HISTORY
QUT is a highly successful university with a strongly applied emphasis in courses and research. Established as a university in 1989, its predecessor institutions were among Queensland's earliest tertiary education providers. Today, with a budget of $500 million pa, the university enrolls 40,000 students in academic and professionally-oriented programs across a broad range of disciplines.

Based in Brisbane, QUT has four campuses: at Gardens Point and Kelvin Grove in the CBD, and at Carseldine and Caboolture in the growth corridor north of the city. At Kelvin Grove, a modern urban village development is integrating the campus with the community. QUT's Creative Industries Precinct and the new Institute of Health and Biomedical Innovation are part of the Kelvin Grove Urban Village, along with residential and retail development. Community teaching clinics and sporting facilities, and student accommodation are under construction in the village.

Courses are in high demand, and graduates have excellent job and career outcomes. QUT provides the largest number of bachelor degree graduates into full-time jobs in the nation and, in Queensland, is university of first choice for the greatest number of undergraduate applicants.

Academic programs from bachelor degree to PhD are offered in: Built Environment and Engineering, Business, Creative Industries, Education, Health, Humanities and Human Services, Information Technology, Law, and Science. Twenty per cent of total enrolments are at postgraduate level, and 12 per cent of students come from overseas.

QUT is recognised nationally and internationally for the relevance of its teaching and research to industry, the professions and the broader community. Employers and professional bodies have a real influence on courses, which provide students with a unique balance of theory and practical skills. This has contributed to QUT's very substantial reputation for the quality and relevance of its courses and for the use of the innovative technology in their delivery.

Over the past decade, QUT has greatly expanded its research and international profile. It leads four national Cooperative Research Centres (in diagnostics, construction innovation, engineering asset management and interactive design) and is a participant in several others. It hosts the ARC Centre of Excellence in Cultural and Media Industries.

Four multi-disciplinary institutes aim to provide high impact solutions to some of the major economic, environmental and social challenges of our time. The new Institute of Health and Biomedical Innovation draws together 700 researchers from different disciplines to bridge the gap between science and better health. Other research institutes are in the areas of information security, sustainability and creative industries.

QUT is a member of the Australian Technology Network of universities, along with RMIT, UTS, UniSA and Curtin.

MISSION
QUT's mission is to bring to the community the benefits of teaching, research, technology, and service. The University's distinctiveness lies in the approaches it takes to realise this mission, which places a strong emphasis on practical engagement with the world of the professions, industry, government, and the broader community.

QUT is committed to the highest quality in teaching, learning, research, and a wide range of professional and community activities.

The University values:

- scholarship, learning, and achievement in all student and staff endeavours
- engagement with, and responsiveness to, its diverse internal and external communities
- social justice and equal opportunity in education and employment
- a safe, supportive, and healthy working environment which supports work/life balance
- honesty, integrity, and ethical behaviour and practices
- a spirit of experimentation, innovation, entrepreneurialism, and client service.

The top priorities for the University as set in the QUT Blueprint are to:

- build research capacity in selected areas
- strengthen QUT's reputation for quality teaching and learning and provide one of the best learning environments in Australia
- strengthen the 'real-world' positioning in teaching and research through better partnerships across internal and external boundaries
- integrate information and communications technology into teaching, research, business/support functions, and infrastructure
- develop environments that foster and reward high-quality scholarship, and build a sense of community.

INFORMATION
In addition to the Handbook, the University produces a range of publications which the public can access. These include the Annual Report and the University's Manual of Policy and Procedures (MOPP). These publications are available online via QUT's web site at www.qut.edu.au or from the University's libraries.

QUT is subject to the Queensland Freedom of Information Act 1992 which commenced on 19 November 1992.

ORGANISATIONAL STRUCTURE
In 2007 the QUT organisational structure consists of the Chancellery, nine Faculties, QUT Carseldine, QUT International College, four Institutes, and five Divisions.

Faculties
Built Environment and Engineering
Business
Creative Industries
Education
Health
Humanities and Human Services
Information Technology
Law
Science

Institutes
Institute of Creative Industries and Innovation
Institute for Health and Biomedical Innovation
Institute for Sustainable Resources
Information Security Institute

Divisions
Administrative Services
Finance and Resource Planning
Technology, Information and Learning Support
International and Development
Research and Commercialisation

COUNCIL

Composition, membership, powers and responsibilities of QUT Council are governed by the QUT Act 1998 (see MOPP Appendix 1). Procedures for regulating the University's committee system, including conduct of business by Council, are detailed in Council Procedure 1 — Committees (see MOPP Appendix 2).

QUT Council comprises senior members of the professions for which QUT prepares graduates; appointees from higher education, government, commerce and industry; elected staff, students and members of Alumni; and the University's chief executive officer. Council is responsible for the good governance of the University.

Council is empowered to establish committees and to delegate power to committees or officers of the University. While Council is ultimately responsible for the management and operation of QUT, it has delegated authority to the chief executive officer, the Vice-Chancellor, and to various senior administrators of QUT for much of the day-to-day management of the University (see MOPP Appendix 3). Council has also established a number of committees, some of which have been authorised to make decisions in respect of prescribed policy and procedural matters.

COUNCIL MEMBERSHIP

Chancellor (Chair)
Major General P. (Peter) Arnison, AC, CVO (Retd), BEc DLaws Qld, DUniv Griff, DLetters S Qld, DUniv, FAICD, ASIA

Vice-Chancellor
Prof P. (Peter) Cochrane, BA(Hons) James Cook, PhD Griff, FAICD, FRIPAA

Chair of University Academic Board
Prof D. (David) Gardiner, BA LLB LLM(Hons) Syd. Deputy Vice-Chancellor.

Nominees of the Minister for Education
Dr T. (Terry) Cutler, BA(Hons) Melb, PhD NSW, DUniv. Principal, Cutler & Company Pty Ltd
Ms H. (Helen) Guer, BComm Qld, MBA S Qld CPA, Chief Executive Officer, Tarong Power
Mr K. (Keith) Hilless, BE(Elec) Qld. Chairman, Ergon Energy
Mr S. (Stephen) Keim, BA LLB(Hons) Qld. Barrister
Prof A. (Anne) Kelso, BSc(Hon), PhD Melb. Director, CRC for Vaccine Technology
Mr John Puttick, DUniv QUT, FAICD, FAIM. Chairman, GBST Holdings Limited
Dr C Sarra, DipTeach BEd MEd QUT, PhD Murd. Director, Institute for Indigenous Leadership and Development
Ms R. (Rosemary) Vigan, DipSupMgt Macq, BBus, FASFA, FAICD. Chief Executive Officer, Government Superannuation Office; Executive Officer, QSuper

Nominees of Council
Dr D. (Doug) McCaughran, BEd ANU, MA PhD Chicago, FAICD, FAIM. Chief Executive Officer, Queensland Investment Corporation
Mr H. (Hugh) Naider, B Bus (Acc), MICA, MASCPA, MAIMM. Partner, PricewaterhouseCoopers

Elected Professional Staff Members
Mr C McCowan, OAM, CertT QUT, BEd DipPsych MEd Qld. Manager, Careers and Employment, Division of Administrative Services
Ms D. (Denise) Redfern, BA W Aust, Hons UCQ, DipEd Syd, GradCert(Services Comm) C Qld. Faculty of Built Environment and Engineering

Elected Academic Staff Members
Professor S Danby, DipT QUT, BEdSt Qld, MEd Loyola, PhD Qld. Professor, School of Early Childhood
Mr R. (Ross) Daniels, BA(SocWk) BA(Econs) MSPD Qld. School of Humanities and Human Services, QUT Carseldine
Prof J. (John) Gough, MSc PhD Well. Faculty of Information Technology
Professor Rodney Wolff, BSc(Hons) Qld, DPhil Oxon, CStat RSS. Professor, Faculty of Business

Elected Student Members
Mr D Doran, President, QUT Student Guild
Ms N Locke, General Secretary, QUT Student Guild.

Elected Alumni Members
Mrs M-C. (Marie-Claire) Grady, BBus(HRM) MBus. Strategy Advisor, Human Resources, Suncorp
Dr G. (Graham) Drummond, Dip(C Eng) Grad-Dip(BusAdmin) DUniv. Professional Director.

Secretary
Dr C. (Carol) Dickenson, BBus Q/T, PhD Qld. Registrar.

One vacant position of person appointed by the Governor-in-Council existed during 2007.

COMMITTEES

QUT committees form the major decision-making structure of the University and student representation is provided for on both University and faculty committees. The major University committees that have student representation as part of their membership are:

- Academic Policy and Procedures Committee
- Appeals Committee
- Community Engagement Advisory Committee
- Discipline Review Panel
- Equity Board
- QUT Council
- Research Degrees Committee
- Teaching and Learning Committee
- University Academic Board.

QUT encourages student representation on the above committees. If you are interested in finding out more about University committees contact Governance Services on 07 3138 2088.
CHANCELLERY
Vice-Chancellor: Professor O.P. Coaldrake, BA(Hons)
James Cook, PhD Griff., FAIM, FRIPAA
Deputy Vice-Chancellor (Academic): Professor D.G. Gardiner, BA LLM(Hons) Syd.
Acting Director, Academic Policy and Programs Unit: Professor S. Towers, BEd WACAE, MEd UWA, PhD QUT
Director, Assurance and Risk Management Services: S. Patel, BA(Acctg) S.Pacific, CPA

The University may award medals known as Queensland University of Technology Medals to graduands of certain courses who have achieved an exceptionally high level of performance in their studies.

For the award of a medal, a graduand should have normally achieved a minimum grade point average of 6.5 across all units and thesis where such is required. Medals are awarded by the Registrar, on behalf of University Academic Board, on the recommendation of the relevant faculty academic board. The medal should be testimony that the recipient not only shows exceptional academic promise at the time of the award, but also exhibits an exceptional and consistent record of achievement throughout the whole of the degree.

Eligibility to be considered for the award of a University Medal is limited to:

- graduands of 'end-on' honours degrees where performance in the related bachelor degree is also taken into account
- graduands of degrees with honours, including components of double degree programs where awards with honours are made
- graduands of bachelor degrees of at least three years normal duration where no honours award is available, including relevant components of double degree programs where no honours award is available.

In completing one of the above degrees, graduands must have been enrolled at QUT for at least two years of full-time study or equivalent. The two years of study at QUT must be directly relevant to the course for which the medal is awarded.

For graduands of double degrees, University medals are awarded as appropriate for each of the component degrees.

As the University medal is awarded only for distinguished achievement, University Academic Board has indicated as a guide to faculties that the proportion of graduands who may receive medals in any year should normally be not more than one per 200 bachelor-level graduands (or part thereof) per faculty.

The award is a silver medallion, suitably embossed and inscribed, together with a certificate attesting the award. The medallion is 5.5 centimetres square with rounded corners. The QUT logo is embossed one side and the reverse carries an inscription citing the year of the award and the name of the awardee. Further details may be placed on the certificate.

### ACADEMIC AND STUDENT SUPPORT SERVICES

#### Careers and Employment

Careers and Employment (C&E) assists prospective and enrolled students, as well as recent graduates, to make informed course and career decisions in order to reach their employment goals.

The C&E web site (http://careers.qut.edu.au/) is accessible to all QUT students and staff and provides:

- immediate, international, graduate and vacation job listings
- help on making course and career choices
- graduate destinations information
- employment preparation resources
- career planning web site
- international discussion forum and work placement scheme information
- career resources for postgraduate students
- employer listings
- online resume builder
- workshops schedule
- career mentor scheme information
- online employer services
- work experience insurance information
- links to other useful web sites

For contact details and other services offered, go to the C&E web site (http://careers.qut.edu.au/).

#### Chaplaincy

The University caters for the emotional and spiritual needs of students through the provision of chaplaincy services. The chaplaincy centres are ecumenical and, although the chaplains represent the major Christian denominations, they are also available to people of other religions. The chaplains are available at any time and are happy to discuss matters of a spiritual, religious, ethical or personal nature.

A chapel is available at the Gardens Point and Kelvin Grove campuses for quiet prayer, worship services and prayer meetings. The centre has a room with tea and coffee making facilities. At Gardens Point, there is also a Muslim Mosque in rooms adjacent to the main chaplaincy rooms.

At Carseldine campus, the chaplain conducts weekly visits and ecumenical services as well as periodic Catholic Mass.

Chaplaincy Service locations:

- Carseldine Room
  - C310
- Gardens Point
  - Old Government House (near entrance to the Library and U Block)
- Kelvin Grove
  - Room A131 (ground floor near the Library)

You can also contact the chaplain on 07 3138 2700, mobile: 041 464 2700 or email: bj.clarke@qut.edu.au

#### Computing and Technology Services

The Student Computing Guide covers essential computing information for QUT students. The guide is available on
the web at www.scg.qut.edu.au. Details on finding student computer labs, using email, setting up your computer passwords etc can be found in this guide.

**QUT Virtual** is a large, integrated database that contains information relating to QUT students and their courses. Each student has a personal profile within QUT Virtual which displays information personalised to them. QUT Virtual is accessed using your QUT Access username and password. More information is located on the Student Computing Guide web site.

Features found within QUT Virtual include:
- online continuing and change to enrolment forms
- class timetables
- class allocations
- unit outlines
- booklists
- library borrowing information
- Internet access quota balances and usage history
- exam timetables
- exam results and academic history

QUT Virtual is located at: https://qutvirtual.qut.edu.au

**Internet access**: Each semester QUT provides students with a free Internet Access Service allocation to cover educational needs. Details about accessing and using the Internet through QUT can be found at https://ias.qut.edu.au/

**Email**: All students are given access to the QUT student email service.

The student email service is accessed and used through the World Wide Web. Webmail is located at http://email.qut.edu.au. More information about using email at QUT is available at www.scg.qut.edu.au

**IT Helpdesk**: This service provides phone support for students and staff using QUT’s computing systems, needing to change passwords etc. Phone 07 3138 4000.

**Student Computing Labs**: Students can access the Internet, email, databases, lecture notes, tutorials and much more in the central student computing labs on each campus. Lab advisors are on hand in some central labs to provide assistance.

**Audiovisual Equipment**: Students have access to video camcorders, still cameras, mini-disk recorders, video projectors and a range of other equipment through the Audiovisual Services outlets at each campus. Studio and video duplication, video conversion, video editing and audio recording are also available. (In most cases prior approval from your lecturer is required. Hire fees apply without this approval).

**Counselling Service**

Counselling Services provides professional, confidential and free counselling to students. Students are welcome to contact Counselling Services to make use of the following services:

- **Personal counselling**: Counselling Services provides opportunities for students to discuss in confidence issues and concerns including personal development/growth, relationship/family difficulties, stressful situations, grief, personal concerns, study and course difficulties.

- **Welfare and advocacy**: Counselling Services offers information, advisory, advocacy and referral services on a range of matters including finance, AUSTUDY, loan schemes, QUT rules, and procedures and policies. In certain cases, counsellors may provide a supportive, mediating and advocacy role in assisting you with problems or difficult issues relating to general welfare.

- **Probation or withdrawal**: students placed on probation or considering withdrawal from their course are strongly advised to discuss issues related to this situation with a counsellor.

- **Workshops**: occasionally workshops are offered through the Service. Details of these may be obtained from Counselling Services on each campus.

Students wishing to make an appointment should telephone or visit the Counselling Service at the campus most convenient to them.

**Appointments**: Students wishing to make an appointment should telephone or visit the Counselling Service at the campus most convenient to them. Appointments are available in two forms. A walk-in service of short appointments is available daily at each campus (note that Carseldine counselling service is only open Monday to Wednesday during semester). Longer appointments of 50 minutes are available for students who require more time.

Counselling Service locations:
- Carseldine Level 2, C Block
- Gardens Point Ground Floor, Y Block
- Kelvin Grove Level 4, C Block
- Phone: 07 3138 3488
- Web: http://www.counselling.qut.edu.au/web/

**Equity Programs and Services**

QUT strives to support cultural and social diversity in our student body by providing a learning environment which:

- promotes the principles of equity and social justice
- is inclusive and supportive of people from all backgrounds
- is free from discrimination and harassment.

QUT provides a range of support programs to help remove barriers to success faced by some students including:

- **students from low income backgrounds**: admission, orientation and support services through the Q-Step Program. Phone: 07 3138 3731. Also the Equity Section provides information on a range of financial support measures aimed at low-income students including Commonwealth Learning Scholarships, Equity scholarships and bursaries. Information on faculty-based scholarships and prizes is also available, as well as other financial support measures across the university. Phone 07 3138 5601 for more information on financial support measures or go to the Equity Section web site.

- **Aboriginal students and Torres Strait Islander students**: admission, orientation and support services coordinated by the Oodgeroo Unit. Look out for details on Aboriginal and Torres Strait Islander pre-orientation activities in the Orientation Program. Phone: 07 3138 3610
Carseldine  
Level 2, C Block  
Hours: 9am-4pm

Gardens Point  
Level 1, A Block  
Hours: Mon-Tues 9am-5.30pm, Wed-Fri 9am-5pm

Kelvin Grove  
Level 6, F Block  
Hours: 9am-5pm

Student Centre staff assist students with enquiries regarding admission, academic credit, enrolment, fees, student ID cards, transport concessions and other student administration or general enquiries. Student Centres are also the place to obtain and lodge Student Services application forms and other general forms.

Hours will be extended in peak periods. Please refer to the Orientation Program for details.

Marketing lounges

Marketing lounges have been conveniently placed in Student Centres at Gardens Point, Kelvin Grove and Carseldine campuses. Electronic, self-help facilities allow prospective and current students to find course information and browse the QUT website. A wide range of course information brochures and booklets are also provided.

QUT Information

QUT Information is a phone service that assists students with student administration and other general student matters.

When you graduate from QUT, you will become a member of the University’s Alumni. QUT Alumni promotes friendly communication and cooperation among the University’s graduates, students, faculty staff and close associates. Membership of QUT Alumni is free.

The Alumni Office at QUT provides services and programs for graduates to enhance professional development, promote lifelong learning, and create opportunities for keeping in touch with other graduates and continuing involvement with the University. As a current student of QUT, you can benefit from the news, programs and services organised by QUT Alumni for the University community.

The Alumni web site (http://www.alumni.qut.edu.au/) provides useful information about QUT Alumni and its sponsored activities. Visit the site to:

- discover how to participate in the Mentor Scheme, which is an opportunity for current students to link with graduates for encouragement and support and to get a practical start to understanding the workplace
- learn about the QUT Alumni Student Leadership Awards that recognise students of QUT for their contributions to the University and the wider community and discover how you could become the QUT Alumni Student Leader of the Year
- explore QUT Links magazine online. QUT publishes this magazine for its Alumni, close associates and interested members of the University community including business and industry professionals. The magazine profiles successful graduates and provides information on what’s happening in the lives of QUT Alumni members as well as what is happening at QUT
- discover the latest news on Alumni events and other activities for graduates by checking out the events listing at QUT Events
- learn about the Outstanding Alumni Awards which recognise graduates who have performed exceptionally in their chosen career and who have made outstanding contributions to the community
- learn about the existing Alumni Chapters at QUT
- find out about the benefits and services that the University has to offer its Alumni
- find out about the Alumni Annual Appeal that supports University projects, in particular scholarships for disadvantaged students.

Giving to QUT

QUT is proud of the strong support it receives from the community.

Alumni, individuals, corporations, foundations and government give generously to the University’s teaching, research and community outreach activities.

This ensures support for students through scholarships and prizes, an improved learning environment and world-leading research that solves real world problems.

Donations to QUT are fully tax deductible. Bequests for general or specific purposes may also be made to the University. For further information visit the giving web site or contact QUT Development on 07 3138 1838.

Monday to Friday, 8.30am-5pm

Student Ombudsman

Dr Neville Bofinger is your QUT Student Ombudsman, an independent officer of the University, fully supported by the Vice-Chancellor for the purpose of assisting you to resolve grievances. The Student Ombudsman is available to discuss your concerns, particularly those associated with administrative or academic decisions that affect you, and to provide you with relevant advice or assistance. The Student Ombudsman can become involved in resolution processes through mediation, negotiation, conciliation or representation, as appropriate, and may also assist you by referring you to other sources of assistance, either internal to the QUT or external agencies. This is a free and confidential service.

If you have any issues concerning fair treatment by staff or other students, proper application of procedures or resolution of complaints, then you should not hesitate to contact the Student Ombudsman.

QUT HANDBOOK 2007 - Page 12
QUT Gardens Cultural Precinct, located at the University’s Gardens Point campus, is situated on one of Queensland’s most central and historically important sites. The Precinct encompasses QUT Art Museum, one of Australia’s most sophisticated contemporary art museums; Gardens Theatre, with a 400 seat state-of-the-art theatre; and Old Government House.

This world class facility for performing and visual arts was launched in July 2000 providing the community with accessible venues to enjoy and nurture the talents of our artists, craftsmen, musicians and performers. It also hosts a broad-based education program through which participants gain valuable insights into their arts and cultural heritage.

Gardens Cultural Precinct is at the centre of a circuit of culture and recreation incorporating the South Bank precinct with its parklands and cultural centre; the city heart with its galleries and shopping; and Gardens Point itself with its Botanic Gardens, Riverstage, historic campus buildings and Parliament House.

In addition to the core activity of exhibitions and performances, Gardens Cultural Precinct offers unique arts-based educational programs that provide practical ways for Queensland University of Technology to extend the benefits of its knowledge, research and services to the wider Queensland community. These programs have a practical emphasis and include hands-on sessions with curators, artists talks, activity booklets, guided tours and demonstrations.

Gardens Cultural Precinct also offers a choice of stunning spaces for hire. QUT Art Museum provides an elegant and sophisticated space for cocktail parties; Gardens Theatre provides a picturesque and spacious function area, within the glass walled foyer overlooking the City Botanic Gardens; and Old Government House adds heritage glamour to any event.

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

Gardens Theatre

Gardens Theatre is a premium and versatile venue offering an annual program of student and professional productions.

Featuring a spacious foyer overlooking the City Botanic Gardens and an auditorium that seats 400, Gardens Theatre provides an intimate performance space for both QUT Creative Industries’ presentations as well as local and visiting drama, music and dance productions.

During 2006 it will offer a regular program of professional theatre productions, comedy and children’s theatre, as well as QUT Showcase productions.

This state-of-the-art venue is located on QUT’s Gardens Point campus at the heritage end of George Street in Brisbane’s CBD. Acknowledged as one of the city’s premier performing arts venues, Gardens Theatre also features exceptional facilities for audiences including a licenced bar, palm tree atrium, disabled access and a Bar Merlo café.

Gardens Theatre facilities and foyer area are available for hire (subject to availability).

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

Box Office
Open Monday - Friday (9am - 6pm) and one hour prior to all scheduled performances.

QUT Art Museum

QUT Art Museum is an important cultural facility for the city of Brisbane. The Museum plays a vital role in the educational and intellectual life of the University. It houses a significant art collection that has become a valuable cultural resource for the students and staff of the University, and for the wider community.

The collection is one of the largest in Queensland and contains holdings of great quality and diversity, mostly by Australian artists. It includes fine early paintings, choice ceramics and prints, important examples of indigenous art and challenging contemporary works in a range of art forms.

As part of its exciting and dynamic program the Art Museum offers changing exhibitions drawn from the collection, touring exhibitions from other galleries and collections, and works from several creative academic disciplines within the University. The Museum’s educational services are designed to complement and enhance the exhibitions program for the benefit and enjoyment of the public.

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

Museum Hours
Tuesday - Friday: 10am – 5pm
Wednesday: until 8pm
Saturday - Sunday: 12noon – 4pm
Closed Mondays and Public Holidays

Old Government House

Old Government House was the official residence of the Governors of Queensland from 1862-1909. Since that time the house has been occupied by the University of Queensland; the National Trust of Queensland; and Queensland University of Technology's predecessor institutions, Central Technical College and Queensland Institute of Technology,
Old Government House is owned by the Queensland Government. In October 2002, a Heads of Agreement was signed between the Queensland Government, National Trust of Queensland and Queensland University of Technology for the future conservation, management and use of Old Government House.

QUT has accepted responsibility for the continued enhancement of Old Government House and the accompanying grounds in accordance with the Government’s Conservation Plan.

To celebrate its history and advance knowledge of Queensland’s architectural, political and educational heritage, QUT has opened the doors of Old Government House to provide a welcoming environment for all Queenslanders and visitors to enjoy and learn about the building and its site. Guided tours are available on request.

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

The QUT Student Guild fosters the welfare of all QUT students and protects their rights. It advocates for students who experience difficulties during their time at QUT and represents all students on various University committees. Being a member of the Student Guild is like having an insurance policy; the Guild exists to help students deal with issues that may negatively impact on their performance at QUT.

The QUT Student Guild is owned and operated by and for students.

The Student Guild is governed by Guild Council which consists of the Executive (President, General Secretary, Education Director, International Student Services Director, Women’s Services Director, Welfare Services Director, Recreation Director, Indigenous Services Director, Queer Services Director, and three Campus Directors), campus representatives, and specialist representatives (for part-time and external students, Aboriginal and Torres Strait Islander students, and postgraduate students).

Members of the Guild Council are elected at the annual general election and all students are eligible to stand for positions at the election. Students are also able to nominate and vote for campus coordinator positions to help organise activities and services on campuses.

The Student Guild sends representatives to express students’ views to many University committees, including the University Academic Board.

The QUT Student Guild is an organisation which offers support, advocacy and representation to all students at QUT on issues ranging from academic appeals to lobbying the state and federal governments on higher education issues. Quite often, access and equity to education can be affected by government policy. The Student Guild will often call on its members to attend rallies to stop regressive changes to the education system. The Student Guild fully supports a free public education system where everyone has equal access.

The QUT Student Guild also operates several commercial services across all campuses. These consist of the Guild Fitness Centres, Guild Bars, Guild Aquatic and Squash Centre, Guild News and Post Office, the Guild Child Care Centres and Creche, Academic Gown Hire and the Guild Second Hand Textbook Shop.

The Guild has a presence on the web which can be accessed at www.guildonline.net. All of the Guild’s services are listed there along with an events page where students can find out what is happening on their campus as well as up-to-date accommodation and part-time employment listings.

INTRODUCTION

The QUT Student Rules published here were approved by QUT Council on 23 October 2002, following a major review. Detailed information about procedural aspects of these rules can be obtained by accessing relevant topics at Student Services website or by contacting the Student Business Services Department.

For information on the University’s admission policy and procedures, please refer to the various booklets available from QUT’s Student Business Services.

STUDENTS ARE WARNED THAT PENALTIES (INCLUDING FINES, SANCTIONS, WITHHOLDING RESULTS, EXCLUSION OR EXPULSION) MAY BE IMPOSED ON STUDENTS WHO CONTRAVENE THESE OR ANY OTHER QUT RULE OR POLICY, OR WHO FAIL TO MEET THEIR OBLIGATIONS (INCLUDING FAILING TO PAY PRESCRIBED FEES, LATE FEES OR FINES, OR FOR FAILING TO RETURN LIBRARY/FACULTY MATERIALS OR EQUIPMENT).

These Student Rules are made pursuant to:
- QUT Statute No. 1 (Course of Study) 1999
- QUT Statute No. 2 (Student Discipline) 1999
- QUT Statute No. 3 (Fees) 1999

They should also be read in conjunction with:
- Schedule 1 to the QUT Act 1998, Conduct on University Land. This Schedule authorises certain University officers to direct disorderly persons or those creating disturbances to leave the University. A person failing to comply with such a direction may be fined
- Information Facilities Rules (pursuant to QUT Statutes 2 and 3, and to the relevant staff conditions and awards)

THE RULES

PART 1 - PRELIMINARY

Division 1 - Interpretation

Definitions

In these rules:
‘assessment’ means work (for example, an examination, assignment, practical, performance) which a student is required to complete for any one or more of the following purposes -
(a) the fulfilment of an educational purpose (for example, to motivate learning, to provide feedback);
(b) to provide a basis for a record of achievement or certification of competency;
(c) to permit grading.

‘award course’ means a program of study leading to the award of a degree, diploma or certificate accredited by QUT.

‘cancellation of enrolment’ means that a student has discontinued an award course or a program of non-award studies.

‘course coordinator’ includes a staff member performing the functions of course coordinator specified by the director, QUT international college.

‘course requirements’ means the specific requirements for completing an award course approved by university academic board and includes the following -
(a) the course structure;
(b) any conditions for enrolment in or for completion of particular units required for the course;
(c) any conditions for academic progression through the course;
(d) any requirements for attendance type or mode of study.

‘dean’ means the executive dean of the faculty having responsibility for a unit or an award course and includes -
(a) the executive director, northern campuses, in the case of a unit or an award course for which that officer is responsible; and
(b) the director, QUT international college, in the case of a program of non-award studies for which the director is responsible.

‘faculty academic board’ means the body established by university academic board to manage academic policy and practices within the faculty or QUT Carseldine.

‘international student’ has the same meaning as ‘overseas student’ in the Higher Education Support Act 2003 (Cwth).

‘non-award studies’ means a unit or group of units which a student undertakes at the university other than as part of an award course of QUT.

‘QUT’ means the Queensland University of Technology.

‘registrar’ means the university’s chief administrative officer.

‘unit coordinator’ includes a staff member performing the functions of unit coordinator specified by the director, QUT international college.

‘university academic board’ means the body established by council to provide leadership on academic policy and practices of QUT.

Teaching period and teaching periods

(1) In these rules, ‘teaching period’ means a designated period of weeks in which the program of study and instruction for a unit or an award course is undertaken.

(2) The vice-chancellor approves the academic calendar for each year.

(3) The registrar -
(a) designates the teaching periods in which programs of study or instruction may be offered; and
(b) sets the dates for teaching periods within the academic calendar; and
(c) designates unit addition and withdrawal periods in Schedule 1; and
(d) sets the dates for unit addition and withdrawal in accordance with Schedule 1.

Attendance type and mode

(1) A student’s attendance type is normally designated as full-time if the enrolment program for the teaching period is -
(a) in the case of a student enrolled in an award course, at least 75 per cent of the number of credit points for a standard enrolment program load for full-time enrolment in that course in a teaching period; or
(b) in the case of a student undertaking non-award studies, at least 75 per cent of the number of credit points for a
standard enrolment program load designated by the registrar for that purpose.

(2) If a student's enrolment program load is less than the amount specified in rule 2(1), the student's attendance type is normally designated as part-time.

(3) Addition or withdrawal of units in accordance with division 2 of part 3 of these rules may be deemed by the registrar to change a student's attendance type.

(4) For the purposes of these rules and for course requirements, a student's attendance mode is designated as -

(a) internal, where instruction or supervision in all units in which the student is enrolled in a teaching period is delivered by attendance at a place designated by the registrar as a campus of the university; or

(b) external, where instruction or supervision in all units in which the student is enrolled in a teaching period is delivered other than by attendance at a campus of the university (for example, by posting instructional materials to the student); or

(c) multi-modal, where instruction in some, but not all units, is in internal mode.

Division 2 - Students' responsibilities under these rules

Student responsibility or compliance with these rules and other requirements

(1) It is the student's responsibility to do all acts associated with admission, enrolment and academic progression in compliance with these rules, including, but not limited to -

(a) providing information to the university under rule 7(2), including statistical information and a mailing address; and

(b) re-enrolling at the university each year; and

(c) submitting an appropriate enrolment program and rectifying any known discrepancies with the enrolment program.

(2) In the case of international students, the student must also comply with any requirements for enrolment or study at the university specified in the Educational Services for Overseas Students Act 2000 (Cwlth), including, but not limited to -

(a) any requirements relating to attendance type or mode; and

(b) any conditions for enrolment programs and progress through an award course; and

(c) any conditions relating to leave of absence.

PART 2 - ADMISSION

Application or admission

(1) A person must apply for admission to the university before first enrolling in an award course or non-award studies.

(2) Except where specified by the registrar, a person must apply for admission before each teaching period in which they propose to enrol in non-award studies.

(3) A person who seeks to re-enrol in an award course must apply for re-enrolment following -

(a) cancellation of enrolment in an award course or program of non-award studies; or

(b) an unapproved period of absence; or

(c) a period of exclusion from an award course imposed under part 6 of these rules.

(4) The registrar must prescribe the dates for and the manner of applying for admission to the university.

Criteria or admission

(1) University academic board may specify general requirements to be met by a person applying for admission to the university.

(2) The faculty academic board having responsibility for an award course must specify minimum course entry requirements and may specify different requirements for different major areas of study within an award course.

(3) The registrar determines the maximum number of persons to be offered admission to the university.

O er o admission

(1) The registrar makes offers of admission.

(2) An offer of admission may be conditional upon the person providing documents or fulfilling other requirements specified in the offer.

(3) The registrar may withdraw an offer of admission and reject enrolment where -

(a) the person fails to provide documents or to fulfil other requirements specified in the offer of admission; or

(b) the offer of admission has been made as a result of the provision of incomplete or inaccurate information by the person or a certifying authority; or

(c) the person fails to submit an enrolment program in accordance with the offer of admission by the specified date.

PART 3 - ENROLMENT

Division 1 - General requirements for enrolment

Enrolment procedures

(1) The registrar -

(a) must prescribe closing dates for submission of an enrolment program for each teaching period; and

(b) may prescribe different closing dates for different categories of students.

(2) The registrar must prescribe the manner of submitting the enrolment program, and the information to be included with the enrolment program.

(3) For each teaching period, the registrar must -

(a) publish the closing dates for addition or withdrawal of units in accordance with schedule 1; and

(b) specify the manner of submitting changes to the enrolment program.

Valid enrolment

(1) Subject to rule 8(2), enrolment in any teaching period means that the student has submitted an enrolment program for study, instruction or research at the university in that teaching period.

(2) A student is validly enrolled upon -

(a) submission of an enrolment program for the teaching period by the specified date or such later time as permitted by the registrar; and

(b) acceptance of the enrolment program by the registrar; and

(c) payment of fees and charges required under these rules by the specified date or such later time as permitted by the registrar; and

(d) fulfilment of any other requirements specified in these rules.
(3) The registrar may reject a student’s enrolment where the student has not met all of the requirements of rule 8(2).

Division 2 - Enrolment programs

Requirements or enrolment programs

(1) A student’s enrolment program must comply with the general requirements specified in this division.

(2) In the case of a student enrolled in an award course, the student’s enrolment program must also comply with the course requirements.

Addition of a unit to enrolment program

Subject to the requirements of this division, a student may add a unit to their enrolment program in a teaching period if -

(a) the unit is added by the addition date published in accordance with schedule 1; or
(b) where the student proposes to add the unit after the addition date published in accordance with schedule 1 -
(i) the student pays the administrative charge specified in schedule 2; and
(ii) the unit coordinator agrees to the addition of the unit; and
(iii) the registrar is satisfied that the student has demonstrated that exceptional circumstances for addition of the unit exist.

Withdrawal from enrolment

(1) Subject to the requirements of this division, a student may withdraw from enrolment in a unit -
(a) by the withdrawal date published by the registrar in accordance with schedule 1 - without academic penalty; or
(b) after the withdrawal date published by the registrar in accordance with schedule 1 - with academic penalty.

(2) Despite rule 11(1)(b), the registrar may permit withdrawal without academic penalty if, following advice from the dean, the registrar is satisfied that the student has demonstrated that exceptional circumstances for withdrawal from the unit exist.

(3) In this section, ‘academic penalty’ means that the unit in question is awarded a failing grade.

Required ip between units of study

(1) Course requirements may specify any of the following conditions for enrolment in a specified unit -
(a) a student must have achieved a passing grade in a prerequisite unit before enrolment in the specified unit;
(b) a student may enrol in the specified unit only if -
(i) the student also enrols in a corequisite unit at the same time; or
(ii) the student has previously achieved a passing grade in the corequisite unit;
(c) a student must not enrol in the specified unit if the student has achieved a passing grade in an incompatible unit.

(2) A unit coordinator may permit a student to enrol in a specified unit without having satisfied the condition listed in rules 12(1)(a) or 12(1)(b) if the unit coordinator is satisfied that the student has demonstrated sufficient knowledge to undertake the unit.

(3) In this section, an ‘incompatible unit’ means a unit in which the subject matter or the body of learning is substantially similar to that included in the specified unit.

A minimum and maximum enrolment program load

Course requirements may specify either or both of the following:
(a) the maximum number of credit points for full-time enrolment;
(b) the minimum number of credit points for part-time enrolment.

Time limits or completion of an award course

University academic board must specify time limits for completion of an award course, and may impose different time limits for different categories of courses.

Acceptance of enrolment program

The registrar may not accept a student’s enrolment program in any of the following circumstances -
(a) the student has not enrolled in accordance with their offer of admission, including, where specified, major area of study, attendance type, attendance mode and location of study;
(b) if the student is enrolled in an award course, the student has not submitted an enrolment program which is consistent with course requirements;
(c) except where permitted by the course or unit coordinator, as the case may be, the student has not complied with the requirements of division 2 of part 3 of these rules;
(d) if the student is enrolled in an award course, the student has not met the requirements of part 6 of these rules;
(e) the student is subject to a penalty imposed under rule 29 or Statute No 2 (Student Discipline) 1999 which prohibits their enrolment in the current teaching period;
(f) the student is in breach of any other statute or rule of the university which specifies rejection or suspension of enrolment as a penalty.

Modification of enrolment program

The registrar may amend an enrolment program, after consultation with the course coordinator, if any of the following conditions exist -
(a) the student has not complied with the requirements of rule 13;
(b) the student has not complied with other course requirements;
(c) the student cannot attend classes or meet other unit requirements due to timetabling incompatibility;
(d) the student has not complied with any conditions of probationary enrolment imposed under part 6 of these rules.

Division 3 - Credit

Credit or previous studies

(1) University academic board may specify the amount and type of credit for previous studies which may be granted in award courses, and may specify different amounts of credit for different categories of award courses or students.

(2) The registrar must specify the procedures to be followed, and the documentation to be supplied, by students applying for credit.

(3) The course coordinator must determine the amount and type of credit to be granted in accordance with university academic board determinations.

Division 4 - Discontinuation or interruption of enrolment

Leave of absence
(1) A student must notify the registrar if they wish to cancel their enrolment in an award course or non-award studies.

(2) A student who cancels their enrolment is deemed to have withdrawn from enrolment in all units in their enrolment program in accordance with rule 11.

PART 4 - FEES

De initiation or this part

In this part:

'HES Act' means the Higher Education Support Act (Cwth) as amended from time to time.

'student contribution amount' means an amount being the contribution for the teaching period in question determined by the university in accordance with the HES Act.

Imposition of fees and charges

(1) Except as specified under the HES Act, the university may impose student contribution amounts and fees for enrolment and study at the university, or for services and facilities associated with enrolment and study, and may impose different student contribution amounts and fees for different categories of students.

(2) The officer or body listed in schedule 2 sets the student contribution amounts and fees.

(3) For each teaching period, the registrar must prescribe the dates for payment of student contribution amounts and fees.

(4) A student must pay the student contribution amounts and fees specified in these rules by the prescribed dates.

(5) A student is not validly enrolled unless all student contribution amounts and fees specified in these rules have been paid, including any additional student contribution amount or tuition fee required to be paid as a result of addition of a unit to a student's enrolment program in accordance with rule 10.

Repealed

Liability or a student contribution amount

(1) Except as specified in the HES Act, a student who enrols in any teaching period in a unit or units for an award course is liable for a student contribution amount.

(2) A student who is liable for a student contribution amount must submit a Commonwealth assistance form specifying the method for payment of the contribution in any of the following circumstances:

(a) when the student first enrolls at the university;
(b) when the student changes to another award course;
(c) if the student elects to pay the contribution by another method.

(3) For each teaching period, the registrar must prescribe the date for submission of the Commonwealth assistance form.

(4) Except as specified in the HES Act, a student may discharge a liability for a student contribution amount by —

(a) paying the required amount directly to the university by the date specified by the registrar; or
(b) supplying a tax file number to the university; or
(c) a combination of (a) and (b).

Tuition fee

(1) This rule applies to students who are not liable to pay a student contribution amount for a teaching period or a unit.

(2) A student (other than an international student) who enrolls in a unit or units must pay the tuition fee specified in schedule 2.

(3) A visiting student (other than a visiting international student) who enrolls in a unit or units must pay the tuition fee specified in schedule 2, except that the dean may specify a different fee for students undertaking a designated enrolment program.

(4) An international student must pay to the university, for each teaching period, the international student tuition fee specified in the offer of admission.

(5) Where the HES Act specifies, a student who is normally liable to pay a student contribution amount may be required to pay the tuition fee specified in schedule 2 for enrolment in a particular teaching period or unit.

(6) For this rule —

a 'visiting student' means a student who enrolls in non-award studies, but does not include a cross-institutional Commonwealth supported student who enrolls in a unit or units at QUT to obtain credit towards an award course at another Australian university.

'Commonwealth supported student' means a student who is liable to pay a student contribution amount for a unit or units for an award course in accordance with the HES Act.

Incidental fees

(1) A student or a person applying for admission must pay the relevant incidental fee prior to taking the action or requesting the service listed in schedule 2.

(2) If the fee has not been paid, the student's action or request for the service has no effect.

Cancellation fee and refunds

(1) The university may retain a proportion of student contribution amounts or fees paid by a student as a charge for cancellation of enrolment, and may impose different cancellation fees for different categories of students.

(2) Schedule 2 specifies the amount which will be retained by the university where a student cancels their enrolment in a unit or units.

(3) A student who withdraws from enrolment in a unit or units must apply by the date specified by the registrar for a refund of student contribution amounts or fees paid to the university.

Exemption or deferment of payment of fees

(1) The vice-chancellor must specify the circumstances in which students may be granted exemption from payment of fees.
(2) The registrar determines whether a student may be granted exemption from payment, either in whole or in part.

(3) The registrar may permit a student to defer payment of fees for a specified time during a teaching period.

**Consequences of non-payment of fees and charges**

Except where action is taken by the registrar under rule 26A, the registrar may do either or both of the following if a student does not pay by the specified date the full amount of fees required by the university under this part –

(a) reject the student's enrolment in accordance with rule 8;
(b) require the student to pay an incidental fee specified in schedule 2.

**PART 5 - ASSESSMENT**

**Division 1 - General requirements for assessment**

**Notice of assessment requirements**

A student who is enrolled in a unit must receive notification of assessment requirements in the manner and by the time prescribed by university academic board.

**Academic dishonesty**

(1) A student must not act in a manner which constitutes academic dishonesty.

(2) Academic dishonesty means an action or practice which may compromise or defeat the purposes of assessment, and includes, but is not limited to -

(a) cheating, or attempting to cheat;
(b) plagiarism;
(c) misrepresenting or fabricating data or results or other assessable work;
(d) breaching requirements specified by university academic board under rule 32 for conduct during examinations, in a way that may compromise or defeat the purposes of the assessment.

(3) University academic board may prescribe procedures for investigating allegations of academic dishonesty.

(4) The penalties for academic dishonesty are -

(a) mark reduction or zero mark for an assessment item; or
(b) awarding of a failing grade in the unit in which academic dishonesty is detected; or
(c) awarding of a failing grade in the unit in which academic dishonesty is detected and in another unit or all other units undertaken in that teaching period; or
(d) suspension from the university for a specified period of time, together with the allocation of failing grades specified in rule 29(4)(c); or
(e) permanent expulsion from the University together with the allocation of failing grades specified in rule 29(4)(c).

(5) The dean may impose the penalties listed in rule 29(4)(a) and 29(4)(b).

(6) The registrar may impose any of the penalties listed in rule 29(4).

**Division 2 - Examinations**

**Availability or examinations**

(1) A student must be available to undertake an examination -

(a) at the time and place specified for the examination in the central examination period; and

(b) at any other time specified for an examination in the notification of assessment requirements.

(2) The registrar publishes an examination timetable for each central examination period.

(3) In this rule, ‘central examination period’ means a period of at least 2 weeks at the end of each semester or other teaching period designated for conducting examinations.

**Conduct during examinations**

A student who holds religious convictions which preclude attendance at an examination at the time specified in the published examination timetable, may apply in the manner prescribed by the registrar for an alternative examination sitting.

**Deferred examinations**

University academic board must specify procedures for examinations, including -

(a) requirements for a student entering or leaving the examination room; and
(b) requirements for a student's conduct during the examination.

**Special consideration**

(1) A student who, due to exceptional circumstances beyond the student's control, is unable to attend an examination at the prescribed time may apply in the manner prescribed by the registrar for a deferred examination.

(2) The dean determines the outcome of an application for a deferred examination.

**Division 3 - Final grades**

**Grading scale**

University academic board must specify the grading scale to be used in allocating a record of achievement for studies at the university.

**Location and notification of grades**

(1) The dean approves a student's final grade for a unit.

(2) A student will be notified of their grades in the manner determined by the registrar.

**Special consideration**

(1) A student who believes that their performance in completing an assessment item has been adversely affected by exceptional circumstances may apply for special consideration in the manner prescribed by the registrar.

(2) The head of school determines whether the application for special consideration should be granted.

(3) The faculty academic board may specify the manner in which special consideration is to be applied to an assessment item.

(4) The unit coordinator determines whether additional marks for the assessment item should be granted, and must do so in accordance with any faculty academic board determinations made in accordance with rule 36(3).

(5) In this rule -

'head of school' means the head of the school in which instruction in a unit is given, or in the case of QUT international college, the director of studies.
‘faculty academic board’ includes the QUT international college advisory board with respect to a program of non-award studies offered by the college.

**Supplementary assessment**

Supplementary assessment may be granted to a student only in the circumstances prescribed by university academic board.

**PART 6 - UNSATISFACTORY ACADEMIC PERFORMANCE**

**Re-enrolment to permitted satisfactory study**

(1) In this part, a ‘program of study’ means an award course or a structured program of non-award studies.

(2) A student undertaking a program of study must maintain a satisfactory level of academic performance in accordance with this part.

**Probationary enrolment**

(1) The registrar must place a student undertaking a program of study on probationary enrolment if the student -

(a) achieves a grade point average of less than 3.0 for units in which the student has undertaken towards the program of study; or

(b) is awarded a failing grade in a designated unit.

(2) The registrar determines the students to be placed on probationary enrolment at the end of each academic year.

(3) The registrar must notify a student in writing of the decision to place the student on probationary enrolment.

**Conditions of probationary enrolment**

(1) A student is placed on probationary enrolment for 12 months.

(2) While on probationary enrolment, a student must -

(a) consult the course coordinator about their enrolment program; and

(b) if the course coordinator specifies an enrolment program, submit the enrolment program as specified.

(3) If a student on probationary enrolment cancels their enrolment in the program of study but is subsequently readmitted by the registrar to the same program of study in accordance with part 2 of these rules, the registrar, upon re-admission -

(a) must place the student on probationary enrolment for the remainder of the academic year; and

(b) may require the student to submit an enrolment program specified by the course coordinator.

**Consequences of exclusion from enrolment**

(1) If exclusion is imposed on a student under rule 41, the student is excluded from a program of study indefinitely, unless permitted to re-enrol in accordance with rule 43.

(2) A student who is excluded from a program of study is not permitted to enrol in any units forming part of that program.

**Re-enrolment after exclusion**

(1) An excluded student may re-enrol in a unit or units as part of the program of study if -

(a) the student successfully appeals against exclusion; or

(b) the student, following exclusion for at least 12 months, is re-admitted to the program of study by the registrar.

(2) Where a student re-enrols in the program of study in accordance with rule 43(1), the registrar must place the student on probationary enrolment for the balance of the academic year.

**PART 7 - ELIGIBILITY TO GRADUATE**

**Minimum passing grades or graduation**

For the purpose of determining a student’s eligibility to graduate from an award course, a faculty academic board may designate the maximum number of units for which the student can be awarded a minimum passing grade.

**Eligibility to graduate**

(1) Subject to rule 44, a student is eligible to graduate from an award course upon completion of all course requirements.

(2) Faculty academic board determines whether a student has completed all course requirements.

(3) University academic board confers the award on a student who is eligible to graduate.

**PART 8 - REVIEW AND APPEALS**

**Review of grades and academic rulings**

(1) University academic board must prescribe procedures for dealing with applications for review of grades and academic rulings.

(2) A student may apply for a review of -
appeal to university academic board

(1) A person who has been refused admission to the university may appeal to university academic board.

(2) A student may appeal to university academic board if -
(a) the student has been excluded from an award course under rule 41; or
(b) the student has been penalised by the dean or the registrar under rule 29.

Status pending outcome of review or appeal

Pending the outcome of a review or appeal, the registrar may permit a student to attend classes or undertake examinations.

PART 9 - MISCELLANEOUS

Research higher degree students

(1) For students undertaking the doctor of philosophy degree, university academic board must specify general requirements for -
(a) admission as a candidate for the degree; and
(b) enrolment and progression as a candidate; and
(c) submission and examination of the thesis.

(2) For students undertaking another research higher degree, faculty academic board must specify course requirements.

Delegation of powers and functions

(1) Where these rules specify that a particular person or body exercises a power or function, that person or body may delegate the power or function to another person or body.

(2) Despite rule 50(1), a course coordinator or a unit coordinator may not delegate a function or power to another person.

End Notes

1 See rule 15.

2 See rule 8.

*Tuition fee places offered to students after HECS liable places filled or exceeded maximum entitlements for RTS/RTA.

SCHEDULE 2 - FEES AND CHARGES

QUT HANDBOOK 2007 · Page 27
Table C - International Student Tuition Fees

These fees are set in accordance with rule 24(4), QUT Student Rules by the authority of the Vice-Chancellor.

Application fee for award courses: $55 (incl GST)

Note: The quoted fee is based on a standard credit point load. The actual cost of the program will depend on the number of credit points enrolled. Pro-rata increase in fees will be charged when more than a normal course load is taken in any semester.

* FEE-HELP students: 25% late cancellation charge cannot be deferred to the ATO. Students in this situation will receive an invoice from QUT.
TABLE J - INTERNATIONAL TUITION CANCELLATION CHARGES

These fees are in accordance with rule 26, QUT Student Rules by the authority of the Vice-Chancellor.

Students should note that academic penalties may also apply to withdrawal of units. Refer to Schedule 1.

Note: withdrawal from course penalties listed above will apply (Section 10.3) if withdrawal from unit(s) results in no unit enrolment in the course.

ACADEMIC POLICIES

Access to assessment results
The University is committed to a policy of openness with respect to the release of assessment results. QUT policy on access to assessment results and/or marks is as follows.

- For units where percentage marks are calculated, such marks will be placed on the confidential individual student records located in the QUT Virtual web pages (https://qutvirtual.qut.edu.au/).
- Faculty academic boards must make appropriate arrangements for students who request to peruse their own examination scripts or written answers to examination questions or other forms of assessment, provided that the request is made within three months of the release of the examination results. Should students request a photocopy of their script, a fee will be levied.
- Where examination question papers or other forms of assessment will be re-used in successive examinations, faculty academic boards must arrange for students to receive advice on their performance with reference to their own examination scripts in a way which does not prejudice the examination mode.

Assessment for students with disabilities
Students with permanent or temporary disability have the right to alternative arrangements for assessment which provide equality of opportunity to enable students to fulfil course requirements.

Students should contact the relevant campus Disability Officer early in the teaching period and preferably prior to the published date for withdrawal without financial penalty for the relevant teaching period.

Alternative arrangements for assessment are negotiated between the student, Disability Officer and the course coordinator.

Students are required to present evidence to the Disability Officer, usually in the form of documentation from a medical or other relevant specialist practitioner which substantiates the nature of the special need. The University adheres to principles of confidentiality and privacy and documentation together with records of interviews, are maintained by the Disability Officer.

The Disability Officer will develop a service plan which includes recommendations for alternative arrangements for assessment for approval by the relevant course coordinator. Service plans are reviewed and re-negotiated each semester. The student will be advised in writing of any alternative arrangements for their assessment.

Further information on support provided by the University for students with disabilities is contained in the Guide for Students with Disabilities. Refer also to University policy on disability services (see section A/8.3).

a) Centrally organised assessment

For centrally organised examinations, responsibility for the conduct and administration of alternative assessment provisions for students with disabilities, including the costs of employing invigilators, personal assistants and providing examination materials, rests with the Student Business Services Department.

b) School-based assessment

For assessment other than central examinations, administrative and financial responsibility, including organisation of appropriate equipment and support personnel, rests with faculties and schools.

For assessment other than central examinations, administrative and financial responsibility, including organisation of appropriate equipment and support personnel, rests with faculties and schools.

Awards with honours
This policy does not deal with honours programs which are end-on to a bachelor degree course (see MOPP section C/3.3.5).

In degree courses of four or more years, a degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program. Degrees with honours are also awarded to students who have recorded outstanding achievement in a component of a double degree program where that component is a degree for which awards with honours are made (see MOPP section C/3.3.6).

First class honours, second class honours division A and second class honours division B may be awarded. Candidates for a degree with honours must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the relevant faculty academic board and approved by University Academic Board.

Honours are awarded
- to indicate that students may appropriately proceed to higher degrees
- to encourage students to work consistently throughout a course
- to ensure that QUT students can apply equally for employment in competition with honours graduates from other institutions
- to ensure that QUT graduates are eligible for the same level of salary on commencement as graduates from other institutions
- to enable QUT graduates to compete equally for scholarships.

Supplementary assessment
Supplementary assessment is provided to facilitate the course completion of students.

Students may be granted:
- up to two supplementary assessments in the final 96 credit points of study, at the faculty's discretion, for coursework programs of three or more years full-time duration or equivalent; and
- one supplementary assessment in the final 48 credit points of study, at the faculty's discretion, for coursework programs of less than three years full-time duration or equivalent (this includes students enrolled in a QUTIC diploma).

Supplementary assessment is not a reassessment of the student's overall grade or the mark for an individual assessment item. It is a new item of assessment designed to assist students to complete requirements for their qualification, and is thus available for units undertaken in the final semester or year of study (as applicable).

Faculty academic boards are responsible for determining eligibility for supplementary assessment at the time that examination results are considered. Faculty academic
boards will be guided by advice from the relevant school(s) as to whether, given the student's grades for the unit(s) and the nature of the unit(s), it is possible for the student to achieve a passing standard through supplementary assessment.

The form and type of supplementary assessment is at the discretion of the faculty, which will ensure that academic standards are maintained.

Supplementary assessment should only be provided when a student receives:

- a grade of 3 in a unit where a 4 is required for course completion;
- a grade of 2 in a unit where a 3 is required for course completion.

Supplementary assessment will not be granted:

- to students enrolled in designated units listed in the QUT Handbook;
- to students who have been graded 1 low fail or K withdrawn failure.

Students who are not granted supplementary assessment but believe they are entitled to supplementary assessment may request a review of the decision under the University's procedures for reviews of academic rulings (see Student Rules in Appendix 1(c) for details).

The only grades that will be recorded following supplementary assessment are S3 (pass supplementary) and S2 (fail supplementary).

**LIFE ON CAMPUS**

**QUT policy on children on campus**

QUT recognises the diversity of needs and demands placed on staff and students when balancing work, study and family responsibilities, and that occasionally it may be necessary to bring a child or children onto campus.

This policy should be read in conjunction with the University's policy on childcare and family responsibilities (see section A/8.6).

**Application**

The children on campus policy applies to all students and staff members. This policy does not apply to situations where a child is brought on campus for the purpose of attending a registered child care facility, the Early Childhood Development Unit, clinics and approved programs such as vacation care.

**Principles**

Under the Queensland Workplace Health and Safety Act 1995 QUT has obligations to ensure the health and safety of all, including children, at or near the workplace. The legislation requires that students and staff meet the following obligations:

- to follow instructions related to their study or employment at QUT
- to not interfere with or misuse anything provided for health and safety
- to not place others or themselves at risk.

Consistent with these obligations, a student or staff member must consider the following issues prior to bringing a child on campus.

- It is anticipated that students will make all reasonable attempts to arrange alternative childcare before bringing a child to the workplace.
- It is anticipated that staff will make all reasonable attempts to arrange alternative child care before bringing a child to the workplace or avail themselves of flexible work practices (eg flexitime) or leave options (eg personal leave) where available and appropriate.
- Approval to bring a child on campus should be obtained from the relevant staff member or supervisor as soon as practical, ie in advance if possible or on arrival.
- Children must not enter areas where potentially dangerous equipment or hazardous substances are present or areas that are subject to particular statutory or local regulations.
- A common sense approach is necessary when bringing children on campus. For example, children recently exposed to an infectious illness (eg chicken pox, rubella, mumps etc), or who are known to be ill, must not be brought on campus.
- It is important that the child's presence on campus does not result in disruption to the workplace, including classes and non-teaching areas such as the Library.

Further information and detailed procedures relating to this policy are available from HR Health and Safety Advisory Services.

**Policy on smoking**

Given the proven health risks of smoking, QUT is moving towards making the University a smoke-free environment.

Smoking is prohibited:

- in all buildings or parts of buildings under QUT's control
- in QUT vehicles
- within 10 metres of any entrance to buildings, air conditioning intakes, ventilation louvres or opened windows
- on all semi-enclosed thoroughfares such as verandahs or colonnades and on all elevated walkways with or without fixed roof structures which require people using building entrances or moving between buildings to pass through tobacco smoke emissions
- in any other area not specified above where there is signage expressly prohibiting smoking.

Smokers are required to follow directions given by authorised QUT staff and Security personnel in regard to the implementation and enforcement of the University's policy on smoking.

**Policy on inclusive language and presentation**

Under its equal opportunity policy (1993), QUT aims to 'provide equal employment and educational opportunities within QUT and identify and remove barriers to participation and progression in employment and education.'

To this end, QUT supports a policy of inclusive language and presentation in all administrative and academic activities of the University. This means that QUT will

- actively promote the use of inclusive language and presentation by staff and students in all QUT documents and materials, both written and otherwise
- actively promote the use of inclusive texts and materials in all QUT teaching and presentations.
• works towards the elimination of demeaning or discriminatory language and visual representations at QUT
• take active steps to ensure that all staff and students are aware of their responsibilities under the policy, and take appropriate action to assist staff to comply
• develop and maintain a procedure for resolving complaints of demeaning or discriminatory language and presentation.

For the purpose of this policy
• inclusive language and presentation positively reflects the richness of the social and cultural diversity of Australian society and the QUT community by embracing the lifestyles, experiences and values of all groups of people
• discriminatory language and presentation devalues or demeans people or groups of people by harassing them, highlighting individual characteristics in an offensive or prejudicial manner, or by excluding them.

QUT recognises that use of inclusive language and presentation in all activities will assist in the University's mission to bring the benefits of teaching, research and learning to the community.

Responsibilities
QUT expects all staff, students and other members of the University community to act in accordance with this policy.

Executive deans, heads of division and Chancellery are responsible for ensuring that their staff and, where applicable, students comply with this policy.

