Total credit points: 528
Standard credit points per full-time semester: 48 (6 semesters) 60 (4 semesters)
Course coordinator: Human Movement Studies: Dr Ian Renshaw; Nutrition and Dietetics: Dr Susan Ash
Campus: Kelvin Grove

Overview
This double degree program will prepare you as a multi-skilled professional who meets current requirements for employment as a nutritionist/dietitian, and in a range of exercise and sports science professions. At present, the demand for sports nutritionists is growing rapidly and there is a growing field in the area of rehabilitation science for people with dual qualifications.

Why choose this course?
This double degree will prepare you for a career in the exercise, health, rehabilitation, nutrition and dietetics, and sports science industries, where you will work with people from a variety of professions.

This course will provide you with the necessary theoretical background, complemented by practical skills obtained from a variety of practicum placements. Practicum locations can include placements in rehabilitation and hospital clinics, family and community services, corporate health and fitness, local and state government agencies, universities and colleges, institutes of sport, or the health and fitness industry. Opportunities exist to pursue these practicum placements at local, state, national and international locations.

Career Outcomes
Career settings include rehabilitation and hospital clinics, family and community services, corporate health and fitness, local and state government agencies, universities and colleges, institutes of sport, health and fitness industry, and personal training.

Professional Membership
Graduates are eligible for membership of the Dietitians Association of Australia (DAA), and may enrol in the Accredited Practising Dietitian (APD) program. Graduates are also eligible for professional membership of the Australian Association of Exercise and Sports Science (AAESS) with specialist accreditation as exercise physiologists.

Honours
A degree with honours may be awarded to a student who has recorded outstanding achievement in a component of the double degree program.

Other Course Requirements
There are additional costs associated with this course including the purchase of the practicum shirt (approximately $50), attainment of a current first aid certificate prior to the commencement of your third year, and a Blue Card to work with children depending upon the practicum site. Attendance at the orientation camp is highly recommended though not compulsory (approximately $115).

Students who are required to undertake placements off-campus may incur additional costs (for example travel and accommodation). Hepatitis B vaccination is required before placement in Queensland Health facilities.

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course.

Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.
Undergraduate domestic full fee places (Dfee) are not available in this course.

Find out more on Dfee.

**Overview**

This course has been replaced by HL24 Bachelor of Exercise and Movement Science/ Bachelor of Behavioural Science (Psychology) from first semester 2010.

Continuing students will complete their course requirements in HL45 Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Behavioural Science (Psychology).

This course develops skills and knowledge in exercise and sports science and psychology to understand the exercise response when working in the areas of health, rehabilitation and sport. On completion of this double degree, students have the option to apply for an additional year of study in psychology, in order to gain provisional registration as a psychologist.

**Career options**

Graduates of this course may find employment in exercise and sports science settings, the health and fitness industry, government agencies, state sporting associations, rehabilitation clinics, institutes of sport, health rehabilitation.

**Professional recognition**

Graduates are eligible for professional membership of the Australian Association for Exercise and Sports Science (AAESS).

The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council. To pursue a career in a professional area of psychology you must be registered with your state registration board. This currently involves completing a fourth year of study in psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as a Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

**Other course requirements**

Students must be issued with a blue card prior to having contact with children. For more information see bluecard.qut.com

**Further information**

For detailed information about this double degree, please contact the School of Human Movement Studies - email hms.enquiries@qut.edu.au - or the School of Psychology and Counselling - email psych.enquiries@qut.edu.au - or phone +617 3138 4520

Bachelor of Nursing/Bachelor of Health Science (Public Health) (HL46)

Year offered: 2009
Admissions: Yes
CRICOS code: 031576C
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $3,534 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 425282
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Ms Jo Ramsbotham (Nursing); Ms Melinda Service (Public Health)
Campus: Kelvin Grove

Overview
This double degree will prepare you as a multi-skilled professional who meets current requirements for employment in the area of nursing and is able to apply knowledge of public health.

Why choose this course?
Graduates of this double degree develop skills the complementary areas of nursing and public health. Not only are graduates eligible for Queensland Nursing Council registration, but they also develop skills in public health areas such as Indigenous health, population health problems and risk factors for illness.

Career Options
Graduates will find employment in various health care settings or health promotion agencies.

Nursing graduates are in high demand and have excellent employment opportunities in a variety of health care settings. Nurses are in demand all over the world and QUT nursing graduates have been successful in obtaining employment overseas, including in Britain, New Zealand and North America.

Professional Membership
The Bachelor of Nursing is recognised by the Royal College of Nursing, Australia as satisfying the academic requirements for admission as a professional member. It is also an accredited nursing preregistration course of the Queensland Nursing Council (QNC). For further information on QNC registration visit www.qnc.qld.gov.au. Graduates are also eligible for membership of the Public Health Association of Australia and the Australian Association of Health Promotion Professionals (AAHPP).

Other Course Requirements
The clinical practice units require you to undertake block practicums of two or more weeks duration during semester. You will be required to wear a uniform while on clinical practice at a cost of approximately $150. As part of the nursing program, you will be required to complete a course of vaccinations for Hepatitis B before commencing your clinical practice units. You will also be required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

Total cost for uniform, footwear, first aid certificate and Hepatitis B vaccination is approximately $500.

