QUEENSLAND UNIVERSITY OF TECHNOLOGY

QUT is a leading Australian university with a strong professional emphasis in its course profile and a rapidly developing research reputation. Established as a university in 1989, its predecessor institutions were among Queensland’s earliest tertiary education providers. Today, with an annual budget of $580 million, QUT enrols nearly 40,000 students across more than 300 degree programs.

QUT’s courses are in high demand, and graduates enjoy excellent job and career outcomes. Academic programs from bachelor degree to PhD are offered in: built environment and engineering, business, creative industries, education, health, science and technology, and law. Some 22 per cent of total enrolments are at postgraduate level, and 14 per cent of our students come from overseas.

QUT is recognised nationally and internationally for the relevance of its teaching and research to industry, the professions and the broader community. The university’s “real world” positioning is also underpinned by close relationships with employers and professional bodies, which provide students with a unique balance of theory and practical skills. QUT makes extensive and innovative use of technology to enhance student learning, and QUT academics led national awards for university teaching in 2008. QUT is also committed to improving educational outcomes for Indigenous Australians and supporting low-income students with scholarships and bursaries. The university has also developed a progressive recruitment and development strategy for early and mid-career academics.

Over the past decade, QUT has greatly expanded its research and international profile. It leads four national research centres (in dementia, construction innovation, engineering asset management and interactive design) and is a participant in several others. It has established Queensland’s first Confucius Institute and hosts the Australian-Canadian Prostate Cancer Research Alliance, the ARC Centre of Excellence for Creative Industries and Innovation, the Syngenta Centre for Sugarcane Biofuel Development and the Microsoft eResearch Centre.

In 2008, QUT announced ambitious plans to establish a new Science and Technology Precinct, with the aim to create an internationally significant hub for the integration of science, technology, engineering and mathematics disciplines. QUT’s commercialisation company, bluebox, develops and manages commercial relationships between QUT and industry.

Four major institutes draw together researchers from across the university to work together, and with external partners, to provide high-impact solutions to some of the major challenges of our time. The Institute of Health and Biomedical Innovation involves 700 researchers from different disciplines to bridge the gap between science and better health. Other research institutes are in the areas of information security, sustainability and creative industries.

Based in Brisbane, QUT has three campuses: at Gardens Point and Kelvin Grove in the inner city, and at Caboolture north of the city. At Kelvin Grove, a modern urban village development is integrating the campus with the community. QUT’s Creative Industries Precinct, the Institute of Health and Biomedical Innovation, community teaching clinics, sporting facilities and student accommodation are all part of the Kelvin Grove Urban Village, along with residential and retail development.

QUT is a member of the Australian Technology Network of universities, along with RMIT, UTS, UniSA and Curtin.

www.qut.edu.au
The schedule of dates which appears below is the University’s official calendar. Not all courses comply with the official calendar in every respect. Detailed information on individual course calendars is available from faculty offices.

PUBLIC HOLIDAYS 2009

1 January  New Year's Day
26 January  Australia Day
10 April  Good Friday
11 April  Easter Saturday
13 April  Easter Monday
25 April  ANZAC Day
8 June  Queen's Birthday
10 August  Caboolture Show*
12 August  RNA Show **
25 December  Christmas Day
26 December  Boxing Day

SEMESTER 1, 2009

16–20 February  Week 0/Orientation
23–27 February  Week 1
2–6 March  Week 2
9–13 March  Week 3
16–20 March  Week 4
23–27 March  Week 5
30 March–3 April  Week 6
6–10 April  Week 7
13–17 April  Vacation
20–24 April  Week 8
27 April–1 May  Week 9
4–8 May  Week 10
11–15 May  Week 11
18–22 May  Week 12
25–29 May  Week 13
1 June  Classes in lieu of Labour Day holiday
2 June  Classes in lieu of Good Friday holiday
1–5 June  Exam Preparation
6 June  Exams
9–13 June  Exams
15–20 June  Exams
22–23 June  Exams
24–26 June  Vacation
29 June–3 July  Vacation
6–10 July  Vacation

SEMESTER 2, 2009

13–17 July  Week 0/Orientation
20–24 July  Week 1
27–31 July  Week 2
3–7 August  Week 3
10–14 August  Week 4
17–21 August  Week 5
24–28 August  Week 6
31 August–4 September  Week 7
7–11 September  Week 8
14–18 September  Week 9
21–25 September  Week 10
28 September–2 October  Vacation
5–9 October  Week 11
12–16 October  Week 12
19–23 October  Week 13
26 October  Classes in lieu of RNA and Caboolture Show holidays
26–30 October  Exam Preparation
31 October  Exams
2–7 November  Exams
9–14 November  Exams

SUMMER PROGRAM 2009/2010

16–20 November  Week 1
23–27 November  Week 2
30 November–4 December  Week 3
7–11 December  Week 4
14–18 December  Week 5
21–25 December  Week 6
28 December–1 Jan, 2010  Vacation
4–8 January  Week 7
11–15 January  Week 8
18–22 January  Week 9
25–29 January  Week 10
1–5 February  Week 11
8–12 February  Week 12/Exams
15–19 February  Exams/O Week, Sem 1, 2010
22 February  Semester 1, 2010 classes commences

* For students enrolled at Caboolture campus only.
** For students enrolled at Brisbane based campuses only.
COUNCIL AND COMMITTEES

COUNCIL

Composition, membership, powers and responsibilities of QUT Council are governed by the QUT Act 1998 (see MOPP Appendix 1). Procedures for regulating the University's committee system, including conduct of business by Council, are detailed in Council Procedure 1 — Committees (see MOPP Appendix 2).

QUT Council comprises senior members of the professions for which QUT prepares graduates; appointees from higher education, government, commerce and industry; elected staff, students and members of Alumni; and the University's chief executive officer. Council is responsible for the good governance of the University.

Council is empowered to establish committees and to delegate power to committees or officers of the University. While Council is ultimately responsible for the management and operation of QUT, it has delegated authority to the chief executive officer, the Vice-Chancellor, and to various senior administrators of QUT for much of the day-to-day management of the University (see MOPP Appendix 3). Council has also established a number of committees, some of which have been authorised to make decisions in respect of prescribed policy and procedural matters.

COUNCIL MEMBERSHIP

Chancellor (Chair)
Major General P. (Peter) Arnison, AC, CVO (Retd), BEc DLaws Qld, DUniv Griff, DLetters S.Qld, DUniv, FAICD, ASIA

Vice-Chancellor
Prof P. (Peter) Coaldrale, BA(Hons) James Cook, PhD Griff, FAIM, FRIPAA

Chair of University Academic Board
Prof K. (Ken) Bowman AM, MScOptom Melb., LOSc, FAAO. Acting Deputy Vice-Chancellor (Academic)

Nominees of the Minister for Education
Ms H. (Helen) Gluer, MBA S Qld, BComm Qld, CPA. Chief Executive, Tarong Energy

Mr N. (Nathan) Jarro, LLB / BBus (Accy) QUT. Barrister

Mr S. (Stephen) Keim, BA LLB(Hons) Qld. Barrister

Prof A. (Anne) Kelso, BSc(Hons), PhD Melb. Director, WHO Collaborating Centre for Reference and Research on Influenza

Mr H. (Hugh) Nalder, B Bus (Acc) QUT, MICA, MASCPA, MAIMM. Consultant

Dr L. (Lee-Anne) Perry, BEd(Hons) MEd Syd, DipCL BIF, DEd QUT. Principal, All Hallows' School

Dr J (John) Puttick, DUniv QUT, FAICD, FAIM. Chairman, GBST Holdings Limited

Ms R. (Rosemary) Vilgan, BBus QUT, DipSupMgt Macq, FASFA, FAICD. Chief Executive Officer, QSuper Limited

Nominees of Council
Dr K. (Keith) Hilless AM, BE(Elec) Qld, DUniv QUT

Prof M. (Mark) Wainwright AM, MAppSc Adel, PhD McM, DSc UniSA, FTSE, FIEAust, FChemE, FRACI.

Elected Academic Staff Members
Prof J. (Judith) Clements, BAppSc MAppSci RMIT, PhD Monash. Faculty of Science and Technology

Mr R (Ross) Daniels, BA(SocWk) BA(Econs) MSPD Qld. Faculty of Health

Prof R (Rodney) Wolff, BSc(Hons) Qld, DPhil Oxon, CStat RSS. Faculty of Science and Technology

Elected Student Members*
Ms C. (Cadie) Fitzgerald
Mr J. (Joshua) Duffy

Elected Alumni Members
Mr B. (Brett) Hooker, BBus(Comp) QUT. Managing Director, Roarz Computing

Ms M. (Marisa) Vecchio, BA Qld, MBA QUT. Managing Director, B-Bling

Secretary
Dr C. (Carol) Dickenson, BBus QIT, PhD Qld. Registrar.

Tenure
Council serves a four-year term from 21 November 2008.

* Student members serve a two-year term.

COMMITTEES

QUT committees form the major decision-making structure of the University and student representation is provided for on both University and faculty committees. The major University committees that have student representation as part of their membership are:

- Academic Policy and Procedures Committee
- Appeals Committee
- Discipline Review Panel
- Equity Board
- QUT Council
- Research Degrees Committee
- Teaching and Learning Committee
- University Academic Board.

QUT encourages student representation on the above committees. If you are interested in finding out more about University committees contact Governance Services on 07 3138 2088.
CHANCELLERY
Vice-Chancellor: Professor O.P. Coald rake, BA(Hons)
James Cook, PhD Griff, FAIM, FRIPAA
Deputy Vice-Chancellor (Academic): Professor D.G. Gardiner, BA LLM(Hons) Synd.
Deputy Vice-Chancellor (Teaching Quality): Professor S. Vianne McLean, Dip KTC BKTC, BEdStud Qld, MEd PhD Arizona State University
Dean of Studies: Professor S. Towers, BEd WACAE, MEd UWA, PhD QUT
Director, Assurance and Risk Management Services: S. Patel, BA(Acctg) S.Pacific, CPA
Manager, Oodgeroo Unit: V. Hart

DIVISION OF ADMINISTRATIVE SERVICES
University Registrar and Head, Administrative Services: C. Dickenson, BBus QIT, PhD Qld
Director, Student Support Services: C. Hepperlin, BSc(Hons) NSW, M ClinPsych Macquarie, MBA Syd, MAPsS
Director, Student Business Services: K. Grgic, BA Grad DipEd Adel, GradDipLib S Aust Institute of Technology, MApplSc C.Sturt, AFAIM, MAHRI
Director, Marketing and Communication: T. Wilson, BBus MBus QUT

Director, Governance Services: S. Johnstone, BA ANU, DipConEd NE
Coordinator, Equity: M.A. Kelly, BA DipEd Qld
Student Ombudsman: R.P. Morley, BBus QIT, MAdmin Griff.

DIVISION OF FINANCE AND RESOURCE PLANNING
Executive Director, Finance and Resource Planning: Vacant
Director, Financial Services: C. Cartwright, BBus CPA
Associate Director, Corporate Performance: P. Alner, BlnfoTech Griff., Grad DipComm MBus(CommSt)
Acting Director, Decision Support: J. Borlase, BBus(Acc) VU
Associate Director, Financial Systems: W. McCullough, BlnfoTech

DIVISION OF TECHNOLOGY, INFORMATION AND LEARNING SUPPORT
Deputy Vice-Chancellor, Technology, Information and Learning Support: Professor T. Cochrane, BA Qld, MPhil Griff, FALIA
Director, Information Technology Services: N. Thelander, CMACS, PCP
Director, Library Services: J. Stokker, BA Qld, GradDipLib, ALLIA
Director, Teaching and Learning Support Services (TALSS): D. Southwell, MEd BEd ECU, DipTeach WACAE, DipBibStud BTCQ
Associate Director, Teaching and Learning Support Services (TALSS): W. Harper
Associate Director, Corporate Information Services: J. Dascoll, BA CU
Associate Director and Manager, Network Services: Vacant
Acting Associate Director, Library Services, Development: S. Fredline, BAgSc Qld, GradDipLibSc QUT, AALLIA
Associate Director, Library Services, Information Resources: C. Young, BA Qld, AALLIA
Director, Integrated Help Services Section: G. Mitchell, BlnfoTech(Qld) GradCertHigherEd Griff., PhD Well.
Associate Director, Infrastructure Services: W. Fraser, BSci Qld, GradCertLegalStudies QUT

DIVISION OF RESEARCH AND COMMERCIALISATION
Deputy Vice-Chancellor, Research and Commercialisation: Professor A. Sharma, MSc BITS, PhD SUNY Buffalo
Dean of Research and Research Training, Research Students Centre: Professor R.C. Wiessler, BA(Hons) PhD Qld
Manager, Office of Commercial Services: C. Melvin, BBus(Mgmt) QIT, MBA Qld
Manager, Office of Research: M. McArdle, BA Qld

DIVISION OF INTERNATIONAL AND DEVELOPMENT
Deputy Vice-Chancellor, International and Development: S. Sheppard, BA Modern Asian Studies Griff.

QUT International College
Director, QUT International College: E. McDade, TDipCom Strathclyde, TCert Jordanhill, BEdSt Qld, MAcc C.Sturt
Senior Officers of the Administration

Director of Studies, University Entry Programs: S. Leisman, DEd BA Qld, PostGradDip LaTrobe, MBA Bond

Director of Studies, English Language Programs: I. McGregor, BA Griff., GradDipEd PostGradDipSocSc Qld, MEd (TESOL) NE

QUT International

Executive Director, QUT International: Vacant

Director, South Asia: Dr S. Nuna

Country Manager, China: J. Yuan

Director, International Business Development: G. Edmondson, BA Griff.

Director, International Marketing and Recruitment: S. Tickle, BSc(Hons) Salford, BA S.Qld, MA(Res) MBA QUT

Development Office

Director, University Advancement and Alumni: S. Garske, BBus(Com) MBA

QUT Precincts

Director, Precincts: Professor P. Lavery, BA DipEd Qld, DipD Brist., MLitt NE
The University may award medals known as Queensland University of Technology medals to graduands of certain courses who have achieved an exceptionally high level of performance in their studies.

For the award of a medal, a graduand should have normally achieved a minimum grade point average of 6.5 across all units and thesis where such is required. Medals are awarded by the Registrar, on behalf of University Academic Board, on the recommendation of the relevant faculty academic board. The medal should be testimony that the recipient not only shows exceptional academic promise at the time of the award, but also exhibits an exceptional and consistent record of achievement throughout the whole of the degree.

Eligibility to be considered for the award of a University Medal is limited to:

- graduands of ‘end-on’ honours degrees where performance in the related bachelor degree is also taken into account
- graduands of degrees with honours, including components of double degree programs where awards with honours are made
- graduands of bachelor degrees of at least three years normal duration where no honours award is available, including relevant components of double degree programs where no honours award is available.

In completing one of the above degrees, graduands must have been enrolled at QUT for at least two years of full-time study or equivalent. The two years of study at QUT must be directly relevant to the course for which the medal is awarded.

For graduands of double degrees, University medals are awarded as appropriate for each of the component degrees.

As the University medal is awarded only for exceptional achievement, University Academic Board has indicated as a guide to faculties that the proportion of graduands who may receive medals in any year should normally be not more than one per 200 bachelor-level graduands (or part thereof) per faculty.

The award is a silver medallion, suitably embossed and inscribed, together with a certificate attesting the award. The medallion is 5.5 centimetres square with rounded corners. The QUT logo is embossed one side and the reverse carries an inscription citing the year of the award and the name of the awardee. Further details may be placed on the certificate.
QUT graduates become members of the University’s Alumni. Membership of QUT Alumni is free.

QUT Alumni’s mission is to enrich the lives of alumni and engage alumni in QUT’s future for mutual benefit. This is achieved through friendly communication and cooperation among the University’s graduates, students, faculty staff and close associates.

The Alumni Office at QUT provides services and programs for graduates to enhance professional development, promote lifelong learning, and create opportunities for keeping in touch with other graduates and continuing involvement with the University. As a current student of QUT, you can benefit from the news, programs and services organised by QUT Alumni for the University community.

The Alumni website (www.alumni.qut.edu.au) provides useful information about QUT Alumni and its sponsored activities. Visit the site to find out about:

- how to participate in the Mentor Scheme, which is an opportunity for current students to link with graduates for encouragement and support and to get a practical start to understanding the workplace
- the QUT Alumni Student Leadership Awards that recognise students of QUT for their contributions to the University and the wider community and discover how you could become the QUT Alumni Student Leader of the Year
- QUT Links magazine online. QUT publishes this magazine for its Alumni, close associates and interested members of the University community including business and industry professionals. The magazine profiles successful graduates and provides information on what’s happening in the lives of QUT Alumni members as well as what is happening at QUT
- the latest news on Alumni events and other activities for graduates by checking out the events listing at QUT Events
- the Outstanding Alumni Awards which recognise graduates who have performed exceptionally in their chosen career and who have made outstanding contributions to the community
- the existing Alumni Chapters and Groups at QUT
- the benefits and services that the University has to offer its Alumni
- the Alumni Annual Appeal that supports University projects, in particular scholarships for disadvantaged students.

Giving to QUT

QUT is proud of the strong support it receives from the community, including the alumni.

Alumni, individuals, corporations, foundations and government give generously, both financially and through other in kind means, to the University’s teaching, research and community outreach activities.

Alumni may wish to donate their time to QUT. Examples of donating time are: being a guest speaker at an event; participating in the Governance of QUT; or sharing experience and expertise as a career mentor to QUT students.

Financial donations from alumni ensures support for students through scholarships and prizes, an improved learning environment and world-leading research that solves real world problems. An example of donating to QUT is by supporting the Learning Potential Fund. The fund provides scholarships and bursaries to support QUT’s disadvantaged students.

Donations to QUT are fully tax deductible. Bequests for general or specific purposes may also be made to the University.

For further information visit the Giving to QUT website (www.giving.qut.edu.au) or contact QUT Development on 07 3138 1838.
QUT Gardens Cultural Precinct, located at the University's Gardens Point campus, is situated on one of Queensland's most central and historically important sites. The Precinct encompasses:

- **Gardens Theatre**, with a 400 seat state-of-the-art theatre;
- **QUT Art Museum**, one of Australia's most sophisticated contemporary art museums; and
- **Old Government House**, the historic building that was the official residence of the Governors of Queensland until 1909.

Gardens Cultural Precinct is at the centre of a circuit of culture and recreation incorporating the South Bank, the city, and Gardens Point itself with its Botanic Gardens, Riverside, historic campus buildings and Parliament House.

In addition to the core activity of exhibitions and performances, Gardens Cultural Precinct offers unique arts-based educational programs that provide practical ways for Queensland University of Technology to extend the benefits of its knowledge, research and services to the wider Queensland community. These programs have a practical emphasis and include hands-on sessions with curators, artists talks, activity booklets, guided tours and demonstrations.

**Venue Hire**

QUT Gardens Cultural Precinct is home to four unique and multipurpose venues which are available for hire.

Gardens Theatre complex includes the Auditorium as well as the Foyer which boasts floor-to-ceiling windows. QUT Art Museum is ideal for conference cocktail functions and the historical Old Government House provides a perfect background for events in a timeless elegant setting. Please note, Old Government House is currently closed for an exciting restoration but will re-open in July 2009 as a premium venue for hire.

For venue hire enquiries, phone 3138 4463 or email events@qut.edu.au

**Location**

QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

**Information** (through Gardens Theatre)
Phone: 07 3138 4455
Email: gardenstix@qut.edu.au
Web: www.gardenstheatre.qut.com

**Gardens Theatre**

Open to the general public, Gardens Theatre is a premium and versatile venue featuring a full program of professional theatre, children's shows, and student productions.

The Gardens Theatre Complex has a spacious foyer overlooking the City Botanic Gardens and an auditorium that seats 400. Gardens Theatre provides an intimate performance space for both QUT Creative Industries' presentations as well as local and touring theatre, music and dance productions.

During 2009 it will offer an annual program of professional theatre productions, children's theatre, as well as opportunities to see tomorrow's professionals in QUT Showcase productions. Subscriptions are available to patrons which include discounts on tickets and pre-show dining.

This state-of-the-art venue is located on QUT's Gardens Point campus at the heritage end of George Street in Brisbane's CBD. Acknowledged as one of the city's premier performing arts venues, Gardens Theatre also features exceptional facilities for audiences including a licensed bar, palm tree atrium, disabled access and a Bar Merlo cafe.

Gardens Theatre facilities and foyer area are available for hire.

**Location**

QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

**Box Office**

Open Monday to Friday (9am–6pm) and one hour prior to all scheduled performances.

**Bookings & Show Information**

For advance bookings and information on current shows phone GardensTix on 07 3138 4455 or visit www.gardenstheatre.qut.com

**What's On**

Free program guides are available from the theatre box office or refer to program listings on the web at www.gardenstheatre.qut.com

**QUT Art Museum**

QUT Art Museum is a modern art gallery that has a reputation for displaying the finest works from the QUT Art Collection and presenting thought-provoking exhibitions of contemporary art.

Open to the general public, QUT Art Museum is an important cultural facility for the city of Brisbane. The Museum plays a vital role in the educational and intellectual life of the University. It houses a significant art collection that has become a valuable cultural resource for the students and staff of the University, and for the wider community.

The collection is one of the largest in Queensland and contains approximately 2500 artworks of great quality and diversity, mostly by Australian artists. It includes fine early paintings, ceramics and prints, important examples of indigenous art and challenging contemporary works.

As part of its exciting and dynamic program the Art Museum offers an annual program of exhibitions drawn from the collection, national touring exhibitions from other galleries, and works from several creative academic disciplines within the University.

The Museum's educational services are designed to complement and enhance the exhibitions program for the benefit and enjoyment of the public. For free public program information visit www.armuseum.qut.com

**Location**

QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

**Museum Hours**

Tuesday to Friday: 10am–5pm
Wednesday: 10am–8pm
Saturday and Sunday: 12noon–4pm
Closed Mondays and public holidays

**Admission**

Free entry
QUT Gardens Cultural Precinct

Old Government House

Old Government House was the official residence of the Governors of Queensland from 1862-1909. Since that time the house has been occupied by the University of Queensland, the National Trust of Queensland, and Queensland University of Technology's predecessor institutions, Central Technical College and Queensland Institute of Technology.

Old Government House is owned by the Queensland Government. In October 2002, a Heads of Agreement was signed between the Queensland Government, National Trust of Queensland and Queensland University of Technology for the future conservation, management and use of Old Government House.

QUT has accepted responsibility for the continued enhancement of Old Government House and the accompanying grounds in accordance with the Government's Conservation Plan.

To celebrate its history and advance knowledge of Queensland's architectural, political and educational heritage, QUT has previously opened the doors of Old Government House to provide a welcoming environment for all Queenslanders and visitors to enjoy and learn about the building and its site. Guided tours are available on request.

As of mid 2007, Old Government House closed for a major restoration and will re-open as a new and exciting venue in July 2009.

Location
QUT Gardens Point
2 George Street, Brisbane (next to City Botanic Gardens)

Opening Hours
Currently closed for restoration – will re-open in July 2009

Admission
Free entry

QUT Student Guild

The QUT Student Guild fosters the welfare of all QUT students and protects their rights. It advocates for students who experience difficulties during their time at QUT and represents all students on various University committees. Being a member of the Student Guild is like having an insurance policy; it is there to help you when things go wrong. Many QUT students have graduated only because the Guild has advocated for them when they have experienced academic difficulties.

The QUT Student Guild is owned and operated by and for students. The Student Guild is governed by Guild Council which consists of the Executive (President, General Secretary, Academic Rights Director, International Director, Workshops Director, Welfare Director, Recreation Director, Indigenous Director and Queer Services Directors, campus representatives, and specialist representatives (for part-time and external students, Aboriginal and Torres Strait Islander students, and postgraduate students).

Members of the Guild Council are elected at the annual general election and all students are eligible to stand for positions at the election. Students are also able to nominate and vote for campus coordinator positions to help organise activities and services on campuses.

The Student Guild sends representatives to express students’ views to many University committees, including the University Academic Board.

The QUT Student Guild is an organisation which offers support, advocacy and representation to all students at QUT on issues ranging from academic appeals to lobbying the state and federal governments on higher education issues. Quite often, access and equity to education can be affected by government policy. The Student Guild will often call on its members to attend rallies to stop regressive changes to the education system. The Student Guild fully supports a free public education system where everyone has equal access.

The QUT Student Guild also operates several commercial services across all campuses. These consist of the Guild Fitness Centres, Guild Bars, Guild Aquatic and Squash Centre, Guild News and Post Office, the Guild Child Care Centres and Creche, Academic Gown Hire and the Guild Second Hand Textbook Shop.

The Guild has a presence on the Web which can be accessed at www.guildonline.net. All of the Guild’s services are listed there along with an events page where students can find out what is happening on their campus as well as up-to-date accommodation and part-time employment listings.

INTRODUCTION

Please refer to the online Manual of Policies and Procedures for the latest version of the Student Rules (www.mopp.qut.edu.au/Appendix/append01cst.jsp).

Detailed information about procedural aspects of these rules can be obtained by accessing relevant topics at Student Services web site (www.studentservices.qut.edu.au) or by contacting the Student Services Department.

For information on the University's admission policy and procedures, please refer to the various booklets available from QUT's Admissions Office.

Students are warned that penalties (including fines, sanctions, withholding results, exclusion or expulsion) may be imposed if these or any other QUT rule or policy is contravened, or if obligations are not met (including failing to pay prescribed fees, late fees or fines, or for failing to return library/faculty materials or equipment).

These Student Rules (www.handbook.qut.edu.au/rules/rules.jsp) are made pursuant to:

- QUT Statute No. 1 (Course of Study) 1999
- QUT Statute No. 2 (Student Discipline) 1999
- QUT Statute No. 3 (Fees) 1999.

They should also be read in conjunction with:

- Schedule 1 to the QUT Act 1998 , Conduct on University Land. This Schedule authorises certain University officers to direct disorderly persons or those creating disturbances to leave the University. A person failing to comply with such a direction may be fined
- Information Facilities Rules (pursuant to QUT Statutes 2 and 3, and to the relevant staff conditions and awards).

THE RULES

PART 1 - PRELIMINARY

Division 1 - Interpretation

1. Definitions

In these rules -

- 'assessment' means work (for example, an examination, assignment, practical, performance) which a student is required to complete for any one or more of the following purposes -
  (a) the fulfilment of an educational purpose (for example, to motivate learning, to provide feedback);
  (b) to provide a basis for a record of achievement or certification of competency;
  (c) to permit grading.

- 'award course' means a program of study leading to the award of a degree, diploma or certificate accredited by QUT.

- 'cancellation of enrolment' means that a student has discontinued an award course or a program of non-award studies.

- 'course coordinator' includes a staff member performing the functions of course coordinator specified by the director, QUT international college.

- 'course requirements' means the specific requirements for completing an award course approved by university academic board and includes the following -
  (a) the course structure;
  (b) any conditions for enrolment in or for completion of particular units required for the course;
  (c) any conditions for academic progression through the course;
  (d) any requirements for attendance type or mode of study.

- 'dean' means the executive dean of the faculty having responsibility for a unit or an award course and includes the director, QUT international college, in the case of a program of non-award studies for which the director is responsible.

- 'faculty academic board' means the body established by university academic board to manage academic policy and practices within the faculty or QUT Carseldine.

- 'international student' has the same meaning as 'overseas student ' in the Higher Education Support Act 2003 (Cth).

- 'non-award studies' means a unit or group of units which a student undertakes at the university other than as part of an award course of QUT.

- 'QUT' means the Queensland University of Technology.

- 'registrar' means the university's chief administrative officer.

- 'unit coordinator' includes a staff member performing the functions of unit coordinator specified by the director, QUT international college.

- 'university academic board' means the body established by council to provide leadership on academic policy and practices of QUT.

1A. Academic calendar and teaching periods

(1) In these rules, 'teaching period' means a designated period of weeks in which the program of study and instruction for a unit or an award course is undertaken.

(2) The vice-chancellor approves the academic calendar for each year.

(3) The registrar -
  (a) designates the teaching periods in which programs of study or instruction may be offered; and
  (b) sets the dates for teaching periods within the academic calendar; and
  (c) designates unit addition and withdrawal periods in Schedule 1; and
  (d) sets the dates for unit addition and withdrawal in accordance with Schedule 1.

2. Attendance type and mode

(1) A student's attendance type is normally designated as full-time if the enrolment program for the teaching period is -
  (a) in the case of a student enrolled in an award course, at least 75 per cent of the number of credit points for a standard enrolment program load for full-time enrolment in that course in a teaching period; or
  (b) in the case of a student undertaking non-award studies, at least 75 per cent of the number of credit points for a standard enrolment program load designated by the registrar for that purpose.

(2) If a student's enrolment program load is less than the amount specified in rule 2(1), the student's attendance type is normally designated as part-time.

(3) Addition or withdrawal of units in accordance with division 2 of part 3 of these rules may be deemed by the registrar to change a student's attendance type.
(4) For the purposes of these rules and for course requirements, a student's attendance mode is designated as -

(a) internal, where instruction or supervision in all units in which the student is enrolled in a teaching period is delivered by attendance at a place designated by the registrar as a campus of the university; or
(b) external, where instruction or supervision in all units in which the student is enrolled in a teaching period is delivered other than by attendance at a campus of the university (for example, by posting instructional materials to the student); or
(c) multi-modal, where instruction in some, but not all units, is in internal mode.

Division 2 – Students' responsibilities under these rules

3. Student responsibility for compliance with these rules and other requirements

(1) It is the student’s responsibility to do all acts associated with admission, enrolment and academic progression in compliance with these rules, including, but not limited to -

(a) providing information to the university under rule 7(2), including statistical information and a mailing address; and
(b) re-enrolling at the university each year; and
(c) submitting an appropriate enrolment program and rectifying any known discrepancies with the enrolment program.

(2) In the case of international students, the student must also comply with any requirements for enrolment or study at the university specified in the Education Services for Overseas Students Act 2000 (Cwth), including, but not limited to -

(a) any requirements relating to attendance type or mode; and
(b) any conditions for enrolment programs and progress through an award course; and
(c) any conditions relating to leave of absence.

PART 2 - ADMISSION

4. Application for admission

(1) A person must apply for admission to the university before first enrolling in an award course or non-award studies.

(2) Except where specified by the registrar, a person must apply for admission before each teaching period in which they propose to enrol in non-award studies.

(3) A person who seeks to re-enrol in an award course must apply for re-enrolment following -

(a) cancellation of enrolment in an award course or program of non-award studies; or
(b) an unapproved period of absence; or
(c) a period of exclusion from an award course imposed under part 6 of these rules.

(4) The registrar must prescribe the dates for and the manner of applying for admission to the university.

5. Criteria for admission

1) University academic board may specify general requirements to be met by a person applying for admission to the university.

2) The faculty academic board having responsibility for an award course must specify minimum course entry requirements and may specify different requirements for different major areas of study within an award course.

3) The registrar determines the maximum number of persons to be offered admission to the university.

6. Offer of admission

(1) The registrar makes offers of admission.

(2) An offer of admission may be conditional upon the person providing documents or fulfilling other requirements specified in the offer.

(3) The registrar may withdraw an offer of admission and reject enrolment where -

(a) the person fails to provide documents or to fulfil other requirements specified in the offer of admission; or
(b) the offer of admission has been made as a result of the provision of incomplete or inaccurate information by the person or a certifying authority; or
(c) the person fails to submit an enrolment program in accordance with the offer of admission by the specified date.

PART 3 - ENROLMENT

Division 1 - General requirements for enrolment

7. Enrolment procedures

(1) The registrar -

(a) must prescribe closing dates for submission of an enrolment program for each teaching period; and
(b) may prescribe different closing dates for different categories of students.

(2) The registrar must prescribe the manner of submitting the enrolment program, and the information to be included with the enrolment program.

(3) For each teaching period, the registrar must -

(a) publish the closing dates for addition or withdrawal of units in accordance with schedule 1; and
(b) specify the manner of submitting changes to the enrolment program.

8. Valid enrolment

(1) Subject to rule 8(2), enrolment in any teaching period means that the student has submitted an enrolment program for study, instruction or research at the university in that teaching period.

(2) A student is validly enrolled upon -

(a) submission of an enrolment program for the teaching period by the specified date or such later time as permitted by the registrar; and
(b) acceptance of the enrolment program by the registrar; and
(c) payment of fees and charges required under these rules by the specified date or such later time as permitted by the registrar; and
(d) fulfilment of any other requirements specified in these rules.

(3) The registrar may reject a student's enrolment where the student has not met all of the requirements of rule 8(2).

Division 2 - Enrolment programs

9. Requirements for enrolment programs

(1) A student's enrolment program must comply with the general requirements specified in this division.

(2) In the case of a student enrolled in an award course, the student's enrolment program must also comply with the course requirements.
10. Addition of a unit to enrolment program

Subject to the requirements of this division, a student may add a unit to their enrolment program in a teaching period if -
(a) the unit is added by the addition date published in accordance with schedule 1; or
(b) where the student proposes to add the unit after the addition date published in accordance with schedule 1 -
(i) the student pays the administrative charge specified in schedule 2; and
(ii) the unit coordinator agrees to the addition of the unit; and
(iii) the registrar is satisfied that the student has demonstrated that exceptional circumstances for addition of the unit exist.

11. Withdrawal from a unit

(1) Subject to the requirements of this division, a student may withdraw from enrolment in a unit -
(a) by the withdrawal date published by the registrar in accordance with schedule 1 - without academic penalty; or
(b) after the withdrawal date published by the registrar in accordance with schedule 1 - with academic penalty.

(2) Despite rule 11(1)(b), the registrar may permit withdrawal without academic penalty if, following advice from the dean, the registrar is satisfied that the student has demonstrated that exceptional circumstances for withdrawal from the unit exist.

(3) In this section, ‘academic penalty’ means that the unit in question is awarded a failing grade.

12. Relationship between units of study

(1) Course requirements may specify any of the following conditions for enrolment in a specified unit -
(a) a student must have achieved a passing grade in a prerequisite unit before enrolment in the specified unit;
(b) a student may enrol in the specified unit only if -
(i) the student also enrolls in a corequisite unit at the same time; or
(ii) the student has previously achieved a passing grade in the corequisite unit;
(c) a student must not enrol in the specified unit if the student has achieved a passing grade in an incompatible unit.

(2) A unit coordinator may permit a student to enrol in a specified unit without having satisfied the condition listed in rules 12(1)(a) or 12(1)(b) if the unit coordinator is satisfied that the student has demonstrated sufficient knowledge to undertake the unit.

(3) In this section, an ‘incompatible unit’ means a unit in which the subject matter or the body of learning is substantially similar to that included in the specified unit.

13. Maximum and minimum enrolment program load

Course requirements may specify either or both of the following -
(a) the maximum number of credit points for full-time enrolment;
(b) the minimum number of credit points for part-time enrolment.

14. Time limits for completion of an award course

University academic board must specify time limits for completion of an award course, and may impose different time limits for different categories of courses.

15. Acceptance of enrolment program

The registrar may not accept a student's enrolment program in any of the following circumstances -
(a) the student has not enrolled in accordance with their offer of admission, including, where specified, major area of study, attendance type, attendance mode and location of study; or
(b) if the student is enrolled in an award course, the student has not submitted an enrolment program which is consistent with course requirements;
(c) except where permitted by the course or unit coordinator, as the case may be, the student has not complied with the requirements of division 2 of part 3 of these rules; or
(d) if the student is enrolled in an award course, the student has not met the requirements of part 6 of these rules;
(e) the student is subject to a penalty imposed under rule 29 or Statute No 2 (Student Discipline) 1999 which prohibits their enrolment in the current teaching period;
(f) the student is in breach of any other statute or rule of the university which specifies rejection or suspension of enrolment as a penalty.

16. Amendment of enrolment program

The registrar may amend an enrolment program, after consultation with the course coordinator, if any of the following conditions exist -
(a) the student has not complied with the requirements of rule 13;
(b) the student has not complied with other course requirements;
(c) the student cannot attend classes or meet other unit requirements due to timetable incompatibility;
(d) the student has not complied with any conditions of probationary enrolment imposed under Part 6 of these rules.

Division 3 - Credit

17. Credit for previous studies

(1) University academic board may specify the amount and type of credit for previous studies which may be granted in award courses, and may specify different amounts of credit for different categories of award courses or students.

(2) The registrar must specify the procedures to be followed, and the documentation to be supplied, by students applying for credit.

(3) The course coordinator must determine the amount and type of credit to be granted in accordance with university academic board determinations.

Division 4 - Discontinuation or interruption of enrolment

18. Leave of absence

(1) University academic board may specify the circumstances in which a student may take leave of absence from an award course.

(2) A student must apply to the registrar for leave of absence from the award course.

(3) The registrar determines the student's application for leave of absence.

19. Cancellation of enrolment

(1) A student must notify the registrar if they wish to cancel their enrolment in an award course or non-award studies.

(2) A student who cancels their enrolment is deemed to have withdrawn from enrolment in all units in their enrolment program in accordance with rule 11.
PART 4 - FEES

20. Definitions for this part

In this part–

‘HES Act’ means the Higher Education Support Act 2003 (Cwth) as amended from time to time.

‘student contribution amount’ means a fee being the contribution for the teaching period in question determined by the university in accordance with the HES Act.

21. Imposition of fees and charges

(1) Except as specified under the HES Act, the university may impose student contribution amounts and fees for enrolment and study at the university, or for services and facilities associated with enrolment and study, and may impose different student contribution amounts and fees for different categories of students.

(2) The officer or body listed in schedule 2 sets the student contribution amounts and fees.

(3) For each teaching period, the registrar must prescribe the dates for payment of student contribution amounts and fees.

(4) A student must pay the student contribution amounts and fees specified in these rules by the prescribed dates.

(5) A student is not validly enrolled unless all student contribution amounts and fees specified in these rules have been paid, including any additional student contribution amount or tuition fee required to be paid as a result of addition of a unit to a student’s enrolment program in accordance with rule 10.

22. (Repealed - 19.04.06)

23. Liability for a student contribution amount

(1) Except as specified in the HES Act, a student who enrols in any teaching period in a unit or units for an award course is liable for a student contribution amount.

(2) A student who is liable for a student contribution amount must submit a Commonwealth assistance form specifying the method for payment of the contribution in any of the following circumstances:

(a) when the student first enrols at the university;
(b) when the student changes to another award course;
(c) if the student elects to pay the contribution by another method.

(3) For each teaching period, the registrar must prescribe the date for submission of the Commonwealth assistance form.

(4) Except as specified in the HES Act, a student may discharge a liability for a student contribution amount by–

(a) paying the required amount directly to the university by the date specified by the registrar; or
(b) supplying a tax file number to the university; or
(c) a combination of (a) and (b).

24. Tuition fee

(1) This rule applies to students who are not liable to pay a student contribution amount for a teaching period or a unit.

(2) A student (other than an international student or a student deemed by the registrar to be liable to pay a student contribution amount) who enrols in a unit or units for an award course must pay the tuition fee specified in schedule 2.

(3) A visiting student (other than a visiting international student) who enrols in a unit or units must pay the tuition fee specified in schedule 2, except that the dean may specify a different fee for students undertaking a designated enrolment program.

(4) An international student must pay to the university, for each teaching period, the international student tuition fee specified in the offer of admission.

(5) Where the HES Act specifies, a student who is normally liable to pay a student contribution amount may be required to pay the tuition fee specified in schedule 2 for enrolment in a particular teaching period or unit.

(6) For this rule–

a ‘visiting student’ means a student who enrols in non-award studies, but does not include a cross-institutional Commonwealth supported student who enrols in a unit or units at QUT to obtain credit towards an award course at another Australian university.

‘Commonwealth supported student’ means a student who is liable to pay a student contribution amount for a unit or units for an award course in accordance with the HES Act.

25. Incidental fees

(1) A student or a person applying for admission must pay the relevant incidental fee prior to taking the action or requesting the service listed in schedule 2.

(2) If the fee has not been paid, the student’s action or request for the service has no effect.

26. Cancellation fee and refunds

(1) The university may retain a proportion of student contribution amounts or fees paid by a student as a charge for cancellation of enrolment, and may impose different cancellation fees for different categories of students.

(2) Schedule 2 specifies the amount which will be retained by the university where a student cancels their enrolment in a unit or units.

(3) A student who withdraws from enrolment in a unit or units must apply by the date specified by the registrar for a refund of student contribution amounts or fees paid to the university.

26A. Exemption or deferment of payment of fees

(1) The vice-chancellor must specify the circumstances in which students may be granted exemption from payment of fees.

(2) The registrar determines whether a student may be granted exemption from payment, either in whole or in part.

(3) The registrar may permit a student to defer payment of fees for a specified time during a teaching period.

27. Consequences of non-payment of fees and charges

Except where action is taken by the registrar under rule 26A, the registrar may do either or both of the following if a student does not pay by the specified date the full amount of fees required by the university under this part–

(a) reject the student’s enrolment in accordance with rule 8;
(b) require the student to pay an incidental fee specified in schedule 2.
PART 5 - ASSESSMENT

Division 1 - General requirements for assessment

28. Notice of assessment requirements
A student who is enrolled in a unit must receive notification of assessment requirements in the manner and by the time prescribed by university academic board.

29. Academic dishonesty
(1) A student must not act in a manner which constitutes academic dishonesty.

(2) Academic dishonesty means an action or practice which may compromise or defeat the purposes of assessment, and includes, but is not limited to -
(a) cheating, or attempting to cheat;
(b) plagiarism;
(c) misrepresenting or fabricating data or results or other assessable work;
(d) breaching requirements specified by university academic board under rule 32 for conduct during examinations, in a way that may compromise or defeat the purposes of the assessment.

(3) University academic board may prescribe procedures for investigating allegations of academic dishonesty.

(4) The penalties for academic dishonesty are -
(a) mark reduction or zero mark for an assessment item; or
(b) awarding of a failing grade in the unit in which academic dishonesty is detected; or
(c) awarding of a failing grade in the unit in which academic dishonesty is detected and in another unit or all other units undertaken in that teaching period; or
(d) suspension from the university for a specified period of time, together with the allocation of failing grades specified in rule 29(4)(c); or
(e) permanent expulsion from the University, together with the allocation of failing grades specified in rule 29(4)(c).

(5) The dean may impose the penalties listed in rule 29(4)(a) and 29(4)(b).

(6) The registrar may impose any of the penalties listed in rule 29(4).

Division 2 - Examinations

30. Availability for examinations
(1) A student must be available to undertake an examination -
(a) at the time and place specified for the examination in the central examination period; and
(b) at any other time specified for an examination in the notification of assessment requirements.

(2) The registrar publishes an examination timetable for each central examination period.

(3) In this rule, ‘central examination period’ means a period of at least 2 weeks at the end of each semester or other teaching period designated for conducting examinations.

31. Alternative examination sittings
A student who holds religious convictions which preclude attendance at an examination at the time specified in the published examination timetable, may apply in the manner prescribed by the registrar for an alternative examination sitting.

32. Conduct during examinations
University academic board must specify procedures for examinations, including -
(a) requirements for a student entering or leaving the examination room; and
(b) requirements for a student’s conduct during the examination.

33. Deferred examinations
(1) A student who, due to exceptional circumstances beyond the student’s control, is unable to attend an examination at the prescribed time may apply in the manner prescribed by the registrar for a deferred examination.

(2) The dean determines the outcome of an application for a deferred examination.

Division 3 - Final grades

34. Grading scale
University academic board must specify the grading scale to be used in allocating a record of achievement for studies at the university.

35. Allocation and notification of grades
(1) The dean approves a student’s final grade for a unit.

(2) A student will be notified of their grades in the manner determined by the registrar.

36. Special consideration
(1) A student who believes that their performance in completing an assessment item has been adversely affected by exceptional circumstances may apply for special consideration in the manner prescribed by the registrar.

(2) The dean determines the application for special consideration.

37. Supplementary assessment
Supplementary assessment may be granted to a student only in the circumstances prescribed by university academic board.

PART 6 - UNSATISFACTORY ACADEMIC PERFORMANCE

38. Requirement to perform satisfactorily in studies
(1) In this part, a “program of study” means an award course or a structured program of non-award studies.

(2) A student undertaking a program of study must maintain a satisfactory level of academic performance in accordance with this part.

(3) University academic board determines the standards for satisfactory academic performance and must specify the following matters–
(a) the circumstances in which a student may be placed on probationary enrolment;
(b) the circumstances in which a student is an eligible student for the purposes of rule 41;
(c) the circumstances in which an eligible student may be excluded from enrolment in other award courses or programs at the university.
39. Probationary enrolment

(1) The registrar determines the students to be placed on probationary enrolment at the end of each semester, or at six monthly intervals in the case of other teaching periods.

(2) The registrar must notify a student in writing of the decision to place the student on probationary enrolment.

40. Conditions of probationary enrolment

(1) A student is placed on probationary enrolment for a period of six months.

(2) While on probationary enrolment, a student must -

(a) consult the course coordinator about their enrolment program; and

(b) if the course coordinator specifies an enrolment program, submit the enrolment program as specified.

(3) If a student on probationary enrolment cancels their enrolment in the program of study but is subsequently readmitted by the registrar to the same program of study in accordance with part 2 of these rules, the registrar, upon readmission -

(a) must place the student on probationary enrolment for the first teaching period of enrolment; and

(b) may require the student to submit an enrolment program specified by the course coordinator.

41. Exclusion from enrolment in an award course

(1) At the end of each semester, or at six monthly intervals in the case of other teaching periods, the faculty academic board responsible for the program of study may exclude an eligible student from enrolment in that program.

(2) The registrar may -

(a) exclude an eligible student from enrolment in other award courses or programs of study, provided that the circumstances specified by university academic board under rule 38(3)(c) apply; or

(b) if the faculty academic board does not exclude an eligible student, place the eligible student on probationary enrolment in accordance with rule 39.

(3) The registrar must notify a student in writing of the decision to exclude the student from enrolment.

42. Consequences of exclusion

(1) If exclusion is imposed on a student under rule 41, the student is excluded from a program of study indefinitely, unless permitted to re-enrol in accordance with rule 43.

(2) A student who is excluded from a program of study is not permitted to enrol in any units forming part of that program.

43. Enrolment following exclusion

(1) An excluded student may re-enrol in a unit or units as part of the program of study if -

(a) the student successfully appeals against exclusion; or

(b) the student, following exclusion for at least 12 months, is re-admitted to the program of study by the registrar.

(2) Where a student re-enrols in the program of study in accordance with rule 43(1), the registrar must place the student on probationary enrolment for a period of one semester or for teaching periods equivalent in duration to one semester.

PART 7 - ELIGIBILITY TO GRADUATE

44. Minimum passing grades for graduation

(1) This rule applies if, at the time that a student’s grade in a unit was determined, the grading scale approved by university academic board under rule 34 and then in effect, included a low passing grade.

(2) For the purposes of determining a student’s eligibility to graduate from an award course, a faculty academic board may designate the maximum number of units for which the student can be awarded a low passing grade.

45. Eligibility to graduate from an award course

(1) Subject to rule 44, a student is eligible to graduate from an award course upon completion of all course requirements.

(2) Faculty academic board determines whether a student has completed all course requirements.

(3) University academic board confers the award on a student who is eligible to graduate.

PART 8 - REVIEW AND APPEALS

46. Review of grades and academic rulings

(1) University academic board must prescribe procedures for dealing with applications for review of grades and academic rulings.

(2) A student may apply for a review of -

(a) their grade for a unit; or

(b) other academic rulings made under these rules.

47. Appeal to university academic board

(1) A person who has been refused admission to the university may appeal to university academic board.

(2) A student may appeal to university academic board if -

(a) the student has been excluded from an award course under rule 41; or

(b) the student has been penalised by the dean or the registrar under rule 29.

48. Status pending outcome of review or appeal

Pending the outcome of a review or appeal, the registrar may permit a student to attend classes or undertake examinations.

PART 9 - MISCELLANEOUS

49. Research higher degree students

(1) For students undertaking the doctor of philosophy degree, university academic board must specify general requirements for -

(a) admission as a candidate for the degree; and

(b) enrolment and progression as a candidate; and

(c) submission and examination of the thesis.

(2) For students undertaking another research higher degree, faculty academic board must specify course requirements.

50. Delegation of powers and functions

(1) Where these rules specify that a particular person or body exercises a power or function, that person or body may delegate the power or function to another person or body.

(2) Despite rule 50(1), a course coordinator or a unit coordinator may not delegate a function or power to another person.

End Notes

\(^1\) See rule 15.

\(^2\) See rule 8.

\(^3\) See section 27A of the Acts Interpretation Act 1954.

'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 4th week of teaching period. |
| 5 Week Teaching Period (5TP1-9) | 1st day of teaching period | No academic penalty if withdrawal prior to close of business, Friday, 3rd week of teaching period.  
'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 3rd week of teaching period. |
| Non-standard intensive teaching periods (≤ 2 weeks in length) where unit enrolment is either in Semester 1 or Semester 2 teaching periods | 1st day of teaching period | No academic penalty if withdrawal prior to commencement of teaching.  
'Withdrawn-Failure' recorded if cancellation after commencement of teaching. |
| Non-standard intensive teaching periods (> 2 weeks but < 6 weeks in length) where unit enrolment is either in Semester 1 or Semester 2 teaching periods | 1st day of teaching period | No academic penalty if withdrawal prior to close of business, Friday, 2nd week of teaching period.  
'Withdrawn-Failure' recorded if cancellation after close of business, Friday, 2nd week of teaching period. |
| Exchange - 1 (XCH-1) | Addition of unit requires special approval from the International Exchange Officer | No academic penalty if withdrawal prior to close of business, Friday after 30 April.  
'Withdrawn-Failure' recorded if cancellation after close of business, Friday after 30 April. |
| Exchange - 2 (XCH-2) | Addition of unit requires special approval from the International Exchange Officer | No academic penalty if withdrawal prior to close of business, Friday after 15 October.  
'Withdrawn-Failure' recorded if cancellation after close of business, Friday after 15 October. |
TABLE A – STUDENT CONTRIBUTION BANDS

The cost of your units is based on the field of education classification of each unit of study. Units are grouped on the basis of their field of education into four bands. QUT sets a student contribution rate for each of the four bands.

These bands show the student contribution required for one equivalent full-time student load (EFTSL) or 96 credit points of study, if all units were taken from that band.

The actual amount of your student contribution will depend on the EFTSL value of your individual units within your course.

To see the actual contribution costs for your units and their EFTSL value view the alphabetical list of units or refer to your course structure in Studyfinder.

2009 student contribution bands for Commonwealth supported students

<table>
<thead>

</table>

* The bands are indicative only. The actual contribution may vary depending on the units in your course.

TABLE B - DOMESTIC POSTGRADUATE TUITION FEES

Domestic postgraduate tuition fees are determined at the unit level taking into account the principal subject matter of the unit and the level of study. The aggregation of the cost of units undertaken in 2009 will determine the 2009 fee for the course. The table below outlines the framework for domestic postgraduate tuition fees.

Note: Special rates apply to certain units offered to study abroad students, in offshore courses, QUT International College courses, or courses customised for corporate delivery. If you are unable to locate your unit in this list please email sbs.fees@qut.edu.au for more information.

<table>
<thead>

<td>$140</td>
</tr>
</tbody>
</table>

* Tuition fee places offered to students after Commonwealth supported places are filled or maximum entitlements for RTS/RTA are exceeded.

Course information available through Studyfinder includes an indicative cost per semester. This is calculated as an average over the whole course using the most common units in which students enrol.
**Table C - International Student Tuition Fees**

These fees are set in accordance with rule 24(4), QUT Student Rules by the authority of the Vice-Chancellor.

**Application fee for award courses:** $55 (incl GST)

International student tuition fees are determined at the unit level taking into account the principal subject matter of the unit and level of study. The aggregation of the cost of units undertaken in 2009 will determine the 2009 fee for the course.

Some courses have special rates approved:

ACADEMIC POLICIES

Access to assessment results

The University is committed to a policy of openness with respect to the release of assessment results. This policy of openness supports the purposes of assessment, including the objective of providing feedback as an aid to future learning (see C/5.1.1), and meets QUT’s obligations under freedom of information and privacy legislation.

Access to marks

For units where percentage marks are calculated, such marks will be placed on the confidential individual student records located in the QUT Virtual web pages (https://qutvirtual.qut.edu.au/). Provision of information to students about component marks for individual assessment items in a unit is encouraged.

Access to examination scripts

A student may request access to their own examination scripts, written answers to examination questions or other forms of written assessment. The request must be made within three months of the release of final results in the unit, as this is the minimum period for which examination scripts or other written materials must be retained (for further information, refer to http://www.governance.qut.edu.au/rms/accessing_records/). Where a student intends to seek review of the grade, access to the written materials should be sought and provided within the timeframe specified for review of grades (see E/9.1).

Unit coordinators must make appropriate arrangements for students to obtain access to examination scripts and other written materials. Access is generally in the form of perusal of the examination script under supervision, which may incorporate individual feedback on performance where possible.

If a student requests a photocopy of their examination script, a fee is levied under Schedule 2 of the Student Rules.

However, where examination question papers or other forms of assessment will be re-used in successive examinations, unit coordinators must arrange for students to receive advice on their performance with reference to their own examination scripts in a way which does not prejudice the examination mode. In this case, the student is not entitled to obtain a photocopy of the examination script.

Return of assignments to students

Assignments are generally returned to students following completion of marking. This should be done in a manner which does not breach other students’ privacy and which protects students’ work from tampering or unauthorised collection.

Assessment provisions for students with disabilities

Students with permanent or temporary disability have the right to alternative arrangements for assessment which provide equality of opportunity to enable students to fulfil course requirements.

Students should contact the relevant campus Disability Officer early in the teaching period and preferably prior to the published date for withdrawal without financial penalty for the relevant teaching period.

Alternative arrangements for assessment are negotiated between the student, Disability Officer and the course coordinator.

Students are required to present evidence to the Disability Officer, usually in the form of documentation from a medical or other relevant specialist practitioner which substantiates the nature of the special need. The University adheres to principles of confidentiality and privacy and documentation together with records of interviews are maintained by the Disability Officer.

The Disability Officer will develop a service plan which includes recommendations for alternative arrangements for assessment for approval by the relevant course coordinator. Service plans are reviewed and re-negotiated each semester. The student will be advised in writing of any alternative arrangements for their assessment.

Further information on support provided by the University for students with disabilities is contained in the Guide for Students with Disabilities. Refer also to University policy on disability services (see A/8.6).

a) Centrally organised assessment

For centrally organised examinations, responsibility for the conduct and administration of alternative assessment provisions for students with disabilities, including the costs of employing invigilators, personal assistants and providing examination materials, rests with the Student Business Services Department.

b) School-based assessment

For assessment other than central examinations, administrative and financial responsibility, including organisation of appropriate equipment and support personnel, rests with faculties and schools.

Awards with honours and awards with distinction

The decision to offer awards with honours and awards with distinction is approved during the curriculum approval process (see C/4.1). Student Business Services maintains a list of courses that are awarded with honours and with distinction and determines deadlines by which all results are recorded on the student information system. Procedures for conferral of awards with honours and awards with distinction are provided in E/10.1.3.

To be eligible for an award with distinction or an award with honours a graduand must have:

- met all requirements for completion of the course
- completed the course within the maximum number of calendar years specified in the policy on time limits for completion of courses (see Student Rules in Appendix 1(c))
- completed at least 50% of the total credit points required for the course at QUT.

Eligibility for awards with honours and awards with distinction for double degrees is based on consideration of the separate component degrees. For either degree, only the units associated specifically with that component are taken into account in the GPA calculation used to determine eligibility or level of award.

In exceptional cases faculty academic boards may recommend to University Academic Board a relaxation of normal eligibility criteria for a particular graduand. Such a recommendation must be accompanied by an appropriate rationale.
Awards with honours

Awards with honours are made to students who have achieved meritorious achievement in their course, and to indicate that students may appropriately proceed to higher degrees. Faculties may choose to award honours in bachelor degree courses of 384 credit points or more. First class honours, second class honours division A, and second class honours division B may be awarded. The grade point average (GPA) levels shown below are to be used in determining the level of honours awards and no other criteria may apply to awards with honours:

- First Class Honours: GPA of 6.00-7.00 or equivalent
- Second Class Honours, Division A : GPA of 5.50-5.99 or equivalent
- Second Class Honours, Division B: GPA of 5.00-5.49 or equivalent.

Awards with distinction

Awards with distinction are made to students who have achieved meritorious achievement in their course. Faculties may choose to offer awards with distinction in any associate degree, bachelor degree or graduate diploma, except those courses which are awarded with honours. The GPA levels shown below are to be used in determining eligibility for awards with distinction and no other criteria may apply:

- GPA of 5.5 for undergraduate courses, and
- GPA of 5.75 for postgraduate courses.

Supplementary assessment

Supplementary assessment is provided to support transition into the workplace (graduation) and transition into the University (the First Year Experience). Supplementary assessment may also be available to students who receive a grade of 3 in a unit.

Students are responsible for making applications for supplementary assessment.

A maximum of four supplementary assessments will be available to students in coursework programs of three or more years full-time duration or equivalent. In the case of coursework programs of less than three years full-time duration or equivalent, this maximum number is two.

Supplementary assessment is not a reassessment of the student’s overall grade or the mark for an individual assessment item. It is a new item of assessment designed to assist students to complete requirements for their qualification. Students who successfully complete supplementary assessment requirements will be awarded a minimum passing grade (grade of 4).

Where students transfer between related QUT courses (eg a double degree and one of the components; nested courses), supplementary assessments that have already been granted in the first course will be counted in the second course. In cases where students transfer between unrelated QUT courses (eg single degree courses offered by different faculties), supplementary assessments will be counted in the second course only if they were received for units in the first course that are being credited towards the second course.

Supplementary assessment supporting transition into the workforce (graduation)

Students may be granted:

- up to two supplementary assessments in the final 96 credit points of study, at the faculty's discretion, for coursework programs of three or more years full-time duration or equivalent; and
- one supplementary assessment in the final 48 credit points of study, at the faculty's discretion, for coursework programs of less than three years full-time duration or equivalent (this includes students enrolled in a QUTIC diploma).

Supplementary assessment supporting transition into the workforce should only be provided when a student receives a grade of 2 or a grade of 3 in a non-designated unit (see E/6.7.3 for definition of designated unit).

Supplementary assessment will not be granted:

- to students enrolled in any designated unit listed on the Student Business Services website; or
- to students who have been graded 1 (low fail) or K (withdrawn – failure).

Supplementary assessment supporting transition into the University (First Year Experience)

Students may be granted one supplementary assessment in a core or mandatory unit in the first 96 credit points of an undergraduate course.

Supplementary assessment in first level undergraduate units is provided to avoid disruption of a standard program of study caused by failure in one core or mandatory unit. Supplementary assessment supporting transition into the University should only be provided when a student has received a grade of 2 or a grade of 3 in a core or mandatory unit. To be eligible to apply for the supplementary assessment, students must also have obtained passing grades in all units other than that in which the supplementary assessment is sought. Supplementary assessment will not be granted to students who have been graded 1 (low fail) or K (withdrawn – failure).

Supplementary assessment where a student has been awarded a grade of 3

Students may be granted supplementary assessment in a limited number of cases where a grade of 3 has been achieved. This limit depends on any other supplementary assessments granted to support transition (see E/6.4.2 and E/6.4.3) such that the maximum number overall in a course is:

- four in coursework programs of three or more years full-time duration or equivalent, or
- two in coursework programs of less than three years full-time duration or equivalent.
LIFE ON CAMPUS

Children on campus policy

QUT recognises the diversity of needs and demands placed on staff and students when balancing work, study and family responsibilities, and that occasionally it may be necessary to bring a child or children onto campus.

This policy should be read in conjunction with the University’s policy on childcare and family responsibilities (see section A/8.8)

Application

The children on campus policy applies to all students and staff members. This policy does not apply to situations where a child is brought on campus for the purpose of attending a registered child care facility, the Early Childhood Development Unit, clinics and approved programs such as vacation care.

Principles

Under the Queensland Workplace Health and Safety Act 1995 QUT has obligations to ensure the health and safety of all, including children, at or near the workplace. The legislation requires that students and staff meet the following obligations:

- to follow instructions related to their study or employment at QUT
- to not interfere with or misuse anything provided for health and safety
- to not place others or themselves at risk

Consistent with these obligations, a student or staff member must consider the following issues prior to bringing a child on campus:

- It is anticipated that students will make all reasonable attempts to arrange alternative childcare before bringing a child to the workplace.
- It is anticipated that staff will make all reasonable attempts to arrange alternative child care before bringing a child to the workplace or avail themselves of flexible work practices (eg flexitime) or leave options (eg Personal leave) where available and appropriate.
- Approval to bring a child on campus should be obtained from the relevant staff member or supervisor as soon as practical, ie in advance if possible or on arrival.
- Children must not enter areas where potentially dangerous equipment or hazardous substances are present or areas that are subject to particular statutory or local regulations.
- A common sense approach is necessary when bringing children on campus. For example, children recently exposed to an infectious illness (eg chicken pox, rubella, mumps etc), or who are known to be ill, must not be brought on campus.
- It is important that the child's presence on campus does not result in disruption to the workplace, including classes and non-teaching areas such as the Library.

Further information and detailed procedures relating to this policy are available from HR Health and Safety Advisory Services.

Policy on smoking

Given the proven health risks of smoking, QUT is moving towards making the University a smoke-free environment.