Disability services policy
In accordance with QUT's equal opportunity policy (see section A/8.4), the University recognises its social and legal obligation to provide an accessible and inclusive environment for people with disabilities. QUT is bound by the Commonwealth Disability Discrimination Act 1992 and the Queensland Anti-Discrimination Act 1991, under which the University can be vicariously liable for discrimination or harassment against a person with a disability by a member of staff or any of its agents.

This policy seeks to ensure equal opportunities for people with disabilities to participate in all aspects of University life, including education and employment. It is based on the philosophy of inclusion, which promotes strategies to develop a flexible work and study environment which is able to meet the needs of a diverse range of users.

The policy is accompanied by detailed operational guidelines available from the Equity Section, or from the Equity Section webpage (http://www.qut.edu.au/admin/equity/).

Principles
QUT is committed to the creation of an environment which promotes dignity, acknowledges the right to privacy and confidentiality, and cultivates an awareness of the needs and rights of people with disabilities.

In creating this environment, the University is guided by the following principles:
• Reasonable accommodations are to be provided for people with disabilities. It is the responsibility of the student or staff member to substantiate their eligibility for disability services.
• The needs of people with disabilities are to be assessed in consultation with them by the University's Disability Officer/s on an individual basis.
• Accommodations for people with disabilities will neither advantage nor disadvantage them in comparison to other people not receiving disability support services, but will be designed to ensure that people with a disability have equal access to employment or education.
• Any information in relation to a person's disability remains confidential, is not part of the person's open record of employment or academic progress, and will not be disclosed without prior written consent, except for statistical reports designed for monitoring and evaluation. (See section F/9.1 for policy on confidentiality of staff and student records).
• The University may seek information about a person's disability only insofar as it relates to the request for reasonable accommodation and/or the need for general accountability to funding agencies, policy development or monitoring and evaluation of policies and programs, including affirmative action programs for staff with disabilities.
• By law, access to work and study may not be limited on the basis of the cost of services and accommodations required, unless the adjustments would impose "unjustifiable hardship" on the University.
• People with disabilities should be able to access and negotiate each campus in safety and with ease.
• People with disabilities should have access to existing information networks (eg advertisements, publications, promotional material) in appropriate formats.

Definitions
Disability
As outlined in the relevant legislation, a disability may be either temporary or permanent, total or partial, physical, psychological or psychiatric, life-long or acquired. Also included are people who require devices or aids for assistance, or are accompanied by guide dogs.

Reasonable accommodation
Reasonable accommodation refers to administrative, physical or procedural alterations required to ensure equal opportunity for a person with a disability.

Unjustifiable hardship
In some cases it may be unreasonable for the University to make certain adjustments. Relevant circumstances in determining unjustifiable hardship include:
• the nature of the benefit or detriment likely to accrue or be suffered by any persons concerned
• the financial circumstances of the institution and the cost of making the required adjustments.

A thorough understanding of the effect of the disability on the individual and the impact of any adjustment or alteration is required in order to determine whether such adjustments are reasonable and necessary. The relevant State and Commonwealth administrative bodies require detailed evidence to support a claim of unjustifiable hardship.

Provisions
QUT’s disability services policy makes the following provisions

ntr to work and Stud
QUT does not discriminate on grounds other than academic and merit based criteria when considering applications for admission as a student or staff member.
The University will endeavour to make all its academic programs, employment and development opportunities available to prospective students and staff members with a disability, consistent with the entry provisions above.

Support Services
The University recognises that students and staff with disabilities may require specialised assistance. Support services include note-takers, alternative formatting of learning material, participation assistants etc.

The University supports the practice of job re-design, workplace modifications and alternative teaching and assessment practices to enable a staff member or a student with a disability to fulfill the requirements of a particular position or academic course.

The University aims to provide equal employment and educational opportunities and to implement affirmative action programs for equity groups (see MOPP Section A/8.4). The University develops strategies to take full advantage of funding initiatives by Government agencies aimed at providing employment opportunities for people with disabilities, including its own graduates.

The built environment should be accessible to people with disabilities. All new buildings are designed in accordance with the appropriate standards and codes. The University endeavours to improve access to older buildings which do not meet these standards.

All staff and students will be given the opportunity to acquire the understanding and skills necessary to meet the employment, educational and social support needs of people with disabilities.

In accordance with QUT's policy and guidelines on inclusive language and presentation (see MOPP Section A/8.7), the University will endeavour to ensure that all essential educational, administrative and promotional material is available in alternative formats for access by people with disabilities.

The University has a responsibility to make its human and physical resources available in a manner which is responsive to the needs and aspirations of people with disabilities, unless to do so would cause unjustifiable hardship for the University.

The University is committed to the continued review of policy and procedures, and to the involvement of people with disabilities in matters that affect them. The University will actively seek to involve consumers in decision making, and develop quality assurance mechanisms to support this policy.

QUT's commitment to protecting privacy is part of a broader framework of privacy compliance requirements applying to Queensland government departments and agencies, including statutory authorities such as QUT. The privacy regime is found in Information Standard No 42 - Information Privacy (IS42) and supporting guidelines. Implementation of this standard by QUT is mandatory, as the standard has been issued under the Financial Administration and Audit Act 1977.

General principles and responsibilities for privacy

QUT must comply with 11 information privacy principles, which govern how personal information is collected, stored, used and disclosed. QUT recognises that staff and students, both past and present, and other clients and individuals having links to QUT, have a legitimate expectation that the University will protect and appropriately manage the personal information it collects and holds about them.

It is the responsibility of all staff to respect personal privacy in so far as they collect, access or use personal information in the course of their duties, and to comply with the specific requirements of this policy. Privacy must also be appropriately respected in the human research context, and all researchers must comply with the University's specific policy settings and procedures for research involving personal information.

The functions of many organisational units within the University require the collection or management of personal information, and responsibility for implementing business processes which are consistent with privacy principles rests with the head of each organisational unit. The Registrar, as chief administrative officer, has general responsibility for privacy management, and has designated a Privacy Contact Officer in the University Secretariat to facilitate the implementation of IS42 at QUT.

This policy applies to 'personal information’. This is defined as any information or opinion, whether true or not, and whether recorded in a material form or not, about an individual whose identity is apparent, or can reasonably be ascertained, from the information or opinion. For the purposes of this definition, information includes unique identifiers such as student/staff numbers, tax file numbers, photographs and images, and extends to information in any format. Where data is recorded in a way which does not link it to a known individual, then the privacy principles do not apply.

In accordance with Information Privacy Principles 1-3, personal information should be collected by the University for inclusion in its records or publications only where:

- it is collected for a lawful purpose relating to a function or activity of the University;
- the information is relevant to the purpose of collection; and
- the information is as up-to-date and complete as can reasonably be expected.

Moreover, the University must not collect personal information by unlawful, unfair or intrusive means, and must take reasonable steps to ensure that an individual from whom information is collected is generally aware of:

- the purpose for which the personal information is being collected;
- the authority for collecting the information; and
• the University's usual practices for disclosure.

These general principles have a number of implications for an organisational unit engaged in activities requiring the collection of personal information:

• the need to regularly review data collection activities to exclude collection of personal information irrelevant to the business process or where there is no specific and immediate use for the information collected (privacy principles are infringed if personal information is collected just because it might be useful in the future);

• the need to develop appropriate privacy notices when collecting information directly from the person concerned, whether the collection occurs orally (in interviews or telephone calls), in writing or via hard copy or electronic forms;

• the need to determine whether recording names or other identifying details is necessary (for instance, whether data can be recorded in a de-identified way when undertaking surveys or other statistical analysis).

Special considerations apply to data collection practices in the context of human research. Staff or students undertaking research where identified or re-identifiable personal information data is involved must comply with the guidelines issued by the University's Human Research Ethics Committee governing appropriate data collection methodologies and practices.

Guidelines have been developed to assist in the preparation of privacy notices [pending].

Access to personal information records

A significant means of protecting personal privacy within the University is by ensuring that individual staff access personal information records (whether in physical files or computerised formats) only where there is a legitimate need to do so, and only to the extent required to perform the staff member's duties. This is consistent with Information Privacy Principle 4.

Management of access is a responsibility of the head of each organisational unit for personal information records held by that unit. The head of the unit is also responsible for granting, for staff within the unit, appropriate permissions for access to QUT's information systems. Access to personal information in information systems should be granted on the 'least privilege principle' in accordance with the Information Systems Security policy (MOPP F/1.2), so that rights to modify personal information are granted with particular care. Systems and processes should be in place to revoke access that is no longer required, for example, in the case of a change in position or formal responsibilities or termination of employment.

For personal data in information systems, the system custodian has formal responsibility for access permissions and management. Access rights should be formally documented and reviewed periodically.

Security of personal information

Consistent with Information Privacy Principle 4, the University has a responsibility to implement procedures to protect the security of personal information, to prevent loss and unauthorised access, use, modification, disclosure or any other misuse of such information.

Computerised records

All staff must take responsibility for IT security, as this is an integral means of protecting personal privacy. Detailed arrangements for management of information security are found in the Information Systems Security Policy (MOPP F/1.2). Individual user responsibilities relating to security are outlined in QUT's Information Facilities Rules (MOPP Appendix 1(c)).

Security personal and cop files and records

Personal information records held in physical files must also be secured - care should be taken by all staff handling physical files to ensure that storage facilities such as filing cabinets, safes and compactuses are locked when not in use and that offices and work areas where these are housed are also adequately secured.

In addition, good records management practices for physical files, for instance, recording file movements, undertaking file audits, placing appropriate security classifications on files, and managing records retention, are designed to safeguard against loss or unauthorised access. Care must be taken to ensure secure and confidential destruction of records containing personal information (which may only be undertaken in accordance with the University's disposal schedule). Refer to QUT's records management policies (MOPP F/8.1 and F/8.2).

Use of personal information records

Use of personal information by the University is governed by several principles:

• the requirement to take reasonable steps to ensure that information is accurate, up-to-date and complete before it is used; since it is important that decisions or actions by the University are based on accurate and complete facts (Information Privacy Principle 8);

• the requirement to use information only in circumstances where it is relevant, and provided that it is used only for the purpose for which it has been collected or a directly related purpose (Information Privacy Principles 9 and 10).

However, there are several recognised but limited exceptions to the restrictions on use of personal information (which mirror the exceptions relating to non-disclosure of personal information described below, and include consent, legal compulsion, law enforcement enquiries, threats to life or safety). Protocols for managing these limited situations are under development [pending].

Prohibition on disclosure of personal information

Disclosure refers to release of personal information out of the effective control of the University (that is, to a body, agency or person separate from the University). Information Privacy Principle 11 prohibits the disclosure of personal information held by the University. Staff must not disclose personal information outside the University except as specified in this policy and in accordance with supporting guidelines and protocols.

Exceptions relating to disclosure of personal information

The general principle is that personal information must not be disclosed outside the University. There are, however, several limited exceptions to this principle.

Consent

Personal information may be disclosed where the individual concerned has consented to that disclosure. A common example is the consent given by staff or students for the release of their photographs via QUT Virtual. Consent must be expressly given and it is expected that the consent will be given in writing. In limited circumstances, verbal consent may be acceptable if it is verifiable and the disclosure is...
clearly in the best interests of the individual. Staff proposing to release information without a written consent must discuss the circumstances with the Privacy Contact Officer before disclosure occurs (or the Registrar's Executive Officer if the Privacy Contact Officer is unavailable).

Implied consent must not generally be relied upon as a basis for disclosure. Where a person seeks personal information as a representative or agent of another, then documentation confirming the scope of the agent's authority should be obtained before release of any personal information held by the University.

**Previous provision of a privacy notice**

In addition, personal information may be disclosed where individuals have been informed of the usual practices for disclosure. For instance, the University may routinely disclose information to the Student Guild about students who are members, as this practice has been incorporated into a student privacy notice.

**Other situations**

In rare circumstances, disclosure of personal information may also be permitted where:

- disclosure is necessary to prevent or lessen an imminent and serious threat to a person's life or health;
- disclosure is required by law (for example, if the University's records are subpoenaed, or if there are statutory requirements to provide information to a government department such as the Australian Taxation Office, Centrelink, or DEST);
- disclosure is necessary for enforcement of criminal or other laws imposing penalties such as fines.

With the exception of routine disclosures under statutory authority (eg to ATO, Centrelink or DEST), disclosure of personal information in these three situations should be discussed with the Privacy Contact Officer (or the Registrar's Executive Officer if the Privacy Contact Officer is unavailable), pending development of protocols for assisting staff in managing these situations.

**Register of graduates**

Privacy principles do not apply to material which is maintained on a public register. Given that one of QUT's primary functions is to confer higher education degrees and awards, QUT maintains a register of its graduates (via the student information system). Information concerning a person's status as a graduate of the University is available to any member of the public upon formal request in writing. The request must be made to the Student Business Services Department, who will confirm a graduate's name, the degree conferred and the date of conferral only.

No other personal information is regarded as being on a public register.

**Access to and amendment of an individual's own record**

Information Privacy Principles 6 and 7 generally entitle an individual to have access to the personal information which the University holds about them, and to amend it where it is inaccurate, incomplete, out-of-date or misleading. Information Standard 42 recognises that, in Queensland, these rights are dealt with in the Freedom of Information Act 1992.

However, QUT is committed to providing, as far as practicable, an open environment which enables members of the QUT community to obtain access to their personal information without recourse to formal procedures contained in the FOI Act (see FOI policy - MOPP F/10.1). To achieve this, QUT has in place administrative procedures for information access by staff and students.

**QUT Privacy Plan**

As required by Information Standard 42, QUT publishes a privacy plan which is updated regularly. The objective of the plan is to describe the nature of the personal information records held by QUT, conditions within the University for access and use and how long such records are retained. The plan includes a complaint mechanism. The Privacy Contact Officer is responsible for publishing the plan.

**Contracts involving personal information**

The University has a small number of contractual and other arrangements in place which may involve access to or use of personal information held by QUT. Typically these arrangements may outsource routine support functions, though some contractual arrangements may also relate to commercial research and consultancies.

Any contracts which are entered into by the University must place appropriate safeguards on protection of personal privacy. It is the responsibility of senior officers who are involved in negotiating these agreements on the University's behalf or who have delegated authority to enter contracts and commercial arrangements, to ensure that privacy is adequately addressed and incorporated into the formal terms of the contract where necessary. Contractual arrangements must ensure compliance with the requirements of IS42.

Queries concerning appropriate contractual provisions covering QUT's privacy obligations may be directed to the Privacy Contact Officer or the Office of Commercial Services.

**Equal opportunity policy**

QUT Council is committed to a policy of equal opportunity and freedom from all forms of discrimination as determined by legislation or by Council. The policy is issued on the basis that it is fair and just and contributes to the fulfilment of QUT's mission and goals.

In fulfilling this policy, the University aims to:

- promote the development of a University culture supportive of equity principles
- ensure all of its management and educational policies and practices reflect and respect the social and cultural diversity contained within the University and the community it serves
- ensure that the appointment and advancement of staff and admission and progression of students within QUT are determined on the basis of merit
- provide equal employment and educational opportunities within QUT and identify and remove barriers to participation and progression in employment and education, and implement an affirmative action program for equity groups
- eliminate unlawful discrimination against staff and students on the grounds of sex, marital status, pregnancy, breastfeeding, race, age, parenthood, physical, intellectual and mental impairment, religious belief, lawful sexual activity, trade union activity, criminal record, social origin, medical record, nationality, political belief or activity
- comply with state and federal legislation on discrimination, equal opportunity and affirmative action and binding international human rights instruments.
The Vice-Chancellor, through the Registrar and the management of the University, is responsible for implementation of this policy. The Registrar is assisted by the Equity Coordinator.

QUT expects all staff, students and members of the University community to act in accordance with this policy.

Faculty of Built Environment and Engineering

Entry Programs (International)
QC01 Foundation Program (1 Semester)
QC02 Foundation Program (2 Semesters)
QC03 Bridging Program
QC04 Extended Foundation Program (3 Semesters)
QC10 English for Academic Purposes for degree programs
QC20 General English
QC21 General English Extension
QC22 English for Tertiary Preparation

Diploma
ME37 Advanced Diploma in Engineering (Mechanical)/Bachelor of Technology (Mechanical)

Bachelor Degree
AR48 Bachelor of Architecture
BN31 Bachelor of Built Environment (Architectural Studies)
BN31 Bachelor of Built Environment (Industrial Design)
BN31 Bachelor of Built Environment (Interior Design)
BN31 Bachelor of Built Environment (Landscape Architecture)
BN31 Bachelor of Built Environment (Urban and Regional Planning)
CE44 Bachelor of Engineering (Civil)
CE46 Bachelor of Engineering (Civil and Environmental Management)
CN51 Bachelor of Applied Science (Construction Management)
CN53 Bachelor of Applied Science (Quantity Surveying)
CN54 Bachelor of Property Economics
DE40 Bachelor of Design (Architectural Studies)
DE40 Bachelor of Design (Industrial Design)
DE40 Bachelor of Design (Interior Design)
DE40 Bachelor of Design (Landscape Architecture)
EE41 Bachelor of Engineering (Electrical and Computer Engineering)
EE42 Bachelor of Engineering (Electrical and Computer Engineering)
EE46 Bachelor of Engineering (Computer Systems)
EE47 Bachelor of Engineering (Telecommunications)
EE48 Bachelor of Engineering (Aerospace Avionics)
EN40 Bachelor of Engineering (Aerospace Avionics)
EN40 Bachelor of Engineering (Civil and Construction)
EN40 Bachelor of Engineering (Civil and Environmental)
EN40 Bachelor of Engineering (Civil)
EN40 Bachelor of Engineering (Computer Systems)
EN40 Bachelor of Engineering (Electrical)
EN40 Bachelor of Engineering (Infomechatronics)
EN40 Bachelor of Engineering (Mechanical)
EN40 Bachelor of Engineering (Medical)
EN40 Bachelor of Engineering (Telecommunications)
EN40 Bachelor of Engineering - Dean's Scholars Program
IX25 Bachelor of Engineering (Software Engineering)
ME37 Advanced Diploma in Engineering (Mechanical)/Bachelor of Technology (Mechanical)
ME40 Bachelor of Engineering (Infomechatronics)
ME41 Bachelor of Engineering (Mechanical)
ME41 Bachelor of Engineering (Mechanical) Conversion Program from Bachelor of Technology
ME36/ME37
ME48 Bachelor of Engineering (Medical)
PS47 Bachelor of Surveying
UD40 Bachelor of Urban Development (Construction Management)
UD40 Bachelor of Urban Development (Property Economics)
UD40 Bachelor of Urban Development (Quantity Surveying)
UD40 Bachelor of Urban Development (Spatial Science)
UD40 Bachelor of Urban Development (Urban and Regional Planning)

Bachelor Degree (Double)
IF21 Bachelor of Engineering (Electrical)/Bachelor of Mathematics
IF28 Bachelor of Engineering (Electrical)/Bachelor of Business
IF59 Bachelor of Engineering (Electrical)/Bachelor of Information Technology
IX28 Bachelor of Business / Bachelor of Engineering

Graduate Certificate
AR65 Graduate Certificate in Building Fire Safety
CE62 Graduate Certificate in Civil Engineering
CN81 Graduate Certificate in Project Management
CN90 Graduate Certificate in Property Economics
EE61 Graduate Certificate in Computer and Communications Engineering
EE82 Graduate Certificate in Electricity Supply Engineering
IX97 Graduate Certificate In Research Commercialisation
ME75 Graduate Certificate in Engineering Management
PS73 Graduate Certificate in Geomatics
PS75 Graduate Certificate in Landscape Techniques
PS76 Graduate Certificate in Landscape Design
PS77 Graduate Certificate in Advanced Landscape Techniques
PS79 Graduate Certificate in Geographic Information Systems
PS82 Graduate Certificate in Planning Studies

Graduate Diploma
AR61 Graduate Diploma in Industrial Design
AR62 Graduate Diploma in Interior Design
CE64 Graduate Diploma in Civil Engineering
CN64 Graduate Diploma in Project Management
CN91 Graduate Diploma in Property Economics
DB69 Graduate Diploma in Urban Design
EE60 Graduate Diploma in Electricity Supply Engineering
EE67 Graduate Diploma in Computer and Communications Engineering
PS66 Graduate Diploma in Landscape Architecture
PS72 Graduate Diploma in Urban and Regional Planning
PS74 Graduate Diploma in Geomatics
PS78 Graduate Diploma in Geographic Information Systems

Masters Degree (Coursework)
CE74 Master of Engineering Science (Civil Engineering)
CE75 Master of Engineering Science (Civil Engineering Studies)
CN77 Master of Project Management
CN92 Master of Property Economics
DB73 Master of Built Environment (Urban Design)
EE74 Master of Engineering Science (Computer and Communications Engineering)
EE77 Master of Engineering Science (Electrical Engineering Studies)
EE78 Master of Engineering Science (Electricity Supply Engineering)
EN40 Bachelor of Engineering - Dean's Scholars Program
ME76 Master of Engineering Management
ME80 Master of Engineering Science (Mechanical Engineering Studies)
PS70 Master of Urban and Regional Planning
PS71 Master of Landscape Architecture

Masters Degree (Research)
BN71 Master of Applied Science (Research)
BN72 Master of Engineering

Doctoral
CN89 Doctor of Project Management
IF49 Doctor of Philosophy (Built Environment, Engineering)

Study Abroad (Non-degree)
NA05 International Visiting Students
NA06 International Visiting Students
UO80 University Study Abroad Certificate
UO90 University Study Abroad Diploma

Unit sets: Science
Unit sets: Society and Culture
OVERVIEW

QUT’s Built Environment and Engineering Faculty is all about changing and growing to better meet the needs of students, industry and the professions.

The real-world does not stand still and neither do our courses. Industry partners and professional bodies are closely involved in our course development and are increasingly demanding graduates with more breadth and superior skills in dealing with clients and other professionals.

We work hard to ensure all courses are fully recognised or accredited both in Australia and overseas. Sometimes this puts limits on how much choice students have in what they study, but wherever possible we encourage you to broaden your core studies with subjects from across the Faculty or other QUT faculties.

Depending on your course you can choose an eight unit second major or a four unit minor in another field. The Faculty has packaged up a range of second majors and minors that ensure you get a rich and meaningful depth of knowledge in a complementary area rather than skating over the surface of the discipline.

Undergraduate courses are grouped around three broad themes with course structures that maximise interaction:

Bachelor of Design
- Architecture
- Interior Design
- Industrial Design
- Landscape architecture

Bachelor of Urban Development
- Construction management
- Property economics
- Quantity Surveying
- Urban and Regional Planning
- Spatial Science

Bachelor of Engineering
- Aerospace Avionics
- Civil
- Civil and environmental
- Civil and construction
- Computer systems
- Electrical
- Informatics
- Mechanical
- Medical
- Telecommunications

No other university in Australia offers this mix of disciplines at the scale and quality available at QUT. Courses are supported by an extensive research base in the Faculty that is grouped around core themes of medical engineering, smart systems, sustainability and infrastructure. Our research focuses on problems that need to be solved and brings together brilliant people with diverse backgrounds to find new answers. The Faculty is a key player in QUT’s research institutes for Sustainable Resources and Health and Biomedical Innovation.

The Faculty has formed partnerships with a range of high-profile organisations including Shell, Brisbane Airport Corporation, Brisbane City Council, CSIRO, QRAIL and Queensland Government. Our partners provide living laboratories for our research and bring their experience to bear through part-time teaching or hosting students undertaking internships and practicums.

A number of the professional bodies that accredit our courses set minimum requirements for practical experience that students must have achieved by the time they graduate. For example, Engineering students complete at least 60 days approved real-work experience and Spatial Science students must have 90 days of such experience. Students complete their work experience through the Faculty’s Work Integrated Learning (WIL) programs. These combine university study with real work experience.

Courses in Design and Urban Development can also include opportunities to work on real-world projects. Student work in planning and design regularly win industry awards and competitions. For example, in 2006 QUT interior design students competed against the cream of Brisbane’s professional design firms in the Courier-Mail Home Show Room with a View Competition. The room designed by the QUT team won the People’s Choice award, demonstrating their ability to create designs for real people in the real world.

Research Themes
- Design
- Medical Engineering
- Smart Systems
- Infrastructure

Cooperative Research Centres
- Advanced Automotive Technology
- Australian Centre for Tropical Crops and Biocommodities
- Australian Housing and Urban Research Institute (AHURI)
- Centre for Subtropical Design
- CRC Automotive
- Construction Innovation
- Institute of Sustainable Resources
- Integrated Engineering Asset Management
- Railway Engineering and Technologies
- Queensland Sustainable Energy Industry Development Group

SENIOR STAFF

Faculty Office
Executive Dean: Professor M. Betts, BSc (Hons) Reading, PhD CNA, FCIOB, FRICS, FIEAust, FRSA
Assistant Dean, Teaching and Learning: Associate Professor S. Savage, BArch (Hons) MArch Qld, DipAdultVoEdGiff
Assistant Dean, Research: Professor Bell, J. M., BSc Syd, PhD NSW
Assistant Dean, External Relations: L. Shutter, BArch Adel MSc (Arch) Columbia, RAIA

School of Design
Acting Head: Associate Professor J. M. Franz, BAppSc (BiEnv) QIT, DipTeach TAFE, MedSt Qld, PhD QUT, MDIA (Accredited Designer), RegTeach (Qld)
RESEARCH THEMES

Design

The design theme includes research in Architecture, Industrial Design, Interior Design, Landscape Architecture and Urban Design. It focuses on Subtropical Design, Digital Design, Human-centred Design Research and Useability, Built Environment Design Areas, Cultural Landscape, Design for Ageing, Design and Research Methodologies, and Design Education. The theme is cross/inter-disciplinary related with relevant fields in the Faculty (eg mechanical/manufacturing/ medical engineering; transport engineering; structures and designs; electronic systems and informatics environment) and across the University community (eg Institute for Health and Biomedical Innovation (IHI), Institute for Creative Innovation (iCI), Information Security Institute (ISI), Institute for Sustainable Resources and relevant Collaborative Research Centres (CRC)).

Medical Engineering

This program aims to engender sustainable improvements in quality of life for everybody through the innovative application of new and emerging technologies which will not only help reduce the economic burden of health-care provision, but also generate wealth for the nation through the stimulation of local industry. Under two broad headings, the program encompasses the following research areas:

Orthopaedic and Trauma

The Orthopaedic and Trauma group has seven principal areas of focus: bone defects, fracture healing, pathogenesis and repair of osteoarthritis, biomaterials, new approaches to minimally invasive surgery, paediatric and adult spine research, and clinical outcomes.

Biomechanics, Modelling and Simulation

Apart from orthopaedic research, the Medical Engineering program also encompasses many other areas studying the application of mechanical and electrical engineering to clinically related healthcare problems. These include amputee gait analysis; paediatric gait analysis; performance of paralympic athletes; osseo-integrated implants; spinal and pelvic mechanics; paediatric spine deformity; artificial organs, specifically ventricular assist devices (artificial heart) and artificial lungs; tissue mechanics; bioelectrical signal analysis; tribology of artificial joints; and the interface between devices and the human body.

Smart Systems

Infrastructure and Asset Management

Infrastructure research, in collaboration with industry, government and professions, aims to strengthen the nation’s building and infrastructure systems. Research concentrates on investigating the performance of existing and new building and infrastructure systems under realistic structural and environmental loadings including those due to natural, accidental and man-made hazards. It uses smart materials, systems and technologies, and advanced computer analysis and test methods to assess

BUILT ENVIRONMENT AND ENGINEERING

School of Urban Development

Head: Associate Professor S. Kajewski, BEng (Civil)
GradDipProjMgt MProjMgt PhD QUT, MiEAust, CPEng, MAIB, RPEQ

Professors:
T.P. Boyd, MSc (BldgMan) PhD QUT, AAPi (CPV), ANZIV, SNZPI, MIV(SA)
L. Ferreira, BSc Lond, MSc Westminster, PhD Leeds, MiEAust, FCIT
M. Mahendran, BScEng (Hons) Moratuwa, PhD Monash, MiIAust, CPEng
R.M. Skitmore, MSc PhD Salford, FRICS, MCIOB, FAIB, AAIQS
D.P. Thambiratnam, BScEng (Hons) Ceyl, MSc PhD Manit, FICE, FIEAust, FASCE, CPEng
R.J. Troutbeck, BE (Hons) MEngSc Melb, PhD Qld, FIEAust, MITE

Associate Professors:
A. Goonetilleke, BSc (Eng) S Lanka, MSc Griff, PhD QUT, CPEng, FIEAust
P. Heywood, BA(Hons) Oxf, DipTP Manc, MRTPI, FRAPI, LGP (Qld)
J. Yang, BEng DUT China, PhD QUT

School of Engineering Systems

Head: Associate Professor D.J. Hargreaves, BEng QIT, MSc PhD Leeds, CPEng, FIEAust

Professor of Biomedical Engineering: M.J. Peary, BSc Bristol, PhD Strath, CEng, CPEng (Biomed)

Chair in Power Engineering: Professor G. Ledwich, BE (Hons) Qld, PhD Newcastle, FIEAust, SMIEEE

Chair in Telecommunications: Professor S. Sridharan, BSc (Eng) Ceyl, MSc Manc, PhD UNSW, FIEAust, CEng, MIEEE, SMIEEE, CPEng

Professors:
R. Crawford, MBBS Qld DPhI Oxon, FRACS(Orth)
M.P. Moody, BE (Hons), BA, MEngSc, PhD Qld, FIEAust, SMIEEE, RPEQ, CPEng
M. Schuetz, DrMed RWTH Aachen, DrMedHabil HU Berlin
S Sridharan, BSc (Eng) Ceyl, MSc Manc, PhD NSW
P. K.D. Yatagadda, BTech Nagarjuna, ME Bharathiar, PhD (Ind Inst Tech), CEng, CPEng, MIMechE, MiEAust, MIE (India), SrMemSMIE, MemASME

Associate Professors:
D. Birtwhistle, BEng (Hons) MSc Brad, PhD Syd, FIEAust, MIE, CEng, CPEng
W. Boles, BSc Assit, MSc PhD Pitt, GradCertEd QUT
D. Campbell, ADElecEng QIT, BSc (Hons), PhD LaTrobe, MiEAust, MIEEE
V. Chandra, BTech IIT Madras, MSEE TexasTech, MScs PhD Wash State, GradCertEd QUT, SMIEEE
W. Enderle, Dip-Ing, Dr-Ing, Berlin, MiEAust
V.O.A. Oloyede, BSc (Hons) Lagos, MSc Cranfield, PhD DIC Lond, MNSE, MYNAS
P.J. O’Shea, BE (Hons), DipEd, PhD Qld
L. Ma, BEng Beijing, PhD Qld, MESA

C.C. Tan, BSc (Hons) PhD Lond, CEng, MiMetchE, FIEAust, MIEM
R.A. Walker, BE (Electronics)(Hons), BApp (Comp), PhD QUT, MIEEE, MIEEE, MION
Y. Xiao, BDSc, MDSc Hubei Med, PhD Qld
and improve the performance of existing and new building and infrastructure systems.

Asset Management research focuses on innovative industry-directed research and development, education and commercialisation in an integrated approach to lifecycle physical asset management to meet present and future needs to ensure international competitiveness and sustainability of Australian industry. The overall research program will be focused on five main industry sectors: Defence, Water and Waste, Power Generation and Distribution, Extraction and Process, and Transport Infrastructure.

This research is closely aligned to the CRC for Construction Innovation and the CRC for Integrated Engineering Asset Management.

Robotics and Automation
The Robotics and Automation program is focused on world-class research on robotics and navigation systems for unmanned aerial vehicles, and involves collaboration with CSIRO and Boeing. However similar automation strategies and technologies are used in a variety of control applications such as energy network control, and in mechatronic systems, and satellites.

Speech and Signal Processing
This program conducts internationally competitive research in order to solve practical problems, which enable Speech and Signal Processing to be applied in products and processes. Research focuses on, state-of-the-art speech audio and video technologies including speech/speaker recognition and personal identification technologies for forensic and security applications; speech coding for storage and communication; speech synthesis for voice response systems; audio compression for broadcasting, television and Internet applications, video compression, and image recognition and restoration.

Infrastructure
Energy
The provision of sustainable energy supplies is of critical importance to the future of Australia, and this research involves experimental and theoretical research on solar cells, wind energy and solar thermal energy generation as well as fundamental research on energy supply networks, including distributed generation technology and energy policy. This research in conducted in collaboration with energy utilities and the Queensland Sustainable Energy Industry Development Group.

Water
The supply of fresh water and the quality of water supply are key issues facing Australia over the next 20 years, and this research looks at water re-use technology and policy. The research is practically focused with significant collaboration with local government in South-East Queensland.

Transport
The aim of this program is to focus research effort in the freight and logistics area with an emphasis on multimodal transportation systems. The main research areas include freight vehicle impacts, freight and logistics e-business systems, freight corridor evaluation analysis, ITS applications in freight and logistics, emissions modelling, transit evaluation methodologies, rail track modelling and analysis, and intermodal terminal planning and operations.

Housing and Construction
This research makes contributions to improved practice in the specific areas of housing, urban planning, international project management, construction and property performance, construction information and procurement technologies, and property market choice, investments, constraints opportunities, internationalisation, taxation, lifecycles, risk and culture.

Cooperative Research Centres (CRC)
The faculty is also involved in the following Cooperative Research Centres (CRC) and externally-funded collaborative research ventures:

CRC for Construction Innovation
The Centre aims to create and commercially exploit tools, technologies and management systems to deliver innovative constructed assets of financial, environmental and social benefit to the community. The centre combines basic research with strategic research and development in five related programs: virtual environments for lifecycle design and construction; construction project delivery strategies; environmental sustainability; integrated design and construction support systems; and management, adaptability and the future of built assets.

CRC for Integrated Engineering Asset Management
The CRC for Integrated Engineering Asset Management (CIEAM) delivers capabilities and technologies for integrated and sustainable asset management to a wide range of Australian industries in both the private and the public sectors. CIEAM consists of leading edge researchers and practitioners focused on industry directed R&D and education in the management of Australia’s major engineering assets in the Defence, Utilities (power, water and gas), Process and extraction, and Transportation industries. CIEAM involves five research program areas. These are Models and decision systems, Advanced sensors, Intelligent diagnostics and life prediction, Systems integration and IT, and Strategic human dimensions.

CRC for Railway Engineering and Technologies
The Centre aims through research to develop an internationally competitive, efficient and sustainable rail industry and to facilitate the development of an Australian export industry in railway technologies. Benefits will flow in terms of improved rail efficiency and infrastructure capacity, energy savings, reduced maintenance cost, and better asset utilisation. The main research areas include ‘Smart train’ intelligent systems; innovative/automated maintenance and upgrading technologies; optimal traffic control and scheduling; IT systems and standards for rail management; new materials, systems and components for railways; and industry skills development (education and training).

CRC for Advanced Automotive Technology
The CRC for Advanced Automotive Technology brings the automotive industry together with researchers in design, engineering and manufacturing to enhance the industry’s international competitiveness. The aim of the research is to reduce the concept-to-product cycle times; improve manufacturing flexibility and efficiency; and the development of new material systems to meet the challenges of weight reduction, increased safety and greater functionality. The CRC will also improve vehicle safety through improvements in the crashworthiness of vehicles and new intelligent products/systems that provide increased comfort, performance and entertainment.

Australian Housing and Urban Institute (AHURI)
The Institute is a consortium of CSIRO Division of Building, Construction and Engineering; Queensland University of Technology; University of Queensland; Monash University; and Royal Melbourne Institute of Technology (RMIT). Its broad objective is to conduct research into issues in housing and urban fields in Australia and the Asia-Pacific region.

Centre for Subtropical Design
The Centre for Subtropical Design is one of the Faculty's first funded units in one of our major targeted areas: sustainable development. This Centre will promote high quality planning, design and development that responds to the City of Brisbane and South-East Queensland region's cultural, landscape, and climatic characteristics in ways that are sustainable and enhance the enjoyment of the region's subtropical lifestyle.

Queensland Sustainable Energy Industry Development Group
This group, formed in 2004 by QUT, the University of Queensland, Central Queensland University, Stanwell Corporation, CS Energy, and the Queensland Conservation Council, is continuing the work of the Australian CRC for Renewable Energy in areas of energy policy, training for the sustainable energy industry (supply and use), and renewable energy technology.

Australian Centre for Sugar Research Innovation
This Centre is the research division of the former Sugar Research Institute which transferred to QUT in July 2005. This Centre conducts research into the post-harvest processing and economics of sugar cane, and has a particular expertise in milling technology (mechanical engineering and computational fluid dynamics modelling), separation science, and total biomass utilisation, in particular the transformation of sugar cane waste into biofuels (ethanol) and biopolymers to provide renewable fuels and industrial chemicals.

Notes for BEE postgraduate courses

Course progression
It is important that students follow as normal a progression through their courses as possible. Units should be taken in an orderly sequence as set out in published course structures. Units failed should be picked up in the next semester they are offered. Prerequisite units must normally be passed before a student may proceed to a further unit which has the prerequisite as specified. The course coordinator should be consulted regarding variations from the course structure. This is considered to be a major concession. Students who have failed units or have doubts about having the necessary background to proceed should seek the advice of the course coordinator.

Limit of Grades of 3
Students enrolled in courses within the Faculty of Built Environment and Engineering can achieve a maximum of 12.5% of total course credit points at a grade of 3. In practice this means that students enrolled in a 4 year course can achieve a maximum of 4 grades of 3. If a student exceeds the limit of grades of 3 they must consult with their course coordinator or subject area coordinator to determine what action needs to be taken to meet the requirements for graduation.

Supplementary assessment
Students may be granted up to two supplementary assessments in the final 96 credit points of study, for coursework programs of three or more year's full-time duration or equivalent; and one supplementary assessment in the final 48 credit points for coursework programs of less than three years full-time duration or equivalent.

Eligibility for supplementary assessment will be determined by the Dean and will normally only be considered when a student receives a grade of 2 in a unit where a 3 is required for course completion or a grade of 3 in a unit where a 4 is required for course completion. The only grade that will be recorded following supplementary assessment is S3 (pass supplementary) and S2 (fail supplementary).

Awards with distinction
Awards 'with distinction' may be awarded to graduands of graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a graduate diploma 'with distinction' must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

Eligibility for ‘With Distinction’
Eligibility for awards ‘with distinction’ is not affected by the time taken to complete a course. However, to be eligible for such an award, a graduand must have completed the course within the maximum number of calendar years specified in the policy on time limits for completion of courses (see student rules).

Personal Protection Equipment (PPE) Policy
Protective equipment refers to safety glasses/goggles, hearing protection, safety boots, gloves and similar items. While all care is taken to reduce the risks to which students are exposed, protective equipment will be required to be worn in some practical sessions and field excursions. Students are required to wear PPE where and when it has been made clear that it is needed. Students are required to provide certain PPE as indicated by each school within the Faculty.

Students enrolled in units specified by the faculty of Built Environment and Engineering will be required to wear safety shoes for most laboratory practicals and/or field trips. Students not wearing appropriate safety shoes on these occasions will be barred from (i) participating in activities in these units, and (ii) submitting any assessment associated with these activities. Students must provide their own safety shoes, safety glasses/goggles and hearing protection equipment.

Master of Applied Science (Research) BN71
Awards with distinction
Eligibility for 'With Distinction'
Eligibility for supplementary assessment will be determined by the Dean and will normally only be considered when a student receives a grade of 2 in a unit where a 3 is required for course completion or a grade of 3 in a unit where a 4 is required for course completion. The only grade that will be recorded following supplementary assessment is S3 (pass supplementary) and S2 (fail supplementary).

Awards with distinction
Awards ‘with distinction’ may be awarded to graduands of graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a graduate diploma ‘with distinction’ must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

Students must provide their own safety shoes, safety glasses/goggles and hearing protection equipment.
search Committee which is a subcommittee of University Academic Board.

1.3 University Research Committee has delegated responsibility for day-to-day administration of research masters degree courses to faculty academic boards. Academic boards shall report biannually to University Research Committee on progress made by Research Masters degree candidates.

1.4 This program is administered by the Academic Board of the Faculty of Built Environment and Engineering through its Faculty Research Committee. The program is offered in Architecture, Civil Engineering, Construction Management, Electrical and Electronic Systems Engineering, Industrial Design, Interior Design, Landscape Architecture, Mechanical, Manufacturing Engineering and Medical Engineering, Property Economics, Planning and Surveying.

1.5 In order to qualify for the award of the degree of Master of Applied Science (Research) or Master of Engineering a candidate must:

- have completed the approved program involving advanced work under the supervision of a Thesis Panel prescribed by the Faculty Research Committee of the Faculty of Built Environment and Engineering Academic Board,
- have submitted, and the Faculty Research Committee accepted a thesis, together with reports and/or documents where applicable, prepared under the supervision of the Thesis Panel,
- have completed such other work as may be prescribed by the Faculty Research Committee, and
- submit to the Faculty Research Committee a declaration signed by the candidate that they have not been a candidate for another tertiary award without permission of the Faculty Research Committee.

2 - Registration

2.1 Applications shall be accepted subject to the availability of facilities and supervision.

2.2 Applications may be lodged with the Registrar at any time.

2.3 There is a six-month maximum period for domestic students and nine months for international students, between acceptance by the Faculty Research Committee and enrolment by the candidate in the Master of Applied Science (Research) or Master of Engineering before the offer of admission to the program lapses. Candidates are required to complete an enrolment form each semester.

A Note Regarding Enrolment

The Faculty and Student Services are to be advised of any changes to name, address or other personal details. Application to vary any aspect of the candidacy must be made in writing directly to the Faculty Research Committee for Built Environment and Engineering and be endorsed by the principal supervisor.

2.4 The minimum academic qualifications for admission to the Master of Applied Science (Research) or Master of Engineering are:

- a four-year degree in an appropriate discipline in which the candidate has received at least second class Honours from the Queensland University of Technology, or
- a qualification judged equivalent by the Faculty Research Committee, or
- a grade point average of 5.0 or better in a graduate diploma program, in a relevant discipline, together with demonstrated potential for further study and/or evidence of professional standing, or
- a grade point average of 5.0 or better in a coursework masters degree program in a relevant discipline, together with demonstrated potential for further study and/or evidence of professional standing.

An applicant for the Master of Applied Science (Research) or Master of Engineering program without the minimum entry requirement may present a case for admission based on the submission of evidence of qualifications which demonstrate the applicant's capacity to pursue the course of study.

The case may be based on the following:

(a) three years professional experience in the general field in which the proposed work lies, or
(b) satisfactory completion of an appropriate Masters qualifying program including formal coursework and/or reading program in related fields stipulated by the Faculty Research Committee, or
(c) the submission of technical publications or other appropriate evidence which satisfies the Faculty Research Committee that advanced knowledge has been acquired in a branch of applied science relevant to the built environment or a division of engineering in which the applicant has worked as a professional practitioner in a position of responsibility. This knowledge should be relevant to the field of study proposed.

2.5 A candidate will be eligible to be registered as a graduate student if they are considered by Faculty Research Committee to meet the requirements for entry.

2.6 A candidate shall receive confirmed registration as a graduate student when they:

- have satisfied the requirements for admission and achieved by work and study a standard recognised by Faculty Research Committee, or
- have satisfied Faculty Research Committee that they are a suitable person to undertake the program, and
- have satisfied Faculty Research Committee that they can devote sufficient time to the research and study.

2.7 In considering an applicant for registration, the Faculty Research Committee shall, in addition to assessing the applicants suitability, be satisfied that:

- the proposed program is relevant to the aims and objectives of the University,
- the proposed program has relevance to the needs of society or industry, and
- adequate resources are available to support the proposed program.

2.8 An application for registration should set out systematically and fully the candidates intended course of study including the following:

- a description of the area of study within which the candidates course lies
- a summary of the work to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program, its background, the significance and possible application of the research program, and the research plan
- the location at which the work will be undertaken, the amount of time which will be devoted to it and the resources required
- details of academic qualifications and supporting evidence, including copies of results for each year of courses undertaken
- a brief account of industrial experience
- a list of publications
- sponsorship details
- statement of approval by Head of School and/or Postgraduate Research Coordinator, and
- any other relevant material.

2.9 The program is offered on a full-time or a part-time basis and may be undertaken externally. Part-time stu-
students normally will be employed in some professional capacity during the day and carry out their research projects on a part-time basis at QUT, in their place of employment or in a sponsoring organisation.

2.10 Full-time students may be on a scholarship from industry or QUT, and may carry out their research at QUT or in a sponsoring organisation. Normally full-time students would be expected to work on their research projects at QUT for not less than three-quarters of a normal working week, averaged over each year of candidacy. Such a candidate may not devote more than 300 hours annually to teaching activities, including preparation and marking.

2.11 A candidate may be based at QUT or at a place of employment or sponsoring institution. Normally, support of the sponsoring institution for the candidate's application is required for registration. A candidate may also be external where their residence is outside of Brisbane.

2.12 The Faculty Research Committee may cancel a candidate's registration if, after consulting a candidate's supervisor and having taken account of all relevant circumstances, the committee is of the opinion that the candidate either has effectively discontinued their studies or has no reasonable expectation of completing the course of study within the maximum time allowed (see Section 4).

2.13 A candidate whose registration has lapsed or has been cancelled, and who wishes subsequently to re-enter the course of study to pursue a research program which is substantially the same as the previous investigation may be re-admitted under such conditions as the Faculty Research Committee shall prescribe.

3 - Course of Study

3.1 A candidate for the degree of Master of Applied Science (Research) or Master of Engineering will undertake a program of research and investigation on a topic approved by the Faculty Research Committee.

3.2 All projects should be supported by outside agencies such as industry, government authorities and professional organisations, or by QUT itself. This provision is to ensure that programs are relevant to the aims of the University and the community. It is important that projects be primarily directed towards society or industry need.

3.3 The program must be such as to enable the candidate to develop and demonstrate a level of scientific competence significantly higher than that expected of a first degree graduate. The required competence normally would include mastery of relevant techniques, investigatory skills, critical thinking, and a high level of knowledge in the specialist area.

3.4 Where advised, a candidate may be required to complete satisfactorily a program of formal coursework in subjects relevant to the field of study up to a total class contact of 32 credit points.

3.5 The course of study normally will include:

- participation in University scholarly activities such as research seminars, teaching and publication
- regular face-to-face interactions with supervisors, and
- a program of supervised research, design, investigation, development, construction, or any combination thereof.

The course of study may also include a program of assessed coursework.

3.6 Coursework at masters level demands a capacity for critical analysis and a specialisation of research interests to a level normally appropriate for an undergraduate program. Such coursework may be conducted in a number of ways:

- as advanced lecture courses
- as seminars in which faculty and candidates present critical studies of selected problems within the subject field
- as independent study or reading courses, or
- as research projects conducted under faculty supervision.

Candidates will be encouraged to attend conferences where these are related to the field of the research. In all cases, coursework will be based upon a formal syllabus setting out the educational outcomes expected from the course, a list of topics to be covered, the prescribed reading material and the method of assessment of progress through and at the end of the course.

3.7 Maximum and Minimum Coursework Requirements:
- Thesis - 96 credit points minimum (at least two-thirds of the degree content)
- Maximum coursework requirement - 32 credit points
- Minimum coursework requirement - 4 credit points - IFN001 Advanced Information Retrieval Skills
- Maximum of 16 credit points per semester for each semester of the program

Additional Requirements:

- Attendance and participation in School of Research Centre seminars/workshops (compulsory).
- Students must contact the Postgraduate Research Coordinator in their School to finalise any other coursework component of their program.

4 - Period of Time for Completion of Course of Study

4.1 The duration of study will normally be a minimum of one year and a maximum of two years or the part-time equivalent.

4.2 In order to encourage completion of research degrees within a reasonable timeframe, QUT has set a limit of two years on the length of time for which it will fund a faculty for full-time research masters degree candidates.

4.3 A registered full-time graduate student shall present the thesis for examination after a period of at least one year but not more than two years has elapsed from the time of confirmed registration. A registered part-time graduate student shall present the thesis for examination after a period of at least two years. The maximum time is four years from the time of confirmed registration. In special cases the Faculty Research Committee may approve a shorter period.

4.4 Time limits are measured in years from the time of first registration as a graduate student. Periods of exclusion or absence without approval are included.

4.5 Candidates who exceed these limits may be asked to show cause why they should not have their registration in the program terminated. Such candidates must make formal application to the Faculty Research Committee to have their registration extended beyond the normal time. Details of the candidate's progress shall be presented to the committee together with the reasons for the delay in completing the course and the expected date of completion. Where the committee agrees to an extension, a time limit will be set for the maximum period of registration in the program.

4.6 Candidates are notified of termination by registered mail. They have right of appeal to the Academic Appeals Committee.

5 - Supervision
5.1 The Faculty Research Committee shall appoint at least one supervisor the principal supervisor and also at least one associate supervisor. Each member of the supervisory panel shall bring appropriate experience in the research area of the student.

5.2 The Principal Supervisor shall normally be from the academic staff of the QUT school in which the candidate is enrolled.

5.3 The Supervisory Panel shall supervise all aspects of the candidate’s work program, shall receive reports from the candidate on progress and shall recommend to the Faculty Research Committee both on successful and unsuccessful completion of components of the coursework incorporated in the candidate’s program, on progress on the thesis research project and on continued enrolment.

5.4 The Supervisory Panel shall receive a formal and written report from the candidate at least once every semester on progress on the research project.

5.5 Summary of Faculty Supervisory registration process: To ensure that students receive appropriate supervision from experienced supervisors and active researchers the Faculty has introduced a Supervisors Register which requires registered supervisors to demonstrate performance in three areas:

1. Practice - previous supervisory experience of at least five years.
2. Research - evidence of active research through grants and publications
3. Continuous development

6 - Place and Conditions of Work

6.1 The research program will normally be carried out under supervision in a suitable environment within Brisbane. However, external study is possible. External candidates will be required to spend a minimum of four weeks at QUT annually.

6.2 The Faculty Research Committee shall not admit a candidate to a program of research based at the University unless it has received:

- a supporting statement from the Head of the QUT School and/or Postgraduate Research Coordinator in the School in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the Masters degree, that the program is supported, that the school is willing to undertake the responsibility of supervising the work of the applicant and that resources are available to support the proposed research.

6.3 The Faculty Research Committee shall not admit a candidate to a program of research based at a sponsoring establishment unless it has received:

- a supporting statement from the employer or director of the sponsoring institution that they are aware of the course rules and are prepared to sponsor and support the applicant, that the applicant will be provided with facilities and time to undertake the research project and that they are willing to accept responsibility for supervising the applicant’s work, and

- a supporting statement from the head of the QUT school or Postgraduate Research coordinator in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the Masters degree, that the program is supported, and that after examination of the proposed external facilities and supervision, the school is willing to accept the responsibility of supervising the work.

7 - Thesis

7.1 In the form of presentation, availability and copyright, the thesis shall comply with all the requirements of the document Requirements for Presenting Theses (Appendix 51 in the Manual of Policies and Procedures).

7.2 A candidate shall submit the title of their thesis for approval by the Faculty Research Committee with their application, and after approval has been granted, no change will be made except with the permission of the committee.

7.3 The candidate shall give two months’ written notice of intention to submit their thesis through the Principal Supervisor.

7.4 The thesis shall comply with the following requirements:

- a significant proportion of the work described (as determined by the Faculty Research Committee) must have been carried out subsequent to initial registration for the Masters degree.

- it must describe a program of work carried out by the candidate and must involve either an advanced contribution to the knowledge of the subject or an advanced application of existing knowledge.

- it must reach a satisfactory standard of literary presentation.

- it shall be the candidate’s own account of the work. Where work is carried out conjointly with other persons, the Faculty Research Committee shall be advised of the extent of the candidate’s contribution to the joint work.

- the thesis shall not contain as its main content any work or material which the candidate has previously submitted for another degree or similar award.

- the thesis may consist primarily of reports, plans and/or documents or may be supported by these if they have a bearing on the subject of the thesis. Other supporting documents such as published papers may also be submitted with the thesis.

- the thesis shall contain an abstract of not more than 300 words.

7.5 Except with the specific permission of the Faculty Research Committee, the thesis must be presented in the English language. Such permission must be sought at the time of application for registration, and will not be granted solely on the grounds that the candidate’s ability to satisfy the examiners will be affected adversely by the requirement to present the thesis in English.

7.6 Subject to QUT’s Intellectual Property policy, the copyright of the thesis is vested in the candidate.

7.7 Where a candidate, supervisor or the sponsoring establishment wishes the thesis to remain confidential for a period of time after completion of the work, application for approval must be made to the Faculty Research Committee when the thesis is submitted. The period normally shall not exceed two years from the date on which the examiners recommend acceptance of the thesis, during which time the thesis will be held on restricted access in the QUT Library.

7.8 Except where confidentiality of the thesis is necessary, students shall submit their thesis electronically after completion of the examination process and any corrections required to the QUT Library for inclusion in the Australian Digital Thesis Project.

8 - Examination of Thesis

8.1 The Faculty Research Committee shall appoint three examiners, at least one of whom shall be from outside of the University. No supervisor of the candidate shall be appointed as one of the examiners.
8.2 Normally, examiners must agree to read and report upon the thesis within two months of its receipt.
8.3 A candidate may be required to make an oral defence of the thesis.
8.4 On receipt of the reports from the examiners, the Faculty Research Committee shall:
(a) recommend that the thesis be accepted without modification, and to Academic Board that the candidate be awarded the degree, or
(b) recommend to Academic Board that the candidate be awarded the degree, after any minor amendments requested by the examiners have been made, or
(c) recommend that the thesis not be accepted unless major revisions have been made. Such revisions might be rewriting one of the sections, with or without additional work, or
(d) not accept the thesis and terminate the candidate's registration.
8.5 If the examiners' reports are conflicting, the Faculty Research Committee may, after appropriate consultation with the Thesis Panel, resubmit the thesis to the examiners with copies of the examiners' reports and/or seek the advice of a further external examiner. After due consideration of further reports from the examiners, a majority decision will be accepted by the Faculty Research Committee.

☐ Notes for BEE undergraduate courses

Course progression
It is important that students follow as normal a progression through their courses as possible. Units should be taken in an orderly sequence as set out in published course structures. Units failed should be picked up in the next semester that they are offered. Prerequisite units must normally be passed before a student may proceed to a further unit which has the prerequisite so specified. The course coordinator should be consulted regarding variations from the course structure. Students who have failed units, or have doubts about having the necessary background to proceed, should seek the advice of the course coordinator.

Supplementary assessment
Students may be granted up to two supplementary assessments in the final 96 credit points of study, for coursework programs of three or more years full-time duration or equivalent; and one supplementary assessment in the final 48 credit points for coursework programs of less than three years full-time duration or equivalent. Eligibility for supplementary assessment will be determined by the Dean and will normally only be considered when a student receives a grade of 2 in a unit where a 3 is required for course completion or a grade of 3 in a unit where a 4 is required for course completion. The only grade that will be recorded following supplementary assessment is S3 (pass supplementary) and S2 (fail supplementary).

Awards with honours
Honours may be awarded to graduands of the Bachelor of Architecture, the four-year single degree and five-year double degree Bachelor of Engineering and Surveying courses, the four-year Bachelor of Applied Science courses in Construction Management and Quantity Surveying, and the Bachelor of Property Economics. First class honours, second class honours division A and second class honours division B may be awarded. Candidates for a degree with honours must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by University Academic Board.

Eligibility for honours
Eligibility for awards with honours is not affected by the time taken to complete a course. However, to be eligible for such an award, a graduand must have completed the course within the maximum number of calendar years specified in the Student Rules (see the student rules section). Three- and four-year (full-time) courses must be completed in ten years. Combined degree courses must be completed in eleven years. Time limits are measured in calendar years from the first day of the first semester in which the student was enrolled and include periods of interruption such as leave of absence. In addition, to be eligible for an award with honours, a graduand must have been enrolled in the course at QUT for at least two years of full-time study or its equivalent.

Honours based on grade point average
The Built Environment and Engineering Academic Board has resolved that awards with honours for students graduating post-1992 will be based on grades achieved by students throughout the whole of their course as determined by the Grade Point Average (GPA) calculation.

The GPA calculation includes all attempts at units which are awarded a numeric grade, or the result 'Withdrawn — Failure' (which is converted to a grade of 1).

Students obtaining a GPA of 6.0 or greater will normally qualify for the award of first class honours. Students obtaining a GPA of 5.5 to 5.99 will normally qualify for the award of second class honours division A. Students obtaining a GPA of 5.0 to 5.49 will normally qualify for the award of second class honours division B.

Students enrolled in double degrees must obtain the required GPA in the Engineering degree component to be eligible for Honours.

Awards with distinction
Awards 'with distinction' may be awarded to graduands of the three-year single degree courses and the graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a degree 'with distinction' must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as may from time to time be determined by the Faculty Academic Board and approved by the University Academic Board.

Eligibility for 'With Distinction'
See Eligibility for Honours.

With Distinction based on grade point average
The Built Environment and Engineering Academic Board has resolved that awards 'with distinction' will be based on grades achieved by students throughout the whole of their course as determined by the grade point average calculation.

The GPA calculation includes all attempts at units which are awarded a numeric grade, or the result 'Withdrawn — Failure' (which is converted to a grade of 1).

Students obtaining a GPA of 5.5 or greater will normally qualify for the award of with distinction.

Dean's list
The Dean's List comprises students who have achieved a GPA of 6.50 or more within a semester. These students receive a certificate in recognition of their achievement.

Use of calculators in examinations
Restrictions apply on the use of calculators in examinations. Students should consult their unit coordinator for details.

Field trips
Attendance at field trips or field projects in engineering and surveying/mapping courses is compulsory.

Personal Protection Equipment (PPE) Policy
Protective equipment refers to safety glasses/goggles, hearing protection, safety boots, gloves and similar items. While all care is taken to reduce the risks to which students are exposed, protective equipment will be required to be worn in some practical sessions and field excursions. Students are required to wear PPE where and when it has been made clear that it is needed. Students are required to provide certain PPE as indicated by each school within the Faculty.

Students enrolled in units specified by the Faculty of Built Environment and Engineering will be required to wear safety shoes for most laboratory practicals and/or field trips. Students not wearing appropriate safety shoes on these occasions will be barred from (i) participating in activities in these units, and (ii) submitting any assessment associated with these activities. Students must provide their own safety shoes, safety glasses/goggles and hearing protection equipment.

All students are bound by the Queensland Workplace Health and Safety Act. In this respect, students carrying out their final year projects will be required to do a risk assessment of such projects, including risk management and control to prevent incident and accidents.

Industrial experience for Engineering and Surveying/Mapping courses (students who commenced prior to 2006)
Industrial Experience forms part of the requirements of engineering and surveying degree courses, in order to provide a realistic background for formal academic studies and to ensure that students become effectively balanced in their professional development. For engineering students, it is a requirement of the Institution of Engineers, Australia, for graduate membership. Industrial Experience is usually undertaken during the long vacation or the mid-semester recess as an employee of a private firm, government agency or local authority, but can also be accumulated during part-time/full-time employment.

