or units for an award course in accordance with the HES Act.

25. Incidental fees

(1) A student or a person applying for admission must pay the relevant incidental fee prior to taking the action or requesting the service listed in schedule 2.

(2) If the fee has not been paid, the student's action or request for the service has no effect.

26. Cancellation fee and refunds

(1) The university may retain a proportion of student contribution amounts or fees paid by a student as a charge for cancellation of enrolment, and may impose different cancellation fees for different categories of students.

(2) Schedule 2 specifies the amount which will be retained by the university where a student cancels their enrolment in a unit or units.

(3) A student who withdraws from enrolment in a unit or units must apply by the date specified by the registrar for a refund of student contribution amounts or fees paid to the university.

26A. Exemption or deferment of payment of fees

(1) The vice-chancellor must specify the circumstances in which students may be granted exemption from payment of fees.

(2) The registrar determines whether a student may be granted exemption from payment, either in whole or in part.

(3) The registrar may permit a student to defer payment of fees for a specified time during a teaching period.

27. Consequences of non-payment of fees and charges

Except where action is taken by the registrar under rule 26A, the registrar may do either or both of the following if a student does not pay by the specified date the full amount of fees required by the university under this part:

(a) reject the student's enrolment in accordance with rule 8; or
(b) require the student to pay an incidental fee specified in schedule 2.

PART 5 - ASSESSMENT

Division 1 - General requirements for assessment

28. Notice of assessment requirements
A student who is enrolled in a unit must receive notification of assessment requirements in the manner and by the time prescribed by university academic board.

29. Academic dishonesty

(1) A student must not act in a manner which constitutes academic dishonesty.

(2) Academic dishonesty means an action or practice which may compromise or defeat the purposes of assessment, and includes, but is not limited to -

(a) cheating, or attempting to cheat;
(b) plagiarism;
(c) misrepresenting or fabricating data or results or other assessable work;
(d) breaching requirements specified by university academic board under rule 32 for conduct during examinations, in a way that may compromise or defeat the purposes of the assessment.

(3) University academic board may prescribe procedures for investigating allegations of academic dishonesty.

(4) The penalties for academic dishonesty are -

(a) mark reduction or zero mark for an assessment item; or
(b) awarding of a failing grade in the unit in which academic dishonesty is detected; or
(c) awarding of a failing grade in the unit in which academic dishonesty is detected and in another unit or all other units undertaken in that teaching period; or
(d) suspension from the university for a specified period of time, together with the allocation of failing grades specified in rule 29(4)(c); or
(e) permanent expulsion from the University, together with the allocation of failing grades specified in rule 29(4)(c).

(5) The dean may impose the penalties listed in rule 29(4)(a) and 29(4)(b).

(6) The registrar may impose any of the penalties listed in rule 29(4).

Division 2 - Examinations

30. Availability for examinations

(1) A student must be available to undertake an examination -

(a) at the time and place specified for the examination in the central examination period; and
(b) at any other time specified for an examination in the notification of assessment requirements.

(2) The registrar publishes an examination timetable for each central examination period.

(3) In this rule, ‘central examination period’ means a period of at least 2 weeks at the end of each semester or other teaching period designated for conducting examinations.

31. Alternative examination sittings

A student who holds religious convictions which preclude attendance at an examination at the time specified in the published examination timetable, may apply in the manner prescribed by the registrar for an alternative examination sitting.

32. Conduct during examinations

University academic board must specify procedures for examinations, including -

(a) requirements for a student entering or leaving the examination room; and
(b) requirements for a student’s conduct during the examination.

33. Deferred examinations

(1) A student who, due to exceptional circumstances beyond the student’s control, is unable to attend an examination at the prescribed time may apply in the manner prescribed by the registrar for a deferred examination.

(2) The dean determines the outcome of an application for a deferred examination.

Division 3 - Final grades

34. Grading scale

University academic board must specify the grading scale to be used in allocating a record of achievement for studies at the university.

35. Allocation and notification of grades

(1) The dean approves a student's final grade for a unit.

(2) A student will be notified of their grades in the manner determined by the registrar.

36. Special consideration

(1) A student who believes that their performance in completing an assessment item has been adversely affected by exceptional circumstances may apply for special consideration in the manner prescribed by the registrar.

(2) The head of school determines whether the application for special consideration should be granted.

(3) The faculty academic board may specify the manner in which special consideration is to be applied to an assessment item.

(4) The unit coordinator determines whether additional marks for the assessment item should be granted, and must do so in accordance with any faculty academic board determinations made in accordance with rule 36(3).

(5) In this rule -

‘head of school’ means the head of the school in which instruction in a unit is given, or in the case of QUT international college, the director of studies.

‘faculty academic board’ includes the QUT international college advisory board with respect to a program of non-award studies offered by the college.

37. Supplementary assessment

Supplementary assessment may be granted to a student only in the circumstances prescribed by university academic board.

PART 6 - UNSATISFACTORY ACADEMIC PERFORMANCE

38. Requirement to perform satisfactorily in studies

(1) In this part, a ‘program of study’ means an award course or a structured program of non-award studies.

(2) A student undertaking a program of study must maintain a satisfactory level of academic performance in accordance with this part.

39. Probationary enrolment
(1) The registrar must place a student undertaking a program of study on probationary enrolment if the student -
   (a) achieves a grade point average of less than 3.0 for units which the student has undertaken towards the program of study;
   (b) is awarded a failing grade in a unit which the student has previously failed.

(2) The registrar determines the students to be placed on probationary enrolment at the end of each academic year.

(3) The registrar must notify a student in writing of the decision to place the student on probationary enrolment.

40. Conditions of probationary enrolment

(1) A student is placed on probationary enrolment for 12 months.

(2) While on probationary enrolment, a student must -
   (a) consult the course coordinator about their enrolment program;
   (b) if the course coordinator specifies an enrolment program, submit the enrolment program as specified.

(3) If a student on probationary enrolment cancels their enrolment in the program of study but is subsequently re-admitted by the registrar to the same program of study in accordance with part 2 of these rules, the registrar, upon re-admission -
   (a) must place the student on probationary enrolment for the balance of the academic year;
   (b) may require the student to submit an enrolment program specified by the course coordinator.

41. Exclusion from enrolment in an award course

(1) A student is an 'eligible student' for the purposes of exclusion if -
   (a) the student has previously been placed or is currently on probationary enrolment and qualifies for a further period of probationary enrolment on the basis of rule 39; or
   (b) the student is awarded a failing grade in a designated unit; or
   (c) having been readmitted to the program of study following a period of exclusion, the student achieves a grade point average of less than 3.5 for units in which the student has enrolled in the academic year following readmission; or
   (d) in the case of a student enrolled in an award course, the student has exceeded the maximum time limit for the award course imposed in accordance with rule 14.

(2) At the end of each year, the faculty academic board responsible for the program of study may exclude an eligible student from enrolment in that program.

(3) If the faculty academic board does not exclude an eligible student, the registrar may place the eligible student on probationary enrolment in accordance with this part.

(4) The registrar must notify a student in writing of the decision to exclude the student from enrolment in the program of study.

(5) University academic board must specify the circumstances in which the registrar may exclude an eligible student from enrolment in other award courses or programs at the university.

(6) In this rule, 'designated unit' means a unit which a faculty academic board requires a student to complete with a passing grade in order to continue in an award course.

42. Consequences of exclusion

(1) If exclusion is imposed on a student under rule 41, the student is excluded from a program of study indefinitely, unless permitted to re-enrol in accordance with rule 43.

(2) A student who is excluded from a program of study is not permitted to enrol in any units forming part of that program.

43. Enrolment following exclusion

(1) An excluded student may re-enrol in a unit or units as part of the program of study if -
   (a) the student successfully appeals against exclusion; or
   (b) the student, following exclusion for at least 12 months, is re-admitted to the program of study by the registrar.

(2) Where a student re-enrols in the program of study in accordance with rule 43(1), the registrar must place the student on probationary enrolment for the balance of the academic year.

PART 7 - ELIGIBILITY TO GRADUATE

44. Minimum passing grades for graduation

For the purpose of determining a student’s eligibility to graduate from an award course, a faculty academic board may designate the maximum number of units for which the student can be awarded a minimum passing grade.

45. Eligibility to graduate from an award course

(1) Subject to rule 44, a student is eligible to graduate from an award course upon completion of all course requirements.

(2) Faculty academic board determines whether a student has completed all course requirements.

(3) University academic board confers the award on a student who is eligible to graduate.

PART 8 - REVIEW AND APPEALS

46. Review of grades and academic rulings

(1) University academic board must prescribe procedures for dealing with applications for review of grades and academic rulings.

(2) A student may apply for a review of -
   (a) their grade for a unit; or
   (b) other academic rulings made under these rules.

47. Appeal to university academic board

(1) A person who has been refused admission to the university may appeal to university academic board.

(2) A student may appeal to university academic board if -
   (a) the student has been excluded from an award course under rule 41; or
   (b) the student has been penalised by the dean or the registrar under rule 29.

48. Status pending outcome of review or appeal

Pending the outcome of a review or appeal, the registrar may permit a student to attend classes or undertake examinations.
PART 9 - MISCELLANEOUS

49. Research higher degree students

(1) For students undertaking the doctor of philosophy degree, university academic board must specify general requirements for -

(a) admission as a candidate for the degree; and
(b) enrolment and progression as a candidate; and
(c) submission and examination of the thesis.

(2) For students undertaking another research higher degree, faculty academic board must specify course requirements.

50. Delegation of powers and functions

(1) Where these rules specify that a particular person or body exercises a power or function, that person or body may delegate the power or function to another person or body.

(2) Despite rule 50(1), a course coordinator or a unit coordinator may not delegate a function or power to another person.

End Notes

See rule 15.
See rule 8.

</table>

* Tuition fee places offered to students after Commonwealth supported places are filled or maximum entitlements for RTS/RTA are exceeded.
Table C - International Student Tuition Fees

These fees are set in accordance with rule 24(4), QUT Student Rules by the authority of the Vice-Chancellor.

Application fee for award courses: $55 (incl GST)

Note: The quoted fee is based on a standard credit point load. The actual cost of the program will depend on the number of credit points enrolled. Pro-rata increase in fees will be charged when more than a normal course load is taken in any semester.

ACADEMIC POLICIES

Access to assessment results

The University is committed to a policy of openness with respect to the release of assessment results. QUT policy on access to assessment results and/or marks is as follows.

- For units where percentage marks are calculated, such marks will be placed on the confidential individual student records located in the QUT Virtual web pages (https://qutvirtual.qut.edu.au/).
- Faculty academic boards must make appropriate arrangements for students who request to peruse their own examination scripts or written answers to examination questions or other forms of assessment, provided that the request is made within three months of the release of the examination results. Should students request a photocopy of their script, a fee will be levied.
- Where examination question papers or other forms of assessment will be re-used in successive examinations, faculty academic boards must arrange for students to receive advice on their performance with reference to their own examination scripts in a way which does not prejudice the examination mode.

Assessment for students with disabilities

Students with permanent or temporary disability have the right to alternative arrangements for assessment which provide equality of opportunity to enable students to fulfil course requirements.

Students should contact the relevant campus Disability Officer early in the teaching period and preferably prior to the published date for withdrawal without financial penalty for the relevant teaching period.

Alternative arrangements for assessment are negotiated between the student, Disability Officer and the course coordinator.

Students are required to present evidence to the Disability Officer, usually in the form of documentation from a medical or other relevant specialist practitioner which substantiates the nature of the special need. The University adheres to principles of confidentiality and privacy and documentation together with records of interviews, are maintained by the Disability Officer.

The Disability Officer will develop a service plan which includes recommendations for alternative arrangements for assessment for approval by the relevant course coordinator. Service plans are reviewed and re-negotiated each semester. The student will be advised in writing of any alternative arrangements for their assessment.

Further information on support provided by the University for students with disabilities is contained in the Guide for Students with Disabilities. Refer also to University policy on disability services (see section A/8.3).

a) Centrally organised assessment

For centrally organised examinations, responsibility for the conduct and administration of alternative assessment provisions for students with disabilities, including the costs of employing invigilators, personal assistants and providing examination materials, rests with the Student Business Services Department.

b) School-based assessment

For assessment other than central examinations, administrative and financial responsibility, including organisation of appropriate equipment and support personnel, rests with faculties and schools.

For assessment other than central examinations, administrative and financial responsibility, including organisation of appropriate equipment and support personnel, rests with faculties and schools.

Awards with honours

This policy does not deal with honours programs which are end-on to a bachelor degree course (see MOPP section C/3.3.5).

In degree courses of four or more years, a degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program. Degrees with honours are also awarded to students who have recorded outstanding achievement in a component of a double degree program where that component is a degree for which awards with honours are made (see MOPP section C/3.3.6).

First class honours, second class honours division A and second class honours division B may be awarded. Candidates for a degree with honours must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the relevant faculty academic board and approved by University Academic Board.

Honours are awarded
- to indicate that students may appropriately proceed to higher degrees
- to encourage students to work consistently throughout a course
- to ensure that QUT students can apply equally for employment in competition with honours graduates from other institutions
- to ensure that QUT graduates are eligible for the same level of salary on commencement as graduates from other institutions
- to enable QUT graduates to compete equally for scholarships.

Supplementary assessment

Supplementary assessment is provided to facilitate the course completion of students.

Students may be granted:
- up to two supplementary assessments in the final 96 credit points of study, at the faculty's discretion, for coursework programs of three or more years full-time duration or equivalent; and
- one supplementary assessment in the final 48 credit points of study, at the faculty's discretion, for coursework programs of less than three years full-time duration or equivalent (this includes students enrolled in a QUTIC diploma).

Supplementary assessment is not a reassessment of the student's overall grade or the mark for an individual assessment item. It is a new item of assessment designed to assist students to complete requirements for their qualification, and is thus available for units undertaken in the final semester or year of study (as applicable).

Faculty academic boards are responsible for determining eligibility for supplementary assessment at the time that examination results are considered. Faculty academic boards will be guided by advice from the relevant school(s) as to whether, given the student's grades for the unit(s) and the nature of the unit(s), it is possible for the student to achieve a passing standard through supplementary assessment.
The form and type of supplementary assessment is at the discretion of the faculty, which will ensure that academic standards are maintained.

Supplementary assessment should only be provided when a student receives:

- a grade of 3 in a unit where a 4 is required for course completion;
- a grade of 2 in a unit where a 3 is required for course completion.

Supplementary assessment will not be granted:

- to students enrolled in designated units listed in the QUT Handbook;
- to students who have been graded 1 low fail or K withdrawn failure.

Students who are not granted supplementary assessment but believe they are entitled to supplementary assessment may request a review of the decision under the University’s procedures for reviews of academic rulings (see Student Rules in Appendix 1(c) for details).

The only grades that will be recorded following supplementary assessment are S3 (pass supplementary) and S2 (fail supplementary).

**LIFE ON CAMPUS**

**QUT policy on children on campus**

QUT recognises the diversity of needs and demands placed on staff and students when balancing work, study and family responsibilities, and that occasionally it may be necessary to bring a child or children onto campus.

This policy should be read in conjunction with the University’s policy on childcare and family responsibilities (see section A/8.6).

**Application**

The children on campus policy applies to all students and staff members. This policy does not apply to situations where a child is brought on campus for the purpose of attending a registered child care facility, the Early Childhood Development Unit, clinics and approved programs such as vacation care.

**Principles**

Under the Queensland Workplace Health and Safety Act 1995 QUT has obligations to ensure the health and safety of all, including children, at or near the workplace. The legislation requires that students and staff meet the following obligations:

- to follow instructions related to their study or employment at QUT
- to not interfere with or misuse anything provided for health and safety
- to not place others or themselves at risk.

Consistent with these obligations, a student or staff member must consider the following issues prior to bringing a child on campus:

- It is anticipated that students will make all reasonable attempts to arrange alternative childcare before bringing a child to the workplace.
- It is anticipated that staff will make all reasonable attempts to arrange alternative child care before bringing a child to the workplace or avail themselves of flexible work practices (eg flexitime) or leave options (eg personal leave) where available and appropriate.
- Approval to bring a child on campus should be obtained from the relevant staff member or supervisor as soon as practical, ie in advance if possible or on arrival.
- Children must not enter areas where potentially dangerous equipment or hazardous substances are present or areas that are subject to particular statutory or local regulations.
- A common sense approach is necessary when bringing children on campus. For example, children recently exposed to an infectious illness (eg chicken pox, rubella, mumps etc), or who are known to be ill, must not be brought on campus.
- It is important that the child’s presence on campus does not result in disruption to the workplace, including classes and non-teaching areas such as the Library.

Further information and detailed procedures relating to this policy are available from HR Health and Safety Advisory Services.

**Policy on smoking**

Given the proven health risks of smoking, QUT is moving towards making the University a smoke-free environment.

Smoking is prohibited:

- in all buildings or parts of buildings under QUT’s control
- in any outdoor area of a food outlet, or any outdoor area where food and drink is provided
- in QUT vehicles
- within 10 metres of any entrance to buildings, air conditioning intakes, ventilation louvres or opened windows
- on all semi-enclosed thoroughfares such as verandahs or colonnades and on all elevated walkways with or without fixed roof structures which require people using building entrances or moving between buildings to pass through tobacco smoke emissions
- in any other area not specified above where there is signage expressly prohibiting smoking.

Smokers are required to follow directions given by authorised QUT staff and Security personnel in regard to the implementation and enforcement of the University’s policy on smoking.

**Policy on cultural diversity and anti-racism**

Consistent with its equal opportunity and diversity policy and the QUT Reconciliation Statement, QUT’s approach to cultural diversity and anti-racism:

- promotes and encourages awareness, understanding and appreciation of the differences that exist amongst cultural groups and acknowledges and celebrates the breadth of experience and resources that people from diverse backgrounds bring to the University;
- recognises and acknowledges the particular significance of Indigenous Australian peoples as the original owners of this land;
- recognises the responsibility of educational institutions to redress disadvantage and to overcome exclusion, bigotry, ethnocentrism, prejudice and racism;
- respects and protects the rights of its students and staff to study and work in a discrimination-free environment.

**Responsibilities and commitments**

Organisational culture and environment – QUT will take all reasonable steps to provide and support a culturally diverse and inclusive work, study and research environment. A
Disability services policy

In accordance with QUT’s equal opportunity policy (see section A/8.4), the University recognises its social and legal obligation to provide an accessible and inclusive environment for people with disabilities. QUT is bound by the Commonwealth Disability Discrimination Act 1992 and the Queensland Anti-Discrimination Act 1991, under which the University can be vicariously liable for discrimination or harassment against a person with a disability by a member of staff or any of its agents.

This policy seeks to ensure equal opportunities for people with disabilities to participate in all aspects of University life, including education and employment. It is based on the philosophy of inclusion, which promotes strategies to develop a flexible work and study environment which is able to meet the needs of a diverse range of users.

The policy is accompanied by detailed operational guidelines available from the Equity Section, or from the Equity Section webpage (http://www.qut.edu.au/admin/equity/).

Principles

QUT is committed to the creation of an environment which promotes dignity, acknowledges the right to privacy and confidentiality, and cultivates an awareness of the needs and rights of people with disabilities.

In creating this environment, the University is guided by the following principles:

- Reasonable accommodations are to be provided for people with disabilities. It is the responsibility of the student or staff member to substantiate their eligibility for disability services.
- The needs of people with disabilities are to be assessed in consultation with them by the University’s Disability Officer/s on an individual basis.
- Accommodations for people with disabilities will neither advantage nor disadvantage them in comparison to other people not receiving disability support services, but will be designed to ensure that people with a disability have equal access to employment or education.
- Any information in relation to a person’s disability remains confidential, is not part of the person’s open record of employment or academic progress, and will not be disclosed without prior written consent, except for statistical reports designed for monitoring and evaluation. (See section F/9.1 for policy on confidentiality of staff and student records).
- The University may seek information about a person’s disability only insofar as it relates to the request for reasonable accommodation and/or the need for general accountability to funding agencies, policy development or monitoring and evaluation of policies and programs, including affirmative action programs for staff with disabilities.
- By law, access to work and study may not be limited on the basis of the cost of services and accommodations required, unless the adjustments would impose “unjustifiable hardship” on the University.
- People with disabilities should be able to access and negotiate each campus in safety and with ease.
- People with disabilities should have access to existing information networks (eg advertisements, publications, promotional material) in appropriate formats.

Definitions

Disability

As outlined in the relevant legislation, a disability may be either temporary or permanent, total or partial, physical, psychological or psychiatric, life-long or acquired. Also included are people who require devices or aids for assistance, or are accompanied by guide dogs.

Reasonable Accommodation

Reasonable accommodation refers to administrative, physical or procedural alterations required to ensure equal opportunity for a person with a disability.

Unjustifiable Hardship

POLICY STATEMENTS
In some cases it may be unreasonable for the University to make certain adjustments. Relevant circumstances in determining unjustifiable hardship include:

- the nature of the benefit or detriment likely to accrue or be suffered by any persons concerned
- the financial circumstances of the institution and the cost of making the required adjustments.

A thorough understanding of the effect of the disability on the individual and the impact of any adjustment or alteration is required in order to determine whether such adjustments are reasonable and necessary. The relevant State and Commonwealth administrative bodies require detailed evidence to support a claim of unjustifiable hardship.

Provisions
QUT’s disability services policy makes the following provisions:

Entry to Work and Study
QUT does not discriminate on grounds other than academic and merit based criteria when considering applications for admission as a student or staff member.

Access to Academic Programs and Employment
The University will endeavour to make all its academic programs, employment and development opportunities available to prospective students and staff members with a disability, consistent with the entry provisions above.

Support Services
QUT has a wide range of support services available to all staff and students. The University recognises that students and staff with disabilities may require specialised assistance. Support services include note-takers, alternative formatting of learning material, participation assistants etc.

Adapting the Learning and Working Environment
The University supports the practice of job re-design, workplace modifications and alternative teaching and assessment practices to enable a staff member or a student with a disability to fulfil the requirements of a particular position or academic course.

Creation of Employment/Study Opportunities
The University aims to provide equal employment and educational opportunities and to implement affirmative action programs for equity groups (see MOPP section A/8.4). The University develops strategies to take full advantage of funding initiatives by Government agencies aimed at providing employment opportunities for people with disabilities, including its own graduates.

The Physical Environment
The built environment should be accessible to people with disabilities. All new buildings are designed in accordance with the appropriate standards and codes. The University endeavours to improve access to older buildings which do not meet these standards.

Promotion of Disability Awareness
All staff and students will be given the opportunity to acquire the understanding and skills necessary to meet the employment, educational and social support needs of people with disabilities.

Non-Discriminatory Presentation and Practice
In accordance with QUT’s policy and guidelines on inclusive language and presentation (see MOPP section A/8.7), the University will endeavour to ensure that all essential educational, administrative and promotional material is available in alternative formats for access by people with disabilities.

Community Service and Outreach
The University has a responsibility to make its human and physical resources available in a manner which is responsive to the needs and aspirations of people with disabilities, unless to do so would cause unjustifiable hardship for the University.

Quality Assurance Measures
The University is committed to the continued review of policy and procedures, and to the involvement of people with disabilities in matters that affect them. The University will actively seek to involve consumers in decision making, and develop quality assurance mechanisms to support this policy.

Information access and privacy
QUT’s functions necessitate the collection, creation and use of personal information about students, staff and other clients. QUT is strongly committed to protecting personal privacy by complying with 11 information privacy principles which govern how and when personal information may be collected, stored, used and disclosed. QUT recognises that staff and students, both past and present, and other clients and individuals having links to QUT, have a legitimate expectation that the University will protect and appropriately manage the personal information it collects and holds about them.

This policy is derived from obligations under the Queensland Government’s Information Standard No 42 - Information Privacy, which applies to statutory authorities such as QUT. This policy also supports QUT’s obligations to comply with information security requirements.

Definition of personal information
This policy applies to “personal information”. This is defined in IS42 as any information or opinion, whether true or not, and whether recorded in a material form or not, about an individual whose identity is apparent, or can reasonably be ascertained, from the information or opinion. Personal information can be in any format and, for the purposes of this definition, includes photographs and images, usernames and passwords. Unique identifiers such as student/staff/payroll numbers, tax file numbers, credit card numbers and bank account details are also personal information. Personal information may be recorded in a variety of formats including, but not limited to, hard copy records, databases, administrative systems and staff/student identity cards.

Where data is recorded in a way which cannot be linked to a known individual, then the privacy principles do not apply.

Roles and responsibilities for privacy
All staff
It is the responsibility of all staff to respect personal privacy in so far as they collect, access or use personal information about others in the course of their duties, and to comply with the specific requirements of this policy.

Privacy must also be appropriately respected in the human research context, and all staff and students undertaking research must comply with the University’s policies and procedures for research involving personal information, including the requirement to obtain ethical approval where applicable. Refer to Office of Research for further details.

Data custodians
The nominated data custodian of major datasets used to support QUT functions must comply with specific responsi-
bilities described in this policy and in QUT’s policy on provi-
sion and use of information resources and services and in
the information security policy, all of which support QUT pri-
vacy obligations.

 Heads of organisational units
As the functions of many organisational units within the Uni-
versity require the collection or management of personal
information, responsibility for assessing privacy risk and for
implementing business processes which are consistent with
privacy principles rests with the head of each organisational
unit. Specific, ongoing responsibilities include:

• implementation and regular review of appropriate data
collection practices;
• ensuring personal information is used and managed
appropriately by staff within the organisational unit;
• implementing adequate security requirements for access
to and storage of personal information in all formats
within the organisational unit; and
• ensuring that privacy training and awareness is embed-
ded in practices and procedures of the organisational
unit as appropriate.

 Privacy Contact Officer
The Registrar, as chief administrative officer, has general
responsibility for privacy management, and has designated a
Privacy Contact Officer in Governance Services to facilitate
the implementation of IS42 at QUT. Specific responsibilities
of the Privacy Contact Officer include:

• maintenance of QUT’s privacy plan;
• training and advisory services, including the develop-
ment of a strategy for regular training of staff on their re-
sponsibilities in areas of high privacy risk;
• provision of assistance for the development of privacy
notices; and
• receipt of privacy complaints.

 Collection of personal information
Personal information must be collected only where neces-
sary and relevant to QUT’s functions and activities and in
accordance with other privacy collection principles. The head
of an organisational unit responsible for functions or activities
requiring the collection of personal information must:

• regularly review data collection activities to exclude col-
lection of personal information which is irrelevant to the
business process or where there is no specific and im-
mediate use for the information collected;
• develop appropriate privacy notices when collecting in-
formation directly from the person concerned, irrespec-
tive of the means by which personal information is
collected;
• ensure that collection methods adopted meet require-
ments for fairness, and are non-intrusive (in particular, in
the context of logging network or IT activities);
• determine whether recording names or other identifying
details is necessary to perform the function or activity.

Special considerations apply to data collection practices in
the context of human research. In particular, the principle of
informed and voluntary consent should form the basis of data
collection practices in human research, and when properly
applied, is consistent with privacy principles. For further de-
tails, refer to policy on research involving the participation of
humans and supporting guidelines.

 Access and security for personal information records
The implementation of adequate security safeguards is a
significant means of protecting personal privacy. Reasonable
measures must be put in place to prevent unauthorised ac-
cess, loss, disclosure or misuse of personal information. De-
tailed arrangements for management of information security
generally are found in the information security policy.

For personal data in information systems, the data custodian
has formal responsibility for implementing adequate security
measures to protect privacy. Additionally, the data custodian
determines user access levels for the dataset or system,
though the decision to grant access to individual staff may be
delegated. Access rights should be formally documented and
reviewed periodically. The data custodian is also responsible
for implementing appropriate mechanisms to revoke access
to personal information data or records when access is no
longer necessary or appropriate, for instance, in the case of
a change in position or formal responsibilities, or termination
of employment. In regard to local files and records, security
procedures and management of access are the responsibility
of the head of the organisational unit.

The head of the organisational unit is responsible for ensur-
ing that personal information records held in physical or hard
copy files and records is also secured. Physical security
strategies may include restricting building and work area
access, ensuring facilities (offices, filing cabinets or other
storage facilities) are locked when not in use, and imple-
menting ‘clean desk’ procedures.

In addition, good records management practices for physical
files, for instance recording file movements, undertaking file
audits, placing appropriate security classifications on files,
and managing records retention, are designed to safeguard
against loss or unauthorised access. Care must be taken to
ensure secure and confidential destruction of records con-
taining personal information (which may only be undertaken
in accordance with authorised disposal schedules). Refer to
QUT’s records management policy and supporting proce-
dures.

Individual staff are entitled to access personal information
records (irrespective of format) only where there is a legiti-
mate need to do so, and only to the extent required to per-
form the staff member’s duties (the ‘least privilege’ principle).
Additionally, individual users of QUT’s personal information
datasets and systems must take reasonable precautions to
safeguard their access to these systems, such as the protec-
tion of passwords. Individual user responsibilities for security
are outlined in QUT’s Information Facilities Rules.

Use of personal information records
Privacy obligations impose the following requirements in re-
lation to the use by the University of personal information
held in QUT records and datasets:

• the requirement to take reasonable steps to ensure that
information is accurate, up-to-date and complete before
it is used, since it is important that decisions or actions
by the University are based on accurate and complete
facts. This responsibility rests with the relevant data cus-
todian or head of the organisational unit in which the
personal information is held;
• the requirement to use information only in circumstances
where it is relevant, and provided that it is used only for
the purpose for which it has been collected or a directly
related purpose. This is the responsibility of all staff.

There are several recognised but limited exceptions to the
restrictions on use of personal information and further guid-
ance on use of personal information for other purposes is available from the Privacy Contact Officer.

Prohibition on disclosure of personal information

Staff must not disclose personal information to individuals or organisations outside the University. Disclosure refers to release of personal information out of the effective control of the University (that is, to a body, agency or person separate from the University).

Exceptions relating to disclosure of personal information

In extremely limited circumstances, disclosure of personal information in the following circumstances may not be a breach of privacy.

Consent

Personal information may be disclosed where the individual concerned has consented to that disclosure. Consent must be expressly given and it is expected that the consent will be in writing. In limited circumstances, verbal consent may be acceptable if it is verifiable and the disclosure is clearly in the best interests of the individual. Staff proposing to release information where the consent is not in writing must discuss the circumstances with the Privacy Contact Officer before disclosure occurs.

Implied consent must not generally be relied upon as a basis for disclosure. Where a person seeks personal information as a representative or agent of another, then documentation confirming the scope of the agent's authority should be obtained before release of any personal information held by the University.

Previous provision of a privacy notice

Personal information may be disclosed where individuals have been informed of the usual practices for disclosure.

Other situations

In rare circumstances, disclosure of personal information may also be permitted where:

- disclosure is necessary to prevent or lessen an imminent and serious threat to a person's life or health;
- disclosure is required by law (for example, if the University's records are subpoenaed, or if there are statutory requirements to provide information to a government department such as the Australian Taxation Office, Centrelink, or Department of Education, Science and Training);
- disclosure is necessary for enforcement of criminal or other laws imposing penalties such as fines.

Any request or proposal to disclose personal information in these situations must only be undertaken in compliance with protocols issued by the Registrar, or following discussions with the Privacy Contact Officer confirming that disclosure is necessary and acceptable under privacy principles.

Register of graduates

Privacy principles do not apply to material which is maintained on a public register. Given that one of QUT's primary functions is to confer higher education degrees and awards, QUT maintains a register of its graduates (including of predecessor institutions) in the student management system. Information concerning a person's status as a graduate of the University is available to any member of the public upon formal request to the Student Business Services Depart-
Contracts involving personal information

Contractual arrangements entered into by the University may involve access to or use of personal information owned or held by QUT. Typically these arrangements may outsource routine support functions, though some contractual arrangements may also relate to commercial research and consultancies.

Any contract which is entered into by the University must place appropriate safeguards on protection of personal privacy, since contractual arrangements do not alter or eliminate QUT's obligations for protection of personal information. It is the responsibility of the senior officer who has delegated authority to enter contracts and commercial arrangements, to ensure that privacy risks are adequately addressed and that QUT's privacy obligations are appropriately incorporated into the formal terms of the contract where necessary. For further information, refer to QUT's policy on management of contracts and MOUs (G/6.1). Queries concerning appropriate contractual provisions covering QUT's privacy obligations may be directed to the Privacy Contact Officer or the Office of Commercial Services.

Equal opportunity and diversity policy

QUT’s vision, goals and organisational values (A/2.1) reflect a belief in the crucial role of knowledge in understanding and improving the human condition.

Consistent with its vision, goals and organisational values, QUT will infuse social justice philosophy and practices into all aspects of its activities. Such embedding enhances the University's core business, as well as enhancing the opportunities of disadvantaged students and staff.

Informed by global standards of justice and fairness (eg UN/ILO Conventions), the University’s pursuit of social justice is underpinned by a commitment to equal opportunity and diversity.

Thus, QUT aims to:
- respect and protect the rights of its students and staff;
- promote a fair and inclusive educational and work environment;
- ensure its graduates possess a sense of social and ethical responsibility; and
- contribute to the social well-being of Brisbane, Australia and other nations.

Rights and responsibilities

All students and staff have individual rights
- to be treated fairly by the University and by each other; and
- to study and work in an environment free from discrimination and harassment.

To respect and protect these rights, QUT will
- educate and inform members of the University community about their rights and responsibilities (see QUT Code of conduct and QUT Student Charter);
- review and reform University practices to ensure they are inclusive and non-discriminatory; and
- administer grievance resolution procedures (see A/6.1).

Inclusive environment and culture

The student and staff body should reflect the cultural and social diversity of the community. Therefore, under-represented and disadvantaged groups will have particular outreach and recruitment strategies, especially students and staff who are Indigenous, low-income students, rural students, and students and staff with a disability.

All students and staff should experience a sense of belonging which arises from an inclusive learning and working environment which respects diversity. Therefore, learning experiences, on-campus services and administrative procedures for students, as well as career development and management practices for staff, will be fair.

With regard to equal opportunity, QUT acknowledges that treating all people in the same way does not necessarily result in fairness or equality. To promote equality of outcomes for staff and students, the University recognises that social disadvantage creates barriers to success, and that targeted attention to overcome these barriers is a necessary precursor to true equality. Thus, the University's equal opportunity activities encompass particular support and assistance measures for students and staff in equity groups at QUT.

The objective is for the pass rates, attrition rates and satisfaction levels of students in equity groups to be comparable with those of other students, and for promotion rates, resignation rates and satisfaction levels of staff in equity groups to be comparable with those of other staff.

Knowledge and community

As an institution whose core business is knowledge, QUT has a unique role to play in both the social justice knowledge and skills which graduates acquire, and the social justice aspects of research.

Graduates of QUT will have a sense of social and ethical responsibility, and an understanding of Indigenous and international perspectives (see C/1.4). QUT courses will be characterised by content, pedagogy and assessment embedded with Indigenous perspectives, inter-cultural perspectives, and an understanding of social justice. Students in their work-integrated learning and community engagement / service learning activities should have opportunities to engage with disadvantaged and marginalised communities.

Staff at QUT will ensure that their research activities include a positive impact on disadvantaged and marginalised groups in the broader community.

The University's community engagement activities will reflect its civic responsibility and be inclusive of culturally and socially diverse communities.

With regard to public policy, the University will contribute its knowledge, analytical skills and ideas through public debate and consultancies which include a social justice perspective.

Planning

To give effect to its social justice policy aspirations, QUT will infuse equity considerations into its planning, reporting and accountability arrangements. Priority issues, such as dealing with student poverty or supporting staff and students who identify as lesbian, gay, bisexual, transgender, intersexed or queer (LGBTIQ), will be determined from time to time.

Training and awareness-raising programs and appropriate resourcing will be available to inspire and enable staff and students to engage with social justice activities. Reward and recognition schemes will acknowledge the equity-related achievements of staff and students.

Faculty of Built Environment and Engineering

Entry Programs (International)
QC01 Foundation Program (1 Semester)
QC02 Foundation Program (2 Semesters)
QC03 Bridging Program
QC04 Extended Foundation Program (3 Semesters)
QC10 English for Academic Purposes for degree programs
QC20 General English
QC21 General English Extension
QC22 English for Tertiary Preparation

Diploma
CE35 Associate Degree in Civil Engineering/Bachelor of Technology (Civil)
ME37 Advanced Diploma in Engineering (Mechanical)/Bachelor of Technology (Mechanical)

Bachelor Degree
AR48 Bachelor of Architecture
BN31 Bachelor of Built Environment (Architectural Studies)
BN31 Bachelor of Built Environment (Industrial Design)
BN31 Bachelor of Built Environment (Interior Design)
BN31 Bachelor of Built Environment (Landscape Architecture)
BN31 Bachelor of Built Environment (Urban and Regional Planning)
CE33 Bachelor of Technology (Civil)
CE35 Associate Degree in Civil Engineering/Bachelor of Technology (Civil)
CE44 Bachelor of Engineering (Civil)
CE46 Bachelor of Engineering (Civil and Environmental Management)
CN51 Bachelor of Applied Science (Construction Management)
CN53 Bachelor of Applied Science (Quantity Surveying)
CN54 Bachelor of Property Economics
DE40 Bachelor of Design (Architectural Studies)
DE40 Bachelor of Design (Industrial Design)
DE40 Bachelor of Design (Interior Design)
DE40 Bachelor of Design (Landscape Architecture)
EE41 Bachelor of Engineering (Electrical and Computer Engineering)
EE46 Bachelor of Engineering (Computer Systems)
EE47 Bachelor of Engineering (Telecommunications)
EE48 Bachelor of Engineering (Aerospace Avionics)
EN40 Bachelor of Engineering (Aerospace Avionics)
EN40 Bachelor of Engineering (Civil and Construction)
EN40 Bachelor of Engineering (Civil and Environmental)
EN40 Bachelor of Engineering (Civil)
EN40 Bachelor of Engineering (Computer Systems)
EN40 Bachelor of Engineering (Electrical)
EN40 Bachelor of Engineering (Infomechatronics)
EN40 Bachelor of Engineering (Mechanical)
EN40 Bachelor of Engineering (Medical)
EN40 Bachelor of Engineering (Telecommunications)
EN40 Bachelor of Engineering - Dean's Scholars Program
IX25 Bachelor of Engineering (Software Engineering)
ME36 Bachelor of Technology (Mechanical) Conversion Program
ME37 Advanced Diploma in Engineering (Mechanical)/Bachelor of Technology (Mechanical)
ME40 Bachelor of Engineering (Infomechatronics)
ME41 Bachelor of Engineering (Mechanical)
ME41 Bachelor of Engineering (Mechanical) Conversion Program from Bachelor of Technology
ME36/ME37
ME48 Bachelor of Engineering (Medical)
PS47 Bachelor of Surveying
UD40 Bachelor of Urban Development (Construction Management)
UD40 Bachelor of Urban Development (Property Economics)
UD40 Bachelor of Urban Development (Quantity Surveying)
UD40 Bachelor of Urban Development (Spatial Science)
UD40 Bachelor of Urban Development (Urban and Regional Planning)

Bachelor Degree (Double)
IF21 Bachelor of Engineering (Electrical)/ Bachelor of Mathematics
IF28 Bachelor of Engineering (Electrical)/Bachelor of Business
IF59 Bachelor of Engineering (Electrical)/Bachelor of Information Technology
IX28 Bachelor of Business / Bachelor of Engineering

Graduate Certificate
BN85 Graduate Certificate In Built Environment and Engineering
CN81 Graduate Certificate in Project Management
CN90 Graduate Certificate in Property Economics
IX97 Graduate Certificate In Research Commercialisation
ME75 Graduate Certificate in Engineering Management
PS75 Graduate Certificate in Landscape Techniques
PS82 Graduate Certificate in Planning Studies

Graduate Diploma
AR61 Graduate Diploma in Industrial Design
AR62 Graduate Diploma in Interior Design
CN64 Graduate Diploma in Project Management
CN91 Graduate Diploma in Property Economics
DB69 Graduate Diploma in Urban Design
EE67 Graduate Diploma in Computer and Communications Engineering
PS66 Graduate Diploma in Landscape Architecture
PS72 Graduate Diploma in Urban and Regional Planning
PS74 Graduate Diploma in Geomatics
PS78 Graduate Diploma in Geographic Information Systems

Masters Degree (Coursework)
BN87 Master of Engineering Management
BN88 Master of Infrastructure Management
BN89 Master of Project Management
CE74 Master of Engineering Science (Civil Engineering)
CE75 Master of Engineering Science (Civil Engineering Studies)
CN77 Master of Project Management
CN92 Master of Property Economics
DB73 Master of Built Environment (Urban Design)
DE50 Master of Design (Urban Design)
EE74 Master of Engineering Science (Computer and Communications Engineering)
EE77 Master of Engineering Science (Electrical Engineering Studies)
EN40 Bachelor of Engineering - Dean's Scholars Program
EN50 Master of Engineering (Systems)
ME76 Master of Engineering Management
ME80 Master of Engineering Science (Mechanical Engineering Studies)
PS70 Master of Urban and Regional Planning
PS71 Master of Landscape Architecture
UD50 Master of Urban Development (Urban and Regional Planning)

Masters Degree (Research)
BN71 Master of Applied Science (Research)
BN72 Master of Engineering

Doctoral
CN89 Doctor of Project Management
IF49 Doctor of Philosophy (Built Environment, Engineering)

Study Abroad (Non-degree)
NA05 International Visiting Students
NA06 International Visiting Students

University wide unit sets
  Unit sets: Accounting and Economics

  Unit sets: Physical and Chemical Sciences
  Unit sets: Science
  Unit sets: Society and Culture
OVERVIEW

QUT’s Built Environment and Engineering Faculty is all about changing and growing to better meet the needs of students, industry and the professions.

The real-world does not stand still and neither do our courses. Industry partners and professional bodies are closely involved in our course development and are increasingly demanding graduates with more breadth and superior skills in dealing with clients and other professionals.

We work hard to ensure all courses are fully recognised or accredited both in Australia and overseas. Sometimes this puts limits on how much choice students have in what they study, but wherever possible we encourage you to broaden your core studies with subjects from across the Faculty or other QUT faculties.

Depending on your course you can choose an eight unit second major or a four unit minor in another field. The Faculty has packaged up a range of second majors and minors that ensure you get a rich and meaningful depth of knowledge in a complementary area rather than skating over the surface of the discipline.

Undergraduate courses are grouped around three broad themes with course structures that maximise interaction:

**Bachelor of Design**
- Architecture
- Interior Design
- Industrial Design
- Landscape architecture

**Bachelor of Urban Development**
- Construction management
- Property economics
- Quantity Surveying
- Urban and Regional Planning
- Spatial Science

**Bachelor of Engineering**
- Aerospace Avionics
- Civil
- Civil and environmental
- Civil and construction
- Computer systems
- Electrical
- Infomechatronics
- Mechanical
- Medical
- Telecommunications

These courses are supported by an extensive research base in the Faculty that is grouped around core themes of medical engineering, smart systems, sustainability and infrastructure. Our research focuses on problems that need to be solved and brings together brilliant people with diverse backgrounds to find new answers. The Faculty is a key player in QUT’s research institutes for Sustainable Resources and Health and Biomedical Innovation.

The Faculty has formed partnerships with a range of high-profile organisations including Shell, Brisbane Airport Corporation, Brisbane City Council, CSIRO, QRAIL and Queensland Government. Our partners provide living laboratories for our research and bring their experience to bear through part-time teaching or hosting students undertaking internships and practicums.

A number of the professional bodies that accredit our courses set minimum requirements for practical experience that students must have achieved by the time they graduate. For example, Engineering students complete at least 60 days approved real-work experience and Spatial Science students must have 90 days of such experience. Students complete their work experience through the Faculty’s Work Integrated Learning (WIL) programs. These combine university study with real work experience.

Courses in Design and Urban Development can also include opportunities to work on real-world projects. Student work in planning and design regularly win industry awards and competitions.

**SENIOR STAFF**

**Faculty Office**

*Executive Dean:* Professor M. Betts, BSc (Hons) Reading, PhD CNA, FRCI, FRIC, FIEAust, FSA, CEng

*Assistant Dean, Teaching and Learning:* Professor S. Savage, BArch (Hons) MArch Qld, DipAdultVocEd Griff.

*Assistant Dean, Research:* Professor J.M. Bell, BSc(Hons) Syd., PhD NSW, FIEAust, MAIP, CEng

*Assistant Dean, External Relations:* Professor D. Buisson, BSc MSc(Class 1 Hons) PhD Auck., SM (Management) Massachusetts

**School of Design**

*Head:* Professor J. Frazer, AA Dipl, MA Cambridge, FCSD, FRSIA

*Professors:* J. Birkeland, BA (Fine arts), MA (Arch), JD (Law), PhD (Sustainability)

R. Drogemuller, BArch BAppSc (Maths & Comp)

G. Lee, DipID RMIT, MLAarch Melb., PhD RMIT

V. Popovic, GradEngArch Belgrade, MFA(IndDes) Ill., PhD Syd., FDIA, MHFS, MAES, MDRS

*Associate Professors:* L. Buys, BS W.Virginia, GradDip N.Colorado, MA S.Illinois, PhD N.Colorado, Fellow Australian Association of Gerontology

N. Demirbilek, BArch MAarch PhD (BldSci) METU

J.M. Franz, BAppSc(BtEnv) QIT, DipTeach TAFE, MEEdSt Qld, PhD QUT, MDIA (Accredited Designer), RegTeach (Qld)

**School of Urban Development**

*Head:* Associate Professor S. Rajeshwar, BEng(Civil), GradDip ProjMgt, MBuiltEnv(ProjMgt) PhD QUT, MIEAust, CPEng, MAIP, RPEQ

*Professor of Infrastructure Management:* A. Kumar, BTech IIT Delhi, MSCE Purdue, GradDipMgt

*Chair in Transport Efficiency:* L. Ferreira, BSc Lond., MSc Westminster, PhD Leeds, FIEAust, FCIT

*Professors:* S. Dhanasekar, BE (Civil), M Tech (Structures), PhD, MIEAust, CPEng, MIEind, RPEQ

M. Mahendar, BScEng (Hons) Moratuwa, PhD Monash, MIEAust, CPEng

R.M. Skitmore, MSc PhD Salford, FRICS, MCIOM, FAIB, AAIQS

D.P. Thambiratnam, BScEng (Hons) Ceyl., MSc PhD Malaysia, FICE, FIEAust, FASCE, CPEng

J. Yang, BEng DUT China, PhD QUT
**Associate Professors:**
D. Baker, BGeog/EngLit, MResMgt SFU, PhD Waterloo
A. Goonetilleke, BSc (Eng) S. Lanka, MSc Griff., PhD QUT, CEng, FIEAust
P. Heywood, BA(Hons) Ox., DipTP Man., MRTPI, FRAPI, LGP(Qld)
B. Trigunarsyah, BScEng Colorado School of Mines USA, MSc ConstrucMgt UOI, PhD Melb.

**School of Engineering Systems**

**Head:** Professor D.J. Hargreaves, BE(Mech) QUT, MSc PhD Leeds, CEng, RPEQ, FIEAust, EngExec, MIMechE, MISTLE, MASSCT, MAEAE, MAICD, NPER

**Professor and Chair in Traumatology:** Dr. M.A. Schütz, DrMed RWTH Aachen, DrMed Habil HU Berlin, FRACS, FAAO, MDGC, MDGU

**Professor and Chair in Orthopaedic Research:** R.W. Crawford, FRACS(Orth), MAOA

**Professor in Power Engineering:** A. Ghosh, BE(Elec) ME(Elec) Calcutta, PhD Calgary, FIEEE, FIEE, FIE

**Professor and Chair in Regenerative Medicine:** D.W. Hutmacher, MBIomedEng, PhD NUS, MBA Henley, MITES, METES, MIB, MAO

**Professor and Chair in Power Engineering:** G. Ledwich, BE(Hons) Old, PhD Newcastle(NSW), FIEAust, SMIEEE

**Professor in Medical Engineering:** V.O.A. Oloyede, BSc(Mech)(Hons) Lagos, MSc(Materials) Cranfield, PhD DIC ImpCol, GradCert(HigerEd) QUT, MNSE, MNYAS, MAAAS

**Professor of Biomedical Engineering:** M.J. Pearcy, BSc Brst., PhD Strath., CEng, CEng(Biomed)

**Professor in Smart Systems:** P. K.V.D Yarlagadda, BTech(Mech) Nagarjuna, ME(Prod.Eng) Bharathiar, PhD IIT, FIEAust, FIE, SMSME, MASME, MIMechE, MSPE

**Professors:**
M. F. Breton, BSc(Mech)(Hons) Brst., MSc(Tech&Policy), MSc(Eng) M1T, PhD Stanford
P.J. O’Shea, BE(Elec)(Hons), DipEd, PhD Old, SMIEEE
S. Sridharan, BSc(Elec) Ceyl., MSc(Comm) Manc., PhD Old, SMIEEE
T.A. Steinberg, BEngSci(Mech) MEngSci(Mech) PhD NMSU USA, CEng, RPEQ, SMIEEE, MASTM, MSA
C.C. Tan, BSc(Mech)(Hons) PhD Westminster, CEng, MIMechE, FIEAust, MIM
R.A. Walker, BE(Elec)(Hons) BAppSc(Comp) PhD QUT, MIEE, MSEA, MION, MAUJSI, MAIAA

**Associate Professors:**
C. Adam, BE(Mech)(Hons) PhD James Cook, Grad-Cert(HigerEd) QUT, CEng, CNAE, NPER, MIRSSD
W. Boles, BSc(Elec) Assiut, MSc(Elec) PhD Pitt., Grad-Cert(HigerEd) QUT, MIEE, AIPRS, MIAEust, MIAEE
D. Campbell, ADElecEng QT, BSc(Elec)(Hons), PhD La Trobe, MIEAust, MIEE, MAEAE

**RESEARCH THEMES**

**Design**

Design concentrates on investigation of people-systems-environments relationships and provides new knowledge and innovation beneficial to their users. Research in design fields improves the quality of work and life and brings social and economic advantages to the industry and community. Design incorporates research in:

- Architecture
- Industrial Design
- Interior Design
- Landscape Architecture
- Urban Design
- Centre for Subtropical Design.

The theme is cross/inter – disciplinary related with relevant DESIGN fields and the other three Faculty Research Themes: Infrastructure, Smart Systems and Medical Engineering. It has links across the University community and Institutes – Institute for Health and Biomedical Innovation (IHBI), Institute for Creative Industries Innovation (ICI), Information Security Institute (ISI), Institute for Sustainable Resources and relevant Collaborative Research Centres (CRC) – ACID, Construction and Innovation and AHURI.

**Research focus within the theme includes:**

- Colour and light
- Cultural landscapes
- Design Education and Design Theory and Methodology
- Design Tools
- Human-Centred Design Research and Usability
- Person-Environment Studies
- Sustainable Systems
- Virtual prototyping.

**Medical Engineering**

This theme develops and promotes the use of engineering and technology, often in collaboration with surgeons, to provide new techniques, materials, devices, procedures and manufacturing techniques for medical devices. Medical Engineering is based largely on core mechanical and electrical engineering skills applied to problems in medicine. The applied research is based on a strong foundation of knowledge in biomechanics, fluid mechanics and automation and control, but incorporates knowledge in cell biology, human anatomy and physiology. New knowledge is being developed and applied to the full range of orthopaedic diseases and injury (such as knee and hip replacements, fractures and spinal deformities), other diseases such as heart failure, and to provide improved quality of life for people with disabilities. The theme includes research in the following areas:

**Orthopaedic and Trauma**

Orthopaedics and Trauma Queensland incorporates programs of research collaboration with hospital partners. Key research is conducted in bone and cartilage diseases; bone and cartilage substitute systems; bone fracture healing; spinal surgical procedures; and osteoporotic bone and crush fractures.

**Artificial Organs**
This area of research investigates non-biological replacement organs, for example, artificial heart; congestive heart failure; and impaired function of other organs.

**Compression Bandaging**

This research project aims to gain a better understanding of the clinical application of pressure bandaging to develop improved bandaging techniques and clinical practice.

**Smart Systems**

**Asset Management**

Infrastructure research, in collaboration with industry, government and professions, aims to strengthen the nation's building and infrastructure systems. Research concentrates on investigating the performance of existing and new building and infrastructure systems under realistic structural and environmental loadings including those due to natural, accidental and man-made hazards. It uses smart materials, systems and technologies, and advanced computer analysis and test methods to assess and improve the performance of existing and new building and infrastructure systems.

Asset Management research focuses on innovative industry-directed research and development, education and commercialisation in an integrated approach to lifecycle physical asset management to meet present and future needs to ensure international competitiveness and sustainability of Australian industry. The overall research program will be focused on five main industry sectors: Defence, Water and Waste, Power Generation and Distribution, Extraction and Process, and Transport Infrastructure.

This research is closely aligned to the CRC for Construction Innovation and the CRC for Integrated Engineering Asset Management (CIEAM).

**Robotics and Automation**

The Robotics and Automation program is focused on world-class research on robotics and navigation systems for unmanned aerial vehicles, and involves collaboration with CSIRO and Boeing. However similar automation strategies and technologies are used in a variety of control applications such as energy network control, and information and communication technologies and systems, and satellites. Much of the work in this group will be conducted through the newly formed Australian Research Centre for Aerospace Automation (ARCAA).

**Speech and Signal Processing**

This program conducts internationally competitive research in order to solve practical problems, which enable Speech and Signal Processing to be applied in products and processes. Research focuses on, state-of-the-art speech audio and video technologies including speech/speaker recognition and personal identification technologies for forensic and security applications; speech coding for storage and communication; speech synthesis for voice response systems; audio compression for broadcasting, television and Internet applications, video compression, and image recognition and restoration. Researchers in this area are supported by the CRC for Advanced Automotive Technology and the Information Security Institute.

**Infrastructure**

Energy The provision of sustainable energy supplies is of critical importance to the future of Australia, and this research involves experimental and theoretical research on solar cells, wind energy and solar thermal energy generation as well as fundamental research on energy supply networks, including distributed generation technology and energy policy. This research is conducted in collaboration with energy utilities and the Queensland Sustainable Energy Industry Development Group, and is a key component of the Institute for Sustainable Resources.

**Water**

The supply of fresh water and the quality of water supply are key issues facing Australia over the next 20 years, and this research looks at water re-use technology and policy. The research is practically focused with significant collaboration with local government and industry in South-East Queensland. Research in the Faculty links strongly with research in the Faculties through the i-water initiative of the Institute for Sustainable Resources.

**Transport**

The aim of this program is to focus research effort in the freight and logistics area with an emphasis on multimodal transportation systems. The main research areas include freight vehicle impacts, freight and logistics e-business systems, freight corridor evaluation analysis, ITS applications in freight and logistics, emissions modelling, transit evaluation methodologies, rail track modelling and analysis, and intermodal terminal planning and operations.

**Housing and Construction**

This research makes contributions to improved practice in the specific areas of housing, urban planning, international project management, construction and property performance, construction information and procurement technologies, and property market choice, investments, constraints opportunities, internationalisation, taxation, lifecycles, risk and culture. Much of the research in this area is supported by the Australian Housing and Urban Research Institute, the CRC for Construction Innovation and the Construction Industry Institute of Australia.

**Cooperative Research Centres (CRCs)**

The faculty is also involved in the following Cooperative Research Centres (CRC) and externally-funded collaborative research ventures:

**CRC for Construction Innovation**

The Centre aims to create and commercially exploit tools, technologies and management systems to deliver innovative constructed assets of financial, environmental and social benefit to the community. The centre combines basic research with strategic research and development in five related programs: virtual environments for lifecycle design and construction; construction project delivery strategies; environmental sustainability; integrated design and construction support systems; and management, adaptability and the future of built assets.