Smoking is prohibited:

- in all buildings or parts of buildings under QUT’s control
- in any outdoor area of a food outlet, or any outdoor area where food and drink is provided
- in QUT vehicles
- within 10 metres of any entrance to buildings, air conditioning intakes, ventilation louvres or opened windows
- on all semi-enclosed thoroughfares such as verandahs or colonnades and on all elevated walkways with or without fixed roof structures which require people using building entrances or moving between buildings to pass through tobacco smoke emissions
- in any other area where there is signage expressly prohibiting smoking.

Smokers are required to follow directions given by authorised QUT staff and Security personnel in regard to the implementation and enforcement of the University's policy on smoking.

Policy on cultural diversity and anti-racism

Consistent with its equal opportunity and diversity policy (A/8.4) and the QUT Reconciliation Statement (A/8.3), QUT’s approach to cultural diversity and anti-racism:

- promotes and encourages awareness, understanding and appreciation of the differences that exist amongst cultural groups and acknowledges and celebrates the breadth of experience and resources that people from diverse backgrounds bring to the University;
- recognises and acknowledges the particular significance of Indigenous Australian peoples as the original owners of this land;
- recognises the responsibility of educational institutions to redress disadvantage and to overcome exclusion, bigotry, ethnocentrism, prejudice and racism;
- respects and protects the rights of its students and staff to study and work in a discrimination-free environment.

Responsibilities and commitments

Organisational culture and environment – QUT will take all reasonable steps to provide and support a culturally diverse and inclusive work, study and research environment. A culturally diverse community is characterised by a wide range of traditions, languages, beliefs, values, ideas and practices. Consistent with the Universal Declaration of Human Rights (1948) and with Australian law, the University will make every effort to ensure staff and students are aware of their rights to have their cultural identity respected and to be free of discrimination. All members of the University community have an individual responsibility to ensure that their interactions and activities with cultures, other than their own, affirm diversity and are anti-racist.

The University will provide opportunities to increase respect for cultural diversity, such as training, events, inter-cultural interaction, promotional materials and open debate, and ensure that decision-making structures are inclusive.

Through strategic planning, QUT will monitor its progress towards being a culturally-inclusive environment. Any complaints that may arise on cultural, ethnic or racial grounds will be resolved by the University using established processes (see A/6.1 and A/8.5).

Human resources – Managers and supervisors are responsible for ensuring the workplace and study environment is culturally inclusive and free from race discrimination and harassment. QUT will facilitate cross-cultural competencies by providing professional development and learning opportunities for staff and will recognise those who develop their skills and knowledge in this area. The University will also
support managers and supervisors with their culturally inclusive responsibilities and monitor their effectiveness in fulfilling these responsibilities, as well as providing working conditions which are consistent with the needs of a socially and culturally diverse community, particularly the cultural and religious obligations of staff.

Curriculum and students – QUT will develop and deliver programs which are culturally inclusive in course design, curriculum content and teaching methodologies. Through these programs the University is responsible for producing cross-culturally competent graduates who can engage with multiple perspectives, operate in diverse environments, work in multicultural teams and understand Indigenous perspectives. Student policies, procedures and support services, appropriate for a diverse student population, will be provided as well as targeted support services for specific groups identified as needing particular support.

Research and community service – Through public debate, discussion and by reflecting the values, experiences and images of all the ethnic and cultural groups within QUT, the University will raise the awareness and understanding of the wider Australian community of diverse cultures. The University will also encourage research and community service activities that actively engage with cultural diversity issues, and are inclusive of and beneficial to diverse groups.

Disability services policy

Principles

Consistent with the University’s commitment to social justice (see A/8.4), the University supports the right of people with a disability to work or study in an accessible and inclusive environment, free from discrimination.

QUT takes all reasonable steps to provide an inclusive learning and working environment which respects diversity and the dignity of all staff and students. This policy seeks to ensure equal opportunities for people with a disability to participate in all aspects of University life, including education and employment.

QUT recognises its legal obligations under current State and Commonwealth anti-discrimination legislation, principally:

- Disability Discrimination Act 1992 (Cwtth)
- Disability Standards for Education 2005 (Cwtth)

Under this legislation the University can be vicariously liable for discrimination or harassment against a person with a disability by a member of staff or any of its agents.

Objectives

The University’s approach to implementing this policy includes:

- The requirements of people with a disability are recognised and embedded in the planning process, resource allocation, and the development of policy (see QUT Disability Action Plan). Resources will be sufficient to ensure an appropriate level of services to students and staff.
- Reasonable accommodations are provided for people with a disability, which neither advantage nor disadvantage them in comparison to other people not receiving disability support services.
- Access to work and study, by law, is not limited on the basis of the cost of services and accommodations required, unless the adjustments would impose “unjustifiable hardship” on the University.
- The physical environment on all campuses should be accessible and safe and easy for people with a disability to negotiate. All new buildings are designed in accordance with the appropriate standards and codes. The University is improving access to older buildings, where possible, to meet these standards.
- The University respects the rights of people with a disability to privacy and confidentiality (see F9.1) and may seek information about a person’s disability primarily for the purpose of a request for reasonable accommodation. This information remains confidential and is not part of the person’s open record of employment or academic progress.
- The University provides programs for staff to promote awareness of disability issues.

Definitions

Discrimination

‘Discrimination’ means treating people with a disability less favourably than people without that disability would be treated under the same circumstances. For further details on definitions of discrimination, refer to the University’s grievance resolution procedures for discrimination related grievances (A/8.5).

Disability

As outlined in legislation, a disability may be temporary or permanent, total or partial, physical, psychological or psychiatric, life-long or acquired. Also included are people who require devices or aids for assistance, or are accompanied by guide dogs or other assistance animals as defined by the relevant legislation.

Reasonable accommodation

‘Reasonable accommodation’ refers to administrative, physical or procedural alterations required to ensure equal opportunity for a person with a disability.

Unjustifiable hardship

In some cases it may be unreasonable for the University to make certain adjustments. Relevant circumstances in determining unjustifiable hardship include: the nature of the benefit or detriment likely to accrue or be suffered by any persons concerned; and the financial circumstances of the institution and the cost of making the required adjustments. A thorough understanding of the effect of the disability on the individual and the impact of any adjustment or alteration is required in order to determine whether such adjustments are reasonable and necessary. The relevant State and Commonwealth administrative bodies require detailed evidence to support a claim of unjustifiable hardship.

Provisions for people with a disability

Provisions for students with a disability

The needs of a student with a disability are assessed on an individual basis, following consultation between the student and a University disability adviser. The disability adviser makes recommendations for reasonable accommodations based on the functional limitations imposed by the disability and the supporting documentation provided by the student. Recommendations, in the form of a service plan, are forwarded to the relevant faculty / school liaison person for distribution to teaching staff.

Particular support services are available for students with a disability. Further information is available in the publication Guide for Students with a Disability.

Staff seeking additional information are referred to the publication and website: Supporting Students with a Disability: a
guide for staff which includes information on common forms of disability, effective communication, teaching strategies, curriculum design and assessment. See also policy on alternative arrangements for assessment for students with a disability (E/6.3)

Provisions for employment

QUT actively encourages the employment of people with a disability. Supervisors and managers should be aware of the relevant legislation and policies relating to employment of people with a disability and ensure that all employment procedures are appropriate and non-discriminatory.

In considering a candidate with a disability for a specific job, the University makes adjustments in the workplace and adjustments to work conditions, if required.

Workers with a disability are afforded equal opportunities to acquire the skills and experience necessary to advance in their careers.

The University provides advice, information and services, upon request, to staff with a disability and/or the section of the University in which the person is employed or is seeking employment.

Other provisions

It is the responsibility of the student or staff member to substantiate their eligibility for disability services.

People with mobility impairment should be aware of the parking regulations in force on each campus. Further details are available from the Facilities Management website.

The University ensures that all essential educational, administrative and promotional material is available in alternative formats for access by people with a disability.

A working party of Equity Board (A/8.9) reviews and recommends policies and practices relating to the needs of people with a disability.

Information access and privacy

QUT's functions necessitate the collection, creation and use of personal information about students, staff and other clients. QUT is strongly committed to protecting personal privacy by complying with 11 information privacy principles which govern how and when personal information may be collected, stored, used and disclosed. QUT recognises that staff and students, both past and present, and other clients and individuals having links to QUT, have a legitimate expectation that the University will protect and appropriately manage the personal information it collects and holds about them.

This policy is derived from obligations under the Queensland Government's Information Standard No 42 - Information Privacy (IS42), which applies to statutory authorities such as QUT. This policy also supports QUT's obligations to comply with information security requirements (see F/1.2).

Definition of personal information

This policy applies to "personal information". This is defined in IS42 as any information or opinion, whether true or not, and whether recorded in a material form or not, about an individual whose identity is apparent, or can reasonably be ascertained, from the information or opinion. Personal information can be in any format and, for the purposes of this definition, includes photographs and images, usernames and passwords. Unique identifiers such as student/staff/payroll numbers, tax file numbers, credit card numbers and bank account details are also personal information. Personal information may be recorded in a variety of formats including, but not limited to, hard copy records, databases, administrative systems and staff/student identity cards.

Where data is recorded in a way which cannot be linked to a known individual, then the privacy principles do not apply.

Roles and responsibilities for privacy

All staff

It is the responsibility of all staff to respect personal privacy in so far as they collect, access or use personal information about others in the course of their duties, and to comply with the specific requirements of this policy.

Privacy must also be appropriately respected in the human research context, and all staff and students undertaking research must comply with the University's policies and procedures for research involving personal information, including the requirement to obtain ethical approval where applicable. Refer to Office of Research (Research Ethics Office) for further details.

Data custodians

The nominated data custodian of major datasets used to support QUT functions must comply with specific responsibilities described in this policy and in QUT's policy on provision and use of information resources and services (F/1.1.3) and in the information security policy (F/1.2), all of which support QUT privacy obligations.

Heads of organisational units

As the functions of many organisational units within the University require the collection or management of personal information, responsibility for assessing privacy risk and for implementing business processes which are consistent with privacy principles rests with the head of each organisational unit. Specific, ongoing responsibilities include:

- implementation and regular review of appropriate data collection practices (see section 9.1.4 below);
- ensuring personal information is used and managed appropriately by staff within the organisational unit;
- implementing adequate security requirements for access to and storage of personal information in all formats within the organisational unit; and
- ensuring that privacy training and awareness is embedded in practices and procedures of the organisational unit as appropriate.

Privacy Contact Officer

The Registrar, as chief administrative officer, has general responsibility for privacy management, and has designated a Privacy Contact Officer in Governance Services to facilitate the implementation of IS42 at QUT. Specific responsibilities of the Privacy Contact Officer include:

- maintenance of QUT's privacy plan;
- training and advisory services, including the development of a strategy for regular training of staff on their responsibilities in areas of high privacy risk;
- provision of assistance for the development of privacy notices; and
- receipt of privacy complaints (see section 9.1.12 below).

Collection of personal information

Personal information must be collected only where necessary and relevant to QUT’s functions and activities and in accordance with other privacy collection principles. The head of an organisational unit responsible for functions or activities requiring the collection of personal information must:
Access and security for personal information records

The implementation of adequate security safeguards is a significant means of protecting personal privacy. Reasonable measures must be put in place to prevent unauthorised access, loss, disclosure or misuse of personal information. Detailed arrangements for management of information security generally are found in the information security policy (F/1.2).

For personal data in information systems, the data custodian has formal responsibility for implementing adequate security measures to protect privacy (see F/1.1). Additionally, the data custodian determines user access levels for the dataset or system, though the decision to grant access to individual staff may be delegated. Access rights should be formally documented and reviewed periodically. The data custodian is also responsible for implementing appropriate mechanisms to revoke access to personal information data or records when access is no longer necessary or appropriate, for instance, in the case of a change in position or formal responsibilities, or termination of employment. In regard to local files and records, security procedures and management of access are the responsibility of the head of the organisational unit.

The head of the organisational unit is responsible for ensuring that personal information records held in physical or hard copy files and records is also secured. Physical security strategies may include restricting building and work area access, ensuring facilities (offices, filing cabinets or other storage facilities) are locked when not in use, and implementing "clean desk" procedures.

In addition, good records management practices for physical files, for instance recording file movements, undertaking file audits, placing appropriate security classifications on files, and managing records retention, are designed to safeguard against loss or unauthorised access. Care must be taken to ensure secure and confidential destruction of records containing personal information (which may only be undertaken in accordance with authorised disposal schedules). Refer to QUT's records management policy (F/8.1) and supporting procedures.

Individual staff are entitled to access personal information records (irrespective of format) only where there is a legitimate need to do so, and only to the extent required to perform the staff member's duties (the "least privilege" principle). Additionally, individual users of QUT's personal information datasets and systems must take reasonable precautions to safeguard their access to these systems, such as the protection of passwords. Individual user responsibilities for security are outlined in QUT's Information Facilities Rules (Appendix 1(c)).

Use of personal information records

Privacy obligations impose the following requirements in relation to the use by the University of personal information held in QUT records and datasets:

- the requirement to take reasonable steps to ensure that information is accurate, up-to-date and complete before it is used, since it is important that decisions or actions by the University are based on accurate and complete facts. This responsibility rests with the relevant data custodian or head of the organisational unit in which the personal information is held;
- the requirement to use information only in circumstances where it is relevant, and provided that it is used only for the purpose for which it has been collected or a directly related purpose. This is the responsibility of all staff.

There are several recognised but limited exceptions to the restrictions on use of personal information and further guidance on use of personal information for other purposes is available from the Privacy Contact Officer.

Prohibition on disclosure of personal information

Staff must not disclose personal information to individuals or organisations outside the University. Disclosure refers to release of personal information out of the effective control of the University (that is, to a body, agency or person separate from the University).

Exceptions relating to disclosure of personal information

In extremely limited circumstances, disclosure of personal information in the following circumstances may not be a breach of privacy.

Consent

Personal information may be disclosed where the individual concerned has consented to that disclosure. Consent must be expressly given and it is expected that the consent will be in writing. In limited circumstances, verbal consent may be acceptable if it is verifiable and the disclosure is clearly in the best interests of the individual. Staff proposing to release information where the consent is not in writing must discuss the circumstances with the Privacy Contact Officer before disclosure occurs.

Implied consent must not generally be relied upon as a basis for disclosure. Where a person seeks personal information as a representative or agent of another, then documentation confirming the scope of the agent's authority should be obtained before release of any personal information held by the University.

Previous provision of a privacy notice

Personal information may be disclosed where individuals have been informed of the usual practices for disclosure.

Other situations

In rare circumstances, disclosure of personal information may also be permitted where:

- disclosure is necessary to prevent or lessen an imminent and serious threat to a person's life or health;
- disclosure is required by law (for example, if the University's records are subpoenaed, or if there are statutory requirements to provide information to a government department such as the Australian Taxation Office, Centrelink, or Department of Education, Science and Training);
• disclosure is necessary for enforcement of criminal or other laws imposing penalties such as fines.

Any request or proposal to disclose personal information in these situations must only be undertaken in compliance with protocols issued by the Registrar, or following discussions with the Privacy Contact Officer confirming that disclosure is necessary and acceptable under privacy principles.

**Register of graduates**

Privacy principles do not apply to material which is maintained on a public register. Given that one of QUT’s primary functions is to confer higher education degrees and awards, QUT maintains a register of its graduates (including of predecessor institutions) in the student management system. Information concerning a person’s status as a graduate of the University is available to any member of the public upon formal request to the Student Business Services Department. The only details confirmed are the graduate’s name (as recorded in QUT systems), the degree conferred or to be conferred and the date of conferral. QUT may charge a fee for this service.

No other personal information is regarded as being on a public register.

**Student numbers and other unique identifiers**

Student numbers are unique identifiers and they are used as the basis for recording a large amount of student information. To protect student privacy and to secure student information from unauthorised use or disclosure, student number information must not be published or made generally available in a way which links the number to a student’s name, for example, by being printed on mailing labels which are sent through the post.

Similar principles apply to other unique identifiers such as staff or payroll numbers.

**Access to and amendment of an individual’s own record**

Privacy principles entitle an individual to have access to the personal information which the University holds about them, and to amend it where it is inaccurate, incomplete, out-of-date or misleading. IS42 recognises that, in Queensland, these rights are dealt with in the Freedom of Information Act 1982 (FOI Act). QUT is however committed to providing, as far as practicable, an open environment which enables members of the QUT community to obtain access to their personal information without recourse to formal procedures contained in the FOI Act (see Freedom of Information policy - F/10.1). To achieve this, QUT has in place administrative procedures for information access by staff and students.

**Privacy complaints**

If an individual believes that QUT has not dealt with their personal information in accordance with IS42 or this policy, they may make a complaint to QUT. A complaint must be made in writing within six months from the date when the breach of privacy was suspected to have occurred. Complaints should be sent to the Privacy Contact Officer or referred to that officer if received by another area of the University.

The Privacy Contact Officer will refer the matter to the most appropriate senior officer to resolve the complaint. In the case of complaints regarding a staff member’s conduct or actions, this will be the head of the organisational unit in which the staff member is employed. In other cases, the complaint may be referred to the head of the organisational unit having responsibility for the personal information to which the complaint relates.

Primary responsibility for investigating and responding to the complaint will rest with the senior officer, with advice from the Privacy Contact Officer as required. The University’s main objective in responding to privacy complaints is to conciliate an outcome which is acceptable to the complainant and which addresses any broader or systemic privacy issues which may arise.

If a complainant does not agree with the University’s response, an internal review process is available.

Monitoring of privacy complaints is undertaken via annual reporting as part of QUT’s compliance program. For full details of procedures to be followed in managing privacy complaints, refer to the QUT Privacy Plan.

**Contracts involving personal information**

Contractual arrangements entered into by the University may involve access to or use of personal information owned or held by QUT. Typically these arrangements may outsource routine support functions, though some contractual arrangements may also relate to commercial research and consultancies.

Any contract which is entered into by the University must place appropriate safeguards on protection of personal privacy, since contractual arrangements do not alter or eliminate QUT’s obligations for protection of personal information. It is the responsibility of the senior officer who has delegated authority to enter contracts and commercial arrangements, to ensure that privacy risks are adequately addressed and that QUT’s privacy obligations are appropriately incorporated into the formal terms of the contract where necessary. For further information, refer to QUT’s policy on management of contracts and MOUs (G/6.1). Queries concerning appropriate contractual provisions covering QUT’s privacy obligations may be directed to the Privacy Contact Officer or the Office of Commercial Services.

**Equal opportunity and diversity policy**

QUT’s vision, goals and organisational values (A/2.1) reflect a belief in the crucial role of knowledge in understanding and improving the human condition.

Consistent with its vision, goals and organisational values, QUT will infuse social justice philosophy and practices into all aspects of its activities. Such embedding enhances the University’s core business, as well as enhancing the opportunities of disadvantaged students and staff.

Informed by global standards of justice and fairness (eg UN/ILO Conventions), the University’s pursuit of social justice is underpinned by a commitment to equal opportunity and diversity.

Thus, QUT aims to:

• respect and protect the rights of its students and staff;
• promote a fair and inclusive educational and work environment;
• ensure its graduates possess a sense of social and ethical responsibility; and
• contribute to the social well-being of Brisbane, Australia and other nations.

**Rights and responsibilities**

All students and staff have individual rights

• to be treated fairly by the University and by each other; and
• to study and work in an environment free from discrimination and harassment.
To respect and protect these rights, QUT will

- educate and inform members of the University community about their rights and responsibilities (see QUT Code of conduct and QUT Student Charter);
- review and reform University practices to ensure they are inclusive and non-discriminatory; and
- administer grievance resolution procedures (see A/6.1).

**Inclusive environment and culture**

The student and staff body should reflect the cultural and social diversity of the community. Therefore, underrepresented and disadvantaged groups will have particular outreach and recruitment strategies, especially students and staff who are Indigenous, low-income students, rural students, and students and staff with a disability.

All students and staff should experience a sense of belonging which arises from an inclusive learning and working environment which respects diversity. Therefore, learning experiences, on-campus services and administrative procedures for students, as well as career development and management practices for staff, will be fair.

With regard to equal opportunity, QUT acknowledges that treating all people in the same way does not necessarily result in fairness or equality. To promote equality of outcomes for staff and students, the University recognises that social disadvantage creates barriers to success, and that targeted attention to overcome these barriers is a necessary precursor to true equality. Thus, the University’s equal opportunity activities encompass particular support and assistance measures for students and staff in equity groups at QUT.

The objective is for the pass rates, attrition rates and satisfaction levels of students in equity groups to be comparable with those of other students, and for promotion rates, resignation rates and satisfaction levels of staff in equity groups to be comparable with those of other staff.

**Knowledge and community**

As an institution whose core business is knowledge, QUT has a unique role to play in both the social justice knowledge and skills which graduates acquire, and the social justice aspects of research.

Graduates of QUT will have a sense of social and ethical responsibility, and an understanding of Indigenous and international perspectives (see C/4.3). QUT courses will be characterised by content, pedagogy and assessment embedded with Indigenous perspectives, inter-cultural perspectives, and an understanding of social justice. Students in their work-integrated learning and community engagement / service learning activities should have opportunities to engage with disadvantaged and marginalised communities.

Staff at QUT will ensure that their research activities include a positive impact on disadvantaged and marginalised groups in the broader community.

The University’s community engagement activities will reflect its civic responsibility and be inclusive of culturally and socially diverse communities.

With regard to public policy, the University will contribute its knowledge, analytical skills and ideas through public debate and consultancies which include a social justice perspective.

**Planning**

To give effect to its social justice policy aspirations, QUT will infuse equity considerations into its planning, reporting and accountability arrangements. Priority issues, such as dealing with student poverty or supporting staff and students who identify as lesbian, gay, bisexual, transgender, intersexed or queer (LGBTIQ), will be determined from time to time.

Training and awareness-raising programs and appropriate resourcing will be available to inspire and enable staff and students to engage with social justice activities. Reward and recognition schemes will acknowledge the equity-related achievements of staff and students.

Bachelor Degree (Double)
IF21 Bachelor of Engineering (Electrical)/ Bachelor of Mathematics
IF28 Bachelor of Engineering (Electrical)/Bachelor of Business
IF59 Bachelor of Engineering (Electrical)/Bachelor of Information Technology
IX28 Bachelor of Business / Bachelor of Engineering
IX54 Bachelor of Engineering (Electrical)/Bachelor of Information Technology

Graduate Certificate
BN85 Graduate Certificate In Built Environment and Engineering
CN81 Graduate Certificate in Project Management
CN90 Graduate Certificate in Property Economics
IX97 Graduate Certificate in Research Commercialisation
PS82 Graduate Certificate in Planning Studies

Graduate Diploma
AR61 Graduate Diploma in Industrial Design
AR62 Graduate Diploma in Interior Design
CN64 Graduate Diploma in Project Management
CN91 Graduate Diploma in Property Economics
DB69 Graduate Diploma in Urban Design
EE67 Graduate Diploma in Computer and Communications Engineering
PS66 Graduate Diploma in Landscape Architecture
PS72 Graduate Diploma in Urban and Regional Planning

**Masters Degree (Coursework)**
BN87 Master of Engineering Management
BN88 Master of Infrastructure Management
BN89 Master of Project Management
CN77 Master of Project Management
CN92 Master of Property Economics
DB73 Master of Built Environment (Urban Design)
DE50 Master of Design (Urban Design)
EE74 Master of Engineering Science (Computer and Communications Engineering)
EE77 Master of Engineering Science (Electrical Engineering Studies)
EN40 Bachelor of Engineering - Dean's Scholars Program
EN50 Master of Engineering (Systems)
IX99 Master of Research and Development Management
ME76 Master of Engineering Management
ME80 Master of Engineering Science (Mechanical Engineering Studies)
PS70 Master of Urban and Regional Planning
PS71 Master of Landscape Architecture
UD50 Master of Urban Development (Urban and Regional Planning)

**Masters Degree (Research)**
BN71 Master of Applied Science (Research)
BN72 Master of Engineering

**Doctoral**
IF49 Doctor of Philosophy (Built Environment, Engineering)

**University wide unit sets**
Unit sets: Accounting, Economics and Finance
Unit sets: Advertising, Integrated Marketing Communication, Logistics, Marketing and Public Relations
Unit sets: Built Environment and Design
Unit sets: Creative Industries
Unit sets: Engineering
Unit sets: Entrepreneurship, Human Resource Management and Management
Unit sets: Natural Resource Sciences
Unit sets: Faculty of Health
Unit sets: Information Technology
Unit sets: International Business, Languages, and Tourism and Entertainment Marketing
Unit sets: International Exchange
Unit sets: International Studies
Unit sets: Justice and the Law
Unit sets: Mathematical Sciences
Unit sets: Multimedia and Technologies
Unit sets: Physical and Chemical Sciences
Unit sets: Science
Unit sets: Society and Culture
Unit sets: Urban Development and Construction
OVERVIEW

QUT’s Built Environment and Engineering Faculty is all about changing and growing to better meet the needs of students, industry and the professions.

The real world does not stand still and neither do our courses. Industry partners and professional bodies are closely involved in our course development and are increasingly demanding graduates with more breadth and superior skills in dealing with clients and other professionals.

We work hard to ensure all courses are fully recognised or accredited both in Australia and overseas. Sometimes this puts limits on how much choice students have in what they study, but wherever possible we encourage you to broaden your core studies with subjects from across the Faculty or other QUT faculties.

Depending on your course, you can choose an eight unit second major or up to two four unit minors in another field. The Faculty has packaged up a range of second majors and minors that ensure you get a rich and meaningful depth of knowledge in a complementary area rather than skating over the surface of the discipline.

Undergraduate courses are grouped around three broad themes with course structures that maximise interaction:

**Bachelor of Design**
- Architecture
- Interior Design
- Industrial Design
- Landscape Architecture.

**Bachelor of Urban Development**
- Construction Management
- Property Economics
- Quantity Surveying
- Urban and Regional Planning
- Spatial Science.

**Bachelor of Engineering**
- Aerospace Avionics
- Civil
- Civil and Environmental
- Civil and Construction
- Electrical
- Infomechatronics
- Mechanical
- Medical
- Software.

These courses are supported by an extensive research base in the Faculty that is grouped around core themes of medical engineering, smart systems, sustainability and infrastructure. Our research focuses on problems that need to be solved and brings together brilliant people with diverse backgrounds to find new answers. The Faculty is a key player in QUT’s research institutes for Sustainable Resources and Health and Biomedical Innovation.

The Faculty has formed partnerships with a range of high-profile organisations including Shell, Brisbane Airport Corporation, Brisbane City Council, CSIRO, QRAIL and Queensland Government. Our partners provide living laboratories for our research and bring their experience to bear through part-time teaching or hosting students undertaking internships and practicums.

A number of the professional bodies that accredit our courses set minimum requirements for practical experience that students must have achieved by the time they graduate. For example, Engineering students complete at least 60 days approved real-work experience and Spatial Science students must have 90 days of such experience. Students complete their work experience through the Faculty’s Work Integrated Learning (WIL) programs which combine university study with real work experience.

Courses in Design and Urban Development can also include opportunities to work on real-world projects. Student work in planning and design regularly wins industry awards and competitions.

**SENIOR STAFF**

**Faculty Office**

*Executive Dean:* Professor M. Betts, BSc (Hons) Reading, PhD CNAAN, FICOB, FRICS, FIEAust, FRSA, CPEng

*Assistant Dean, Teaching and Learning:* Professor S. Savage, BArch (Hons) MArch Qld, DipAdultVocEd Griff.

*Assistant Dean, Research:* Professor J.M. Bell, BSc(Hons) Syd., PhD NSW, FIEAust, MAIP, CPEng

*Assistant Dean, External Relations:* Professor D. Buisson, BSc MSci(Class 1 Hons) PhD Auck., SM(Management) Massachusetts

**School of Design**

*Head:* Professor J. Frazer, AA Dipl, MA Cambridge, FCSD, FRSA

*Professors:* J. Birkeland, BA (Fine arts), MA (Arch), JD (Law), PhD (Sustainability) L. Buys, BS W.Virginia, GradDip N.Colorado, MA S.Illinois, PhD N.Colorado, Fellow Australian Association of Gerontology R. Drogemuller, BArch BAppSc (Maths & Comp) G. Lee, DipID RMIT, MLA MArch Melb., PhD RMIT V. Popovic, GradEngArch Belgrade, MFA(IndDes) Ill., PhD Syd., FDIA, MHFS, MAES, MDRS

*Associate Professors:* N. Demirbilek, BArch MArch PhD (BldSci) METU J.M. Franz, BAppSc(BtEnv) QIT, DipTeach TAFE, MedSt Qld, PhD QUT, MDIA (Accredited Designer), RegTeach (Qld)

**School of Urban Development**

*Head:* Associate Professor S. Kajewski, BEng(Civil), GradDipProjMgt, MBuiltEnv(ProjMgt) PhD QUT, MIEAust, CPEng, MAIB, RPEQ

*Professor of Infrastructure Management:* A. Kumar, B Tech IIT Delhi, MSCE Purdue, GradDipMgt

*Chair in Transport Efficiency:* L. Ferreira, BSc Lond., MSc Westminster, PhD Leeds, FIEAust, FCIT

*Professors:* S. Dhanasekar, BE (Civil), M Tech (Structures), PhD, MIEAust, CPEng, MIEng, RPEQ A. Goonetilleke, BSc (Eng) S.Lanka, MSc Griff., PhD QUT, CPEng, FIEAust M. Mahendran, BScEng (Hons) Moratuwa, PhD Monash, MIEAust, CPEng R.M. Skitmore, MSc PhD Salford, FRICS, MCIOB, FAIB, AAIQS D.P. Thambiratnam, BScEng (Hons) Ceyl., MSc PhD
**RESEARCH THEMES**

**Design**

Design concentrates on investigation of people-systems-environments relationships and provides new knowledge and innovation beneficial to their users. Research in design fields improves the quality of work and life and brings social and economic advantages to the industry and community. Design incorporates research in:

- Architecture
- Industrial Design
- Interior Design
- Landscape Architecture
- Urban Design
- Centre for Subtropical Design

The theme is cross/inter – disciplinary related with relevant DESIGN fields and the other three Faculty Research Themes: Infrastructure, Smart Systems and Medical Engineering. It has links across the University community and Institutes – Institute for Health and Biomedical Innovation (IHBI), Institute for Creative Industries Innovation (ICI), Information Security Institute (ISI), Institute for Sustainable Resources and relevant Collaborative Research Centres (CRC) – ACID, Construction and Innovation and AHURI.

**Research focus within the theme includes:**

- Colour and light
- Cultural landscapes
- Design Education and Design Theory and Methodology
- Design Tools
- Human-Centred Design Research and Usability
- Person-Environment Studies
- Sustainable Systems
- Virtual prototyping

**Medical Engineering**

This Theme develops and promotes the use of engineering and technology, often in collaboration with surgeons, to provide new techniques, materials, devices, procedures and manufacturing techniques for medical devices. Medical Engineering is based largely on core mechanical and electrical engineering skills applied to problems in medicine. The applied research is built on a strong foundation of knowledge in biomechanics, fluid mechanics and automation and control, but incorporates knowledge in cell biology, human anatomy and physiology. New knowledge is being developed and applied to the full range of orthopaedic diseases and injury (such as knee and hip replacements, fractures and spinal deformities), other diseases such as heart failure, and to provide improved quality of life for people with disabilities. The Theme includes research in the following areas:

- Orthopaedic and Trauma

Orthopaedics and Trauma Queensland incorporates programs of research collaboration with hospital partners. Key research is conducted in bone and cartilage diseases; bone and cartilage substitute systems; bone fracture healing; spinal surgical procedures; and osteoporotic bone and crush fractures.

**Artificial Organs**

This area of research investigates non-biological replacement organs, for example, artificial heart; congestive heart failure; and impaired function of other organs.
Compression Bandaging
This research project aims to gain a better understanding of the clinical application of pressure bandaging to develop improved bandaging techniques and clinical practice.

Smart Systems
Asset Management
Infrastructure research, in collaboration with industry, government and professions, aims to strengthen the nation's building and infrastructure systems. Research concentrates on investigating the performance of existing and new building and infrastructure systems under realistic structural and environmental loadings including those due to natural, accidental and man-made hazards. It uses smart materials, systems and technologies, and advanced computer analysis and test methods to assess and improve the performance of existing and new building and infrastructure systems.

Asset Management research focuses on innovative industry-directed research and development, education and commercialisation in an integrated approach to lifecycle physical asset management to meet present and future needs to ensure international competitiveness and sustainability of Australian industry. The overall research program will be focused on five main industry sectors: Defence, Water and Waste, Power Generation and Distribution, Extraction and Process, and Transport Infrastructure.

This research is closely aligned to the CRC for Construction Innovation and the CRC for Integrated Engineering Asset Management (CIEAM).

Robotics and Automation
The Robotics and Automation program is focused on world-class research on robotics and navigation systems for unmanned aerial vehicles, and involves collaboration with CSIRO and Boeing. However similar automation strategies and technologies are used in a variety of control applications such as energy network control, and in mechatronic systems, and satellites. Much of the work in this group will be conducted through the newly formed Australian Research Centre for Aerospace Automation (ARCAA).

Speech and Signal Processing
This program conducts internationally competitive research in order to solve practical problems, which enable Speech and Signal Processing to be applied in products and processes. Research focuses on, state-of-the-art speech audio and video technologies including speech/speaker recognition and personal identification technologies for forensic and security applications; speech coding for storage and communication; speech synthesis for voice response systems; audio compression for broadcasting, television and Internet applications, video compression, and image recognition and restoration. Researchers in this area are supported by the CRC for Advanced Automotive Technology and the Information Security Institute.

Infrastructure
Energy
The provision of sustainable energy supplies is of critical importance to the future of Australia, and this research involves experimental and theoretical research on solar cells, wind energy and solar thermal energy generation as well as fundamental research on energy supply networks, including distributed generation technology and energy policy. This research is conducted in collaboration with energy utilities and the Queensland Sustainable Energy Industry Development Group, and is a key component of the Institute for Sustainable Resources.

Water
The supply of fresh water and the quality of water supply are key issues facing Australia over the next 20 years, and this research looks at water re-use technology and policy. The research is practically focused with significant collaboration with local government and industry in South-East Queensland. Research in the Faculty links strongly with research in the Faculties through the i-water initiative of the Institute for Sustainable Resources.

Transport
The aim of this program is to focus research effort in the freight and logistics area with an emphasis on multimodal transportation systems. The main research areas include freight vehicle impacts, freight and logistics e-business systems, freight corridor evaluation analysis, ITS applications in freight and logistics, emissions modelling, transit evaluation methodologies, rail track modelling and analysis, and intermodal terminal planning and operations.

Housing and Construction
This research makes contributions to improved practice in the specific areas of housing, urban planning, international project management, construction and property performance, construction information and procurement technologies, and property market choice, investments, constraints opportunities, internationalisation, taxation, lifecycles, risk and culture. Much of the research in this area is supported by the Australian Housing and Urban Research Institute, the CRC for Construction Innovation and the Construction Industry Institute of Australia.

Cooperative Research Centres (CRCs)
The faculty is also involved in the following Cooperative Research Centres (CRC) and externally-funded collaborative research ventures:

CRC for Construction Innovation
The Centre aims to create and commercially exploit tools, technologies and management systems to deliver inventive constructed assets of financial, environmental and social benefit to the community. The centre combines basic research with strategic research and development in five related programs: virtual environments for lifecycle design and construction; construction project delivery strategies; environmental sustainability; integrated design and construction support systems; and management, adaptability and the future of built assets.

CRC for Integrated Engineering Asset Management
The CRC for Integrated Engineering Asset Management (CIEAM) delivers capabilities and technologies for integrated and sustainable asset management to a wide range of Australian industries in both the private and the public sectors. CIEAM consists of leading edge researchers and practitioners focused on industry directed R&D and education in the management of Australia's major engineering assets in the Defence, Utilities (power, water and gas), Process and extraction, and Transportation industries. CIEAM involves five research program areas. These are Models and decision systems, Advanced sensors, Intelligent diagnostics and life prediction, Systems integration and IT, and Strategic human dimensions.
CRC for Railway Engineering and Technologies
The Centre aims through research to develop an internationally competitive, efficient and sustainable rail industry and to facilitate the development of an Australian export industry in railway technologies. Benefits will flow in terms of improved rail efficiency and infrastructure capacity, energy savings, reduced maintenance cost, and better asset utilisation. The main research areas include 'Smart train' intelligent systems; innovative/automated maintenance and upgrading technologies; optimal traffic control and scheduling; IT systems and standards for rail management; new materials, systems and components for railways; and industry skills development (education and training).

CRC for Advanced Automotive Technology
The CRC for Advanced Automotive Technology brings the automotive industry together with researchers in design, engineering and manufacturing to enhance the industry's international competitiveness. The aim of the research is to reduce the concept-to-product cycle times; improve manufacturing flexibility and efficiency; and the development of new material systems to meet the challenges of weight reduction, increased safety and greater functionality. The CRC will also improve vehicle safety through improvements in the crashworthiness of vehicles and new intelligent products/systems that provide increased comfort, performance and entertainment.

Australian Housing and Urban Institute (AHURI)
The Institute is a consortium of CSIRO Division of Building, Construction and Engineering; Queensland University of Technology; University of Queensland; Monash University; and Royal Melbourne Institute of Technology (RMIT). Its broad objective is to conduct research into issues in housing and urban fields in Australia and the Asia-Pacific region.

Centre for Subtropical Design
The Centre for Subtropical Design is a collaboration between QUT, the Brisbane City Council and the Office of Urban Management, focussing on sustainable development of the subtropical urban environment. This Centre will promote high quality planning, design and development that responds to the City of Brisbane and South-East Queensland region's cultural, landscape, and climatic characteristics in ways that are sustainable and enhance the enjoyment of the region's subtropical lifestyle.

Queensland Sustainable Energy Industry Development Group
This group, formed in 2004 by QUT, the University of Queensland, Central Queensland University, Stanwell Corporation, CS Energy, and the Queensland Conservation Council, is continuing the work of the Australian CRC for Renewable Energy in areas of energy policy, training for the sustainable energy industry (supply and use), and renewable energy technology.

Australian Centre for Tropical Crops and Biocommodities
This Centre is the research division of the former Sugar Research Institute which transferred to QUT in July 2005. This Centre conducts research into the post-harvest processing and economics of sugar cane and has a particular expertise in milling technology (mechanical engineering and computational fluid dynamics modelling), separation science, and total biomass utilisation, in particular the transformation of sugar cane waste into biofuels (ethanol) and biopolymers to provide renewable fuels and industrial chemicals.

Australian Research Centre for Aerospace Automation (ARCAA)
ARCAA was formed in 2006 as a collaboration between CSIRO and QUT to promote the safe and efficient operation of Unmanned Vehicles in controlled airspace. The Centre is constructing a new research facility at Brisbane Airport where major programs on UAV navigation and collision avoidance, risk management and applications of UAV technology in areas as diverse as border security, vegetation management, and disaster recovery will be conducted.

Medical Engineering Research Facility (MERF)
The Medical Engineering Research Facility is a new $10 million facility being constructed at the Prince Charles Hospital to provide state-of-the-art research and education facilities in orthopaedic research.

Australasian CRC for Interaction Design (ACID)
ACID is the leader in research and development in interaction design – using new technologies to work, live, learn and play. It builds on the strengths of more than 20 educational and corporate partners and is active internationally through new industry and university partnerships. ACID's research themes – Virtual Heritage, Smart Living, Digital Media, Multi-User Environments and New Models of Advertising for Interactive Television – build connections between consumers and industry, content and application developers, software system developers and hardware manufacturers.

Construction Industry Institute of Australia (CIIA)
The Construction Industry Institute, Australia (CIIA) gives members the opportunity to access worldwide leading edge research and implement outcomes before others. Its vision is to create national wealth through innovative design, construction, engineering and management of sustainable built assets. The CIIA's mission to undertake applied research, implementation and research training in the engineering, construction and property industries for the purpose of advancing knowledge, creating national wealth and providing a competitive advantage to Australian business in the national and international market place. The CIIA believes that wealth creation and industry improvement can best be achieved by collaboration between all parties involved in the project delivery process. Applied research projects are used as the bridge to bring together the participant, particularly clients and service providers, to generate creative ideas and undertake leading edge research that results in major breakthroughs which add significant value to members and Australian industry. The CIIA is part of an international network of similar institutes based at universities in the United States, Europe and Australia and more recently, in South East Asia. The goal of these Institutes is to undertake research to create value and stimulate industry change, and create a work environment that fosters innovation. They achieve this by bringing together researchers and industry participants in multi-disciplinary task forces focusing on programs of applied research and by providing their members with a forum for local, regional and international debate. The Institutes also collaborate with a wide range of sister research organisations across the world.
Notes for BEE undergraduate courses

Course progression
It is important that students follow as normal a progression through their courses as possible. Units should be taken in an orderly sequence as set out in published course structures. Units failed should be repeated or taken again in the next semester that they are offered (usually the following year). Prerequisite units must normally be passed before a student may proceed to a further unit which has the prerequisite so specified. The course coordinator should be consulted regarding variations from the course structure. Students who have failed units, or have doubts about having the necessary background to proceed, should seek the advice of the course coordinator.

Limit of Grades of 3
From Semester 1, 2009, grades of 3 will be considered as failing grades across all QUT Faculties and courses. Continuing students in 2009 may have grades of 3 designated as conceded passes on their academic record. In this case, continuing students enrolled in courses with the Faculty of Built Environment and Engineering can achieve a maximum of 12.5% of total course credit points at a grade of 3. Please note that any grades of 3 achieved from Semester 1, 2009 onwards will count as failing grades and will not contribute to the maximum allowable proportion of conceded passes.

Supplementary assessment
Supplementary assessment is provided to support transition into University and transition into the workplace. Supplementary assessment is a new item of assessment designed to assist students to complete the requirements for their qualification. Students who successfully complete their supplementary assessment requirements will be awarded a minimum passing grade (grade of 4).

Please note the following:

- No more than four supplementary assessments will be available to students in their entire course of study.
- Students may be granted one supplementary assessment in a core or mandatory unit in the first 96 credit points of an undergraduate course. To be eligible, students must have obtained passing grades in all units other than that in which the supplementary assessment is sought.
- Students may be granted up to two supplementary assessments in the final 96 credit points of study, at the Faculty’s discretion, for coursework programs of three or more years full-time duration or equivalent; and one supplementary assessment in the final 48 credit points for coursework programs of less than three years full-time duration or equivalent.
- Students may be granted supplementary assessment in a limited number of other cases where a final grade of 3 has been achieved.
- Supplementary assessment will not be granted to students who have been graded 1 (Low Fail) or K (Withdrawn Failure).

Students are responsible for making applications for supplementary assessment.

Honours based on grade point average
The Built Environment and Engineering Academic Board has resolved that awards with honours for students graduating post-1992 will be based on grades achieved by students throughout the whole of their course as determined by the Grade Point Average (GPA) calculation.

The GPA calculation includes all attempts at units which are awarded a numeric grade, or the result ‘Withdrawn — Failure’ (which is converted to a grade of 1).

Students obtaining a GPA of 6.0 or greater will normally qualify for the award of first class honours. Students obtaining a GPA of 5.5 to 5.99 will normally qualify for the award of second class honours division A. Students obtaining a GPA of 5.0 to 4.99 will normally qualify for the award of second class honours division B.

Students enrolled in double degrees must obtain the required GPA in the Engineering degree component to be eligible for BEE Honours.

Awards with distinction
Awards ‘with distinction’ may be awarded to graduands of the three-year single degree courses and the graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a degree ‘with distinction’ must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units determined by the Faculty Academic Board and approved by the University Academic Board.
Eligibility for ‘With Distinction’
Eligibility for awards with distinction is not affected by the time taken to complete a course. However, to be eligible for such an award, a graduand must have completed the course within the maximum number of calendar years specified in the Student Rules. Three-year (full-time) courses must be completed in ten years. Time limits are measured in calendar years from the first day of the first semester in which the student was enrolled and include periods of interruption such as leave of absence. In addition, to be eligible for an award with distinction, a graduand must have completed at least 50% of the total credit points required for the course at QUT.

Distinction based on grade point average
The Built Environment and Engineering Academic Board has resolved that awards ‘with distinction’ will be based on grades achieved by students throughout the whole of their course as determined by the grade point average calculation.

The GPA calculation includes all attempts at units which are awarded a numeric grade, or the result ‘Withdrawn — Failure’ (which is converted to a grade of 1).

Students obtaining a GPA of 5.5 or greater will normally qualify for the award of with distinction.

Dean’s list
The Dean’s List comprises students who have achieved a GPA of 6.50 or more within a semester. These students receive a certificate in recognition of their achievement.

Use of calculators in examinations
Restrictions apply on the use of calculators in examinations. Students should consult their unit coordinator for details.

Field trips
Attendance at field trips or field projects in engineering and surveying/mapping courses is compulsory.

Personal Protection Equipment (PPE) Policy
Protective equipment refers to safety glasses/goggles, hearing protection, safety boots, gloves and similar items. While all care is taken to reduce the risks to which students are exposed, protective equipment will be required to be worn in some practical sessions and field excursions. Students are required to wear PPE where and when it has been made clear that it is needed. Students are required to provide certain PPE as indicated by each School within the Faculty.

Students enrolled in units specified by the Faculty of Built Environment and Engineering will be required to wear safety shoes for most laboratory practicals and/or field trips. Students not wearing appropriate safety shoes on these occasions will be barred from (i) participating in activities in these units, and (ii) submitting any assessment associated with these activities. Students must provide their own safety shoes, safety glasses/goggles and hearing protection equipment.

All students are bound by the Queensland Workplace Health and Safety Act. In this respect, students carrying out their final year projects will be required to do a risk assessment of such projects, including risk management and control to prevent incident and accidents.

Industrial experience for DE40 Bachelor of Design (Architectural Studies) (students who commenced 2006 and after)
Graduates of DE40 Bachelor of Design (Architectural Studies) will be subject to a GPA requirement to qualify for entry to the postgraduate course DE80 Master of Architecture. Graduates who successfully complete both degrees (DE40 and DE80) will meet the academic requirements for membership of the Australian Institute of Architects (AIA). Successful graduates of both degrees (DE40 and DE80) who have completed a minimum of 2 years’ practical experience, of which at least one year is postgraduate experience, will be eligible to undertake the Architectural Practice Examination, which (if successful) will enable the graduate to be eligible for registration with any Board of Architects in Australia.

Graduates of DE40 Bachelor of Design (Architectural Studies) will also meet the academic (technical) requirement for the Building Design Licence with the Queensland Building Services Authority.

A candidate for the degree Bachelor of Engineering (students who commenced 2006 and after)
A candidate for the degree Bachelor of Engineering must obtain at least 60 days of approved industrial experience/practice in an engineering environment as part of BEB701 Work Integrated Learning in Year 3 or 4.

Bachelor of Engineering (Aerospace Avionics) students are required to obtain 10 days specialist experience in the avionics industry. This is included in the 60 days industrial experience (WIL) requirement.

Industrial experience requirements for EN40 Bachelor of Engineering (students who commenced 2006 and after)
A candidate for the degree Bachelor of Engineering (Spatial Science) must obtain at least 90 days of industrial experience (WIL) as part of BEB701 Work Integrated Learning.

A candidate for the degree Bachelor of Engineering (Quantity Surveying) must obtain at least 100 days of approved industrial experience (WIL) as part of BEB701 Work Integrated Learning.

A student in the Bachelor of Urban Development (Construction Management) seeking professional registration will be required to undertake specified minors that will involve 100 days of industrial experience (WIL) as part of BEB701 Work Integrated Learning.

A student in the Bachelor of Urban Development (Urban and Regional Planning) seeking professional registration is strongly encouraged to complete the Faculty Applications minor that will involve a minimum of 14 days industrial experience (WIL) as part of BEB701 Work Integrated Learning.
Industrial experience for Engineering and Surveying/Mapping courses (students who commenced prior to 2006)

Industrial Experience forms part of the requirements of engineering and surveying degree courses, in order to provide a realistic background for formal academic studies and to ensure that students become effectively balanced in their professional development. For engineering students, it is a requirement of the Institution of Engineers, Australia, for graduate membership. Industrial Experience is usually undertaken during the long vacation or the mid-semester recess as an employee of a private firm, government agency or local authority, but can also be accumulated as employment during semester.

Candidates must submit a report no later than the fourth week of the semester, following each period of Industrial Experience. The report is to be written in the required format describing work carried out during the period of Industrial Experience. An Industrial Experience Record Form signed by the employer is also to be submitted. Industrial Experience Record Forms.

A candidate for the degree of Bachelor of Technology (Civil) must obtain at least 45 days of industrial experience in an engineering environment approved by the course coordinator.

A candidate for the degree of Bachelor of Technology (Mechanical) must obtain at least 50 days of industrial experience approved by the course coordinator.

Bachelor of Engineering students must obtain at least 60 days of Industrial Experience in an engineering environment approved by the course coordinator.

Bachelor of Engineering (Aerospace Avionics) students are required to obtain 10 days specialist experience in the avionics industry. This is included in the 60 days industrial experience requirement.

 Bachelor of Surveying students must obtain at least 90 days of industrial experience in a surveying environment approved by the course coordinator.

Industrial Experience information can be obtained from any of the BEE Student Services Counters listed below:
- S Block, Level 10, Rm S1031 (School of Engineering Systems)
- L Block, Level 2, Rm L220 (School of Urban Development)
- D Block, Level 1 Resource Centre, Rm D-107 (School of Design).

Enrolment in industrial experience
Surveying/mapping and Engineering students enrolled in courses other than EN40 or UD40 should not formally enrol in industrial experience.

Industrial experience requirements for Bachelor of Architecture (AR48) course
A Bachelor of Architecture student must be engaged in approved employment for at least 72 recognised weeks within the last 2-3 years of the course (ADB796 Practice Experience B). Prior to entering Year 4 Semester 1 students enrolled in the full-time course structure, must have completed 20 recognised weeks of approved employment which will be credited to the requirements of Practice Experience B. Students enrolled in the flexible full-time course structure must be engaged in approved employment for at least 48 recognised weeks within the first 3 years of the course (ADB796 Practice Experience A).

Flexible full-time students enrol in ADB796 Practice Experience A in second semester of third year. All students enrol in ADB796 Practice Experience B in the second semester of the final year of the course.

Approved employment means working under the direction of an architect who is registered at the place of practice where the experience is obtained.

A recognised week is 5 days actually worked (7.6 hrs per day with a maximum of 42 hours per week). The minimum period with one employer is 8 weeks.

Allied experience can be obtained in approved areas allied to architecture (eg, Civil Engineering, Interior Design, Industrial Design, Quantity Surveying, Construction Management, Town Planning, Landscape Architecture, Building, etc). The maximum period of allied experience is 12 recognised weeks in ADB795 and 18 recognised weeks in ADB796.

Prior work experience under the direction of a registered architect before enrolment in the course is accepted up to a maximum of 24 weeks in ADB795 and a maximum of 36 weeks in ADB796.

Approved employment during leave of absence is accepted (a) in ADB795 up to a maximum of 24 recognised weeks and (b) in ADB796 after completion of at least one semester of fourth year and prior approval of the course coordinator up to a maximum of 36 recognised weeks.

Reporting each month is required on the electronic logbook. Students without access to the electronic logbook system are to contact the course coordinator who will establish the reporting arrangements for their work experience. The electronic logbook automatically produces the AACA log-sheets required in ADB796.

Credited employment period only counts once (eg, period required for ADB795 cannot also be used for the 20 week period for entry in the last 2 years full-time mode). The employment period of ADB795 for students admitted directly into the third year of the flexible full-time course is 24 recognised weeks and the employment period of ADB796 for students admitted directly into the last year of the course is one year (52 recognised weeks).

Types of experience required:
- ADB795 Practice Experience A
  - At least 50% of time in undertaking design and/or documentation duties.
- ADB796 Practice Experience B
  - (a) At least 50% of time in undertaking design and documentation duties.
  - (b) Provide the following experiences on the electronic AACA log sheets:
    - contract documentation experience (AACA element 2.2.2); and
    - preliminary site investigation and evaluation of at least one project during the last 2-3 years of the course (AACA element 3.1.2); and
    - some aspect of the administration of the project contract of at least one project during the last 2-3 years of the course which can be 'observer' status where direct experience is unavailable (AACA element 3.3.1).

Notes for BEE postgraduate courses
Course progression
It is important that students follow as normal a progression through their courses as possible. Units should be taken in an orderly sequence as set out in published course structures. Units failed should be repeated or taken again in the next semester they are offered (usually the following year). Prerequisite units must normally be passed before a student may proceed to a further unit which has the prerequisite so specified. The course coordinator should be consulted regarding variations from the course structure. This is considered to be a major concession. Students who have failed units or have doubts about having the necessary background to proceed should seek the advice of the course coordinator.

Supplementary assessment
Supplementary assessment is provided to support transition into the workplace. Supplementary assessment is a new item of assessment designed to assist students to complete the requirements for their qualification. Students who successfully complete their supplementary assessment requirements will be awarded a minimum passing grade (grade of 4).

Please note the following:

- No more than four supplementary assessments will be available to students in their entire course of study.
- Students may be granted up to one supplementary assessment in their final 48 credit points of study, at the Faculty’s discretion, for coursework programs of less than three years full-time duration or equivalent.
- Students may be granted supplementary assessment in a limited number of other cases where a final grade of 3 has been achieved.
- Supplementary assessment will not be granted to students who have been graded 1 (Low Fail) or K (Withdrawn Failure).

Students are responsible for making applications for supplementary assessment.

Awards with distinction
Awards ‘with distinction’ may be awarded to graduands of graduate diploma courses undertaken in the Faculty of Built Environment and Engineering. Candidates for a graduate diploma ‘with distinction’ must fulfil the requirements for a pass degree and achieve a standard of proficiency in all course units as is determined by the Faculty Academic Board and approved by the University Academic Board.

Eligibility for ‘With Distinction’
Eligibility for awards ‘with distinction’ is not affected by the time taken to complete a course. However, to be eligible for such an award, a graduand must have completed the course within the maximum number of calendar years in the Student Rules. Time limits are measured in calendar years from the first day of the first semester in which the student was enrolled and include periods of interruption such as leave of absence. In addition, to be eligible for an award with distinction, a graduand must have completed at least 50% of the total credit points required for the course at QUT.

Personal Protection Equipment (PPE) Policy
Protective equipment refers to safety glasses/goggles, hearing protection, safety boots, gloves and similar items. While all care is taken to reduce the risks to which students are exposed, protective equipment will be required to be worn in some practical sessions and field excursions. Students are required to wear PPE where and when it has been made clear that it is needed. Students are required to provide certain PPE as indicated by each School within the Faculty.

Students enrolled in units specified by the faculty of Built Environment and Engineering will be required to wear safety shoes for most laboratory practicals and/or field trips. Students not wearing appropriate safety shoes on these occasions will be barred from (i) participating in activities in these units, and (ii) submitting any assessment associated with these activities. Students must provide their own safety shoes, safety glasses/goggles and hearing protection equipment.
Bachelor of Architecture (AR48)
Year offered: 2009
Admissions: No
CRICOS code: 052308E
Course duration (full-time): 5 years full-time
Domestic fees (indicative): 2009: Full fee tuition $8,250 per semester (indicative); CSP rate 2009 available July 2008
Domestic Entry: February
International Entry: February
QTAC code: 412372; Dfee: 412376
Past rank cut-off: 90. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Paul Sanders
Campus: Gardens Point

Additional Admission Information
The AR48 Bachelor of Architecture course has been replaced by DE40 Bachelor of Design (Architectural Studies) from 2006 onwards. There will be no intake into the AR48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

International Students Course Structure - 6 years
International students enrol in the full time course structure for years 1 - 3 and the flexible full time structure for years 4 - 6. Prior to entering year 4, students may seek approval from the course coordinator to enrol in the full time course structure allowing them to complete in 5 years. To be eligible for the full time course structure (years 4-5), students must have completed 20 recognised weeks of approved employment which will be credited to the requirements of the unit Practical Experience B."

Early Exit Option
Students may elect to complete their studies after three years full-time (288 credit points). Students who select this option will graduate with The Bachelor of Built Environment (Architectural Studies), which is a pre-professional degree in architecture.

Professional Recognition
Graduates of the Bachelor of Architecture degree meet the academic requirements for membership of the Royal Australian Institute of Architects and, following one year of post-graduate architectural experience, are eligible to undertake the registration examinations of the Board of Architects of Queensland.

Special course requirements
A Bachelor of Architecture student must be engaged in approved employment for at least 72 recognised weeks within the last 2-3 years of the course (ADB796 Practice Experience B). Prior to entering Year 4 Semester 1 students enrolled in the full time course structure, must have completed 20 recognised weeks of approved employment which will be credited to the requirements of Practice Experience B. Students enrolled in the flexible full-time course structure must be engaged in approved employment for at least 48 recognised weeks within the first 3 years of the course (ADB795 Practice Experience A).

Graduate Diploma in Industrial Design

(AR61)

Year offered: 2009
Admissions: No
CRICOS code: 003479C
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: CSP $3,690 per semester (indicative)
International Fees (per semester): 2009: $10,500 per semester (indicative) (subject to annual review)

Domestic Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.
International Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.

Total credit points: 96
Standard credit points per full-time semester: 48

Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Entry Requirements
A relevant degree or diploma from a recognised tertiary institution, or professional recognition through an equivalent course of study or examination.

Overview
During the course you are encouraged to develop your knowledge and expertise in design research, ergonomics, decision making, new product development, and CAD. The course consolidates skills and knowledge that encourages leadership.

Professional Recognition
The Graduate Diploma in Industrial Design has been recognised by the Design Institute of Australia (DIA). Graduates are eligible for associate membership. The QUT program is an educational member of the International Council of the Society of Industrial Design (ICSID).

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

SPECIAL NOTE
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Potential Careers:
Industrial Designer.
Graduate Diploma in Interior Design (AR62)

Year offered: 2009
Admissions: No
CRICOS code: 006361D
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: CSP $3,700 per semester (indicative)
International Fees (per semester): 2009: $10,250 per semester (indicative) (subject to annual review)
Domestic Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.
International Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Entry Requirements
A degree or diploma in interior design or in a relevant discipline from a recognised tertiary institution; or professional recognition through an equivalent course of study or examination.

Overview
This Graduate Diploma consolidates your research skills and encourages you to rigorously explore and identify issues relating to the function and quality of the interior environment. You develop specialist skills and apply them to produce interiors that are sensitive to the various demands of the client, the user and society as a whole.

Professional Recognition
The Graduate Diploma in Interior Design is recognised by the Design Institute of Australia (DIA).

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

SPECIAL NOTE
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.
Bachelor of Built Environment (Architectural Studies) (BN31)

Year offered: 2009
Admissions: No
CRICOS code: 003507D
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
International Entry: February
OP Guarantee: Yes
Assumed knowledge: English (4 SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email sbs.enquiries@qut.edu.au
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Paul Sanders
Campus: Gardens Point

Further Information
Phone +61 7 3138 2626, Fax +61 7 3138 5280, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.
Bachelor of Built Environment (Industrial Design) (BN31)

Year offered: 2009
Admissions: No
CRICOS code: 003507D
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412382; Dfee: 412386
Past rank cut-off: 83. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Andrew Scott
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Interior Design, Landscape Architecture, and Urban and Regional Planning.

Career Outcomes
Industrial designers create and produce commercial and industrial products to improve peoples' lives. They make models and prototypes of designs that cover a wide range of manufactured goods from toasters to computer terminals to rapid transport systems. When designing new or improving existing products they must consider factors influencing product design such as useability, costs, materials, technology or environment. They research product usage, make detailed drawings and supervise the construction of prototypes for testing. They mainly work in small business or consulting practices. QUT Industrial Design graduates are working worldwide in places such as the UK, Singapore and France.

Overview
Students in this course develop their capacity to contribute to the design of products and systems for the mutual benefit of users and manufacturers of a wide range of products.

Professional Recognition
Graduates of the Bachelor of Built Environment (Industrial Design) who go on to complete the Graduate Diploma in Industrial Design are eligible for associate membership of the Design Institute of Australia. QUT is an Educational Member of the International Council of Societies of Industrial Design (ICSID).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Further information
Phone +61 7 3138 2626, Fax +61 7 3138 5280, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:
Industrial Designer.
Bachelor of Built Environment (Interior Design) (BN31)

Year offered: 2009
Admissions: No
CRICOS code: 003507D
Course duration (full-time): 3 years

Past rank cut-off: 90. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Mark Taylor
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Industrial Design, Landscape Architecture, and Urban and Regional Planning.

Career Outcomes
Interior Designers plan and execute the layout, finishes, lighting, fittings and furnishings in domestic interior design, retail and entertainment industry design, hospitality industry design, commercial office and corporate design. Interior designers may work as consultants or with a design company. They may also seek work involving production design for film, television and theatre as well as furniture and exhibition design. There is a trend for Australian interior design companies to practice in South East Asia and bid competitively for international commissions.

Overview
Students undertaking this course receive a general background in studies in built environment combined with a series of experiences exercises relating to basic design & specifically to interior design.

Professional Recognition
Successful completion of the Bachelor of Built Environment (Interior Design) satisfies the requirements for entry into the Graduate Diploma in Interior Design. Together the courses are recognised by the Design Institute of Australia as meeting the basic requirements for professional practice.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Course coordinator: Ms Sheona Thomson
Discipline coordinator: Dr Jeannie Sim
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Interior Design, Industrial Design, and Urban and Regional Planning.