Candidates must submit a report no later than the fourth week of the semester, following each period of Industrial Experience. The report is to be written in the required format describing work carried out during the period of Industrial Experience. An Industrial Experience Record Form signed by the employer is also to be submitted. Industrial Experience Record Forms are available from www.bee.qut.edu.au/students/services.

A candidate for the degree of Bachelor of Technology (Civil) must obtain at least 45 days of industrial experience in an engineering environment approved by the course coordinator.

A candidate for the degree of Bachelor of Technology (Mechanical) must obtain at least 50 days of industrial experience approved by the course coordinator.

Engineering students must obtain at least 60 days of Industrial Experience in an engineering environment approved by the course coordinator.

Bachelor of Surveying students must obtain at least 90 days of industrial experience in a surveying environment approved by the course coordinator.

Bachelor of Engineering (Aerospace Avionics) students are required to obtain 10 days specialist experience in the avionics industry. This is in addition to the 60 days industrial experience requirement.

Industrial Experience information can be obtained from the Student Services Officer, Industrial Experience, on Level 3, D Block, Gardens Point campus.

Enrolment in industrial experience
Surveying/mapping and Engineering students should not formally enrol in industrial experience.

Industrial experience requirements for Bachelor of Architecture (AR48) course
A Bachelor of Architecture student must be engaged in approved employment for at least 72 recognised weeks within the last 2-3 years of the course (ADB796 Practice Experience B). Prior to entering Year 4 Semester 1 students enrolled in the full-time course structure, must have completed 20 recognised weeks of approved employment which will be credited to the requirements of Practice Experience B. Students enrolled in the flexible full-time course structure must be engaged in approved employment for at least 48 recognised weeks within the first 3 years of the course (ADB795 Practice Experience A). Flexible full-time students enrol in ADB795 Practice Experience A in second semester of third year. All students enrol in ADB796 Practice Experience B in the second semester of the final year of the course.

Approved employment means working under the direction of an architect who is registered at the place of practice where the experience is obtained.

A recognised week is 5 days actually worked (7.6 hrs per day with a maximum of 42 hours per week). The minimum period with one employer is 8 weeks.

Allied experience can be obtained in approved areas allied to architecture (eg, Civil Engineering, Interior Design, Industrial Design, Quantity Surveying, Construction Management, Town Planning, Landscape Architecture, Building, etc). The maximum period of allied experience is 12 recognised weeks in ADB795 and 18 recognised weeks in ADB796.

Prior work experience under the direction of a registered architect before enrolment in the course is accepted up to a maximum of 24 weeks in ADB795 and a maximum of 36 weeks in ADB796.

Approved employment during leave of absence is accepted (a) in ADB795 up to a maximum of 24 recognised weeks and (b) in ADB796 after completion of at least one semester of fourth year and prior approval of the course coordinator up to a maximum of 36 recognised weeks.

Reporting each month is required on the electronic logbook. Students without access to the electronic logbook system, are to contact the course coordinator who will establish the reporting arrangements for their work experience. The electronic logbook automatically produces the AACA log-sheets required in ADB796.
Credited employment period only counts once (e.g., period required for ADB795 cannot also be used for the 20 week period for entry in the last 2 years full-time mode). The employment period of ADB795 for students admitted directly into the third year of the flexible full-time course is 24 recognised weeks and the employment period of ADB796 for students admitted directly into the last year of the course is one year (52 recognised weeks).

**Types of experience required:**
- **ADB795 Practice Experience A**
  At least 50% of time in undertaking design and/or documentation duties.

- **ADB796 Practice Experience B**
  (a) At least 50% of time in undertaking design and documentation duties.
  (b) Provide the following experiences on the electronic AACA log sheets:
    - contract documentation experience (AACA element 2.2.2); and
    - preliminary site investigation and evaluation of at least one project during the last 2-3 years of the course (AACA element 3.1.2); and
    - some aspect of the administration of the project contract of at least one project during the last 2-3 years of the course which can be ‘observer’ status where direct experience is unavailable (AACA element 3.3.1).

**Industrial experience requirements for DE40 Bachelor of Design (Architectural Studies)**
Graduates of the DE40 Bachelor of Design (Architectural Studies) will be subject to a GPA requirement to qualify for entry to the postgraduate course DE80 Master of Architecture. Graduates who successfully complete both degrees (DE40 and DE80) will meet the academic requirements for membership of the Royal Australian Institute of Architects (RAIA). Successful graduates of both degrees (DE40 and DE80) who have completed a minimum of 2 years’ practical experience, of which at least one year is postgraduate experience, will be eligible to undertake the Architectural Practice Examination, which (if successful) will enable the graduate to be eligible for registration with any Board of Architects in Australia.

Graduates of the DE40 Bachelor of Design (Architectural Studies) will also meet the academic (technical) requirement for the Building Design Licence with the Queensland Building Services Authority.

**Types of experience required:** Students will have the opportunity of undertaking a minor or major in Work Integrated Learning, which will count towards their practical experience.
Bachelor of Architecture (AR48)

Year offered: 2007
Admissions: No
CRICOS code: 052308E
Course duration (full-time): 5 years full-time
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007 Full fee tuition $15360
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412372; Dfee: 412376
Past rank cut-off: 90. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Campus: Gardens Point

Additional Admission Information

The AR48 Bachelor of Architecture course has been replaced by DE40 Bachelor of Design (Architectural Studies) from 2006 onwards. There will be no intake into the AR48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

International Students Course Structure - 6 years

International students enrol in the full time course structure for years 1 - 3 and the flexible full time structure for years 4 - 6. Prior to entering year 4, students may seek approval from the course coordinator to enrol in the full time course structure allowing them to complete in 5 years. To be eligible for the full time course structure (years 4-5), students must have completed 20 recognised weeks of approved employment which will be credited to the requirements of the unit Practical Experience B.

Early Exit Option
Students may elect to complete their studies after three years full-time (288 credit points). Students who select this option will graduate with The Bachelor of Built Environment (Architectural Studies), which is a pre-professional degree in architecture.

Professional Recognition

Graduates of the Bachelor of Architecture degree meet the academic requirements for membership of the Royal Australian Institute of Architects and, following one year of post-graduate architectural experience, are eligible to undertake the registration examinations of the Board of Architects of Queensland.

Special course requirements

A Bachelor of Architecture student must be engaged in approved employment for at least 72 recognised weeks within the last 2-3 years of the course (ADB796 Practice Experience B). Prior to entering Year 4 Semester 1 students enrolled in the full time course structure, must have completed 20 recognised weeks of approved employment which will be credited to the requirements of Practice Experience B. Students enrolled in the flexible full-time course structure must be engaged in approved employment for at least 48 recognised weeks within the first 3 years of the course (ADB795 Practice Experience A).

Special Course Notes
1. Students must complete all units in the Years 1, 2 & 3 prior to enrolling in any unit in the Year 4 schedule of AR48. The course coordinator may consider cases of special hardship.
2. Students must meet pre-requisites in all subjects.
3. Students who have not completed 20 recognised weeks of approved employment at the end of year 3 should consult with the course coordinator regarding their 4th year enrolment program.
4. Late penalties for late assignments apply.
5. Course will involve compulsory field work within some units.

ADB033 Professional Studies 3
ADB053 Architectural Project
ADB796-1 Practice Experience B
ADB796-2 Practice Experience B

Special Course Notes
1. Students must complete all units in the Years 1, 2 and 3 prior to enrolling in any unit in the Year 4 schedule of AR48. The course coordinator may consider cases of special hardship.
2. Students must meet pre-requisites in all subjects.
3. Penalties for late assignments apply.
4. Course will involve compulsory field work within some units.
5. Students currently enrolled in BN31 cannot transfer to AR48 in years 2 and 3.
6. Acceptance into the flexible full-time mode requires approval of the course coordinator and by providing evidence of employment in an Architects office.

Potential Careers:
Architect.
Graduate Diploma in Industrial Design (AR61)

Year offered: 2007
Admissions: Yes
CRICOS code: 003479C
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)
Domestic fees (indicative): 2007: CSP $7,104
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
International Fees (indicative): This is a test
Domestic Entry: February. OPEN TO CONTINUING BN31 GRADUATES ONLY IN 2008.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Mr Andrew Scott
Campus: Gardens Point

Entry Requirements
A relevant degree or diploma from a recognised tertiary institution, or professional recognition through an equivalent course of study or examination.

Overview
During the course you are encouraged to develop your knowledge and expertise in design research, ergonomics, decision making, new product development, and CAD. The course consolidates skills and knowledge that encourages leadership.

Professional Recognition
The Graduate Diploma in Industrial Design has been recognised by the Design Institute of Australia (DIA). Graduates are eligible for associate membership. The QUT program is an educational member of the International Council of the Society of Industrial Design (ICSID).

Further Information
Phone +61 7 3864 4074, Fax +61 7 3864 5280, email: bee.enquiries@qut.com

International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412382; Dfee: 412386
Past rank cut-off: 83. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Andrew Scott
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Interior Design, Landscape Architecture, and Urban and Regional Planning.

Career Outcomes
Industrial designers create and produce commercial and industrial products to improve peoples' lives. They make models and prototypes of designs that cover a wide range of manufactured goods from toasters to computer terminals to rapid transport systems. When designing new or improving existing products they must consider factors influencing product design such as useability, costs, materials, technology or environment. They research product usage, make detailed drawings and supervise the construction of prototypes for testing. They mainly work in small business or consulting practices. QUT Industrial Design graduates are working worldwide in places such as the UK, Singapore and France.

Overview
Students in this course develop their capacity to contribute to the design of products and systems for the mutual benefit of users and manufacturers of a wide range of products.

Professional Recognition
Graduates of the Bachelor of Built Environment (Industrial Design) who go on to complete the Graduate Diploma in Industrial Design are eligible for associate membership of the Design Institute of Australia. QUT is an Educational Member of the International Council of Societies of Industrial Design (ICSID).

Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Domestic Entry: February
International Entry: February
QTAC code: 412362; Dfee: 412366
Past rank cut-off: 90. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Dr Dianne Smith
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Industrial Design, Landscape Architecture, and Urban and Regional Planning.

Career Outcomes
Interior Designers plan and execute the layout, finishes, lighting, fittings and furnishings in domestic interior design, retail and entertainment industry design, hospitality industry design, commercial office and corporate design. Interior designers may work as consultants or with a design company. They may also seek work involving production design for film, television and theatre as well as furniture and exhibition design. There is a trend for Australian interior design companies to practice in South East Asia and bid competitively for international commissions.

Overview
Students undertaking this course receive a general background in studies in built environment combined with a series of experiences exercises relating to basic design & specifically to interior design.

Professional Recognition
Successful completion of the Bachelor of Built Environment (Interior Design) satisfies the requirements for entry into the Graduate Diploma in Interior Design. Together the courses are recognised by the Design Institute of Australia as meeting the basic requirements for professional practice.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Potential Careers:
Landscape Architect.

Career Outcomes
Landscape architecture is predominantly a young profession with an increasing number of female practitioners. Sixty per cent of the profession is employed in private consultancies of landscape architects, architects, planners, urban designers and engineers. They are engaged primarily in site planning, site design, planting design and, to a lesser degree, landscape planning. Other opportunities for employment occur in the design sectors of government agencies. Some graduates work freelance on a contractual basis.

Overview
This course provides a broad based education for those seeking a career in landscape architecture. Landscape design forms the core of the course, and theory and problem-solving techniques enhance the development of students' capabilities.

Professional Recognition
Successful performance in the Bachelor of Built Environment (Landscape Architecture) enables students to gain entry to the Graduate Diploma/Master courses. The Graduate Diploma in Landscape Architecture is the only course of its kind in Queensland, and is accredited by the Australian Institute of Landscape Architects (AILA). Graduates from the Graduate Diploma or Master of Landscape Architecture are recognised in New Zealand and Hong Kong and overseas generally through their AILA membership.

Other Majors
See also entries for the following majors in this course: Interior Design, Industrial Design, and Urban and Regional Planning.
Bachelor of Built Environment (Urban and Regional Planning) (BN31)

Year offered: 2007
Admissions: No
CRICOS code: 003507D

Course duration (full-time): 3 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)

OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Associate Professor Phil Heywood
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Interior Design, Industrial Design, and Landscape Architecture.

Career Outcomes
Urban and Regional Planners develop plans and policies for the use of land and resources. They aim to fulfil the social, cultural economic and environmental needs of the community. There are numerous employment opportunities can found in state and local government departments, with private sector planning consultants and land development enterprises. Graduates can build careers in urban design, community health and welfare, housing, transport, and strategic land-use planning, and land and resource development.

Overview
Urban and regional planning involves environmental design, map and aerial photo interpretation, human environment, land use generation, population and urban studies, economics of town planning, employment and industry, land development, demography and housing, and provision of community facilities.

Professional Recognition
Successful completion of the Bachelor of Built Environment (Urban and Regional Planning) enables students to gain entry to the Graduate Diploma/Masters in Urban and Regional Planning, which are both fully accredited by the Planning Institute of Australia (PIA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the another study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Potential Careers:
Urban and Regional Planner, Urban Designer.
Master of Applied Science (Research)  
(BN71)

Year offered: 2007  
Admissions: Yes  
CRICOS code: 003462A

Course duration (full-time): 1 year (minimum), 2 years (maximum)  
Course duration (part-time): 2 years (minimum), 4 years (maximum)

Domestic fees (per credit point): RTS/RTA: 2007 Full fee tuition $130 per credit point (exceeded max entitlements) (subject to annual review)  
Domestic fees (indicative): 2007: $12,480  
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)

Domestic Entry: At any time  
International Entry: At any time

Campus: Gardens Point

Entry Requirements
A four-year degree in an appropriate discipline with Honours or equivalent qualification or a graduate diploma or masters degree in an appropriate discipline with a minimum grade point average of 5 with relevant experience or professional experience and/or other qualifications.

Part-time Study
QUT advises that International Students may only enrol in full-time studies.

Overview
From this research degree you acquire advanced knowledge of applied science research methods, applied to research problems in the built environment. As well as mastering relevant techniques, you can expect to develop high-level skills in investigation and critical thinking and extensive knowledge in a specialist area. Specialisations are available in Architecture, Interior Design, Industrial Design, Construction Management, Quantity Surveying, Property Economics, Project Management, Planning, Landscape Architecture and Surveying. Our Faculty staff are available to discuss your application with you. You are encouraged to approach them early in the development of the research proposal that forms part of your application. Master by Research studies normally include:
* assessed coursework  
* participation in university scholarly activities such as research seminars, teaching and publication  
* regular meetings with supervisors  
* a program of supervised research and investigation  
* preparation of a thesis.

Fees
Australian students enrolling after August 31 2000 in a higher degree by research are subject to the conditions of the Commonwealth Government’s Research Training Scheme (RTS). Research Students who enrol at QUT will be awarded an RTS place, which is funded by the Commonwealth, or a QUT Research Training Award Scheme (RTA) place, which is a fee remission scholarship. Research Masters students are entitled to two years full-time equivalent study under these schemes, Students who exceed this entitlement may apply to QUT for an extension, however the University may charge fees for the period of the program which exceeds the student's entitlement. The University determines the fee level.

HDR Director
Professor Mahen Mahendran  
Phone: +61 7 3864 2543  
fax: +61 7 3864 1515

1 - General Conditions
1.1 The Council of the Queensland University of Technology was established in 1989 under the Queensland University of Technology Act 1988.  
1.2 The Council has power to approve recommendations from Faculty Academic Boards regarding the registration, supervision and examination of research degree candidates and to develop policy and procedures relating to research degrees exercised through a University Research Committee which is a subcommittee of University Academic Board.  
1.3 University Research Committee has delegated responsibility for day-to-day administration of research degrees to course faculty academic boards. Academic boards shall report biannually to University Research Committee on progress made by Research Masters degree candidates.  
1.4 This program is administered by the Academic Board of the Faculty of Built Environment and Engineering through its Faculty Research Committee. The program is offered in Architecture, Civil Engineering, Construction Management, Electrical and Electronic Systems Engineering, Industrial Design, Interior Design, Landscape Architecture, Mechanical, Manufacturing Engineering and Medical Engineering, Property Economics, Planning and Surveying.  
1.5 In order to qualify for the award of the degree of Master of Applied Science (Research) or Master of Engineering a candidate must:
Á have completed the approved program involving advanced work under the supervision of a Thesis Panel prescribed by the Faculty Research Committee of the Built Environment and Engineering Academic Board
Á have submitted, and the Faculty Research Committee accepted a thesis, together with reports and/or documents where applicable, prepared under the supervision of the Thesis Panel
Á have completed such other work as may be prescribed by the Faculty Research Committee, and  
Á submit to the Faculty Research Committee a declaration signed by the candidate that they have not been a candidate for another tertiary award without permission of the Faculty Research Committee.

2 - Registration
2.1 Applications shall be accepted subject to the availability of facilities and supervision.  
2.2 Applications may be lodged with the Registrar at any time.  
2.3 There is a six-month maximum period for domestic students and nine months for international students,
between acceptance by the Faculty Research Committee and enrolment by the candidate in the Master of Applied Science (Research) or Master of Engineering before the offer of admission to the program lapses. Candidates are required to complete an enrolment form each semester. A Note Regarding Enrolment

The Faculty and Student Services are to be advised of any changes to name, address or other personal details. Application to vary any aspect of the candidacy must be made in writing directly to the Faculty Research Committee for Built Environment and Engineering and be endorsed by the principal supervisor.

2.4 The minimum academic qualifications for admission to the Master of Applied Science (Research) or Master of Engineering are:
* a four-year degree in an appropriate discipline in which the candidate has received at least second class Honours from the Queensland University of Technology, or
* a qualification judged equivalent by the Faculty Research Committee, or
* a grade point average of 5.0 or better in a graduate diploma program, in a relevant discipline, together with demonstrated potential for further study and/or evidence of professional standing, or
* a grade point average of 5.0 or better in a coursework masters degree program in a relevant discipline, together with demonstrated potential for further study and/or evidence of professional standing.

An applicant for the Master of Applied Science (Research) or Master of Engineering program without the minimum entry requirement may present a case for admission based on the submission of evidence of qualifications which demonstrate the applicant's capacity to pursue the course of study. The case may be based on the following:
(a) three years professional experience in the general field in which the proposed work lies, or
(b) satisfactory completion of an appropriate Masters qualifying program including formal coursework and/or reading program in related fields stipulated by the Faculty Research Committee, or
(c) the submission of technical publications or other appropriate evidence which satisfies the Faculty Research Committee that advanced knowledge has been acquired in a branch of applied science relevant to the built environment or a division of engineering in which the applicant has worked as a professional practitioner in a position of responsibility. This knowledge should be relevant to the field of study proposed.

2.5 A candidate will be eligible to be registered as a graduate student if they are considered by Faculty Research Committee to meet the requirements for entry.

2.6 A candidate shall receive confirmed registration as a graduate student if they are considered by Faculty Research Committee to meet the requirements for entry.

2.7 In considering an applicant for registration, the Faculty Research Committee shall, in addition to assessing the applicants suitability, be satisfied that:
* the proposed program is relevant to the aims and objectives of the University
* the proposed program has relevance to the needs of society or industry, and
* adequate resources are available to support the proposed program.

2.8 An application for registration should set out systematically and fully the candidates intended course of study including the following:
* a description of the area of study within which the candidates course lies
* a summary of the work to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program, its background, the significance and possible application of the research program, and the research plan
* the location at which the work will be undertaken, the amount of time which will be devoted to it and the resources required
* details of academic qualifications and supporting evidence, including copies of results for each year of courses undertaken
* a brief account of industrial experience
* a list of publications
* sponsorship details
* statement of approval by Head of School and/or Postgraduate Research Coordinator, and
* any other relevant material.

2.9 The program is offered on a full-time or a part-time basis and may be undertaken externally. Part-time students normally will be employed in some professional capacity during the day and carry out their research projects on a part-time basis at QUT, in their place of employment or in a sponsoring organisation.

2.10 Full-time students may be on a scholarship from industry or QUT, and may carry out their research at QUT or in a sponsoring organisation. Normally full-time students would be expected to work on their research projects at QUT for not less than three-quarters of a normal working week, averaged over each year of candidacy. Such a candidate may not devote more than 300 hours annually to teaching activities, including preparation and marking.

2.11 A candidate may be based at QUT or at a place of employment or sponsoring institution. Normally, support of the sponsoring institution for the candidate's application is required for registration. A candidate may also be external where their residence is outside of Brisbane.

2.12 The Faculty Research Committee may cancel a candidate's registration if, after consulting a candidate's supervisor and having taken account of all relevant circumstances, the committee is of the opinion that the candidate either has effectively discontinued their studies or has no reasonable expectation of completing the course of study within the maximum time allowed (see Section 4). A candidate whose registration has lapsed or has been cancelled, and who wishes subsequently to re-enter the course of study to pursue a research program which is substantially the same as the previous investigation may be re-admitted under such conditions as the Faculty Research Committee shall prescribe.

3 - Course of Study
3.1 A candidate for the degree of Master of Applied Science (Research) or Master of Engineering will undertake a program of research and investigation on a topic approved by the Faculty Research Committee.

3.2 All projects should be supported by outside agencies such as industry, government authorities and professional organisations, or by QUT itself. This provision is to ensure that programs are relevant to the aims of the University and the community. It is important that projects be primarily directed towards society or industry need.

3.3 The program must be such as to enable the candidate to develop and demonstrate a level of scientific competence significantly higher than that expected of a first degree graduate. The required competence normally would include mastery of relevant techniques, investigatory skills, critical thinking, and a high level of knowledge in the specialist area.

3.4 Where advised, a candidate may be required to complete satisfactorily a program of formal coursework in subjects relevant to the field of study up to a total class contact of 32 credit points.

3.5 The course of study normally will include:
* participation in University scholarly activities such as research seminars, teaching and publication
* regular face-to-face interactions with supervisors, and
* a program of supervised research, design, investigation, development, construction, or any combination thereof.

The course of study may also include a program of assessed coursework.

3.6 Coursework at masters level demands a capacity for critical analysis and a specialisation of research interests not normally appropriate for an undergraduate program. Such coursework may be conducted in a number of ways:
* as advanced lecture courses
* as seminars in which faculty and candidates present critical studies of selected problems within the subject field
* as independent study or reading courses, or
* as research projects conducted under faculty supervision.

Candidates will be encouraged to attend conferences where these are related to the field of the research.

In all cases, coursework will be based upon a formal syllabus setting out the educational outcomes expected from the course, a list of topics to be covered, the prescribed reading material and the method of assessment of progress through and at the end of the course.

3.7 Maximum and Minimum Coursework Requirements:
* Thesis - 96 credit points minimum (at least two-thirds of the degree content)
* Minimum coursework requirement - 32 credit points
* Minimum coursework requirement - 4 credit points - IFN001 Advanced Information Retrieval Skills
* Maximum of 16 credit points per semester for each semester of the program

Additional Requirements:
Attendance and participation in School of Research Centre seminars/workshops (compulsory).
Students must contact the Postgraduate Research Coordinator in their School to finalise any other coursework component of their program.

4 - Period of Time for Completion of Course of Study

4.1 The duration of study will normally be a minimum of one year and a maximum of two years or the part-time equivalent.

4.2 In order to encourage completion of research degrees within a reasonable timeframe, QUT has set a limit of two years on the length of time for which it will fund a faculty for full-time research masters degree candidates.

4.3 A registered full-time graduate student shall present the thesis for examination after a period of at least one year but not more than two years has elapsed from the time of confirmed registration. A registered part-time graduate student shall present the thesis for examination after a period of at least two years. The maximum time is four years from the time of confirmed registration. In special cases the Faculty Research Committee may approve a shorter period.

4.4 Time limits are measured in years from the time of first registration as a graduate student. Periods of exclusion or absence without approval are included.

4.5 Candidates who exceed these limits may be asked to show cause why they should not have their registration in the program terminated. Such candidates must make formal application to the Faculty Research Committee to have their registration extended beyond the normal time. Details of the candidate's progress shall be presented to the committee together with the reasons for the delay in completing the course and the expected date of completion. Where the committee agrees to an extension, a time limit will be set for the maximum period of registration in the program.

4.6 Candidates are notified of termination by registered mail. They have right of appeal to the Academic Appeals Committee.

5 - Supervision

5.1 The Faculty Research Committee shall appoint at least one supervisor the principal supervisor and also at least one associate supervisor. Each member of the supervisory panel shall bring appropriate experience in the research area of the student.

5.2 The Principal Supervisor shall normally be from the academic staff of the QUT school in which the candidate is enrolled.

5.3 The Supervisory Panel shall supervise all aspects of the candidate's work program, shall receive reports from the candidate on progress and shall recommend to the Faculty Research Committee both on successful and unsuccessful completion of components of the coursework incorporated in the candidate's program, on progress on the thesis research project and on continued enrolment.

5.4 The Supervisory Panel shall receive a formal oral and written report from the candidate at least once every semester on progress on the research project.

5.5 Summary of Faculty Supervisory registration process:
To ensure that students receive appropriate supervision from experienced supervisors and active researchers the Faculty has introduced a Supervisors Register which requires registered supervisors to demonstrate performance in three areas:
1. Practice - previous supervisory experience of at least five years.
2. Research - evidence of active research through grants and publications
3. Continuous development.

BUILT ENVIRONMENT AND ENGINEERING
6 - Place and Conditions of Work

6.1 The research program will normally be carried out under supervision in a suitable environment within Brisbane. However, external study is possible. External candidates will be required to spend a minimum of four weeks at QUT annually.

6.2 The Faculty Research Committee shall not admit a candidate to a program of research based at the University unless it has received:

* a supporting statement from the Head of the QUT School and/or Postgraduate Research Coordinator in the School in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the masters degree, that the program is supported, that the school is willing to undertake the responsibility of supervising the work of the applicant and that resources are available to support the proposed research.

6.3 The Faculty Research Committee shall not admit a candidate to a program of research based at a sponsoring establishment unless it has received:

* a supporting statement from the employer or director of the sponsoring institution that they are aware of the course rules and are prepared to sponsor and support the applicant, that the applicant will be provided with facilities and time to undertake the research project and that they are willing to accept responsibility for supervising the applicant's work, and
* a supporting statement from the head of the QUT school or Postgraduate Research coordinator in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the Masters degree, that the program is supported, and that after examination of the proposed external facilities and supervision, the school is willing to accept the responsibility of supervising the work.

7 - Thesis

7.1 In the form of presentation, availability and copyright, the thesis shall comply with all the requirements of the document Requirements for Presenting Theses (Appendix 51 in the Manual of Policies and Procedures).

7.2 A candidate shall submit the title of their thesis for approval by the Faculty Research Committee with their application, and after approval has been granted, no change will be made except with the permission of the committee.

7.3 The candidate shall give two months' written notice of intention to submit their thesis through the Principal Supervisor.

7.4 The thesis shall comply with the following requirements:

* a significant proportion of the work described (as determined by the Faculty Research Committee) must have been carried out subsequent to initial registration for the Masters degree.
* it must describe a program of work carried out by the candidate and must involve either an advanced contribution to the knowledge of the subject or an advanced application of existing knowledge.
* it must reach a satisfactory standard of literary presentation.
* it shall be the candidate's own account of the work. Where work is carried out jointly with other persons, the Faculty Research Committee shall be advised of the extent of the candidate's contribution to the joint work.
* the thesis shall not contain as its main content any work or material which the candidate has previously submitted for another degree or similar award.
* the thesis may consist primarily of reports, plans and/or documents or may be supported by these if they have a bearing on the subject of the thesis. Other supporting documents such as published papers may also be submitted with the thesis.
* the thesis shall contain an abstract of not more than 300 words.

7.5 Except with the specific permission of the Faculty Research Committee, the thesis must be presented in the English language. Such permission must be sought at the time of application for registration, and will not be granted solely on the grounds that the candidate's ability to satisfy the examiners will be affected adversely by the requirement to present the thesis in English.

7.6 Subject to QUT’s Intellectual Property policy, the copyright of the thesis is vested in the candidate.

7.7 Where a candidate, supervisor or the sponsoring establishment wishes the thesis to remain confidential for a period of time after completion of the work, application for approval must be made to the Faculty Research Committee when the thesis is submitted. The period normally shall not exceed two years from the date on which the examiners recommend acceptance of the thesis, during which time the thesis will be held on restricted access in the QUT Library.

7.8 Except where confidentiality of the thesis is necessary, students shall submit their thesis electronically after completion of the examination process and any corrections required to the QUT Library for inclusion in the Australian Digital Thesis Project.

8 - Examination of Thesis

8.1 The Faculty Research Committee shall appoint three examiners, at least one of whom shall be from outside the University. No supervisor of the candidate shall be appointed as one of the examiners.

8.2 Normally, examiners must agree to read and report upon the thesis within two months of its receipt.

8.3 A candidate may be required to make an oral defence of the thesis.

8.4 On receipt of the reports from the examiners, the Faculty Research Committee shall:

(a) recommend that the thesis be accepted without modification, and to Academic Board that the candidate be awarded the degree, or
(b) recommend to Academic Board that the candidate be awarded the degree, after any minor amendments requested by the examiners have been made, or
(c) recommend that the thesis not be accepted until major revisions have been made. Such revisions might be rewriting one of the sections, with or without additional work, or
(d) not accept the thesis and terminate the candidate's registration.

8.5 If the examiners' reports are conflicting, the Faculty Research Committee may, after appropriate consultation with the Thesis Panel, resubmit the thesis to the examiners with copies of the examiners' reports and/or seek the advice...
of a further external examiner. After due consideration of further reports from the examiners, a majority decision will be accepted by the Faculty Research Committee.

Further Information
The Faculty of Built Environment and Engineering: Phone +61 7 3864 1424, Fax +61 7 3864 8381, e-mail: bee.research@qut.edu.au
WEB address: http://www.bee.qut.edu.au/research

Potential Careers:
Architect, Art Project Manager, Artist, Community Education Officer, Community Worker, Construction Manager, Contract Administrator, Environmental Health Officer, Exchange Student, Industrial Designer, Landscape Architect, Manager, Medical Equipment Sales, Project Developer, Project Manager, Property Development, Property Economist, Public Servant, Quantity Surveyor, Real Estate, Secondary School Teacher, Teacher, Urban and Regional Planner, Urban Designer.
Master of Engineering (BN72)

Year offered: 2007
Admissions: Yes
CRICOS code: 003465J
Course duration (full-time): 1 year (minimum), 2 years (maximum)
Course duration (part-time): 2 years (minimum), 4 years (maximum)
Domestic fees (per credit point): RTS/RTA: 2007 Full fee tuition $130 per credit point (exceeded max. entitlement) (subject to annual review)
Domestic fees (indicative): $12480 (exceeded max. entitlement)
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Campus: Gardens Point

Entry Requirements
A four-year degree in an appropriate discipline with Honours or equivalent qualification or a graduate diploma or masters degree in an appropriate discipline with a minimum grade point average of 5 with relevant experience or professional experience and/or other qualifications.

Part-time Study
QUT advises that International Students may only enrol in full-time studies.

Overview
This research program for professional engineers equips you to solve complex industrial problems. The program is available in Civil, Electrical and Electronic Systems, Mechanical, Manufacturing and Medical Engineering. In completing the course you apply yourself to real-world problems in a research project which usually be sponsored by industry, government authorities, professional organisations or QUT. You can enhance your preparation for the research project by completing coursework units as part of your program. Master of Research studies normally include:
* assessed coursework
* participation in university scholarly activities such as research seminars, teaching and publication
* regular meetings with supervisors
* a program of supervised research and investigation
* preparation of a thesis.

Fees
Australian students enrolling after August 31 2000 in a higher degree by research are subject to the conditions of the Commonwealth Government's Research Training Scheme (RTS). Research Students who enrol at QUT will be awarded an RTS place, which is funded by the Commonwealth, or a QUT Research Training Award Scheme (RTA) place, which is a fee remission scholarship.

Research Masters students are entitled to two years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for an extension, however the University may charge fees for the period of the program which exceeds the student's entitlement. The University determines the fee level.

HDR Director
Professor Mahen Mahenrdran
Phone: +61 7 3864 2543
fax: +61 7 3864 1515

Course Information and Notes
Please consult notes for BN71 Master of Applied Science for course information and requirements.

Further Information
The Faculty of Built Environment and Engineering: Phone +61 7 3864 1424, Fax +61 7 3864 8381,
e-mail: bee.research@qut.edu.au
WEB address: http://www.bee.qut.edu.au/research

Potential Careers:
Aerospace Avionics Engineer, Biomechanical Engineer, Biomedical Engineer, Civil Engineer, Electrical and Computer Engineer, Electrical Engineer, Environmental Engineer, Exchange Student, Government Officer, Hydrogeologist, Industrial Designer, Information Security Specialist, Instrument Maker, Manager, Manufacturer, Mastering Engineer, Mechanical Engineer, Medical Engineer, Medical Equipment Sales, Medical Imaging Technologist, Network Manager, Programmer, Recording Engineer, Rehabilitation Engineer, Rehabilitation Professionals, Software Engineer, Systems Analyst, Teacher.
Bachelor of Engineering (Civil) (CE44)

Year offered: 2007
Admissions: Yes
CRICOS code: 037544G
Course duration (full-time): 4 years

**Domestic fees (per credit point):** Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)

**Domestic fees (indicative):** 2007: Full fee tuition $20,160

**International Fees (per semester):** 2007: $10,000 per semester (subject to annual review)

**Domestic Entry:** February and July

**International Entry:** February (July entry available to students with Advanced Standing)

**QTAC code:** 412502; Dfee: 412506

**Past rank cut-off:** 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

**OP Guarantee:** Yes

**Total credit points:** 384

**Standard credit points per full-time semester:** 48

**Course coordinator:** Dr R. Mahalinga-Iyer

**Discipline coordinator:** Dr Jon Bunker

**Campus:** Gardens Point

**Additional Admission Information**

The CE44 Bachelor of Engineering (Civil) course has been replaced by EN40 Bachelor of Engineering (Civil) from 2006 onwards. There will be no intake into the CE44 course in 2008 with the exception of QTAC applicants commencing their studies with at least 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors available from the office of the Faculty of Built Environment and Engineering.

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

**Career Outcomes**

Civil engineers plan, design, construct, operate and maintain roads, bridges, dams, water supply schemes, sewerage systems, transportation, harbours, canals, dockyard facilities, airports, railways, factories and large buildings. Civil engineers may gain employment with Local State and Commonwealth Governments, semi-government agencies, construction firms, power generating authorities, mining firms, property developers and consulting engineering firms. A small number are employed in research activities and teaching. After obtaining suitable experience there is also the opportunity to establish their own consulting engineering practice.

**Overview**

**Professional Recognition**

This degree is recognised for the purpose of membership of Engineers Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, The Institution of Engineers, Ireland and the various professional engineering registry bodies in the USA.

**Minors**

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors available from the office of the Faculty of Built Environment and Engineering.

**Mid-year entry**

The CE45 Bachelor of Engineering (Civil) midyear course has been replaced by EN40 Bachelor of Engineering (Civil) from 2006 onwards. There will be no intake into the CE45 course in 2008 with the exception of QTAC applicants commencing their studies with at least 72 credit points of advanced standing (academic credit).

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

**Special Course Requirements**

A candidate for the degree of Bachelor of Engineering (Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

**Deferment**

QUT's deferment policy does not apply to this course.

**Further Information**

Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

OP Guarantee: Yes
Total credit points: 384
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jon Bunker
Campus: Gardens Point

Additional Admission Information
The CE46 Bachelor of Engineering (Civil and Environmental Management) course has been replaced by EN40 Bachelor of Engineering (Civil and Environmental Management) from 2006 onwards. There will be no intake into the CE46 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Environmental management is concerned mainly with the assessment and management of the effect of human and other activity on the environment. Graduates apply their skills to find solutions for the management of liquid and solid waste, or air and noise pollution. Graduates can be employed by government bodies and private companies involved with the environmental aspects of planning, designing, constructing and monitoring of structures and facilities including mines, factories, power stations, water and waste water treatment plants and refineries. As legislation becomes more stringent and the community's expectations increase, there will be need for institutions to employ more environmental engineers.

Overview
The course provides technical education civil, environmental engineering and science as well as environmental management skills in urban infrastructure and mining development will be taught. The course also teaches social, legal government and economic topics related to sustainable development.

Professional Recognition
This course has provisional accreditation from Engineers Australia (EA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil and Environmental Management) must obtain at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Deferment
QUT's deferment policy does not apply to this course.

NRB500   Environmental Systems and Modelling
NRB501   Spatial Analysis of Environmental Systems
PSP453   Urban Systems and the Physical Environment
Or other units approved by the course coordinator.

Electives - Semester 2 (subject to availability)
CEB415   Thesis Project B
NRB440   Environmental Chemistry
NRB600   Sustainable Environmental Management
NRB672   Marine and Freshwater Ecosystems
Or other units approved by the course coordinator.

Potential Careers:
Civil Engineer, Environmental Engineer.
Graduate Certificate in Civil Engineering (CE62)

Year offered: 2007
Admissions: No
CRICOS code: 040341C

Course duration (full-time): Full-time may be available in consultation with course coordinator.
Course duration (part-time): 2 semesters

Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)

Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.

Total credit points: 48
Course coordinator: Mr Yin Foong
Campus: Gardens Point

Entry Requirements
A Bachelor of Engineering (Civil) or equivalent qualification from a recognised tertiary institution. You may also seek entry if you have an Associate Diploma or Bachelor of Technology degree in Civil Engineering and documentary evidence of approximately five years full-time employment at an advanced technical level in a relevant engineering activity.

Overview
This course provides you with specialised professional training to meet the needs of councils, industry and state authorities. The units help you develop expertise for promotion and job changes, and meet the requirements for continuing professional recognition by the Institution of Engineers, Australia. The wide range of units and short course duration enables you to focus on very specific areas. One external postgraduate unit can be undertaken as an elective with prior approval of the course coordinator.

Articulation
Students who achieve a grade point average of 5.0 or above in the Graduate Certificate will be able to apply for entry to the Master of Engineering Science (Civil) (CE74) on the condition that they possess an undergraduate degree in engineering.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.
Total credit points: 96
Course coordinator: Mr Yin Foong
Campus: Gardens Point

Entry Requirements
You must hold an acceptable degree or diploma in engineering from a recognised institution. If you do not meet the requirements for normal entry but hold a degree or diploma in a scientific or technological field or other equivalent qualifications or hold professional engineering recognition you may be required to complete such prerequisite engineering units as may be determined by the course coordinator prior to enrolment in the course.

Overview
You undertake specialist studies in transportation, public health, local government, or environmental engineering. You cover topics including urban transport planning, road and traffic engineering, public health, waste management, construction management, law, process modelling, management and administration, and environmental impact assessment.

Selection of Units
Students who do not wish to undertake the Environmental major must complete the generic core units plus any combination of elective units as listed below totalling 48 credit points. Programs should be devised in consultation with the Course Coordinator.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Course structure

Environmental Engineering Major

Semester 1
CEP291 Environmental Law and Assessment

Electives - Semester 1
CEP142 Water Pollution Control
CEP161 Professional Development Studies 1
CEP201 Process Modelling
CEP218 Transportation Engineering
CEP291 Environmental Law and Assessment
CEP293 Pavement Design
CEP294 Engineering Contract Development and Administration

Electives - Semester 2
CEP141 Studies in Environmental Engineering
CEP175 Pavement Maintenance Rehabilitation and Recycling
CEP216 Advanced Traffic Engineering
CEP262 Professional Development Studies 2
CEP295 Civil Engineering Management in a Project Environment

PLEASE NOTE:
Advice must be sought from the course coordinator before enrolling in either CEP161 or CEP262.

The School reserves the right to offer the units according to enrolment quotas and staff availability.

With the approval of the Course Coordinator students may be permitted to take units from other engineering areas.

One postgraduate unit from inside/outside of the School can be undertaken as an elective with prior approval of the Course Coordinator.

Potential Careers:
Civil Engineer, Environmental Engineer.
Master of Engineering Science (Civil Engineering) (CE74)

Year offered: 2007  
Admissions: Yes  
CRICOS code: 020300M  
Course duration (full-time): 1 year  
Course duration (part-time): 2 years  
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)  
Domestic fees (indicative): 2007: $12480  
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)  
Total credit points: 96  
Standard credit points per part-time semester: 24  
Course coordinator: Mr Yin Foong  
Campus: Gardens Point

Entry Requirements

A Bachelor of Engineering degree with Honours in Civil Engineering or a Graduate Diploma in Civil Engineering with a grade point average of at least 5 on a 7-point scale. If applicants have completed 50 per cent of the Graduate Diploma in Civil Engineering with a minimum grade point average of 5 they may transfer to the Masters program. If applicants have not taken units equivalent to QUT undergraduate units in their chosen area of specialist study, they may need to complete additional undergraduate units as a masters qualifying program.

Overview

This course provides you with specialist postgraduate education in transportation, public health, environmental, or municipal engineering and allows you to develop your research skills through an intensive study of a particular topic.

Course Structure

The course consists of units and a thesis project totalling 96 credit points. 24 credit points allocated to a project and the remainder to the non project units. The majority of the units are common with the Graduate Diploma in Civil Engineering (CE64). Students who do not wish to undertake the Environmental major must complete the generic core units plus any combination of elective units as listed below, to make up the minimum total of 96 credit points. Such programs should be devised in consultation with the course coordinator.

International Student Entry

QUT advises that International Students may only enrol in full-time studies.

The School reserves the right to offer the units according to enrolment quotas and staff availability.

With permission of the Course Coordinator students may be permitted to take electives from other engineering areas.

One postgraduate unit from inside/outside of BUILT ENVIRONMENT AND ENGINEERING
the School can be undertaken as an elective
with prior approval of the Course Coordinator.

Potential Careers:
Civil Engineer, Environmental Engineer.
Master of Engineering Science (Civil Engineering Studies) (CE75)

Year offered: 2007  
Admissions: Yes  
CRICOS code: 042259C

Course duration (full-time): 1 year  
Course duration (part-time): 2 years

Domestic fees (per credit point): 2007: $130 per credit point  
Domestic fees (indicative): 2007: Full fee tuition $12480

International Fees (per semester): 2007: $10,500 per semester  

Total credit points: 96  
Course coordinator: Mr Yin Foong  
Campus: Gardens Point

Entry Requirements
A Bachelor of Engineering degree with honours in Civil Engineering OR equivalent, with a grade point average of at least 5 on a 7-point scale.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Overview
This program had been designed to provide industry professionals with flexibility and breadth. The course includes a unit on Research Methodology.

Course Structure
The flexible Master of Engineering Science (Civil Engineering Studies) program allows students to choose three units from a common pool of units offered by all the Engineering Schools (Band 1). A band of Civil Engineering units is then offered from which students choose three units (Band 2). Any units from Band 1 could also be chosen for Band 2 provided that they come from the School of Civil Engineering. The final component requires enrolment in a Civil Engineering Project (equivalent to 24 credit points) (Band 3).

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Course structure

Full-time Course Structure

Band 1 Units
Choose 3 units from the following Band 1 units. Most of these units are offered once a year (either in Semester 1 or Semester 2). Students are advised to check carefully the unit availability prior to enrolling.

Band 1 - Semester 1
CEP142 Water Pollution Control  
CEP201 Process Modelling  
CEP291 Environmental Law and Assessment  
CEP294 Engineering Contract Development and Administration  
EEP101 Algorithms for Control and Engineering  
EEP102 Unix and C for Engineers  
EEP103 Computer Hardware and Interfacing

Band 1 - Semester 2
CEP141 Studies in Environmental Engineering  
CEP295 Civil Engineering Management in a Project Environment  
EEP129 Image Processing and Computer Vision

Band 1 - Block Mode#
MEN101 Research Methodology  
MEN170 Systems Modelling and Simulation  
MEN172 Cost Analysis and Asset Management  
MEN280 Engineering Project Management  
# Block mode classes are held in teaching periods, which run consecutively for 5 weeks at a time, instead of semesters. Please check QUT Virtual or the School Administration Officer for details of teaching periods for the above block mode units.

Band 2 Units
Choose 3 units from the range of Band 2 units. The following Civil Engineering units are offered as electives within CE74 and may be cancelled due to insufficient enrolment numbers.

Band 2 - Semester 1
CEP142 Water Pollution Control  
CEP218 Transportation Engineering  
CEP291 Environmental Law and Assessment  
CEP293 Pavement Design

Band 2 - Semester 2
CEP141 Studies in Environmental Engineering  
CEP175 Pavement Maintenance Rehabilitation and Recycling  
CEP216 Advanced Traffic Engineering  
CEP295 Civil Engineering Management in a Project Environment

Band 3 Project
Students must complete their 24 cp project over one or two semesters (summer semester is an option) by enrolling in the following two 12 cp units. Students must discuss these options with the Course Coordinator before enrolling.
CEP997-1  Project B
CEP997-2  Project B

Please note: The School reserves the right to offer these units according to enrolment quotas and staff availability.

Potential Careers:
Civil Engineer, Environmental Engineer.
Bachelor of Applied Science (Construction Management) (CN51)

Year offered: 2007
Admissions: Yes
CRICOS code: 006363B
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)

Domestic fees (indicative): 2007: Full fee tuition $15360

International Fees (per semester): 2007: $10,000 per semester (subject to annual review)

Domestic Entry: February and July
International Entry: February and July
QTAC code: 412312; Dfee: 412316

Past rank cut-off: 75. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

OP Guarantee: Yes
Total credit points: 384

Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Paul Den Ronden
Campus: Gardens Point

Additional Admission Information
The CN51 Bachelor of Applied Science (Construction Management) course has been replaced by UD40 Bachelor of Urban Development (Construction Management) from 2006 onwards. There will be no intake into the CN51 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Graduates employed in the construction process are involved in the coordinating of the construction and maintenance of large building projects, the development of government and corporate policies, the administration of regulations, and the development and research of building systems and products. They may be employed in private organisations such as large construction and development companies or consultancies while some are employed by government departments.

Overview
The course is concerned with the management of the overall process of construction projects and provides detailed understanding of project development from conception, through planning and construction to commissioning and maintenance. It develops skills in how to manage people, materials, equipment and plant while focusing on issues such as cost, time, quality, safety and environment. It educates students to become effective construction managers with comprehensive technological knowledge, management principles and communication skills.

Special Course Requirements
All students are required to obtain a minimum of 100 days of employment in the final year of the course as a part of CNB409 Professional Practice 1 and CNB423 Professional Practice 2.

Professional Recognition
Graduates with relevant experience are eligible for membership of the Australian Institute of Building.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment
QUT's deferment policy does not apply to this course.

Bachelor of Applied Science (Quantity Surveying) (CN53)

Year offered: 2007
Admissions: No
CRICOS code: 003500M
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15360
International Fees (per semester): 2007:$10,000 per semester (subject to annual review)

Domestic Entry: February and July
International Entry: February and July
QTAC code: 412332; Dfee: 412336

Past rank cut-off: 72. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Jason Gray
Campus: Gardens Point

Additional Admission Information
The CN53 Bachelor of Applied Science (Quantity Surveying) course has been replaced by UD40 Bachelor of Urban Development (Quantity Surveying) from 2006 onwards. There will be no intake into the CN53 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Quantity Surveyors prepare cost estimates and check actual expenditure for large construction projects. They usually work in offices but can also visit building sites, clients and members of teams. Graduates are employed by private quantity surveying firms, government departments and building companies.

Overview
The course prepares students to work as quantity surveyors or building economists. The course covers building management, cost planing and control, building development techniques, building research, computer software application, measurement of construction, and legal issues.

Special Course Requirements
All students are required to obtain a minimum of 100 days of employment in the final year of the course as a part of the units Professional Practice 1 and Professional Practice 2. Only international students are eligible to complete a portion of their work experience offshore, and in this case students will receive no assistance in gaining work experience.

Professional Accreditation and Recognition
The course is offered with or without honours. Both the honours and non-honours versions of the course are fully accredited by the Australian Institute of Quantity Surveyors and the Board of Quantity Surveyors Malaysia (BQSM). Re-accreditation with the Royal Institution of Chartered Surveyors (honours version only) and Singapore Institute of Surveyors and Valuers is currently being sought.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion, but this will affect professional accreditation and recognition in relation to RICS and SISV. The course coordinator will therefore need to be satisfied that the student fully understands the implications that the minor will have on professional accreditation and recognition before approval to the minor is granted. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Advanced Standing
Up to 4 semesters of advanced standing may be granted, subject to prior learning and qualifications. Students seeking accreditation from the Hong Kong Institute of Surveyors are not able to accept any advanced standing, and must complete the entire course. In the special case of students who complete the QUT BAppSc Construction Management course and are therefore eligible to enter the final year of the BAppSc Quantity Surveying course, these students will find that their BAppSc Quantity Surveying course is only accredited by the Australian Institute of Quantity Surveyors.

Electives
Note A: Electives as listed or an approved elective from other QUT courses. Students seeking RICS and SISV accreditation should not enrol in Note A electives but follow the course structure as specified.

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment
QUT's deferment policy does not apply to this course.

Bachelor of Property Economics (CN54)

Year offered: 2007
Admissions: Yes
CRICOS code: 040319A
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15360
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 412322; Dfee: 412326
Past rank cut-off: 77; Dfee: 412326. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information.

Additional Admission Information
The CN54 Bachelor of Property Economics course has been replaced by UD40 Bachelor of Urban Development (Property Economics) from 2006 onwards. There will be no intake into the CN54 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Property economics is the profession associated with the management, administration and use of land and property such as office buildings, shopping centres, factories, hotels etc. Graduates work in private practice or as employees of property development, valuation, property management, investment or property finance companies. They may also work in government departments and local authorities concerned with rating, compulsory acquisitions or property development.

Overview
This course is concerned with all aspects of property - investment, asset management, development, valuation and research - with a focus on finance and on the commercial property market sector. The program incorporates a major in finance (through the Faculty of Business) and specialist 4th year programs, with strong industry links.

Special Course Requirements
All students must undertake 60 days' professional work experience during the course as part of CNB390 Professional Practice. All work experience must be approved by the course coordinator to verify that it is appropriate. A work experience diary is to be maintained and available for inspection by the unit coordinator as a formal assessment component.

A student registered in the flexible or part-time study program must be employed full-time in an approved organisation for three of the final four years of the course. Part-time study generally involves around 8 formal contact hours per week and some release from employment is required.

Professional Recognition
Graduates with relevant professional experience are eligible for membership of the Australian Property Institute and registration by the Valuers’ Registration Board of Queensland. The course is accredited by the Royal Institution of Chartered Surveyors. Accreditation by the Singapore Institute of Surveyors and Valuers will be sought in 2004.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Special Note
Students may elect to complete their studies on the completion of 3 years (or flexible part-time equivalent). Students who select this option will graduate with a Bachelor of Applied Science (Property Economics) degree. This degree provides full domestic accreditation with the Australian Property Institute and Valuers’ Registration Board of Queensland. Students graduating on the four year program have the potential to graduate with honours according to their overall grade point average.

Flexible Mode
Students may take up to 3 units per semester from the full-time timetable.

- CNB497 Project Cost and Risk Management
- CNB498 Project Human Resource Management
- CNB499 International Project Development Management
- EFB312 International Finance

**Option 4 - Faculty specified minor**
- 4 Faculty minor electives
- Free choice elective

**Potential Careers:**
Project Developer, Project Manager, Property Development, Property Economist, Property Management, Real Estate.
Graduate Diploma in Project Management (CN64)

Year offered: 2007
Admissions: Yes
CRICOS code: 006362C
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007 Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Bambang Trigunarsyah
Campus: Gardens Point

Entry Requirements
A relevant bachelor degree from an approved tertiary institution; OR successful completion in CN81 Graduate Certificate in Project Management with a grade point average of 5.0 or better, OR qualifications deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND at least three years of appropriate industry experience after graduation. Students who commence mid-year should enrol in semester 2 units.

Overview
This program is designed to help you advance your professional project management career. Career opportunities are excellent in both public and private sectors, and salaries approach the highest in any industry.

Course Structure
In the Graduate Diploma students complete coursework units from the Masters degree with a range of elective options available. Variations to the recommended study program require prior approval from the course coordinator. School electives are offered subject to an appropriate enrolment each semester.

Persons admitted to the Graduate Diploma who are graduates of the Graduate Certificate in Project Management (CN81) will need to submit an application for Academic Credit form for the units they have already completed.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

1 elective from Electives List

Electives List

BSN502  Research Methodology
CNP545  Project Development
CNP553  Information Technology for Project Managers
CNP556  Property Management and Contracts

Or other elective with the approval of the Course Coordinator.

Potential Careers:
Construction Manager, Government Officer, Manager,
Project Developer, Project Manager, Property Economist.
Master of Project Management (CN77)

Year offered: 2007
Admissions: Yes
CRICOS code: 016350B
Course duration (full-time): 1.5 years
Course duration (part-time): 3 years
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480 per semester (subject to annual review)
Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 144
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Bambang Trigunarsyah
Campus: Gardens Point

Entry Requirements
A relevant bachelor degree from an approved tertiary institution and demonstrated potential in professional activity to undertake masters degree course, OR successful completion of CN64 Graduate Diploma in Project Management with a grade point average of 5.0 or better, OR qualifications deemed equivalent to the above by the Dean of the Faculty on the recommendation of the course coordinator, AND at least three years appropriate industry experience after graduation.

Overview
This program is designed to help you advance your professional project management career. The Project Management course provides generic project related skills essential for senior managers in a wide range of industries. Career opportunities are excellent in both public and private sectors, and salaries approach the highest in any industry.

Course Structure Information
The first two semesters full-time or four semesters part-time are identical to the Graduate Diploma in Project Management (CN64). Persons admitted to the Masters program who are graduates of the Graduate Diploma in Project Management (CN64) will need to submit an Application for Academic Credit form for the units they have already completed. At the completion of the coursework component of the Masters Degree program but before the completion of the Dissertation, students may elect to exit with the Graduate Diploma in Project Management.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Campus: Gardens Point

Entry Requirements
A relevant bachelor degree from an approved tertiary institution; OR
Qualifications and/or extensive, relevant professional experience deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND
at least three years of appropriate industry experience after graduation.

Overview
This program is designed to help you advance your professional project management career. The Project Management course provides generic project related skills essential for senior managers in a wide range of industries. Career opportunities are excellent in both public and private sectors, and salaries approach the highest in any industry.

Course Structure
The first semester full-time or two semesters part-time are identical to the Graduate Diploma in Project Management (CN64). Students who complete the Graduate Certificate in Project Management (CN81) and are successful in gaining entry into the Graduate Diploma in Project Management (CN64) or Master of Project Management (CN77) will be eligible to receive credit for all units studied in the Graduate Certificate.
The full-time Graduate Certificate can only be completed in Semester 1 of any year.
Students who commence mid-year should enrol in Semester 2 units.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com
Entry Requirements
A Masters degree from a recognised university in an appropriate discipline area such as an MBA, project management, logistics, IT, or engineering where the fundamental elements of business and project management have been studied; or A first/upper second class honours degree (in which an additional year of research study has been undertaken above the undergraduate degree; and approximately 5 years of work experience within a project management environment. Continuing employment in a Project Management environment for the duration of the course and a full commitment to the course by the candidate and their employing organisation is also necessary.

Overview
The Doctor of Project Management is a three year professional doctorate degree, designed for candidates to consolidate and better understand their existing skills and knowledge on how to manage projects, while drawing from their professional experiences and real life scenarios for research initiatives.

This program is jointly delivered by QUT and RMIT. Candidates in the program will have access to the expertise and resources in both institutions.

The award will be a dual-logo joint parchment issued by QUT and RMIT.

Course Structure
The program enables project managers to reflect upon their widespread experience, learn new skills and gain insights into core strategic areas of required expertise such as knowledge management, project management leadership, project management procurement and ethics. Each of the four core areas is accompanied by a reflective learning course. These core areas are then further investigated through research study.

Four core units are undertaken during the first two years entail extensive small group work.

Career Outcomes
Completion of this course will provide you with the necessary expertise to assume strategic leadership roles in leading projects.

International Enrolments
The course is delivered in external mode through the internet. During the candidature, students will have the opportunity to have face to face sessions with lecturing staff, their supervisors or the course coordinator, however on-shore attendance at QUT in Brisbane, Australia is not compulsory.

Qualifications and/or relevant training considered to be deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND at least three years of appropriate industry experience.

Related Courses
Graduate Diploma in Property Economics(CN91), Master of Property Economics(CN92)

Overview
The aim of the course is to produce graduates capable of making sound and reasonable judgements in property performance evaluation. The course will provide students with a comprehensive understanding of property as an economic and financial asset; knowledge and skills to evaluate and manage property, a sense of ethical and professional responsibility and the application of these attributes in the property field.

Course Structure
In the Graduate Certificate and Graduate Diploma courses, students complete coursework units from the Masters degree with a range of elective options available. The full-time Graduate Certificate can only be completed in Semester 1 of any year. Students who commence mid-year should enrol in Semester 2 units.

Majors
While the course provides an overview of property as an asset there are majors in PROPERTY INVESTMENT AND MANAGEMENT and PROPERTY DEVELOPMENT. There are several common units across the majors however applicants are required to select one major.

Graduate Diploma in Urban Design (DB69)

Year offered: 2007
Admissions: Yes
CRICOS code: 014018G
Course duration (full-time): 1 year
Course duration (part-time): 1.5 years
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Dr Jeannie Sim
Campus: Gardens Point

Overview
Urban Design is primarily concerned with improving through design, the relationship between the many elements that make up urban areas. The course enhances your professional skills through developing an understanding of the social, economic, physical, historical, political, and legal processes which influence the form and structure of urban areas. Particular emphasis is placed on communication skills.

Entry Requirements
A Bachelor of Built Environment in a related discipline with a grade point average of 5 or better and demonstrated potential in a relevant professional activity or a degree or postgraduate qualification, relevant to Urban Design, with the grade point average of 5 or better and demonstrated potential in a relevant professional activity.

Applicants may be granted provisional entry to this course with a modified enrolment program on the basis of alternative academic or professional attainments.

You may be required to undertake a qualifying program to develop design literacy and graphic skills. A three-module full fee paying Summer unit is available for this purpose. Computer literacy is also required.

Course Requirements
Students must complete a minimum of 48 credit points per semester in the full-time course and a minimum of 24 credit points per semester in the part-time course. Students with a grade point average of 5 or better may articulate into the Masters program after one semester full-time or two semesters part-time study.

Master of Built Environment (Urban Design) (DB73)

Year offered: 2007
Admissions: Yes
CRICOS code: 003475G

Course duration (full-time): 3 semesters including Summer semester
Course duration (part-time): 5 semesters
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Jeannie Sim
Campus: Gardens Point

Overview
Urban design is primarily concerned with improving through design, the relationship between the many elements that make up urban areas: buildings, places, spaces and movement and service systems. The course aims to enhance your professional skills through developing an understanding of the social, economic, physical, historical, political, and legal processes which influence the form and structure of urban areas. Particular emphasis is placed on communication skills.