**CRC for Integrated Engineering Asset Management**

The CRC for Integrated Engineering Asset Management (CIEAM) delivers capabilities and technologies for integrated and sustainable asset management to a wide range of Australian industries in both the private and the public sectors. CIEAM consists of leading edge researchers and practitioners focused on industry directed R&D and education in the management of Australia’s major engineering assets in the Defence, Utilities (power, water and gas), Process and extraction, and Transportation industries. CIEAM involves five research program areas. These are Models and decision systems, Advanced sen-
sors, Intelligent diagnostics and life prediction, Systems integration and IT, and Strategic human dimensions.

**CRC for Railway Engineering and Technologies**
The Centre aims through research to develop an internationally competitive, efficient and sustainable rail industry and to facilitate the development of an Australian export industry in railway technologies. Benefits will flow in terms of improved rail efficiency and infrastructure capacity, energy savings, reduced maintenance cost, and better asset utilisation. The main research areas include 'Smart train' intelligent systems; innovative/automated maintenance and upgrading technologies; optimal traffic control and scheduling; IT systems and standards for rail management; new materials, systems and components for railways; and industry skills development (education and training).

**CRC for Advanced Automotive Technology**
The CRC for Advanced Automotive Technology brings the automotive industry together with researchers in design, engineering and manufacturing to enhance the industry's international competitiveness. The aim of the research is to reduce the concept-to-product cycle times; improve manufacturing flexibility and efficiency; and the development of new material systems to meet the challenges of weight reduction, increased safety and greater functionality. The CRC will also improve vehicle safety through improvements in the crash worthiness of vehicles and new intelligent products/systems that provide increased comfort, performance and entertainment.

**Australian Housing and Urban Institute (AHURI)**
The Institute is a consortium of CSIRO Division of Building, Construction and Engineering; Queensland University of Technology; University of Queensland; Monash University; and Royal Melbourne Institute of Technology (RMIT). Its broad objective is to conduct research into issues in housing and urban fields in Australia and the Asia-Pacific region.

**Centre for Subtropical Design**
The Centre for Subtropical Design is collaboration between QUT, the Brisbane City Council and the Office of Urban Management, focussing on sustainable development of the subtropical urban environment. This Centre will promote high quality planning, design and development that responds to the City of Brisbane and South-East Queensland region's cultural, landscape, and climatic characteristics in ways that are sustainable and enhance the enjoyment of the region's subtropical lifestyle.

**Queensland Sustainable Energy Industry Development Group**
This group, formed in 2004 by QUT, the University of Queensland, Central Queensland University, Stanwell Corporation, CS Energy, and the Queensland Conservation Council, is continuing the work of the Australian CRC for Renewable Energy in areas of energy policy, training for the sustainable energy industry (supply and use), and renewable energy technology.

**Australian Centre for Tropical Crops and Biocommodities**
This Centre is the research division of the former Sugar Research Institute which transferred to QUT in July 2005. This Centre conducts research into the post-harvest processing and economics of sugar cane and has a particular expertise in milling technology (mechanical engineering and computational fluid dynamics modelling), separation science, and total biomass utilisation, in particular the transformation of sugar cane waste into biofuels (ethanol) and biopolymers to provide renewable fuels and industrial chemicals.

**Australian Research Centre for Aerospace Automation (ARCAA)**
ARCAA was formed in 2006 as collaboration between CSIRO and QUT to promote the safe and efficient operation of Unmanned Vehicles in controlled airspace. The Centre is constructing a new research facility at Brisbane Airport where major programs on UAV navigation and collision avoidance, risk management and applications of UAV technology in areas as diverse as border security, vegetation management, and disaster recovery will be conducted.

**Medical Engineering Research Facility (MERF)**
The Medical Engineering Research Facility is a new $10 million facility being constructed at the Prince Charles Hospital to provide state-of-the-art research and education facilities in orthopaedic research.

**Australasian CRC for Interaction Design (ACID)**
ACID is the leader in research and development in interaction design – using new technologies to work, live, learn and play. It builds on the strengths of more than 20 educational and corporate partners and is active internationally through new industry and university partnerships. ACID’s research themes – Virtual Heritage, Smart Living, Digital Media, Multi-User Environments and New Models of Advertising for Interactive Television – build connections between consumers and industry, content and application developers, software system developers and hardware manufacturers.

**Construction Industry Institute of Australia (CIIA)**
The Construction Industry Institute, Australia (CIIA) gives members the opportunity to access worldwide leading edge research and implement outcomes before others. Its vision is to create national wealth through innovative design, construction, engineering and management of sustainable built assets. CIIA’s mission is to undertake applied research, implementation and research training in the engineering, construction and property industries for the purpose of advancing knowledge, creating national wealth and providing a competitive advantage to Australian business in the national and international market place. The CIIA believes that wealth creation and industry improvement can best be achieved by collaboration between all parties involved in the project delivery process. Applied research projects are used as the bridge to bring together the participant, particularly clients and service providers, to generate creative ideas and undertake leading edge research that results in major breakthroughs which add significant value to members and Australian industry. The CIIA is part of an international network of similar institutes based at universities in the United States, Europe and Australia and more recently, in South East Asia. The goal of these Institutes is to undertake research to create value and stimulate industry change, and create a work environment that fosters innovation. They achieve this by bringing together researchers and industry participants in multi-disciplinary task forces focussing on programs of applied research and by providing their members with a forum for local, regional and international debate. The Institutes also collaborate with a wide range of sister research organisations across the world.

☐ Notes for BEE undergraduate courses
Course progression
It is important that students follow as normal a progression through their courses as possible. Units should be taken in an orderly sequence as set out in published course structures. Units failed should be picked up in the next semester that they are offered. Prerequisite units must normally be passed before a student may proceed to a further unit which has the prerequisite so specified. The course coordinator should be consulted regarding variations from the course structure. Students who have failed units, or have doubts about having the necessary background to proceed, should seek the advice of the course coordinator.

Limit of Grades of 3
Students enrolled in courses within the Faculty of Built Environment and Engineering can achieve a maximum of 12.5% of total course credit points at a grade of 3. In practice this means that students enrolled in a 4 year course can achieve a maximum of 4 grades of 3. If a student exceeds the limit of grades of 3 they must consult with their course coordinator or subject area coordinator to determine what action needs to be taken to meet the requirements for graduation.

Supplementary assessment
Students may be granted up to two supplementary assessments in the final 96 credit points of study, for coursework programs of three or more years full-time duration or equivalent; and one supplementary assessment in the final 48 credit points for coursework programs of less than three years full-time duration or equivalent.

Eligibility for supplementary assessment will be determined by the Dean and will normally only be considered when a student receives a grade of 2 in a unit where a 3 is required for course completion or a grade of 3 in a unit where a 4 is required for course completion. The only grade that will be recorded following supplementary assessment is S3 (pass supplementary) and S2 (fail supplementary).

Awards with honours
Honours may be awarded to graduands of the Bachelor of Architecture, the four-year single degree and five-year double degree Bachelor of Engineering and Surveying courses, the four-year Bachelor of Applied Science courses in Construction Management and Quantity Surveying, and the Bachelor of Property Economics. First class honours, second class honours division A and second class honours division B may be awarded. Candidates for a degree ‘with distinction’ must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

Eligibility for ‘With Distinction’
See Eligibility for honours.

With Distinction based on grade point average
The Built Environment and Engineering Academic Board has resolved that awards ‘with distinction’ will be based on grades achieved by students throughout the whole of their course as determined by the grade point average calculation.

The GPA calculation includes all attempts at units which are awarded a numeric grade, or the result ‘Withdrawn — Failure’ (which is converted to a grade of 1).

Students obtaining a GPA of 5.5 or greater will normally qualify for the award of second class honours division A. Students obtaining a GPA of 5.0 to 5.49 will normally qualify for the award of second class honours division B.

Students enrolled in double degrees must obtain the required GPA in the Engineering degree component to be eligible for Honours.

Awards with distinction
Awards ‘with distinction’ may be awarded to graduands of the three-year single degree courses and the graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a degree ‘with distinction’ must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

Eligibility for supplementary assessment
Supplementary assessment is determined by the Dean and will normally only be considered when a student receives a grade of 2 in a unit where a 3 is required for course completion or a grade of 3 in a unit where a 4 is required for course completion. The only grade that will be recorded following supplementary assessment is S3 (pass supplementary) and S2 (fail supplementary).

Awards with honours
Honours may be awarded to graduands of the Bachelor of Architecture, the four-year single degree and five-year double degree Bachelor of Engineering and Surveying courses, the four-year Bachelor of Applied Science courses in Construction Management and Quantity Surveying, and the Bachelor of Property Economics. First class honours, second class honours division A and second class honours division B may be awarded. Candidates for a degree ‘with distinction’ must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

Eligibility for ‘With Distinction’
See Eligibility for honours.

With Distinction based on grade point average
The Built Environment and Engineering Academic Board has resolved that awards ‘with distinction’ will be based on grades achieved by students throughout the whole of their course as determined by the grade point average calculation.

The GPA calculation includes all attempts at units which are awarded a numeric grade, or the result ‘Withdrawn — Failure’ (which is converted to a grade of 1).

Students obtaining a GPA of 5.5 or greater will normally qualify for the award of with distinction.

Dean’s list
The Dean’s List comprises students who have achieved a GPA of 6.50 or more within a semester. These students receive a certificate in recognition of their achievement.

Use of calculators in examinations
Restrictions apply on the use of calculators in examinations. Students should consult their unit coordinator for details.

Field trips
Attendance at field trips or field projects in engineering and surveying/mapping courses is compulsory.

Personal Protection Equipment (PPE) Policy
Protective equipment refers to safety glasses/goggles, hearing protection, safety boots, gloves and similar items. While all care is taken to reduce the risks to which students are exposed, protective equipment will be required to be worn in some practical sessions and field excursions. Students are required to wear PPE where and
when it has been made clear that it is needed. Students are required to provide certain PPE as indicated by each school within the Faculty.

Students enrolled in units specified by the Faculty of Built Environment and Engineering will be required to wear safety shoes for most laboratory practicals and/or field trips. Students not wearing appropriate safety shoes on these occasions will be barred from (i) participating in activities in these units, and (ii) submitting any assessment associated with these activities. Students must provide their own safety shoes, safety glasses/goggles and hearing protection equipment.

All students are bound by the Queensland Workplace Health and Safety Act. In this respect, students carrying out their final year projects will be required to do a risk assessment of such projects, including risk management and control to prevent incident and accidents.

Industrial experience for Engineering and Surveying/Mapping courses (students who commenced prior to 2006)

Industrial Experience forms part of the requirements of engineering and surveying degree courses, in order to provide a realistic background for formal academic studies and to ensure that students become effectively balanced in their professional development. For engineering students, it is a requirement of the Institution of Engineers, Australia, for graduate membership. Industrial Experience is usually undertaken during the long vacation or the mid-semester recess as an employee of a private firm, government agency or local authority, but can also be accumulated during part-time/full-time employment.

Candidates must submit a report no later than the fourth week of the semester, following each period of Industrial Experience. The report is to be written in the required format describing work carried out during the period of Industrial Experience. An Industrial Experience Record Form signed by the employer is also to be submitted. Industrial Experience Record Forms are available from [www.bee.qut.edu.au/students/services](http://www.bee.qut.edu.au/students/services).

A candidate for the degree of Bachelor of Technology (Civil) must obtain at least 45 days of industrial experience in an engineering environment approved by the course coordinator.

A candidate for the degree of Bachelor of Technology (Mechanical) must obtain at least 50 days of industrial experience approved by the course coordinator.

Engineering students must obtain at least 60 days of Industrial Experience in an engineering environment approved by the course coordinator.

Bachelor of Surveying students must obtain at least 90 days of industrial experience in a surveying environment approved by the course coordinator.

Bachelor of Engineering (Aerospace Avionics) students are required to obtain 10 days specialist experience in the avionics industry. This is in addition to the 60 days industrial experience requirement.

Industrial Experience information can be obtained from the Student Services Officer, Industrial Experience, on Level 3, D Block, Gardens Point campus.

Enrolment in industrial experience

Surveying/mapping and Engineering students should not formally enrol in industrial experience.

Industrial experience requirements for Bachelor of Architecture (AR48) course

A Bachelor of Architecture student must be engaged in approved employment for at least 72 recognised weeks within the last 2-3 years of the course (ADB796 Practice Experience B). Prior to entering Year 4 Semester 1 students enrolled in the full-time course structure, must have completed 20 recognised weeks of approved employment which will be credited to the requirements of Practice Experience B. Students enrolled in the flexible full-time course structure must be engaged in approved employment for at least 48 recognised weeks within the first 3 years of the course (ADB795 Practice Experience A). Flexible full-time students enrol in ADB795 Practice Experience A in second semester of third year. All students enrol in ADB796 Practice Experience B in the second semester of the final year of the course.

Approved employment means working under the direction of an architect who is registered at the place of practice where the experience is obtained.

A recognised week is 5 days actually worked (7.6 hrs per day with a maximum of 42 hours per week). The minimum period with one employer is 8 weeks.

Allied experience can be obtained in approved areas allied to architecture (e.g., Civil Engineering, Interior Design, Industrial Design, Quantity Surveying, Construction Management, Town Planning, Landscape Architecture, Building, etc). The maximum period of allied experience is 12 recognised weeks in ADB795 and 18 recognised weeks in ADB796.

Prior work experience under the direction of a registered architect before enrolment in the course is accepted up to a maximum of 24 weeks in ADB795 and a maximum of 36 weeks in ADB796.

Approved employment during leave of absence is accepted (a) in ADB795 up to a maximum of 24 recognised weeks and (b) in ADB796 after completion of at least one semester of fourth year and prior approval of the course coordinator up to a maximum of 36 recognised weeks.

Reporting each month is required on the electronic logbook. Students without access to the electronic logbook system, are to contact the course coordinator who will establish the reporting arrangements for their work experience. The electronic logbook automatically produces the AACA log-sheets required in ADB796.

Credited employment period only counts once (e.g., period required for ADB796 cannot also be used for the 20 week period for entry in the last 2 years full-time mode). The employment period of ADB795 for students admitted directly into the third year of the flexible full-time course is 24 recognised weeks and the employment period of ADB796 for students admitted directly into the last year of the course is one year (52 recognised weeks).

Types of experience required:

- ADB795 Practice Experience A
- At least 50% of time in undertaking design and/or documentation duties.
- ADB796 Practice Experience B
- At least 50% of time in undertaking design and documentation duties.
- Provide the following experiences on the electronic AACA log sheets:
Industrial experience requirements for DE40 Bachelor of Design (Architectural Studies) (Students who commenced 2006 and after)

Graduates of the DE40 Bachelor of Design (Architectural Studies) will be subject to a GPA requirement to qualify for entry to the postgraduate course DE80 Master of Architecture. Graduates who successfully complete both degrees (DE40 and DE80) will meet the academic requirements for membership of the Royal Australian Institute of Architects (RAIA). Successful graduates of both degrees (DE40 and DE80) who have completed a minimum of 2 years’ practical experience, of which at least one year is postgraduate experience, will be eligible to undertake the Architectural Practice Examination, which (if successful) will enable the graduate to be eligible for registration with any Board of Architects in Australia.

Graduates of the DE40 Bachelor of Design (Architectural Studies) will also meet the academic (technical) requirement for the Building Design Licence with the Queensland Building Services Authority.

Types of experience required: Students will have the opportunity of undertaking a minor or major in Work Integrated Learning (WIL), which will count towards their practical experience.

Engineering students must obtain at least 60 days of Industrial Experience (WIL) in an engineering environment approved by the course coordinator.

Bachelor of Spatial Science students must obtain at least 90 days of industrial experience (WIL) in a surveying environment approved by the course coordinator.

Bachelor of Engineering (Aerospace Avionics) students are required to obtain 10 days specialist experience in the avionics industry. This is in addition to the 60 days industrial experience (WIL) requirement.

☐ Notes for BEE postgraduate courses

Course progression

It is important that students follow as normal a progression through their courses as possible. Units should be taken in an orderly sequence as set out in published course structures. Units failed should be picked up in the next semester they are offered. Prerequisite units must normally be passed before a student may proceed to a further unit which has the prerequisite so specified. The course coordinator should be consulted regarding variations from the course structure. This is considered to be a major concession. Students who have failed units or have doubts about having the necessary background to proceed should seek the advice of the course coordinator.

Supplementary assessment

Students may be granted one supplementary assessment in the final 48 credit points for coursework programs of less than three years full-time duration or equivalent

Eligibility for supplementary assessment will be determined by the Dean and will normally only be considered when a student receives a grade of 2 in a unit where a 3 is required for course completion or a grade of 3 in a unit where a 4 is required for course completion. The only grade that will be recorded following supplementary assessment is S3 (pass supplementary) and S2 (fail supplementary).

Awards with distinction

Awards ‘with distinction’ may be awarded to graduands of graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a graduate diploma ‘with distinction’ must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

Eligibility for ‘With Distinction’

Eligibility for awards ‘with distinction’ is not affected by the time taken to complete a course. However, to be eligible for such an award, a graduand must have completed the course within the maximum number of calendar years specified in the policy on time limits for completion of courses (see student rules).

Personal Protection Equipment (PPE) Policy

Protective equipment refers to safety glasses/goggles, hearing protection, safety boots, gloves and similar items. While all care is taken to reduce the risks to which students are exposed, protective equipment will be required to be worn in some practical sessions and field excursions. Students are required to wear PPE where and when it has been made clear that it is needed. Students are required to provide certain PPE as indicated by each school within the Faculty.

Students enrolled in units specified by the faculty of Built Environment and Engineering will be required to wear safety shoes for most laboratory practicals and/or field trips. Students not wearing appropriate safety shoes on these occasions will be barred from (i) participating in activities in these units, and (ii) submitting any assessment associated with these activities. Students must provide their own safety shoes, safety glasses/goggles and hearing protection equipment.
Bachelor of Architecture (AR48)

Year offered: 2008
Admissions: No
CRICOS code: 052308E
Course duration (full-time): 5 years full-time

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,492
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)

Domestic Entry: February
International Entry: February
QTAC code: 412372; Dfee: 412376
Past rank cut-off: 90. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Paul Sanders
Campus: Gardens Point

Additional Admission Information
The AR48 Bachelor of Architecture course has been replaced by DE40 Bachelor of Design (Architectural Studies) from 2006 onwards. There will be no intake into the AR48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

International Students Course Structure - 6 years
International students enrol in the full time course structure for years 1 - 3 and the flexible full time structure for years 4 - 6. Prior to entering year 4, students may seek approval from the course coordinator to enrol in the full time course structure allowing them to complete in 5 years. To be eligible for the full time course structure (years 4-5), students must have completed 20 recognised weeks of approved employment which will be credited to the requirements of the unit Practical Experience B.

Early Exit Option
Students may elect to complete their studies after three years full-time (288 credit points). Students who select this option will graduate with The Bachelor of Built Environment (Architectural Studies), which is a pre-professional degree in architecture.

Professional Recognition
Graduates of the Bachelor of Architecture degree meet the academic requirements for membership of the Royal Australian Institute of Architects and, following one year of post-graduate architectural experience, are eligible to undertake the registration examinations of the Board of Architects of Queensland.

Special course requirements
A Bachelor of Architecture student must be engaged in approved employment for at least 72 recognised weeks within the last 2-3 years of the course (ADB796 Practice Experience B). Prior to entering Year 4 Semester 1 students enrolled in the full time course structure, must have completed 20 recognised weeks of approved employment which will be credited to the requirements of Practice Experience B. Students enrolled in the flexible full-time course structure must be engaged in approved employment for at least 48 recognised weeks within the first 3 years of the course (ADB795 Practice Experience A).

Further Information
Phone +61 7 3864 4074, Fax +61 7 3864 5280, email: bee.enquiries@qut.com

Deferment
QUT's deferment policy does not apply to this course.

Course structure - full-time

NOTE: Prior to entering Year 4 Semester 1 in the full time course structure, students must have completed 20 recognised weeks of approved employment which will be credited to the requirements of Practice Experience B.

Year 4 - Semester 1
ADB007 Architectural Design 7
ADB013 Contextual Studies 3
ADB025 Technology and Science 5

Year 4 - Semester 2
ADB008 Architectural Design 8
ADB026 Technology and Science 6
ADB031 Professional Studies 1
ADB051 Architectural Research 1

Year 5 - Semester 1
ADB009 Architectural Design 9
ADB052 Architectural Research 2
ADB067 Elective Architectural Applications
ADB932 Professional Studies 2

Year 5 - Semester 2
ADB014 Contextual Studies 4
ADB033 Professional Studies 3
ADB053 Architectural Project
ADB796-1 Practice Experience B
ADB796-2 Practice Experience B

Special Course Notes

1. Students must complete all units in the Years 1, 2 & 3 prior to enrolling in any unit in the Year 4 schedule of AR48. The course coordinator may consider cases of special hardship.
2. Students must meet pre-requisites in all subjects.
3. Students who have not completed 20 recognised weeks of approved employment at the end of year 3 should consult with the course coordinator regarding their 4th year enrolment program.
4. Late penalties for late assignments apply.
5. Course will involve compulsory field work within some units.

Course structure - flexible full-time

Year 4 - Semester 1
ADB007 Architectural Design 7
ADB013 Contextual Studies 3
ADB025 Technology and Science 5

Year 4 - Semester 2
ADB008 Architectural Design 8
ADB026 Technology and Science 6
ADB031 Professional Studies 1

Year 5 - Semester 1
ADB009 Architectural Design 9
ADB932 Professional Studies 2

Year 5 - Semester 2
ADB014 Contextual Studies 4
ADB051 Architectural Research 1
ADB052 Architectural Research 2
ADB067 Elective Architectural Applications

Year 6 - Semester 1
ADB057 Elective

Year 6 - Semester 2
ADB033 Professional Studies 3
ADB053 Architectural Project
ADB796-1 Practice Experience B
ADB796-2 Practice Experience B

Special Course Notes

1. Students must complete all units in the Years 1, 2 and 3 prior to enrolling in any unit in the Year 4 schedule of AR48. The course coordinator may consider cases of special hardship.
2. Students must meet pre-requisites in all subjects.
3. Penalties for late assignments apply.
4. Course will involve compulsory field work within some units.
5. Students currently enrolled in BN31 cannot transfer to AR48 in years 2 and 3.
6. Acceptance into the flexible full-time mode requires approval of the course coordinator and by providing evidence of employment in an Architects office.

Potential Careers:
Architect.
Graduate Diploma in Industrial Design (AR61)

Year offered: 2008
Admissions: Yes
CRICOS code: 003479C
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)
Domestic fees (indicative): 2008: CSP $7,252
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.
International Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Entry Requirements
A relevant degree or diploma from a recognised tertiary institution, or professional recognition through an equivalent course of study or examination.

Overview
During the course you are encouraged to develop your knowledge and expertise in design research, ergonomics, decision making, new product development, and CAD. The course consolidates skills and knowledge that encourages leadership.

Professional Recognition
The Graduate Diploma in Industrial Design has been recognised by the Design Institute of Australia (DIA). Graduates are eligible for associate membership. The QUT program is an educational member of the International Council of the Society of Industrial Design (ICSID).

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

SPECIAL NOTE
Any BN31 (IndDes) graduate (from 1997-2007) can apply for the final offering (Sem 1 2008) of the Graduate Diploma in Industrial Design.

International Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Entry Requirements
A degree or diploma in interior design or in a relevant discipline from a recognised tertiary institution; or professional recognition through an equivalent course of study or examination.

Overview
This Graduate Diploma consolidates your research skills and encourages you to rigorously explore and identify issues relating to the function and quality of the interior environment. You develop specialist skills and apply them to produce interiors that are sensitive to the various demands of the client, the user and society as a whole.

Professional Recognition
The Graduate Diploma in Interior Design is recognised by the Design Institute of Australia (DIA).

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

International Entry: February
QTAC code: 412382; Dfee: 412386
Past rank cut-off: 83. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Andrew Scott
Campus: Gardens Point

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Further information
Phone +61 7 3864 4074, Fax +61 7 3864 5280, email: bee.enquiries@qut.com

Potential Careers:
Industrial Designer.

Other Majors
See also entries for the following majors in this course: Interior Design, Landscape Architecture, and Urban and Regional Planning.

Career Outcomes
Industrial designers create and produce commercial and industrial products to improve peoples' lives. They make models and prototypes of designs that cover a wide range of manufactured goods from toasters to computer terminals to rapid transport systems. When designing new or improving existing products they must consider factors influencing product design such as useability, costs, materials, technology or environment. They research product usage, make detailed drawings and supervise the construction of prototypes for testing. They mainly work in small business or consulting practices. QUT Industrial Design graduates are working worldwide in places such as the UK, Singapore and France.

Overview
Students in this course develop their capacity to contribute to the design of products and systems for the mutual benefit of users and manufacturers of a wide range of products.

Professional Recognition
Graduates of the Bachelor of Built Environment (Industrial Design) who go on to complete the Graduate Diploma in Industrial Design are eligible for associate membership of the Design Institute of Australia. QUT is an Educational Member of the International Council of Societies of Industrial Design (ICSID).
Bachelor of Built Environment (Interior Design) (BN31)

Year offered: 2008
Admissions: No
CRICOS code: 003507D
Course duration (full-time): 3 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,360; CSP $6,638
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412362; Dfee: 412366
Past rank cut-off: 90. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Ms Petina Rock and Mr Mark Taylor
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Industrial Design, Landscape Architecture, and Urban and Regional Planning.

Career Outcomes
Interior Designers plan and execute the layout, finishes, lighting, fittings and furnishings in domestic interior design, retail and entertainment industry design, hospitality industry design, commercial office and corporate design. Interior designers may work as consultants or with a design company. They may also seek work involving production design for film, television and theatre as well as furniture and exhibition design. There is a trend for Australian interior design companies to practice in South East Asia and bid competitively for international commissions.

Overview
Students undertaking this course receive a general background in studies in built environment combined with a series of experiences exercises relating to basic design & specifically to interior design.

Professional Recognition
Successful completion of the Bachelor of Built Environment (Interior Design) satisfies the requirements for entry into the Graduate Diploma in Interior Design. Together the courses are recognised by the Design Institute of Australia as meeting the basic requirements for professional practice.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Potential Careers:
Interior Designer.
Bachelor of Built Environment (Landscape Architecture) (BN31)

Year offered: 2008
Admissions: No
CRICOS code: 003507D
Course duration (full-time): 3 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,638
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)

Domestic Entry: February
International Entry: February
QTAC code: 412342; Dfee: 412346
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Dr Jeannie Sim
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Interior Design, Industrial Design, and Urban and Regional Planning.

Career Outcomes
Landscape architecture is predominantly a young profession with an increasing number of female practitioners. Sixty per cent of the profession is employed in private consultancies of landscape architects, architects, planners, urban designers and engineers. They are engaged primarily in site planning, site design, planting design and, to a lesser degree, landscape planning. Other opportunities for employment occur in the design sectors of government agencies. Some graduates work freelance on a contractual basis.

Overview
This course provides a broad based education for those seeking a career in landscape architecture. Landscape design forms the core of the course, and theory and problem-solving techniques enhance the development of students' capabilities.

Professional Recognition
Successful performance in the Bachelor of Built Environment (Landscape Architecture) enables students to gain entry to the Graduate Diploma/Master courses. The Graduate Diploma in Landscape Architecture is the only course of its kind in Queensland, and is accredited by the Australian Institute of Landscape Architects (AILA). Graduates from the Graduate Diploma or Master of Landscape Architecture are recognised in New Zealand and Hong Kong and overseas generally through their AILA membership.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Domestic Entry: February
International Entry: February
QTAC code: 412352; Dee: 412356
Past rank cut-off: 77. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Paul Donehue
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Interior Design, Industrial Design, and Landscape Architecture.

Career Outcomes
Urban and Regional Planners develop plans and policies for the use of land and resources. They aim to fulfil the social, cultural economic and environmental needs of the community. There are numerous employment opportunities can found in state and local government departments, with private sector planning consultants and land development enterprises. Graduates can build careers in urban design, community health and welfare, housing, transport, and strategic land-use planning, and land and resource development.

Overview
Urban and regional planning involves environmental design, map and aerial photo interpretation, human environment, land use generation, population and urban studies, economics of town planning, employment and industry, land development, demography and housing, and provision of community facilities.

Professional Recognition
Successful completion of the Bachelor of Built Environment (Urban and Regional Planning) enables students to gain entry to the Graduate Diploma/Masters in Urban and Regional Planning, which are both fully accredited by the Planning Institute of Australia (PIA).

Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from another study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Potential Careers:
Urban and Regional Planner, Urban Designer.
Master of Applied Science (Research) (BN71)
Year offered: 2008
Admissions: Yes
CRICOS code: 003462A
Course duration (full-time): 1 year (minimum), 2 years (maximum)
Course duration (part-time): 2 years (minimum), 4 years (maximum)
Domestic fees (per credit point): RTS/RTA: 2008 Full fee tuition $135 per credit point (exceeded max. entitlement) (subject to annual review)
Domestic fees (indicative): 2008: $12,960 (exceeded max entitlements)
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Campus: Gardens Point

Entry Requirements
A four-year degree in an appropriate discipline with Honours or equivalent qualification or a graduate diploma or masters degree in an appropriate discipline with a minimum grade point average of 5 with relevant experience or professional experience and/or other qualifications.

Part-time Study
QUT advises that International Students may only enrol in full-time studies.

Overview
From this research degree you acquire advanced knowledge of applied science research methods, applied to research problems in the built environment. As well as mastering relevant techniques, you can expect to develop high-level skills in investigation and critical thinking and extensive knowledge in a specialist area. Specialisations are available in Architecture, Interior Design, Industrial Design, Construction Management, Quantity Surveying, Property Economics, Project Management, Planning, Landscape Architecture and Surveying. Our Faculty staff are available to discuss your application with you. You are encouraged to approach them early in the development of the research proposal that forms part of your application. Master by Research studies normally include:
* assessed coursework
* participation in university scholarly activities such as research seminars, teaching and publication
* regular meetings with supervisors
* a program of supervised research and investigation
* preparation of a thesis.

Fees
Australian students enrolling after August 31 2000 in a higher degree by research are subject to the conditions of the Commonwealth Government’s Research Training Scheme (RTS). Research Students who enrol at QUT will be awarded an RTS place, which is funded by the Commonwealth, or a QUT Research Training Award Scheme (RTA) place, which is a fee remission scholarship. Research Masters students are entitled to two years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for an extension, however the University may charge fees for the period of the program which exceeds the student's entitlement. The University determines the fee level.

HDR Director
Professor Mahen Mahendran
Phone: +61 7 3864 2543
fax: +61 7 3864 1515

1 - General Conditions
1.1 The Council of the Queensland University of Technology was established in 1989 under the Queensland University of Technology Act 1988.
1.2 The Council has power to approve recommendations from Faculty Academic Boards regarding the registration, supervision and examination of research degree candidates and to develop policy and procedures relating to research degrees is exercised through a University Research Committee which is a subcommittee of University Academic Board.
1.3 University Research Committee has delegated responsibility for day-to-day administration of research masters degree courses to faculty academic boards. Academic boards shall report biannually to University Research Committee on progress made by Research Masters degree candidates.
1.4 This program is administered by the Academic Board of the Faculty of Built Environment and Engineering through its Faculty Research Committee. The program is offered in Architecture, Civil Engineering, Construction Management, Electrical and Electronic Systems Engineering, Industrial Design, Interior Design, Landscape Architecture, Mechanical, Manufacturing Engineering and Medical Engineering, Property Economics, Planning and Surveying.
1.5 In order to qualify for the award of the degree of Master of Applied Science (Research) or Master of Engineering a candidate must:
* have completed the approved program involving advanced work under the supervision of a Thesis Panel prescribed by the Faculty Research Committee of the Built Environment and Engineering Academic Board
* have submitted, and the Faculty Research Committee accepted a thesis, together with reports and/or documents where applicable, prepared under the supervision of the Thesis Panel
* have completed such other work as may be prescribed by the Faculty Research Committee, and
* submit to the Faculty Research Committee a declaration signed by the candidate that they have not been a candidate for another tertiary award without permission of the Faculty Research Committee.

2 - Registration
2.1 Applications shall be accepted subject to the availability of facilities and supervision.
2.2 Applications may be lodged with the Registrar at any time.
2.3 There is a six-month maximum period for domestic
2.1 In considering an applicant for registration, the Faculty * have satisfied Faculty Research Committee that they can suitable person to undertake the program, and * have satisfied Faculty Research Committee that they are a Faculty Research Committee, or achieved by work and study a standard recognised by graduate student when they: * the submission of technical publications or other Research Committee to meet the requirements for entry. * a description of the area of study within which the candidates course lies * a summary of the work to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program, its background, the significance and possible application of the research program, and the research plan * the location at which the work will be undertaken, the amount of time which will be devoted to it and the resources required * details of academic qualifications and supporting evidence, including copies of results for each year of courses undertaken * a brief account of industrial experience * a list of publications * sponsorship details * statement of approval by Head of School and/or Postgraduate Research Coordinator, and * any other relevant material.

2.8 An application for registration should set out systematically and fully the candidates intended course of study including the following: 2.9 The program is offered on a full-time or a part-time basis and may be undertaken externally. Part-time students normally will be employed in some professional capacity during the day and carry out their research projects on a part-time basis at QUT, in their place of employment or in a sponsoring organisation.

2.10 Full-time students may be on a scholarship from industry or QUT, and may carry out their research at QUT or in a sponsoring organisation. Normally full-time students would be expected to work on their research projects at QUT for not less than three-quarters of a normal working week, averaged over each year of candidacy. Such a candidate may not devote more than 300 hours annually to teaching activities, including preparation and marking.

2.11 A candidate may be based at QUT or at a place of employment or sponsoring institution. Normally, support of the sponsoring institution for the candidate's application is required for registration. A candidate may also be external where their residence is outside of Brisbane.

2.12 The Faculty Research Committee may cancel a candidate's registration if, after consulting a candidate's supervisor and having taken account of all relevant circumstances, the committee is of the opinion that the candidate either has effectively discontinued their studies or has no reasonable expectation of completing the course of study within the maximum time allowed (see Section 4).

2.13 A candidate whose registration has lapsed or has been cancelled, and who wishes subsequently to re-enter the course of study to pursue a research program which is substantially the same as the previous investigation may be re-admitted under such conditions as the Faculty Research Committee shall prescribe.
3 - Course of Study

3.1 A candidate for the degree of Master of Applied Science (Research) or Master of Engineering will undertake a program of research and investigation on a topic approved by the Faculty Research Committee.

3.2 All projects should be supported by outside agencies such as industry, government authorities and professional organisations, or by QUT itself. This provision is to ensure that programs are relevant to the aims of the University and the community. It is important that projects be primarily directed towards society or industry need.

3.3 The program must be such as to enable the candidate to develop and demonstrate a level of scientific competence significantly higher than that expected of a first degree graduate. The required competence normally would include mastery of relevant techniques, investigatory skills, critical thinking, and a high level of knowledge in the specialist area.

3.4 Where advised, a candidate may be required to complete satisfactorily a program of formal coursework in subjects relevant to the field of study up to a total class contact of 32 credit points.

3.5 The course of study normally will include:
   * participation in University scholarly activities such as research seminars, teaching and publication
   * regular face-to-face interactions with supervisors, and
   * a program of supervised research, design, investigation, development, construction, or any combination thereof.

The course of study may also include a program of assessed coursework.

3.6 Coursework at masters level demands a capacity for critical analysis and a specialisation of research interests not normally appropriate for an undergraduate program. Such coursework may be conducted in a number of ways:
   * as advanced lecture courses
   * as seminars in which faculty and candidates present critical studies of selected problems within the subject field
   * as independent study or reading courses, or
   * as research projects conducted under faculty supervision.

Candidates will be encouraged to attend conferences where these are related to the field of the research.

In all cases, coursework will be based upon a formal syllabus setting out the educational outcomes expected from the course, a list of topics to be covered, the prescribed reading material and the method of assessment of progress through and at the end of the course.

3.7 Maximum and Minimum Coursework Requirements:

   - Thesis - 96 credit points minimum (at least two-thirds of the degree content)
   * Maximum coursework requirement - 32 credit points
   * Minimum coursework requirement - 4 credit points - IFN001 Advanced Information Retrieval Skills
   * Maximum of 16 credit points per semester for each semester of the program

*Additional Requirements:
Attendance and participation in School of Research Centre seminars/workshops (compulsory).

Students must contact the Postgraduate Research Coordinator in their School to finalise any other coursework component of their program.

4 - Period of Time for Completion of Course of Study

4.1 The duration of study will normally be a minimum of one year and a maximum of two years or the part-time equivalent.

4.2 In order to encourage completion of research degrees within a reasonable timeframe, QUT has set a limit of two years on the length of time for which it will fund a faculty for full-time research masters degree candidates.

4.3 A registered full-time graduate student shall present the thesis for examination after a period of at least one year but not more than two years has elapsed from the time of confirmed registration. A registered part-time graduate student shall present the thesis for examination after a period of at least two years. The maximum time is four years from the time of confirmed registration. In special cases the Faculty Research Committee may approve a shorter period.

4.4 Time limits are measured in years from the time of first registration as a graduate student. Periods of exclusion or absence without approval are included.

4.5 Candidates who exceed these limits may be asked to show cause why they should not have their registration in the program terminated. Such candidates must make formal application to the Faculty Research Committee to have their registration extended beyond the normal time. Details of the candidate’s progress shall be presented to the committee together with the reasons for the delay in completing the course and the expected date of completion. Where the committee agrees to an extension, a time limit will be set for the maximum period of registration in the program.

4.6 Candidates are notified of termination by registered mail. They have right of appeal to the Academic Appeals Committee.

5 - Supervision

5.1 The Faculty Research Committee shall appoint at least one supervisor the principal supervisor and also at least one associate supervisor. Each member of the supervisory panel shall bring appropriate experience in the research area of the student.

5.2 The Principal Supervisor shall normally be from the academic staff of the QUT school in which the candidate is enrolled.

5.3 The Supervisory Panel shall supervise all aspects of the candidate’s work program, shall receive reports from the candidate on progress and shall recommend to the Faculty Research Committee both on successful and unsuccessful completion of components of the coursework incorporated in the candidate’s program, on progress on the thesis research project and on continued enrolment.

5.4 The Supervisory Panel shall receive a formal oral and written report from the candidate at least once every semester on progress on the research project.

5.5 Summary of Faculty Supervisory registration process:
To ensure that students receive appropriate supervision from experienced supervisors and active researchers the Faculty has introduced a Supervisors Register which requires registered supervisors to demonstrate performance in three areas.

1. Practice - previous supervisory experience of at least five years.
2. Research - evidence of active research through grants and publications.
6. Place and Conditions of Work

6.1 The research program will normally be carried out under supervision in a suitable environment within Brisbane. However, external study is possible. External candidates will be required to spend a minimum of four weeks at QUT annually.

6.2 The Faculty Research Committee shall not admit a candidate to a program of research based at the University unless it has received:

* a supporting statement from the Head of the QUT School and/or Postgraduate Research Coordinator in the School in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the masters degree, that the program is supported, that the school is willing to undertake the responsibility of supervising the work of the applicant and that resources are available to support the proposed research.

6.3 The Faculty Research Committee shall not admit a candidate to a program of research based at a sponsoring establishment unless it has received:

* a supporting statement from the employer or director of the sponsoring institution that they are aware of the course rules and are prepared to sponsor and support the applicant, that the applicant will be provided with facilities and time to undertake the research project and that they are willing to accept responsibility for supervising the applicant's work, and

* a supporting statement from the head of the QUT school or Postgraduate Research coordinator in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the Masters degree, that the program is supported, and that after examination of the proposed external facilities and supervision, the school is willing to accept the responsibility of supervising the work.

7 - Thesis

7.1 In the form of presentation, availability and copyright, the thesis shall comply with all the requirements of the document Requirements for Presenting Theses (Appendix 51 in the Manual of Policies and Procedures).

7.2 A candidate shall submit the title of their thesis for approval by the Faculty Research Committee with their application, and after approval has been granted, no change will be made except with the permission of the committee.

7.3 The candidate shall give two months' written notice of intention to submit their thesis through the Principal Supervisor.

7.4 The thesis shall comply with the following requirements:

* a significant proportion of the work described (as determined by the Faculty Research Committee) must have been carried out subsequent to initial registration for the Masters degree.

* it must describe a program of work carried out by the candidate and must involve either an advanced contribution to the knowledge of the subject or an advanced application of existing knowledge.

* it must reach a satisfactory standard of literary presentation.

* it shall be the candidate's own account of the work. Where work is carried out jointly with other persons, the Faculty Research Committee shall be advised of the extent of the candidate's contribution to the joint work.

* the thesis shall not contain as its main content any work or material which the candidate has previously submitted for another degree or similar award.

* the thesis may consist primarily of reports, plans and/or documents or may be supported by these if they have a bearing on the subject of the thesis. Other supporting documents such as published papers may also be submitted with the thesis.

* the thesis shall contain an abstract of not more than 300 words.

7.5 Except with the specific permission of the Faculty Research Committee, the thesis must be presented in the English language. Such permission must be sought at the time of application for registration, and will not be granted solely on the grounds that the candidate's ability to satisfy the examiners will be affected adversely by the requirement to present the thesis in English.

7.6 Subject to QUT's Intellectual Property policy, the copyright of the thesis is vested in the candidate.

7.7 Where a candidate, supervisor or the sponsoring establishment wishes the thesis to remain confidential for a period of time after completion of the work, application for approval must be made to the Faculty Research Committee when the thesis is submitted. The period normally shall not exceed two years from the date on which the examiners recommend acceptance of the thesis, during which time the thesis will be held on restricted access in the QUT Library.

7.8 Except where confidentiality of the thesis is necessary, students shall submit their thesis electronically after completion of the examination process and any corrections required to the QUT Library for inclusion in the Australian Digital Thesis Project.

8 - Examination of Thesis

8.1 The Faculty Research Committee shall appoint three examiners, at least one of whom shall be from outside of the University. No supervisor of the candidate shall be appointed as one of the examiners.

8.2 Normally, examiners must agree to read and report upon the thesis within two months of its receipt.

8.3 A candidate may be required to make an oral defence of the thesis.

8.4 On receipt of the reports from the examiners, the Faculty Research Committee shall:

(a) recommend that the thesis be accepted without modification, and to Academic Board that the candidate be awarded the degree, or

(b) recommend to Academic Board that the candidate be awarded the degree, after any minor amendments requested by the examiners have been made, or

(c) recommend that the thesis not be accepted until major revisions have been made. Such revisions might be rewriting one of the sections, with or without additional work, or

(d) not accept the thesis and terminate the candidate's registration.

8.5 If the examiners’ reports are conflicting, the Faculty Research Committee may, after appropriate consultation with the Thesis Panel, resubmit the thesis to the examiners.
with copies of the examiners' reports and/or seek the advice of a further external examiner. After due consideration of further reports from the examiners, a majority decision will be accepted by the Faculty Research Committee.

Potential Careers:
Architect, Art Project Manager, Artist, Community Education Officer, Community Worker, Construction Manager, Contract Administrator, Environmental Health Officer, Exchange Student, Industrial Designer, Landscape Architect, Manager, Medical Equipment Sales, Project Developer, Project Manager, Property Development, Property Economist, Public Servant, Quantity Surveyor, Real Estate, Secondary School Teacher, Teacher, Urban and Regional Planner, Urban Designer.
Master of Engineering (BN72)

Year offered: 2008
Admissions: No
CRICOS code: 003465J
Course duration (full-time): 1 year (minimum), 2 years (maximum)
Course duration (part-time): 2 years (minimum), 4 years (maximum)

Domestic fees (per credit point): RTS/RTA: 2008 Full fee tuition $135 per credit point (exceeded max. entitlement) (subject to annual review)
Domestic fees (indicative): 2008: $12,960 (exceeded max. entitlement)
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)

Domestic Entry: At any time
International Entry: At any time
Campus: Gardens Point

Entry Requirements
A four-year degree in an appropriate discipline with Honours or equivalent qualification or a graduate diploma or masters degree in an appropriate discipline with a minimum grade point average of 5 with relevant experience or professional experience and/or other qualifications.

Part-time Study
QUT advises that International Students may only enrol in full-time studies.

Overview
This research program for professional engineers equips you to solve complex industrial problems. The program is available in Civil, Electrical and Electronic Systems, Mechanical, Manufacturing and Medical Engineering. In completing the course you apply yourself to real-world problems in a research project which usually be sponsored by industry, government authorities, professional organisations or QUT. You can enhance your preparation for the research project by completing coursework units as part of your program. Master of Research studies normally include:
* assessed coursework
* participation in university scholarly activities such as research seminars, teaching and publication
* regular meetings with supervisors
* a program of supervised research and investigation
* preparation of a thesis.

Fees
Australian students enrolling after August 31 2000 in a higher degree by research are subject to the conditions of the Commonwealth Government’s Research Training Scheme (RTS). Research Students who enrol at QUT will be awarded an RTS place, which is funded by the Commonwealth, or a QUT Research Training Award Scheme (RTA) place, which is a fee remission scholarship.

Research Masters students are entitled to two years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for an extension, however the University may charge fees for the period of the program which exceeds the student's entitlement. The University determines the fee level.

International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
Campus: Gardens Point

Overview
This course serves as a preparation and pathway program for students wishing to enter a masters program in the Faculty of Built Environment and Engineering. It is particularly aimed at students with either a three-year undergraduate degree, or a degree in a different area to the masters of their choice.

Entry Requirements
A four-year full-time bachelor degree in a relevant discipline area; or a three-year full-time diploma and three or more years of relevant professional experience in a relevant discipline; and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
The Graduate Certificate in Built Environment and Engineering does not provide any specific career path. It is offered only as an alternative entry pathway to masters courses in the Faculty of Built Environment and Engineering.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Postgraduate Level Electives

- IFP100 Knowledge Transfer and Research Commercialisation (Core Unit)
- ITN228 Enterprise Systems
- ITN241 Information Technology Management
- KIP401 Foundations of Communication Design
- PUN301 Occupational Health and Safety Law and Management
- PUP415 Occupational Health
- ITN700 Programming Principles
- ITN701 Networks and Systems
- PUN001 Contemporary Risk Management
- PUN500 Safety Management
- IBN410 International Logistics Management
- IBN408 Global Business Operations
- MGN423 Contemporary Strategic Analysis
- EFN420 Introduction To Financial Management
- Or consult with BN85 Course Leader.

(Other suitable postgraduate units will be continually identified during course development.)
Master of Engineering Management (BN87)

Year offered: 2008
Admissions: Yes
CRICOS code: 006368G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $12,960
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Discipline coordinator: Dr Achilles Leontakianakos (Course Leader))
Campus: Gardens Point

Overview
This course offers an engineering management qualification to practising engineers through a formal qualification in management with advanced engineering skills and knowledge. You can choose to specialise in manufacturing or maintenance engineering. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant engineering discipline area and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
The Master of Engineering Management allows graduates to become specialist engineering managers within their chosen professional field, particularly to become a leader and manager of engineering processes. Graduates can also use the skills and knowledge gained to diversify their capabilities across a broader spectrum of engineering disciplines.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Master of Infrastructure Management (BN88)

Year offered: 2008
Admissions: Yes
CRICOS code: 060807G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $12,960
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Please refer course specific enquiries to Course Leader.)
Discipline coordinator: Professor Manicka Dhanasekar
(Course Leader)
Campus: Gardens Point

Overview
This course addresses the main concepts and methodologies of infrastructure planning and management. It aims to advance and enhance your skills and understanding of the diverse types of infrastructure assets planning and management, including the environmental, social, institutional assessments, and economic and financial aspects of infrastructure management. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant discipline area; or an equivalent qualification, and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
Graduates may choose to become a project manager, asset manager, planner within an infrastructure organisation, or use the skills and knowledge gained to diversify their capabilities across a broader spectrum of construction disciplines. In particular, this course provides graduates with the skills and knowledge to become leaders and managers of infrastructure planning and management.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

**Overview**

This course is designed to provide you with appropriate knowledge and experience in managing projects in professional organisations. It addresses the main concepts and methodologies of project management and provides you with educational opportunities for advanced study following your graduation in a relevant discipline. This course aims to produce project managers capable of ensuring project success through the management of constraints in time, cost and quality, as well as of social, political and environmental challenges. Early exit with a Graduate Diploma is available upon completion of four units in the course.

**Entry Requirements**

A four-year full-time bachelor degree in a relevant discipline area; and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

**Career Outcomes**

Graduates will have the necessary expertise to take on managerial roles in projects of their chosen profession. They will have acquired professional experience which will enable them to manage project goals within constraints, contribute to strategic decision making through understanding a range of specialty areas relevant to project management. They will also make a difference to professional practice by introducing project-based practices and a project management approach.

**International Student Entry**

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Bachelor of Technology (Civil) (CE33)

Year offered: 2008
Admissions: No

Domestic fees (per credit point): Commonwealth Supported Place; Full Fee Tuition 2008: $166 per credit point (subject to annual review)

Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,990
**Associate Degree in Civil Engineering/Bachelor of Technology (Civil) (CE35)**

Year offered: 2008  
Admissions: No  
Course duration (full-time): 3 years  
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)  
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,966  
Domestic Entry: February  
QTAC code: This course is no longer offered  
Past rank cut-off: 50  
Past OP cut-off: 24  
Total credit points: 288  
Course coordinator: Dr R.Mahalinga-Iyer  
Discipline coordinator: Dr Jon Bunker  
Campus: Gardens Point

**Entry Requirements**  
Applicants must apply via QTAC and satisfy the entry requirements for the Associate Degree in Civil Engineering at the Southbank Institute.

**Career Outcomes**  
Civil Engineering Technologists provide complex technical support to assist civil engineers on the design construction and maintenance of projects. The Bachelor of Technology qualification is now required in government organisations such as Main Roads for positions such as chief design draftsman and construction supervisors. Immediate employment would be as design draftsman and on-site supervisor. The civil engineering consulting industry will also have a need for technologists trained in routine design procedures and CAD drafting skills.

**Professional Recognition**  
The course has provisional recognition by Engineers Australia.

**Dual TAFE/QUT Awards**  
This dual award is a cooperative arrangement between Southbank Institute (SBI) and the Faculty of Built Environment and Engineering, Queensland University of Technology. Initial entry is to a specially designed two-year associate degree at SBI, followed by a third year at QUT, to qualify for the Bachelor of Technology degree. In their second year students study units from QUT and SBI which form part of the Advanced Diploma, and in third year students study one module at SBI together with their QUT units to complete their Bachelor of Technology (Civil) degree.  
Subject to final approval.

**Special Course Requirements**  
A candidate for the degree of Bachelor of Technology (Civil) must obtain at least 45 days of industrial experience/practice in an engineering environment approved by the course coordinator.

**Further Information**  
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

**Deferment**  
QUT’s deferment policy does not apply to this course.

**Course structure**

**Year 2 - Semester 1**  
NRB100 Environmental Science  
ENB273 Civil Materials

**Year 2 - Semester 2**  
ENB276 Structural Engineering 1  
ENB271 Design of Structural Timber and Earthworks  
ENB272 Geotechnical Engineering 1  
CEB328 Investigation Project  
One Elective from list below  

**Year 3 - Semester 1**  
ENB201 Fluid Mechanics  
ENB274 Design of Environmentally Sustainable Systems  
One Elective from list below  
HECEA20  
Municipal Engineering (at Southbank TAFE)  

**Electives - Semester 1**  
ENB375 Structural Engineering 2  
ENB378 Water Engineering  
MAB233 Engineering Mathematics 3

**Electives - Semester 2**  
CEB413 Structural Engineering 3  
ENB371 Geotechnical Engineering 2  
ENB376 Transport Engineering  
ENB377 Water and Waste Water Treatment Engineering

**Potential Careers:**  
Engineering Technologist, Technical Officer.
Bachelor of Engineering (Civil) (CE44)

Year offered: 2008
Admissions: No
CRICOS code: 037544G
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $6,271
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February (July entry available to students with Advanced Standing)
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jon Bunker
Campus: Gardens Point

Additional Admission Information
The CE44 Bachelor of Engineering (Civil) course has been replaced by EN40 Bachelor of Engineering (Civil) from 2006 onwards. There will be no intake into the CE44 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Civil engineers plan, design, construct, operate and maintain roads, bridges, dams, water supply schemes, sewerage systems, transportation, harbours, canals, dockyard facilities, airports, railways, factories and large buildings. Civil engineers may gain employment with Local and Commonwealth Governments, semi-government agencies, construction firms, power generating authorities, mining firms, property developers and consulting engineering firms. A small number are employed in research activities and teaching. After obtaining suitable experience there is also the opportunity to establish their own consulting engineering practice.

Overview

Professional Recognition
This degree is recognised for the purpose of membership of Engineers Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, The Institution of Engineers, Ireland and the various professional engineering registry bodies in the USA.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Mid-year entry
The CE45 Bachelor of Engineering (Civil) midyear course has been replaced by EN40 Bachelor of Engineering (Civil) from 2006 onwards. There will be no intake into the CE45 course in 2006 with the exception of QTAC applicants commencing their studies with at least 72 credit points of advanced standing (academic credit).

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Deferment
QUT’s deferment policy does not apply to this course.

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Course structure - February entry (CE44)

Year 4 - Semester 1
CEB411 Thesis Project A
OR Elective
CEB412 Project Engineering 2
CEB424 Professional Studies 6 (Concrete Structures and Geotechnical Engineering)
Choose one Elective

Year 4 - Semester 2

OR CEB411 or Elective for those who have
completed CEB411
CEB425 Professional Studies 7 (Civil Design Project)
Choose one Elective

Course structure - Mid year entry (CE45)

Year 3 - Semester 1
Program is the same as CE44 entry hereafter.

Note:
Mid-Year Entry International Students please consult the course coordinator regarding your course structure.

Electives

Semester 1
- CEB416 Environmental Law and Assessment
- CEB507 Finite Element Methods
- CEB508 Transport Engineering 2
- CEB509 Project Management and Administration
- CEB523 Environmental Geotechnology

Semester 2
- ENB383 Environmental Resource Management
- CEB513 Advanced Construction Practice
- CEB514 Project Control
- CEB516 Masonry Design
- CEB517 Advanced Engineering Studies
- CEB518 River and Coastal Engineering
- CEB522 Geotechnical Engineering Practice
  With approval from the course coordinator students may be permitted to enrol in one elective unit from other QUT faculties. Not all electives will run every year.