Career Outcomes
Landscape architecture is predominantly a young profession with an increasing number of female practitioners. Sixty per cent of the profession is employed in private consultancies of landscape architects, architects, planners, urban designers and engineers. They are engaged primarily in site planning, site design, planting design and, to a lesser degree, landscape planning. Other opportunities for employment occur in the design sectors of government agencies. Some graduates work freelance on a contractual basis.

Overview
This course provides a broad based education for those seeking a career in landscape architecture. Landscape design forms the core of the course, and theory and problem-solving techniques enhance the development of students\

Professional Recognition
Successful performance in the Bachelor of Built Environment (Landscape Architecture) enables students to gain entry to the Graduate Diploma/Master courses. The Graduate Diploma in Landscape Architecture is the only course of its kind in Queensland, and is accredited by the Australian Institute of Landscape Architects (AILA). Graduates from the Graduate Diploma or Master of Landscape Architecture are recognised in New Zealand and Hong Kong and overseas generally through their AILA membership.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Paul Donehue
Campus: Gardens Point

Other Majors
See also entries for the following majors in this course: Interior Design, Industrial Design, and Landscape Architecture.

Career Outcomes
Urban and Regional Planners develop plans and policies for the use of land and resources. They aim to fulfil the social, cultural economic and environmental needs of the community. There are numerous employment opportunities can found in state and local government departments, with private sector planning consultants and land development enterprises. Graduates can build careers in urban design, community health and welfare, housing, transport, and strategic land-use planning, and land and resource development.

Overview
Urban and regional planning involves environmental design, map and aerial photo interpretation, human environment, land use generation, population and urban studies, economics of town planning, employment and industry, land development, demography and housing, and provision of community facilities.

Professional Recognition
Successful completion of the Bachelor of Built Environment (Urban and Regional Planning) enables students to gain entry to the Graduate Diploma/Masters in Urban and Regional Planning, which are both fully accredited by the Planning Institute of Australia (PIA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the another study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Potential Careers:
Urban and Regional Planner, Urban Designer.
Master of Applied Science (Research)  
(BN71)  
Year offered: 2009  
Admissions: Yes  
CRICOS code: 007897G  
Course duration (full-time): 1 year (minimum), 2 years (maximum)  
Course duration (part-time): 2 years (minimum), 4 years (maximum)  
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)  
International Fees (per semester): 2009: $11,500 (indicative) per semester (subject to annual review)  
Domestic Entry: At any time  
International Entry: At any time  
Campus: Gardens Point  

Entry Requirements  
A four-year degree in an appropriate discipline with Honours or equivalent qualification or a graduate diploma or masters degree in an appropriate discipline with a minimum grade point average of 5 with relevant experience or professional experience and/or other qualifications.  

Part-time Study  
QUT advises that International Students may only enrol in full-time studies.  

Overview  
From this research degree you acquire advanced knowledge of applied science research methods, applied to research problems in the built environment. As well as mastering relevant techniques, you can expect to develop high-level skills in investigation and critical thinking and extensive knowledge in a specialist area. Specialisations are available in Architecture, Interior Design, Industrial Design, Construction Management, Quantity Surveying, Property Economics, Project Management, Planning, Landscape Architecture and Surveying. Our Faculty staff are available to discuss your application with you. You are encouraged to approach them early in the development of the research proposal that forms part of your application. Master by Research studies normally include:  
* assessed coursework  
* participation in university scholarly activities such as research seminars, teaching and publication  
* regular meetings with supervisors  
* a program of supervised research and investigation  
* preparation of a thesis.  

Fees  
Australian students enrolling after August 31 2000 in a higher degree by research are subject to the conditions of the Commonwealth Government's Research Training Scheme (RTS). Research Students who enrol at QUT will be awarded an RTS place, which is funded by the Commonwealth, or a QUT Research Training Award Scheme (RTA) place, which is a fee remission scholarship. Research Masters students are entitled to two years full-time equivalent study under these schemes, Students who exceed this entitlement may apply to QUT for an extension, however the University may charge fees for the period of the program which exceeds the student's entitlement. The University determines the fee level.  

HDR Director  
Professor Mahen Mahendran  
Phone: +61 7 3138 2543  
fax: +61 7 3138 1515  

1 - General Conditions  
1.1 The Council of the Queensland University of Technology was established in 1989 under the Queensland University of Technology Act 1988.  
1.2 The Council's power to approve recommendations from Faculty Academic Boards regarding the registration, supervision and examination of research degree candidates and to develop policy and procedures relating to research degrees is exercised through a University Research Committee which is a subcommittee of University Academic Board.  
1.3 University Research Committee has delegated responsibility for day-to-day administration of research masters degree courses to faculty academic boards. Academic boards shall report biannually to University Research Committee on progress made by Research Masters degree candidates.  
1.4 This program is administered by the Academic Board of the Faculty of Built Environment and Engineering through its Faculty Research Committee. The program is offered in Architecture, Civil Engineering, Construction Management, Electrical and Electronic Systems Engineering, Industrial Design, Interior Design, Landscape Architecture, Mechanical, Manufacturing Engineering and Medical Engineering, Property Economics, Planning and Surveying.  
1.5 In order to qualify for the award of the degree of Master of Applied Science (Research) or Master of Engineering a candidate must:  
* have completed the approved program involving advanced work under the supervision of a Thesis Panel prescribed by the Faculty Research Committee of the Built Environment and Engineering Academic Board  
* have submitted, and the Faculty Research Committee accepted a thesis, together with reports and/or documents where applicable, prepared under the supervision of the Thesis Panel  
* have completed such other work as may be prescribed by the Faculty Research Committee, and  
* submit to the Faculty Research Committee a declaration signed by the candidate that they have not been a candidate for another tertiary award without permission of the Faculty Research Committee.  

2 - Registration  
2.1 Applications shall be accepted subject to the availability of facilities and supervision.  
2.2 Applications may be lodged with the Registrar at any time.  
2.3 There is a six-month maximum period for domestic students and nine months for international students,
between acceptance by the Faculty Research Committee and enrolment by the candidate in the Master of Applied Science (Research) or Master of Engineering before the offer of admission to the program lapses. Candidates are required to complete an enrolment form each semester.

A Note Regarding Enrolment
The Faculty and Student Services are to be advised of any changes to name, address or other personal details. Application to vary any aspect of the candidacy must be made in writing directly to the Faculty Research Committee for Built Environment and Engineering and be endorsed by the principal supervisor.

2.4 The minimum academic qualifications for admission to the Master of Applied Science (Research) or Master of Engineering are:
* a four-year degree in an appropriate discipline in which the candidate has received at least second class Honours from the Queensland University of Technology, or
* a qualification judged equivalent by the Faculty Research Committee, or
* a grade point average of 5.0 or better in a graduate diploma program, in a relevant discipline, together with demonstrated potential for further study and/or evidence of professional standing, or
* a grade point average of 5.0 or better in a coursework masters degree program in a relevant discipline, together with demonstrated potential for further study and/or evidence of professional standing.
An applicant for the Master of Applied Science (Research) or Master of Engineering program without the minimum entry requirement may present a case for admission based on the submission of evidence of qualifications which demonstrate the applicant's capacity to pursue the course of study.

The case may be based on the following:
(a) three years professional experience in the general field in which the proposed work lies, or
(b) satisfactory completion of an appropriate Masters qualifying program including formal coursework and/or reading program in related fields stipulated by the Faculty Research Committee, or
(c) the submission of technical publications or other appropriate evidence which satisfies the Faculty Research Committee that advanced knowledge has been acquired in a branch of applied science relevant to the built environment or a division of engineering in which the applicant has worked as a professional practitioner in a position of responsibility. This knowledge should be relevant to the field of study proposed.

2.5 A candidate will be eligible to be registered as a graduate student if they are considered by Faculty Research Committee to meet the requirements for entry.

2.6 A candidate shall receive confirmed registration as a graduate student when they:
* have satisfied the requirements for admission and achieved by work and study a standard recognised by Faculty Research Committee, or
* have satisfied Faculty Research Committee that they are a suitable person to undertake the program, and
* have satisfied Faculty Research Committee that they can devote sufficient time to the research and study.

2.7 In considering an applicant for registration, the Faculty Research Committee shall, in addition to assessing the applicants suitability, be satisfied that:
* the proposed program is relevant to the aims and objectives of the University
* the proposed program has relevance to the needs of society or industry, and
* adequate resources are available to support the proposed program.

2.8 An application for registration should set out systematically and fully the candidates intended course of study including the following:
* a description of the area of study within which the candidates course lies
* a summary of the work to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program, its background, the significance and possible application of the research program, and the research plan
* the location at which the work will be undertaken, the amount of time which will be devoted to it and the resources required
* details of academic qualifications and supporting evidence, including copies of results for each year of courses undertaken
* a brief account of industrial experience
* a list of publications
* sponsorship details
* statement of approval by Head of School and/or Postgraduate Research Coordinator, and
* any other relevant material.

2.9 The program is offered on a full-time or a part-time basis and may be undertaken externally. Part-time students normally will be employed in some professional capacity during the day and carry out their research projects on a part-time basis at QUT, in their place of employment or in a sponsoring organisation.

2.10 Full-time students may be on a scholarship from industry or QUT, and may carry out their research at QUT or in a sponsoring organisation. Normally full-time students would be expected to work on their research projects at QUT for not less than three-quarters of a normal working week, averaged over each year of candidature. Such a candidate may not devote more than 300 hours annually to teaching activities, including preparation and marking.

2.11 A candidate may be based at QUT or at a place of employment or sponsoring institution. Normally, support of the sponsoring institution for the candidate's application is required for registration. A candidate may also be external where their residence is outside of Brisbane.

2.12 The Faculty Research Committee may cancel a candidate's registration if, after consulting a candidate's supervisor and having taken account of all relevant circumstances, the committee is of the opinion that the candidate either has effectively discontinued their studies or has no reasonable expectation of completing the course of study within the maximum time allowed (see Section 4).

2.13 A candidate whose registration has lapsed or has been cancelled, and who wishes subsequently to re-enter the course of study to pursue a research program which is substantially the same as the previous investigation may be re-admitted under such conditions as the Faculty Research Committee shall prescribe.

3 - Course of Study
3.1 A candidate for the degree of Master of Applied Science (Research) or Master of Engineering will undertake a program of research and investigation on a topic approved by the Faculty Research Committee.

3.2 All projects should be supported by outside agencies such as industry, government authorities and professional organisations, or by QUT itself. This provision is to ensure that programs are relevant to the aims of the University and the community. It is important that projects be primarily directed towards society or industry need.

3.3 The program must be such as to enable the candidate to develop and demonstrate a level of scientific competence significantly higher than that expected of a first degree graduate. The required competence normally would include mastery of relevant techniques, investigatory skills, critical thinking, and a high level of knowledge in the specialist area.

3.4 Where advised, a candidate may be required to complete satisfactorily a program of formal coursework in subjects relevant to the field of study up to a total class contact of 32 credit points.

3.5 The course of study normally will include:
* participation in University scholarly activities such as research seminars, teaching and publication
* regular face-to-face interactions with supervisors, and
* a program of supervised research, design, investigation, development, construction, or any combination thereof.

The course of study may also include a program of assessed coursework.

3.6 Coursework at masters level demands a capacity for critical analysis and a specialisation of research interests not normally appropriate for an undergraduate program. Such coursework may be conducted in a number of ways:
* as advanced lecture courses
* as seminars in which faculty and candidates present critical studies of selected problems within the subject field
* as independent study or reading courses, or
* as research projects conducted under faculty supervision. Candidates will be encouraged to attend conferences where these are related to the field of the research.

In all cases, coursework will be based upon a formal syllabus setting out the educational outcomes expected from the course, a list of topics to be covered, the prescribed reading material and the method of assessment of progress through and at the end of the course.

3.7 Maximum and Minimum Coursework Requirements:

**Thesis** - 96 credit points minimum (at least two-thirds of the degree content)
* Maximum coursework requirement - 32 credit points

**Minimum coursework requirement - 4 credit points** - IFN001 Advanced Information Retrieval Skills

* Maximum of 16 credit points per semester for each semester of the program

*Additional Requirements:

Attendance and participation in School of Research Centre seminars/workshops (compulsory).

Students must contact the Postgraduate Research Coordinator in their School to finalise any other coursework component of their program.

4 - Period of Time for Completion of Course of Study

4.1 The duration of study will normally be a minimum of one year and a maximum of two years or the part-time equivalent.

4.2 In order to encourage completion of research degrees within a reasonable timeframe, QUT has set a limit of two years on the length of time for which it will fund a faculty for full-time research masters degree candidates.

4.3 A registered full-time graduate student shall present the thesis for examination after a period of at least one year but not more than two years has elapsed from the time of confirmed registration. A registered part-time graduate student shall present the thesis for examination after a period of at least two years. The maximum time is four years from the time of confirmed registration. In special cases the Faculty Research Committee may approve a shorter period.

4.4 Time limits are measured in years from the time of first registration as a graduate student. Periods of exclusion or absence without approval are included.

4.5 Candidates who exceed these limits may be asked to show cause why they should not have their registration in the program terminated. Such candidates must make formal application to the Faculty Research Committee to have their registration extended beyond the normal time. Details of the candidate's progress shall be presented to the committee together with the reasons for the delay in completing the course and the expected date of completion. Where the committee agrees to an extension, a time limit will be set for the maximum period of registration in the program.

4.6 Candidates are notified of termination by registered mail. They have right of appeal to the Academic Appeals Committee.

5 - Supervision

5.1 The Faculty Research Committee shall appoint at least one supervisor the principal supervisor and also at least one associate supervisor. Each member of the supervisory panel shall bring appropriate experience in the research area of the student.

5.2 The Principal Supervisor shall normally be from the academic staff of the QUT school in which the candidate is enrolled.

5.3 The Supervisory Panel shall supervise all aspects of the candidate's work program, shall receive reports from the candidate on progress and shall recommend to the Faculty Research Committee both on successful and unsuccessful completion of components of the coursework incorporated in the candidate's program, on progress on the thesis research project and on continued enrolment.

5.4 The Supervisory Panel shall receive a formal oral and written report from the candidate at least once every semester on progress on the research project.

5.5 Summary of Faculty Supervisory registration process:

To ensure that students receive appropriate supervision from experienced supervisors and active researchers the Faculty has introduced a Supervisors Register which requires registered supervisors to demonstrate performance in three areas.

1. Practice - previous supervisory experience of at least five years.
2. Research - evidence of active research through grants and publications
3. Continuous development
6 - Place and Conditions of Work
6.1 The research program will normally be carried out under supervision in a suitable environment within Brisbane. However, external study is possible. External candidates will be required to spend a minimum of four weeks at QUT annually.
6.2 The Faculty Research Committee shall not admit a candidate to a program of research based at the University unless it has received:
* a supporting statement from the Head of the QUT School and/or Postgraduate Research Coordinator in the School in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the masters degree, that the program is supported, that the school is willing to undertake the responsibility of supervising the work of the applicant and that resources are available to support the proposed research.
6.3 The Faculty Research Committee shall not admit a candidate to a program of research based at a sponsoring establishment unless it has received:
* a supporting statement from the employer or director of the sponsoring institution that they are aware of the course rules and are prepared to sponsor and support the applicant, that the applicant will be provided with facilities and time to undertake the research project and that they are willing to accept responsibility for supervising the applicant's work, and
* a supporting statement from the head of the QUT school or Postgraduate Research coordinator in which the study is proposed indicating that, in their opinion, the applicant is a suitable person to undertake a research program leading to the Masters degree, that the program is supported, and that after examination of the proposed external facilities and supervision, the school is willing to accept the responsibility of supervising the work.

7 - Thesis
7.1 In the form of presentation, availability and copyright, the thesis shall comply with all the requirements of the document Requirements for Presenting Theses (Appendix 51 in the Manual of Policies and Procedures).
7.2 A candidate shall submit the title of their thesis for approval by the Faculty Research Committee with their application, and after approval has been granted, no change will be made except with the permission of the committee.
7.3 The candidate shall give two months' written notice of intention to submit their thesis through the Principal Supervisor.
7.4 The thesis shall comply with the following requirements:
* a significant proportion of the work described (as determined by the Faculty Research Committee) must have been carried out subsequent to initial registration for the Masters degree.
* it must describe a program of work carried out by the candidate and must involve either an advanced contribution to the knowledge of the subject or an advanced application of existing knowledge.
* it must reach a satisfactory standard of literary presentation.
* it shall be the candidate's own account of the work. Where work is carried out conjointly with other persons, the Faculty Research Committee shall be advised of the extent of the candidate's contribution to the joint work.
* the thesis shall not contain as its main content any work or material which the candidate has previously submitted for another degree or similar award.
* the thesis may consist primarily of reports, plans and/or documents or may be supported by these if they have a bearing on the subject of the thesis. Other supporting documents such as published papers may also be submitted with the thesis.
* the thesis shall contain an abstract of not more than 300 words.
7.5 Except with the specific permission of the Faculty Research Committee, the thesis must be presented in the English language. Such permission must be sought at the time of application for registration, and will not be granted solely on the grounds that the candidate's ability to satisfy the examiners will be affected adversely by the requirement to present the thesis in English.
7.6 Subject to QUT's Intellectual Property policy, the copyright of the thesis is vested in the candidate.
7.7 Where a candidate, supervisor or the sponsoring establishment wishes the thesis to remain confidential for a period of time after completion of the work, application for approval must be made to the Faculty Research Committee when the thesis is submitted. The period normally shall not exceed two years from the date on which the examiners recommend acceptance of the thesis, during which time the thesis will be held on restricted access in the QUT Library.
7.8 Except where confidentiality of the thesis is necessary, students shall submit their thesis electronically after completion of the examination process and any corrections required to the QUT Library for inclusion in the Australian Digital Thesis Project.

8 - Examination of Thesis
8.1 The Faculty Research Committee shall appoint three examiners, at least one of whom shall be from outside of the University. No supervisor of the candidate shall be appointed as one of the examiners.
8.2 Normally, examiners must agree to read and report upon the thesis within two months of its receipt.
8.3 A candidate may be required to make an oral defence of the thesis.
8.4 On receipt of the reports from the examiners, the Faculty Research Committee shall:
(a) recommend that the thesis be accepted without modification, and to Academic Board that the candidate be awarded the degree,
(b) recommend to Academic Board that the candidate be awarded the degree, after any minor amendments requested by the examiners have been made, or
(c) recommend that the thesis not be accepted until major revisions have been made. Such revisions might be rewriting one of the sections, with or without additional work, or
(d) not accept the thesis and terminate the candidate's registration.
8.5 If the examiners' reports are conflicting, the Faculty Research Committee may, after appropriate consultation with the Thesis Panel, resubmit the thesis to the examiners with copies of the examiners' reports and/or seek the advice...
of a further external examiner. After due consideration of
further reports from the examiners, a majority decision will
be accepted by the Faculty Research Committee.

Further Information
The Faculty of Built Environment and Engineering: Phone
+61 7 3138 1424, Fax +61 7 3138 8381,
e-mail: bee.research@qut.edu.au
WEB address: http://www.bee.qut.edu.au/research

Potential Careers:
Architect, Art Project Manager, Artist, Community
Education Officer, Community Worker, Construction
Manager, Contract Administrator, Environmental Health
Officer, Exchange Student, Industrial Designer, Landscape
Architect, Manager, Medical Equipment Sales, Project
Developer, Project Manager, Property Development,
Property Economist, Public Servant, Quantity Surveyor,
Real Estate, Secondary School Teacher, Teacher, Urban
and Regional Planner, Urban Designer.
Master of Engineering (BN72)

Year offered: 2009
Admissions: Yes
CRICOS code: 003465J
Course duration (full-time): 1 year (minimum), 2 years (maximum)
Course duration (part-time): 2 years (minimum), 4 years (maximum)
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged:
- 2009: $6,720 per semester (indicative)
International Fees (per semester): 2009: $11,500 (indicative) per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Campus: Gardens Point

Entry Requirements
A four-year degree in an appropriate discipline with Honours or equivalent qualification or a graduate diploma or masters degree in an appropriate discipline with a minimum grade point average of 5 with relevant experience or professional experience and/or other qualifications.

Part-time Study
QUT advises that International Students may only enrol in full-time studies.

Overview
This research program for professional engineers equips you to solve complex industrial problems. The program is available in Civil, Electrical and Electronic Systems, Mechanical, Manufacturing and Medical Engineering. In completing the course you apply yourself to real-world problems in a research project which usually be sponsored by industry, government authorities, professional organisations or QUT. You can enhance your preparation for the research project by completing coursework units as part of your program. Master of Research studies normally include:
* assessed coursework
* participation in university scholarly activities such as research seminars, teaching and publication
* regular meetings with supervisors
* a program of supervised research and investigation
* preparation of a thesis.

Fees
Australian students enrolling after August 31 2000 in a higher degree by research are subject to the conditions of the Commonwealth Government’s Research Training Scheme (RTS). Research Students who enrol at QUT will be awarded an RTS place, which is funded by the Commonwealth, or a QUT Research Training Award Scheme (RTA) place, which is a fee remission scholarship.

Research Masters students are entitled to two years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for an extension, however the University may charge fees for the period of the program which exceeds the student’s entitlement. The University determines the fee level.

WEB address: http://www.bee.qut.edu.au/research

Potential Careers:
Aerospace Avionics Engineer, Biomechanical Engineer, Biomedical Engineer, Civil Engineer, Electrical and Computer Engineer, Electrical Engineer, Environmental Engineer, Exchange Student, Government Officer, Hydrogeologist, Industrial Designer, Information Security Specialist, Instrument Maker, Manager, Manufacturer, Mastering Engineer, Mechanical Engineer, Medical Engineer, Medical Equipment Sales, Medical Imaging Technologist, Network Manager, Programmer, Recording Engineer, Rehabilitation Engineer, Rehabilitation Professionals, Software Engineer, Systems Analyst, Teacher.
Graduate Certificate In Built Environment and Engineering (BN85)

Year offered: 2009
Admissions: Yes
CRICOS code: 060808G
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $10,500 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Course coordinator: Professor Jay Yang
Campus: Gardens Point

Overview
This course serves as a preparation and pathway program for students wishing to enter a masters program in the Faculty of Built Environment and Engineering. It is particularly aimed at students with either a three-year undergraduate degree, or a degree in a different area to the masters of their choice.

Entry Requirements
A four-year full-time bachelor degree in a relevant discipline area; or a three-year full-time diploma and three or more years of relevant professional experience in a relevant discipline; and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
The Graduate Certificate in Built Environment and Engineering does not provide any specific career path. It is offered only as an alternative entry pathway to masters courses in the Faculty of Built Environment and Engineering.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Special Note
The course structures are divided into two major categories: Standard program and UD50 Articulation program.

All students, except those intending to advance to UD50 Masters of Urban Development (Urban and Regional Planning), must follow the standard program.

Standard Course structure - February Entry and July Entry

Full-time Structure - Year 1, Semester 1
- BEE Undergraduate Unit 1
- BEE Undergraduate Unit 2
- Other Faculty Postgraduate Unit A
- Other Faculty Postgraduate Unit B
- All units to be approved by Postgraduate Coordinator prior to enrolment.

Part-time Structure
A part-time course structure will require completion of 1 BEE undergraduate level unit and 1 Other Faculty postgraduate level elective unit each semester (50% of standard load as above.)

Postgraduate Level Electives
- IFP100 Knowledge Transfer and Research Commercialisation (Core Unit)
- INN311 Enterprise Systems
- INN221 Technology Management
- KIP401 Visual Communication
- PUN301 Occupational Health and Safety Law and Management
- PUP415 Occupational Health
- PUN001 Contemporary Risk Management
- PUN500 Safety Management
- IBN410 International Logistics Management
- IBN408 Global Business Operations
- MGN423 Contemporary Strategic Analysis
- EFN420 Introduction To Financial Management
- Or consult with BN85 Course Leader.

Undergraduate Level Electives
Suitable for BN87 path.
- BSB115 Management
- ENB333 Operations Management
- ENB336 Industrial Engineering
- ENB432 Engineering Asset Management and Maintenance
- Or consult with BN85 Course Leader.

Suitable for BN88 path.
- ENB432 Engineering Asset Management and Maintenance
NRB600 Sustainable Environmental Management
UDB104 Urban Development Economics
UDB316 Cost Planning and Control
Or consult with BN88 Course Leader.

Suitable for BN89 path.

CNB402 Investment Theory
UDB213 Construction Estimating
UDB312 Contract Administration
UDB313 Programming and Scheduling
UDB316 Cost Planning and Control
UDB410 Construction Management
Or consult with BN88 Course Leader.

Suitable for DE50 path.

BEB902 Greening the Built Environment
BEB903 Greenhouse Solutions
BEB904 Eco-Innovation for Sustainability
DAB325 Architecture in the 20th Century
DAB525 Architecture and the City
HHB127 Environment And Society
NRB600 Sustainable Environmental Management
Or consult with DE50 Course Leader.

[BEB902, DAB325, and DAB525 are the most suitable.]

Suitable for EN50 path.

MOST SUITABLE:
ENB301 Instrumentation and Control
ENB342 Signals, Systems and Transforms
MECHANICAL ENGINEERING ORIENTED:
ENB311 Stress Analysis
ENB312 Dynamics of Machinery
ELECTRICAL ENGINEERING ORIENTED:
ENB350 Real-time Computer-based Systems
ENB352 Communication Environments For Embedded Systems
Or consult with EN50 Course Leader.

[Note: Some of these units have prerequisites which you will need to offer equivalencies for from your previous degree/s.]

UD50 Articulation Course structure - February Entry and July Entry

Full-time Structure - Year 1, Semester 1
Select 4 units from the list below:

UDN551 History of the Built Environment
UDN552 Population and Urban Studies
UDN553 Site Planning
UDN554 Planning Processes and Consultations

Part-time Structure
A part-time course structure will require completion of 2 units (50% of standard load as above.)
Master of Engineering Management
(BN87)

Year offered: 2009
Admissions: Yes
CRICOS code: 006368G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: Full fee tuition $8,500 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Professor Jay Yang (Please refer course specific enquiries to Course Leader.)
Discipline coordinator: Dr Jacob Coetzee (Course Leader)
Campus: Gardens Point

Overview
This course offers an engineering management qualification to practising engineers through a formal qualification in management with advanced engineering skills and knowledge. You can choose to specialise in manufacturing or maintenance engineering. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant engineering discipline area and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
The Master of Engineering Management allows graduates to become specialist engineering managers within their chosen professional field, particularly to become a leader and manager of engineering processes. Graduates can also use the skills and knowledge gained to diversify their capabilities across a broader spectrum of engineering disciplines.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Advanced Standing
Students completing two Masters courses in the Faculty of Built Environment and Engineering will be eligible to apply for a maximum of 24 credit points advanced standing in the second course on the basis of common units already completed. Such students will be required to complete a minimum of 72cp to be determined in consultation with the nominated Course Leader, to achieve the second Masters.

Standard credit points per part-time semester: 24
Course coordinator: Professor Jay Yang (Please refer course specific enquiries to Course Leader.)
Discipline coordinator: Professor Manicka Dhanasekar (Course Leader)
Campus: Gardens Point

Overview
This course addresses the main concepts and methodologies of infrastructure planning and management. It aims to advance and enhance your skills and understanding of the diverse types of infrastructure assets planning and management, including the environmental, social, institutional assessments, and economic and financial aspects of infrastructure management. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant discipline area; or an equivalent qualification, and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
Graduates may choose to become a project manager, asset manager, planner within an infrastructure organisation, or use the skills and knowledge gained to diversify their capabilities across a broader spectrum of construction disciplines. In particular, this course provides graduates with the skills and knowledge to become leaders and managers of infrastructure planning and management.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Advanced Standing
Students completing two Masters courses in the Faculty of Built Environment and Engineering will be eligible to apply for a maximum of 24 credit points advanced standing in the second course on the basis of common units already completed. Such students will be required to complete a minimum of 72cp to be determined in consultation with the nominated Course Leader, to achieve the second Masters.

Potential Careers:
Manager.
Master of Project Management (BN89)

Year offered: 2009
Admissions: Yes
CRICOS code: 060815G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: Full fee tuition $8,500 (indicative) per semester
International Fees (per semester): 2009: $11,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Professor Jay Yang (Please refer course specific enquiries to Course Leader.)
Discipline coordinator: Associate Professor Bambang Trigunarsyah (Course Leader)
Campus: Gardens Point

Overview
This course is designed to provide you with appropriate knowledge and experience in managing projects in professional organisations. It addresses the main concepts and methodologies of project management and provides you with educational opportunities for advanced study following your graduation in a relevant discipline. This course aims to produce project managers capable of ensuring project success through the management of constraints in time, cost and quality, as well as of social, political and environmental challenges. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant discipline area; and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
Graduates will have the necessary expertise to take on managerial roles in projects of their chosen profession. They will have acquired professional experience which will enable them to manage project goals within constraints, contribute to strategic decision making through understanding a range of specialty areas relevant to project management. They will also make a difference to professional practice by introducing project-based practices and a project management approach.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Advanced Standing
Students completing two Masters courses in the Faculty of Built Environment and Engineering will be eligible to apply for a maximum of 24 credit points advanced standing in the second course on the basis of common units already completed. Such students will be required to complete a minimum of 72cp to be determined in consultation with the nominated Course Leader, to achieve the second Masters.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Potential Careers:
Project Manager.
Bachelor of Technology (Civil) (CE33)

Year offered: 2009
Admissions: No
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
Associate Degree in Civil Engineering/Bachelor of Technology (Civil) (CE35)

Year offered: 2009
Admissions: No
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
Domestic Entry: February
QTAC code: This course is no longer offered
Past rank cut-off: 50
Past OP cut-off: 24
Total credit points: 288
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Fraser McGregor
Campus: Gardens Point

Entry Requirements
Applicants must apply via QTAC and satisfy the entry requirements for the Associate Degree in Civil Engineering at the Southbank Institute.

Career Outcomes
Civil Engineering Technologists provide complex technical support to assist civil engineers on the design construction and maintenance of projects. The Bachelor of Technology qualification is now required in government organisations such as Main Roads for positions such as chief design draftsman and construction supervisors. Immediate employment would be as design draftsman and on-site supervisor. The civil engineering consulting industry will also have a need for technologists trained in routine design procedures and CAD drafting skills.

Professional Recognition
The course has provisional recognition by Engineers Australia.

Dual TAFE/QUT Awards
This dual award is a cooperative arrangement between Southbank Institute (SBI) and the Faculty of Built Environment and Engineering, Queensland University of Technology. Initial entry is to a specially designed two-year associate degree at SBI, followed by a third year at QUT, to qualify for the Bachelor of Technology degree. In their second year students study units from QUT and SBI which form part of the Advanced Diploma, and in third year students study one module at SBI together with their QUT units to complete their Bachelor of Technology (Civil) degree.

Subject to final approval.

Special Course Requirements
A candidate for the degree of Bachelor of Technology (Civil) must obtain at least 45 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Further Information
Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

Deferment
QUT's deferment policy does not apply to this course.

Course structure

Year 2 - Semester 1
ENB273 Civil Materials
SCB110 Science Concepts and Global Systems

Year 2 - Semester 2
ENB276 Structural Engineering 1

Year 3 - Semester 1
ENB271 Design of Structural Timber and Earthworks
ENB272 Geotechnical Engineering 1
BEB801 Project 1
One Elective from list below

Year 3 - Semester 2
ENB201 Fluid Mechanics
One Elective from list below
ENB274 Design of Environmentally Sustainable Systems
HECEA205 Municipal Engineering (at Southbank Institute of Technology)

Electives - Semester 1
ENB375 Structural Engineering 2
ENB378 Water Engineering
MAB233 Engineering Mathematics 3

Electives - Semester 2

ENB377 Water and Waste Water Treatment Engineering

Potential Careers:
Engineering Technologist, Technical Officer.
Bachelor of Engineering (Civil) (CE44)

Year offered: 2009
Admissions: No
CRICOS code: 037544G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February (July entry available to students with Advanced Standing)
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Fraser McGregor
Campus: Gardens Point

Additional Admission Information

The CE44 Bachelor of Engineering (Civil) course has been replaced by EN40 Bachelor of Engineering (Civil) from 2006 onwards. There will be no intake into the CE44 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes

Civil engineers plan, design, construct, operate and maintain roads, bridges, dams, water supply schemes, sewerage systems, transportation, harbours, canals, dockyard facilities, airports, railways, factories and large buildings. Civil engineers may gain employment with Local State and Commonwealth Governments, semi-government agencies, construction firms, power generating authorities, mining firms, property developers and consulting engineering firms. A small number are employed in research activities and teaching. After obtaining suitable experience there is also the opportunity to establish their own consulting engineering practice.

Overview

Professional Recognition

This degree is recognised for the purpose of membership of Engineers Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, The Institution of Engineers, Ireland and the various professional engineering registry bodies in the USA.

Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Mid-year entry

The CE45 Bachelor of Engineering (Civil) midyear course has been replaced by EN40 Bachelor of Engineering (Civil) from 2006 onwards. There will be no intake into the CE45 course in 2006 with the exception of QTAC applicants commencing their studies with at least 72 credit points of advanced standing (academic credit).

If offered a place, you may be are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Further Information

Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

Deferment

QUT's deferment policy does not apply to this course.

Special Note

This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:

Civil Engineer, Environmental Engineer.
Bachelor of Engineering (Civil) (CE45)

Year offered: 2009
Admissions: No

Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

OP Guarantee: Yes
Total credit points: 384
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Fraser McGregor
Campus: Gardens Point

Additional Admission Information
The CE46 Bachelor of Engineering (Civil and Environmental Management) course has been replaced by EN40 Bachelor of Engineering (Civil and Environmental Management) from 2006 onwards. There will be no intake into the CE46 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Environmental management is concerned mainly with the assessment and management of the effect of human and other activity on the environment. Graduates apply their skills to find solutions for the management of liquid and solid waste, or air and noise pollution. Graduates can be employed by government bodies and private companies involved with the environmental aspects of planning, designing, constructing and monitoring of structures and facilities including mines, factories, power stations, water and waste water treatment plants and refineries. As legislation becomes more stringent and the community's expectations increase, there will be need for institutions to employ more environmental engineers.

Overview
The course provides technical education civil, environmental engineering and science as well as environmental management skills in urban infrastructure and mining development will be taught. The course also teaches social, legal government and economic topics related to sustainable development.

Professional Recognition
This course has provisional accreditation from Engineers Australia (EA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil and Environmental Management) must obtain at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Deferment
QUT's deferment policy does not apply to this course.

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:
Civil Engineer, Environmental Engineer.
Bachelor of Applied Science (Construction Management) (CN51)

Year offered: 2009
Admissions: No
CRICOS code: 006363B
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,726 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
QTAC code: 412312; Dfee: 412316
Past rank cut-off: 75. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Dr Vaughan Coffey
Campus: Gardens Point

Additional Admission Information
The CN51 Bachelor of Applied Science (Construction Management) course has been replaced by UD40 Bachelor of Urban Development (Construction Management) from 2006 onwards. There will be no intake into the CN51 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Graduates employed in the construction process are involved in the coordinating of the construction and maintenance of large building projects, the development of government and corporate policies, the administration of regulations, and the development and research of building systems and products. They may be employed in private organisations such as large construction and development companies or consultancies while some are employed by government departments.

Overview
The course is concerned with the management of the overall process of construction projects and provides detailed understanding of project development from conception, through planning and construction to commissioning and maintenance. It develops skills in how to manage people, materials, equipment and plant while focusing on issues such as cost, time, quality, safety and environment. It educates students to become effective construction managers with comprehensive technological knowledge, management principles and communication skills.

Special Course Requirements
All students are required to obtain a minimum of 100 days of employment in the final year of the course as a part of CNB409 Professional Practice 1 and CNB423 Professional Practice 2.

Professional Recognition
Graduates with relevant experience are eligible for membership of the Australian Institute of Building.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Bachelor of Applied Science (Quantity Surveying) (CN53)

Year offered: 2009
Admissions: No
CRICOS code: 003500M
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,726 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
QTAC code: 412332; Dfee: 412336
Past rank cut-off: 72. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Dr Johnny Wong
Campus: Gardens Point

Additional Admission Information
The CN53 Bachelor of Applied Science (Quantity Surveying) course has been replaced by UD40 Bachelor of Urban Development (Quantity Surveying) from 2006 onwards. There will be no intake into the CN53 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes
Quantity Surveyors prepare cost estimates and check actual expenditure for large construction projects. They usually work in offices but can also visit building sites, clients and members of teams. Graduates are employed by private quantity surveying firms, government departments and building companies.

Overview
The course prepares students to work as quantity surveyors or building economists. The course covers building management, cost planning and control, building development techniques, building research, computer software application, measurement of construction, and legal issues.

Special Course Requirements
All students are required to obtain a minimum of 100 days of employment in the final year of the course as a part of the units Professional Practice 1 and Professional Practice 2. Only international students are eligible to complete a portion of their work experience offshore, and in this case students will receive no assistance in gaining work experience.

Professional Accreditation and Recognition
The course is offered with or without honours. The honours version is fully accredited by the Royal Institution of Chartered Surveyors (RICS), while both the honours and non-honours versions of the course are fully accredited by the Australian Institute of Quantity Surveyors (AIQS) and the Board of Quantity Surveyors Malaysia (BQSM).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. The course coordinator will therefore need to be satisfied that the student fully understands the implications that the minor will have on professional accreditation and recognition before approval to the minor is granted. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Advanced Standing
Up to 4 semesters of advanced standing may be granted, subject to prior learning and qualifications.
In the special case of students who complete the QUT BAppSc Construction Management course and are therefore eligible to enter the final year of the BAppSc Quantity Surveying course, these students will find that their BAppSc Quantity Surveying course is only accredited by the Australian Institute of Quantity Surveyors.

Electives
Note A: Electives as listed or an approved elective from other QUT courses.

OP Guarantee: Yes
Total credit points: 384, or 288 for 3 years early exit option
Course coordinator: Dr John Hayes
Discipline coordinator: Dr Bwembya Chikolwa
Campus: Gardens Point

Additional Admission Information

The CN54 Bachelor of Property Economics course has been replaced by UD40 Bachelor of Urban Development (Property Economics) from 2006 onwards. There will be no intake into the CN54 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

Career Outcomes

Property economics is the profession associated with the management, administration and use of land and property such as office buildings, shopping centres, factories, hotels etc. Graduates work in private practice or as employees of property development, valuation, property management, investment or property finance companies. They may also work in government departments and local authorities concerned with rating, compulsory acquisitions or property development.

Overview

This course is concerned with all aspects of property - investment, asset management, development, valuation and research - with a focus on finance and on the commercial property market sector. The program incorporates a major in finance (through the Faculty of Business) and specialist 4th year programs, with strong industry links.

Special Course Requirements

All students must undertake 60 days' professional work experience during the course as part of CNB390 Professional Practice. All work experience must approved by the course coordinator to verify that it is appropriate. A work experience diary is to be maintained and available for inspection by the unit coordinator as a formal assessment component.

A student registered in the flexible or part-time study program must be employed full-time in an approved organisation for three of the final four years of the course. Part-time study generally involves around 8 formal contact hours per week and some release from employment is required.

Professional Recognition

Graduates with relevant professional experience are eligible for membership of the Australian Property Institute and registration by the Valuers' Registration Board of Queensland. The course is accredited by the Royal Institution of Chartered Surveyors.

Minors

Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Note

Students may elect to complete their studies on the completion of 3 years (or flexible part-time equivalent). Students who select this option will graduate with a Bachelor of Applied Science (Property Economics) degree. This degree provides full domestic accreditation with the Australian Property Institute and Valuers' Registration Board of Queensland. Students graduating on the four year program have the potential to graduate with honours according to their overall grade point average.

Flexible Mode

Students may take up to 3 units per semester from the full-time timetable.

Further Information

Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

Deferment

QUT's deferment policy does not apply to this course.

Special Note

This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Potential Careers:
Project Developer, Project Manager, Property Development, Property Economist, Property Management, Real Estate.
Graduate Diploma in Project Management (CN64)

Year offered: 2009
Admissions: No
CRICOS code: 006362C
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: Full fee tuition $8,000 (indicative) per semester
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Associate Professor Bambang Trigunarsyah (Course Leader)
Campus: Gardens Point

Entry Requirements
A relevant bachelor degree from an approved tertiary institution; OR successful completion in CN81 Graduate Certificate in Project Management with a grade point average of 5.0 or better, OR qualifications deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND at least three years of appropriate industry experience after graduation. Students who commence mid-year should enrol in semester 2 units.

Overview
This program is designed to help you advance your professional project management career. Career opportunities are excellent in both public and private sectors, and salaries approach the highest in any industry.

Course Structure
In the Graduate Diploma students complete coursework units from the Masters degree with a range of elective options available. Variations to the recommended study program require prior approval from the course coordinator. School electives are offered subject to an appropriate enrolment each semester.

Persons admitted to the Graduate Diploma who are graduates of the Graduate Certificate in Project Management (CN81) will need to submit an application for Academic Credit form for the units they have already completed.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Potential Careers:
Construction Manager, Government Officer, Manager, Project Developer, Project Manager, Property Economist.
Master of Project Management (CN77)

Year offered: 2009
Admissions: No
CRICOS code: 016350B
Course duration (full-time): 1.5 years
Course duration (part-time): 3 years
Domestic fees (indicative): 2009: Full fee tuition $8,000 (indicative) per semester
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

Total credit points: 144
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Associate Professor Bambang Trigunarsyah (Course Leader)
Campus: Gardens Point

Entry Requirements
A relevant bachelor degree from an approved tertiary institution and demonstrated potential in professional activity to undertake masters degree course, OR successful completion of CN64 Graduate Diploma in Project Management with a grade point average of 5.0 or better, OR qualifications deemed equivalent to the above by the Dean of the Faculty on the recommendation of the course coordinator, AND at least three years appropriate industry experience after graduation.

Overview
This program is designed to help you advance your professional project management career. The Project Management course provides generic project related skills essential for senior managers in a wide range of industries. Career opportunities are excellent in both public and private sectors, and salaries approach the highest in any industry.

Course Structure Information
The first two semesters full-time or four semesters part-time are identical to the Graduate Diploma in Project Management (CN64). Persons admitted to the Masters program who are graduates of the Graduate Diploma in Project Management (CN64) will need to submit an Application for Academic Credit form for the units they have already completed. At the completion of the coursework component of the Masters Degree program but before the completion of the Dissertation, students may elect to exit with the Graduate Diploma in Project Management.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

A relevant bachelor degree from an approved tertiary institution; OR Qualifications and/or relevant training considered to be deemed equivalent to the above by the Dean of Faculty on the recommendation of the course coordinator; AND at least three years of appropriate industry experience.

Related Courses
Graduate Diploma in Property Economics(CN91), Master of Property Economics(CN92)

Overview
The aim of the course is to produce graduates capable of making sound and reasonable judgements in property performance evaluation. The course will provide students with a comprehensive understanding of property as an economic and financial asset; knowledge and skills to evaluate and manage property, a sense of ethical and professional responsibility and the application of these attributes in the property field.

Course Structure
In the Graduate Certificate and Graduate Diploma courses, students complete coursework units from the Masters degree with a range of elective options available. The full-time Graduate Certificate can only be completed in Semester 1 of any year. Students who commence mid-year should enrol in Semester 2 units.

Majors
While the course provides an overview of property as an asset there are majors in PROPERTY INVESTMENT AND MANAGEMENT and PROPERTY DEVELOPMENT. There are several common units across the majors however applicants are required to select one major.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Campus: Gardens Point

Overview
Urban Design is primarily concerned with improving through design, the relationship between the many elements that make up urban areas. The course enhances your professional skills through developing an understanding of the social, economic, physical, historical, political, and legal processes which influence the form and structure of urban areas. Particular emphasis is placed on communication skills.

Entry Requirements
A Bachelor of Built Environment in a related discipline with a grade point average of 5 or better and demonstrated potential in a relevant professional activity or a degree or postgraduate qualification, relevant to Urban Design, with the grade point average of 5 or better and demonstrated potential in a relevant professional activity.

Applicants may be granted provisional entry to this course with a modified enrolment program on the basis of alternative academic or professional attainments.

You may be required to undertake a qualifying program to develop design literacy and graphic skills. A three-module full fee paying Summer unit is available for this purpose. Computer literacy is also required.

Course Requirements
Students must complete a minimum of 48 credit points per semester in the full-time course and a minimum of 24 credit points per semester in the part-time course. Students with a grade point average of 5 or better may articulate into the Masters program after one semester full-time or two semesters part-time study.

Further Information

Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Potential Careers:
Urban and Regional Planner, Urban Designer.
Master of Built Environment (Urban Design) (DB73)

Year offered: 2009
Admissions: No
CRICOS code: 003475G
Course duration (full-time): 3 semesters including Summer semester
Course duration (part-time): 5 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24

(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Overview
Urban design is primarily concerned with improving through design, the relationship between the many elements that make up urban areas: buildings, places, spaces and movement and service systems. The course aims to enhance your professional skills through developing an understanding of the social, economic, physical, historical, political, and legal processes which influence the form and structure of urban areas. Particular emphasis is placed on communication skills.

Entry Requirements
Applicants are considered initially for acceptance in the Graduate Diploma in Urban Design. At the completion of 48 credit points students will be considered for articulation to the Master of Built Environment (Urban Design) subject to a grade point average of 5.0 or better in the course.

Applicants may be granted provisional entry to the Graduate Diploma courses with a modified enrolment program on the basis of alternative academic or professional attainments. Some applicants may be required to undertake a qualifying program to develop design literacy and graphic skills. A three-module full-fee paying Summer unit is normally available for this purpose. Computer Literacy is also required.

Focus in the Masters Program
The masters program includes skills and knowledge development through set coursework in common with the Graduate Diploma in Urban Design, but also requires individual research and the writing of a dissertation. An Urban Design Master Studio is conducted over the Summer semester.

Master of Built Environment (Urban Design)
The normal progression will extend the graduate diploma program by a flexibly delivered summer semester (see Course Structure) for part-time and full-time students. Articulation from the graduate diploma to the masters level program will be available after one semester full-time or two semesters part-time provided that applicants have completed the preceding course work with a grade point average of 5.0 or better.

International Student Entry
QUT advises that international students may only enrol in full-time studies.

Overview

Design is the focus of this course; these studies are supported by studies in architectural technology, history and culture of architecture, ethical and legislative frameworks, and the study of architecture in practice.

Career Outcomes

The Bachelor of Design (Architectural Studies) is a four-year full-time pre-professional degree in architecture. Graduates of this course may articulate into the Master of Architecture.

Architects design buildings, provide concepts, specifications, detailed drawings and plans. They oversee construction, negotiate with planning authorities and inspect the work in progress. They are required to have design skills and technical knowledge of materials and processes used in construction. Architects can be employed in general practice or choose to specialise. Some of the specialisations available are commercial, industrial and institutional developments, historic building conservation and housing renovation. They can also be involved in project feasibility studies and strategic asset investigations. Architecture embraces art, technology and service. Architects play a leading role in interdisciplinary teams to solve problems of the built environment. A Bachelor of Architecture gives graduates exciting career choices and the opportunity to travel and work in Australia or overseas.

QUT Entry Bonus Scheme

The QUT Entry Bonus Scheme applies to students completing Year 12 or equivalent in 2008 and applying for entry in 2009.

QUT will also award one bonus rank to students who, while at school, successfully complete one or more university-level subjects at any Australian university.

Minors

You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information

The School of Design - Phone +61 7 3138 2626, Fax +61 7 3138 5280, email: bee.enquiries@qut.com

Professional Recognition

This course received a successful Preliminary Assessment by the RAIA/AACA/Board of Architects of Queensland in 2006. This is the first step in a three-stage process to obtain full recognition and accreditation. Full accreditation will occur in 2010 when the first cohort graduates from the Master of Architecture (DE80).

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Overview
Students in this course develop their capacity to contribute to the design of products and systems for the mutual benefit of users and manufacturers of a wide range of products.

Career Outcomes
Industrial designers create and produce commercial and industrial products to improve people's lives. They make models and prototypes of designs that cover a wide range of manufactured goods from toasters to computer terminals to rapid transport systems. When designing new or improving existing products they must consider factors influencing product design such as useability, costs, materials, technology or environment. They research product usage, make detailed drawings and supervise the construction of prototypes for testing. They mainly work in small business or consulting practices. QUT Industrial Design graduates are working worldwide in places such as the UK, Singapore and France.

QUT Entry Bonus Scheme
The QUT Entry Bonus Scheme applies to students completing Year 12 or equivalent in 2008 and applying for entry in 2009.

QUT will award two bonus QTAC ranks for students who successfully complete Maths C or LOTE (Language Other Than English) in secondary school and apply to start a Bachelor of Urban Development at QUT in 2009.

QUT will also award one bonus rank to students who, while at school, successfully complete one or more university-level subjects at any Australian university.

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

Further Information
The School of Design - Phone +61 7 3138 2626, Fax +61 7 3138 5280, email: bee.enquiries@qut.com

Professional Recognition
The Bachelor of Design (Industrial Design) is recognised by DIA (Design Institute of Australia). Graduates of this course are eligible for DIA Membership. Industrial Design QUT is also an Educational member of ICSID (International Council of Societies of Industrial Design).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

**Potential Careers:**

Industrial Designer.
Bachelor of Design (Interior Design) (DE40)

Year offered: 2009
Admissions: Yes
CRICOS code: 056386C
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,563 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412362
Past rank cut-off: 87
Past OP cut-off: 8
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Mr Mark Taylor
Campus: Gardens Point

Careers Outcomes
Interior designers plan and execute the layout, finishes, lighting, fittings and furnishings in domestic interior design, retail and entertainment industry design, hospitality industry design, commercial office and corporate design. Interior designers may work as consultants or with a design company. They may also seek work involving production design for film, television and theatre as well as furniture and exhibition design. There is a trend for Australian interior design companies to practice in South-East Asia and bid competitively for international commissions.

Overview
Students undertaking this course receive a general background in studies in built environment combined with a series of experience exercises relating to basic design & specifically to interior design.

QUT Entry Bonus Scheme
The QUT Entry Bonus Scheme applies to students completing Year 12 or equivalent in 2008 and applying for entry in 2009.

QUT will award two bonus QTAC ranks for students who successfully complete Maths C or LOTE (Language Other Than English) in secondary school and apply to start a Bachelor of Urban Development at QUT in 2009.

QUT will also award one bonus rank to students who, while at school, successfully complete one or more university-level subjects at any Australian university.

Professional Recognition
Successful completion of the Bachelor of Design (Interior Design) is recognised by the Design Institute of Australia as meeting the basic requirements for professional practice.

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
The School of Design - Phone +61 7 3138 2626, Fax +61 7 3138 5280, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Ms Sheona Thomson
Discipline coordinator: Dr Jeannie Sim
Campus: Gardens Point

Overview
Landscape Architecture is concerned with the ordered design of open spaces at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Your course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work.

Career Outcomes
Landscape Architecture is predominantly a young profession with an increasing number of female practitioners. Sixty per cent of the profession is employed in private consultancies of landscape architects, architects, planners, urban designers and engineers. They are engaged primarily in site planning, site design, planting design and, to a lesser degree, landscape planning. Other opportunities for employment occur in the design sectors of government agencies. Some graduates work freelance on a contractual basis.

QUT Entry Bonus Scheme
The QUT Entry Bonus Scheme applies to students completing Year 12 or equivalent in 2008 and applying for entry in 2009.

QUT will award two bonus QTAC ranks for students who successfully complete Maths C or LOTE (Language Other Than English) in secondary school and apply to start a Bachelor of Urban Development at QUT in 2009.

QUT will also award one bonus rank to students who, while at school, successfully complete one or more university-level subjects at any Australian university.

Professional Recognition
This course is accredited by the Australian Institute of Landscape Architects.

Minors
You will be able to select from two 4 unit approved minors or one 8 unit approved major to enhance and broaden your knowledge in a related field or an area of interest.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

**Potential Careers:**
Landscape Architect.
Master of Design (Urban Design) (DE50)

Year offered: 2009
Admissions: Yes
CRICOS code: 060812M
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: Full fee tuition $8,000 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Professor Jay Yang (Please refer course specific enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Overview
The Master of Design addresses the issues of professional development in the design fields of built environment and engineering. It aims to enhance and advance your skills and understanding of the design disciplines through explorations in social, historic, economic, legal, and technological processes and systems that act upon our environments and products. This course advances abilities in visual and design literacy, communication, and design processes, through the integration of aspects of sustainability, project management, leadership, and design project applications. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant discipline area, or equivalent qualification determined by the Faculty, and a grade point average of 5.0 or more (on a 7-point scale) in that study. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Career Outcomes
Graduates may choose to become specialist urban designers within their chosen professional field, or use the skills and knowledge gained to diversify their capabilities across a broader spectrum of design disciplines. In particular this course provides the skills and knowledge to become a leader and manager of urban design processes, both in the development and implementation of urban design policy and urban design practice. Graduates may typically work in either private practice as urban designers, or in government organisations as urban policy developers and implementers.

Advanced Standing
Students completing two Masters courses in the Faculty of Built Environment and Engineering will be eligible to apply for a maximum of 24 credit points advanced standing in the second course on the basis of common units already completed. Such students will be required to complete a minimum of 72cp to be determined in consultation with the nominated Course Leader, to achieve the second Masters.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Bachelor of Engineering (Electrical and Computer Engineering) (EE41)

Year offered: 2009
Admissions: No
CRICOS code: 003490G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February (July entry available to students with Advanced Standing)
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Bouchra Senadji
Campus: Gardens Point

Additional Admission Information
The EE41 Bachelor of Engineering (Electrical and Computer Engineering) course has been replaced by EN40 Bachelor of Engineering (Electrical) from 2006 onwards. There will be no intake into the EE41 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems. They may specialise as electrical power engineers, electrical design engineers, communications or computer engineers. Graduates find employment with electricity boards, government and semi-government departments, large manufacturing and engineering companies.

Overview
This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. It is professionally recognised by many international professional institutions including the Professional Engineers Board Singapore.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Mid-year Entry
The EE42 Bachelor of Engineering (Electrical and Computer Engineering) course has been replaced by EN40 Bachelor of Engineering (Electrical) from 2006 onwards. There will be no midyear intake into the EE42 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit).

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Industry Cooperative Education Program
High achieving domestic students in third year may also be eligible to participate in the Industry Cooperative Education Program, based on a three-way partnership between the student, University and industry, and involving a full-time, one semester, paid and supervised workplace position with the industry partner.

Special Course Requirements
To graduate, students must complete at least 60 days industrial experience in an engineering environment which is approved by the course coordinator.

Further Information
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment
QUT's deferment policy does not apply to this course.

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:
Electrical and Computer Engineer, Electrical Engineer.
Bachelor of Engineering (Electrical and Computer Engineering) (EE42)

Year offered: 2009
Admissions: No
Domestic fees (indicative): 2009: $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Bachelor of Engineering (Computer Systems) (EE46)

Year offered: 2009
Admissions: No
CRICOS code: 040309C
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

Additional Admission Information
The EE46 Bachelor of Engineering (Computer Systems) course has been replaced by EN40 Bachelor of Engineering (Computer Systems) from 2006 onwards. There will be no intake into the EE46 course in 2007 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Graduates will be employed as design engineers, software engineers, hardware engineers, computer system engineers, information systems engineers, research and development engineers and project managers.

Overview
Students will study units from both electrical engineering and computing from a computer-based systems perspective. The course aims to produce students who are employable as design engineers, software and hardware engineers, computer systems engineers, and information systems engineers.

Professional Recognition
The course is provisionally accredited by Engineers Australia (EA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Optional Pathways
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Telecommunications) course can change to the Bachelor of Engineering (Computer Systems) at the end of the first year without loss of credit, subject to approval from the course coordinator and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days industrial experience in order to graduate.

Further Information
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Deferment
QUT's deferment policy does not apply to this course.

Potential Careers:
Computer Systems Engineer, Electrical and Computer Engineer, Systems Programmer.

Campus: Gardens Point

Additional Admission Information
The EE47 Bachelor of Engineering (Telecommunications) course has been replaced by EN40 Bachelor of Engineering (Telecommunications) from 2006 onwards. There will be no intake into the EE47 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
Telecommunications engineers are involved in the design, planning, commissioning and monitoring of complex telecommunications networks and broadcasting equipment. As a result of the rapid increase in telecommunications technology, Australia currently faces a shortage of experienced telecommunications engineers. Prospective employers include all the major carrier companies such as Telstra, Optus, Vodafone, as well as mobile phone manufacturers such as Voxson, Motorola and Nokia. Other prospective employers are electronic equipment manufacturers and private and government bodies involved in Information Technology (IT), Telecommunication design and development.

Overview
Students study a combination of units from the School of Electrical and Electronic Systems Engineering, School of Computer Science and Software Engineering, School of Data Communication and the School of Mathematics. Areas covered include innovative communications technologies including the Internet, wireless mobile communication systems, optical fibre communications, satellite communication systems ADSL and other fast modem technologies, Bluetooth and HDTV.

Professional Recognition
The course is provisionally accredited by Engineers Australia (EA).

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Optional Pathway
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Computer Systems) course may transfer to the Bachelor of Engineering (Telecommunications) at the end of the first year without loss of credit, subject to approval from the course coordinator, and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days of industrial experience in order graduate.

Further Information
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Deferment
QUT's deferment policy does not apply to this course.

Potential Careers:
Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer.
Bachelor of Engineering (Aerospace Avionics) (EE48)

Year offered: 2009
Admissions: No
CRICOS code: 037543G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412512
Past rank cut-off: 92. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Felipe Gonzalez
Campus: Gardens Point

Additional Admission Information
The EE48 Bachelor of Engineering (Aerospace Avionics) course has been replaced by EN40 Bachelor of Engineering (Aerospace Avionics) from 2006 onwards. There will be no intake into the EE48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 264 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Aerospace Engineers are involved in the design, development, manufacture and maintenance work on aeroplanes, helicopters, spacecraft and satellites. Graduates are employed by the RAAF, RAN and by government bodies such as the Defence Research Centres and the Civil Aviation Authority. There are also career opportunities with aerospace companies, aircraft maintenance and aeronautical consulting services. Opportunities outside aerospace also exist in the areas of electronics, process control, instrument manufacture and automotive equipment.

Overview
Students study aerodynamics, aircraft control systems, avionics navigation and communication. In later years of the degree, specialist study is undertaken in design of aircraft and satellite systems including systems engineering methodology, aircraft and satellite technology and applications. As many of the teaching staff are involved in relevant research with government and industry sectors, students have the opportunity to work on real projects during their studies.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. It is also professionally recognised by many international professional institutions.

Minors
Subject to the approval of the course coordinator, students in this course may gain a minor in Systems Engineering by choosing the same group project through the Aerospace Design units and the final year project providing they comply with Systems Engineering principles.

Optional Pathway
Subject to normal course entry rules students may transfer internally from the QUT Bachelor of Engineering (Electrical and Computer Engineering) course to this degree after the completion of the first year full-time if they have obtained a sufficiently high grade point average that will meet the course cut-off for that year.

Articulation to Masters
Subject to University approval, students achieving a certain minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science level units as electives.

After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science courses can then have these two units credited towards the Masters Program.

Special Course Requirements
In order to graduate students in this course must complete 60 days industrial experience before graduating. An additional 10 days specialist industrial experience must be obtained in the aerospace avionics industry.

Further Information
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment
QUT's deferment policy does not apply to this course.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a
fee-paying student.

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:
Aerospace Avionics Engineer.
Graduate Diploma in Computer and Communications Engineering (EE67)

Year offered: 2009
Admissions: No
CRICOS code: 015184G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007..
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Michael Mason (Course Leader)
Campus: Gardens Point

Entry Requirements
Applicants for the Graduate Diploma must hold a bachelor degree in Electrical Engineering, Information Technology or equivalent; or have successfully completed the Graduate Certificate in Computer and Communications Engineering.

Overview
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and several related areas. You can specialise in either computer or communications engineering or take subjects in both. Computer Engineering covers important contemporary topics such as software development, hardware development computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. Communications Engineering covers advanced digital communication, signal processing techniques, hardware and software components in communications systems and various applications areas.

Course Structure
Graduate Diploma students select a total of eight units from Semester 1 and Semester 2 lists.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.
Master of Engineering Science (Computer and Communications Engineering) (EE74)

Year offered: 2009
Admissions: No
CRICOS code: 040343A
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Michael Mason (Course Leader)
Campus: Gardens Point

Entry Requirements
Applicants for the Masters program must hold a bachelor degree in Electrical Engineering, Information Technology or Science with at least second class honours or equivalent; or have partially completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better over the first 4 units; or successfully completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better; or successfully completed the Graduate Certificate in Computer and Communications Engineering (EE61) with a grade point average of 5 or better.

Overview
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and several related areas. You can specialise in either computer or communications engineering or take subjects in both. Computer Engineering covers important contemporary topics such as software development, hardware development computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. Communications Engineering covers advanced digital communication, signal processing techniques, hardware and software components in communications systems and various applications areas.

Masters Qualifying Program
Applicants who do not meet the entry requirements outlined above, will be required to enrol in the first semester of the Graduate Diploma in Computer and Communications Engineering (EE67). If in this first semester a sufficiently high standard is attained, then candidates will be invited to change enrolment to the Masters program. Otherwise they will continue their studies in the Graduate Diploma in Computer and Communications Engineering towards that award.