Entry Requirements
Applicants are considered initially for acceptance in the Graduate Diploma in Urban Design. At the completion of 48 credit points students will be considered for articulation to the Master of Built Environment (Urban Design) subject to a grade point average of 5.0 or better in the course.

Applicants may be granted provisional entry to the Graduate Diploma courses with a modified enrolment program on the basis of alternative academic or professional attainments. Some applicants may be required to undertake a qualifying program to develop design literacy and graphic skills. A three-module full-fee paying Summer unit is normally available for this purpose. Computer Literacy is also required.

Focus in the Masters Program
The masters program includes skills and knowledge development through set coursework in common with the Graduate Diploma in Urban Design, but also requires individual research and the writing of a dissertation. An Urban Design Master Studio is conducted over the Summer semester.

Master of Built Environment (Urban Design)
The normal progression will extend the graduate diploma program by a flexibly delivered summer semester (see Course Structure) for part-time and full-time students. Articulation from the graduate diploma to the masters level program will be available after one semester full-time or two semesters part-time provided that applicants have completed the preceding course work with a grade point average of 5.0 or better.

International Student Entry
QUT advises that international students may only enrol in full-time studies.

Bachelor of Design (Architectural Studies) (DE40)

Year offered: 2007
Admissions: Yes
CRICOS code: 056386C
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth supported place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15,360; CSP $6,861
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412372; Dfee: 412376
Past rank cut-off: 88; Dfee: 83
Past OP cut-off: 7; Dfee: 9
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Paul Sanders
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to AR48 Bachelor of Architecture.

Career Outcomes
The Bachelor of Design (Architectural Studies) is a four-year full-time pre-professional degree in architecture. Graduates of this course may articulate into the Master of Architecture.

Architects design buildings, provide concepts, specifications, detailed drawings and plans. They oversee construction, negotiate with planning authorities and inspect the work in progress. They are required to have design skills and technical knowledge of materials and processes used in construction. Architects can be employed in general practice or choose to specialise. Some of the specialisations available are commercial, industrial and institutional developments, historic building conservation and housing renovation. They can also be involved in project feasibility studies and strategic asset investigations. Architecture embraces art, technology and service. Architects play a leading role in interdisciplinary teams to solve problems of the built environment. A Bachelor of Architecture gives graduates exciting career choices and the opportunity to travel and work in Australia or overseas.

Overview
Design is the focus of this course; these studies are supported by studies in architectural technology, history and culture of architecture, ethical and legislative frameworks, and the study of architecture in practice.

Professional Recognition
Graduates of the Bachelor of Design(Architectural Studies) with a grade point average of 4 or better will be eligible for entry into the Master of Architecture.

Accreditation for the Bachelor of Design(Architectural Studies) and the Master of Architecture is being sought from the Architecture Accreditation Council of Australia.

Further Information
The School of Design - Phone +61 7 3864 2626, Fax +61 7 3864 5280, email: bee.enquiries@qut.com

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

IMPORTANT - SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to BN31 Bachelor of Built Environment (Industrial Design).

Career Outcomes
Industrial designers create and produce commercial and industrial products to improve people's lives. They make models and prototypes of designs that cover a wide range of manufactured goods from toasters to computer terminals to rapid transport systems. When designing new or improving existing products they must consider factors influencing product design such as useability, costs, materials, technology or environment. They research product usage, make detailed drawings and supervise the construction of prototypes for testing. They mainly work in small business or consulting practices. QUT Industrial Design graduates are working worldwide in places such as the UK, Singapore and France.

Overview
Students in this course develop their capacity to contribute to the design of products and systems for the mutual benefit of users and manufacturers of a wide range of products.

Professional Recognition
Recognition of the Bachelor of Design (Industrial Design) is being sought from the Design Institute of Australia. QUT is an Educational Member of the International Council of Societies of Industrial Design (ISCID).

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Additional Admission Information
Applicants who are offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to BN31 Bachelor of Built Environment (Interior Design).

Careers Outcomes
Interior designers plan and execute the layout, finishes, lighting, fittings and furnishings in domestic interior design, retail and entertainment industry design, hospitality industry design, commercial office and corporate design. Interior designers may work as consultants or with a design company. They may also seek work involving production design for film, television and theatre as well as furniture and exhibition design. There is a trend for Australian interior design companies to practice in South-East Asia and bid competitively for international commissions.

Overview
Students undertaking this course receive a general background in studies in built environment combined with a series of experience exercises relating to basic design & specifically to interior design.

Professional Recognition
Successful completion of the Bachelor of Design (Interior Design) is recognised by the Design Institute of Australia as meeting the basic requirements for professional practice.

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Further Information
The School of Design - Phone +61 7 3864 2626, Fax +61 7 3864 5280, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Potential Careers:**

Interior Designer.
Bachelor of Design (Landscape Architecture) (DE40)

Year offered: 2007
Admissions: Yes
CRICOS code: 056386C
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth supported place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $15,360; CSP $6,861
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412342; Dfee: 412346
Past rank cut-off: 75; Dfee: 70
Past OP cut-off: 12; Dfee: 14
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Ms Delwynn Poulton
Campus: Gardens Point

IMPORTANT - SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to BN31 Bachelor of Built Environment (Landscape Architecture).

Career Outcomes
Landscape Architecture is predominantly a young profession with an increasing number of female practitioners. Sixty per cent of the profession is employed in private consultancies of landscape architects, architects, planners, urban designers and engineers. They are engaged primarily in site planning, site design, planting design and, to a lesser degree, landscape planning. Other opportunities for employment occur in the design sectors of government agencies. Some graduates work freelance on a contractual basis.

Overview
Landscape Architecture is concerned with the ordered design of open spaces at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Your course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work.

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Professional Recognition
Professional accreditation is being sought from the Australian Institute of Landscape Architects.

Further Information

**Potential Careers:**
Landscape Architect.
Bachelor of Engineering (Electrical and Computer Engineering) (EE41)

Year offered: 2007
Admissions: Yes
CRICOS code: 003490G
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $20160 per semester (subject to annual review)

International Fees (per semester): 2007: $10,000 per semester (subject to annual review)

Domestic Entry: February and July
International Entry: February (July entry available to students with Advanced Standing)

QTAC code: 412502; Dfee: 412506

Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

OP Guarantee: Yes
Total credit points: 384

Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Bouchra Senadji
Campus: Gardens Point

Additional Admission Information

The EE41 Bachelor of Engineering (Electrical and Computer Engineering) course has been replaced by EN40 Bachelor of Engineering (Electrical) from 2006 onwards. There will be no intake into the EE41 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes

Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems. They may specialise as electrical power engineers, electrical design engineers, communications or computer engineers. Graduates find employment with electricity boards, government and semi-government departments, large manufacturing and engineering companies.

Overview

This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional Recognition

This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. It is professionally recognised by many international professional institutions including the Professional Engineers Board Singapore.

Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Mid-year Entry

The EE42 Bachelor of Engineering (Electrical and Computer Engineering) course has been replaced by EN40 Bachelor of Engineering (Electrical) from 2006 onwards. There will be no midyear intake into the EE42 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit).

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Industry Cooperative Education Program

High achieving domestic students in third year may also be eligible to participate in the Industry Cooperative Education Program, based on a three-way partnership between the student, University and industry, and involving a full-time, one semester, paid and supervised workplace position with the industry partner.

Special Course Requirements

To graduate, students must complete at least 60 days industrial experience in an engineering environment which is approved by the course coordinator.

Further Information

Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment

QUT's deferment policy does not apply to this course.

International Entry: February

QTAC code: 412502; Dfee: 412506

Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Ed Palmer
Campus: Gardens Point

Additional Admission Information
The EE46 Bachelor of Engineering (Computer Systems) course has been replaced by EN40 Bachelor of Engineering (Computer Systems) from 2006 onwards. There will be no intake into the EE46 course in 2007 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Graduates will be employed as design engineers, software engineers, hardware engineers, computer system engineers, information systems engineers, research and development engineers and project managers.

Overview
Students will study units from both electrical engineering and computing from a computer-based systems perspective. The course aims to produce students who are employable as design engineers, software and hardware engineers, computer systems engineers, and information systems engineers.

Professional Recognition
The course is provisionally accredited by Engineers Australia (EA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Optional Pathways
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Telecommunications) course can change to the Bachelor of Engineering (Computer Systems) at the end of the first year without loss of credit, subject to approval from the course coordinator and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days industrial experience in order to graduate.

Potential Careers:
Computer Systems Engineer, Electrical and Computer Engineer, Systems Programmer.
Bachelor of Engineering (Telecommunications) (EE47)

Year offered: 2007
Admissions: Yes
CRICOS code: 040308D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $20160
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Ed Palmer
Campus: Gardens Point

Additional Admission Information
The EE47 Bachelor of Engineering (Telecommunications) course has been replaced by EN40 Bachelor of Engineering (Telecommunications) from 2006 onwards. There will be no intake into the EE47 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Telecommunications engineers are involved in the design, planning, commissioning and monitoring of complex telecommunications networks and broadcasting equipment. As a result of the rapid increase in telecommunications technology, Australia currently faces a shortage of experienced telecommunications engineers. Prospective employers include all the major carrier companies such as Telstra, Optus, Vodafone, as well as mobile phone manufacturers such as Voxson, Motorola and Nokia. Other prospective employers are electronic equipment manufacturers and private and government bodies involved in Information Technology (IT), Telecommunication design and development.

Overview
Students study a combination of units from the School of Electrical and Electronic Systems Engineering, School of Computer Science and Software Engineering, School of Data Communication and the School of Mathematics. Areas covered include innovative communications technologies including the Internet, wireless mobile communication systems, optical fibre communications, satellite communication systems ADSL and other fast modern technologies, Bluetooth and HDTV.

Professional Recognition
The course is provisionally accredited by Engineers Australia (EA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Optional Pathway
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Computer Systems) course may transfer to the Bachelor of Engineering (Telecommunications) at the end of the first year without loss of credit, subject to approval from the course coordinator, and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days of industrial experience in order graduate.

Students must complete 60 days work experience before graduating.

NOTE: Please check unit availability as not all units are offered every year.
At the discretion of the course coordinator, students may be allowed to select an elective from any advanced topics offered by the University. Also potential honours students may, with the approval of the course coordinator, select an elective from the postgraduate degree courses offered by the School of Engineering Systems.

**Potential Careers:**
Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer.
Bachelor of Engineering (Aerospace Avionics) (EE48)

Year offered: 2007
Admissions: Yes
CRICOS code: 037543G
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $20160
International Fees (per semester): 2007:$10,500 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412512
Past rank cut-off: 92. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Bouchra Senadji
Campus: Gardens Point

Additional Admission Information
The EE48 Bachelor of Engineering (Aerospace Avionics) course has been replaced by EN40 Bachelor of Engineering (Aerospace Avionics) from 2006 onwards. There will be no intake into the EE48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 264 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Aerospace Engineers are involved in the design, development, manufacture and maintenance work on aeroplanes, helicopters, spacecraft and satellites. Graduates are employed by the RAAF, RAN and by government bodies such as the Defence Research Centres and the Civil Aviation Authority. There are also career opportunities with aerospace companies, aircraft maintenance and aeronautical consulting services. Opportunities outside aerospace also exist in the areas of electronics, process control, instrument manufacture and automotive equipment.

Overview
Students study aerodynamics, aircraft control systems, avionics navigation and communication. In later years of the degree, specialist study is undertaken in design of aircraft and satellite systems including systems engineering methodology, aircraft and satellite technology and applications. As many of the teaching staff are involved in relevant research with government and industry sectors, students have the opportunity to work on real projects during their studies.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. It is also professionally recognised by many international professional institutions.

Minors
Subject to the approval of the course coordinator, students in this course may gain a minor in Systems Engineering by choosing the same group project through the Aerospace Design units and the final year project providing they comply with Systems Engineering principles.

Optional Pathway
Subject to normal course entry rules students may transfer internally from the QUT Bachelor of Engineering (Electrical and Computer Engineering) course to this degree after the completion of the first year full-time if they have obtained a sufficiently high grade point average that will meet the course cut-off for that year.

Articulation to Masters
Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science courses can then have these two units credited towards the Masters Program.

Special Course Requirements
In order to graduate students must complete 70 days approved industrial experience in an engineering environment as approved by the course coordinator, including 10 days specialist experience in the avionics industry.

Further Information
Phone +61 7 3138 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply
regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

**Course structure**

**Year 3 - Semester 1**
- EEB512 Industrial Electronics and Digital Design
- EEB535 Modern Flight Control Systems
- EEB560 Digital Communications
- EEB585 Systems Engineering Design

**Year 3 - Semester 2**
- EEB612 Software Systems Design
- EEB640 Digital Signal Processing
- EEB641 Fields Transmission and Propagation
- EEB685 Advanced Systems Design

**Year 4 - Semester 1**
- EEB732 Space Technology
- EEB781 Professional Studies 2
- EEB782-1 Systems Project
  - Elective Unit 1

**Year 4 - Semester 2**
- EEB782-2 Systems Project
- EEB833 Spacecraft Guidance and Navigation
- EEB835 Navigation Systems for Aircraft
  - Elective Unit 2
  - Students in this course must complete 60 days industrial experience before graduating. An additional 10 days specialist industrial experience must be obtained in the aerospace avionics industry.

**Electives**
- EEB760 Aerospace Radio and Radar Systems
- EEB766 RF Communication Technologies
- EEB831 Military Combat Electronics
- EEB941 Modern Signal Processing
- EEB960 Wireless Communications
- EEB961 RF and Applied Electromagnetics
- EEB976 Advanced Industrial Electronics
- EEB992 VLSI Circuits and Systems
- PCB469 Astrophysics 1
  - General Elective or a language
  - Please check unit availability, as not all units are offered every year.
  - Also potential honours students may, with the approval of the course coordinator, select an elective from the postgraduate degree courses offered by the School of Engineering Systems.

At the discretion of the course coordinator, students maybe allowed to select an elective from any advanced topics offered by the University.

**Potential Careers:**
- Aerospace Avionics Engineer.
Graduate Diploma in Electricity Supply Engineering (EE60)

Year offered: 2007
Admissions: Yes
Course duration (part-time): 4 Semesters (minimum)
Domestic fees (per credit point): 2007: $235 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $22560
Domestic Entry: Year round. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Course coordinator: Professor Gerard Ledwich
 Campus: Gardens Point and External

Entry Requirements
A bachelor degree in Electrical Engineering with a study of power subjects to third-year level.
There is provision also for entry by Associate Diploma or Advanced Diploma holders with industry experience.

Overview
This course provides you with the skills and knowledge identified to meet industry competencies. QUT staff draw on the expertise of experienced engineers in industry to provide you with the high level of vocationally oriented training required by professional personnel in industry. (12 units are also available as distance education units).

Course Structure
In the Graduate Diploma students must complete 24 units from List. Units are offered in block mode or by distance education. Block mode units are held twice yearly and distance education units are year round. Ad hoc Block modes units are also offered in Brisbane and throughout Australia and New Zealand depending on demand. Please contact the Course Coordinator for further information.

International Student Entry
QUT advises that this course is not available to International students.

Further Information
Prof Gerard Ledwich Phone 07 3864 1632 or 07 3864 2864, Fax 07 3864 1516, email: g.ledwich@qut.edu.au

Course structure

Choose 24 Units from list below

EEP201 Fundamentals of Power System Earthing
EEP202 Thermal Ratings and Heat Transfer
EEP203 Testing and Condition Monitoring
EEP204 Power System Load Flow Analysis
EEP205 Power System Fault Calculations
EEP206 Project Management
EEP207 Overhead Line Route Selection - Environmental Factors
EEP208 Economic Analysis for Power System Engineers
EEP209 Power System Harmonics
EEP210 Abnormal System Voltages
EEP211 Basic Power System Protection
EEP212 Advanced Power System Protection
EEP213 Statistics
EEP214 Risk Assessment in the Electricity Supply Industry
EEP215 Reliability
EEP216 Overhead Line Design - Electrical
EEP217 Overhead Line Design - Mechanical
EEP218 Introduction to Automated System Control and Supervisory Systems
EEP219 High Voltage Substation Equipment: Power Transformers and Reactive Power Plant
EEP220 Distribution Planning
EEP221 Limits to Power System Stability
EEP222 Maintenance of Electricity Supply Systems
EEP223 Load Forecasting
EEP224 Power System Operation
EEP240 Organisation and Financial Management in the Electricity Supply Industry
EEP241 Distance Protection
EEP242 Efficient Marketing and Utilisation of Electricity: Demand and Supply Side Solutions
EEP243 Contract Administration
EEP244 Circuit Breakers - Switchgear
EEP245 Introduction to Substation Design
EEP246 Customer Metering
EEP247 Introduction to Electricity Markets

Units available by distance education with flexible enrolment year round

EEP202 Thermal Ratings and Heat Transfer
EEP204 Power System Load Flow Analysis
EEP208 Economic Analysis for Power System Engineers
EEP209 Power System Harmonics
EEP210 Abnormal System Voltages
EEP211 Basic Power System Protection
EEP212 Advanced Power System Protection
EEP213 Statistics
EEP214 Risk Assessment in the Electricity Supply Industry
EEP215 Reliability
EEP220 Distribution Planning
EEP241 Distance Protection

Potential Careers:
Electrical Engineer.
Graduate Certificate in Computer and Communications Engineering (EE61)

Year offered: 2007
Admissions: No
CRICOS code: 043119G

Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters

Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)

Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.

Total credit points: 48
Course coordinator: Dr John Edwards
Campus: Gardens Point

Entry Requirements
A bachelor degree in Electrical Engineering, Information Technology or equivalent; or an Associate Diploma /Advanced Diploma in electrical engineering or information technology, or equivalent, together with significant relevant industrial experience, education and training as approved by the course coordinator.

Overview
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and several related areas. You can specialise in either computer or communications engineering or take subjects in both. Computer Engineering covers important contemporary topics such as software development, hardware development computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. Communications Engineering covers advanced digital communication, signal processing techniques, hardware and software components in communications systems and various applications areas.

Course Structure
In the Graduate Certificate students select a total of four units from semester 1 or semester 2 lists.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Phone + 61 7 3864 1993, Fax + 61 7 3864 9361, email: bee.enquiries@qut.com

Note:
Graduate Diploma students complete 8 units from semester 1 and 2 lists.
At the discretion of the course coordinator, students maybe allowed to select an elective from any advanced topics offered by the University.
Most of the units as part of the program are offered once a year (either first or second semester). Students are advised to check the unit availability prior to enrolling, as units offered as electives may be cancelled due to insufficient enrolment numbers.

Potential Careers:
Computer Systems Engineer, Electrical and Computer Engineer, Software Engineer.
**Master of Engineering Science (Computer and Communications Engineering) (EE74)**

**Year offered:** 2007  
**Admissions:** Yes  
**CRICOS code:** 040343A  
**Course duration (full-time):** 1 year  
**Course duration (part-time):** 2 years  
**Domestic fees (per credit point):** 2007: $130 per credit point (subject to annual review)  
**Domestic fees (indicative):** 2007: Full fee tuition $12480  
**International Fees (per semester):** 2007: $10,500 per semester (subject to annual review)  
**Domestic Entry:** February. NO NEW OFFERS WILL BE MADE AFTER 2007.  
**International Entry:** February. NO NEW OFFERS WILL BE MADE AFTER 2007.  
**Total credit points:** 96  
**Standard credit points per full-time semester:** 48  
**Course coordinator:** Dr John Edwards  
**Campus:** Gardens Point

**Entry Requirements**  
Applicants for the Masters program must hold a bachelor degree in Electrical Engineering, Information Technology or Science with at least second class honours or equivalent; or have partially completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better over the first 4 units; or successfully completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better; or successfully completed the Graduate Certificate in Computer and Communications Engineering (EE61) with a grade point average of 5 or better.

**Overview**  
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and several related areas. You can specialise in either computer or communications engineering or take subjects in both. Computer Engineering covers important contemporary topics such as software development, hardware development computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. Communications Engineering covers advanced digital communication, signal processing techniques, hardware and software components in communications systems and various applications areas.

**Masters Qualifying Program**  
Applicants who do not meet the entry requirements outlined above, will be required to enrol in the first semester of the Graduate Diploma in Computer and Communications Engineering (EE67). If in this first semester a sufficiently high standard is attained, then candidates will be invited to change enrolment to the Masters program. Otherwise they will continue their studies in the Graduate Diploma in Computer and Communications Engineering towards that award.

**Masters Upgrade Program**  
Those who have completed the Graduate Diploma in Computer and Communications Engineering (EE67) may upgrade by undertaking further study in the Master of Engineering Science (Computer & Communications Engineering) and be given credit for the units which they have completed at Graduate Diploma level. The structure of the course dictates that this upgrade program be undertaken on a part-time basis.

Students undertaking the Masters Upgrade Program will enrol in the following units:  
EEP301/1 Project  
EEP301/2 Project.

**Course Structure**  
Masters students select either a total of six units from Semester 1 and Semester 2 lists and complete a 24 credit point project (EEP301, or seven units plus EEP304 Project Component).

**International Student Entry**  
QUT advises that International Students may only enrol in full-time studies.

Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Course coordinator: Dr John Edwards
Campus: Gardens Point

Entry Requirements
Applicants for the Masters program must hold a bachelor degree in Electrical Engineering, Information Technology or Science with at least second class honours or equivalent; or have partially completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better over the first 4 units; or successfully completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better; or successfully completed the Graduate Certificate in Computer and Communications Engineering (EE61) with a grade point average of 5 or better.

Overview
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and other areas of electrical and associate engineering disciplines. You can broaden your knowledge in project management type units for mechanical and civil engineering courses or specialise in either computer or communications engineering or take subjects in both. The Computer Engineering stream covers important contemporary topics such as software development, computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. The Communications Engineering stream covers advanced digital communications systems, and various applications.

Course coordinator: Professor Gerard Ledwich
Campus: Gardens Point and External

Overview
This course provides you with the skills and knowledge identified to meet industry competencies. QUT staff draw on the expertise of experienced engineers in industry to provide you with the high level of vocationally oriented training required by professional personnel in industry. (12 units are also available as distance education units.)

Entry Requirements
A bachelor degree in Electrical Engineering and at least second class honours, with a study of power subjects to third-year level; OR students with the degree qualification, but who do not have second class honours, may transfer from the Graduate Diploma (Electricity Supply) (EE60) after completing 48 credit points with a grade point average of 5 or better. You must also have a firm offer of a supervised industry placement.

Course structure
In the Masters program students choose 18 units from list and complete 100 days of supervised professional practice and submit a thesis that makes a contribution to knowledge of professional practice that they have undertaken.

Units are offered in block mode or by distance education. Block mode units are held twice yearly and distance education units are year round. Ad hoc Block mode units are also offered in Brisbane and throughout Australia and New Zealand in demand. Please contact the Course Coordinator for further information.

Further Information
Prof Gerard Ledwich Phone 07 3864 1632 or 07 3864 2864, Fax 07 3864 1516, email: g.ledwich@qut.edu.au

EEP214  Risk Assessment in the Electricity Supply Industry
EEP215  Reliability
EEP220  Distribution Planning
EEP241  Distance Protection

Potential Careers:
Electrical Engineer.
Graduate Certificate in Electricity Supply Engineering (EE82)

Year offered: 2007
Admissions: Yes
Course duration (part-time): 2 semesters (minimum)
Domestic fees (per credit point): 2007: $235 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $22560
International Fees (per semester): 2007: $9,000 per semester (subject to annual review)
Domestic Entry: Year round. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 48
Course coordinator: Professor Gerard Ledwich
Campus: Gardens Point and External

Overview
This course provides you with the skills and knowledge identified to meet industry competencies. QUT staff draw on the expertise of experienced engineers in industry to provide you with the high level of vocationally oriented training required by professional personnel in industry. (12 units are also available as distance education units.)

Entry Requirements
A bachelor degree in electrical engineering with a study of power subjects to third-year level. Provision also for Associate Diploma or Advanced Diploma holders to enter the Graduate Certificate and Graduate Diploma.

Course Structure
In the Graduate Certificate students choose 12 units from the unit list. Units are offered in block mode or by distance education. Block mode units are held twice yearly and distance education units are year round. Ad hoc Block modes units are also offered in Brisbane and throughout Australia and New Zealand depending on demand. Please contact the Course Coordinator for further information.

Further Information
Prof Gerard Ledwich Phone 07 3864 1632 or 07 3864 2864, Fax 07 3864 1516, email: g.ledwich@qut.edu.au

Units available by distance education with flexible enrolment year round.
EEP202 Thermal Ratings and Heat Transfer
EEP204 Power System Load Flow Analysis
EEP208 Economic Analysis for Power System Engineers

EEP240 Organisation and Financial Management in the Electricity Supply Industry
EEP241 Distance Protection
EEP242 Efficient Marketing and Utilisation of Electricity: Demand and Supply Side Solutions
EEP243 Contract Administration
EEP244 Circuit Breakers - Switchgear
EEP245 Introduction to Substation Design
EEP246 Customer Metering
EEP248 Introduction to Electricity Markets
EEP249 Introduction to Automated System Control and Supervisory Systems

Potential Careers:
Electrical Engineer.
Bachelor of Engineering (Aerospace Avionics) (EN40)

Year offered: 2007
Admissions: Yes
CRICOS code: 056389M
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $20,160 (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412512
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.edu.au
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Bouchra Senadji
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to the EE48 Bachelor of Engineering (Aerospace Avionics).

Recommended Study
Chemistry, Math C and Physics.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Aerospace Engineers are involved in the design, development, manufacture and maintenance work on aeroplanes, helicopters, spacecraft and satellites. Graduates are employed by the RAAF, RAN and by government bodies such as the Defence Research Centres and the Civil Aviation Authority. There are also career opportunities with aerospace companies, aircraft maintenance and aeronautical consulting services. Opportunities outside aerospace also exist in the areas of electronics, process control, instrument manufacture and automotive equipment.

Overview
Students study aerodynamics, aircraft control systems, avionics navigation and communication. In later years of the degree, specialist study is undertaken in design of aircraft and satellite systems including systems engineering methodology, aircraft and satellite technology and applications. As many of the teaching staff are involved in relevant research with government and industry sectors, students have the opportunity to work on real projects during their studies.

Professional Recognition
Accreditation from Engineers Australia (EA) is currently being sought.

Optional Pathway
Subject to normal course entry rules students may transfer internally from the QUT Bachelor of Engineering (Electrical) course to this degree after the completion of the first year full-time if they have obtained a sufficiently high grade point average that will meet the course cut-off for that year.

Special Course Requirements
In order to graduate students must complete 70 days approved industrial experience in an engineering environment as approved by the course coordinator, including 10 days specialist experience in the avionics industry.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 78; Dfee: 73
Past OP cut-off: 11; Dfee: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jon Bunker
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Recommended study
Chemistry, Maths C and Physics.

Career Outcomes
Construction engineering is suited to people attracted to the intellectual rigour of engineering, but with a bias towards the challenge of converting design into physical reality. While the course retains sufficient traditional civil engineering to enable graduates to work in consultant offices, most would be employed by civil construction companies and Government Departments. Commercial and legal studies equip graduates to progress through the management structures of these organisations or to establish companies of their own. The range of work undertaken by civil construction companies ranges from residential land development through earthworks, tunnels, roads and dams to airports, marine facilities, major bridges and complex buildings. The world wide trend towards design and construction being undertaken within one organisation, acts to advantage engineers competent in both.

Overview
This course combines civil engineering with construction management, you will study civil engineering subjects combined with the requirements for managing the construction of large projects.

Professional Recognition
Professional accreditation will be sought from Engineers Australia (EA).

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil and Construction) must complete at least 60 days of industrial experience/practice in an engineering construction environment as approved by the course coordinator.

Minors
You will have the opportunity to undertake two minors (a minor is four units or 48 credit points) in the same discipline. For professional recognition you will undertake an Applications Minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised civil engineering units. The second minor may be taken from an approved list outside your discipline.

International Student Entry
International students who are interested in mid-year entry should consult the Faculty of Built Environment and Engineering Student Services section regarding the course structure to be undertaken.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jon Bunker
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the CE46 Bachelor of Engineering (Civil and Environmental).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Environmental management is concerned mainly with the assessment and management of the effect of human and other activity on the environment. Graduates apply their skills to find solutions for the management of liquid and solid waste, or air and noise pollution. Graduates can be employed by government bodies and private companies involved with the environmental aspects of planning, designing, constructing and monitoring of structures and facilities including mines, factories, power stations, water and waste water treatment plants and refineries. As legislation becomes more stringent and the community's expectations increase, there will be need for institutions to employ more environmental engineers.

Overview
This course will provide you with the technical education in civil, environmental engineering and science as well as environmental management skills and mining and sustainable development.

Minors
You will have the opportunity to undertake two minors; a minor is four units (48 credit points) in the same discipline. For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised civil engineering units. The second minor may be taken from an approved list outside your discipline.

Professional Recognition
Professional accreditation from Engineers Australia will be sought.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil and Environmental) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the CE44 Bachelor of Engineering (Civil).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Civil engineers plan, design, construct, operate and maintain roads, bridges, dams, water supply schemes, sewerage systems, transportation, harbours, canals, dockyard facilities, airports, railways, factories and large buildings. Civil engineers may gain employment with Local, State and Commonwealth Governments, semi-government agencies, construction firms, power generating authorities, mining firms, property developers and consulting engineering firms. A small number are employed in research activities and teaching. After obtaining suitable experience there is also the opportunity to establish their own consulting engineering practice.

Overview
This course allows you to develop your knowledge in a number of areas such as: Structural Analysis and Design, Computer Applications, Transport Engineering, Environmental Engineering, Geotechnical Mechanics, Water Engineering, Construction Management, Waste Management. Environmental major; Sustainable development, waste management, toxic site rehabilitation, water & wastewater.

Professional Recognition
Professional accreditation from Engineers Australia will be sought

Minors
You will have the opportunity to undertaken two minors; a minor is four units (48 credit points) in the same discipline. For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised civil engineering units. The second minor may be taken from an approved list outside your discipline.

Mid-year Entry
This course is also offered as an accelerated program for mid-year entry students, in which the course can be completed in three and a half years full-time through attendance at the Summer Program.

Applicants who are offered place and eligible to receive 72 credit points (or more) of advanced standing will be admitted to the CE45 Bachelor of Engineering (Civil).

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

**Year 2 - Semester 2**

- Program is the same as February entry hereafter.

**Potential Careers:**
Civil Engineer, Environmental Engineer.
Bachelor of Engineering (Computer Systems) (EN40)

Year offered: 2007
Admissions: Yes
CRICOS code: 056529D

Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $20160
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502. Dfee: 412506
Past rank cut-off: 78; Dfee: 73
Past OP cut-off: 11; Dfee: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Ed Palmer
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the EE46 Bachelor of Engineering (Computer Systems).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Graduates will be employed as design engineers, software engineers, hardware engineers, computer system engineers, information systems engineers, research and development engineers and project managers.

Overview
Students will study units from both electrical engineering and computing from a computer-based systems perspective. The course aims to produce students who are employable as design engineers, software and hardware engineers, computer systems engineers, and information systems engineers.

Professional Recognition
Professional accreditation from Engineers Australia (EA) will be sought.

Optional Pathways
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Telecommunications) course can change to the Bachelor of Engineering (Computer Systems) at the end of the first year without loss of credit, subject to approval from the course coordinator and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days industrial experience in order to graduate.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Bouchra Senadji
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the EE41 Bachelor of Engineering (Electrical and Computer Engineering).

Recommended Study
Chemistry, Maths C and Physics.

Career outcomes
Electrical engineers design, install and maintain electrical, electronic, telecommunications and computing systems. They may specialise as electrical power engineers, electrical design engineers, communications or computer engineers. Graduates find employment with electricity boards, government and semi-government departments, large manufacturing and engineering companies.

Overview
This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional recognition
Professional accreditation from Engineers Australia (EA) will be sought.

Minors
You will have the opportunity to undertake two minors; a minor is four units (48 credit points. For professional recognition you will undertake Applications minor which consists of a project unit and specialised engineering units. The second minor may be taken from an approved list, outside your discipline.

Mid-year Entry
This course is also offered as an accelerated program for mid-year entry students, in which the course can be completed in three and a half years full-time through attendance at the Summer Program.

Applicants who are offered place and eligible to receive 72 credit points (or more) of advanced standing will be admitted to the EE42 Bachelor of Engineering (Electrical and Computer Engineering).

Special Course Requirements
To graduate, students must complete at least 60 days industrial experience in an engineering environment which is approved by the course coordinator.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are a offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the ME40 Bachelor of Engineering (Infomechatronics).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
This leading edge degree provides graduates with the combined skills of mechanical engineering, electrical and electronic engineering and information technology to work in the high tech fields of automated systems and robotics for the design, development, construction and service of modern equipment and plant. Graduates from this degree may expect to find employment as consultants, project managers, designers, and maintenance and instrumentation engineers in a wide variety of work situations. The range of employment opportunities is diverse and extensive. Some typical examples of organisations may include: manufacturing plants of consumer products, computer peripherals manufacturers/maintenance companies, automobile manufacturing industries, large scale manufacturing/maintenance industries such as Boeing, instrumentation industries, communication companies, research organisations, food and food processing industries and software development companies.

Overview
This course bridges the three, traditionally separate, disciplines of Mechanical Engineering, Electrical and Electronic Engineering, and Computing and provides the combined skills required for the design, development, construction and service of modern systems and equipment. Advanced units emphasis the integration of knowledge and skills that impact on all aspects of the design, construction and service of modern computer controlled machines. In the final year a one-semester industry project will integrate and reinforce what has been learned through application in a real world setting.

Professional Recognition
Professional accreditation from Engineers Australia (EA) will be sought.

Special Course Requirements
Students must obtain at least 60 days of industrial work experience in an engineering environment approved by the course coordinator.

Minors
For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised engineering units.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the ME41 Bachelor of Engineering (Mechanical).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
The Bachelor of Engineering (Mechanical) provides a sound education in the basic engineering sciences, synthesis and design, engineering management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may find employment in a variety of roles: consultant, project manager or technical adviser where they maybe involved in the operation of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others may work under the guidance of more experienced staff selecting equipment, installing and commissioning plants. Some graduates will go into design offices or manufacturing plants where they will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview
This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional Recognition
Professional accreditation from Engineers Australia (EA) will be sought.

Minors
You will have the opportunity to undertake two minors; a minor is four units (48 credit points). For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and 2 specialised engineering units. The second minor may be taken from an approved list outside your discipline.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Mechanical) must complete at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Mid-year Entry
This course is also offered as an accelerated program for mid-year entry students, in which the course can be completed in three and a half years full-time through attendance at the Summer Program.

Applicants who are offered place and eligible to receive 72 credit points (or more) of advanced standing will be admitted to the ME42 Bachelor of Engineering (Mechanical).

**Potential Careers:**

Mechanical Engineer.
Bachelor of Engineering (Medical) (EN40)

Year offered: 2007
Admissions: Yes
CRICOS code: 056388A
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth supported place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007 Full fee tuition $20160
International Fees (per semester): 2007:$10,500 per semester (subject to annual review)

Domestic Entry: February
International Entry: February
QTAC code: 412502. Dfee: 412506
Past rank cut-off: 78; Dfee: 73
Past OP cut-off: 11; Dfee: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the ME48 Bachelor of Engineering (Medical).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Graduates from this degree may expect to find employment in hospitals as advisors to health and medical professionals, in firms concerned with the design, manufacture, supply and maintenance of medical, health and sporting equipment, occupational health agencies and in research institutions. In the early stages of their careers biomedical engineers might expect to be involved in the innovative use of technology, in the design of new devices and the assessment of appropriate engineering solutions to medical problems. More experienced biomedical engineers manage Biomedical Engineering Departments in hospitals and manufacturing companies and lead teams of engineers and technologists in the development of engineering solutions to improve health care.

Overview
This degree integrates physical, chemical, mathematical, and computational sciences and engineering principles to study human biology, medicine, human behaviour and health. It will provide you with the skills to design, manufacture, install, monitor and maintain medical and surgical equipment and to provide advice on engineering matters to medical and allied staff. Current issues such as total quality management and health legislation are also covered. In the final year, students undertake a design project in the biomedical field.

Professional Recognition
Professional accreditation from Engineers Australia (EA) will be sought.

Special Course Requirements
Students must obtain at least 60 days of industrial employment in an engineering environment approved by the course coordinator. Half of this experience must be in an industry related to Biomedical Engineering.

Minors
For professional recognition you will undertake an applications minor which consists of a workplace integrated learning unit, a project unit and two specialised engineering units.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Ed Palmer
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the EE47 Bachelor of Engineering (Telecommunications).

Overview
You will study a combination of units from Electrical Engineering, Computer Science, Software Engineering, Data Communications and Mathematics. Areas covered include innovative communications technologies including the Internet, wireless mobile communication systems, optical fibre communications, satellite communication systems ADSL and other fast modem technologies, Bluetooth and HDTV.

Professional Recognition
Professional accreditation from Engineers Australia (EA) will be sought.

Optional Pathways
If you enter the Bachelor of Engineering (Electrical)/Bachelor of Information Technology course or the Bachelor of Engineering (Computer Systems) course, subject to the approval of the course coordinator, and if you meet the minimum course requirements you can apply to change to the Bachelor of Engineering (Telecommunications) at the end of the first year without loss of credit.

Special Course Requirements
To graduate you must complete at least 60 days of approved industrial experience in an engineering environment.

Further Information

**Potential Careers:**
Electrical and Computer Engineer, Electrical Engineer.
Bachelor of Engineering - Dean's Scholars Program (EN40)

Year offered: 2007
Admissions: Yes
CRICOS code: As per course of study
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $20,160; CSP $6,861
International Fees (per semester): 2007: $10,000 - $10,500 per semester as per course of study (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412052
Past rank cut-off: 99 plus successful questionnaire. Please refer to Additional Entry Requirements.
Past OP cut-off: 1 plus successful questionnaire. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Total credit points: 384
Course coordinator: Dr R. Mahalinga-Iyer
Campus: Gardens Point

Entry requirements
Applicants must be outstanding current, or returning from a gap year, Year 12 students who completed their Year 12 education in Australia.

Additional Entry Requirements
Engineering Dean's Scholars applicants are required to complete a questionnaire which will be available at addentry.qut.com in late August. Shortlisted applicants may be required to attend an interview (in December) and will be notified of date and venue after the questionnaire closes.

The due date to submit the questionnaire is 28 September 2007. Late submissions will be accepted up until 30 November. Submissions after 30 November will not be accepted.

Fixed Closing Date
Applications for this program will close on 30 November.

Recommended Study
Chemistry, Maths C and Physics.

Course Structure
The Dean's Scholars Program is an accelerated program designed specifically for students with an OP 1, or equivalent year 12 results, who have also been involved in extra curricular, community service or other activities. The Program provides the opportunity to complete a Bachelor of Engineering and a Master of Engineering Science in four to four and a half years. Students have the option of exiting after the Bachelor of Engineering (three and a half years). To be eligible to enrol in the Masters program, students must have achieved an overall grade point average of 5.5 in the Bachelor of Engineering.

Students can choose to complete one out of nine Bachelor of Engineering programs. This does not include the Bachelor of Engineering (Aerospace Avionics) and Bachelor of Engineering (Software Engineering).

Industry Sponsors
ESSO and Mobil
Visy Paper
EGR Group
Brisbane City Council
Bovis Lend Lease
CIEAM
Thiess

Special Course Requirements
Students enrolled in the Dean's Scholars program must maintain a GPA of 5.5 throughout their course. For a copy of the program rules and regulations please contact the Faculty Office or www.bee.qut.edu.au/bee/scholarships

Students must complete at least 60 days of industrial experience in order to graduate.

Domestic Student Fees
Students who enrol will receive a full scholarship that includes payment of all undergraduate Higher Education Contribution Scheme (HECS) monies for the bachelor program. Students who attain a grade point average of 5.5 or above in their QUT studies and wish to continue to the Masters of Engineering accelerated program will receive further scholarship benefits, being the full payment of the course fees for the masters program.

International Student Fees
International students eligible for a Queensland OP, who are successful in gaining entry and enrol will receive a scholarship, which will partially cover their tuition fees. The Faculty will pay one third of the tuition fee and the student will be responsible for two thirds of the tuition fee and the Student Guild fees. Students who complete their degree with a course GPA of 5.5 or above and accept an offer to continue to the Master of Engineering accelerated program will receive further scholarship benefits: payment of the one third of the tuition fees for the masters program.

Deferment
QUT's deferment policy does not apply to this course.

Further Information
The Faculty of Built Environment and Engineering Phone + 61 7 3864 4039, Fax + 61 7 3864 5280, email: bee.enquiries@qut.com

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has
consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

#Block mode

Block mode classes are held in teaching periods (eg. 5TP1), instead of semesters, which run consecutively for 5 weeks at a time.
Programme for continuing students who commenced prior to 2006.

### Year 3 - Semester 1
- EEB220 Electrical Engineering 2M
- MMB311 Mechanics 3
- MMB391 Biomechanical Engineering Systems
- MMB470 Engineering Asset Management and Maintenance
- MEN101 Research Methodology

### Year 3 - Semester 2
- MMB292 Biomaterials
  - even years only
  - or
- MMB362 Biofluids
  - odd years only
- MMB376 Professional Practice (Engineering Management)
- MMB392 Bioengineering Design 2
- MMB492 Health Legislation and the Medical Environment
- PCB605 Biomedical Instrumentation

### Year 3 - Summer Program
- MMB409-1 Project
  - 1 Masters unit
  - (Students may choose from MEN103, MEN104, MEN105 or a Masters level unit from another Faculty approved by the Course Coordinator.)

### Year 4 - Semester 1
- MMB409-2 Project
  - 2 Masters units from Band 1 or 2

### Year 4 - Semester 2
- MEN102 Advanced Mechanical Engineering Studies
- MEN190-1 Project
- MEN190-2 Project
  - 1 Masters units from Band 1 or 2

**Masters units**
- See list under ME40 Infomechatronics Dean's Scholars Course Structure

**Potential Careers:**
- Bioengineer, Biomechanical Engineer, Biomedical Engineer, Civil Engineer, Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer, Electrical Engineer, Environmental Engineer, Manager, Mechanical Engineer, Medical Biotechnologist, Medical Engineer, Rehabilitation Engineer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Bachelor of Engineering (Electrical)/Bachelor of Mathematics (IF21)

Year offered: 2007
Admissions: Yes
CRICOS code: 020329J
Course duration (full-time): 5 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $20,160; CSP $6,881
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419572; Dfee: 419576
Past rank cut-off: 78; Dfee: 73
Past OP cut-off: 11; Dfee: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer (Engineering); Dr Graeme Pettet (Mathematics)
Discipline coordinator: Dr Ed Palmer (Engineering)
Campus: Gardens Point

Career Opportunities
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of government and private companies. A stronger training in mathematics and statistics enhances capabilities in modelling, analysis and design.

Recommended study
Chemistry, Maths C and Physics are recommended.

Overview
The program integrates both the engineering and mathematics degree. Mathematics and engineering have always had close connections, but recent advancement in mathematics and statistics are increasingly being used to help solve complex engineering problems.

Special Course Requirements
A candidate for this course must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia, and the coursework requirements for accredited graduate membership of the Australian Mathematical Society. Students may also become a member of the Statistical Society of Australia.

Mathematics Bursaries
Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded to Australian citizens or permanent residents on a competitive basis. Applications should be submitted by 1 December of the year preceding entry to the course. For further information see www.maths.qut.edu.au

Contact Details
Electrical Coordinator
Dr Ed Palmer

Email: g.pettet@qut.edu.au

Further information
Phone +61 7 3138 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course structure - For students with four semesters of Senior Mathematics B and Senior Mathematics C

For students with four semesters of both Senior Mathematics B and Senior Mathematics C (or equivalent) with an exit assessment of at least Sound Achievement in both subjects.

EEB911 Electrical Energy Systems
EEB941 Modern Signal Processing
EEB960 Wireless Communications
EEB961 RF and Applied Electromagnetics
EEB976 Advanced Industrial Electronics
EEB992 VLSI Circuits and Systems

Not all electives may be offered. At the discretion of the course coordinator, students may be allowed to select an elective from any advanced topics offered by the University. Also potential honours students may, with the approval of the course coordinator, select an elective from the postgraduate degree courses offered by the School of Engineering Systems.

Mathematics Electives (Level 2)

MAB315 Operations Research 2
MAB422 Mathematical Modelling

Mathematics Electives (Level 3)

Four units required:

MAB521 Applied Mathematics 3
MAB522 Computational Mathematics 3
MAB523 Introduction to Quality Management
MAB524 Statistical Inference
MAB526 Statistical Science 3
MAB613 Partial Differential Equations
MAB621 Discrete Mathematics
MAB624 Applied Statistics 3
MAB672 Advanced Mathematical Modelling

NOTES:
- For students commencing in 2004 onwards, the units MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics do not contribute to the mandatory 48 credit points minimum from Level 3 Mathematics units. This does not apply to students who commenced prior to 2004.
- Some deviations from the above course structure may be possible with the permission of the course coordinator. This is more likely to apply in the later years than the earlier years of the course.

Potential Careers:
Electrical and Computer Engineer, Electrical Engineer, Mathematician, Statistician.
Bachelor of Engineering (Electrical)/Bachelor of Business (IF28)

Campus: Gardens Point

Recommended Study
Chemistry, Maths C and Physics are recommended.

Career Outcomes
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

Overview
Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one or more of accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership of: CPA Australia; Institute of Chartered Accountants in Australia; Chartered Secretaries Australia; Advertising Federation of Australia; Australian Association of National Advertisers; Australian Direct Marketing Association; Queensland Commercial Radio Association; Financial Services Institute of Australasia (FINSIA); Economics Society of Australia; Australian Human Resources Institute; Australian Institute of Management; Australian Institute of Training and Development; Australian Institute of Export; Australian Institute of Management; Australian Marketing Institute; Marketing Research Society of Australia; Australian Institute of Management; American Marketing Association and Public Relations Institute of Australia.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment approved by the course coordinator, before graduating.

Course Design
Students are required to complete 480 credit points comprised of 252 credit points from the Bachelor of Engineering (Electrical & Computer Engineering) program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 84* credit point Faculty Core units in the Bachelor of Business program together with a 72 credit point Major in one of the following: Accountancy, Advertising, Banking & Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing or Public Relations, as well as a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.edu.au
Faculty of Business Phone +61 7 3864 2050, Fax +61 7 3864 1537, email bus@qut.edu.au

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX28 Bachelor of Business/Bachelor of Engineering. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.
For course structure information on the new course, please refer to the new course.

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Business Double Major / Extended Major / Specialisation Unit**

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.
Course structure - Electronic Business

Note: The Electronic Business Major must be undertaken with another Business major

Year 1, Semester 1
- BEB100 Introducing Professional Learning
- BSB114 Government, Business and Society
- BSB119 International and Electronic Business
- MAB180 Engineering Mathematics 1B
  - OR
- MAB131 Engineering Mathematics 1A
  - MAB180 Engineering Mathematics 1 is to be taken by those students not obtaining a SA or better in Queensland Mathematics C

Year 1, Semester 2
- BSB110 Accounting
- BSB126 Marketing
- ENB103 Electrical Engineering
- MAB132 Engineering Mathematics 2A
  - OR
- MAB182 Engineering Mathematics 2B

Year 2, Semester 1
- ENB240 Introduction To Electronics
- ENB246 Engineering Problem Solving
- MAB233 Engineering Mathematics 3
- PCB136 Engineering Physics 1C
- Y2, Semester 2
- ENB243 Linear Circuits and Systems
- BSB113 Economics
- BSB115 Management, People and Organisations
- BSB213 Governance Issues in E-Business

Year 3, Semester 1
- BSB111 Business Law and Ethics
- BSB212 Electronic Business Applications
- EEB311 Electrical Measurement and Machines
- ENB240 Introduction To Electronics

Year 3, Semester 2
- EEB411 Classical Control and Power Systems
- ENB244 Microprocessors and Digital Systems
- ITB823 Web Sites For Electronic Commerce
  - Business Double Major Unit

Year 4, Semester 1
- EEB584 Introduction to Design
  - Electrical and Computer Engineering elective unit
- BSB314 E-Business Intelligence
- ITB233 Enterprise Systems Applications

Year 4, Semester 2
- EEB684 Advanced Design
  - Electrical and Computer Engineering elective unit
- ITB239 Enterprise Data Mining
  - Business Double Major Unit

Year 5, Semester 1
- EEB889-1 Project
  - Electrical and Computer Engineering elective unit
  - Business Double Major Unit

Year 5, Semester 2
- EEB889-2 Project
  - Electrical and Computer Engineering elective unit
  - Business Double Major Unit

Business Double Major units
Students should refer to the BS56 Course Notes entry for information on double major units

Course structure - Human Resource Management

Year 1, Semester 1
BEB100 Introducing Professional Learning
BSB115 Management, People and Organisations
BSB119 International and Electronic Business
MAB180 Engineering Mathematics 1B

MAB131 Engineering Mathematics 1A
MAB180 Engineering Mathematics 1 is to be taken by those students not obtaining a SA or better in Queensland Mathematics C

Year 1, Semester 2
BSB126 Marketing
MGB220 Management Research Methods
ENB103 Electrical Engineering
MAB132 Engineering Mathematics 2A
MAB182 Engineering Mathematics 2B

Year 2, Semester 1
ENB240 Introduction To Electronics
ENB246 Engineering Problem Solving
MAB233 Engineering Mathematics 3
PCB136 Engineering Physics 1C

Year 2, Semester 2
ENB243 Linear Circuits and Systems
BSB110 Accounting
MGB207 Human Resource Issues and Strategy
MGB211 Organisational Behaviour

Year 3, Semester 1
BSB113 Economics
BSB114 Government, Business and Society
EEB311 Electrical Measurement and Machines
ENB240 Introduction To Electronics

Year 3, Semester 2
BSB111 Business Law and Ethics
MGB222 Managing Organisations
EEB411 Classical Control and Power Systems
ENB244 Microprocessors and Digital Systems

Year 4, Semester 1
EEB584 Introduction to Design
EEB684 Advanced Design

Year 4, Semester 2

Business Units
Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units

The units AMB201 Market and Audience Research and MGB220 Management Research methods are incompatible units. Students undertaking Marketing or Public Relations as a double major should contact the school for enrolment advice. From semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

Course structure - International Business

Year 1, Semester 1
BEB100 Introducing Professional Learning
BSB113 Economics
BSB119 International and Electronic Business
MAB180 Engineering Mathematics 1B

MAB131 Engineering Mathematics 1A
MAB180 Engineering Mathematics 1 is to be taken by those students not obtaining a SA or better in Queensland Mathematics C

Year 1, Semester 2
BSB115 Management, People and Organisations
BSB126 Marketing
ENB103 Electrical Engineering
MAB132 Engineering Mathematics 2A

*Business Units*

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research methods are incompatible units. Students undertaking Marketing or Public Relations as a double major should contact the school for enrolment advice. From semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

**Business Double Major / Extended Major / Specialisation Unit**
## Business Units

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

## Potential Careers:

Doctor of Philosophy (Built Environment, Engineering) (IF49)

Year offered: 2007
Admissions: Yes
CRICOS code: 006367J
Course duration (full-time): 2 years (max. 4 years)
Course duration (part-time): 4 years (max. 8 years)
Domestic fees (per credit point): RTS/RTA; 2007 Full fee tuition $130 per credit point (exceeded max. entitlement) (subject to annual review)
Domestic fees (indicative): 2007: $12,480 (exceeded max. entitlements)
International Fees (per semester): 2007: $11,000 per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Campus: Gardens Point

Entry Requirements
First class or second class division A honours degree, an appropriate Masters Degree (research or coursework), or a professional doctorate, from a recognised institution. Masters degree by coursework and professional doctorates must contain a significant research component of no less than 33 per cent of the total degree, and must have a GPA of at least 5.0 on a 7 point scale.

Overview
This program provides in-depth research training in particular areas of built environment and engineering while broadening knowledge in a chosen discipline area. In the multimodal program candidates conduct research away from QUT, often in the workplace, either in Australia or overseas. Videoconferencing, email and other technologies make it possible for candidates to participate in activities such as seminar delivery and progress reporting.

Candidates would normally undertake their Confirmation of Candidature and Final Seminar in person. A QUT staff member of the supervisory team would normally visit the candidate at their research site at least once during their candidature. External candidates must normally spend a minimum of three months at QUT and be present in person for their confirmation of Candidature and Final Seminar. Doctoral studies normally include:
* assessed coursework
* participation in university scholarly activities such as research seminars, teaching and publication
* regular meetings with supervisors
* a program of supervised research and investigation
* preparation of a thesis. Candidates can enrol in a doctoral program through the Faculty Research Centre.

Fees
Australian citizens and permanent residents will be awarded a Research Training Scheme (RTS) place. Domestic students are not required to apply for an RTS entitlement, as it will be automatically allocated. The RTS covers tuition fees but not Guild fees or other study related costs. PhD Students are entitled to four years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for extension, however the University may charge fees for the period of the program, which exceeds the student's entitlement. The University determines the fee level.

Research Areas
Areas of research interest
You can enrol in a research program in the following thematic areas of research:
Â Sustainability (Energy, Water, Housing and Construction)
Â Smart Systems (Speech and signal processing, robotics and automation, and infrastructure and asset management)
Â Medical Engineering (Orthopaedics & trauma, Biomedical modelling and simulation) and
Â Design (industrial design, interior design, urban design and architecture).

DESIGN
The DESIGN theme includes research in Architecture, Industrial Design, Interior Design, Landscape Architecture and Urban Design. It focuses on Subtropical Design, Digital Design, Human-centred Design Research and Useability, Built Environment Design Areas, Cultural Landscape, Design for Aging, Design and Research Methodologies and Design Education. The theme is cross/inter-disciplinary related with relevant fields in the Faculty (e.g. mechanical/manufacturing/medical engineering; transport engineering; structures and designs; electronic systems and informatics environment) and across the University community (e.g. Institute for Health and Biomedical Innovation (IHBI), Institute for Creative Innovation (iCi), Information Security Institute (ISI), Institute for Sustainable Systems and Resources and relevant Collaborative Research Centres (CRC).

MEDICAL ENGINEERING
This program aims to engender sustainable improvements in quality of life for everybody through the innovative application of new and emerging technologies which will not only help reduce the economic burden of healthcare provision, but also generate wealth for the nation through the stimulation of local industry. Under two broad headings, the program encompasses the following research areas:
Â Orthopaedic and Trauma
The Orthopaedic and Trauma group has seven principal areas of focus: bone defects; fracture healing; pathogenesis and repair of osteoarthritis; biomaterials; new approaches to minimally invasive surgery; paediatric and adult spine research; and clinical outcomes.
Â Biomechanics, Modelling and Simulation
Apart from orthopaedic research, the Medical Engineering program also encompasses many other areas studying the application of mechanical and electrical engineering to clinically related healthcare problems. These include: amputee gait analysis; paediatric gait analysis; performance of paralympic athletes; osseointegrated implants; spinal and pelvic mechanics; paediatric spine deformity; artificial organs, specifically ventricular assist devices (artificial heart) and artificial lungs; tissue mechanics; bioelectrical signal analysis; tribology of artificial joints; and the interface
between devices and the human body.

MEDICAL ENGINEERING À Biomechanical Modelling and Simulation

SMART SYSTEMS À Infrastructure and Asset Management
Infrastructure research, in collaboration with industry, government and professions, aims to strengthen the nation’s building and infrastructure systems. Research concentrates on investigating the performance of existing and new building and infrastructure systems under realistic structural and environmental loadings including those due to natural, accidental and man-made hazards. It uses smart materials, systems and technologies, and advanced computer analysis and test methods to assess and improve the performance of existing and new building and infrastructure systems.

Asset Management research focuses on innovative industry directed research and development, education and commercialisation in an integrated approach to lifecycle physical asset management to meet present and future needs to ensure international competitiveness and sustainability of Australian industry. The overall research program will be focused on five main industry sectors: Defence, Water and Waste, Power Generation and Distribution, Extraction and Process and Transport Infrastructure.

This research is closely aligned to the CRC for Construction Innovation and the CRC for Integrated Engineering Asset Management.

SMART SYSTEMS À Robotics and Automation
The Robotics and Automation program is focussed on world-class research on robotics and navigation systems for unmanned aerial vehicles, and involves collaboration with CSIRO and Boeing. However similar automation strategies and technologies are used in a variety of control applications such as energy network control, and infomachetronic systems, and satellites.

SMART SYSTEMS - Speech and Signal Processing
This program conducts internationally competitive research in order to solve practical problems, which enable Speech, and Signal Processing to be applied in products and processes. Research focuses on, state-of-the-art speech audio and video technologies including speech/speaker recognition and personal identification technologies for forensic and security applications; speech coding for storage and communication; speech synthesis for voice response systems; audio compression for broadcasting, television and Internet applications, video compression and image recognition and restoration.

SUSTAINABILITY À Energy
The provision of sustainable energy supplies is of critical importance to the future of Australia, and this research involves experimental and theoretical research on solar cells, wind energy and solar thermal energy generation as well as fundamental research on energy supply networks, including distributed generation technology and energy policy. This research in conducted in collaboration with energy utilities and the Queensland Sustainable Energy Industry Development Group.

SUSTAINABILITY À Water
The supply of fresh water and the quality of water supply are key issues facing Australia over the next 20 years, and this research looks at water re-use technology and policy. The research is practically focussed with significant collaboration with local government in South-East Queensland.

SUSTAINABILITY À Transport
The aim of this program is to focus research effort in the freight and logistics area with an emphasis on multi-modal transportation systems. The main research areas include freight vehicle impacts, freight and logistics e-business systems, freight corridor evaluation analysis, ITS applications in freight and logistics, emissions modelling, transit evaluation methodologies, rail track modelling and analysis, and intermodal terminal planning and operations.

SUSTAINABILITY À Housing and Construction
This research makes contributions to improved practice in the specific areas of housing, urban planning, international project management, construction and property performance, construction information and procurement technologies, and property market choice, investments, constraints opportunities, internationalisation, taxation, lifecycles, risk and culture.

The Faculty is also involved in the following Cooperative Research Centres (CRC) and externally-funded collaborative research ventures:

CRC FOR CONSTRUCTION INNOVATION
The Centre aims to create and commercially exploit tools, technologies and management systems to deliver innovative constructed assets of financial, environmental and social benefit to the community. The centre combines basic research with strategic research and development in five related programs: virtual environments for lifecycle design and construction; construction project delivery strategies; environmental sustainability; integrated design and construction support systems; and management, adaptability and the future of built assets.