Students undertaking a clinical placement in a Queensland Health facility are required to complete "The Essentials" component of the student orientation package, available on the Queensland Health website.

blue card Students must undergo a criminal history check and be issued with a Blue Card prior to undertaking clinical practice in an organisation which may involve contact with children and young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Overview
This double degree program prepares graduates to meet current requirements for a nursing career and also provides the skills to deal with situations where a knowledge of human behaviour would be an advantage eg in a counselling environment. On completion of this program, students have the option to apply for a fourth year program in psychology, in order to gain provisional registration as a psychologist.

Career options
Graduates of this course may find employment in a range of health care settings

Professional recognition
This course is recognised by the Royal College of Nursing, Australia (RCNA) as satisfying the academic requirements for admission as a professional member. The Bachelor of Nursing is an accredited nursing pre-registration course of the Queensland Nursing Council (QNC). For further information on registration requirements please visit www.qnc.qld.gov.au

The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council. To pursue a career in a professional area of psychology you must be registered with your state registration board. This currently involves completing a fourth year of study in psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as a Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Other course requirements
Students must be issued with a blue card prior to having contact with children. For more information visit bluecard.qut.com

Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Health Science (Public Health) (HL48)
Year offered: 2009
Admissions: Yes
CRICOS code: 059711D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,440 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 425142
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 396
Standard credit points per full-time semester: 48 (one semester has 60 credit points)
Course coordinator: Dr Ian Renshaw (HMS component) and Ms Melinda Service (Public Health component)
Campus: Kelvin Grove

Overview
This double degree program will prepare you as a multi-skilled professional who will have an understanding of exercise and sports science and public health. Graduates may work in the area of physical activity to develop policy and programs to improve the health of the public and to help prevent and manage chronic disease.

The human movement studies component develops skills for careers in health and wellness, clinical health, fitness and rehabilitation, workplace health, fitness and safety. Teaching clinics give students practical experience in various areas such as activity and weight management, health and fitness, and exercise prescription.

The public health component provides the knowledge and skills to address major health issues both nationally and internationally with a focus on assessment of a population’s health needs and strategies to meet them. Students gain an understanding of health care planning, community health, health promotion, the health needs of Indigenous Australians and project management.

Why choose this course?
With the percentage of the Australian population with preventable chronic diseases such as diabetes, obesity and heart disease growing, there is a demand for graduates who can use their skills to address these health issues. Graduates from the double degree will have skills in the two complementary areas of population health and physical activity so they can contribute effectively to improving the health of Australian communities.

Human Movement Studies
The course provides skills and theoretical knowledge across the basic sciences of human and functional anatomy, exercise physiology as well as studies in biomechanics, motor learning and control, and exercise and sports psychology.

Public Health
The course provides knowledge and skills to address major health issues with a focus on community health, nutrition, and health promotion. During the course students will study epidemiology, biostatistics, health promotion, understanding disease, culture, psychology and health behaviours.

Career Outcomes
Graduates of the double degree may work in local and state government and in family and community service organisations, as physical activity program planners, policy analysts, project managers, health promotion officers, and physical activity program evaluators.

Human Movement Studies
Graduates can work in a range of exercise and sports science settings such as corporate health, family and community services, the health and fitness industry, local/state government agencies, state sporting associations, institutes of sport, universities and colleges, and personal training.

Public Health
Graduates work as community health officers, policy officers, program evaluators, health promotion officers in community health, project officers, and consultants. They work in both public and private sectors such as state and federal health departments, population health units, community health centres, divisions of general practice, nongovernment and health organisations, and international health agencies.

Professional Membership
Australian Association of Exercise and Sports Science (AAESS); Public Health Association of Australia (PHAA), and the Australian Health Promotion Association (AHPA).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
For more information about this course, please contact the School of Human Movement Studies on +617 3138 3360 or email enquirieshms@qut.com, and/or the School of Public Health on +617 3138 3368 or email...

Bachelor of Nursing / Bachelor of Health Science (Paramedic) (HL49)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,162 (indicative) per semester
QTAC code: 425992
Past rank cut-off: 75
Past OP cut-off: 13
Assumed knowledge: English (4, SA)
Total credit points: 408
Course coordinator: Nursing component - Ms Jo Ramsbotham; Paramedic component - Ms Melinda Service
Campus: Kelvin Grove

Overview
This course combines two complementary areas of clinical care which will give graduates the opportunity for greater flexibility in the workforce.

Why choose this course
Paramedics are employed within ambulance services taking care of patients needing pre-hospital care, emergency medical response and specialised transportation.

Nurses provide health care to individuals, families and communities in a wide range of hospital and community based settings, including emergency and intensive care.

The course provides a balance of theory and practice in both discipline areas. Clinical placements are provided to provide learning experiences in a range of public and private hospitals and community services, as well as the Queensland Ambulance Service (QAS).

Career options
Nurses and paramedics are in high demand and there are excellent employment opportunities in a variety of healthcare settings.

The component degrees cover areas which are highly complementary to each other in the delivery of clinical care, especially within the context of emergency service provision.