Course structure - Environmental Major

Years 1, 2 and 3
See Year 1, 2 and 3 of full-time CE44 course structure

Year 4 - Semester 1
- CEB411 Thesis Project A
  OR Elective
- CEB416 Environmental Law and Assessment
- CEB424 Professional Studies 6 (Concrete Structures and Geotechnical Engineering)
- CEB523 Environmental Geotechnology

Year 4 - Semester 2
- CEB415 Thesis Project B
  OR CEB411 or elective for those who have completed CEB411
- CEB426 Environmental Professional Studies (Civil Project)

Potential Careers:
Civil Engineer, Environmental Engineer.
Bachelor of Engineering (Civil and Environmental Management) (CE46)

Year offered: 2008  
Admissions: No  
CRICOS code: 040310K  
Course duration (full-time): 4 years  
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $216 per credit point (subject to annual review)  
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $6,536  
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)  
Domestic Entry: February  
International Entry: February and July  
QTAC code: 412502; Dfee: 412506  
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.  
OP Guarantee: Yes  
Total credit points: 384  
Course coordinator: Dr R. Mahalinga-Iyer  
Discipline coordinator: Dr Jon Bunker  
Campus: Gardens Point  

Additional Admission Information  
The CE46 Bachelor of Engineering (Civil and Environmental Management) course has been replaced by EN40 Bachelor of Engineering (Civil and Environmental Management) from 2006 onwards. There will be no intake into the CE46 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program. If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes  
Environmental management is concerned mainly with the assessment and management of the effect of human and other activity on the environment. Graduates apply their skills to find solutions for the management of liquid and solid waste, or air and noise pollution. Graduates can be employed by government bodies and private companies involved with the environmental aspects of planning, designing, constructing and monitoring of structures and facilities including mines, factories, power stations, water and waste water treatment plants and refineries. As legislation becomes more stringent and the community's expectations increase, there will be need for institutions to employ more environmental engineers.

Overview  
The course provides technical education civil, environmental engineering and science as well as environmental management skills in urban infrastructure and mining development will be taught. The course also teaches social, legal government and economic topics related to sustainable development.

Professional Recognition  
This course has provisional accreditation from Engineers Australia (EA).

Minors  
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Special Course Requirements  
A candidate for the degree of Bachelor of Engineering (Civil and Environmental Management) must obtain at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Deferment  
QUT's deferment policy does not apply to this course.

Potential Careers:
Civil Engineer, Environmental Engineer.
Master of Engineering Science (Civil Engineering) (CE74)

Year offered: 2008
Admissions: No
CRICOS code: 020300M
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960 (subject to annual review)
International Fees (per semester): No new admissions (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Professor Arun Kumar / Professor Manicka Dhanasekar (Course Leaders)
Campus: Gardens Point

Entry Requirements
A Bachelor of Engineering degree with Honours in Civil Engineering or a Graduate Diploma in Civil Engineering with a grade point average of at least 5 on a 7-point scale. If applicants have completed 50 per cent of the Graduate Diploma in Civil Engineering with a minimum grade point average of 5 they may transfer to the Masters program. If applicants have not taken units equivalent to QUT undergraduate units in their chosen area of specialist study, they may need to complete additional undergraduate units as a masters qualifying program.

Overview
This course provides you with specialist postgraduate education in transportation, public health, environmental, or municipal engineering and allows you to develop your research skills through an intensive study of a particular topic.

Course Structure
The course consists of units and a thesis project totalling 96 credit points. 24 credit points allocated to a project and the remainder to the non project units. The majority of the units are common with the Graduate Diploma in Civil Engineering (CE64). Students who do not wish to undertake the Environmental major must complete the generic core units plus any combination of elective units as listed below, to make up the minimum total of 96 credit points. Such programs should be devised in consultation with the course coordinator.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Course structure (full-time)

Environmental Engineering Major

Semester 1
CEP291 Environmental Law and Assessment
CEP997-1 Project B

Semester 2
CEP141 Studies in Environmental Engineering
CEP997-2 Project B
2 Electives

Core Units

Semester 1
CEP201 Process Modelling
CEP997-1 Project B
2 Electives

Semester 2
CEP295 Civil Engineering Management in a Project Environment
CEP997-2 Project B
2 Electives

Electives - Semester 1
CEP142 Water Pollution Control
CEP161 Professional Development Studies 1
CEP201 Process Modelling
CEP218 Transportation Engineering
CEP291 Environmental Law and Assessment
CEP293 Pavement Design
CEP294 Engineering Contract Development and Administration

Electives - Semester 2
CEP141 Studies in Environmental Engineering
CEP175 Pavement Maintenance Rehabilitation and Recycling
CEP216 Advanced Traffic Engineering
CEP262 Professional Development Studies 2
CEP295 Civil Engineering Management in a Project Environment

PLEASE NOTE:
Advice must be sought from the Course Coordinator before enrolling in either CEP161 or CEP262.
The School reserves the right to offer the units according to enrolment quotas and staff
availability.

With permission of the Course Coordinator students may be permitted to take electives from other engineering areas.

One postgraduate unit from inside/outside of the School can be undertaken as an elective with prior approval of the Course Coordinator.

**Potential Careers:**
Civil Engineer, Environmental Engineer.
Master of Engineering Science (Civil Engineering Studies) (CE75)

Year offered: 2008
Admissions: No
CRICOS code: 042259C
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (inducative): 2008: Full fee tuition $12,960 per semester (subject to annual review)
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Course coordinator: Associate Professor Jay Yang
Discipline coordinator: Professor Arun Kumar / Professor Manicka Dhanasekar (Course Leaders)
Campus: Gardens Point

Entry Requirements
A Bachelor of Engineering degree with honours in Civil Engineering OR equivalent, with a grade point average of at least 5 on a 7-point scale.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Overview
This program had been designed to provide industry professionals with flexibility and breadth. The course includes a unit on Research Methodology.

Course Structure
The flexible Master of Engineering Science (Civil Engineering Studies) program allows students to choose three units from a common pool of units offered by all the Engineering Schools (Band 1). A band of Civil Engineering units is then offered from which students choose three units (Band 2). Any units from Band 1 could also be chosen for Band 2 provided that they come from the School of Civil Engineering. The final component requires enrolment in a Civil Engineering Project (equivalent to 24 credit points) (Band 3).

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Course structure

Full-time Course Structure

Band 1 Units
Choose 3 units from the following Band 1 units.

Band 1 - Semester 1
- CEP142 Water Pollution Control
- CEP201 Process Modelling
- CEP291 Environmental Law and Assessment
- CEP294 Engineering Contract Development and Administration
- EEP101 Algorithms for Control and Engineering
- EEP102 Unix and C for Engineers
- EEP103 Computer Hardware and Interfacing

Band 1 - Semester 2
- CEP141 Studies in Environmental Engineering
- CEP295 Civil Engineering Management in a Project Environment
- EEP129 Image Processing and Computer Vision

Band 1 - Block Mode#
- MEN101 Research Methodology
- MEN170 Systems Modelling and Simulation
- MEN172 Cost Analysis and Asset Management
- MEN280 Engineering Project Management

# Block mode classes are held in teaching periods, which run consecutively for 5 weeks at a time, instead of semesters. Please check QUT Virtual or the School Administration Officer for details of teaching periods for the above block mode units.

Band 2 Units
Choose 3 units from the range of Band 2 units. The following Civil Engineering units are offered as electives within CE74 and may be cancelled due to insufficient enrolment numbers.

Band 2 - Semester 1
- CEP142 Water Pollution Control
- CEP218 Transportation Engineering
- CEP291 Environmental Law and Assessment
- CEP293 Pavement Design

Band 2 - Semester 2
- CEP141 Studies in Environmental Engineering
- CEP175 Pavement Maintenance Rehabilitation and Recycling
- CEP216 Advanced Traffic Engineering
- CEP295 Civil Engineering Management in a Project Environment

Band 3 Project
Students must complete their 24 cp project over one or two semesters (summer semester is an option)
by enrolling in the following two 12 cp units. Students must discuss these options with the Course Coordinator before enrolling.

CEP997-1  Project B
CEP997-2  Project B

Please note: The School reserves the right to offer these units according to enrolment quotas and staff availability.

Potential Careers:
Civil Engineer, Environmental Engineer.
Bachelor of Applied Science (Construction Management) (CN51)

Year offered: 2008
Admissions: No
CRICOS code: 006363B
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,368
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
QTAC code: 412312; Dfee: 412316
Past rank cut-off: 75. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Paul Den Ronden
Campus: Gardens Point

Additional Admission Information
The CN51 Bachelor of Applied Science (Construction Management) course has been replaced by UD40 Bachelor of Urban Development (Construction Management) from 2006 onwards. There will be no intake into the CN51 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Graduates employed in the construction process are involved in the coordinating of the construction and maintenance of large building projects, the development of government and corporate policies, the administration of regulations, and the development and research of building systems and products. They may be employed in private organisations such as large construction and development companies or consultancies while some are employed by government departments.

Overview
The course is concerned with the management of the overall process of construction projects and provides detailed understanding of project development from conception, through planning and construction to commissioning and maintenance. It develops skills in how to manage people, materials, equipment and plant while focusing on issues such as cost, time, quality, safety and environment. It educates students to become effective construction managers with comprehensive technological knowledge, management principles and communication skills.

Special Course Requirements
All students are required to obtain a minimum of 100 days of employment in the final year of the course as a part of CNB409 Professional Practice 1 and CNB423 Professional Practice 2.

Professional Recognition
Graduates with relevant experience are eligible for membership of the Australian Institute of Building.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

### Potential Careers:
Construction Manager, Estimator, Project Manager.
Bachelor of Applied Science (Quantity Surveying) (CN53)

Year offered: 2008
Admissions: No
CRICOS code: 003500M
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,196
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
QTAC code: 412332; Dfee: 412336
Past rank cut-off: 72. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Jason Gray
Campus: Gardens Point

Additional Admission Information
The CN53 Bachelor of Applied Science (Quantity Surveying) course has been replaced by UD40 Bachelor of Urban Development (Quantity Surveying) from 2006 onwards. There will be no intake into the CN53 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Quantity Surveyors prepare cost estimates and check actual expenditure for large construction projects. They usually work in offices but can also visit building sites, clients and members of teams. Graduates are employed by private quantity surveying firms, government departments and building companies.

Overview
The course prepares students to work as quantity surveyors or building economists. The course covers building management, cost planning and control, building development techniques, building research, computer software application, measurement of construction, and legal issues.

Special Course Requirements
All students are required to obtain a minimum of 100 days of employment in the final year of the course as a part of the units Professional Practice 1 and Professional Practice 2. Only international students are eligible to complete a portion of their work experience offshore, and in this case students will receive no assistance in gaining work experience.

Professional Accreditation and Recognition
The course is offered with or without honours. Both the honours and non-honours versions of the course are fully accredited by the Australian Institute of Quantity Surveyors and the Board of Quantity Surveyors Malaysia (BQSM). Re-accreditation with the Royal Institution of Chartered Surveyors (honours version only) and Singapore Institute of Surveyors and Valuers is currently being sought.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion, but this will affect professional accreditation and recognition in relation to RICS and SISV. The course coordinator will therefore need to be satisfied that the student fully understands the implications that the minor will have on professional accreditation and recognition before approval to the minor is granted. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Advanced Standing
Up to 4 semesters of advanced standing may be granted, subject to prior learning and qualifications.
Students seeking accreditation from Hong Kong Institute of Surveyors are not able to accept any advanced standing, and must complete the entire course. In the special case of students who complete the QUT BAppSc Construction Management course and are therefore eligible to enter the final year of the BAppSc Quantity Surveying course, these students will find that their BAppSc Quantity Surveying course is only accredited by the Australian Institute of Quantity Surveyors.

Electives
Note A: Electives as listed or an approved elective from other QUT courses. Students seeking RICS and SISV accreditation should not enrol in Note A electives but follow the course structure as specified.

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Bachelor of Property Economics (CN54)

Year offered: 2008
Admissions: No
CRICOS code: 040319A
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,491
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 412322; Dfee: 412326
Past rank cut-off: 77; Dfee: 412326. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information.

Additional Admission Information

The CN54 Bachelor of Property Economics course has been replaced by UD40 Bachelor of Urban Development (Property Economics) from 2006 onwards. There will be no intake into the CN54 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules .

Career Outcomes

Property economics is the profession associated with the management, administration and use of land and property such as office buildings, shopping centres, factories, hotels etc. Graduates work in private practice or as employees of property development, valuation, property management, investment or property finance companies. They may also work in government departments and local authorities concerned with rating, compulsory acquisitions or property development.

Overview

This course is concerned with all aspects of property - investment, asset management, development, valuation and research - with a focus on finance and on the commercial property market sector. The program incorporates a major in finance (through the Faculty of Business) and specialist 4th year programs, with strong industry links.

Special Course Requirements

All students must undertake 60 days' professional work experience during the course as part of CNB390 Professional Practice. All work experience must approved by the course coordinator to verify that it is appropriate. A work experience diary is to be maintained and available for inspection by the unit coordinator as a formal assessment component.

A student registered in the flexible or part-time study program must be employed full-time in an approved organisation for three of the final four years of the course. Part-time study generally involves around 8 formal contact hours per week and some release from employment is required.

Professional Recognition

Graduates with relevant professional experience are eligible for membership of the Australian Property Institute and registration by the Valuers' Registration Board of Queensland. The course is accredited by the Royal Institution of Chartered Surveyors. Accreditation by the Singapore Institute of Surveyors and Valuers will be sought in 2004.

Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Flexible Mode

Students may elect to complete their studies on the completion of 3 years (or flexible part-time equivalent). Students who select this option will graduate with a Bachelor of Applied Science (Property Economics) degree. This degree provides full domestic accreditation with the Australian Property Institute and Valuers' Registration Board of Queensland. Students graduating on the four year program have the potential to graduate with honours according to their overall grade point average.

Further Information

Admissions: No
CRICOS code: 006362C
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Associate Professor Bambang Trigunarsyah (Course Leader)
Campus: Gardens Point

Entry Requirements
A relevant bachelor degree from an approved tertiary institution; OR successful completion in CN81 Graduate Certificate in Project Management with a grade point average of 5.0 or better, OR qualifications deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND at least three years of appropriate industry experience after graduation. Students who commence mid-year should enrol in semester 2 units.

Overview
This program is designed to help you advance your professional project management career. Career opportunities are excellent in both public and private sectors, and salaries approach the highest in any industry.

Course Structure
In the Graduate Diploma students complete coursework units from the Masters degree with a range of elective options available. Variations to the recommended study program require prior approval from the course coordinator. School electives are offered subject to an appropriate enrolment each semester.

Persons admitted to the Graduate Diploma who are graduates of the Graduate Certificate in Project Management (CN81) will need to submit an application for Academic Credit form for the units they have already completed.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Entry Requirements
A relevant bachelor degree from an approved tertiary institution and demonstrated potential in professional activity to undertake masters degree course, OR successful completion of CN64 Graduate Diploma in Project Management with a grade point average of 5.0 or better, OR qualifications deemed equivalent to the above by the Dean of the Faculty on the recommendation of the course coordinator, AND at least three years appropriate industry experience after graduation.

Overview
This program is designed to help you advance your professional project management career. The Project Management course provides generic project related skills essential for senior managers in a wide range of industries. Career opportunities are excellent in both public and private sectors, and salaries approach the highest in any industry.

Course Structure Information
The first two semesters full-time or four semesters part-time are identical to the Graduate Diploma in Project Management (CN64). Persons admitted to the Masters program who are graduates of the Graduate Diploma in Project Management (CN64) will need to submit an Application for Academic Credit form for the units they have already completed. At the completion of the coursework component of the Masters Degree program but before the completion of the Dissertation, students may elect to exit with the Graduate Diploma in Project Management.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $12,960
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)

Domestic Entry: February; July
International Entry: February; July External course
Total credit points: 288
Course coordinator: Associate Professor Bambang Trigunarsyah

Entry Requirements
A Masters degree from a recognised university in an appropriate discipline area such as an MBA, project management, logistics, IT, or engineering where the fundamental elements of business and project management have been studied; or A first/upper second class honours degree (in which an additional year of research study has been undertaken above the undergraduate degree; and approximately 5 years of work experience within a project management environment. Continuing employment in a Project Management environment for the duration of the course and a full commitment to the course by the candidate and their employing organisation is also necessary.

Overview
The Doctor of Project Management is a three year professional doctorate degree, designed for candidates to consolidate and better understand their existing skills and knowledge on how to manage projects, while drawing from their professional experiences and real life scenarios for research initiatives.

This program is jointly delivered by QUT and RMIT. Candidates in the program will have access to the expertise and resources in both institutions.

The award will be a dual-logo joint parchment issued by QUT and RMIT.

Course Structure
The program enables project managers to reflect upon their widespread experience, learn new skills and gain insights into core strategic areas of required expertise such as knowledge management, project management leadership, project management procurement and ethics. Each of the four core areas is accompanied by a reflective learning course. These core areas are then further investigated through research study.

Four core units are undertaken during the first two years entail extensive small group work.

Career Outcomes
Completion of this course will provide you with the necessary expertise to assume strategic leadership roles in leading projects.

International Enrolments
The course is delivered in external mode through the internet. During the candidature, students will have the opportunity to have face to face sessions with lecturing staff, their supervisors or the course coordinator, however on-shore attendance at QUT in Brisbane, Australia is not compulsory.

Course coordinator: Associate Professor Jay Yang
(Discipline coordinator: Associate Professor Bambang Trigunarsyah (Course Leader)
Campus: Gardens Point

Entry Requirements
A relevant bachelor degree from an approved tertiary institution; OR Qualifications and/or relevant training considered to be deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND at least three years of appropriate industry experience.

Related Courses
Graduate Diploma in Property Economics(CN91), Master of Property Economics(CN92)

Overview
The aim of the course is to produce graduates capable of making sound and reasonable judgements in property performance evaluation. The course will provide students with a comprehensive understanding of property as an economic and financial asset; knowledge and skills to evaluate and manage property, a sense of ethical and professional responsibility and the application of these attributes in the property field.

Course Structure
In the Graduate Certificate and Graduate Diploma courses, students complete coursework units from the Masters degree with a range of elective options available. The full-time Graduate Certificate can only be completed in Semester 1 of any year. Students who commence mid-year should enrol in Semester 2 units.

Majors
While the course provides an overview of property as an asset there are majors in PROPERTY INVESTMENT AND MANAGEMENT and PROPERTY DEVELOPMENT. There are several common units across the majors however applicants are required to select one major.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Graduate Diploma in Urban Design (DB69)

Year offered: 2008
Admissions: No
CRICOS code: 014018G
Course duration (full-time): 1 year
Course duration (part-time): 1.5 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Overview

Urban Design is primarily concerned with improving through design, the relationship between the many elements that make up urban areas. The course enhances your professional skills through developing an understanding of the social, economic, physical, historical, political, and legal processes which influence the form and structure of urban areas. Particular emphasis is placed on communication skills.

Entry Requirements

A Bachelor of Built Environment in a related discipline with a grade point average of 5 or better and demonstrated potential in a relevant professional activity or a degree or postgraduate qualification, relevant to Urban Design, with the grade point average of 5 or better and demonstrated potential in a relevant professional activity.

Applicants may be granted provisional entry to this course with a modified enrolment program on the basis of alternative academic or professional attainments.

You may be required to undertake a qualifying program to develop design literacy and graphic skills. A three-module full fee paying Summer unit is available for this purpose. Computer literacy is also required.

Course Requirements

Students must complete a minimum of 48 credit points per semester in the full-time course and a minimum of 24 credit points per semester in the part-time course. Students with a grade point average of 5 or better may articulate into the Masters program after one semester full-time or two semesters part-time study.

**Potential Careers:**
Urban and Regional Planner, Urban Designer.
Master of Built Environment (Urban Design) (DB73)

Year offered: 2008
Admissions: No
CRICOS code: 003475G

Course duration (full-time): 3 semesters including Summer semester
Course duration (part-time): 5 semesters

Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960 per semester (subject to annual review)

Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24

Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Overview
Urban design is primarily concerned with improving through design, the relationship between the many elements that make up urban areas: buildings, places, spaces and movement and service systems. The course aims to enhance your professional skills through developing an understanding of the social, economic, physical, historical, political, and legal processes which influence the form and structure of urban areas. Particular emphasis is placed on communication skills.

Entry Requirements
Applicants are considered initially for acceptance in the Graduate Diploma in Urban Design. At the completion of 48 credit points students will be considered for articulation to the Master of Built Environment (Urban Design) subject to a grade point average of 5.0 or better in the course.

Applicants may be granted provisional entry to the Graduate Diploma courses with a modified enrolment program on the basis of alternative academic or professional attainments. Some applicants may be required to undertake a qualifying program to develop design literacy and graphic skills. A three-module full-fee paying Summer unit is normally available for this purpose. Computer Literacy is also required.

Focus in the Masters Program
The masters program includes skills and knowledge development through set coursework in common with the Graduate Diploma in Urban Design, but also requires individual research and the writing of a dissertation. An Urban Design Master Studio is conducted over the Summer semester.

Master of Built Environment (Urban Design)
The normal progression will extend the graduate diploma program by a flexibly delivered summer semester (see Course Structure) for part-time and full-time students. Articulation from the graduate diploma to the masters level program will be available after one semester full-time or two semesters part-time provided that applicants have completed the preceding course work with a grade point average of 5.0 or better.

International Student Entry
QUT advises that international students may only enrol in full-time studies.

### Potential Careers:

Urban and Regional Planner.
Bachelor of Design (Architectural Studies) (DE40)

Year offered: 2008
Admissions: Yes
CRICOS code: 056386C
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth supported place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,741
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412372
Past rank cut-off: 86
Past OP cut-off: 8
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Paul Sanders
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to AR48 Bachelor of Architecture.

Career Outcomes
The Bachelor of Design (Architectural Studies) is a four-year full-time pre-professional degree in architecture. Graduates of this course may articulate into the Master of Architecture.

Architects design buildings, provide concepts, specifications, detailed drawings and plans. They oversee construction, negotiate with planning authorities and inspect the work in progress. They are required to have design skills and technical knowledge of materials and processes used in construction. Architects can be employed in general practice or choose to specialise. Some of the specialisations available are commercial, industrial and institutional developments, historic building conservation and housing renovation. They can also be involved in project feasibility studies and strategic asset investigations. Architecture embraces art, technology and service. Architects play a leading role in interdisciplinary teams to solve problems of the built environment. A Bachelor of Architecture gives graduates exciting career choices and the opportunity to travel and work in Australia or overseas.

Overview
Design is the focus of this course; these studies are supported by studies in architectural technology, history and culture of architecture, ethical and legislative frameworks, and the study of architecture in practice.

Professional Recognition
Graduates of the Bachelor of Design(Architectural Studies) with a grade point average of 4 or better will be eligible for entry into the Master of Architecture.

Provisional accreditation for the Bachelor of Design(Architectural Studies) and the Master of Architecture has been given by the Architecture Accreditation Council of Australia. Full accreditation will be sought in 2010 when the first cohort graduates from the Master of Architecture.

Further Information
The School of Design - Phone +61 7 3864 2626, Fax +61 7 3864 5280, email: bee.enquiries@qut.com

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

IMPORTANT - SPECIAL NOTE  
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information  
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to BN31 Bachelor of Built Environment (Industrial Design).

Career Outcomes  
Industrial designers create and produce commercial and industrial products to improve people's lives. They make models and prototypes of designs that cover a wide range of manufactured goods from toasters to computer terminals to rapid transport systems. When designing new or improving existing products they must consider factors influencing product design such as useability, costs, materials, technology or environment. They research product usage, make detailed drawings and supervise the construction of prototypes for testing. They mainly work in small business or consulting practices. QUT Industrial Design graduates are working worldwide in places such as the UK, Singapore and France.

Overview  
Students in this course develop their capacity to contribute to the design of products and systems for the mutual benefit of users and manufacturers of a wide range of products.

Professional Recognition  
Recognition of the Bachelor of Design (Industrial Design) is being sought from the Design Institute of Australia. QUT is an Educational Member of the International Council of Societies of Industrial Design (ISCID).

Minors  
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,741
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)

International Entry: February
QTAC code: 412362
Past rank cut-off: 83
Past OP cut-off: 9
OP Guarantee: Yes

Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Ms Petina Rock and Mr Mark Taylor
Campus: Gardens Point

IMPORTANT - SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to BN31 Bachelor of Built Environment (Interior Design).

Careers Outcomes
Interior designers plan and execute the layout, finishes, lighting, fittings and furnishings in domestic interior design, retail and entertainment industry design, hospitality industry design, commercial office and corporate design. Interior designers may work as consultants or with a design company. They may also seek work involving production design for film, television and theatre as well as furniture and exhibition design. There is a trend for Australian interior design companies to practice in South-East Asia and bid competitively for international commissions.

Overview
Students undertaking this course receive a general background in studies in built environment combined with a series of experience exercises relating to basic design & specifically to interior design.

Professional Recognition
Successful completion of the Bachelor of Design (Interior Design) is recognised by the Design Institute of Australia as meeting the basic requirements for professional practice.

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Further Information
The School of Design - Phone +61 7 3864 2626, Fax +61 7 3864 5280, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Dr Jeannie Sim
Campus: Gardens Point

IMPORTANT - SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to BN31 Bachelor of Built Environment (Landscape Architecture).

Career Outcomes
Landscape Architecture is predominantly a young profession with an increasing number of female practitioners. Sixty per cent of the profession is employed in private consultancies of landscape architects, architects, planners, urban designers and engineers. They are engaged primarily in site planning, site design, planting design and, to a lesser degree, landscape planning. Other opportunities for employment occur in the design sectors of government agencies. Some graduates work freelance on a contractual basis.

Overview
Landscape Architecture is concerned with the ordered design of open spaces at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Your course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work.

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Professional Recognition
Professional accreditation is being sought from the Australian Institute of Landscape Architects.

**Potential Careers:**

Landscape Architect.
Master of Design (Urban Design) (DE50)

Year offered: 2008  
Admissions: Yes  
CRICOS code: 060812M  
Course duration (full-time): 1 year  
Course duration (part-time): 2 years  
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)  
Domestic fees (indicative): 2008: $12,960 per semester (subject to annual review)  
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)  
Domestic Entry: February and July  
International Entry: February and July  
Total credit points: 96  
Standard credit points per full-time semester: 48  
Course coordinator: Associate Professor Jay Yang  
(Discipline coordinator: Dr Kathi Holt-Damant (Course Leader))  
Campus: Gardens Point

Overview
The Master of Design addresses the issues of professional development in the design fields of built environment and engineering. It aims to enhance and advance your skills and understanding of the design disciplines through explorations in social, historic, economic, legal, and technological processes and systems that act upon our environments and products. This course advances abilities in visual and design literacy, communication, and design processes, through the integration of aspects of sustainability, project management, leadership, and design project applications. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant discipline area, or equivalent qualification determined by the Faculty, and a grade point average of 5.0 or more (on a 7-point scale) in that study. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering. If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
Graduates may choose to become specialist urban designers within their chosen professional field, or use the skills and knowledge gained to diversify their capabilities across a broader spectrum of design disciplines. In particular this course provides the skills and knowledge to become a leader and manager of urban design processes, both in the development and implementation of urban design policy and urban design practice. Graduates may typically work in either private practice as urban designers, or in government organisations as urban policy developers and implementers.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Bachelor of Engineering (Electrical and Computer Engineering) (EE41)

Year offered: 2008  
Admissions: No  
CRICOS code: 003490G  
Course duration (full-time): 4 years

**Domestic fees (per credit point):** Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)

**Domestic fees (indicative):** 2008: $20,928; CSP $6,163

**International Fees (per semester):** 2008: $11,184 per semester (subject to annual review)

**Domestic Entry:** February and July  
**International Entry:** February (July entry available to students with Advanced Standing)

**QTAC code:** 412502; Dfee: 412506

**Past rank cut-off:** 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

**OP Guarantee:** Yes

**Total credit points:** 384

**Standard credit points per full-time semester:** 48

**Course coordinator:** Dr R.Mahalinga-Iyer  
**Discipline coordinator:** Dr Bouchra Senadji  
**Campus:** Gardens Point

**Additional Admission Information**

The EE41 Bachelor of Engineering (Electrical and Computer Engineering) course has been replaced by EN40 Bachelor of Engineering (Electrical) from 2006 onwards. There will be no intake into the EE41 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

**Career Outcomes**

Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems. They may specialise as electrical power engineers, electrical design engineers, communications or computer engineers. Graduates find employment with electricity boards, government and semi-government departments, large manufacturing and engineering companies.

**Overview**

This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

**Professional Recognition**

This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. It is professionally recognised by many international professional institutions including the Professional Engineers Board Singapore.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

**Mid-year Entry**

The EE42 Bachelor of Engineering (Electrical and Computer Engineering) course has been replaced by EN40 Bachelor of Engineering (Electrical) from 2006 onwards. There will be no midyear intake into the EE42 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit).

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

**Industry Cooperative Education Program**

High achieving domestic students in third year may also be eligible to participate in the Industry Cooperative Education Program, based on a three-way partnership between the student, University and industry, and involving a full-time, one semester, paid and supervised workplace position with the industry partner.

**Special Course Requirements**

To graduate, students must complete at least 60 days industrial experience in an engineering environment which is approved by the course coordinator.

**Further Information**

Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

**Deferment**

QUT’s deferment policy does not apply to this course.

**Course structure - Full-time**

</tbody>
</table>
Students normally enrol in EEB889-2 in semester two.

Students must complete 60 days industrial experience before graduating.

At the commencement of Year 3, Semester 1, eligible students may be invited to apply for a place in the Industry Cooperative Education Program. (See Course Structure.)

Please check unit availability, as not all units are offered every year.

At the discretion of the course coordinator students maybe allowed to select an elective from any advanced topics offered by the University.

Also potential honours students may, with the approval of the course coordinator, select an elective from the postgraduate degree courses offered by the School of Engineering Systems.

### Course Structure - Industry Cooperative Education Program

#### Year 4 - Semester 1
- EEB781  Professional Studies 2
- EEB889-1  Project
  - Students normally enrol in EEB889-1 in semester one
  - Elective 1 (Technical)

International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

Additional Admission Information
The EE46 Bachelor of Engineering (Computer Systems) course has been replaced by EN40 Bachelor of Engineering (Computer Systems) from 2006 onwards. There will be no intake into the EE46 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Graduates will be employed as design engineers, software engineers, hardware engineers, computer system engineers, information systems engineers, research and development engineers and project managers.

Overview
Students will study units from both electrical engineering and computing from a computer-based systems perspective. The course aims to produce students who are employable as design engineers, software and hardware engineers, computer systems engineers, and information systems engineers.

Professional Recognition
The course is provisionally accredited by Engineers Australia (EA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Optional Pathways
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Telecommunications) course can change to the Bachelor of Engineering (Computer Systems) at the end of the first year without loss of credit, subject to approval from the course coordinator and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days industrial experience in order to graduate.

CRICOS code: 040308D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,077
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

Additional Admission Information
The EE47 Bachelor of Engineering (Telecommunications) course has been replaced by EN40 Bachelor of Engineering (Telecommunications) from 2006 onwards. There will be no intake into the EE47 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Telecommunications engineers are involved in the design, planning, commissioning and monitoring of complex telecommunications networks and broadcasting equipment. As a result of the rapid increase in telecommunications technology, Australia currently faces a shortage of experienced telecommunications engineers. Prospective employers include all the major carrier companies such as Telstra, Optus, Vodafone, as well as mobile phone manufacturers such as Voxxson, Motorola and Nokia. Other prospective employers are electronic equipment manufacturers and private and government bodies involved in Information Technology (IT), Telecommunication design and development.

Overview
Students study a combination of units from the School of Electrical and Electronic Systems Engineering, School of Computer Science and Software Engineering, School of Data Communication and the School of Mathematics. Areas covered include innovative communications technologies including the Internet, wireless mobile communication systems, optical fibre communications, satellite communication systems ADSL and other fast modem technologies, Bluetooth and HDTV.

Professional Recognition
The course is provisionally accredited by Engineers Australia (EA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Optional Pathway
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Computer Systems) course may transfer to the Bachelor of Engineering (Telecommunications) at the end of the first year without loss of credit, subject to approval from the course coordinator, and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days of industrial experience in order graduate.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

Course structure

Year 4 - Semester 1
EEB766 RF Communication Technologies
EEB781 Professional Studies 2
EEB889-1 Project
Elective Unit 1

Year 4 - Semester 2
EEB889-2 Project
EEB960 Wireless Communications
General Elective
Elective Unit 2
Students must complete 60 days work experience before graduating.

NOTE:
For electives, please see Elective Unit List

Elective Unit List
Electrical Engineering Elective Units

ENB350  Real-time Computer-based Systems
ENB352  Communication Environments for Embedded Systems
EEB941  Modern Signal Processing
EEB960  Wireless Communications
EEB976  Advanced Industrial Electronics

Information Technology Elective Units

ITB007  Web Development
ITB218  Applications Programming
ITB222  Systems Analysis and Design
ITB237  Advanced Databases
ITB254  Interaction Design
ITB257  Multimedia Systems
ITB259  Advanced Multimedia Systems
ITB260  E-Commerce Site Development
ITB322  Information Resources
ITB710  Fundamentals of Computer Science
ITB713  Advanced Java Programming
ITB716  Advanced Web Applications Development
ITB717  Enterprise Software Architecture
ITB721  Unix Network Administration
ITB722  Network Planning and Deployment
ITB730  Information Security Fundamentals
ITB731  Security Technologies
ITB732  Cryptology and Protocols
ITB733  Network Security
ITB740  Agent Based Software Engineering
ITB742  Computational Intelligence
ITB743  Artificial Intelligence
ITB745  Operating Systems
ITB746  Modelling and Animation Techniques
ITB747  Real Time Rendering Techniques
ITB748  Configurable Computing
ITB749  Scientific Programming

General Elective Units

BSB113  Economics
BSB115  Management, People and Organisations
BSB119  International and Electronic Business
LSB118  Life Science
MAB481  Visualisation and Data Analysis

Any language offered by QUT.

NOTE:

Please check unit availability as not all units are offered every year.
At the discretion of the course coordinator, students may be allowed to select an elective from any advanced topics offered by the University. Also potential honours students may, with the approval of the course coordinator, select an elective from the postgraduate degree courses offered by the School of Engineering Systems.

Potential Careers:

Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer.
Bachelor of Engineering (Aerospace Avionics) (EE48)

Year offered: 2008
Admissions: No
CRICOS code: 037543G
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,473
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412512
Past rank cut-off: 92. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Felipe Gonzalez
Campus: Gardens Point

Additional Admission Information
The EE48 Bachelor of Engineering (Aerospace Avionics) course has been replaced by EN40 Bachelor of Engineering (Aerospace Avionics) from 2006 onwards. There will be no intake into the EE48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 264 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Aerospace Engineers are involved in the design, development, manufacture and maintenance work on aeroplanes, helicopters, spacecraft and satellites. Graduates are employed by the RAAF, RAN and by government bodies such as the Defence Research Centres and the Civil Aviation Authority. There are also career opportunities with aerospace companies, aircraft maintenance and aeronautical consulting services. Opportunities outside aerospace also exist in the areas of electronics, process control, instrument manufacture and automotive equipment.

Overview
Students study aerodynamics, aircraft control systems, avionics navigation and communication. In later years of the degree, specialist study is undertaken in design of aircraft and satellite systems including systems engineering methodology, aircraft and satellite technology and applications. As many of the teaching staff are involved in relevant research with government and industry sectors, students have the opportunity to work on real projects during their studies.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. It is also professionally recognised by many international professional institutions.

Minors
Subject to the approval of the course coordinator, students in this course may gain a minor in Systems Engineering by choosing the same group project through the Aerospace Design units and the final year project providing they comply with Systems Engineering principles.

Optional Pathway
Subject to normal course entry rules students may transfer internally from the QUT Bachelor of Engineering (Electrical and Computer Engineering) course to this degree after the completion of the first year full-time if they have obtained a sufficiently high grade point average that will meet the course cut-off for that year.

Articulation to Masters
Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science courses can then have these two units credited towards the Masters Program.

Special Course Requirements
In order to graduate students in this course must complete 60 days industrial experience before graduating. An additional 10 days specialist industrial experience must be obtained in the aerospace avionics industry.

Further Information
Phone +61 7 3138 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply
regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Potential Careers:

Aerospace Avionics Engineer.
Graduate Diploma in Computer and Communications Engineering (EE67)

Year offered: 2008
Admissions: No
CRICOS code: 015184G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960 (subject to annual review)
International Fees (per semester): No new admissions (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Michael Mason (Course Leader)
Campus: Gardens Point

Entry Requirements
Applicants for the Graduate Diploma must hold a bachelor degree in Electrical Engineering, Information Technology or equivalent; or have successfully completed the Graduate Certificate in Computer and Communications Engineering.

Overview
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and several related areas. You can specialise in either computer or communications engineering or take subjects in both. Computer Engineering covers important contemporary topics such as software development, hardware development computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. Communications Engineering covers advanced digital communication, signal processing techniques, hardware and software components in communications systems and various applications areas.

Course Structure
Graduate Diploma students select a total of eight units from Semester 1 and Semester 2 lists.

Semester 1 - Units
EEP101 Algorithms for Control and Engineering
EEP102 Unix and C for Engineers
EEP103 Computer Hardware and Interfacing
EEP124 Data Communications
EEP126 Communications Digital Signal Processing
Elective unit 1

Semester 2 - Units
EEP104 Real-Time Operating Systems
EEP120 Networks and Distributed Computing
EEP123 Process Control and Robotics
EEP129 Image Processing and Computer Vision
EEP135 Digital Signal Processing and Applications
Elective unit 2

Elective Units
EEB911 Electrical Energy Systems
EEB941 Modern Signal Processing
EEB960 Wireless Communications
EEB961 RF and Applied Electromagnetics
EEB976 Advanced Industrial Electronics
EEB992 VLSI Circuits and Systems
EEP127 Advanced Topic B

Note: Graduate Diploma students complete 8 units from semester 1 and 2 lists. At the discretion of the course coordinator, students may be allowed to select an elective from any advanced topics offered by the University. Most of the units as part of the program are offered once a year (either first or second semester). Students are advised to check the unit availability prior to enrolling, as units offered as electives may be cancelled due to insufficient enrolment numbers.

Potential Careers:
Computer Systems Engineer, Electrical and Computer Engineer, Software Engineer.
Master of Engineering Science (Computer and Communications Engineering) (EE74)

Year offered: 2008
Admissions: No
CRICOS code: 040343A
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960
International Fees (per semester): No new admissions (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Michael Mason (Course Leader)
Campus: Gardens Point

Entry Requirements
Applicants for the Masters program must hold a bachelor degree in Electrical Engineering, Information Technology or Science with at least second class honours or equivalent; or have partially completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better over the first 4 units; or successfully completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better; or successfully completed the Graduate Certificate in Computer and Communications Engineering (EE61) with a grade point average of 5 or better.

Overview
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and several related areas. You can specialise in either computer or communications engineering or take subjects in both. Computer Engineering covers important contemporary topics such as software development, hardware development computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. Communications Engineering covers advanced digital communication, signal processing techniques, hardware and software components in communications systems and various applications areas.

Masters Qualifying Program
Applicants who do not meet the entry requirements outlined above, will be required to enrol in the first semester of the Graduate Diploma in Computer and Communications Engineering (EE67). If in this first semester a sufficiently high standard is attained, then candidates will be invited to change enrolment to the Masters program. Otherwise they will continue their studies in the Graduate Diploma in Computer and Communications Engineering towards that award.

Masters Upgrade Program
Those who have completed the Graduate Diploma in Computer and Communications Engineering (EE67) may upgrade by undertaking further study in the Master of Engineering Science (Computer & Communications Engineering) and be given credit for the units which they have completed at Graduate Diploma level. The structure of the course dictates that this upgrade program be undertaken on a part-time basis.

Students undertaking the Masters Upgrade Program will enrol in the following units:
EEP301/1 Project
EEP301/2 Project.

Course Structure
Masters students select either a total of six units from Semester 1 and Semester 2 lists and complete a 24 credit point project (EEP301, or seven units plus EEP304 Project Component.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

**Note:**

Most of the units as part of the program are offered once a year (either first or second semester). Students are advised to check the unit availability prior to enrolling, as units offered as electives may be cancelled due to insufficient enrolment numbers.

At the discretion of the course coordinator, students may be allowed to select an elective from any advanced topics offered by the University.

**Potential Careers:**

Computer Systems Engineer, Electrical and Computer Engineer.
Master of Engineering Science
(Electrical Engineering Studies) (EE77)

Year offered: 2008
Admissions: No
CRICOS code: 042260K
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Course coordinator: Associate Professor Jay Yang
(Discipline coordinator: Dr Michael Mason (Course Leader)
Campus: Gardens Point

Entry Requirements
Applicants for the Masters program must hold a bachelor degree in Electrical Engineering, Information Technology or Science with at least second class honours or equivalent; or have partially completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better over the first 4 units; or successfully completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better; or successfully completed the Graduate Certificate in Computer and Communications Engineering (EE61) with a grade point average of 5 or better.

Overview
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and other areas of electrical and associate engineering disciplines. You can broaden your knowledge in project management type units for mechanical and civil engineering courses or specialise in either computer or communications engineering or take subjects in both. The Computer Engineering stream covers important contemporary topics such as software development, computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. The Communications Engineering stream covers advanced digital communications systems, and various applications.

Course structure
Full-time Course Structure

Band 1 Units
Choose 3 units from the following Band 1 units.

Band 2 Units
Choose 3 units from the range of Band 2 units.
The following units are offered in EE61/66/76, and may be cancelled due to insufficient enrolment numbers.
Students are advised to check the unit availability prior to enrolling.

Band 3 Units
Students must complete their 24 cp project over one or two semesters by enrolling in the following two 12 cp project units
EEP301-1 Project
EEP301-2 Project
Elective Units

EEB911 Electrical Energy Systems
EEB941 Modern Signal Processing
EEB960 Wireless Communications
EEB961 RF and Applied Electromagnetics
EEB976 Advanced Industrial Electronics
EEB992 VLSI Circuits and Systems
EEP127 Advanced Topic B

Note:

At the discretion of the course coordinator, students may be allowed to select an elective from any advanced topics offered by the University.

The School reserves the right to offer the units according to enrolment quotas and staff availability.

Potential Careers:

Electrical and Computer Engineer, Electrical Engineer.
Bachelor of Engineering (Aerospace Avionics) (EN40)

Year offered: 2008
Admissions: Yes
CRICOS code: 056389M
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,760
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412512
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.edu.au
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Felipe Gonzalez
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to the EE48 Bachelor of Engineering (Aerospace Avionics).

Recommended Study
Chemistry, Math C and Physics.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Aerospace Engineers are involved in the design, development, manufacture and maintenance work on aeroplanes, helicopters, spacecraft and satellites. Graduates are employed by the RAAF, RAN and by government bodies such as the Defence Research Centre and the Civil Aviation Authority. There are also career opportunities with aerospace companies, aircraft maintenance and aeronautical consulting services. Opportunities outside aerospace also exist in the areas of electronics, process control, instrument manufacture and automotive equipment.

Overview
Students study aerodynamics, aircraft control systems, avionics navigation and communication. In later years of the degree, specialist study is undertaken in design of aircraft and satellite systems including systems engineering methodology, aircraft and satellite technology and applications. As many of the teaching staff are involved in relevant research with government and industry sectors, students have the opportunity to work on real projects during their studies.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Optional Pathway
Subject to normal course entry rules students may transfer internally from the QUT Bachelor of Engineering (Electrical) course to this degree after the completion of the first year full-time if they have obtained a sufficiently high grade point average that will meet the course cut-off for that year.

Special Course Requirements
Students must complete 60 days approved industrial experience in an engineering environment as approved by the course coordinator, including 10 days specialist experience in the avionics industry. Students will complete their industrial experience component within a unit of Work Integrated Learning.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

**Potential Careers:**
Aerospace Avionics Engineer, Electrical and Computer Engineer, Electrical Engineer.
Bachelor of Engineering (Civil and Construction) (EN40)

Year offered: 2008
Admissions: Yes
CRICOS code: 056529D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,760
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jon Bunker
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Recommended study
Chemistry, Maths C and Physics.

Career Outcomes
Construction engineering is suited to people attracted to the intellectual rigour of engineering, but with a bias towards the challenge of converting design into physical reality. While the course retains sufficient traditional civil engineering to enable graduates to work in consultant offices, most would be employed by civil construction companies and Government Departments. Commercial and legal studies equip graduates to progress through the management structures of these organisations or to establish companies of their own. The range of work undertaken by civil construction companies ranges from residential land development through earthworks, tunnels, roads and dams to airports, marine facilities, major bridges and complex buildings. The world wide trend towards design and construction being undertaken within one organisation, acts to advantage engineers competent in both.

Overview
This course combines civil engineering with construction management, you will study civil engineering subjects combined with the requirements for managing the construction of large projects.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil and Construction) must complete at least 60 days of industrial experience/practice in an engineering construction environment as approved by the course coordinator.

Minors
You will have the opportunity to undertake two minors (a minor is four units or 48 credit points) in the same discipline. For professional recognition you will undertake an Applications Minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised civil engineering units. The second minor may be taken from an approved list outside your discipline.

International Student Entry
International students who are interested in mid-year entry should consult the Faculty of Built Environment and Engineering Student Services section regarding the course structure to be undertaken.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

## Potential Careers:

Civil Engineer, Environmental Engineer.
Bachelor of Engineering (Civil) (EN40)

Year offered: 2008
Admissions: Yes
CRICOS code: 056529D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $6,760
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February; July
QTAC code: 412502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jon Bunker
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the CE44 Bachelor of Engineering (Civil).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Civil engineers plan, design, construct, operate and maintain roads, bridges, dams, water supply schemes, sewerage systems, transportation, harbours, canals, dockyard facilities, airports, railways, factories and large buildings. Civil engineers may gain employment with Local, State and Commonwealth Governments, semi-government agencies, construction firms, power generating authorities, mining firms, property developers and consulting engineering firms. A small number are employed in research activities and teaching. After obtaining suitable experience there is also the opportunity to establish their own consulting engineering practice.

Overview
This course allows you to develop your knowledge in a number of areas such as: Structural Analysis and Design, Computer Applications, Transport Engineering, Environmental Engineering, Geotechnical Mechanics, Water Engineering, Construction Management, Waste Management. Environmental major; Sustainable development, waste management, toxic site rehabilitation, water & wastewater.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Minors
You will have the opportunity to undertaken two minors; a minor is four units (48 credit points) in the same discipline. For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised civil engineering units. The second minor may be taken from an approved list outside your discipline.

Mid-year Entry
This course is also offered as an accelerated program for mid-year entry students, in which the course can be completed in three and a half years full-time through attendance at the Summer Program.

Applicants who are offered place and eligible to receive 72 credit points (or more) of advanced standing will be admitted to the CE45 Bachelor of Engineering (Civil).

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the EE46 Bachelor of Engineering (Computer Systems).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Graduates will be employed as design engineers, software engineers, hardware engineers, computer system engineers, information systems engineers, research and development engineers and project managers.

Overview
Students will study units from both electrical engineering and computing from a computer-based systems perspective. The course aims to produce students who are employable as design engineers, software and hardware engineers, computer systems engineers, and information systems engineers.

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Optional Pathways
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Telecommunications) course can change to the Bachelor of Engineering (Computer Systems) at the end of the first year without loss of credit, subject to approval from the course coordinator and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days industrial experience in order to graduate.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment

### Potential Careers:

Computer Systems Engineer, Electrical and Computer Engineer, Systems Programmer.
Bachelor of Engineering (Infomechatronics) (EN40)

Year offered: 2008
Admissions: Yes
CRICOS code: 056529D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,760
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are a offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the ME40 Bachelor of Engineering (Infomechatronics).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
This leading edge degree provides graduates with the combined skills of mechanical engineering, electrical and electronic engineering and information technology to work in the high tech fields of automated systems and robotics for the design, development, construction and service of modern equipment and plant. Graduates from this degree may expect to find employment as consultants, project managers, designers, and maintenance and instrumentation engineers in a wide variety of work situations. The range of employment opportunities is diverse and extensive. Some typical examples of organisations may include: manufacturing plants of consumer products, computer peripherals manufacturers/maintenance companies, automobile manufacturing industries, large scale manufacturing/maintenance industries such as Boeing, instrumentation industries, communication companies, research organisations, food and food processing industries and software development companies.

Overview
This course bridges the three, traditionally separate, disciplines of Mechanical Engineering, Electrical and Electronic Engineering, and Computing and provides the combined skills required for the design, development, construction and service of modern systems and equipment. Advanced units emphasis the integration of knowledge and skills that impact on all aspects of the design, construction and service of modern computer controlled machines. In the final year a one-semester industry project will integrate and reinforce what has been learned through application in a real world setting.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Special Course Requirements
Students must obtain at least 60 days of industrial work experience in an engineering environment approved by the course coordinator.

Minors
For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised engineering units.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Applications Minor Selectives**

To be advised by the Subject Area Coordinator.

**Potential Careers:**

Manufacturer, Mechanical Engineer.
Bachelor of Engineering (Mechanical) (EN40)

Year offered: 2008
Admissions: Yes
CRICOS code: 056529D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,760
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February; July
QTAC code: 412502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the ME41 Bachelor of Engineering (Mechanical).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
The Bachelor of Engineering (Mechanical) provides a sound education in the basic engineering sciences, synthesis and design, engineering management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may find employment in a variety of roles: consultant, project manager or technical adviser where they maybe involved in the operation of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others may work under the guidance of more experienced staff selecting equipment, installing and commissioning plants. Some graduates will go into design offices or manufacturing plants where they will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview
This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Minors
You will have the opportunity to undertake two minors; a minor is four units (48 credit points). For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and 2 specialised engineering units. The second minor may be taken from an approved list outside your discipline.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Mechanical) must complete at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Mid-year Entry
This course is also offered as an accelerated program for mid-year entry students, in which the course can be completed in three and a half years full-time through attendance at the Summer Program.

Applicants who are offered place and eligible to receive 72 credit points (or more) of advanced standing will be admitted to the ME42 Bachelor of Engineering (Mechanical).

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Year 3 - Semester 1

Program is the same as February entry hereafter.

Course structure - Engineering Management 2nd Major

Mechanical major students who elect to do this 2nd major, will follow the first 2 ? years of the standard program and then continue with the following program:

Engineering Management major students are expected to do an industry-based project such as CEED combining Project 1, Project 2, and Work Integrated Learning 1 units. These units are to be done concurrently.

Year 3, Semester 2

ENB336 Industrial Engineering

Year 4, Semester 1
- ENB333 Operations Management
- ENB421 Thermodynamics 2
- ENB432 Engineering Asset Management and Maintenance

Second Major Selectives
- Semester 1:
  - BSB126 Marketing
  - ENB435 Computer Integrated Manufacturing
- Semester 2:
  - BSB115 Management, People and Organisations
  - ENB422 Energy Management
  - MGB218 Managing Business Growth

Students may choose any other unit related to management approved by the Subject Area Coordinator.

Course structure - Automotive Engineering 2nd Major

Mechanical major students who elect to do this 2nd major, will follow the first 2 years of the standard program and then continue with the following program:

Year 3, Semester 2
- ENB312 Dynamics of Machinery
- ENB317 Design and Maintenance of Machinery
- ENB321 Fluids Dynamics
- ENB334 Design For Manufacturing

Year 4, Semester 1
- ENB315 Motor Racing Vehicle Design
- ENB333 Operations Management
- ENB421 Thermodynamics 2
- ENB432 Engineering Asset Management and Maintenance

Year 4, Semester 2
- BEB701 Work Integrated Learning 1
- BEB801 Project 1
- BEB802 Project 2
- DNB202 Product Usability

Potential Careers:
Mechanical Engineer.
Bachelor of Engineering (Medical) (EN40)

Year offered: 2008
Admissions: Yes
CRICOS code: 056388A
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $6,760
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the ME48 Bachelor of Engineering (Medical).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Graduates from this degree may expect to find employment in hospitals as advisors to health and medical professionals, in firms concerned with the design, manufacture, supply and maintenance of medical, health and sporting equipment, occupational health agencies and in research institutions. In the early stages of their careers biomedical engineers might expect to be involved in the innovative use of technology, in the design of new devices and the assessment of appropriate engineering solutions to medical problems. More experienced biomedical engineers manage Biomedical Engineering Departments in hospitals and manufacturing companies and lead teams of engineers and technologists in the development of engineering solutions to improve health care.

Overview
This degree integrates physical, chemical, mathematical, and computational sciences and engineering principles to study human biology, medicine, human behaviour and health. It will provide you with the skills to design, manufacture, install, monitor and maintain medical and surgical equipment and to provide advice on engineering matters to medical and allied staff. Current issues such as total quality management and health legislation are also covered. In the final year, students undertake a design project in the biomedical field.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Special Course Requirements
Students must obtain at least 60 days of industrial employment in an engineering environment approved by the course coordinator. Half of this experience must be in an industry related to Biomedical Engineering.

Minors
For professional recognition you will undertake an applications minor which consists of a workplace integrated learning unit, a project unit and two specialised engineering units.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993,
Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the EE47 Bachelor of Engineering (Telecommunications).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Telecommunications engineers are involved in the design, planning, commissioning and monitoring of complex telecommunications networks and broadcasting equipment. As a result of the rapid increase in telecommunications technology, Australia currently faces a shortage of experienced telecommunications engineers. Prospective employers include all the major carrier companies such as Telstra, Optus, Vodaphone, as well as mobile phone manufacturers such as Voxson, Motorola and Nokia. Other prospective employers are electronic equipment manufacturers and private and government bodies involved in Information Technology (IT), Telecommunication design and development.

Overview
You will study a combination of units from Electrical Engineering, Computer Science, Software Engineering, Data Communications and Mathematics. Areas covered include innovative communications technologies including the Internet, wireless mobile communication systems, optical fibre communications, satellite communication systems ADSL and other fast modem technologies, Bluetooth and HDTV.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Optional Pathways
If you enter the Bachelor of Engineering (Electrical)/Bachelor of Information Technology course or the Bachelor of Engineering (Computer Systems) course, subject to the approval of the course coordinator, and if you meet the minimum course requirements you can apply to change to the Bachelor of Engineering (Telecommunications) at the end of the first year without loss of credit.

Special Course Requirements
To graduate you must complete at least 60 days of approved industrial experience in an engineering environment.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment

**Potential Careers:**

Electrical and Computer Engineer, Electrical Engineer.
Bachelor of Engineering - Dean's Scholars Program (EN40)
Year offered: 2008
Admissions: Yes
CRICOS code: As per course of study
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,760
International Fees (per semester): 2008: $11,184 per semester as per course of study (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412052
Past rank cut-off: 99 plus successful questionnaire. Please refer to Additional Entry Requirements.
Past OP cut-off: 1 plus successful questionnaire. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, VHA) and Maths B (4, VHA)
Total credit points: 384
Course coordinator: Dr R. Mahalinga-Iyer
Campus: Gardens Point

Entry requirements
Applicants must be outstanding current, or returning from a gap year, Year 12 students who.

Additional Entry Requirements
Engineering Dean's Scholars applicants are required to complete a questionnaire which will be available at questionnaire available via the Engineering Dean's Scholars website.

Shortlisted applicants may be required to attend an interview and will be notified of date and venue after the questionnaire closes.

The due date to submit the questionnaire for the late January round is 18 January 2008. Late submissions will be accepted up until 18 January 2008. Submissions after 18 January will not be accepted.

Fixed Closing Date
Applications for this program will close on 30 November.

Recommended Study
Chemistry, Maths C and Physics.

Domestic Student Fees
Students who enrol will receive a full scholarship that includes payment of all undergraduate Higher Education Contribution Scheme (HECS) monies for the bachelor program. Students who attain a grade point average of 5.5 or above in their QUT studies and wish to continue to the Masters of Engineering accelerated program will receive further scholarship benefits, being the full payment of the course fees for the masters program.