Masters Upgrade Program
Those who have completed the Graduate Diploma in Computer and Communications Engineering (EE67) may upgrade by undertaking further study in the Master of Engineering Science (Computer & Communications Engineering) and be given credit for the units which they have completed at Graduate Diploma level. The structure of the course dictates that this upgrade program be undertaken on a part-time basis.

Students undertaking the Masters Upgrade Program will enrol in the following units:
EEP301/1 Project
EEP301/2 Project.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Potential Careers:
Computer Systems Engineer, Electrical and Computer Engineer.
Master of Engineering Science
(Electrical Engineering Studies) (EE77)

Year offered: 2009
Admissions: No
CRICOS code: 042260K
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: Full fee tuition $7,000 per semester
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 96
Course coordinator: Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Michael Mason (Course Leader)
Campus: Gardens Point

Entry Requirements
Applicants for the Masters program must hold a bachelor degree in Electrical Engineering, Information Technology or Science with at least second class honours or equivalent; or have partially completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better over the first 4 units; or successfully completed the Graduate Diploma in Computer and Communications Engineering with a grade point average of 5 or better; or successfully completed the Graduate Certificate in Computer and Communications Engineering (EE61) with a grade point average of 5 or better.

Overview
This course develops your in-depth knowledge and research skills in computer engineering, communications engineering, and other areas of electrical and associate engineering disciplines. You can broaden your knowledge in project management type units for mechanical and civil engineering courses or specialise in either computer or communications engineering or take subjects in both. The Computer Engineering stream covers important contemporary topics such as software development, computer networks and communications, real time operating systems, and application of computers in robotics, process control, image processing and computer vision. The Communications Engineering stream covers advanced digital communications systems, and various applications.

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Potential Careers:
Bachelor of Engineering (Aerospace Avionics) (EN40)

Year offered: 2009
Admissions: No
CRICOS code: 056529D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,577 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 412502
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.edu.au
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyey
Discipline coordinator: Dr Felipe Gonzalez
Campus: Gardens Point

Additional Admission Information
Applicants who are offered place and eligible to receive 264 credit points (or more) of advanced standing will be admitted to the EE48 Bachelor of Engineering (Aerospace Avionics).

Recommended Study
Chemistry, Math C and Physics.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Aerospace Engineers are involved in the design, development, manufacture and maintenance work on aeroplanes, helicopters, spacecraft and satellites. Graduates are employed by the RAAF, RAN and by government bodies such as the Defence Research Centre and the Civil Aviation Authority. There are also career opportunities with aerospace companies, aircraft maintenance and aeronautical consulting services. Opportunities outside aerospace also exist in the areas of electronics, process control, instrument manufacture and automotive equipment.

Overview
Students study aerodynamics, aircraft control systems, avionics navigation and communication. In later years of the degree, specialist study is undertaken in design of aircraft and satellite systems including systems engineering methodology, aircraft and satellite technology and applications. As many of the teaching staff are involved in relevant research with government and industry sectors, students have the opportunity to work on real projects during their studies.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Optional Pathway
Subject to normal course entry rules students may transfer internally from the QUT Bachelor of Engineering (Electrical) course to this degree after the completion of the first year full-time if they have obtained a sufficiently high grade point average that will meet the course cut-off for that year.

Special Course Requirements
Students must complete 60 days approved industrial experience in an engineering environment as approved by the course coordinator, including 10 days specialist experience in the avionics industry. Students will complete their industrial experience component within a unit of Work Integrated Learning.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
School of Engineering Systems - Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Fraser McGregor
Campus: Gardens Point

Recommended study
Chemistry, Maths C and Physics.

Career Outcomes
Construction engineering is suited to people attracted to the intellectual rigour of engineering, but with a bias towards the challenge of converting design into physical reality. While the course retains sufficient traditional civil engineering to enable graduates to work in consultant’s offices, most would be employed by civil construction companies and Government Departments. Commercial and legal studies equip graduates to progress through the management structures of these organisations or to establish companies of their own. The range of work undertaken by civil construction companies ranges from residential land development through earthworks, tunnels, roads and dams to airports, marine facilities, major bridges and complex buildings. The world wide trend towards design and construction being undertaken within one organisation, acts to advantage engineers competent in both.

Overview
This course combines civil engineering with construction management, you will study civil engineering subjects combined with the requirements for managing the construction of large projects.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil and Construction) must complete at least 60 days of industrial experience/practice in an engineering construction environment as approved by the course coordinator.

Minors
You will have the opportunity to undertake two minors (a minor is four units or 48 credit points) in the same discipline. For professional recognition you will undertake an Applications Minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised civil engineering units. The second minor may be taken from an approved list outside your discipline.

International Student Entry
International students who are interested in mid-year entry should consult the Faculty of Built Environment and Engineering Student Services section regarding the course structure to be undertaken.

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
School of Urban Development - Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, audits, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Fraser McGregor
Campus: Gardens Point

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the CE46 Bachelor of Engineering (Civil and Environmental).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Environmental management is concerned mainly with the assessment and management of the effect of human and other activity on the environment. Graduates apply their skills to find solutions for the management of liquid and solid waste, or air and noise pollution. Graduates can be employed by government bodies and private companies involved with the environmental aspects of planning, designing, constructing and monitoring of structures and facilities including mines, factories, power stations, water and waste water treatment plants and refineries. As legislation becomes more stringent and the community's expectations increase, there will be need for institutions to employ more environmental engineers.

Overview
This course will provide you with the technical eduscation in civil, environmental engineering and science as well as enviromental management skills and mining and sustainable development.

Minors
You will have the opportunity to undertake two minors; a minor is four units (48 credit points) in the same discipline. For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised civil engineering units. The second minor may be taken from an approved list outside your discipline.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil and Environmental) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

### Potential Careers:

Civil Engineer, Engineer, Environmental Engineer.
Bachelor of Engineering (Civil) (EN40)

Year offered: 2009
Admissions: No
CRICOS code: 056529D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,577 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 412502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Fraser McGregor
Campus: Gardens Point

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the CE44 Bachelor of Engineering (Civil).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Civil engineers plan, design, construct, operate and maintain roads, bridges, dams, water supply schemes, sewerage systems, transportation, harbours, canals, dockyard facilities, airports, railways, factories and large buildings. Civil engineers may gain employment with Local, State and Commonwealth Governments, semi-government agencies, construction firms, power generating authorities, mining firms, property developers and consulting engineering firms. A small number are employed in research activities and teaching. After obtaining suitable experience there is also the opportunity to establish their own consulting engineering practice.

Overview
This course allows you to develop your knowledge in a number of areas such as: Structural Analysis and Design, Computer Applications, Transport Engineering, Environmental Engineering, Geotechnical Mechanics, Water Engineering, Construction Management, Waste Management. Environmental major; Sustainable development, waste management, toxic site rehabilitation, water & wastewater.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Minors
You will have the opportunity to undertake two minors; a minor is four units (48 credit points) in the same discipline. For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised civil engineering units. The second minor may be taken from an approved list outside your discipline.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
School of Urban Development - Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Second Major Selectives**

- Semester 2:
  - BEB802  Project 2
  - ENB476  Civil Engineering Design Project

**Potential Careers:**

Civil Engineer, Engineer, Environmental Engineer.
Bachelor of Engineering (Computer Systems) (EN40)

Year offered: 2009
Admissions: No
CRICOS code: 056529D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,577 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 412502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

Additional Admission Information
Applicants who are offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the EE46 Bachelor of Engineering (Computer Systems).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Graduates will be employed as design engineers, software engineers, hardware engineers, computer system engineers, information systems engineers, research and development engineers and project managers.

Overview
Students will study units from both electrical engineering and computing from a computer-based systems perspective. The course aims to produce students who are employable as design engineers, software and hardware engineers, computer systems engineers, and information systems engineers.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Optional Pathways
Students entering the Bachelor of Engineering (Electronics)/Bachelor of Information Technology course or the Bachelor of Engineering (Telecommunications) course can change to the Bachelor of Engineering (Computer Systems) at the end of the first year without loss of credit, subject to approval from the course coordinator and meeting minimum course requirements.

Special Course Requirements
Students must complete at least 60 days industrial experience in order to graduate.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
School of Engineering Systems - Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
Applicants who are a offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the ME40 Bachelor of Engineering (Infomechatronics).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
This leading edge degree provides graduates with the combined skills of mechanical engineering, electrical and electronic engineering and information technology to work in the high tech fields of automated systems and robotics for the design, development, construction and service of modern equipment and plant. Graduates from this degree may expect to find employment as consultants, project managers, designers, and maintenance and instrumentation engineers in a wide variety of work situations. The range of employment opportunities is diverse and extensive. Some typical examples of organisations may include: manufacturing plants of consumer products, computer peripherals manufacturers/maintenance companies, automobile manufacturing industries, large scale manufacturing/maintenance industries such as Boeing, instrumentation industries, communication companies, research organisations, food and food processing industries and software development companies.

Overview
This course bridges the three, traditionally separate, disciplines of Mechanical Engineering, Electrical and Electronic Engineering, and Computing and provides the combined skills required for the design, development, construction and service of modern systems and equipment. Advanced units emphasis the integration of knowledge and skills that impact on all aspects of the design, construction and service of modern computer controlled machines. In the final year a one-semester industry project will integrate and reinforce what has been learned through application in a real world setting.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Minors
For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised engineering units.

Special Course Requirements
Students must obtain at least 60 days of industrial work experience in an engineering environment approved by the course coordinator.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
School of Engineering Systems - Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment

Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
Applicants who are offered place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the ME41 Bachelor of Engineering (Mechanical).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
The Bachelor of Engineering (Mechanical) provides a sound education in the basic engineering sciences, synthesis and design, engineering management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may find employment in a variety of roles: consultant, project manager or technical adviser where they maybe involved in the operation of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others may work under the guidance of more experienced staff selecting equipment, installing and commissioning plants. Some graduates will go into design offices or manufacturing plants where they will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview
This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Minors
You will have the opportunity to undertake two minors; a minor is four units (48 credit points). For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and 2 specialised engineering units. The second minor may be taken from an approved list outside your discipline.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Mechanical) must complete at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Potential Careers:
Engineer, Mechanical Engineer.
Bachelor of Engineering (Medical) (EN40)

Year offered: 2009  
Admissions: No  
CRICOS code: 056529D  
Course duration (full-time): 4 years  
Domestic fees (indicative): 2009: CSP $3,577 (indicative) per semester  
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)  
Domestic Entry: February  
International Entry: February and July  
QTAC code: 412502  
Past rank cut-off: 76  
Past OP cut-off: 12  
OP Guarantee: Yes  
Assumed knowledge: English (4, SA) and Maths B (4, SA)  
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.  
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
Total credit points: 384  
Standard credit points per full-time semester: 48  
Course coordinator: Dr R. Mahalinga-Iyer  
Discipline coordinator: Dr Gary Chadwick  
Campus: Gardens Point

Recommended Study  
Chemistry, Maths C and Physics.

Career Outcomes  
Graduates from this degree may expect to find employment in hospitals as advisors to health and medical professionals, in firms concerned with the design, manufacture, supply and maintenance of medical, health and sporting equipment, occupational health agencies and in research institutions. In the early stages of their careers biomedical engineers might expect to be involved in the innovative use of technology, in the design of new devices and the assessment of appropriate engineering solutions to medical problems. More experienced biomedical engineers manage Biomedical Engineering Departments in hospitals and manufacturing companies and lead teams of engineers and technologists in the development of engineering solutions to improve health care.

Overview  
This degree integrates physical, chemical, mathematical, and computational sciences and engineering principles to study human biology, medicine, human behaviour and health. It will provide you with the skills to design, manufacture, install, monitor and maintain medical and surgical equipment and to provide advice on engineering matters to medical and allied staff. Current issues such as total quality management and health legislation are also covered. In the final year, students undertake a design project in the biomedical field.

Special Course Requirements  
Students must obtain at least 60 days of industrial employment in an engineering environment approved by the course coordinator. Half of this experience must be in an industry related to Biomedical Engineering.

Professional Recognition  
Full professional accreditation from Engineers Australia has been given for this course.

Minors  
For professional recognition you will undertake an applications minor which consists of a workplace intergrated learning unit, a project unit and two specialised engineering units.

Further Information  
School of Engineering Systems - Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

International Student Entry  
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Deferment  
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

Additional Admission Information
Applicants who are offered a place and eligible to receive 168 credit points (or more) of advanced standing will be admitted to the EE47 Bachelor of Engineering (Telecommunications).

Recommended Study
Chemistry, Maths C and Physics.

Career Outcomes
Telecommunications engineers are involved in the design, planning, commissioning and monitoring of complex telecommunications networks and broadcasting equipment. As a result of the rapid increase in telecommunications technology, Australia currently faces a shortage of experienced telecommunications engineers. Prospective employers include all the major carrier companies such as Telstra, Optus, Vodafone, as well as mobile phone manufacturers such as Voxson, Motorola and Nokia. Other prospective employers are electronic equipment manufacturers and private and government bodies involved in Information Technology (IT), Telecommunication design and development.

Overview
You will study a combination of units from Electrical Engineering, Computer Science, Software Engineering, Data Communications and Mathematics. Areas covered include innovative communications technologies including the Internet, wireless mobile communication systems, optical fibre communications, satellite communication systems ADSL and other fast modem technologies, Bluetooth and HDTV.

Professional Recognition
Full professional accreditation from Engineers Australia has been given for this course.

Optional Pathways
If you enter the Bachelor of Engineering (Electrical)/Bachelor of Information Technology course or the Bachelor of Engineering (Computer Systems) course, subject to the approval of the course coordinator, and if you meet the minimum course requirements you can apply to change to the Bachelor of Engineering (Telecommunications) at the end of the first year without loss of credit.

Special Course Requirements
To graduate you must complete at least 60 days of approved industrial experience in an engineering environment.

Further Information
School of Engineering Systems - Phone +61 7 3864 1993, Fax +61 7 3864 1516, email: bee.enquiries@qut.com

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Students are allowed to choose an IT unit at the appropriate level approved by the Subject Area Coordinator.

**Potential Careers:**
Electrical and Computer Engineer, Electrical Engineer, Engineer.
Bachelor of Engineering - Dean's Scholars Program (EN40)

Year offered: 2009
Admissions: Yes
CRICOS code: 056529D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,577 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 412052
Past rank cut-off: 99 plus successful questionnaire. Please refer to Additional Entry Requirements.
Past OP cut-off: 1 plus successful questionnaire. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, VHA) and Maths B (4, VHA)
Total credit points: 384
Course coordinator: Dr R. Mahalinga-Iyer
Campus: Gardens Point

Entry requirements
Applicants must be outstanding current, or returning from a gap year, Year 12 students.

Additional Entry Requirements
Engineering Dean's Scholars applicants are required to complete a questionnaire which will be available via the Engineering Dean's Scholars website.

Shortlisted applicants may be required to attend an interview and will be notified of date and venue after the questionnaire closes.

Fixed Closing Date
Applications for this program will close on 28 November 2008.

Recommended Study
Chemistry, Maths C and Physics.

Course Structure
The Dean's Scholars Program offers students the opportunity to complete one of the Bachelor of Engineering programs and a Master of Engineering whilst providing a number of opportunities, which include:

- Introduction to the Engineering environment and high-level engineering management through company site visits;
- Boardroom visits to sponsoring companies to introduce you to prospective employers and engineering managers;
- Leadership Dinner sponsored by one of the companies associated with the program;
- Participation in a number of events relating to industry and association;
- Involvement in programs within the community;
- Access to senior academics who will assist you throughout your course.

Students can choose to complete one out of ten Bachelor of Engineering programs. This does not include the Bachelor of Engineering (Software Engineering).

Domestic Student Fees
Students who enrol will receive a full scholarship that includes payment of all undergraduate Higher Education Contribution Scheme (HECS) monies for the bachelor program. Students who attain a grade point average of 5.5 or above in their QUT studies and wish to continue to the Masters of Engineering accelerated program will receive further scholarship benefits, being the full payment of the course fees for the masters program.

Industry Sponsors
ESSO and Mobil
Visy Paper
EGR Group
Brisbane City Council
Bovis Lend Lease
CIEAM
Thiess

Special Course Requirements
Students enrolled in the Dean's Scholars program must maintain a GPA of 5.5 throughout their course. For a copy of the program rules and regulations please contact the Faculty Office or www.bee.qut.edu.au/study/scholarships/commencing/deans.jsp

Students must complete at least 60 days of industrial experience in order to graduate.

International Student Fees
International students eligible for a Queensland OP, who are successful in gaining entry and enrol will receive a scholarship, which will partially cover their tuition fees. The Faculty will pay one third of the tuition fee and the student will be responsible for two thirds of the tuition fee and the Student Guild fees. Students who complete their degree with a course GPA of 5.5 or above and accept an offer to continue to the Master of Engineering accelerated program will receive further scholarship benefits: payment of the one third of the tuition fees for the masters program.

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
The Faculty of Built Environment and Engineering Phone + 61 7 3138 4039; Fax + 61 7 3138 5280; email: bee.enquiries@qut.com

Deferment
QUT's deferment policy does not apply to this course.

**Domestic student tuition fee (Dfee) places**

Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

**Aerospace Avionics - Dean's Scholars Course structure**

Programme for students who commence 2008 onwards.

See EN40 Bachelor of Engineering (Aerospace Avionics) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

**Civil - Dean's Scholars Course Structure**

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Civil) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

**Programme for continuing students who commenced prior to 2006.**

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing Deanâs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

**Civil and Environmental Management - Dean's Scholars Course Structure**

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Civil & Environmental Management) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

**Programme for continuing students who commenced prior to 2006.**

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing Deanâs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

**Computer Systems - Dean's Scholars Course Structure**

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Computer Systems) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

**Programme for continuing students who commenced prior to 2006.**

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing Deanâs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

**Electrical and Computer Engineering - Dean's Scholars Course Structure**

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Electrical) course structure.

If as a Dean's Scholar, you wish to accelerate your program, please consult with the Course Coordinator.

**Programme for continuing students who commenced prior to 2006.**

Due to the major restructure of our Postgraduate Studies commencing in 2008, continuing Deanâs Scholars who commenced prior to 2006 are advised to consult the Course Coordinator regarding their remaining program.

**Infomechatronics - Dean's Scholars Course Structure**

Programme for students who commence 2006 onwards.

See EN40 Bachelor of Engineering (Infomechatronics) course structure.

Potential Careers:

Bioengineer, Biomechanical Engineer, Biomedical Engineer, Civil Engineer, Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer, Electrical Engineer, Engineer, Environmental Engineer, Manager, Mechanical Engineer, Medical Biotechnologist, Medical Engineer, Rehabilitation Engineer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Master of Engineering (Systems) (EN50)
Year offered: 2009
Admissions: Yes
CRICOS code: 060811A
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: Full fee tuition $8,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Professor Jay Yang (Please refer course specific enquiries to Course Leader.)
Discipline coordinator: Dr Michael Mason (Course Leader)
Campus: Gardens Point

Overview
This course provides a developmental path for professional engineers to master skills in selected engineering disciplines and the interaction of those disciplines. It aims to enhance your skills in dealing with more complex engineering problems and interactions between engineering technical domains and the broader context in which they exist. Systems engineering is concerned with the design, operation and maintenance of electrical and mechanical systems that are employed in medical, aerospace, industrial settings, and in communications technology. This course advances your capabilities in information literacy, problem solving, application of theory, engineering design, communication, and interaction with other professionals. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant engineering discipline area and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Career Outcomes
Graduates may choose to become a specialist systems engineering practitioner within their chosen professional field, or use the skills and knowledge gained to diversify their capabilities across a broader spectrum of systems-related disciplines. In particular, this course provides graduates with the skills and knowledge to become a leader, manager and innovator in the chosen discipline. Graduates may typically work in government, semi-government or private organisations as electrical, mechanical, biomedical or avionics engineers.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Advanced Standing
Students completing two Masters courses in the Faculty of Built Environment and Engineering will be eligible to apply for a maximum of 24 credit points advanced standing in the second course on the basis of common units already completed. Such students will be required to complete a minimum of 72cp to be determined in consultation with the nominated Course Leader, to achieve the second Masters.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

- **ENN580** Control Systems

### Year 2, Semester 1 (Part-time Course Structure - Year 1, Semester 2)
- **ENN560** System Design
- **ENN580** Control Systems

### Year 2, Semester 2
- **BEN710** Sustainable Practice in Built Environment and Engineering
- **AMN435** Communication, Negotiation and Leadership

### Year 3, Semester 1
- **BEN910** Integrated Project
- **ENN540** Engineering Optimisation

### Potential Careers:
Civil Engineer, Electrical and Computer Engineer, Electrical Engineer, Engineering Technologist, Mechanical Engineer, Medical Engineer.
Bachelor of Engineering (Electrical)/Bachelor of Mathematics (IF21)

Year offered: 2009
Admissions: Yes
CRICOS code: 020329J
Course duration (full-time): 5 years
Domestic fees (indicative): 2009: CSP $3,547 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419572
Past rank cut-off: 80
Past OP cut-off: 11
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer (Engineering); Professor Helen MacGillivray (Mathematics)
Discipline coordinator: Dr Jason Ford (Engineering)
Campus: Gardens Point

Recommended study
Chemistry, Maths C and Physics are recommended.

Career Opportunities
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of government and private companies. A stronger training in mathematics and statistics enhances capabilities in modelling, analysis and design.

Overview
The program integrates both the engineering and mathematics degree. Mathematics and engineering have always had close connections, but recent advancement in mathematics and statistics are increasingly being used to help solve complex engineering problems.

Special Course Requirements
A candidate for this course must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia, and the coursework requirements for accredited graduate membership of the Australian Mathematical Society. Students may also become a member of the Statistical Society of Australia.

Email: h.macgillivray@qut.edu.au

Bursaries and Scholarships
Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded on a competitive basis. Go to QUT Scholarships website. Look under Commencing Students - Faculty Scholarships.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further information
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course structure - For students with four semesters of Senior Mathematics B and Senior Mathematics C

For students with four semesters of both Senior Mathematics B and Senior Mathematics C (or equivalent) with an exit assessment of at least Sound Achievement in both subjects.

Total credit points: 480
Standard credit points per full-time semester: 48 (average)
Course coordinator: Dr R.Mahalinga-Iyer (Engineering); Dr Erica French (Business)
Discipline coordinator: Dr Jason Ford (Engineering); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Discontinuation
From Semester 1, 2007, this course has been renamed and recoded to IX28 Bachelor of Business/Bachelor of Engineering. Currently enrolled students who wish to remain in, and graduate from the existing program will be permitted to do so up to the end of 2009. From Semester 1, 2010, all students will be enrolled in the new program.

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.
**Doctor of Philosophy (Built Environment, Engineering) (IF49)**

**Year offered:** 2009  
**Admissions:** Yes  
**CRICOS code:** 006367J  
**Course duration (full-time):** 2 years (max. 4 years)  
**Course duration (part-time):** 4 years (max. 8 years)  
**Domestic fees (indicative):** Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged  
- 2009: $6,720 per semester (indicative)  
**International Fees (per semester):** 2009: $11,500 (indicative) per semester (subject to annual review)  
**Domestic Entry:** At any time  
**International Entry:** At any time  
**Campus:** Gardens Point  

**Entry Requirements**

First class or second class division A honours degree, an appropriate Masters Degree (research or coursework), or a professional doctorate, from a recognised institution. Masters degree by coursework and professional doctorates must contain a significant research component, of no less than 33% of the total degree, and must have a GPA of at least 5.5 on a 7 point scale.

**Overview**

This program provides in-depth research training in particular areas of built environment and engineering while broadening knowledge in a chosen discipline area. In the multimodal program candidates conduct research away from QUT, often in the workplace, either in Australia or overseas. Videoconferencing, email and other technologies make it possible for candidates to participate in activities such as seminar delivery and progress reporting.

Candidates would normally undertake their Confirmation of Candidature and Final Seminar in person. A QUT staff member of the supervisory team would normally visit the candidate at their research site at least once during their candidature. External candidates must normally spend a minimum of three months at QUT and be present in person for their confirmation of Candidature and Final Semester. Doctoral studies normally include:

- * assessed coursework  
- * participation in university scholarly activities such as research seminars, teaching and publication  
- * regular meetings with supervisors  
- * a program of supervised research and investigation  
- * preparation of a thesis. Candidates can enrol in a doctoral program through the Faculty Research Centre.

**Fees**

Australian citizens and permanent residents will be awarded a Research Training Scheme (RTS) place. Domestic students are not required to apply for an RTS entitlement, as it will be automatically allocated. The RTS covers tuition fees but not Guild fees or other study related costs. PhD Students are entitled to four years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for extension, however the University may charge fees for the period of the program, which exceeds the student's entitlement. The University determines the fee level.

**Research Areas**

**Areas of research interest**

You can enrol in a research program in the following thematic areas of research:

* Infrastructure (Energy, Water, Housing and Construction)  
* Smart Systems (Speech and signal processing, robotics and automation, and infrastructure and asset management)  
* Medical Engineering (Orthopaedics & trauma, Biomedical modelling and simulation)  
* Design (industrial design, interior design, urban design and architecture).

**DESIGN**

The DESIGN theme includes research in Architecture, Industrial Design, Interior Design, Landscape Architecture and Urban Design. It focuses on Subtropical Design, Digital Design, Human-centred Design Research and Useability, Built Environment Design Areas, Cultural Landscape, Design for Aging, Design and Research Methodologies and Design Education. The theme is cross/inter-disciplinary related with relevant fields in the Faculty (e.g. mechanical/manufacturing/medical engineering; transport engineering; structures and designs; electronic systems and informatics environment) and across the University community (e.g. Institute for Health and Biomedical Innovation (IHB), Institute for Creative Innovation (iCi), Information Security Institute (ISI), Institute for Sustainable Systems and Resources and relevant Collaborative Research Centres (CRC).

**MEDICAL ENGINEERING**

This program aims to engender sustainable improvements in quality of life for everybody through the innovative application of new and emerging technologies which will not only help reduce the economic burden of healthcare provision, but also generate wealth for the nation through the stimulation of local industry. Under two broad headings, the program encompasses the following research areas:

* Orthopaedic and Trauma  

The Orthopaedic and Trauma group has seven principal areas of focus: bone defects; fracture healing; pathogenesis and repair of osteoarthritis; biomatierals; new approaches to minimally invasive surgery; paediatric and adult spine research; and clinical outcomes.

* Biomechanics, Modelling and Simulation

Apart from orthopaedic research, the Medical Engineering program also encompasses many other areas studying the application of mechanical and electrical engineering to clinically related healthcare problems. These include: amputee gait analysis; paediatric gait analysis; performance of paralympic athletes; osseointegrated implants; spinal and pelvic mechanisms; paediatric spine deformity; artificial organs, specifically ventricular assist devices (artificial heart) and artificial lungs; tissue mechanics; bioelectrical signal analysis; tribology of artificial joints; and the interface between devices and the human body.
MEDICAL ENGINEERING - Biomechanical Modelling and Simulation

SMART SYSTEMS - Infrastructure and Asset Management
Infrastructure research, in collaboration with industry, government and professions, aims to strengthen the nation's building and infrastructure systems. Research concentrates on investigating the performance of existing and new building and infrastructure systems under realistic structural and environmental loadings including those due to natural, accidental and man-made hazards. It uses smart materials, systems and technologies, and advanced computer analysis and test methods to assess and improve the performance of existing and new building and infrastructure systems.

Asset Management research focuses on innovative industry directed research and development, education and commercialisation in an integrated approach to lifecycle physical asset management to meet present and future needs to ensure international competitiveness and sustainability of Australian industry. The overall research program will be focused on five main industry sectors: Defence, Water and Waste, Power Generation and Distribution, Extraction and Process and Transport Infrastructure.

This research is closely aligned to the CRC for Construction Innovation and the CRC for Integrated Engineering Asset Management.

SMART SYSTEMS - Robotics and Automation
The Robotics and Automation program is focussed on world-class research on robotics and navigation systems for unmanned aerial vehicles, and involves collaboration with CSIRO and Boeing. However similar automation strategies and technologies are used in a variety of control applications such as energy network control, and infomechatronic systems, and satellites.

SMART SYSTEMS - Speech and Signal Processing
This program conducts internationally competitive research in order to solve practical problems, which enable Speech, and Signal Processing to be applied in products and processes. Research focuses on, state-of-the-art speech audio and video technologies including speech/speaker recognition and personal identification technologies for forensic and security applications; speech coding for storage and communication; speech synthesis for voice response systems; audio compression for broadcasting, television and Internet applications, video compression and image recognition and restoration.

INFRASTRUCTURE - Energy
The provision of sustainable energy supplies is of critical importance to the future of Australia, and this research involves experimental and theoretical research on solar cells, wind energy and solar thermal energy generation as well as fundamental research on energy supply networks, including distributed generation technology and energy policy. This research in conducted in collaboration with energy utilities and the Queensland Sustainable Energy Industry Development Group.

INFRASTRUCTURE - Water
The supply of fresh water and the quality of water supply are key issues facing Australia over the next 20 years, and this research looks at water re-use technology and policy. The research is practically focussed with significant collaboration with local government in South-East Queensland.

INFRASTRUCTURE - Transport
The aim of this program is to focus research effort in the freight and logistics area with an emphasis on multi-modal transportation systems. The main research areas include freight vehicle impacts, freight and logistics e-business systems, freight corridor evaluation analysis, ITS applications in freight and logistics, emissions modelling, transit evaluation methodologies, rail track modelling and analysis, and intermodal terminal planning and operations.

INFRASTRUCTURE - Housing and Construction
This research makes contributions to improved practice in the specific areas of housing, urban planning, international project management, construction and property performance, construction information and procurement technologies, and property market choice, investments, constraints opportunities, internationalisation, taxation, lifecycles, risk and culture.

The Faculty is also involved in the following Cooperative Research Centres (CRC) and externally-funded collaborative research ventures:

CRC FOR CONSTRUCTION INNOVATION
The Centre aims to create and commercially exploit tools, technologies and management systems to deliver innovative constructed assets of financial, environmental and social benefit to the community. The centre combines basic research with strategic research and development in five related programs: virtual environments for lifecycle design and construction; construction project delivery strategies; environmental sustainability; integrated design and construction support systems; and management, adaptability and the future of built assets.

CRC FOR INTEGRATED ENGINEERING ASSET MANAGEMENT
The CRC for Integrated Engineering Asset Management (CIEAM) delivers capabilities and technologies for integrated and sustainable asset management to a wide range of Australian industries in both the private and the public sectors. CIEAM consists of leading edge researchers and practitioners focused on industry directed R&D and education in the management of Australia's major engineering assets in the Defence, Utilities (power, water and gas), Process and extraction, and Transportation industries. CIEAM involves five research program areas. These are: Models and decision systems, Advanced sensors, Intelligent diagnostics and life prediction, Systems integration and IT, and Strategic human dimensions.

CRC FOR RAILWAY ENGINEERING AND TECHNOLOGIES
The Centre aims through research to develop an internationally competitive, efficient and sustainable rail industry and to facilitate the development of an Australian export industry in railway technologies. Benefits will flow in terms of improved rail efficiency and infrastructure capacity, energy savings, reduced maintenance cost and better asset utilisation. The main research areas include: 'Smart train' intelligent systems; innovative/automated maintenance and upgrading technologies; optimal traffic control and scheduling; IT systems and standards for rail management; new materials, systems and components for railways; and, industry skills development (education and training).

CRC FOR ADVANCED AUTOMOTIVE TECHNOLOGY
The CRC for Advanced Automotive Technology brings the automotive industry together with researchers in design, engineering and manufacturing to enhance the industry's international competitiveness. The aim of the research is to reduce the concept-to-product cycle times, improved manufacturing flexibility and efficiency and the development of new material systems to meet the challenges of weight reduction, increased safety and greater functionality. The CRC will also improve vehicle safety through improvements in the crash worthiness of vehicles and new intelligent products/systems that provide increased comfort, performance and entertainment.

AUSTRALIAN HOUSING AND URBAN INSTITUTE (AHURI):
The Institute is a consortium of CSIRO Division of Building, Construction and Engineering; Queensland University of Technology; University of Queensland; Monash University, and Royal Melbourne Institute of Technology (RMIT). Its broad objective is to conduct research into issues in housing and urban fields in Australia and the Asia-Pacific region.

CENTRE FOR SUBTROPICAL DESIGN
The Centre for Subtropical Design is one of the Faculty's first funded units in one of our major targeted areas: sustainable development. This Centre will promote high quality planning, design and development that responds to the City of Brisbane and South-East Queensland Region's cultural, landscape, and climatic characteristics in ways that are sustainable and enhance the enjoyment of the region's subtropical lifestyle.

QUEENSLAND SUSTAINABLE ENERGY INDUSTRY DEVELOPMENT GROUP
This group, formed in 2004 by QUT, the University of Queensland, Central Queensland University, Stanwell Corporation, CS Energy and the Queensland Conservation Council, is continuing the work of the Australian CRC for Renewable Energy in areas of energy policy, training for the sustainable energy industry (supply and use), and renewable energy technology.

AUSTRALIAN CENTRE FOR SUGAR RESEARCH INNOVATION
This Centre is the research division of the former Sugar Research Institute which transferred to QUT in July 2005. This Centre conducts research into the post-harvest processing and economics of sugar cane, and has a particular expertise in milling technology (mechanical engineering and computational fluid dynamics modelling), separation science, and total biomass utilisation, in particular the transformation of sugar cane waste into biofuels (ethanol) and biopolymers to provide renewable fuels and industrial chemicals.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
The Centre for Built Environment and Engineering Research Phone +61 7 3138 1424, Fax +61 7 3138 8381, e-mail: bee.research@qut.edu.au
Bachelor of Engineering (Electrical)/Bachelor of Information Technology (IF59)

Year offered: 2009
Admissions: No
CRICOS code: 006384G
Course duration (full-time): 5 years
Domestic fees (indicative): 2009: CSP $3,585 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
QTAC code: 419512
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or
Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer (Engineering), Mr Richard Thomas (Information Technology)
Discipline coordinator: Dr Jasmine Banks (Engineering)
Campus: Gardens Point

Recommended Study
Chemistry, Math C and Physics are recommended.

Course Update
From semester one, 2009 this course will not be available for commencing students. IF59 will only be available for continuing students. New students - please refer to IX54. Please contact fit.enquiry@qut.edu.au for any enquiries.

Career Outcomes
Many graduates find employment in government instrumentalities such as communications, railways, electricity supply, hospitals, transport and in private organisations that are using electronics, electronic systems, computers and microprocessors to monitor, control, communicate and optimise processes and production.

Overview
The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This double degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Cooperative Education Program
An optional one-year period of paid work experience in an area of information technology is available to eligible full-time students. The Cooperative Education Program is a joint venture between employers and educators to better prepare students for employment upon graduation. Companies that QUT's Cooperative Education students have worked with include Energex, Boeing, CITEC, Global Banking and Securities Transaction, various Queensland Government departments, Dialog, TABQ, RACQ and Sun Microsystems.

For more information visit IT’s Cooperative Education program home page at http://coop.fit.qut.edu.au/

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Electronics)/Bachelor of Information Technology must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table
If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Unit Incompatibility/Translation Information

### Potential Careers:

Computer Systems Engineer, Electrical and Computer Engineer, Programmer, Software Engineer, Web Designer.
Bachelor of Engineering (Software Engineering) (IX25)

Year offered: 2009
Admissions: No
CRICOS code: 053707D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

Course Overview
The course is a collaborative program between the Faculties of Built Environment & Engineering and Information Technology which provides students with the electrical engineering and software development skills to seek employment as software engineers. The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Course is under review
The Faculty of Science and Technology is currently reviewing this course structure to continue to meet the needs of students and employers. As a result this program may change in 2009 and is subject to final approval. Further information will be available from August 2008. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Recommended Study
Chemistry, Maths C and Physics

Career Outcomes
Software Engineers create, maintain and modify computer and software programs such as operating systems or communications software. They may also evaluate and deploy new programming tools and techniques and analyse current software products. You may work in a range of occupational environments. Software engineers can work in Engineering/IT-specific industries, as well as in other organisations requiring software engineering expertise.

Professional Recognition
Professional accreditation from Engineers Australia and the Australian Computer Society is being sought.

Special course requirements
Students are required to complete 60 days approved industrial experience.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code.

IX25 - Bachelor of Engineering (Software Engineering) - Course structure

Course Structure 2009
The Faculty of Information Technology is currently reviewing this course structure to
continue to meet the needs of students and employers. As a result this program may change in 2009 and is subject to final approval. Further information will be available from August 2008. Please contact fit.enquiry@qut.edu.au for any enquiries.

### Year 2 - Semester 1
- ENB240 Introduction To Electronics
- ENB242 Introduction To Telecommunications
- INB251 Networks
- MAB233 Engineering Mathematics 3

### Year 2 - Semester 2
- ENB243 Linear Circuits and Systems
- ENB244 Microprocessors and Digital Systems
- INB210 Databases
  - Select one of:
  - INB271 The Web
  - INB272 Interaction Design

### Year 3 - Semester 1
- ENB350 Real-time Computer-based Systems
- ENB354 Introduction To Systems Design
- INB370 Software Development
- INB371 Data Structures and Algorithms

### Year 3 - Semester 2
- ENB352 Communication Environments For Embedded Systems
- ENB355 Advanced Systems Design
- INB301 The Business of IT
- INB372 Software Engineering Principles

### Year 4 - Semester 1
- INB350 Internet Protocols and Services
- INB255 Security
- INB309-1 Major Project
  - OR
  - BEB801 Project 1
  - Elective

### Year 4 - Semester 2
- BEB701 Work Integrated Learning 1
- INB309-2 Major Project
  - OR
  - BEB802 Project 2
  - Elective
  - Elective

**IX25 - Bachelor of Engineering (Software Engineering) - Electives**

Students are required to undertake 3 electives as follows: 2 from Electrical Engineering and 1 from Information Technology

**Electrical Engineering Electives (2 to be selected)**
- Any 3rd or 4th year electrical ENB unit approved by the course coordinator.

**Information Technology Electives (1 to be selected)**
- INB365 Systems Programming
- INB373 Web Application Development
- INB381 Modelling and Animation Techniques
- INB382 Real Time Rendering Techniques
  - Or any 3rd or 4th year IT unit approved by the course coordinator.

**Potential Careers:**
- Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer, Electrical Engineer, Software Engineer, Systems Programmer.
Bachelor of Business / Bachelor of Engineering (IX28)

Year offered: 2009
Admissions: Yes
CRICOS code: 061649J
Course duration (full-time): 5 years
Domestic fees (indicative): 2009: CSP $4,022 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419532
Past rank cut-off: 80
Past OP cut-off: 11
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and for accountancy, economics, finance and marketing majors: Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Dr R. Mahalinga-Iyer (Engineering); Dr Erica French (Business)
Discipline coordinator: Dr Jason Ford (Engineering); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Recommended Study
Chemistry, Maths C and Physics are recommended.

Career Outcomes
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

Overview
Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one or more of accountancy, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia.

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment approved by the course coordinator, before graduating.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Course Design
Students are required to complete 480 credit points comprised of 252 credit points from the Bachelor of Engineering (Electrical & Computer Engineering) program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 84* credit point Faculty Core units in the Bachelor of Business program together with a 72 credit point Major in one of the following: Accountancy, Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing or Public Relations, as well as a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

**Potential Careers:**

Bachelor of Engineering (Electrical)/Bachelor of Information Technology (IX54)

Year offered: 2009
Admissions: Yes
CRICOS code: 006384G
Course duration (full-time): 5 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $218 per credit point (subject to annual review)
Domestic fees (indicative): 2008: Full fee tuition $20,928; CSP $6,960
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419512
Past rank cut-off: 80
Past OP cut-off: 11
OP Guarantee: Yes
Assumed knowledge: English (4,SA), Maths B or C (4,SA)
Preparatory studies: Chemistry, Maths C, Physics (recommended)
Total credit points: 480
Course coordinator: Dr R. Mahalinga-Iyer (Engineering), Mr Richard Thomas (Information Technology)
Discipline coordinator: Dr Jasmine Banks (Engineering)
Campus: Gardens Point

Course Description
This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This double degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Entry Requirements
Year 12 or equivalent
Prerequisites: Nil
Assumed Knowledge: English (4,SA), Maths A, B or C (4,SA)
Primary Fields: B or C
Secondary Fields: B or C
OP Guarantee: Yes

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Electronics)/Bachelor of Information Technology must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

International Students
English language requirements
In addition to the above academic entry requirements, international students must meet the University's English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Career Outcomes
Many graduates find employment in government instrumentalities such as communications, railways, electricity supply, hospitals, transport and in private organisations that are using electronics, electronic systems, computers and microprocessors to monitor, control, communicate and optimise processes and production.

Cooperative Education Program
ITâs Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what youâre learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Pathways to Further Studies
In 2001, the Faculty introduced an accelerated Honours program to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

IX54 Elective Options

Electrical Engineering Electives

Any 3rd or 4th year electrical ENB unit subject to the completion of all prerequisites for that unit.

ENB352 Communication Environments For Embedded Systems

ENB440 RF and Applied Electromagnetics

ENB441 Applied Image Processing

ENB445 RF Communication Technologies

ENB446 Wireless Communications

ENB448 Signal Processing and Filtering

ENB452 Advanced Power Systems Analysis

ENB453 Power Equipment and Utilisation

ENB454 Power System Management

ENB455 Power Electronics

ENB456 Energy

ENB457 Controls, Systems and Applications

ENB458 Modern Control Systems

Information Technology Electives

Any INB3xx unit subject to the completion of all prerequisites for that unit. Please see below for the list of INB3xx units

Please see http://www.studentservices.qut.edu.au/pdfs/IT_elective_%20list.pdf for a full list of IT Electives available for 2009

IT Breadth Option Unit List

You must complete four (4) units from the following list. You should not commence these units until you have completed INB101, INB102, INB103 and INB104.

INB120 Corporate Systems

INB210 Databases

INB220 Business Analysis

INB250 Systems Architecture

INB251 Networks

INB255 Security

INB270 Programming

INB271 The Web

INB272 Interaction Design

IT Specialisation Option Unit List
IT Specialist Option Units

You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. Enterprise Systems:
   - INB123 Project Management Practice
   - INB221 Technology Management
   - INB311 Enterprise Systems
   - INB312 Enterprise Systems Applications

2. Web Technologies:
   - INB313 Electronic Commerce Site Development
   - INB373 Web Application Development
   - INB374 Enterprise Software Architecture
   - INB385 Multimedia Systems
   - INB386 Advanced Multimedia Systems

3. Business Process Management:
   - INB320 Business Process Modelling
   - INB321 Business Process Management
   - INB322 Information Systems Consulting
   - INB323 Smart Services

4. Information Management:
   - INB330 Information Management
   - INB331 Management Issues for Info Professionals
   - INB332 Information Retrieval
   - INB333 Information Programs
   - INB334 Information Issues and Values
   - INB335 Information Resources

5. Data Warehousing:
   - INB340 Database Design
   - INB341 Software Development With Oracle
   - INB342 Enterprise Data Mining
   - INB343 Advanced Data Mining and Data Warehousing

6. Network Systems:
   - INB350 Internet Protocols and Services
   - INB351 Computer Network Administration
   - INB352 Network Planning and Deployment
   - INB353 Wireless and Mobile Networks

7. Software Engineering:
   - INB370 Software Development
   - INB371 Data Structures and Algorithms
   - INB372 Software Engineering Principles
   - INB374 Enterprise Software Architecture

8. Ungrouped:
   - INB204 Special Topic 1
   - INB205 Special Topic 2
   - INB304 Special Topic 3
   - INB305 Special Topic 4
   - INB306 Project 1
   - INB307 Project 2
   - INB308 Project 3
   - INB355 Cryptology and Protocols
   - INB365 Systems Programming
   - INB860 Computational Intelligence for Control and Embedded Systems

9. Digital Environments:
   - INB345 Mobile Devices
   - INB346 Enterprise 2.0
   - INB347 Web 2.0 Applications
   - INB355 Cryptology and Protocols
   - INB365 Systems Programming
   - INB860 Computational Intelligence for Control and Embedded Systems

INB334 Information Issues and Values
Graduate Certificate in Research Commercialisation (IX97)

**Year offered:** 2009

**Admissions:** Yes

**CRICOS code:** not available

**Course duration (full-time):** 1 semester. Subject to maximum time limit of 4 years.

**Course duration (part-time):** 2 semesters. Subject to maximum time limit of 4 years.

**Domestic fees (indicative):** 2009: $9,200 per semester

**International Fees (per semester):** 2009: $10,400 per semester (*subject to annual review*)

**Course coordinator:** Professor Rod Wissler

**Campus:** Internet

Academic, Administrator, Arts Administrator, Biochemist, Bioengineer, Bioinformatician, Biologist, Biomedical Engineer, Biomedical Engineer, Biotechnologist, Biotechnologist, Biotechnology Business/Investment Analyst, Business Analyst, Business Development Officer, Cell Biologist, Civil Engineer, Contract Administrator, Financial Advisor/Analyst, Government Officer, International Business Specialist, Marine Scientist, Market Research Manager, Marketing Officer/Manager, Mathematician, Microbiologist, Policy Officer, Public Servant, Scientist, Social Scientist, Urban Designer, Visual Artist, Web Designer.
Master of Research and Development Management (IX99)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 3 semesters.
Course duration (part-time): 6 semesters.
International Fees (per semester): 2009: $9,200 per semester (subject to annual review)
International Fees (indicative): 2009: $10,400 per semester
Course coordinator: Professor Rod Wissler
Campus: Internet

Entry Requirements
The minimum entry requirement for this course is a four year undergraduate degree or three years plus either an honours year or postgraduate coursework year in any discipline. Applicants who do not meet these academic requirements may be eligible to enter the course on the basis of professional activities completed in research management, research commercialisation or related fields that satisfies the course coordinator.

Potential Careers:
Bachelor of Technology (Mechanical) Conversion Program (ME36)

Year offered: 2009
Admissions: No
CRICOS code: 020303G
Course duration (part-time): 3 years
Domestic fees (indicative): 2009: CSP $3,188 (indicative) per semester
Domestic Entry: February
International Entry: February
QTAC code: 412543

Past rank cut-off: 93. Admission to course is based on special entry requirements in addition to a rank. Please refer to Special Entry Requirements.

Total credit points: 288 (including 144 cp advanced standing)
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Vladis Kosse
Campus: Gardens Point

Special Entry Requirements
Applicants must have completed an Advanced Diploma in Mechanical Engineering (or equivalent qualification) or a Bachelor of Science in an appropriate discipline.

Career Outcomes
Graduates from this degree may work closely with professional engineers and be involved in using advanced computer skills for technical analysis and detailed design, or administration. This degree was developed in direct response to industry needs and there is a strong focus on the employability of graduates in the practical, hands-on approach to subjects. The BTech is an alternative route for those wishing to continue study to professional engineer level. Graduates may commence in a design office doing calculations and preparing technical drawings from which final designs/systems will be constructed. Other areas of employment include the manufacturing sector, concerned with the organisation and maintenance of manufacturing facilities and the quality assurance and control of products. Graduates may be responsible for commissioning and managing staff and/or overseeing the operations of significant engineering plants such as mining, sugar mills, dairy factories and food processing operations.

Overview
This course builds on the practical skills gained through the TAFE Advanced Diploma by providing students with higher level theoretical knowledge, supported by laboratory and practical sessions. Subjects include design, manufacturing, materials, mechanical engineering sciences, and management.

Professional Recognition
This course has been accredited by Engineers Australia. Graduates are eligible for affiliate membership, providing them with official recognition as an engineering technologist. The three-year degree is recognised by the Singapore Institute of Engineering Technologists.

Additional Information
Candidates with an Advanced Diploma in Mechanical Engineering (or equivalent) or a relevant tertiary qualification (eg. Bachelor of Science or CAE Diploma in Mechanical Engineering) will automatically receive credit of 144 credit points.

Part-time Study
Prospective part-time students for this degree should be aware that they may need 9 to 12 hours release from their employment.

Special Course Requirements
Students must obtain at least 50 days of industrial experience with a minimum of 25 days in an engineering environment approved by the course coordinator.

Potential Careers:
Engineering Technologist, Mechanical Engineer.
Advanced Diploma in Engineering (Mechanical)/Bachelor of Technology (Mechanical) (ME37)

Year offered: 2009
Admissions: No
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,188 (indicative) per semester
Domestic Entry: February
QTAC code: This course is no longer offered
Past rank cut-off: 52 BNIT-Gateway; 50 MIT-Mt Gravatt; 50 YIT-Yeronga
Past OP cut-off: 22 BNIT-Gateway; 24 MIT-Mt Gravatt; 24 YIT-Yeronga
Total credit points: 288 (including 120 cp advanced standing)
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Vladis Kosse
Campus: Gardens Point

Course Availability
This course is not taking new admissions/enrolments. Articulation from the TAFE to QUT for existing dual TAFE/QUT award students will be accepted up until semester one, 2008.

Entry Requirements
Applicants must apply via QTAC and satisfy the entry requirements for the Advanced Diploma in Engineering (Mechanical) at Brisbane North Institute of TAFE, Moreton Institute of TAFE and Yeronga Institute of TAFE.

Dual TAFE/QUT Awards
This dual award is a cooperative arrangement between QUT, the Brisbane North Institute of TAFE and Metropolitan South Institute of TAFE. It is a specially designed course offering a two-year Advanced Diploma at the participating TAFE institutes followed by a third year at QUT to qualify for a Bachelor of Technology degree. In their second year students study units from both QUT and TAFE.

Career Outcomes
Technologists may work closely with professional engineers and be involved in using advanced computer skills for technical analysis and detailed design, or administration. Other areas of employment included the manufacturing sector concerned with the organisation and maintenance of manufacturing facilities and the quality assurance and control of products.

Professional Recognition
This course has provisional accreditation from Engineers Australia (EA).

Special Course Requirements
Students must obtain at least 50 days of industrial experience with a minimum of 25 days in an engineering environment approved by the course coordinator.

Potential Careers:
Mechanical Engineer, Technical Officer.
Bachelor of Engineering (Infomechatronics) (ME40)

Year offered: 2009
Admissions: No
CRICOS code: 037550J
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
The ME40 Bachelor of Engineering (Infomechatronics) course has been replaced by EN40 Bachelor of Engineering (Infomechatronics) from 2006 onwards. There will be no intake into the ME40 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes
This leading edge degree provides graduates with the combined skills of mechanical engineering, electrical and electronic engineering and information technology to work in the high tech fields of automated systems and robotics for the design, development, construction and service of modern equipment and plant. Graduates from this degree may expect to find employment as consultants, project managers, designers, and maintenance and instrumentation engineers in a wide variety of work situations. The range of employment opportunities is diverse and extensive. Some typical examples of organisations may include: manufacturing plants of consumer products, computer peripherals manufacturers/maintenance companies, automobile manufacturing industries, large scale manufacturing/maintenance industries such as Boeing, instrumentation industries, communication companies, research organisations, food and food processing industries and software development companies.

Overview
This course bridges the three, traditionally separate, disciplines of Mechanical Engineering, Electrical and

Electronic Engineering, and Computing and provides the combined skills required for the design, development, construction and service of modern systems and equipment. Advanced units emphasis the integration of knowledge and skills that impact on all aspects of the design, construction and service of modern computer controlled machines. In the final year a one-semester industry project will integrate and reinforce what has been learned through application in a real world setting.

Professional Recognition
This course has provisional accreditation from Engineers Australia (EA).

Special Course Requirements
Students must obtain at least 60 days of industrial work experience in an engineering environment approved by the course coordinator.

Articulation to Masters
Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

Further Information
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:
Manager, Manufacturer, Mechanical Engineer.
Bachelor of Engineering (Mechanical) (ME41)

Year offered: 2009
Admissions: No
CRICOS code: 003490G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,188 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February (July entry available to students entering with Advanced Standing)
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Additional Admission Information
The ME41 Bachelor of Engineering (Mechanical) course has been replaced by EN40 Bachelor of Engineering (Mechanical) from 2006 onwards. There will be no intake into the ME41 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career outcomes
The Bachelor of Engineering (Mechanical) provides a sound education in the basic engineering sciences, synthesis and design, engineering management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may find employment in a variety of roles: consultant, project manager or technical adviser where they may be involved in the operation of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others may work under the guidance of more experienced staff selecting equipment, installing and commissioning plants. Some graduates will go into design offices or manufacturing plants where they will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview
This degree offers a balanced mix of theory and practice with the objective of preparing graduates for the work environment. Students will receive a thorough grounding in the engineering sciences and hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Engineering Management Major
Students enrolled in the Bachelor of Engineering (Mechanical) have the opportunity to undertake a major in Engineering Management during the final two years of their degree. Students wishing to undertake the major should consult the course coordinator.

Professional Recognition
Graduates meet the requirements for membership of Engineers Australia, the Singapore Professional Engineers Board and the Lembaga Jurutera (Board of Engineers) Malaysia. The course is also professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and the Institution of Engineers, Ireland. The Indonesian Directorate of Higher Education accredit the course as equivalent to the appropriate Indonesian degree.

Minors
Subject to the approval of the Course Coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. This will not affect the total number of credit points required for course completion. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Mid-year Entry
The ME42 Bachelor of Engineering (Mechanical) midyear course has been replaced by EN40 Bachelor of Engineering (Mechanical) from 2006 onwards. There will be no midyear intake into the ME42 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit).

If offered a place, you may be required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Special course requirements
A candidate for the degree of Bachelor of Engineering (Mechanical) must complete at least 60 days of industrial experience/practice in an engineering environment approved by the course coordinator.

Further Information
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.
Potential Careers:
Mechanical Engineer.
Bachelor of Engineering (Mechanical) Conversion Program from Bachelor of Technology ME36/ME37 (ME41)

Year offered: 2009
Admissions: No
CRICOS code: 003490G
Course duration (full-time): 1.5 years
Domestic fees (indicative): 2009: CSP $3,188 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February (July entry available to students entering with Advanced Standing)
QTAC code: 412502; Dfee: 412506
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.
OP Guarantee: Yes
Total credit points: 144
Course coordinator: Dr R. Mahalinga-Iyer
Discipline coordinator: Dr Gary Chadwick
Campus: Gardens Point

Entry Requirements
Bachelor of Technology (Mechanical) from QUT. Applications are made using an I-form for the semester immediately after completion of ME36/37. Students wishing to enter at a later date must apply for the Bachelor Engineering (Mechanical) via QTAC.

Career Options
The Bachelor of Engineering (Mechanical) provides a sound education in the basic sciences, engineering sciences, engineering synthesis and design, the interrelationship between engineering and various management functions, and the social, economic and ethical aspects of engineering practice. Graduates from this degree may expect to find employment in a variety of roles: consultant, project manager, technical adviser. Some are given their initial graduate training in areas where they learn the operating characteristics and expected performance of large, integrated energy-based plants such as mining, power stations, sugar factories, oil refineries etc. Others work under the guidance of more experienced staff where they must select equipment, negotiate with suppliers and install and commission plants. Some graduates will go into design offices dealing with air conditioning and refrigeration systems, steam boilers and associated large materials handling plants. Those who go into manufacturing plants will be concerned principally with the logistics of production and the efficient management of people and systems.

Overview
This degree builds on the Bachelor of Technology and offers a balanced mix of theory and practice with the objective of preparing graduates for work as engineers. Students will continue their studies to include more in-depth study of mechanical engineering sciences including hands-on, practical experience in real world problem solving and application of theory to suit industry needs.

Professional Recognition
This degree is recognised for the purpose of membership of Engineers Australia. It is professionally recognised by the Hong Kong Institution of Engineers, the UK Institution of Mechanical Engineers, the Institution of Professional Engineers, New Zealand, and the Institution of Engineers, Ireland. Graduates meet the requirements for membership of the Singapore Professional Engineers Board, and the Lembaga Jurutera (Board of Engineers) Malaysia. The course is also accredited by the Indonesian Directorate of Higher Education as equivalent to the appropriate Indonesian degree.

Further information
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:
Engineering Technologist, Mechanical Engineer, Technical Officer.
Bachelor of Engineering (Mechanical) (ME42)

Year offered: 2009
Admissions: No
Domestic fees (indicative): 2009: CSP $3,188 (indicative) per semester
Bachelor of Engineering (Medical)  
(ME48)

Year offered: 2009  
Admissions: No  
CRICOS code: 003490G  
Course duration (full-time): 4 years  
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester  
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)  
Domestic Entry: February  
International Entry: February  
QTAC code: 412502; Dfee: 412506  
Past rank cut-off: 80. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.  
OP Guarantee: Yes  
Total credit points: 384  
Course coordinator: Dr R. Mahalinga-Iyer  
Discipline coordinator: Dr Gary Chadwick  
Campus: Gardens Point

Additional Admission Information

The ME48 Bachelor of Engineering (Medical) course has been replaced by EN40 Bachelor of Engineering (Medical) from 2006 onwards. There will be no intake into the ME48 course in 2008 with the exception of QTAC applicants commencing their studies with at least 240 credit points of advanced standing (academic credit); i.e. those students who will be starting in the fourth year of the program.

If offered a place you are required to attend an in-person academic credit and enrolment session as detailed in your enrolment materials.

Career Outcomes

Medical engineering integrates physical, chemical, mathematical, and computational sciences and engineering principles to study human biology, medicine, human behaviour and health. The Bachelor of Engineering (Medical) provides the skills to design, manufacture, install, monitor and maintain medical and surgical equipment and to provide advice on engineering matters to medical and allied staff. Graduates from this degree may expect to find employment in hospitals as advisors to health and medical professionals, in firms concerned with the design, manufacture, supply and maintenance of medical, health and sporting equipment, occupational health agencies and in research institutions. In the early stages of their careers biomedical engineers might expect to be involved in the innovative use of technology, in the design of new devices and the assessment of appropriate engineering solutions to medical problems. More experienced biomedical engineers manage Biomedical Engineering Departments in hospitals and manufacturing companies and lead teams of engineers and technologists in the development of engineering solutions to improve health care.

Overview

This course provides students with the skills of mechanical engineering technology and the knowledge of the human body to design, manufacture and maintain equipment and aids for the medical, rehabilitation and sports environments. Students can choose electives such a physiology, rehabilitation psychology and robotics in health care. Current issues such as total quality management and health legislation are also covered. In the final year, students undertake a design project in the biomedical field.

Professional Recognition

This course is accredited by Engineers, Australia (EA).

Special Course Requirements

Students must obtain at least 60 days of industrial employment in an engineering environment approved by the course coordinator. Half of this experience must be in an industry related to Biomedical Engineering.

Articulation to Masters

Subject to University approval, students achieving a minimum performance criteria at the end of year 3 of the Bachelor of Engineering course, may be eligible to study two Master of Engineering Science or Master of Engineering Management units as electives. After successfully completing the Bachelor of Engineering course, students eligible to enrol in the Master of Engineering Science or Master of Engineering Management courses can then have these two units credited towards the Masters Program.

Further Information

Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment

QUT’s deferment policy does not apply to this course.

Special Note

This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:

Bioengineer, Biomedical Engineer, Medical Engineer, Rehabilitation Engineer.
Master of Engineering Management

(ME76)

**Year offered:** 2009
**Admissions:** No
**CRICOS code:** 006368G
**Course duration (full-time):** 1 year
**Course duration (part-time):** 2 years
**Domestic fees (indicative):** 2009: Full fee tuition $6,750 (indicative) per semester
**Domestic Entry:** This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
**International Entry:** This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
**Total credit points:** 96
**Standard credit points per full-time semester:** 48
**Course coordinator:** Associate Professor Jay Yang
(Please refer all course enquiries to Course Leader.)
**Discipline coordinator:** Dr Achilles Leontakianakos
(Course Leader)
**Campus:** Gardens Point

**Overview**
This course combines training in engineering management with advanced elective studies in related fields. It is suitable for those seeking to obtain a formal qualification in management while advancing engineering skills and knowledge. The core units provide an opportunity for postgraduate studies in engineering management, and the elective units allow specialisation in manufacturing and/or maintenance engineering.

**Entry Requirements**
A bachelor degree in engineering (or its equivalent).

**Course Structure**
Masters students take eight units or 96 credit points. Units MEN172, MEN177, and MEN280 are normally compulsory, but may be substituted with the approval of the courses coordinator if the student has adequate prior knowledge in the relevant field. With approval of the Course Coordinator students can take up to two graduate level electives from other disciplines.

**International Student Entry**
QUT advises that International students may only enrol in full-time studies.

**Further Information**
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

**Special Note**
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.
Master of Engineering Science (Mechanical Engineering Studies) (ME80)

Year offered: 2009
Admissions: No
CRICOS code: 042261J

Course duration (full-time): 1 year
Course duration (part-time): 2 years

Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester

Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

Total credit points: 96

Course coordinator: Professor Jay Yang (Please refer all course enquiries to Course Leader.)

Discipline coordinator: Dr Achilles Leontakianakos (Course Leader)
Campus: Gardens Point

Entry Requirements
A Bachelor of Engineering degree with honours in Mechanical Engineering OR equivalent, with a grade point average of at least 5 on a 7-point scale.