Graduates will have completed all areas of nursing required for the purposes of registration as a nurse with the Queensland Nursing Council. This will allow graduates to practise as nurses in Queensland, all other states and territories of Australia and in New Zealand.

The course also covers the areas required for employment as ambulance paramedics with the Queensland Ambulance Service and a range of community based emergency health and welfare agencies.

Professional recognition
On completion of the double degree graduates can to apply for registration as a nurse with the Queensland Nursing Council, and are eligible to apply to the Australian College of Ambulance Professionals for admission as a professional member.

Other course requirements
The Queensland Ambulance Service specifies the following requirements before students can undertake a clinical placement with this Service. Information outlining these requirements will be available to all prospective applicants. Students will be provided with detailed information during semester one of first year.

a) Health Assessment - One role performed by paramedics is patient transport involving the use of a commercial vehicle. This requires different medical standards than those required of a private vehicle driver. Student paramedics may be required to drive an ambulance while undertaking the clinical practice units and as such will be required to undergo an "Assessment of Fitness to Drive a commercial vehicle" by a medical practitioner. All costs associated with health assessment are the responsibility of the applicant.

b) Criminal History - Applicants will be required to have a Police Records Check undertaken with the associated costs being the responsibility of the applicant.

c) Manual Driver's Licence - Students will be required to hold a current manual driver's licence (provisional is acceptable) before commencing the emergency driver education course associated with the first clinical placement unit.

d) Health Related Fitness Assessment - A large component of a Paramedic's work involves manual handling, which is defined as any activity requiring a person to lift, lower, push, pull, carry, move, hold or restrain any animate or inanimate object. Paramedics frequently perform all of these functions with patients weighing up to and over 150kg, while implementing various pre-hospital emergency care procedures. As such, students will be required to undergo a fitness assessment to ensure they possess the cardiovascular and muscular abilities to perform the role of a Paramedic.

e) Immunisations - It is a requirement for any student to be immunised against Hepatitis B before undertaking a placement in a Queensland Health facility. In addition to the above, QAS strongly advises students to be immunised against the following before undertaking a clinical placement: Tetanus, Measles, Mumps, Rubella, and Poliomyelitis.

Further information
For detailed information about this double degree, please call the School of Nursing and Midwifery +617 3138 3824 or email nursing.enquiries@qut.com or the School of Public Health +617 3138 3368 or email sph.studentcentre@qut.com

Bachelor of Nursing (Honours) (HL50)

**Year offered:** 2009  
**Admissions:** Yes  
**CRICOS code:** 016355G  
**Course duration (full-time):** 2 semesters  
**Course duration (part-time):** 4 semesters  
**Domestic fees (indicative):** 2009: CSP $3,426 (indicative) per semester  
**International Fees (per semester):** 2009: $10,500 (indicative) per semester *(subject to annual review)*  
**Domestic Entry:** February  
**International Entry:** February  
**Total credit points:** 96  
**Standard credit points per full-time semester:** 48  
**Standard credit points per part-time semester:** 24  
**Course coordinator:** Prof Michele Clark  
**Discipline coordinator:** Ms Sonya Osborne  
**Campus:** Kelvin Grove

**Overview**
The honours programs enable you to develop knowledge, problem-solving and conceptual skills at an advanced level. The programs provide you with education in the techniques and skills for later postgraduate research and enhance professional career progressions.

**Entry requirements**
Applicants should have completed QUT’s Bachelor of Nursing or equivalent and have attained a grade point average (GPA) of at least 5 overall in the undergraduate degree.

Application should be made at the end of the final year of the pass degree or within 18 months of completing that degree.

If applicants do not satisfy the normal entry requirements but have demonstrated outstanding performance in only the final year of a degree, or their application is based on other factors including work experience or involvement in research, they may be admitted at the discretion of the Executive Dean.

**Dissertation**
The dissertation is one 48 credit point unit representing 50 per cent of the program. Preparation and presentation of the dissertation in completed under the guidance of a supervisor and is examined externally.

**Electives**
Students undertake two 12 credit point electives. At least one elective must be a research elective selected from the nominated list of research electives. The second elective may be selected from any honours or postgraduate program offered by the University, subject to prerequisite requirements and with the approval of the student’s mentor/supervisor and the Course Coordinator. Normally the elective unit is chosen from within the student’s discipline area or from an area that complements or is relevant to the student’s study program. For further information on available units contact the Honours Coordinator.

**International Student Entry**
International students may enrol only in full-time studies.

**Further Information**
For more information about this course, please contact the Faculty by phone on +617 3138 3075 or email health.research@qut.edu.au

International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Thomas Tenkate
Campus: Kelvin Grove

Overview
This course comprises the first two semesters of the Master of Health Science. The course is designed to enhance professional development in a range of specialisations. Cross-specialisation is also possible. To qualify for the award of a major, students must complete 48 credit points (four units) of advanced study in that area.

Increasing numbers of electives are being offered through distance delivery and flexible delivery, which may include study modes such as block attendance, external study and online learning.