Thiess

Course Structure
The Dean's Scholars Program offers students the opportunity to complete one of the Bachelor of Engineering programs and a Master of Engineering whilst providing a number of opportunities, which include;

- Introduction to the Engineering environment and high-level engineering management through company site visits;
- Boardroom visits to sponsoring companies to introduce you to prospective employers and engineering managers;
- Leadership Dinner sponsored by one of the companies associated with the program;

- Participation in a number of events relating to industry and association;

- Involvement in programs within the community;

- Access to senior academics who will assist you throughout your course.

Students can choose to complete one out of ten Bachelor of Engineering programs. This does not include the Bachelor of Engineering (Software Engineering).

Special Course Requirements
Students enrolled in the Dean's Scholars program must maintain a GPA of 5.5 throughout their course. For a copy of the program rules and regulations please contact the Faculty Office or www.bee.qut.edu.au/study/scholarships/commencing/deans.jsp

Students must complete at least 60 days of industrial experience in order to graduate.

International Student Fees
International students eligible for a Queensland OP, who are successful in gaining entry and enrol will receive a scholarship, which will partially cover their tuition fees. The Faculty will pay one third of the tuition fee and the student will be responsible for two thirds of the tuition fee and the Student Guild fees. Students who complete their degree with a course GPA of 5.5 or above and accept an offer to continue to the Master of Engineering accelerated program will receive further scholarship benefits: payment of the one third of the tuition fee for the masters program.

Further Information
The Faculty of Built Environment and Engineering Phone + 61 7 3864 4039, Fax + 61 7 3864 5280, email: bee.enquiries@qut.com
Deferment

QUT's deferment policy does not apply to this course.

Domestic student tuition fee (Dfee) places

Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Aerospace Avionics - Dean's Scholars Course structure

Programme for students who commence 2008 onwards.

See EN40 Bachelor of Engineering (Aerospace Avionics) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Civil - Dean's Scholars Course Structure

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Civil) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Programme for continuing students who commenced prior to 2006.

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing DeanOs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

Civil and Environmental Management - Dean's Scholars Course Structure

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Civil & Environmental Management) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Programme for continuing students who commenced prior to 2006.

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing DeanOs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

Computer Systems - Dean's Scholars Course Structure

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Computer Systems) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Programme for continuing students who commenced prior to 2006.

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing DeanOs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

Electrical and Computer Engineering - Dean's Scholars Course Structure

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Electrical) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Programme for continuing students who commenced prior to 2006.

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing DeanOs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

Infomechatronics - Dean's Scholars Course Structure

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Infomechatronics) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Programme for continuing students who commenced prior to 2006.

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing DeanOs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

Mechanical - Dean's Scholars Course Structure

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Mechanical) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Programme for continuing students who commenced prior to 2006.

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing DeanOs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.
Medical - Dean's Scholars Course Structure

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Medical) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Programme for continuing students who commenced prior to 2006.

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing Dean's Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

Telecommunications Dean's Scholars Course Structure

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Telecommunications) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

Programme for continuing students who commenced prior to 2006.

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing Dean's Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

Potential Careers:
Bioengineer, Biomechanical Engineer, Biomedical Engineer, Civil Engineer, Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer, Electrical Engineer, Environmental Engineer, Manager, Mechanical Engineer, Medical Biotechnologist, Medical Engineer, Rehabilitation Engineer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Master of Engineering (Systems) (EN50)

Year offered: 2008
Admissions: Yes
CRICOS code: 060811A
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $12,960
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48

Course coordinator: Associate Professor Jay Yang
(Discipline coordinator: Dr Michael Mason (Course Leader)
Campus: Gardens Point

Overview
This course provides a developmental path for professional engineers to master skills in selected engineering disciplines and the interaction of those disciplines. It aims to enhance your skills in dealing with more complex engineering problems and interactions between engineering technical domains and the broader context in which they exist. Systems engineering is concerned with the design, operation and maintenance of electrical and mechanical systems that are employed in medical, aerospace, industrial settings, and in communications technology. This course advances your capabilities in information literacy, problem solving, application of theory, engineering design, communication, and interaction with other professionals. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant engineering discipline area and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
Graduates may choose to become a specialist systems engineering practitioner within their chosen professional field, or use the skills and knowledge gained to diversify their capabilities across a broader spectrum of systems-related disciplines. In particular, this course provides graduates with the skills and knowledge to become a leader, manager and innovator in the chosen discipline.

Graduates may typically work in government, semi-government or private organisations as electrical, mechanical, biomedical or avionics engineers.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Discipline coordinator: Dr Ed Palmer (Engineering)
Campus: Gardens Point

Recommended study
Chemistry, Maths C and Physics are recommended.

Career Opportunities
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of government and private companies. A stronger training in mathematics and statistics enhances capabilities in modelling, analysis and design.

Overview
The program integrates both the engineering and mathematics degree. Mathematics and engineering have always had close connections, but recent advancement in mathematics and statistics are increasingly being used to help solve complex engineering problems.

Special Course Requirements
A candidate for this course must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia, and the coursework requirements for accredited graduate membership of the Australian Mathematical Society. Students may also become a member of the Statistical Society of Australia.

Mathematics Bursaries
Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded to Australian citizens or permanent residents on a competitive basis. Applications should be submitted by 1 December of the year preceding entry to the course. For further information see www.maths.qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course structure - For students with four semesters of Senior Mathematics B and Senior Mathematics C

For students with four semesters of both Senior Mathematics B and Senior Mathematics C (or equivalent) with an exit assessment of at least Sound Achievement in both subjects.

Please refer to EN40 Electrical Course Structure - Standard Program.

Mathematics Electives (Level 2)

MAB422  Mathematical Modelling
MAB461  Discrete Mathematics

Mathematics Electives (Level 3)

Four units required:

MAB521  Applied Mathematics 3
MAB522  Computational Mathematics 3
MAB524  Statistical Inference
MAB533  Statistical Techniques
MAB536  Time Series Analysis
MAB613  Partial Differential Equations
MAB624  Applied Statistics 3
MAB672  Advanced Mathematical Modelling

NOTES:
- For students commencing in 2004 onwards, the units MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics do not contribute to the mandatory 48 credit points minimum from Level 3 Mathematics units. This does not apply to students who commenced prior to 2004.
- Some deviations from the above course structure may be possible with the permission of the course coordinator. This is more likely to apply in the later years than the earlier years of the course.

Potential Careers:
Electrical and Computer Engineer, Electrical Engineer, Mathematician, Statistician.
Bachelor of Engineering (Electrical)/Bachelor of Business (IF28)

Year offered: 2008
Admissions: No
CRICOS code: 027278C
Course duration (full-time): 5 years

Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $7,113
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419532; Dfee: 419536
Past rank cut-off: 80. Dfee places were not offered last year.
Past OP cut-off: 10. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 480
Standard credit points per full-time semester: 48 (average)
Course coordinator: Dr R. Mahalinga-Iyer (Engineering); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr Ed Palmer (Engineering); Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

Discontinuation
From Semester 1, 2007, this course has been renamed and recoded to IX28 Bachelor of Business/Bachelor of Engineering. Currently enrolled students who wish to remain in, and graduate from the existing program will be permitted to do so up to the end of 2009. From Semester 1, 2010, all students will be enrolled in the new program.

null

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.
Doctor of Philosophy (Built Environment, Engineering) (IF49)

Year offered: 2008
Admissions: Yes
CRICOS code: 006367J
Course duration (full-time): 2 years (max. 4 years)
Course duration (part-time): 4 years (max. 8 years)
Domestic fees (per credit point): RTS/RTA: 2008 Full fee tuition $135 per credit point (exceeded max. entitlement) *(subject to annual review)*
Domestic fees (indicative): 2008: $12,960 (exceeded max entitlements)
International Fees (per semester): 2008: $11,184 per semester *(subject to annual review)*
Domestic Entry: At any time
International Entry: At any time
Campus: Gardens Point

Entry Requirements
First class or second class division A honours degree, an appropriate Masters Degree (research or coursework), or a professional doctorate, from a recognised institution. Masters degree by coursework and professional doctorates must contain a significant research component, of no less than 33 per cent of the total degree, and must have a GPA of at least 5.5 on a 7 point scale.

Overview
This program provides in-depth research training in particular areas of built environment and engineering while broadening knowledge in a chosen discipline area. In the multimodal program candidates conduct research away from QUT, often in the workplace, either in Australia or overseas. Videoconferencing, email and other technologies make it possible for candidates to participate in activities such as seminar delivery and progress reporting.

Candidates would normally undertake their Confirmation of Candidature and Final Seminar in person. A QUT staff member of the supervisory team would normally visit the candidate at their research site at least once during their candidature. External candidates must normally spend a minimum of three months at QUT and be present in person for their confirmation of Candidature and Final Semester. Doctoral studies normally include:

* assessed coursework
* participation in university scholarly activities such as research seminars, teaching and publication
* regular meetings with supervisors
* a program of supervised research and investigation
* preparation of a thesis. Candidates can enrol in a doctoral program through the Faculty Research Centre.

Fees
Australian citizens and permanent residents will be awarded a Research Training Scheme (RTS) place. Domestic students are not required to apply for an RTS entitlement, as it will be automatically allocated. The RTS covers tuition fees but not Guild fees or other study related costs. PhD Students are entitled to four years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for extension, however the University may charge fees for the period of the program, which exceeds the student's entitlement. The University determines the fee level.

Research Areas
Areas of research interest
You can enrol in a research program in the following thematic areas of research:

* Infrastructure (Energy, Water, Housing and Construction)
* Smart Systems (Speech and signal processing, robotics and automation, and infrastructure and asset management)
* Medical Engineering (Orthopaedics & trauma, Biomedical modelling and simulation)
* Design (industrial design, interior design, urban design and architecture).

DESIGN
The DESIGN theme includes research in Architecture, Industrial Design, Interior Design, Landscape Architecture and Urban Design. It focuses on Subtropical Design, Digital Design, Human-centred Design Research and Useability, Built Environment Design Areas, Cultural Landscape, Design for Aging, Design and Research Methodologies and Design Education. The theme is cross/inter-disciplinary related with relevant fields in the Faculty (eg. mechanical/manufacturing/medical engineering; transport engineering; structures and designs; electronic systems and informatics environment) and across the University community (eg. Institute for Health and Biomedical Innovation (IHB), Institute for Creative Innovation (iCi), Information Security Institute (ISI), Institute for Sustainable Systems and Resources and relevant Collaborative Research Centres (CRC).

MEDICAL ENGINEERING
This program aims to engender sustainable improvements in quality of life for everybody through the innovative application of new and emerging technologies which will not only help reduce the economic burden of healthcare provision, but also generate wealth for the nation through the stimulation of local industry. Under two broad headings, the program encompasses the following research areas:

* Orthopaedic and Trauma
  The Orthopaedic and Trauma group has seven principal areas of focus: bone defects; fracture healing; pathogenesis and repair of osteoarthritis; biomaterials; new approaches to minimally invasive surgery; paediatric and adult spine research; and clinical outcomes.
* Biomechanics, Modelling and Simulation
  Apart from orthopaedic research, the Medical Engineering program also encompasses many other areas studying the application of mechanical and electrical engineering to clinically related healthcare problems. These include: amputee gait analysis; paediatric gait analysis; performance of paralympic athletes; osseointegrated implants; spinal and pelvic mechanics; paediatric spine deformity; artificial organs, specifically ventricular assist devices (artificial heart) and artificial lungs; tissue mechanics; bioelectrical signal analysis; tribology of artificial joints; and the interface
between devices and the human body.

MEDICAL ENGINEERING - Biomechanical Modelling and Simulation

SMART SYSTEMS - Infrastructure and Asset Management
Infrastructure research, in collaboration with industry, government and professions, aims to strengthen the nation's building and infrastructure systems. Research concentrates on investigating the performance of existing and new building and infrastructure systems under realistic structural and environmental loadings including those due to natural, accidental and man-made hazards. It uses smart materials, systems and technologies, and advanced computer analysis and test methods to assess and improve the performance of existing and new building and infrastructure systems.

Asset Management research focuses on innovative industry directed research and development, education and commercialisation in an integrated approach to lifecycle physical asset management to meet present and future needs to ensure international competitiveness and sustainability of Australian industry. The overall research program will be focused on five main industry sectors: Defence, Water and Waste, Power Generation and Distribution, Extraction and Process and Transport Infrastructure.

This research is closely aligned to the CRC for Construction Innovation and the CRC for Integrated Engineering Asset Management.

SMART SYSTEMS - Robotics and Automation
The Robotics and Automation program is focussed on world-class research on robotics and navigation systems for unmanned aerial vehicles, and involves collaboration with CSIRO and Boeing. However similar automation strategies and technologies are used in a variety of control applications such as energy network control, and info-mechatronic systems, and satellites.

SMART SYSTEMS - Speech and Signal Processing
This program conducts internationally competitive research in order to solve practical problems, which enable Speech, and Signal Processing to be applied in products and processes. Research focuses on, state-of-the-art speech audio and video technologies including speech/speaker recognition and personal identification technologies for forensic and security applications; speech coding for storage and communication; speech synthesis for voice response systems; audio compression for broadcasting, television and Internet applications, video compression and image recognition and restoration.

INFRASTRUCTURE - Energy
The provision of sustainable energy supplies is of critical importance to the future of Australia, and this research involves experimental and theoretical research on solar cells, wind energy and solar thermal energy generation as well as fundamental research on energy supply networks, including distributed generation technology and energy policy. This research in conducted in collaboration with energy utilities and the Queensland Sustainable Energy Industry Development Group.

INFRASTRUCTURE - Water
The supply of fresh water and the quality of water supply are key issues facing Australia over the next 20 years, and this research looks at water re-use technology and policy. The research is practically focussed with significant collaboration with local government in South-East Queensland.

INFRASTRUCTURE - Transport
The aim of this program is to focus research effort in the freight and logistics area with an emphasis on multi-modal transportation systems. The main research areas include freight vehicle impacts, freight and logistics e-business systems, freight corridor evaluation analysis, ITS applications in freight and logistics, emissions modelling, transit evaluation methodologies, rail track modelling and analysis, and intermodal terminal planning and operations.

INFRASTRUCTURE - Housing and Construction
This research makes contributions to improved practice in the specific areas of housing, urban planning, international project management, construction and property performance, construction information and procurement technologies, and property market choice, investments, constraints opportunities, internationalisation, taxation, lifecycles, risk and culture.

The Faculty is also involved in the following Cooperative Research Centres (CRC) and externally-funded collaborative research ventures:

CRC FOR CONSTRUCTION INNOVATION
The Centre aims to create and commercially exploit tools, technologies and management systems to deliver innovative constructed assets of financial, environmental and social benefit to the community. The centre combines basic research with strategic research and development in five related programs: virtual environments for lifecycle design and construction; construction project delivery strategies; environmental sustainability; integrated design and construction support systems; and management, adaptability and the future of built assets.

CRC FOR INTEGRATED ENGINEERING ASSET MANAGEMENT
The CRC for Integrated Engineering Asset Management (CIEAM) delivers capabilities and technologies for integrated and sustainable asset management to a wide range of Australian industries in both the private and the public sectors. CIEAM consists of leading edge researchers and practitioners focused on industry directed R&D and education in the management of Australia’s major engineering assets in the Defence, Utilities (power, water and gas), Process and extraction, and Transportation industries. CIEAM involves five research program areas. These are: Models and decision systems, Advanced sensors, Intelligent diagnostics and life prediction, Systems integration and IT, and Strategic human dimensions.

CRC FOR RAILWAY ENGINEERING AND
TECHNOLOGIES
The Centre aims through research to develop an internationally competitive, efficient and sustainable rail industry and to facilitate the development of an Australian export industry in railway technologies. Benefits will flow in terms of improved rail efficiency and infrastructure capacity, energy savings, reduced maintenance cost and better asset utilisation. The main research areas include: 'Smart train' intelligent systems; innovative/automated maintenance and upgrading technologies; optimal traffic control and scheduling; IT systems and standards for rail management; new materials, systems and components for railways; and, industry skills development (education and training).

CRC FOR ADVANCED AUTOMOTIVE TECHNOLOGY
The CRC for Advanced Automotive Technology brings the automotive industry together with researchers in design, engineering and manufacturing to enhance the industry’s international competitiveness. The aim of the research is to reduce the concept-to-product cycle times, improved manufacturing flexibility and efficiency and the development of new material systems to meet the challenges of weight reduction, increased safety and greater functionality. The CRC will also improve vehicle safety through improvements in the crash worthiness of vehicles and new intelligent products/systems that provide increased comfort, performance and entertainment.

AUSTRALIAN HOUSING AND URBAN INSTITUTE (AHURI):
The Institute is a consortium of CSIRO Division of Building, Construction and Engineering; Queensland University of Technology; University of Queensland; Monash University, and Royal Melbourne Institute of Technology (RMIT). Its broad objective is to conduct research into issues in housing and urban fields in Australia and the Asia-Pacific region.

CENTRE FOR SUBTROPICAL DESIGN
The Centre for Subtropical Design is one of the Faculty's first funded units in one of our major targeted areas: sustainable development. This Centre will promote high quality planning, design and development that responds to the City of Brisbane and South-East Queensland Region's cultural, landscape, and climatic characteristics in ways that are sustainable and enhance the enjoyment of the region's subtropical lifestyle.

QUEENSLAND SUSTAINABLE ENERGY INDUSTRY DEVELOPMENT GROUP
This group, formed in 2004 by QUT, the University of Queensland, Central Queensland University, Stanwell Corporation, CS Energy and the Queensland Conservation Council, is continuing the work of the Australian CRC for Renewable Energy in areas of energy policy, training for the sustainable energy industry (supply and use), and renewable energy technology.

AUSTRALIAN CENTRE FOR SUGAR RESEARCH INNOVATION
This Centre is the research division of the former Sugar Research Institute which transferred to QUT in July 2005. This Centre conducts research into the post-harvest processing and economics of sugar cane, and has a particular expertise in milling technology (mechanical engineering and computational fluid dynamics modelling), separation science, and total biomass utilisation, in particular the transformation of sugar cane waste into biofuels (ethanol) and biopolymers to provide renewable fuels and industrial chemicals.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
The Centre for Built Environment and Engineering Research Phone +61 7 3138 1424, Fax +61 7 3138 8381, e-mail: bee.research@qut.edu.au
Bachelor of Engineering (Electrical)/Bachelor of Information Technology (IF59)

Year offered: 2008
Admissions: Yes
CRICOS code: 006384G
Course duration (full-time): 5 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $6,960
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419512
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or
Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer (Engineering), Ruth Christie (Information Technology)
Discipline coordinator: Dr Ed Palmer (Engineering)
Campus: Gardens Point

Recommended Study
Chemistry, Math C and Physics are recommended.

Career Outcomes
Many graduates find employment in government instrumentalities such as communications, railways, electricity supply, hospitals, transport and in private organisations that are using electronics, electronic systems, computers and microprocessors to monitor, control, communicate and optimise processes and production.

Overview
The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This double degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Cooperative Education Program
An optional one-year period of paid work experience in an area of information technology is available to eligible full-time students. The Cooperative Education Program is a joint venture between employers and educators to better prepare students for employment upon graduation. Companies that QUT's Cooperative Education students have worked with include Energex, Boeing, CITEC, Global Banking and Securities Transaction, various Queensland Government departments, Dialog, TABQ, RACQ and Sun Microsystems.

For more information visit the Faculty's Cooperative Education program home page at www.fit.qut.edu.au/courses/undergrad/coop/

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Electronics)/Bachelor of Information Technology must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

Further Information
Engineering Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.edu.au
Faculty of Information Technology Phone +61 7 3864 2782, Fax +61 7 3864 2703, email: fit.enquiry@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

**Potential Careers:**
Computer Systems Engineer, Electrical and Computer Engineer, Programmer, Software Engineer, Web Designer.
Bachelor of Engineering (Software Engineering) (IX25)

Year offered: 2008
Admissions: Yes
CRICOS code: 053707D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,772
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

Course Overview
The course is a collaborative program between the Faculties of Built Environment & Engineering and Information Technology which provides students with the electrical engineering and software development skills to seek employment as software engineers. The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Recommended Study
Chemistry, Maths C and Physics

Career Outcomes
Software Engineers create, maintain and modify computer and software programs such as operating systems or communications software. They may also evaluate and deploy new programming tools and techniques and analyse current software products. You may work in a range of occupational environments. Software engineers can work in Engineering/IT-specific industries, as well as in other organisations requiring software engineering expertise.

Professional Recognition
Professional accreditation from Engineers Australia and the Australian Computer Society is being sought.

Special course requirements
Students are required to complete 60 days approved industrial experience.

Further Information

**Potential Careers:**

Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer, Electrical Engineer, Software Engineer, Systems Programmer.
Bachelor of Business / Bachelor of Engineering (IX28)

Year offered: 2008
Admissions: Yes
CRICOS code: 061649J
Course duration (full-time): 5 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $7,955
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419532
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: : MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Dr R Mahalinga-Iyer (Engineering); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr Ed Palmer (Engineering); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).

Campus: Gardens Point

Recommended Study
Chemistry, Maths C and Physics are recommended.

Career Outcomes
Electrical and computer engineers design, install and maintain electronic, electrical, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

Overview
Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one or more of accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership of: CPA Australia; Institute of Chartered Accountants in Australia; Chartered Secretaries Australia; Advertising Federation of Australia; Australian Association of National Advertisers; Australian Direct Marketing Association; Queensland Commercial Radio Association; Financial Services Institute of Australasia (FINSIA); Economics Society of Australia; Australian Human Resources Institute; Australian Institute of Management; Australian Institute of Training and Development; Australian Institute of Export; Australian Institute of Management; Australian Marketing Institute; Marketing Research Society of Australia; Australian Institute of Management; American Marketing Association and Public Relations Institute of Australia.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment approved by the course coordinator, before graduating.

Course Design
Students are required to complete 480 credit points comprised of 252 credit points from the Bachelor of Engineering (Electrical & Computer Engineering) program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 84* credit point Faculty Core units in the Bachelor of Business program together with a 72 credit point Major in one of the following: Accountancy, Advertising, Banking & Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing or Public Relations, as well as a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Further Information

Potential Careers:
Bachelor of Technology (Mechanical) Conversion Program (ME36)

Year offered: 2008
Admissions: No
CRICOS code: 020303G
Course duration (part-time): 3 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition: 2008 $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,375
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTC code: 412543
Past rank cut-off: 93. Admission to course is based on special entry requirements in addition to a rank. Please refer to Special Entry Requirements.
Total credit points: 288 (including 144 cp advanced standing)
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Vladis Kosse
Campus: Gardens Point

Special Entry Requirements
Applicants must have completed an Advanced Diploma in Mechanical Engineering (or equivalent qualification) or a Bachelor of Science in an appropriate discipline.

Career Outcomes
Graduates from this degree may work closely with professional engineers and be involved in using advanced computer skills for technical analysis and detailed design, or administration. This degree was developed in direct response to industry needs and there is a strong focus on the employability of graduates in the practical, hands-on approach to subjects. The BTech is an alternative route for those wishing to continue study to professional engineer level. Graduates may commence in a design office doing calculations and preparing technical drawings from which final designs/systems will be constructed. Other areas of employment include the manufacturing sector, concerned with the organisation and maintenance of manufacturing facilities and the quality assurance and control of products. Graduates may be responsible for commissioning and managing staff and/or overseeing the operations of significant engineering plants such as mining, sugar mills, dairy factories and food processing operations.

Overview
This course builds on the practical skills gained through the TAFE Advanced Diploma by providing students with higher level theoretical knowledge, supported by laboratory and practical sessions. Subjects include design, manufacturing, materials, mechanical engineering sciences, and management.

Professional Recognition
This course has been accredited by Engineers Australia. Graduates are eligible for affiliate membership, providing them with official recognition as an engineering technologist. The three-year degree is recognised by the Singapore Institute of Engineering Technologists.

Additional Information
Candidates with an Advanced Diploma in Mechanical Engineering (or equivalent) or a relevant tertiary qualification (eg. Bachelor of Science or CAE Diploma in Mechanical Engineering) will automatically receive credit of 144 credit points.

Part-time Study
Prospective part-time students for this degree should be aware that they may need 9 to 12 hours release from their employment.

Special Course Requirements
Students must obtain at least 50 days of industrial experience with a minimum of 25 days in an engineering environment approved by the course coordinator.

Further Information

**Potential Careers:**
Engineering Technologist, Mechanical Engineer.
Advanced Diploma in Engineering (Mechanical)/Bachelor of Technology (Mechanical) (ME37)

Year offered: 2008
Admissions: No
Course duration (full-time): 3 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $7,254
Domestic Entry: February
QTAC code: This course is no longer offered
Past rank cut-off: 52 BNIT-Gateway; 50 MIT-Mt Gravatt; 50 YIT-Yeronga
Past OP cut-off: 22 BNIT-Gateway; 24 MIT-Mt Gravatt; 24 YIT-Yeronga
Total credit points: 288 (including 120 cp advanced standing)
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Vladis Kosse
Campus: Gardens Point

Course Availability
This course is not taking new admissions/enrolments. Articulation from the TAFE to QUT for existing dual TAFE/QUT award students will be accepted up until semester one, 2008.

Entry Requirements
Applicants must apply via QTAC and satisfy the entry requirements for the Advanced Diploma in Engineering (Mechanical) at Brisbane North Institute of TAFE, Moreton Institute of TAFE and Yeronga Institute of TAFE.

Dual TAFE/QUT Awards
This dual award is a cooperative arrangement between QUT, the Brisbane North Institute of TAFE and Metropolitan South Institute of TAFE. It is a specially designed course offering a two-year Advanced Diploma at the participating TAFE institutes followed by a third year at QUT to qualify for a Bachelor of Technology degree. In their second year students study units from both QUT and TAFE.

Career Outcomes
Technologists may work closely with professional engineers and be involved in using advanced computer skills for technical analysis and detailed design, or administration. Other areas of employment included the manufacturing sector concerned with the organisation and maintenance of manufacturing facilities and the quality assurance and control of products.

Professional Recognition
This course has provisional accreditation from Engineers Australia (EA).

Special Course Requirements
Students must obtain at least 50 days of industrial experience with a minimum of 25 days in an engineering environment approved by the course coordinator.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

Potential Careers:
Mechanical Engineer, Technical Officer.
Bachelor of Engineering (Infomechatronics) (ME40)

Year offered: 2008
Admissions: No
CRICOS code: 037550J
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP rate available July
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
The ME40 Bachelor of Engineering (Infomechatronics) course has been replaced by EN40 Bachelor of Engineering (Infomechatronics) from 2006 onwards. There will be no intake into the ME40 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
This leading edge degree provides graduates with the combined skills of mechanical engineering, electrical and electronic engineering and information technology to work in the high tech fields of automated systems and robotics for the design, development, construction and service of modern equipment and plant. Graduates from this degree may expect to find employment as consultants, project managers, designers, and maintenance and instrumentation engineers in a wide variety of work situations. The range of employment opportunities is diverse and extensive. Some typical examples of organisations may include: manufacturing plants of consumer products, computer peripherals manufacturers/maintenance companies, automobile manufacturing industries, large scale manufacturing/maintenance industries such as Boeing, instrumentation industries, communication companies, research organisations, food and food processing industries and software development companies.

Overview
This course bridges the three, traditionally separate, disciplines of Mechanical Engineering, Electrical and Electronic Engineering, and Computing and provides the combined skills required for the design, development, construction and service of modern systems and equipment. Advanced units emphasis the integration of knowledge and skills that impact on all aspects of the design, construction and service of modern computer controlled machines. In the final year a one-semester industry project will integrate and reinforce what has been learned through application in a real world setting.

Professional Recognition
This course has provisional accreditation from Engineers Australia (EA).

Special Course Requirements
Students must obtain at least 60 days of industrial work experience in an engineering environment approved by the course coordinator.

Articulation to Masters
Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

International Entry: February (July entry available to students entering with Advanced Standing)
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
The ME41 Bachelor of Engineering (Mechanical) course has been replaced by EN40 Bachelor of Engineering (Mechanical) from 2006 onwards. There will be no intake into the ME41 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career outcomes
The Bachelor of Engineering (Mechanical) provides a sound education in the basic engineering sciences, synthesis and design, engineering management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may find employment in a variety of roles: consultant, project manager or technical adviser where they maybe involved in the operation of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others may work under the guidance of more experienced staff selecting equipment, installing and commissioning plants. Some graduates will go into design offices or manufacturing plants where they will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview
This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Engineering Management Major
Students enrolled in the Bachelor of Engineering (Mechanical) have the opportunity to undertake a major in Engineering Management during the final two years of their degree. Students wishing to undertake the major should consult the course coordinator.

Professional Recognition
Graduates meet the requirements for membership of Engineers Australia, the Singapore Professional Engineers Board and the Lembaga Jurutera (Board of Engineers) Malaysia. The course is also professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and the Institution of Engineers, Ireland. The Indonesian Directorate of Higher Education accredit the course as equivalent to the appropriate Indonesian degree.

Minors
Subject to the approval of the Course Coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Mid-year Entry
The ME42 Bachelor of Engineering (Mechanical) midyear course has been replaced by EN40 Bachelor of Engineering (Mechanical) from 2006 onwards. There will be no midyear intake into the ME42 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit).

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Special course requirements
A candidate for the degree of Bachelor of Engineering (Mechanical) must complete at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Further Information

Bachelor of Engineering (Mechanical) Conversion Program from Bachelor of Technology ME36/ME37 (ME41)

Year offered: 2008
Admissions: No
CRICOS code: 003490G
Course duration (full-time): 1.5 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,375
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February (July entry available to students entering with Advanced Standing)
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 144
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Entry Requirements
Bachelor of Technology (Mechanical) from QUT. Applications are made using an I-form for the semester immediately after completion of ME36/37. Students wishing to enter at a later date must apply for the Bachelor Engineering (Mechanical) via QTAC.

Career Options
The Bachelor of Engineering (Mechanical) provides a sound education in the basic sciences, engineering sciences, engineering synthesis and design, the interrelationship between engineering and various management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may expect to find employment in a variety of roles: consultant, project manager, technical adviser. Some are given their initial graduate training in areas where they learn the operating characteristics and expected performance of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others work under the guidance of more experienced staff where they must select equipment, negotiate with suppliers and install and commission plants. Some graduates will go into design offices dealing with air conditioning and refrigeration systems, steam boilers and associated large materials handling plants. Those who go into manufacturing plants will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview
This degree builds on the Bachelor of Technology and offers a balanced mix of theory and practice with the objective of preparing graduates for work as engineers.

Students will continue their studies to include more in-depth study of mechanical engineering sciences including hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional Recognition
This degree is recognised for the purpose of membership of Engineers Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and the Institution of Engineers, Ireland. Graduates meet the requirements for membership of the Singapore Professional Engineers Board, and the Lembaga Jurutera (Board of Engineers) Malaysia. The course is also accredited by the Indonesian Directorate of Higher Education as equivalent to the appropriate Indonesian degree.

CRICOS code: 003490G
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $20,928; CSP $6,143
International Fees (per semester): 2008: $11,184 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
The ME48 Bachelor of Engineering (Medical) course has been replaced by EN40 Bachelor of Engineering (Medical) from 2006 onwards. There will be no intake into the ME48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Medical engineering integrates physical, chemical, mathematical, and computational sciences and engineering principles to study human biology, medicine, human behaviour and health. The Bachelor of Engineering (Medical) provides the skills to design, manufacture, install, monitor and maintain medical and surgical equipment and to provide advice on engineering matters to medical and allied staff. Graduates from this degree may expect to find employment in hospitals as advisors to health and medical professionals, in firms concerned with the design, manufacture, supply and maintenance of medical, health and sporting equipment, occupational health agencies and in research institutions. In the early stages of their careers biomedical engineers might expect to be involved in the innovative use of technology, in the design of new devices and the assessment of appropriate engineering solutions to medical problems. More experienced biomedical engineers manage Biomedical Engineering Departments in hospitals and manufacturing companies and lead teams of engineers and technologists in the development of engineering solutions to improve health care.

Overview
This course provides students with the skills of mechanical engineering technology and the knowledge of the human body to design, manufacture and maintain equipment and aids for the medical, rehabilitation and sports environments. Students can choose electives such as a physiology, rehabilitation psychology and robotics in health care. Current issues such as total quality management and health legislation are also covered. In the final year, students undertake a design project in the biomedical field.

Professional Recognition
This course is accredited by Engineers, Australia (EA).

Special Course Requirements
Students must obtain at least 60 days of industrial employment in an engineering environment approved by the course coordinator. Half of this experience must be in an industry related to Biomedical Engineering.

Articulation to Masters
Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

Further Information

Bioengineer, Biomedical Engineer, Medical Engineer, Rehabilitation Engineer.
Graduate Certificate in Engineering Management (ME75)

Year offered: 2008
Admissions: No
CRICOS code: 018208C
Course duration (full-time): 1 semester
Course duration (part-time): 1 year
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960;
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 48
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Achilles Leontakianakos
(Course Leader)
Campus: Gardens Point

Entry Requirements
A bachelor degree in engineering or relevant training and experience, as assessed by the course coordinator. Part-time students are expected to be employed in some professional engineering capacity.

Articulation to Masters Program
Students who enter the Graduate Certificate on the basis of relevant training and experience and obtain a grade point average of 5 or above maybe eligible to articulate with credit to the Master of Engineering Management program.

Overview
This course combines training in engineering management with advanced elective studies in related fields. It is suitable for those seeking to obtain a formal qualification in management while advancing engineering skills and knowledge. The core units provide an opportunity for postgraduate studies in engineering management, and the elective units allow specialisation in manufacturing and/or maintenance engineering. Applicants can take up to two electives from other disciplines.

Course Structure
Graduate Certificate students will take four units all of which are offered as part of the Master of Engineering Management.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

# Block mode
Students take 4 units.
Block mode classes are held in teaching periods which run consecutively for 5 weeks at a time, instead of semesters. Classes are held on Tuesday and Thursday from 4pm to 8pm, and Saturday from 9am to 5pm in the first two weeks of a teaching period.
Please check QUT Virtual or contact the School Administration Officer for details of teaching periods for the above block mode units.
Master of Engineering Management (ME76)

Year offered: 2008
Admissions: No
CRICOS code: 006368G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960;
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Achilles Leontakianakos
(Course Leader)
Campus: Gardens Point

Overview
This course combines training in engineering management with advanced elective studies in related fields. It is suitable for those seeking to obtain a formal qualification in management while advancing engineering skills and knowledge. The core units provide an opportunity for postgraduate studies in engineering management, and the elective units allow specialisation in manufacturing and/or maintenance engineering.

Entry Requirements
A bachelor degree in engineering (or its equivalent).

Course Structure
Masters students take eight units or 96 credit points. Units MEN172, MEN177, and MEN280 are normally compulsory, but may be substituted with the approval of the courses coordinator if the student has adequate prior knowledge in the relevant field. With approval of the Course Coordinator students can take up to two graduate level electives from other disciplines.

International Student Entry
QUT advises that International students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Project may be taken over one or two semesters. Students taking Project over one semester must enrol in both components of the unit concurrently. Course coordinator approval is required to take Project.

# Block Mode
Block mode classes are held in teaching periods, which run consecutively for 5 weeks at a time, instead of semesters. Classes are held on Tuesday and Thursday from 4pm to 8pm, and Saturday from 9am to 5pm in the first two weeks of a teaching period. Please check QUT Virtual or contact the School Administration Officer for details of teaching periods for the above block mode units.

Note:
Students complete 8 units. Units MEN172, MEN177 and MEN280 are normally compulsory, but may be substituted with the approval of the course coordinator if the student has adequate prior knowledge in the relevant field.

* Permission of the course coordinator required.
Master of Engineering Science (Mechanical Engineering Studies) (ME80)

Year offered: 2008
Admissions: No
CRICOS code: 042261J
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960 (subject to annual review)
International Fees (per semester): No new admissions
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Course coordinator: Associate Professor Jay Yang
Discipline coordinator: Dr Achilles Leontakianakos (Course Leader)
Campus: Gardens Point

Entry Requirements
A Bachelor of Engineering degree with honours in Mechanical Engineering OR equivalent, with a grade point average of at least 5 on a 7-point scale.

Course Structure
The flexible Master of Engineering Science (Mechanical Engineering Studies) program allows students to choose 3 units from a common pool of units offered by all the Engineering Schools (Band 1). A band of Mechanical Engineering units is then offered from which students choose 3 (Band 2). Any units from Band 1 could also be chosen for Band 2 provided that they come from the School of Mechanical, Manufacturing and Medical Engineering. Mechanical Engineering Specialised units allow students to undertake study in the areas of Medical Engineering, Infomechatronics, Engineering Management and general mechanical engineering, such as tribology, maintenance, manufacturing etc. Band 3 requires enrolment in a Mechanical Engineering Project (equivalent to 24 credit points).

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Year offered: 2008
Admissions: No
CRICOS code: 016354J
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $6,224
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412532; Dfee: 412536
Past rank cut-off: 72. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Robert Webb
Campus: Gardens Point

Additional Admission Information
The PS47 Bachelor of Surveying course has been replaced by UD40 Bachelor of Urban Development (Spatial Science) from 2006 onwards. There will be no intake into the PS47 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit); i.e. those students who will be starting in the third year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period. After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Surveyors assess geographic and land information for implementing appropriate administration for the land, sea and related structures. All levels of government, private practice and multi-national companies, statutory authorities or semi-government agencies employ them. Graduates have the opportunity to travel as the degree is readily accepted overseas. After some years of experience they may become managers or specialise. Surveyors may also work in one of the related fields such as geographic information systems, remote sensing or photogrammetry.

Overview
The Bachelor of Surveying degree is a broad-based course. The first year is a foundation year designed to prepare students to deliver practical solutions to problems involving spatial information and decision-making. Students study foundation units such as mathematics, physic, computing skills, environmental science as well as surveying in their first year. In the following years the areas covered are geodetic and control surveying, topographic mapping, photogrammetry, mine surveying, hydrographic surveying, land development design and geographic information systems.

Professional Recognition
Australia: The Bachelor of Surveying degree meets the requirements for membership of The Spatial Science Institute (Incorporating the Institution of Surveyors, Australia, the Institution of Engineering and Mining Surveyors, Australia and the Mapping Sciences Institute, Australia).

Overseas: Surveying graduates are readily accepted internationally.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Special Course Requirements
Students are required to attend compulsory field practicals off-campus in the Moreton Region and have access to an advanced scientific calculator for use during the course. Students must obtain at least 90 days of industrial experience/practice in a surveying/mapping environment, approved by the course coordinator.

Further Information

Graduate Diploma in Landscape Architecture (PS66)

Year offered: 2008
Admissions: Yes
CRICOS code: 003478D

Course duration (full-time): 1 year BBlt Env (L’scape Arch) graduates; 2 years other graduates
Course duration (part-time): 2 years BBlt Env (L’scape Arch) graduates; 4 years (other graduates)

Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)
Domestic fees (indicative): 2008: CSP $7,235

International Fees (per semester): 2008: $9,984 per semester (subject to annual review)

Domestic Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.

International Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.

Total credit points: 192

Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Entry Requirements
A bachelor degree or three-year diploma, or equivalent professional qualification with a minimum Grade Point Average of 4.5. Applicants entering this course from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics.

In order to be considered for entry to either the Graduate Diploma or Masters courses, applicants must complete:
1. Application for Admission form
2. A personal statement in which the applicant demonstrates an understanding of the profession and the guiding belief systems of landscape architecture and shows the applicant's potential to 'fit' within this profession.
3. An Illustrated Autobiography - a concise self-expose which shows, in a combination of words and graphics, the applicant's life and interests. The objective is to give an insight into the applicant and demonstrate an aptitude for design as the core activity of the profession. This document is not a resume or curriculum vitae. It will be in A3 format and is not to exceed five pages. These documents are to be forwarded to the course coordinator.

Overview
Landscape architecture is concerned with the ordered design of open space at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work. In the Graduate Diploma you complete a program similar to the first two years of the Masters program.

Professional recognition
This course is professionally recognised by the Australian Institute of Landscape Architects

International Student Entry
QUT advises that International Students may only enrol in full-times studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

SPECIAL NOTE
Any BN31 (L'scapeArch) graduate (from 1997-2007) can apply for the final offering (Sem 1 2008) of the Graduate Diploma in Landscape Architecture.

Master of Urban and Regional Planning (PS70)

Year offered: 2008
Admissions: No
CRICOS code: 020299K

Course duration (full-time): 1.5 years for Bachelor of Built Environment graduates; 2 years for other graduates
Course duration (part-time): 75% progression: 2 years for Bachelor of Built Environment graduates; 2.5 years for other graduates/50% progression: 2.5 years for Bachelor of Built Environment graduates; 3.5 years for other graduates

Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)
Domestic fees (indicative): 2008: CSP $7256
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)

Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

Total credit points: 216
Course coordinator: Associate Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Overview
Students develop the knowledge, skills and social awareness to become successful urban and regional planners. The course is structured around a core of planning practice and method. Contributions from theory and activity studies are integrated with this core at each stage and set within the broader socio-economic and political contexts. Flexible teaching methods include lectures, projects, workshops, seminars and field studies. In each of the last three years student projects have been awarded top planning Institute awards at State and National levels.

Entry Requirements
A bachelor degree or equivalent is required. Applicants entering this course from non-design qualifications gain basic skills in design/perception theory, and planning graphics. A two-module Summer unit is available for this purpose. Computer literacy skills are also provided for those requiring them.

Applicants without planning or related qualifications undertake a Foundation Course of six units within the course of 2 years or part time equivalent, including a Summer Semester These requirements may be reduced by academic credit based on previous studies. A limited number of special entry places are available in the Foundation Course for suitably experienced non-graduates. Special entry includes written and oral examinations and references.

Course Structure

The course offers a variety of structures, including full-time (100% and 75% progression rates) and part-time programs (50% progression rate). Normal entry to the course is in Semester 1 or Summer Semester, though Foundation Studies entrants may, in special circumstances, be admitted in Semester 2.

Professional recognition
This course is professionally accredited by the Planning Institute of Australia

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

**Potential Careers:**
Urban and Regional Planner.
Master of Landscape Architecture (PS71)

Year offered: 2008  
Admissions: No  
CRICOS code: 020301K

Course duration (full-time): 1 year plus 1 year part-time  
Built Environment (Landscape Architecture) graduates or equivalent; 2 years plus 1 year part-time (Other graduates)  
Course duration (part-time): 3 years Built Environment (Landscape Architecture); 5 years (Other graduates)

Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)  
Domestic fees (indicative): 2008: CSP $7031

International Fees (per semester): 2008: $9,984 per semester (subject to annual review)

Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

Total credit points: 228 (excluding any Masters qualifying units)

Course coordinator: Associate Professor Jay Yang (Please refer all course enquiries to Course Leader.)  
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)

Campus: Gardens Point

Entry Requirements

A bachelor degree, or equivalent professional qualification, with a minimum grade point average of 5. Applicants entering this course from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics.

In order to be considered for entry to either the Graduate Diploma or Masters courses, applicants must complete:

* Application for Admission form as well as the following which should be forwarded direct to the course coordinator.
* Position Statement - a personal statement (1 x A4 typed page) in which the applicant demonstrates an understanding of the profession and the guiding belief systems of landscape architecture and shows the applicant's potential to 'fit' within this profession.
* Illustrated Autobiography - a concise self-expose which shows, in a combination of words and graphics, the applicant's life and interests. The objective is to give an insight into the person making the application and to demonstrate an aptitude for design as the core activity of the profession. This document is not a resume or curriculum vitae, nor is it a folio of previous work experience. It will be in A3 format and is not to exceed five pages.

International Student Entry

QUT advises that International Students may only enrol in full-time studies.

Overview

Landscape architecture is concerned with the ordered design of open space at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Your course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work.

Professional Recognition

Professional accreditation for the course has been granted by the Australian Institute of Landscape Architects.

### Potential Careers:

Landscape Architect.
Graduate Diploma in Urban and Regional Planning (PS72)

Year offered: 2008
Admissions: Yes
CRICOS code: 003477E

Course duration (full-time): 1 year for Bachelor of Built Environment graduates; 1.5 years for other graduates
Course duration (part-time): 75% progression: 1.5 years for Bachelor of Built Environment graduates; 2 years for other graduates/50% progression: 2 years for Bachelor of Built Environment graduates; 2.5 years for other graduates

Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)  
Domestic fees (indicative): 2008: CSP $7,252
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)

Domestic Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.
International Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.

Total credit points: 168

Course coordinator: Associate Professor Jay Yang  
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Entry Requirements
A bachelor degree or equivalent is required. Applicants entering this course from non-design qualifications require basic skills in design/perception theory, planning graphics. A two-module full-fee paying Summer unit is available for this purpose. Computer literacy is also required.

Applicants without planning or related qualifications undertake a Foundation Course of up to six units within the Course of 1.5 years or part-time equivalent including an introductory Summer Semester. These requirements may be reduced by academic credit based on previous studies. A limited number of special entry places are available in the Foundation Course for suitably experienced non-graduates. Special entry includes written and oral examinations and references.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Overview
Students develop the knowledge, skills and social awareness to become successful urban and regional planners. The course is structured around a core of planning practice. Contributions from theory, method and activity studies are integrated with this core at each stage and set within the broader socio-economic and political contexts. Flexible teaching methods include lectures, as well as projects, workshops, seminars and field studies.

Professional Recognition
This course is professionally accredited by the Planning Institute of Australia.

Course Structure
The course offers a variety of structures, including full-time (100% and 75% progression rate) and part-time programs (50% progression rate). Normal Entry to the Course is in Semester 1 or Summer Semester, though Foundation Studies entrants may, in special circumstances, be admitted in Semester 2.

SPECIAL NOTE
Any BN31 (Urb&RegPlan) graduate (from 1997-2007) can apply for the final offering (Sem 1 2008) of the Graduate Diploma in Urban and Regional Planning.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

### Potential Careers:

Urban and Regional Planner.
Graduate Diploma in Geomatics (PS74)

Year offered: 2008
Admissions: No
CRICOS code: 036437G
Course duration (full-time): 2 semesters
Course duration (part-time): 4 semesters
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $12,960
International Fees (per semester): No new admissions (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Entry Requirements
A recognised tertiary degree requiring at least four years full time study or its equivalent;
OR a qualification from another tertiary institution considered by the Head of School of Design and Built Environment to be at least equivalent to the degree of Bachelor of Surveying of this University. In addition, graduates should have at least one year's field experience (or its equivalent) following graduation in the practice of surveying. Entry will also be available on the basis of other academic qualifications supported by a minimum of 2 years work experience of relevant depth and breadth on application to the Head of School.

Please note
The School reserves the right to offer this course according to enrolment quotas and staff availability.

Professional Recognition
The Diploma is recognised professionally by the Mapping Sciences Institute, Australia (now the Spatial Sciences Institute).

Overview
The content includes subjects in geomatics, geographic information systems (GIS) and spatial sciences at undergraduate level, postgraduate level, or project based. Individual programs can therefore be advised to suit the needs of individual students.

International Student Entry
QUT advises that international students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Total credit points: 96
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Overview
The course is designed to meet the geographic information systems (GIS) specific, academic and practical skill needs of the range of professionals now operating within the spatial information industry. The content includes units in GIS, Geomatics and Spatial Sciences at the postgraduate level and the latter year undergraduate level, units that are project based, and a range of postgraduate, discipline specific units. An individual program can therefore be advised to suit the needs of a student. The course is being evaluated by industry organisations for professional recognition.

Please note:
The School reserves the right to offer this course according to enrolment quotas and staff availability.

Entry Requirements
Applicants must hold a relevant bachelor degree or diploma from an approved tertiary institution; or have qualifications deemed equivalent to the above by the Head of School of Design and Built Environment; or other academic qualifications supported by a minimum of two years work experience of relevant depth and breadth on application to the Head of School, Design and Built Environment.

International Student Entry
QUT advises that International Students are not permitted to enrol part-time.

International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 48
Course coordinator: Associate Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Entry Requirements
To be eligible for admission, an applicant must have:
- a recognised tertiary degree in any discipline requiring at least three years' full time study or its equivalent, or
- other documented qualifications and experience considered to be equivalent by the Head of School of Urban Development. Applicants may be required to attend an interview, or sit an examination, as part of the selection process.

Overview
The Planning Certificate is intended to provide an introduction to planning method and practice for people engaged in planning activities in government and the community, as well as being a convenient refresher course for professional planners in the latest developments in community planning theory and practice.

Students wishing to use the Graduate Certificate as a refresher or introductory course, may select any four units offered in the Graduate Diploma in Urban and Regional Planning. Full-time is one semester (48cp); part-time is 2 semesters (48cp). Please see course structure for a recommended program.

Course Structure
An overview of current planning methods is presented in Planning Processes and applied in Urban Analysis and Design and Planning Implementation. These method and practice units are accompanied by opportunity for focused study within the Elective unit, chosen in discussion with the course coordinator.

Professional Recognition
This course is registered with the Planning Institute of Australia (formerly RAPI) as a recognised Continuing Professional Development Course rated at ten credit points.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

**Potential Careers:**
Urban and Regional Planner, Urban Designer.
Bachelor of Urban Development (Construction Management) (UD40)

Year offered: 2008
Admissions: Yes
CRICOS code: 056387B
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,728
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)

Domestic Entry: February
International Entry: February
QTAC code: 412312
Past rank cut-off: 74
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Paul Den Ronden
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to CN51 Bachelor of Applied Science (Construction Management).

Career Outcomes
Graduates employed in the construction process are involved in the coordinating of the construction and maintenance of large building projects, the development of government and corporate policies, the administration of regulations, and the development and research of building systems and products. They may be employed in private organisations such as large construction and development companies or consultancies, while some are employed by government departments.

Overview
The course is concerned with the management of the overall process of construction projects and provides detailed understanding of project development from conception, through planning and construction to commissioning and maintenance. It develops skills in how to manage people, materials, equipment and plant while focusing on issues such as cost, time, quality, safety and environment. It educates students to become effective construction managers with comprehensive technological knowledge, management principles and communication skills.

Special Course Requirements
All students are required to obtain a minimum of 100 days of approved industrial experience.

Professional Recognition
Recognition is being sought from the Australian Institute of Building and the Australian Institute of Building Surveyors.

Minors
For accreditation purposes you are required to undertake specified minors which will include employment practice.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Past OP cut-off: 13
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Ms Connie Susilawati
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admissions Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to CN54 Bachelor of Property Economics.

Career Outcomes
Property Economics is the profession associated with the management, administration and use of land and property such as office buildings, shopping centres, factories, hotels etc. Graduates work in private practice or as employees of property development, valuation, property management, investment or property finance companies. They may also work in government departments and local authorities concerned with rating, compulsory acquisitions or property development.

Overview
This course is concerned with all aspects of property - investment, asset management, development, valuation and research - with a focus on finance and on the commercial property market sector.

Special Course Requirements
You are required to obtain a minimum of 30 days approved professional work experience as part of the unit UDB343 Professional Project.

Professional Recognition
Both the 3 and 4 year degrees have professional recognition from the Australian Property Institute and the Valuers' Registration Board of Queensland. Professional accreditation for the 4 year degree is currently being sought from the Royal Institution of Chartered Surveyors and the Singapore Institute of Surveyors and Valuers.

Majors/Minors
In your final two years you will have the opportunity to undertake a major (8 units) or 2 minors (4 units) from other areas of interest.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Jason Gray
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to CN53 Bachelor of Applied Science (Quantity Surveying).

Career Outcomes
Quantity Surveyors prepare cost estimates and check actual expenditure for large construction projects. They usually work in offices but can also visit building sites, clients and members of teams. Graduates are employed by private quantity surveying firms, government departments and building companies.

Overview
The course prepares students to work as quantity surveyors or building economists. The course covers building management, cost planning and control, building development techniques, building research, computer software application, measurement of construction, and legal issues.

Special Course Requirements
You are required to gain a minimum of 100 days of approved employment in the final year of the course as part of the unit UDB411 Professional Practice.

Professional Recognition
Accreditation with Australian Institute of Quantity Surveyors and the Royal Institution of Chartered Surveyors (honours version only) is currently being sought.

Minors
You will have the opportunity to undertake a minor (4 Units from one discipline area) which can be used to extend your construction knowledge into more advanced and specialised construction issues. Alternately, the minor can be used to broaden students’ education by undertaking units from other faculties within the university subject to accreditation requirements.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
 Discipline coordinator: Mr Robert Webb
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Additional Admissions Information
Applicants who are offered a place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to PS47 Bachelor of Surveying.

Career Outcomes
Surveyors assess geographic and land information for implementing appropriate administration for the land, sea and related structures. Spatial information refers to information about the geographical relationship between places, people and other items within a particular area. There are employment opportunities in all levels of government, private practice and multi-national companies, statutory authorities or semi-government agencies employ them. You will have the opportunity to travel as the degree is readily accepted overseas. After some years of experience you may become a manager or specialise as one of the following: Cadastral/Land Surveyor; Engineering Surveyor; Geodetic Surveyor; Mine Surveyor; Remote Sensing Surveyor; Topographic Surveyor; Cartographer (mapping).

Overview
This degree is a broad-based course. The first year is a foundation year designed to prepare students to deliver practical solutions to problems involving spatial information and decision-making. Students study foundation units such as mathematics, professional studies, sustainability as well as surveying in their first year. In the following years the areas covered are geodetic and control surveying, topographic mapping, photogrammetry, mine surveying, hydrographic surveying, land development design and geographic information systems.

Professional Recognition
The course is recognised by the Spatial Science Institute and has preliminary recognition from the Queensland Surveyors Board; full accreditation is currently being sought.

Special Course Requirements
You will be required to attend compulsory field practicals off-campus in the Moreton Region and have access to an advanced scientific calculator for use during the course. To graduate you are required to have at least 90 days of approved industrial experience/practice in a surveying/mapping environment.

Minors
For professional recognition you will undertake two minors (a minor is four units or 48 credit points in the same discipline) the first is a Science minor which includes Maths and the second an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised spatial science units.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment

IMPORTANT: SPECIAL NOTE
In 2008, only the first 3 years will be available. Year 4 will be introduced in 2009. Course units may be subject to change.

Career Outcomes
Urban and Regional Planners develop plans and policies for the use of land and resources. They aim to fulfil the social, cultural economic and environmental needs of the community. There are numerous employment opportunities can found in state and local government departments, with private sector planning consultants and land development enterprises. Graduates can build careers in urban design, community health and welfare, housing, transport, and strategic land-use planning, and land and resource development.

Overview
This course aims to educate students to become innovative leaders in professional planning, with the capacity and will to create a better world. Graduates will apply perceptive sensibilities and skills to create sustainable natural and human environments. The QUT course emphasises creative design and inclusive community planning. You will have the opportunity to work on live projects with local councils and community groups.

Professional Recognition
This course has received accreditation from the Planning Institute of Australia.

You will be able to select two four unit minors or one eight-unit major to enhance your broader appreciation of fields related to urban and regional planning for example: landscape architecture, urban design, surveying, property economics, law and business management.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Discipline coordinator: Dr Tan Yigitcanlar (Course Leader))
Campus: Gardens Point

Overview
This course aims to enhance and advance the range of knowledge, skills and social understanding required to operate professionally within the urban development context. The course sets practice within the broader socioeconomic and political contexts that influence the development of policy and infrastructure in the built environment. The course is designed to offer graduates the full range of knowledge, skills and social understanding required to become a successful urban and regional planner. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant urban development discipline area and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Professional Recognition
This course is seeking professional accreditation from the Planning Institute of Australia.