CRC FOR INTEGRATED ENGINEERING ASSET MANAGEMENT
The CRC for Integrated Engineering Asset Management (CIEAM) delivers capabilities and technologies for integrated and sustainable asset management to a wide range of Australian industries in both the private and the public sectors. CIEAM consists of leading edge researchers and practitioners focused on industry directed R&D and education in the management of Australia’s major engineering assets in the Defence, Utilities (power, water and gas), Process and extraction, and Transportation industries. CIEAM involves five research program areas. These are: Models and decision systems, Advanced sensors, Intelligent diagnostics and life prediction, Systems integration and IT, and Strategic human dimensions.

CRC FOR RAILWAY ENGINEERING AND
TECHNOLOGIES
The Centre aims through research to develop an internationally competitive, efficient and sustainable rail industry and to facilitate the development of an Australian export industry in railway technologies. Benefits will flow in terms of improved rail efficiency and infrastructure capacity, energy savings, reduced maintenance cost and better asset utilisation. The main research areas include: 'Smart train' intelligent systems; innovative/automated maintenance and upgrading technologies; optimal traffic control and scheduling; IT systems and standards for rail management; new materials, systems and components for railways; and, industry skills development (education and training).

CRC FOR ADVANCED AUTOMOTIVE TECHNOLOGY
The CRC for Advanced Automotive Technology brings the automotive industry together with researchers in design, engineering and manufacturing to enhance the industry’s international competitiveness. The aim of the research is to reduce the concept-to-product cycle times, improved manufacturing flexibility and efficiency and the development of new material systems to meet the challenges of weight reduction, increased safety and greater functionality. The CRC will also improve vehicle safety through improvements in the crash worthiness of vehicles and new intelligent products/systems that provide increased comfort, performance and entertainment.

AUSTRALIAN HOUSING AND URBAN INSTITUTE (AHURI):
The Institute is a consortium of CSIRO Division of Building, Construction and Engineering; Queensland University of Technology; University of Queensland; Monash University, and Royal Melbourne Institute of Technology (RMIT). Its broad objective is to conduct research into issues in housing and urban fields in Australia and the Asia-Pacific region.

CENTRE FOR SUBTROPICAL DESIGN
The Centre for Subtropical Design is one of the Faculty's first funded units in one of our major targeted areas: sustainable development. This Centre will promote high quality planning, design and development that responds to the City of Brisbane and South-East Queensland Region's cultural, landscape, and climatic characteristics in ways that are sustainable and enhance the enjoyment of the region's subtropical lifestyle.

QUEENSLAND SUSTAINABLE ENERGY INDUSTRY DEVELOPMENT GROUP
This group, formed in 2004 by QUT, the University of Queensland, Central Queensland University, Stanwell Corporation, CS Energy and the Queensland Conservation Council, is continuing the work of the Australian CRC for Renewable Energy in areas of energy policy, training for the sustainable energy industry (supply and use), and renewable energy technology.

AUSTRALIAN CENTRE FOR SUGAR RESEARCH INNOVATION
This Centre is the research division of the former Sugar Research Institute which transferred to QUT in July 2005. This Centre conducts research into the post-harvest processing and economics of sugar cane, and has a particular expertise in milling technology (mechanical engineering and computational fluid dynamics modelling), separation science, and total biomass utilisation, in particular the transformation of sugar cane waste into biofuels (ethanol) and biopolymers to provide renewable fuels and industrial chemicals.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
The Centre for Built Environment and Engineering Research Phone +61 7 3864 1424, Fax +61 7 3864 8381, e-mail: bee.research@qut.edu.au
Bachelor of Engineering (Electrical)/Bachelor of Information Technology (IF59)

Year offered: 2007
Admissions: Yes
CRICOS code: 006384G
Course duration (full-time): 5 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $20,160
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419512; Dfee: 419516
Past rank cut-off: 78; Dfee: 73
Past OP cut-off: 11; Dfee: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer (Engineering), Ruth Christie (Information Technology)
Discipline coordinator: Dr Ed Palmer (Engineering)
Campus: Gardens Point

Recommended Study
Chemistry, Math C and Physics are recommended.

Career Outcomes
Many graduates find employment in government instrumentalities such as communications, railways, electricity supply, hospitals, transport and in private organisations that are using electronics, electronic systems, computers and microprocessors to monitor, control, communicate and optimise processes and production.

Overview
The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This double degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Cooperative Education Program
An optional one-year period of paid work experience in an area of information technology is available to eligible full-time students. The Cooperative Education Program is a joint venture between employers and educators to better prepare students for employment upon graduation. Companies that QUT’s Cooperative Education students have worked with include Energex, Boeing, CITEC, Global Banking and Securities Transaction, various Queensland Government departments, Dialog, TABQ, RACQ and Sun Microsystems.

For more information visit the Faculty's Cooperative Education program home page at www.fit.qut.edu.au/courses/undergrad/coop/

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Electronics)/Bachelor of Information Technology must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

Further Information
Engineering Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.edu.au
Faculty of Information Technology Phone +61 7 3864 2782, Fax +61 7 3864 2703, email: fit.enquiry@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

At the discretion of the Course Coordinator, students may be allowed to select an elective from any advanced topics offered by the University. Also, potential honours students may, with the approval of the Course Coordinator, select an elective from the postgraduate degree courses offered by the School of Electrical and Electronic Systems Engineering. IT and Electrical Engineering Electives may be interchanged provided at least one elective is chosen from each discipline.

**IT Elective units -please see IT Elective Unit list**

**Industrial Experience**

Students must obtain at least 60 days industrial experience in an engineering environment as approved by the Course Coordinator.

Recommended Study
Chemistry, Maths C and Physics

Career outcomes
Software Engineers create, maintain and modify computer and software programs such as operating systems or communications software. They may also evaluate and deploy new programming tools and techniques and analyse current software products. You may work in a range of occupational environments. Software engineers can work in Engineering/IT-specific industries, as well as in other organisations requiring software engineering expertise.

Overview
The course is a collaborative program between the Faculties of Built Environment & Engineering and Information Technology which provides students with the electrical engineering and software development skills to seek employment as software engineers. The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Professional Recognition
Professional accreditation from Engineers Australia and the Australian Computer Society is being sought.

Special course requirements
Students are required to complete 60 days approved industrial experience.

Further Information
Faculty of Built Environment and Engineering Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.edu.au
Faculty of Information Technology Phone +61 7 3864 2782, Fax +61 7 3864 2703, email: fit.enquiry@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Potential Careers:**
Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer, Electrical Engineer, Software Engineer, Systems Programmer.

**Note:**
* This course is subject to University approval
Students are required to undertake five electives as follows: One General Elective, two from Electrical Engineering and two from Information Technology.
Students who opt to complete the Cooperative Education Program will substitute ITS010 for ITB613

### General Elective
A QUT degree level unit in the areas of Commercialisation or internationalisation (foreign language) selected in consultation with the Course Coordinator.

### Electrical Engineering electives (Two to be selected)
- EEB992 VLSI Circuits and Systems
- EEP104 Real-Time Operating Systems
- EEP120 Networks and Distributed Computing
- EEP123 Process Control and Robotics
- EEP129 Image Processing and Computer Vision
- ITB713 Advanced Java Programming
- ITB716 Advanced Web Applications Development
- ITB743 Artificial Intelligence
- ITB745 Operating Systems
- ITB746 Modelling and Animation Techniques
- ITB747 Real Time Rendering Techniques
Bachelor of Business / Bachelor of Engineering (IX28)

Year offered: 2007
Admissions: Yes
Course duration (full-time): 5 years
Past rank cut-off: 78; Dfee: 73
Past OP cut-off: 11; Dfee: 13
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: : MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging;
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Dr R. Mahalinga-Iyer (Engineering); Mr Andrew Palmridge (Business)
Discipline coordinator: Dr Ed Palmer (Engineering); Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckley (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).

Campus: Gardens Point

Recommended Study
Chemistry, Maths C and Physics are recommended.

Career Outcomes
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

Overview
Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one or more of accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership of: CPA Australia; Institute of Chartered Accountants in Australia; Chartered Secretaries Australia; Advertising Federation of Australia; Australian Association of National Advertisers; Australian Direct Marketing Association; Queensland Commercial Radio Association; Financial Services Institute of Australasia (FINSIA); Economics Society of Australia; Australian Human Resources Institute; Australian Institute of Management; Australian Institute of Training and Development; Australian Institute of Export; Australian Institute of Management; Australian Marketing Institute; Marketing Research Society of Australia; Australian Institute of Management; American Marketing Association and Public Relations Institute of Australia.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment approved by the course coordinator, before graduating.

Course Design
Students are required to complete 480 credit points comprised of 252 credit points from the Bachelor of Engineering (Electrical & Computer Engineering) program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 84* credit point Faculty Core units in the Bachelor of Business program together with a 72 credit point Major in one of the following: Accountancy, Advertising, Banking & Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing or Public Relations, as well as a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.edu.au
Faculty of Business Phone +61 7 3864 2050, Fax +61 7 3864 1537, email bus@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

IFP100 Knowledge Transfer and Research Commercialisation (Core Unit)
IFP103 Public Policy and Research
IFP101 Leadership and Workplace Communication
IFP102 Project Management and Research
IFP104 Entrepreneurial Foundations

Potential Careers:
Advanced Diploma in Engineering (Mechanical)/Bachelor of Technology (Mechanical) (ME37)

Year offered: 2007
Admissions: No
Course duration (full-time): 3 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15360
Domestic Entry: February
QTAC code: This course is no longer offered
Past rank cut-off: 52 BNIT-Gateway; 50 MIT-Mt Gravatt; 50 YIT-Yeronga
Past OP cut-off: 22 BNIT-Gateway; 24 MIT-Mt Gravatt; 24 YIT-Yeronga
Total credit points: 288 (including 120 cp advanced standing)
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Vladis Kosse
Campus: Gardens Point

Course Availability
This course is not taking new admissions/enrolments. Articulation from the TAFE to QUT for existing dual TAFE/QUT award students will be accepted up until semester one, 2008.

Entry Requirements
Applicants must apply via QTAC and satisfy the entry requirements for the Advanced Diploma in Engineering (Mechanical) at Brisbane North Institute of TAFE, Moreton Institute of TAFE and Yeronga Institute of TAFE.

Dual TAFE/QUT Awards
This dual award is a cooperative arrangement between QUT, the Brisbane North Institute of TAFE and Metropolitan South Institute of TAFE. It is a specially designed course offering a two-year Advanced Diploma at the participating TAFE institutes followed by a third year at QUT to qualify for a Bachelor of Technology degree. In their second year students study units from both QUT and TAFE.

Career Outcomes
Technologists may work closely with professional engineers and be involved in using advanced computer skills for technical analysis and detailed design, or administration. Other areas of employment included the manufacturing sector concerned with the organisation and maintenance of manufacturing facilities and the quality assurance and control of products.

Professional Recognition
This course has provisional accreditation from Engineers Australia (EA).

Special Course Requirements
Students must obtain at least 50 days of industrial experience with a minimum of 25 days in an engineering environment approved by the course coordinator.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

International Fees (per semester): 2007:$10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
The ME40 Bachelor of Engineering (Infomechatronics) course has been replaced by EN40 Bachelor of Engineering (Infomechatronics) from 2006 onwards. There will be no intake into the ME40 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
This leading edge degree provides graduates with the combined skills of mechanical engineering, electrical and electronic engineering and information technology to work in the high tech fields of automated systems and robotics for the design, development, construction and service of modern equipment and plant. Graduates from this degree may expect to find employment as consultants, project managers, designers, and maintenance and instrumentation engineers in a wide variety of work situations. The range of employment opportunities is diverse and extensive. Some typical examples of organisations may include: manufacturing plants of consumer products, computer peripherals manufacturers/maintenance companies, automobile manufacturing industries, large scale manufacturing/maintenance industries such as Boeing, instrumentation industries, communication companies, research organisations, food and food processing industries and software development companies.

Overview
This course bridges the three, traditionally separate, disciplines of Mechanical Engineering, Electrical and Electronic Engineering, and Computing and provides the combined skills required for the design, development, construction and service of modern systems and equipment. Advanced units emphasis the integration of knowledge and skills that impact on all aspects of the design, construction and service of modern computer controlled machines. In the final year a one-semester industry project will integrate and reinforce what has been learned through application in a real world setting.

Professional Recognition
This course has provisional accreditation from Engineers Australia (EA).

Special Course Requirements
Students must obtain at least 60 days of industrial work experience in an engineering environment approved by the course coordinator.

Articulation to Masters
Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

### Potential Careers:

Manager, Manufacturer, Mechanical Engineer.
Bachelor of Engineering (Mechanical) (ME41)

Year offered: 2007
Admissions: Yes
CRICOS code: 003490G
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $20160
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February (July entry available to students entering with Advanced Standing)
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information

The ME41 Bachelor of Engineering (Mechanical) course has been replaced by EN40 Bachelor of Engineering (Mechanical) from 2006 onwards. There will be no intake into the ME41 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career outcomes

The Bachelor of Engineering (Mechanical) provides a sound education in the basic engineering sciences, synthesis and design, engineering management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may find employment in a variety of roles: consultant, project manager or technical adviser where they may be involved in the operation of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others may work under the guidance of more experienced staff selecting equipment, installing and commissioning plants. Some graduates will go into design offices or manufacturing plants where they will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview

This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Engineering Management Major

Students enrolled in the Bachelor of Engineering (Mechanical) have the opportunity to undertake a major in Engineering Management during the final two years of their degree. Students wishing to undertake the major should consult the course coordinator.

Professional Recognition

Graduates meet the requirements for membership of Engineers Australia, the Singapore Professional Engineers Board and the Lembaga Jurutera (Board of Engineers) Malaysia. The course is also professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and the Institution of Engineers, Ireland. The Indonesian Directorate of Higher Education accredit the course as equivalent to the appropriate Indonesian degree.

Minors

Subject to the approval of the Course Coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Mid-year Entry

The ME42 Bachelor of Engineering (Mechanical) midyear course has been replaced by EN40 Bachelor of Engineering (Mechanical) from 2006 onwards. There will be no midyear intake into the ME42 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit).

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Special course requirements

A candidate for the degree of Bachelor of Engineering (Mechanical) must complete at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

OP Guarantee: Yes
Total credit points: 144
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Entry Requirements
Bachelor of Technology (Mechanical) from QUT. Applications are made using an I-form for the semester immediately after completion of ME36/37. Students wishing to enter at a later date must apply for the Bachelor Engineering (Mechanical) via QTAC.

Career Options
The Bachelor of Engineering (Mechanical) provides a sound education in the basic sciences, engineering sciences, engineering synthesis and design, the interrelationship between engineering and various management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may expect to find employment in a variety of roles: consultant, project manager, technical adviser. Some are given their initial graduate training in areas where they learn the operating characteristics and expected performance of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others work under the guidance of more experienced staff where they must select equipment, negotiate with suppliers and install and commission plants. Some graduates will go into design offices dealing with air conditioning and refrigeration systems, steam boilers and associated large materials handling plants. Those who go into manufacturing plants will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview
This degree builds on the Bachelor of Technology and offers a balanced mix of theory and practice with the objective of preparing graduates for work as engineers. Students will continue their studies to include more in-depth study of mechanical engineering sciences including hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional Recognition
This degree is recognised for the purpose of membership of Engineers Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and the Institution of Engineers, Ireland. Graduates meet the requirements for membership of the Singapore Professional Engineers Board, and the Lembaga Jurutera (Board of Engineers) Malaysia. The course is also accredited by the Indonesian Directorate of Higher Education as equivalent to the appropriate Indonesian degree.

International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
The ME48 Bachelor of Engineering (Medical) course has been replaced by EN40 Bachelor of Engineering (Medical) from 2006 onwards. There will be no intake into the ME48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Medical engineering integrates physical, chemical, mathematical, and computational sciences and engineering principles to study human biology, medicine, human behaviour and health. The Bachelor of Engineering (Medical) provides the skills to design, manufacture, install, monitor and maintain medical and surgical equipment and to provide advice on engineering matters to medical and allied staff. Graduates from this degree may expect to find employment in hospitals as advisors to health and medical professionals, in firms concerned with the design, manufacture, supply and maintenance of medical, health and sporting equipment, occupational health agencies and in research institutions. In the early stages of their careers biomedical engineers might expect to be involved in the innovative use of technology, in the design of new devices and the assessment of appropriate engineering solutions to medical problems. More experienced biomedical engineers manage Biomedical Engineering Departments in hospitals and manufacturing companies and lead teams of engineers and technologists in the development of engineering solutions to improve health care.

Overview
This course provides students with the skills of mechanical engineering technology and the knowledge of the human body to design, manufacture and maintain equipment and aids for the medical, rehabilitation and sports environments. Students can choose electives such as a physiology, rehabilitation psychology and robotics in health care. Current issues such as total quality management and health legislation are also covered. In the final year, students undertake a design project in the biomedical field.

Professional Recognition
This course is accredited by Engineers, Australia (EA).

Special Course Requirements
Students must obtain at least 60 days of industrial employment in an engineering environment approved by the course coordinator. Half of this experience must be in an industry related to Biomedical Engineering.

Articulation to Masters
Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

Bioengineer, Biomedical Engineer, Medical Engineer, Rehabilitation Engineer.
Graduate Certificate in Engineering Management (ME75)

Year offered: 2007
Admissions: Yes
CRICOS code: 018208C
Course duration (full-time): 1 semester
Course duration (part-time): 1 year
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 48
Course coordinator: Associate Professor Andy Tan
Campus: Gardens Point

Entry Requirements
A bachelor degree in engineering or relevant training and experience, as assessed by the course coordinator. Part-time students are expected to be employed in some professional engineering capacity.

Articulation to Masters Program
Students who enter the Graduate Certificate on the basis of relevant training and experience and obtain a grade point average of 5 or above maybe eligible to articulate with credit to the Master of Engineering Management program.

Overview
This course combines training in engineering management with advanced elective studies in related fields. It is suitable for those seeking to obtain a formal qualification in management while advancing engineering skills and knowledge. The core units provide an opportunity for postgraduate studies in engineering management, and the elective units allow specialisation in manufacturing and/or maintenance engineering. Applicants can take up to two electives from other disciplines.

Course Structure
Graduate Certificate students will take four units all of which are offered as part of the Master of Engineering Management.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

# Block mode
Students take 4 units.

Block mode classes are held in teaching periods which run consecutively for 5 weeks at a time, instead of semesters. Classes are held on Tuesday and Thursday from 4pm to 8pm, and Saturday from 9am to 5pm in the first two weeks of a teaching period.

Please check QUT Virtual or contact the School Administration Officer for details of teaching periods for the above block mode units.
Master of Engineering Management (ME76)

Year offered: 2007
Admissions: Yes
CRICOS code: 006368G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Andy Tan
Campus: Gardens Point

Overview
This course combines training in engineering management with advanced elective studies in related fields. It is suitable for those seeking to obtain a formal qualification in management while advancing engineering skills and knowledge. The core units provide an opportunity for postgraduate studies in engineering management, and the elective units allow specialisation in manufacturing and/or maintenance engineering.

Entry Requirements
A bachelor degree in engineering (or its equivalent).

Course Structure
Masters students take eight units or 96 credit points. Units MEN172, MEN177, and MEN280 are normally compulsory, but may be substituted with the approval of the course coordinator if the student has adequate prior knowledge in the relevant field. With approval of the Course Coordinator students can take up to two graduate level electives from other disciplines.

International Student Entry
QUT advises that International students may only enrol in full-time studies.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 9361, email: bee.enquiries@qut.com

Project may be taken over one or two semesters. Students taking Project over one semester must enrol in both components of the unit concurrently. Course coordinator approval is required to take Project.

Note:
Students complete 8 units. Units MEN172, MEN177 and MEN280 are normally compulsory, but may be substituted with the approval of the course coordinator if the student has adequate prior knowledge in the relevant field.

* Permission of the course coordinator required.
Master of Engineering Science (Mechanical Engineering Studies) (ME80)

Year offered: 2007
Admissions: Yes
CRICOS code: 042261J
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Course coordinator: Associate Professor Andy Tan
Campus: Gardens Point

Entry Requirements
A Bachelor of Engineering degree with honours in Mechanical Engineering OR equivalent, with a grade point average of at least 5 on a 7-point scale.

Course Structure
The flexible Master of Engineering Science (Mechanical Engineering Studies) program allows students to choose 3 units from a common pool of units offered by all the Engineering Schools (Band 1). A band of Mechanical Engineering units is then offered from which students choose 3 (Band 2). Any units from Band 1 could also be chosen for Band 2 provided that they come from the School of Mechanical, Manufacturing and Medical Engineering. Mechanical Engineering Specialised units allow students to undertake study in the areas of Medical Engineering, Infomechatronics, Engineering Management and general mechanical engineering, such as tribology, maintenance, manufacturing etc. Band 3 requires enrolment in a Mechanical Engineering Project (equivalent to 24 credit points).

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 9316, email: bee.enquiries@qut.com

Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007 Full fee tuition $20160 (subject to annual review)
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412532; Dfee: 412536
Past rank cut-off: 72. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Kevin Jones
Campus: Gardens Point

Additional Admission Information
The PS47 Bachelor of Surveying course has been replaced by UD40 Bachelor of Urban Development (Spatial Science) from 2006 onwards. There will be no intake into the PS47 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit); i.e. those students who will be starting in the third year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period. After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Surveyors assess geographic and land information for implementing appropriate administration for the land, sea and related structures. All levels of government, private practice and multi-national companies, statutory authorities or semi-government agencies employ them. Graduates have the opportunity to travel as the degree is readily accepted overseas. After some years of experience they may become managers or specialise. Surveyors may also work in one of the related fields such as geographic information systems, remote sensing or photogrammetry.

Overview
The Bachelor of Surveying degree is a broad-based course. The first year is a foundation year designed to prepare students to deliver practical solutions to problems involving spatial information and decision-making. Students study foundation units such as mathematics, physics, computing skills, environmental science as well as surveying, topographic mapping, photogrammetry, mine surveying, hydrographic surveying, land development design and geographic information systems.

Professional Recognition
Australia: The Bachelor of Surveying degree meets the requirements for membership of The Spatial Science Institute (Incorporating the Institution of Surveyors, Australia, the Institution of Engineering and Mining Surveyors, Australia and the Mapping Sciences Institute, Australia).
Overseas: Surveying graduates are readily accepted internationally.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Special Course Requirements
Students are required to attend compulsory field practicals off-campus in the Moreton Region and have access to an advanced scientific calculator for use during the course. Students must obtain at least 90 days of industrial experience/practice in a surveying/mapping environment, approved by the course coordinator.

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Graduate Diploma in Landscape Architecture (PS66)

Year offered: 2007
Admissions: Yes
CRICOS code: 003478D

Course duration (full-time): 1 year BBit Env (L'scape Arch) graduates; 2 years other graduates
Course duration (part-time): 2 years BBit Env (L'scape Arch) graduates; 4 years (other graduates)

Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)
Domestic fees (indicative): 2007: CSP $7,114
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: February. OPEN TO CONTINUING BN31 GRADUATES ONLY IN 2008.
Total credit points: 192
Course coordinator: Dr Jeannie Sim
Campus: Gardens Point

Entry Requirements
A bachelor degree or three-year diploma, or equivalent professional qualification with a minimum Grade Point Average of 4.5. Applicants entering this course from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics.

In order to be considered for entry to either the Graduate Diploma or Masters courses, applicants must complete:
1. Application for Admission form
2. A personal statement in which the applicant demonstrates an understanding of the profession and the guiding belief systems of landscape architecture and shows the applicant's potential to 'fit' within this profession.
3. An Illustrated Autobiography - a concise self-expose which shows, in a combination of words and graphics, the applicant's life and interests. The objective is to give an insight into the applicant and demonstrate an aptitude for design as the core activity of the profession. This document is not a resume or curriculum vitae. It will be in A3 format and is not to exceed five pages. These documents are to be forwarded to the course coordinator.

Overview
Landscape architecture is concerned with the ordered design of open space at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work. In the Graduate Diploma you complete a program similar to the first two years of the Masters program.

Professional recognition
This course is professionally recognised by the Australian Institute of Landscape Architects

International Student Entry
QUT advises that International Students may only enrol in full-times studies.

Master of Urban and Regional Planning (PS70)

Year offered: 2007
Admissions: Yes
CRICOS code: 020299K

Course duration (full-time): 1.5 years for Bachelor of Built Environment graduates; 2 years for other graduates
Course duration (part-time): 75% progression: 2 years for Bachelor of Built Environment graduates; 2.5 years for other graduates/50% progression: 2.5 years for Bachelor of Built Environment graduates; 3.5 years for other graduates

Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)
Domestic fees (indicative): 2007: CSP $7,114
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)

Domestic Entry: February and July (conditions apply for July entry). NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 216
Course coordinator: Assoc Prof Phil Heywood
Campus: Gardens Point

Overview
Students develop the knowledge, skills and social awareness to become successful urban and regional planners. The course is structured around a core of planning practice and method. Contributions from theory and activity studies are integrated with this core at each stage and set within the broader socio-economic and political contexts. Flexible teaching methods include lectures, projects, workshops, seminars and field studies. In each of the last three years student projects have been awarded top planning Institute awards at State and National levels.

Entry Requirements
A bachelor degree or equivalent is required. Applicants entering this course from non-design qualifications gain basic skills in design/perception theory, and planning graphics. A two-module Summer unit is available for this purpose. Computer literacy skills are also provided for those requiring them.

Applicants without planning or related qualifications undertake a Foundation Course of six units within the course of 2 years or part time equivalent, including a Summer Semester. These requirements may be reduced by academic credit based on previous studies. A limited number of special entry places are available in the Foundation Course for suitably experienced non-graduates. Special entry includes written and oral examinations and references.

Course Structure
The course offers a variety of structures, including full-time (100% and 75% progression rates) and part-time programs (50% progression rate). Normal entry to the course is in Semester 1 or Summer Semester, though Foundation Studies entrants may, in special circumstances, be admitted in Semester 2.

Professional recognition
This course is professionally accredited by the Planning Institute of Australia

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

**Potential Careers:**

Urban and Regional Planner.
Master of Landscape Architecture  
(PS71)

Year offered: 2007  
Admissions: Yes  
CRICOS code: 020301K  

Course duration (full-time): 1 year plus 1 year part-time  
Built Environment (Landscape Architecture) graduates or equivalent; 2 years plus 1 year part-time (Other graduates)  
Course duration (part-time): 3 years Built Environment (Landscape Architecture); 5 years (Other graduates)  

Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)  
Domestic fees (indicative): 2006:$5578  
International Fees (per semester): 2007:$10,500 per semester (subject to annual review)  

Total credit points: 228 (excluding any Masters qualifying units)  
Course coordinator: Dr Jeannie Sim  
Campus: Gardens Point  

Entry Requirements  
A bachelor degree, or equivalent professional qualification, with a minimum grade point average of 5.  
Applicants entering this course from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics.  

In order to be considered for entry to either the Graduate Diploma or Masters courses, applicants must complete:  

* Application for Admission form as well as the following which should be forwarded direct to the course coordinator.  
* Position Statement - a personal statement (1 x A4 typed page) in which the applicant demonstrates an understanding of the profession and the guiding belief systems of landscape architecture and shows the applicant's potential to 'fit' within this profession.  
* Illustrated Autobiography - a concise self-expose which shows, in a combination of words and graphics, the applicant's life and interests. The objective is to give an insight into the person making the application and to demonstrate an aptitude for design as the core activity of the profession. This document is not a resume or curriculum vitae, nor is it a folio of previous work experience. It will be in A3 format and is not to exceed five pages.  

International Student Entry  
QUT advises that International Students may only enrol in full-time studies.  

Overview  
Landscape architecture is concerned with the ordered design of open space at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Your course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work.  

Professional Recognition  
Professional accreditation for the course has been granted by the Australian Institute of Landscape Architects.

Potential Careers:
Landscape Architect.
Graduate Diploma in Urban and Regional Planning (PS72)

Year offered: 2007
Admissions: Yes
CRICOS code: 003477E

Course duration (full-time): 1 year for Bachelor of Built Environment graduates; 1.5 years for other graduates
Course duration (part-time): 75% progression: 1.5 years for Bachelor of Built Environment graduates; 2 years for other graduates/50% progression: 2 years for Bachelor of Built Environment graduates; 2.5 years for other graduates

Domestic fees (per credit point): Commonwealth Supported Place (subject to annual review)
Domestic fees (indicative): 2006:$6978

International Fees (per semester): 2007:$10,500 per semester (subject to annual review)

Domestic Entry: February and July (conditions apply for July entry). OPEN TO CONTINUING BN31 GRADUATES ONLY IN FEBRUARY 2008.
Total credit points: 168
Course coordinator: Assoc Prof Phil Heywood
Campus: Gardens Point

Entry Requirements
A bachelor degree or equivalent is required. Applicants entering this course from non-design qualifications require basic skills in design/perception theory, planning graphics. A two-module full-fee paying Summer unit is available for this purpose. Computer literacy is also required.

Applicants without planning or related qualifications undertake a Foundation Course of up to six units within the Course of 1.5 years or part-time equivalent including an introductory Summer Semester. These requirements may be reduced by academic credit based on previous studies. A limited number of special entry places are available in the Foundation Course for suitably experienced non-graduates. Special entry includes written and oral examinations and references.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Overview
Students develop the knowledge, skills and social awareness to become successful urban and regional planners. The course is structured around a core of planning practice. Contributions from theory, method and activity studies are integrated with this core at each stage and set within the broader socio-economic and political contexts. Flexible teaching methods include lectures, as well as projects, workshops, seminars and field studies.

Professional Recognition
This course is professionally accredited by the Planning Institute of Australia.

Course Structure
The course offers a variety of structures, including full-time (100% and 75% progression rate) and part-time programs (50% progression rate). Normal Entry to the Course is in Semester 1 or Summer Semester, though Foundation Studies entrants may, in special circumstances, be admitted in Semester 2.

Graduate Certificate in Geomatics (PS73)

Year offered: 2007
Admissions: No
CRICOS code: 036436G
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.
Total credit points: 48
Course coordinator: Dr John Hayes
Campus: Gardens Point

Entry Requirements
A recognised tertiary degree requiring at least four years full time study or its equivalent;
OR a degree from another tertiary institution considered by the Head of School to be at least equivalent to the degree of Bachelor of Surveying of this University.

In addition, graduates should have at least one year's field experience (or its equivalent) following graduation in the practice of surveying. Entry will also be available on the basis of other academic qualifications supported by a minimum of 2 years work experience of relevant depth and breadth on application to the Head of School.

Professional Recognition
The Graduate Certificate is recognised professionally by the Mapping Sciences Institute, Australia.

Overview
The content includes subjects in geomatics, geographic information systems (GIS) and spatial sciences at undergraduate level, postgraduate level, or project based. Individual programs can therefore be advised to suit the needs of individual students.

International Student Entry
QUT advises that international students may only enrol in full-time studies.

Potential Careers:
Landscape Architect.
Graduate Certificate in Landscape Design (PS76)

Year offered: 2007
Admissions: No
CRICOS code: 037546E
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE IN 2007.
Total credit points: 48 credit points
Course coordinator: Dr Jeannie Sim
Campus: Gardens Point

Entry Requirements
To be eligible for admission, an applicant must have completed PS75 Graduate Certificate in Landscape Techniques or an approved equivalent.

Please note
The School reserves the right to offer this course according to enrolment quotas and staff availability.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Overview
This Graduate Certificate covers landscape theory and design, professional values, environment theory graphic and other communication, and landscape construction supported by project and field work.

Potential Careers:
Landscape Architect.
Graduate Diploma in Geographic Information Systems (PS78)

Year offered: 2007
Admissions: Yes
CRICOS code: 040337K
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)
Total credit points: 96
Course coordinator: Dr John Hayes
Campus: Gardens Point

Overview
The course is designed to meet the geographic information systems (GIS) specific, academic and practical skill needs of the range of professionals now operating within the spatial information industry. The content includes units in GIS, Geomatics and Spatial Sciences at the postgraduate level and the latter year undergraduate level, units that are project based, and a range of postgraduate, discipline specific units. An individual program can therefore be advised to suit the needs of a student. The course is being evaluated by industry organisations for professional recognition.

Please note:
The School reserves the right to offer this course according to enrolment quotas and staff availability.

Entry Requirements
Applicants must hold a relevant bachelor degree or diploma from an approved tertiary institution; or have qualifications deemed equivalent to the above by the Head of School of Design and Built Environment; or other academic qualifications supported by a minimum of two years work experience of relevant depth and breadth on application to the Head of School, Design and Built Environment.

International Student Entry
QUT advises that International Students are not permitted to enrol part-time.

Choose 2 Electives*

Notes:
* Electives are subject to availability and confirmation by consultation with Course Coordinator.
Please consult with the course coordinator before finalising your enrolment.
Full-time students enrol in 48 credit point each semester: 2 core units and 2 elective units.

Potential Careers:
Geologist, Landscape Architect, Mapping Scientist/Photogrammetrist, Surveyor.
Graduate Certificate in Planning Studies (PS82)

Year offered: 2007
Admissions: Yes
CRICOS code: 040336M
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters

Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12480
International Fees (per semester): 2007: $10,500 per semester (subject to annual review)

Domestic Entry: February and July. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 48
Course coordinator: Assoc Prof Phil Heywood
Campus: Gardens Point

Entry Requirements
To be eligible for admission, an applicant must have:
- a recognised tertiary degree in any discipline requiring at least three years' full time study or its equivalent, or
- other documented qualifications and experience considered to be equivalent by the Head of School of Urban Development. Applicants may be required to attend an interview, or sit an examination, as part of the selection process.

Overview
The Planning Certificate is intended to provide an introduction to planning method and practice for people engaged in planning activities in government and the community, as well as being a convenient refresher course for professional planners in the latest developments in community planning theory and practice.

Students wishing to use the Graduate Certificate as a refresher or introductory course, may select any four units offered in the Graduate Diploma in Urban and Regional Planning. Full-time is one semester (48cp); part-time is 2 semesters (48cp). Please see course structure for a recommended program.

Course Structure
An overview of current planning methods is presented in Planning Processes and applied in Urban Analysis and Design and Planning Implementation. These method and practice units are accompanied by opportunity for focused study within the Elective unit, chosen in discussion with the course coordinator.

Professional Recognition
This course is registered with the Planning Institute of Australia (formerly RAPI) as a recognised Continuing Professional Development Course rated at ten credit points.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Bachelor of Urban Development (Construction Management) (UD40)

Year offered: 2007
Admissions: Yes
CRICOS code: 056387B
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15,360; CSP $6,901
International Fees (per semester): 2007: $10000 per semester (subject to annual review)

Domestic Entry: February
International Entry: February
QTAC code: 412312; Dfee: 412316
Past rank cut-off: 75; Dfee: 70.
Past OP cut-off: 12; Dfee: 14.

Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Paul Den Ronden
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to CN51 Bachelor of Applied Science (Construction Management).

Career Outcomes
Graduates employed in the construction process are involved in the coordinating of the construction and maintenance of large building projects, the development of government and corporate policies, the administration of regulations, and the development and research of building systems and products. They may be employed in private organisations such as large construction and development companies or consultancies, while some are employed by government departments.

Overview
The course is concerned with the management of the overall process of construction projects and provides detailed understanding of project development from conception, through planning and construction to commissioning and maintenance. It develops skills in how to manage people, materials, equipment and plant while focusing on issues such as cost, time, quality, safety and environment. It educates students to become effective construction managers with comprehensive technological knowledge, management principles and communication skills.

Special Course Requirements
All students are required to obtain a minimum of 100 days of approved industrial experience.

Professional Recognition
Recognition is being sought from the Australian Institute of Building and the Australian Institute of Building Surveyors.

Minors
For accreditation purposes you are required to undertake specified minors which will include employment practice.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Gary Garner
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admissions Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to CN54 Bachelor of Property Economics.

Career Outcomes
Property Economics is the profession associated with the management, administration and use of land and property such as office buildings, shopping centres, factories, hotels etc. Graduates work in private practice or as employees of property development, valuation, property management, investment or property finance companies. They may also work in government departments and local authorities concerned with rating, compulsory acquisitions or property development.

Overview
This course is concerned with all aspects of property - investment, asset management, development, valuation and research - with a focus on finance and on the commercial property market sector.

Special Course Requirements
You are required to obtain a minimum of 30 days approved professional work experience as part of the unit UDB343 Professional Project.

Professional Recognition
Both the 3 and 4 year degrees have professional recognition from the Australian Property Institute and the Valuers' Registration Board of Queensland. Professional accreditation for the 4 year degree is currently being sought from the Royal Institution of Chartered Surveyors and the Singapore Institute of Surveyors and Valuers.

Majors/Minors
In your final two years you will have the opportunity to undertake a major (8 units) or 2 minors (4 units) from other areas of interest.

ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Jason Gray
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admission Information
Applicants who are offered a place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to CN53 Bachelor of Applied Science (Quantity Surveying).

Career Outcomes
Quantity Surveyors prepare cost estimates and check actual expenditure for large construction projects. They usually work in offices but can also visit building sites, clients and members of teams. Graduates are employed by private quantity surveying firms, government departments and building companies.

Overview
The course prepares students to work as quantity surveyors or building economists. The course covers building management, cost planing and control, building development techniques, building research, computer software application, measurement of construction, and legal issues.

Special Course Requirements
You are required to gain a minimum of 100 days of approved employment in the final year of the course as part of the unit UDB411 Professional Practice.

Professional Recognition
Accreditation with Australian Institute of Quantity Surveyors and the Royal Institution of Chartered Surveyors (honours version only) is currently being sought.

Minors
You will have the opportunity to undertake a minor (4 Units from one discipline area) which can be used to extend your construction knowledge into more advanced and specialised construction issues. Alternately, the minor can be used to broaden students’ education by undertaking units from other faculties within the university subject to accreditation requirements.

Further Information

**Potential Careers:**

Estimator, Manager, Quantity Surveyor.
Bachelor of Urban Development (Spatial Science) (UD40)

Year offered: 2007
Admissions: Yes
CRICOS code: 056387B
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15,360; CSP $6,901
International Fees (per semester): 2007: $10000 per semester (subject to annual review)

Domestic Entry: February
International Entry: February
QTAC code: 412532; Dfee: 412536
Past rank cut-off: 72; Dfee: 68
Past OP cut-off: 13; Dfee: 15

OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Robert Webb
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Additional Admissions Information
Applicants who are offered a place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to PS47 Bachelor of Surveying.

Career Outcomes
Surveyors assess geographic and land information for implementing appropriate administration for the land, sea and related structures. Spatial information refers to information about the geographical relationship between places, people and other items within a particular area. There are employment opportunities in all levels of government, private practice and multi-national companies, statutory authorities or semi-government agencies employ them. You will have the opportunity to travel as the degree is readily accepted overseas. After some years of experience you may become a manager or specialise as one of the following: Cadastral/Land Surveyor; Engineering Surveyor; Geodetic Surveyor; Mine Surveyor; Remote Sensing Surveyor; Topographic Surveyor; Cartographer (mapping).

Overview
This degree is a broad-based course. The first year is a foundation year designed to prepare students to deliver practical solutions to problems involving spatial information and decision-making. Students study foundation units such as mathematics, professional studies, sustainability as well as surveying in their first year. In the following years the areas covered are geodetic and control surveying, topographic mapping, photogrammetry, mine surveying, hydrographic surveying, land development design and geographic information systems.

Professional Recognition
The course is recognised by the Spatial Science Institute and has preliminary recognition from the Queensland Surveyors Board; full accreditation is currently being sought.

Special Course Requirements
You will be required to attend compulsory field practicals off-campus in the Moreton Region and have access to an advanced scientific calculator for use during the course. To graduate you are required to have at least 90 days of approved industrial experience/practice in a surveying/mapping environment.

Minors
For professional recognition you will undertake two minors (a minor is four units or 48 credit points in the same discipline) the first is a Science minor which includes Maths and the second an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised spatial science units.

Further Information
School of Urban Development - Phone +61 7 3864 2852, Fax +61 7 3864 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Paul Donehue
Campus: Gardens Point

IMPORTANT: SPECIAL NOTE
In 2007, first and second years will only be available. Subsequent years will be progressively introduced in 2008 and 2009. Students should note that years 2-4 are subject to approval. The course units may change.

Career Outcomes
Urban and Regional Planners develop plans and policies for the use of land and resources. They aim to fulfil the social, cultural economic and environmental needs of the community. There are numerous employment opportunities can found in state and local government departments, with private sector planning consultants and land development enterprises. Graduates can build careers in urban design, community health and welfare, housing, transport, and strategic land-use planning, and land and resource development.

Overview
This course aims to educate students to become innovative leaders in professional planning, with the capacity and will to create a better world. Graduates will apply perceptive sensibilities and skills to create sustainable natural and human environments. The QUT course emphasises creative design and inclusive community planning. You will have the opportunity to work on live projects with local councils and community groups.

Professional Recognition
Accreditation from the Planning Institute of Australia is being sought.

Minors/Majors
You will be able to select two four unit minors or one eight-unit major to enhance your broader appreciation of fields related to urban and regional planning for example: landscape architecture, urban design, surveying, property economics, law and business management.

OVERVIEW

Business is QUT’s largest faculty, attracting over a quarter of the University’s enrolments, and is also one of the largest business faculties in Australia.

Through various collaborations with industry and professional bodies, we are a key player in the business community with extensive local and international links.

We are the first business school in Australia to have our business courses accredited by the three leading international bodies – EQUIS (the accrediting body of the European Foundation of Management Development), AACSB International (The Association to Advance Collegiate Schools in Business) and AMBA (the Association of MBAs). This ‘triple crown’ of international accreditation means your QUT business degree is even better recognised by employers globally.

We know what employers want in today's business graduates - because we ask them. We regularly involve representatives from the business community in the development and review of our courses. And we employ part-time lecturers and tutors currently working in business.

As a student, you will be encouraged to undertake real-world projects to help you develop your own strong links. And you can take advantage of our extensive exchange program and our international study tour options.

This strong practical component of our courses is complemented by our academic excellence. The diversity of interests, experiences, and expertise of our locally and internationally drawn academic staff creates a rich learning and research environment.

Our innovative 'Business Advantage' program develops business graduates who can contribute effectively as citizens, as leaders in the wider community, and as competent professionals within their chosen disciplines. A variety of short programs provide skills in areas such as leadership, teamwork, public speaking and entrepreneurship. The program also provides the opportunity to work with other students on community projects, development programs, and participate in conferences and seminars.

As a QUT business graduate you will enter the business community with the acumen and entrepreneurial skills needed to turn any good idea into a successful enterprise within today’s competitive international environment. And you will be able to anticipate the business challenges and opportunities of the future.

Undergraduate

We recognise that in the ever-changing world of business you need a solid foundation in business principles along with the flexibility to pursue studies in multiple areas. Our Bachelor of Business includes eight core units which will equip you with generic skills and competencies for today’s business environment. You also have the opportunity to tailor your studies to suit your own needs and career aspirations. Students enrolling at our Gardens Point campus will choose a major from:

- Accountancy
- Advertising
- Banking & Finance
- Economics
- Electronic Business
- Human Resource Management
- International Business
- Management
- Marketing
- Public Relations.

You will then choose other business study areas to steer your future career direction. You can:

- maximise your career options with an added breadth of knowledge by completing another of the business majors
- add a depth of knowledge in your area of interest by extending your studies within the primary business major
- add a flavour or emphasis to your degree with study in another of our business areas.

You will also choose elective units from Business or other faculties within QUT. We encourage you to consider utilising these electives to complete an approved University minor. Double degrees are also a popular option. A number of combinations are available, giving you expanded career options and a competitive edge on graduation.

The Bachelor of Business is also available at the Caboolture campus, with majors in marketing, management, and a minor in small business management.

Our First Year Program at Carseldine campus allows you to commence study before choosing your business major. At the end of your first year you will move into your major of choice at our Gardens Point or Caboolture campus.

Postgraduate

There are many reasons for considering postgraduate study. Whether you're looking for career advancement, a change in career direction, personal development, or research opportunities we can help you with postgraduate studies to suit your needs. Choose from:

- Honours
- Graduate Certificate
- Masters (Coursework & Research)
- MBA
- PhD.

Coursework Programs

Our postgraduate programs allow you to enhance your career options by building on existing qualifications, or change careers through study in a different field. For non-degree holders, we offer alternative pathways that build on your work experience.

QUT's Master of Business offers students the choice of a wide variety of majors, which are designed to provide specialist knowledge in your chosen business discipline. With enhanced knowledge you can advance your business career, or change career direction.

- Accounting
- Strategic Advertising
- Applied Finance
- Business Administration (MBA)
- Event Marketing and Management
- Human Resource Management
- Integrated Marketing Communication
- International Business
- Marketing
- Philanthropy & Nonprofit studies
- Professional Accounting
- Public Management
- Public Relations.
Innovative MBA Programs
We also offer one of Australia's most innovative MBAs, giving you greater choice and flexibility when designing your course. With shorter, sharper units, you'll cover a wide range of core units and have a greater choice of electives. This opportunity for greater depth and diversity of knowledge gives you a distinct career advantage.

The MBA is available in a variety of delivery options including our International MBA, which allows students to complete one semester of study overseas. Our Executive MBA is a tailored program for more experienced managers offered in an intensive, flexibly delivered format.

Our MBA was one of three Australian MBAs to be recognised in the ‘Top 100 MBAs of 2004’ in the Financial Times, and in 2005 was ranked as a 'top tier' Australian MBA program by the BOSS magazine from the Australian Financial Review.

Extensive Research Opportunities
As well as being highly respected for the quality of our postgraduate coursework teaching, the Faculty also provides extensive research opportunities.

Our researchers engage in collaborative, cross disciplinary research that impacts on the domestic and international business communities. The Australian Centre for Business Research, housed within the Business Faculty, links QUT’s business research strengths to solving industry, government and community problems.

We also offer professional development programs, and contract research and consultancy services. And because we believe in giving something back to the community, our staff - individually and in groups - engage in a wide range of community service activities.

We are a business faculty for the real world.

RESEARCH CENTRES

Australian Centre for Business Research
The Australian Centre for Business Research, established in 2003, is a Centre of excellence in business research in Australia and conducts leading research that impacts on both the domestic and international research and business communities. The Centre supports five Major Programs which undertake large scale, high profile research in:

- National Centre for Econometric Research;
- Service Leadership and Innovation;
- Work Effectiveness;
- Work and Industry Futures; and
- Entrepreneurship and Innovation.

The Faculty fosters a vibrant research community that achieves excellence in targeted areas of business research and supports collaborative, cross-disciplinary and new research to inform and serve business, industry, government and the community. The Centre supports all postgraduate research study undertaken within the Faculty.

Enquiries to the Research Support Office.
Phone 07 3138 1407
Email bus.research@qut.edu.au

Centre for Philanthropy and Nonprofit Studies
The Centre for Philanthropy and Nonprofit Studies was established in 2001 as a QUT Collaborative Centre, and
aims to bring to the community the benefits of teaching, research, technology and service relevant to philanthropic and nonprofit communities.

The Centre builds on the work of the Program on Non-profit Corporations (PONC) established in the School of Accountancy within the Faculty of Business in 1991. Between 1991 and 2001 the Program involved various QUT staff in research, consultancy and community service in the areas of law, tax, management, marketing, fundraising and ethics of nonprofit, and philanthropic organisations.

Director: Professor Myles McGregor-Lowndes, BA LLB Qld, MAdmin PhD Griff, JP, Solicitor of Supreme Court of Queensland and High Court of Australia.
Master of Business (Accounting) (BS16)

Year offered: 2007
Admissions: Yes
CRICOS code: 059599K
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (per credit point): 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $15360
International Fees (per semester): 2007: $9,000 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Mr Andrew Paltridge
Discipline coordinator: Associate Professor Peter Best
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. See: http://www.studentservices.qut.edu.au/costs/schedule/cohort/

Professional Recognition
Graduates may be eligible for two credits in the elective segments of the CPA program.

Overview
This course offers advanced level studies in Accounting.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree with an appropriate major in Accountancy with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Course Structure

Part A - 48 credit points
AYN412 Company Law
AYN418 Financial Accounting 3
AYN438 Taxation Law and Practice

One unit from the Foundation Studies List

Part B - 96 credit points
AYN413 Enterprise Systems Governance and Audit
AYN424 International Accounting
AYN454 Forensic Accounting and Investigation
AYN505 Dissecting Financial Statements

Plus 4 from:
Financial Analysis Units
BSN404 Project 1
EFN410 Economic and Financial Modelling

Campus: Gardens Point

Cohort Rule  
A cohort rule applies to this course.  
More details...

Professional Recognition  
Students will meet the educational requirements for Senior Associate membership of the Financial Services Institute of Australasia (FINSIA). Graduate may also meet the educational requirements for professional level membership of the FTA-CFTP (the Finance and Treasury Association Limited - Certified Finance and Treasury Professional) dependent on prior study and electives chosen.

Overview  
This course is designed for people with no previous qualifications in Finance who wish to change career direction or enhance their career options.

You will be introduced to managerial finance and economics, and move on to more advanced, practical studies in corporate finance, security analysis, portfolio management, trading and risk management. You will graduate with an understanding of the principles and practice of finance, and have substantial conceptual and applied finance knowledge, and be prepared for careers such as a financial adviser, investment banker, or financial or equity analyst.

You will have access to a fully equipped Securities Dealing Room on campus, the first of its kind in Queensland. Live financial data, via the Bloomberg and Datastream networks, will allow you to experience the financial markets in real time, without the risks involved in real transactions.

The course also extends your knowledge if you are a graduate from a professional association such as the Securities Institute of Australia, CPA Australia or the Institute of Chartered Accountants in Australia.

Entry Requirements  
FOR DOMESTIC STUDENTS:  
An undergraduate degree or equivalent in any field other than Finance, with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:  
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:  
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or  
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:  
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or  
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design  
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8) specified 12 credit point units, and have obtained approval by the Course Coordinator.

Articulation  
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

A cohort rule applies to this course. More details...

Overview
In today's rapidly changing business environment, Human Resource Management (HRM) professionals are confronted with the challenges of developing organisational and workforce capability. HRM expertise is also increasingly required by line managers, who now take a more active role in the development and management of their team members.

The Human Resource Management major is designed to increase the skills of both specialists and line managers. HRM professionals will develop a broader view of the nature of business, and the relationship between how people are managed and the organisation's performance in the global context of business.

Those who are undertaking HRM activities but have a background in other professional fields will gain the enhanced people management skills they require. The major also suits the needs of graduates who wish to move into the HRM profession.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in Human Resource Management with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

This course may be taken over three semesters full-time (including a summer semester) or six semesters part-time (including two summer semesters). In principle a student would be able to complete this course in three consecutive semesters, depending on the availability of units.

Students enrolled in the BS93 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Course Structure

Part A - 48 credit points
MGN409 Introduction to Management
MGN423 Contemporary Strategic Analysis
MGN427 Human Resource Management
One unit from the Foundation Studies List

Part B - 96 credit points
Eight units from:
MGN410 Labour-Management Relations
MGN412 People in Organisations
MGN421 Strategic HRM
MGN429 Staffing Policies and Strategies
MGN430 Strategic Performance Management
MGN431 Strategic Human Resource Development
MGN433 Managing High-Performance Organisations
MGN505  Consulting and Change Management
MGN506  Contemporary Issues in HRM
MGN508  HRM Cases
MGN509  HRM Project 1
MGN528  Special Topic in Human Resource Management 1

A cohort rule applies to this course. More details...

Overview  
If you are interested in advertising, promotions or communications, you should consider an Integrated marketing Communication (IMC) major. Studies in IMC will provide you with a systematic and comprehensive understanding of the theory and research integration of marketing communication.

The course focuses on refinement of analytical skills and knowledge required for decision making in the areas of advertising, marketing and public relations. IMC focuses on the strategic integration of the functions of public relations, advertising, promotion, direct marketing, and personal selling to achieve brand equity and increase the effectiveness of promotional communications with target audiences.

You will be equipped to confront the fragmentation of mass markets, the explosion of new technologies that give consumers more control over the communication process, the emergence of global markets, and rapid changes in economic conditions within which organisations operate.

Entry Requirements  
FOR DOMESTIC STUDENTS:  
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

Overview
Postgraduate studying international business is designed for those seeking to understand the additional complexity of international business compared to domestic business activities. The programs build specific knowledge and skills in international business relevant to global business needs, and also provide the opportunity to include studies in allied business disciplines and languages.

The courses included studies of global business operations, cross-cultural communication and negotiation, applied risk management, regional specialisations-topics which are highly relevant to international business in today's complex and competitive environment.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:

This course is designed for graduates who do not have an undergraduate degree in accountancy and wish to obtain a professional accountancy qualification.

Professional Recognition
Students completing the Master of Business (Professional Accounting) degree meet the academic requirements for Associate membership of CPA Australia and enrolment in the CPA program, and for enrolment in the Chartered Accountants Program of the Institute of Chartered Accountants in Australia.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree in an area other than Accounting with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Year offered: 2007
Admissions: Yes
CRICOS code: 059599K
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (per credit point): 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $15360
International Fees (per semester): 2007: $9,000 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Mr Andrew Paltridge
Discipline coordinator: Mr Paul Barnes
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
Postgraduate study in public relations is designed for practitioners to sharpen or further their skills, or those seeking a career change to this field. The major is designed as a systematic and comprehensive survey of the discipline of public relations. It provides an overview of the foundations of public relations theory and practice, problems and opportunities in communicating with the corporate audience, theories underpinning public opinion and mass media effects, mass media strategy and tactics, and a systematic exploration of the planning, management and evaluation of public relations campaigns.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Overview
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree in Accounting with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points). If your course offer includes the condition that you must study EFB101 Data Analysis for Business, then this unit is to be taken in addition to the normal course requirements.

More details...

Professional Recognition
Students will meet the educational requirements for Senior Associate membership of the Financial Services Institute of Australasia (FINSIA). Graduate may also meet the educational requirements for professional level membership of the FTA-CFTP (the Finance and Treasury Association Limited - Certified Finance and Treasury Professional) dependent on prior study and electives chosen.

Overview
This course is designed for people with no previous qualifications in finance who wish to change career direction or enhance their career options.

You will be introduced to managerial finance and economics, and move on to more advanced, practical studies in corporate finance, security analysis, portfolio management, trading and risk management. You will graduate with an understanding of the principles and practice of finance, and have substantial conceptual and applied finance knowledge, and be prepared for careers such as a financial adviser, investment banker, financial or equity analyst.

You will have access to a fully equipped Securities Dealing Room on campus, the first of its kind in Queensland. Live financial data, via the Bloomberg and Datastream networks, will allow you to experience the financial markets in real time, without the risks involved in real transactions.

The course also extends your knowledge if you are a graduate from a professional association such as the Securities Institute of Australia, CPA Australia or the Institute of Chartered Accountants in Australia.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field other than Finance, with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totaling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totaling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8) specified 12 credit point units, and have obtained approval by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent (in an area other than Accounting) with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points). If your course offer includes the condition that you must study EFB101 Data Analysis for Business, then this unit is to be taken in addition to the normal course requirements.

Course Structure

Part A - 48 credit points
AYN410 Business Law and Ethics
AYN416 Financial Accounting 1
EFN405 Managerial Economics
EFN406 Managerial Finance

Part B - 96 credit points
AYN411 Company Auditing
AYN412 Company Law
AYN414 Cost and Management Accounting
AYN417 Financial Accounting 2
AYN418 Financial Accounting 3
AYN438 Taxation Law and Practice
AYN443 Electronic Commerce Cycles
EFN419 Data Analysis

Part C - 48 credit points
48 Credit Points from either:
(1) Further advanced Accountancy Studies
(2) A 48 credit point minor from another Business stream
*Students unable to undertake EFN405 for the Professional Accounting major may enrol in GSN491 and GSN492. These two 6 credit point units combined are deemed equivalent to EFN405. Please note GSN491 and GSN492 are six week units (plus one exam week).

Potential Careers:
Accountant.

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Graduate Certificate in Business offers specialisations in the fields of accounting, applied finance, human resource management, integrated marketing communication, international business, marketing, philanthropy and nonprofit studies, public management and public relations.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

The following study areas have different undergraduate degree requirements (but still require a minimum GPA of 4.0):
* Accounting - requires an undergraduate degree with an appropriate major in Accountancy
* Applied Finance - requires an undergraduate degree or equivalent in an area other than Finance

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Special Entry
Applicants who have an undergraduate degree with a GPA below 4, or who do not have an undergraduate degree but have appropriate professional and employment experience, may be considered for special entry following the approval of the Subject Area Coordinator. Such applicants may be required to attend a selection interview and present a portfolio of work. Special entry without an undergraduate degree is not available for the Accounting major.

Course Design
Students are required to complete 4 units or 48 credit points.

Articulation
BS92 Master of Business (Research) - for students completing the Graduate Certificate in Business (Research).
BS16 Master of Business (Applied Finance) - for students completing the Graduate Certificate in Business (Applied Finance).

An approved Master of Business program - for students completing the Graduate Certificate in Business (Events Marketing and Management).
BS16 Master of Business (Forensic Accounting) - for students completing Graduate Certificate in Business (Accounting)
BS16 Master of Business (Human Resource Management) - for students completing the Graduate Certificate in Business (Human Resource Management).
BS16 Master of Business (Integrated Marketing Communications) or BS16 Master of Business (Marketing) or BS16 Master of Business (Public Relations) - for students completing the Graduate Certificate in Business (Integrated Marketing Communication).
BS16 Master of Business (International Business) for students completing the Graduate Certificate in Business (International Business).
BS16 Master of Business (Marketing) or BS16 Master of Business (Integrated Marketing Communications) or BS16 Master of Business (Public Relations) - for students completing the Graduate Certificate in Business (Marketing).
BS16 Master of Business (Philanthropy & Nonprofit Studies) - for students completing the Graduate Certificate in Business (Philanthropy & Nonprofit Studies).
BS16 Master of Business (Public Relations) or BS16 Master of Business (Integrated Marketing Communications) - for students completing the Graduate Certificate in Business (Public Relations).
BS16 Master of Business (Strategic Advertising) - for students completed the Graduate Certificate in Business.
Interdisciplinary

The interdisciplinary stream within the BS39 Graduate Certificate of Business is open to students who wish to construct their own program of study necessary to meet their own professional or personal needs. Hence there are no recommended units. Requests by students to undertake units from other Faculties will be assessed on a case by case basis, although to award a Graduate Certificate in “Business” it would be expected that at least 3 of the 4 units be taken from business studies.

Course Structure

Accounting

Students are required to complete 4 units (48 credit points) from the following:

- AYN412 Company Law
- AYN418 Financial Accounting 3

Business, subject to the approval of the School Research Coordinator.

Potential Careers:
University Diploma in Business (BS40)

Year offered: 2007
Admissions: Yes
CRICOS code: 025282A
Course duration (full-time): 2 semesters
International Fees (per semester): 2007:$7,250 per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Abbreviation
UnivDipBus

Entry Requirements - Academic
Successful completion of senior high school with the required grades. Students can find more detailed country specific entry requirements at the following web site: http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English Language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL 525 (paper), TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (NB Students should also check visa requirements).