Course Structure
The flexible Master of Engineering Science (Mechanical Engineering Studies) program allows students to choose 3 units from a common pool of units offered by all the Engineering Schools (Band 1). A band of Mechanical Engineering units is then offered from which students choose 3 (Band 2). Any units from Band 1 could also be chosen for Band 2 provided that they come from the School of Mechanical, Manufacturing and Medical Engineering. Mechanical Engineering Specialised units allow students to undertake study in the areas of Medical Engineering, Infomechatronics, Engineering Management and general mechanical engineering, such as tribology, maintenance, manufacturing etc. Band 3 requires enrolment in a Mechanical Engineering Project (equivalent to 24 credit points).

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Potential Careers:
Mechanical Engineer.
Bachelor of Surveying (PS47)

Year offered: 2009
Admissions: No
CRICOS code: 016354J
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTC code: 412532; Dfee: 412536
Past rank cut-off: 72. Admission to this course is based on prior study entry requirements in addition to a rank. Please refer to Additional Admission Information. Dfee places were not offered last year.

OP Guarantee: Yes
Total credit points: 384
Course coordinator: Dr John Hayes
Discipline coordinator: Mr Robert Webb
Campus: Gardens Point

Additional Admission Information
The PS47 Bachelor of Surveying course has been replaced by UD40 Bachelor of Urban Development (Spatial Science) from 2006 onwards. There will be no intake into the PS47 course in 2007 with the exception of QTAC applicants commencing their studies with at least 168 credit points of advanced standing (academic credit); i.e. those students who will be starting in the third year of the program.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period.

If offered a place you are not required to lodge an academic credit form, as academic credit will be awarded by QUT before the census date of your first teaching period. After being awarded this credit and if you wish to seek for additional academic credit, you are then required to lodge an Application for Academic Credit form for that additional credit by the due date and subject QUT rules .

Career Outcomes
Surveyors assess geographic and land information for implementing appropriate administration for the land, sea and related structures. All levels of government, private practice and multi-national companies, statutory authorities or semi-government agencies employ them. Graduates have the opportunity to travel as the degree is readily accepted overseas. After some years of experience they may become managers or specialise. Surveyors may also work in one of the related fields such as geographic information systems, remote sensing or photogrammetry.

Overview
The Bachelor of Surveying degree is a broad-based course. The first year is a foundation year designed to prepare students to deliver practical solutions to problems involving spatial information and decision-making. Students study foundation units such as mathematics, physic, computing skills, environmental science as well as surveying in their first year. In the following years the areas covered are geodetic and control surveying, topographic mapping, photogrammetry, mine surveying, hydrographic surveying, land development design and geographic information systems.

Professional Recognition
Australia: The Bachelor of Surveying degree meets the requirements for membership of The Spatial Science Institute (Incorporating the Institution of Surveyors, Australia, the Institution of Engineering and Mining Surveyors, Australia and the Mapping Sciences Institute, Australia).

Overseas: Surveying graduates are readily accepted internationally.

Minors
Subject to the approval of the course coordinator, students may be able to choose a minor area of study. A minor is a collection of four units from the one study area, that totals 48 credit points. Students may choose from the list of minors, available from the office of the Faculty of Built Environment and Engineering.

Special Course Requirements
Students are required to attend compulsory field practicals off-campus in the Moreton Region and have access to an advanced scientific calculator for use during the course. Students must obtain at least 90 days of industrial experience/practice in a surveying/mapping environment, approved by the course coordinator.

Further Information
Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

Deferment
QUT’s deferment policy does not apply to this course.

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Coordinator regarding their remaining course program.

Potential Careers:
Mapping Scientist/Photogrammetrist, Surveyor.
Graduate Diploma in Landscape Architecture (PS66)

Year offered: 2009  
Admissions: No  
CRICOS code: 003478D  
Course duration (full-time): 1 year BBlt Env (L'scape Arch) graduates; 2 years other graduates  
Course duration (part-time): 2 years BBlt Env (L'scape Arch) graduates; 4 years (other graduates)  
Domestic fees (indicative): 2009: CSP $3,721 (indicative) per semester  
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)  
Domestic Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.  
International Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.  
Total credit points: 192  
Course coordinator: Professor Jay Yang (Please refer all course enquiries to Course Leader.)  
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)  
Campus: Gardens Point

Entry Requirements
A bachelor degree or three-year diploma, or equivalent professional qualification with a minimum Grade Point Average of 4.5. Applicants entering this course from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics.

In order to be considered for entry to either the Graduate Diploma or Masters courses, applicants must complete:  
1. Application for Admission form  
2. A personal statement in which the applicant demonstrates an understanding of the profession and the guiding belief systems of landscape architecture and shows the applicant's potential to 'fit' within this profession.  
3. An Illustrated Autobiography - a concise self-expose which shows, in a combination of words and graphics, the applicant's life and interests. The objective is to give an insight into the applicant and demonstrate an aptitude for design as the core activity of the profession. This document is not a resume or curriculum vitae. It will be in A3 format and is not to exceed five pages. These documents are to be forwarded to the course coordinator.

Overview
Landscape architecture is concerned with the ordered design of open space at all scales: the appearance, atmosphere, and suitability of environment to assure its health and welfare and that of its inhabitants. Course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work. In the Graduate Diploma you complete a program similar to the first two years of the Masters program.

Professional recognition
This course is professionally recognised by the Australian Institute of Landscape Architects

International Student Entry
QUT advises that International Students may only enrol in full-times studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

SPECIAL NOTE
Any BN31 (L'scapeArch) graduate (from 1997-2007) can apply for the final offering (Sem 1 2008) of the Graduate Diploma in Landscape Architecture.

Master of Urban and Regional Planning (PS70)

Year offered: 2009
Admissions: No
CRICOS code: 020299K

Course duration (full-time): 1.5 years for Bachelor of Built Environment graduates; 2 years for other graduates
Course duration (part-time): 75% progression: 2 years for Bachelor of Built Environment graduates; 2.5 years for other graduates/50% progression: 2.5 years for Bachelor of Built Environment graduates; 3.5 years for other graduates

Domestic fees (indicative): 2009: CSP $3,701 (indicative) per semester

Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

Total credit points: 216

Course coordinator: Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Overview

Students develop the knowledge, skills and social awareness to become successful urban and regional planners. The course is structured around a core of planning practice and method. Contributions from theory and activity studies are integrated with this core at each stage and set within the broader socio-economic and political contexts. Flexible teaching methods include lectures, projects, workshops, seminars and field studies. In each of the last three years student projects have been awarded top planning Institute awards at State and National levels.

Entry Requirements

A bachelor degree or equivalent is required. Applicants entering this course from non-design qualifications gain basic skills in design/perception theory, and planning graphics. A two-module Summer unit is available for this purpose. Computer literacy skills are also provided for those requiring them.

Applicants without planning or related qualifications undertake a Foundation Course of six units within the course of 2 years or part time equivalent, including a Summer Semester These requirements may be reduced by academic credit based on previous studies. A limited number of special entry places are available in the Foundation Course for suitably experienced non-graduates. Special entry includes written and oral examinations and references.

Course Structure

The course offers a variety of structures, including full-time (100% and 75% progression rates) and part-time programs (50% progression rate). Normal entry to the course is in Semester 1 or Summer Semester, though Foundation Studies entrants may, in special circumstances, be admitted in Semester 2.

Professional recognition
This course is professionally accredited by the Planning Institute of Australia

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

**Potential Careers:**

Urban and Regional Planner.
Master of Landscape Architecture (PS71)

Year offered: 2009
Admissions: No
CRICOS code: 020301K

Course duration (full-time): 1 year plus 1 year part-time
Built Environment (Landscape Architecture) graduates or equivalent; 2 years plus 1 year part-time (Other graduates)
Course duration (part-time): 3 years Built Environment (Landscape Architecture); 5 years (Other graduates)

Domestic fees (indicative): 2009: CSP $3,701 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)

Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.

Total credit points: 228 (excluding any Masters qualifying units)
Course coordinator: Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Kathi Holt-Damant (Course Leader)
Campus: Gardens Point

Entry Requirements
A bachelor degree, or equivalent professional qualification, with a minimum grade point average of 5.
Applicants entering this course from non-design qualifications require basic skills in design/perception theory, freehand and technical graphics.

In order to be considered for entry to either the Graduate Diploma or Masters courses, applicants must complete:

* Application for Admission form as well as the following which should be forwarded direct to the course coordinator.
* Position Statement - a personal statement (1 x A4 typed page) in which the applicant demonstrates an understanding of the profession and the guiding belief systems of landscape architecture and shows the applicant's potential to 'fit' within this profession.
* Illustrated Autobiography - a concise self-expose which shows, in a combination of words and graphics, the applicant's life and interests. The objective is to give an insight into the person making the application and to demonstrate an aptitude for design as the core activity of the profession. This document is not a resume or curriculum vitae, nor is it a folio of previous work experience. It will be in A3 format and is not to exceed five pages.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Overview
Landscape architecture is concerned with the ordered design of open space at all scales: the appearance, atmosphere, and suitability of environment to assure its

health and welfare and that of its inhabitants. Your course covers landscape theory and design, professional values, environment theory, graphic and other communication, and landscape construction supported by project and field work.

Professional Recognition
Professional accreditation for the course has been granted by the Australian Institute of Landscape Architects.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Potential Careers:
Landscape Architect.
Graduate Diploma in Urban and Regional Planning (PS72)

Year offered: 2009
Admissions: No
CRICOS code: 003477E

Course duration (full-time): 1 year for Bachelor of Built Environment graduates; 1.5 years for other graduates
Course duration (part-time): 75% progression: 1.5 years for Bachelor of Built Environment graduates; 2 years for other graduates/50% progression: 2 years for Bachelor of Built Environment graduates; 2.5 years for other graduates

Domestic fees (indicative): 2009: CSP $3,700 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)

Domestic Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.
International Entry: This course is open to continuing BN31 Graduates only. NO NEW OFFERS WILL BE MADE AFTER FEBRUARY 2008.

Total credit points: 168
Course coordinator: Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Entry Requirements
A bachelor degree or equivalent is required. Applicants entering this course from non-design qualifications require basic skills in design/perception theory, planning graphics. A two-module full-fee paying Summer unit is available for this purpose. Computer literacy is also required.

Applicants without planning or related qualifications undertake a Foundation Course of up to six units within the Course of 1.5 years or part-time equivalent including an introductory Summer Semester. These requirements may be reduced by academic credit based on previous studies. A limited number of special entry places are available in the Foundation Course for suitably experienced non-graduates. Special entry includes written and oral examinations and references.

International Student Entry
QUT advises that International Students may only enrol in full-time studies.

Overview
Students develop the knowledge, skills and social awareness to become successful urban and regional planners. The course is structured around a core of planning practice. Contributions from theory, method and activity studies are integrated with this core at each stage and set within the broader socio-economic and political contexts. Flexible teaching methods include lectures, as well as projects, workshops, seminars and field studies.

Professional Recognition
This course is professionally accredited by the Planning Institute of Australia.

Course Structure
The course offers a variety of structures, including full-time (100% and 75% progression rate) and part-time programs (50% progression rate). Normal Entry to the Course is in Semester 1 or Summer Semester, though Foundation Studies entrants may, in special circumstances, be admitted in Semester 2.

SPECIAL NOTE
Any BN31 (Urb&RegPlan) graduate (from 1997-2007) can apply for the final offering (Sem 1 2008) of the Graduate Diploma in Urban and Regional Planning.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

#### Potential Careers:
- Urban and Regional Planner.
Graduate Certificate in Planning Studies (PS82)

Year offered: 2009
Admissions: No
CRICOS code: 040336M
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
International Entry: This course is open to continuing students only. NO NEW OFFERS WILL BE MADE AFTER 2007.
Total credit points: 48
Course coordinator: Professor Jay Yang (Please refer all course enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Entry Requirements
To be eligible for admission, an applicant must have:
- a recognised tertiary degree in any discipline requiring at least three years' full time study or its equivalent, or
- other documented qualifications and experience considered to be equivalent by the Head of School of Urban Development. Applicants may be required to attend an interview, or sit an examination, as part of the selection process.

Overview
The Planning Certificate is intended to provide an introduction to planning method and practice for people engaged in planning activities in government and the community, as well as being a convenient refresher course for professional planners in the latest developments in community planning theory and practice.

Students wishing to use the Graduate Certificate as a refresher or introductory course, may select any four units offered in the Graduate Diploma in Urban and Regional Planning. Full-time is one semester (48cp); part-time is 2 semesters (48cp). Please see course structure for a recommended program.

Course Structure
An overview of current planning methods is presented in Planning Processes and applied in Urban Analysis and Design and Planning Implementation. These method and practice units are accompanied by opportunity for focused study within the Elective unit, chosen in discussion with the course coordinator.

Professional Recognition
This course is registered with the Planning Institute of Australia (formerly RAPI) as a recognised Continuing Professional Development Course rated at ten credit points.

International Student Entry

QUT advises that International Students may only enrol in full-time studies.

Further Information
Faculty of Built Environment and Engineering - Phone +61 7 3138 1433, email: bee.enquiries@qut.com

Special Note
This course has been discontinued. Any remaining students should seek advice from the Course Leader regarding their remaining course program.

Potential Careers:
Urban and Regional Planner, Urban Designer.
Bachelor of Urban Development (Construction Management) (UD40)

Year offered: 2009
Admissions: Yes
CRICOS code: 056387B
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,628 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 412312
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Dr Vaughan Coffey
Campus: Gardens Point

QUT Entry Bonus Scheme
The QUT Entry Bonus Scheme applies to students completing Year 12 or equivalent in 2008 and applying for entry in 2009.

QUT will award two bonus QTAC ranks for students who successfully complete Maths C or LOTE (Language Other Than English) in secondary school and apply to start a Bachelor of Urban Development at QUT in 2009.

QUT will also award one bonus rank to students who, while at school, successfully complete one or more university-level subjects at any Australian university.

Career Outcomes
Graduates employed in the construction process are involved in the coordinating of the construction and maintenance of large building projects, the development of government and corporate policies, the administration of regulations, and the development and research of building systems and products. They may be employed in private organisations such as large construction and development companies or consultancies, while some are employed by government departments.

Overview
The course is concerned with the management of the overall process of construction projects and provides detailed understanding of project development from conception, through planning and construction to commissioning and maintenance. It develops skills in how to manage people, materials, equipment and plant while focusing on issues such as cost, time, quality, safety and environment. It educates students to become effective construction managers with comprehensive technological knowledge, management principles and communication skills.

Special Course Requirements
All students are required to obtain a minimum of 100 days of approved industrial experience.

Professional Recognition
Recognition is being sought from the Australian Institute of Building and the Australian Institute of Building Surveyors.

Minors
For accreditation purposes you are required to undertake specified minors which will include employment practice.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further Information
School of Urban Development - Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

QUT Entry Bonus Scheme
The QUT Entry Bonus Scheme applies to students completing Year 12 or equivalent in 2008 and applying for entry in 2009.

QUT will award two bonus QTAC ranks for students who successfully complete Maths C or LOTE (Language Other Than English) in secondary school and apply to start a Bachelor of Urban Development at QUT in 2009.

QUT will also award one bonus rank to students who, while at school, successfully complete one or more university-level subjects at any Australian university.

Career Outcomes
Property Economics is the profession associated with the management, administration and use of land and property such as office buildings, shopping centres, factories, hotels etc. Graduates work in private practice or as employees of property development, valuation, property management, investment or property finance companies. They may also work in government departments and local authorities concerned with rating, compulsory acquisitions or property development.

Overview
This course is concerned with all aspects of property - investment, asset management, development, valuation and research - with a focus on finance and on the commercial property market sector.

Special Course Requirements
You are required to obtain a minimum of 30 days approved professional work experience.

Professional Recognition
The 4 year degree has professional recognition from the Australian Property Institute, the Valuers' Registration Board of Queensland, and from the Royal Institution of Chartered Surveyors.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Majors/Minors
In your final two years you will have the opportunity to undertake a major (8 units) or 2 minors (4 units) from other areas of interest.

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr John Hayes
Discipline coordinator: Dr Johnny Wong
Campus: Gardens Point

QUT Entry Bonus Scheme
The QUT Entry Bonus Scheme applies to students completing Year 12 or equivalent in 2008 and applying for entry in 2009.

QUT will award two bonus QTAC ranks for students who successfully complete Maths C or LOTE (Language Other Than English) in secondary school and apply to start a Bachelor of Urban Development at QUT in 2009.

QUT will also award one bonus rank to students who, while at school, successfully complete one or more university-level subjects at any Australian university.

Career Outcomes
Quantity Surveyors prepare cost estimates and check actual expenditure for large construction projects. They usually work in offices but can also visit building sites, clients and members of teams. Graduates are employed by private quantity surveying firms, government departments and building companies.

Overview
The course prepares students to work as quantity surveyors or building economists. The course covers building management, cost planning and control, building development techniques, building research, computer software application, measurement of construction, and legal issues. Applicants will be initially enrolled in the Bachelor of Urban Development (Construction Management) but will be directed to take suitable units to graduate with a Quantity Surveying primary major.

Special Course Requirements
You are required to gain a minimum of 80 days of approved employment in the final year of the course.

Professional Recognition
This course is fully accredited by the Australian Institute of Quantity Surveyors, The Royal Institution of Chartered Surveyors (Honours version only), and the Board of Quantity Surveyors Malaysia (with Property Economics second major).

Minors
You will have the opportunity to undertake a minor (4 Units from one discipline area) which can be used to extend your construction knowledge into more advanced and specialised construction issues. Alternately, the minor can be used to broaden students' education by undertaking units from other faculties within the university subject to accreditation requirements.

Further Information
School of Urban Development - Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

**Potential Careers:**

Estimator, Manager, Quantity Surveyor.
Bachelor of Urban Development (Spatial Science) (UD40)

Overview
This degree is a broad-based course. The first year is a foundation year designed to prepare students to deliver practical solutions to problems involving spatial information and decision-making. Students study foundation units such as mathematics, professional studies, sustainability as well as surveying in their first year. In the following years the areas covered are geodetic and control surveying, topographic mapping, photogrammetry, mine surveying, hydrographic surveying, land development design and geographic information systems.

Professional Recognition
The course is recognised by the Spatial Science Institute and has preliminary recognition from the Queensland Surveyors Board; full accreditation is currently being sought.

Special Course Requirements
You will be required to attend compulsory field practicals off-campus in the Moreton Region and have access to an advanced scientific calculator for use during the course. To graduate you are required to have at least 90 days of approved industrial experience/practice in a surveying/mapping environment.

Minors
For professional recognition you will undertake two minors (a minor is four units or 48 credit points in the same discipline) the first is a Science minor which includes Maths and the second an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised spatial science units.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
School of Urban Development - Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Bachelor of Urban Development (Urban and Regional Planning) (UD40)

**Year offered:** 2009

**Admissions:** Yes

**CRICOS code:** 056387B

**Course duration (full-time):** 4 years

**Domestic fees (indicative):** 2009: CSP $3,628 (indicative) per semester

**International Fees (per semester):** 2009: $11,000 (indicative) per semester *(subject to annual review)*

**Domestic Entry:** February

**International Entry:** February

**QTAC code:** 412352

**Past rank cut-off:** 77

**Past OP cut-off:** 12

**OP Guarantee:** Yes

**Assumed knowledge:** English (4, SA)

**Preparatory studies:** Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

**Total credit points:** 384

**Standard credit points per full-time semester:** 48

**Course coordinator:** Dr John Hayes

**Discipline coordinator:** Mr Paul Donehue

**Campus:** Gardens Point

**QUT Entry Bonus Scheme**

The QUT Entry Bonus Scheme applies to students completing Year 12 or equivalent in 2008 and applying for entry in 2009.

QUT will award two bonus QTAC ranks for students who successfully complete Maths C or LOTE (Language Other Than English) in secondary school and apply to start a Bachelor of Urban Development at QUT in 2009.

QUT will also award one bonus rank to students who, while at school, successfully complete one or more university-level subjects at any Australian university.

**Career Outcomes**

Urban and Regional Planners develop plans and policies for the use of land and resources. They aim to fulfil the social, cultural economic and environmental needs of the community. There are numerous employment opportunities can found in state and local government departments, with private sector planning consultants and land development enterprises. Graduates can build careers in urban design, community health and welfare, housing, transport, and strategic land-use planning, and land and resource development.

**Overview**

This course aims to educate students to become innovative leaders in professional planning, with the capacity and will to create a better world. Graduates will apply perceptive sensibilities and skills to create sustainable natural and human environments. The QUT course emphasises creative design and inclusive community planning. You will have the opportunity to work on live projects with local councils and community groups.

**Professional Recognition**

This course has received accreditation from the Planning Institute of Australia.

**Minors/Majors**

You will be able to select two four unit minors or one eight-unit major to enhance your broader appreciation of fields related to urban and regional planning for example: landscape architecture, urban design, surveying, property economics, law and business management.

**International Student Entry**

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

**Further Information**

School of Urban Development - Phone +61 7 3138 2678, Fax +61 7 3138 1515, email: bee.enquiries@qut.com

International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Professor Jay Yang (Please refer course specific enquiries to Course Leader.)
Discipline coordinator: Dr Tan Yigitcanlar (Course Leader)
Campus: Gardens Point

Overview
This course aims to enhance and advance the range of knowledge, skills and social understanding required to operate professionally within the urban development context. The course sets practice within the broader socioeconomic and political contexts that influence the development of policy and infrastructure in the built environment. The course is designed to offer graduates the full range of knowledge, skills and social understanding required to become a successful urban and regional planner. Early exit with a Graduate Diploma is available upon completion of four units in the course.

Entry Requirements
A four-year full-time bachelor degree in a relevant urban development discipline area and a grade point average of 5.0 or more (on a 7-point scale) in that study, or an equivalent qualification determined by the Faculty. English language requirements for the course are an English Language Proficiency level in accordance with QUT requirements (IELTS score of 6.0 with no sub-band below 6.0) if English is not your first language. Applicants from a non-relevant background may gain entry through successful completion of BN85, the Graduate Certificate in Built Environment and Engineering.

If requested, supply documentation of professional work experience as detailed in Completing the PG Form.

Professional Recognition
Students completing the Graduate Certificate in Built Environment and Engineering, with appropriate unit selection, and the Master of Urban Development (Urban and Regional Planning), will be eligible for graduate membership of the Planning Institute of Australia.

Career Outcomes
Graduates can expect to be in demand in local, state and commonwealth government departments, planning and development enterprises and consultancies, and in the voluntary sector, both in Australia and overseas. Opportunities include development planning and assessment, consultancy within the urban design field, regional planning, plan and policy preparation for land use, environment, housing, transport, recreation, education, community engagement and development, and corporate planning.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Advanced Standing
Students completing two Masters courses in the Faculty of Built Environment and Engineering will be eligible to apply for a maximum of 24 credit points advanced standing in the second course on the basis of common units already completed. Such students will be required to complete a minimum of 72cp to be determined in consultation with the nominated Course Leader, to achieve the second Masters.

OVERVIEW

QUT’s Faculty of Business develops global business professionals by offering real-world business courses designed in conjunction with industry and the business community.

With more than 8800 students enrolled each semester, including 1500 international students from over 70 countries, and more than 1000 academic and support staff, Business is not only QUT’s largest faculty, but also one of the largest and most respected business faculties in the country.

Through various collaborations with industry and professional bodies, we are a key player in the business community with extensive local and international links.

Accreditations – your guarantee of quality

We are the first business school in Australia to have attained all three leading symbols of excellence: the prestigious ‘triple crown’ of international accreditation, from leading accrediting bodies AACSB International (Association to Advance Collegiate Schools of Business), EFMD (European Foundation for Management Development), via its EQUIS System, and AMBA (the Association of MBAs). These accreditations mean your QUT business degree is even better recognised by employers globally.

The Faculty of Business is now in a select group of less than one per cent of business schools worldwide which hold all three accreditations.

International relevance

In today’s global business environment, the Faculty’s international focus remains a high priority. Our international accreditations are testament to our commitment to forging quality global relationships, and gaining recognition internationally.

We strive to enhance all our programs with an international perspective, through attracting teaching professionals with international experience, fostering teaching, research, and executive education partnerships with institutions from across the globe, and integrating international content and perspectives into our curriculum. Our student diversity, exchange programs and study tours provide international opportunities for students to enhance their studies.

Real-world focus

Our innovative programs recognise that in the ever-changing world of business, students need to be up to date with the professional world. QUT’s real world focus is further reinforced by the diversity of experience and expertise of our local and international teaching staff, many of whom also work in industry, bringing current real-world examples to the classroom. This diversity creates a rich learning and research environment in which to study.

In the international business environment, a solid foundation in business principles is mandatory – along with the flexibility to pursue studies in multiple areas. With this in mind, the Faculty has developed a range of innovative and collaborative programs that allow students to graduate with the business acumen and entrepreneurial skills that they need to anticipate future business opportunities and challenges.

Students are encouraged to undertake real-world projects and are provided with opportunities to help develop strong links with the business community. And you can take advantage of our extensive exchange program and our international study tour options.

Business Advantage program

Our award-winning Business Advantage program offers undergraduate students a wide range of co-curricular personal and professional development programs to enhance their learning experience. Students develop skills that enable them to contribute effectively as citizens, as leaders in the wider community, and as competent professionals within their chosen disciplines. Short programs are available in areas such as leadership, teamwork, public speaking and entrepreneurship. Business Advantage also provides the opportunity for students to work together on community projects, development programs, and participate in conferences and seminars.

Career outcomes

We know what employers want in today’s business graduates - because we ask them. We regularly involve representatives from the business community in the development and review of our courses, and undertake employer research to rate our graduates’ job readiness. In fact employers tell us our graduates are productive from day one, with the winning combination of theoretical and practical skills, which puts them in demand by some of the best companies and organisations in Australia and internationally.

As a QUT business graduate you will enter the business community with the acumen and entrepreneurial skills needed to turn any good idea into a successful enterprise within today’s competitive international environment. And you will be able to anticipate the business challenges and opportunities of the future.

CBD location

The Faculty of Business, incorporating its four discipline-based schools, the Brisbane Graduate School of Business (BGSB), and Research centres, is based at QUT’s Gardens Point campus in the heart of Brisbane, adjoining the beautiful City Botanic Gardens. Centrally located, the campus is easily accessible and convenient to Brisbane’s central business district. Some of the Faculty’s programs are also offered at the Caboolture campus in Brisbane’s north.

Undergraduate courses

We recognise that in the ever-changing world of business you need a solid foundation in business principles along with the flexibility to pursue studies in multiple areas. Our Bachelor of Business includes eight core units which will equip you with generic skills and competencies for today’s business environment. You will also develop discipline-based expertise through your primary major, and have the flexibility to tailor your studies to suit your own needs and career aspirations, through a wide range of complementary or diverse study options.

The 24-unit degree comprises three distinct components:
- eight Business Faculty core units that all students undertake as a broad-based introduction to business principles
eight units in your chosen primary area of study, also known as your primary major. Students enrolling at our Gardens Point campus choose one of the following majors:

- Accountancy
- Advertising
- Finance
- Economics
- Human Resource Management
- International Business
- Management
- Marketing
- Public Relations.

eight units in complementary study areas - choose a second major (six units), one or two minors (four units each), an extension in your primary area of study (four units), or select up to eight optional units across multiple areas of interest within Business, or across the university.

Double degrees are also a popular option. A number of combinations are available, giving you expanded career options and a competitive edge on graduation.

The Bachelor of Business Marketing and Management majors are also available at the Caboolture campus. Student enrolled at Gardens Point may also enrol in individual units at Caboolture for convenience.

Undergraduate study areas available are:

**Majors**

- Accountancy
- Economics
- Finance
- Management
- Human Resource Management
- Advertising
- Marketing
- Public Relations
- International Business

**Second Majors**

- Accountancy
- Business Regulation
- Forensics
- Economics
- Finance
- Management
- Human Resource Management
- Advertising
- Marketing
- Public Relations
- Integrated Marketing Communication (IMC)
- International Business
- Logistics
- Language

**Minors**

- Accountancy
- Business Regulation
- Forensics
- Superannuation and Wealth Management

- International Business
- Logistics
- Language

**Extensions**

- Professional Accounting
- Regulation and Tax
- Financial Services (for Finance students)
- Management
- Human Resource Management
- Marketing

**Undergraduate degree options**

BACHELOR OF BUSINESS

QUT’s Bachelor of Business provides students with a solid foundation in business principles as well as the flexibility to pursue studies in multiple areas – to suit their own career aspirations.

Students can complete their business major along with their selection of study areas from a comprehensive range of second majors, minors and a choice of up to eight units from Business or across the University—all within their three-year degree program.

We offer a range of innovative accelerated and expanded study options and scholarships for the Bachelor of Business which are designed to enhance high achieving students’ study experiences and expand their career opportunities.

Academic Excellence Scholarships (OP1-2)

From 2009, domestic OP1-2 students will receive a generous scholarship upon entry to the Bachelor of Business.

Accelerated 2 year option (OP1-5)

High-achieving students can complete their degree in just two years and enter the workforce ahead of their peers.

Dean’s Honours Program 3 year option (OP1-2)

Gain research and analytical skills valued by employers in this prestigious program which adds an Honours research degree to the Bachelor of Business in just three years. Scholarships of up to $20,000 are available to selected students.

Traditional 3-year option

Complete your Bachelor of Business in three years. Students can benefit from free personal development modules available through our award-winning Business Advantage program.

Corporate Partners in Excellence (CPIE) 3 year scholarship program
CPIE provides two semesters of valuable work experience with our corporate partners while completing the Bachelor of Business. CPIE recipients receive a scholarship of $28,500 and can graduate in just three years.

Degree plus Honours or Masters 4 year options
For students seeking further depth of expertise in their chosen field, or to broaden their studies into another business area, you can add an honours or masters degree to your Bachelor of Business in just one extra year.

Double Degrees
To meet the growing demands of industry and students, the Faculty also offers a range of Double Degrees which add a second degree from another QUT faculty to the Bachelor of Business. Students can complete both degrees in just four to five years. Double degrees are available in creative industries, engineering, health, IT, journalism, law, mathematics, psychology or science.

Postgraduate coursework degrees
There are many reasons for considering postgraduate study. Whether you are looking for career advancement, a change in career direction, personal development, or research opportunities we can help you with postgraduate studies to suit your needs. For non-degree holders, we offer alternative pathways that build on your work experience.

The Faculty’s Brisbane Graduate School of Business (BGSB) administers the QUT MBA and Master of Business programs. Our MBA is consistently ranked among the top tier MBAs in Australia. The School offers 19 areas of specialisation including the latest topics in management such as Entrepreneurship, Leadership, Project Management, Philanthropy and Nonprofit Studies, and Corporate Governance.

Postgraduate studies are available in the following areas:
- Accounting
- Strategic Advertising
- Applied Finance
- Business Administration (MBA)
- Corporate Governance
- Entrepreneurship
- Finance
- Health Services Management
- Human Resource Management
- Integrated Marketing Communication
- International Business
- IT Management
- Leadership
- Marketing
- Philanthropy & Nonprofit studies
- Professional Accounting
- Project Management
- Public Relations
- Strategy

GRADUATE CERTIFICATE IN BUSINESS
The Graduate Certificate in Business offers students the choice of a four-unit interdisciplinary or specialised business qualification.

GRADUATE CERTIFICATE IN BUSINESS ADMINISTRATION
The Graduate Certificate in Business Administration allows professionals to update their skills in selected core business discipline areas.

MASTER OF BUSINESS
With a variety of specialist majors, QUT’s Master of Business allows students to top up their professional skills, or change careers to the business profession of their choice, even if they have not studied business before.

MASTER OF BUSINESS – ADVANCED
This course allows students to build on their Master of Business with additional coursework or research study.

MASTER OF BUSINESS ADMINISTRATION (MBA)
Our highly regarded MBA program is designed to give experienced professionals the management skills they need to contribute effectively at senior levels. The innovative structure and content of the MBA gives students a distinct career advantage by offering a broader range of core and elective units.

EXECUTIVE MBA (INTENSIVE DELIVERY)
Designed for business leaders, QUT’s Executive MBA delivers the MBA program through intensive weekend classes. Refer to page 10 for more information.

MBUS/MBA *
The combined Master of Business/MBA combines the breadth of general management knowledge and skills of the MBA with the depth of expertise in a chosen specialist business discipline. Applicants must meet the MBA entry requirements.

MBUS/MBUS *
The combined Master of Business/Master of Business degrees provide students with the opportunity to develop depth of expertise in two business disciplines. Applicants must have an undergraduate degree with an overall minimum GPA of 4 (on a 7-point scale).

Students entering the Accounting major require an appropriate degree in accountancy.

Extensive Research Opportunities
The Faculty of Business is a hub of leading business research in Australia, delivering real-world outcomes to inform business, industry, government and the community both locally and internationally. Research activity undertaken by the Faculty’s academic staff flows through to our course content to ensure students benefit from current business thinking.

Our mission is to combine a ‘real-world’ focus on research that is relevant to business and policy practice with an unrelenting pursuit of the highest scholarly standards. The Faculty’s research effort is coordinated through two national centres and three specialised research programs, which also support external collaboration and interdisciplinary research to strengthen the Faculty’s research portfolio. The Faculty’s schools also conduct research within their specialist areas.
Key achievements:

- Ranked number one in Australia by the 2007 Thomson Scientific report for citations per publication for the years 2002-2006 in Business and Economics
- Successfully secured ARC Linkage Grants of more than A$1 million in 2007
- Ranked number one in the country in research income by the Australian Research Council in the areas of Business and Management (2007).

Postgraduate research degrees

BACHELOR OF BUSINESS (HONOURS)
The Honours program allows high achieving students from the Bachelor of Business to advance their studies in their field. Students develop the ability to conduct rigorous independent research and integrate conceptual and practical knowledge.

MASTER OF BUSINESS (RESEARCH)
Students pursue advanced studies within their discipline and develop their capacity to conduct rigorous independent research. Students undertake advanced coursework that integrates conceptual and practical issues.

DOCTOR OF PHILOSOPHY (PhD)
The PhD offers students the opportunity to demonstrate academic rigour in a broad field of learning and to make an original and substantial contribution to knowledge in that field.

DOCTOR OF BUSINESS ADMINISTRATION (DBA) **
Designed for working professionals, the DBA will offer business graduates with an MBA or equivalent the chance to extend their knowledge and research capacity through a combination of coursework and research.

** Available from Semester 2 2009, subject to University approval.

RESEARCH CENTRES

The Australian Centre for Philanthropy and Nonprofit Studies (CPNS) is a leader in the advancement and application of knowledge related to the philanthropic and nonprofit sector in Australia. It assists in the creation of social capital and enhanced civil society. CPNS also contributes to the professionalism, effectiveness and international reputation of the sector in Australia by providing professional service and commentary, while producing graduates that enhance the capacity of the sector.

The National Centre for Econometric Research (NCER) is a joint research initiative between QUT and the University of Technology Sydney. It is dedicated to enhancing, undertaking and disseminating information and knowledge about econometric research methods among public policy makers, business professionals, and the academic community. This research embraces all forms of econometrics development of new methodologies, estimating quantitative models of economic and financial behaviour, assessing the effects of public policy and projecting the effects of alternative policy proposals.

Specialised research programs Entrepreneurship and Innovation is a multidisciplinary research program which focuses on business start-ups, characteristics of entrepreneurship, and business innovation. Unique in Australia, it seeks to generate cutting-edge research which fosters the development of knowledge and resources for business development and growth.

Infrastructure Management is a research program which examines how people and processes in specific organisational cultures can best be managed to achieve strategic organisational goals and quality work life. The focus is on understanding factors which assist organisational performance, as well as individual well-being.

Services Innovation Research Program provides a focal point for research on technological and non-technical innovation in the services sector across marketing, management, economics and accounting. Recognising the importance of services in national economies, the program examines customer service, service quality and innovation, online and offline services, human resources in the services sector and services management.

OTHER KEY RESEARCH PROJECTS

The Airport Metropolis Research Project is a world-first initiative exploring the emergence of the ‘Airport Metropolis’ phenomenon. QUT is taking the lead in the study, researching the relationship between airports and their urban surroundings, across Australia and internationally. After years of planning by Brisbane Airport Corporation (BAC) and QUT, the A$3.8 million project is a unique international collaboration between the community, industry, universities and three levels of government.

The Comprehensive Australian Study of Entrepreneurial Emergence (CAUSEE) research project is providing large-scale insight into our understanding of independent entrepreneurship in Australia. It is the largest research study of business start-ups ever undertaken in Australia, and the only large-scale study to track particular ventures over time. For more information and the latest findings, visit www.causee.bus.qut.edu.au/

School-based research

The Faculty recognises the importance of strong discipline-focused research undertaken by its Schools, and actively encourages interdisciplinary research.

International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February and July* (*Gardens Point only)
International Entry: February, July and November* (*conditions apply) (International students can only study at Gardens Point)
QTAC code: 413021
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Mathematics A, B or C (4, SA)
Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Erica French, Director of Undergraduate Studies
Discipline coordinator: Ms Ros Kent
Campus: Gardens Point

Accountancy major overview
The Accountancy major within the QUT Bachelor of Business prepares students for professional accreditation in one of the most respected business professions. Professional accountants are in increasing demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners.

Discipline units focus on financial and management accounting requirements, specialised applications in company accounting, audit and assurance, tax and company regulation. Core concepts and knowledge, problem solving skills, and critical and analytical thinking are developed throughout the entire major.

Contemporary issues facing modern businesses, such as superannuation and wealth management and forensics can be covered in further studies within the school.

The Capstone Accountancy unit simulates real-world situations faced by professional accountants, and requires students to work in teams to research issues and develop practical solutions.

Abbreviation
BBus(Accy)

BS05 Course Notes
See BS05 Course Notes entry for information about the course design and definitions.

Other Majors
See also separate entries for the following majors in this course: Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing, and Public Relations.

Professional Recognition
Students may be eligible for a membership to a number of professional bodies depending on choice of major and unit selection. Click here for more information www.bus.qut.edu.au/study/currentstude/profrecognition.jsp

Course Structure
The new Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree will give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:
(a) eight Faculty Core units
(b) one block of eight Major Core units
(c) choice of one block of:
   6 Second Major core units and 2 electives or
   8 Electives or
   2 Minors (university or faculty or extension) or
   1 Minor (university or faculty or extension) and 4 electives

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Important Information:

A wide range of 6 unit second major and 4 unit minors are available in the following languages:

- French (UQ)
- German (UQ)
- Indonesian (UQ)
- Italian (Griffith University)
- Japanese (UQ)
- Korean (UQ)
- Mandarin (QUT)
- Russian (UQ)
- Spanish (UQ and Griffith University)

The Language programs are delivered through an alliance between QUT, the University of Queensland and Griffith University.

QUT administers the Mandarin program. All other languages are available to QUT students through cross-institutional enrolments at either the University of Queensland or Griffith University. Classes may be offered on more than one campus where there are sufficient enrolments.

In order to satisfy requirements for a second major or minor, the same language must be studied.

Students wishing to study a language as a 6 unit major should enrol in the first language unit in their first semester.

For further information regarding Languages, check the website at http://www.bus.qut.edu.au/study/languages/index.jsp.

LANGUAGES AS OPTION UNITS (ELECTIVES)

Individual units can be taken as option units (electives), if available.

Potential Careers:

Account Executive, Accountant, Actuary, Administrator, Adult/Workplace Educator, Banker, Business Analyst, Certified Practicing Accountant, Corporate Secretary, Exchange Student, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Home Economist, Investment Manager, Property Development, Public Servant, Risk Manager, Stockbroker.
Bachelor of Business (Advertising) (BS05)

Year offered: 2009
Admissions: Yes
CRICOS code: 003491G
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (indicative): 2009: CSP $4,339 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February and July* (*Gardens Point only)
International Entry: February, July and November* (*conditions apply) (International student can only study at Gardens Point)
QTAC code: 413021
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course instructor: Dr Erica French, Director of Undergraduate Studies
Discipline instructor: Dr Gayle Kerr
Campus: Gardens Point

Advertising major overview

The positioning of QUT’s Advertising major within the Bachelor of Business gives students an opportunity to develop creative skills, as well as understand how advertising works in a business context.

Graduates find work in advertising and integrated communication agencies, and as in-house specialists in larger organisations. Foundation units in the major introduce the theory and practice of advertising, and develop skills and knowledge in marketing and audience research and consumer behaviour. Two units then focus on tactical skills in the key professional areas of advertising copywriting and media planning. The major is completed by units that focus on understanding advertising at a more strategic level, including the application of strategic planning and management to advertising practice.

The capstone Advertising Campaigns unit gives students the opportunity to create a complete advertising campaign for a real-world client.

Campus: Gardens Point

Economics major overview

The Economics major in the Bachelor of Business develops knowledge about economic behaviour, the workings of economic systems, and the skills used in analysing economic issues in a wide range of contexts. Graduates find work as analysts and advisers in commercial and public sector organisations. They are also prepared for further study in economics leading to work as professional or academic economists.

The major begins with units on quantitative analysis and on economics that build on the Faculty core program. Core economic principles are then further developed through units devoted to microeconomics (focussed on the individual, firm or industry) and macroeconomics (focussed on whole economies). Students then choose three of five units devoted to applications of economic theory in areas such as environmental, behavioural and international economics, and development of research skills.

The capstone unit, Contemporary Applications of Economic Theory, integrates earlier learning by giving students the opportunity to analyse specific commercial, social and environmental issues.

BSB110, BSB111, BSB115 and BSB126 are the remaining Faculty Core units which must be completed. Check unit availability when selecting Second Area of Study units.

Economics Unit Sets

Primary Major

Economics - 8 Unit Major

- EFB222 Quantitative Methods For Economics and Finance
- EFB223 Economics 2
- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics
- EFB338 Contemporary Application of Economic Theory

Plus any three of the following:

- EFB332 Applied Behavioural Economics
- EFB333 Introductory Econometrics
- EFB334 Environmental Economics and Policy
- EFB336 International Economics
- EFB337 Game Theory and Applications

Second Area of Study

Economics - 6 Unit Major (for non Finance major students)

- EFB222 Quantitative Methods For Economics and Finance
- EFB223 Economics 2
- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics
- EFB338 Contemporary Application of Economic Theory

Plus any two of the following:

- EFB332 Applied Behavioural Economics
- EFB333 Introductory Econometrics
- EFB334 Environmental Economics and Policy
- EFB336 International Economics
- EFB337 Game Theory and Applications

Economics - 6 unit major (for Finance students)

- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics

Plus four of the following:

- EFB332 Applied Behavioural Economics
- EFB333 Introductory Econometrics
- EFB334 Environmental Economics and Policy
- EFB336 International Economics
- EFB337 Game Theory and Applications

Economics - Minor (for non-Economics and Finance students)

- EFB223 Economics 2
- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics

Plus one of the following:

- EFB332 Applied Behavioural Economics
- EFB334 Environmental Economics and Policy
- EFB336 International Economics
- EFB337 Game Theory and Applications

Economics minor (for Finance students)

- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics

Plus two of the following:

- EFB332 Applied Behavioural Economics
- EFB334 Environmental Economics and Policy
- EFB336 International Economics
- EFB337 Game Theory and Applications
Applied Economics Minor (for non-Economics and Finance students)

- EFB223 Economics 2
- EFB332 Applied Behavioural Economics
- EFB334 Environmental Economics and Policy
  
  Plus one of the following:
  - EFB330 Intermediate Macroeconomics
  - EFB331 Intermediate Microeconomics

Applied Economics minor (for Finance students)

- EFB332 Applied Behavioural Economics
- EFB334 Environmental Economics and Policy
- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics

Quantitative Economics minor (for non-Economics and Finance students)

- EFB222 Quantitative Methods For Economics and Finance
- EFB223 Economics 2
- EFB333 Introductory Econometrics
  
  Plus one of the following:
  - EFB330 Intermediate Macroeconomics
  - EFB331 Intermediate Microeconomics
  - EFB332 Applied Behavioural Economics
  - EFB334 Environmental Economics and Policy

Quantitative Economic minor (for Finance students)

- EFB333 Introductory Econometrics
  
  Plus three of the following:
  - EFB330 Intermediate Macroeconomics
  - EFB331 Intermediate Microeconomics
  - EFB332 Applied Behavioural Economics
  - EFB334 Environmental Economics and Policy

Languages Course structure

- **Important Information:**
  
  A wide range of 6 unit second major and 4 unit minors are available in the following languages:
  - Australian (UQ)
  - German (UQ)
  - Indonesian (UQ)
  - Italian (Griffith University)
  - Japanese (UQ)
  - Korean (UQ)
  - Mandarin (QUT)
  - Russian (UQ)
  - Spanish (UQ and Griffith University)
  
  The Language programs are delivered through an alliance between QUT, the University of Queensland and Griffith University. QUT administers the Mandarin program. All other languages are available to QUT students through cross-institutional enrolments at either the University of Queensland or Griffith University. Classes may be offered on more than one campus where there are sufficient enrolments.

  In order to satisfy requirements for a second major or minor, the same language must be studied.

  Students wishing to study a language as a 6 unit major should enrol in the first language unit in their first semester.

  For further information regarding Languages, check the website at http://www.bus.qut.edu.au/study/languages/index.jsp.

- **LANGUAGES AS OPTION UNITS (ELECTIVES)**
  
  Individual units can be taken as option units (electives), if available.

Economics with Finance Second Major

**Year 1, Semester 1**

- BSB113 Economics
- BSB119 Global Business
- BSB123 Data Analysis
- BSB124 Working in Business

**Year 1, Semester 2**

- BSB110 Accounting
- BSB115 Management
- EFB222 Quantitative Methods For Economics and Finance
- EFB223 Economics 2

**Year 2, Semester 1**

- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics
- EFB210 Finance 1
  
  Remaining Faculty Core OR Elective

**Year 2, Semester 2**

- EFB201 Financial Markets
- EFB307 Finance 2

#### Potential Careers:

Administrator, Banker, Banking and Finance Professional, Business Analyst, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Government Officer, Home Economist, Investment Manager, Policy Officer, Public Servant, Quantitative Analyst, Risk Manager, Statistician, Stockbroker.
Bachelor of Business (Finance) (BS05)

**Year offered:** 2009

**Admissions:** Yes

**CRICOS code:** 003491G

**Course duration (full-time):** 3 years

**Course duration (part-time):** 6 years

**Domestic fees (indicative):** 2009: CSP $4,339 (indicative) per semester

**International Fees (per semester):** 2009: $9,750 (indicative) per semester (subject to annual review)

**Domestic Entry:** February and July* (*Gardens Point only)

**International Entry:** February, July and November* (*conditions apply) (International students can only study at Gardens Point)

**QTAC code:** 413021

**Past rank cut-off:** 77

**Past OP cut-off:** 12

**OP Guarantee:** Yes

**Assumed knowledge:** English (4, SA) and Mathematics A, B or C (4, SA)

**Total credit points:** 288

**Standard credit points per full-time semester:** 48

**Standard credit points per part-time semester:** 24

**Course coordinator:** Dr Erica French, Director of Undergraduate Studies

**Discipline coordinator:** Dr Anup Basu

**Campus:** Gardens Point

---

### Finance major overview

The Finance major in the QUT Bachelor of Business prepares students to plan, manage and analyse the financial, monetary and performance aspects of businesses, including specialist financial businesses such as banks. Financial management skills are increasingly in demand among businesses of all kinds, but graduates are particularly likely to find work in areas such as banking, funds management, financial analysis, stock broking and financial planning.

The major begins with units on quantitative analysis and economics that extend learning in these areas in the Faculty core program. Students are then exposed to core concepts and skills in finance, including financial instruments, capital planning, funds acquisition, asset and debt management, financial analysis, and investments management.

The Finance Capstone unit integrates learning across the major by giving students the opportunity to apply their skills to a variety of simulations of real-world situations in the finance industry.

**Abbreviation**

BBus(Finance)

**BS56 Course Notes**

See BS05 Course Notes entry for information about the course design and definitions.

**Other Majors**

See also separate entries for the following majors in this course: Accountancy, Advertising, Economics, Human Resource Management, International Business, Management, Marketing, and Public Relations.

### Professional Recognition

Students may be eligible for a membership to a number of professional bodies depending on choice of major and unit selection. Click here for more information

www.bus.qut.edu.au/study/currentstude/profrecognition.jsp

### Course Structure

The new Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree will give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:

- (a) eight Faculty Core units
- (b) one block of eight Major Core units
- (c) choice of one block of:
  - 6 Second Major core units and 2 electives or
  - 8 Electives or
  - 2 Minors (university or faculty or extension) or
  - 1 Minor (university or faculty or extension) and 4 electives

### Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

### Finance (FT Sem 1 Entry)

**Year 1, Semester 1**

EFB335 Investments
EFB340 Finance Capstone

Finance - Minor (for non-Finance students)
EFB201 Financial Markets
EFB210 Finance 1
EFB307 Finance 2
EFB312 International Finance

Finance - Funds Management Extension
EFB308 Finance 3
EFB309 Financial Derivatives
EFB326 Applied Portfolio Management
EFB333 Introductory Econometrics

Finance - Financial Services Extension
AYB232 Financial Institutions Law

Languages Course structure

Important Information:
A wide range of 6 unit second major and 4 unit minors are available in the following languages:
- French (UQ)
- German (UQ)
- Indonesian (UQ)
- Italian (Griffith University)
- Japanese (UQ)
- Korean (UQ)
- Mandarin (QUT)
- Russian (UQ)
- Spanish (UQ and Griffith University)

The Language programs are delivered through an alliance between QUT, the University of Queensland and Griffith University.

QUT administers the Mandarin program. All other languages are available to QUT students through cross-institutional enrolments at either the University of Queensland or Griffith University. Classes may be offered on more than one campus where there are sufficient enrolments.

In order to satisfy requirements for a second major or minor, the same language must be studied.

Students wishing to study a language as a 6 unit major should enrol in the first language unit in their first semester.

For further information regarding Languages, check the website at http://www.bus.qut.edu.au/study/languages/index.jsp.

LANGUAGES AS OPTION UNITS (ELECTIVES)
Individual units can be taken as option units ( electives), if available.

**Course duration (part-time):** 6 years  
**Domestic fees (indicative):** 2009: CSP $4,339 (indicative) per semester  
**International Fees (per semester):** 2009: $9,750 (indicative) per semester *(subject to annual review)*  
**Domestic Entry:** February and July* (* Gardens Point only)  
**International Entry:** February, July and November* (* conditions apply) (International students can only study at Gardens Point)  
**QTAC code:** 413021  
**Past rank cut-off:** 77  
**Past OP cut-off:** 12  
**OP Guarantee:** Yes  
**Assumed knowledge:** English (4, SA)  
**Preparatory studies:** ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
**Total credit points:** 288  
**Standard credit points per full-time semester:** 48  
**Standard credit points per part-time semester:** 24  
**Course coordinator:** Dr Erica French, Director of Undergraduate Studies  
**Discipline coordinator:** Dr Robert Thompson  
**Campus:** Gardens Point

**Human Resource Management major overview**

Human Resource Management is concerned with all aspects of managing people in organisations, including recruitment, performance and reward systems, employee relations and staff development. Graduates find work as specialists in the rapidly growing human resource management field. The major will also broaden the knowledge base and enhance the career prospects of general managers and other business professionals.

The major begins with three units introducing the human resource management discipline, including individual and organisational behaviour, and the legal context for employment relationships. Third-level units in the major cover specialised knowledge and skills required by practitioners, including recruitment and selection, performance and reward, and learning and development in organisations.

The capstone Personal and Professional Development unit develops personal, interpersonal and group skills as a way of equipping students to apply the knowledge base gained throughout the major in professional settings.

**Abbreviation**

BBus(HRM)

**BS05 Course Notes**

See BS05 Course Notes entry for information about the course design and definitions.

---

**Other Majors**

See also separate entries for the following majors in this course, Accountancy, Advertising, Economics, Finance, International Business, Management, Marketing, and Public Relations.

**Professional Recognition**

Students may be eligible for a membership to a number of professional bodies depending on choice of major and unit selection. Click here for more information [www.bus.qut.edu.au/study/currentstude/profrecognition.jsp](http://www.bus.qut.edu.au/study/currentstude/profrecognition.jsp)

**Course Structure**

The new Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree will give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:

- (a) eight Faculty Core units
- (b) one block of eight Major Core units
- (c) choice of one block of:  
  - 6 Second Major core units and 2 electives or  
  - 8 Electives or  
  - 2 Minors (university or faculty or extension) or  
  - 1 Minor (university or faculty or extension) and 4 electives

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

**Important Information**

Please note: List of Second Area of Study can be viewed under BS05 (Human Resource Management) Unit Sets. BSB110, BSB111, BSB119 and BSB123 are the remaining Faculty Core units which must be completed. Check unit availability when selecting Second Area of Study units.

**Human Resource Management (PT Sem 2 Entry)**

| Year 1 Semester 2 | BSB115  | Management |
|                  | BSB113  | Economics |
Please note: List of Second Area of Study can be viewed under BS05 (Human Resource Management) Unit Sets. BSB110, BSB111, BSB119 and BSB123 are the remaining Faculty Core units which must be completed. Check unit availability when selecting Second Area of Study units.

**Human Resource Management Unit Sets**

**Primary Major**

**Human Resource Management 8 Unit Major**
- MGB200 Leading Organisations
- MGB201 Contemporary Employment Relations
- MGB207 Human Resource Issues and Strategy
- MGB220 Business Research Methods
- MGB320 Recruitment and Selection
- MGB331 Learning and Development in Organisations
- MGB339 Performance and Reward
- MGB370 Personal and Professional Development

**Second Area of Study**

**Human Resource Management 6 Unit Major**
- MGB200 Leading Organisations
- MGB201 Contemporary Employment Relations
- MGB207 Human Resource Issues and Strategy
- MGB320 Recruitment and Selection
- MGB331 Learning and Development in Organisations
- MGB339 Performance and Reward

**Human Resource Management Extension**
- MGB309 Strategic Management
- MGB314 Organisational Consulting and Change
- MGB225 Intercultural Communication and Negotiation Skills
- MGB210 Managing Operations
- MGB310 Sustainability in A Changing Environment
- MGB223 Entrepreneurship and Innovation

**Human Resource Management (for non-Human Resource Management students)**
- MGB320 Recruitment and Selection
- MGB331 Learning and Development in Organisations
- MGB200 Leading Organisations
- MGB201 Contemporary Employment Relations
- MGB207 Human Resource Issues and Strategy
- MGB339 Performance and Reward

**Languages Course structure**

**Important Information:**

A wide range of 6 unit second major and 4 unit minors are available in the following languages:
- French (UQ)
- German (UQ)
- Indonesian (UQ)
- Italian (Griffith University)
- Japanese (UQ)
- Korean (UQ)
- Mandarin (QUT)
- Russian (UQ)
- Spanish (UQ and Griffith University)

The Language programs are delivered through an alliance between QUT, the University of Queensland and Griffith University.

QUT administers the Mandarin program. All other languages are available to QUT students through cross-institutional enrolments at either the University of Queensland or Griffith University. Classes may be offered on more than one campus where there are sufficient enrolments.

In order to satisfy requirements for a second major or minor, the same language must be studied.

Students wishing to study a language as a 6 unit major should enrol in the first language unit in their first semester.

For further information regarding Languages, check the website at http://www.bus.qut.edu.au/study/languages/index.jsp.

**LANGUAGES AS OPTION UNITS (ELECTIVES)**

Individual units can be taken as option units ( electives), if available.

**Human Resource Management with HRM Extension (FT, Sem 1 Entry)**

**Year 1, Semester 1**
- BSB115 Management
- BSB119 Global Business
- BSB123 Data Analysis
- BSB124 Working in Business

**Year 1, Semester 2**
- BSB110 Accounting
- BSB126 Marketing
- MGB200 Leading Organisations
- MGB207 Human Resource Issues and Strategy

**Year 2, Semester 1**
- MGB201 Contemporary Employment Relations
- MGB220 Business Research Methods
- MGB314 Organisational Consulting and Change
- HRM Extension unit OR Elective

**Potential Careers:**
Administrator, Government Officer, Human Resource Developer, Human Resource Manager, Manager.
Bachelor of Business (International Business) (BS05)

Year offered: 2009
Admissions: Yes
CRICOS code: 003491G
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (indicative): 2009: CSP $4,339 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February, July and November* (*conditions apply) (International Students can only study at Gardens Point)
QTAC code: 413021
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Erica French, Director of Undergraduate Studies
Discipline coordinator: Mr Mike Cox
Campus: Gardens Point

International Business major overview

QUT's International Business major within the Bachelor of Business gives students skills and knowledge customised to the international business environment across a range of business disciplines, including finance, accounting, management and marketing.

Graduates find work as international business professionals in Australia or overseas, or may combine the major with study in another professional area to promote their global professional mobility.

The major progresses from the Importing and Exporting unit, introducing students to the fundamentals of international trade, to units focussed on international finance, communication and negotiation, accounting, logistics and marketing. The International Business in the Asia-Pacific unit provides an overview of the contemporary business environment in Australasia's region, while the capstone International Business Strategy unit integrates learning throughout the major by focussing on the strategic decisions required by an individual firm to succeed in the international environment.

Abbreviation
BBus(InternatBus)

BS05 Course Notes
See BS05 Course Notes entry for information about the course design and definitions.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Economics, Finance, Human Resource Management, Management, Marketing, and Public Relations.

Professional Recognition
Students may be eligible for a membership to a number of professional bodies depending on choice of major and unit selection. Click here for more information www.bus.qut.edu.au/study/currentstude/profrecognition.jsp

Course Structure

The new Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree will give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:
(a) eight Faculty Core units
(b) one block of eight Major Core units
(c) choice of one block of:
6 Second Major core units and 2 electives or
8 Electives or
2 Minors (university or faculty or extension) or
1 Minor (university or faculty or extension) and 4 electives

Languages Option

The course structure for both full-time and part-time International Business students varies depending on whether languages are selected as an option. Alternative course structures are included: one outlines the course structure if no languages are taken, the other outlines the structure for those who wish to undertake a language specialisation. If languages are taken as a specialisation, language units should commence in the first semester of the first year to maintain continuity from earlier pre-QUT language studies. All language units must normally be taken in the same language. International students must take a language that is not their native tongue.

Deferment

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**International Business Unit Sets**

### Primary Major

**International Business - 8 Unit Major**
- AMB210 Importing and Exporting
- AMB336 International Logistics
- AMB369 International Business Strategy
- AYB227 International Accounting
- EFB240 Finance for International Business
- MGB225 Intercultural Communication and Negotiation Skills
- MGB340 International Business in the Asia-pacific

**International Business - 6 Unit Major**
- AMB204 Purchasing and Procurement
- AMB210 Importing and Exporting
- AMB303 International Logistics
- AMB336 International Marketing
- MGB225 Intercultural Communication and Negotiation Skills
- MGB340 International Business in the Asia-pacific

**International Logistics - 6 Unit Major**
- AMB204 Purchasing and Procurement
- AMB210 Importing and Exporting

**Languages Course structure**

**Important Information:**

A wide range of 6 unit second major and 4 unit minors are available in the following languages:
- French (UQ)
- German (UQ)
- Indonesian (UQ)
- Italian (Griffith University)
- Japanese (UQ)
- Korean (UQ)
- Mandarin (QUT)
- Russian (UQ)
- Spanish (UQ and Griffith University)

The Language programs are delivered through an alliance between QUT, the University of Queensland and Griffith University. QUT administers the Mandarin program. All other languages are available to QUT students through cross-institutional enrolments at either the University of Queensland or Griffith University. Classes may be offered on more than one campus where there are sufficient enrolments.

In order to satisfy requirements for a second major or minor, the same language must be studied.

Students wishing to study a language as a 6 unit major should enrol in the first language unit in their first semester.

For further information regarding Languages, check the website at http://www.bus.qut.edu.au/study/languages/index.jsp.

**LANGUAGES AS OPTION UNITS ( ELECTIVES)**

Individual units can be taken as option units.

Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Erica French, Director of Undergraduate Studies
Discipline coordinator: Dr Kavoos Mohannak
Campus: Gardens Point and Caboolture

Management major overview
Management is a pervasive activity in organisations of all kinds and is fundamental to success in business. QUT's Management major within the Bachelor of Business gives students the analytical, strategic and operational skills and detailed knowledge of the contemporary business environment required to take on a professional position with management responsibilities or a leadership position within an organisation. Graduates find work in a variety of organisations from small business start-ups to large companies and the public sector.

The major begins with units introducing key management concepts and their application to manufacturing and service organisations before progressing to units focussed on entrepreneurship and innovation, and intercultural communication and negotiation. Third-level units develop skills in strategic management and managing in a dynamic business environment. The capstone Project Management unit develops the technical and the people skills required to manage individual projects.

Abbreviation
BBus(Mgt)

BS56 Course Notes
See BS05 Course Notes entry for information about the course design and definitions.

Caboolture Campus
You may choose to complete your business degree at Caboolture campus, majoring in QUT's most popular business major, Management.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Economics, Finance, Human Resource Management, International Business, Marketing, and Public Relations.