Career Outcomes
Graduates can expect to be in demand in local, state and commonwealth government departments, planning and development enterprises and consultancies, and in the voluntary sector, both in Australia and overseas. Opportunities include development planning and assessment, consultancy within the urban design field, regional planning, plan and policy preparation for land use, environment, housing, transport, recreation, education, community engagement and development, and corporate planning.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

OVERVIEW

Business is QUT’s largest faculty, attracting over a quarter of the University’s enrolments, and is also one of the largest business faculties in Australia.

Through various collaborations with industry and professional bodies, we are a key player in the business community with extensive local and international links.

We are the first business school in Australia to have our business courses accredited by the three leading international bodies – EQUIS (the accrediting body of the European Foundation of Management Development), AACSB International (The Association to Advance Collegiate Schools in Business) and AMBA (the Association of MBAs). This 'triple crown' of international accreditation means your QUT business degree is even better recognised by employers globally.

We know what employers want in today's business graduates - because we ask them. We regularly involve representatives from the business community in the development and review of our courses. And we employ part-time lecturers and tutors currently working in business.

As a student, you will be encouraged to undertake real-world projects to help you develop your own strong links. And you can take advantage of our extensive exchange program and our international study tour options.

This strong practical component of our courses is complemented by our academic excellence. The diversity of interests, experiences, and expertise of our locally and internationally drawn academic staff creates a rich learning and research environment.

Our innovative ‘Business Advantage’ program develops business graduates who can contribute effectively as citizens, as leaders in the wider community, and as competent professionals within their chosen disciplines. A variety of short programs provide skills in areas such as leadership, teamwork, public speaking and entrepreneurship. The program also provides the opportunity to work with other students on community projects, development programs, and participate in conferences and seminars.

As a QUT business graduate you will enter the business community with the acumen and entrepreneurial skills needed to turn any good idea into a successful enterprise within today's competitive international environment. And you will be able to anticipate the business challenges and opportunities of the future.

Undergraduate

We recognise that in the ever-changing world of business you need a solid foundation in business principles along with the flexibility to pursue studies in multiple areas. Our Bachelor of Business includes eight core units which will equip you with generic skills and competencies for today's business environment. You also have the opportunity to tailor your studies to suit your own needs and career aspirations. Students enrolling at our Gardens Point campus will choose a major from:

- Accountancy
- Advertising
- Banking & Finance
- Economics
- Human Resource Management
- International Business
- Management
- Marketing
- Public Relations.

You will then choose other business study areas to steer your future career direction. You can:

- maximise your career options with an added breadth of knowledge by completing another of the business majors
- add a depth of knowledge in your area of interest by extending your studies within the primary business major
- add a flavour or emphasis to your degree with study in another of our business areas.

You will also choose elective units from Business or other faculties within QUT. We encourage you to consider utilising these electives to complete an approved University minor. Double degrees are also a popular option. A number of combinations are available, giving you expanded career options and a competitive edge on graduation.

The Bachelor of Business is also available at the Caboolture campus. Our First Year Experience program at Carseldine campus allows you to commence study before choosing your business major. At the end of your first year you'll move into your major of choice at our Gardens Point or Caboolture campus.

Postgraduate

There are many reasons for considering postgraduate study. Whether you're looking for career advancement, a change in career direction, personal development, or research opportunities we can help you with postgraduate studies to suit your needs. Choose from:

- Honours
- Graduate Certificate
- Masters (Coursework & Research)
- MBA
- PhD.

Coursework Programs

Our postgraduate programs allow you to enhance your career options by building on existing qualifications, or change careers through study in a different field. For non-degree holders, we offer alternative pathways that build on your work experience.

QUT’s Master of Business offers students the choice of a wide variety of majors, which are designed to provide specialist knowledge in your chosen business discipline. With enhanced knowledge you can advance your business career, or change career direction.

- Accounting
- Strategic Advertising
- Applied Finance
- Business Administration (MBA)
- Human Resource Management
- Integrated Marketing Communication
- International Business
- Marketing
- Philanthropy & Nonprofit studies
- Professional Accounting
- Public Relations.

Innovative MBA Programs

We also offer one of Australia’s most innovative MBAs, giving you greater choice and flexibility when designing...
your course. With shorter, sharper units, you’ll cover a wide range of core units and have a greater choice of electives. This opportunity for greater depth and diversity of knowledge gives you a distinct career advantage.

The MBA is available in a variety of delivery options including our International MBA, which allows students to complete one semester of study overseas. Our Executive MBA is a tailored program for more experienced managers offered in an intensive, flexibly delivered format.

Our MBA was one of three Australian MBAs to be recognised in the ‘Top 100 MBAs of 2004’ in the Financial Times, and in 2005 was ranked as a ‘top tier’ Australian MBA program by the BOSS magazine from the Australian Financial Review.

Extensive Research Opportunities
As well as being highly respected for the quality of our postgraduate coursework teaching, the Faculty also provides extensive research opportunities.

Our researchers engage in collaborative, cross disciplinary research that impacts on the domestic and international business communities. The Australian Centre for Business Research, housed within the Business Faculty, links QUT’s business research strengths to solving industry, government and community problems.

We also offer professional development programs, and contract research and consultancy services. And because we believe in giving something back to the community, our staff - individually and in groups - engage in a wide range of community service activities.

We are a business faculty for the real world.

RESEARCH CENTRES

Australian Centre for Business Research
The Australian Centre for Business Research, established in 2003, is a Centre of excellence in business research in Australia and conducts leading research that impacts on both the domestic and international research and business communities. The Centre supports five Major Programs which undertake large scale, high profile research in:

- National Centre for Econometric Research;
- Service Leadership and Innovation Research Program;
- Work Effectiveness;
- Work and Industry Futures; and
- Entrepreneurship and Innovation.

The Faculty fosters a vibrant research community that achieves excellence in targeted areas of business research and supports collaborative, cross-disciplinary and new research to inform and serve business, industry, government and the community. The Centre supports all postgraduate research study undertaken within the Faculty.

Enquiries to the Research Support Office.
Phone 07 3138 1407
Email bus.research@qut.edu.au

Centre for Philanthropy and Nonprofit Studies
The Centre for Philanthropy and Nonprofit Studies was established in 2001 as a QUT Collaborative Centre, and aims to bring to the community the benefits of teaching, research, technology and service relevant to philanthropic and nonprofit communities.
The Centre builds on the work of the Program on Non-profit Corporations (PONC) established in the School of Accountancy within the Faculty of Business in 1991. Between 1991 and 2001 the Program involved various QUT staff in research, consultancy and community service in the areas of law, tax, management, marketing, fundraising and ethics of nonprofit, and philanthropic organisations.

Director: Professor Myles McGregor-Lowndes, BA LLB Qld, MAdmin PhD Griff, JP, Solicitor of Supreme Court of Queensland and High Court of Australia.
Master of Business (Accounting) (BS16)

Course duration (part-time): 6 semesters
Domestic fees (per credit point): 2008: $180 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $17,280
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Discipline coordinator: Associate Professor Stuart Tooley
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Professional Recognition
Graduates may be eligible for two credits in the elective segments of the CPA program.

Overview
This course offers advanced level studies in Accounting.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree with an appropriate major in Accountancy with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation

Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Course Structure

Part A - 48 credit points
AYN412 Company Law
AYN418 Financial Accounting 3
AYN438 Taxation Law and Practice
One unit from the Foundation Studies List

Part B - 96 credit points
AYN424 International Accounting
AYN454 Forensic Accounting and Investigation
AYN505 Financial Analysis and Business Valuation
AYN507 Governance Issues in Accounting
Plus 4 from:
ITN233 Enterprise Systems Applications
BSN404 Project 1
EFN410 Economic and Financial Modelling
EFN412 Advanced Managerial Finance
EFN414 International Finance
EFN415 Security Analysis
EFN505 Financial Risk Management
EFN507 Advanced Capital Budgeting

Potential Careers:
Account Executive, Accountant, Actuary, Banker, Certified Practicing Accountant.
Master of Business (Applied Finance) (BS16)

Year offered: 2008
Admissions: Yes
CRICOS code: 059599K
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (per credit point): 2008: $180 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $17,280
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Jason Fitzsimmons, email: bgsbemq@qut.edu.au
Discipline coordinator: Mr Peter Whelan
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course.
More details...

Professional Recognition
Students will meet the educational requirements for Senior Associate membership of the Financial Services Institute of Australasia (FINSIA). Graduate may also meet the educational requirements for professional level membership of the FTA-CFTP (the Finance and Treasury Association Limited - Certified Finance and Treasury Professional) dependent on prior study and electives chosen.

Overview
This course is designed for people with no previous qualifications in finance who wish to change career direction or enhance their career options.

You will be introduced to managerial finance and economics, and move on to more advanced, practical studies in corporate finance, security analysis, portfolio management, trading and risk management. You will graduate with an understanding of the principles and practice of finance, and have substantial conceptual and applied finance knowledge, and be prepared for careers such as a financial adviser, investment banker, or financial or equity analyst.

You will have access to a fully equipped Securities Dealing Room on campus, the first of its kind in Queensland. Live financial data, via the Bloomberg and Datastream networks, will allow you to experience the financial markets in real time, without the risks involved in real transactions.

The course also extends your knowledge if you are a graduate from a professional association such as the Securities Institute of Australia, CPA Australia or the Institute of Chartered Accountants in Australia.

The Master of Business (Applied Finance) is fully compliant under ASIC’s PS146 training standard, which allows graduates to give financial product advice to retail clients. For specific information, please refer to ASIC’s PS146 document and PS146 register.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field other than Finance, with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8) specified 12 credit point units, and have obtained approval by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Pathways Units  International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways
units in:

- Applied Finance
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations
- Strategic Advertising

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

Course Structure

**Part A - 48 credit points**

- EFN405 Managerial Economics
- EFN406 Managerial Finance
- EFN420 Introduction To Financial Management
- AYN410 Business Law and Ethics

**Part B - 96 credit points**

- EFN415 Security Analysis
- EFN412 Advanced Managerial Finance
  - Plus 6 from:
  - EFN414 International Finance
  - EFN410 Economic and Financial Modelling
  - BSN404 Project 1
  - EFN416 Treasury and Portfolio Management
  - EFN505 Financial Risk Management
  - EFN507 Advanced Capital Budgeting
  - BSN506 Econometric Methods
  - EFN504 Finance Honours
  - Elective Unit
  - Elective Unit

Potential Careers:

Banking and Finance Professional, Business Analyst, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Investment Manager, Risk Manager, Stockbroker.
Master of Business (Events Marketing and Management) (BS16)

Year offered: 2008
Admissions: No
CRICOS code: 059599K

Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
In today's rapidly changing business environment, Human Resource Management (HRM) professionals are confronted with the challenges of developing organisational and workforce capability. HRM expertise is also increasingly required by line managers, who now take a more active role in the development and management of their team members.

The Human Resource Management major is designed to increase the skills of both specialists and line managers. HRM professionals will develop a broader view of the nature of business, and the relationship between how people are managed and the organisation’s performance in the global context of business.

Those who are undertaking HRM activities but have a background in other professional fields will gain the enhanced people management skills they require. The major also suits the needs of graduates who wish to move into the HRM profession.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Potential Careers:
Overview
If you are interested in advertising, promotions or communications, you should consider an Integrated marketing Communication (IMC) major. Studies in IMC will provide you with a systematic and comprehensive understanding of the theory and research integration of marketing communication.

The course focuses on refinement of analytical skills and knowledge required for decision making in the areas of advertising, marketing and public relations. IMC focuses on the strategic integration of the functions of public relations, advertising, promotion, direct marketing, and personal selling to achieve brand equity and increase the effectiveness of promotional communications with target audiences.

You will be equipped to confront the fragmentation of mass markets, the explosion of new technologies that give consumers more control over the communication process, the emergence of global markets, and rapid changes in economic conditions within which organisations operate.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty’s postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Overview
Postgraduate studying international business is designed for those seeking to understand the additional complexity of international business compared to domestic business activities. The programs build specific knowledge and skills in international business relevant to global business needs, and also provide the opportunity to include studies in allied business disciplines and languages.

The courses included studies of global business operations, cross-cultural communication and negotiation, applied risk management, regional specialisations-topics which are highly relevant to international business in today’s complex and competitive environment.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

Overview  
This course is designed to equip you with knowledge and skills for a career in the management of philanthropic and nonprofit organisations. Whether you work in a nonprofit organisation, are a public sector manager whose service delivery is through or partnered with nonprofit organisations, or are a private sector manager who engages in business with the nonprofit sector, this major can help build professional knowledge and skills relevant to the sector. Skills critical to nonprofit management, such as problem solving, creative thinking, negotiation, ethical practices, teamwork, leadership, networking and information management are incorporated into the teaching, learning and assessment.

Overview
Postgraduate study in public relations is designed for practitioners to sharpen or further their skills, or those seeking a career change to this field. The major is designed as a systematic and comprehensive survey of the discipline of public relations. It provides an overview of the foundations of public relations theory and practice, problems and opportunities in communicating with the corporate audience, theories underpinning public opinion and mass media effects, mass media strategy and tactics, and a systematic exploration of the planning, management and evaluation of public relations campaigns.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Overview
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree in Accounting with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points). If your course offer includes the condition that you must study EFB101 Data Analysis for Business, then this unit is to be taken in addition to the normal course requirements.

Course Structure

Part A - 48 credit points
AYN412 Company Law
AYN418 Financial Accounting 3
AYN438 Taxation Law and Practice
One unit from the Foundation Studies List

Part B - 96 credit points
AYN424 International Accounting
AYN454 Forensic Accounting and Investigation
AYN505 Financial Analysis and Business Valuation
AYN507 Governance Issues in Accounting
Plus 4 from:
ITN233 Enterprise Systems Applications
or Financial Analysis Units
BSN404 Project 1
EFN410 Economic and Financial Modelling
EFN412 Advanced Managerial Finance
EFN414 International Finance
EFN415 Security Analysis
EFN505 Financial Risk Management
Forensic Accounting Units
EFN507 Advanced Capital Budgeting

Part C - 48 credit points
48 Credit Points from either:
(1) A 48cp minor from another Business stream
(2) 48 cp Dissertation

Potential Careers:
Accountant.
Master of Business (Applied Finance) - Advanced (BS17)

Year offered: 2008
Admissions: Yes
CRICOS code: 059600M
Course duration (full-time): 4 semesters
Course duration (part-time): 8 semesters
Domestic fees (per credit point): 2008: $180 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $17,280
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Course coordinator: Dr Amanda Gudmundsson, email: bgsonq@qut.edu.au
Discipline coordinator: Mr Peter Whelan
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course.

Professional Recognition
Students will meet the educational requirements for Senior Associate membership of the Financial Services Institute of Australasia (FINSIA). Graduate may also meet the educational requirements for professional level membership of the FTA-CFTP (the Finance and Treasury Association Limited - Certified Finance and Treasury Professional) dependent on prior study and electives chosen.

Overview
This course is designed for people with no previous qualifications in finance who wish to change career direction or enhance their career options.

You will be introduced to managerial finance and economics, and move on to more advanced, practical studies in corporate finance, security analysis, portfolio management, trading and risk management. You will graduate with an understanding of the principles and practice of finance, and have substantial conceptual and applied finance knowledge, and be prepared for careers such as a financial adviser, investment banker, or financial or equity analyst.

You will have access to a fully equipped Securities Dealing Room on campus, the first of its kind in Queensland. Live financial data, via the Bloomberg and Datastream networks, will allow you to experience the financial markets in real time, without the risks involved in real transactions.

The course also extends your knowledge if you are a graduate from a professional association such as the Securities Institute of Australia, CPA Australia or the Institute of Chartered Accountants in Australia.

The Master of Business (Applied Finance) is fully compliant under ASIC’s PS146 training standard, which allows graduates to give financial product advice to retail clients.

For specific information, please refer to ASIC’s PS146 document and PS146 register.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field other than Finance, with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty’s postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8) specified 12 credit point units, and have obtained approval by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Pathways Units - International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways units in:
- Applied Finance
These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

Course Structure

Part A - 48 credit points
- EFN405 Managerial Economics
- EFN406 Managerial Finance
- EFN420 Introduction To Financial Management
- AYN410 Business Law and Ethics

Part B - 96 credit points
- EFN415 Security Analysis
- EFN412 Advanced Managerial Finance
  Plus 6 from:
  - EFN414 International Finance
  - EFN410 Economic and Financial Modelling
  - BSN404 Project 1
  - EFN416 Treasury and Portfolio Management
  - EFN505 Financial Risk Management
  - EFN507 Advanced Capital Budgeting
  - BSN506 Econometric Methods
  - EFN504 Finance Honours
  Two Elective Units

Part C - 48 credit points
48 Credit Points from either:
(1) Further advanced Finance Studies
(2) A 48cp minor from another Business stream
(3) 48 cp Dissertation

Potential Careers:
Banking and Finance Professional.

Domestic fees (indicative): 2008: $17,280
International Fees (per semester): 2008: $9,984 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Discipline coordinator: Dr Gayle Kerr
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points). If your course offer includes the condition that you must study EFB101 Data Analysis for Business, then this unit is to be taken in addition to the normal course requirements.

Course Status
This course is currently under review.

Pathways Units - International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways in:
- Applied Finance
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations
- Strategic Advertising

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

Course Structure

Part A - 48 credit points
AMN442 Marketing Management
AMN403 Marketing and Survey Research
Two units from Foundation Studies List

Part B - 96 credit points
AMN400 Consumer Behaviour
AMN420 Advertising Management
AMN422 Media Strategy
KCP404 Advertising Creative: Introduction
AMN421 Contemporary Issues in Advertising
AMN423 Strategies for Creative Advertising
KCP406 Advertising Creative: Copywriting and Art Direction
Plus:
AMN406 Project
or
Two approved electives (including Creative Advertising electives)

Part C - 48 credit points
48 Credit Points from either:
(1) A 48cp minor from another Business stream
(2) 48 cp Dissertation

Course Notes: Students have the option of undertaking either a 24cp Project unit or 24cp of electives from postgraduate units offered by the School of Advertising, Marketing & Public Relations or from the Creative Advertising stream offered by the Faculty of Creative Industries. Students interested in Creative Advertising units should refer to the Course Summary Sheet for IX96 Master of Advertising (Creative Advertising). Go to http://www.studentservices.qut.edu.au/info/css/if.jsp

Potential Careers:
Advertising Professional.

Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Graduate Certificate in Business offers specialisations in the fields of accounting, applied finance, human resource management, integrated marketing communication, international business, marketing, philanthropy and nonprofit studies, public management and public relations.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

The following study area has different undergraduate degree requirements (but still require a minimum GPA of 4.0):
*Applied Finance - requires an undergraduate degree or equivalent in an area other than Finance

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Special Entry

Applicants who have an undergraduate degree with a GPA below 4, or who do not have an undergraduate degree but have appropriate professional and employment experience, may be considered for special entry following the approval of the Subject Area Coordinator. Such applicants may be required to attend a selection interview and present a portfolio of work. Special entry without an undergraduate degree is not available for the Accounting major.

Course Design
Students are required to complete 4 units or 48 credit points.

Articulation
BS92 Master of Business (Research) - for students completing the Graduate Certificate in Business (Research).

BS16 Master of Business (Applied Finance) - for students completing the Graduate Certificate in Business (Applied Finance).

BS16 Master of Business (Events Marketing and Management) - for students completing the Graduate Certificate in Business (Events Marketing and Management).

BS16 Master of Business (Forensic Accounting) - for students completing Graduate Certificate in Business (Accounting).

BS16 Master of Business (Human Resource Management) - for students completing the Graduate Certificate in Business (Human Resource Management).

BS16 Master of Business (Integrated Marketing Communications) or BS16 Master of Business (Marketing) or BS16 Master of Business (Public Relations) - for students completing the Graduate Certificate in Business (Integrated Marketing Communication).

BS16 Master of Business (International Business) for students completing the Graduate Certificate in Business (International Business).

BS16 Master of Business (Marketing) or BS16 Master of Business (Integrated Marketing Communications) or BS16 Master of Business (Public Relations) - for students completing the Graduate Certificate in Business (Marketing).

BS16 Master of Business (Philanthropy & Nonprofit Studies) - for students completing the Graduate Certificate in Business (Philanthropy & Nonprofit Studies).

BS16 Master of Business (Public Relations) or BS16 Master of Business (Integrated Marketing Communications) - for students completing the Graduate Certificate in Business (Public Relations).

BS16 Master of Business (Strategic Advertising) - for students completed the Graduate Certificate in Business (Strategic Advertising).
Interdisciplinary
The interdisciplinary stream within the BS39 Graduate Certificate of Business is open to students who wish to construct their own program of study necessary to meet their own professional or personal needs. Hence there are no recommended units. Requests by students to undertake units from other Faculties will be assessed on a case by case basis, although to award a Graduate Certificate in "Business" it would be expected that at least 3 of the 4 units be taken from business studies.

Course Structure

Accounting

Students are required to complete 4 units (48 credit points) from the following:

- AYN410 Business Law and Ethics
- AYN411 Company Auditing

Elective unit
The elective unit must be selected from postgraduate units offered by the Faculty of Business, subject to the approval of the School Research Coordinator.

Potential Careers:
University Diploma in Business (BS40)

Year offered: 2008
Admissions: Yes
CRICOS code: 025282A
Course duration (full-time): 2 semesters
International Fees (per semester): 2008: $7,500 per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Entry Requirements - Academic
Successful completion of senior high school with the required grades. Students can find more detailed country specific entry requirements at the following web site: http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English Language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL iBT Overall score of 69 (at least 18 in writing and reading and 17 or more in listening and speaking) or TOEFL 525 (paper) or TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (N.B. Students should also check visa requirements).

Description
The University Diploma in Business, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Business. In this program, students study six first year faculty core units as well as two units of Communication which have been designed to support their other core units. Students who successfully complete these units earn full academic credit for eight units towards their degree. Graduates articulate to the second year of the Bachelor of Business. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) in seven units and a grade of 3 (Low Pass) in the remaining unit.

Progression
Requirements for progression to the second year of QUT Bachelor of Business:

i) fulfil the Diploma course requirements,
ii) a minimum Grade Point Average (GPA) of 4, and
iii) an IELTS score of 6.5 or its equivalent.

Standard credit points per part-time semester: 24  
Course coordinator: Mr Andrew Paltridge  
Discipline coordinator: Ms Ros Kent  
Campus: Gardens Point and Carseldine  

BS56 Course Notes  
See BS56 Course Notes entry for information about the course design and definitions.  

Carseldine campus  
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.  

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.  

Other Majors  
See also separate entries for the following majors in this course: Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing, and Public Relations.  

Professional Recognition  
Professional recognition by either of the industry bodies, CPA Australia or the ICAA, is considered essential for many careers in accounting. Our close relationships with CPA Australia and ICAA ensure our courses are developed in conjunction with industry needs and meet guidelines for associate membership and enrolment in their professional programs. You will also meet the academic component of the requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA).  

Course Structure  
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.  

1. Eight Faculty core units give you a broad-based introduction to business principles.  
2. Your primary major of six units will provide the overall direction for your future career path.  
3. Your second area of study of six units will hone your career decision.  
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors  
   - Add a depth of knowledge in your area of interest with further study within your primary business major  
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.  
4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.  

Deferment  
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.  

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.  

Find out more on deferment.

Course duration (part-time): 6 years  
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $150 per credit point (subject to annual review)  
Domestic fees (indicative): 2008: Full fee tuition $14,400; CSP $8,000  
International Fees (per semester): 2008: $9,120 per semester (subject to annual review)  
Domestic Entry: February and July* (*Gardens Point only)  
International Entry: February, July and November* (*conditions apply) (International students can only study at Gardens Point)  
QTAC code: 413021  
Past rank cut-off: 76  
Past OP cut-off: 12  
OP Guarantee: Yes  
Assumed knowledge: English (4, SA)  
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
Total credit points: 288  
Standard credit points per full-time semester: 48  
Course coordinator: Mr Andrew Paltridge  
Discipline coordinator: Dr Gayle Kerr  
Campus: Gardens Point and Carseldine  
BS56 Course Notes  
See BS56 Course Notes entry for information about the course design and definitions.  
Carseldine campus  
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.  
For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.  
Other Majors  
See also separate entries for the following majors in this course: Accountancy, Banking and Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing, and Public Relations.  
Professional Recognition  
Students completing the Bachelor of Business majoring in Advertising will meet the requirements for membership to the Advertising Federation of Australia (AFA), the Brisbane Advertising Association (BAA), and the Brisbane Advertising and Design Club (BAD).  
Course Structure  
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.  
1. Eight Faculty core units give you a broad-based introduction to business principles.  
2. Your primary major of six units will provide the overall direction for your future career path.  
3. Your second area of study of six units will hone your career decision.  
- Maximise your career options with an added breadth of knowledge by completing another of the business majors  
- Add a depth of knowledge in your area of interest with further study within your primary business major  
- Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.  
4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.  
Deferment  
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.  
Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.  
Find out more on deferment.

Discipline coordinator: Dr Robert Thompson
Campus: Gardens Point and Carseldine

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Banking and Finance, Economics, International Business, Management, Marketing, and Public Relations.

Professional Recognition
The program is accredited with The Australian Human Resource Institute (AHRI) enabling you to meet its academic requirements for membership. You will also be eligible to join the Australian Institute of Management (AIM).

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.
2. Your primary major of six units will provide the overall direction for your future career path.
3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.
4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

The unit MGB220 Management Research Methods and AMB201 Market and Audience Research are incompatible units. Students undertaking Marketing or Public Relations as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

Campus: Gardens Point and Carseldine

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, Management, Marketing, and Public Relations.

Professional Recognition
You may be eligible for membership of the Australian Institute of Export depending on the units chosen.

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.
2. Your primary major of six units will provide the overall direction for your future career path.
3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.
4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Languages Option
The course structure for both full-time and part-time International Business students varies depending on whether languages are selected as an option. Alternative course structures are included: one outlines the course structure if no languages are taken, the other outlines the structure for those who wish to undertake a language specialisation. If languages are taken as a specialisation, language units should commence in the first semester of the first year to maintain continuity from earlier pre-QUT language studies. All language units must normally be taken in the same language. International students must take a language that is not their native tongue.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Potential Careers:
Business Analyst, International Business Specialist.
Bachelor of Business (Management) (BS56)

Year offered: 2008
Admissions: Yes
CRICOS code: 003491G
Course duration (full-time): 3 Years
Course duration (part-time): 6 Years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $150 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $14,400; CSP $8,000
International Fees (per semester): 2008: $9,120 per semester (subject to annual review)
Domestic Entry: February and July* (*Gardens Point and Caboolture only)
International Entry: February, July and November* (*conditions apply) (International students can only study at Gardens Point)
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Mr Andrew Paltridge
Discipline coordinator: Dr Erica French
Campus: Gardens Point, Carseldine and Caboolture

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Marketing, and Public Relations.

Professional Recognition
You will meet the requirements for membership of the Australian Institute of Management (AIM).

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.

2. Your primary major of six units will provide the overall direction for your future career path.

3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.

4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

(C) SPECIALISATIONS
Students should note that not all specialisations will be timetabled in every year or semester. Hence, it is important that you confirm that the specialisation in which you are interested is offered. Students are also able to undertake an Interfaculty Specialisations (IFS) with the approval of the Director of Undergraduate Studies. Full details are available from the Faculty of Business Student Enquiries Counter, Level 1, B Block, Gardens Point or on (07) 3138 2050 or via bus@qut.edu.au

- Business Law and Tax (BLS) for Business students without an Accountancy Major.
- Financial Economics (FES) for Business students without an Economics or Banking & Finance Major.
- Integrated Marketing Communication (IMS)
- Sales Specialisation (SALES)
- Electronic Business (EUS)
- International Logistics Specialisation (ILG)
- International Exchange (IEX)
- Language (LGS) for Business students with any major.

Students may study French, German, Indonesian or Japanese, or also seek approval to undertake a different language at another tertiary institution. Students undertaking a language specialisation must complete a minimum of four language units, plus either; two additional language units; or IBB205 Cross Cultural Communication & Negotiation, and one other International Business unit, provided pre-requisite requirements are met.

Special Requirements
A full-time student may only enrol in units selected from those contained in the normal course program for semesters 1 and 2 in the first year of study unless in exceptional circumstances, and with the approval of the Director of Studies. Similarly, a part-time student may only select units from those listed for years 1 and 2 in the first two years of study.

A student must enrol for more than one unit in any semester, unless they have the approval of the Director of Studies. Copies of the Undergraduate Guidelines outlining the faculty rules and procedures are available from any Faculty of Business Student Enquiries Centre.

Definitions
Double Major: a second major core (six units) chosen from (B) above. Six units must be completed for a double major. When a unit is common to both majors, or a unit that is incompatible has already been completed an alternative double major option unit must be substituted. Approval for the substitute unit should be sought from the Major Coordinator.

Extended Major: an additional group of six specified units in the same discipline area as the primary major core. A list of possible extended majors are provided with the respective primary major structures.

Specialisation: a coherent group of six specified units in a discipline area. Specialisations for business students may be chosen from a number of areas (refer to C above). Six units must be completed for a specialisation. When a unit is common to the major and specialisation, or when a unit that is incompatible has already been completed An alternative specialisation option unit must be substituted. Approval for the substitute unit should be sought from the Major Coordinator.

Elective: a unit of 12 credit points chosen from any degree course at QUT including approved degree level study tours. Electives may also be taken at other recognised universities if the student obtains written approval from the Course Coordinator and the Head of School.
Bachelor of Business (Management or Marketing) (BS58)

Year offered: 2008

Course coordinator: Professor Per Davidsson, Director of Research
Discipline coordinator: Professor Gerry Gallery (Accountancy); Dr Judy Drennan (Advertising, International Business, Marketing & Public Relations); Assoc Prof Adam Clements (Economics and Banking & Finance) and Professor Rachel Parker (Management and Human Resource Management)
Campus: Gardens Point

Overview
If applicants have shown high achievement in an undergraduate degree, the Honours program allows advanced studies in a chosen field. The capacity to conduct rigorous independent research will develop, and the advanced coursework integrates conceptual and practical knowledge within a discipline. Applicants can study within the fields of Accountancy, Advertising, International Business, Marketing & Public Relations. The Faculty will provide students with up to $600 for approved research related expenses associated with the preparation of a thesis under the Faculty's Postgraduate Research Student Support Scheme. Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

Entry requirements
A Bachelor of Business from QUT that includes a major in the area of intended Honours level study or a qualification deemed equivalent. Students must have achieved a grade-point average (GPA) of 5.5 or better on a 7-point scale in the three years of undergraduate study or other qualifications and experience which is considered by the Dean of Faculty to qualify for admission. Students would normally apply for admission to Honours at the end of the final year of their pass degree, or within 18 months of completing the pass degree.

In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Requirements
Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described below for their area of Honours study.
Prerequisite requirements for the following units are deemed to have been satisfied upon admission to this course. Where elective units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

Course Structure

Accountancy

Students must complete four prescribed units (48 credit points) and a dissertation (48 credit points).

Three Compulsory Core Units:
BSN502 Research Methodology
BSN503 Research Seminar
AYN433 Research Topics in Accounting

OR other postgraduate unit approved by course coordinator

Plus one of the following Accountancy units:
AYN413 Enterprise Systems Governance and Audit
AYN424 International Accounting
AYN454 Forensic Accounting and Investigation
AYN505 Financial Analysis and Business Valuation
BSN005 Introduction to Academic Research
BSN412 Qualitative Research and Analytical Techniques
BSN506 Econometric Methods

OR other postgraduate unit approved by course coordinator

Plus

BSN501-1 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Advertising

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points).

Select two units from the following Compulsory Core units:
AMN403 Marketing and Survey Research
BSN502 Research Methodology
BSN503 Research Seminar
BSN412 Qualitative Research and Analytical Techniques

Plus choose two Elective units:
The elective units may be selected from any 12 credit point postgraduate unit offered by the School of Advertising, Marketing and Public Relations, in the specialisation area (Advertising), subject to the approval of the Subject Area Coordinator.

Plus

BSN501 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Human Resource Management

Students must complete four units (48 credit points) and a dissertation (48 credit points).

Two Compulsory Core Units:
BN502 Research Methodology
BN503 Research Seminar

Plus two Elective units:
The elective unit may be undertaken from any 12 credit point postgraduate unit offered in the School of Management or other postgraduate unit, with the approval of the subject area coordinator.

Plus

BN501-2 Dissertation
BN501-1 Dissertation
BN501-3 Dissertation
BN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

International Business

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points).

Two Compulsory Core Units:
BN502 Research Methodology
BN503 Research Seminar

Plus two Elective units:
The elective units may be taken from any 12 credit point postgraduate unit offered by the School of International Business, in the specialisation area (International Business), subject to the approval of the Subject Area Coordinator.

Plus

BN501-2 Dissertation
BN501-1 Dissertation
BN501-3 Dissertation
BN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Economics

Students must complete three prescribed units (36 credit points), one elective (12 credit points), and a dissertation (48 credit points).

One Compulsory Core Unit:
BSN506 Econometric Methods

Plus two Economics Units:
EFN500 Contemporary Macroeconomic Theory
EFN502 Developments in Microeconomic Theories

Plus one Elective unit:
The elective unit may be taken from any postgraduate unit offered by the School of Accountancy or School of Economics and Finance, subject to the approval of the Subject Area Coordinator or Head of School.

Plus

BN501-2 Dissertation
BN501-1 Dissertation
BN501-3 Dissertation
BN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Banking and Finance

Students must complete three prescribed units (36 credit points), one elective (12 credit points), and a dissertation (48 credit points).

One Compulsory Core Unit:
BSN506 Econometric Methods

Plus two Banking and Finance Units:
EFN504 Finance Honours
EFN505 Financial Risk Management

Plus choose one Elective unit:
The elective unit may be taken from any postgraduate unit offered by the School of Accountancy or School of Economics and Finance subject to the approval of the Course Coordinator or Head of School.

BSN501-1 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

QUT HANDBOOK 2008 · Page 302
Management

Students must complete four prescribed units (48 credit points) and a dissertation (48 credit points)

Two Compulsory Core Units:

BSN502 Research Methodology
BSN503 Research Seminar

Plus two of the following units:

The elective unit may be undertaken from any 12 credit point postgraduate unit offered in the School of Management or other postgraduate unit, with the approval of the subject area coordinator.

Plus

BSN501-1 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Marketing

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points).

Select two of the following Compulsory Core units:

AMN403 Marketing and Survey Research
BSN502 Research Methodology
BSN503 Research Seminar
BSN412 Qualitative Research and Analytical Techniques

Plus two Elective units:

The elective units may be taken from any 12 credit point postgraduate unit offered by the School of Marketing, Advertising and Public Relations, in the specialisation area (Marketing), subject to the approval of the Subject Area Coordinator

Plus

BSN501-1 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Public Relations

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points).

Select two of the following Compulsory Core Units:

AMN403 Marketing and Survey Research
BSN502 Research Methodology
BSN503 Research Seminar
BSN412 Qualitative Research and Analytical Techniques

Potential Careers:

Master of Business (Research) (BS92)

Year offered: 2008
Admissions: Yes
CRICOS code: 054092M
Course duration (full-time): 3 semesters or 2 semesters
Course duration (part-time): 6 semesters or 4 semesters
Domestic fees (per credit point): RTS/RTA: 2008 Full fee tuition $135 per credit point (exceeded max. entitlement) (subject to annual review)
Domestic fees (indicative): 2008: $12,960
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Domestic Entry: at any time
International Entry: at any time
Total credit points: 144 (without an Honours degree) or 96 (with an Honours degree and exemption for the coursework component)
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Professor Per Davidsson, Director of Research
Discipline coordinator: Professor Natalie Gallery (Accountancy); Associate Professor Judy Drennan (Advertising, International Business, Marketing & Public Relations); Professor Paul Frijters (Economics and Banking & Finance); Professor Rachel Parker (Human Resource Management and Management); and Prof Per Davidsson (Entrepreneurship & Innovation)
Campus: Gardens Point

Entry Requirements
If applicants have an Honours degree, (at level 2B or better) it must be relevant to the chosen discipline for the Master of Business (Research); or if applicants are entering from a pass degree, their undergraduate degree must include a major in an approved area, plus a grade point average of 5.5 or more on a 7 point scale; or applicants can present a case based on evidence of qualifications that demonstrates the applicants capacity to pursue the course of study.

In addition to assessing qualifications, the Faculty must also be satisfied that adequate supervision and resources are available to support the applicants proposed research.

Research Proposal - the application for admission to the Master of Business (Research) must include details of the proposed research project.

In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty’s postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Overview
Students can pursue advanced studies within their discipline. Students will develop their capacity to conduct rigorous independent research, as well as undertaking advanced coursework that integrates conceptual and practical issues within their discipline.

Students can study within the following school areas: accountancy, advertising, banking and finance, economics, entrepreneurship and innovation, human resource management, international business, management, marketing and public relations.

The Faculty will provide students with up to $1000 under the Faculties Postgraduate Research Student Support Scheme for approved research-related expenses associated with the preparation of the thesis (including up to $750 for fieldwork activities and conference attendance). Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

Course Design
For entry without an Honours degree, students must complete four approved coursework units (48 credit points) and a dissertation (96 credit points) as per the programs of study prescribed below.

For entry with an Honours degree students must complete a dissertation (96 credit points).

Course Structure

Accountancy

Students must complete two prescribed units (24 credit points), two elective units (24 credit points), and a thesis (96 credit points) as follows:

Cohort Rule
A cohort rule applies to this course.
More details...

Overview
This course is designed to equip you with knowledge and skills for a career in the management of philanthropic and nonprofit organisations. Whether you work in a nonprofit organisation, are a public sector manager whose service delivery is through or partnered with nonprofit organisations, or are a private sector manager who engages in business with the nonprofit sector, this major can help build professional knowledge and skills relevant to the sector. Skills critical to nonprofit management, such as problem solving, creative thinking, negotiation, ethical practices, teamwork, leadership, networking and information management are incorporated into the teaching, learning and assessment.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

null

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

Course duration (part-time): 6 semesters. The course must be completed within a maximum time period of five years.

Domestic fees (per credit point): 2008: $240 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $23,040
Domestic Entry: 6 entry points per year
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Campus: Gardens Point

Overview
The innovative structure and content of QUT's MBA is unique in Australia, and gives students a distinct career advantage by offering a broader range of core and elective units. QUT offers 6 credit point units delivered in 7 week modules, giving students the flexibility to commence study at any one of six different entry points each year.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Have a GMAT score of at least 500; and
3. Have at least two years work experience;

and then also possess:
- A Bachelor degree in any field; and
- At least 10 points from at least two of the three categories
- prior work experience, academic achievement and management aptitude.

For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

Course Code Information
The GS40 and GS85 course codes have been discontinued. Students currently enrolled in these course codes will be able to continue until completion. Students should consult course information for GS75 for information.

Graduate Certificate in Business Administration (GS42)

Year offered: 2008
Admissions: No
CRICOS code: 031575D
Course duration (full-time): 1 semester. The course must be completed within a maximum time period of two years.
Course duration (part-time): 2 semesters. The course must be completed within a maximum time period of two years.
Domestic fees (per credit point): 2008: $240 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $23,040
Domestic Entry: 6 entry points per year
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Campus: Gardens Point

Overview
The Graduate Certificate in Business Administration allows professionals to update their skills in selected core business discipline areas.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Have a GMAT score of at least 500; and
3. Have at least two years work experience;

and then also possess:
- A Bachelor degree in any field; and
- At least 10 points from at least two of the three categories: prior work experience, academic achievement and management aptitude.

For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

Course Design
Students must complete a minimum of 6 units (36 credit points) from the MBA core and no more than 12 credit points of elective units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Students who successfully complete the Graduate Certificate in Business Administration program with a GPA of 4.5 or above (on a 7 point scale) may enrol in the Master of Business Administration (MBA).

Course Code Information
The GS42 course code has been discontinued. Students currently enrolled in this course code will be able to continue until completion. Students should consult course information for GS87 for information.

Course structure

Students have two options within this program:

Option 1:
Select a minimum of 6 units from the following MBA core units plus no more than 12 credit points of any postgraduate business unit approved by the MBA Director:

- GSN401 Managing in the Global Business Environment
- GSN403 Understanding Data
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN406 Human Resource Management Issues
- GSN407 Business Communication
- GSN408 Fundamentals of Marketing Management
- GSN409 Organisational Behaviour 1
- GSN410 Entrepreneurship
- GSN412 Business Law 1
- GSN413 Financial Management 1
- GSN415 Understanding Leadership
- GSN460 Creative Problem Solving
- GSN491 Economics in Business 1

Option 2:
Select a major (48 credit points) from one of the following study areas:

Corporate Governance:

- GSN401 Managing in the Global Business Environment
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN412 Business Law 1
- GSN422 Business Law 2
- GSN427 Financial Planning and Control
- GSN456 Personal Development and Ethics for Managers
- GSN472 Legal Principles of Corporate Governance

Elective Units:
Choose up to 12 credit points from this list below only if substitution has been granted for equivalent required units:

- GSN224 Corporate Philanthropy
- GSN233 Special Topic in Philanthropy and Nonprofit Studies
- GSN480 Business Sustainability and Competitive Advantage
- GSN483 Ethics for Philanthropic and Nonprofit Organisations
- GSN484 Management for Philanthropic and Nonprofit Organisations
Organisations

Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Amanda Gudmundsson, email: bgbsbenq@qut.edu.au
Campus: Gardens Point

Overview
In response to demand by students for even greater depth in a particular area, the BGSB now offers majors in Accounting, Entrepreneurship, Finance and Information Technology Management. By undertaking a major, students extend their MBA study by 48 credit points and gain greater knowledge in their chosen area. In effect, they are gaining a strong specialisation as well as a general management degree.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq/mbaentry.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a major of 60 credit points in a particular study area, plus a further 30 credit points of electives which may be either 6 or 12 credit point units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Explanatory Note
Courses GS48, GS76 and GS97 are identical in content.

Course code GS48 is used for all domestic students.

Course code GS76 is used for international students undertaking full-time study in the Traditional mode of Semester 1 and 2 with a vacation over Summer (BGSB teaching periods 6 and 1).

Course code GS97 is used for international students undertaking full-time study in the Fast Track mode in each 6 week BGSB teaching period. The normal course duration is reduced by having no vacation periods other than official breaks (approx. 1 week) between each teaching period.

Course structure

The following 15 core units must be completed:

- GSN401 Managing in the Global Business Environment
- GSN403 Understanding Data
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN406 Human Resource Management Issues
- GSN407 Business Communication
- GSN408 Fundamentals of Marketing Management
- GSN409 Organisational Behaviour 1
- GSN410 Entrepreneurship
- GSN412 Business Law 1
- GSN413 Financial Management 1
- GSN415 Understanding Leadership
- GSN460 Creative Problem Solving
- GSN490 Managing Technological Innovation
- GSN491 Economics in Business 1

Plus the following two Integrative core units:

- GSN416 Business Plans 1
- GSN473 Corporate Governance and Accountability

Plus 90 credit points of which students are required to undertake a major (60 credit points) in one of the study areas below and 30 credit points of elective units. Students may attain concentrations (36 credit points) or minors (24 credit points) in the following areas through careful choice of elective units:

- Accounting
- Arts & Cultural Management (for continuing students only)
- Business Communication
- Corporate Governance
- Economics
- Entrepreneurship
- Finance
- Health Services Management
- Human Resource Management
- International Business
- Information Technology Management
- Leadership
- Marketing
Philanthropy & Nonprofit Studies
Project Management
Public Management
Strategy

For a list of units to be undertaken for Concentrations and Minors refer to the GS40 Master of Business Administration course structure.

### MAJORS

#### Accounting

**Core Units:**
- GSN404 Financial Statements Analysis

**Required Units:**
- GSN427 Financial Planning and Control

**Elective units:**
Choose 48 credit points from the following elective units:
- AYN412 Company Law
- AYN414 Cost and Management Accounting
- AYN416 Financial Accounting 1
- AYN417 Financial Accounting 2
- AYN418 Financial Accounting 3
- AYN424 International Accounting
- AYN443 Electronic Commerce Cycles

#### Economics

**Core Units:**
- GSN491 Economics in Business 1

**Required Units:**
- GSN492 Economics in Business 2

**Elective units:**
Choose 48 credit points from the following elective units:
- BSN506 Econometric Methods
- EFN410 Economic and Financial Modelling
- EFN500 Contemporary Macroeconomic Theory
- EFN502 Developments in Microeconomic Theories

Students undertaking EFN500 and EFN502 would need to have completed the equivalent of a second year undergraduate degree at a recognised University. This would involve completing intermediate undergraduate macro and micro economics at the very least.

#### Entrepreneurship

**Core Units:**
- GSN410 Entrepreneurship
- GSN416 Business Plans 1
- GSN460 Creative Problem Solving
- GSN420 New Venture Strategy

#### Finance

**Core Units:**
- GSN413 Financial Management 1
- GSN491 Economics in Business 1

**Required Units:**
- GSN423 Financial Management 2

**Elective units:**
Choose 42 credit points from the following elective units:
- GSN430 New Venture Funding
- GSN434 Venture Capital
- GSN479 Spreadsheet Modelling for Managers
- GSN492 Economics in Business 2
- EFN401 Advanced Financial Institutions Management
- EFN412 Advanced Managerial Finance
- EFN414 International Finance
- EFN415 Security Analysis
- EFN416 Treasury and Portfolio Management
- EFN506 Advanced International Finance

#### Information Technology Management

**Core Units:**
- GSN490 Managing Technological Innovation

**Elective units:**
Choose 54 credit points from the following elective units:
- ITN201 Enterprise Architectures
- ITN228 Enterprise Systems
- ITN241 Information Technology Management
- ITN264 Information Systems Consulting
- ITN266 Information Management
- ITN272 Information Technology Project Management
- ITN298 Business Process Management

#### Research Studies

**Required Units:**
- BSN501-1 Dissertation
BSN501-2  Dissertation
BSN501-3  Dissertation
BSN501-4  Dissertation
BSN502  Research Methodology
        Plus either
AMN403  Marketing and Survey Research
        or
BSN412  Qualitative Research and Analytical
        Techniques
        Elective Units:
        Students choose 24 credit points of elective
        units in chosen area of research (selected from
        required and elective units in the GS40 MBA
        concentration and minor list, or other units
        offered within the Faculty of Business and
        other Faculties at QUT, with the permission
        from the MBA Director)

Potential Careers:
Administrator, Manager.
Executive Master of Business Administration (GS50)

Year offered: 2008
Admissions: Yes
Course duration (full-time): 22 months (block mode) commencing 15 February
Domestic fees (per credit point): 2008: $240 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $23,040
Domestic Entry: closes mid January 2008
Total credit points: 144
Standard credit points per full-time semester: 48
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Campus: Gardens Point

Additional Fee Information
The total cost for the GS50 February 2008 cohort is $46,560 which is invoiced incrementally over the period of the program. This includes tuition fees of ($34,560), an international study tour to China ($6,000) and incidental fees ($6,000) for a package of services associated with the delivery of the EMBA. These services include the provision of textbooks, study materials, catering, three milestone celebrations and an international study tour. Eligible students may apply for FEE-HELP for tuition fees only and incidental costs are required to be paid on invoice. Students not wishing to incur these incidental charges may study towards the MBA through the on-campus (GS40) program.

Entry Requirements
Admission to the Executive MBA is based on four entry criteria:

1. English language competency
2. Five (5) years work experience at a management level
3. A Graduate Management Aptitude Test (GMAT) score of at least 500
4. At least 10 points accumulated from three categories relating to prior work experience, academic achievement and management aptitude.

I. Prior Work Experience: Applicants need at least five years full-time work experience at management level. An additional point may be awarded for high level management experience in national and/or global firms.

II. Academic Achievement: Prior academic study at a bachelor level can be in any field at any recognised tertiary institution. Points are awarded based on your grade point average (GPA) from your undergraduate degree. An additional point may be awarded for a prior Masters degree and for a doctoral degree.

III. Management Aptitude (GMAT): A management aptitude test score is a useful predictor of academic performance in a postgraduate program.

Entry will be granted to candidates who do not meet the bachelor degree requirements if they can demonstrate clear potential for graduate study by obtaining 10 points from the other two categories. Applicants can check how many points they are likely to be awarded by checking the admission tables at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

All applications should include two references, one of which is from a current employer. All applicants that satisfy the admission criteria will be invited to attend an interview with the MBA Director.

Overview
The Executive MBA course is a tailored MBA course offered in an intensive, flexibly delivered format to a cohort of 'executive level' management. The course is designed to equip senior managers with the necessary knowledge, analytical ability and management skills to continue their career success and increase their mobility as a senior executive in Australia and internationally.

Course Design
Students are required to undertake 14 core units and 2 integrative core units of 6 credit points each and a further 48 credit points of elective units.

The intake for the EMBA is in February and the program runs for 22 months. Classes are scheduled once a month over a Friday to Sunday weekend session, with 20 hours of classes per weekend session each month of the program plus one intensive session (International Study Tour) in April 2009. The intensive block sessions allow students to schedule some dedicated time to study with minimal interference to their business commitments.

For more information about the EMBA, consult the BGSB website at http://www.bgsb.qut.edu.au/study/courses/executive.jsp

Course structure *

Students must complete the following 15 core units:

GSN401 Managing in the Global Business Environment
GSN403 Understanding Data
GSN404 Financial Statements Analysis
GSN405 Strategic Management
GSN406 Human Resource Management Issues
GSN407 Business Communication
GSN408 Fundamentals of Marketing Management
GSN409 Organisational Behaviour 1
GSN410 Entrepreneurship
GSN412 Business Law 1
GSN413 Financial Management 1
GSN415 Understanding Leadership
GSN460 Creative Problem Solving
GSN490 Managing Technological Innovation
GSN491 Economics in Business 1

Plus two Integrative core units:
GSN416  Business Plans 1
GSN473  Corporate Governance and Accountability

Plus the following 42 credit points of Elective Units:

GSN425  Leadership Development
GSN428  International Study Tour
GSN445  Special Topic 2
GSN462  Negotiation Strategies
GSN474  Strategy Planning & Development
GSN480  Business Sustainability and Competitive Advantage
GSN496  Public Relations and Crisis Management

Students may choose other electives available in the weekday delivery schedule.

Concentration and minors may be attainable through the choice of elective units other than those listed above. Concentrations and minors are listed within the GS40 Master of Business Administration course structure.

* Currently under review and subject to change
Master of Business Administration (MBA) (GS75)

Year offered: 2008
Admissions: Yes
CRICOS code: 045502F
Course duration (full-time): 3 semesters (1.5 years. Study will not be undertaken during Summer Program)
International Fees (per semester): 2008: $12,000 per semester (subject to annual review)
International Entry: 4 entry points per year
Total credit points: 144
Standard credit points per full-time semester: 48
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Campus: Gardens Point

Overview
The innovative structure and content of QUT’s MBA is unique in Australia, and gives students a distinct career advantage by offering a broader range of core and elective units. QUT offers 6 credit point units delivered in 7 week modules, giving students the flexibility to commence study at any one of six different entry points each year.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Have a GMAT score of at least 500; and
3. Have at least two years work experience;

and then also possess:
- A Bachelor degree in any field; and
- At least 10 points from at least two of the three categories - prior work experience, academic achievement and management aptitude.

For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a further 42 credit points of elective units.

BSG offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Course Code Information
The GS40 and GS85 course codes have been discontinued. Students currently enrolled in these course codes will be able to continue until completion. Students should consult course information for GS75 for information.

Master of Business Administration (Major) (GS76)

Year offered: 2008
Admissions: Yes
CRICOS code: 045503E
Course duration (full-time): 4 semesters (2 years. Study will not be undertaken during Summer Program)
Domestic fees (per credit point): international course (subject to annual review)
International Fees (per semester): 2008: $12,000 per semester (subject to annual review)
International Entry: 4 entry points per year
Total credit points: 192
Standard credit points per full-time semester: 48
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Campus: Gardens Point

Overview
In response to demand by students for even greater depth in a particular area, the BGSB now offers majors in Accounting, Entrepreneurship, Finance and Information Technology Management. By undertaking a major, students extend their MBA study by 48 credit points and gain greater knowledge in their chosen area. In effect, they are gaining a strong specialisation as well as a general management degree.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq/mbaentry.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a major of 60 credit points in a particular study area, plus a further 30 credit points of electives which may be either 6 or 12 credit point units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Explanatory Note
Courses GS48, GS76 and GS97 are identical in content.

Course code GS48 is used for all domestic students.

Course code GS76 is used for international students undertaking full-time study in the Traditional mode of Semester 1 and 2 with a vacation over Summer (BGSB teaching periods 6 and 1).

Course code GS97 is used for international students undertaking full-time study in the Fast Track mode in each 6 week BGSB teaching period. The normal course duration is reduced by having no vacation periods other than official breaks (approx. 1 week) between each teaching period.

Course structure

The following 15 core units must be completed:

- GSN401 Managing in the Global Business Environment
- GSN403 Understanding Data
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN406 Human Resource Management Issues
- GSN407 Business Communication
- GSN408 Fundamentals of Marketing Management
- GSN409 Organisational Behaviour 1
- GSN410 Entrepreneurship
- GSN412 Business Law 1
- GSN413 Financial Management 1
- GSN415 Understanding Leadership
- GSN460 Creative Problem Solving
- GSN490 Managing Technological Innovation
- GSN491 Economics in Business 1

Plus the following two Integrative core units:

- GSN416 Business Plans 1
- GSN473 Corporate Governance and Accountability

Plus 90 credit points of which students are required to undertake a major (60 credit points) in one of the study areas below and 30 credit points of elective units. Students may attain concentrations (36 credit points) or minors (24 credit points) in the following areas through careful choice of elective units:

- Accounting
- Arts & Cultural Management (for continuing students only)
- Business Communication
- Corporate Governance
- Economics
- Entrepreneurship
- Finance
- Health Services Management
- Human Resource Management
- International Business
- Information Technology Management
- Leadership
- Marketing
- Philanthropy & Nonprofit Studies
- Project Management
Public Management
Strategy

For a list of units to be undertaken for Concentrations and Minors refer to the GS40 Master of Business Administration course structure.

### MAJORS

#### Accounting

**Core Units:**
- GSN404 Financial Statements Analysis

**Required Units:**
- GSN427 Financial Planning and Control

**Elective units:**
- Choose 48 credit points from the following elective units:
  - AYN412 Company Law
  - AYN414 Cost and Management Accounting
  - AYN416 Financial Accounting 1
  - AYN417 Financial Accounting 2
  - AYN418 Financial Accounting 3
  - AYN424 International Accounting
  - AYN443 Electronic Commerce Cycles

#### Economics

**Core Units:**
- GSN491 Economics in Business 1

**Required Units:**
- GSN492 Economics in Business 2

**Elective units:**
- Choose 48 credit points from the following elective units:
  - BSN506 Econometric Methods
  - EFN410 Economic and Financial Modelling
  - EFN500 Contemporary Macroeconomic Theory
  - EFN502 Developments in Microeconomic Theories

Students undertaking EFN500 and EFN502 would need to have completed the equivalent of a second year undergraduate degree at a recognised University. This would involve completing intermediate undergraduate macro and micro economics at the very least.