Entry requirements
To be eligible for admission, candidates should: hold an appropriate three-year Bachelor degree or equivalent and should normally have at least one year of appropriate work experience; or hold an appropriate three-year Bachelor degree with an additional one-year honours degree; or hold an appropriate four-year bachelor degree or equivalent; or hold an appropriate graduate diploma; or hold other qualifications acceptable to the Dean of Faculty, which may include substantial work experience or involvement in relevant research activities.

Majors
Majors are offered in the following areas:
- Aged care
- Emergency and Disaster Management (from mid 2009)
- Environmental Health
- Health Services Management
- Health Promotion
- Risk management
- Women's health
- or a cross specialisation (where no major is taken but students study across a variety of fields).

To complete a major, students must complete at least four units from the same discipline area from with the Faculty of Health.

Students can only graduate with one specified major (i.e. only one major will appear on the official academic record). Students may elect to change majors during their course as appropriate but should seek academic advice before doing so.

Students wishing to complete a graduate diploma qualification in Occupational Health and Safety should apply for entry into the Graduate Diploma in Occupational Health and Safety and not the Graduate Diploma in Health Science.

Course Structure
The Graduate Diploma in Health Science consists of eight units totally 96 credit points selected from units offered by schools within the Faculty of Health (List A units). No more than two (24 credit points) advanced undergraduate health units can be included in the total.

Completion of four units (48 credit points) in an area of specialisation entitles the graduate to a Graduate Diploma in Health Science within a specific discipline, for example, Graduate Diploma in Health Science (Health Promotion).

Candidates can choose electives from a wide range of university postgraduate units, but these must be approved by the course coordinator.

Course Articulation
This course articulates fully into the Master of Health Science.

The Graduate Certificate in Health Science fully articulates into this course.

After successfully completing the equivalent of one semester of full-time study, students may exit the program with a Graduate Certificate in Health Science.

Special Note
Completion of units in Health, Safety and Environment or Environmental Health does not qualify graduates to practice in these areas.

Students can graduate with one specified major only.

International Student Entry
International students may enrol only in full-time studies and only onshore.

Further information
For more information about this course, please call the School of Public Health on +617 3138 5878 or email sph.studentcentre@qut.edu.au

Potential Careers:
Environmental Health Officer, Health Services Manager.
Master of Applied Science (Research) (HL84)

Year offered: 2009
Admissions: Yes
CRICOS code: 007897G
Course duration (full-time): 1-2 years
Course duration (part-time): 3 years
Course duration (external): 3 years
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Course coordinator: Professor Mary Courtney
Campus: Kelvin Grove

Entry requirements
A bachelor degree in health science, applied science or other approved degree from QUT with a grade point average of at least 5 (on a 7-point scale), or an equivalent qualification, or submission of such other evidence of qualifications as will satisfy the academic board that the applicant possesses the capacity to pursue the course of study.

Application for Admission
The Master of Applied Science (Research) program is administered by the Health Academic Board through its Faculty Research Committee.

Applications for admission should set out in full the candidate's intended course of study. The proposed course of study should include the area of study, the coursework to be undertaken, the proposed title of the thesis to be written, the aim of the proposed program of research and investigation, its background, the significance and possible application of the research program, and the research plan.

Approval of applications is subject to the receipt of a statement of support from the Head of School in which the proposed research program is to be undertaken.

Course Structure
Students undertake a program of research and investigation on a topic approved by the Faculty Research Committee. Students may be required to undertake an appropriate course of study concurrently with the research program.

The course of study normally includes a program of assessed coursework; participation in University scholarly activities such as research seminars, teaching and publication; regular face-to-face interaction with supervisors; and a program of supervised research and investigation. The course consists of four stages: preparation, confirmation of candidature, implementation and submission of a thesis.
Overview
This course develops advanced knowledge and skills in a choice of health science disciplines. Its flexible design allows you a large choice of elective units to provide: specialisation in a professional discipline, cross-specialisation (with appropriate academic approval), or a broad understanding of health-related disciplines.

Increasing numbers of electives are being offered through distance delivery and flexible delivery, which may include study modes such as block attendance, external study and transfer of material via the internet. This course is not available to international students who wish to study offshore.

Entry requirements
To be eligible for admission, candidates should: hold an appropriate three-year Bachelor degree or equivalent and should normally have at least one year of appropriate work experience; or hold an appropriate three-year Bachelor degree with an additional one-year honours degree; or hold an appropriate four-year Bachelor degree or equivalent; or hold an appropriate graduate diploma; or hold other qualifications acceptable to the Dean, which may include substantial work experience or involvement in relevant research activities.

It is normally expected that candidates have attained a minimum GPA of 5.0 in the bachelor qualification. Candidates not meeting this requirement must provide additional information to support special admission.

Course Articulation
Students who complete the Master of Health Science may be eligible for up to one year of advanced standing in HL90 Doctor of Health Science.

After successfully completing the equivalent of two semesters full-time study, students may exit the program with a Graduate Diploma in Health Science.

After successfully completing the equivalent of one semester of full-time study, students may exit the program with a Graduate Certificate in Health Science.

The Graduate Certificate in Health Science, the Graduate Diploma in Health Science and the Graduate Diploma in Occupational Health and Safety, fully articulate into the Master of Health Science.