Professional Recognition
Students may be eligible for a membership to a number of professional bodies depending on choice of major and unit selection. Click here for more information

www.bus.qut.edu.au/study/currentstude/profrecognition.jsp

Course Structure
The new Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree will give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:
(a) eight Faculty Core units
(b) one block of eight Major Core units
(c) choice of one block of:
   6 Second Major core units and 2 electives or
   8 Electives or
   2 Minors (university or faculty or extension) or
   1 Minor (university or faculty or extension) and 4 electives

If you would like to review a course structure via checklist please click here.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

  - MGB210 Managing Operations
  - MGB223 Entrepreneurship and Innovation
  - MGB225 Intercultural Communication and Negotiation Skills
  - MGB310 Sustainability in A Changing Environment

**Languages Course structure**

**Important Information:**

A wide range of 6 unit second major and 4 unit minors are available in the following languages:

- French (UQ)
- German (UQ)
- Indonesian (UQ)
- Italian (Griffith University)
- Japanese (UQ)
- Korean (UQ)
- Mandarin (UQ)
- Russian (UQ)
- Spanish (UQ and Griffith University)

The Language programs are delivered through an alliance between QUT, the University of Queensland and Griffith University.

QUT administers the Mandarin program. All other languages are available to QUT students through cross-institutional enrolments at either the University of Queensland or Griffith University. Classes may be offered on more than one campus where there are sufficient enrolments.

In order to satisfy requirements for a second major or minor, the same language must be studied.

Students wishing to study a language as a 6 unit major should enrol in the first language unit in their first semester.

For further information regarding Languages, check the website at http://www.bus.qut.edu.au/study/languages/index.jsp.

**LANGUAGES AS OPTION UNITS (ELECTIVES)**

Individual units can be taken as option units ( electives), if available.

Campus: Gardens Point and Caboolture

Marketing major overview
Marketing encompasses the business skills and functions that allow organisations to sell their products and services in competitive markets. Tools such as market and consumer research, product design, promotional, pricing and distribution strategies will be studied to give a depth of understanding of marketing. Business graduates with a marketing major work in a very wide range of roles and industries from the marketing departments of large firms to small businesses, consultancies and not-for-profit organisations.

The QUT Marketing major builds from a first-year unit introducing basic elements of the discipline to units developing knowledge in marketing research, management and communication, to units focussed on special applications such as e-marketing, services marketing and international marketing.

The capstone Strategic Marketing unit develops skills in implementing strategic marketing decisions in specific business situations. Over the course students also develop the ability to integrate marketing and other business functions.

Abbreviations
BBus(Marketing)

BS05 Course Notes
See BS05 Course Notes entry for information about the course design and definitions.

Caboolture Campus
You may choose to complete your business degree at Caboolture campus, majoring QUT's most popular business majors, Management or Marketing.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Economics, Finance, Human Resource Management, International Business, Management, and Public Relations.

Professional Recognition
Students may be eligible for a membership to a number of professional bodies depending on choice of major and unit selection. Click here for more information www.bus.qut.edu.au/study/currentstude/profrecognition.jsp

Course Structure
The new Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree will give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:
(a) eight Faculty Core units
(b) one block of eight Major Core units
(c) choice of one block of:
6 Second Major core units and 2 electives or
8 Electives or
2 Minors (university or faculty or extension) or
1 Minor (university or faculty or extension) and 4 electives

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Sales - Minor
AMB331 Direct Marketing
AMB249 Professional Selling
AMB350 Sales and Customer Relationship Management
MGB225 Intercultural Communication and Negotiation Skills

Tourism and Entertainment Marketing Minor
AMB207 Entertainment Marketing
AMB209 Tourism Marketing
AMB208 Events Marketing
AMB264 Public Relations Techniques

Languages Course structure

Important Information:
A wide range of 6 unit second major and 4 unit minors are available in the following languages:
- French (UQ)
- German (UQ)
- Indonesian (UQ)
- Italian (Griffith University)

- Japanese (UQ)
- Korean (UQ)
- Mandarin (QUT)
- Russian (UQ)
- Spanish (UQ and Griffith University)

The Language programs are delivered through an alliance between QUT, the University of Queensland and Griffith University.

QUT administers the Mandarin program. All other languages are available to QUT students through cross-institutional enrolments at either the University of Queensland or Griffith University. Classes may be offered on more than one campus where there are sufficient enrolments.

In order to satisfy requirements for a second major or minor, the same language must be studied.

Students wishing to study a language as a 6 unit major should enrol in the first language unit in their first semester.

For further information regarding Languages, check the website at http://www.bus.qut.edu.au/study/languages/index.jsp.

LANGUAGES AS OPTION UNITS (ELECTIVES)
Individual units can be taken as option units ( electives), if available.

Marketing with Advertising Second Major

Year 1, Semester 1

Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Erica French, Director of Undergraduate Studies
Discipline coordinator: Ms Amisha Mehta
Campus: Gardens Point

Public Relations major overview
At QUT, the Public Relations major takes publicity, promotion, events, and relationship-building to new levels. Public relations students learn and practise skills to help organisations manage reputations and relationships with employees, customers, community, government and other stakeholders. The positioning of the public relations major within the Bachelor of Business gives students the opportunity to combine a thorough training in relevant communication skills with a broad knowledge of the contemporary business environment.

Public relations graduates find work as communication specialists in organisations ranging from dedicated public relations consultancies to specialised units within small, medium, and large firms, government departments and not-for-profits.

Following the introductory unit, which provides an overview of public relations theory and practice, two units build the writing and planning skills necessary for practice. Three third-level units provide a broad view of the strategic application of public relations, including public relations within organisations, global examples of public relations, and public relations management. The capstone Public Relations Campaigns unit gives students the chance to integrate earlier learning by designing a campaign for a real world client.

Public Relations Minor (for non Public Relations students)

AMB263 Introduction To Public Relations
AMB264 Public Relations Techniques
AMB372 Public Relations Planning
AMB374 Global Public Relations Cases

Languages Course structure

Important Information:

A wide range of 6 unit second major and 4 unit minors are available in the following languages:

- French (UQ)
- German (UQ)
- Indonesian (UQ)
- Italian (Griffith University)
- Japanese (UQ)
- Korean (UQ)
- Mandarin (QUT)
- Russian (UQ)
- Spanish (UQ and Griffith University)

The Language programs are delivered through an alliance between QUT, the University of Queensland and Griffith University.

QUT administers the Mandarin program. All other languages are available to QUT students through cross-institutional enrolments at either the University of Queensland or Griffith University. Classes may be offered on more than one campus where there are sufficient enrolments.

In order to satisfy requirements for a second major or minor, the same language must be studied.

Students wishing to study a language as a 6 unit major should enrol in the first language unit in their first semester.

For further information regarding Languages, check the website at http://www.bus.qut.edu.au/study/languages/index.jsp.

LANGUAGES AS OPTION UNITS (ELECTIVES)

Individual units can be taken as option units (electives), if available.

Public Relations with Advertising Second Major

Year 1, Semester 1

BSB119 Global Business
BSB123 Data Analysis

Please note: List of Second Area of Study can be viewed under BS05 (Public Relations) Unit Sets. BSB111 is the remaining Faculty Core units which must be completed. Check unit availability when selecting Second Area of Study units.
Bachelor of Business (Dean's Honours Program) (BS06)

Year offered: 2009
Admissions: Yes
CRICOS code: 003491G
Course duration (full-time): 2 years
Course duration (part-time): Not available in part-time mode
Domestic fees (indicative): 2009: CSP $4,339 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 413222
Past rank cut-off: 98
Past OP cut-off: 2
Assumed knowledge: English (4, SA); for Accountancy, Economics, Finance and Marketing majors: Mathematics A, B or C (4, SA)
Total credit points: 288
Standard credit points per full-time semester: 60 credit points in semesters 1 and 2; 24 credit points in summer
Course coordinator: Dr Erica French, Director of Undergraduate Studies
Campus: Gardens Point

Abbreviation
BBus

Study Area
Study Areas for this course are as follow: Accounting, Advertising, Economics, Finance, International Business, Human Resource Management, Management, Marketing, and Public Relations

Course Information
The Dean's Honours Program will provide you with the opportunity to complete the 288 credit point Bachelor of Business degree in two full time years. Students will study five units in each of the major semesters and an additional two units in the summer semesters.

Honours Program
Students who graduate from the Bachelor of Business with a GPA of 5.5 or higher will automatically gain entry to the Bachelor of Business (Honours). For additional information on the Honours program, see the entry for BS63 Bachelor of Business (Honours).

Professional Recognition
Students may be eligible for a membership to a number of professional bodies depending on choice of major and unit selection. Click here for more information www.bus.qut.edu.au/study/currentstude/profrecognition.jsp

Course Structure
The new Bachelor of Business (Dean's Honours Program) allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The four distinct components within the program will give you many combinations of study areas, minors and imperative research skills.

Students commencing the Bachelor of Business must complete 24 of equal weighting totalling 288 credit points, comprised of:
(a) eight Faculty Core units
(b) one block of eight Major Core units (Study Area A)
(c) choice of one block of (Study Area B):
   4 Option units ( electives) OR
   1 Minors (4 units each) (University or Faculty or Extension) OR
   (d) summer program

Due to the accelerated structure of the course, not all second study areas will be available.

Advanced Standing/Credit
Due to the accelerated nature of this program, advanced standing or credit for previous study is not permitted.

International Entry: February
QTAC code: 413122
Past rank cut-off: 93
Past OP cut-off: 5

Assumed knowledge: English (4, SA); for Accountancy, Economics, Finance and Marketing majors: Mathematics A, B or C (4, SA)
Total credit points: 288
Standard credit points per full-time semester: 60 credit points in semesters 1 and 2; 24 credits points in summer
Course coordinator: Dr Erica French, Director of Undergraduate Studies
Campus: Gardens Point

Abbreviation
BBus

Study Area
Study Areas for this course are as follow: Accounting, Advertising, Economics, Finance, International Business, Human Resource Management, Management, Marketing, and Public Relations.

Course Information
The accelerated program will provide you with the opportunity to complete a three year Bachelor of Business degree in two years. Students will study five units in each of the major semesters and an additional two units in the summer semesters.

Professional Recognition
Students may be eligible for a membership to a number of professional bodies depending on choice of major and unit selection. Click here for more information www.bus.qut.edu.au/study/currentstude/profrecognition.jsp

Course Structure
The new Bachelor of Business (Accelerated Program) allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the program will give you many combinations of study areas and minors as well as opportunities to participate in internships, work placements, special topics and projects during summer.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:

(a) eight Faculty Core units
(b) one block of eight Major Core units
(c) choice of one block of Study Area A):
   4 Option units (electives) or
   1 Minor (4 units each) (university or faculty or extension) or
(c) summer program

Due to the accelerated structure of the course, not all second study areas will be available.

Advanced Standing/Credit
Due to the accelerated nature of this program, advanced standing or credit for previous study is not permitted.

**Potential Careers:**
Master of Business (Accounting) (BS16)

Year offered: 2009
Admissions: Yes
CRICOS code: 059599K
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (indicative): 2009: Full fee tuition $9,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Discipline coordinator: Associate Professor Stuart Tooley
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
These courses provide advanced-level studies for those students with an appropriate accountancy degree.

The discipline studies are designed to extend your real-world accountancy knowledge and skills. You will be introduced to contemporary issues facing modern businesses such as the impact of international differences in accounting policies and practices, forensics and, from an accounting perspective, the factors that contribute to an effective governance and accountability framework.

Studies will extend your ability to gather and interpret financial information for business decision making and forensic investigation.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree with an appropriate major in Accountancy with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students are required to complete 144 credit points of units. Students should contact the Faculty for course progression advice.

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of 8, 12 credit point units, where a minimum of six (6) units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last 5 years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the following link: bus.qut.edu.au/study/newstudents/PostgraduateBlockExemption

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business Accounting may receive credit for up to 48 credit points.

Accounting Unit Set

Part A - 48 credit points
AYN412 Company Law
AYN418 Financial Accounting 3
AYN438 Taxation Law and Practice
One unit from the Foundation Studies List

Part B - 96 credit points
AYN424 International Accounting
AYN454 Forensic Accounting and Investigation
AYN505 Financial Analysis and Business Valuation
AYN507 Governance Issues in Accounting
Plus four relevant postgraduate units approved by the Subject Area Coordinator:
1. of further advanced accountancy studies, or
2. units in another discipline area

NOTE: An opportunity exists for eligible students to learn through work-related experiences:
AYN461 Accountancy Work Integrated Learning
AYN460 Accountancy Work Placement

Potential Careers:
Account Executive, Accountant, Actuary, Banker, Certified Practicing Accountant.
Master of Business (Applied Finance) (BS16)

Year offered: 2009  
Admissions: Yes  
CRICOS code: 059599K  
Course duration (full-time): 3 semesters  
Course duration (part-time): 6 semesters  
Domestic fees (indicative): 2009: $9,000 (indicative) per semester  
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)

Discipline coordinator: Mr Peter Whelan  
Campus: Gardens Point  

Cohort Rule

A cohort rule applies to this course.  
More details...

Overview

This course is designed for people with no or limited prior knowledge in finance who wish to change career direction or enhance their career options.

You will be introduced to managerial finance and economics, and move on to more advanced, practical studies in corporate finance, security analysis, portfolio management, trading and risk management. You will graduate with an understanding of the principles and practice of finance, and have substantial conceptual and applied finance knowledge, and be prepared for careers such as a financial adviser, investment banker, or financial or equity analyst.

You will have access to a fully equipped Securities Dealing Room on campus, the first of its kind in Queensland. Live financial data, via the Bloomberg and Datastream networks, will allow you to experience the financial markets in real time, without the risks involved in real transactions.

The course also extends your knowledge if you are a graduate from a professional association such as FINSIA and may assist with preparation for the Chartered Financial Analysts (CFA) program.

The Master of Business (Applied Finance) is fully compliant under ASIC’s RG146 training standard, which allows graduates to give financial product advice to retail clients. For specific information, please refer to ASIC’s RG146 document and RG146 register.

Professional Recognition

Students will meet the educational requirements for Senior Associate membership of the Financial Services Institute of Australasia (FINSIA). Graduates may also meet the educational requirements for professional level membership of the FTA à CFTP (the Finance and Treasury Association Limited à Certified Finance and Treasury Professional). Graduates require a minimum of four finance, treasury, risk management or investment management units at a graduate level. (This can include one accounting & taxation and one finance law unit.) The Master of Business (Applied Finance) is fully compliant under ASIC’s RG146 training standard, which allows graduates to give financial product advice to retail clients.

Entry Requirements

FOR DOMESTIC STUDENTS:

An undergraduate degree or equivalent in any field other than Finance, with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale). Applicants interested in the Applied Finance specialisation who have an undergraduate degree in Finance should contact the Graduate School of Business to determine whether an advanced Applied Finance program can be devised.

FOR INTERNATIONAL STUDENTS:

In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty’s postgraduate coursework courses:

- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English language proficiency entry level may be offered a Pathway entry option if they demonstrate an English language proficiency level not lower than the following:

- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

Course Design

Students are required to complete 144 credit points of units. Students should follow the standard course progressions as outlined in the below course structures. Non-standardised course progression may result in unit selection difficulties. Students should contact the Faculty for course progression advice.

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of 8, 12 credit point units, where a minimum of six (6) units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last 5 years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the
Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

**Articulation**

Students who have articulated from the Graduate Certificate in Business Applied Finance may receive credit for 48 credit points.

**Pathways Units – International Students Only**

Pathways units are designed for academically qualified students who do not meet the language requirements. For information and entry requirements for Pathways, please visit the following link: http://www.qutic.qut.edu.au/courses/pathways/businesspost.jsp

The pathway entry option requires students to undertake 2 X Business communication units (totalling 24 credit points) as well as 2 X core course units (totalling 24 credit points) in the first semester of study in the Masters course. Students must successfully complete the 2 X Business communication units before progression to the next stage of the Business program. The 2X Business communication units will replace 2 X elective units in the course program.

Cohort Rule  
A cohort rule applies to this course. More details...

Overview  
In today's rapidly changing business environment, Human Resource Management (HRM) professionals are confronted with the challenges of developing organisational and workforce capability. HRM expertise is also increasingly required by line managers, who now take a more active role in the development and management of their team members.

The Human Resource Management major is designed to increase the skills of both specialists and line managers. HRM professionals will develop a broader view of the nature of business, and the relationship between how people are managed and the organisation's performance in the global context of business.

Those who are undertaking HRM activities but have a background in other professional fields will gain the enhanced people management skills they require. The major also suits the needs of graduates who wish to move into the HRM profession.

Entry Requirements  
FOR DOMESTIC STUDENTS:  
An undergraduate degree or equivalent with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:  
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:  
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or  
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design  
Students are required to complete 144 credit points of units. Important note: to ensure that the program builds on your prior academic and work experience and is consistent with your planned professional development, each participant in the HRM major should have a program plan. To obtain or renegotiate your plan, please consult with the subject area coordinator.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation  
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Discipline coordinator: Mr Bill Proud
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
If you are interested in advertising, promotions or communications, you should consider an Integrated marketing Communication (IMC) major. Studies in IMC will provide you with a systematic and comprehensive understanding of the theory and research integration of marketing communication.

The course focuses on refinement of analytical skills and knowledge required for decision making in the areas of advertising, marketing and public relations. IMC focuses on the strategic integration of the functions of public relations, advertising, promotion, direct marketing, and personal selling to achieve brand equity and increase the effectiveness of promotional communications with target audiences.

You will be equipped to confront the fragmentation of mass markets, the explosion of new technologies that give consumers more control over the communication process, the emergence of global markets, and rapid changes in economic conditions within which organisations operate.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Pathways Units – International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways units in:
- Applied Finance
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations
- Strategic Advertising

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

Foundation Studies List

International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Discipline coordinator: Mr Bill Proud
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
Postgraduate studying international business is designed for those seeking to understand the additional complexity of international business compared to domestic business activities. The programs build specific knowledge and skills in international business relevant to global business needs, and also provide the opportunity to include studies in allied business disciplines and languages.

The courses included studies of global business operations, cross-cultural communication and negotiation, applied risk management, regional specialisations-topics which are highly relevant to international business in today’s complex and competitive environment.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Pathways Units – International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways units in:
- Applied Finance
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations
- Strategic Advertising

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

A cohort rule applies to this course.
More details...

Overview
This course is designed to equip you with knowledge and skills for a career in the management of philanthropic and nonprofit organisations. Whether you work in a nonprofit organisation, are a public sector manager whose service delivery is through or partnered with nonprofit organisations, or are a private sector manager who engages in business with the nonprofit sector, this major can help build professional knowledge and skills relevant to the sector. Skills critical to nonprofit management, such as problem solving, creative thinking, negotiation, ethical practices, teamwork, leadership, networking and information management are incorporated into the teaching, learning and assessment.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students are required to complete 144 credit points of units. Students should follow the standard course progressions as outlined in the below course structures. Non-standardised course progression may result in unit selection difficulties.

Students should contact the Faculty for course progression advice.

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of 8, 12 credit point units, where a minimum of six (6) units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last 5 years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the following link: bus.qut.edu.au/study/newstudents/PostgraduateBlockExemption

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business Philanthropy and Nonprofit Studies may receive credit for 48 credit points.

Potential Careers:
Administrator, Business Analyst, Contract Administrator, Government Officer, Health Services Manager, Investment Manager.
Master of Business (Professional Accounting) (BS16)

Year offered: 2009
Admissions: Yes
CRICOS code: 059599K
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (indicative): 2009: Full fee tuition $9,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Discipline coordinator: Associate Professor Stuart Tooley
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
This course is designed for graduates who do not have an undergraduate degree in accountancy and wish to obtain a professional accountancy qualification.

If you are looking to change your career direction or enhance your career options, accountancy is a dynamic profession that will provide you with a sustainable, challenging and diverse range of career paths. Professional accountants are in increasing demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners. Discipline units focus on financial and management accounting requirements, specialised applications in company accounting, audit and assurance, tax and company regulation. Core concepts and knowledge, problem-solving skills and critical and analytical thinking are developed throughout the entire course.

Professional Recognition
Students completing the Master of Business (Professional Accounting) degree meet the academic requirements for Associate membership of CPA Australia and enrolment in the CPA program, the academic requirements for enrolment in the CA program of the Institute of Chartered Accountants in Australia (ICAA) and the academic requirements for Associate Membership of the National Institute of Accountants (ANIA) and enrolment in the NIA program.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree in an area other than Accounting with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students are required to complete 144 credit points of units. Students should follow the standard course progressions as outlined in the below course structures. Non-standardised course progression may result in unit selection difficulties. Students should contact the Faculty for course progression advice.

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of 8, 12 credit point units, where a minimum of six (6) units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last 5 years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the following link:
bus.qut.edu.au/study/newstudentsf/PostgraduateBlockExemption

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business Accounting may receive credit for up to 48 credit points.

Discipline coordinator: Mr Bill Proud
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
Postgraduate study in public relations is designed for practitioners to sharpen or further their skills, or those seeking a career change to this field. The major is designed as a systematic and comprehensive survey of the discipline of public relations. It provides an overview of the foundations of public relations theory and practice, problems and opportunities in communicating with the corporate audience, theories underpinning public opinion and mass media effects, mass media strategy and tactics, and a systematic exploration of the planning, management and evaluation of public relations campaigns.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered an alternate entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

This entry option requires students to successfully complete two Business English units (totalling 24 credit points) in their first semester, as well as 24 credit points in the Faculty of Business Masters course. Successful completion of the Business English units (minimum grade of 4.0 of a 7-point scale) will count as electives (totalling 24 credit points) in the relevant course.

Course Design
Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Students enrolled in the BS16 Master of Business who wish to exit early from this course and graduate with a Graduate Diploma in Business, may do so after they have successfully completed eight (8), 12 credit point units, where a minimum of six (6) units are within the same discipline area, approved by the Course Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business may receive block credit for 48 credit points.

Pathways Units – International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways units in:
- Applied Finance
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations
- Strategic Advertising

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

**Potential Careers:**

Account Executive, Accountant, Advertising Professional.
Master of Business (Accounting) -  
Advanced  (BS17)  

Year offered: 2009  
Admissions: Yes  
CRICOS code: 059600M  
Course duration (full-time): 4 semesters  
Course duration (part-time): 8 semesters  
Domestic fees (indicative): 2009: Full fee tuition $9,000 (indicative) per semester  
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)  
Domestic Entry: February and July  
International Entry: February and July  
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com  
Discipline coordinator: Associate Professor Stuart Tooley  
Campus: Gardens Point  

Cohort Rule  
A cohort rule applies to this course. More details...  

Overview  
These courses provide advanced-level studies for those students with an appropriate accountancy degree.  

The discipline studies are designed to extend your real-world accountancy knowledge and skills. You will be introduced to contemporary issues facing modern businesses such as the impact of international differences in accounting policies and practices, forensics and, from an accounting perspective, the factors that contribute to an effective governance and accountability framework.  

Studies will extend your ability to gather and interpret financial information for business decision making and forensic investigation.  

Entry Requirements  
FOR DOMESTIC STUDENTS:  
An undergraduate degree in Accounting with a minimum GPA of 4 (on a 7 point scale).  

FOR INTERNATIONAL STUDENTS:  
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:  
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or  
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).  

Course Design  
Students must undertake 16 units (192 credit points) consisting of 8 prescribed units (96 credit points), 4 approved advanced accounting and/or business units (48 credit points) and 4 approved further elective units (48 credit points). Students should contact the Faculty for course progression advice.  

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of 8, 12 credit point units, where a minimum of six (6) units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.  

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last 5 years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the following link: bus.qut.edu.au/study/newstudents/PostgraduateBlockExemption  

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.  

Articulation  
Students who have articulated from the Graduate Certificate in Business Accounting may receive credit for up to 48 credit points.  

Accounting Unit Set  

Part A - 48 credit points  
AYN412 Company Law  
AYN418 Financial Accounting 3  
AYN438 Taxation Law and Practice  

One unit from the Foundation Studies List  

Part B - 96 credit points  
AYN424 International Accounting  
AYN454 Forensic Accounting and Investigation  
AYN505 Financial Analysis and Business Valuation  
AYN507 Governance Issues in Accounting  

Plus four relevant postgraduate units approved by the Subject Area Coordinator:  
1. of further advanced accountancy studies, or  
2. units in another discipline area  

NOTE: An opportunity exists for eligible students to learn through work-related experiences:  
AYN460 Accountancy Work Placement  
AYN461 Accountancy Work Integrated Learning  

Part C - 48 credit points  

48 Credit Points from either:  
(1) A 48cp minor from another Business stream  
(2) 48 cp Dissertation  

Students who elect to undertake a dissertation
must identify a supervisor and have a topic approved by the supervisor prior to enrolment in the unit. Students must maintain a GPA of at least 5.5 in the first three semesters of study and complete research preparatory units prior to undertaking the dissertation consisting of:

BSN502 Research Methodology  
BSN503 Research Seminar  
AYN433 Research Topics in Accounting  

And either:

If research is quantitative based: BSN414 Quantitative Research Methods  
If research is qualitative based: BSN412 Qualitative Research and Analytical Techniques

Potential Careers:

Accountant.
Master of Business (Applied Finance) - Advanced (BS17)

Year offered: 2009
Admissions: Yes
CRICOS code: 059600M
Course duration (full-time): 4 semesters
Course duration (part-time): 8 semesters
Domestic fees (indicative): 2009: Full fee tuition $9,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Discipline coordinator: Mr Peter Whelan
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course.
More details...

Overview
This course is designed for people with no or limited prior knowledge in finance who wish to change career direction or enhance their career options. The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

You will be introduced to managerial finance and economics, and move on to more advanced, practical studies in corporate finance, security analysis, portfolio management, trading and risk management. You will graduate with an understanding of the principles and practice of finance, and have substantial conceptual and applied finance knowledge, and be prepared for careers such as a financial adviser, investment banker, or financial or equity analyst.

You will have access to a fully equipped Securities Dealing Room on campus, the first of its kind in Queensland. Live financial data, via the Bloomberg and Datastream networks, will allow you to experience the financial markets in real time, without the risks involved in real transactions.

The course also extends your knowledge if you are a graduate from a professional association such as FINSIA and may assist with preparation for the Chartered Financial Analysts (CFA) program.

The Master of Business (Applied Finance) is fully compliant under ASIC's RG146 training standard, which allows graduates to give financial product advice to retail clients.

Professional Recognition
Students will meet the educational requirements for Senior Associate membership of the Financial Services Institute of Australasia (FINSIA). Graduates may also meet the educational requirements for professional level membership of the FTA â CFTP (the Finance and Treasury Association Limited â Certified Finance and Treasury Professional). Graduates require a minimum of four finance, treasury, risk management or investment management units at a graduate level. (This can include one accounting & taxation and one finance law unit.) The Master of Business (Applied Finance) is fully compliant under ASIC's RG146 training standard, which allows graduates to give financial product advice to retail clients.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent in any field other than Finance, with an overall minimum grade point average (GPA) of 4.0 (on a 7 point scale). Applicants interested in the Applied Finance specialisation who have an undergraduate degree in Finance should contact the Graduate School of Business to determine whether an advanced Applied Finance program can be devised.

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

International students who do not meet the above English proficiency entry level may be offered a Pathway entry option if they demonstrate an English language proficiency level not lower than the following:
- IELTS: overall band score of 6.0 with no sub-band below 5.0; or
- TOEFL: 550 (paper-based) or 213 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students are required to complete 192 credit points of units. Students should follow the standard course progressions as outlined in the below course structures. Non-standardised course progression may result in unit selection difficulties. Students should contact the Faculty for course progression advice.

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of 8, 12 credit point units, where a minimum of six (6) units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last 5 years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the following link:
Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business Applied Finance may receive credit for 48 credit points.

Pathways Units – International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For information and entry requirements for Pathways, please visit the following link: http://www.qutic.qut.edu.au/courses/pathways/businesspost.jsp

The pathway entry option requires students to undertake 2 X Business communication units (totalling 24 credit points) as well as 2 X core course units (totalling 24 credit points) in the first semester of study in the Masters course. Students must successful complete the 2 X Business communication units before progression to the next stage of the Business program. The 2X Business communication units will replace 2 X elective units in the course program.

Domestic Entry: February and July
International Entry: February and July
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Discipline coordinator: Dr Robert Thompson
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points).

Important note: to ensure that the program builds on your prior academic and work experience and is consistent with your planned profession development, each participant in the HRM major should have a program plan. To obtain or renegotiate your plan, please consult with the subject area coordinator.

Course Status
This course is currently under review.

Pathways Units – International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways units in:
- Applied Finance
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations
- Strategic Advertising

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

**Potential Careers:**
**Master of Business (Integrated Marketing Communication) - Advanced (BS17)**

*Year offered:* 2009  
*Admissions:* Yes  
*CRICOS code:* 059600M  
*Course duration (full-time):* 4 semesters  
*Course duration (part-time):* 8 semesters  
*Domestic fees (indicative):* 2009: Full fee tuition $9,000 (indicative) per semester  
*International Fees (per semester):* 2009: $10,500 (indicative) per semester *(subject to annual review)*  
*Domestic Entry:* February and July  
*International Entry:* February and July  
*Course coordinator:* Dr Amanda Gudmundsson, email: bus@qut.com  
*Discipline coordinator:* Mr Bill Proud  
*Campus:* Gardens Point  

**Cohort Rule**  
A cohort rule applies to this course. More details...

**Overview**  
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

**Entry Requirements**  
**FOR DOMESTIC STUDENTS:**  
An undergraduate degree or equivalent with a minimum GPA of 4 (on a 7 point scale).

**FOR INTERNATIONAL STUDENTS:**  
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:  
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or  
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

**Course Design**  
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points).

**Course Status**  
This course is currently under review.

**Pathways Units – International Students Only**  
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways units in:

- Applied Finance  
- Integrated Marketing Communication  
- International Business  
- Marketing  
- Public Relations  
- Strategic Advertising  

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

**Foundation Studies List**

- AMN403 Marketing and Survey Research  
- AMN420 Advertising Management  
- AMN442 Marketing Management  
- AMN465 Public Relations Management  
- AYN410 Business Law and Ethics  
- AYN416 Financial Accounting 1  
- BSN412 Qualitative Research and Analytical Techniques  
- EFN405 Managerial Economics  
- EFN406 Managerial Finance

International Business Specialist.
Master of Business (Marketing) - Advanced (BS17)

Year offered: 2009
Admissions: Yes
CRICOS code: 059600M
Course duration (full-time): 4 semesters
Course duration (part-time): 8 semesters
Domestic fees (indicative): 2009: Full fee tuition $9,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Discipline coordinator: Mr Bill Proud
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points).

Course Status
This course is currently under review.

Pathways Units – International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways units in:
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations
- Strategic Advertising

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

Marketing Officer/Manager.
Master of Business (Philanthropy and Nonprofit Studies) - Advanced (BS17)

Year offered: 2009
Admissions: Yes
CRICOS code: 059600M
Course duration (full-time): 4 semesters
Course duration (part-time): 8 semesters
Domestic fees (indicative): 2009: Full fee tuition $9,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Discipline coordinator: Dr Cameron Newton
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

This course is designed to equip you with knowledge and skills for a career in the management of philanthropic and nonprofit organisations. Whether you work in a nonprofit organisation, are a public sector manager whose service delivery is through or partnered with nonprofit organisations, or are a private sector manager who engages in business with the nonprofit sector, this major can help build professional knowledge and skills relevant to the sector. Skills critical to nonprofit management, such as problem solving, creative thinking, negotiation, ethical practices, teamwork, leadership, networking and information management are incorporated into the teaching, learning and assessment.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved elective units. Students should follow the standard course progressions as outlined in the below course structures. Non-standardised course progression may result in unit selection difficulties. Students should contact the Faculty for course progression advice.

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of 8, 12 credit point units, where a minimum of six (6) units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last 5 years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the following link: bus.qut.edu.au/study/newstudents/PostgraduateBlockExemption

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business Philanthropy and Nonprofit Studies may receive credit for 48 credit points.

Cohort Rule
A cohort rule applies to this course. More details...

Overview
Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

This course is designed for graduates who do not have an undergraduate degree in accountancy and wish to obtain a professional accountancy qualification.

If you are looking to change your career direction or enhance your career options, accountancy is a dynamic profession that will provide you with a sustainable, challenging and diverse range of career paths. Professional accountants are in increasing demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners. Discipline units focus on financial and management accounting requirements, specialised applications in company accounting, audit and assurance, tax and company regulation. Core concepts and knowledge, problem-solving skills and critical and analytical thinking are developed throughout the entire course.

Professional Recognition
Students completing the Master of Business (Professional Accounting) degree meet the academic requirements for Associate membership of CPA Australia and enrolment in the CPA program, the academic requirements for enrolment in the CA program of the Institute of Chartered Accountants in Australia (ICAA) and the academic requirements for Associate Membership of the National Institute of Accountants (ANIA) and enrolment in the NIA program.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent (in an area other than Accounting) with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points). Students should follow the standard course progressions as outlined in the below course structures. Non-standardised course progression may result in unit selection difficulties. Students should contact the Faculty for course progression advice.

Students seeking to exit early from the Master of Business course and graduate with a Graduate Diploma should lodge an application during the teaching period in which they expect to complete their studies. Completion of 8, 12 credit point units, where a minimum of six (6) units are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last 5 years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the following link: http://www.bus.qut.edu.au/study/newstudentsf/PostgraduateBlockExemption.jsp

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

Articulation
Students who have articulated from the Graduate Certificate in Business Accounting may receive credit for up to 48 credit points.

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate elective units.

Entry Requirements
FOR DOMESTIC STUDENTS:
An undergraduate degree or equivalent with a minimum GPA of 4 (on a 7 point scale).

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Design
Students must undertake 16 units (192 credit points) consisting of 12 prescribed units (144 credit points) and 4 approved elective units (48 credit points).

Course Status
This course is currently under review.

Pathways Units – International Students Only
Pathways units are designed for academically qualified students who do not meet the language requirements. For further information and entry requirements for Pathways, visit the webpage.

International students may choose to study two pathways units in:
- Applied Finance
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations
- Strategic Advertising

These Pathways units will replace two elective units in your course program (with the exception of Integrated Marketing Communication where the Pathways units will replace the two foundation studies units).

Foundation Studies List
AMN403 Marketing and Survey Research
AMN420 Advertising Management
AMN442 Marketing Management

Standard credit points per part-time semester: 24
Course coordinator: Dr Amanda Gudmundsson
Campus: Gardens Point

Abbreviation
DBA

Overview
The DBA is research-based qualification, designed to enable business professionals to make a substantial contribution to business practice through the novel application of theoretical frameworks, methods, and techniques towards solving contemporary business problems. As such, the program will suit business professionals who wish to locate their research within their current business practice.

By undertaking the DBA candidates will enhance and further develop their professional knowledge, skills and attributes while working to solve âreal worldâ problems using an empirical research framework.

The focus of the DBA is on the professional development of business practitioners. Therefore candidates will develop their research and discipline based knowledge and skill through the coursework units, an independent research project, and through their regular participation in professional development workshops with other cohort candidates.

Entry Requirements
Admission to the DBA course will be based on candidates having completed a minimum of five years senior level business or professional practice experience, and either:
- a Masters degree in Business Administration (MBA) with a GPA of 5.5 (on a scale of 7) or greater from QUT or another recognised institution; or
- a Masters degree in a business discipline area (e.g. Master of Business) with a GPA of 5.5 or greater from QUT or another recognised institution; or
- a Bachelorâs degree in a business discipline with first or second class Honours Division A, or equivalent, from QUT or another recognised institution.

Admission is subject to these requirements, plus an interview with the Director Graduate Studies or the Assistant Dean (Research) and mutual acceptance of a study plan on a case-by-case basis, and subject to availability of a suitable supervisor.

Assumed Knowledge
Applicants are assumed to have postgraduate-level knowledge of their proposed research area, or to develop such knowledge through appropriate discipline based study in the coursework component of the degree.

Course Design
Students will complete 288 credit points consisting of:
- Discipline based coursework (48 credit points)
- Research skills training (48 credit points)
- Research project (192 credit points)

Further Information
If you have any further questions regarding this course please contact the Faculty of Business Student Services Office by phone on (07) 3138 2050, via email on bus@qut.com or in person at Level 1, B Block, Gardens Point campus

Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Discipline coordinator: Associate Professor Stuart Tooley (Accounting); Mr Peter Whelan (Applied Finance); Dr Robert Thompson (Human Resource Management); Mr Bill Proud (International Business); Mr Bill Proud (Integrated Marketing Communication, Marketing, Public Relations) and Dr Cameron Newton (Philanthropy & Nonprofit Studies)
Campus: Gardens Point

Cohort Rule
A cohort rule applies to this course. More details...

Overview
The Graduate Certificate in Business is effectively one-third of the Master of Business program.

Your options in the Graduate Certificate include 48 specified credit points of units in your chosen discipline, or interdisciplinary business study.

Entry Requirements
For Domestic Students:
For all specialisations except Applied Finance the entry requirements are an undergraduate degree in any field or equivalent with an overall minimum GPA of 4 (on a 7-point scale). However, students entering the Accounting specialisation an undergraduate degree in Accountancy must be referred to the Graduate School of Business for enrolment advice.

The Applied Finance specialisation normally requires an undergraduate degree (with minimum GPA of 4) or equivalent in an area other than Finance. Applicants interested in the Applied Finance specialisation who have an undergraduate degree in Finance should be referred to the Graduate School of Business.

FOR INTERNATIONAL STUDENTS:
In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Special Entry
Applicants who have an undergraduate degree with a GPA below 4, or who do not have an undergraduate degree but have appropriate professional and employment experience, may be considered for special entry following the approval of the Subject Area Coordinator. Such applicants may be required to attend a selection interview and present a portfolio of work. Special entry without an undergraduate degree is not available for the Accounting major.

Course Design
Students are required to complete 48 credit points.

Articulation
BS92 Master of Business (Research) - for students completing the Graduate Certificate in Business (Research).
BS16 Master of Business (Applied Finance) - for students completing the Graduate Certificate in Business (Applied Finance).
BS16 Master of Business (Accounting or Professional Accounting) - for students completing Graduate Certificate in Business (Accounting)
BS16 Master of Business (Human Resource Management) - for students completing the Graduate Certificate in Business (Human Resource Management).

BS16 Master of Business (International Business) for students completing the Graduate Certificate in Business (International Business).
BS16 Master of Business (Marketing) or BS16 Master of Business (Integrated Marketing Communications) or BS16 Master of Business (Public Relations) - for students completing the Graduate Certificate in Business (Marketing).
BS16 Master of Business (Philanthropy & Nonprofit Studies) - for students completing the Graduate Certificate in Business (Philanthropy & Nonprofit Studies).
BS16 Master of Business (Public Relations) or BS16 Master...
of Business (Integrated Marketing Communications) - for students completing the Graduate Certificate in Business (Public Relations).

BS16 Master of Business (Strategic Advertising) - for students completed the Graduate Certificate in Advertising (IF94).

Interdisciplinary

The interdisciplinary stream within the BS39 Graduate Certificate of Business is open to students who wish to construct their own program of study necessary to meet their own professional or personal needs. Hence there are no recommended units. Requests by students to undertake units from other Faculties will be assessed on a case by case basis, although to award a Graduate Certificate in “Business” it would be expected that at least 3 of the 4 units be taken from business studies.

Course Structure

### Accounting

Students are required to complete 4 units (48 credit points) from the following:

- AYN410 Business Law and Ethics
- AYN411 Audit and Assurance
- AYN412 Company Law
- AYN414 Cost and Management Accounting
- AYN416 Financial Accounting 1
- AYN417 Financial Accounting 2
- AYN418 Financial Accounting 3
- AYN424 International Accounting
- AYN438 Taxation Law and Practice
- AYN443 Electronic Commerce Cycles
- AYN454 Forensic Accounting and Investigation
- AYN505 Financial Analysis and Business Valuation
- AYN507 Governance Issues in Accounting

Students must seek approval from the Subject Area Coordinator before enrolling in any units.

### Applied Finance

Students are required to complete 4 units (48 credit points) from the following:

- EFN406 Managerial Finance
- Plus three units from:
  - EFN405 Managerial Economics
  - EFN412 Advanced Managerial Finance
  - EFN414 International Finance
  - EFN415 Security Analysis
  - EFN416 Treasury and Portfolio Management
  - EFN420 Introduction To Financial Management
  - EFN421 Financial Planning and Strategies
  - EFN501 Corporate and Commercial Lending
  - EFN505 Financial Risk Management

### Human Resource Management - For students without prior study in HRM

Students are required to complete the following 4 units (48 credit points):

- MGN409 Introduction to Management
- MGN410 Employment Relations
- MGN412 People in Organisations
- MGN440 Designing Effective and Sustainable Organisations

Important note: To ensure that the program builds on your prior academic and work experience and is consistent with your planned professional development, each participant in the HRM major should have a program plan. To obtain or renegotiate your plan, please consult with the subject area coordinator.

### Human Resource Management - For students with prior study in HRM

Students are required to complete 4 units (48 credit points) from the following:

- MGN423 Contemporary Strategic Analysis
- MGN433 Managing High-Performance Organisations
- MGN421 Strategic HRM
- MGN431 Strategic Human Resource Development
- MGN442 Self Leadership
- MGN505 Consulting and Change Management
- MGN506 Contemporary Issues in HRM
- MGN528 Special Topic in Human Resource Management 1

Or other units approved by the Subject Area Coordinator

Important note: To ensure that the program builds on your prior academic and work experience and is consistent with your planned professional development, each participant in the HRM major should have a program plan. To obtain or renegotiate your plan, please consult with the subject area coordinator.

### Integrated Marketing Communication

Students are required to complete 4 units (48 credit points) from the following:

- AMN400 Consumer Behaviour
- AMN401 Integrated Marketing Communication
- Plus any two of the following units:
  - AMN420 Advertising Management
  - AMN442 Marketing Management
  - AMN465 Public Relations Management

### Interdisciplinary

Students are required to complete 4 units (48 credit points) from postgraduate units offered across any discipline within the Faculty of Business, excluding the MBA program.
Students must meet any pre-requisite requirements for their chosen units.

### International Business

Students are required to complete 4 units (48 credit points) from the following:

- **IBN408** Global Business Operations
- Plus one unit from:
  - **IBN403** Business in Asia
  - **IBN404** Business in Europe
  - **IBN435** Business in Australia
- Plus two units from:
  - **IBN409** Negotiating Across Borders
  - **IBN410** International Logistics Management
  - **IBN421** Marketing Internationally

### Marketing

Students are required to complete the following 4 units (48 credit points):

- **AMN400** Consumer Behaviour
- **AMN403** Marketing and Survey Research
- **AMN442** Marketing Management
  - Elective unit
  - This elective unit must be selected from postgraduate units offered by the School of Advertising, Marketing & Public Relations

### Philanthropy and Nonprofit Studies

Due to unit availability, this major is only available in part-time mode. Therefore, it is not available to international students who must maintain a full-time study load.

Students are required to complete the following 8 units (48 credit points):

- **GSN481** Philanthropic and Nonprofit Frameworks of Governance
- **GSN483** Ethics for Philanthropic and Nonprofit Organisations
- **GSN484** Management for Philanthropic and Nonprofit Organisations

Potential Careers:

University Diploma in Business (BS40)

Year offered: 2009
Admissions: Yes
CRICOS code: 025282A
Course duration (full-time): 2 semesters
Domestic fees (indicative): International Course
International Fees (per semester): 2009: $7,725 (indicative) per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Abbreviation
UnivDipBus

Entry Requirements - Academic
Successful completion of senior high school with the required grades. Students can find more detailed country specific entry requirements at the following web site:
http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English Language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL iBT Overall score of 69 (at least 18 in writing and reading and 17 or more in listening and speaking) or TOEFL 525 (paper) or TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (N.B. Students should also check visa requirements).

Description
The University Diploma in Business, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Business. In this program, students study six first year faculty core units as well as two units of Communication which have been designed to support their other core units. Students who successfully complete these units earn full academic credit for eight units towards their degree. Graduates articulate to the second year of the Bachelor of Business. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) or better in all units.

Progression
Requirements for progression to the second year of QUT Bachelor of Business:

i) fulfil the Diploma course requirements,
ii) a minimum Grade Point Average (GPA) of 4, and
iii) an IELTS score of 6.5 or its equivalent.

BS56 Course Notes  
See BS56 Course Notes entry for information about the course design and definitions.

Other Majors  
See also separate entries for the following majors in this course: Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, Marketing, and Public Relations.

Professional Recognition  
Professional recognition by either of the industry bodies, CPA Australia or the ICAA, is considered essential for many careers in accounting. Our close relationships with CPA Australia and ICAA ensure our courses are developed in conjunction with industry needs and meet guidelines for associate membership and enrolment in their professional programs. You will also meet the academic component of the requirements for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia (CSA).

Course Structure  
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.

2. Your primary major of six units will provide the overall direction for your future career path.

3. Your second area of study of six units will hone your career decision.  
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors  
   - Add a depth of knowledge in your area of interest with further study within your primary business major  
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.

4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Deferral  
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Potential Careers:  
Account Executive, Accountant, Actuary, Administrator, Adult/Workplace Educator, Banker, Business Analyst, Certified Practicing Accountant, Corporate Secretary, Exchange Student, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Home Economist, Investment Manager, Property Development, Public Servant, Risk Manager, Stockbroker.

4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Languages Option
The course structure for both full-time and part-time International Business students varies depending on whether languages are selected as an option. Alternative course structures are included: one outlines the course structure if no languages are taken, the other outlines the structure for those who wish to undertake a language specialisation. If languages are taken as a specialisation, language units should commence in the first semester of the first year to maintain continuity from earlier pre-QUT language studies. All language units must normally be taken in the same language. International students must take a language that is not their native tongue.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Campus: Gardens Point and Caboolture

BS56 Course Notes
See BS56 Course Notes entry for information about the course design and definitions.

Other Majors
See also separate entries for the following majors in this course: Accountancy, Advertising, Banking and Finance, Economics, Human Resource Management, International Business, Management, and Public Relations.

Professional Recognition
Students completing the Bachelor of Business majoring in Marketing may meet the requirements for membership of Australian Marketing Institute (AMI), the Market Research Society of Australia (MRSA), the Australian Institute of Management (AIM), the American Marketing Association (AMA) and the Australian Institute of Export (AIE).

Course Structure
With its flexible course structure, our Bachelor of Business allows you to tailor your studies to suit your own needs and career aspirations. The four distinct components within the degree give over 140 combinations of majors and specialisations.

1. Eight Faculty core units give you a broad-based introduction to business principles.

2. Your primary major of six units will provide the overall direction for your future career path.

3. Your second area of study of six units will hone your career decision.
   - Maximise your career options with an added breadth of knowledge by completing another of the business majors
   - Add a depth of knowledge in your area of interest with further study within your primary business major
   - Or add a flavour or emphasis to your business degree with study in another of our business areas, or a foreign language.

4. Four elective units can be chosen from any degree course at QUT. You can consider taking an approved university Minor from business or another faculty.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Potential Careers:
Account Executive, Computer Salesperson/Marketer, Creative Writer, Government Officer, Market Research Manager, Marketing Officer/Manager, Organisational Communication Specialist, Publishing Professional, Sales Person.

Campus: Gardens Point and Caboolture

Management major overview
Management is a pervasive activity in organisations of all kinds and is fundamental to success in business. QUT’s Management major within the Bachelor of Business gives students the analytical, strategic and operational skills and detailed knowledge of the contemporary business environment required to take on a professional position with management responsibilities or a leadership position within an organisation. Graduates find work in a variety of organisations from small business start-ups to large companies and the public sector.

The major begins with units introducing key management concepts and their application to manufacturing and service organisations before progressing to units focused on entrepreneurship and innovation, and intercultural communication and negotiation. Third-level units develop skills in strategic management and managing in a dynamic business environment. The capstone Project Management unit develops the technical and the people skills required to manage individual projects.

Marketing major overview
Marketing encompasses the business skills and functions that allow organisations to sell their products and services in competitive markets. Tools such as market and consumer research, product design, promotional, pricing and distribution strategies will be studied to give a depth of understanding of marketing. Business graduates with a marketing major work in a very wide range of roles and industries from the marketing departments of large firms to small businesses, consultancies and not-for-profit organisations.

The QUT Marketing major builds from a first-year unit introducing basic elements of the discipline to units developing knowledge in marketing research, management and communication, to units focused on special applications such as e-marketing, services marketing and international marketing.

The capstone Strategic Marketing unit develops skills in implementing strategic marketing decisions in specific business situations. Over the course students also develop the ability to integrate marketing and other business functions.

Abbreviation
BBus(Mgt); BBus(Mkg)

QUT HANDBOOK 2009 · Page 360
Bachelor of Business - Course Notes
(2009)

Year offered: 2009
Admissions: No
Domestic fees (indicative): 2009: CSP $4,339 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)

Course Design
Students commencing the Bachelor of Business campus must complete 24 units of equal weighting totalling 288 credit points, comprised of:

(a) eight Faculty Core units (refer to A below)
(b) one block of six Major Core units (refer to B below)
(c) one of the following:
   - Double Major (six units); or
   - Extended Major (six units); or
   - Specialisation (six units).
(d) plus four Elective units.

The course structures, listed by Primary Major, outline a sequence of unit study and ensures that prerequisite requirements of a unit are satisfied. Please see separate entries in Studyfinder by Major.

(A) FACULTY CORE UNITS
- BSB110 Accounting
- BSB111 Business Law & Ethics
- BSB113 Economics
- BSB114 Government, Business & Society
- BSB115 Management, People & Organisations
- BSB119 International & Electronic Business
- BSB122 Quantitative Analysis and Finance
- BSB126 Marketing

(B) MAJOR CORE UNITS
Accountancy
- AYB121 Financial Accounting
- AYB220 Company Accounting
- AYB221 Computerised Accounting Systems
- AYB225 Management Accounting
- AYB301 Auditing
- EFB101 Data Analysis for Business
- EFB102 Economics
- EFB200 Consumer Behaviour
- EFB220 Advertising Theory & Practice
- EFB221 Advertising Copywriting
- EFB222 Media Planning
- EFB320 Advertising Management
- EFB321 Advertising Campaigns
Banking and Finance
- EFB101 Data Analysis for Business
- EFB102 Economics
- EFB201 Financial Markets
- EFB210 Finance
- EFB307 Finance
- EFB312 International Finance
Economics
- EFB101 Data Analysis for Business
- EFB102 Economics

(C) SPECIALISATIONS
Students should note that not all specialisations will be timetabled in every year or semester. Hence, it is important that you confirm that the specialisation in which you are interested is offered. Students are also able to undertake an Interfaculty Specialisations (IFS) with the approval of the Director of Undergraduate Studies. Full details are available from the Faculty of Business Student Enquiries Counter, Level 1, B Block, Gardens Point or on (07) 3138 2050 or via bus@qut.edu.au

- AMB341 Strategic Marketing
Public Relations
- AMB201 Marketing & Audience Research
- AMB260 Public Relations Theory & Practice
- AMB261 Media Relations & Publicity
- AMB262 Public Relations Writing
- AMB360 Corporate Communication Management
- AMB361 Public Relations Campaigns

- Business Law and Tax (BLS) for Business students without an Accountancy Major.
- Financial Economics (FES) for Business students without an Economics or Banking & Finance Major.
- Integrated Marketing Communication (IMS)
- Sales Specialisation (SALES)
- Electronic Business (EUS)
- International Logistics Specialisation (ILG)
- International Exchange (IEX)
- Language (LGS) for Business students with any major. Students may study French, German, Indonesian or Japanese, or also seek approval to undertake a different language at another tertiary institution. Students undertaking a language specialisation must complete a minimum of four language units, plus either; two additional language units; or IBB205 Cross Cultural Communication & Negotiation, and one other International Business unit, provided pre-requisite requirements are met.

Special Requirements
A full-time student may only enrol in units selected from those contained in the normal course program for semesters 1 and 2 in the first year of study unless in exceptional circumstances, and with the approval of the Director of Studies. Similarly, a part-time student may only select units from those listed for years 1 and 2 in the first two years of study.

A student must enrol for more than one unit in any semester, unless they have the approval of the Director of Studies. Copies of the Undergraduate Guidelines outlining the faculty rules and procedures are available from any Faculty of Business Student Enquiries Centre.

Definitions
Double Major: a second major core (six units) chosen from (B) above. Six units must be completed for a double major. When a unit is common to both majors, or a unit that is incompatible has already been completed an alternative double major option unit must be substituted. Approval for the substitute unit should be sought from the Major Coordinator.

Extended Major: an additional group of six specified units in the same discipline area as the primary major core. A list of possible extended majors are provided with the respective primary major structures.

Specialisation: a coherent group of six specified units in a discipline area. Specialisations for business students may be chosen from a number of areas (refer to C above). Six units must be completed for a specialisation. When a unit is common to the major and specialisation, or when a unit that is incompatible has already been completed An alternative specialisation option unit must be substituted. Approval for the substitute unit should be sought from the Major Coordinator.

Elective: a unit of 12 credit points chosen from any degree course at QUT including approved degree level study tours. Electives may also be taken at other recognised universities if the student obtains written approval from the Course Coordinator and the Head of School.
Bachelor of Business (Honours) (BS63)

Year offered: 2009
Admissions: Yes
CRICOS code: 009038B
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: CSP $3,883 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February; July* (not Economics or Banking & Finance)
International Entry: February; July* (subject to unit availability)
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Professor Per Davidsson, Director of Research
Discipline coordinator: Professor Gerry Gallery (Accountancy); Dr Judy Drennan (Advertising, International Business, Marketing & Public Relations); Assoc Prof Adam Clements (Economics and Banking & Finance) and Dr Stephane Tywoniak (Management and Human Resource Management)
Campus: Gardens Point

Overview
If applicants have shown high achievement in an undergraduate degree, the Honours program allows advanced studies in a chosen field. The capacity to conduct rigorous independent research will develop, and the advanced coursework integrates conceptual and practical knowledge within a discipline. Applicants can study within the fields of Accountancy, Advertising, Banking & Finance, Economics, Human Resource Management, International Business, Management, Marketing, Public Relations. The Faculty will provide students with up to $600 for approved research related expenses associated with the preparation of a thesis under the Faculty's Postgraduate Research Student Support Scheme. Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

Entry requirements
A Bachelor of Business from QUT that includes a major in the area of intended Honours level study or a qualification deemed equivalent. Students must have achieved a grade-point average (GPA) of 5.5 or better on a 7-point scale in the three years of undergraduate study or other qualifications and experience which is considered by the Dean of Faculty to qualify for admission. Students would normally apply for admission to Honours at the end of the final year of their pass degree, or within 18 months of completing the pass degree.

In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Course Requirements
Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described below for their area of Honours study.

Prerequisite requirements for the following units are deemed to have been satisfied upon admission to the course. Where elective units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

Course Structure

Accountancy
Students must complete four prescribed units (48 credit points) and a dissertation (48 credit points).

Three Compulsory Core Units:
- BSN502 Research Methodology
- AYN433 Research Topics in Accounting

Plus
- BSN503 Research Seminar
- BSN412 Qualitative Research and Analytical Techniques
- BSN414 Quantitative Research Methods

Plus One Elective

Plus
- BSN501-1 Dissertation
- BSN501-2 Dissertation
- BSN501-3 Dissertation
- BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Advertising
Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points).

Select two units from the following Compulsory Core units:
- BSN414 Quantitative Research Methods
- BSN502 Research Methodology
- BSN503 Research Seminar
- BSN412 Qualitative Research and Analytical Techniques

Plus 2 elective units

The elective units for this Honours program may be selected from any 12 credit point
postgraduate unit offered by the School of Advertising, Marketing and Public Relations, in the specialisation area (Advertising), subject to the approval of the School Honours Coordinator.

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.
Students must complete four prescribed units (48 credit points) and a dissertation (48 credit points).

Two Compulsory Core Units:

BSN502 Research Methodology
BSN503 Research Seminar

Elective Unit
The elective unit for this Honours program may be taken from any 12 credit point postgraduate unit offered by the School of Advertising, Marketing and Public Relations, in the specialisation area (Marketing), subject to the approval of the School Honours Coordinator.

Choose one of:

BSN412 Qualitative Research and Analytical Techniques
BSN414 Quantitative Research Methods

Plus

BSN501-1 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Marketing

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points). Select two of the following Compulsory Core Units:

BSN414 Quantitative Research Methods
BSN502 Research Methodology
BSN503 Research Seminar
BSN412 Qualitative Research and Analytical Techniques

Plus two Elective units:

BSN501-1 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Public Relations

Students must complete two prescribed units (24 credit points), two electives (24 credit points), and a dissertation (48 credit points). Select two of the following Compulsory Core Units:

BSN414 Quantitative Research Methods
BSN502 Research Methodology
BSN503 Research Seminar
BSN412 Qualitative Research and Analytical Techniques

Plus two Elective units:

BSN501-1 Dissertation
BSN501-2 Dissertation
BSN501-3 Dissertation
BSN501-4 Dissertation

Whilst enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Potential Careers:
Master of Business (Research) (BS92)

Year offered: 2009
Admissions: Yes
CRICOS code: 054092M
Course duration (full-time): 3 semesters or 2 semesters
Course duration (part-time): 6 semesters or 4 semesters
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: at any time
International Entry: at any time
Total credit points: 144 (without an Honours degree) or 96 (with an Honours degree and exemption for the coursework component)
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Professor Per Davidsson, Director of Research
Discipline coordinator: Professor Natalie Gallery (Accountancy); Associate Professor Judy Drennan (Advertising, International Business, Marketing & Public Relations); Professor Janice How (Economics and Banking & Finance); Dr Stephane Tywoniak (Human Resource Management and Management); and Prof Per Davidsson (Entrepreneurship & Innovation)
Campus: Gardens Point

Entry Requirements
If applicants have an Honours degree, (at level 2B or better) it must be relevant to the chosen discipline for the Master of Business (Research); or if applicants are entering from a pass degree, their undergraduate degree must include a major in an approved area, plus a grade point average of 5.5 or more on a 7 point scale; or applicants can present a case based on evidence of qualifications that demonstrates the applicants capacity to pursue the course of study.

In addition to assessing qualifications, the Faculty must also be satisfied that adequate supervision and resources are available to support the applicants proposed research.

Research Proposal - the application for admission to the Master of Business (Research) must include details of the proposed research project.

In addition to the above academic entry requirement, international students must meet the following English language proficiency levels for entry into the Faculty's postgraduate coursework courses:
- IELTS: overall band score of 6.5 with no sub-band below 6.0; or
- TOEFL: 575 (paper-based) or 230 (computerised) (if TOEFL permitted by visa requirements).

Overview
Students can pursue advanced studies within their discipline. Students will develop their capacity to conduct rigorous independent research, as well as undertaking advanced coursework that integrates conceptual and practical issues within their discipline.

Students can study within the following school areas: accountancy, advertising, banking and finance, economics, entrepreneurship and innovation, human resource management, international business, management, marketing and public relations.

The Faculty will provide students with up to $1000 under the Faculties Postgraduate Research Student Support Scheme for approved research-related expenses associated with the preparation of the thesis (including up to $750 for fieldwork activities and conference attendance). Schools may also provide additional funding assistance and /or opportunities for paid research assistant or tutoring work.

Course Design
For entry without an Honours degree, students must complete four approved coursework units (48 credit points) and a dissertation (96 credit points) as per the programs of study prescribed below.

For entry with an Honours degree students must complete a dissertation (96 credit points).

MBA

Overview
The innovative structure and content of QUT's MBA is unique in Australia, and gives students a distinct career advantage by offering a broader range of core and elective units. QUT offers six credit point units delivered in seven week modules, giving students the flexibility to commence study at any one of six different entry points each year.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Hold a bachelor degree in any field from a recognised university with a minimum GPA of 4.5 on a 7 point scale;
3. Have a GMAT score of at least 550;
4. Have at minimum of three years full-time equivalent relevant work experience post degree; and
5. Provide two referee reports (on BGSB template provided)

Visit the following link for further information on our entry requirements.

Admission Intakes
There are six intakes per year for the MBA program. The November and January intakes are approved in special circumstances only.

How to Apply
You may access this link for information on how to apply.

Special Entry
Applicants with no undergraduate degree may be admitted into the Graduate Certificate of Business Administration. Normal articulation rules apply for entry into the Master of Business Administration.

Articulation
Students may articulate from the Graduate Certificate in Business Administration (GCBA) into the MBA provided they have a minimum GPA of 4.5.

GMAT
The Graduate Management Admission Test (GMAT) is widely used across the globe to help assess the qualifications of applicants in business management. The test consists of an analytical, quantitative and verbal section. Visit www.mba.com for information on how to prepare for the test. Feel free to contact BGSB for further information.

Scholarships
BGSB offers scholarships to exceptional applicants to the MBA program. Further details on how to apply can be found at this website.

Course Design
Students must complete 14 core units and 2 integrative core units of 6 credit points each and a further 48 credit points of electives, which may be either 6pc or 12cp units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to organise their study around work and social commitments.

See Course Structure below.

Further Information
If you have any further questions regarding this course please contact the Faculty of Business Student Services Office by phone on (07) 3138 2050, via email on bus@qut.com or in person at Level 1, B Block, Gardens Point campus.

Overview
The Graduate Certificate in Business Administration (GCBA) is one of the courses offered in the MBA suite. This course is effectively one-third of the MBA program and allows professionals to update their skills in selected core discipline or interdisciplinary areas.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Hold a Bachelor degree in any field from a recognised university with a minimum GPA of 4.5 on a 7 point scale;
3. Have a GMAT score of at least 550;
4. Have a minimum three years full-time equivalent relevant work experience post degree; and
5. Provide two referee reports (on BGSB template provided).

Visit the following link for further information on our entry requirements.

Admission Intakes
There are six intakes per year for this program. The November and January intakes are approved in special circumstances only.

How to Apply
You may access this link for information on our entry requirements.