#### Entrepreneurship

**Core Units:**
- GSN410 Entrepreneurship
- GSN416 Business Plans 1
- GSN460 Creative Problem Solving

**Required Units:**
- GSN420 New Venture Strategy
- GSN429 New Venture Marketing
- GSN430 New Venture Funding

**Elective units:**
- Choose 18 credit points from the following elective units:
  - GSN426 Business Plans 2
  - GSN427 Financial Planning and Control
  - GSN431 New Venture Growth and Transitions
  - GSN432 New Venture Leadership and HRM
  - GSN434 Venture Capital
  - GSN479 Spreadsheet Modelling for Managers
  - GSN494 Innovating for Business Competitiveness

#### Finance

**Core Units:**
- GSN413 Financial Management 1
- GSN491 Economics in Business 1

**Required Units:**
- GSN423 Financial Management 2

**Elective units:**
- Choose 42 credit points from the following elective units:
  - GSN430 New Venture Funding
  - GSN434 Venture Capital
  - GSN479 Spreadsheet Modelling for Managers
  - GSN492 Economics in Business 2
  - EFN401 Advanced Financial Institutions Management
  - EFN412 Advanced Managerial Finance
  - EFN414 International Finance
  - EFN415 Security Analysis
  - EFN416 Treasury and Portfolio Management
  - EFN506 Advanced International Finance

#### Information Technology Management

**Core Units:**
- GSN490 Managing Technological Innovation

**Elective units:**
- Choose 54 credit points from the following elective units:
  - ITN201 Enterprise Architectures
  - ITN228 Enterprise Systems
  - ITN241 Information Technology Management
  - ITN264 Information Systems Consulting
  - ITN266 Information Management
  - ITN272 Information Technology Project Management
  - ITN298 Business Process Management

#### Research Studies

**Required Units:**
- BSN501-1 Dissertation
- BSN501-2 Dissertation
- BSN501-3 Dissertation
BSN501-4  Dissertation
BSN502  Research Methodology
Plus either
AMN403  Marketing and Survey Research
or
BSN412  Qualitative Research and Analytical Techniques

Elective Units:
Students choose 24 credit points of elective units in chosen area of research (selected from required and elective units in the GS40 MBA concentration and minor list, or other units offered within the Faculty of Business and other Faculties at QUT, with the permission from the MBA Director)

Potential Careers:
Administrator, Manager.
Master of Business Administration (MBA) (GS85)

Year offered: 2008
Admissions: No
CRICOS code: 003468F
Course duration (full-time): 3 semesters (1 year. Study must be undertaken during Summer Program)
Domestic fees (per credit point): 2008: $240 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $23,040
International Fees (per semester): 2008: $12,000 per semester (subject to annual review)
International Entry: Six entry points per year
Total credit points: 144
Standard credit points per full-time semester: 48
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Campus: Gardens Point

Overview
The innovative structure and content of QUT's MBA is unique in Australia, and gives students a distinct career advantage by offering a broader range of core and elective units. QUT offers 6 credit point units delivered in 7 week modules, giving students the flexibility to commence study at any one of six different entry points each year.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Have a GMAT score of at least 500; and
3. Have at least two years work experience;

and then also possess:
- A Bachelor degree in any field; and
- At least 10 points from at least two of the three categories
- prior work experience, academic achievement and management aptitude.

For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a further 42 credit points of elective units.

BSGB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Course Code Information
The GS40 and GS85 course codes have been discontinued. Students currently enrolled in these course codes will be able to continue until completion. Students should consult course information for GS75 for information.

Graduate Certificate in Business Administration (GS87)

Year offered: 2008
Admissions: Yes
CRICOS code: 031575D
Course duration (full-time): 1 semester
Domestic fees (per credit point): 2008: $240 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $23,040
International Fees (per semester): 2008: $12,000 per semester (subject to annual review)
International Entry: Six entry points per year.
Total credit points: 48
Standard credit points per full-time semester: 48
Course coordinator: Dr Amanda Gudmundsson, email: bgsbenq@qut.edu.au
Campus: Gardens Point

Overview
The Graduate Certificate in Business Administration allows professionals to update their skills in selected core business discipline areas.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Have a GMAT score of at least 500; and
3. Have at least two years work experience;

and then also possess:
- A Bachelor degree in any field; and
- At least 10 points from at least two of the three categories
- prior work experience, academic achievement and management aptitude.

For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

Course Design
Students must complete a minimum of 6 units (36 credit points) from the MBA core and no more than 12 credit points of elective units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Students who successfully complete the Graduate Certificate in Business Administration program with a GPA of 4.5 or above (on a 7 point scale) may enrol in the Master of Business Administration (MBA).

Course Code Information
The GS42 course code has been discontinued. Students currently enrolled in this course code will be able to continue until completion. Students should consult course information for GS87 for information.

Course structure
Students have two options within this program:

Option 1:
Select a minimum of 6 units from the following MBA core units plus no more than 12 credit points of any postgraduate business unit approved by the MBA Director:

- GSN401 Managing in the Global Business Environment
- GSN403 Understanding Data
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN406 Human Resource Management Issues
- GSN407 Business Communication
- GSN408 Fundamentals of Marketing Management
- GSN409 Organisational Behaviour 1
- GSN410 Entrepreneurship
- GSN412 Business Law 1
- GSN413 Financial Management 1
- GSN415 Understanding Leadership
- GSN460 Creative Problem Solving
- GSN491 Economics in Business 1

Option 2:
Select a major (48 credit points) from one of the following study areas:

Corporate Governance:

Required Units:

- GSN401 Managing in the Global Business Environment
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN412 Business Law 1
- GSN422 Business Law 2
- GSN427 Financial Planning and Control
- GSN456 Personal Development and Ethics for Managers
- GSN472 Legal Principles of Corporate Governance

Elective Units:

Choose up to 12 credit points from this list below only if substitution has been granted for equivalent required units:

- GSN224 Corporate Philanthropy
- GSN233 Special Topic in Philanthropy and Nonprofit Studies
- GSN480 Business Sustainability and Competitive Advantage
- GSN483 Ethics for Philanthropic and Nonprofit Organisations
- GSN484 Management for Philanthropic and Nonprofit Organisations
- GSN485 Legal Issues for Philanthropic and Nonprofit Organisations
Organisations
GSN486 Accounting Issues for Philanthropic & Nonprofit Organisations

Entrepreneurship and Innovation:
Required Units:
GSN401 Managing in the Global Business Environment
GSN403 Understanding Data
GSN404 Financial Statements Analysis
GSN405 Strategic Management
GSN408 Fundamentals of Marketing Management
GSN410 Entrepreneurship
GSN420 New Venture Strategy
GSN460 Creative Problem Solving

Leadership:
Required Units:
GSN401 Managing in the Global Business Environment
GSN407 Business Communication
GSN409 Organisational Behaviour 1
GSN415 Understanding Leadership
GSN417 Effective Advocacy for Managers
GSN425 Leadership Development

Elective Units:
Choose 12 credit points from this list below:
GSN221 Special Topic 1
GSN419 Organisational Behaviour 2
GSN456 Personal Development and Ethics for Managers
GSN461 Making Change Work
GSN462 Negotiation Strategies

Strategy
Required Units:
GSN401 Managing in the Global Business Environment
GSN405 Strategic Management
GSN408 Fundamentals of Marketing Management
GSN474 Strategy Planning & Development

Elective Units:
Choose 24 credit points from this list below:
GSN410 Entrepreneurship
GSN418 Marketing Strategy Development
GSN420 New Venture Strategy
GSN475 Strategic Analysis
MGN505 Consulting and Change Management

Potential Careers:
Administrator, Banking and Finance Professional, Manager.
Master of Business Administration (Major) (GS97)

Year offered: 2008  
Admissions: Yes  
CRICOS code: 043117J  
Course duration (full-time): 4 semesters (Study must be undertaken during Summer Program)  
Domestic fees (per credit point): International Course (subject to annual review)  
Domestic fees (indicative): International Course  
International Fees (per semester): 2008: $12,000 per semester (subject to annual review)  
International Entry: 6 entry points per year  
Total credit points: 192  
Standard credit points per full-time semester: 48  
Course coordinator: Dr Amanda Gudmundsson, email: bgbsbenq@qut.edu.au  
Campus: Gardens Point  

Overview

In response to demand by students for even greater depth in a particular area, the BGSB now offers majors in Accounting, Entrepreneurship, Finance and Information Technology Management. By undertaking a major, students extend their MBA study by 48 credit points and gain greater knowledge in their chosen area. In effect, they are gaining a strong specialisation as well as a general management degree.

Entry Requirements

To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq/mbaentry.jsp

Course Design

Students must complete 15 core units and 2 integrative core units of 6 credit points each and a major of 60 credit points in a particular study area, plus a further 30 credit points of electives which may be either 6 or 12 credit point units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Explanatory Note

Courses GS48, GS76 and GS97 are identical in content.

Course code GS48 is used for all domestic students.

Course code GS76 is used for international students undertaking full-time study in the Traditional mode of Semester 1 and 2 with a vacation over Summer (BGSB teaching periods 6 and 1).

Course code GS97 is used for international students undertaking full-time study in the Fast Track mode in each 6 week BGSB teaching period. The normal course duration is reduced by having no vacation periods other than official breaks (approx. 1 week) between each teaching period.

Course structure

The following 15 core units must be completed:

- GSN401 Managing in the Global Business Environment
- GSN403 Understanding Data
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN406 Human Resource Management Issues
- GSN407 Business Communication
- GSN408 Fundamentals of Marketing Management
- GSN409 Organisational Behaviour 1
- GSN410 Entrepreneurship
- GSN412 Business Law 1
- GSN413 Financial Management 1
- GSN415 Understanding Leadership
- GSN460 Creative Problem Solving
- GSN490 Managing Technological Innovation
- GSN491 Economics in Business 1

Plus the following two Integrative core units:

- GSN416 Business Plans 1
- GSN473 Corporate Governance and Accountability

Plus 90 credit points of which students are required to undertake a major (60 credit points) in one of the study areas below and 30 credit points of elective units. Students may attain concentrations (36 credit points) or minors (24 credit points) in the following areas through careful choice of elective units:

- Accounting
- Arts & Cultural Management (for continuing students only)
- Business Communication
- Corporate Governance
- Economics
- Entrepreneurship
- Finance
- Health Services Management
- Human Resource Management
- International Business
- Information Technology Management
- Leadership
- Marketing
- Philanthropy & Nonprofit Studies
For a list of units to be undertaken for Concentrations and Minors refer to the GS40 Master of Business Administration course structure.

Course coordinator: Associate Professor Adrian Thomas (Creative Industries); Mr Andrew Paltridge (Business)
Discipline coordinator: Professor Alan Knight (Journalism); Dr Gayle Kerr (Advertising); Mr Simon Ridings (International Business); Ms Robina Xavier (Public Relations)
Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX36 Bachelor of Business/Bachelor of Journalism. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Overview
This four-and-a-half year professional course links Journalism with business studies in Advertising, International Business or Public Relations and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects and specialise in advertising, public relations, globalisation, international business development or global economics.

Career Outcomes
Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers. Journalism graduates are prepared for careers in both print and broadcast journalism, and opportunities also exist to become press secretaries and media officers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*International Business - Australian Institute of Export;
*Public Relations - Public Relations Institute of Australia.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
Students are required to complete 432 credit points, comprised of 240 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Journalism program.

For the Business component, students must complete the 96 credit point Faculty Core Units together with a 72 credit point Major and a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

**Semester 1 Units**

**Media & Communication**
- KCB101 Communication in the New Economy
- KCB102 Media and Society: From Printing Press to Internet
- KCB103 Strategic Speech Communication
- KCB201 Virtual Cultures
- KCB302 Political Communication

- KIB108 Animation Practices
- KIB201 Interactive Writing

**Dance**
- KDB105 Architecture of the Body
- KDB108 World Dance
- KDB110 Deconstructing Dance in History

**Fashion**
- KFB103 Introduction to Fashion
- KFB206 Fashion and Modernity

**Journalism**
- KJB101 Digital Journalism
- KJB120 Newswriting
- KJB121 Journalistic Inquiry
- KJB224 Feature Writing
- KJB239 Journalism Ethics and Issues

**Faculty**
- KKB004 Indigenous Creative Industries
- KKB101 Creative Industries: People and Practices
- KKB210 Computational Arts 1

**Transition to New Professional Environments**
- KKB341 Workplace Learning 1
- KKB342 Workplace Learning 2
- KKB343 Service Learning 1
- KKB344 Service Learning 2

- KKB345 Creative Industries Project 1
- KKB346 Creative Industries Project 2
- KKB347 Becoming A Researcher: Understandings, Skills and Practices

**Music & Sound**
- KMB003 Sex Drugs Rock 'n' roll
- KMB004 World Music
- KMB104 Music and Sound Skills
- KMB105 Music and Sound Technology
- KMB108 Sound Recording and Acoustics

**Film & Television**
- KPB102 Film History
- KPB106 Australian Television
- KPB202 Film and Television Business Skills: Entrepreneurship and Investment
- KPB203 Australian Film
- KPB303 Critical Thinking About Television

**Performance Studies**
- KTB101 20th Century Performance
- KTB204 Understanding Performance
- KTB061 Creative Industries Management
- KTB062 Creative Industries Events and Festivals

**Visual Arts**
- KVB102 Modernism
- KVB104 Photomedia and Artistic Practice
- KVB110 2D Media and Processes
- KVB212 Australian Art, Architecture and Design
- KVB304 Contemporary Art Issues

**Creative Writing & Cultural Studies**
- KWB101 Introduction to Creative Writing
- KWB102 Media Writing
- KWB103 Persuasive Writing
- KWB104 Creative Writing: The Short Story
- KWB105 Film and Television Scriptwriting
- KWB107 Introduction to Creative Non-Fiction
- KWB108 Introduction To Creative Non-Fiction
- KWB207 Great Books: The Literary Classics
- KWB208 Modern Times (Literature and Culture in the 20th Century)
- KWB308 Wonderlands: Literature and Culture in the 19th Century

**Semester 2 Units**

**Media & Communication**
- KCB101 Communication in the New Economy
- KCB103 Strategic Speech Communication

**Potential Careers:**

Advertising Professional, Marketing Officer/Manager, Media Industry Specialist, Public Relations Officer/Consultant, Publishing Professional.
University Diploma in Professional Communication (IF06)

Year offered: 2008
Admissions: Yes
CRICOS code: 039083D
Course duration (full-time): 2 semesters
International Fees (per semester): 2008: $7,500 per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Abbreviation
UnivDipProfComn

Entry Requirements - Academic
Successful completion of senior high school with the required grades. Students can find more country specific entry requirements at the following web site: http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL iBT Overall score of 69 (at least 18 in writing and reading and 17 or more in listening and speaking) or TOEFL 525 (paper) or TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (N.B. Students should also check visa requirements).

Description
The University Diploma in Professional Communication, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Mass Communication and a range of Creative Industries degrees (see list below). In this program, students study six faculty units as well as two units of Communication which have been designed to support their other units. Student who successfully complete the University Diploma in Professional Communication earn full academic credit for eight units, and articulate to the second year of their chosen degree, except for Bachelor of Fine Art (Film and Television) for which one semester credit only is awarded. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) in at least seven units and a grade of 3 (Low Pass) in the remaining unit.

Progression
Requirements for a guaranteed place in the second year of the following QUT Bachelors degrees:

i) fulfil the University Diploma course requirements,
ii) an IELTS score of 6.5 or its equivalent,
iii) achieve a minimum Grade Point Average (GPA) as detailed below for the following course:

Grade Point Average of at least 4 for:
Bachelor of Mass Communication
Bachelor of Creative Industries (Interdisciplinary Studies)

Grade Point Average of at least 4.5 for:
Bachelor of Creative Industries (Media and Communication)
Bachelor of Creative Industries (Creative Writing)
Bachelor of Journalism

Grade Point Average of at least 5.0 for:
Bachelor of Creative Industries (Communication Design)
Bachelor for Fine Arts (Film and Television)*

*Please note that students articulating to Bachelor of Fine Arts (Film and Television) will only receive 1 semester of credit.

Campus: Gardens Point and Kelvin Grove

Overview
This course is a joint offering by the faculties of Creative Industries and Business, designed to capitalise on the dynamic area of mass communication and the challenges faced by organisations in the digital age.

The flexible program design includes areas of study from both faculties, providing professional skills in areas such as international journalism, television, media and communication, advertising and public relations.

Career Outcomes
Graduates obtain employment in a wide variety of public and private sector organisations. Potential employment opportunities include careers as a public relations consultant, media planner, copywriter, corporate communication manager, specialist journalist, media production specialist, media adviser or event manager.

Professional Recognition
Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Advertising Institute of Australia (AIA) and the Society of Business Communicators (SBC).

Course Design
Students commencing the Bachelor of Mass Communication must complete 24 units of equal weighting totalling 288 credit points comprised of
a. Faculty Core (six faculty core units)
b. Major Core (two majors of six units each) and
c. Electives (six units).

Although studies can be tailored to meet a specific career goal or create a wide variety of career choices, there is a set of recommended combinations of majors. Students are not required to take these combinations, however they do represent the more common and logical choices within a mass communications qualification.

The recommended combinations are:
- Public Relations and International Journalism
- Public Relations and Media and Communication
- Advertising and Television
- International Journalism and Media and Communication.

Why choose this course?
The combined expertise of these faculties gives you a unique opportunity to foster your skills in creative, technical and business communication. You can tailor the course to meet a specific career goal or to create a wide variety of career choices.

You will complete two majors - some recommended combinations are:
- Public Relations and International Journalism
- Advertising and Media and Communication
- Advertising and Television
- International Journalism and Media and Communication.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

General Course structure

FACULTY CORE UNITS - 6 units required
KKB101 Creative Industries: People and Practices
KKB102 Creative Industries: Making Connections
EITHER
KCB103 Strategic Speech Communication
OR
KWB102 Media Writing
BSB126 Marketing
### MAJOR CORE UNITS - 12 units required - Select two of the following 6 units major

#### Advertising
- AMB220 Advertising Theory and Practice
- AMB200 Consumer Behaviour
- AMB221 Advertising Copywriting
- AMB222 Media Planning
- AMB320 Advertising Management
- AMB321 Advertising Campaigns

Students who have completed AMB220 Advertising Theory and Practice as part of the Faculty Core will need to choose one of the following three units as a substitution:
- AMB202 Integrated Marketing Communication
- AMB230 Internet Promotion
- AMB330 Advertising Strategy and Planning

#### Media and Communication
- KCB101 Communication in the New Economy
- KCB103 Strategic Speech Communication
- KCB202 New Media Technologies
- KCB301 Media Audiences
- KCB302 Political Communication
- KCB304 Managing Communication Resources

* Students may enrol in KKB341 Workplace Learning 1 instead of KCB302 Political Communication subject to the approval of the Media and Communication Major Coordinator.

#### Public Relations
- AMB260 Public Relations Theory and Practice
- AMB261 Media Relations and Publicity
- AMB262 Public Relations Writing
- AMB370 Public Relations Cases
- AMB361 Public Relations Campaigns

Students who have completed AMB260 Public Relations Theory and Practice as part of the Faculty Core will need to choose one of the following three units as a substitution:
- AMB202 Integrated Marketing Communication
- AMB230 Internet Promotion
- AMB231 Marketing Communications Regulations and Ethics

#### Television
- KPB101 Foundations of Film and Television Production
- KPB104 Film and Television Production Resource

* Students intending to take the Television major are required to take KWB102 Media Writing as one of their Faculty Core units (instead of KCB103 Strategic Speech Communication).

#### Electives - 6 units required
- Select six units from any Faculty.

### Course structure - Advertising / International Journalism

#### Year 1, Semester 1
- KJB101 Digital Journalism
- KJB200 Consumer Behaviour
- AMB201 Marketing and Audience Research

#### Year 1, Semester 2

**Creative Industries Minors**

**INSTRUCTIONS FOR MINORS**

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

### Creative Industries Faculty Undergraduate Open Electives

#### Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:

* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to
sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

**Discipline coordinator:** Ms Ros Kent (Accountancy); Mr Bill Proud (Marketing); Dr Adam Clements (Banking & Finance) and Dr Radhika Lahir (Economics)  
**Campus:** Gardens Point and Carseldine  

**Discontinuation**  
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX38 Bachelor of Arts/Bachelor of Business. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.  

For course structure information on the new course, please refer to the new course.  

**Other Majors**  
See also the separate entry for the following majors in this course: Bachelor of Arts/Bachelor of Business (Advertising, Electronic Business, Human Resource Management, International Business, Management, or Public Relations).  

**Career Outcomes**  
- Humanities graduates find employment in areas such as government, diplomacy, higher education and public service.  
- Graduates of the Bachelor of Business (Accountancy) can expect to find employment in public practice, industry and commerce or government. In public practice the main areas of specialisation are auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services. In industry and commerce, accountancy graduates are employed in management positions.  
- Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity.  
- Graduates with Economics training are highly sought after. They are employed as economists and in a wide variety of related professional areas.  
- Graduates of the Marketing major find employment in industry and government in roles including marketing and research, sales management and product development and management. They are also employed as marketing managers and consultants in the national and international business environments.  

**Professional Recognition**  
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:  
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.  
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).  
* Banking and Finance: Australasian Institute of Banking and Finance (AIBF).  
* Economics: Economic Society of Australia (Queensland Division).  

**Course Design**  
Students are required to complete 432 credit points comprised of 192 credit points from the Bachelor of Arts program and 240 credit points from the Bachelor of Business program.  

**BA Course Requirements - Commencing Students**  
**BA Course Requirements (Years 1-4)**  
Students are required to complete:  
* One Multidisciplinary Professional Major (1 core unit + 6 units in the major)  
* It is suggested that they complete the Core Units Program consisting of the following:  
* Two core units in first semester (from a selection of core introductory and core skills units)  
  (Note: one of the core introductory units will sit within the chosen Interdisciplinary Professional Major).  
* Year 2: research methods unit. Students are advised to
take at least two of these units.

BA Course Requirements - Commencing Students (cont.)

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may wish to:
- develop a Minor (48 credit points) in one of the interdisciplinary professional areas
- develop a Minor (48 credit points) in a disciplinary study sequence or in another QUT course
- take a series of elective units.

Students wishing to complete a full discipline studies sequence (6 units) will need to amend their core units program.
Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Multidisciplinary Professional Majors
For details, refer to the Bachelor of Arts Degree (HH01).

Discipline Majors
For details, refer to the Bachelor of Arts Degree (HH01).

Minor Sequences
For details, refer to the Co-Majors entry in the Bachelor of Arts (HH01) entry as any of these are available to be taken as Minors.

Key Terms - BA
*Multidisciplinary Professional Major - one of five interdisciplinary study sequences in the BA degree (International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies, Australian Studies), consisting of one core unit plus six further units from the appropriate list (making a total of 84 credit points). Students must complete at least one of these to fulfil the requirements of the degree. NB - a unit may not be counted in more than one multidisciplinary professional major, discipline major or minor.
* Discipline Major - a set of six units (72 credit points) in a given discipline (Geography, History, Languages, Social Science). In Languages, this consists of six sequenced units in one Language. In other disciplines the six units must include one introductory unit to the discipline.
*Minor Study Sequence - a study sequence of any four units (48 credit points) in a given subject area. NB - a unit may not be counted in more than one minor.
* Elective Units - units selected by students to fit into their study program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities and Human Services website.
Bachelor of Business (Accountancy)/Bachelor of Laws (Continuing students only) (IF37)

Year offered: 2008
Admissions: No
CRICOS code: 006386F

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $150 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Fee Tuition $14,400; CSP $6,942

International Fees (per semester): 2008: $9,552 per semester (subject to annual review)

QTAC code: 419222; Dfee: 419266

Total credit points: 540

Standard credit points per full-time semester: 60 (years sem 1-5); 48 (sem 7 & 8); 56 (sem 6,9,10)

Course coordinator: Mr Andrew Paltridge (Business); Dr. William Dixon Undergraduate Director, (Law)
Discipline coordinator: Ms Ros Kent (Accounting)

Discontinuation

Students should note that from Semester 1, 2007 this course has been renamed and recoded to IF41 Bachelor of Business (Study Area A)/Bachelor of Laws. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

null

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

Potential Careers:
Public Servant.

Course coordinator: Mr Andrew Paltridge (Business); Director, Undergraduate Programs (Law)
Discipline coordinator: Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

OP Guarantee
The OP Guarantee does not apply to this program.

Career Outcomes
The Bachelor of Laws component of this double degree covers the areas of law required for the purposes of admission to practise as a Solicitor and/or Barrister in all Australian states and territories. Graduates of the Bachelor of Business may find employment as Accountants, Advertising Professionals, Banking and Finance Consultants, Economists, Human Resource Managers, International Business Specialists, Managers, Marketing Officers, Public Relations Officers.

Professional Recognition
The Bachelor of Laws degree satisfies the academic requirements for admission to practise as a Solicitor or Barrister in Queensland.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
* Banking and Finance: Financial Services Institute of Australasia (FINSIA).
* Economics: Economic Society of Australia (Queensland Division).
* Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
* International Business - Australian Institute of Export;
* Management - Australian Institute of Management;

Law Elective Units
For information on the availability of law elective units, please refer to the relevant section in the Bachelor of Laws course entry in the Faculty of Law section.

Course Design
Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

For the Business component, students undertake 7 Faculty core units and 6 units from one of the following Majors plus 3 specialisation units.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

MGB335 Project Management
HRM students must choose three units from the above list

**International Business**

**Year 1 Semester 1**
- BSB119 International and Electronic Business
- BSB126 Marketing
- LWB141 Legal Institutions and Method
- LWB142 Law, Society and Justice

**Year 1 Semester 2**
- BSB110 Accounting
- BSB115 Management, People and Organisations
- LWB143 Legal Research and Writing
- LWB144 Laws and Global Perspectives

**Year 2 Semester 1**
- BSB114 Government, Business and Society
- IBB202 Fundamentals of International Finance
- LWB136 Contracts A
- LWB138 Fundamentals of Torts

**Year 2 Semester 2**
- BSB122 Quantitative Analysis and Finance
- BSB113 Economics
- LWB137 Contracts B
- LWB139 Select Issues in Torts

**Year 3 Semester 1**
- IBB205 Intercultural Communication and Negotiation
- IBB217 Asian Business Development
  or
- IBB208 European Business Development
- LWB231 Introduction to Public Law
- LWB236 Real Property A
- LWB240 Principles of Equity

**Year 3 Semester 2**
- IBB210 Export Management
- IBB317 Contemporary Business in Asia
  or
- IBB308 Contemporary Business in Europe
- LWB235 Australian Federal Constitutional Law
- LWB237 Real Property B
- LWB241 Trusts

*QUT HANDBOOK 2008 · Page 376*
Doctor of Philosophy (Business) (IF49)

Year offered: 2008
Admissions: Yes
CRICOS code: 006365M
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (per credit point): RTS/RTA: 2008 Full fee tuition $135 per credit point (exceeded max. entitlement) (subject to annual review)
Domestic fees (indicative): 2008: $12,960 (exceeded max entitlements)
International Fees (per semester): 2008: $10,608 per semester (subject to annual review)
Course coordinator: Professor Per Davidsson, Director of Research
Discipline coordinator: Accountancy - Prof Natalie Gallery; Advertising - Dr Judy Drennan; Economics and Finance - Prof Stan Hurn; Marketing - Dr Judy Drennan; Management - Prof Mark Griffin; International Business - Mr Simon Ridings; Public Relations - Dr Judy Drennan
Campus: Gardens Point

Entry requirements
The applicant’s admission to the PhD program will depend on their academic aptitude, and the availability of supervision, infrastructure and resources needed for their course of study. Applicants would normally hold: a Bachelors degree with at least 2A Honours (or equivalent) or a Master degree by research or a Master degree by coursework that included substantial research or have satisfactorily completed a PhD qualifying program in their chosen area of study.

In addition, international students must meet English language proficiency requirements.

Location and Duration
The PhD normally requires a minimum of three years of full-time study or its part-time equivalent. Study is normally undertaken at the Gardens Point campus but the University may approve study at an off-campus location (multi-modal study). Although QUT offers this flexibility, there will still be minimum attendance requirements and the University must be satisfied that adequate supervision and resources are available at the external location.

Overview
The PhD offers students the opportunity to demonstrate their erudition in a broad field of learning and to make an original and substantial contribution to knowledge in that field. The Faculty will provide students with up to $4000 for approved research related expenses associated with the preparation of their thesis (including up to $2500 for fieldwork activities and conference attendance). Their School may also provide the student with additional funding assistance and/or opportunities for paid research assistant or tutoring work.

Course Structure
Candidates will be assessed on a program of supervised research and investigation that culminates in production of their thesis. The program normally includes assessed coursework that supports conduct of their research and preparation of their thesis. Candidates should have regular, face-to-face contact with their supervisor and participate in University scholarly activities such as research seminars, teaching and publication. The length of the thesis will vary according to the topic, but should normally be no longer than 100,000 words (excluding the bibliography).

Further information
Faculty of Business Research and Support Office:
Phone +61 7 3864 1320
Fax +61 7 3864 5250
e-mail: bus.research@qut.edu.au

Potential Careers:
Academic, Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Corporate Secretary, Diplomat, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Higher Education Worker, Human Resource Manager, Information Officer, International Business Specialist, Investment Manager, Manager, Marketing Officer/Manager, Organisational Communication Specialist, Policy Officer, Risk Manager, Translator.
Bachelor of Mathematics/Bachelor of Business (Accountancy, Banking and Finance or Economics) (FOR CONTINUING STUDENTS ONLY) (IF60)

Year offered: 2008
Admissions: No
CRICOS code: 027274G
Course duration (full-time): 4 Years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $6,752
International Fees (per semester): 2008: $9,600 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 419212; Dfee: 419216
Past rank cut-off: 80. Dfee places were not offered last year.
Past OP cut-off: 10. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (Average)
Course coordinator: Prof Erhan Kozan (Mathematics); Mr Andrew Paltridge (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Dr Adam Clements (Banking & Finance) and Dr Radhika Lahiri (Economics)
Campus: Gardens Point

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX37 Bachelor of Business/Bachelor of Mathematics. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Career Opportunities
Test Graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Graduates of the Accountancy major can expect to find employment in auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services.

Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity.

Graduates with Economics training are highly sought after. They are employed as economists and in a wide variety of related professional areas to provide strategic analysis and policy advice.

Professional Recognition
Graduates will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia and, depending on unit selection, the Australian Society of Operations Research. Depending on the choice of major, extended major or specialisation graduates may be eligible for membership of the Economic Society of Australia (Queensland Division), Australian Institute of Management, Financial Services Institute of Australasia (FINSIA), Chartered Secretaries Australia, CPA Australia and the Institute of Chartered Accountants in Australia (ICAA).

Course Design
The course offers the opportunity to combine Mathematics with a business course majoring in Accountancy, Banking and Finance or Economics, which can be combined with an extended major in the same field, or with a double major from any of the Bachelor of Business majors, including Electronic Business.

Mathematics Scholarships
Students enrolled in this course can apply for industry sponsored scholarships. Mathematics equity scholarships are also awarded on the basis of socioeconomic disadvantage.

Course Combinations
Recommended combinations for the Business component are:
Accountancy: Extended major in Professional Accounting Banking & Finance: Extended major in Banking, Financial Economics or Funds Management; or double major in Economics Economics: Extended major in Financial Economics or double major in Banking & Finance.

*Please note that EFB101 Data Analysis for Business which is normally undertaken in the majors of Accountancy, Banking and Finance & Economics, is not required as the content will be covered in the statistics units from the mathematics component of the program.

Students also note that enrolment in the unit EFB326 Applied Portfolio Management is restricted to students
undertaking the Financial Economics specialisation (FES) and the following extended majors: Banking (BFX); Financial Economics (FEX); and Funds Management (FDX).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

NOTES:  
- MAB311 Advanced Calculus and MAB312 Linear Algebra are mandatory for students who commenced in 2004 onwards. They can be taken in a different semester 1 to that suggested in the programs above. 
- For students commencing in 2004 onwards, the units MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics do not contribute to the mandatory 48 credit points minimum from Level 3 Mathematics units. This does not apply for students who commenced prior to 2004. 
- MAB681 will not be offered in 2008, but will be offered in Semester 2 2009 and every second year.  

Potential Careers:
Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Computer Game Programmer, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Investment Manager, Market Research Manager, Mathematician, Quantitative Analyst, Risk Manager, Statistician, Stockbroker.

Academic, Account Executive, Accountant, Advertising Professional, Analytical Chemist, Astrophysicist, Banker, Banking and Finance Professional, Biochemist, Biologist, Biomedical Engineer, Biomedical Engineer, Biotechnologist, Business Analyst, Chemist, Chemist Industrial, Clinical Laboratory Scientist, Coastal Scientist, Conservation Biologist, Ecologist, Economist, Environmental Scientist, Estimator, Exchange Student, Financial Advisor/Analyst, Financial Project Manager,

Graduate Certificate in Advertising (IF94)

Year offered: 2008
Admissions: Yes
CRICOS code: 048325E
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (per credit point): 2008: $180 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $17,280
International Fees (per semester): 2008: $9,504 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Terry Flew (Creative Industries); Mr Andrew Paltridge (Business)
Campus: Gardens Point and Kelvin Grove

Overview
The Graduate Certificate in Advertising is designed to introduce learners to key facets of the advertising industry and to give them insights into the two major areas of specialisation: Creative Advertising and Strategic Advertising.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale).

Applicants for IX96 Master of Advertising (Creative Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4.5, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4.5 or above in the Graduate Certificate.

Applicants for BS16 Master of Business (Strategic Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4 or above in the Graduate Certificate.

Special Entry Requirements
Applicants who have an undergraduate degree with a GPA below 4, or who do not have a degree or formal qualifications, but have extensive work experience in the advertising industry may be eligible for special entry. Such applicants may be required to attend a selection interview and present a portfolio of work.

Campus: Gardens Point

Recommended Study
Chemistry, Maths C and Physics are recommended.

Career Outcomes
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

Overview
Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one or more of accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership of: CPA Australia; Institute of Chartered Accountants in Australia; Chartered Secretaries Australia; Advertising Federation of Australia; Australian Association of National Advertisers; Australian Direct Marketing Association; Queensland Commercial Radio Association; Financial Services Institute of Australasia (FINSA); Economics Society of Australia; Australian Human Resources Institute; Australian Institute of Management; Australian Institute of Training and Development; Australian Institute of Export; Australian Institute of Management; Australian Marketing Institute; Marketing Research Society of Australia; Australian Institute of Management; American Marketing Association and Public Relations Institute of Australia.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment approved by the course coordinator, before graduating.

Course Design
Students are required to complete 480 credit points comprised of 252 credit points from the Bachelor of Engineering (Electrical & Computer Engineering) program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 84* credit point Faculty Core units in the Bachelor of Business program together with a 72 credit point Major in one of the following: Accountancy, Advertising, Banking & Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing or Public Relations, as well as a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.edu.au
Faculty of Business Phone +61 7 3864 2050, Fax +61 7 3864 1537, email bus@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Potential Careers:**
Bachelor of Applied Science / Bachelor of Business (IX31)

Year offered: 2008
Admissions: Yes
CRICOS code: 059594D
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $7,755

International Fees (per semester): 2008: $9,600 per semester (subject to annual review)

Domestic Entry: February
International Entry: February
QTAC code: 419832
Past OP cut-off: 76
Past OP cut-off: 12

OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr Megan Hargreaves (Science); Mr Andrew Paltridge (Business)

Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations). Science Discipline Coordinator details are listed under Contact Details below.

Campus: Gardens Point

Career Opportunities
By combining your science studies with the Bachelor of Business you will develop the entrepreneurial skills necessary to sell your abilities to a range of employers. As a graduate of the Bachelor of Applied Science/Bachelor of Business, you will be able to work at the cutting edge of scientific innovation within a range of public, private and non-profit industries. As well as the range of science-based careers available, you could expect to gain employment as a consultant, marketer, or project manager within firms developing and taking scientific research to the marketplace.

Course Design
The Bachelor of Applied Science allows multi-disciplinary programs of study to help position you within the broad range of science disciplines and qualify you as a competent professional within your chosen field. You can specialise in one of the major areas of study available in the Bachelor of Applied Science course (Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Forensic Science, Geoscience, Microbiology or Physics). See the Bachelor of Applied Science (SC01) course for more details.

To allow you to complete the double degree in a shorter period of time, your co-major will be taken from the business program therefore it is not possible to choose any of the co-majors listed under the Bachelor of Applied Science course.

You can specialise in one or more of the following business majors: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing or Public Relations.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Financial Services Institute of Australasia (FINSIA).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Graduates will satisfy the requirements for membership of the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

### Course structure - Major in Geoscience

#### Year 1, Semester 1
- SCB111 Chemistry 1
- SCB112 Cell and Molecular Biology

#### Year 1, Semester 2
- NQB201 Planet Earth
- SCB123 Physical Science Applications

#### Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
- MAB101 Statistical Data Analysis 1
- Or
- MAB104 Introductory Quantitative Methods

#### Year 2, Semester 2
- NQB202 History of Life on Earth
- SCB222 Exploration of the Universe

#### Year 3, Semester 1
- NQB301 Soils and Sedimentation
- NQB311 Mineralogy

#### Year 3, Semester 2
- NQB411 Petrology
- NQB412 Structural Geology and Field Methods

#### Year 4, Semester 1
- NQB502 Field Mapping and Monitoring of Natural Resources
- NQB512 Stratigraphy
- NQB513 Geophysics

#### Year 4, Semester 2
- NQB602 Environmental Chemistry

### Course structure - Major in Microbiology

#### Year 1, Semester 1
- SCB111 Chemistry 1
- SCB112 Cell and Molecular Biology

#### Year 1, Semester 2
- SCB120 Plant and Animal Physiology
- SCB121 Chemistry 2

#### Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
- Plus either:
- MAB101 Statistical Data Analysis 1
- Or
- MAB104 Introductory Quantitative Methods

#### Year 2, Semester 2
- SCB122 Cell and Molecular Biology
- SCB123 Physical Science Applications

#### Year 3, Semester 1
- LQB381 Biochemistry: Structure and Function
- LQB386 Microbial Structure and Function

#### Year 3, Semester 2
- LQB483 Molecular Biology Techniques
- LQB486 Clinical Microbiology 1

#### Year 4, Semester 1
- LQB586 Clinical Microbiology 2
- LQB587 Applied Microbiology 1: Water, Air and Soil

#### Year 4, Semester 2
- LQB686 Microbial Technology and Immunology
- LQB687 Applied Microbiology 2: Food and Quality Assurance

### Course structure - Major in Physics

#### Year 1, Semester 1
- MAB111 Mathematical Sciences 1B
- SCB111 Chemistry 1

#### Year 1, Semester 2
- MAB112 Mathematical Sciences 1C
- PQB250 Mechanics and Electromagnetism

#### Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
SCB112 Cellular Basis of Life

Year 2, Semester 2
MAB220 Computational Mathematics 1
PQB251 Waves and Optics

Year 3, Semester 1
MAB311 Advanced Calculus
PQB350 Thermodynamics of Solids and Gases

Year 3, Semester 2
PQB450 Energy Fields and Radiation
PQB451 Electronics and Instrumentation

Year 4, Semester 1
PQB550 Quantum and Condensed Matter Physics
PQB551 Physical Analytical Techniques

Year 4, Semester 2
PQB650 Advanced Theoretical Physics
PQB651 Experimental Physics

Potential Careers:
Bachelor of Business/Bachelor of Health Science (Health Services Management) (IX32)

Year offered: 2008
Admissions: Yes
CRICOS code: 027277D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $7,747
International Fees (per semester): 2008: $9,120 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409252
Past OP cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and for accountancy, banking and finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Mr Andrew Paltridge (Business); Ms Melinda Service (Health)
Discipline coordinator: Jenny Nicol (Health Services Management); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point and Kelvin Grove

Overview
This double degree combines the strength of general business theory and skills as well as units specifically related to managing health services.

Why choose this course?
The degree will provide you with the theory and skills to manage change effectively in the health care system. You will gain a strong background of theory and practice to enable you to work effectively in the complex environment of health care and be influential in terms of decision making.

Career Options
Health Service Management graduates are employed in administrative and management capacities in private and public health services. Such services include public and private hospitals, Queensland Health, community health centres, group medical practices, nursing and dental services, universities and consulting firms.

Your business degree will give you a broader base of commercial knowledge, making you more attractive to employers in these environments. You also have the opportunity to major in a specific business area to strengthen your career choices. For more information on careers in business, please refer to studyfinder.qut.com

Professional recognition
Both degrees allow you to satisfy the requirements of membership for the relevant professional bodies. The Bachelor of Health Science (Health Services Management) degree may allow graduates, subject to unit selection, to satisfy the academic requirements for membership of the Australian College of Health Service Executives (ACHSE) and other professional associations.

Depending on your choice of business major, you may also be eligible for membership of a number of professional bodies, including the Australasian Institute of Banking and Finance, CPA Australia, the Institute of Chartered Accountants in Australia, Chartered Secretaries Australia, the Economic Society of Australia (Qld), Advertising Federation of Australia, Australian Institute of Management or the Public Relations Institute of Australia.

Please refer to the Faculty of Business prospectus or studyfinder.qut.com for more information on recognition for graduates from the Bachelor of Business component.

Course Design
Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Health Science program and 192 credit points from the Bachelor of Business program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
For more information about this course, please contact the School of Public Health on +617 3138 3368 or email sph.studentcentre@qut.edu.au

Assumed knowledge: English (4, SA), and for games technology and security majors, Maths B (4, SA) or for all other majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Ruth Christie (InfoTech); Mr Andrew Paltridge (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

Overview
This double degree will give you a broad base of commercial knowledge in business and information technology, making you more attractive to employers, even if you wish to work predominantly in an information technology position. You will have the opportunity to complement your information technology studies with a business major in accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing or public relations.

You will combine your business studies with an information technology major of your choice. Possible combinations include banking and finance with security, management with business systems engineering, or marketing with information and knowledge management.

Cooperative Education Program
The Coop Ed Program is a joint venture between employers and the Faculty of IT giving you the opportunity of 10-12 months paid industry placement to better prepare you for employment after you graduate. The Coop Ed Program integrates formal study and professional experience, so you can apply what you are learning in an area relevant to your chosen path.

Some of the organisations our Coop Ed students have worked with are the Australian Tax Office, Boeing Australia, CITECT, Department of Natural Resources and Water, Dialog, EPA, Queensland Police, RACQ and UNiTAB Limited.

For more information about the Faculty's Cooperative Education Program, please visit www.fit.qut.edu.au/future/cooped.jsp

Career Outcomes
Business graduates work in diverse roles in the private and public sectors in areas such as accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing and public relations. A graduate of the Bachelor of Information Technology may find employment as a programmer, systems manager, systems designer, systems analyst, computer sales and marketing consultant or data processing manager.

Professional recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Financial Services Institute of Australasia (FINSIA).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Graduates of the Bachelor of Information Technology meet the knowledge requirements for admission to the Australian Computer Society (ACS).
Course Design
Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor or Information Technology program.

- **IBB303** International Logistics

### Information Systems Major

#### Compulsory Units
- **ITB228** Enterprise Systems
- **ITB229** Database Design
- **ITB365** Business Analysis

#### IS Elective Units
- Select three (3) units from the following list
  - ITB218 Applications Programming
  - ITB233 Enterprise Systems Applications
  - ITB239 Enterprise Data Mining
  - ITB260 E-Commerce Site Development
  - ITB264 Information Systems Consulting
  - ITB298 Business Process Modelling
  - ITB364 Information Systems Development
  - ITB366 Information Systems Operations

### Network Systems Major

#### Compulsory Units
- **ITB720** Internet Protocols and Services
- **ITB721** Unix Network Administration
- **ITB722** Network Planning and Deployment
- **ITB730** Information Security Fundamentals

#### Electives
- Choose 2 Electives
  - ITB233 Enterprise Systems Applications
  - ITB706 Systems Programming
  - ITB732 Cryptology and Protocols

### Software Architecture Major

#### Compulsory Units
- **ITB229** Database Design
- **ITB702** Algorithms and Data Structures
- **ITB712** Software Engineering Studies
Electives

Choose 3 Electives

ITB218 Applications Programming
ITB223 Software Development with ORACLE
ITB228 Enterprise Systems
ITB233 Enterprise Systems Applications
ITB254 Interaction Design
ITB260 E-Commerce Site Development
ITB264 Information Systems Consulting
ITB298 Business Process Modelling
ITB706 Systems Programming
ITB713 Advanced Java Programming
ITB716 Advanced Web Applications Development
ITB717 Enterprise Software Architecture
ITB746 Modelling and Animation Techniques
ITB747 Real Time Rendering Techniques
ITB749 Scientific Programming

MAB281 is only to be used as a prereq for ITB746

MAB281 Mathematics for Computer Graphics

null

Potential Careers:
Bachelor of Business / Bachelor of Creative Industries (IX34)

Year offered: 2008
Admissions: Yes
CRICOS code: 059596B
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $6,965
International Fees (per semester): 2008: $10,032 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409182
Past OP cut-off: 76
Past OP cut-off: 12

Assumed knowledge: English (4, SA) and for accountancy, banking and finance, economics, and marketing majors, Maths A, B or C (4, SA)

Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384

Standard credit points per full-time semester: 48

Course coordinator: Head, Undergraduate Studies ugenq.ci@qut.edu.au (Creative Industries); Mr Andrew Paltridge (Business)

Campus: Gardens Point and Kelvin Grove

Additional Entry Requirements (for the majors below)

In addition to meeting the cut-off applicants who wish to study one of the following Creative Industries majors below must also pass the additional entry requirement listed below. Please note registrations to attend an audition or submission of portfolio as well as submission of additional materials to QUT have closed for 2007. Late registrations and submissions will not be accepted.

Prospective international students should refer to the additional entry requirement information in the International Students section in the Creative Industries web site.

Career Outcomes

Through the combination of creative industries with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration, marketing, managing or balancing the books for creative projects and businesses.

Some combinations of majors are particularly complementary. Creative writing skills can enhance almost any business profession. The combination of media and communication with advertising, marketing or public relations provides proven professional outcomes in media sales, media marketing and promotions, and in media planning/buying for advertising agencies. You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise in the performance, visual or production arts. Please refer to the Faculty of Business prospectus to find out more about the business majors.

Overview

This program consists of 16 creative industries units and 16 business units which are integrated so that you will study units from both areas each semester. You will choose one creative industries major from communication design, dance, drama, creative writing, interdisciplinary, media and communication, music, sound design, television or visual arts.

Your business degree provides you with a broad base of business knowledge, and you will choose a major from accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Creative Industries) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing, public relations.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from a Creative Industries major and 24 credit points of elective units.

The Creative Industries majors are communication design, creative writing, dance, drama, interdisciplinary, media and communication, music, sound design, and television.

Students will complete one Business and one Creative
**Industries major.**

**Professional Recognition**
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:

- **All majors:** Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
- **Accountancy:** CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
- **Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;**
- **Banking and Finance:** Financial Services Institute of Australasia (FINSIA).
- **Economics:** Economic Society of Australia (Queensland Division).
- **Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;**
- **International Business - Australian Institute of Export;**
- **Management - Australian Institute of Management;**
- **Marketing:** Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association.
- **Public Relations - Public Relations Institute of Australia.**

**OP Guarantee**
The OP Guarantee does not apply to this course.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Domestic student tuition fee (Dfee) places**
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply with regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Creative Industries Co-Majors

INSTRUCTIONS FOR CO-MAJORS

Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of one of these co-majors or minors.

Advertising

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB220 Advertising Theory and Practice
AMB221 Advertising Copywriting
AMB222 Media Planning
AMB320 Advertising Management
AMB321 Advertising Campaigns
AMB330 Advertising Strategy and Planning
BSB126 Marketing

Art and Design History

Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

DAB325 Architecture in the 20th Century
DAB420 Architecture, Culture and Space
DEB102 Introducing Design History
KVB102 Modernism
KVB103 Australian Art
KVB108 Contemporary Asian Visual Culture
KVB211 Post 1945 Art
KVB212 Australian Art, Architecture and Design
KVB304 Contemporary Art Issues
KVB306 Video Art and Culture

Communication Design

Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KIB101 Foundations of Communication Design 1
KIB102 Foundations of Communication Design 2
KIB103 Media Technology 1
KIB104 Media Technology 2
KIB210 Design Studio 1: Interaction Design
KIB211 Design Studio 2: Web Development

Creative and Professional Writing

Description: The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB106 Corporate Writing and Editing
KWB107 Introduction to Creative Non-Fiction
KWB203 Creative Writing: The Novel
KWB204 Creative Non-Fiction: Life Writing
KWB206 Youth and Children's Writing
KWB207 Great Books: The Literary Classics
KWB303 Writing and Publishing Industry

Dance

Description: This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.
### Assumed Knowledge
Previously acquired knowledge or skill is required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

**KDB205** Dance in Education  
**KSB225** Music Theatre Skills

### Digital Media
Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**KCB101** Communication in the New Economy  
**KCB102** Media and Society: From Printing Press to Internet  
**KJB101** Digital Journalism  
**KIB101** Foundations of Communication Design 1  
**KCB104** Media and Communications Industries  
**KPB106** Australian Television  
**KIB103** Media Technology 1  
**KCB201** Virtual Cultures  
**KCB202** New Media Technologies  
**KCB203** Consumer Cultures  
**KVB306** Video Art and Culture

### Entrepreneurship
Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**AMB230** Internet Promotion  
**AMB240** Marketing Planning and Management  
**AMB251** Innovation and Market Development  
**BSB115** Management, People and Organisations  
**BSB126** Marketing  
**EFC210** Finance 1  
**IBB213** International Marketing  
**MGB207** Human Resource Issues and Strategy  
**MGB216** Managing Technological Innovation in Global Business  
**MGB218** Managing Business Growth  
**MGB222** Managing Organisations  
**MGB223** Entrepreneurship and Innovation  
**MGB335** Project Management

### Fashion
Description: This co-major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**KTB101** 20th Century Performance  
**KTB103** Performing Skills 1: Body and Voice and Role  
**KTB104** Performance Innovation  
**KTB106** Performing Skills 2: Style and Form  
**KTB204** Understanding Performance  
**KTB207** Staging Australia  
**KTB061** Creative Industries Management  
**KTB062** Creative Industries Events and Festivals  
**KTB305** The Entrepreneurial Artist  
**KTB306** Directing for Events and Festivals

### Drama
Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**KTB101** 20th Century Performance  
**KTB103** Performing Skills 1: Body and Voice and Role  
**KTB104** Performance Innovation  
**KTB106** Performing Skills 2: Style and Form  
**KTB204** Understanding Performance  
**KTB207** Staging Australia  
**KTB061** Creative Industries Management  
**KTB062** Creative Industries Events and Festivals  
**KTB305** The Entrepreneurial Artist  
**KTB306** Directing for Events and Festivals

Film, Television and Screen

Description: The aim of this co-major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organizational abilities as well as building story telling and communication skills.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KPB101 Foundations of Film and Television Production
KPB102 Film History
KPB104 Film and Television Production Resource Management
KPB105 Narrative Production
KPB106 Australian Television
KPB107 Television's Greatest Hits
KPB202 Film and Television Business Skills: Entrepreneurship and Investment
KPB203 Australian Film
KPB205 Documentary Theory and Practice
KPB206 International Cinema
KPB303 Critical Thinking About Television

Integrated Marketing Communication

Description: This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB202 Integrated Marketing Communication
AMB220 Advertising Theory and Practice
AMB230 Internet Promotion
AMB240 Marketing Planning and Management
AMB260 Public Relations Theory and Practice
AMB261 Media Relations and Publicity
AMB331 Direct Marketing
AMB350 Sales and Customer Relationship Management
AMB354 Events Marketing
BSB126 Marketing

Literary and Cultural Studies

Description: The aims of this co-major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with enhanced skills in critical thinking, writing and analysis; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB108 Introduction To Literary Theory and Cultural Studies
KWB109 Ozlit
KWB206 Youth and Children's Writing
### Creative Industries Minors

**Assumed Knowledge:** There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

- **Ambience**
  - AMB200 Consumer Behaviour
  - AMB201 Marketing and Audience Research
  - AMB202 Integrated Marketing Communication
  - AMB240 Marketing Planning and Management
  - AMB241 E-Marketing Strategies
  - AMB340 Services Marketing
  - AMB341 Strategic Marketing
  - BSB126 Marketing

- **Mathematics**
  - Description: This co-major aims to provide you with powerful tools for the analysis of today’s complex world and give an insight into many real-world problems of significant importance.
  - **Assumed Knowledge:** Maths B (if you do not have this you should include MAB105 as one of your first units)

  - MAB100 Mathematical Sciences 1A
  - MAB101 Statistical Data Analysis 1
  - MAB111 Mathematical Sciences 1B
  - MAB112 Mathematical Sciences 1C
  - MAB210 Statistical Modelling 1
  - MAB311 Advanced Calculus
  - MAB312 Linear Algebra
  - MAB314 Statistical Modelling 2

- **Public Relations**
  - **Assumed Knowledge:** There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

  - AMB201 Marketing and Audience Research
  - AMB202 Integrated Marketing Communication
  - AMB260 Public Relations Theory and Practice
  - AMB261 Media Relations and Publicity
  - AMB262 Public Relations Writing
  - AMB360 Corporate Communication Management
  - AMB361 Public Relations Campaigns
  - AMB370 Public Relations Cases
  - BSB126 Marketing

### INSTRUCTIONS FOR MINORS

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

- **Advertising**
  - AMB220 Advertising Theory and Practice
  - AMB221 Advertising Copywriting
  - AMB222 Media Planning
  - BSB126 Marketing

- **Animation**
  - KIB105 Animation and Motion Graphics
  - KIB108 Animation Practices
  - KVB105 Foundations of Drawing for Animation 1
  - KVB106 Foundations of Drawing for Animation 2

- **Art History**
  - KVB102 Modernism
  - KVB103 Australian Art
  - KVB211 Post 1945 Art
  - KVB304 Contemporary Art Issues

- **Art, Design and Architecture**
  - DAB325 Architecture in the 20th Century
  - DEB102 Introducing Design History
  - KVB212 Australian Art, Architecture and Design
  - KVB306 Video Art and Culture

- **Audience and User Research**
  - KCB102 Media and Society: From Printing Press to Internet
  - KCB105 Media and Communication Research Methods
  - KCB203 Consumer Cultures
  - KCB301 Media Audiences

- **Communication Design**
  - KIB101 Foundations of Communication Design 1
  - KIB102 Foundations of Communication Design 2
  - KIB103 Media Technology 1
  - KIB104 Media Technology 2

- **Communication for the Professions**
  - KCB103 Strategic Speech Communication

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
- you must obey any elective rules as set out in your course requirements
- you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
- you must have successfully completed any pre/co-requisite units applicable

* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

Applicants are selected on the basis of their portfolio, interview and previous academic achievement. The due date to lodge a portfolio and additional materials to QUT was 19 October 2007. Late submissions will not be accepted.

Prospective international students should refer to the additional entry requirement information in the International Students section in the Creative Industries web site.

Overview
If you are interested in a career in the fashion industry, maximise your options by adding studies in business. This course consists of 16 creative industries units, where you will major in fashion, and 16 business units. The program is integrated so that you will study both creative industries and business units in each semester.

Your business degree will give you a broad base of commercial knowledge, and you will choose a business major from accounting, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

Career Outcomes
Opportunities in the fashion industry include fashion design, merchandising and marketing, fashion event management, or becoming a stylist. Options that use your business knowledge more include working behind the scenes in large fashion houses. Depending on your business major, you could help promote, control the finances or manage the strategic direction for your employer.

Professional Recognition
Depending on your choice of business major, you may be eligible for professional recognition. Please refer to the Faculty of Business prospectus for details on your intended business major.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Fashion) comprises 192 credit points.