The Graduate Diploma in Nursing and the Master of Nursing students may apply for a maximum of 48 credit points of advanced standing (equivalent to List B) towards the Master of Health Science. No advanced standing will be granted towards the Graduate Certificate in Health Science or the Graduate Diploma in Health Science. This is in addition to any List A units completed.

The following courses also articulate with the Master of Health Science:
* Graduate Certificate in Aged Care
* Graduate Certificate in Ambulance Management (QAS)
* Graduate Certificate in Community Practice
* Graduate Certificate in Environmental Health
* Graduate Certificate in Health Management (QH)
* Graduate Certificate in Health Promotion
* Graduate Certificate in Health Services Management

To complete a major, students must complete at least four units from the same discipline area from within the Faculty of Health.

Course Structure
The course consists of at least eight (8) units offered by the Schools of the Faculty of Health (List A). The remaining four units can be taken as four elective units either from List A or List B. An array of elective units allows students to either specialise in their professional discipline or to choose a coherent group of units from more than one specialist area.

To complete a major in any of the major areas of study students must complete at least four units (48 credit points) in that discipline area.

Candidates can choose electives from a wide range of university postgraduate units, but these must be approved by the course and subject-area coordinators.

Students with a four-year degree or three-year degree with additional one-year honours may be able to obtain advanced standing up to a maximum of 48 credit points for previous study.

Majors
Majors are offered in the following areas:
- Aged Care
- Emergency and Disaster Management (from mid 2009)
- Environmental Health
- Health Promotion
- Health Services Management
- Occupational Health and Safety
- Risk Management
- Women's Health
- or a cross-specialisation (where no major is taken, but students study across a variety of fields).
Special Notes
Students can only graduate with one specified major (ie only one major will appear on the official academic record). Students may elect to change majors during their course as appropriate but should seek academic advice before doing so.

Students cannot normally enrol directly in the Masters Degree in the area of Occupational Health and Safety unless they have completed relevant undergraduate qualifications in this area to the satisfaction of the course coordinator. Special consideration may be given on an individual basis.

Completion of units in Occupational Health and Safety or Environmental Health does not qualify graduates to practice in these areas.

International Student Entry
International students may enrol only in full-time studies and may study only onshore.

Further Information

Community Health Officer, Government Officer, Health Promotion Officer, Health Services Manager, Policy Officer, Public Health Officer.
Doctor of Health Science (HL90)

Year offered: 2009
Admissions: Yes
CRICOS code: 037680K
Course duration (full-time): 3 Years
Course duration (part-time): 6 Years

Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged:
- 2009: $6,720 per semester (indicative)

International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)

Domestic Entry: February and July

International Entry: February

Total credit points: 288 (96 coursework credit points and 192 research portfolio credit points)

Standard credit points per full-time semester: 48 (average)

Course coordinator: Dr Elizabeth Parker

Campus: Kelvin Grove

Overview
This course is designed to develop the knowledge, skills and generic attributes that will prepare health professionals for advanced positions in their profession and for leadership roles.

Students will develop an in-depth understanding of contemporary health science; extend competence in research methods; demonstrate high-level critical thinking and reflective practice skills; enhance their communication skills and contribute to the body of knowledge underpinning their profession.

Students complete one year full time equivalent of coursework including research methods units and advanced studies in an area of specialisation followed by a single or series of research workplace based or industry linked projects to complete the research work which may be presented as a thesis or portfolio.

Entry requirements
Applicants should hold a four-year degree or its equivalent with first-class honours or second-class honours division A, relevant Masters degree, or its equivalent from QUT or another recognised institution, and two years of practice in a position of professional responsibility appropriate to the proposed course of study.

If, in the Executive Dean’s opinion, the candidate has not completed substantial professional practice, the candidate will be required to gain substantial professional experience during the course of the doctorate.

Application for Admission
Before submitting an application, potential candidates should contact the Course Coordinator who will assist in the preparation of the application.

Candidates should apply on the appropriate form, supplying any specified documentation. The application should be accompanied by a brief proposal for the course of study and the research field.

Advanced Standing and Articulation
Advanced standing of up to a maximum of 96 credit points may be granted to candidates who have completed an appropriate masters qualification or its equivalent.

The Doctor of Health Science will fully articulate with the Master of Health Science and students who select their program of study to be consistent with the coursework requirements for the Doctor of Health Science will be eligible for the full credit of 96 credit points.

Course Structure
Students undertake 96 credit points of coursework units and 192 research portfolio credit points. The coursework is chosen from the major study areas and must be completed before proceeding to the research component.

To achieve the appropriate advanced levels students must:
- choose one of the major study areas
- complete two units in research methods
- complete one unit in theoretical frameworks
- complete four units from this major study area plus one approved elective unit or complete five units from this major study area.

Students are required to attend a compulsory residential program of three days annually during their candidature.

International Student Entry
International students may enrol only in February in full-time studies.