Description
The University Diploma in Business, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Business. In this program, students study six first year faculty core units as well as two units of Communication which have been designed to support their other core units. Students who successfully complete these units earn full academic credit for eight units towards their degree. Graduates articulate to the second year of the Bachelor of Business. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) in seven units and a grade of 3 (Low Pass) in the remaining unit.

Progression
Requirements for progression to the second year of QUT Bachelor of Business:

i) fulfill the Diploma course requirements,
ii) a minimum Grade Point Average (GPA) of 4, and
iii) an IELTS score of 6.5 or its equivalent.

See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS56 Bachelor of Business entry.

Other Majors

Professional Recognition
Students completing the Bachelor of Business (Accountancy) degree with an extended major in Professional Accounting meet the academic requirements for Associate membership of CPA Australia and enrolment in the CPA program. Students completing the Bachelor of Business (Accountancy) degree with an extended major in Business Law and Tax will need to select the following elective units to meet the academic requirements for Associate membership of CPA Australia and enrolment in the CPA program and the academic requirements for enrolment in the Chartered Accountants Program of the Institute of Chartered Accountants in Australia (ICAA).

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries Australia (CSA). These programs are also accredited with the Tax Agents' Board of Queensland.

Please note that students with advanced standing (i.e. academic credit) may be required to undertake additional studies in order to meet professional body requirements. Students must also comply with CPA Australia and ICAA policy on conceded and terminal passes.

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.

2. Your primary major of six units will provide the overall direction for your future career path.
3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.

4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

#### Extended Major Units
Students are required to select four units from the following:

- AYB305 Company Law and Practice
- AYB312 Financial Institutions Law
- AYB323 Tax Planning
- AYB328 Taxation of Business Entities
- AYB337 Goods and Services Tax

From Semester 1, 2007, AYB320 Advanced Taxation Law has replaced AYB337 Goods and Services Tax, AYB323 Tax Planning and AYB328 Taxation of Business Entities. Students who have completed two of the three units are not eligible to enrol in AYB320 Advanced Taxation Law. Students who require further advice should consult the School of

**BS56 Course Notes**

See BS56 Course Notes entry for information about the course design and definitions.

**Carseldine campus**

At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

**Other Majors**

See also separate entries for the following majors in this course: Accountancy, Banking and Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing, and Public Relations.

**Professional Recognition**

Students completing the Bachelor of Business majoring in Advertising will meet the requirements for membership to the Advertising Federation of Australia, the Australian Association of National Advertisers, the Australian Direct Marketing Association and the Queensland Commercial Radio Association.

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries of Australia.

**Course Structure**

With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.

2. Your primary major of six units will provide the overall direction for your future career path.

3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.

4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Campus: Gardens Point and Carseldine

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus

At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

Other Majors

See also separate entries for the following majors in this course: Accountancy, Advertising, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing, and Public Relations.

Professional Recognition

Students completing the Bachelor of Business majoring in Banking and Finance meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirement for Professional Membership of the Chartered Secretaries Australia (CSA).

Students completing the Bachelor of Business with a major in Banking and Finance will meet the academic requirements for Associate Membership of the Financial Services Institute of Australasia (FINSIA).

The banking and finance major is partially compliant under ASIC’s PS146 training requirements, which allows graduates to give financial product advice to retail clients. For more information, please refer to ASIC’s PS146 document and PS146 register.

Students completing the Bachelor of Business (Banking and Finance) with a double major in Accountancy, with appropriate elective choices and unit substitution, may meet the academic requirements of one or more of the following professional bodies: CPA Australia (Associate Membership and enrolment in the CPA program); The Institute of Chartered Accountants in Australia (ICAA) (enrolment in the Chartered Accountants Program); Financial Services Institute of Australasia (FINSIA).

Students completing the Bachelor of Business (Banking and Finance) with a double major in Economics meet the academic requirements for Associate Membership of the Financial Services Institute of Australasia (FINSIA). Ordinary Membership of the Economics Society of Australia only requires that students have an interest in the area of Economics. For students to meet the academic requirements for Professional Membership of the Economics Society of Australia (QLD), requires that students have held an Ordinary Membership of the Economics Society of Australia (QLD), requires that students have held an Ordinary Membership of the Economics Society of Australia for one year and have completed a Bachelor of Business majoring in Economics.

These courses have been designed to maximise student's ability to meet professional requirements, however students may be required to undertake further units with professional bodies. Please note that students with advanced standing (ie. academic credit) may be required to undertake additional studies in order to meet professional body requirements.

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing, and Public Relations.

Professional Recognition
Students completing the Bachelor of Business (Electronic Business) with a double major in Accountancy may meet the academic requirements of CPA Australia and the Institute of Chartered Accountants in Australia by undertaking specified QUT units (normally four) as general electives in the course program.

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries of Australia.

For further information and specific course structures for professional recognition, please contact the School of Accountancy on 07 3864 5292 or email accenq@qut.edu.au (Note that students with advanced standing (ie academic credit) may be required to undertake additional studies in order to meet professional body requirements. Students must also comply with CPA Australia and ICAA policy on conceded and terminal passes).

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.

2. Your primary major of six units will provide the overall direction for your future career path.

3. Your second area of study of six units will hone your career decision.*
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.

4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

*The Electronic Business major can only be studied in combination with another business major (ie there are no extended majors in Electronic Business and this major can not be taken with a business or interfaculty specialisation).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC
offer on the basis of demonstrated special circumstances. Find out more on deferment.

Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Mr Andrew Paltridge
Discipline coordinator: Dr Paul Barnes
Campus: Gardens Point and Carseldine

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Banking and Finance, Economics, Electronic Business, International Business, Management, Marketing, and Public Relations.

Professional Recognition
Students completing the Bachelor of Business majoring in Human Resource Management meet the academic requirements for membership of the Australian Human Resources Institute, the Australian Institute of Management and the Australian Institute of Training and Development. In addition, students undertaking both units MGB331 Training and Development and MGB325 Advanced Practice in Training and Development may be eligible for the National Units of Competency Certificate.

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries of Australia.

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.

2. Your primary major of six units will provide the overall direction for your future career path.

3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.

4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Full-Time Extended Major in Human Resource Management

Year 1, Semester 1
BSB115 Management, People and Organisations
BSB119 International and Electronic Business

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Banking and Finance, Economics, Electronic Business, Human Resource Management, Management, Marketing, and Public Relations.

Professional Recognition
Students completing the Bachelor of Business majoring in International Business may meet the requirements of the Australian Institute of Export.

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries of Australia.

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.
2. Your primary major of six units will provide the overall direction for your future career path.
3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.
4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Languages Option
The course structure for both full-time and part-time International Business students varies depending on whether languages are selected as an option. Alternative course structures are included: one outlines the course structure if no languages are taken, the other outlines the structure for those who wish to undertake a language specialisation. If languages are taken as a specialisation, language units should commence in the first semester of the first year to maintain continuity from earlier pre-QUT language studies. All language units must normally be taken in the same language. International students must take a language that is not their native tongue.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.
Find out more on deferment.

Domestic Entry: February and July
International Entry: February, July and November* (*conditions apply) (International students can only study at Gardens Point)

Past rank cut-off: Gardens Point campus: 75; Dfee: 70. Carseldine campus: 68; Dfee: 68. Caboolture campus: 68; Dfee: 68
Past OP cut-off: Gardens Point campus: 12; Dfee: 14. Carseldine campus: 15; Dfee: 15. Caboolture campus: 15; Dfee: 15

OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Mr Andrew Paltridge
Discipline coordinator: Dr Paul Barnes
Campus: Gardens Point, Carseldine and Caboolture

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS58 Bachelor of Business entry.

Other Majors

Professional Recognition
Students completing the Bachelor of Business majoring in Management meet the requirements for membership of the Australian Institute of Management.

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries of Australia.

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.
2. Your primary major of six units will provide the overall direction for your future career path.
3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.
4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Campus: Gardens Point and Carseldine

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Carseldine campus
At the completion of this first year, students will transfer to Gardens Point campus to complete their business degree. Management and Marketing can instead choose to apply to change to Caboolture.

For further information about the first-year program, see BS56 Bachelor of Business Carseldine First Year entry. For information on Caboolture, see BS56 Bachelor of Business entry.

Other Majors

Professional Recognition
Students completing the Bachelor of Business majoring in Public Relations meet requirements for membership to the Public Relations Institute of Australia.

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries of Australia.

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.
2. Your primary major of six units will provide the overall direction for your future career path.
3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.
4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

- AMB360 Corporate Communication Management
- AMB361 Public Relations Campaigns
(C) SPECIALISATIONS

Students should note that not all specialisations will be timetabled in every year or semester. Hence, it is important that you confirm that the specialisation in which you are interested is offered. Students are also able to undertake an Interfaculty Specialisations (IFS) with the approval of the Director of Undergraduate Studies. Full details are available from the Faculty of Business Student Enquiries Counter, level 4, Z Block, Gardens Point or on (07) 3864 2050 or via bus@qut.edu.au

- Business Law and Tax (BLS) for Business students without an Accountancy Major.

- Financial Economics (FES) for Business students without an Economics or Banking & Finance Major.

- Integrated Marketing Communication (IMS) for Business students with any major.

- Language (LGS) for Business students with any major. Students may study French, German, Indonesian or Japanese, or also seek approval to undertake a different language at another tertiary institution. Students undertaking a language specialisation must complete a minimum of four language units, plus either; two additional language units; or IBB205 Cross Cultural Communication & Negotiation, and one other International Business unit, provided pre-requisite requirements are met.

Special Requirements

A full-time student may only enrol in units selected from those contained in the normal course program for semesters 1 and 2 in the first year of study unless in exceptional circumstances, and with the approval of the Executive Dean of Business. Similarly, a part-time student may only select units from those listed for years 1 and 2 in the first two years of study.

A student must enrol for more than one unit in any semester, unless they have the approval of the Executive Dean. Copies of the Undergraduate Guidelines outlining the faculty rules and procedures are available from the Faculty of Business Student Enquiries Counter at Gardens Point in Z407, or Carseldine in C301.

Definitions

Double Major: a second major core (six units) chosen from (B) above. Six units must be completed for a double major. When a unit is common to both majors, or a unit that is incompatible has already been completed an alternative double major option unit must be substituted. Approval for the substitute unit should be sought from the Major Coordinator.

Extended Major: an additional group of six specified units in the same discipline area as the primary major core. A list of possible extended majors are provided with the respective primary major structures.

Specialisation: a coherent group of six specified units in a discipline area. Specialisations for business students may be chosen from a number of areas (refer to C above). Six units must be completed for a specialisation. When a unit is common to the major and specialisation, or when a unit that is incompatible has already been completed an alternative specialisation option unit must be substituted. Approval for the substitute unit should be sought from the Major Coordinator.

Elective: a unit of 12 credit points chosen from any degree course at QUT including approved degree level study tours. Electives may also be taken at other recognised universities if the student obtains written approval from the Course Coordinator and the Head of School.

Prescribed unit: a 12 credit point unit (HHB116 Applied Skills and Scholarship) that all students commencing at Carseldine campus must undertake to develop their generic study and learning competencies.
Bachelor of Business (Management or Marketing) (BS58)

Year offered: 2007
Admissions: Yes
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12,480; CSP $7,027
Domestic Entry: February and July

Campus: Caboolture

Discontinuation
From Semester 2, 2007 this course has been recoded to BS56 Bachelor of Business. Therefore, there will be no further intake into this course. However, students who are currently enrolled are able to remain enrolled until the completion of their degree. Students currently enrolled in this course may elect to transfer to the BS56 Bachelor of Business to complete their course. Students who elect to transfer to the new course will be required to undertake a double major and complete a maximum of 4 elective units. From Semester 1, 2012, all students will be enrolled in the new program.

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations.

1. Eight Faculty core units give you a broad-based introduction to business principles.
2. Your primary major of six units will provide the overall direction for your future career path. Business majors available at Caboolture are management and marketing.
3. Your second area of study comprises four units. You can choose a four unit minor in management, marketing, or, exclusive to the Caboolture campus, small business management.
4. Six elective units can be chosen from any degree course at QUT.

This course is offered on a full-time and part-time basis. Part-time students should note that there will be no evening classes offered.

Professional Recognition
Students completing the Bachelor of Business majoring in Management meet the requirements for membership of the Australian Institute of Management.

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australasia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries of Australia.

Students completing the Bachelor of Business majoring in Marketing may meet the requirements for membership of Australian Marketing Institute, the Market Research Society of Australia, the Australian Institute of Management and the American Marketing Association.

Students will also meet the academic requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australasia (CSA). On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirements for professional membership of the Chartered Secretaries of Australia.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Bachelor of Business (Honours) (BS63)

Year offered: 2007
Admissions: Yes
CRICOS code: 009038B
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $12,480; CSP $7,114
International Fees (per semester): 2007: $8,500 per semester (subject to annual review)
Domestic Entry: February; July* (*not Accountancy, Economics or Banking & Finance)
International Entry: February; July* (subject to unit availability)
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Professor Per Davidsson, Director of Research
Discipline coordinator: Professor Gerry Gallery (Accountancy and Electronic Business); Dr Judy Drennan (Advertising, International Business, Marketing & Public Relations); Prof Stan Hurn (Economics and Banking & Finance) and Dr Kerry Unsworth (Management and Human Resource Management)
Campus: Gardens Point

Overview

If applicants have shown high achievement in an undergraduate degree, the Honours program allows advanced studies in a chosen field. The capacity to conduct rigorous independent research will develop, and the advanced coursework integrates conceptual and practical knowledge within a discipline. Applicants can study within the fields of Accountancy, Advertising, Banking & Finance, Economics, Human Resource Management, International Business, Management, Marketing, Public Relations. The Faculty will provide students with up to $600 for approved research related expenses associated with the preparation of a thesis under the Faculty's Postgraduate Research Student Support Scheme. Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

Entry requirements

A Bachelor of Business from QUT that includes a major in the area of intended Honours level study or a qualification deemed equivalent. Students must have achieved a grade-point average (GPA) of 5.5 or better on a 7-point scale in the three years of undergraduate study or other qualifications and experience which is considered by the Dean of Faculty to qualify for admission. Students would normally apply for admission to Honours at the end of the final year of their pass degree, or within 18 months of completing the pass degree.

In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0;
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Requirements

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described below for their area of Honours study.

Prerequisite requirements for the following units are deemed to have been satisfied upon admission to this course. Where elective units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

Course Structure

Accountancy

| Students must complete four prescribed units (48 credit points) and a dissertation (48 credit points). |
| Three Compulsory Core Units: |
| BSN502 Research Methodology |
| BSN503 Research Seminar |
| AYN433 Research Topics in Accounting |
| OR other postgraduate unit approved by course coordinator |
| Plus one of the following Accountancy units: |
| AYN413 Enterprise Systems Governance and Audit |
| AYN424 International Accounting |
| AYN454 Forensic Accounting and Investigation |
| AYN505 Dissecting Financial Statements |
| BSN005 Introduction to Academic Research |
| BSN412 Qualitative Research and Analytical Techniques |
| BSN506 Econometric Methods |
| Or other postgraduate unit approved by course coordinator |
| Plus |
| BSN501-2 Dissertation |
| BSN501-4 Dissertation |
| BSN501-3 Dissertation |
| BSN501-1 Dissertation |

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Advertising

| Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points). |
| Select two units from the following Compulsory Core units: |

---

QUT HANDBOOK 2007 · Page 320
AMN403  Marketing and Survey Research
BSN502  Research Methodology
BSN503  Research Seminar
BSN412  Qualitative Research and Analytical Techniques

Plus choose two Elective units:
The elective units may be selected from any 12 credit point postgraduate unit offered by the School of Advertising, Marketing and Public Relations, in the specialisation area (Advertising), subject to the approval of the Subject Area Coordinator.

Plus

BSN501-1  Dissertation
BSN501-2  Dissertation
BSN501-3  Dissertation
BSN501-4  Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Banking and Finance

Students must complete three prescribed units (36 credit points), one elective (12 credit points), and a dissertation (48 credit points).

One Compulsory Core Unit:

BSN506  Econometric Methods

Plus two Banking and Finance Units:

EFN504  Finance Honours
EFN505  Financial Risk Management

Plus choose one Elective unit:
The elective unit may be taken from any postgraduate unit offered by the School of Accountancy or School of Economics and Finance subject to the approval of the Course Coordinator or Head of School

Plus

BSN501-1  Dissertation
BSN501-2  Dissertation
BSN501-3  Dissertation
BSN501-4  Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Economics

Students must complete three prescribed units (36 credit points), one elective (12 credit points), and a dissertation (48 credit points).

One Compulsory Core Unit:

BSN506  Econometric Methods

Plus two Economics Units:

EFN500  Contemporary Macroeconomic Theory
EFN502  Developments in Microeconomic Theories

Plus one Elective unit:
The elective unit may be taken from any postgraduate unit offered by the School of Accountancy or School of Economics and Finance, subject to the approval of the Subject Area Coordinator or Head of School

Plus

BSN501  Dissertation
BSN501-2  Dissertation
BSN501-3  Dissertation
BSN501-4  Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Human Resource Management

Students must complete four units (48 credit points) and a dissertation (48 credit points).

Two Compulsory Core Units:

BSN502  Research Methodology
BSN503  Research Seminar

Plus two of the following units:

MGN506  Contemporary Issues in HRM
MGN508  HRM Cases

Elective unit

The elective unit may be undertaken from any 12 credit point postgraduate unit offered in the School of Management or other postgraduate unit, with the approval of the subject area coordinator.

Plus

BSN501-1  Dissertation
BSN501-2  Dissertation
BSN501-3  Dissertation
BSN501-4  Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

International Business

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points).

Two Compulsory Core Units:

BSN502  Research Methodology
BSN503  Research Seminar

Plus two Elective units:
The elective units may be taken from any 12 credit point postgraduate unit offered by the School of International Business, in the specialisation area (International Business), subject to the approval of the Subject Area Coordinator

Plus

BSN501-1  Dissertation
BSN501-2  Dissertation
BSN501-3  Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Management

Students must complete four prescribed units (48 credit points) and a dissertation (48 credit points)

Two Compulsory Core Units:

BSN502 Research Methodology
BSN503 Research Seminar

Plus two of the following units:

MGN501 Readings in Management
MGN507 Contemporary Issues in Management

Elective unit

The elective unit may be undertaken from any 12 credit point postgraduate unit offered in the School of Management or other postgraduate unit, with the approval of the subject area coordinator.

Marketing

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points).

Select two of the following Compulsory Core units:

AMN403 Marketing and Survey Research
BSN502 Research Methodology
BSN503 Research Seminar
BSN412 Qualitative Research and Analytical Techniques

Plus two Elective units:

The elective units may be taken from any 12 credit point postgraduate unit offered by the School of Marketing, Advertising and Public Relations, in the specialisation area (Public Relations), subject to the approval of the Subject Area Coordinator

Public Relations

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points).

Select two of the following Compulsory Core units:

AMN403 Marketing and Survey Research
BSN502 Research Methodology
BSN503 Research Seminar
BSN412 Qualitative Research and Analytical Techniques

Plus two Elective units:

The elective units may be taken from any 12 credit point postgraduate unit offered by the School of Marketing, Advertising and Public Relations, in the specialisation area (Public Relations), subject to the approval of the Subject Area Coordinator

Potential Careers:

Master of Business (Research) (BS92)

Year offered: 2007
Admissions: Yes
CRICOS code: 054092M
Course duration (full-time): 3 semesters or 2 semesters
Course duration (part-time): 6 semesters or 4 semesters
Domestic fees (per credit point): RTS/RTA: 2007 $130 per credit point (exceeded max entitlements) (subject to annual review)
Domestic fees (indicative): 2007 $12480
International Fees (per semester): 2007: $9,000 per semester (subject to annual review)
Domestic Entry: at any time
International Entry: at any time
Total credit points: 144 (without an Honours degree) or 96 (with an Honours degree and exemption for the coursework component)
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Professor Kerry Brown, Director of Research
Discipline coordinator: Professor Natalie Gallery (Accountancy); Dr Judy Drennan (Advertising, International Business, Marketing & Public Relations); Associate Professor Rodney Wolf (Economics and Banking & Finance); Dr Lisa Bradley (Human Resource Management and Management); and Prof Per Davidsson (Entrepreneurship & Innovation)
Campus: Gardens Point

Entry Requirements
If applicants have an Honours degree, (at level 2B or better) it must be relevant to the chosen discipline for the Master of Business (Research); or if applicants are entering from a pass degree, their undergraduate degree must include a major in an approved area, plus a grade point average of 5.5 or more on a 7 point scale; or applicants can present a case based on evidence of qualifications that demonstrates the applicants capacity to pursue the course of study.

In addition to assessing qualifications, the Faculty must also be satisfied that adequate supervision and resources are available to support the applicants proposed research.

Research Proposal - the application for admission to the Master of Business (Research) must include details of the proposed research project.

In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Overview
Students can pursue advanced studies within their discipline. Students will develop their capacity to conduct rigorous independent research, as well as undertaking advanced coursework that integrates conceptual and practical issues within their discipline.

Students can study within the following school areas: accountancy, advertising, banking and finance, economics, entrepreneurship and innovation, human resource management, international business, management, marketing and public relations.

The Faculty will provide students with up to $1000 under the Faculties Postgraduate Research Student Support Scheme for approved research-related expenses associated with the preparation of the thesis (including up to $750 for fieldwork activities and conference attendance). Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

Course Design
For entry without an Honours degree, students must complete four approved coursework units (48 credit points) and a dissertation (96 credit points) as per the programs of study prescribed below.

For entry with an Honours degree students must complete a dissertation (96 credit points).

Course Structure

Accountancy

Students must complete two prescribed units (24 credit points), two elective units (24 credit points), and a thesis (96 credit points) as follows:

Two Compulsory Core units:
- AYN433 Research Topics in Accounting
- BSN507 Research Methods

Plus two Elective units:
These elective units may be taken from any approved 12 credit point postgraduate unit offered by the School of Accountancy or other postgraduate unit, subject to approval of the Subject Area Coordinator.

Plus:
- BSN600-1 Thesis
- BSN600-2 Thesis
- BSN600-3 Thesis
- BSN600-4 Thesis
- BSN600-5 Thesis
- BSN600-6 Thesis
- BSN600-7 Thesis
- BSN600-8 Thesis

Advertising

Students must complete two prescribed units (24 credit points), two elective units (24 credit points), and a thesis (96 credit points) as follows:

Select two Compulsory Core units:
- AMN403 Marketing and Survey Research

Campus: Gardens Point

Overview
The innovative structure and content of QUT's MBA is unique in Australia, and gives students a distinct career advantage by offering a broader range of core and elective units. QUT offers 6 credit point units delivered in 7 week modules, giving students the flexibility to commence study at any one of six different entry points each year.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: www.bgsb.qut.com/prostudents/admissioninfo/entryrequire/index.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a further 42 credit points of elective units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Explanatory Note
Courses GS40, GS75 and GS85 are identical in content.

Course code GS40 is used for all domestic students.
Course code GS75 is used for international students undertaking full-time study in the Traditional mode of Semester 1 and 2 with a vacation over Summer (BGSB teaching periods 6 and 1).
Course code GS85 is used for international students undertaking full-time study in the Fast Track mode in each 6 week BGSB teaching period. The normal course duration is reduced by having no vacation periods other than official breaks (approx. 1 week) between each teaching period.

Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24

Course coordinator: Dr Lyndal Drennan, MBA Director; email: mbadirector@qut.edu.au
Campus: Gardens Point

Overview
The Graduate Certificate in Business Administration allows professionals to update their skills in selected core business discipline areas.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: www.bgsb.qut.com/prosstudents/admissioninfo/entryrequire/index.jsp

Course Design
Students must complete a minimum of 6 units (36 credit points) from the MBA core and no more than 12 credit points of elective units.

BSGB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Students who successfully complete the Graduate Certificate in Business Administration program with a GPA of 4.5 or above (on a 7 point scale) may enrol in the Master of Business Administration (MBA).

Explanatory Notes
Courses GS42 and GS87 are identical in content.

Course code GS42 is used for all domestic students.

Course code GS87 is used for international students.

Course structure

Students have two options within this program:

Option 1:
Select a minimum of 6 units from the following MBA core units plus no more than 12 credit points of any postgraduate business unit approved by the MBA Director:

GSN401 Managing in the Global Business Environment
GSN403 Understanding Data
GSN404 Financial Statements Analysis
GSN405 Strategic Management
GSN406 Human Resource Management Issues
GSN407 Business Communication
GSN408 Fundamentals of Marketing Management
GSN409 Organisational Behaviour 1
GSN410 Entrepreneurship
GSN412 Business Law 1
GSN413 Financial Management 1
GSN415 Understanding Leadership
GSN460 Creative Problem Solving
GSN491 Economics in Business 1

Option 2:
Select a major (48 credit points) from one of the following study areas:

Corporate Governance:
Required Units:

GSN401 Managing in the Global Business Environment
GSN404 Financial Statements Analysis

Master of Business Administration (Major) (GS48)

Year offered: 2007
Admissions: Yes
CRICOS code: 043117J
Course duration (full-time): 4 semesters
Course duration (part-time): 8 semesters. Alternatively, the course may be undertaken part-time over a period of up to 6 years.
Domestic fees (per credit point): 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $20160
International Fees (per semester): 2003: AUD$10000; 2004: AUD$10000 (subject to annual review)
Domestic Entry: 6 entry points per year
Total credit points: 192
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Lyndal Drennan, MBA Director. Email: bgsbeng@qut.edu.au
Campus: Gardens Point

Overview
In response to demand by students for even greater depth in a particular area, the BGSB now offers majors in Accounting, Economics, Entrepreneurship, Finance, Information Technology Management, Public Management and Research Studies. By undertaking a major, students extend their MBA study by 48 credit points and gain greater knowledge in their chosen area. In effect, they are gaining a strong specialisation as well as a general management degree.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a major of 60 credit points in a particular study area, plus a further 30 credit points of electives which may be either 6 or 12 credit point units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Explanatory Note
Courses GS48, GS76 and GS97 are identical in content.

Course code GS48 is used for all domestic students.

Course code GS76 is used for international students undertaking full-time study in the Traditional mode of Semester 1 and 2 with a vacation over Summer (BGSB teaching periods 6 and 1).

Course code GS97 is used for international students undertaking full-time study in the Fast Track mode in each 6 week BGSB teaching period. The normal course duration is reduced by having no vacation periods other than official breaks (approx. 1 week) between each teaching period.

Course structure

The following 15 core units must be completed:

- GSN401 Managing in the Global Business Environment
- GSN403 Understanding Data
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN406 Human Resource Management Issues
- GSN407 Business Communication
- GSN408 Fundamentals of Marketing Management
- GSN409 Organisational Behaviour 1
- GSN410 Entrepreneurship
- GSN412 Business Law 1
- GSN413 Financial Management 1
- GSN415 Understanding Leadership
- GSN460 Creative Problem Solving
- GSN490 Managing Technological Innovation
- GSN491 Economics in Business 1

Plus the following two integrative core units:

- GSN416 Business Plans 1
- GSN473 Corporate Governance and Accountability

Plus 90 credit points of which students are required to undertake a major (60 credit points) in one of the study areas below and 30 credit points of elective units. Students may attain concentrations (36 credit points) or minors (24 credit points) in the following areas through careful choice of elective units:

- Accounting
- Arts & Cultural Management (for continuing students only)
- Business Communication
- Corporate Governance
- Economics
- Entrepreneurship
- Finance
- Health Services Management
- Human Resource Management
- International Business
- Information Technology Management
- Leadership
### MAJORS

#### Accounting

**Core Units:**
- GSN404 Financial Statements Analysis

**Required Units:**
- GSN427 Financial Planning and Control

**Elective units:**
- Choose 48 credit points from the following elective units:
  - AYN412 Company Law
  - AYN414 Cost and Management Accounting
  - AYN416 Financial Accounting 1
  - AYN417 Financial Accounting 2
  - AYN418 Financial Accounting 3
  - AYN424 International Accounting
  - AYN443 Electronic Commerce Cycles

#### Economics

**Core Units:**
- GSN491 Economics in Business 1
- GSN492 Economics in Business 2

**Required Units:**
- GSN423 Financial Management 2

**Elective units:**
- Choose 48 credit points from the following elective units:
  - BSN506 Econometric Methods
  - EFN410 Economic and Financial Modelling
  - EFN500 Contemporary Macroeconomic Theory
  - EFN502 Developments in Microeconomic Theories

Students undertaking EFN500 and EFN502 would need to have completed the equivalent of a second year undergraduate degree at a recognised University. This would involve completing intermediate undergraduate macro and micro economics at the very least.

#### Entrepreneurship

**Core Units:**
- GSN410 Entrepreneurship
- GSN416 Business Plans 1
- GSN460 Creative Problem Solving

**Required Units:**
- GSN420 New Venture Strategy
- GSN426 Business Plans 2
- GSN429 New Venture Marketing
- GSN430 New Venture Funding

**Elective units:**
- Choose 18 credit points from the following elective units:
  - GSN427 Financial Planning and Control
  - GSN431 New Venture Growth and Transitions
  - GSN432 New Venture Leadership and HRM
  - GSN434 Venture Capital
  - GSN479 Spreadsheet Modelling for Managers
  - GSN494 Innovating for Business Competitiveness

#### Finance

**Core Units:**
- GSN413 Financial Management 1
- GSN491 Economics in Business 1

**Required Units:**
- GSN423 Financial Management 2

**Elective units:**
- Choose 42 credit points from the following elective units:
  - GSN430 New Venture Funding
  - GSN434 Venture Capital
  - GSN479 Spreadsheet Modelling for Managers
  - GSN492 Economics in Business 2
  - EFN401 Advanced Financial Institutions Management
  - EFN412 Advanced Managerial Finance
  - EFN414 International Finance
  - EFN415 Security Analysis
  - EFN416 Treasury and Portfolio Management
  - EFN506 Advanced International Finance

#### Information Technology Management

**Core Units:**
- GSN490 Managing Technological Innovation

**Elective units:**
- Choose 54 credit points from the following elective units:
  - GSN447 Strategic Internet Marketing 1
  - ITN201 Enterprise Architecture
  - ITN220 Major Issues in Information Systems
  - ITN228 Enterprise Systems
  - ITN241 Information Technology Management
  - ITN255 Knowledge Management
  - ITN264 Information Systems Consulting
  - ITN266 Information Management
  - ITN272 Information Technology Project Management
ITN298  Process Engineering
ITN330  Information Issues and Values

**Public Management**

Required Units:
- MGN516  Policy Analysis
- MGN517  Program Evaluation
- MGN402  Government-Business Relations
- MGN426  International Trends in Public Management
- MGN410  Labour-Management Relations

**Research Studies**

Required Units:
- BSN501-1  Dissertation
- BSN501-2  Dissertation
- BSN501-3  Dissertation
- BSN501-4  Dissertation
- BSN502  Research Methodology
  Plus either
- AMN403  Marketing and Survey Research
  or
- BSN412  Qualitative Research and Analytical Techniques

**Elective Units:**

Students choose 24 credit points of elective units in chosen area of research (selected from required and elective units in the GS40 MBA concentration and minor list, or other units offered within the Faculty of Business and other Faculties at QUT, with the permission from the MBA Director)

**Potential Careers:**

Administrator, Manager.
Executive Master of Business Administration (GS50)

Year offered: 2007
Admissions: Yes
Course duration (full-time): 20 months (intensive mode) commencing December
Domestic fees (per credit point): 2007: $210 per credit point
Domestic fees (indicative): 2007: $20160
Domestic Entry: December
Total credit points: 144
Standard credit points per full-time semester: 48
Course coordinator: Dr Lyndal Drennan, MBA Director. Email: bgsbenq@qut.edu.au
Campus: Gardens Point

Entry Requirements
Applicants must meet English language proficiency requirements, have at least five (5) years relevant business experience and gain at least 15 points based on a range of criteria including prior work experience, academic achievement and management aptitude as indicated by GMAT or equivalent test score. For further information, including details regarding points allocation, please see the table at http://www.bgsb.qut.com/prosstudents/admissioninfo/entryrequire/index.jsp

In addition, admission is based on an interview and two references (one from a current employer).

Overview
The Executive MBA course is a tailored MBA course offered in an intensive, flexibly delivered format to a cohort of 'executive level' management. The course is designed to equip senior managers with the necessary knowledge, analytical ability and management skills to continue their career success and increase their mobility as a senior executive in Australia and internationally.

Course Design
Students are required to undertake 15 core units and 2 integrative core units of 6 credit points each and a further 42 credit points of elective units.

The intake for the EMBA is in December and the program runs for 22 months. Classes are scheduled once a month over a Friday to Sunday weekend session, with 20 hours of classes per weekend session each month of the program plus two residential sessions of 10-14 days in January of each year. The intensive block sessions allow the students to schedule some dedicated time to study with minimal interference to their business commitments.

One intensive sessions of 13-15 days is scheduled each January which includes an International Study Tour to China.

For more information about the EMBA, consult the BGSB website at http://www.bgsb.qut.edu.au/study/mba/mbacourses/executiv
Master of Business Administration (MBA) (GS75)

Year offered: 2007
Admissions: Yes
CRICOS code: 045502F
Course duration (full-time): 3 semesters (1.5 years. Study will not be undertaken during Summer Program)
Domestic fees (per credit point): international course (subject to annual review)
International Fees (per semester): 2007:$11,500 per semester (subject to annual review)
International Entry: 4 entry points per year
Total credit points: 144
Standard credit points per full-time semester: 48
Course coordinator: Dr Lyndal Drennan, MBA Director.
Email: bgsbeng@qut.edu.au
Campus: Gardens Point

Overview
The innovative structure and content of QUT's MBA is unique in Australia, and gives students a distinct career advantage by offering a broader range of core and elective units. QUT offers 6 credit point units delivered in 7 week modules, giving students the flexibility to commence study at any one of six different entry points each year.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: www.bgsb.qut.com/prosstudents/admissioninfo/entryrequire/index.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a further 42 credit points of elective units.

BSGB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Explanatory Note
Courses GS40, GS75 and GS85 are identical in content.

Course code GS40 is used for all domestic students.

Course code GS75 is used for international students undertaking full-time study in the Traditional mode of Semester 1 and 2 with a vacation over Summer (BSGB teaching periods 6 and 1).

Course code GS85 is used for international students undertaking full-time study in the Fast Track mode in each 6 week BSGB teaching period. The normal course duration is reduced by having no vacation periods other than official breaks (approx. 1 week) between each teaching period.

Master of Business Administration (Major) (GS76)

Year offered: 2007
Admissions: Yes
CRICOS code: 045503E
Course duration (full-time): 4 semesters (2 years. Study will not be undertaken during Summer Program)
Domestic fees (per credit point): international course (subject to annual review)
International Fees (per semester): 2007:$11,500 per semester (subject to annual review)
International Entry: 4 entry points per year
Total credit points: 192
Standard credit points per full-time semester: 48
Course coordinator: Dr Lyndal Drennan, MBA Director. Email: bgsbeng@qut.edu.au
Campus: Gardens Point

Overview
In response to demand by students for even greater depth in a particular area, the BGSB now offers majors in Accounting, Economics, Entrepreneurship, Finance, Information Technology Management, Public Management and Research Studies. By undertaking a major, students extend their MBA study by 48 credit points and gain greater knowledge in their chosen area. In effect, they are gaining a strong specialisation as well as a general management degree.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a major of 60 credit points in a particular study area, plus a further 30 credit points of electives which may be either 6 or 12 credit point units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Explanatory Note
Courses GS48, GS76 and GS97 are identical in content.

Course code GS48 is used for all domestic students.

Course code GS76 is used for international students undertaking full-time study in the Traditional mode of Semester 1 and 2 with a vacation over Summer (BGSB teaching periods 6 and 1).

Course code GS97 is used for international students undertaking full-time study in the Fast Track mode in each 6 week BGSB teaching period. The normal course duration is reduced by having no vacation periods other than official breaks (approx. 1 week) between each teaching period.

Course structure
- The following 15 core units must be completed:
  - GSN401 Managing in the Global Business Environment
  - GSN403 Understanding Data
  - GSN404 Financial Statements Analysis
  - GSN405 Strategic Management
  - GSN406 Human Resource Management Issues
  - GSN407 Business Communication
  - GSN408 Fundamentals of Marketing Management
  - GSN409 Organisational Behaviour 1
  - GSN410 Entrepreneurship
  - GSN412 Business Law 1
  - GSN413 Financial Management 1
  - GSN415 Understanding Leadership
  - GSN460 Creative Problem Solving
  - GSN490 Managing Technological Innovation
  - GSN491 Economics in Business 1

- Plus the following two Integrative core units:
  - GSN416 Business Plans 1
  - GSN473 Corporate Governance and Accountability

- Plus 90 credit points of which students are required to undertake a major (60 credit points) in one of the study areas below and 30 credit points of elective units. Students may attain concentrations (36 credit points) or minors (24 credit points) in the following areas through careful choice of elective units:
  - Accounting
  - Arts & Cultural Management (for continuing students only)
  - Business Communication
  - Corporate Governance
  - Economics
  - Entrepreneurship
  - Finance
  - Health Services Management
  - Human Resource Management
  - International Business
  - Information Technology Management
  - Leadership
  - Marketing
  - Philanthropy & Nonprofit Studies
  - Project Management
Public Management
Strategy
For a list of units to be undertaken for Concentrations and Minors refer to the GS40 Master of Business Administration course structure.

MAJORS

Accounting
Core Units:
GSN404 Financial Statements Analysis
GSN427 Financial Planning and Control

Required Units:
AYN412 Company Law
AYN414 Cost and Management Accounting
AYN416 Financial Accounting 1
AYN417 Financial Accounting 2
AYN418 Financial Accounting 3
AYN424 International Accounting
AYN443 Electronic Commerce Cycles

Elective units:
Choose 48 credit points from the following elective units:
AYN412 Company Law
AYN414 Cost and Management Accounting
AYN416 Financial Accounting 1
AYN417 Financial Accounting 2
AYN418 Financial Accounting 3
AYN424 International Accounting
AYN443 Electronic Commerce Cycles

Economics
Core Units:
GSN491 Economics in Business 1
GSN492 Economics in Business 2

Required Units:
BSN506 Econometric Methods
EFN410 Economic and Financial Modelling
EFN500 Contemporary Macroeconomic Theory
EFN502 Developments in Microeconomic Theories

Students undertaking EFN500 and EFN502 would need to have completed the equivalent of a second year undergraduate degree at a recognised University. This would involve completing intermediate undergraduate macro and micro economics at the very least.

Entrepreneurship
Core Units:
GSN410 Entrepreneurship
GSN416 Business Plans 1
GSN460 Creative Problem Solving

Required Units:
GSN420 New Venture Strategy
GSN426 Business Plans 2
GSN429 New Venture Marketing

Finance
Core Units:
GSN413 Financial Management 1
GSN491 Economics in Business 1

Required Units:
GSN423 Financial Management 2

Elective units:
Choose 42 credit points from the following elective units:
GSN430 New Venture Funding
GSN434 Venture Capital
GSN479 Spreadsheet Modelling for Managers
GSN492 Economics in Business 2
EFN401 Advanced Financial Institutions Management
EFN412 Advanced Managerial Finance
EFN414 International Finance
EFN415 Security Analysis
EFN416 Treasury and Portfolio Management
EFN506 Advanced International Finance

Information Technology Management
Core Units:
GSN490 Managing Technological Innovation

Elective units:
Choose 54 credit points from the following elective units:
GSN447 Strategic Internet Marketing 1
ITN201 Enterprise Architecture
ITN220 Major Issues in Information Systems
ITN228 Enterprise Systems
ITN241 Information Technology Management
ITN255 Knowledge Management
ITN264 Information Systems Consulting
ITN266 Information Management
ITN272 Information Technology Project Management
ITN298 Process Engineering
ITN330 Information Issues and Values

Public Management

GSN430 New Venture Funding

Elective units:
Choose 18 credit points from the following elective units:
GSN427 Financial Planning and Control
GSN431 New Venture Growth and Transitions
GSN432 New Venture Leadership and HRM
GSN434 Venture Capital
GSN479 Spreadsheet Modelling for Managers
GSN494 Innovating for Business Competitiveness
Required Units:
MGN516 Policy Analysis
MGN517 Program Evaluation
MGN402 Government-Business Relations
MGN426 International Trends in Public Management
MGN410 Labour-Management Relations

Research Studies
Required Units:
BSN501-1 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation
BSN502 Research Methodology
Plus either
AMN403 Marketing and Survey Research
or
BSN412 Qualitative Research and Analytical Techniques

Elective Units:
Students choose 24 credit points of elective units in chosen area of research (selected from required and elective units in the GS40 MBA concentration and minor list, or other units offered within the Faculty of Business and other Faculties at QUT, with the permission from the MBA Director)

Potential Careers:
Administrator, Manager.
Master of Business Administration (MBA) (GS85)

Year offered: 2007
Admissions: Yes
CRICOS code: 003468F

Course duration (full-time): 3 semesters (1 year. Study must be undertaken during Summer Program)

Domestic fees (per credit point): 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $20,160

International Fees (per semester): 2007: $11,500 per semester (subject to annual review)

International Entry: Six entry points per year

Total credit points: 144
Standard credit points per full-time semester: 48

Course coordinator: Dr Lyndal Drennan, MBA Director.
Email: bgsbeng@qut.edu.au

Campus: Gardens Point

Overview
The innovative structure and content of QUT’s MBA is unique in Australia, and gives students a distinct career advantage by offering a broader range of core and elective units. QUT offers 6 credit point units delivered in 7 week modules, giving students the flexibility to commence study at any one of six different entry points each year.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: www.bgsb.qut.com/prosstudents/admissioninfo/entryrequire/index.jsp

Course Design
Students must complete 15 core units and 2 integrative core units of 6 credit points each and a further 42 credit points of elective units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Explanatory Note
Courses GS40, GS75 and GS85 are identical in content.
Course code GS40 is used for all domestic students.
Course code GS75 is used for international students undertaking full-time study in the Traditional mode of Semester 1 and 2 with a vacation over Summer (BGSB teaching periods 6 and 1).

Course code GS85 is used for international students undertaking full-time study in the Fast Track mode in each 6 week BGSB teaching period. The normal course duration is reduced by having no vacation periods other than official breaks (approx. 1 week) between each teaching period.

Graduate Certificate in Business Administration (GS87)

Year offered: 2007
Admissions: Yes
CRICOS code: 031575D
Course duration (full-time): 1 semester
Domestic fees (per credit point): 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $20,160
International Fees (per semester): 2007: $11,500 per semester (subject to annual review)
International Entry: Six entry points per year.
Total credit points: 48
Standard credit points per full-time semester: 48
Course coordinator: Dr Lyndal Drennan, MBA
Director: Telephone (07) 3864 1419, Fax (07) 3864 1299, email: mbadirector@qut.edu.au
Campus: Gardens Point

Overview
The Graduate Certificate in Business Administration allows professionals to update their skills in selected core business discipline areas.

Entry Requirements
To be considered for admission, applicants must first:
- demonstrate proficiency in the English language; and
- have at least two years work experience

Then, points are awarded for the extent of prior work experience, prior academic results, and evidence of management aptitude. If an applicant is awarded 15 or more points from a minimum of two criteria, he/she will be offered admission. For further information, including details regarding the allocation of points, please see the table at: www.bgsb.qut.com/prosstudents/admissioninfo/entryrequire/index.jsp

Course Design
Students must complete a minimum of 6 units (36 credit points) from the MBA core and no more than 12 credit points of elective units.

BSGB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Students who successfully complete the Graduate Certificate in Business Administration program with a GPA of 4.5 or above (on a 7 point scale) may enrol in the Master of Business Administration (MBA).

Explanatory Notes
Courses GS42 and GS87 are identical in content.

Course code GS42 is used for all domestic students.

Course code GS87 is used for international students.

Course structure

Students have two options within this program:

Option 1:
Select a minimum of 6 units from the following MBA core units plus no more than 12 credit points of any postgraduate business unit approved by the MBA Director:

GSN401 Managing in the Global Business Environment
GSN403 Understanding Data
GSN404 Financial Statements Analysis
GSN405 Strategic Management
GSN406 Human Resource Management Issues
GSN407 Business Communication
GSN408 Fundamentals of Marketing Management
GSN409 Organisational Behaviour 1
GSN410 Entrepreneurship
GSN412 Business Law 1
GSN413 Financial Management 1
GSN415 Understanding Leadership
GSN460 Creative Problem Solving
GSN491 Economics in Business 1

Option 2:
Select a major (48 credit points) from one of the following study areas:

Corporate Governance:

Required Units:

GSN401 Managing in the Global Business Environment

Discipline coordinator: Dr Leo Bowman (Journalism); Dr Gayle Kerr (Advertising); Mr Simon Ridings (International Business); Ms Robina Xavier (Public Relations)
Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX36 Bachelor of Business/Bachelor of Journalism. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Overview
This four-and-a-half year professional course links Journalism with business studies in Advertising, International Business or Public Relations and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects and specialise in advertising, public relations, globalisation, international business development or global economics.

Career Outcomes
Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers. Journalism graduates are prepared for careers in both print and broadcast journalism, and opportunities also exist to become press secretaries and media officers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*International Business - Australian Institute of Export;
*Public Relations - Public Relations Institute of Australia.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
Students are required to complete 432 credit points, comprised of 240 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Journalism program.

For the Business component, students must complete the 96 credit point Faculty Core Units together with a 72 credit point Major and a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Deferral
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Business Units
Students should refer to the BS56 Course Notes entry for information on Business double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

Creative Industries Core Units

KKB007 Introduction to Multimedia Technology
KKB008 Narrative in the Creative Industries
KKB009 Writing for Creative Industries
KKB010 Cultures and Creativity
KKB018 Creative Industries
* KKB007 and KKB009 are recommended for first year students.
** KKB018 is not recommended for first year students until their second semester.

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change. Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

Potential Careers:
Advertising Professional, Marketing Officer/Manager, Media Industry Specialist, Public Relations Officer/Consultant, Publishing Professional.
University Diploma in Professional Communication (IF06)

Year offered: 2007
Admissions: Yes
CRICOS code: 039083D
Course duration (full-time): 2 semesters
International Fees (per semester): 2007:$7,500 per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Abbreviation
UnivDipProfComn

Entry Requirements - Academic
Successful completion of senior high school with the required grades. Students can find more country specific entry requirements at the following web site: http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL 525 (paper), TOEFL 193 (CBT) or equivalent, or successful completion of the EAP prgram. (N.B. Students should also check visa requirements).

Description
The University Diploma in Professional Communication, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Mass Communication and a range of Creative Industries degrees (see list below). In this program, students study six faculty units as well as two units of Communication which have been designed to support their other units. Student who successfully complete the University Diploma in Professional Communication earn full academic credit for eight units, and articulate to the second year of their chosen degree, except for Bachelor of Fine Art (Film and Television) for which one semester credit only is awarded. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) in at least seven units and a grade of 3 (Low Pass) in the remaining unit.

Progression
Requirements for a guaranteed place in the second year of the following QUT Bachelors degrees:

i) fulfill the University Diploma course requirements,
ii) an IELTS score of 6.5 or its equivalent,
iii) achieve a minimum Grade Point Average (GPA) as detailed below for the following course:

Grade Point Average of at least 4 for:
Bachelor of Mass Communication
Bachelor of Creative Industries (Interdisciplinary Studies)

Grade Point Average of at least 4.5 for:
Bachelor of Creative Industries (Media and Communication)
Bachelor of Creative Industries (Creative Writing)
Bachelor of Journalism

Grade Point Average of at least 5.0 for:
Bachelor of Creative Industries (Communication Design)
Bachelor for Fine Arts (Film and Television)*

*Please note that students articulating to Bachelor of Fine Arts (Film and Television) will only receive 1 semester of credit.

Total credit points: 432

Standard credit points per full-time semester: 48 (Years 1 & 2), 60 (Years 3 & 4)
Course coordinator: Associate Professor Adrian Thomas (Creative Industries); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr Gayle Kerr (Advertising); Mr Simon Ridings (International Business); Ms Robina Xavier (Public Relations); Dr Jason Sternberg (Media & Communication)
Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX34 Bachelor of Business/Bachelor of Creative Industries. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

OP Guarantee
The OP Guarantee does not apply to this course.

Overview
Units in media and communication provide both practical skills and contextual understanding of the rapidly growing media and communication industries, preparing graduates for employment in these sectors as they are transformed by digital media development, globalisation and convergence. Students can select business units in either advertising, international business or public relations with areas covered including advertising, public relations, globalisation, international business development and the world economy.

For further information see the Bachelor of Creative Industries (Media and Communication) course entry and the Bachelor of Business (Advertising, International Business or Public Relations) course entry in the Business and Tourism section.

Career Outcomes
Media and Communication graduates work as media and communication officers for private sector, government and non-government organisations as well as media researchers and policy developers. Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. The international business major equips graduates for careers with companies engaged in international trade, multinational companies, and financial institutions dealing with international marketing and investments. Public relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*International Business - Australian Institute of Export;
*Public Relations - Public Relations Institute of Australia.

Course Design
Students are required to complete 432 credit points comprised of 192 credit points for the Bachelor of Creative Industries component, and 240 credit points for the Bachelor of Business component.

For the Creative Industries (Media and Communication) component, students must complete two (2) Creative Industries Faculty Core units (24 credit points) plus ten (10) Media and Communication Discipline units (120 credit points) plus four (4) Electives (48 credit points).

For the Business component, students much complete the 96 credit point Faculty Core Units together with a 72 credit point Major and a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Deferment
QUT’s deferment policy does not apply to this course.

- KCB103 Strategic Speech Communication

#### Year 2, Semester 2
- AMB262 Public Relations Writing
- Business Double Major / Extended Major / Specialisation Unit
- KCB104 Media and Communications Industries

### Business Units

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units. The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both AMB201 and MGB220 will be required to undertake an approved substitute unit to satisfy course requirements.
**KKB018 is not recommended for first year students until their second semester.**

### List of Languages

#### French

1. Students without Year 12 Language qualifications in French should undertake the following unit sequence:

- HHB061 French 1
- HHB062 French 2
- HHB063 French 3
- HHB064 French 4
- HHB065 French 5
- HHB066 French 6

2. Students with Year 12 Language qualifications or equivalent in French should undertake the following unit sequence:

- HHB063 French 3
- HHB064 French 4
- HHB065 French 5
- HHB066 French 6
- HHB067 French 7
- HHB068 French 8

#### Indonesian

1. Students without Year 12 Language qualifications in Indonesian should undertake the following unit sequence:

- HHB071 Indonesian 1
- HHB072 Indonesian 2
- HHB073 Indonesian 3
- HHB074 Indonesian 4
- HHB075 Indonesian 5
- HHB076 Indonesian 6

2. Students with Year 12 Language qualifications or equivalent in Indonesian should undertake the following unit sequence:

- HHB073 Indonesian 3
- HHB074 Indonesian 4
- HHB075 Indonesian 5
- HHB076 Indonesian 6
- HHB077 Indonesian 7
- HHB078 Indonesian 8

---

**KKB007 and KKB009 are recommended for first year students.**
JAPANESE

1. Students without Year 12 Language qualifications in Japanese should undertake the following unit sequence:

HBB081 Japanese 1
HBB082 Japanese 2
HBB083 Japanese 3
HBB084 Japanese 4
HBB085 Japanese 5
HBB086 Japanese 6

2. Students with Year 12 Language qualifications or equivalent in Japanese should undertake the following unit sequence:

HBB083 Japanese 3
HBB084 Japanese 4
HBB085 Japanese 5
HBB086 Japanese 6
HBB087 Japanese 7
HBB088 Japanese 8

GERMAN

1. Students without Year 12 Language qualifications in German should undertake the following unit sequence:

HBB091 German 1
HBB092 German 2
HBB093 German 3
HBB094 German 4
HBB095 German 5
HBB096 German 6

2. Students with Year 12 Language qualifications or equivalent in German should undertake the following unit sequence:

HBB093 German 3
HBB094 German 4
HBB095 German 5
HBB096 German 6
HBB097 German 7
HBB098 German 8

Potential Careers:
Bachelor of Mass Communication (IF27)

Year offered: 2007
Admissions: Yes
CRICOS code: 037542J
Course duration (full-time): 3 Years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15,360; CSP $6,107
International Fees (per semester): 2007: $8,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 409012; Dfee: 409016
Past rank cut-off: 75. Dfee places were not offered last year.
Past OP cut-off: 12. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Domestic credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Head, Undergraduate Studies (ugenq.ci@qut.edu.au)
Discipline coordinator: Dr Jason Sternberg (Media & Communication); Ms Jeanette McGown (Television); Dr Leo Bowman (Journalism); Dr Gayle Kerr (Advertising); Ms Robina Xavier (Public Relations)
Campus: Gardens Point and Kelvin Grove

General
This professional course is a joint offering by the Faculties of Business and Creative Industries, designed to capitalise on the dynamic area of mass media studies and the communication challenges faced by organisations in the digital age.

Students can participate in a flexible program design that includes areas of study from both Faculties, providing grounding in areas such as international journalism, television, media and communication, advertising and public relations. The combined expertise of these Faculties gives students a unique opportunity to foster their skills in creative, technical and business communication.

Degree Structure
Students commencing the Bachelor of Mass Communication must complete 24 units of equal weighting totalling 288 credit points comprised of
a. Faculty Core (six faculty core units)
b. Major Core (two majors of six units each) and
c. Electives (six units).

Although studies can be tailored to meet a specific career goal or create a wide variety of career choices, there is a set of recommended combinations of majors. Students are not required to take these combinations, however they do represent the more common and logical choices within a mass communication qualification.

The recommended combinations are:
- Public Relations and International Journalism
- Public Relations and Media and Communication
- Advertising and Television
- International Journalism and Media and Communication.

Career Opportunities
Graduates may obtain employment in a wide variety of public and private sector organisations. Potential employment opportunities include careers as public relations consultants, media planners, copywriters, corporate communication managers, specialist journalists, media production specialists, media advisors and event managers.

Professional Recognition
Graduates of the Bachelor of Mass Communication (depending on their choice of majors) may satisfy the academic requirements for membership of the Advertising Institute of Australia and the Society of Business Communicators.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

General Course structure

FACULTY CORE UNITS - 6 units required

KKB018 Creative Industries
KKB007 Introduction to Multimedia Technology
KKB009 Writing for Creative Industries
BSB126 Marketing
AMB201 Marketing and Audience Research

EITHER

AMB220 Advertising Theory and Practice

OR

AMB260 Public Relations Theory and Practice

* Students intending to take the Television sub-major are required to take KWB102 Media Writing in place of KKB009 Writing for the Creative Industries.

MAJOR CORE UNITS - 12 units required - Select two of the following 6 units majors

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

**NOTES:**

* Only one Workplace Learning unit may be completed.

*KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.*

**Potential Careers:**

Advertising Professional, Creative Writer, Government Officer, Guidance Officer, Information Officer, International Business Specialist, Internet Professional, Journalist, Marketing Officer/Manager, Media Industry Specialist, Organisational Communication Specialist, Policy Officer, Public Relations Officer/Consultant, Public Servant, Publishing Professional, Web Designer.
Bachelor of Engineering (Electrical)/Bachelor of Business (IF28)

Year offered: 2007
Admissions: Yes
CRICOS code: 027278C
Course duration (full-time): 5 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $20,160; CSP $6,889
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February

Past rank cut-off: 80. Dfee places were not offered last year.
Past OP cut-off: 10. Dfee places were not offered last year.
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 480
Standard credit points per full-time semester: 48 (average)

Course coordinator: Dr R. Mahalinga-Iyer (Engineering); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr Ed Palmer (Engineering); Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).

Campus: Gardens Point

Recommended Study
Chemistry, Maths C and Physics are recommended.

Career Outcomes
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

Overview
Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one or more of accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership of: CPA Australia; Institute of Chartered Accountants in Australia; Chartered Secretaries Australia; Advertising Federation of Australia; Australian Association of National Advertisers; Australian Direct Marketing Association; Queensland Commercial Radio Association; Financial Services Institute of Australasia (FINSIA); Economics Society of Australia; Australian Human Resources Institute; Australian Institute of Management; Australian Institute of Training and Development; Australian Institute of Export; Australian Institute of Management; Australian Marketing Institute; Marketing Research Society of Australia; Australian Institute of Management; American Marketing Association and Public Relations Institute of Australia.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment approved by the course coordinator, before graduating.

Course Design
Students are required to complete 480 credit points comprised of 252 credit points from the Bachelor of Engineering (Electrical & Computer Engineering) program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 84* credit point Faculty Core units in the Bachelor of Business program together with a 72 credit point Major in one of the following: Accountancy, Advertising, Banking & Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing or Public Relations, as well as a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.edu.au
Faculty of Business Phone +61 7 3864 2050, Fax +61 7 3864 1537, email bus@qut.edu.au

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX28 Bachelor of Business/Bachelor of Engineering. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.
For course structure information on the new course, please refer to the new course.

### Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

#### Business Units

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.
### Year 5, Semester 1

**EEB889-1 Project**
- Electrical and Computer Engineering elective unit
- Business Double Major / Extended Major / Specialisation Unit
- Business Double Major / Extended Major / Specialisation Unit
- Business Double Major / Extended Major / Specialisation Unit

### Year 5, Semester 2

**EEB889-2 Project**
- Electrical and Computer Engineering elective unit
- Business Double Major / Extended Major / Specialisation Unit
- Business Double Major / Extended Major / Specialisation Unit
- Business Double Major / Extended Major / Specialisation Unit

### Business Units

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

### Course structure - Electronic Business

**Note:** The Electronic Business Major must be undertaken with another Business major.

EEB889-1 Project
Electrical and Computer Engineering elective unit

Year 5, Semester 2

BSB110 Accounting
Business Double Major / Extended Major / Specialisation Unit

EEB889-2 Project
Electrical and Computer Engineering elective unit

Business Units

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

Potential Careers:
Bachelor of Arts/Bachelor of Business (Accountancy, Banking and Finance, Economics or Marketing) (IF30)

**Year offered:** 2007  
**Admissions:** No  
**CRICOS code:** 037539D  
**Course duration (full-time):** 4.5 years (9 semesters)  
**Domestic fees (per credit point):** Commonwealth Supported Place; Full fee tuition 2007: $130 per credit point *(subject to annual review)*  
**Domestic fees (indicative):** 2007: $12,480  
**International Fees (per semester):** 2007: $8,000 per semester *(subject to annual review)*  
**Domestic Entry:** February  
**International Entry:** February and July  
**QTAC code:** This course is no longer offered - see IX38 B Arts/B Business  
**Past rank cut-off:** 72  
**Past OP cut-off:** 13  
**OP Guarantee:** Yes  
**Assumed knowledge:** English (4, SA) and Maths A, B or C (4, SA)  
**Preparatory studies:** MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education Course, Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
**Total credit points:** 432 (192 cp in Arts and 240 cp in Business)  
**Standard credit points per full-time semester:** 48  
**Course coordinator:** Dr Iraphne Childs (Humanities and Human Services); Mr Andrew Paltridge (Business)  
**Discipline coordinator:** Ms Ros Kent (Accountancy); Mr Bill Proud (Marketing); Dr Adam Clements (Banking & Finance) and Dr Radhika Lahiri (Economics)  
**Campus:** Gardens Point and Carseldine

**Discontinuation**

Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX38 Bachelor of Arts/Bachelor of Business. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

**Other Majors**

See also the separate entry for the following majors in this course: Bachelor of Arts/Bachelor of Business (Advertising, Electronic Business, Human Resource Management, International Business, Management, or Public Relations).