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT's deferment policy does not apply to this course.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Campus: Gardens Point and Kelvin Grove

Overview
This four year professional course links Journalism with business studies and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects.

Career Outcomes
Journalism graduates are prepared for careers in both print and broadcast journalism. Opportunities also exist to become press secretaries and media officers. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs or political and social commentary. Your journalism degree will be of benefit even if you choose to pursue a career in business, as you will graduate with highly developed writing skills. Public relations graduates will find this particularly relevant in tasks such as editing trade and specialist publications, speech writing or in corporate communication roles.

Professional Recognition
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Financial Services Institute of Australasia (FINSIA).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Journalism) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing, public relations.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

**NOTES:**

* Only one Workplace Learning unit may be completed

* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

**Potential Careers:**

Bachelor of Business / Bachelor of Mathematics (IX37)

Year offered: 2008
Admissions: Yes
CRICOS code: 059601K
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $7,697
International Fees (per semester): 2008: $9,600 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419212
Past OP cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Mr Andrew Paltridge (Business); Prof Erhan Kozan (Mathematics); Dr Helen Johnson (Assistant Course Coordinator - Mathematics)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

Career Opportunities
Graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Financial Services Institute of Australasia (FINSIA).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Graduates of the Bachelor of Mathematics degree will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia, and depending on unit selection, the Australian Society of Operations Research.

Course Design
The course offers the opportunity to combine Mathematics with a business course.

This course is made up of 384 credit points. Each component (i.e. Business and Mathematics) comprises 192 credit points.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Mathematics Bursaries
Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded to Australian citizens or permanent residents on a competitive basis. Applications should be submitted by 1 December of the year preceding entry to the course. For further information see www.maths.qut.edu.au

- BSB110 Accounting
- BSB111 Business Law and Ethics

#### Year 2 Semester 2
- MGB207 Human Resource Issues and Strategy
- BSB119 International and Electronic Business

#### Year 3 Semester 1
- MGB220 Management Research Methods
  HRM Option Unit

#### Year 3 Semester 2
- MGB200 Leading Organisations
  HRM Option Unit

#### Year 4 Semester 1
- MGB221 Performance and Reward
  HRM Option Unit

#### Year 4 Semester 2
-
MGB320 Recruitment and Selection
MGB331 Learning and Development in Organisations

HRM Option Unit List:
MGB201 Contemporary Employment Relations
MGB210 Managing Operations
MGB212 Sustainability in a Changing Environment
MGB309 Strategic Management
MGB314 Organisational Consulting and Change
MGB315 Personal and Professional Development
MGB335 Project Management

HRM students must choose three from the above list (one must be a Level 3 unit).

Accountancy Major Course Structure for Students with Maths B and C

Year 1 Semester 1
BSB110 Accounting
BSB115 Management, People and Organisations

Year 1 Semester 2
BSB114 Government, Business and Society
BSB126 Marketing
or
BSB119 International and Electronic Business

Year 2 Semester 1
BSB111 Business Law and Ethics
BSB113 Economics

Year 2 Semester 2
AYB121 Financial Accounting
AYB223 Law of Business Associations

Year 3 Semester 1
AYB225 Management Accounting
AYB220 Company Accounting

Year 3 Semester 2
AYB221 Computerised Accounting Systems
AYB325 Taxation Law

Year 4 Semester 1
AYB301 Auditing
AYB311 Financial Accounting Issues
or
AYB321 Strategic Management Accounting

Year 4 Semester 2
AYB339 Accountancy Capstone
EFB210 Finance 1

Banking and Finance Major Course Structure for Students with Maths B and C

Year 1 Semester 1
BSB113 Economics
BSB115 Management, People and Organisations

Year 1 Semester 2
BSB114 Government, Business and Society
BSB126 Marketing

Year 2 Semester 1
BSB110 Accounting
BSB111 Business Law and Ethics

**Management Option Unit List:**

Management students must choose three from the above list (one must be a Level 3 unit):

- MGB201 Contemporary Employment Relations
- MGB218 Managing Business Growth
- MGB314 Organisational Consulting and Change
- MGB315 Personal and Professional Development
- IBB205 Intercultural Communication and Negotiation

**Course structure - For students with four semesters of**
### Senior Mathematics B and Senior Mathematics C

For students with four semesters of Senior Mathematics B and Senior Mathematics C, at a level of Sound Achievement or better, (or equivalent)

#### Year 1, Semester 1
- MAB101 Statistical Data Analysis 1
- MAB111 Mathematical Sciences 1B

#### Year 1, Semester 2
- MAB112 Mathematical Sciences 1C
- MAB210 Statistical Modelling 1

#### Year 2, Semester 1
- MAB311 Advanced Calculus
  - Mathematics Elective

#### Year 2, Semester 2
- MAB220 Computational Mathematics 1
  - Mathematics Elective

#### Year 3, Semester 1
- MAB312 Linear Algebra
  - Mathematics Elective

#### Year 3, Semester 2
- Mathematics Elective
- Mathematics Elective

#### Year 4, Semester 1
- Mathematics Elective
- Mathematics Elective

#### Year 4, Semester 2
- Mathematics Elective
- Mathematics Elective

### Mathematics Units

#### Level 1 Units:
- MAB100 Mathematical Sciences 1A
- MAB101 Statistical Data Analysis 1
- MAB111 Mathematical Sciences 1B
- MAB112 Mathematical Sciences 1C
- MAB210 Statistical Modelling 1
- MAB220 Computational Mathematics 1

#### Level 2 Units - You must complete:
- MAB311 Advanced Calculus
- MAB312 Linear Algebra

#### Level 2 Units - Select from:
- MAB313 Mathematics of Finance
- MAB314 Statistical Modelling 2
- MAB315 Operations Research 2
- MAB413 Differential Equations
- MAB414 Applied Statistics 2
- MAB420 Computational Mathematics 2
- MAB422 Mathematical Modelling
- MAB461 Discrete Mathematics
- MAB480 Introduction to Scientific Computation
- MAB481 Visualisation and Data Analysis

#### Level 3 Units: You must complete at least 4 units from:
- MAB521 Applied Mathematics 3
- MAB522 Computational Mathematics 3
MAB524 Statistical Inference
MAB525 Operations Research 3A
MAB533 Statistical Techniques
MAB536 Time Series Analysis
MAB613 Partial Differential Equations
MAB623 Financial Mathematics
MAB624 Applied Statistics 3
MAB625 Operations Research 3B
MAB640 Industry Project
MAB672 Advanced Mathematical Modelling
MAB681 Advanced Visualisation and Data Analysis

NOTE:
- MAB681 not offered in 2008, but will be offered in Semester 2 2009
- Units MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics cannot be included in the minimum of 48 credit points from Level 3 units.

Potential Careers:
Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Computer Game Programmer, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Investment Manager, Market Research Manager, Mathematician, Quantitative Analyst, Risk Manager, Statistician, Stockbroker.
Bachelor of Arts/Bachelor of Business (IX38)

Year offered: 2008
Admissions: Yes
CRICOS code: 058278B
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $150 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $14,400; CSP $7,105
International Fees (per semester): 2008: $9,120 per semester (subject to annual review)

Domestic Entry: February
International Entry: February

QTAC code: 409372
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and for accountancy, banking and finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Dr Iraphne Childs (Arts); Mr Andrew Paltndge (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).

Campus: Gardens Point and Carseldine

Career Outcomes
Graduates of the Bachelor of Arts may find employment in policy development and analysis, social policy, research and project positions, international aid and trade, environment and heritage. Graduates of the Bachelor of Business may find employment as Accountants, Advertising Professionals, Banking and Finance Consultants, Economists, Human Resource Managers, International Business Specialists, Managers, Marketing Officers, Public Relations Officers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Financial Services Institute of Australasia (FINSA).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

BA Course Requirements - Commencing Students
Students are required to completed at least one of the five multidisciplinary majors (1 core introductory unit plus 6 units in the major). You will choose from International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies and Australian Studies.

As well as the multidisciplinary major, students may also wish to undertake a Discipline Major in one of the following: History, Geography and Environmental Studies, Languages (French, Indonesian, German, Japanese, or Mandarin), Sociology or Political Studies.

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may also wish to include:
- an Arts minor/s in any of the multidisciplinary or discipline majors (4 units)
- an approved university minor, or individual electives in another QUT course (up to 4 units)

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC
offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course is under review

QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities and Human Services website.

Campus: Gardens Point and Kelvin Grove

Overview
This double degree combines training for careers in a range of exercise and sports science settings with the strength of general business theory and skills.

Why choose this course?
This double degree will prepare you for a career in the exercise, health, rehabilitation and sports science industries, where you will work with people from a variety of professions.

This course will provide you with the necessary theoretical background and practical skills obtained from a variety of practicum placements. Practicum locations can include rehabilitation and hospital clinics, family and community services, corporate health and fitness, local and state government agencies, universities and colleges, institutes of sport, and the health and fitness industry.

Career Options
The Bachelor of Applied Science (in Human Movement Studies) course provides skills for careers in a range of exercise and sports science settings such as corporate health and fitness, family and community services, the health and fitness industry, local and state government agencies, state sporting associations, rehabilitation clinics, institutes of sport, universities and colleges and personal training.

Your business degree will give you a broad base of commercial knowledge making you more attractive to employers, even if you wish to work predominantly in the health science area. You also have the opportunity to major in a specific business area. For more information on careers in business, please refer to the Faculty of Business prospectus or visit studyfinder.qut.com.

Professional Recognition
Graduates of the Bachelor of Applied Science (in Human Movement Studies) degree are eligible for membership of the Australian Association for Exercise and Sports Science (AAESS). Depending on your choice of business major, you may also be eligible for membership of a number of professional bodies, including the Australasian Institute of Banking and Finance, CPA Australia, the Institute of Chartered Accountants in Australia, Chartered Secretaries Australia, the Economic Society of Australia (Qld), Advertising Federation of Australia, Australian Institute of Management or the Public Relations Institute of Australia.

Course Design
Students are required to complete 408 credit points comprised of 216 credit points from the Bachelor of Applied Science (in Human Movement Studies) program and 192 credit points from the Bachelor of Business program.

Recommended Study
Any of: Maths B or C, Chemistry, Physics, Biological Science, Health Education, Physical Education, or Health and Physical Education.

Other Course Requirements
There are additional costs associated with this course including the purchase of the practicum shirt (approximately $50), the attainment of a current first aid certificate prior to commencement of year three and a Blue Card to work with children depending upon the practicum site. Attendance at the orientation camp is highly recommended though not compulsory (approximately $115).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Find out more on deferment.

Further Information
For more information about this course, please contact the School of Human Movement Studies on +617 3138 3360 or email enquirieshms@qut.com

Bachelor of Behavioural Science (Psychology) / Bachelor of Business (IX51)

Year offered: 2008
Admissions: Yes
CRICOS code: 060816G
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full Tuition Fee 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full Tuition Fee $15,936; CSP $7,068
International Fees (per semester): 2008: $9,120 per semester (subject to annual review)
Domestic Entry: February (no mid-year entry)
QTAC code: 409532
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4,SA) and for accountancy, banking and finance, economics and marketing majors, Maths A, B or C (4,SA)
Preparatory studies: MATHS: QUT unit Preparatory mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr Julie Hansen (Psychology); Mr Andrew Paltridge, Director of Studies (Business)
Campus: Gardens Point and Carseldine

Overview
A double degree in business and psychology will prepare you to understand both the business and psychological forces that impact on organisations, both nationally and internationally. You will graduate with a solid understanding of human behaviour and how to apply this to organisational settings. You will also gain research and business skills that you can apply across a range of organisational and industrial situations.

Why choose this course
The course provides a thorough grounding in the scientific bases of psychology, and deals with the research and statistical methods used in the discipline. You will complete core subjects in development, personality, social psychology, psychological disorders, learning, memory and perception. There is also the opportunity to explore subjects in contemporary areas such as counselling and family therapy, forensic psychology, addictive behaviours and traffic psychology.

The course offers you the flexibility to choose a business major in the discipline that most interests you, for example, accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Your studies in business are built around a core of values that focus on employability and incorporate professional, business, as well as industry links. During your studies, you will be encouraged to undertake real-world projects to help you develop your skills.

You will also develop an understanding of society and high-level communication and social research skills that are valuable in a wide range of professions. While studying, you are exposed to the range of job opportunities in external organisations and industry and will be encouraged to undertake real-world projects.

Career options
You can choose to work in various careers in industry and the corporate world such as human resources and management, finance and banking, as well as marketing and accounting. With further psychology training, you would be eligible to work as an organisational or industrial psychologist. Graduates may also work in areas such as management, counselling, training and development.

Professional membership
The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC).

To pursue a career in a professional area of psychology, you must be registered with your State Registration Board. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology, followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Depending on your choice of business major, you may also be eligible for membership of a number of professional bodies. Visit Studyfinder for specific professional membership eligibility.

Recommended Study
Maths A, B or C for other majors.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaire, portfolio, audition, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
For detailed information about this course, please call the School of Psychology and Counselling on +617 3138 4625 or email psyc.enquiries@qut.com

### Course Structure - Overview

#### Year 1 Semester 1
- PYB007 Interpersonal Processes and Skills
- PYB101 Introduction to Psychology 1A
  - Business Faculty Core Unit
  - Business Faculty Core Unit

#### Year 1 Semester 2

Bachelor of Business/Bachelor of Corporate Systems Management (BX62)

Year offered: 2008
Admissions: Yes
CRICOS code: 063022F
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $8499

International Entry: February
QTAC code: 419642
Past rank cut-off: 76
Past OP cut-off: 12
Campus: Gardens Point

Course overview

In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both corporate systems management and business. In the Business component students complete a set of core units to provide a broad-based introduction to business principles and a major from the list below. In the corporate systems management component students are taught the interrelationship between information, technology, business and people. This component develops the knowledge and skills needed to understand and communicate business needs, select the right systems and integrate these systems to improve business performance. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

Majors: Business: accountancy; advertising; banking and finance; economics; human resource management; international business management; marketing; and public relations.

Cooperative Education Program

The Faculty of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you’re learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both business and games and interactive entertainment. In the Business component students complete a set of core units to provide a broad-based introduction to business principles and a major from the list below. In the games and interactive entertainment component students complete core units in introductory design, games studies, professional skills and basic programming and then choose a major from the list below. In final year, students participate in a major group project to produce a significant piece of work using PC, mobile devices, consoles or virtual reality. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

Majors: Business: Business: accountancy; advertising; banking and finance; economics; human resource management; international business management; marketing; and public relations. Games and Interactive Entertainment: Animation and computational arts; digital media; game design; and software technologies.

Cooperative Education Program
The Faculty of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you're learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UniTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Career Outcomes
Business graduates work in diverse roles in the private and public sectors in areas such as accountancy, advertising,
banking and finance, economics, human resource management, international business, management, marketing and public relations.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Financial Services Institute of Australasia (FINSIA).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

OVERVIEW

The Creative Industries Faculty at QUT is a global leader in the development and evolution of the creative industries. The Faculty provides opportunities for students to discover possibilities they may never have imagined, and position themselves for future careers they could never have predicted – across a dynamic range of industry sectors.

The Faculty nurtures unique links with government and industry, and has strong associations with the three Federal Government funded and industry-supported research centres co-located at the Creative Industries Precinct. Together, we are a hub for leading research which produces innovative, real-world outcomes, and contributes to the ongoing development of the creative industries and creative practice. Some of the leading thinkers in the creative industries are drawn here to teach, theorise, research and create bold works of the imagination.

Creative Industries study areas include:
- Acting
- Animation
- Communication Design
- Creative Writing
- Dance
- Drama
- Fashion
- Film and Television
- Journalism
- Media and Communication
- Music
- Sound Design
- Technical Production
- Visual Arts.

The faculty offers the following undergraduate degree programs:
- Bachelor of Fine Arts degrees are designed predominantly for the practitioner-artist, and characterised by intense studio and/or project-based practice
- Bachelor of Creative Industries degrees offer opportunities for the more reflective practitioner to balance theory and practice and pursue some study in other creative industries areas.
- Uniquely, the Interdisciplinary major in the Bachelor of Creative Industries provides the flexibility to combine studies in up to four different creative industries areas, and a defined pathway through foundation units.
- Bachelor of Journalism
- Bachelor of Music

Postgraduate coursework programs include graduate certificates, graduate diplomas, masters and doctorates, and offer students a strong conceptual and practical framework.

Postgraduate research is applied in nature and encourages collaborative and interdisciplinary approaches creating innovative partnerships between students, academics, industry experts and sponsors. Practice-led research allows artist-researchers to make original contributions to the store of knowledge about their discipline by placing creative practice at the centre of the design, conduct and reporting of their research projects.

SENIOR STAFF

Faculty Office 
Executive Dean: Professor S. Street, MA (Arts Criticism) City(UK)
Faculty Manager: C. L. Russell, BCom Griff, MBA C.Qld, CPA

RESEARCH CENTRES

Postgraduate research at the Creative Industries Faculty provides a focus for the ongoing development of the creative industries as an industry sector through applied real-world research. The Faculty provides a strategic and inspiring environment for postgraduate research training.

Priority research areas include:

- Industry and policy research in the creative industries
- Interaction design
- Computer games research and design
- Music production technology
- Performance innovation
- Practice-led research in the visual and performing arts
- Indigenous creative enterprise
- Film and television production and scriptwriting
- Creative writing and writing for performance
- Chinese media and the media of the Asian region
- Community media
- Journalism, including citizen journalism and new media
- Foreign correspondence and international journalism.

Research at the Creative Industries Faculty is boosted through its association with the Australasian Cooperative Research Centre for Interaction Design (ACID) and a new Australian Research Council Centre of Excellence for Creative Industries and Innovation.

The Creative Industries Faculty is also the lead agency in the Institute for Creative Industries and Innovation (iCi) which is a new multi-faculty research institute at QUT. iCi combines researchers and PhD students from Creative Industries, Business, Information Technology, Education, Law, Built Environment and Engineering, and QUT Carseldine in groundbreaking research and commercialisation ventures.
Bachelor of Journalism/Bachelor of Business (Advertising, International Business, Public Relations) (IF05)

Year offered: 2008
Admissions: No

Course duration (full-time): 4/4.5 Years (8 or 9 Semesters - students may choose); Int’l - 9 semesters
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $5,851
International Fees (per semester): 2008: $10,032 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 409172
Past rank cut-off: 90
Past OP cut-off: 6
OP Guarantee: Yes
Assumed knowledge: English (4,SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 48 (Years 1 & 2); 60 (Years 3 & 4)
Course coordinator: Associate Professor Adrian Thomas (Creative Industries); Mr Andrew Paltridge (Business)
Discipline coordinator: Professor Alan Knight (Journalism); Dr Gayle Kerr (Advertising); Mr Simon Ridings (International Business); Ms Robina Xavier (Public Relations)
Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX36 Bachelor of Business/Bachelor of Journalism. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Overview
This four-and-a-half year professional course links Journalism with business studies in Advertising, International Business or Public Relations and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects and specialise in advertising, public relations, globalisation, international business development or global economics.

Career Outcomes
Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers. Journalism graduates are prepared for careers in both print and broadcast journalism, and opportunities also exist to become press secretaries and media officers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*International Business - Australian Institute of Export;
*Public Relations - Public Relations Institute of Australia.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
Students are required to complete 432 credit points, comprised of 240 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Journalism program.

For the Business component, students must complete the 96 credit point Faculty Core Units together with a 72 credit point Major and a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

**NOTES:**

* Only one Workplace Learning unit may be completed
* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

**Potential Careers:**

Advertising Professional, Marketing Officer/Manager, Media Industry Specialist, Public Relations Officer/Consultant, Publishing Professional.
University Diploma in Professional Communication (IF06)

Year offered: 2008
Admissions: Yes
CRICOS code: 039083D
Course duration (full-time): 2 semesters
International Fees (per semester): 2008: $7,500 per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Abbreviation
UnivDipProfComn

Entry Requirements - Academic
Successful completion of senior high school with the required grades. Students can find more country specific entry requirements at the following web site: http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL iBT Overall score of 69 (at least 18 in writing and reading and 17 or more in listening and speaking) or TOEFL 525 (paper) or TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (N.B. Students should also check visa requirements).

Description
The University Diploma in Professional Communication, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Mass Communication and a range of Creative Industries degrees (see list below). In this program, students study six faculty units as well as two units of Communication which have been designed to support their other units. Student who successfully complete the University Diploma in Professional Communication earn full academic credit for eight units, and articulate to the second year of their chosen degree, except for Bachelor of Fine Art (Film and Television) for which one semester credit only is awarded. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) in at least seven units and a grade of 3 (Low Pass) in the remaining unit.

Progression
Requirements for a guaranteed place in the second year of the following QUT Bachelors degrees:

i) fulfil the University Diploma course requirements,
ii) an IELTS score of 6.5 or its equivalent,
iii) achieve a minimum Grade Point Average (GPA) as detailed below for the following course:

Grade Point Average of at least 4 for:
Bachelor of Mass Communication
Bachelor of Creative Industries (Interdisciplinary Studies)

Grade Point Average of at least 4.5 for:
Bachelor of Creative Industries (Media and Communication)
Bachelor of Creative Industries (Creative Writing)
Bachelor of Journalism

Grade Point Average of at least 5.0 for:
Bachelor of Creative Industries (Communication Design)
Bachelor for Fine Arts (Film and Television)*

*Please note that students articulating to Bachelor of Fine Arts (Film and Television) will only receive 1 semester of credit.

Full-time course structure

Semester One
KKD007 Introduction To Multimedia Technology
QCD110 Professional Communication 1
KKD018 Creative Industries
BSD126 Marketing
Note: KKD007 & KKD018 are offered in ALTERNATE semesters

Semester Two
KKD009 Writing For Creative Industries
QCD210 Professional Communication 2
KKD010 Cultures and Creativity
Elective
Note: KKD009 & KKD0110 are offered in ALTERNATE semesters

Electives
BSD110 Accounting
BSD113 Economics
BSD115 Management, People and Organisations

Course coordinator: Head, Undergraduate Studies ugenq.ci@qut.edu.au (Creative Industries); Dr. William Dixon Director, Undergraduate Programs (Law)
Discipline coordinator: Professor Alan Knight (Creative Industries)
Campus: Gardens Point and Kelvin Grove

Overview
This five-year double degree in journalism and law is in high demand. It combines the practical skills and understanding of the journalism industry with the skills to work as a legal practitioner.

Career Outcomes
outcomes Graduates may find work in private practice as a barrister or legal practitioner, practise in law-related government departments or within large companies as in-house lawyers. Journalism opportunities are the same as those for graduates of the Bachelor of Journalism. See page 30 for more information.

Course Structure
The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points of Journalism-related units and 24 credit points of elective units.

The Law component is made up of 336 credit points of law subjects.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal PracticionersÕ and BarristersÕ Admission Rules. QUTÕs journalism degree is recognised by the Australian JournalistsÕ Association (AJA) section of the Media, Entertainment and Arts Alliance (MEAA).

OP Guarantee
The OP Guarantee does not apply to this program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Course coordinator: Creative Industries: Head, Undergraduate Studies (ugenq.ci@qut.edu.au); Dr William Dixon Director Undergraduate Law Programs
Discipline coordinator: Creative Industries: Professor Alan Knight
Campus: Gardens Point and Kelvin Grove

Overview
Media outlets operate in a regulatory environment in which changes occur rapidly and constantly. In an era where there is increasing public scrutiny of our media, the need for legal practitioners with specific media awareness has never been greater. This five-year double degree combines practical skills and contextual understanding of the media and communication industries with the skills to work as a legal practitioner.

Career Outcomes
Graduates may choose to use their combined skills to work in-house for media outlets, regulatory bodies, or in law firms with specialist interests in the media. As a lawyer you may find work in private practice as a barrister or legal practitioner, practise in law-related government departments or within large companies as in-house lawyers. Media and communication opportunities are similar to those for graduates of the Bachelor of Creative Industries (Media and Communication) course.

Course Structure
The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from the Media and Communication major and 24 credit points of elective units.

The Law component is made up of 336 credit points of law subjects.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal Practitioners’ and Barristers’ Admission Rules.

OP Guarantee
The OP Guarantee does not apply to this program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Course coordinator: Head, Undergraduate Studies (ugenq.ci@qut.edu.au)
Discipline coordinator: Professor Alan Knight (Media & Communication, and Journalism); Ms Jeanette McGown (Television); Dr Gayle Kerr (Advertising); Ms Robina Xavier (Public Relations)
Campus: Gardens Point and Kelvin Grove

Overview
This course is a joint offering by the faculties of Creative Industries and Business, designed to capitalise on the dynamic area of mass communication and the challenges faced by organisations in the digital age.

The flexible program design includes areas of study from both faculties, providing professional skills in areas such as international journalism, television, media and communication, advertising and public relations.

Career Outcomes
Graduates obtain employment in a wide variety of public and private sector organisations. Potential employment opportunities include careers as a public relations consultant, media planner, copywriter, corporate communication manager, specialist journalist, media production specialist, media adviser or event manager.

Professional Recognition
Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Advertising Institute of Australia (AIA) and the Society of Business Communicators (SBC).

Course Design
Students commencing the Bachelor of Mass Communication must complete 24 units of equal weighting totalling 288 credit points comprised of:

a. Faculty Core (six faculty core units)
b. Major Core (two majors of six units each) and
c. Electives (six units).

Although studies can be tailored to meet a specific career goal or create a wide variety of career choices, there is a set of recommended combinations of majors. Students are not required to take these combinations, however they do represent the more common and logical choices within a mass communication qualification.

The recommended combinations are:
- Public Relations and International Journalism
- Public Relations and Media and Communication
- Advertising and Television
- International Journalism and Media and Communication.

Why choose this course?
The combined expertise of these faculties gives you a unique opportunity to foster your skills in creative, technical and business communication. You can tailor your studies to meet a specific career goal or to create a wide variety of career choices.

You will complete two majors - some recommended combinations are: • public relations and international journalism • advertising and media and communication • advertising and television • international journalism and media and communication.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

General Course structure

FACULTY CORE UNITS - 6 units required

KKB101 Creative Industries: People and Practices
KKB102 Creative Industries: Making Connections
EITHER
KCB103 Strategic Speech Communication
OR
KWB102 Media Writing
BSB126 Marketing
AMB201 Marketing and Audience Research
EITHER
AMB220 Advertising Theory and Practice
OR
AMB260 Public Relations Theory and Practice

MAJOR CORE UNITS - 12 units required - Select two of the following 6 units majors

Advertising
AMB220 Advertising Theory and Practice
AMB200 Consumer Behaviour
AMB221 Advertising Copywriting
AMB222 Media Planning
AMB320 Advertising Management
AMB321 Advertising Campaigns

Students who have completed AMB220 Advertising Theory and Practice as part of the Faculty Core will need to choose one of the following three units as a substitution:

AMB202 Integrated Marketing Communication
AMB230 Internet Promotion
AMB330 Advertising Strategy and Planning

International Journalism
KJB101 Digital Journalism
KJB120 Newswriting
KJB121 Journalistic Inquiry
KJB224 Feature Writing
KJB280 International Journalism
KJB337 Public Affairs Reporting

* Students may enrol in KKB341 Workplace Learning 1 instead of KJB337 Public Affairs Reporting subject to the approval of the Journalism Major Coordinator

PUBLIC RELATIONS

AMB260 Public Relations Theory and Practice
AMB261 Media Relations and Publicity

QUT HANDBOOK 2008 · Page 497
### Course structure - Advertising/Public Relations

#### Year 1, Semester 1
- **BSB126** Marketing
- **KKB101** Creative Industries: People and Practices
- **KPB106** Australian Television
- **KWB102** Media Writing

#### Year 1, Semester 2
- **AMB200** Consumer Behaviour
- **AMB220** Advertising Theory and Practice
- **AMB260** Public Relations Theory and Practice
- **KKB102** Creative Industries: Making Connections

#### Year 2, Semester 1
- **AMB201** Marketing and Audience Research
- **AMB221** Advertising Copywriting
- **AMB222** Media Planning
- **AMB261** Media Relations and Publicity

#### Year 2, Semester 2
- **AMB262** Public Relations Writing
- **AMB230** Internet Promotion
- **AMB231** Marketing Communications Regulations and Ethics

### Year 3, Semester 1
- **AMB320** Advertising Management
- **AMB370** Public Relations Cases

### Year 3, Semester 2
- **AMB321** Advertising Campaigns
- **AMB361** Public Relations Campaigns

### Course structure - Public Relations / Television

#### Year 1, Semester 1
- **BSB126** Marketing
- **KKB101** Creative Industries: People and Practices
- **KPB106** Australian Television
- **KWB102** Media Writing

#### Year 1, Semester 2
- **AMB201** Marketing and Audience Research
- **AMB260** Public Relations Theory and Practice
- **KKB102** Creative Industries: Making Connections
- **KPB101** Foundations of Film and Television Production

#### Year 2, Semester 1
- **AMB261** Media Relations and Publicity
- **KPB105** Narrative Production

#### Year 2, Semester 2
- **AMB262** Public Relations Writing
- **KPB104** Film and Television Production Resource Management
- **KPB107** Television's Greatest Hits

#### Year 3, Semester 1
- **AMB370** Public Relations Cases
- **KPB303** Critical Thinking About Television

#### Year 3, Semester 2
- **AMB202** Integrated Marketing Communication
- **AMB230** Internet Promotion
- **AMB231** Marketing Communications Regulations and Ethics
- **AMB361** Public Relations Campaigns

### Course structure - Public Relations / Media & Communication

#### Year 1, Semester 1
- **KCB101** Communication in the New Economy
- **KCB103** Strategic Speech Communication
- **KKB101** Creative Industries: People and Practices
- **BSB126** Marketing
### Year 1, Semester 2
- KKB102 Creative Industries: Making Connections
- KWB102 Media Writing
- AMB201 Marketing and Audience Research
- AMB260 Public Relations Theory and Practice

### Year 2, Semester 1
- AMB261 Media Relations and Publicity
- Elective
- Elective

### Year 2, Semester 2
- KCB202 New Media Technologies
- AMB262 Public Relations Writing
- Choose two from the following three units:
  - AMB202 Integrated Marketing Communication
  - AMB230 Internet Promotion
  - AMB231 Marketing Communications Regulations and Ethics

### Year 3, Semester 1
- AMB370 Public Relations Cases
- Elective
- Elective

### Year 3, Semester 2
- AMB361 Public Relations Campaigns
- Elective
- Elective

* Students may enrol in KKB341 Workplace Learning 1 instead of KJB337 subject to approval of the Journalism Discipline Coordinator.

---

### Course structure - Media & Communication / Television

#### Year 1, Semester 1
- KCB101 Communication in the New Economy
- KKB101 Creative Industries: People and Practices
- KWB102 Media Writing
- BSB126 Marketing

#### Year 1, Semester 2
- KKB102 Creative Industries: Making Connections
- KPB104 Film and Television Production Resource Management
- AMB201 Marketing and Audience Research
- AMB220 Advertising Theory and Practice
  OR
- AMB260 Public Relations Theory and Practice

### Course structure - Public Relations / International Journalism

#### Year 1, Semester 1
- BSB126 Marketing
- KJB101 Digital Journalism
- KKB101 Creative Industries: People and Practices
- Choose either KCB103 or KWB102:
  - KCB103 Strategic Speech Communication
  - KWB102 Media Writing

#### Year 1, Semester 2
- AMB201 Marketing and Audience Research
- AMB260 Public Relations Theory and Practice

---

* Students may enrol in KKB341 Workplace Learning 1 instead of KJB337 subject to approval of the Journalism Discipline Coordinator.

INSTRUCTIONS FOR MINORS

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course cannot contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

Advertising

AMB220 Advertising Theory and Practice
AMB221 Advertising Copywriting

- KVB200 Exhibition and Display in the Visual Arts
- KVB213 Graphic Investigation

### Creative Industries Faculty Undergraduate Open Electives

### Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
- you must obey any elective rules as set out in your course requirements
- you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
- you must have successfully completed any pre/co-requisite units applicable
- the offering of elective units is subject to...
sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

### Semester 1 Units

#### Media & Communication
- KCB101 Communication in the New Economy
- KCB102 Media and Society: From Printing Press to Internet
- KCB103 Strategic Speech Communication
- KCB201 Virtual Cultures
- KCB302 Political Communication

#### Communication Design
- KIB108 Animation Practices
- KIB201 Interactive Writing

#### Dance
- KDB105 Architecture of the Body
- KDB108 World Dance
- KDB110 Deconstructing Dance in History

#### Fashion
- KFB103 Introduction to Fashion
- KFB206 Fashion and Modernity

#### Journalism
- KJB101 Digital Journalism
- KJB120 Newswriting
- KJB121 Journalistic Inquiry
- KJB224 Feature Writing
- KJB239 Journalism Ethics and Issues

#### Faculty
- KKB004 Indigenous Creative Industries
- KKB101 Creative Industries: People and Practices
- KKB210 Computational Arts 1

#### Transition to New Professional Environments*
- KKB341 Workplace Learning 1
- KKB342 Workplace Learning 2
- KKB343 Service Learning 1
- KKB344 Service Learning 2
- KKB345 Creative Industries Project 1
- KKB346 Creative Industries Project 2
- KKB347 Becoming A Researcher: Understandings, Skills and Practices

#### Music & Sound
- KMB003 Sex Drugs Rock 'n' roll
- KMB004 World Music
- KMB104 Music and Sound Skills
- KMB105 Music and Sound Technology
- KMB108 Sound Recording and Acoustics

### Film & Television
- KPB102 Film History
- KPB106 Australian Television
- KPB202 Film and Television Business Skills: Entrepreneurship and Investment
- KPB203 Australian Film
- KPB303 Critical Thinking About Television

#### Performance Studies
- KTB101 20th Century Performance

Law - Director, Undergraduate Programs
Discipline coordinator: Creative Writing - Professor Philip Neilsen
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee does not apply to this program.

Overview
Both creative writing and law require high-calibre, sophisticated communication and language skills. This five-year double degree will prepare you to work as a professional creative writer, lawyer in a private practice, a barrister or legal practitioner, or to practise with large companies, government agencies, or as an in-house lawyer, for example, in intellectual property or contract law.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal Practitioners' and Barristers' Admission Rules. You can view student work at our online publication www.dotlit.qut.edu.au

Career Outcomes
Graduates who work as lawyers can specialise in any legal field, or use their creative writing knowledge to specialise in the publishing industry. Creative writing graduates work as creative writers, editors or publishers in all media.

Course Structure

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from the Creative Writing major and 24 credit points of elective units.

The Law component is made up of 336 credit points of law subjects.

Industry Links
Guest lecturers have included Hilary Beaton (Queensland Writers Centre), Michael Wilding (author), Fiona Capp (author), Madonna Duffy (UQ Press), and Frank Moorhouse (2001 Miles Franklin award winner). Your work could be published in the annual creative writing anthology which is released for sale to the public.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

**Potential Careers:**
Graduate Certificate in Advertising (IF94)

Year offered: 2008
Admissions: Yes
CRICOS code: 048325E
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (per credit point): 2008: $180 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $17,280
International Fees (per semester): 2008: $9,504 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Terry Flew (Creative Industries); Mr Andrew Paltridge (Business)
Campus: Gardens Point and Kelvin Grove

Overview
The Graduate Certificate in Advertising is designed to introduce learners to key facets of the advertising industry and to give them insights into the two major areas of specialisation: Creative Advertising and Strategic Advertising.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale).

Applicants for IX96 Master of Advertising (Creative Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4.5, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4.5 or above in the Graduate Certificate.

Applicants for BS16 Master of Business (Strategic Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4 or above in the Graduate Certificate.

Special Entry Requirements
Applicants who have an undergraduate degree with a GPA below 4, or who do not have a degree or formal qualifications, but have extensive work experience in the advertising industry may be eligible for special entry. Such applicants may be required to attend a selection interview and present a portfolio of work.

Course Structure - Full-time

Discipline coordinator: Dance Study Area Coordinator: Rachel Mathews  
Campus: Kelvin Grove and Carseldine  

**NO INTAKE INTO THIS COURSE IN 2008**  
Students wishing to undertake Dance and Education studies should refer to the entry for the Bachelor of Fine Arts (Dance)KK34/Graduate Diploma in Education ED38 entry.

**Overview**  
This double degree qualifies you to teach dance in Australian secondary schools. In the first two years you will study the technique and philosophy of a number of dance styles plus dance analysis, history and sociology, dance composition and basic kinesiology and alignment. Students generally participate in a daily class of various styles. In addition to Dance, you will study a second teaching area, choosing from Drama, Music, English, Film and Media, Geography, History and Languages. In the final two years you concentrate on teacher preparation.

**Additional Entry Requirements**  
Applicants are selected on the basis of their audition and previous academic achievement. The final date to register for an audition and submit additional materials to QUT was 07 September 2007. Late registrations and submission of materials will not be accepted.

**OP Guarantee**  
The OP Guarantee does not apply to this course.

**Career Outcomes**  
Graduates of this course are qualified to teach in secondary education with a specialisation in Dance. Graduates may wish to explore the avenues of performance, freelance choreography, dance research and administration.

**Professional Recognition**  
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

**Further Information**  
Creative Industries Faculty  
Dance  
Phone: +61 7 3138 3423  
Email: creativeindustries@qut.com

Faculty of Education Office  
Phone: +61 7 3138 3947  
Fax: +61 7 3138 3949  
Email: educationenq@qut.edu.au

**Working With Children Check**  
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card. immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

**Computing Requirement**  
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

**Domestic student tuition fee (Dfee) places**  
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has...
consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Deferment
QUT’s deferment policy does not apply to this course.

IMPORTANT NOTICE

This course code has been discontinued. The new course code for commencing students is IX16 Bachelor of Creative Industries/Bachelor of Education (Secondary). Continuing students should refer to their Course Summary Sheet for enrolment information.

Potential Careers:
Community Education Officer, Dance Teacher, Dancer,
Secondary School Teacher.
Bachelor of Creative Industries (Drama)/Bachelor of Education (Secondary) (IX06)

Year offered: 2008
Admissions: No
CRICOS code: 040315E
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full Fee Tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2007: full fee tuition $15,936 CSP $4,098
Domestic Entry: February
International Entry: February
QTAC code: 429172; Dfee: 429176
Past rank cut-off: Prior to 2007, admission to course was based on additional entry requirements. Please refer to Additional Entry Requirements.
Past OP cut-off: Prior to 2007, admission to course was based on additional entry requirements. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (Average)
Course coordinator: Creative Industries: Associate Professor Adrian Thomas; Education: Dr Mal Shield
Discipline coordinator: Drama: Ms Sharon Hogan
Campus: Kelvin Grove and Carseldine

NO INTAKE INTO THIS COURSE IN 2008.

Students wishing to undertake Drama and Education studies should refer to the entry for the KK33 Bachelor of Creative Industries (Drama) / ED38 Graduate Diploma in Education entry.

General
This four-year double degree qualifies you to teach Drama in schools in Australia and overseas. In the first two years you will undertake units in Drama, blending practice with theoretical concepts strongly focused on developing artistic, organisational and communication skills. In addition to Drama, you study a second teaching area selected from Dance, Music, Visual Art, English, Film and Media Studies, Geography, History and Languages. In the second two years you will concentrate on teacher preparation, equipping yourself through drama curriculum units with the skills necessary to be an effective drama educator.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Graduates are employed as Drama teachers in secondary schools, work with the State Government in education, or as education officers with performing arts companies and in youth arts.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Further Information
Faculty of Creative Industries
Drama
Phone: +61 7 3138 3468
Email: creativeindustries@qut.com

Faculty of Education Office
Phone: +61 7 3138 3947
Fax: +61 7 3138 3949
Email: educationenq@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.
Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

IMPORTANT NOTICE

This course code has been discontinued. The new course code for commencing students is IX16 Bachelor of Creative Industries/Bachelor of Education (Secondary). Continuing students should refer to their Course Summary Sheet for enrolment information.

Creative Industries Faculty Undergraduate Open Electives

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

Semester 1 Units

Media & Communication
KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
KCB103 Strategic Speech Communication
KCB201 Virtual Cultures
KCB302 Political Communication

Course coordinator: Creative Industries: Associate Professor Adrian Thomas; Education Coordinator: Dr Mal Shield
Discipline coordinator: Music: Mr Greg Jenkins
Campus: Kelvin Grove and Carseldine

NO INTAKE IN 2008

Students wishing to undertake a double Music and Education program should refer to the KM32 Bachelor of Music / ED38 Graduate Diploma in Education entry.

General

This four-year professional double degree prepares you to teach secondary school Music in Australian schools. In the first two years you may specialise in a range of performance and production areas. In addition you may opt to take a second teaching area selected from Dance, Drama, Visual Art, English, Film and Media Studies, Geography, History and Languages, or alternatively, study instrumental music teaching or primary specialist music teaching. Students taking the instrumental music strand are also encouraged to take second study instruments. In the final two years you will concentrate on teacher preparation equipping yourself through Music curriculum units, with the skills necessary to be effective Music educators.

Additional Entry Requirements

Applicants are selected on the basis of their audition, interview and previous academic achievement. The final date to register for an audition and submit additional materials to QUT was 1 September 2006. Late registrations and submission of materials will not be accepted.

OP Guarantee

The OP Guarantee does not apply to this course.

Professional Recognition

Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Career Outcomes

Graduates teach instrumental or classroom Music in secondary and primary schools.

Working With Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment

QUT’s deferment policy does not apply to this course.

Computing Requirement

The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply with regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

**Second Teaching Area Units**

### English (48 credit points)

**Required Unit**
- CLB320 Studies In Language

**Up to 12 credit points from Introductory Level Units:**
- KCB102 Media and Society: From Printing Press to Internet
- KWB108 Introduction To Literary Theory and Cultural Studies

**No less than 24 credit points from Advanced Level Units:**
- CLB321 Writing Workshop
- CLB322 Literature In Secondary Teaching
- CLB323 Teaching Adolescent Literature
- KWB109 Ozit
- KWB206 Youth and Children's Writing
- KWB308 Wonderlands: Literature and Culture in the 19th Century
- KWB208 Modern Times (Literature and Culture in the 20th Century)
- KWB309 Popular Fictions, Popular Culture
- KWB209 Shakespeare, Then and Now

### Film and Media (48 credit points)

**Required Units**
- KPB101 Foundations of Film and Television Production
- KPB108 Media Text Analysis

**No less than 24 credit points from:**
- KPB102 Film History
- KPB103 Film Genres
- KPB104 Film and Television Production Resource Management
- KPB105 Narrative Production
- KPB106 Australian Television
- KPB203 Australian Film
- KPB205 Documentary Theory and Practice

### Geography (48 credit points)

**Up to 24 credit points from Introductory Units**
- HHB127 Environment And Society
- HHB107 World Regions
- HHB251 Australian Resource Management

**No less than 24 credit points from Advanced Units**
- HHB250 Australian Geographical Studies
- HHB228 Environmental Hazards

### History (48 credit points)

**null**

Note: Students should seek to select units from each of areas of Australian, Asian, European and the Ancient World. Students should check with QUT Carseldine Faculty on availability of units.

**Up to 24 credit points from Introductory Units**
- HHB121 Interpreting The Past
- HHB122 Colonialism And Independence In Asia Pacific

**No less than 24 credit points from Advanced Units**
- HHB238 Asian Cultures And Societies
- HHB245 Australia And The South Pacific
- HHB315 Sex And Drugs In South-East Asia
- HHB248 The USA and The Asia Pacific Region
- HHB259 War And Revolution In Europe 1914-1945
- HHB246 Modern China
- HHB237 Brisbane in the Twentieth Century
- HHB253 Conspiracy And Dissent In Australian History
- HHB257 The Classical World
- HHB258 Foundations of Modern Europe
- HHB260 Nations And Nationalism In Modern Europe
- HHB261 Medieval Europe
- HHB109 Australian Historical Studies
- HHB239 Korean Culture And Societies

**Potential Careers:**

Educator, Music Teacher, Musician, Secondary School Teacher.
Bachelor of Creative Industries (Visual Arts)/Bachelor of Education (Secondary) (IX08)

Year offered: 2008
Admissions: No
CRICOS code: 040316D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $4,211
Domestic Entry: February
International Entry: February
QTAC code: 429152; Dfee: 429156
Past rank cut-off: Admission to course is based on additional entry requirements. Please refer to Additional Entry Requirements.
Past OP cut-off: Admission to course is based on additional entry requirements. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (Average)
Course coordinator: Associate Professor Adrian Thomas (Creative Industries); Dr Mal Shield (Education)
Discipline coordinator: Mr Mark Webb (Visual Arts)
Campus: Kelvin Grove

NO INTAKE INTO THIS COURSE IN 2008.

Students wishing to undertake a double degree program in Visual Arts and Education should refer to the entry for the KK34 Bachelor of Fine Arts (Visual Arts)/ED38 Graduate Diploma in Education program.

OP Guarantee
The OP Guarantee does not apply to this course.

Additional Entry Requirements
Applicants are selected on the basis of their portfolio and previous academic achievement. The due date to lodge a portfolio and additional materials to QUT was 20 October 2006. Late submissions will not be accepted.

General
This four-year double degree qualifies graduates to teach as art teachers in Australian secondary schools. In the first two years students undertake practical and theoretical introductory studies about artistic ideas, concepts and aesthetic judgements as well as working in two- and/or three-dimensional media. Studio areas include Painting, Printmaking, and Sculpture with supporting areas of Drawing and Photography. Students study a second teaching area selected from Dance, Drama, Music, English, Film and Media Studies, Geography, History and Languages. In the final two years students concentrate on teacher preparation, equipping them through art curriculum units with the skills to be effective art educators.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers

Career Outcomes
Graduates work as art teachers in secondary schools, are employed by State Government in education, as education officers with community art projects and in youth arts.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card. to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card. immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

NO INTAKE INTO THIS COURSE IN 2008

Students wishing to undertake Dance and Education studies should refer to the entry for the Bachelor of Fine Arts (Dance)/KK34/Graduate Diploma in Education ED38 entry.

Overview

This double degree qualifies you to teach dance in Australian secondary schools. In the first two years you will study the technique and philosophy of a number of dance styles plus dance analysis, history and sociology, dance composition and basic kinesiology and tertiary study. For further study with children, including the required field studies blocks.

Additional Entry Requirements

Applicants are selected on the basis of their audition and previous academic achievement. The final date to register for an audition and submit additional materials to QUT was 07 September 2007. Late registrations and submission of materials will not be accepted.

OP Guarantee

The OP Guarantee does not apply to this course.

Career Outcomes

Graduates of this course are qualified to teach in secondary education with a specialisation in Dance. Graduates may wish to explore the avenues of performance, freelance choreography, dance research and administration.

Professional Recognition

Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Further Information

Creative Industries Faculty

Email: educationenq@qut.edu.au  

Working With Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.  

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Computing Requirement

The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Domestic student tuition fee (Dfee) places

Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has
consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

**Deferment**

QUT's deferment policy does not apply to this course.

NO INTAKE INTO THIS COURSE IN 2008.

Students wishing to undertake Drama and Education studies should refer to the entry for the KK33 Bachelor of Creative Industries (Drama) / ED38 Graduate Diploma in Education entry.

General
This four-year double degree qualifies you to teach Drama in schools in Australia and overseas. In the first two years you will undertake units in Drama, blending practice with theoretical concepts strongly focused on developing artistic, organisational and communication skills. In addition to Drama, you study a second teaching area selected from Dance, Music, Visual Art, English, Film and Media Studies, Geography, History and Languages. In the second two years you will concentrate on teacher preparation, equipping yourself through drama curriculum units with the skills necessary to be an effective drama educator.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Graduates are employed as Drama teachers in secondary schools, work with the State Government in education, or as education officers with performing arts companies and in youth arts.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card. to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card. immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Standard credit points per full-time semester: 54 cp ave
Course coordinator: (Creative Industries) A/Prof Adrian Thomas; (Education) Dr Mal Shield
Discipline coordinator: Mr Mark Webb
Campus: Kelvin Grove

NO INTAKE INTO THIS COURSE IN 2008

Students wishing to undertake a double Visual Arts and Education program should refer to the entry for the KK34 Bachelor of Fine Arts / ED38 Graduate Diploma in Education.

General

This four-year double degree qualifies you to teach as an art teacher in Australian secondary schools. In the first two years you will undertake practical and theoretical introductory studies about artistic ideas, concepts and aesthetic judgements as well as working in two- and/or three-dimensional media. Studio areas include Painting, Printmaking, and Sculpture with supporting areas of Drawing and Photography. Students study a second teaching area selected from Dance, Drama, Music, English, Film and Media Studies, Geography, History and Languages. In the final two years you will concentrate on teacher preparation, equipping yourself through art curriculum units with the skills to be an effective art educator.

Additional Entry Requirements

Applicants are selected on the basis of their portfolio and previous academic achievement. Applicants will be able to obtain the Visual Arts Application Guide online via addentry.qut.com or by phoning QUT Creative Industries Faculty on 07 3138 8114 in mid July. The final date to lodge the portfolio and other required materials to QUT is 19 October 2007. A $33 service fee applies; applicants applying for more than one Visual Arts course are required to pay only one service fee of $33.

OP Guarantee

The OP Guarantee does not apply to this course.

Career Outcomes

Graduates work as art teachers in secondary schools, are employed by State Government in education, as education officers with community art projects and in youth arts.

Professional Recognition

Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card. to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment

QUT's deferment policy does not apply to this course.

Computing Requirement

The increased and more creative use of online teaching technology in this degree requires that you have access to...
suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e., failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Campus: Gardens Point and Kelvin Grove

Overview
This four-year program gives you the opportunity to allow your creative side to shine through as it complements your technical information technology skills. The integrated program consists of 16 creative industries units and 16 information technology units so that you will study both creative industries and information technology units in each semester. You will choose one creative industries major from communication design, interdisciplinary, music or sound design. You will also choose one information technology major from business systems engineering, databases, electronic business, games technology, information and knowledge management, information systems, information technology management, intelligent systems, security, network systems, software architecture, or web services and applications.

Career Outcomes
The creative industries majors available in this double degree have been specifically chosen for their relevance to careers in information technology. Your communication design skills will be particularly useful in digital media development, games design, web design and development, and creating content for the new mobile entertainment industry. If you study music or sound design you may specialise in providing audio content, from musical compositions to sound effects, for these same applications.

You will learn creative and technical skills within a contextual framework, so you will be well placed to build your career in digital product and new media strategy.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Information Technology) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from a Creative Industries major (either Communication Design, Interdisciplinary, Music or Sound Design) and 24 credit points of elective units.

The Information Technology component is made up of 120 credit points of Faculty core units and 72 credit points of units from an IT major.

Professional Recognition
Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Additional Entry Requirements (for the majors below)
In addition to meeting the cut-off applicants who wish to study one of the following Creative Industries majors below must also pass the additional entry requirement listed below. Please note registrations to attend an audition or submission of portfolio as well as submission of additional materials to QUT have closed for 2007. Late registrations and submissions will not be accepted.

Sound Design: Portfolio. Closed on 19 October 2007

Prospective international students should refer to the additional entry requirement information in the International Students section in the Creative Industries web site.

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has
consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

### Music Major

**Year 1, Semester 1**

- KKB101 Creative Industries: People and Practices
- KMB003 Sex Drugs Rock 'n' roll
  - OR
- KMB005-1 Group Music

**Year 1, Semester 2**

- KKB102 Creative Industries: Making Connections
- KMB105 Music and Sound Technology
  - The following unit to be taken if KMB005-1 Group Music completed in semester 1:
    - KMB005-2 Group Music

**Year 2, Semester 1**

- KMB130 Core Musicianship 1
- KMB110 Music Production 1
  - OR
- KMB120 Music Performance 1

**Year 2, Semester 2**

- KMB131 Core Musicianship 2
- KMB111 Music Production 2
  - OR
- KMB121 Music Performance 2

**Year 3, Semester 1**

- Music Elective
- KMB214-1 Music and Sound: Principal Study A

**Year 3, Semester 2**

- Music Elective
- KMB214-2 Music and Sound: Principal Study A

**Year 4, Semester 1**

- Creative Industries Elective
  - Music Elective

### Sound Design Major

**Year 1, Semester 1**

- KKB101 Creative Industries: People and Practices
- KMB105 Music and Sound Technology

**Year 1, Semester 2**

- KKB102 Creative Industries: Making Connections
- KMB106 Music and Sound for Multimedia

**Year 2, Semester 1**

- KMB104 Music and Sound Skills
- KMB110 Music Production 1

**Year 2, Semester 2**

- KMB107 Sound, Image, Text
- KMB111 Music Production 2

**Year 3, Semester 1**

- Sound Design Elective
- KMB214-1 Music and Sound: Principal Study A

**Year 3, Semester 2**

- KMB205 Sound Media Musicianship
- KMB214-2 Music and Sound: Principal Study A

**Year 4, Semester 1**

- Creative Industries Elective
- KKB290 Supervised Group Project

**Year 4, Semester 2**

- Creative Industries Elective
- Sound Design Elective

### Information Systems Major

#### Compulsory Units

- ITB228 Enterprise Systems
- ITB229 Database Design
- ITB365 Business Analysis

#### IS Elective Units

- Select three (3) units from the following list
  - ITB218 Applications Programming
  - ITB233 Enterprise Systems Applications
  - ITB239 Enterprise Data Mining
  - ITB260 E-Commerce Site Development
  - ITB264 Information Systems Consulting
  - ITB298 Business Process Modelling
### Network Systems Major

**Compulsory Units**
- ITB720 Internet Protocols and Services
- ITB721 Unix Network Administration
- ITB722 Network Planning and Deployment
- ITB730 Information Security Fundamentals

**Electives**
- Choose 2 Electives
  - ITB233 Enterprise Systems Applications
  - ITB706 Systems Programming
  - ITB732 Cryptology and Protocols

### Software Architecture Major

**Compulsory Units**
- ITB229 Database Design
- ITB702 Algorithms and Data Structures
- ITB712 Software Engineering Studies

**Electives**
- Choose 3 Electives
  - ITB218 Applications Programming
  - ITB223 Software Development with ORACLE
  - ITB228 Enterprise Systems
  - ITB233 Enterprise Systems Applications
  - ITB254 Interaction Design
  - ITB260 E-Commerce Site Development
  - ITB264 Information Systems Consulting
  - ITB298 Business Process Modelling
  - ITB706 Systems Programming
  - ITB713 Advanced Java Programming
  - ITB716 Advanced Web Applications Development
  - ITB717 Enterprise Software Architecture
  - ITB746 Modelling and Animation Techniques
  - ITB747 Real Time Rendering Techniques
  - ITB749 Scientific Programming
  - MAB281 is only to be used as a prereq for ITB746
  - MAB281 Mathematics for Computer Graphics
  - null

### Creative Industries Co-Majors

**INSTRUCTIONS FOR CO-MAJORS**

Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these co-majors and/or minors. Any unit(s) that appear in multiple co-majors and/or minors can only contribute towards the completion of one of these co-majors or minors.