Research Methods Core Units and Major Study Area Units

Research Methods Core Units

Two units must be completed from the following:

- HLN405 Qualitative Research
- HLN710 Fundamentals of Epidemiology and Research Design
- HLN706 Advanced Quantitative Research Methods
- PUN105 Health Statistics
- NSN424 Evidence Based Practice

Theoretical Framework Unit

- PUN103 Advanced Epidemiology
- HLN710 Fundamentals of Epidemiology and Research Design
- PUP032 Intervention Design and Theories of Change
- PUN632 Health Services Management, Leadership and Change

Major Study Area Units

Students must complete four units from their major study area plus one approved elective unit OR complete five units from this major study area. Please check unit availability for 2008.

Health Promotion

- HLN701 Independent Study
- PUP034 Advanced Studies and Practice in Health Promotion
- PUP037 Health Program Evaluation
- PUN467 Public Health Risk Assessment

Health Services Management and Policy Sciences

- HLN701 Independent Study
- PUN608 Health Economics
- PUN632 Health Services Management, Leadership and Change
- PUN649 Health Care Financial Management
- PUN688 International Health Policy and Management

Public Health

- HLN701 Independent Study
- PUN103 Advanced Epidemiology
- PUP034 Advanced Studies and Practice in Health Promotion
- PUP037 Health Program Evaluation

Occupational and Environmental Health Sciences

- HLN701 Independent Study
- PUN008 Risk Assessment
- PUN010 Implementing Risk Management
- PUN106 Population Health
- PUN363 Environmental Health Law
PUN465 Environmental Protection
PUN466 Communicable diseases
PUN467 Public Health Risk Assessment
PUP250 Occupational Hygiene
PUP415 Occupational Health

Nursing

(Only available to candidates eligible for registration as a nurse in Australia.)

HLN701 Independent Study
NSN424 Evidence Based Practice
NSN507 Contemporary Practice Issues
NSN508 Advanced Readings in Nursing
NSN515 Clinical Leadership and Management

Electives may be selected from the Major Study Areas List or from units in other discipline fields following consultation with the Course Coordinator.

Potential Careers:

Community Health Officer, Health Policy Officer, Health Promotion Officer, Health Researcher, Health Services Manager, Public Health Officer, Statistician.

Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr Ian Renshaw
Campus: Kelvin Grove

Overview
Human movement studies graduates work in a diverse range of settings as exercise physiologists, sports administrators, exercise therapists, strength and conditioning specialists and rehabilitation specialists.

Why choose this course?
Human movement studies is a pathway to a career in the exercise, health, rehabilitation and sports science industries, where you will work with people from a variety of professions. This course will provide you with both the necessary theoretical background and practical skills obtained from a variety of practicum placements at local, state, national and international locations. You can complement your degree with a choice of elective opportunities from within the Faculty or university-wide.

Career Options
The course provides skills for careers in a range of exercise and sports science professions. Career settings include:
- rehabilitation and hospital clinics
- family and community services
- corporate health and fitness
- local and state government agencies
- universities and colleges
- institutes of sport
- the health and fitness industry
- personal training.

Professional Membership
Graduates are eligible for professional membership of the Australian Association of Exercise and Sports Science (AAESS). This four-year degree will qualify you for exercise physiologist classification by the professional body.

Electives
Electives are available in various areas including psychology of rehabilitation, anatomy, physiology, biomechanics, motor control and learning, children in sport, sociology of sport and exercise prescription. Students must choose 4 out of the 6 units in LIST A. The remaining 5 units can be selected from List B, or selected from other undergraduate QUT courses. Students have the option to undertake a university-wide unit set as part of these electives. Unit sets comprise 4 units covering a specific area of study and those offered by the Faculty of Health and the Faculty of Business may be of particular interest.

Honours
A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

Recommended Study
One of Maths B, Maths C, Biological Science, Chemistry, Physics, Health Education or Physical Education.

Other course requirements
blue card As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com.

additional costs There are additional costs associated with this course including the purchase of the practicum shirt (approximately $50), the attainment of a current First Aid Certificate prior to the commencement of third year. Attendance at the orientation camp is highly recommended though not compulsory (approximately $165).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
For detailed information about this course, please call the School of Human Movement Studies on +617 3138 4810 or email enquirieshms@qut.com

Students who have successfully completed 288 credit points and have met the general requirements for a three year degree, may graduate with a Bachelor of Applied Science after seeking approval through the School of Human Movement Studies on (07) 3138 4810.

**Potential Careers:**
Fitness Assessor/Personal Trainer, Health Information Manager, Rehabilitation Professionals, Sports Scientist.
Bachelor of Applied Science (Exercise and Sports Nutrition) (HM45)

Year offered: 2009
Admissions: Yes
CRICOS code: 047456B
Course duration (full-time): 3 Years
Domestic fees (indicative): 2009: CSP $3,276 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 425302
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA), Maths B (4, SA), and Chemistry (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. CHEMISTRY: QUT unit Introductory Chemistry as a visiting student or QUT Continuing Professional Chemistry Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Dr Ian Renshaw
Campus: Kelvin Grove

Overview
This three-year degree course combines the complementary areas of human movement studies and nutrition.

Why choose this course?
This degree will provide you with a foundation for a career in the exercise, health, fitness and nutrition industries.