**Career Outcomes**

- Humanities graduates find employment in areas such as government, diplomacy, higher education and public service.
- Graduates of the Bachelor of Business (Accountancy) can expect to find employment in public practice, industry and commerce or government. In public practice the main areas of specialisation are auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services. In industry and commerce, accountancy graduates are employed in management positions.
- Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity.
- Graduates with Economics training are highly sought after. They are employed as economists and in a wide variety of related professional areas.
- Graduates of the Marketing major find employment in industry and government in roles including marketing and research, sales management and product development and management. They are also employed as marketing managers and consultants in the national and international business environments.

**Professional Recognition**

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.*

*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).*

*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).*

*Economics: Economic Society of Australia (Queensland Division).*

**Course Design**

Students are required to complete 432 credit points comprised of 192 credit points from the Bachelor of Arts program and 240 credit points from the Bachelor of Business program.

**BA Course Requirements - Commencing Students**

BA Course Requirements (Years 1-4)  
Students are required to complete:  
* One Multidisciplinary Professional Major (1 core unit + 6 units in the major)  
It is suggested that they complete the Core Units Program consisting of the following:  
* Two core units in first semester (from a selection of core introductory and core skills units)  
(Note: one of the core introductory units will sit within the chosen Interdisciplinary Professional Major.)*  
* Year 2: research methods unit. Students are advised to take at least two of these units.*
BA Course Requirements - Commencing Students (cont.)

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may wish to:
- develop a Minor (48 credit points) in one of the interdisciplinary professional areas
- develop a Minor (48 credit points) in a disciplinary study sequence or in another QUT course
- take a series of elective units.

Students wishing to complete a full discipline studies sequence (6 units) will need to amend their core units program.

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Multidisciplinary Professional Majors
For details, refer to the Bachelor of Arts Degree (HH01).

Discipline Majors
For details, refer to the Bachelor of Arts Degree (HH01).

Minor Sequences
For details, refer to the Co-Majors entry in the Bachelor of Arts (HH01) entry as any of these are available to be taken as Minors.

Key Terms - BA

* Multidisciplinary Professional Major - one of five interdisciplinary study sequences in the BA degree (International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies, Australian Studies), consisting of one core unit plus six further units from the appropriate list (making a total of 84 credit points). Students must complete at least one of these to fulfill the requirements of the degree. NB - a unit may not be counted in more than one multidisciplinary professional major, discipline major or minor.
* Discipline Major - a set of six units (72 credit points) in a given discipline (Geography, History, Languages, Social Science). In Languages, this consists of six sequenced units in one Language. In other disciplines the six units must include one introductory unit to the discipline.
* Minor Study Sequence - a study sequence of any four units (48 credit points) in a given subject area. NB - a unit may not be counted in more than one minor.
* Elective Units - units selected by students to fit into their study program.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios,auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au.

### CORE PROGRAM - BA Students

This core program for the degree consists of the following selection of units:

**First Year Core: Core Units for Professional Majors**

| HHB110 | Introduction To International And Global Studies |
| HHB111 | Issues In International And Global Studies |
| HHB105 | Exploring Change |
| HHB104 | Understanding Society: Intro To Sociology |
| HHB114 | Introduction To Human Rights And Ethics |
| HHB115 | Human Identity And Change |
| HHB102 | The Human Condition |
| HHB103 | Contemporary Social And Community Issues |
| HHB106 | Australian Society And Culture |
| HHB112 | Australian Politics |

**Second Year Core: Research Methods**

| HHB224 | Qualitative Research Methods |
| HHB232 | Survey Methods |
| HHB121 | Interpreting The Past |
| HHB312 | Geographical Research Design |

**Potential Careers:**
Account Executive, Accountant, Actuary, Administrator, Banker, Banking and Finance Professional, Certified Practicing Accountant, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Investment Manager, Manager, Marketing Officer/Manager, Policy Officer, Property Economist, Public Servant, Risk Manager, Social Scientist, Sociologist, Stockbroker, Translator.

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.
Bachelor of Arts/Bachelor of Business (Advertising, Electronic Business, Human Resource Management, International Business, Management or Public Relations) (IF30)

Year offered: 2007
Admissions: No
CRICOS code: 037539D
Course duration (full-time): 4.5 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$12480
International Fees (per semester): 2007:$8,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: This course is no longer offered - see IX38 B Arts/B Business
Past rank cut-off: 72
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432 (192 cp in Arts and 240 cp in Business)
Standard credit points per full-time semester: 48
Course coordinator: Dr Iraphne Childs (Humanities and Human Services); Mr Andrew Patridge (Business)
Discipline coordinator: Dr Gayle Kerr (Advertising); Ms Sherrena Buckby (Electronic Business); Dr Amanda Gudmundsson (Human Resource Management); Mr Simon Ridings (International Business); Prof Robert Waldersee (Management); Ms Robina Xavier (Public Relations)
Campus: Gardens Point and Carseldine

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX38 Bachelor of Arts/Bachelor of Business. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Other Majors
See also the separate entry for the following majors in this course: Bachelor of Arts/Bachelor of Business (Accountancy, Banking and Finance, Economics, or Marketing).

Career Outcomes
- Humanities graduates find employment in areas such as government, diplomacy, higher education and public service.
- Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers.
- Electronic Business graduates enjoy a range of opportunities in public, private and non-profit sectors of business across all industries, including working as an electronic business consultant, web site planner, electronic business development manager, e-commerce sales executive or electronic business application developer.
- Graduates of the Human Resource Management major can expect to find employment in the public and private sectors in all areas of human resource management including recruitment, training and development, international staffing, industrial relations, pay systems and strategic human resources planning.
- The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments, and public sector careers in foreign economic relations.
- Management graduates may also find employment in commercial and industrial firms, banks, insurance companies, federal, state and local government agencies, small business and in management consultancies.
- Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Advertising - Advertising Federation of Australia, the Australian Association of National Advertisers; the Australian Direct Marketing Association and the Queensland Commercial Radio Association;
* Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
* International Business - Australian Institute of Export;
* Management - Australian Institute of Management;
* Public Relations - Public Relations Institute of Australia.

Course Design
Students are required to complete 432 credit points comprised of 192 credit points for the Bachelor of Arts component, and 240 credit points for the Bachelor of Business component.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. - MGB309 Strategic Management

---

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.
The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking Marketing or Public Relations as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

Course structure - International Business (with a language specialisation)

Students undertake one language area only and may study French, German, Indonesian or Japanese, or seek approval to undertake a different language at another tertiary institution. Mandarin is offered only as intensive 24 credit point unit in Summer school mode, followed by in-country experience.

Students undertaking a language specialisation must complete a minimum of four language units, plus IBB205 Cross-Cultural Communication and Negotiation and an International Business Unit or two additional language units. The School of Humanities and Human Services offers language units at QUT.

Year 1, Semester 1
BSB119 International and Electronic Business Language 1

BSB111 Business Law and Ethics
BSB113 Economics
BSB114 Government, Business and Society
Business Double Major / Extended Major / Specialisation Unit

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

Potential Careers:

CORE PROGRAM - BA Students

This core program for the degree consists of the following selection of units:

First Year Core: Core Units for Professional Majors
INTERNATIONAL AND GLOBAL STUDIES
HHB110 Introduction To International And Global Studies
HHB111 Issues In International And Global Studies
SOCIETY AND CHANGE
HHB105 Exploring Change
HHB104 Understanding Society: Intro To Sociology
ETHICS AND HUMAN RIGHTS
HHB114 Introduction To Human Rights And Ethics
COMMUNITY STUDIES
HHB115 Human Identity And Change
AUSTRALIAN STUDIES
HHB102 The Human Condition
HHB103 Contemporary Social And Community Issues
HBB106 Australian Society And Culture
HBB112 Australian Politics

First Year Core: Skills Units
HHB116 Applied Skills And Scholarship
HHB117 Introduction To Social Research Methods

Second Year Core: Research Methods
HBB224 Qualitative Research Methods
HBB232 Survey Methods
HBB121 Interpreting The Past
HBB312 Geographical Research Design
Bachelor of Business/Bachelor of Laws (IF41)

Year offered: 2007
Admissions: Yes
CRICOS code: 006386F
Course duration (full-time): 5 Years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $12,480; CSP $7,604
International Fees (per semester): 2007: $9,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July* (*Subject to availability)
QTAC code: 419222; Dfee: 419266
Past rank cut-off: 90; Dfee: 85
Past OP cut-off: 6; Dfee: 8
Assumed knowledge: English (4, SA) and Mathematics A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 60
Course coordinator: Mr Andrew Pattridge (Business); Director, Undergraduate Programs (Law)
Discipline coordinator: Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

OP Guarantee
The OP Guarantee does not apply to this program.

Career Outcomes
The Bachelor of Laws component of this double degree covers the areas of law required for the purposes of admission to practise as a Solicitor or Barrister in all Australian states and territories. Graduates of the Bachelor of Business may find employment as Accountants, Advertising Professionals, Banking and Finance Consultants, Economists, Human Resource Managers, International Business Specialists, Managers, Marketing Officers, Public Relations Officers.

Professional Recognition
The Bachelor of Laws degree satisfies the academic requirements for admission to practise as a Solicitor or Barrister in Queensland.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Economics: Economic Society of Australia (Queensland Division).

Law Elective Units
For information on the availability of law elective units, please refer to the relevant section in the Bachelor of Laws course entry in the Faculty of Law section.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Potential Careers:**
Doctor of Philosophy (Business) (IF49)

Year offered: 2007
Admissions: Yes
CRICOS code: 006365M
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (per credit point): RTS/RTA; 2007 $130 per credit point (exceeded max. entitlement) (subject to annual review)
Domestic fees (indicative): 2007: $12,480 (exceeded max. entitlements)
International Fees (per semester): 2007: $10,000 per semester (subject to annual review)
International Entry: At any time
Course coordinator: Professor Kerry Brown, Director of Research
Discipline coordinator: Accountancy - Prof Natalie Gallery; Advertising - Dr Judy Drennan; Economics and Finance - Prof Stan Hurn; Marketing - Dr Judy Drennan; Management - Prof Mark Griffin; International Business - Mr Simon Ridings; Public Relations - Dr Judy Drennan
Campus: Gardens Point

Entry requirements
The applicant's admission to the PhD program will depend on their academic aptitude, and the availability of supervision, infrastructure and resources needed for their course of study. Applicants would normally hold: a Bachelors degree with at least 2A Honours (or equivalent) or a Master degree by research or a Master degree by coursework that included substantial research or have satisfactorily completed a PhD qualifying program in their chosen area of study.

In addition, international students must meet English language proficiency requirements.

Location and Duration
The PhD normally requires a minimum of three years of full-time study or its part-time equivalent. Study is normally undertaken at the Gardens Point campus but the University may approve study at an off-campus location (multi-modal study). Although QUT offers this flexibility, there will still be minimum attendance requirements and the University must be satisfied that adequate supervision and resources are available at the external location.

Overview
The PhD offers students the opportunity to demonstrate their erudition in a broad field of learning and to make an original and substantial contribution to knowledge in that field. The Faculty will provide students with up to $4000 for approved research related expenses associated with the preparation of their thesis (including up to $2500 for fieldwork activities and conference attendance). Their School may also provide the student with additional funding assistance and/or opportunities for paid research assistant or tutoring work.

Course Structure
Candidates will be assessed on a program of supervised research and investigation that culminates in production of their thesis. The program normally includes assessed coursework that supports conduct of their research and preparation of their thesis. Candidates should have regular, face-to-face contact with their supervisor and participate in University scholarly activities such as research seminars, teaching and publication. The length of the thesis will vary according to the topic, but should normally be no longer than 100,000 words (excluding the bibliography).

Further information
Faculty of Business Research and Support Office:
Phone +61 7 3864 1320
Fax +61 7 3864 5250
e-mail: bus.research@qut.edu.au.

Potential Careers:
Academic, Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Corporate Secretary, Diplomat, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Higher Education Worker, Human Resource Manager, Information Officer, International Business Specialist, Investment Manager, Manager, Marketing Officer/Manager, Organisational Communication Specialist, Policy Officer, Risk Manager, Translator.
Bachelor of Mathematics/Bachelor of Business (Accountancy, Banking and Finance or Economics) (FOR CONTINUING STUDENTS ONLY) (IF60)

Year offered: 2007
Admissions: No
CRICOS code: 027274G
Course duration (full-time): 4 Years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$20160
International Fees (per semester): 2007:$9,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 419212; Dfee: 419216
Past rank cut-off: 80. Dfee places were not offered last year.
Past OP cut-off: 10. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (Average)
Course coordinator: Prof Erhan Kozan (Mathematics); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr John Sweeting (Accountancy); Dr Adam Clements (Banking & Finance) and Dr Radhika Lahiri (Economics)
Campus: Gardens Point

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX37 Bachelor of Business/Bachelor of Mathematics. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Career Opportunities
Test Graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Graduates of the Accountancy major can expect to find employment in auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services.

Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity.

Graduates with Economics training are highly sought after. They are employed as economists and in a wide variety of related professional areas to provide strategic analysis and policy advice.

Professional Recognition
Graduates will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia and, depending on unit selection, the Australian Society of Operations Research. Depending on the choice of major, extended major or specialisation graduates may be eligible for membership of the Economic Society of Australia (Queensland Division), Australian Institute of Management, Financial Services Institute of Australasia (FINSIA), Chartered Secretaries Australia, CPA Australia and the Institute of Chartered Accountants in Australia (ICAA).

Course Design
The course offers the opportunity to combine Mathematics with a business course majoring in Accountancy, Banking and Finance or Economics, which can be combined with an extended major in the same field, or with a double major from any of the Bachelor of Business majors, including Electronic Business.

Mathematics Scholarships
Students enrolled in this course can apply for industry sponsored scholarships. Mathematics equity scholarships are also awarded on the basis of socioeconomic disadvantage.

Course Combinations
Recommended combinations for the Business component are:
Accountancy: Extended major in Professional Accounting Banking & Finance: Extended major in Banking, Financial Economics or Funds Management; or double major in Economics Economics: Extended major in Financial Economics or double major in Banking & Finance.

*Please note that EFB101 Data Analysis for Business which is normally undertaken in the majors of Accountancy, Banking and Finance & Economics, is not required as the content will be covered in the statistics units from the mathematics component of the program.

Students also note that enrolment in the unit EFB326 Applied Portfolio Management is restricted to students undertaking the Financial Economics specialisation (FES)
and the following extended majors: Banking (BFX); Financial Economics (FEX); and Funds Management (FDX).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

Business Double Major/Extended Major/Specialisation

Business Units

NOTE: Students must select BSB119 International & Electronic Business to replace one of the Mathematics Electives.
Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units

Extended Major in Banking

AYB225 Management Accounting
AYB312 Financial Institutions Law
EFB310 Financial Institutions - Control
EFB311 Financial Institutions - Lending
Plus two units from the Banking Extended Major Options listed below:

EFB200 Applied Regression Analysis
EFB308 Finance 3
EFB309 Financial Derivatives
EFB318 Portfolio and Security Analysis
EFB326 Applied Portfolio Management

Extended Major in Financial Economics (for Banking & Finance Major)

EFB200 Applied Regression Analysis
EFB202 Business Cycles and Economic Growth
EFB211 Firms, Markets and Resources
EFB325 Financial Microeconomics
Plus two units from the Financial Economics Extended Major Options list below

EFB308 Finance 3
EFB309 Financial Derivatives
EFB318 Portfolio and Security Analysis
EFB324 Macroeconomics and Global Financial Markets
EFB326 Applied Portfolio Management

Extended Major in Professional Accounting

AYB223 Law of Business Associations
AYB325 Taxation Law
EFB102 Economics 2
EFB210 Finance 1
AYB311 Financial Accounting Issues
AYB321 Strategic Management Accounting

Course structure - Mathematics Units

Level 2 units
MAB311 Advanced Calculus
MAB312 Linear Algebra
MAB313 Mathematics of Finance
MAB314 Statistical Modelling 2
MAB315 Operations Research 2
MAB413 Differential Equations
MAB414 Applied Statistics 2
MAB420 Computational Mathematics 2
MAB422 Mathematical Modelling
MAB480 Introduction to Scientific Computation
MAB481 Visualisation and Data Analysis

Level 3 units
MAB521 Applied Mathematics 3
MAB522 Computational Mathematics 3
MAB523 Introduction to Quality Management
MAB524 Statistical Inference
MAB525 Operations Research 3A
MAB526 Statistical Science 3
MAB613  Partial Differential Equations  
MAB621  Discrete Mathematics  
MAB623  Financial Mathematics  
MAB624  Applied Statistics 3  
MAB625  Operations Research 3B  
MAB640  Industry Project  
MAB672  Advanced Mathematical Modelling  
MAB681  Advanced Visualisation and Data Analysis  

**NOTES:**  
- MAB311 Advanced Calculus and MAB312 Linear Algebra are mandatory for students who commenced in 2004 onwards. They can be taken in a different semester 1 to that suggested in the programs above.  
- For students commencing in 2004 onwards, the units MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics do not contribute to the mandatory 48 credit points minimum from Level 3 Mathematics units. This does not apply for students who commenced prior to 2004.

**Potential Careers:**  
Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Computer Game Programmer, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Investment Manager, Market Research Manager, Mathematician, Quantitative Analyst, Risk Manager, Statistician, Stockbroker.
Bachelor of Applied Science/Bachelor of Business (FOR CONTINUING STUDENTS ONLY) (IF61)

Year offered: 2007
Admissions: No
CRICOS code: 042263G
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$20160
International Fees (per semester): 2007:$9,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419832; Dfee: 419836
Past rank cut-off: 80. Dfee places were not offered last year.
Past OP cut-off: 10. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (average)
Course coordinator: Dr Megan Hargreaves (Science); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr John Sweeting (Accountancy); Dr Gayle Kerr (Advertising); Ms Sherrena Buckby (Electronic Business); Dr Amanda Gudmundsson (Human Resource Management); Mr Simon Ridings (International Business); Prof Robert Waldorsee (Management); Mr Bill Proud (Marketing); Ms Robina Xavier (Public Relations); Dr Adam Clements (Banking & Finance) and Dr Radhika Lahiri (Economics); Science Discipline Coordinator details are listed under Contact Details below
Campus: Gardens Point

Course Structure - Accountancy

NOTE: These Business units are studied in conjunction with Science units each semester

Year 1, Semester 1
BSB110 Accounting
BSB113 Economics

Year 1, Semester 2
AYB121 Financial Accounting
BSB111 Business Law and Ethics
BSB122 Quantitative Analysis and Finance

Year 2, Semester 1
AYB220 Company Accounting

Year 2, Semester 2
AYB221 Computerised Accounting Systems

Business Double Major/Extended Major/Specialisation Unit

Year 3, Semester 1
AYB225 Management Accounting
BSB119 International and Electronic Business

Year 3, Semester 2
AYB221 Computerised Accounting Systems

Business Double Major/Extended Major/Specialisation Unit

Year 4, Semester 1
AYB301 Auditing

Business Double Major/Extended Major/Specialisation Unit

Year 4, Semester 2

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units

Course Structure - Advertising

NOTE: These Business units are studied in conjunction with Science units each semester

Year 1, Semester 1
BSB122 Quantitative Analysis and Finance
BSB126 Marketing

Year 1, Semester 2
AMB200 Consumer Behaviour
AMB220 Advertising Theory and Practice
BSB114 Government, Business and Society

Year 2, Semester 1
AMB222 Media Planning
BSB115 Management, People and Organisations
BSB119 International and Electronic Business

Year 2, Semester 2
AMB221 Advertising Copywriting

Business Double Major/Extended Major/
### Specialisation Unit

**Year 3, Semester 1**
- BSB113 Economics
- Business Double Major/Extended Major/Specialisation Unit

**Year 3, Semester 2**
- BSB110 Accounting
- BSB111 Business Law and Ethics
- Business Double Major/Extended Major/Specialisation Unit

**Year 4, Semester 1**
- AMB320 Advertising Management
  - Business Double Major/Extended Major/Specialisation Unit
- AMB321 Advertising Campaigns
  - Business Double Major/Extended Major/Specialisation Unit

**Year 4, Semester 2**
- Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units

### Course Structure - Economics

**Year 4, Semester 1**
- EFB312 International Finance
  - Business Double Major / Extended Major / Specialisation Unit

**Year 4, Semester 2**
- Business Double Major / Extended Major / Specialisation Unit
  - Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units

### Course Structure - Banking & Finance

**NOTE:** These Business units are studied in conjunction with Science units each semester

**Year 1, Semester 1**
- BSB113 Economics
- BSB122 Quantitative Analysis and Finance

**Year 2, Semester 1**
- BSB110 Accounting
- BSB126 Marketing
- EFB202 Business Cycles and Economic Growth

**Year 2, Semester 2**
- BSB119 International and Electronic Business
- EFB102 Economics 2

**Year 3, Semester 1**
- BSB114 Government, Business and Society
- EFB201 Financial Markets

**Year 3, Semester 2**
- EFB211 Firms, Markets and Resources
  - Business Double Major / Extended Major / Specialisation Unit

**Year 3, Semester 2**
- BSB115 Management, People and Organisations
- EFB314 International Trade and Economic Competitivenes
- EFB329 Contemporary Applications of Economics Theory
Year 4, Semester 1

### International Business Area Study Options:

Students must select one of the following pairs of area study units:

- IBB208 European Business Development
- IBB308 Contemporary Business in Europe
- OR
- IBB217 Asian Business Development
- IBB317 Contemporary Business in Asia

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.
Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking Marketing or Public Relations as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 and AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

**Course Structure - Marketing**

**Year 4, Semester 2**

**AMB341** Strategic Marketing

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 and AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

**Course Structure - Public Relations**

**Year 4, Semester 2**

**AMB360** Corporate Communication Management
Business Double Major / Extended Major / Specialisation

Year 4, Semester 2

AMB361 Public Relations Campaigns

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 and AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

### Potential Careers:
Graduate Certificate in Risk Management (IF88)

Year offered: 2007
Admissions: Yes
Course duration (external): 2 semesters
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007:$130 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$12480
Domestic Entry: February
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Thomas Tenkate
Campus: Kelvin Grove

Overview
This course equips graduates with problem solving and information management skills that will enable them to apply their specialist background knowledge in the field of risk management. It is designed to draw on real issues that face professionals yet to not limit their ability to a single setting.

Entry requirements
Students should have a degree or equivalent in an appropriate discipline from a recognised tertiary institution.

Special entry can be considered if a student has experience and responsibility in risk management. Because the course is academically demanding and high standards of performance are expected, you would need either an extensive background in the discipline or other suitable tertiary qualifications.

Students with relevant postgraduate studies may apply for credit transfer or recognition of prior learning/experience within the rules of the University.

Course Structure
Students complete four specified units part-time over two semesters. This course is offered by external study only.

Course Articulation
This course fully articulates into the Master of Health Science.

International Student Entry
This course is not available to international students.

Further information
For more information about this course, please call the School of Public Health Student Centre on 07 3864 5878 or email sph.studentcentre@qut.com

Graduate Certificate in Advertising (IF94)

Year offered: 2007
Admissions: Yes
CRICOS code: 048325E
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $12,480
International Fees (per semester): 2007: $8,500 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Terry Flew (Creative Industries); Mr Andrew Paltridge (Business)
Campus: Gardens Point and Kelvin Grove

Overview
The Graduate Certificate in Advertising is designed to introduce learners to key facets of the advertising industry and to give them insights into the two major areas of specialisation: Creative Advertising and Strategic Advertising.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale).

Applicants for IX96 Master of Advertising (Creative Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4.5, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4.5 or above in the Graduate Certificate.

Applicants for BS16 Master of Business (Strategic Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4 or above in the Graduate Certificate.

Special Entry Requirements
Applicants who have an undergraduate degree with a GPA below 4, or who do not have a degree or formal qualifications, but have extensive work experience in the advertising industry may be eligible for special entry. Such applicants may be required to attend a selection interview and present a portfolio of work.

Past rank cut-off: 80
Past OP cut-off: 10
OP Guarantee: Yes
Assumed knowledge: English (4,SA) and Maths A, B or C (4,SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education Course, Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (average)
Course coordinator: Mr Andrew Paltridge (Business), Dr Mal Shield (Education)
Discipline coordinator: Ms Ros Kent (Accountancy); Dr Radhika Lahiri (Economics)
Campus: Gardens Point and Kelvin Grove

Discontinuation
This course has been been discontinued. Currently enrolled students who wish to remain in, and graduate from the existing program will be permitted to do so.

Potential Careers:
Accountant, Actuary, Adult/Workplace Educator, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Community Worker, Corporate Secretary, Economist, Educator, Exchange Student, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Higher Education Worker, Home Economist, Investment Manager, Manager, Public Servant, Risk Manager, Secondary School Teacher, Stockbroker, TAFE Teacher, Teacher, Youth Worker.
Bachelor of Business / Bachelor of Engineering (IX28)

Year offered: 2007
Admissions: Yes
Course duration (full-time): 5 years
Past rank cut-off: 78; Dfee: 73
Past OP cut-off: 11; Dfee: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: Mathematics Bridging; English: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Dr R. Mahalinga-Iyer (Engineering); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr Ed Palmer (Engineering); Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

Recommended Study
Chemistry, Maths C and Physics are recommended.

Career Outcomes
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

Overview
Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one or more of accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing or public relations.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership of: CPA Australia; Institute of Chartered Accountants in Australia; Chartered Secretaries Australia; Advertising Federation of Australia; Australian Association of National Advertisers; Australian Direct Marketing Association; Queensland Commercial Radio Association; Financial Services Institute of Australasia (FINSIA); Economics Society of Australia; Australian Human Resources Institute; Australian Institute of Management; Australian Institute of Training and Development; Australian Institute of Export; Australian Institute of Management; Australian Marketing Institute; Marketing Research Society of Australia; Australian Institute of Management; American Marketing Association and Public Relations Institute of Australia.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment approved by the course coordinator, before graduating.

Course Design
Students are required to complete 480 credit points comprised of 252 credit points from the Bachelor of Engineering (Electrical & Computer Engineering) program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 84* credit point Faculty Core units in the Bachelor of Business program together with a 72 credit point Major in one of the following: Accountancy, Advertising, Banking & Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing or Public Relations, as well as a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Further Information
Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.edu.au
Faculty of Business Phone +61 7 3864 2050, Fax +61 7 3864 1537, email bus@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic Entry: February
International Entry: February
QTAC code: 419832; Dfee: 419836
Past rank cut-off: 75; Dfee: 70
Past OP cut-off: 12; Dfee: 14
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Dr Megan Hargreaves (Science); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

Career Opportunities

By combining your science studies with the Bachelor of Business you will develop the entrepreneurial skills necessary to sell your abilities to a range of employers. As a graduate of the Bachelor of Applied Science/Bachelor of Business, you will be able to work at the cutting edge of scientific innovation within a range of public, private and non-profit industries. As well as the range of science-based careers available, you could expect to gain employment as a consultant, marketer, or project manager within firms developing and taking scientific research to the marketplace.

Course Design

The Bachelor of Applied Science allows multi-disciplinary programs of study to help position you within the broad range of science disciplines and qualify you as a competent professional within your chosen field. You can specialise in one of the major areas of study available in the Bachelor of Applied Science course (Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Forensic Science, Geoscience, Microbiology or Physics). See the Bachelor of Applied Science (SC01) course for more details.

To allow you to complete the double degree in a shorter period of time, your co-major will be taken from the business program therefore it is not possible to choose any of the co-majors listed under the Bachelor of Applied Science course.

You can specialise in one or more of the following business majors: Accountancy, Advertising, Banking and Finance, Economics, Electronic Business, Human Resource Management, International Business, Management, Marketing or Public Relations.

Professional Recognition

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;

*Public Relations - Public Relations Institute of Australia.

Graduates will satisfy the requirements for membership of the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

### Course structure - Major in Chemistry

#### Year 1, Semester 1
- **MAB100** Mathematical Sciences 1A  
  - Either  
- **PCB140** Introductory Chemistry  
  - Or  
- **PCB142** Chemistry 1

#### Year 2, Semester 1
- **MAB101** Statistical Data Analysis 1  
- **PCB242** Chemistry 2

#### Year 2, Semester 2
- **LSB118** Life Science  
- **PCB101** Physical Science

#### Year 3, Semester 1
- **PCB334** Inorganic Chemistry  
- **PCB354** Structure and Mechanism in Organic Chemistry

#### Year 3, Semester 2
- **PCB405** Principles of Physical Chemistry  
- **PCB444** Spectroscopy

#### Year 4, Semester 1
- **PCB505** Advanced Physical Chemistry  
- **PCB554** Synthesis and Reactivity in Organic Chemistry

#### Year 4, Semester 2
- **PCB634** Organometallic and Coordination Chemistry  
  - Either  
- **PCB604** Project

### Course structure - Major in Ecology

#### Year 1, Semester 1
- **LSB118** Life Science  
- **NRB100** Environmental Science

#### Year 1, Semester 2
- **MAB101** Statistical Data Analysis 1  
- **NRB270** Animal and Plant Structure and Function

#### Year 2, Semester 1
- **NRB230** Planet Earth  
- **PCB101** Physical Science

#### Year 2, Semester 2
- **LSB238** Cell and Molecular Biology 1  
- **NRB240** History of Life on Earth

#### Year 3, Semester 1
- **NRB301** Earth Surface Systems  
- **NRB311** Population Ecology

#### Year 3, Semester 2
- **NRB410** Genetics and Evolution  
- **NRB412** Experimental Design

#### Year 4, Semester 1
- **NRB510** Population Genetics  
- **NRB511** Population Management

#### Year 4, Semester 2
- **NRB610** Ecological Applications  
- **NRB611** Conservation Biology

### Course structure - Major in Environmental Science

#### Year 1, Semester 1
- **LSB118** Life Science  
- **NRB100** Environmental Science

#### Year 1, Semester 2
- **MAB101** Statistical Data Analysis 1  
- **NRB270** Animal and Plant Structure and Function

#### Year 2, Semester 1
- **NRB230** Planet Earth  
- **PCB101** Physical Science

#### Year 2, Semester 2
- **NRB240** History of Life on Earth  
- **PCB142** Chemistry 1
### Year 3, Semester 1
- NRB301  Earth Surface Systems
- NRB311  Population Ecology

### Year 3, Semester 2
- NRB412  Experimental Design
- NRB440  Environmental Chemistry

### Year 4, Semester 1
- NRB500  Environmental Systems and Modelling
- NRB601  Field Mapping and Monitoring of Natural Resources

### Year 4, Semester 2
- NRB501  Spatial Analysis of Environmental Systems
- NRB600  Sustainable Environmental Management

#### Course structure - Major in Forensic Science

**Year 1, Semester 1**
- LSB118  Life Science
  - Either
    - PCB140  Introductory Chemistry
    - Or
    - PCB142  Chemistry 1

**Year 1, Semester 2**
- MAB101  Statistical Data Analysis 1
- PCB242  Chemistry 2

**Year 2, Semester 1**
- MAB100  Mathematical Sciences 1A
- PCB101  Physical Science

**Year 2, Semester 2**
- LSB238  Cell and Molecular Biology 1
- LSB258  Principles of Human Physiology

**Year 3, Semester 1**
- LSB468  Molecular Biology
- SCB384  Forensic Science

**Year 3, Semester 2**
- JSB979  Forensic Scientific Evidence
- PCB414  Industrial and Environmental Analytical Chemistry

**Year 4, Semester 1**
- PCB514  Instrumental Analysis
- PCB584  Forensic Examination of Physical Evidence

**Year 4, Semester 2**
- LSB684  Forensic DNA Profiling
- PCB684  Forensic Analysis and Toxicology

#### Course structure - Major in Geoscience

**Year 1, Semester 1**
- NRB100  Environmental Science
- NRB230  Planet Earth

**Year 1, Semester 2**
- MAB101  Statistical Data Analysis 1
- PCB142  Chemistry 1

**Year 2, Semester 1**
- MAB100  Mathematical Sciences 1A
- PCB101  Physical Science

**Year 2, Semester 2**
- LSB118  Life Science
- NRB240  History of Life on Earth

**Year 3, Semester 1**
- NRB301  Earth Surface Systems
- NRB333  Mineralogy

**Year 3, Semester 2**
- NRB412  Experimental Design
- NRB440  Environmental Chemistry

**Year 4, Semester 1**
- Two units selected from:
  - NRB534  Geophysics
  - NRB536  Petrology and Geochemistry
  - NRB601  Field Mapping and Monitoring of Natural Resources

**Year 4, Semester 2**
- Two units selected from:
  - NRB633  Hydrogeology
  - NRB635  Plate Tectonics and Advanced Structural Geology
  - NRB636  Petroleum Geology and Basin Analysis

#### Course structure - Major in Microbiology

**Year 1, Semester 1**
- LSB118  Life Science
  - Either
    - PCB140  Introductory Chemistry
    - Or
    - PCB142  Chemistry 1

**Year 1, Semester 2**
- LSB238  Cell and Molecular Biology 1
- PCB242  Chemistry 2
Year 2, Semester 1
MAB101 Statistical Data Analysis 1
PCB101 Physical Science

Year 2, Semester 2
LSB258 Principles of Human Physiology
NRB270 Animal and Plant Structure and Function

Year 3, Semester 1
LSB308 Biochemistry
LSB328 Microbiology 1

Year 3, Semester 2
LSB428 Microbiology 2
LSB468 Molecular Biology

Year 4, Semester 1
Two units selected from:
LSB528 Environmental Microbiology
LSB547 Bacterial Pathogenesis and Disease Diagnosis
LSB568 Electron Microscopy
LSB578 Virology

Year 4, Semester 2
Two units selected from:
LSB628 Food Microbiology
LSB647 Clinical Mycology and Parasitology
LSB648 Molecular Microbiology

Course structure - Major in Physics

Year 1, Semester 1
MAB111 Mathematical Sciences 1B
PCB101 Physical Science

Year 1, Semester 2
MAB112 Mathematical Sciences 1C
SCB222 Exploration of the Universe

Year 2, Semester 1
MAB311 Advanced Calculus
PCB107 Physics and Quantitative Techniques

Year 2, Semester 2
PCB250 Physics 1
PCB260 Physics 1A

Year 3, Semester 1
PCB361 AC Theory and Electronics
PCB362 Physics 2

Year 3, Semester 2
PCB460 Instrumentation and Computational Methods

PCB462 Thermodynamics and Solid State Physics

Year 4, Semester 1
PCB561 Quantum and Condensed Matter Physics
PCB562 Physical Methods of Analysis

Year 4, Semester 2
PCB661 Experimental Physics
PCB665 Physics 3

Potential Careers:
Bachelor of Business/Bachelor of Health Sciences (Health Services Management) (IX32)

Year offered: 2007
Admissions: Yes
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$15360
International Fees (per semester): 2007:$8,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409252; Dfee: 409256
Past rank cut-off: 75; Dfee: 70
Past OP cut-off: 12; Dfee: 14
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and for accountancy, banking and finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Mr Andrew Paltridge (Business); Ms Melinda Service (Health)
Discipline coordinator: Jenny Nicol (Health Services Management); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point and Kelvin Grove

Overview
This double degree combines the strength of general business theory and skills as well as units specifically related to managing health services.

Why choose this course?
The degree will provide you with the theory and skills to manage change effectively in the health care system. You will gain a strong background of theory and practice to enable you to work effectively in the complex environment of health care and be influential in terms of decision making.

Career Options
Health Service Management graduates are employed in administrative and management capacities in private and public health services. Such services include public and private hospitals, Queensland Health, community health centres, group medical practices, nursing and dental services, universities and consulting firms.

Your business degree will give you a broader base of commercial knowledge, making you more attractive to employers in these environments. You also have the opportunity to major in a specific business area to strengthen your career choices. For more information on careers in business, please refer to studyfinder.qut.com

Professional recognition
Both degrees allow you to satisfy the requirements of membership for the relevant professional bodies. The Bachelor of Health Science (Health Services Management) degree may allow graduates, subject to unit selection, to satisfy the academic requirements for membership of the Australian College of Health Service Executives (ACHSE) and other professional associations.

Depending on your choice of business major, you may also be eligible for membership of a number of professional bodies, including the Australasian Institute of Banking and Finance, CPA Australia, the Institute of Chartered Accountants in Australia, Chartered Secretaries Australia, the Economic Society of Australia (Qld), Advertising Federation of Australia, Australian Institute of Management or the Public Relations Institute of Australia.

Please refer to the Faculty of Business prospectus or studyfinder.qut.com for more information on recognition for graduates from the Bachelor of Business component.

Course Design
Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Health Science program and 192 credit points from the Bachelor of Business program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

### Year 2 Semester 1
- **BBUS**: Business Faculty Core Unit
- **BBUS**: Business Faculty Core Unit
- **PUB326**: Epidemiology
- **PYB012**: Psychology

### Year 2 Semester 2
- **BBUS**: Business Faculty Core Unit
- **BBUS**: Business Faculty Core Unit
- **PUB486**: Ethics and the Law in Health Service Delivery
- **PUB209**: Health, Culture and Society

### Year 3 Semester 1
- **BBUS**: Business Faculty Major Unit
- **BBUS**: Business Faculty Major Unit
- **PUB380**: Casemix Management
- **B HLTH**: Health Faculty Elective Unit

### Year 3 Semester 2
- **BBUS**: Business Faculty Major Unit
- **BBUS**: Business Faculty Major Unit
- **PUB490**: Quality Management in Health
- **PUB480**: Health Administration Finance

### Year 4 Semester 1
- **BBUS**: Business Faculty Major Unit
- **BBUS**: Business Faculty Major Unit
- **PUB514**: Contract/Project Management
- **PUB420**: null

### Year 4 Semester 2
- **BBUS**: Business Faculty Major Unit
- **BBUS**: Business Faculty Major Unit
- **PUB609**: Health Resource Allocation
- **PUB875**: Professional Practice

### Public Relations Major

#### Year 1 Semester 1
- **BSB122**: Quantitative Analysis and Finance
- **BSB126**: Marketing

#### Year 1 Semester 2
- **BSB110**: Accounting
- **BSB115**: Management, People and Organisations

#### Year 2 Semester 1
- **BSB111**: Business Law and Ethics
- **BSB113**: Economics

#### Year 2 Semester 2
- **BSB114**: Government, Business and Society
- **BSB119**: International and Electronic Business

#### Year 3 Semester 1
- **AMB201**: Marketing and Audience Research
- **AMB260**: Public Relations Theory and Practice

#### Year 3 Semester 2
- **AMB261**: Media Relations and Publicity
- **AMB262**: Public Relations Writing

#### Year 4 Semester 1
- **AMB360**: Corporate Communication Management
- **AMB370**: Public Relations Cases

#### Year 4 Semester 2
- **AMB361**: Public Relations Campaigns
- **AMB371**: Corporate Communication Strategies

### Accountancy Major

#### Year 1 Semester 1
- **BSB110**: Accounting
- **BSB115**: Management, People and Organisations

#### Year 1 Semester 2
- **BSB122**: Quantitative Analysis and Finance
- **BSB114**: Government, Business and Society

#### Year 2 Semester 1
- **BSB111**: Business Law and Ethics
- **BSB113**: Economics

#### Year 2 Semester 2
- **AYB121**: Financial Accounting
- **AYB223**: Law of Business Associations

#### Year 3 Semester 1
- **AYB225**: Management Accounting
- **AYB220**: Company Accounting

#### Year 3 Semester 2
- **AYB221**: Computerised Accounting Systems
- **AYB325**: Taxation Law

#### Year 4 Semester 1
- **AYB301**: Auditing
- **AYB311**: Financial Accounting Issues
- **AYB321**: Strategic Management Accounting

#### Year 4 Semester 2
- **EFB101**: Data Analysis for Business
- **EFB210**: Finance 1

- IBB213 International Marketing
- IBB205 Cross-Cultural Communication and Negotiation

#### Year 4 Semester 2
- IBB300 International Business Strategy
- IBB303 International Logistics

### Marketing Major

#### Year 1 Semester 1
- BSB122 Quantitative Analysis and Finance

### Potential Careers:
Account Executive, Accountant, Actuary, Administrator, Advertising Professional, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Community Health Officer, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Health Information Manager, Health Services Manager, Home Economist, Information Officer, International Business Specialist, Investment Manager, Manager, Marketing Officer/Manager, Policy Officer, Project Developer, Project Manager, Public Health Officer, Public Relations Officer/Consultant, Publishing Professional, Risk Manager, Stockbroker.
Bachelor of Business/Bachelor of Information Technology (IX33)

Year offered: 2007
Admissions: Yes
CRICOS code: 059595C
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$15360
International Fees (per semester): 2007:$9,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419202; Dfee: 419206
Past rank cut-off: 75; Dfee: 70
Past OP cut-off: 12; Dfee: 14
OP Guarantee: Yes
Assumed knowledge: English (4, SA), and for games technology and security majors, Maths B (4, SA) or for all other majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Ruth Christie (InfoTech); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

Overview
This double degree will give you a broad base of commercial knowledge in business and information technology, making you more attractive to employers, even if you wish to work predominantly in an information technology position. You will have the opportunity to complement your information technology studies with a business major in accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

You will combine your business studies with an information technology major of your choice. Possible combinations include banking and finance with security, management with business systems engineering, or marketing with information and knowledge management.

Cooperative Education Program
The Coop Ed Program is a joint venture between employers and the Faculty of IT giving you the opportunity of 10-12 months paid industry placement to better prepare you for employment after you graduate. The Coop Ed Program integrates formal study and professional experience, so you can apply what you are learning in an area relevant to your chosen path.

Some of the organisations our Coop Ed students have worked with are the Australian Tax Office, Boeing Australia, CITEC, Department of Natural Resources and Water, Dialog, EPA, Queensland Police, RACQ and UNiTAB Limited.

For more information about the Faculty's Cooperative Education Program, please visit www.fit.qut.edu.au/future/cooped.jsp

Career Outcomes
Business graduates work in diverse roles in the private and public sectors in areas such as accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations. A graduate of the Bachelor of Information Technology may find employment as a programmer, systems manager, systems designer, systems analyst, computer sales and marketing consultant or data processing manager.

Professional recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Graduates of the Bachelor of Information Technology meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Course Design
Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor or Information Technology program.

### IX33 - Bachelor of Business/Bachelor of Information Technology Course structure

**Year 1, Semester 1**
- ITB002 IT Professional Studies
- ITB005 Systems Architecture
- BBUS Business Faculty Core Unit
- BBUS Business Faculty Core Unit

**Year 1, Semester 2**
- ITB004 Database Systems
- ITB006 Networks
- BBUS Business Faculty Core Unit
- BBUS Business Faculty Core Unit

**Year 2, Semester 1**
- ITB001 Problem Solving and Programming
- ITB008 Modelling Analysis and Design
- BBUS Business Faculty Core Unit
- BBUS Business Faculty Core Unit

**Year 2, Semester 2**
- ITB003 Object Oriented Programming
- ITB007 Web Development
- BBUS Business Unit
- BBUS Business Unit

**Year 3, Semester 1**
- IT Major Unit
- IT Major Unit
- BBUS Business Faculty Core Unit
- BBUS Business Faculty Core Unit

**Year 3 Semester 2**
- ITB009 Core Project Initiation
  - IT Major Unit
- BBUS Business Faculty Major Unit
- BBUS Business Faculty Major Unit

**Year 4, Semester 1**
- ITB010 Core Project Implementation
  - IT Major Unit
- BBUS Business Faculty Major Unit
- BBUS Business Faculty Major Unit

**Year 4, Semester 2**
- IT Major Unit

**Advertising Major**

**Year 1 Semester 1**
- BSB122 Quantitative Analysis and Finance
- BSB126 Marketing

**Year 1 Semester 2**
- BSB110 Accounting
- BSB115 Management, People and Organisations

**Year 2 Semester 1**
- BSB114 Government, Business and Society
- BSB119 International and Electronic Business

**Year 2 Semester 2**
- BSB111 Business Law and Ethics
- BSB113 Economics

**Year 3 Semester 1**
- AMB200 Consumer Behaviour
- AMB220 Advertising Theory and Practice

**Year 3 Semester 2**
- AMB221 Advertising Copywriting
- AMB222 Media Planning

**Year 4 Semester 1**
- AMB320 Advertising Management
- AMB330 Advertising Strategy and Planning

**Year 4 Semester 2**
- AMB321 Advertising Campaigns
- AMB202 Integrated Marketing Communication

**Public Relations Major**

**Year 1 Semester 1**
- BSB122 Quantitative Analysis and Finance
- BSB126 Marketing

**Year 1 Semester 2**
- BSB110 Accounting
- BSB115 Management, People and Organisations

**Year 2 Semester 1**
- BSB114 Government, Business and Society
- BSB119 International and Electronic Business

**Year 2 Semester 2**
- BSB111 Business Law and Ethics

**Business Systems Engineering Major**
### Compulsory Units
- ITB222 Systems Analysis and Design
- ITB228 Enterprise Systems
- ITB245 R/3 System Administration
- ITB298 Business Process Engineering

### IS Elective Units
Select two (2) units from the following list
- ITB218 Applications Programming
- ITB223 Software Development with ORACLE
- ITB230 Project
- ITB237 Advanced Databases
- ITB245 R/3 System Administration
- ITB255 Knowledge Management
- ITB266 Information Management
- ITB267 Business Analytics
- ITB272 Information Technology Project Management
- ITB294 Information Quality
- ITB322 Information Resources

### Databases Major

#### Compulsory Units
- ITB229 Database Design
- ITB232 Database Management
- ITB239 Enterprise Data Mining
- ITB295 XML: Data and Document Processing

#### IS Elective Units
Select two (2) units from the following list
- ITB218 Applications Programming
- ITB223 Software Development with ORACLE
- ITB230 Project
- ITB237 Advanced Databases
- ITB245 R/3 System Administration
- ITB255 Knowledge Management
- ITB266 Information Management
- ITB267 Business Analytics
- ITB272 Information Technology Project Management
- ITB294 Information Quality
- ITB322 Information Resources

### Electronic Business Major

#### Compulsory Units
- ITB233 Enterprise Systems Applications
- ITB239 Enterprise Data Mining
- ITB260 E-Commerce Site Development
- BSB212 Electronic Business Applications
- BSB213 Governance Issues in E-Business

### Games Technology Major

#### Compulsory Units
- ITB711 Programming Abstraction
- ITB743 Artificial Intelligence
- ITB746 Modelling and Animation Techniques
- ITB747 Real Time Rendering Techniques
- ITB749 Scientific Programming
- MAB281 Mathematics for Computer Graphics

### Information and Knowledge Management Major

Please contact the Course Coordinator for enrolment advice

### Information Systems Major

#### Compulsory Units
- ITB228 Enterprise Systems
- ITB229 Database Design
- ITB260 E-Commerce Site Development

#### IS Elective Units
Select two (2) units from the following list
- ITB218 Applications Programming
- ITB223 Software Development with ORACLE
- ITB230 Project
- ITB237 Advanced Databases

### Potential Careers:

Bachelor of Business / Bachelor of Creative Industries (IX34)

Year offered: 2007
Admissions: Yes
CRICOS code: 059596B
Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $15360
International Fees (per semester): 2007: $8,000 per semester (subject to annual review)

Domestic Entry: February
International Entry: February
QTAC code: 409182
Past rank cut-off: 80
Past OP cut-off: 10

Assumed knowledge: English (4, SA) and for accountancy, banking and finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Head, Undergraduate Studies ugenq.ci@qut.edu.au (Creative Industries); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr Jason Sternberg (Media & Communication); Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee does not apply to this course.

Additional Entry Requirements (for the majors below)
In addition to meeting the cut-off applicants who wish to study one of the following Creative Industries majors below must also pass the additional entry requirement listed below. Further information will be available in July via addentry.qut.com or by phoning 07 3138 8114. A $33 service fee applies for each of the Creative Industries majors below. Applicants applying for more than one course in the same area are required to pay only one service fee of $33. Closing dates are listed below.

Dance: lodge required materials with QUT by 30 August 2007 and pass the audition. Auditions and interviews will be held in Brisbane, Melbourne, Sydney, Canberra, Adelaide, Townsville and Rockhampton. Confirmation of dates and venues will be posted after applications close.

Music: lodge required materials with QUT by 19 October 2007 and pass the audition.

Sound Design: lodge required materials with QUT by 19 October 2007 and pass the portfolio.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA) (enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Creative Industries) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing, public relations.

The Creative Industries component is made up of 24 credit points of Faculty core units, 144 credit points from a Creative Industries major and 24 credit points of elective units.

The Creative Industries majors are communication design, creative writing, dance, drama, interdisciplinary, media and communication, music, sound design, television and visual arts.

Students will complete one Business and one Creative Industries major.
Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places

Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

### Creative Industries Elective

- Project Development and Script Editing for Television (KPB302)
- Critical Thinking About Television (KPB303)

### Course Structure for Visual Arts Major

#### Year 1, Semester 1

- Creative Industries Core Unit
  - KVB100 Research and Creativity in the Visual Arts

#### Year 1, Semester 2

- Creative Industries Core Unit
  - KVB104 Photomedia and Artistic Practice

#### Year 2, Semester 1

- KVB102 Modernism
- KVB110 2D Media and Processes

#### Year 2, Semester 2

- Creative Industries Elective
  - KVB111 3D Media and Processes

#### Year 3, Semester 1

- KVB200 Exhibition and Display in the Visual Arts
- KVB202 Visual Imaging - Process and Theory

#### Year 3, Semester 2

- KVB103 Australian Art
- KVB211 Post 1945 Art

#### Year 4, Semester 1

- Creative Industries Elective
  - KVB212 Australian Art, Architecture and Design
  - KVB304 Contemporary Art Issues

#### Year 4, Semester 2

- Video Art and Culture (KVB306)
- Contemporary Asian Visual Culture (KVB108)
- Theories of Spatial Culture (KVB307)

### Creative Industries Sub-Majors and Minors

#### Art and Visual Culture

- Introductory Units
- KVB102 Modernism
- KVB103 Australian Art

#### Art History, Architecture and Design

- Introductory Units
- KVB102 Modernism
- KVB211 Post 1945 Art

#### Communication

- Introductory Units
- KCB101 Communication in the New Economy
- KCB103 Strategic Speech Communication

#### Creative and Professional Writing

- Introductory Units
### Creative Industries Management

**Introductory Units**

- BSB126 Marketing
- KTB207 Staging Australia
- BSB115 Management, People and Organisations
- KTB061 Creative Industries Management
- KTB062 Creative Industries Events and Festivals
- KTB104 Performance Innovation
- KTB306 Directing for Events and Festivals
- MGB223 Creating New Enterprises

### Dance

**Introductory Units**

- KDB109 Funk, Tap and all that Jazz
- KDB110 Deconstructing Dance in History
- KDB105 Architecture of the Body
- KDB106 Dance Analysis
- KDB108 World Dance
- KDB204 Australian Dance

### Digital Media

**Introductory Units**

- KCB102 Media and Society: From Printing Press to Internet
- KCB202 New Media Technologies
- KCB201 Virtual Cultures
- KCB203 Consumer Cultures
- KIB101 Foundations of Communication Design 1
- KIB103 Media Technology 1
- KP106 Australian Television
- KVB306 Video Art and Culture

### Fashion, Art and Communication

**Introductory Units**

- KFB103 Introduction to Fashion Design
- KFB105 Fashion and Modernity
- KFB204 Creative Non-Fiction: Life Writing
  Subsequent Units À choose any 4 to complete sub-major; or any 2 to complete minor
- KWB102 Media Writing
- KWB103 Persuasive Writing
- KWB104 Creative Writing: The Short Story
- KWB106 Corporate Writing and Editing
- KWB107 Introduction to Creative Non-Fiction
- KWB206 Youth and Children’s Writing

### Indigenous Studies

**Introductory Units**

- HHB123 Indigenous Australian Culture Studies
- KWB007 Indigenous Writing
  Subsequent Units À choose required unit plus any 3 to complete sub-major; or required unit plus any other unit to complete minor
- KKB004 Indigenous Creative Industries
- HHB255 Indigenous Politics And Political Culture
- HHB210 Indigenous Australia: Country, Kin And Culture
- EDB007 Culture Studies: Indigenous Education
- JSB352 Indigenous Justice
- HHB276 Indigenous Knowledge: Research Ethics and Protocols

### Interaction Design

**Introductory Units**

- KIB101 Foundations of Communication Design 1
- KIB102 Foundations of Communication Design 2
  Subsequent Units À choose any 4 to complete sub-major; or any 2 to complete minor
- KIB103 Media Technology 1
- KIB104 Media Technology 2
- KIB105 Animation and Motion Graphics
- KIB108 Animation Practices
- KIB210 Design Studio 1: Interaction Design

### Journalism

**Introductory Units**

- KJB101 Journalism Information Systems
- KJB120 Newswriting
  Subsequent Units À choose any 4 to complete sub-major; or any 2 to complete minor
- KFB205 Fashion and Style Journalism
- KJB121 Journalistic Inquiry
- KJB224 Feature Writing
- KJB239 Journalism Ethics and Issues
- KJB280 International Journalism
- KJB337 Public Affairs Reporting

Creative Industries Faculty Undergraduate Open
Electives

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Creative Industries students may choose elective units from the following list OR from outside the Faculty area subject to the following guidelines:

* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must obey any elective rules as set out in your course requirements
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions

Applicants are selected on the basis of their portfolio, interview and previous academic achievement. The due date to lodge a portfolio and additional materials to QUT was 20 October 2006. Late submissions will not be accepted.

OP Guarantee
The OP Guarantee does not apply to this course.

General
If you're interested in a career in the fashion industry, maximise your career options by adding studies in business. This course consists of 16 creative industries units, where you will major in fashion, and 16 business units. The program is integrated so that you will study both creative industries and business units in each semester. You will gain a broad base of business knowledge and choose a business major from accounting, advertising, banking and finance, economics, human resource management, international business, management, marketing or public relations. Your business degree will give you a broad base of commercial knowledge as well as the opportunity to major in a specific business area. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

You develop creative and design skills in fashion with a special emphasis on new technology applications. The course centres on the development of apparel design and production skills in a studio setting. Students progressively apply Computer-Aided Design (CAD) skills to the processes of design during their second year. CAD work includes current and emerging applications in 2D and 3D, customisation, and digital textile printing.

In your final year, you are showcased to industry in the graduation fashion show, and also undertake an industry internship.

Elective studies allow you to develop your work in various directions including textile printing, cross media design applications, fashion journalism and photography.

Career Outcomes
Opportunities in the fashion industry include fashion merchandising and marketing, fashion event management, or becoming a stylist. Options that use your business knowledge more include working behind the scenes in large fashion houses. Depending on your business major, you could help promote, manage or balance the books.

Professional Recognition
Depending on your choice of business major, you may be eligible for professional recognition. Please refer to the Faculty of Business prospectus for details on your intended business major.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Fashion) comprises 192 credit points.

Deferment
QUT's deferment policy does not apply to this course.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply with regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a.
fee-paying student.

Campus: Gardens Point and Kelvin Grove

Overview
This four year professional course links Journalism with business studies and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects.

Career Outcomes
Graduates may find employment as Accountants, Advertising Professionals, Banking and Finance Consultants, Economists, Human Resource Managers, International Business Specialists, Managers, Marketing Officers, Public Relations Officers. Journalism graduates are prepared for careers in both print and broadcast journalism, and opportunities also exist to become press secretaries and media officers.

Professional Recognition
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Some may depend on units completed.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Journalism) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing, public relations.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

### Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

#### Rules for selecting electives:

* you must obey any elective rules as set out in your course requirements

* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.

* you must have successfully completed any pre/co-requisite units applicable

* the offering of elective units is subject to sufficient student enrolment numbers and staff availability

* some units are subject to quota restrictions

* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

### Semester 1

**Media & Communication Discipline**

- KCB101 Communication in the New Economy

- KCB102 Media and Society: From Printing Press to Internet

- KCB103 Strategic Speech Communication

- KCB201 Virtual Cultures

- KCB302 Political Communication

- KIB201 Interactive Writing

- KIB108 Animation Practices

- KDB105 Architecture of the Body

- KDB108 World Dance

- KDB110 Deconstructing Dance in History

- KFB103 Introduction to Fashion Design

- KJB101 Journalism Information Systems

- KJB120 Newswriting

- KJB121 Journalistic Inquiry

- KJB224 Feature Writing

- KJB239 Journalism Ethics and Issues

- KKB004 Indigenous Creative Industries

### Semester 2

- KKB210 Computational Arts 1

- KKB290 Supervised Group Project

- KKB320 Workplace Learning

- KKB330 Workplace Learning

- KKB340-2 Workplace Learning

- KKB340-1 Workplace Learning

- KKB357 Independent Study

- KMB002 Music and Spirituality

- KMB003 Sex Drugs Rock 'n' roll

- KMB004 World Music

- KMB104 Music and Sound Skills

- KMB105 Music and Sound Technology

- KMB107 Sound, Image, Text

- KMB108 Sound Recording and Acoustics

- KPB102 Film History

- KPB106 Australian Television

- KPB108 Media Text Analysis

- KPB203 Australian Film

- KPB303 Critical Thinking About Television

- KTB061 Creative Industries Management

- KTB062 Creative Industries Events and Festivals

- KTB101 20th Century Performance

- KTB204 Understanding Performance

- KTB306 Directing for Events and Festivals

- KVC102 Modernism

- KVB110 2D Media and Processes

- KVB212 Australian Art, Architecture and Design

- KVB304 Contemporary Art Issues

- KWB001 Introduction to Literary Theory and Cultural Studies

- KWB002 Creative Writing & Cultural Studies Discipline

KWB206 Youth and Children's Writing

NOTES:
* Only one Workplace Learning unit may be completed

* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

Potential Careers:
Bachelor of Business / Bachelor of Mathematics (IX37)

Year offered: 2007
Admissions: Yes
CRICOS code: 059601K

Course duration (full-time): 4 years

Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $210 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$20160
International Fees (per semester): 2007:$9,000 per semester (subject to annual review)

Domestic Entry: February
International Entry: February

QTAC code: 419212; Dfee: 419216
Past rank cut-off: 75; Dfee: 70
Past OP cut-off: 12; Dfee: 14

OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Prof Erhan Kozan (Mathematics); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radhika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point

Career Opportunities

Graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Professional Recognition

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Graduates of the Bachelor of Mathematics degree will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia, and depending on unit selection, the Australian Society of Operations Research.