Special Entry
Applicants with no undergraduate degree may be admitted into the Graduate Certificates of Business Administration. Normal articulation rules apply for entry into the Masters of Business Administration.

Articulation
Students may articulate from the Graduate Certificate in Business Administration (GCBA) into the MBA provided they have a minimum GPA of 4.5.

GMAT
The Graduate Management Admission Test (GMAT) is widely used across the globe to help assess the qualifications of applicants in business management. The test consists of analytical, quantitative and verbal sections. Visit www.mba.com for information on how to prepare for the test. Feel free to contact BGSB for further information.

Course Design
There are two options which students can complete the Graduate Certificate in Business Administration consisting of 48 credit points of study.

Option 1:
Students may complete two core units and then select 36 credit points from a specified list of MBA core units.

Option 2:
Student may complete all units (48 credit points) listed under the available four study areas:- Corporate Governance; Entrepreneurship and Innovation; Leadership; or Strategy.

BGSB offers six credit point (GSN) units, delivered in seven-week modules giving students the flexibility to organise their study around work and social commitments.

See Course Structure below.

Course Code Information
The GS42 course code has been discontinued. Students currently enrolled in this course code will be able to continue until completion. Students should consult course information for GS87 for information and seek advice from BGSB.

Further Information
If you have any further questions regarding this course please contact the Faculty of Business Student Services Office by phone on (07) 3138 2050, via email on bus@qut.com or in person at Level 1, B Block, Gardens Point campus.

Administrator, Manager.
Executive Master of Business Administration (GS50)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 22 months (block mode) commencing 15 February
Domestic fees (indicative): 2009: (Corp Prog)
Domestic Entry: closes mid January 2008
Total credit points: 144
Standard credit points per full-time semester: 48
Course coordinator: Dr Amanda Gudmundsson, email: bus@qut.com
Campus: Gardens Point

Abbreviation
EMBA

Additional Fee Information
The total cost for the GS50 February 2008 cohort is $46,560 which is invoiced incrementally over the period of the program. This includes tuition fees of ($34,560), an international study tour to China ($6,000) and incidental fees ($6,000) for a package of services associated with the delivery of the EMBA. These services include the provision of textbooks, study materials, catering, three milestone celebrations and an international study tour. Eligible students may apply for FEE-HELP for tuition fees only and incidental costs are required to be paid on invoice. Students not wishing to incur these incidental charges may study towards the MBA through the on-campus (GS75) program.

Entry Requirements
To be considered for admission, applicant must:
1. Demonstrate proficiency in the English language (TOEFL or IELTS);
2. Hold a Bachelor degree in any field from a recognised university with a minimum GPA of 4.5 on a 7 point scale;
3. Have a GMAT score of at least 550;
4. Have a minimum five years' full-time equivalent relevant managerial or professional work experience post degree;
5. Provide two referee reports (on template provided); and
6. Attend a personal interview with the Coordinator of the EMBA.

Overview
The Executive MBA course is a tailored MBA course offered in an intensive, flexibly delivered format to a cohort of 'executive level' management. The course is designed to equip senior managers with the necessary knowledge, analytical ability and management skills to continue their career success and increase their mobility as a senior executive in Australia and internationally.

Course Design
Students are required to undertake 14 core units and 2 integrative core units of 6 credit points each and a further 48 credit points of elective units.

The intake for the EMBA is in February and the program runs for 22 months. Classes are scheduled once a month over a Friday to Sunday weekend session, with 20 hours of classes per weekend session each month of the program plus one intensive session (International Study Tour) in April 2009. The intensive block sessions allow students to schedule some dedicated time to study with minimal interference to their business commitments.

For more information about the EMBA, consult the BGSB web site at http://www.bgsb.qut.edu.au/study/courses/executive.jsp

Course structure *

Students must complete the following 15 core units:

- GSN401 Managing in the Global Business Environment
- GSN403 Understanding Data
- GSN404 Financial Statements Analysis
- GSN405 Strategic Management
- GSN406 Human Resource Management Issues
- GSN407 Business Communication
- GSN408 Fundamentals of Marketing Management
- GSN410 Entrepreneurship
- GSN412 Business Law 1
- GSN413 Financial Management 1
- GSN415 Understanding Leadership
- GSN416 Business Plans 1
- GSN473 Corporate Governance and Accountability

Plus the following eight complementary study units:

- GSN428 International Study Tour
- GSN445 Special Topic 2
- GSN503 Self Realisation and Personal Development
- GSN523 Issues Management
- GSN526 Creative and Entrepreneurial Thinking
- GSN551 Negotiation Skills and Strategies
- GSN552 The Sustainable Business
- GSN553 Business Leadership Practicum

Students who wish to opt out of the international study tour (including GSN428 and GSN445) and select two replacement elective units from the MBA weekday delivery schedule should refer to the Schedule of MBA Unit Offerings, which is available online: www.bgsb.qut.edu.au/study/current/timetables/mbatimetables.jsp
Executive Master of Business (Complex Project Management) (GS51)

Year offered: 2009
Admissions: Yes
Domestic fees (indicative): 2009: Full fee tuition $13,000 (indicative) per semester
Course coordinator: Professor Caroline Hatcher, email: bus@qut.com

MBA

Overview
The innovative structure and content of QUT's MBA is unique in Australia, and gives students a distinct career advantage by offering a broader range of core and elective units. QUT offers six credit point units delivered in seven-week modules, giving students the flexibility to commence study at any one of six different entry points each year.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Hold a bachelor degree in any field from a recognised university with a minimum GPA of 4.5 on a 7 point scale;
3. Have a GMAT score of at least 550;
4. Have at minimum of three years full-time equivalent relevant work experience post degree; and
5. Provide two referee reports (on BGSB template provided)

Visit the following link for further information on our entry requirements.

Admission Intakes
There are six intakes per year for the MBA program. The November and January intakes are approved in special circumstances only.

How to Apply
You may access this link for information on how to apply.

Special Entry
Applicants with no undergraduate degree may be admitted into the Graduate Certificate of Business Administration. Normal articulation rules apply for entry into the Master of Business Administration.

Articulation
Students may articulate from the Graduate Certificate in Business Administration (GCBA) into the MBA provided they have a minimum GPA of 4.5.

GMAT
The Graduate Management Admission Test (GMAT) is widely used across the globe to help assess the qualifications of applicants in business management. The test consists of an analytical, quantitative and verbal section. Visit www.mba.com for information on how to prepare for the test. Feel free to contact BGSB for further information.

Scholarships
BGSB offers scholarships to exceptional applicants to the MBA program. Further details on how to apply can be found at this website.

Course Design
Students must complete 14 core units and 2 integrative core units of 6 credit points each and a further 48 credit points of electives, which may be either 6pc or 12cp units.

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to organise their study around work and social commitments.

See Course Structure below.

Further Information
If you have any further questions regarding this course please contact the Faculty of Business Student Services Office by phone on (07) 3138 2050, via email on bus@qut.com or in person at Level 1, B Block, Gardens Point campus.

MBA(Major)

Overview
In response to demand by students for even greater depth in a particular area, BGSB now offers majors in Entrepreneurship or Information Technology Management. By undertaking a major, students extend their MBA study by 48 credit points and gain greater knowledge in their chosen area.

Entry Requirements
To be considered for admission, applicant must:

1. Demonstrate proficiency in the English language;
2. Hold a Bachelor degree in any field from a recognised university with a minimum GPA of 4.5 on a 7 point scale;
3. Have a GMAT score of at least 550;
4. Have a minimum three years full-time equivalent relevant managerial or professional work experience post degree;
5. Provide two referee reports (on BGSB template provided)

Admission Intakes
There are six intakes per year for the MBA program. The November and January intakes are approved in special circumstances only.

How to apply
You may access this link for information on how to apply

Course Code Information
The GS20, GS30, GS40 and GS85 course codes have been discontinued. Students currently enrolled in these course codes will be able to continue until completion and ensure they obtain course progression advice from a postgraduate officer before enrolling.

Special Entry
Applicants with no undergraduate degree may be admitted into the Graduate Certificate of Business Administration. Normal articulation rules apply for entry into the Masters of Business Administration.

Articulation
Students may articulate from the Graduate Certificate in Business Admission (GCBA) into the MBA provided they have a minimum GPA of 4.5.

GMAT
The Graduate Management Admission Test (GMAT) is widely used across the globe to help assess the qualification of applicants in business management. The test consists of an analytical, quantitative and verbal section. Visit www.mba.com for information on how to prepare for the test. Feel free to contact BGSB for further information.

Scholarships
BGSB offers scholarships to exceptional applicants to the MBA program. Further details on how to apply can be found at this website.

Course Design
Students must complete the following to graduate with Master of Business Administration (Major):
- 14 core units
- 2 integrative core units of 6 credit points each
- a major of 48 credit points in a particular study area
- plus a further 48 credit points of electives

BGSB offers six credit point units, delivered in seven-week modules giving students the flexibility to commence study at the beginning or mid-point of any semester, offering six different entry points each year.

Course Code Information
Current students should consult their course summary sheet and seek course progression advice from BGSB. Student can access their course summary sheets from this link.

Further Information
If you have any further questions regarding this course please contact the Faculty of Business Student Services Office by phone on (07) 3138 2050, via email on bus@qut.com or in person at Level 1, B Block, Gardens Point campus.

Course structure

Overview
The Graduate Certificate in Business Administration (GCBA) is one of the courses offered in the MBA suite. This course is effectively one-third of the MBA program and allows professionals to update their skills in selected core discipline or interdisciplinary areas.

Entry Requirements
To be considered for admission, applicants must:

1. Demonstrate competency in the English language;
2. Hold a Bachelor degree in any field from a recognised university with a minimum GPA of 4.5 on a 7 point scale;
3. Have a GMAT score of at least 550;
4. Have a minimum three years full-time equivalent relevant work experience post degree; and
5. Provide two referee reports (on BGSB template provided).

Visit the following link for further information on our entry requirements.

Admission Intakes
There are six intakes per year for this program. The November and January intakes are approved in special circumstances only.

How to Apply
You may access this link for information on our entry requirements.

Special Entry
Applicants with no undergraduate degree may be admitted into the Graduate Certificates of Business Administration.

Normal articulation rules apply for entry into the Masters of Business Administration.

Articulation
Students may articulate from the Graduate Certificate in Business Administration (GCBA) into the MBA provided they have a minimum GPA of 4.5.

GMAT
The Graduate Management Admission Test (GMAT) is widely used across the globe to help assess the qualifications of applicants in business management. The test consists of analytical, quantitative and verbal sections. Visit www.mba.com for information on how to prepare for the test. Feel free to contact BGSB for further information.

Course Design
There are two options which students can complete the Graduate Certificate in Business Administration consisting of 48 credit points of study.

Option 1:
Students may complete two core units and then select 36 credit points from a specified list of MBA core units.

Option 2:
Student may complete all units (48 credit points) listed under the available four study areas:- Corporate Governance; Entrepreneurship and Innovation; Leadership; or Strategy.

BGSB offers six credit point (GSN) units, delivered in seven-week modules giving students the flexibility to organise their study around work and social commitments.

See Course Structure below.

Further Information
If you have any further questions regarding this course please contact the Faculty of Business Student Services Office by phone on (07) 3138 2050, via email on bus@qut.com or in person at Level 1, B Block, Gardens Point campus.

Course structure

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX36 Bachelor of Business/Bachelor of Journalism. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Overview
This four-and-a-half year professional course links Journalism with business studies in Advertising, International Business or Public Relations and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects and specialise in advertising, public relations, globalisation, international business development or global economics.

Career Outcomes
Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers. Journalism graduates are prepared for careers in both print and broadcast journalism, and opportunities also exist to become press secretaries and media officers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
* International Business - Australian Institute of Export;
* Public Relations - Public Relations Institute of Australia.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
Students are required to complete 432 credit points, comprised of 240 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Journalism program.

For the Business component, students must complete the 96 credit point Faculty Core Units together with a 72 credit point Major and a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements

Discipline coordinator: Professor Alan Knight (Media & Communication, and Journalism); Ms Jeanette McGown (Television); Dr Gayle Kerr (Advertising); Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Overview
This course is a joint offering by the faculties of Creative Industries and Business, designed to capitalise on the dynamic area of mass communication and the challenges faced by organisations in the digital age.

The flexible program design includes areas of study from both faculties, providing professional skills in areas such as international journalism, television, media and communication, advertising and public relations.

Career Outcomes
Graduates obtain employment in a wide variety of public and private sector organisations. Potential employment opportunities include careers as a public relations consultant, media planner, copywriter, corporate communication manager, specialist journalist, media production specialist, media adviser or event manager.

Professional Recognition
Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Advertising Institute of Australia (AIA) and the Society of Business Communicators (SBC).

Course Design
Students commencing the Bachelor of Mass Communication must complete 24 units of equal weighting totalling 288 credit points comprised of

a. Faculty Core (six faculty core units)
b. Major Core (two majors of six units each) and
c. Electives (six units).

Although studies can be tailored to meet a specific career goal or create a wide variety of career choices, there is a set of recommended combinations of majors. Students are not required to take these combinations, however they do represent the more common and logical choices within a mass communication qualification.

The recommended combinations are:
- Public Relations and International Journalism
- Public Relations and Media and Communication
- Advertising and Television
- International Journalism and Media and Communication.

Why choose this course?
The combined expertise of these faculties gives you a unique opportunity to foster your skills in creative, technical and business communication. You can tailor your studies to meet a specific career goal or to create a wide variety of career choices.

You will complete two majors à some recommended combinations are: ä public relations and international journalism ä advertising and media and communication ä advertising and television ä international journalism and media and communication.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Creative Industries Minors

INSTRUCTIONS FOR MINORS
Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

3D Visualisation
KIB203 Introduction to 3D Computer Graphics
KIB225 Character Development, Conceptual Design and Animation Layout
KIB316 Virtual Environments
KIB325 Real-Time 3D Computer Graphics

Advertising
AMB220 Advertising Theory and Practice
AMB318 Advertising Copywriting
AMB319 Media Planning
BSB126 Marketing
AMB200 Consumer Behaviour

Animation
KIB105 Animation and Motion Graphics
KIB108 Animation History and Practices

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:

* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any
pre/co-requisite units applicable
* the offering of elective units is subject to
sufficient student enrolment numbers and staff
availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16
students ONLY are permitted to select
electives from outside the Faculty of Creative
Industries

Standard credit points per full-time semester: 48
Course coordinator: Dr Iraphne Childs (Arts); Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX38 Bachelor of Arts/Bachelor of Business. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Other Majors
See also the separate entry for the following majors in this course: Bachelor of Arts/Bachelor of Business (Advertising, Electronic Business, Human Resource Management, International Business, Management, or Public Relations).

Career Outcomes
- Humanities graduates find employment in areas such as government, diplomacy, higher education and public service.
- Graduates of the Bachelor of Business (Accountancy) can expect to find employment in public practice, industry and commerce or government. In public practice the main areas of specialisation are auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services. In industry and commerce, accountancy graduates are employed in management positions.
- Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity.
- Graduates with Economics training are highly sought after. They are employed as economists and in a wide variety of related professional areas.
- Graduates of the Marketing major find employment in industry and government in roles including marketing and research, sales management and product development and management. They are also employed as marketing managers and consultants in the national and international business environments.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia (Queensland Division).

Course Design
Students are required to complete 432 credit points comprised of 192 credit points from the Bachelor of Arts program and 240 credit points from the Bachelor of Business program.

BA Course Requirements - Commencing Students
BA Course Requirements (Years 1-4)
Students are required to complete:
* One Multidisciplinary Professional Major (1 core unit + 6 units in the major)
It is suggested that they complete the Core Units Program consisting of the following:
* Two core units in first semester (from a selection of core introductory and core skills units)
(Note: one of the core introductory units will sit within the chosen Interdisciplinary Professional Major).
* Year 2: research methods unit. Students are advised to take at least two of these units.
Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may wish to:
- develop a Minor (48 credit points) in one of the interdisciplinary professional areas
- develop a Minor (48 credit points) in a disciplinary study sequence or in another QUT course
- take a series of elective units.

Students wishing to complete a full discipline studies sequence (6 units) will need to amend their core units program.

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

**Multidisciplinary Professional Majors**
For details, refer to the Bachelor of Arts Degree (HH01).

**Discipline Majors**
For details, refer to the Bachelor of Arts Degree (HH01).

**Minor Sequences**
For details, refer to the Co-Majors entry in the Bachelor of Arts (HH01) entry as any of these are available to be taken as Minors.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au.

**Course is under review**
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

**Key Terms - BA**

- Multidisciplinary Professional Major - one of five interdisciplinary study sequences in the BA degree (International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies, Australian Studies), consisting of one core unit plus six further units from the appropriate list (making a total of 84 credit points).
Bachelor of Business/Bachelor of Laws (IF41)

Year offered: 2009
Admissions: No
CRICOS code: 006386F
Course duration (full-time): 5 Years
Domestic fees (indicative): 2009: CSP $4,171 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July* (*Subject to availability)
QTAC code: 419222
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA) and Mathematics A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 60
Course coordinator: Dr Erica French (Business); Director, Undergraduate Programs (Law)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

OP Guarantee
The OP Guarantee does not apply to this program.

Career Outcomes
The Bachelor of Laws component of this double degree covers the areas of law required for the purposes of admission to practise as a Solicitor and/or Barrister in all Australian states and territories. Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. Graduates of the Human Resource Management major can expect to find employment in the public and private sectors in all areas of human resource management including recruitment, training and development, international staffing, industrial relations, pay systems and strategic human resources planning. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments, and public sector careers in foreign economic relations. Management graduates may also find employment in commercial and industrial firms, banks, insurance companies, federal, state and local government agencies, small business and in management consultancies. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers.

Other Majors
See also the separate entry for the following majors in this course: Bachelor of Business (Banking & Finance, Economics and Marketing)/Bachelor of Laws.

Professional Recognition
The Bachelor of Laws degree satisfies the academic requirements for admission to practise as a Solicitor or Barrister in Queensland.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership of: CPA Australia; Institute of Chartered Accountants in Australia; Chartered Secretaries Australia; Advertising Federation of Australia; Australian Association of National Advertisers; Australian Direct Marketing Association; Queensland Commercial Radio Association; Australasian Institute of Banking and Finance; Economics Society of Australia; Australian Human Resources Institute; Australian Institute of Management; Australian Institute of Training and Development; Australian Institute of Export; Australian Institute of Management; Australian Marketing Institute; Marketing Research Society of Australia; Australian Institute of Management; American Marketing Association and Public Relations Institute of Australia.

Course Design
Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

For the Business component, students undertake 7 Faculty core units and 6 units from one of the following Majors plus 3 specialisation units.

Law Elective Units
For information on the availability of law elective units, please refer to the relevant section in the Bachelor of Laws course entry in the Faculty of Law section.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course structure
This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

Potential Careers:
Discipline coordinator: Erica French (Business)

bankruptcy, trusteeship or management services.
Graduates of the Banking and Finance major find
employment in the banking area of finance which can
involve retail, wholesale or international projects, the
funding of operations and investment of funds in loans or
liquidity.
Graduates with Economics training are highly sought after.
They are employed as economists and in a wide variety of
related professional areas to provide strategic analysis and
policy advice.

Professional Recognition
Graduates will be eligible for membership of the
Mathematical Society of Australia, the Statistical Society of
Australia and, depending on unit selection, the Australian
Society of Operations Research. Depending on the choice
of major, extended major or specialisation graduates may
be eligible for membership of the Economic Society of
Australia (Queensland Division), Australian Institute of
Management, Financial Services Institute of Australasia
(FINSIA), Chartered Secretaries Australia, CPA Australia
and the Institute of Chartered Accountants in Australia
(ICAA).

Course Design
The course offers the opportunity to combine Mathematics
with a business course majoring in Accountancy, Banking
and Finance or Economics, which can be combined with an
extended major in the same field, or with a double major
from any of the Bachelor of Business majors, including
Electronic Business.

Mathematics Scholarships
Students enrolled in this course can apply for industry
sponsored scholarships. Mathematics equity scholarships
are also awarded on the basis of socioeconomic
disadvantage.

Course Combinations
Recommended combinations for the Business component
are:
Accountancy: Extended major in Professional Accounting
Banking & Finance: Extended major in Banking, Financial
Economics or Funds Management; or double major in
Economics
Economics: Extended major in Financial Economics or
double major in Banking & Finance.

*Please note that EFB101 Data Analysis for Business which
is normally undertaken in the majors of Accountancy,
Banking and Finance & Economics, is not required as the
content will be covered in the statistics units from the
mathematics component of the program.

Students also note that enrolment in the unit EFB326
Applied Portfolio Management is restricted to students
undertaking the Financial Economics specialisation (FES)
and the following extended majors: Banking (BFX);
Financial Economics (FEX); and Funds Management (FDX).

Bachelor of Mathematics/Bachelor of Business (Accountancy, Banking and Finance or Economics) (IF60)

Year offered: 2009
Admissions: No

Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX47 Bachelor of Applied Science (Human Movement Studies)/Bachelor of Business. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Other Majors
See also the separate entry for the following majors in this course: Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Business (Advertising, Human Resource Management, International Business, Management, or Public Relations).

Recommended Study
Any of: Mathematics C, Chemistry, Physics, Biological Science, Health Education, or Health and Physical Education.

Career Outcomes
The Bachelor of Applied Science in Human Movement Studies course provides skills for careers in a range of exercise and sports science settings such as corporate health and fitness, family and community services, the health and fitness industry, local and state government agencies, state sporting associations, rehabilitation clinics, institutes of sport, universities and colleges and personal training. Graduates of the Bachelor of Business (Accountancy) can expect to find employment in auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services. Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity. Graduates with Economics training are employed as economists and in a wide variety of related professional areas to provide strategic analysis and policy advice. Graduates of the Marketing major find employment in industry and government, marketing and research, sales management and product development and management roles. They are also employed as marketing managers and consultants in national and international business environments.

Professional Recognition
Graduates of the Bachelor of Applied Science in Human Movement Studies degree may be eligible for membership of the Australian Association for Exercise and Sports Science.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia.

Course Design
Students are required to complete 432 credit points comprised of 216 credit points from the Bachelor of Applied Science (in Human Movement Studies) program and 216
credit points from the Bachelor of Business program.

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

null

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

Course coordinator: Dr Helen Klaebe (Creative Industries); Dr Amanda Gudmundsson (Business)
Discipline coordinator: Ms Louise Grayson (Creative Industries), Bill Proud (Business)
Campus: Gardens Point and Kelvin Grove

Overview
Creative Advertising is an interfaculty course related to a specific field of study that requires strong practical capabilities, and students need to gain technical skills in this field. To achieve this, students who do not hold a bachelor degree will be offered a choice of undergraduate and postgraduate options that are specifically designed to build the technical skills required in Creative Advertising.

Course Structure
To graduate with a Graduate Certificate in Advertising, students are required to successfully complete 48 credit points, as specified in the course structure below. Creative Advertising is an interfaculty course related to a specific field of study that requires strong practical capabilities, and students need to gain technical skills in this field. To achieve this, students who do not hold a bachelor degree will be offered a choice of undergraduate and postgraduate options that are specifically designed to build the technical skills required in Creative Adverting.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale).

Applicants for IX96 Master of Advertising (Creative Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4.5, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4 or above in the Graduate Certificate.

Special Entry Requirements
Applicants who have an undergraduate degree with a GPA below 4, or who do not have a degree or formal qualifications, but have extensive work experience in the advertising industry may be eligible for special entry. Such applicants may be required to attend a selection interview and present a portfolio of work.

Full-time and Part time course structure

Semester 1

*Part time students will enrol in two units over two semesters.

- AMN420 Advertising Management
- AMN421 Contemporary Issues in Advertising
- KIP424 Advertising Creative: Introduction
- Choose one from the following units:
  - KIP401 Visual Communication
  - KIP426 Advertising Creative: Copywriting and Art Direction

Potential Careers:
Advertising Professional.
Master of Business Administration/Master of Information Technology 1 (IF98)

Year offered: 2009
Admissions: No
CRICOS code: 037551G
Domestic fees (indicative): 2009: $11,500 (indicative) per semester
Total credit points: 240
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Lyndal Drennan, MBA Director.
Email: bgsbenq@qut.edu.au

Course Discontinuation

Students should note that this course has been discontinued and there will be no further intake. However, students who are currently enrolled, or have already been made an offer into this course for 2005, are able to remain enrolled in it.

Potential Careers:
Administrator, Business Analyst, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Network Administrator, Network Manager, Programmer, Systems Analyst, Systems Manager, Systems Programmer.
Bachelor of Business / Bachelor of Engineering (IX28)

Year offered: 2009
Admissions: Yes
CRICOS code: 061649J
Course duration (full-time): 5 years
Domestic fees (indicative): 2009: CSP $4,022 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)

International Entry: February
QTAC code: 419532
Past rank cut-off: 80
Past OP cut-off: 11
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and for accountancy, economics, finance and marketing majors: Maths B (4, SA)

Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Dr R. Mahalinga-Iyer (Engineering); Dr Erica French (Business)
Discipline coordinator: Dr Jason Ford (Engineering); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)

Campus: Gardens Point

Recommended Study
Chemistry, Maths C and Physics are recommended.

Career Outcomes
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, banking and finance, economics, electronic business, human resource management, international business, management, marketing and public relations.

Overview
Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one or more of accountancy, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia.

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:

* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
* Economics: Economic Society of Australia (Queensland Division).
* Finance: Financial Services Institute of Australasia (FINSIA).
* Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
* International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
* Management - Australian Institute of Management;
* Public Relations - Public Relations Institute of Australia.

Special Course Requirements
A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment approved by the course coordinator, before graduating.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Course Design
Students are required to complete 480 credit points comprised of 252 credit points from the Bachelor of Engineering (Electrical & Computer Engineering) program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 84 credit point Faculty Core units in the Bachelor of Business program together with a 72 credit point Major in one of the following: Accountancy, Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing or Public Relations, as well as a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

**Year 2, Semester 2**
- ENB103 Electrical Engineering

**Year 3, Semester 1**
- ENB105 Electrical and Computer Engineering
- ENB211 Dynamics

**Year 3, Semester 2**
- BEB200 Introducing Sustainability
- ENB102 Engineering Mechanics 2
- ENB201 Fluid Mechanics

**Year 4, Semester 1**
- ENB301 Instrumentation and Control
- ENB331 Materials and Manufacturing 2

**Year 4, Semester 2**
- ENB215 Fundamentals of Mechanical Design

**Year 5, Semester 1**
- BEB801 Project 1
- ENB316 Design of Machine Elements
- ENB333 Operations Management

**Year 5, Semester 2**
- BEB701 Work Integrated Learning 1
- BEB802 Project 2
- ENB222 Thermodynamics 1
- ENB334 Design For Manufacturing

**Course structure - Accountancy**

**Year 1 Semester 1**
- BSB110 Accounting
- BSB115 Management

**Year 1 Semester 2**
- BSB123 Data Analysis
- BSB126 Marketing

**Year 2 Semester 1**
- No Faculty of Business units studies this semester.

**Year 2 Semester 2**
- AYB200 Financial Accounting
- AYB225 Management Accounting
- BSB111 Business Law and Ethics

**Year 3 Semester 1**
- EFB210 Finance 1
- AYB221 Computerised Accounting Systems

**Year 3 Semester 2**
- AYB219 Taxation Law

**Year 4 Semester 1**
- AYB230 Corporations Law
- AYB321 Strategic Management Accounting

**Year 4 Semester 2**
- AYB301 Audit and Assurance
- AYB340 Company Accounting
- BSB113 Economics

**Year 5 Semester 1**
- AYB311 Financial Accounting Issues

**Course structure - Advertising**

**Year 1 Semester 1**
- BSB126 Marketing
- BSB113 Economics

**Year 1 Semester 2**
### Course structure - Economics

#### Year 1 Semester 1
- BSB113 Economics
- BSB115 Management

#### Year 1 Semester 2
- BSB123 Data Analysis
- BSB124 Working in Business

#### Year 2 Semester 1
- No Faculty of Business units studies this semester.

#### Year 2 Semester 2
- BSB110 Accounting
- EFB222 Quantitative Methods For Economics and Finance
- EFB223 Economics 2

#### Year 3 Semester 1
- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics

### Year 3 Semester 2
- Choice units or remaining Faculty Core Units

### Year 4 Semester 1
- Choice units or remaining Faculty Core Units
- Choice units or remaining Faculty Core Units

### Year 4 Semester 2
- EFB338 Contemporary Application of Economic Theory
- Choice units or remaining Faculty Core Units
- Choice units or remaining Faculty Core Units

### Year 5 Semester 1
- BSB111 Business Law and Ethics

#### Choice Units
- Choose any three of the following:
  - EFB332 Applied Behavioural Economics
  - EFB333 Introductory Econometrics
  - EFB334 Environmental Economics and Policy
  - EFB336 International Economics
  - EFB337 Game Theory and Applications

#### Important Information:
Please note: BSB119 and BSB126 are the remaining Faculty Core Units to be completed. Please check unit availability when selecting Choice units.

### Course structure - Finance

#### Year 1 Semester 1
- BSB113 Economics
- BSB115 Management

#### Year 1 Semester 2
- BSB124 Working in Business
- BSB126 Marketing

#### Year 2 Semester 1
- No Faculty of Business units studies this semester.

#### Year 2 Semester 2
- BSB110 Accounting
- BSB119 Global Business
- BSB123 Data Analysis

#### Year 3 Semester 1
- EFB210 Finance 1
- EFB222 Quantitative Methods For Economics and Finance

#### Year 3 Semester 2
- EFB307 Finance 2

### Potential Careers:
Bachelor of Applied Science / Bachelor of Business (IX31)

Year offered: 2009
Admissions: Yes
CRICOS code: 042263G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,559 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419832
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr Perry Hartfield (Science); Dr Erica French (Business)

Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations). Science Discipline Coordinator details are listed under Contact Details below.

Campus: Gardens Point

Career Opportunities

By combining your science studies with the Bachelor of Business you will develop the entrepreneurial skills necessary to sell your abilities to a range of employers. As a graduate of the Bachelor of Applied Science/Bachelor of Business, you will be able to work at the cutting edge of scientific innovation within a range of public, private and non-profit industries. As well as the range of science-based careers available, you could expect to gain employment as a consultant, marketer, or project manager within firms developing and taking scientific research to the marketplace.

Course Design

The Bachelor of Applied Science allows multi-disciplinary programs of study to help position you within the broad range of science disciplines and qualify you as a competent professional within your chosen field. You can specialise in one of the major areas of study available in the Bachelor of Applied Science course (Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Forensic Science, Geoscience, Microbiology or Physics). See the Bachelor of Applied Science (SC01) course for more details.

To allow you to complete the double degree in a shorter period of time, your co-major will be taken from the business program therefore it is not possible to choose any of the co-majors listed under the Bachelor of Applied Science course.

You can specialise in one or more of the following business majors: Accountancy, Advertising, Finance, Economics, Human Resource Management, International Business, Management, Marketing or Public Relations.

Professional Recognition

Professional Recognition

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.

*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).

*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;

*Economics: Economic Society of Australia (Queensland Division).

*Finance: Financial Services Institute of Australasia (FINSIA).

*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;

*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;

*Management - Australian Institute of Management;

*Public Relations - Public Relations Institute of Australia.

Graduates will satisfy the requirements for membership of the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Potential Careers:
Bachelor of Business/Bachelor of Health Science (Health Services Management) (IX32)

Year offered: 2009
Admissions: No
CRICOS code: 027277D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $4,180 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409252
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and for accountancy, finance, economics, and marketing majors, Maths A, B or C (4, SA)

Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Dr Erica French (Business); Ms Melinda Service (Health)
Discipline coordinator: Jenny Nicol (Health Services Management); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Overview
This double degree combines the strength of general business theory and skills as well as units specifically related to managing health services.

Why choose this course?
The degree will provide you with the theory and skills to manage change effectively in the health care system. You will gain a strong background of theory and practice to enable you to work effectively in the complex environment of health care and be influential in terms of decision making.

Career Options
Health Service Management graduates are employed in administrative and management capacities in private and public health services. Such services include public and private hospitals, Queensland Health, community health centres, group medical practices, nursing and dental services, universities and consulting firms.

Your business degree will give you a broader base of commercial knowledge, making you more attractive to employers in these environments. You also have the opportunity to major in a specific business area to strengthen your career choices. For more information on careers in business, please refer to studyfinder.qut.com

Professional recognition
Both degrees allow you to satisfy the requirements of membership for the relevant professional bodies. The Bachelor of Health Science (Health Services Management) degree may allow graduates, subject to unit selection, to satisfy the academic requirements for membership of the Australian College of Health Service Executives (ACHSE) and other professional associations.

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division);
*Finance: Financial Services Institute of Australasia (FINSIA);
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
*Public Relations - Public Relations Institute of Australia.

Course Design
Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Health Science program and 192 credit points from the Bachelor of Business program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.
## Accountancy Major

### Year 1 Semester 1
- BSB110 Accounting
- BSB115 Management

### Year 1 Semester 2
- BSB123 Data Analysis
- BSB126 Marketing

### Year 2 Semester 1
- BSB111 Business Law and Ethics
- BSB113 Economics

### Year 2 Semester 2
- AYB200 Financial Accounting
- AYB225 Management Accounting

### Year 3 Semester 1
- EFB210 Finance 1
- AYB221 Computerised Accounting Systems

Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA), Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Ruth Christie (InfoTech); Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Course Update
From semester one, 2009 this course will not be available for commencing students. IX33 will only be available for continuing students. New students - please refer to IX58. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Overview
This double degree will give you a broad base of commercial knowledge in business and information technology, making you more attractive to employers, even if you wish to work predominantly in an information technology position. You will have the opportunity to complement your information technology studies with a business major in accountancy, advertising, finance, economics, human resource management, international business, management, marketing or public relations.

You will combine your business studies with an information technology major of your choice. Possible combinations include finance with security, management with business systems engineering, or marketing with information and knowledge management.

Cooperative Education Program
The Coop Ed Program is a joint venture between employers and the Faculty of IT giving you the opportunity of 10-12 months paid industry placement to better prepare you for employment after you graduate. The Coop Ed Program integrates formal study and professional experience, so you can apply what you're learning in an area relevant to your chosen path.

Some of the organisations our Coop Ed students have worked with are the Australian Tax Office, Boeing Australia, CITEC, Department of Natural Resources and Water, Dialog, EPA, Queensland Police, RACQ and UNiTAB Limited.

For more information about the IT’s Cooperative Education Program, please visit http://coop.fit.qut.edu.au/

Career Outcomes
Business graduates work in diverse roles in the private and public sectors in areas such as accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing and public relations. A graduate of the Bachelor of Information Technology may find employment as a programmer, systems manager, systems designer, systems analyst, computer sales and marketing consultant or data processing manager.

Professional recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Economics: Economic Society of Australia (Queensland Division);
*Finance: Financial Services Institute of Australasia (FINSA);
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
*Public Relations - Public Relations Institute of Australia.

Graduates of the Bachelor of Information Technology meet the knowledge requirements for admission to the Australian Computer Society (ACS).
Course Design
Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor or Information Technology program.

Further Information
For information regarding the IT component of this degree, please contact the Course Co-ordinator Richard Thomas - (07)3138 2782 or enquiry.scitech@qut.edu.au

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table
If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code

**Potential Careers:**
Bachelor of Business / Bachelor of Creative Industries (IX34)

Year offered: 2009
Admissions: Yes
CRICOS code: 059596B
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,332 (indicative) per semester

International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409182
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and for Accountancy, Finance, Economics, and Marketing majors, Maths A, B or C (4, SA)

Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Head, Undergraduate Studies (Creative Industries) - cifug@qut.edu.au; Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Career Outcomes

Through the combination of creative industries with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration/marketing, managing or balancing the books for creative projects and businesses.

Some combinations are particularly complementary in building related skill sets, for example digital media with advertising, television producing with marketing, or creative and professional writing with public relations. Alternatively, you may be interested in pursuing a professional business career, such as accounting, finance or human resource management within a creative environment.

You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise in the performance, visual or production arts. Please refer to the Faculty of Business prospectus to find out more about the business majors.

Overview

This course is made up of 384 credit points. Each component (i.e. Business and Creative Industries) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, economics, finance, human resource management, international business, management, marketing, public relations.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units and 168 credit points from the Creative Industries major.

Professional Recognition

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division);
*Finance: Financial Services Institute of Australasia (FINSIA);
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
Association; *Public Relations - Public Relations Institute of Australia.

**OP Guarantee**
The OP Guarantee does not apply to this course.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Domestic student tuition fee (Dfee) places**
**Undergraduate domestic full fee places (Dfee) are not available in this course.** Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

**Creative Industries Second Majors**

**INSTRUCTIONS FOR SECOND MAJORS/CO-MAJORS**

*From 2009 Co-Majors have been renamed Second Majors*

Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a second major or co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these second major or co-majors and/or minors and are also mandatory elsewhere in your course cannot contribute towards the completion of these second majors or co-majors and/or minors. Any unit(s) that appear in multiple second major or co-majors and/or minors can only contribute towards the completion of one of these second major or co-majors or minors.

Art and Design History
Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

Communication Design
*continuing students only
Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

Creative and Professional Writing
Description: The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

Dance
Description: This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.
Assumed Knowledge: Previously acquired knowledge or skill IS required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

QUT HANDBOOK 2009 · Page 447
Digital Media

Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
OR
KJB101 Digital Journalism
KCB104 Media and Communications Industries
OR
KPB106 Australian Television
KCB201 New Media 1: Information and Knowledge
KCB202 New Media 2: Applications and Implications
KCB203 Consumer Cultures
KIB101 Visual Communication
KIB103 Introduction to Web Design and Development
KVB306 Video Art and Culture

Drama

Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KTB101 20th Century Performance
KTB103 Performing Skills 1: Character and Scene
KTB104 Performance Innovation
KTB106 Performing Skills 2: Style and Form
KTB204 Understanding Performance
KTB207 Staging Australia
KTB210 Creative Industries Management
KTB211 Creative Industries Events and Festivals
KTB305 The Entrepreneurial Artist
KTB306 Directing for Performance Events and Festivals

Entrepreneurship

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB230 Digital Promotions
AMB240 Marketing Planning and Management
AMB251 Innovation and Brand Management
BSB115 Management, People and Organisations
BSB126 Marketing
EFB210 Finance 1
IBB213 International Marketing
MGB207 Human Resource Issues and Strategy
MGB216 Managing Technology, Innovation and Knowledge
MGB324 Managing Business Growth
MGB222 Managing Organisations
MGB223 Entrepreneurship and Innovation
MGB335 Project Management

Fashion

Description: This co-major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB203 Consumer Cultures
KFB103 Introduction to Fashion
KFB106 Unspeakable Beauty: A History of Fashion and Style
KFB107 Drawing For Fashion
KFB205 Fashion and Style Journalism
KFB206 Fashion and Modernity
KFB207 Contemporary Fashion
KFB208 Fashion Portfolio
KFB209 Ragtrade: Wholesaling Fashion
KFB304 Fashion, Law and the Real World
KVB213 Graphic Investigation

Film, Television and Screen

Description: The aim of this co-major is to provide students with a range of understandings in the theory and practice of
film, television and screen. This study area
aims to enhance creative, technical and
organizational abilities as well as building story
telling and communication skills.
Assumed Knowledge: There is no specific prior
knowledge required as a prerequisite to
undertaking this co-major.

**Journalism, Media and Communication**

Description: This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

INB373 Web Application Development

Public Relations
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB201 Marketing and Audience Research
AMB202 Integrated Marketing Communication
AMB261 Media Relations and Publicity
AMB262 Public Relations Writing
AMB263 Public Relations Theory and Practice
AMB373 Corporate Communication
AMB374 Global Public Relations Cases
AMB379 Public Relations Campaigns
BSB126 Marketing

Transitions to New Professional Environments Units
A maximum of 48 credit points may be taken from the following units:

KKB341 Workplace Learning 1
KKB342 Workplace Learning 2
KKB343 Service Learning 1
KKB344 Service Learning 2
KKB345 Creative Industries Project 1
KKB346 Creative Industries Project 2
KKB347 Becoming A Researcher: Understandings, Skills and Practices
KKB348 Becoming A Researcher: Contexts, Protocols and Impact
KKB350 Creative Industries International Study Tour

Potential Careers:
Academic, Actor, Administrator, Advertising Professional, Animator, Art Writer, Artist, Arts Administrator, Banking and Finance Professional, Choreographer, Composer, Computer Games Developer, Creative Writer, Curator, D.J, Dance Teacher, Dancer, Digital Composer, Educator, Film Composer, Film/Television Producer, Government Officer, Human Resource Developer, Human Resource Manager, Information Officer, International Business Specialist, Internet Professional, Journalist, Market Research Manager, Marketing Officer/Manager, Media Industry Specialist, Multimedia Designer, Music Agent/Manager, Music Publisher, Music Sampler, Music Teacher, Music Technologist, Musical Director, Musician, Organisational Communication Specialist, Policy Officer, Post-production specialist, Public Relations Officer/Consultant, Publishing Professional, Recording Engineer, Song Writer, Sound and Music Producer, Sound Designer, Sound/Audio Engineer,
Stage Manager, Theatre Professionals, Web Designer.
**Bachelor of Business / Bachelor of Fine Arts (Creative and Professional Writing) (IX35)**

- **Year offered:** 2009
- **Admissions:** Yes
- **CRICOS code:** 064813M
- **Course duration (full-time):** 4 years
- **Domestic fees (indicative):** 2009: CSP $3,470 (indicative) per semester
- **International Fees (per semester):** 2009: $10,250 (indicative) per semester *(subject to annual review)*
- **Domestic Entry:** February
- **International Entry:** February
- **QTAC code:** 409432
- **Past rank cut-off:** 77
- **Past OP cut-off:** 77
- **Total credit points:** 384
- **Course coordinator:** Head, Undergraduate Studies (Creative Industries) - cfug@qut.edu.au; Dr Erica French (Business)
- **Discipline coordinator:** Prof Philip Neilson (Creative and Professional Writing); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
- **Campus:** Gardens Point and Kelvin Grove

**OP Guarantee**
The OP Guarantee does not apply to this course.

**Overview**
We have chosen a range of Bachelor of Fine Arts majors which lend themselves particularly well to a combination with business. You will build your creative practice in your fine arts major of fashion, interactive and visual design, drama, creative and professional writing or visual arts. You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be immersed in your fine arts major with 14 studio units, and have a broad creative industries perspective from the two foundation units. Your business degree component comprises eight business core units, and eight business major units.

**Course Structure**
This course is made up of 384 credit points. Each component (i.e. Business and Creative and Professional Writing) comprises 192 credit points.

**Professional Recognition**
Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
- *All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.*
- *Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).*
- *Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;*  
- *Economics: Economic Society of Australia (Queensland Division).*
- *Finance: Financial Services Institute of Australasia (FINSIA).*
- *Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;*  
- *International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;*  
- *Management - Australian Institute of Management;*  
- *Public Relations - Public Relations Institute of Australia.*

Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee does not apply to this course.

Overview
We have chosen a range of Bachelor of Fine Arts majors which lend themselves particularly well to a combination with business. You will build your creative practice in your fine arts major of fashion, interactive and visual design, drama, creative and professional writing or visual arts. You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be immersed in your fine arts major with 14 studio units, and have a broad creative industries perspective from the two foundation units. Your business degree component comprises eight business core units, and eight business major units.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Drama) comprises 192 credit points.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;

Campus: Gardens Point and Kelvin Grove

Additional Entry Requirements
Applicants are selected on the basis of their portfolio, interview and previous academic achievement. The due date to lodge a portfolio and additional materials to QUT was 17 October 2008. Late submissions will not be accepted.

Prospective international students should refer to the additional entry requirement information in the International Students section in the Creative Industries web site.

Overview
If you are interested in a career in the fashion industry, maximise your options by adding studies in business. This course consists of 16 creative industries units, where you will major in fashion, and 16 business units. The program is integrated so that you will study both creative industries and business units in each semester.

Your business degree will give you a broad base of commercial knowledge, and you will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

Career Outcomes
Opportunities in the fashion industry include fashion design, merchandising and marketing, fashion event management, or becoming a stylist. Options that use your business knowledge more include working behind the scenes in large fashion houses. Depending on your business major, you could help promote, control the finances or manage the strategic direction for your employer.

Professional Recognition
Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program). Institute of Chartered Accountants in Australia (ICAA) (enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Fashion) comprises 192 credit points.

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT's deferment policy does not apply to this course.

**Domestic student tuition fee (Dfee) places**

Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply with regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

### Course structure

#### Year 1, Semester 1
- KFB103 Introduction to Fashion

Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee does not apply to this course.

Overview
We have chosen a range of Bachelor of Fine Arts majors which lend themselves particularly well to a combination with business. You will build your creative practice in your fine arts major of fashion, interactive and visual design, drama, creative and professional writing or visual arts. You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be immersed in your fine arts major with 14 studio units, and have a broad creative industries perspective from the two foundation units. Your business degree component comprises eight business core units, and eight business major units.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Business and Interactive and Visual Design) comprises 192 credit points.

Professional Recognition
Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
* Advertising: Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
* Economics: Economic Society of Australia (Queensland Division).
* Finance: Financial Services Institute of Australasia (FINSIA).
* Human Resource Management: Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
* International Business: Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
* Management: Australian Institute of Management;
* Public Relations: Public Relations Institute of Australia.

Campus: Gardens Point and Kelvin Grove

Additional Entry Requirements
Applicants are selected on the basis of their portfolio, interview and previous academic achievement. The due date to lodge a portfolio and additional materials to QUT was 17 October 2008. Late submissions will not be accepted.

Prospective international students should refer to the additional entry requirement information in the International Students section in the Creative Industries web site.

Overview
We have chosen a range of Bachelor of Fine Arts majors which lend themselves particularly well to a combination with business. You will build your creative practice in your fine arts major of fashion, interactive and visual design, drama, creative and professional writing or visual arts. You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be immersed in your fine arts major with 14 studio units, and have a broad creative industries perspective from the two foundation units. Your business degree component comprises eight business core units, and eight business major units.

OP Guarantee
The OP Guarantee does not apply to this course.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Business and Visual Arts) comprises 192 credit points.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

**Potential Careers:**

Bachelor of Business / Bachelor of Journalism (IX36)

Year offered: 2009
Admissions: Yes
CRICOS code: 059598M
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,332 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409172
Past rank cut-off: 93
Past OP cut-off: 5
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and for accountancy, finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Head, Undergraduate Studies (Creative Industries) - cifug@qut.edu.au; Dr Erica French (Business)
Discipline coordinator: Professor Alan Knight (Journalism); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Overview
This four year professional course links Journalism with business studies and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects.

Career Outcomes
Journalism graduates are prepared for careers in both print and broadcast journalism. Opportunities also exist to become press secretaries and media officers. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs or political and social commentary. Your journalism degree will be of benefit even if you choose to pursue a career in business, as you will graduate with highly developed writing skills. Public relations students will find this particularly relevant in tasks such as editing trade and specialist publications, speech writing or in corporate communication roles.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division);
*Finance: Financial Services Institute of Australasia (FINSIA);
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
*Public Relations - Public Relations Institute of Australia.

* Some may depend on units completed.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Journalism) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, economics, finance, human resource management, international business, management, marketing, public relations.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.
## Course structure

### Year 1, Semester 1
- KKB101 Creative Industries: People and Practices
- KJB101 Digital Journalism
  - Business Faculty Core Unit
  - Business Faculty Core Unit

### Year 1, Semester 2
- KKB102 Creative Industries: Making Connections
- KCB103 Strategic Speech Communication
  - Business Faculty Core Unit
  - Business Faculty Core Unit

### Year 2, Semester 1
- KCB102 Media and Society: From Printing Press to Internet
- KJB120 Newswriting
  - Business Faculty Core Unit
  - Business Faculty Core Unit

### Year 2, Semester 2
- KPB101 Foundations of Film and Television Production
  - Choose either KKB175 (strongly recommended) or KJB337
- KKB175 Creative Industries Legal Issues
- KJB337 Public Affairs Reporting
  - Business Faculty Core Unit
  - Business Faculty Core Unit

### Year 3, Semester 1
- KJB121 Journalistic Inquiry
- KJB239 Journalism Ethics and Issues
  - Business Faculty Major Unit
  - Business Faculty Major Unit

### Year 3, Semester 2
- KJB222 Online Journalism 1
- KJB211 Layout and Design
  - Business Faculty Major Unit
  - Business Faculty Major Unit

### Year 4, Semester 1
- KJB224 Feature Writing
- KJB304 Sub-Editing
  - Business Faculty Major Unit
  - Business Faculty Major Unit

### Year 4, Semester 2
- KJB235 Radio and Television Journalism 1
  - Business Faculty Major Unit

---

## Business Faculty Major Unit

### Year 1 Semester 1
- Accountancy Major
  - BSB110 Accounting
  - BSB115 Management

### Year 1 Semester 2
- BSB123 Data Analysis
  - BSB126 Marketing

### Year 2 Semester 1
- BSB111 Business Law and Ethics
- BSB113 Economics

### Year 2 Semester 2
- AYB200 Financial Accounting
  - AYB225 Management Accounting

### Year 3 Semester 1
- EFB210 Finance 1
  - AYB221 Computerised Accounting Systems

### Year 3 Semester 2
- AYB219 Taxation Law
  - AYB340 Company Accounting

### Year 4 Semester 1
- AYB230 Corporations Law
- AYB321 Strategic Management Accounting

### Year 4 Semester 2
- AYB301 Audit and Assurance
- AYB311 Financial Accounting Issues

### Economics Major

### Year 1 Semester 1
- BSB113 Economics
  - BSB115 Management

### Year 1 Semester 2
- BSB124 Working in Business
  - BSB123 null

### Year 2 Semester 1
- BSB110 Accounting
  - BSB111 null

### Year 2 Semester 2
- EFB222 Quantitative Methods For Economics and Finance
  - EFB223 Economics 2
### Year 3 Semester 1
- EFB330 Intermediate Macroeconomics
- EFB331 Intermediate Microeconomics

### Year 3 Semester 2
Choice units or remaining Faculty Core Units
- EFB338 Contemporary Application of Economic Theory
  - Choice units or remaining Faculty Core Units

### Year 4 Semester 1
Choice units or remaining Faculty Core Units
- EFB335 Investments

### Year 4 Semester 2
- EFB312 International Finance
- EFB340 Finance Capstone

### Human Resource Management Major

#### Year 1 Semester 1
- BSB113 Economics
- BSB115 Management

#### Year 1 Semester 2
- BSB124 Working in Business
- BSB126 Marketing

#### Year 2 Semester 1
- BSB110 Accounting
- BSB111 Business Law and Ethics

#### Year 2 Semester 2
- BSB123 Data Analysis
- BSB119 Global Business

#### Year 3 Semester 1
- MGB207 Human Resource Issues and Strategy
- MGB220 Business Research Methods

#### Year 3 Semester 2
- MGB200 Leading Organisations
- MGB201 Contemporary Employment Relations

#### Year 4 Semester 1
- MGB331 Learning and Development in Organisations
- MGB339 Performance and Reward

#### Year 4 Semester 2
- MGB320 Recruitment and Selection
- MGB370 Personal and Professional Development

### Management Major

#### Year 1 Semester 1
- BSB113 Economics
- BSB115 Management

#### Year 1 Semester 2
- BSB124 Working in Business
- BSB126 Marketing

#### Year 2 Semester 1
- BSB110 Accounting
- BSB111 Business Law and Ethics

#### Year 2 Semester 2

Potential Careers:
Bachelor of Business / Bachelor of Mathematics (IX37)

Year offered: 2009
Admissions: Yes
CRICOS code: 059601K
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: $3,559 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419212
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. English: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48

Course coordinator: Dr Erica French (Business); Prof Erhan Kozan (Mathematics); Dr Helen Johnson (Assistant Course Coordinator - Mathematics)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)

Campus: Gardens Point

Career Opportunities
Graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Graduates of the Bachelor of Mathematics degree will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia, and depending on unit selection, the Australian Society of Operations Research.

Course Design
The course offers the opportunity to combine Mathematics with a business course.

This course is made up of 384 credit points. Each component (i.e. Business and Mathematics) comprises 192 credit points.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Mathematics Bursaries
Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded to Australian citizens or permanent residents on a competitive basis. Applications should be submitted by 1 December of the year preceding entry to the course. For further information see www.maths.qut.edu.au

Mathematics Units

Level 2 Units
MAB311 Advanced Calculus
MAB312 Linear Algebra
MAB313 Mathematics of Finance
MAB314 Statistical Modelling 2
MAB315 Operations Research 2
MAB413 Differential Equations
MAB414 Applied Statistics 2
MAB420 Computational Mathematics 2
MAB422 Mathematical Modelling
MAB461 Discrete Mathematics
MAB480 Introduction to Scientific Computation
MAB481 Visualisation and Data Analysis

Note: MAB311 Advanced Calculus and MAB312 Linear Algebra are mandatory units.

Level 3 Units - at least 4 units must be selected
MAB521 Applied Mathematics 3
MAB522 Computational Mathematics 3
MAB524 Statistical Inference
MAB525 Operations Research 3A
MAB533 Statistical Techniques
MAB536 Time Series Analysis
MAB613 Partial Differential Equations
MAB623 Financial Mathematics
MAB624 Applied Statistics 3
MAB625 Operations Research 3B
MAB640 Industry Project
MAB672 Advanced Mathematical Modelling
MAB681 Advanced Visualisation and Data Analysis

Note: MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics do not contribute to the mandatory 48 credit points minimum from Level 3 Mathematics units.

Potential Careers:
Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Computer Game Programmer, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Investment Manager, Market Research Manager, Mathematician, Quantitative Analyst, Risk Manager, Statistician, Stockbroker.
Bachelor of Arts/Bachelor of Business (for continuing students only) (IX38)

Year offered: 2009
Admissions: No
CRICOS code: 058278B
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,470 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: Course no longer available for admission
International Entry: Course no longer available for admission

QTAC code: Course no longer available for admission
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and for accountancy, finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Dr Iraphne Childs (Arts); Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)

Campus: Gardens Point and Kelvin Grove

Career Outcomes
Graduates of the Bachelor of Arts may find employment in policy development and analysis, social policy, research and project positions, international aid and trade, environment and heritage. Graduates of the Bachelor of Business may find employment as Accountants, Advertising Professionals, Banking and Finance Consultants, Economists, Human Resource Managers, International Business Specialists, Managers, Marketing Officers, Public Relations Officers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Economics: Economic Society of Australia (Queensland Division).
*International Business - Australian Institute of Export;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

BA Course Requirements - Commencing Students
Students are required to completed at least one of the five multidisciplinary majors (1 core introductory unit plus 6 units in the major). You will choose from International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies and Australian Studies.

As well as the multidisciplinary major, students may also wish to undertake a Discipline Major in one of the following: History, Geography and Environmental Studies, Languages (French, Indonesian, German, Japanese, or Mandarin), Sociology or Political Studies.

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may also wish to include:
- an Arts minor/s in any of the multidisciplinary or disciple majors (4 units)
- an approved university minor, or individual electives in another QUT course (up to 4 units)

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Discontinuation
This course has been discontinued.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC
offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Course is under review**

QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

Course coordinator: Dr Erica French (Business) Dr Ian Renshaw (Human Movement Studies)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Overview
This double degree combines training for careers in a range of exercise and sports science settings with the strength of general business theory and skills.

Why choose this course?
This double degree will prepare you for a career in the exercise, health, rehabilitation and sports science industries, where you will work with people from a variety of professions.

This course will provide you with the necessary theoretical background and practical skills obtained from a variety of practicum placements. Practicum locations can include rehabilitation and hospital clinics, family and community services, corporate health and fitness, local and state government agencies, universities and colleges, institutes of sport, and the health and fitness industry.

Career Options
The Bachelor of Applied Science (in Human Movement Studies) course provides skills for careers in a range of exercise and sports science settings such as corporate health and fitness, family and community services, the health and fitness industry, local and state government agencies, state sporting associations, rehabilitation clinics, institutes of sport, universities and colleges and personal training.

Your business degree will give you a broad base of commercial knowledge making you more attractive to employers, even if you wish to work predominantly in the health science area. You also have the opportunity to major in a specific business area. For more information on careers in business, please refer to the Faculty of Business prospectus or visit studyfinder.qut.com.

Professional Recognition
Graduates of the Bachelor of Applied Science (in Human Movement Studies) degree are eligible for membership of the Australian Association for Exercise and Sports Science (AAESS).

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division);
*Finance: Financial Services Institute of Australasia (FINSIA);
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
*Public Relations - Public Relations Institute of Australia.

Course Design
Students are required to complete 408 credit points comprised of 216 credit points from the Bachelor of Applied Science (in Human Movement Studies) program and 192 credit points from the Bachelor of Business program.

Recommended Study
Any of: Maths B or C, Chemistry, Physics, Biological Science, Health Education, Physical Education, or Health and Physical Education.

Other Course Requirements
There are additional costs associated with this course including the purchase of the practicum shirt (approximately
$50), the attainment of a current first aid certificate prior to commencement of year three and a Blue Card to work with children depending upon the practicum site. Attendance at the orientation camp is highly recommended though not compulsory (approximately $115).

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Find out more on deferment.

**Further Information**

For more information about this course, please contact the School of Human Movement Studies on +617 3138 3360 or email enquirieshms@qut.com

Campus: Gardens Point and Kelvin Grove

Overview
A double degree in business and psychology will prepare you to understand both the business and psychological forces that impact on organisations, both nationally and internationally. You will graduate with a solid understanding of human behaviour and how to apply this to organisational settings. You will also gain research and business skills that you can apply across a range of organisational and industrial situations.

Why choose this course
The course provides a thorough grounding in the scientific bases of psychology, and deals with the research and statistical methods used in the discipline. You will complete core subjects in development, personality, social psychology, psychological disorders, learning, memory and perception. There is also the opportunity to explore subjects in contemporary areas such as counselling and family therapy, forensic psychology, addictive behaviours and traffic psychology.

The course offers you the flexibility to choose a business major in the discipline that most interests you, for example, accountancy, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Your studies in business are built around a core of values that focus on employability and incorporate professional, business, as well as industry links. During your studies, you will be encouraged to undertake real-world projects to help you develop your skills.

You will also develop an understanding of society and high-level communication and social research skills that are valuable in a wide range of professions. While studying, you are exposed to the range of job opportunities in external organisations and industry and will be encouraged to undertake real-world projects.

Career options
You can choose to work in various careers in industry and the corporate world such as human resources and management, banking and finance, as well as marketing and accounting. With further psychology training, you would be eligible to work as an organisational or industrial psychologist. Graduates may also work in areas such as management, counselling, training and development.

Professional membership
The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC).

To pursue a career in a professional area of psychology, you must be registered with your State Registration Board. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology, followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the
Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

**Recommended Study**
Maths A, B or C for other majors.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaire, portfolio, audition, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Further Information**
For detailed information about this course, please call the School of Psychology and Counselling on +617 3138 4625 or email psyc.enquiries@qut.com

AMB264  Public Relations Techniques

Year 3 Semester 1
BSB111  Business Law and Ethics
AMB201  Marketing and Audience Research

Year 3 Semester 2
AMB372  Public Relations Planning
AMB373  Corporate Communication

Year 4 Semester 1
AMB374  Global Public Relations Cases
AMB375  Public Relations Management

Year 4 Semester 2
AMB379  Public Relations Campaigns
MGB223  Entrepreneurship and Innovation

Potential Careers:
Bachelor of Business (Study Area A)/
Bachelor of Information Technology 
(IX58)

Year offered: 2009
Admissions: Yes
CRICOS code: 059595C
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $4,022 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419202
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA), Maths A, B or C (4, SA)
Total credit points: 384
Course coordinator: Mr Richard Thomas (IT23), Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Study Areas
IX58 will not have nominated majors and minors and consequently there will not be a Study Area A shown on a graduateâs parchment. Instead, IX58 will have specialisations. The specialisation areas that will be available for students will include:
- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Course Description
This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

Entry Requirements
Year 12 or equivalent
Prerequisites: Nil
Assumed Knowledge: English (4, SA), Maths A, B or C (4, SA)
Primary Fields: B or C
Secondary Fields: B or C
OP Guarantee: Yes

International Students
English language requirements
In addition to the above academic entry requirements, international students must meet the Universityâs English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Pathways to Further Studies
In 2001, an accelerated Honours program was introduced to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Cooperative Education
The School of ITâs Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what youâre learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.
IT Breadth Option Unit List

**IT Breadth Option Units**

You must complete four (4) units from the following list. You should not commence these units until you have completed INB101, INB102, INB103 and INB104.