The degree also provides you with a range of practical experience, including 100 hours of work experience (practicum) in the third year. This is a valuable opportunity for you to gain hands-on experience in the industry. You can work in fitness centres, sports associations and other related organisations.

Career options
Graduates may find employment in the area of nutrition as well as in a range of health and fitness settings such as community services, the health and fitness industry and local and state government.

Graduates are not qualified as dietitians or exercise physiologists.

Other course requirements
blue card As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com.

additional costs There are additional costs associated with this course including the purchase of the practicum shirt (approximately $50), the attainment of a current First Aid Certificate prior to the commencement of third year. Attendance at the orientation camp is highly recommended though not compulsory (approximately $115).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Potential Careers:
Fitness Assessor/Personal Trainer, Nutritionist, Sports Scientist.
Overview

In this double degree, you will complete an Australian Psychology Accreditation Council (APAC) accredited program of study in psychology and a Bachelor of Arts with a multidisciplinary major in international and global studies, society and change, ethics and human rights, community studies, or Australian studies.

Why choose this course?

The Bachelor of Behavioural Science (Psychology) provides a thorough grounding in the scientific bases of psychology, and deals with research and statistical methods that have wide applicability in psychology and other disciplines. You will complete core subjects in development, personality, social psychology, psychological disorders, learning, memory and perception. In your second and third years you are able to explore subjects in contemporary areas such as counselling and family therapy, forensic psychology, addictive behaviours and traffic psychology.

From the Bachelor of Arts you will also develop an understanding of society and the impacts of global, social, environmental and technological change. The high-level communication and social research skills you will acquire are valuable in a wide range of professions. You will gain analytical, research, report writing, communication and interpersonal skills which can be used across many disciplines.

After successful completion of the degree, you may pursue a career in a range of vocations where your skills are valued, undertake further study to become a registered psychologist, or seek postgraduate studies in psychology or other disciplines.

Career Options

The analytical, research and interpersonal skills acquired through the psychology units have a high degree of application in areas such as education, business, built environment, justice studies, health and sport. Some graduates choose careers in related professional and semi-professional areas such as counselling or audiology, which may typically require further specialist study. Other possible career paths include international affairs, government, community development and public policy. You may wish to pursue careers in professional areas of psychology, which will require you to undertake further study and be registered with the State Registration Board.

Recommended Study

Maths A, B or C is recommended.

Psychology Electives

Electives include psychology and gender, human sexuality, psychopharmacology of addictive behaviour, substance abuse, forensic psychology and the law, health psychology, social psychology, occupational psychology, counselling, advanced statistical analysis, and road safety and traffic psychology.

Professional Membership

The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council. To pursue a career in a professional area of psychology, you must be registered with your State Registration Board. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology, followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Development).

Other Course Requirements

blue card As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.
**Course is under review**

QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2009 or may not be offered. Please refer to the Humanities website for up to date details on the status of this course.

**Further Information**

For detailed information about this course, please call the School of Psychology and Counselling on +617 3138 4625 or email psyc.enquiries@qut.com

- BA Core Unit (research methods)

### Year 3 Semester 2
- PYB204 Perception and Cognition
- PYB206 Psychopathology
- BA Core Unit (research methods)
- BA Minor unit or elective

### Year 4 Semester 1
- PYB304 Physiological Psychology
- PYB elective
- BA Major Unit
- BA Minor Unit or Elective

### Year 4 Semester 2
- PYB350 Advanced Statistical Analysis
- Level 3 Psychology elective from List B
- BA Minor Unit or elective
- BA Major Unit

**Notes**

* PYB350 is compulsory if you wish to continue into the Bachelor of Behavioural Science (Honours Psychology) program, otherwise another elective can be taken.

**BA CORE UNITS (FOR MAJORS AND RESEARCH METHODS) AND SKILLS UNITS**

**BA CORE UNITS FOR MAJORS**
- HHB102 The Human Condition
- HHB103 Contemporary Social And Community Issues
- HHB104 Understanding Society: Intro To Sociology
- HHB105 Exploring Change
- HHB106 Australian Society And Culture
- HHB110 Introduction To International And Global Studies
- HHB111 Issues In International And Global Studies
- HHB112 Australian Politics
- HHB114 Introduction To Human Rights And Ethics
- HHB115 Human Identity And Change

**BA SKILLS UNITS**
- HHB116 Applied Skills And Scholarship
- HHB117 Introduction To Social Research Methods

**BA CORE UNIT (RESEARCH METHODS)**
- HHB121 Interpreting The Past
- HHB224 Qualitative Research Methods
- HHB232 Survey Methods
- HHB312 Geographical Research Design

**MAJOR IN THE BACHELOR OF ARTS - INTERNATIONAL AND GLOBAL STUDIES**

**INTERNATIONAL AND GLOBAL STUDIES**

**MULTIDISCIPLINARY PROFESSIONAL MAJOR**

**INTRODUCTORY UNITS**
- HHB110 Introduction To International And Global Studies
- HHB111 Issues In International And Global Studies