**Advertising**
- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.
  - AMB200 Consumer Behaviour
  - AMB220 Advertising Theory and Practice
  - AMB221 Advertising Copywriting
  - AMB222 Media Planning
  - AMB320 Advertising Management
  - AMB321 Advertising Campaigns
  - AMB330 Advertising Strategy and Planning
  - BSB126 Marketing

**Art and Design History**
- Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.
  - DAB325 Architecture in the 20th Century
  - DAB420 Architecture, Culture and Space
  - DEB102 Introducing Design History
  - KVB102 Modernism
  - KVB103 Australian Art
  - KVB108 Contemporary Asian Visual Culture
  - KVB211 Post 1945 Art
  - KVB212 Australian Art, Architecture and Design
  - KVB304 Contemporary Art Issues
  - KVB306 Video Art and Culture

**Communication Design**
- Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level
(100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**Drama**

Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

### Fashion

**Description:** This co-major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.

**Assumed Knowledge:** There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

### Journalism, Media and Communication

**Description:** This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and
Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB102 Media and Society: From Printing Press to Internet
OR
KJB101 Digital Journalism
KJB120 Newswriting
KCB104 Media and Communications Industries
KJB121 Journalistic Inquiry
KCB103 Strategic Speech Communication
KJB224 Feature Writing
KJB239 Journalism Ethics and Issues
KFB205 Fashion and Style Journalism
OR
KJB280 International Journalism
KCB301 Media Audiences
KCB302 Political Communication
KCB304 Managing Communication Resources
OR
KJB322 Desktop Publishing And Editing
KJB337 Public Affairs Reporting

Literary and Cultural Studies

Description: The aims of this co-major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with enhanced skills in critical thinking, writing and analysis; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB108 Introduction To Literary Theory and Cultural Studies
KWB109 Ozlit
KWB206 Youth and Children's Writing
KWB207 Great Books: The Literary Classics
KWB208 Modern Times (Literature and Culture in the 20th Century)
KWB209 Shakespeare, Then and Now
KWB307 Indigenous Writing
KWB308 Wonderlands: Literature and Culture in the 19th Century

KWB309 Popular Fictions, Popular Culture

Marketing

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB201 Marketing and Audience Research
AMB202 Integrated Marketing Communication
AMB240 Marketing Planning and Management
AMB241 E-Marketing Strategies
AMB340 Services Marketing
AMB341 Strategic Marketing
BSB126 Marketing

Mathematics

Description: This co-major aims to provide you with powerful tools for the analysis of today's complex world and give an insight into many real-world problems of significant importance.

Assumed Knowledge: Maths B (if you do not have this you should include MAB105 as one of your first units)

MAB100 Mathematical Sciences 1A
MAB101 Statistical Data Analysis 1
MAB111 Mathematical Sciences 1B
MAB112 Mathematical Sciences 1C
MAB210 Statistical Modelling 1
MAB311 Advanced Calculus
MAB312 Linear Algebra
MAB314 Statistical Modelling 2

Public Relations

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB201 Marketing and Audience Research
AMB202 Integrated Marketing Communication
AMB260 Public Relations Theory and Practice
AMB261 Media Relations and Publicity
AMB262 Public Relations Writing
AMB360 Corporate Communication Management
AMB361 Public Relations Campaigns
AMB370 Public Relations Cases
BSB126 Marketing

Creative Industries Minors

INSTRUCTIONS FOR MINORS

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine
order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course cannot contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

### Advertising
- AMB220 Advertising Theory and Practice

Additional Entry Requirements (for the majors below)
In addition to meeting the cut-off applicants who wish to study one of the following Creative Industries majors below must also pass the additional entry requirement listed below. Please note registrations to attend an audition or submission of portfolio as well as submission of additional materials to QUT have closed for 2007. Late registrations and submissions will not be accepted.

Prospective international students should refer to the additional entry requirement information in the International Students section in the Creative Industries web site.

Career Outcomes

Through the combination of creative industries with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration, marketing, managing or balancing the books for creative projects and businesses.

Some combinations of majors are particularly complementary. Creative writing skills can enhance almost any business profession. The combination of media and communication with advertising, marketing or public relations provides proven professional outcomes in media sales, media marketing and promotions, and in media planning/buying for advertising agencies. You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise in the performance, visual or production arts. Please refer to the Faculty of Business prospectus to find out more about the business majors.

Overview
This program consists of 16 creative industries units and 16 business units which are integrated so that you will study units from both areas each semester. You will choose one creative industries major from communication design, dance, drama, creative writing, interdisciplinary, media and communication, music, sound design, television or visual arts.

Your business degree provides you with a broad base of business knowledge, and you will choose a major from accounting, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Creative Industries) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing, public relations.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from a Creative Industries major and 24 credit points of elective units.

The Creative Industries majors are communication design, creative writing, dance, drama, interdisciplinary, media and communication, music, sound design, and television.

Students will complete one Business and one Creative
Industries major.

**Professional Recognition**
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.*

*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA) (enrolment in the CA Program).*

*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;*  

*Banking and Finance: Financial Services Institute of Australasia (FINSIA).*

*Economics: Economic Society of Australia (Queensland Division).*

*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;*  

*International Business - Australian Institute of Export;*  

*Management - Australian Institute of Management;*  

*Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Export (Qld) Ltd, American Marketing Association.*

*Public Relations - Public Relations Institute of Australia.*

**OP Guarantee**
The OP Guarantee does not apply to this course.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Domestic student tuition fee (Dfee) places**
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Creative Industries Co-Majors

INSTRUCTIONS FOR CO-MAJORS

Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these co-majors and/or minors. Any unit(s) that appear in multiple co-majors and/or minors can only contribute towards the completion of one of these co-majors or minors.

Advertising

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB220 Advertising Theory and Practice
AMB221 Advertising Copywriting
AMB222 Media Planning
AMB320 Advertising Management
AMB321 Advertising Campaigns
AMB330 Advertising Strategy and Planning
BSB126 Marketing

Art and Design History

Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

DAB325 Architecture in the 20th Century
DAB420 Architecture, Culture and Space
DEB102 Introducing Design History
KVB102 Modernism
KVB103 Australian Art
KVB108 Contemporary Asian Visual Culture
KVB211 Post 1945 Art
KVB212 Australian Art, Architecture and Design
KVB304 Contemporary Art Issues
KVB306 Video Art and Culture

Communication Design

Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KIB101 Foundations of Communication Design 1
KIB102 Foundations of Communication Design 2
KIB103 Media Technology 1
KIB104 Media Technology 2
KIB210 Design Studio 1: Interaction Design
KIB211 Design Studio 2: Web Development

Creative and Professional Writing

Description: The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB106 Corporate Writing and Editing
KWB107 Introduction to Creative Non-Fiction
KWB203 Creative Writing: The Novel
KWB204 Creative Non-Fiction: Life Writing
KWB206 Youth and Children's Writing
KWB207 Great Books: The Literary Classics
KWB303 Writing and Publishing Industry

Dance

Description: This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.
Assumed Knowledge: Previously acquired knowledge or skill IS required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

KDB103 Dance Technique Studies 1
KDB104 Dance Technique Studies 2
KDB105 Architecture of the Body
KDB106 Dance Analysis
KDB107 Choreographic Studies 1
KDB108 World Dance
KDB109 Funk, Tap and all that Jazz
KDB110 Deconstructing Dance in History
KDB204 Australian Dance
KDB205 Dance in Education
KSB225 Music Theatre Skills

Digital Media

Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
OR
KJB101 Digital Journalism
KIB101 Foundations of Communication Design 1
KCB104 Media and Communications Industries
OR
KPB106 Australian Television
KIB103 Media Technology 1
KCB201 Virtual Cultures
KCB202 New Media Technologies
KCB203 Consumer Cultures
KVB306 Video Art and Culture

Drama

Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KTB101 20th Century Performance
KTB103 Performing Skills 1: Body and Voice and Role
KTB104 Performance Innovation
KTB106 Performing Skills 2: Style and Form
KTB204 Understanding Performance
KTB207 Staging Australia
KTB061 Creative Industries Management
KTB062 Creative Industries Events and Festivals
KTB305 The Entrepreneurial Artist
KTB306 Directing for Events and Festivals

Entrepreneurship

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB230 Internet Promotion
AMB240 Marketing Planning and Management
AMB251 Innovation and Market Development
BSB115 Management, People and Organisations
BSB126 Marketing
EFB210 Finance 1
IBB213 International Marketing
MGB207 Human Resource Issues and Strategy
MGB216 Managing Technological Innovation in Global Business
MGB218 Managing Business Growth
MGB222 Managing Organisations
MGB223 Entrepreneurship and Innovation
MGB335 Project Management

Fashion

Description: This co-major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to
undertaking this co-major.

**Literary and Cultural Studies**

Description: This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

### Creative Industries Minors

**KWB207** Great Books: The Literary Classics  
**KWB208** Modern Times (Literature and Culture in the 20th Century)  
**KWB209** Shakespeare, Then and Now  
**KWB307** Indigenous Writing  
**KWB308** Wonderlands: Literature and Culture in the 19th Century  
**KWB309** Popular Fictions, Popular Culture

**Marketing**

- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**AMB200** Consumer Behaviour  
**AMB201** Marketing and Audience Research  
**AMB202** Integrated Marketing Communication  
**AMB240** Marketing Planning and Management  
**AMB241** E-Marketing Strategies  
**AMB340** Services Marketing  
**AMB341** Strategic Marketing  
**BSB126** Marketing

**Mathematics**

- Description: This co-major aims to provide you with powerful tools for the analysis of today's complex world and give an insight into many real-world problems of significant importance.
- Assumed Knowledge: Maths B (if you do not have this you should include MAB105 as one of your first units)

**MAB100** Mathematical Sciences 1A  
**MAB101** Statistical Data Analysis 1  
**MAB111** Mathematical Sciences 1B  
**MAB112** Mathematical Sciences 1C  
**MAB210** Statistical Modelling 1  
**MAB311** Advanced Calculus  
**MAB312** Linear Algebra  
**MAB314** Statistical Modelling 2

**Public Relations**

- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**AMB201** Marketing and Audience Research  
**AMB202** Integrated Marketing Communication  
**AMB260** Public Relations Theory and Practice  
**AMB261** Media Relations and Publicity  
**AMB262** Public Relations Writing  
**AMB360** Corporate Communication Management  
**AMB361** Public Relations Campaigns  
**AMB370** Public Relations Cases  
**BSB126** Marketing

### INSTRUCTIONS FOR MINORS

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

**Advertising**

- **AMB220** Advertising Theory and Practice  
- **AMB221** Advertising Copywriting  
- **AMB222** Media Planning  
- **BSB126** Marketing

**Animation**

- **KIB105** Animation and Motion Graphics  
- **KIB108** Animation Practices  
- **KVB105** Foundations of Drawing for Animation 1  
- **KVB106** Foundations of Drawing for Animation 2

**Art History**

- **KVB102** Modernism  
- **KVB103** Australian Art  
- **KVB211** Post 1945 Art  
- **KVB304** Contemporary Art Issues

**Art, Design and Architecture**

- **DAB325** Architecture in the 20th Century  
- **DEB102** Introducing Design History  
- **KVB212** Australian Art, Architecture and Design  
- **KVB306** Video Art and Culture

**Audience and User Research**

- **KCB102** Media and Society: From Printing Press to Internet  
- **KCB105** Media and Communication Research Methods  
- **KCB203** Consumer Cultures  
- **KCB301** Media Audiences

**Communication Design**

- **KIB101** Foundations of Communication Design 1  
- **KIB102** Foundations of Communication Design 2  
- **KIB103** Media Technology 1  
- **KIB104** Media Technology 2

**Communication for the Professions**

- **KCB103** Strategic Speech Communication

Campus: Gardens Point and Kelvin Grove

Additional Entry Requirements
Applicants are selected on the basis of their portfolio, interview and previous academic achievement. The due date to lodge a portfolio and additional materials to QUT was 19 October 2007. Late submissions will not be accepted.

Prospective international students should refer to the additional entry requirement information in the International Students section in the Creative Industries web site.

Overview
If you are interested in a career in the fashion industry, maximise your options by adding studies in business. This course consists of 16 creative industries units, where you will major in fashion, and 16 business units. The program is integrated so that you will study both creative industries and business units in each semester.

Your business degree will give you a broad base of commercial knowledge, and you will choose a business major from accounting, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

Career Outcomes
Opportunities in the fashion industry include fashion design, merchandising and marketing, fashion event management, or becoming a stylist. Options that use your business knowledge more include working behind the scenes in large fashion houses. Depending on your business major, you could help promote, control the finances or manage the strategic direction for your employer.

Professional Recognition
Depending on your choice of business major, you may be eligible for professional recognition. Please refer to the Faculty of Business prospectus for details on your intended business major.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Fashion) comprises 192 credit points.

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT's deferment policy does not apply to this course.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

## Creative Industries

### Year 1, Semester 2
- **KFB106** Unspeakable Beauty: A History of Fashion and Style  
  Business Faculty Core Unit
- **KKB102** Creative Industries: Making Connections  
  Business Faculty Core Unit

### Year 2, Semester 1
- Creative Industries Elective  
- **KFB101** Design Studio 1  
  Business Faculty Core Unit

### Year 2, Semester 2
- Select one from either KCB203 or KFB207  
  - **KCB203** Consumer Cultures  
  - **KFB207** Contemporary Fashion  
  - **KFB102** Design Studio 2  
    Business Faculty Core Unit

### Year 3, Semester 1
- Creative Industries Elective  
- **KFB200** Design Studio 3  
  Business Faculty Major Unit

### Year 3, Semester 2
- **KFB202** Design Studio 4  
  Business Faculty Major Unit
- **KKB341** Workplace Learning 1  
  Business Faculty Major Unit

### Year 4, Semester 1
- **KFB301** Design Studio 5  
- **KFB303** Applied Planning  
  Business Faculty Major Unit

### Year 4, Semester 2
- **KFB302** Design Studio 6  
  Business Faculty Major Unit

## Public Relations Major

### Year 1, Semester 1
- **BSB122** Quantitative Analysis and Finance  
- **BSB126** Marketing

### Year 1, Semester 2
- **BSB110** Accounting

### Year 2, Semester 1
- **BSB114** Government, Business and Society  
- **BSB119** International and Electronic Business

### Year 2, Semester 2
- **BSB111** Business Law and Ethics  
- **BSB113** Economics

### Year 3, Semester 1
- **AMB201** Marketing and Audience Research  
- **AMB260** Public Relations Theory and Practice

### Year 3, Semester 2
- **AMB261** Media Relations and Publicity  
- **AMB262** Public Relations Writing

### Year 4, Semester 1
- **AMB360** Corporate Communication Management  
- **AMB370** Public Relations Cases

### Year 4, Semester 2
- **AMB361** Public Relations Campaigns  
- **AMB371** Corporate Communication Strategies

## Accountancy Major

### Year 1, Semester 1
- **BSB110** Accounting  
- **BSB115** Management, People and Organisations

### Year 1, Semester 2
- **BSB122** Quantitative Analysis and Finance  
- **BSB114** Government, Business and Society

### Year 2, Semester 1
- **BSB111** Business Law and Ethics  
- **BSB113** Economics

### Year 2, Semester 2
- **AYB121** Financial Accounting  
- **AYB223** Law of Business Associations

### Year 3, Semester 1
- **AYB225** Management Accounting  
- **AYB220** Company Accounting

### Year 3, Semester 2
- **AYB221** Computerised Accounting Systems  
- **AYB325** Taxation Law

### Year 4, Semester 1
- **AYB301** Auditing

Campus: Gardens Point and Kelvin Grove

Overview
This four year professional course links Journalism with business studies and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects.

Career Outcomes
Journalism graduates are prepared for careers in both print and broadcast journalism. Opportunities also exist to become press secretaries and media officers. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs or political and social commentary. Your journalism degree will be of benefit even if you choose to pursue a career in business, as you will graduate with highly developed writing skills. Public relations students will find this particularly relevant in tasks such as editing trade and specialist publications, speech writing or in corporate communication roles.

Professional Recognition
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Financial Services Institute of Australasia (FINSIA).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;

*Public Relations - Public Relations Institute of Australia.

* Some may depend on units completed.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Journalism) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing, public relations.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

- AYB121 Financial Accounting
- AYB223 Law of Business Associations

#### Year 3 Semester 1
- AYB225 Management Accounting
- AYB220 Company Accounting

#### Year 3 Semester 2
- AYB221 Computerised Accounting Systems
- AYB325 Taxation Law

#### Year 4 Semester 1
- AYB301 Auditing
- AYB311 Financial Accounting Issues
  or
- AYB321 Strategic Management Accounting

#### Year 4 Semester 2
- EFB101 Data Analysis for Business
- EFB210 Finance 1

### Management Major

#### Year 1 Semester 1
- BSB113 Economics
- BSB115 Management, People and Organisations

#### Year 1 Semester 2
- BSB114 Government, Business and Society
- BSB126 Marketing

#### Year 2 Semester 1
- BSB110 Accounting
- BSB111 Business Law and Ethics

#### Year 2 Semester 2
- BSB122 Quantitative Analysis and Finance
- MGB200 Leading Organisations

#### Year 3 Semester 1
- MGB210 Managing Operations
- MGB223 Entrepreneurship and Innovation

#### Year 3 Semester 2
- BSB119 International and Electronic Business
- MGB212 Sustainability in a Changing Environment

#### Year 4 Semester 1
- MGB309 Strategic Management
  Management Option Unit

#### Year 4 Semester 2
- MGB335 Project Management
  Management Option Unit

**Management Option Unit List:**
Management students must choose two from the above list (one must be a Level 3 unit):
- MGB201 Contemporary Employment Relations
- MGB218 Managing Business Growth
- MGB315 Personal and Professional Development
- MGB314 Organisational Consulting and Change
- IBB205 Intercultural Communication and Negotiation

### Marketing Major

#### Year 1 Semester 1
- BSB122 Quantitative Analysis and Finance
- BSB126 Marketing

#### Year 1 Semester 2
- BSB110 Accounting
- BSB115 Management, People and Organisations

#### Year 2 Semester 1
- BSB114 Government, Business and Society
- BSB119 International and Electronic Business

Course Description
This double degree enables students to complete the requirements of two separate degrees in four years. Students complete a multidisciplinary arts major in one of the following fields: international and global studies; society and change; ethics and human rights; community studies; or Australian studies. Students also complete a Creative Industries major in; creative writing, drama, dance, interdisciplinary studies, media and communication, music, television, or visual arts.

Career Outcomes
This double degree will prepare you as a multi-skilled professional for careers in international affairs, government, public policy and community development. With your interdisciplinary knowledge, creativity and practical skills, you will also be prepared for careers in media and cultural policy development, film and video activities, the music industry, visual design and publishing. business major.

IMPORTANT NOTICE
This course code has been discontinued and will have no further intakes. Continuing students should refer to their Course Summary Sheet for enrolment information.

### Creative Industries Elective

#### Year 2, Semester 1
- KIB103 Media Technology 1

#### Year 2, Semester 2
- KIB104 Media Technology 2

#### Year 3, Semester 1
- KIB210 Design Studio 1: Interaction Design

#### Year 3, Semester 2
- KIB211 Design Studio 2: Web Development

#### Year 4, Semester 1
- KIB310 Design Studio 3: Virtual Environments

#### Year 4, Semester 2
- KIB311 Design Studio 4: Tangible Media

### Creative Writing major

#### Year 1, Semester 1
- KKB101 Creative Industries: People and Practices
- KWB101 Introduction to Creative Writing

#### Year 1, Semester 2
- KKB102 Creative Industries: Making Connections
- KWB104 Creative Writing: The Short Story

#### Year 2, Semester 1
- KWB107 Introduction to Creative Non-Fiction
- KWB102 Media Writing
  - OR
  - KWB103 Persuasive Writing

#### Year 2, Semester 2
- KWB204 Creative Non-Fiction: Life Writing
- KJB224 Feature Writing
  - OR
  - KWB106 Corporate Writing and Editing

#### Year 3, Semester 1
- KKB101 Creative Industries: People and Practices

#### Year 3, Semester 2
- KWB207 Great Books: The Literary Classics

#### Year 4, Semester 1
- KWB204 Creative Writing: Digital Media

#### Year 4, Semester 2
- KWB203 Creative Writing: The Novel

### Dance major

#### Year 1, Semester 1
- KKB101 Creative Industries: People and Practices
- KDB103 Dance Technique Studies 1

#### Year 1, Semester 2
- KKB102 Creative Industries: Making Connections
- KDB104 Dance Technique Studies 2

#### Year 2, Semester 1
- KDB105 Architecture of the Body

#### Year 2, Semester 2
- KDB213 Dance Technique Studies 3

#### Year 3, Semester 1
- KDB106 Dance Analysis

#### Year 3, Semester 2
- KDB207-1 Choreographic Studies 2
- KDB207-2 Choreographic Studies 2
- KDB208 Integrated Professional Skills

#### Year 4, Semester 1
- KKB101 Creative Industries: People and Practices

#### Year 4, Semester 2
- KDB108 World Dance

### Drama major

#### Year 1, Semester 1
- KKB101 Creative Industries: People and Practices
- KTB101 20th Century Performance

#### Year 1, Semester 2
- KKB102 Creative Industries: Making Connections

#### Year 2, Semester 1
- KTB102 Process Drama

#### Year 2, Semester 2
- KTB103 Performing Skills 1: Body and Voice and Role
### Creative Industries Elective
- **Year 3, Semester 1**
  - KTB105: Production 1: Story Making
  - KTB106: Performing Skills 2: Style and Form

- **Year 3, Semester 2**
  - KTB206: The Creating Body

- **Year 4, Semester 1**
  - KTB207: Staging Australia

- **Year 4, Semester 2**
  - KTB204: Understanding Performance
  - KTB301: Performing Self

- **Interdisciplinary major**
  - **Year 1, Semester 1**
    - KKB101: Creative Industries: People and Practices
    - KPB101: Foundations of Film and Television Production
    - KVB104: Photomedia and Artistic Practice
  - **Year 1, Semester 2**
    - KKB102: Creative Industries: Making Connections
    - KCB103: Strategic Speech Communication

- **Year 2, Semester 1**
  - KKB221: Approaching Interdisciplinarity
  - SELECT: Co-Major One First Unit

- **Year 2, Semester 2**
  - KKB222: Interdisciplinarity in Practice
  - SELECT: Co-Major One Second Unit

- **Year 3, Semester 1**
  - SELECT: Co-Major One Third Unit
  - SELECT: Co-Major One Fourth Unit

- **Year 3, Semester 2**
  - SELECT: Co-Major One Fifth Unit
  - SELECT: Co-Major One Sixth Unit

- **Year 4, Semester 1**
  - SELECT: Transitions to New Professional Environment Unit
  - SELECT: Co-Major One Seventh Unit

- **Year 4, Semester 2**
  - SELECT: Transitions to New Professional Environment

### Media and Communication major
- **Year 1, Semester 1**
  - KKB101: Creative Industries: People and Practices
  - KCB101: Communication in the New Economy

- **Year 1, Semester 2**
  - KKB102: Creative Industries: Making Connections
  - KCB104: Media and Communications Industries

- **Year 2, Semester 1**
  - KCB102: Media and Society: From Printing Press to Internet
  - KCB103: Strategic Speech Communication

- **Year 2, Semester 2**
  - KCB105: Media and Communication Research Methods
  - KCB202: New Media Technologies

- **Year 3, Semester 1**
  - KCB201: Virtual Cultures
  - KCB302: Political Communication

- **Year 3, Semester 2**
  - KCB203: Consumer Cultures
  - KCB304: Managing Communication Resources

- **Year 4, Semester 1**
  - Creative Industries Elective
  - KCB301: Media Audiences

- **Year 4, Semester 2**
  - Creative Industries Elective
  - KCB303: Applied Media Communication

### Music major
- **Year 1, Semester 1**
  - KKB101: Creative Industries: People and Practices
  - KMB003: Sex Drugs Rock ’n' roll
  - OR
  - KMB005-1: Group Music

- **Year 1, Semester 2**
  - KKB102: Creative Industries: Making Connections
  - KMB105: Music and Sound Technology

  - The following unit to be taken if KMB005-1 Group Music completed in semester 1:
    - KMB005-2: Group Music

- **Year 2, Semester 1**
  - KMB130: Core Musicianship 1

**Creative Industries Faculty Undergraduate Open Electives**

These unit offerings are current at the time of publication but are subject to change. Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

**NOTES:**

* Only one Workplace Learning unit may be completed

* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

**Potential Careers:**

- Academic, Actor, Administrator, Advertising Professional, Art Writer, Artist, Arts Administrator, Choreographer, Community Education Officer, Community Worker, Composer, Computer Games Developer, Contract Administrator, Creative Writer, Curator, Dance Teacher, Dancer, Digital Composer, Educator, Film Composer, Film/Television Producer, Government Officer, Higher Education Worker, Information Officer, Internet Professional, Journalist, Marketing Officer/Manager, Media Industry Specialist, Multimedia Designer, Music Agent/Manager, Music Publisher, Music Sampler, Music Teacher, Music Technologist, Musical Director, Musician, Organisational Communication Specialist, Policy Officer, Post-production specialist, Public Relations Officer/Consultant, Public Servant, Publishing Professional, Recording Engineer, Song Writer, Sound and Music Producer, Sound Designer, Sound/Audio Engineer, Stage Manager, Theatre Professionals, Visual Artist, Web Designer.
Bachelor of Creative Industries/Bachelor of Human Services 2008 (IX43)

Year offered: 2008
Admissions: Yes
CRICOS code: 058291E
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $5,095
International Fees (per semester): 2008: $10,032 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409062
Past rank cut-off: 74
Past OP cut-off: 13
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr Phil Crane (Human Services); Head, Undergraduate Studies ugenq.ci@qut.edu.au (Creative Industries)
Campus: Kelvin Grove and Carseldine

Overview
The course consists of 16 human services units and 16 creative industries units, and the program is integrated so that you will study both human services and creative industries units in each semester. In human services you may choose to focus on corrective, disability, aged, youth, or child and family services. You will also study a range of professional skills and then gain practical experience through professional practice placements in government or community organisations. For your creative industries major you may choose either drama or interdisciplinary.

Career Outcomes
This double degree prepares you as a multiskilled professional for careers in child safety and a range of welfare and community services. In particular you will have a set of skills which will be suitable for areas which combine human services and creative skills, for example, community development and cultural services, and youth arts.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Human Services) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from a Creative Industries major (either Drama or Interdisciplinary) and 24 credit points of elective units.

The Human Services component is made up of 144 credit points of Faculty core units and 48 credit points of units from selected Human Services units.

Professional Recognition (Bachelor of Human Services)
Graduates are entitled to apply for membership of the Australian Association of Welfare and Community Workers. (Accreditation application in process).

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Working with Children Check
Working With Children Check
As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

COURSE STRUCTURE - OVERVIEW

YEAR 1 SEMESTER 1
HHB114 Introduction To Human Rights And Ethics
HHB103 Contemporary Social And Community Issues
KKB101 Creative Industries: People and Practices
BCI Mandated discipline unit
**CREATIVE INDUSTRIES**

### YEAR 1 SEMESTER 2
- **HHB100**  Introduction to Human Services and Social Work
- **HHB113**  Interpersonal Communication
- **KKB102**  Creative Industries: Making Connections
- **BCI**  Mandated discipline unit

### YEAR 2 SEMESTER 1
- **HHB208**  Introduction to practice
- **HHB209**  Developing professional frameworks
- **BCI**  Mandated discipline unit
- **BCI**  Mandated discipline unit

### YEAR 2 SEMESTER 2
- **HHB**  Human Services List B unit
- **HHB277**  Ethical and legal dimensions of human services practice
- **BCI**  Mandated discipline unit
- **BCI**  Mandated discipline unit

### YEAR 3 SEMESTER 1
- **HHB279**  Human service processes and methods
- **HHB278**  Intervention theories
- **BCI**  Mandated discipline unit
- **BCI**  Mandated discipline unit

### YEAR 3 SEMESTER 2
- **HHB**  Human services List C unit
- **BCI**  Mandated discipline unit
- **BCI**  Mandated discipline unit
- **BCI**  Mandated discipline unit

### YEAR 4 SEMESTER 1
- **HHB**  Human services List D unit
- **HHB**  Human services List C unit
- **BCI**  Mandated discipline Unit
- **BCI**  Elective unit

### YEAR 4 SEMESTER 2
- **HHB301**  Advanced Professional Practice
- **BCI**  Elective unit
- null
- null

### Drama major

#### Year 1, Semester 1
- **KKB101**  Creative Industries: People and Practices
- **KTB101**  20th Century Performance

#### Year 1, Semester 2
- **KKB102**  Creative Industries: Making Connections

- **KTB104**  Performance Innovation

#### Year 2, Semester 1
- **KTB102**  Process Drama
- **KTB103**  Performing Skills 1: Body and Voice and Role

#### Year 2, Semester 2
- **KTB105**  Production 1: Story Making
- **KTB106**  Performing Skills 2: Style and Form

#### Year 3, Semester 1
- **KTB204**  Understanding Performance
- **KTB301**  Performing Self

#### Year 3, Semester 2
- **KTB305**  The Entrepreneurial Artist

### Course structure for Interdisciplinary major

#### Year 1, Semester 1
- **KKB101**  Creative Industries: People and Practices
- **KPB101**  Foundations of Film and Television Production
  OR
- **KVB104**  Photomedia and Artistic Practice

#### Year 1, Semester 2
- **KKB102**  Creative Industries: Making Connections
- **KCB103**  Strategic Speech Communication

#### Year 2, Semester 1
- **KKB221**  Approaching Interdisciplinarity
  SELECT:  Co-Major One First Unit

#### Year 2, Semester 2
- **KKB222**  Interdisciplinarity in Practice
  SELECT:  Co-Major One Second Unit

#### Year 3, Semester 1
- SELECT:  Co-Major One Third Unit
- SELECT:  Co-Major One Fourth Unit

#### Year 3, Semester 2
- SELECT:  Co-Major One Fifth Unit
- SELECT:  Co-Major One Sixth Unit
- SELECT:  Co-Major One Seventh Unit
Year 4, Semester 1

SELECT: Transitions to New Professional Environment Unit
SELECT: Co-Major One Eighth Unit

Year 4, Semester 2

SELECT: Transitions to New Professional Environment Unit

Creative Industries Co-Majors

INSTRUCTIONS FOR CO-MAJORS

Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these co-majors and/or minors. Any unit(s) that appear in multiple co-majors and/or minors can only contribute towards the completion of one of these co-majors or minors.

Advertising

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB220 Advertising Theory and Practice
AMB221 Advertising Copywriting
AMB222 Media Planning
AMB320 Advertising Management
AMB321 Advertising Campaigns
AMB330 Advertising Strategy and Planning
BSB126 Marketing

Art and Design History

Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

DAB325 Architecture in the 20th Century
DAB420 Architecture, Culture and Space
DEB102 Introducing Design History
KVB102 Modernism
KVB103 Australian Art
KVB108 Contemporary Asian Visual Culture

KVB211 Post 1945 Art
KVB212 Australian Art, Architecture and Design
KVB304 Contemporary Art Issues
KVB306 Video Art and Culture

Communication Design

Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KIB101 Foundations of Communication Design 1
KIB102 Foundations of Communication Design 2
KIB103 Media Technology 1
KIB104 Media Technology 2
KIB210 Design Studio 1: Interaction Design
KIB211 Design Studio 2: Web Development

Creative and Professional Writing

Description: The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB106 Corporate Writing and Editing
KWB107 Introduction to Creative Non-Fiction
KWB203 Creative Writing: The Novel
KWB204 Creative Non-Fiction: Life Writing
KWB206 Youth and Children's Writing
KWB207 Great Books: The Literary Classics
KWB303 Writing and Publishing Industry
Dance

Description: This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.

Assumed Knowledge: Previously acquired knowledge or skill IS required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

KDB103 Dance Technique Studies 1
KDB104 Dance Technique Studies 2
KDB105 Architecture of the Body
KDB106 Dance Analysis
KDB107 Choreographic Studies 1
KDB108 World Dance
KDB109 Funk, Tap and all that Jazz
KDB110 Deconstructing Dance in History
KDB204 Australian Dance
KDB205 Dance in Education
KSB225 Music Theatre Skills

Digital Media

Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
KJB101 Digital Journalism
KIB101 Foundations of Communication Design 1
KCB104 Media and Communications Industries
KPB106 Australian Television
KIB103 Media Technology 1
KCB201 Virtual Cultures
KCB202 New Media Technologies
KCB203 Consumer Cultures
KVB306 Video Art and Culture

Entrepreneurship

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB230 Internet Promotion
AMB240 Marketing Planning and Management
AMB251 Innovation and Market Development
BSB115 Management, People and Organisations
BSB126 Marketing
EFB210 Finance 1
IBB213 International Marketing
MGB207 Human Resource Issues and Strategy
MGB216 Managing Technological Innovation in Global Business
MGB218 Managing Business Growth
MGB222 Managing Organisations
MGB223 Entrepreneurship and Innovation
MGB335 Project Management

Fashion

Description: This co-major has been designed to offer a mix of theoretical and practical units.
The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KFB103 Introduction to Fashion
KFB106 Unspeakable Beauty: A History of Fashion and Style
KFB206 Fashion and Modernity
KFB207 Contemporary Fashion
KVB213 Graphic Investigation
KFB204 Textile Design
KFB205 Fashion and Style Journalism
KFB208 Fashion Portfolio
KCB203 Consumer Cultures
KFB304 Fashion, Law and the Real World

Film, Television and Screen

Description: The aim of this co-major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organizational abilities as well as building story telling and communication skills.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KPB101 Foundations of Film and Television Production
KPB102 Film History
KPB104 Film and Television Production Resource Management
KPB105 Narrative Production
KPB106 Australian Television
KPB107 Television’s Greatest Hits
KPB202 Film and Television Business Skills: Entrepreneurship and Investment
KPB203 Australian Film
KPB205 Documentary Theory and Practice
KPB206 International Cinema
KPB303 Critical Thinking About Television

Integrated Marketing Communication

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB202 Integrated Marketing Communication
AMB220 Advertising Theory and Practice
AMB230 Internet Promotion
AMB240 Marketing Planning and Management

AMB260 Public Relations Theory and Practice
AMB261 Media Relations and Publicity
AMB331 Direct Marketing
AMB350 Sales and Customer Relationship Management
AMB354 Events Marketing
BSB126 Marketing

Journalism, Media and Communication

Description: This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB102 Media and Society: From Printing Press to Internet

OR

KJB101 Digital Journalism
KJB120 Newswriting
KCB104 Media and Communications Industries

AMB261  Media Relations and Publicity
AMB262  Public Relations Writing
BSB126  Marketing

**Screen Studies**
KPB102  Film History
KPB103  Film Genres
KPB203  Australian Film
KPB205  Documentary Theory and Practice
KPB206  International Cinema

**Sound Studies**
KMB104  Music and Sound Skills
KMB105  Music and Sound Technology
KMB106  Music and Sound for Multimedia
KMB108  Sound Recording and Acoustics

**Television**
KPB104  Film and Television Production Resource Management
KPB106  Australian Television
KPB107  Television's Greatest Hits
KPB202  Film and Television Business Skills: Entrepreneurship and Investment
KPB303  Critical Thinking About Television

**Visual Arts Practice**
KVB110  2D Media and Processes
KVB111  3D Media and Processes
KVB200  Exhibition and Display in the Visual Arts
KVB213  Graphic Investigation

**Transitions to New Professional Environments Units**
A maximum of 48 credit points may be taken from the following units:
KKB341  Workplace Learning 1
KKB342  Workplace Learning 2
KKB343  Service Learning 1
KKB344  Service Learning 2
KKB345  Creative Industries Project 1
KKB346  Creative Industries Project 2
KKB347  Becoming A Researcher: Understandings, Skills and Practices
KKB348  Becoming A Researcher: Contexts, Protocols and Impact
KKB350  Creative Industries International Study Tour

**Creative Industries Faculty Undergraduate Open Electives**

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

**Semester 1 Units**

**Media & Communication**
KCB101  Communication in the New Economy
KCB102  Media and Society: From Printing Press to Internet
KCB103  Strategic Speech Communication
KCB201  Virtual Cultures
KCB302  Political Communication

**Communication Design**
KIB108  Animation Practices
KIB201  Interactive Writing

**Dance**
KDB105  Architecture of the Body
KDB108  World Dance
KDB110  Deconstructing Dance in History

**Fashion**
KFB103  Introduction to Fashion
KFB206  Fashion and Modernity

**Journalism**
KJB101  Digital Journalism
KJB120  Newswriting
KJB121  Journalistic Inquiry
KJB224  Feature Writing
KJB239  Journalism Ethics and Issues

**Faculty**
KKB004  Indigenous Creative Industries
KKB101  Creative Industries: People and Practices
KKB210  Computational Arts 1

**Transition to New Professional Environments**
KKB341  Workplace Learning 1

Overview
This exciting new double degrees will produce graduates who are media communication specialists with expertise in the ever-growing area of public health, nutrition and well-being. The degree combination will satisfy both your professional and personal needs. You will have a course and a career that is both creative and able to enhance people’s health and their lives.

The media and communications component provides both practical skills in multimedia, writing and communication combined with study in local and international media industries, media and communication industries.

The nutrition component provides the knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition, food studies, anatomy and physiology, nutritional science and nutrition education. The course has innovative and integrated industry placement options for practicum experience.

Why choose this course?

Health communication is a globally recognised and rapidly expanding field. Graduates can expect to gain employment in a range of public and private sector organisations.

Health professionals with superior communication skills and the ability to utilise the power of media technologies will make significant contributions to improving our quality of life, both locally and internationally.

Media and Communication
The course provides both practical skills in multimedia, writing and communication combined with study in local and international media and communication industries. Students combine core units in the creative industries (including practical skills in multimedia, writing and communication), with the study of media and communication, including media audiences, professional communication, new media technologies, and online communications.

Nutrition
The course provides knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and health promotion.

Career Outcomes
Graduates of the double degree may work as health communication specialists; health and nutrition writers; health promotion officers and educators; marketing and managerial roles in health and product promotions; health print and online editors; health communication managers; and e-health marketers.

Media and Communication
Graduates may work as advertising professionals; communication managers; media and cultural policy developers for government and community organisations; information officers; internet professionals; media buyers and planners; media marketers; media industry specialists; teachers and researchers; and print and online publishing professionals.

Nutrition
Graduates work as community health officers; policy officers; program evaluators; health promotion officers in community health; project officers; and consultants. These practitioners work in both public and private sectors including state and federal health departments, population health units, community health centres, divisions of general practice, non-governmental health organisations, and international health agencies.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Health Science) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from Media and Communication units and up to 24 credit points of elective units.

The Nutrition component is made up of 192 credit points of
specified Health Science units.

**Professional Membership**
Graduates are eligible for membership of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Domestic student tuition fee (Dfee) places**
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

**Further Information**
For more information about this course, please contact the Faculty of Creative Industries phone +617 3864 8114 or email creativeindustries@qut.com or the School of Public Health Student Centre on +617 3138 3368 or email sph.studentcentre@qut.edu.au

**Creative Industries Faculty Undergraduate Open Electives**

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:

* you must obey any elective rules as set out in your course requirements

* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.

* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

Semester 1 Units

**Media & Communication**
- KCB101 Communication in the New Economy
- KCB102 Media and Society: From Printing Press to Internet
- KCB103 Strategic Speech Communication
- KCB201 Virtual Cultures
- KCB302 Political Communication

**Communication Design**
- KIB108 Animation Practices
- KIB201 Interactive Writing

**Dance**
- KDB105 Architecture of the Body
- KDB108 World Dance
- KDB110 Deconstructing Dance in History

**Fashion**
- KFB103 Introduction to Fashion
- KFB206 Fashion and Modernity

**Journalism**
- KJB101 Digital Journalism
- KJB120 Newswriting
- KJB121 Journalistic Inquiry
- KJB224 Feature Writing
- KJB239 Journalism Ethics and Issues

**Faculty**
- KKB004 Indigenous Creative Industries
- KKB101 Creative Industries: People and Practices
- KKB210 Computational Arts 1

**Transition to New Professional Environments**
- KKB341 Workplace Learning 1
- KKB342 Workplace Learning 2
- KKB343 Service Learning 1
- KKB344 Service Learning 2
- KKB345 Creative Industries Project 1
- KKB346 Creative Industries Project 2
- KKB347 Becoming A Researcher: Understandings, Skills and Practices

**Music & Sound**
- KMB003 Sex Drugs Rock 'n' roll
- KMB004 World Music
- KMB104 Music and Sound Skills
- KMB105 Music and Sound Technology
- KMB108 Sound Recording and Acoustics

**Film & Television**
- KPB102 Film History
- KPB106 Australian Television
- KPB202 Film and Television Business Skills: Entrepreneurship and Investment

Overview
This exciting new double degree will produce graduates who are media communication specialists with expertise in the ever-growing area of public health, nutrition and wellbeing. This degree combination will satisfy both your professional and personal needs. You will have a course and a career that is both creative and able to enhance people's health and their lives. The course has innovative and integrated industry placement options for practicum experience.

The media and communications component provides both practical skills in multimedia, writing and communication combined with study in local and international media industries, media and communication industries.

The public health component provides the knowledge and skills to address major health issues both nationally and internationally with a focus on assessment of a population's health needs and strategies to meet them. Students gain an understanding of health care planning, community health, health promotion, the health needs of Indigenous Australians and project management.

Why choose this course?
Health communication is a globally recognised and rapidly expanding field. Graduates can expect to gain employment in a range of public and private sector organisations.

Health professionals with superior communication skills and the ability to utilise the power of media technologies will make significant contributions to improving our quality of life, both locally and internationally.

Media and Communication
The course provides both practical skills in multimedia, writing and communication combined with study in local and international media and communication industries. Students combine core units in the creative industries (including practical skills in multimedia, writing and communication), with the study of media and communication, including media audiences, professional communication, new media technologies, and online communications.

Public Health
The course provides knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and health promotion.

The course has innovative and integrated industry placement options for practicum experience.

Career Outcomes
This double degree prepares graduates as health communication specialists; health and nutrition writers; health promotion officers and educators; marketing and managerial roles in health and product promotions; health print and online editors; health communication managers; and e-health marketers.

Media and Communication
Graduates may work as advertising professionals; communication managers; media and cultural policy developers for government and community organisations; information officers; internet professionals; media buyers and planners; media marketers; media industry specialists; teachers and researchers; and print and online publishing professionals.

Public Health
Graduates may also work as community health officers; policy officers; program evaluators; health promotion officers in community health; project officers; and consultants. These practitioners work in both public and private sectors including state and federal health departments, population health units, community health centres, divisions of general practice, non-governmental health organisations, and international health agencies.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Health Science) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from Media and Communication units and up to 24 credit points of elective units.

The Health Science component is made up of 180 credit points of specified Health Science units and a 12 credit...
point elective.

**Professional Membership**
Graduates are eligible for membership of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

**NOTES:**

* Only one Workplace Learning unit may be completed
* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

**Potential Careers:**

Academic, Advertising Professional, Community Health Officer, Educator, Government Officer, Health Promotion Officer, Information Officer, Internet Professional, Marketing Officer/Manager, Media Industry Specialist, Organisational Communication Specialist, Policy Officer, Public Health Officer, Public Relations Officer/Consultant, Public Servant, Publishing Professional, Web Designer.
Master of Advertising (Creative Advertising) (IX96)

Year offered: 2008
Admissions: Yes
CRICOS code: 048322G
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (per credit point): 2008: $180 per credit point
Domestic fees (indicative): 2008:$17,280
International Fees (per semester): 2008: $9,504 per semester
Domestic Entry: February/July
International Entry: February/July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Terry Flew
Discipline coordinator: Associate Professor Terry Flew
Campus: Gardens Point and Kelvin Grove

Overview
The real world of advertising involves strategy, planning and creativity. If you are looking to freshen up your skills or to move into advertising, a unique suite of programs offered by the Creative Industries and Business faculties provides you with an opportunity to do both.

Course Structure
This course provides the opportunity for students to develop skills in copywriting, art direction, creative campaign production, and production management. These skills will be applied across print media, television, radio, direct mail and the Internet.

The program has a strong applied component, and students will develop a portfolio of creative material, while working to meet the needs of real-world clients through major projects and internships at the masters level. Students can use electives in the masters program to complete units in areas such as interaction design, music and sound, or photomedia and visual arts.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale). Applicants without a bachelor degree, with a bachelor degree with a grade point average of less than 4.5, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4.5 or above in the Graduate Certificate.

## Potential Careers:

Graduate Certificate in Creative Industries (Communication Design) (KI35)

Year offered: 2008
Admissions: Yes
CRICOS code: 043124K
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (per credit point): 2008: $135 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $12,960
International Fees (per semester): 2008: $10,080 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Terry Flew
Discipline coordinator: Associate Professor Michael Docherty
Campus: Kelvin Grove

Overview
These programs are offered to students from both cognate and non-cognate fields of study. The courses are targeted at mid-career professionals and those wishing to convert existing knowledge through engagement with new media theories and practices. The program has been developed to integrate knowledge in six main categories of learning, through an integrated studio-based teaching model. A studio-based approach to teaching and learning encourages a community of learners to interact cooperatively to solve problems. It is an immersive approach to learning where open problems are visited frequently. The studio units in this degree are designed to provide opportunities for the practical application of the knowledge and skills derived from the other core and elective units. These learning categories constitute the core knowledge of the field of communication design:

- situation of new media theories and practices in society
- new media technologies as skills-based knowledge
- information architecture
- new media design development processes
- interaction design
- web development.

This knowledge situates the graduate within the creative industries by providing opportunities to explore interdisciplinary practice through theory, practice and production.

Masters students can undertake units in computational arts which introduce students to the creative design of visual and sonic art works by implementing processes from which these works unfold on computers. Units include introductory computer programming and computational arts where these skills are combined and enhanced. Computational arts skills are applicable to work in the areas of interactive computer games, VJs, DJs, web art and interactive public sculptures.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale). Applicants without the requisite entry requirements may be considered for special entry. Please contact the Creative Industries Faculty for more information.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Advanced standing for prior study and/or professional experience is at the discretion of the postgraduate coursework degrees coordinator, in consultation with the relevant subject area coordinator. Advanced standing will normally only be granted for masters-level courses, and will constitute no more than 48 credit points. Students seeking articulation to the Masters must successfully complete the Graduate Certificate with a grade point average of 4.5 or above.

Course Structure
The Masters course is comprised of seven Communication Design subjects (including two design studio units) and three Postgraduate electives.

The Graduate Certificate course is comprised of three Communication Design subjects and one Postgraduate elective.

Full-time Course Structure

| Semester 1 |  |
| KIP401 | Foundations of Communication Design |
| KIP403 | Web Design and Development |
| KIP408 | Animation Practices |

### Potential Careers:

Bachelor of Journalism (KJ32)

Year offered: 2008
Admissions: Yes
CRICOS code: 040293F
Course duration (full-time): 3 Years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $15,936; CSP $5,375
International Fees (per semester): 2008: $10,032 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 421222
Past rank cut-off: 92
Past OP cut-off: 5
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Head, Undergraduate Studies (ugenq.ci@qut.edu.au)
Discipline coordinator: Professor Alan Knight
Campus: Kelvin Grove

Overview
This course offers core units in the creative industries and journalism including news writing, feature writing, online journalism, journalism ethics and issues, international journalism, sub-editing and layout, radio and television journalism, media legal issues and public affairs reporting.

Why choose this course?
The QUT journalism course offers greater opportunities for broadcast experience. Practical work commences in the first semester and, to prepare for the digital age, you will have access to dedicated newsrooms, radio studios, a production office, a TV studio, editing suites and other technical facilities. See and hear the work of journalism students in QUT news bulletins on 31 Television (formerly Briz31) and radio 4EB.

You can gain additional professional media practice through industry placements and internships. You may participate in international reporting trips and can opt to have a journalism career mentor in your final year.

In 2006 QUT TV News won the ÔBest News and Current Affairs’ category at the National Community Television Awards and QUT student Melissa Mallett won the Most Outstanding Journalism Student (Metropolitan) at the Queensland Media Awards. Graduate Jessica Daly was awarded a Walkley Award and graduate Conor Duffy received the ABC’s Andrew Olle Scholarship.

Course Structure
In order to complete this course, students must undertake two Creative Industries Foundation units, a 12 Journalism units and eight electives.

Career Outcomes
Many graduates work as journalists for newspapers, magazines, television, radio and online publications. Others seek employment successfully in public relations, media management and corporate communications.

Scholarships
Radio station 4EB and QUT offer a one-year Ethnic Radio Scholarship valued at $5000 to cover your student contribution to a Commonwealth Supported Place (CSP). The successful journalism applicant should have at least one parent born outside of Australia. For more information visit creativeindustries.qut.com

Professional Recognition
The QUT journalism degree is recognised by the Australian Journalists’ Association (AJA) section of the Media, Entertainment and Arts Alliance (MEAA).

Other Course Options
The Bachelor of Journalism is also available as part of the following double degrees: IX36 Bachelor of Business/Bachelor of Journalism, and IF07 Bachelor of Journalism/Bachelor of Laws.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

### Creative Industries Co-Majors

**INSTRUCTIONS FOR CO-MAJORS**

Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these co-majors and/or minors. Any unit(s) that appear in multiple co-majors and/or minors can only contribute towards the completion of one of these co-majors or minors.

**Advertising**

- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.
- AMB200 Consumer Behaviour
- AMB220 Advertising Theory and Practice
- AMB221 Advertising Copywriting
- AMB222 Media Planning
- AMB320 Advertising Management
- AMB321 Advertising Campaigns
- AMB330 Advertising Strategy and Planning
- BSB126 Marketing

**Art and Design History**

Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.

- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.
- DAB325 Architecture in the 20th Century
- DAB420 Architecture, Culture and Space
- DEB102 Introducing Design History
- KVB102 Modernism
- KVB103 Australian Art
- KVB108 Contemporary Asian Visual Culture
- KVB211 Post 1945 Art
- KVB212 Australian Art, Architecture and Design
- KVB304 Contemporary Art Issues
- KVB306 Video Art and Culture

**Communication Design**

Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.
- KIB101 Foundations of Communication Design 1
- KIB102 Foundations of Communication Design 2
- KIB103 Media Technology 1
- KIB104 Media Technology 2
- KIB210 Design Studio 1: Interaction Design
- KIB211 Design Studio 2: Web Development

**Creative and Professional Writing**

Description: The aim of this co-major is to
prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB106 Corporate Writing and Editing
KWB107 Introduction to Creative Non-Fiction
KWB203 Creative Writing: The Novel
KWB204 Creative Non-Fiction: Life Writing
KWB206 Youth and Children's Writing
KWB207 Great Books: The Literary Classics
KWB303 Writing and Publishing Industry

Dance

Description: This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.

Assumed Knowledge: Previously acquired knowledge or skill is required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

KDB103 Dance Technique Studies 1
KDB104 Dance Technique Studies 2
KDB105 Architecture of the Body
KDB106 Dance Analysis
KDB107 Choreographic Studies 1
KDB108 World Dance
KDB109 Funk, Tap and all that Jazz
KDB110 Deconstructing Dance in History
KDB204 Australian Dance
KDB205 Dance in Education
KSB225 Music Theatre Skills

Digital Media

Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
KJB101 Digital Journalism
KIB101 Foundations of Communication Design 1
KCB104 Media and Communications Industries
KPB106 Australian Television
KIB103 Media Technology 1
KCB201 Virtual Cultures
KCB202 New Media Technologies
KCB203 Consumer Cultures
KVB306 Video Art and Culture

Drama

Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KTB101 20th Century Performance
KTB103 Performing Skills 1: Body and Voice and Role
KTB104 Performance Innovation
KTB106 Performing Skills 2: Style and Form
KTB204 Understanding Performance
KTB207 Staging Australia
KTB061 Creative Industries Management
KTB062 Creative Industries Events and Festivals
KTB305 The Entrepreneurial Artist
KTB306 Directing for Events and Festivals

Entrepreneurship

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to
supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB230 Internet Promotion
AMB240 Marketing Planning and Management
AMB251 Innovation and Market Development
BSB115 Management, People and Organisations
BSB126 Marketing
EFB210 Finance 1
IBB213 International Marketing
MGB207 Human Resource Issues and Strategy
MGB216 Managing Technological Innovation in Global Business
MGB218 Managing Business Growth
MGB222 Managing Organisations
MGB223 Entrepreneurship and Innovation
MGB335 Project Management

Fashion

Description: This co-major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KFB103 Introduction to Fashion
KFB106 Unspeakable Beauty: A History of Fashion and Style
KFB206 Fashion and Modernity
KFB207 Contemporary Fashion
KVB213 Graphic Investigation
KFB204 Textile Design
KFB205 Fashion and Style Journalism
KFB208 Fashion Portfolio
KCB203 Consumer Cultures
KFB304 Fashion, Law and the Real World

Film, Television and Screen

Description: The aim of this co-major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organizational abilities as well as building story telling and communication skills.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB102 Media and Society: From Printing Press to Internet
KJ101 Digital Journalism
KJ121 Journalism Inquiry
KJ120 Newswriting
KCB104 Media and Communications Industries

Integrated Marketing Communication

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB202 Integrated Marketing Communication
AMB220 Advertising Theory and Practice
AMB230 Internet Promotion
AMB240 Marketing Planning and Management
AMB260 Public Relations Theory and Practice
AMB261 Media Relations and Publicity
AMB331 Direct Marketing
AMB350 Sales and Customer Relationship Management
AMB354 Events Marketing
BSB126 Marketing

Journalism, Media and Communication

Description: This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB102 Media and Society: From Printing Press to Internet
KJ101 Digital Journalism
KJ120 Newswriting
KCB104 Media and Communications Industries
KJ121 Journalism Inquiry
KCB103 Strategic Speech Communication
KJB224 Feature Writing
KJB239 Journalism Ethics and Issues
KFB205 Fashion and Style Journalism
OR
KJB280 International Journalism
KCB301 Media Audiences
KCB302 Political Communication
KCB304 Managing Communication Resources
OR
KJB322 Desktop Publishing And Editing
KJB337 Public Affairs Reporting

**Literary and Cultural Studies**

Description: The aims of this co-major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with enhanced skills in critical thinking, writing and analysis; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB108 Introduction To Literary Theory and Cultural Studies
KWB109 Ozlit
KWB206 Youth and Children's Writing
KWB207 Great Books: The Literary Classics
KWB208 Modern Times (Literature and Culture in the 20th Century)
KWB209 Shakespeare, Then and Now
KWB307 Indigenous Writing
KWB308 Wonderlands: Literature and Culture in the 19th Century
KWB309 Popular Fictions, Popular Culture

**Marketing**

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB201 Marketing and Audience Research
AMB202 Integrated Marketing Communication
AMB240 Marketing Planning and Management
AMB241 E-Marketing Strategies
AMB340 Services Marketing
AMB341 Strategic Marketing
BSB126 Marketing

**Mathematics**

Description: This co-major aims to provide you with powerful tools for the analysis of today's complex world and give an insight into many real-world problems of significant importance.

Assumed Knowledge: Maths B (if you do not have this you should include MAB105 as one of your first units)

MAB100 Mathematical Sciences 1A
MAB101 Statistical Data Analysis 1
MAB111 Mathematical Sciences 1B
MAB112 Mathematical Sciences 1C
MAB210 Statistical Modelling 1
MAB311 Advanced Calculus
MAB312 Linear Algebra
MAB314 Statistical Modelling 2

**Public Relations**

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB201 Marketing and Audience Research
AMB202 Integrated Marketing Communication
AMB260 Public Relations Theory and Practice
AMB261 Media Relations and Publicity
AMB262 Public Relations Writing
AMB360 Corporate Communication Management
AMB361 Public Relations Campaigns
AMB370 Public Relations Cases
BSB126 Marketing

**Creative Industries Minors**

**INSTRUCTIONS FOR MINORS**

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.