Course Design

The course offers the opportunity to combine Mathematics with a business course.

This course is made up of 384 credit points. Each component (i.e. Business and Mathematics) comprises 192 credit points.

Mathematics Bursaries

Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded to Australian citizens or permanent residents on a competitive basis. Applications should be submitted by 1 December of the year preceding entry to the course. For further information see www.maths.qut.edu.au

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

- Management Option List

#### Management Option Unit List:
- MGB216 Managing Technological Innovation in Global Business
- MGB218 Venture Skills
- MGB223 Creating New Enterprises
- MGB312 Negotiation Skills
- MGB315 Personal and Professional Development
- MGB335 Project Management

Management students must choose two from the above list (one must be a Level 3 unit).

### AMB202 Integrated Marketing Communication

### AMB260 Public Relations Theory and Practice

#### Year 3 Semester 2
- AMB261 Media Relations and Publicity
- AMB262 Public Relations Writing

#### Year 4 Semester 1
- AMB360 Corporate Communication Management
- AMB370 Public Relations Cases

#### Year 4 Semester 2
- AMB361 Public Relations Campaigns
- AMB371 Corporate Communication Strategies

### Course structure - For students with four semesters of Senior Mathematics B and Senior Mathematics C

- For students with four semesters of Senior Mathematics B and Senior Mathematics C, at a level of Sound Achievement or better, (or equivalent)

#### Year 1, Semester 1
- MAB101 Statistical Data Analysis 1
- MAB111 Mathematical Sciences 1B

#### Year 1, Semester 2
- MAB112 Mathematical Sciences 1C
- MAB210 Statistical Modelling 1

#### Year 2, Semester 1
- MAB311 Advanced Calculus
- MAB313 Mathematics of Finance

#### Mathematics Elective

#### Year 2, Semester 2
- MAB220 Computational Mathematics 1

### Mathematics Units

#### Level 1 Units:
- **MAB100** Mathematical Sciences 1A
- **MAB101** Statistical Data Analysis 1
- **MAB111** Mathematical Sciences 1B
- **MAB112** Mathematical Sciences 1C
- **MAB210** Statistical Modelling 1
- **MAB220** Computational Mathematics 1

#### Level 2 Units - You must complete:
- **MAB311** Advanced Calculus
- **MAB312** Linear Algebra
- **MAB313** Mathematics of Finance

#### Level 2 Units - Select from:
- **MAB314** Statistical Modelling 2
- **MAB315** Operations Research 2
- **MAB413** Differential Equations
- **MAB414** Applied Statistics 2
- **MAB420** Computational Mathematics 2
- **MAB422** Mathematical Modelling
- **MAB480** Introduction to Scientific Computation
- **MAB481** Visualisation and Data Analysis

#### Level 3 Units: You must complete at least 4 units from:
- **MAB521** Applied Mathematics 3
- **MAB522** Computational Mathematics 3
- **MAB524** Statistical Inference
- **MAB525** Operations Research 3A
- **MAB526** Statistical Science 3
- **MAB613** Partial Differential Equations
- **MAB623** Financial Mathematics
- **MAB624** Applied Partial Differential Equations
- **MAB625** Operations Research 3B
- **MAB640** Industry Project
- **MAB672** Advanced Mathematical Modelling
- **MAB681** Advanced Visualisation and Data Analysis

#### Other Level 3 Units:
- **MAB523** Introduction to Quality Management
- **MAB621** Discrete Mathematics
- null

**NOTE:** In 2008, MAB313 Mathematics of Finance will be in Semester 2 and MAB315 Operations Research 2 will be in Semester 1

### Potential Careers:
Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Computer Game Programmer, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Investment Manager, Market Research Manager, Mathematician, Quantitative Analyst, Risk Manager, Statistician, Stockbroker.
Bachelor of Arts/Bachelor of Business (Ix38)

Year offered: 2007
Admissions: Yes
CRICOS code: 058278B
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $12480
International Fees (per semester): 2007: $8,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409372; Dfee: 409376
Past rank cut-off: 75; Dfee: 70
Past OP cut-off: 12; Dfee: 14
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and for accountancy, banking and finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Dr Iraphne Childs
Discipline coordinator: Dr John Sweeting (Accountancy); Ms Gayle Kerr (Advertising); Dr John Chen (Banking & Finance); Dr Radyika Lahiri (Economics); Ms Sherrena Buckby (Electronic Business); Dr Paul Barnes (Human Resource Management); Mr Simon Ridings (International Business); Dr Paul Barnes (Management); Mr Bill Proud (Marketing); and Ms Robina Xavier (Public Relations).
Campus: Gardens Point and Carseldine

Career Outcomes

Arts graduates find employment in policy development and analysis, social policy, research and project positions, international aid and trade, environment and heritage. Graduates of the Bachelor of Business may find employment as Accountants, Advertising Professionals, Banking and Finance Consultants, Economists, Human Resource Managers, International Business Specialists, Managers, Marketing Officers, Public Relations Officers.

Professional Recognition

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
* Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
* Economics: Economic Society of Australia (Queensland Division).
* Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
* International Business - Australian Institute of Export;
* Management - Australian Institute of Management;
* Public Relations - Public Relations Institute of Australia.

BA Course Requirements - Commencing Students

Students are required to completed at least one of the five multidisciplinary majors (1 core introductory unit plus 6 units in the major). You will choose from International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies and Australian Studies.

The degree has a core program which consists of the following:
1) First Year: core introductory units for the multidisciplinary majors plus core skills units;
2) Second Year: research methods.

As well as the multidisciplinary major, students may also wish to undertake a Discipline Major in one of the following: History, Geography and Environmental Studies, Languages (French, Indonesian, German, Japanese, or Mandarin), Sociology or Political Studies.

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may also wish to include:
- an Arts minor/s in any of the multidisciplinary or discipline majors (4 units)
- an approved university minor, or individual electives in another QUT course (up to 4 units)

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work.
experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

For further information contact 07 3138 2000 or email study@qut.com
Campus: Gardens Point and Kelvin Grove

Overview
This double degree combines training for careers in a range of exercise and sports science settings with the strength of general business theory and skills.

Why choose this course?
This double degree will prepare you for a career in the exercise, health, rehabilitation and sports science industries, where you will work with people from a variety of professions.

This course will provide you with the necessary theoretical background and practical skills obtained from a variety of practicum placements. Practicum locations can include rehabilitation and hospital clinics, family and community services, corporate health and fitness, local and state government agencies, universities and colleges, institutes of sport, and the health and fitness industry.

Career Options
The Bachelor of Applied Science (in Human Movement Studies) course provides skills for careers in a range of exercise and sports science settings such as corporate health and fitness, family and community services, the health and fitness industry, local and state government agencies, state sporting associations, rehabilitation clinics, institutes of sport, universities and colleges and personal training.

Your business degree will give you a broad base of commercial knowledge making you more attractive to employers, even if you wish to work predominantly in the health science area. You also have the opportunity to major in a specific business area. For more information on careers in business, please refer to the Faculty of Business prospectus or visit studyfinder.qut.com.

Professional Recognition
Graduates of the Bachelor of Applied Science (in Human Movement Studies) degree are eligible for membership of the Australian Association for Exercise and Sports Science. Depending on your choice of business major, you may also be eligible for membership of a number of professional bodies, including the Australasian Institute of Banking and Finance, CPA Australia, the Institute of Chartered Accountants in Australia, Chartered Secretaries Australia, the Economic Society of Australia (Qld), Advertising Federation of Australia, Australian Institute of Management or the Public Relations Institute of Australia.

Course Design
Students are required to complete 408 credit points comprised of 216 credit points from the Bachelor of Applied Science (in Human Movement Studies) program and 192 credit points from the Bachelor of Business program.

Recommended Study
Any of: Maths B or C, Chemistry, Physics, Biological Science, Health Education, Physical Education, or Health and Physical Education.

Other Course Requirements
There are additional costs associated with this course including the purchase of the practicum shirt (approximately $50), the attainment of a current first aid certificate prior to commencement of year three and a Blue Card to work with children depending upon the practicum site. Attendance at the orientation camp is highly recommended though not compulsory (approximately $115).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

OVERVIEW

QUT’s Creative Industries Faculty fosters individual creativity, skill and talent and offers diverse and rewarding career opportunities across the elements common to all creative activity – design, performance, production and writing.

Working closely with partners from government and industry, the faculty has positioned itself as a leader in the development of creative industries in Queensland and nationally as an internationally networked hub of creative enterprise.

Creative industries study areas include:

- Acting and Technical Production
- Communication Design
- Creative Writing and Cultural Studies
- Dance
- Fashion
- Film and Television
- Journalism
- Media and Communication
- Music and Sound
- Performance Studies
- Visual Arts

The faculty offers the following undergraduate degree programs:

- Bachelor of Fine Arts degrees are designed predominantly for the practitioner-artist, and characterised by intense studio and/or project-based practice
- Bachelor of Creative Industries degrees offer opportunities for the more reflective practitioner to balance theory and practice and pursue some study in other creative industries areas
- The Interdisciplinary major in the Bachelor of Creative Industries provides the flexibility to combine studies in up to four different creative industries areas
- Bachelor of Journalism
- Bachelor of Music
- Double degree programs with Arts, Business, Education, Health, Humanities, Information Technology and Law.

Postgraduate coursework programs include graduate certificates, graduate diplomas, masters and doctorates, and offer students a strong conceptual and practical framework.

Postgraduate research is applied in nature and encourages collaborative and interdisciplinary approaches creating innovative partnerships between students, academics, industry experts and sponsors. Practice-led research allows artist-researchers to make original contributions to the store of knowledge about their discipline by placing creative practice at the centre of the design, conduct and reporting of their research projects.

RESEARCH CENTRES

Postgraduate research at the Creative Industries Faculty provides a focus for the ongoing development of the creative industries as an industry sector through applied real-world research. The Faculty provides a strategic and inspiring environment for postgraduate research training.

Priority research areas include:

- Industry and policy research in the creative industries
- Interaction design
- Computer games research and design
- Music production technology
- Performance innovation
- Educational media and learning services
- Visual arts and design
- Indigenous creative enterprise
- Film and television production
- Journalism
- Creative writing
- Chinese media and the media of the region
- Community media.

Research at the Creative Industries Faculty is boosted through its association with the Australasian Cooperative Research Centre for Interaction Design (ACID) and a new Australian Research Council Centre of Excellence for Creative Industries and Innovation.

The Creative Industries Faculty is also the lead agency in the Institute for Creative Industries and Innovation (iCi) which is a new multi-faculty research institute at QUT. iCi combines researchers and PhD students from Creative Industries, Business, Information Technology, Education, Law, Built Environment and Engineering, and QUT Carseldine in groundbreaking research and commercialisation ventures.
Bachelor of Music (AA91)

Year offered: 2007
Admissions: No

Domestic fees (per credit point): Commonwealth Supported Place; Full Fee Tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $15,360

IMPORTANT NOTICE

This course code has been discontinued. The new course code for commencing students is KM32 Bachelor of Music. Continuing students should refer to their Course Summary Sheet for enrolment information.
Graduate Certificate in Arts and Creative Industries Management (IF01)

Year offered: 2007
Admissions: Yes
CRICOS code: 056187K
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (per credit point): 2007:$130 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$12480
International Fees (per semester): 2007:$8,500 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Terry Flew
Campus: Gardens Point and Kelvin Grove

Overview
These innovative postgraduate courses will enable you to fuse creative talents with business and entrepreneurial skills. Your role as a manager in the creative industries is to bring together the artist and the consumer through cultural leadership. With the shift to micro-business development, there is a need for your business acumen and entrepreneurial skills to turn your good ideas into successful enterprises.

You will graduate with the ability to survive in the new digital age, and be able to anticipate business challenges and opportunities of the future, in areas such as:
* audiovisual media companies
* art galleries
* choral and orchestral groups
* dance and theatre companies
* design and fashion industries
* events management
* interactive multimedia
* government arts and cultural departments
* music industry
* museums.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale).

Applicants without a bachelor degree, with a bachelor degree with a grade point average of less than 4.5, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4.5 or above in the Graduate Certificate.

Advanced standing for prior study and/or professional experience is at the discretion of the postgraduate coursework degrees coordinator, in consultation with the relevant subject area coordinator. Advanced standing will normally only be granted for masters-level courses, and will constitute no more than 48 credit points.

International Student Entry
QUT advises that international students may enrol only in full-time studies.

Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX36 Bachelor of Business/Bachelor of Journalism. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Overview
This four-and-a-half year professional course links Journalism with business studies in Advertising, International Business or Public Relations and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects and specialise in advertising, public relations, globalisation, international business development or global economics.

Career Outcomes
Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers. Journalism graduates are prepared for careers in both print and broadcast journalism, and opportunities also exist to become press secretaries and media officers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*International Business - Australian Institute of Export;
*Public Relations - Public Relations Institute of Australia.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
Students are required to complete 432 credit points, comprised of 240 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Journalism program.

For the Business component, students must complete the 96 credit point Faculty Core Units together with a 72 credit point Major and a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Business Units

Students should refer to the BS56 Course Notes entry for information on Business double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both MGB220 & AMB201 will be required to undertake an approved substitute unit to satisfy course requirements.

Creative Industries Core Units

- KKB007 Introduction to Multimedia Technology
- KKB008 Narrative in the Creative Industries
- KKB009 Writing for Creative Industries
- KKB010 Cultures and Creativity
- KKB018 Creative Industries
  * KKB007 and KKB009 are recommended for first year students.
  ** KKB018 is not recommended for first year students until their second semester.

Creative Industries Faculty Undergraduate Open Electives

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change. Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

Semester 1

<td>German 5</td>
</tr>
<tr>
<td>HHB096</td>
<td>German 6</td>
</tr>
</tbody>
</table>

2. Students with Year 12 Language qualifications or equivalent in German should undertake the following unit sequence:

<table>
<thead>
<tr>
<th>Unit Code</th>
<th>Language</th>
</tr>
</thead>
<tbody>
<tr>
<td>HHB093</td>
<td>German 3</td>
</tr>
</tbody>
</table>
Potential Careers:
Advertising Professional, Marketing Officer/Manager, Media Industry Specialist, Public Relations Officer/Consultant, Publishing Professional.
University Diploma in Professional Communication (IF06)

Year offered: 2007
Admissions: Yes
CRICOS code: 039083D
Course duration (full-time): 2 semesters
International Fees (per semester): 2007: $7,500 per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Abbreviation
UnivDipProfComn

Entry Requirements - Academic
Successful completion of senior high school with the required grades. Students can find more country specific entry requirements at the following web site: http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL 525 (paper), TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (N.B. Students should also check visa requirements).

Description
The University Diploma in Professional Communication, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Mass Communication and a range of Creative Industries degrees (see list below). In this program, students study six faculty units as well as two units of Communication which have been designed to support their other units. Student who successfully complete the University Diploma in Professional Communication earn full academic credit for eight units, and articulate to the second year of their chosen degree, except for Bachelor of Fine Art (Film and Television) for which one semester credit only is awarded. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) in at least seven units and a grade of 3 (Low Pass) in the remaining unit.

Progression
Requirements for a guaranteed place in the second year of the following QUT Bachelor degrees:

i) fulfill the University Diploma course requirements,
ii) an IELTS score of 6.5 or its equivalent,
iii) achieve a minimum Grade Point Average (GPA) as detailed below for the following course:

Grade Point Average of at least 4 for:
Bachelor of Mass Communication
Bachelor of Creative Industries (Interdisciplinary Studies)

Grade Point Average of at least 4.5 for:
Bachelor of Creative Industries (Media and Communication)
Bachelor of Creative Industries (Creative Writing)
Bachelor of Journalism

Grade Point Average of at least 5.0 for:
Bachelor of Creative Industries (Communication Design)
Bachelor for Fine Arts (Film and Television)*

*Please note that students articulating to Bachelor of Fine Arts (Film and Television) will only receive 1 semester of credit.

Potential Careers:
Academic, Administrator, Advertising Professional, Animator, Art Project Manager, Art Writer, Arts Administrator, Community Education Officer, Computer Games Developer, Corporate Secretary, Creative Writer, Curator, Diplomat, Educator, English Teacher, Financial Advisor/Analyst, Government Officer, Higher Education
Worker, Human Resource Manager, Information Officer, Journalist, Manager, Marketing Officer/Manager, Organisational Communication Specialist, Policy Officer, Public Servant, Publishing Professional, Secondary School Teacher, TAFE Teacher, Teacher, Theatre Professionals, Trainer, Web Designer.
Bachelor of Journalism/Bachelor of Laws (IF07)

**Year offered:** 2007  
**Admissions:** Yes  
**CRICOS code:** 040313G  
**Course duration (full-time):** 5 Years  
**Domestic fees (per credit point):** Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)  
**Domestic fees (indicative):** 2007: $15,360; CSP $6,450  
**International Fees (per semester):** 2007: $9,000 per semester (subject to annual review)  
**Domestic Entry:** February  
**International Entry:** February and July* (*July entry subject to availability)  
**QTAC code:** 409912; Dfee: 409916  
**Past rank cut-off:** 92. Dfee places were not offered last year.  
**Past OP cut-off:** 5. Dfee places were not offered last year.  
**Assumed knowledge:** English (4, SA)  
**Preparatory studies:** ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
**Total credit points:** 528  
**Standard credit points per full-time semester:** 48(Semesters 3,4,5,6,9+10), 60(Semesters 1,2,7+8)  
**Course coordinator:** Head, Undergraduate Studies ugenq.ci@qut.edu.au (Creative Industries); Director, Undergraduate Programs (Law)  
**Discipline coordinator:** Dr Leo Bowman (Creative Industries)  
**Campus:** Gardens Point and Kelvin Grove  

**OP Guarantee**  
The OP Guarantee does not apply to this program.

**General**  
This five year professional double degree in Journalism and Law is in high demand. Students study journalism subjects in the first three years and in the fourth and fifth years students concentrate on law studies and have the opportunity to specialise in commercial law, corporate law, taxation law, medico-legal issues, alternative dispute resolution, public international law, Asian legal systems, feminist theories of law or environmental law.

**Professional Recognition**  
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purpose of the Solicitors' and Barristers' Admission Rules.

**Career Opportunities**  
Graduates find work in private practice as a barrister or solicitor, may practice in law-related government departments or within large companies as 'in-house' lawyers. Journalism opportunities are similar to those of students with the single Bachelor of Journalism degree.

---

## Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

## Domestic student tuition fee (Dfee) places

Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

NOTES:

* Only one Workplace Learning unit may be completed

* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

Potential Careers:
Bachelor of Creative Industries (Media and Communication)/Bachelor of Business (Advertising, International Business, Public Relations) (IF09)

Year offered: 2007
Admissions: No
CRICOS code: 040286E
Course duration (full-time): 4/4.5 years (8 or 9 Semesters - Students may choose)

Domestic fees (per credit point): Commonwealth Supported Place; Full Fee Tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$15360
International Fees (per semester): 2007:$8,000 per semester (subject to annual review)

Domestic Entry: February
International Entry: February and July
QTAC code: 409182
Past rank cut-off: 82
Past OP cut-off: 9

Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 48 (Years 1 & 2), 60 (Years 3 & 4)

Course coordinator: Associate Professor Adrian Thomas (Creative Industries); Mr Andrew Paltridge (Business)
Discipline coordinator: Dr Gayle Kerr (Advertising); Mr Simon Ridings (International Business); Ms Robina Xavier (Public Relations); Dr Jason Sternberg (Media & Communication)
Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX34 Bachelor of Business/Bachelor of Creative Industries. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

OP Guarantee
The OP Guarantee does not apply to this course.

Overview
Units in media and communication provide both practical skills and contextual understanding of the rapidly growing media and communication industries, preparing graduates for employment in these sectors as they are transformed by digital media development, globalisation and convergence. Students can select business units in either advertising, international business or public relations with areas covered including advertising, public relations, globalisation, international business development and the world economy.

For further information see the Bachelor of Creative Industries (Media and Communication) course entry and the Bachelor of Business (Advertising, International Business or Public Relations) course entry in the Business and Tourism section.

Career Outcomes
Media and Communication graduates work as media and communication officers for private sector, government and non-government organisations as well as media researchers and policy developers. Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. The international business major equips graduates for careers with companies engaged in international trade, multinational companies, and financial institutions dealing with international marketing and investments. Public relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
* International Business - Australian Institute of Export;
* Public Relations - Public Relations Institute of Australia.

Course Design
Students are required to complete 432 credit points comprised of 192 credit points for the Bachelor of Creative Industries component, and 240 credit points for the Bachelor of Business component.

For the Creative Industries (Media and Communication) component, students must complete two (2) Creative Industries Faculty Core units (24 credit points) plus ten (10) Media and Communication Discipline units (120 credit points) plus four (4) Electives (48 credit points).

For the Business component, students must complete the 96 credit point Faculty Core Units together with a 72 credit point Major and a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Deferment
QUT’s deferment policy does not apply to this course.

**Business Units**

Students should refer to the BS56 Course Notes entry for information on double major/extended major/specialisation units.

The units AMB201 Market and Audience Research and MGB220 Management Research Methods are incompatible units. Students undertaking HRM or Management as a double major should contact the school for enrolment advice. From Semester 2, 2003 students who complete both AMB201 and MGB220 will be required to undertake an approved substitute unit to satisfy course requirements.

**Creative Industries Core Units**

- KKB007 Introduction to Multimedia Technology
- KKB008 Narrative in the Creative Industries
- KKB009 Writing for Creative Industries
- KKB010 Cultures and Creativity
- KKB018 Creative Industries

* KKB007 and KKB009 are recommended for first year students.

**List of Languages**

**French**

1. Students without Year 12 Language qualifications in French should undertake the following unit sequence:
   - HHB061 French 1
   - HHB062 French 2
   - HHB063 French 3
   - HHB064 French 4
   - HHB065 French 5
   - HHB066 French 6

2. Students with Year 12 Language qualifications or equivalent in French should undertake the following unit sequence:
   - HHB063 French 3
   - HHB064 French 4
   - HHB065 French 5
   - HHB066 French 6
   - HHB067 French 7
   - HHB068 French 8

**INDONESIAN**

1. Students without Year 12 Language qualifications in Indonesian should undertake the following unit sequence:
   - HHB071 Indonesian 1
   - HHB072 Indonesian 2
   - HHB073 Indonesian 3
   - HHB074 Indonesian 4
   - HHB075 Indonesian 5
   - HHB076 Indonesian 6

2. Students with Year 12 Language qualifications or equivalent in Indonesian should undertake the following unit sequence:
   - HHB073 Indonesian 3
   - HHB074 Indonesian 4
   - HHB075 Indonesian 5
   - HHB076 Indonesian 6
   - HHB077 Indonesian 7
   - HHB078 Indonesian 8

**KKB018 is not recommended for first year students.**
JAPANESE

1. Students without Year 12 Language qualifications in Japanese should undertake the following unit sequence:

- HHB081 Japanese 1
- HHB082 Japanese 2
- HHB083 Japanese 3
- HHB084 Japanese 4
- HHB085 Japanese 5
- HHB086 Japanese 6

2. Students with Year 12 Language qualifications or equivalent in Japanese should undertake the following unit sequence:

- HHB083 Japanese 3
- HHB084 Japanese 4
- HHB085 Japanese 5
- HHB086 Japanese 6
- HHB087 Japanese 7
- HHB088 Japanese 8

GERMAN

1. Students without Year 12 Language qualifications in German should undertake the following unit sequence:

- HHB091 German 1
- HHB092 German 2
- HHB093 German 3
- HHB094 German 4
- HHB095 German 5
- HHB096 German 6

2. Students with Year 12 Language qualifications or equivalent in German should undertake the following unit sequence:

- HHB093 German 3
- HHB094 German 4
- HHB095 German 5
- HHB096 German 6
- HHB097 German 7
- HHB098 German 8

Potential Careers:

Bachelor of Creative Industries (Media and Communication)/Bachelor of Laws (IF10)

Year offered: 2007
Admissions: Yes
CRICOS code: 040288C
Course duration (full-time): 5 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$15360
International Fees (per semester): 2007:$9,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409192; Dfee: 409196
Past rank cut-off: 90. Dfee places were not offered last year.
Past OP cut-off: 6. Dfee places were not offered last year.
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 48 (Semesters 3,4,5,6,9+10), 60 (Semesters 1,2,7+8)
Course coordinator: Creative Industries: Head, Undergraduate Studies (ugenq.ci@qut.edu.au); Law: Director, Undergraduate Programs
Discipline coordinator: Creative Industries: Dr Jason Sternberg
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee does not apply to this program.

General
This five-year professional double degree in Media and Communication and Law combines practical skills and contextual understanding of the media and communication industries with the skills to work as legal practitioners. In addition to the media and communication subjects studied in the first three years, in the fourth and fifth years students concentrate on law studies and have the opportunity to specialise in media law and policy, commercial law, corporate law, taxation law, medico-legal issues, alternative dispute resolution, public international law, Asian legal systems, feminist theories of law or environmental law.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Solicitors’ and Barristers’ Admission Rules.

Career Outcomes
Graduates will find work in private practice as a barrister or solicitor, may practice in law-related government departments or within large companies as ‘in-house’ lawyers. Media and Communication opportunities are similar to those of students with the single Bachelor of Creative Industries (Media and Communication) degree.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Discipline coordinator: Dr Jason Sternberg (Media & Communication); Ms Jeanette McGown (Television); Dr Leo Bowman (Journalism); Dr Gayle Kerr (Advertising); Ms Robina Xavier (Public Relations)
Campus: Gardens Point and Kelvin Grove

General

This professional course is a joint offering by the Faculties of Business and Creative Industries, designed to capitalise on the dynamic area of mass media studies and the communication challenges faced by organisations in the digital age.

Students can participate in a flexible program design that includes areas of study from both Faculties, providing grounding in areas such as international journalism, television, media and communication, advertising and public relations. The combined expertise of these Faculties gives students a unique opportunity to foster their skills in creative, technical and business communication.

Discipline Studies

Students commencing the Bachelor of Mass Communication must complete 24 units of equal weighting totalling 288 credit points comprised of:

- a. Faculty Core (six faculty core units)
- b. Major Core (two majors of six units each)
- c. Electives (six units).

Although studies can be tailored to meet a specific career goal or create a wide variety of career choices, there is a set of recommended combinations of majors. Students are not required to take these combinations, however they do represent the more common and logical choices within a mass communication qualification.

The recommended combinations are:
- Public Relations and International Journalism
- Public Relations and Media and Communication
- Advertising and Television
- International Journalism and Media and Communication.

Career Opportunities

Graduates may obtain employment in a wide variety of public and private sector organisations. Potential employment opportunities include careers as public relations consultants, media planners, copywriters, corporate communication managers, specialist journalists, media production specialists, media advisors and event managers.

Professional Recognition

Graduates of the Bachelor of Mass Communication (depending on their choice of majors) may satisfy the academic requirements for membership of the Advertising Institute of Australia and the Society of Business Communicators.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places

Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Degree Structure

Students commencing the Bachelor of Mass Communication must complete 24 units of equal weighting totalling 288 credit points comprised of:

- a. Faculty Core (six faculty core units)
- b. Major Core (two majors of six units each)
- c. Electives (six units).

Although studies can be tailored to meet a specific career goal or create a wide variety of career choices, there is a set of recommended combinations of majors. Students are not required to take these combinations, however they do represent the more common and logical choices within a mass communication qualification.

The recommended combinations are:

**List 4**

CLB334 Primary Lote Curriculum Studies
CLB374 Studies Of Society And Environment
CLB377 Business Education Studies
CLB411 Introduction to Production Practice in Film and Media Curriculum
CLB412 Advanced Studies In English, Esl Curriculum
CLB453 New Literacies And Technologies Across The Curriculum
CLB443 Trends In The Teaching Of Reading
EDB440 Independent Study
MDB395 Marine Studies Curriculum
MDB453 Middle School Mathematics Education

**Technology**

MDP529 Assessment and Intervention in Mathematics
SPB013 Progressive Strategies For General And Vocational Education
SPB014 Advanced Skills Of Effective Learning And Teaching
SPB016 Teachers and the Curriculum
SPB022 Middle Years Curriculum, Pedagogy and Assessment
HMB342 The Development of Teaching Skills in Primary Physical Education
MDB453 Middle School Mathematics Education

**Potential Careers:**
Community Education Officer, Drama Teacher, Educator, English Teacher, Music Teacher, Secondary School Teacher, Teacher, Visual Arts Teacher.
Bachelor of Music/Bachelor of Education (Secondary) (IF77)

Year offered: 2007
Admissions: No
Course duration (full-time): 4 Years
Domestic fees (per credit point): Commonwealth Supported Place; Full Fee Tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full Fee Tuition $15,360
Domestic Entry: February
QTAC code: 429182
Assumed knowledge: English (4, SA)
Total credit points: 432
Standard credit points per full-time semester: 54 (average). (Note that the minimum enrolment for full-time status varies each year).
Course coordinator: Creative Industries: Associate Professor Adrian Thomas; Education Coordinator: Dr Mal Shield
Discipline coordinator: Creative Industries: Prof Andy Arthurs
Campus: Kelvin Grove

Creative Industries Core Units

KKB007 Introduction to Multimedia Technology
KKB008 Narrative in the Creative Industries
KKB009 Writing for Creative Industries
KKB010 Cultures and Creativity
KKB018 Creative Industries

* KKB007 and KKB009 are recommended for first year students.
** KKB018 is not recommended for first year students until their second semester.

Potential Careers:
Community Education Officer, Dance Teacher, Educator, English Teacher, Government Officer, Music Teacher, Secondary School Teacher, Teacher, Visual Arts Teacher.
Bachelor of Creative Industries (Communication Design)/Bachelor of Information Technology (IF90)

Year offered: 2007
Admissions: No
CRICOS code: 040317C
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007:$15360
International Fees (per semester): 2007:$9,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409872
Past rank cut-off: 77
Past OP cut-off: 11
Assumed knowledge: English (4, SA), and for games technology and security majors, Maths B (4, SA), or for all other majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Adrian Thomas (Creative Industries); Ruth Christie (Info Tech)
Discipline coordinator: Dr Gavin Sade (Creative Industries)
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee does not apply to this course.

Overview
This four year double degree prepares students for work in the games development and entertainment industries. Students study core units plus areas including design and media technologies, games design, software development, interactive writing and programming. Students are introduced to the theories and practices which underpin interdisciplinary design and technology studies. The course brings together information technology core areas of algorithms and data structures, information science and visualisation with the design areas associated with human computer interaction, usability and accessibility, ambient and ubiquitous computing and tangible interfaces.

Students develop creative, technical and professional skills to allow them to work at the interface of design and technology practice. Graduates are well positioned to be leaders in their field, with students prepared for practice in the creative industries in the context of communication design.

Pathways to Honours and post graduate degrees are available.

Cooperative Education Program
An optional one-year period of paid work experience in an area of information technology is available to eligible full-time students. The Cooperative Education Program is a joint venture between employers and educators to better prepare students for employment upon graduation. Companies that QUT’s Cooperative Education students have worked with include Energex, Boeing, CITEC, Global Banking and Securities Transaction, various Queensland Government departments, Dialog, TABQ, RACQ and Sun Microsystems.

For more information visit the Faculty's Cooperative Education program home page at www.fit.qut.edu.au/courses/undergrad/coop/

Career Outcomes
Graduates work in information architecture, educational web development, game design, human computer interaction, information science.

Professional Recognition
Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Electives

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:

* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

**NOTES:**

* Only one Workplace Learning unit may be completed
* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

**Potential Careers:**

Computer Games Developer, Internet Professional, Multimedia Designer, Programmer, Software Engineer, Web Designer.
Bachelor of Creative Industries (Creative Writing) / Bachelor of Laws (IF93)

Year offered: 2007
Admissions: Yes
CRICOS code: 040289B
Course duration (full-time): 5 Years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15,360; CSP $6,664
International Fees (per semester): 2007: $9,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February

OP Guarantee
The OP Guarantee does not apply to this program.

General
Both creative writing and law require high calibre, sophisticated communication. This five-year double degree prepares students to work as professional creative writers, or to work as lawyers in private practice as barristers or solicitors, or to practise with large companies, in government agencies, or as 'in-house' lawyers. Areas of study include all the major areas of law and creative writing. In the first three years, students study a combination of creative writing and law units, and during the fourth and fifth years students concentrate solely on law studies. Students have the opportunity to complement their studies with elective choices from specialist areas of law, including commercial law, corporate law, taxation law, medico-legal issues, alternative dispute resolution, public international law, Asian legal systems, feminist theories of law and environmental law.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Solicitors' and Barristers' Admission Rules.

Career Opportunities
Graduates will work as lawyers in all fields, or with a specialisation in the publishing industry, or as creative writers, editors or publishers in all media.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

  * KKB007 and KKB009 are recommended for first year students.
  ** KKB018 is not recommended for first year students until their second semester.

### Potential Careers:
Graduate Certificate in Advertising (IF94)

Year offered: 2007
Admissions: Yes
CRICOS code: 048325E
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (per credit point): 2007: $130 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $12,480
International Fees (per semester): 2007: $8,500 per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Terry Flew (Creative Industries); Mr Andrew Paltridge (Business)
Campus: Gardens Point and Kelvin Grove

Overview
The Graduate Certificate in Advertising is designed to introduce learners to key facets of the advertising industry and to give them insights into the two major areas of specialisation: Creative Advertising and Strategic Advertising.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale).

Applicants for IX96 Master of Advertising (Creative Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4.5, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4.5 or above in the Graduate Certificate.

Applicants for BS16 Master of Business (Strategic Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4 or above in the Graduate Certificate.

Special Entry Requirements
Applicants who have an undergraduate degree with a GPA below 4, or who do not have a degree or formal qualifications, but have extensive work experience in the advertising industry may be eligible for special entry. Such applicants may be required to attend a selection interview and present a portfolio of work.

Past OP cut-off: Admission to course is based on additional entry requirements. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (average)
Course coordinator: Creative Industries: Associate Professor Adrian Thomas; Education Coordinator: Dr Mal Shield
Discipline coordinator: Dance Study Area Coordinator: Rachel Mathews
Campus: Kelvin Grove and Carseldine

Overview
This double degree qualifies students to teach dance in Australian secondary schools. In the first two years students study the technique and philosophy of a number of dance styles plus dance analysis, history and sociology, dance composition and basic kinesiology and alignment. Students generally participate in a daily class of various styles. In addition to Dance, students study a second teaching area, choosing from Drama, Music, English, Film and Media, Geography, History and Languages. In the final two years students concentrate on teacher preparation.

OP Guarantee
The OP Guarantee does not apply to this course.

Additional Entry Requirements
Applicants are selected on the basis of their audition and previous academic achievement. The final date to register for an audition and submit additional materials to QUT was 1 September 2006. Late registrations and submission of materials will not be accepted.

Auditions
Auditions will be held in Brisbane, Melbourne, Sydney, Canberra, Adelaide, and Townsville in late September/early October. Confirmation dates and venues will be posted to registrants after registrations close.

Career Outcomes
Graduates of this course are qualified to teach in secondary education with a specialisation in Dance. Graduates may wish to explore the avenues of performance, freelance choreography, dance research and administration.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

### Second Teaching Area Units

#### English (48 credit points)

- **Required Unit**
  - CLB320 Studies In Language

- Up to 12 credit points from Introductory Level Units:
  - KCB102 Media and Society: From Printing Press to Internet
  - KWB108 Introduction To Literary Theory and Cultural Studies

- No less than 24 credit points from Advanced Level Units:
  - CLB321 Writing Workshop
  - CLB322 Literature In Secondary Teaching
  - CLB323 Teaching Adolescent Literature
  - KWB109 Ozit
  - KWB206 Youth and Children's Writing
  - KWB308 Wonderlands: Literature and Culture in the 19th Century
  - KWB309 Popular Fictions, Popular Culture
  - KWB208 Modern Times (Literature and Culture in the 20th Century)
  - KWB209 Shakespeare, Then and Now

#### Film and Media (48 credit points)

- **Required Units**
  - KPB101 Foundations of Film and Television Production
  - KPB108 Media Text Analysis

- No less than 24 credit points from:
  - KPB102 Film History
  - KPB103 Film Genres
  - KPB104 Film and Television Production Resource

#### History (48 credit points)

- **null**

- **Note:** Students should seek to select units from each of areas of Australian, Asian, European and the Ancient World. Students should check with QUT Carseldine Faculty on availability of units.

- Up to 24 credit points from Introductory Units
  - HHB121 Interpreting The Past
  - HHB122 Colonialism And Independence In Asia Pacific

- No less than 24 credit points from Advanced Units
  - HHB238 Asian Cultures And Societies
  - HHB245 Australia And The South Pacific
  - HHB315 Sex And Drugs In South-East Asia
  - HHB248 The USA and The Asia Pacific Region
  - HHB259 War And Revolution In Europe 1914-1945
  - HHB246 Modern China
  - HHB237 Brisbane in the Twentieth Century
  - HHB253 Conspiracy And Dissent In Australian History
  - HHB257 The Classical World
  - HHB258 Foundations of Modern Europe

Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (Average)

Course coordinator: Creative Industries: Associate Professor Adrian Thomas; Education: Dr Mal Shield
Discipline coordinator: Drama: Ms Sharon Hogan
Campus: Kelvin Grove and Carseldine

General
This four-year double degree qualifies students to teach Drama in schools in Australia and overseas. In the first two years students undertake units in Drama, blending practice with theoretical concepts strongly focused on developing artistic, organisational and communication skills. In addition to Drama, students study a second teaching area selected from Dance, Music, Visual Art, English, Film and Media Studies, Geography, History and Languages. In the second two years students concentrate on teacher preparation, equipping them through drama curriculum units with the skills necessary to be effective drama educators.

Career Outcomes
Graduates are employed as Drama teachers in secondary schools, work with the State Government in education, or as education officers with performing arts companies and in youth arts.

OP Guarantee
The OP Guarantee does not apply to this course.

Additional Entry Requirements
The Drama major within the Bachelor of Creative Industries double degree comprises a range of practical and theoretical studies in theatre, drama and performance, but is not an acting course. While applicants have been required to audition for this course in the past, an audition is no longer considered an appropriate measure of prospective students’ suitability for this program. Entry will solely be determined on OP/rank as per QUT admissions policies as published in Real Options.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Board of Teacher Registration

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

IMPORTANT NOTICE
This course code has been discontinued. The
new course code for commencing students is IX16 Bachelor of Creative Industries/Bachelor of Education (Secondary). Continuing students should refer to their Course Summary Sheet for enrolment information.

### Creative Industries Faculty Undergraduate Open Electives

**Rules for selecting electives:**

- You must obey any elective rules as set out in your course requirements.
- You cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
- You must have successfully completed any pre/co-requisite units applicable.
- The offering of elective units is subject to sufficient student enrolment numbers and staff availability.
- Some units are subject to quota restrictions.
- KK33, KK34, KJ32, KM32, IX07 and IX16 students only are permitted to select electives from outside the Faculty of Creative Industries.

Potential Careers:
Community Education Officer, Drama Teacher, Secondary School Teacher.
Bachelor of Music/Bachelor of Education (Secondary) (IX07)

Year offered: 2007
Admissions: Yes
CRICOS code: 020319M
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full fee tuition $15,360
International Fees (per semester): 2007: $8,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 429182
Past rank cut-off: Admission to course is based on audition, interview and previous academic achievement. Please refer to Additional Entry Requirements.
Past OP cut-off: Admission to course is based on audition, interview and previous academic achievement. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (average). (Note that the minimum enrolment for full-time status varies each year).
Course coordinator: Creative Industries: Associate Professor Adrian Thomas; Education Coordinator: Dr Mal Shield
Discipline coordinator: Music: Mr Greg Jenkins
Campus: Kelvin Grove and Carseldine

General
This four-year professional double degree prepares you to teach secondary school Music in Australian schools. In the first two years you may specialise in a range of performance and production areas. In addition you may opt to take a second teaching area selected from Dance, Drama, Visual Art, English, Film and Media Studies, Geography, History and Languages, or alternatively, study instrumental music teaching or primary specialist music teaching. Students taking the instrumental music strand are also encouraged to take second study instruments. In the final two years you will concentrate on teacher preparation equipping yourself through Music curriculum units, with the skills necessary to be effective Music educators.

Additional Entry Requirements
Applicants are selected on the basis of their audition, interview and previous academic achievement. The final date to register for an audition and submit additional materials to QUT was 1 September 2006. Late registrations and submission of materials will not be accepted.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Graduates teach instrumental or classroom Music in secondary and primary schools.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment
QUT’s deferment policy does not apply to this course.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.)
and who have been invited and accepted to continue as a fee-paying student.

**Second Teaching Area - Instrumental Music**

**Semester 1, Year 1**
- Creative Industries Core Unit
- KMB105 Music and Sound Technology
- KMB120 Music Performance 1
- KMB130 Core Musicianship 1
  - Choose one unit from List D

**Semester 2, Year 1**
- Creative Industries Core Unit
- KMB108 Sound Recording and Acoustics
- KMB113 Multi-Instrumental Music A
- KMB121 Music Performance 2
- KMB131 Core Musicianship 2
  - Choose one unit from List D

**Semester 1, Year 2**
- KMB204 Music and Sound Textures
- KMB209 Conducting
- KMB214-1 Music and Sound: Principal Study A
  - Choose two of the following three units:
- KMB206 Jazz and Popular Musicianship

### Second Teaching Area Units

#### English (48 credit points)

- **Required Unit**
  - CLB320 Studies in Language

- **Up to 12 credit points from Introductory Level Units:**
  - KCB102 Media and Society: From Printing Press to Internet
  - KWB108 Introduction to Literary Theory and Cultural Studies

- **No less than 24 credit points from Advanced Level Units:**
  - CLB321 Writing Workshop
  - CLB322 Literature in Secondary Teaching
  - CLB323 Teaching Adolescent Literature
  - KWB109 Ozit
  - KWB206 Youth and Children’s Writing
  - KWB308 Wonderlands: Literature and Culture in the 19th Century
  - KWB309 Popular Fictions, Popular Culture
  - KWB208 Modern Times (Literature and Culture in the 20th Century)
  - KWB209 Shakespeare, Then and Now

#### Film and Media (48 credit points)

- **Required Units**
  - KPB101 Foundations of Film and Television Production
  - KPB108 Media Text Analysis

- **No less than 24 credit points from:**
  - KPB102 Film History
  - KPB103 Film Genres
  - KPB104 Film and Television Production Resource Management
  - KPB105 Narrative Production
  - KPB106 Australian Television
  - KPB203 Australian Film
  - KPB205 Documentary Theory and Practice

#### Geography (48 credit points)

- **Up to 24 credit points from Introductory Units**
  - HHB127 Environment and Society

#### History (48 credit points)

- **null**
  - Note: Students should seek to select units from each of areas of Australian, Asian, European and the Ancient World. Students should check with QUT Carseldine Faculty on availability of units.

- **Up to 24 credit points from Introductory Units**
  - HHB121 Interpreting the Past
  - HHB122 Colonialism and Independence in Asia Pacific

- **No less than 24 credit points from Advanced Units**
  - HHB238 Asian Cultures and Societies
  - HHB245 Australia and the South Pacific
  - HHB315 Sex and Drugs in South-East Asia
  - HHB248 The USA and the Asia Pacific Region
  - HHB259 War and Revolution in Europe 1914-1945

**Potential Careers:**

Educator, Music Teacher, Musician, Secondary School Teacher.
Bachelor of Creative Industries (Visual Arts)/Bachelor of Education (Secondary) (IX08)

Year offered: 2007
Admissions: No
CRICOS code: 040316D
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: Full Fee Tuition $15,360
International Fees (per semester): 2005: A$8,000; 2006: A$8,000 (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 429152; Dfee: 429156
Past rank cut-off: Admission to course is based on additional entry requirements. Please refer to Additional Entry Requirements.
Past OP cut-off: Admission to course is based on additional entry requirements. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (Average)
Course coordinator: Associate Professor Adrian Thomas (Creative Industries); Dr Mal Sheild (Education)
Discipline coordinator: Mr Mark Webb (Visual Arts)
Campus: Kelvin Grove

Additional Entry Requirements
Applicants are selected on the basis of their portfolio and previous academic achievement. The due date to lodge a portfolio and additional materials to QUT was 20 October 2006. Late submissions will not be accepted.

OP Guarantee
The OP Guarantee does not apply to this course.

General
This four-year double degree qualifies graduates to teach as art teachers in Australian secondary schools. In the first two years students undertake practical and theoretical introductory studies about artistic ideas, concepts and aesthetic judgements as well as working in two- and/or three-dimensional media. Studio areas include Painting, Printmaking, and Sculpture with supporting areas of Drawing and Photography. Students study a second teaching area selected from Dance, Drama, Music, English, Film and Media Studies, Geography, History and Languages. In the final two years students concentrate on teacher preparation, equipping them through art curriculum units with the skills to be effective art educators.

Career Outcomes
Graduates work as art teachers in secondary schools, are employed by State Government in education, as education officers with community art projects and in youth arts.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Board of Teacher Registration

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card. to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card. immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Course coordinator: (Creative Industries) Associate Professor Adrian Thomas; (Education) Dr Mal Shield
Discipline coordinator: Rachel Pedro
Campus: Kelvin Grove

Overview
This double degree qualifies you to teach dance in Australian secondary schools. In the first two years you will study the technique and philosophy of a number of dance styles plus dance analysis, history and sociology, dance composition and basic kinesiology and alignment. Students generally participate in a daily class of various styles. In addition to Dance, you will study a second teaching area, choosing from Drama, Music, English, Film and Media, Geography, History and Languages. In the final two years you concentrate on teacher preparation.

Additional Entry Requirements
Applicants are selected on the basis of their audition and previous academic achievement. Applicants will be able to register online via addentry.qut.com for the audition in late July. Registrations and submission of required materials with QUT close on 30 August 2007. A $33 service fee applies. Applicants applying for more than one Dance course are required to pay only one service fee of $33. If you are unable register online please contact QUT Creative Industries Faculty in mid July by phoning 07 3138 8114 for further assistance.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Graduates of this course are qualified to teach in secondary education with a specialisation in Dance. Graduates may wish to explore the avenues of performance, freelance choreography, dance research and administration.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Deferment
QUT’s deferment policy does not apply to this course.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth
Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Discipline coordinator: Dr Sandra Gattenhof
Campus: Kelvin Grove

General
This four-year double degree qualifies you to teach Drama in schools in Australia and overseas. In the first two years you will undertake units in Drama, blending practice with theoretical concepts strongly focused on developing artistic, organisational and communication skills. In addition to Drama, you study a second teaching area selected from Dance, Music, Visual Art, English, Film and Media Studies, Geography, History and Languages. In the second two years you will concentrate on teacher preparation, equipping yourself through drama curriculum units with the skills necessary to be an effective drama educator.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Graduates are employed as Drama teachers in secondary schools, work with the State Government in education, or as education officers with performing arts companies and in youth arts.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

General
This four-year double degree qualifies you to teach as an art teacher in Australian secondary schools. In the first two years you will undertake practical and theoretical introductory studies about artistic ideas, concepts and aesthetic judgements as well as working in two- and/or three-dimensional media. Studio areas include Painting, Printmaking, and Sculpture with supporting areas of Drawing and Photography. Students study a second teaching area selected from Dance, Drama, Music, English, Film and Media Studies, Geography, History and Languages. In the final two years you will concentrate on teacher preparation, equipping yourself through art curriculum units with the skills to be an effective art educator.

Additional Entry Requirements
Applicants are selected on the basis of their portfolio and previous academic achievement. Applicants will be able to obtain the Visual Arts Application Guide online via addentry.qut.com or by phoning QUT Creative Industries Faculty on 07 3138 8114 in mid July. The final date to lodge the portfolio and other required materials to QUT is 19 October 2007. A $33 service fee applies; applicants applying for more than one Visual Arts course are required to pay only one service fee of $33.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Graduates work as art teachers in secondary schools, are employed by State Government in education, as education officers with community art projects and in youth arts.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

<td>Media Text Analysis</td>
</tr>
</tbody>
</table>

*No less than 24 credit points from:  
KPB102 | Film History |
KPB103 | Film Genres |
KPB104 Film and Television Production Resource Management
KPB105 Narrative Production
KPB106 Australian Television
KPB203 Australian Film
KPB205 Documentary Theory and Practice

Geography (48 credit points)
Up to 24 credit points from Introductory Units
HHB127 Environment And Society
HHB107 World Regions
HHB251 Australian Resource Management
No less than 24 credit points from Advanced Units
HHB250 Australian Geographical Studies
HHB228 Environmental Hazards
HHB229 Windows On Japan
HHB269 Ethics, Technology And The Environment
HHB244 Southeast Asia In Focus

History (48 credit points)
null
Note: Students should seek to select units from each of areas of Australian, Asian, European and the Ancient World. Students should check with QUT Carseldine Faculty on availability of units.
Up to 24 credit points from Introductory Units
HHB121 Interpreting The Past
HHB122 Colonialism And Independence In Asia Pacific
No less than 24 credit points from Advanced Units
HHB238 Asian Cultures And Societies
HHB245 Australia And The South Pacific
HHB315 Sex And Drugs In South-East Asia
HHB248 The USA and The Asia Pacific Region
HHB259 War And Revolution In Europe 1914-1945
HHB246 Modern China
HHB237 Brisbane in the Twentieth Century
HHB253 Conspiracy And Dissent In Australian History
HHB257 The Classical World
HHB258 Foundations of Modern Europe
HHB260 Nations And Nationalism In Modern Europe
HHB261 Medieval Europe
HHB109 Australian Historical Studies
HHB239 Korean Culture And Societies

EDUCATION COMPONENT

Year 3, Semester 1
EDB002 Teaching and Learning Studies 2: Development and Learning
EDB031 Secondary Field Studies 1: Development and Learning in the Field
KVB301 Visual Arts Curriculum Studies 1
Curriculum Studies 1Y

Year 3, Semester 2
EDB003 Teaching and Learning Studies 3: Practising Education
EDB032 Secondary Field Studies 2: Practising Education in the Field
KVB302 Visual Arts Curriculum Studies 2
Curriculum Studies 2Y

Year 4, Semester 1
EDB004 Teaching and Learning Studies 4: Inclusive Education
EDB033 Secondary Field Studies 3: Inclusive Educational Practices
KVB303 Visual Arts Curriculum Studies 3
Curriculum Studies 3Y

Year 4, Semester 2
EDB005 Teaching and Learning Studies 5: Professional Work of Teachers
EDB034 Secondary Field Studies 4: Professional Work of Teachers - Induction into the Field
EDB035 Internship (Secondary)
EDB007 Culture Studies: Indigenous Education
Potential Careers:
Art Project Manager, Artist, Arts Administrator, Curator,
Dance Teacher, Drama Teacher, Educator, Media Industry
Specialist, Multimedia Designer, Music Teacher, Secondary
School Teacher, Teacher, Visual Artist, Visual Arts Teacher,
Web Designer.
Bachelor of Creative Industries / Bachelor of Information Technology (IX27)

Year offered: 2007
Admissions: Yes
CRICOS code: 059227E
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2007: $160 per credit point (subject to annual review)
Domestic fees (indicative): 2007: $15360
International Fees (per semester): 2007: $9,000 per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409872
Past rank cut-off: 10
Past OP cut-off: 80
Assumed knowledge: English (4, SA), and for games technology and security majors, Maths B (4, SA), or for all other majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: IT: Ms Ruth Christie; Creative Industries: Head, Undergraduate Studies (ugenq.ci@qut.edu.au)
Campus: Gardens Point and Kelvin Grove

General
This four-year program gives you the opportunity to allow your creative side to shine through as it complements your technical information technology skills. The integrated program consists of 16 creative industries units and 16 information technology units so that you will study both creative industries and information technology units in each semester. You will choose one creative industries major from communication design, interdisciplinary, music or sound design. You will also choose one information technology major from business systems engineering, databases, electronic business, games technology, information and knowledge management, information systems, information technology management, intelligent systems, security, network systems, software architecture, or web services and applications.

Career Outcomes
Career outcomes vary depending on the specialisations undertaken in each of the component degrees. Graduates enjoy a range of jobs including digital media programmer, simulation designer or developer, quality assurance tester, sound designer, mobile entertainment and communications developer, knowledge worker in music and sound, web developer and digital product strategist.

Additional Entry Requirements (for the majors below)
In addition to meeting the cut-off applicants who wish to study one of the following Creative Industries majors below must also pass the additional entry requirement listed below. Please note registrations to attend an audition or submission of portfolio as well as submission of additional materials to QUT have closed for 2006. Late registrations and submissions will not be accepted.

Sound Design: Portfolio and interview. Closed on 20 October 2006.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

- KMB205 Sound Media Musicianship
- KMB214-2 Music and Sound: Principal Study A

**Year 4, Semester 1**
- KKB290 Supervised Group Project

### Business Systems Engineering Major

#### Compulsory Units
- ITB222 Systems Analysis and Design
- ITB228 Enterprise Systems
- ITB245 R/3 System Administration
- ITB298 Business Process Engineering

#### IS Elective Units
- Select two (2) units from the following list
  - ITB218 Applications Programming
  - ITB223 Software Development with ORACLE
  - ITB230 Project
  - ITB237 Advanced Databases
  - ITB245 R/3 System Administration
  - ITB255 Knowledge Management
  - ITB266 Information Management
  - ITB267 Business Analytics
  - ITB272 Information Technology Project Management
  - ITB294 Information Quality
  - ITB322 Information Resources

### Databases Major

#### Compulsory Units
- ITB229 Database Design
- ITB232 Database Management
- ITB239 Enterprise Data Mining
- ITB295 XML: Data and Document Processing

#### IS Elective Units
- Select two (2) units from the following list
  - ITB218 Applications Programming
  - ITB223 Software Development with ORACLE
  - ITB230 Project
  - ITB237 Advanced Databases
  - ITB245 R/3 System Administration
  - ITB255 Knowledge Management
  - ITB266 Information Management
  - ITB267 Business Analytics
  - ITB272 Information Technology Project Management
  - ITB294 Information Quality
  - ITB322 Information Resources

### Electronic Business Major

#### Compulsory Units
ITB233 Enterprise Systems Applications
ITB239 Enterprise Data Mining
ITB260 E-Commerce Site Development
BSB212 Electronic Business Applications
BSB213 Governance Issues in E-Business
BSB314 E-Business Intelligence

Games Technology Major

Compulsory Units
ITB711 Programming Abstraction
ITB743 Artificial Intelligence
ITB746 Modelling and Animation Techniques
ITB747 Real Time Rendering Techniques
ITB749 Scientific Programming
MAB281 Mathematics for Computer Graphics

Information and Knowledge Management Major

Please contact the Course Coordinator for enrolment advice

Information Technology Management Major

Compulsory Units
ITB222 Systems Analysis and Design
ITB241 Information Technology Management
ITB264 Information Systems Consulting
ITB272 Information Technology Project Management

IS Elective Units
Select two (2) units from the following list
ITB218 Applications Programming
ITB223 Software Development with ORACLE
ITB230 Project
ITB237 Advanced Databases
ITB245 R/3 System Administration
ITB255 Knowledge Management
ITB266 Information Management
ITB267 Business Analytics
ITB272 Information Technology Project Management
ITB294 Information Quality
ITB322 Information Resources

Information Systems Major

Compulsory Units
ITB228 Enterprise Systems
ITB229 Database Design
ITB260 E-Commerce Site Development

IS Elective Units
Select two (2) units from the following list
ITB218 Applications Programming
ITB223 Software Development with ORACLE
ITB230 Project
ITB237 Advanced Databases

ITB267 Business Analytics
ITB322 Information Resources

Intelligent Systems Major

Compulsory Units
ITB239 Enterprise Data Mining
ITB295 XML: Data and Document Processing
ITB740 Agent Based Software Engineering
ITB741 Information Retrieval Technology

Elective Units
Select two (2) units from the following list
ITB322 Information Resources
ITB710 Fundamentals of Computer Science
ITB715 Web Services
ITB742 Computational Intelligence
ITB743 Artificial Intelligence

Network Systems Major

Compulsory Units
ITB720 Internet Protocols and Services
ITB721 Unix Network Administration
ITB722 Network Planning and Deployment

Elective Units
Select three (3) units from the following list
ITB710 Fundamentals of Computer Science
ITB723 Wireless and Mobile Devices
ITB745 Operating Systems
ITS701 Ccna 1 & 2: Internetworking and Routing Basics
ITS702 Ccna 3 & 4: Switching and Wide Area Networking

Security Major

Compulsory Units
ITB720 Internet Protocols and Services
ITB721 Unix Network Administration
ITB730 Information Security Fundamentals
ITB731 Security Technologies
ITB732 Cryptology and Protocols
ITB733 Network Security

Software Architecture Major

### Creative Industries Faculty Undergraduate Open Electives

#### Creative Industries Faculty Undergraduate Open Electives

- These unit offerings are current at the time of publication but are subject to change.
- Creative Industries students may choose elective units from the following list OR from outside the Faculty area subject to the following guidelines:
  - * you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
  - * you must obey any elective rules as set out in your course requirements
  - * you must have successfully completed any pre/co-requisite units applicable
  - * the offering of elective units is subject to sufficient student enrolment numbers and staff availability
  - * some units are subject to quota restrictions

OP Guarantee
The OP Guarantee does not apply to this course.

Additional Entry Requirements (for the majors below)
In addition to meeting the cut-off applicants who wish to study one of the following Creative Industries majors below must also pass the additional entry requirement listed below. Further information will be available in July via addentry.qut.com or by phoning 07 3138 8114. A $33 service fee applies for each of the Creative Industries majors below. Applicants applying for more than one course in the same area are required to pay only one service fee of $33. Closing dates are listed below.

Dance: lodge required materials with QUT by 30 August 2007 and pass the audition. Auditions and interviews will be held in Brisbane, Melbourne, Sydney, Canberra, Adelaide, Townsville and Rockhampton. Confirmation of dates and venues will be posted after applications close.

Music: lodge required materials with QUT by 19 October 2007 and pass the audition.

Sound Design: lodge required materials with QUT by 19 October 2007 and pass the portfolio.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia (Queensland Division).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Creative Industries) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing, public relations.

The Creative Industries component is made up of 24 credit points of Faculty core units, 144 credit points from a Creative Industries major and 24 credit points of elective units.

The Creative Industries majors are communication design, creative writing, dance, drama, interdisciplinary, media and communication, music, sound design, television and visual arts.

Students will complete one Business and one Creative Industries major.
**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Domestic student tuition fee (Dfee) places**

Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.