- INB120 Corporate Systems
- INB210 Databases
- INB220 Business Analysis
- INB250 Systems Architecture
- INB251 Networks
- INB270 Programming
- INB271 The Web
- INB272 Interaction Design

IT Specialisation Option Unit List

**IT Specialist Option Units**

You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. **Enterprise Systems:**
   - INB123 Project Management Practice
   - INB221 Technology Management
   - INB311 Enterprise Systems
   - INB312 Enterprise Systems Applications

2. **Web Technologies:**
   - INB313 Electronic Commerce Site Development
   - INB373 Web Application Development
   - INB374 Enterprise Software Architecture
   - INB385 Multimedia Systems
   - INB386 Advanced Multimedia Systems

3. **Business Process Management:**
   - INB320 Business Process Modelling
   - INB321 Business Process Management
   - INB322 Information Systems Consulting
   - INB323 Smart Services

4. **Information Management:**
   - INB330 Information Management
   - INB331 Management Issues for Info Professionals
   - INB332 Information Retrieval
   - INB333 Information Programs
   - INB334 Information Issues and Values
   - INB335 Information Resources
   - INB340 Database Design
   - INB341 Software Development With Oracle
   - INB342 Enterprise Data Mining
   - INB343 Advanced Data Mining and Data Warehousing

6. **Network Systems:**
   - INB350 Internet Protocols and Services
   - INB351 Computer Network Administration
   - INB352 Network Planning and Deployment
   - INB353 Wireless and Mobile Networks

7. **Software Engineering:**
   - INB370 Software Development
   - INB371 Data Structures and Algorithms
   - INB372 Software Engineering Principles
   - INB374 Enterprise Software Architecture

8. **Ungrouped:**
   - INB204 Special Topic 1
   - INB205 Special Topic 2
   - INB304 Special Topic 3
   - INB305 Special Topic 4
   - INB306 Project 1
   - INB307 Project 2
   - INB308 Project 3
   - INB355 Cryptology and Protocols
   - INB365 Systems Programming
   - INB380 Computational Intelligence for Control and Embedded Systems

9. **Digital Environments:**
   - INB345 Mobile Devices
   - INB346 Enterprise 2.0
   - INB347 Web 2.0 Applications
   - INB334 Information Issues and Values

Potential Careers:
Bachelor of Business/Bachelor of Corporate Systems Management (IX62)

Year offered: 2009
Admissions: Yes
CRICOS code: 063022F
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,884 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
International Entry: February
QTAC code: 419642
Past rank cut-off: 77
Past OP cut-off: 12
Assumed knowledge: English (4, SA) and Math A, B or C (4, SA)
Course coordinator: Dr Taizan Chan; Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both corporate systems management and business. In the Business component students complete a set of core units to provide a broad-based introduction to business principles and a major from the list below. In the corporate systems management component students are taught the interrelationship between information, technology, business and people. This component develops the knowledge and skills needed to understand and communicate business needs, select the right systems and integrate these systems to improve business performance. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

Majors: Business: accountancy; advertising; economics; finance; human resource management; international business; management; marketing; and public relations.

Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Further Information
Please contact the Course Co-ordinator Dr Taizan Chan (07)3138 2782 or enquiry.scitech@qut.edu.au

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
* Economics: Economic Society of Australia (Queensland Division).
* Finance: Financial Services Institute of Australasia (FINSIA).
* Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
* International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
* Management - Australian Institute of Management;
* Public Relations - Public Relations Institute of Australia.

Campus: Gardens Point

Course overview

In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both business and games and interactive entertainment. In the Business component students complete a set of core units to provide a broad-based introduction to business principles and a major from the list below. In the games and interactive entertainment component students complete core units in introductory design, games studies, professional skills and basic programming and then choose a major from the list below. In final year, students participate in a major group project to produce a significant piece of work using PC, mobile devices, consoles or virtual reality. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

 Majors: Business: accountancy; advertising; economics; finance; human resource management; international business management; marketing; and public relations. Games and Interactive Entertainment: Animation and computational arts; digital media; game design; and software technologies.

Cooperative Education Program

The School of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you're learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UniTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Career Outcomes

Business graduates work in diverse roles in the private and public sectors in areas such as accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing and public relations.

Professional Recognition

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA), enrolment in the CA Program);
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division);
*Finance: Financial Services Institute of Australasia (FINSIA);
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
*Public Relations - Public Relations Institute of Australia.

Unit Incompatibility/Translation Information

Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table

If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code.

Yes

Overview
This course offers you a range of options in combining business knowledge with practical skills and a contextual understanding of media and communication.
This combination of media and communication with a business major in advertising, marketing or public relations provides proven professional outcomes in media sales, media marketing and promotions, and in media planning/buying for advertising agencies.
An international business major will equip you with an understanding of the cultural, financial and regulatory issues involved in doing business across borders. Alternatively you may choose to study another of the business professions to diversify your career options.
You will undertake two creative industries foundation units and 14 specialist units in media and communication. Your business degree component comprises eight business core units, and eight business major units.

Career Outcomes
Through the combination of Media and Communication with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration/marketing, managing or balancing the books for creative projects and businesses.

The combination of media and communication with advertising, marketing or public relations provides proven professional outcomes in media sales, media marketing and promotions, and in media planning/buying for advertising agencies. You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise. Please refer to the Faculty of Business prospectus to find out more about the business majors.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Business and Media and Communication) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, economics, finance, human resource management, international business, management, marketing, public relations.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units and 168 credit points from the Media and Communication major.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia

**Potential Careers:**
Bachelor of Business / Bachelor of Laws (IX71)

Year offered: 2009
Admissions: Yes
CRICOS code: 066414K
Course duration (full-time): 5.5 years
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July* (*Subject to availability)
QTAC code: 419222
Past rank cut-off: 91
Past OP cut-off: 6
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and for accountancy, economics, finance and marketing majors: Mathematics A, B or C (4, SA)

Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 48
Course coordinator: Dr Erica French (Business); Dr Bill Dixon (Law)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

OP Guarantee
The OP Guarantee will apply to this course.

Career Outcomes
The defining nature of the QUT Bachelor of Laws is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the LLB the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career opportunities include private practice as a barrister and/or solicitor; work in government departments; employment as an in-house lawyer; and a range of other occupations.

Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. Graduates of the Human Resource Management major can expect to find employment in the public and private sectors in all areas of human resource management including recruitment, training and development, international staffing, industrial relations, pay systems and strategic human resources planning.

The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments, and public sector careers in foreign economic relations. Management graduates may also find employment in commercial and industrial firms, banks, insurance companies, federal, state and local government agencies, small business and in management consultancies.

Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers.

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia (FINSAIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.
Course Design
Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

For the Business component, students undertake 7 Faculty core units and one major consisting of nine units.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

### Potential Careers:

Master of Advertising (Creative Advertising) (IX96)

Year offered: 2009
Admissions: Yes
CRICOS code: 048322G
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (indicative): 2009: Full fee tuition $7,250 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February/July
International Entry: February/July
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Helen Klaebe
Discipline coordinator: Ms Louise Grayson
Campus: Gardens Point and Kelvin Grove

Creative Advertising
Creative Advertising is an interfaculty course related to a specific field of study that requires strong practical capabilities, and students need to gain technical skills in this field. To achieve this, students who do not hold a bachelor degree will be offered a choice of undergraduate and postgraduate options that are specifically designed to build the technical skills required in Creative Advertising.

Creative Advertising Study Area
The real world of advertising involves strategy, planning and creativity. If you are looking to freshen up your skills or to move into advertising, a unique suite of units offered by the Creative Industries and Business faculties provides you with an opportunity to do both.

You will develop your skills in copywriting, art direction, creative campaign production and production management within a theoretical perspective of advertising management. The program has a strong applied component, and you will develop your creative skills across print media, television, radio, direct mail and the digital domain.

You will graduate with a portfolio of creative material developed through project work for real-world clients and internships at masters level.

To graduate with a Master of Advertising (Creative Advertising), students are required to successfully complete 144 credit points, as specified in the course structure below. Advanced standing of up to 48 credit points towards the coursework component of Advertising (Creative Advertising) is available to students who have completed undergraduate studies in Advertising (Creative Advertising).

Course Structure
This course provides the opportunity for students to develop skills in copywriting, art direction, creative campaign production, and production management. These skills will be applied across print media, television, radio, direct mail and the Internet.

Entry Requirements
A bachelor degree with an overall grade point average of 5.0 or above (on a 7-point scale). Applicants without the requisite entry requirements may be considered for special entry. Please contact the Creative Industries Faculty for more information.

OVERVIEW

The Creative Industries Faculty at QUT is a global leader in the development and evolution of the creative industries. The Faculty provides opportunities for students to discover possibilities they may never have imagined, and position themselves for future careers they could never have predicted – across a dynamic range of industry sectors.

The Faculty nurtures unique links with government and industry, and has strong associations with the three Federal Government funded and industry-supported research centres co-located at the Creative Industries Precinct. Together, we are a hub for leading research which produces innovative, real-world outcomes, and contributes to the ongoing development of the creative industries and creative practice. Some of the leading thinkers in the creative industries are drawn here to teach, theorise, research and create bold works of the imagination.

Creative Industries study areas include:

- Acting
- Animation
- Communication Design
- Creative Writing
- Dance
- Drama
- Fashion
- Film and Television
- Journalism
- Media and Communication
- Music
- Sound Design
- Technical Production
- Visual Arts.

The Faculty offers the following undergraduate degree programs:

- Bachelor of Fine Arts degrees are designed predominantly for the practitioner-artist, and characterised by intense studio and/or project-based practice
- The unique interdisciplinary nature of the Bachelor of Creative Industries degree provides diverse knowledge, creativity and practical skills with the flexibility to choose a combination of creative industries study areas
- Bachelor of Journalism
- Bachelor of Media and Communication
- Bachelor of Music

The Faculty’s new range of postgraduate coursework programs embed the latest in global thinking about the creative industries, allowing students to gain practical creative skills while developing entrepreneurial and project management abilities. Graduate certificates and masters programs are available in a range of postgraduate study areas. Our unique Doctor of Creative Industries offers a professional doctoral qualification for those who wish to locate their research in and around the workplace.

Postgraduate research is applied in nature and encourages collaborative and interdisciplinary approaches creating innovative partnerships between students, academics, industry experts and sponsors. Practice-led research allows artist-researchers to make original contributions to the store of knowledge about their discipline by placing creative practice at the centre of the design, conduct and reporting of their research projects.

RESEARCH CENTRES
QUT’s Creative Industries Faculty is at the forefront of pioneering international research initiatives in creative industries policy, applied creative industries research, digital media design and the creative and performing arts. The Faculty partners with industry, government and the community through funded grants, research consultancy and joint ventures to interrogate real-world problems and provide solutions.

The Faculty’s research themes are:

Fundamental research in Creative Industries and Innovation
This theme seeks to identify from first principles the nature of creative innovation, and show how the concept has evolved from an early focus on creative industries as a sector of the knowledge economy to more recent attention to creative innovation as an enabling component of the overall economic system; the place where economic and cultural values meet.

Research areas:
- Industry policy research in the Creative Industries in Australia, the UK and China
- Chinese media and the media of the Asian region
- Pure research in art and design focussed around modernity, the arts, design, fashion, architecture and design, and literature
- Digital social networks and social network markets
- Reconceptualising humanities based research in culture, creativity and innovation, leading to new interdisciplinary possibilities in law, business, education and the sciences.

Research methodologies for the Creative Industries
This theme develops and tests new ways of undertaking research, ways which are congenial to the demands of creative practice, participatory development, applied intervention and critical reflection.

Research areas:
- Practice-led research in visual and performing arts
- Ethnographic Action Research (EAR) in development projects
- Communicative ecologies as a conceptual framework for media and communication in context
- Evaluation strategies for arts-led research projects for social innovation

New modes of engagement and creative practices
This theme seeks to re-contextualise and hybridise traditional media and art-form practices for emerging technological, cultural and service contexts.

Research areas:
- Computational arts
- User-led content creation and ‘vernacular’ creativity
- Journalism including citizen journalism and new media
- Computer games research and design
- Digital storytelling
- Community Media
- Music Interactions Through Online Networks

New tools, technologies, and performance interfaces
This theme investigates the new methods, platforms and interfaces which constitute new media applications for the creative society.

Research areas:
- Performance innovation
- Game environments and mobile media for location based games and mobile media
- Creative writing and writing for performance
- Live coding a/v performance and generative content creation
- Sonification and visualisation strategies for interactive and museum-based works
- Creativity and the arts in health and wellbeing

New models of creative enterprise and management
This research theme connects creative entrepreneurship with innovation strategies and emerging legal and IP frameworks to create new business models for the Creative Industries.

Research areas:
- Music production technology
- The sustainable 21st Century Orchestra
- Film and television production and scriptwriting

Research at the Creative Industries Faculty is boosted through its association with the Australasian Cooperative Research Centre for Interaction Design (ACID) and Australian Research Council Centre of Excellence for Creative Industries and Innovation, which are co-located at the Creative Industries Precinct.

The Creative Industries Faculty is also the lead agency in the Institute for Creative Industries and Innovation (iCi) which is a multi-faculty research institute at QUT. iCi combines researchers and PhD students from Creative Industries, Business, Information Technology, Education, Law, Built Environment and Engineering, and QUT Carseldine in groundbreaking research and commercialisation ventures.
Bachelor of Journalism/Bachelor of Business (Advertising, International Business, Public Relations) (IF05)

Year offered: 2009
Admissions: No
CRICOS code: 040312G

Standard credit points per full-time semester: 48 (Years 1 & 2); 60 (Years 3 & 4)
Course coordinator: Associate Professor Adrian Thomas (Creative Industries); Mr Andrew Paltridge (Business)
Discipline coordinator: Professor Alan Knight (Journalism); Dr Gayle Kerr (Advertising); Mr Simon Ridings (International Business); Ms Robina Xavier (Public Relations)
Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX36 Bachelor of Business/Bachelor of Journalism. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Overview
This four-and-a-half year professional course links Journalism with business studies in Advertising, International Business or Public Relations and is the choice of about one-third of commencing journalism students. In addition to the all-media journalism subjects, students cover a broad range of business subjects and specialise in advertising, public relations, globalisation, international business development or global economics.

Career Outcomes
Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers. Journalism graduates are prepared for careers in both print and broadcast journalism, and opportunities also exist to become press secretaries and media officers.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
* International Business - Australian Institute of Export;
* Public Relations - Public Relations Institute of Australia.

The Journalism degree is recognised by the Australian Journalists Association section of the Media Entertainment and Arts Alliance.

Course Design
Students are required to complete 432 credit points, comprised of 240 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Journalism program.

For the Business component, students must complete the 96 credit point Faculty Core Units together with a 72 credit point Major and a further 72 credit points in which the student must complete one of the following: Double Major, Extended Major or Specialisation.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:
* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

### Semester 1 Units

#### Creative Writing & Cultural Studies
- KPB207 Film and Television Scriptwriting
- KWB101 Introduction to Creative Writing
- KWB102 Media Writing
- KWB103 Persuasive Writing
- KWB104 Creative Writing: The Short Story
- KWB107 Creative Non-Fiction
- KWB207 Great Books: Creative Writing Classics
- KWB208 Modern Times (Literature and Culture in the 20th Century)
- KWB209 Shakespeare, Then and Now
- KWB308 Wonderlands: Literature and Culture in the 19th Century

#### Dance
- KDB105 Architecture of the Body
- KDB108 World Dance
- KDB110 Deconstructing Dance in History

#### Fashion
- KFB103 Introduction to Fashion
- KFB107 Drawing For Fashion
- KFB206 Fashion and Modernity
- KFB208 Fashion Portfolio
- KFB209 Ragtrade: Wholesaling Fashion

#### Film & Television
- KPB102 Film History
- KPB106 Australian Television
- KPB202 Film and Television Business Skills: Entrepreneurship and Investment
- KPB203 Australian Film
- KPB303 Critical Thinking About Television

#### Interactive and Visual Design
- KIB101 Visual Communication
- KIB105 Animation and Motion Graphics
- KIB201 Concept Development for Game Design and Interactive Media

#### Journalism
- KJB101 Digital Journalism
- KJB120 Newswriting
- KJB121 Journalistic Inquiry
- KJB224 Feature Writing
- KJB239 Journalism Ethics and Issues

#### Media & Communication
- KCB101 Communication in the New Economy
- KCB102 Media and Society: From Printing Press to Internet
- KCB103 Strategic Speech Communication
- KCB201 New Media 1: Information and Knowledge
- KCB302 Political Communication

#### Music & Sound
- KMB003 Sex Drugs Rock 'n' roll
- KMB004 World Music
- KMB104 Music and Sound Skills
- KMB105 Music and Sound Technology
- KMB108 Sound Recording and Acoustics

#### Performance Studies
- KSB215 Visual Theatre Design
- KTB101 20th Century Performance
- KTB103 Performing Skills 1: Character and Scene
- KTB204 Understanding Performance
- KTB210 Creative Industries Management
- KTB211 Creative Industries Events and Festivals

#### Transition to New Professional Environments*
- KKB341 Workplace Learning 1
- KKB342 Workplace Learning 2
- KKB343 Service Learning 1
- KKB344 Service Learning 2
- KKB345 Creative Industries Project 1
- KKB346 Creative Industries Project 2
- KKB347 Introductory Research 1

#### Visual Arts
- KVB102 Modernism
- KVB104 Photomedia and Artistic Practice
- KVB105 Drawing for Design
- KVB110 2D Media and Processes
- KVB212 Australian Art, Architecture and Design
- KVB213 Graphic Investigation
- KVB304 Contemporary Art Issues

University Diploma in Creative Industries (IF06)

Year offered: 2009
Admissions: Yes
CRICOS code: 064626C
Course duration (full-time): 2 semesters
International Fees (per semester): 2009: $7,725 (indicative) per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Abbreviation
UnivDipCI

Entry Requirements - Academic
Successful completion of senior high school with the required grades. Students can find more country specific entry requirements at the following web site: http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL iBT Overall score of 69 (at least 18 in reading and writing and 17 or more in listening and speaking) or TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (N.B. Students should also check visa requirements).

Description
The University Diploma in Creative Industries, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Mass Communication and a range of Creative Industries degrees (see list below). In this program, students study six faculty units as well as two units of Communication which have been designed to support their other units. Student who successfully complete the University Diploma in Creative Industries earn full academic credit for eight units, and articulate to the second year of their chosen degree, except for Bachelor of Fine Art (Film and Television) for which one semester credit only is awarded. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) in all units.

Progression
Requirements for a guaranteed place in the following QUT Bachelors degrees:

i) have an IELTS score of 6.5 or its equivalent
ii) fulfill the Diploma course requirements, and
iii) Gain a Grade Point Average (GPA) for particular courses, as indicated below:

Students who successfully complete the University Diploma of Creative Industries and meet the respective faculty requirements will receive up to one year's advanced standing and be guaranteed a place in one of the available bachelor programs from the Creative Industries Faculty. 96 credit points of advanced standing with 4 semesters to complete* (GPA of at least 4.0)

IF27 - Bachelor of Mass Communication
KK33 - Bachelor of Creative Industries

72 credit points of advanced standing with 5 semesters to complete* (GPA of at least 4.0)

KC30 - Bachelor of Media and Communication

KK33 - Bachelor of Creative Industries

72 credit points of advanced standing with 5 semesters to complete* (GPA of at least 4.5)

KJ32 - Bachelor of Journalism
KK34 - Bachelor of Fine Arts (Creative and Professional Writing)
KK34 - Bachelor of Fine Arts (Drama)
KK34 - Bachelor of Fine Arts (Interactive and Visual Design)
- replaces Bachelor of Creative Industries (Communication Design)

72 credit points of advanced standing with 6 semesters to complete* (GPA of at least 4.5)

KK34 - Bachelor of Fine Arts (Animation)
KK34 - Bachelor of Fine Arts (Film, TV, and New Media Production)

* Students may receive an additional 24 credit points of advanced standing depending on the elective units undertaken in the Diploma program and the Bachelor's degree they select.

Note: In order to maximise advanced standing, University Diploma in Creative Industries students should select Business units as electives, which, in conjunction with Professional Communication 1 and Professional Communication 2, will comprise a Business minor.

Course coordinator: Head, Undergraduate Studies ugenq.ci@qut.edu.au (Creative Industries); Dr. William Dixon Director, Undergraduate Programs (Law)
Discipline coordinator: Professor Alan Knight (Creative Industries)
Campus: Gardens Point and Kelvin Grove

Overview
This five-year double degree in journalism and law is in high demand. It combines the practical skills and understanding of the journalism industry with the skills to work as a legal practitioner.

Career Outcomes
outcomes Graduates may find work in private practice as a barrister or legal practitioner, practise in law-related government departments or within large companies as in-house lawyers. Journalism opportunities are the same as those for graduates of the Bachelor of Journalism. See page 30 for more information.

Course Structure
The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points of Journalism-related units and 24 credit points of elective units.

The Law component is made up of 336 credit points of law subjects.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal Practitionersâ and Barristersâ Admission Rules. QUTâs journalism degree is recognised by the Australian Journalistsâ Association (AJA) section of the Media, Entertainment and Arts Alliance (MEAA).

OP Guarantee
The OP Guarantee does not apply to this program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Course structure

Year 1, Semester 1
The Law School is currently reviewing the law components of this course to continue to meet the needs of students and employers. As a result this program may change in 2009 and is subject to final approval.

**Potential Careers:**
Barrister, Crown Law Officer, In-House Lawyer, Information Officer, Journalist, Media Industry Specialist, Public Relations Officer/Consultant, Public Servant, Publishing
Bachelor of Creative Industries (Media and Communication)/Bachelor of Laws (IF10)

Year offered: 2009
Admissions: No
CRICOS code: 040288C
Course duration (full-time): 5 years
Domestic fees (indicative): 2009: CSP $3,795 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409192
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 48 (Seminesters 3,4,5,6,9+10), 60 (Seminesters 1,2,7+8)
Course coordinator: Creative Industries: Head, Undergraduate Studies (ugenq.ci@qut.edu.au); Dr William Dixon Director Undergraduate Law Programs
Discipline coordinator: Creative Industries: Professor Alan Knight
Campus: Gardens Point and Kelvin Grove

Overview
Media outlets operate in a regulatory environment in which changes occur rapidly and constantly. In an era where there is increasing public scrutiny of our media, the need for legal practitioners with specific media awareness has never been greater. This five-year double degree combines practical skills and contextual understanding of the media and communication industries with the skills to work as a legal practitioner.

Career Outcomes
Graduates may choose to use their combined skills to work in-house for media outlets, regulatory bodies, or in law firms with specialist interests in the media. As a lawyer you may find work in private practice as a barrister or legal practitioner, practise in law-related government departments or within large companies as in-house lawyers. Media and communication opportunities are similar to those for graduates of the Bachelor of Creative Industries (Media and Communication) course.

Course Structure
The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from the Media and Communication major and 24 credit points of elective units.

The Law component is made up of 336 credit points of law subjects.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal Practitioners and Barristers Admission Rules.

OP Guarantee
The OP Guarantee does not apply to this program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Course coordinator: Head, Undergraduate Studies (cifug@qut.edu.au)
Discipline coordinator: Professor Alan Knight (Media & Communication, and Journalism); Ms Jeanette McGown (Television); Dr Gayle Kerr (Advertising); Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Overview
This course is a joint offering by the faculties of Creative Industries and Business, designed to capitalise on the dynamic area of mass communication and the challenges faced by organisations in the digital age.

The flexible program design includes areas of study from both faculties, providing professional skills in areas such as international journalism, television, media and communication, advertising and public relations.

Career Outcomes
Graduates obtain employment in a wide variety of public and private sector organisations. Potential employment opportunities include careers as a public relations consultant, media planner, copywriter, corporate communication manager, specialist journalist, media production specialist, media adviser or event manager.

Professional Recognition
Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Advertising Institute of Australia (AIA) and the Society of Business Communicators (SBC).

Course Design
Students commencing the Bachelor of Mass Communication must complete 24 units of equal weighting totalling 288 credit points comprised of:
- Faculty Core (six faculty core units)
- Major Core (two majors of six units each) and
- Electives (six units).

Although studies can be tailored to meet a specific career goal or create a wide variety of career choices, there is a set of recommended combinations of majors. Students are not required to take these combinations, however they do represent the more common and logical choices within a mass communication qualification.

The recommended combinations are:
- Public Relations and International Journalism
- Public Relations and Media and Communication
- Advertising and Television
- International Journalism and Media and Communication.

Why choose this course?
The combined expertise of these faculties gives you a unique opportunity to foster your skills in creative, technical and business communication. You can tailor your studies to meet a specific career goal or to create a wide variety of career choices.

You will complete two majors â some recommended combinations are: public relations and international journalism; advertising and media and communication; advertising and television; international journalism and media and communication.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Creative Industries Minors

INSTRUCTIONS FOR MINORS

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

3D Visualisation

- KIB203 Introduction to 3D Computer Graphics
- KIB225 Character Development, Conceptual Design and Animation Layout
- KIB316 Virtual Environments
- KIB325 Real-Time 3D Computer Graphics

Advertising

- AMB220 Advertising Theory and Practice
- AMB318 Advertising Copywriting
- AMB319 Media Planning
- BSB126 Marketing
- AMB200 Consumer Behaviour

Animation

- KIB105 Animation and Motion Graphics
- KIB108 Animation History and Practices
- KVB105 Drawing for Design

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:

* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any
pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

Semester 1 Units

Creative Writing & Cultural Studies
- KPB207 Film and Television Scriptwriting
- KWB101 Introduction to Creative Writing
- KWB102 Media Writing
- KWB103 Persuasive Writing
- KWB104 Creative Writing: The Short Story
- KWB107 Creative Non-Fiction
- KWB207 Great Books: Creative Writing Classics
- KWB208 Modern Times (Literature and Culture in the 20th Century)
- KWB209 Shakespeare, Then and Now
- KWB308 Wonderlands: Literature and Culture in the 19th Century

Dance
- KDB105 Architecture of the Body
- KDB108 World Dance
- KDB110 Deconstructing Dance in History

Fashion
- KFB103 Introduction to Fashion
- KFB107 Drawing For Fashion
- KFB206 Fashion and Modernity
- KFB208 Fashion Portfolio
- KFB209 Ragtrade: Wholesaling Fashion

Film & Television
- KPB102 Film History
- KPB106 Australian Television
- KPB202 Film and Television Business Skills: Entrepreneurship and Investment
- KPB203 Australian Film
- KPB303 Critical Thinking About Television

Interactive and Visual Design
- KIB101 Visual Communication
- KIB105 Animation and Motion Graphics
- KIB201 Concept Development for Game Design and Interactive Media

Journalism
- KJB101 Digital Journalism

KJB120 Newswriting
KJB121 Journalistic Inquiry
KJB224 Feature Writing
KJB239 Journalism Ethics and Issues

Media & Communication
- KCB101 Communication in the New Economy
- KCB102 Media and Society: From Printing Press to Internet
- KCB103 Strategic Speech Communication
- KCB201 New Media 1: Information and Knowledge
- KCB302 Political Communication

Music & Sound
- KMB003 Sex Drugs Rock 'n' roll
- KMB004 World Music
- KMB104 Music and Sound Skills
- KMB105 Music and Sound Technology
- KMB108 Sound Recording and Acoustics

Performance Studies
- KSB215 Visual Theatre Design
- KTB101 20th Century Performance
- KTB103 Performing Skills 1: Character and Scene
- KTB204 Understanding Performance
- KTB210 Creative Industries Management
- KTB211 Creative Industries Events and Festivals

Transition to New Professional Environments*
- KKB341 Workplace Learning 1
- KKB342 Workplace Learning 2
- KKB343 Service Learning 1
- KKB344 Service Learning 2
- KKB345 Creative Industries Project 1
- KKB346 Creative Industries Project 2
- KKB347 Introductory Research 1

Visual Arts
- KVB102 Modernism
- KVB104 Photomedia and Artistic Practice
- KVB105 Drawing for Design
- KVB110 2D Media and Processes
- KVB212 Australian Art, Architecture and Design
- KVB213 Graphic Investigation
- KVB304 Contemporary Art Issues

Semester 2 Units

Creative Writing & Cultural Studies
- KPB207 Film and Television Scriptwriting
- KWB102 Media Writing

- * KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

**Potential Careers:**
- Advertising Professional, Creative Writer, Government Officer, Guidance Officer, Information Officer, International Business Specialist, Internet Professional, Journalist, Marketing Officer/Manager, Media Industry Specialist,
Organisational Communication Specialist, Policy Officer,
Public Relations Officer/Consultant, Public Servant,
Publishing Professional, Web Designer.
Doctor of Philosophy (Creative Industries) (IF49)

Year offered: 2009
Admissions: Yes
CRICOS code: 006367J

Course duration (full-time): minimum 24mths (with research masters) or minimum 30mths (with honours)
Course duration (part-time): minimum 36mths (with research masters) or minimum 42mths (with honours)

Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged: 2009: $6,720 per semester (indicative)
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)

Domestic Entry: Anytime
International Entry: Anytime
Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Brad Haseman
Campus: Gardens Point and Kelvin Grove

Entry Requirements
A relevant first or second class division A (upper division) honours degree
OR
an appropriate research masters degree
OR a coursework masters with a significant research component.

Course Structure
You may study full time or part time as either an internal or external candidate. External students must include an on campus period of study each year.

Course structure

Full-time structure, research only
Full-time students undertaking research but no coursework units enrol in:
IFR100 Full-Time Masters Research

Full-time structure, research + coursework units
Full-time students who are undertaking approved coursework units in addition to their research as part of their Doctoral enrolment should enrol in a combination of the following units, totalling as close as possible (without exceeding) 48 credit points:
IFR300 Doctoral Research
IFR302 Doctoral Research
IFR303 Doctoral Research

Part-time structure, research only
Part-time students undertaking research but no coursework units enrol in:
IFR200 Part-Time Doctoral Research

Part-time structure, research + coursework units
Part-time students who are undertaking approved coursework units in addition to their research as part of their Doctoral enrolment should enrol in a combination of the following units, totalling as close as possible (without exceeding) 24 credit points:
IFR302 Doctoral Research

Part-time structure, for students with extensions of time
In instances where a candidate has exceeded the normal course duration and an extension has been approved, enrol in:
IFR201 Part-Time Doctoral Research (Extension)
Bachelor of Creative Industries / Bachelor of Laws (IF93)

Year offered: 2009
Admissions: No
CRICOS code: 040289B
Course duration (full-time): 5 Years
Domestic fees (indicative): 2009: CSP $3,332 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)

Total credit points: 528
Standard credit points per full-time semester: 48 (Semesters 3, 4, 5, 6, 9, 10) 60 (Semesters 1, 2, 7, 8)
Course coordinator: Creative Industries - Head, Undergraduate Studies. Dr. William Dixon Law - Director, Undergraduate Programs
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee will apply to this program.

Overview
Your creative industries major will provide you with an up-to-date insight into the creative economy and an appreciation of interdisciplinarity and creative collaboration. You will also complete a creative industries second major from one of art and design history; creative and professional writing; dance; digital media; drama; fashion; film, television and screen; interactive and visual design; journalism, media and communication; or literary and cultural studies.

The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills that meet the needs of the legal profession, government, business and industry. In developing the Law degree the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Why choose this course?
This course allows you to combine your creative interest with your law qualification. Whether you choose to work in the legal fraternity or within the creative industries, you will graduate with a unique set of skills that will enhance your employment options.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal Practitionersâ and Barristersâ Admission Rules.

Career Outcomes
Graduates may use their combined skills to work in-house as a lawyer for cultural institutions, government or regulatory bodies, or in law firms with specialist interests in the creative industries. Alternatively, you may work in the legal environment as a solicitor, barrister or in-house lawyer.

If you choose to pursue a creative career, your legal knowledge will be of benefit in the process of commissioning projects, creative industries administration and contract negotiation.

Course Structure
The Law School is currently reviewing the law components of this course to continue to meet the needs of students and employers. As a result this program may change in 2009 and is subject to final approval. From 2009 the Bachelor of Creative Industries will offer the Interdisciplinary study area only. The Creative Writing study area will continue for students currently enrolled in this course.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

Graduate Certificate in Advertising (IF94)

Year offered: 2009
Admissions: Yes
CRICOS code: 048325E
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $8,250 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Helen Klaebe (Creative Industries); Dr Amanda Gudmundsson (Business)
Discipline coordinator: Ms Louise Grayson (Creative Industries), Bill Proud (Business)
Campus: Gardens Point and Kelvin Grove

Overview
Creative Advertising is an interfaculty course related to a specific field of study that requires strong practical capabilities, and students need to gain technical skills in this field. To achieve this, students who do not hold a bachelor degree will be offered a choice of undergraduate and postgraduate options that are specifically designed to build the technical skills required in Creative Advertising.

Course Structure
To graduate with a Graduate Certificate in Advertising, students are required to successfully complete 48 credit points, as specified in the course structure below. Creative Advertising is an interfaculty course related to a specific field of study that requires strong practical capabilities, and students need to gain technical skills in this field. To achieve this, students who do not hold a bachelor degree will be offered a choice of undergraduate and postgraduate options that are specifically designed to build the technical skills required in Creative Advertising.

Entry Requirements
A bachelor degree with an overall grade point average of 4.5 or above (on a 7-point scale).

Applicants for IX96 Master of Advertising (Creative Advertising) without a bachelor degree, with a bachelor degree with a grade point average of less than 4.5, or with a diploma from TAFE or an appropriate non-university private provider, may be required to enrol in the Graduate Certificate, with the possibility of articulation into the Masters degree if they achieve a grade point average of 4 or above in the Graduate Certificate.

Special Entry Requirements
Applicants who have an undergraduate degree with a GPA below 4, or who do not have a degree or formal qualifications, but have extensive work experience in the advertising industry may be eligible for special entry. Such applicants may be required to attend a selection interview and present a portfolio of work.

Potential Careers:
Advertising Professional.
Bachelor of Music/Bachelor of Education (Secondary) (Continuing Students Only) (IX07)

Year offered: 2009
Admissions: No
CRICOS code: 020319M
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,594 (indicative)
per semester
International Fees (per semester): 2009: $10,500
(indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 429182
Past rank cut-off: Admission to course is based on
audition, interview and previous academic achievement.
Please refer to Additional Entry Requirements.
Past OP cut-off: Admission to course is based on audition,
interview and previous academic achievement. Please refer
to Additional Entry Requirements.
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of
a year of full-time vocational or tertiary study. For further
information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54
(average). (Note that the minimum enrolment for full-time
status varies each year).
Course coordinator: Creative Industries: Associate
Professor Adrian Thomas; Education Coordinator: Dr Mal
Shield
Discipline coordinator: Music: Mr Greg Jenkins
Campus: Kelvin Grove and Carseldine

Professional Recognition
Graduates are eligible for registration as teachers in
Queensland through the Queensland College of Teachers.
Graduates looking for employment in other parts of Australia
and overseas may be required to meet additional
conditions.

Career Outcomes
Graduates teach instrumental or classroom Music in
secondary and primary schools.

Working With Children Check
Working With Children Check - As required by the
Commission for Children and Young People and Child
Guardian Act (2000), student teachers must undergo a
criminal history check and be issued with a Suitability Card
(Blue Card) by the Commission.

As soon as you enter your enrolment program for the
course, you must submit your Blue Card application to the
QUT Student Centre immediately. You must hold a Blue
Card to undertake activities in any unit which involves
contact with children, including the required field studies
blocks.

If you do not apply for a Blue Card, immediately upon
enrolment in the course and allow sufficient time for the
police check and issuing of the Card, you will be unable to
participate in the required activities and may need to be
withdrawn from the unit(s) and incur both financial and
academic penalty. It may take up to 12 weeks for the
Commission to issue the Card. The application form is
available at bluecard.qut.com.

### Potential Careers:

Educator, Music Teacher, Musician, Secondary School Teacher.
Bachelor of Creative Industries (Dance)/Bachelor of Education (Secondary) (Continuing Students Only) (IX16)

Year offered: 2009  
Admissions: No  
CRICOS code: 056189G  
Course duration (full-time): 4 years  
Domestic fees (indicative): 2009: CSP $2,594 (indicative) per semester  
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)  
Domestic Entry: February  
International Entry: February  
QTAC code: 429162  
Past rank cut-off: Admission to course is based on audition and previous academic achievement. Please refer to Additional Entry Requirements.  
Past OP cut-off: Admission to course is based on audition and previous academic achievement. Please refer to Additional Entry Requirements.  
Assumed knowledge: English (4, SA)  
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
Total credit points: 432 cp  
Standard credit points per full-time semester: 54 cp ave  
Course coordinator: (Creative Industries) Associate Professor Adrian Thomas; (Education) Dr Mal Shield  
Discipline coordinator: Rachel Pedro  
Campus: Kelvin Grove  

Overview  
This double degree qualifies you to teach dance in Australian secondary schools. In the first two years you will study the technique and philosophy of a number of dance styles plus dance analysis, history and sociology, dance composition and basic kinesiology and alignment. Students generally participate in a daily class of various styles. In addition to Dance, you will study a second teaching area, choosing from Drama, Music, English, Film and Media, Geography, History and Languages. In the final two years you concentrate on teacher preparation.  

Additional Entry Requirements  
Applicants are selected on the basis of their audition and previous academic achievement. The final date to register for an audition and submit additional materials to QUT was 07 September 2007. Late registrations and submission of materials will not be accepted.  

OP Guarantee  
The OP Guarantee does not apply to this course.  

Career Outcomes  
Graduates of this course are qualified to teach in secondary education with a specialisation in Dance. Graduates may wish to explore the avenues of performance, freelance choreography, dance research and administration.  

Professional Recognition  
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check  
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.  

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card. to undertake activities in any unit which involves contact with children, including the required field studies blocks.  

If you do not apply for a Blue Card. immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.  

Computing Requirement  
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.  

Domestic student tuition fee (Dfee) places  
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.  

Deferment  
QUT’s deferment policy does not apply to this course.
Dance STA in English, Film & Media, Geography, History or LOTE

Semester 1, Year 1

Creative Industries Core Unit - List A
KDB103 Dance Technique Studies 1

General
This four-year double degree qualifies you to teach Drama in schools in Australia and overseas. In the first two years you will undertake units in Drama, blending practice with theoretical concepts strongly focused on developing artistic, organisational and communication skills. In addition to Drama, you study a second teaching area selected from Dance, Music, Visual Art, English, Film and Media Studies, Geography, History and Languages. In the second two years you will concentrate on teacher preparation, equipping yourself through drama curriculum units with the skills necessary to be an effective drama educator.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Graduates are employed as Drama teachers in secondary schools, work with the State Government in education, or as education officers with performing arts companies and in youth arts.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

- **EDB005** Teaching and Learning Studies 5: Professional Work of Teachers
- **EDB034** Secondary Field Studies 4
- **EDB035** Internship (Secondary)
- **EDB007** Culture Studies: Indigenous Education

### Potential Careers:

Actor, Community Education Officer, Drama Teacher, Educator, English Teacher, Music Teacher, Secondary School Teacher, Stage Manager, Teacher, Theatre Professionals, Visual Arts Teacher.
Bachelor of Creative Industries (Visual Arts)/Bachelor of Education (Secondary) (IX16)

Year offered: 2009
Admissions: No
CRICOS code: 056189G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,594 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 429152
Past rank cut-off: Admission to course is based on portfolio and previous academic achievement. Please refer to Additional Entry Requirements.
Past OP cut-off: Admission to course is based on portfolio and previous academic achievement. Please refer to Additional Entry Requirements.
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432 cp
Standard credit points per full-time semester: 54 cp ave
Course coordinator: (Creative Industries) A/Prof Adrian Thomas; (Education) Dr Mal Shield
Discipline coordinator: Mr Mark Webb
Campus: Kelvin Grove

General
This four-year double degree qualifies you to teach as an art teacher in Australian secondary schools. In the first two years you will undertake practical and theoretical introductory studies about artistic ideas, concepts and aesthetic judgements as well as working in two- and/or three-dimensional media. Studio areas include Painting, Printmaking, and Sculpture with supporting areas of Drawing and Photography. Students study a second teaching area selected from Dance, Drama, Music, English, Film and Media Studies, Geography, History and Languages. In the final two years you will concentrate on teacher preparation, equipping yourself through art curriculum units with the skills to be an effective art educator.

Additional Entry Requirements
Applicants are selected on the basis of their portfolio and previous academic achievement. Applicants will be able to obtain the Visual Arts Application Guide online via addentry.qut.com or by phoning QUT Creative Industries Faculty on 07 3138 8114 in mid July. The final date to lodge the portfolio and other required materials to QUT is 19 October 2007. A $33 service fee applies; applicants applying for more than one Visual Arts course are required to pay only one service fee of $33.

OP Guarantee
The OP Guarantee does not apply to this course.

Career Outcomes
Graduates work as art teachers in secondary schools, are employed by State Government in education, as education officers with community art projects and in youth arts.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment
QUT's deferment policy does not apply to this course.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth
Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

#### Curriculum Studies 3
- KTB203 Drama Curriculum Studies 3

### Second Teaching Area Units

#### English (48 credit points)
- Required Unit
  - CLB320 Studies In Language
- Up to 12 credit points from Introductory Level Units:
  - KCB102 Media and Society: From Printing Press to Internet
  - KWB108 Introduction To Literary Studies
- No less than 24 credit points from Advanced Level Units
  - CLB321 Writing Workshop
  - CLB322 Literature In Secondary Teaching
  - CLB323 Teaching Adolescent Literature
  - KWB109 Writing Australia
  - KWB206 Youth and Children's Writing
  - KWB308 Wonderlands: Literature and Culture in the 19th Century
  - KWB208 Modern Times (Literature and Culture in the 20th Century)
  - KWB309 Popular Fictions, Popular Culture
  - KWB209 Shakespeare, Then and Now

#### Film and Media (48 credit points)
- Required Units
  - KPB101 Foundations of Film and Television Production
  - KPB108 Media Text Analysis
- No less than 24 credit points from:
  - KPB102 Film History
  - KPB103 Film Genres
  - KPB104 Film and Television Production Resource Management
  - KPB105 Narrative Production
  - KPB106 Australian Television
  - KPB203 Australian Film
  - KPB205 Documentary Theory and Practice

#### Geography (48 credit points)
- Up to 24 credit points from Introductory Units
  - HHB127 Environment And Society
  - HHB107 World Regions
  - HHB251 Australian Resource Management
- No less than 24 credit points from Advanced Units
null
Note: Students should seek to select units from each of areas of Australian, Asian, European and the Ancient World. Students should check with QUT Carseldine Faculty on availability of units.

Potential Careers:
Art Project Manager, Artist, Arts Administrator, Curator, Dance Teacher, Drama Teacher, Educator, Media Industry Specialist, Multimedia Designer, Music Teacher, Secondary School Teacher, Teacher, Visual Artist, Visual Arts Teacher, Web Designer.
Bachelor of Creative Industries / Bachelor of Information Technology (IX27)

Year offered: 2009
Admissions: No
CRICOS code: 059227E
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,332 (indicative) per semester
International fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
QTAC code: 409872
Past rank cut-off: 74
Past OP cut-off: 13
Assumed knowledge: English (4, SA), and for games technology and security majors, Maths B (4, SA), or for all other majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: IT: Mr Richard Thomas; Creative Industries: Head, Undergraduate Studies (ugenq.ci@qut.edu.au)
Campus: Gardens Point and Kelvin Grove

Overview
This four-year program gives you the opportunity to allow your creative side to shine through as it complements your technical information technology skills. The integrated program consists of 16 creative industries units and 16 information technology units so that you will study both creative industries and information technology units in each semester. You will choose one information technology major from business systems engineering, databases, electronic business, games technology, information and knowledge management, information systems, information technology management, intelligent systems, security, network systems, software architecture, or web services and applications.

The Bachelor of Creative Industries emphasises the use of technology through digital media and film production in the interdisciplinary major. You can choose a creative industries Second major that will build complementary skill sets, such as digital media or film, television and screen. Alternatively, you may choose a creative industries area of interest to diversify your IT studies.

Creative Industries Second majors include art and design history; creative and professional writing; dance; digital media; fashion; film, television and screen; interactive and visual design; journalism; media and communication; literary and cultural studies.

Course Update
From semester one, 2009 this course will not be available for continuing students. New students - please refer to IX56. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Career Outcomes
The creative industries Second majors in this double degree have been specifically chosen for their relevance to careers in information technology. You will undertake the Bachelor of Creative Industries interdisciplinary major as well as one creative industries second major. Your information technology degree component comprises eight core units and and eight units in your information technology major.

You will learn creative and technical skills within a contextual framework, so you will be well placed to build your career in digital product and new media strategy.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Information Technology) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 168 credit points from Creative Industries interdisciplinary units. The Information Technology component is made up of 120 credit points of Faculty core units and 72 credit points of units from an IT major.

Professional Recognition
Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

OP Guarantee
The OP Guarantee does not apply to this course.

Deferral
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Further Information
For information regarding the IT component of this degree, please contact the Course Coordinator, Mr Richard Thomas.
Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code

IX27 - Bachelor of Creative Industries/Bachelor of Information Technology Course structure

Course Structure 2009
From semester one, 2009 this course will not be available for commencing students. IX27 will only be available for continuing students. New students - please refer to IX56. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Creative Industries Second Majors

INSTRUCTIONS FOR SECOND MAJORS/CO-MAJORS

*From 2009 Co-Majors have been renamed Second Majors

Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a second major or co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these second major or co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these second majors or co-majors and/or minors. Any unit(s) that appear in multiple second major or co-majors and/or minors can only contribute towards the completion of one of these second major or co-majors or minors.

Advertising

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB220 Advertising Theory and Practice

Art and Design History

Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will
assist in preparing you for work as a professional in these disciplines.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

DAB325 Architecture in the 20th Century
DAB420 Architecture, Culture and Space
DEB102 Introducing Design History
KVB102 Modernism
KVB103 Australian Art
KVB108 Contemporary Asian Visual Culture
KVB211 Post 1945 Art
KVB212 Australian Art, Architecture and Design
KVB304 Contemporary Art Issues
KVB306 Video Art and Culture

Communication Design

*continuing students only

Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KIB101 Visual Communication
KIB102 Visual Interactions
KIB103 Introduction to Web Design and Development
KIB104 Digital Media
KIB205 Programming for Visual Designers and Artists
KIB214 Design for Interactive Media
KIB216 Advanced Web Design
KIB230 Interface and Information Design

Creative and Professional Writing

Description: The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB106 Corporate Writing and Editing
KWB107 Creative Non-Fiction
KWB206 Youth and Children's Writing
KWB207 Great Books: Creative Writing Classics
KWB211 Stylistics and Poetics
KWB303 Writing and Publishing Industry
KWB313 Novel and Memoir

Dance

Description: This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.

Assumed Knowledge: Previously acquired knowledge or skill IS required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

KDB103 Dance Technique Studies 1
KDB104 Dance Technique Studies 2
KDB105 Architecture of the Body
KDB106 Dance Analysis
KDB107 Choreographic Studies 1
KDB108 World Dance
KDB109 Funk, Tap and all that Jazz
KDB110 Deconstructing Dance in History
KDB204 Australian Dance
KDB205 Dance in Education
KDB225 Music Theatre Skills

Digital Media

Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
**Drama**

Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

- **KTB101** 20th Century Performance
- **KTB103** Performing Skills 1: Character and Scene
- **KTB104** Performance Innovation
- **KTB106** Performing Skills 2: Style and Form
- **KTB204** Understanding Performance
- **KTB207** Staging Australia
- **KTB210** Creative Industries Management
- **KTB211** Creative Industries Events and Festivals
- **KTB305** The Entrepreneurial Artist
- **KTB306** Directing for Performance Events and Festivals

**Entrepreneurship**

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

- **AMB230** Digital Promotions
- **AMB240** Marketing Planning and Management
- **AMB251** Innovation and Brand Management
- **BSB115** Management, People and Organisations
- **BSB126** Marketing
- **EFB210** Finance 1
- **IBB213** International Marketing
- **MGB207** Human Resource Issues and Strategy
- **MGB216** Managing Technology, Innovation and Knowledge
- **MGB324** Managing Business Growth
- **MGB222** Managing Organisations
- **MGB223** Entrepreneurship and Innovation
- **MGB335** Project Management

**Film, Television and Screen**

Description: The aim of this co-major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organizational abilities as well as building story telling and communication skills.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

- **KPB101** Foundations of Film and Television Production
- **KPB102** Film History
- **KPB104** Film and Television Production Resource Management
- **KPB105** Narrative Production
- **KPB106** Australian Television
- **KPB107** Television’s Greatest Hits

Journalism, Media and Communication
Description: This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB102 Media and Society: From Printing Press to Internet
OR
KJB101 Digital Journalism
KJB120 Newswriting
KCB104 Media and Communications Industries
KJB121 Journalistic Inquiry
KCB103 Strategic Speech Communication

AMB335 E-Marketing Strategies
AMB340 Services Marketing
AMB341 Strategic Marketing
BSB126 Marketing

Mathematics

Description: This co-major aims to provide you with powerful tools for the analysis of today’s complex world and give an insight into many real-world problems of significant importance.

Assumed Knowledge: Maths B (if you do not have this you should include MAB105 as one of your first units)

MAB100 Mathematical Sciences 1A
MAB101 Statistical Data Analysis 1
MAB111 Mathematical Sciences 1B
MAB112 Mathematical Sciences 1C
MAB210 Statistical Modelling 1
MAB311 Advanced Calculus
MAB312 Linear Algebra
MAB314 Statistical Modelling 2

Online Environments

INB104 Building IT Systems
Choose 3 of the following units (INB122 and INB210 cannot both be taken)
INB122 Organisational Databases
INB210 Databases
INB270 Programming
INB271 The Web
INB272 Interaction Design
Choose 4 of the following INB 300-level units
INB313 Electronic Commerce Site Development
INB322 Information Systems Consulting
INB340 Database Design
INB345 Devices in the Wild
INB346 Web 2.0
INB370 Software Development
INB373 Web Application Development

Public Relations

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB201 Marketing and Audience Research

Creative Industries Minors

Instructions for Minors

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

3D Visualisation

Campus: Gardens Point and Kelvin Grove

Career Outcomes

Through the combination of creative industries with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration/marketing, managing or balancing the books for creative projects and businesses.

Some combinations are particularly complementary in building related skill sets, for example digital media with advertising, television producing with marketing, or creative and professional writing with public relations. Alternatively, you may be interested in pursuing a professional business career, such as accounting, finance or human resource management within a creative environment.

You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise in the performance, visual or production arts. Please refer to the Faculty of Business prospectus to find out more about the business majors.

Overview

This program consists of 16 creative industries units and 16 business units which are integrated so that you will study units from both areas each semester. You will undertake the Bachelor of Creative Industries major units as well as one creative industries second major from art and design history; creative and professional writing; dance; digital media; drama; fashion; film; television and screen; interactive and visual design; journalism; media and communication; or literary and cultural studies.

Your business degree provides you with a broad base of business knowledge, and you will choose a major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Creative Industries) comprises 192 credit points.

The Business component is made up of 96 credit points of Faculty core units and 96 credit points of units from a Business major.

The Business majors are accountancy, advertising, economics, finance, human resource management, international business, management, marketing, public relations.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units and 168 credit points from the Creative Industries major.

Professional Recognition

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;

*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program); Institute of Chartered Accountants in Australia (ICAA) (enrolment in the CA Program);

*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;

*Economics: Economic Society of Australia (Queensland Division);

*Finance: Financial Services Institute of Australasia (FINSIA);

*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;

*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;

*Management - Australian Institute of Management;

*Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing
Association;
*Public Relations - Public Relations Institute of Australia.

**Public Relations - Public Relations Institute of Australia.**

**OP Guarantee**
The OP Guarantee does not apply to this course.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Domestic student tuition fee (Dfee) places**
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Creative Industries Second Majors

INSTRUCTIONS FOR SECOND MAJORS/CO-MAJORS

*From 2009 Co-Majors have been renamed Second Majors
Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a second major or co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these second major or co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these second majors or co-majors and/or minors. Any unit(s) that appear in multiple second major or co-majors and/or minors can only contribute towards the completion of one of these second major or co-majors or minors.

Advertising

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.
- AMB200 Consumer Behaviour
- AMB220 Advertising Theory and Practice
- AMB221 Advertising Copywriting
- AMB319 Media Planning
- AMB320 Advertising Management
- AMB339 Advertising Campaigns
- AMB330 Advertising Planning Portfolio
- BSB126 Marketing

Animation

- KIB105 Animation and Motion Graphics
- KIB108 Animation History and Practices
- KIB203 Introduction to 3D Computer Graphics
- KIB225 Character Development, Conceptual Design
and Animation Layout

KIB316 Virtual Environments
KIB325 Real-Time 3D Computer Graphics
KVB105 Drawing for Design
KVB106 Drawing for Animation

Art and Design History
Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

DAB325 Architecture in the 20th Century
DAB420 Architecture, Culture and Space
DEB102 Introducing Design History
KVB102 Modernism
KVB103 Australian Art
KVB108 Contemporary Asian Visual Culture
KVB211 Post 1945 Art
KVB212 Australian Art, Architecture and Design
KVB304 Contemporary Art Issues
KVB306 Video Art and Culture

Communication Design
*continuing students only
Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KIB101 Visual Communication
KIB102 Visual Interactions
KIB103 Introduction to Web Design and Development
KIB104 Digital Media
KIB205 Programming for Visual Designers and Artists
KIB214 Design for Interactive Media
KIB216 Advanced Web Design

KIB230 Interface and Information Design

Creative and Professional Writing
Description: The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB106 Corporate Writing and Editing
KWB107 Creative Non-Fiction
KWB206 Youth and Children's Writing
KWB207 Great Books: Creative Writing Classics
KWB211 Stylistics and Poetics
KWB303 Writing and Publishing Industry
KWB313 Novel and Memoir

Dance
Description: This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.

Assumed Knowledge: Previously acquired knowledge or skill IS required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

KDB103 Dance Technique Studies 1
KDB104 Dance Technique Studies 2
KDB105 Architecture of the Body
KDB106 Dance Analysis
KDB107 Choreographic Studies 1
KDB108 World Dance
KDB109 Funk, Tap and all that Jazz
KDB110 Deconstructing Dance in History
KDB204 Australian Dance
KDB205 Dance in Education
KDB225 Music Theatre Skills
Digital Media

Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
OR
KJB101 Digital Journalism
KCB104 Media and Communications Industries
OR
KPB106 Australian Television
KCB201 New Media 1: Information and Knowledge
KCB202 New Media 2: Applications and Implications
KCB203 Consumer Cultures
KIB101 Visual Communication
KIB103 Introduction to Web Design and Development
KVB306 Video Art and Culture

Drama

Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KTB101 20th Century Performance
KTB103 Performing Skills 1: Character and Scene
KTB104 Performance Innovation
KTB106 Performing Skills 2: Style and Form
KTB204 Understanding Performance
KTB207 Staging Australia
KTB210 Creative Industries Management
KTB211 Creative Industries Events and Festivals
KTB305 The Entrepreneurial Artist
KTB306 Directing for Performance Events and Festivals

Entrepreneurship

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB230 Digital Promotions
AMB240 Marketing Planning and Management
AMB251 Innovation and Brand Management
BSB115 Management, People and Organisations
BSB126 Marketing
EFB210 Finance 1
IBB213 International Marketing
MGB207 Human Resource Issues and Strategy
MGB216 Managing Technology, Innovation and Knowledge
MGB324 Managing Business Growth
MGB222 Managing Organisations
MGB223 Entrepreneurship and Innovation
MGB335 Project Management

Fashion

Description: This co-major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB203 Consumer Cultures
KFB103 Introduction to Fashion
KFB106 Unspeakable Beauty: A History of Fashion and Style
KFB107 Drawing For Fashion
KFB205 Fashion and Style Journalism
KFB206 Fashion and Modernity
KFB207 Contemporary Fashion
KFB208 Fashion Portfolio
KFB209 Ragtrade: Wholesaling Fashion
KFB304 Fashion, Law and the Real World
KVB213 Graphic Investigation

Film, Television and Screen

Description: The aim of this co-major is to provide students with a range of understandings in the theory and practice of
film, television and screen. This study area aims to enhance creative, technical and organizational abilities as well as building story telling and communication skills.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KPB101 Foundations of Film and Television Production
KPB102 Film History
KPB104 Film and Television Production Resource Management
KPB105 Narrative Production
KPB106 Australian Television
KPB107 Television's Greatest Hits
KPB108 Media Text Analysis

Journalism, Media and Communication
Description: This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB102 Media and Society: From Printing Press to Internet
OR
KJB101 Digital Journalism
KJB120 Newswriting
KCB104 Media and Communications Industries
KJB121 Journalistic Inquiry
KCB103 Strategic Speech Communication
KJB224 Feature Writing
KJB239 Journalism Ethics and Issues
KFB205 Fashion and Style Journalism
OR
KJB280 International Journalism
KCB301 Media Audiences
KCB302 Political Communication
KCB304 Managing Communication Resources
OR
KJB337 Public Affairs Reporting

Literary Studies
Description: The aims of this co-major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to
undertaking this co-major.

**KWB108 Introduction To Literary Studies**

**KWB109 Writing Australia**

**KWB206 Youth and Children's Writing**

**KWB207 Great Books: Creative Writing Classics**

**KWB208 Modern Times (Literature and Culture in the 20th Century)**

**KWB209 Shakespeare, Then and Now**

**KWB308 Wonderlands: Literature and Culture in the 19th Century**

**KWB309 Popular Fictions, Popular Culture**

**Marketing**

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**AMB200 Consumer Behaviour**

**AMB201 Marketing and Audience Research**

**AMB202 Integrated Marketing Communication**

**AMB240 Marketing Planning and Management**

**AMB335 E-Marketing Strategies**

**AMB340 Services Marketing**

**AMB341 Strategic Marketing**

**BSB126 Marketing**

**Mathematics**

Description: This co-major aims to provide you with powerful tools for the analysis of today's complex world and give an insight into many real-world problems of significant importance.

Assumed Knowledge: Maths B (if you do not have this you should include MAB105 as one of your first units)

**MAB100 Mathematical Sciences 1A**

**MAB101 Statistical Data Analysis 1**

**MAB111 Mathematical Sciences 1B**

**MAB112 Mathematical Sciences 1C**

**MAB210 Statistical Modelling 1**

**MAB311 Advanced Calculus**

**MAB312 Linear Algebra**

**MAB314 Statistical Modelling 2**

**Online Environments**

**INB104 Building IT Systems**

Choose 3 of the following units (INB122 and INB210 cannot both be taken)

**INB122 Organisational Databases**

**INB210 Databases**

**INB270 Programming**

**INB271 The Web**

**INB272 Interaction Design**

Choose 4 of the following INB 300-level units

**INB313 Electronic Commerce Site Development**

**INB308 Wonderlands: Literature and Culture in the 19th Century**

**INB309 Popular Fictions, Popular Culture**

**INB322 Information Systems Consulting**

**INB340 Database Design**

**INB345 Devices in the Wild**

**INB346 Web 2.0**

**INB370 Software Development**

**INB373 Web Application Development**

**Public Relations**

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**AMB201 Marketing and Audience Research**

**AMB202 Integrated Marketing Communication**

**AMB261 Media Relations and Publicity**

**AMB262 Public Relations Writing**

**AMB263 Public Relations Theory and Practice**

**AMB373 Corporate Communication**

**AMB374 Global Public Relations Cases**

**AMB379 Public Relations Campaigns**

**BSB126 Marketing**

**Transitions to New Professional Environments Units**

A maximum of 48 credit points may be taken from the following units:

**KKB341 Workplace Learning 1**

**KKB342 Workplace Learning 2**

**KKB343 Service Learning 1**

**KKB344 Service Learning 2**

**KKB345 Creative Industries Project 1**

**KKB346 Creative Industries Project 2**

**KKB347 Becoming A Researcher: Understandings, Skills and Practices**

**KKB348 Becoming A Researcher: Contexts, Protocols and Impact**

**KKB350 Creative Industries International Study Tour**

**Potential Careers:**

Academic, Actor, Administrator, Advertising Professional, Animator, Art Writer, Artist, Arts Administrator, Banking and Finance Professional, Choreographer, Composer, Computer Games Developer, Creative Writer, Curator, D.J, Dance Teacher, Dancer, Digital Composer, Educator, Film Composer, Film/Television Producer, Government Officer, Human Resource Developer, Human Resource Manager, Information Officer, International Business Specialist, Internet Professional, Journalist, Market Research Manager, Marketing Officer/Manager, Media Industry Specialist, Multimedia Designer, Music Agent/Manager, Music Publisher, Music Sampler, Music Teacher, Music Technologist, Musical Director, Musician, Organisational Communication Specialist, Policy Officer, Post-production specialist, Public Relations Officer/Consultant, Publishing Professional, Recording Engineer, Song Writer, Sound and Music Producer, Sound Designer, Sound/Audio Engineer,
Stage Manager, Theatre Professionals, Web Designer.

Applicants are selected on the basis of their portfolio, interview and previous academic achievement. The due date to lodge a portfolio and additional materials to QUT was 17 October 2008. Late submissions will not be accepted.

Prospective international students should refer to the additional entry requirement information in the International Students section in the Creative Industries web site.

Overview
If you are interested in a career in the fashion industry, maximise your options by adding studies in business. This course consists of 16 creative industries units, where you will major in fashion, and 16 business units. The program is integrated so that you will study both creative industries and business units in each semester.

Your business degree will give you a broad base of commercial knowledge, and you will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

Career Outcomes
Opportunities in the fashion industry include fashion design, merchandising and marketing, fashion event management, or becoming a stylist. Options that use your business knowledge more include working behind the scenes in large fashion houses. Depending on your business major, you could help promote, control the finances or manage the strategic direction for your employer.

Professional Recognition
Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Management - Australian Institute of Management; Australian Institute of Purchasing;
*International Business - Australian Human Resources Institute, Institute of Training and Development, Australian Institute of Management;
*Finance: Financial Services Institute of Australasia (FINSIA). 
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management; 
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Course Design
This course is made up of 384 credit points. Each component (i.e. Business and Fashion) comprises 192 credit points.

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT’s deferment policy does not apply to this course.

**Domestic student tuition fee (Dfee) places**

Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.