**STRAND A - GLOBAL PERSPECTIVES**
### HHB107 World Regions
- HHB221 Consuming Cultures
- HHB223 Islam and Islamic Societies
- HHB241 Gender and Globalisation
- HHB248 The USA and The Asia Pacific Region
- HHB263 Politics Of Globalisation
- HHB269 Ethics, Technology And The Environment
- HHB310 Globalisation And Social Theory
- HHB311 Colonial Fantasies And Postcolonial Identities
- HHB315 Sex And Drugs In South-East Asia

### HHB219 Iranian Society: Culture, Religion and Politics
- HHB229 Windows On Japan
- HHB238 Asian Cultures And Societies
- HHB239 Korean Culture And Societies
- HHB243 The Pacific Since 1945
- HHB244 Southeast Asia In Focus
- HHB245 Australia And The South Pacific
- HHB246 Modern China
- HHB256 Europe Since 1945
- HHB323 Fieldwork Studies
- HHB260 Nations And Nationalism In Modern Europe

### MAJOR IN THE BACHELOR OF ARTS - SOCIETY AND CHANGE

#### SOCIETY AND CHANGE
- HHB104 Understanding Society: Intro To Sociology
- HHB105 Exploring Change
- HHB102 The Human Condition
- HHB113 Interpersonal Communication
- HHB225 Political Sociology
- HHB230 Political Behaviour
- HHB233 Sex, Gender And Society
- HHB234 Sociological Theory
- HHB236 Virgins, Saints And Sinners: Sociology Of Religion
- HHB240 Sociology Of Crime And Deviance
- HHB268 Vulnerable Identities
- HHB282 Advanced Communication For Human Services and Social Work
- HHB335 Bodies, Cyborgs and Cyberspace
- HHB127 Environment And Society
- HHB210 Indigenous Australia: Country, Kin And Culture
- HHB226 Consuming Cultures
- HHB228 Environmental Hazards

### MAJOR IN THE BACHELOR OF ARTS - ETHICS AND HUMAN RIGHTS

#### ETHICS AND HUMAN RIGHTS

#### INTRODUCTORY UNITS
- HHB114 Introduction To Human Rights And Ethics
- HHB115 Human Identity And Change

#### STRAND A - ETHICAL UNDERSTANDING AND THEORY
- HHB265 The Just Society
- HHB267 Feminism And Ethics
- HHB271 Ethical Theory

#### STRAND B - HUMAN RIGHTS
- HHB274 Human Rights: International And Regional Activism
- HHB275 Human Rights: Australian Activism

#### STRAND C - IDENTITY STUDIES
- HHB268 Vulnerable Identities
- HHB272 Composing Identities: The Artistry Of Living

#### STRAND D - ETHICS AND TECHNOLOGY
- HHB269 Ethics, Technology And The Environment
- HHB270 Gene Technology And Ethics
- HHB273 Reshaping Life And Death

#### STRAND E - ETHICAL PRACTICE
- HHB264 Public And Professional Ethics
- HHB266 Ethical Decision Making
- HHB328 Researching Applied Ethics

#### MAJOR IN THE BACHELOR OF ARTS - COMMUNITY STUDIES

#### COMMUNITY STUDIES

**Potential Careers:**
Administrator, Aged Services Worker, Child Protection Officer, Community Education Officer, Community Worker, Counsellor, Disability Services Worker, Educator, Family Services Officer, Government Officer, Guidance Officer, Human Resource Developer, Human Resource Manager, Human Services Practitioner, Information Officer, Manager, Policy Officer, Public Servant, Social Scientist, Youth Worker.
Doctor of Philosophy (Health) (IF49)

Year offered: 2009
Admissions: Yes
CRICOS code: 006367J
Course duration (full-time): 2-4 years
Course duration (part-time): 4-8 years

Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged:
- 2009: $6,720 per semester (indicative)

International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)

Domestic Entry: At any time
International Entry: At any time
Course coordinator: Prof Michele Clark
Campus: Kelvin Grove

Overview
Doctoral programs in the Faculty of Health provide in-depth research training in a particular area of health while broadening a candidate’s knowledge in one or more of the following discipline areas: ageing; physical activity, disability, injury and rehabilitation; health and wellbeing; human behaviour; vision; and accident research. Students enrol in one of the five schools in the Faculty of Health (Human Movement Studies, Nursing and Midwifery, Optometry, Psychology and Counselling, or Public Health) or the Social Work and Human Services Academic Unit.

Entry requirements
Applicants must hold a relevant first or second-class division A (upper division) honours degree or an appropriate masters degree. In addition, international students must meet English language proficiency requirements.

Course Structure
Candidates undertake a supervised program of research and investigation that results in the submission of a thesis. The program of study may be supported by some coursework related to the conduct of research and preparation of the thesis. Candidates are required to have regular interaction with supervisors and to participate in University scholarly activities such as research seminars, events and training.

Doctoral studies may be completed in any area of research interest supported by the Faculty of Health. Current areas include:

- Movement coordination and control
- Injury prevention and Rehabilitation
- Fitness, health and wellbeing
- Prevention and management of chronic disease
- Physical education
- Nursing research
- Cornea and contact lens
- Optical and visual performance
- Psychological therapies and counselling
- Social, cognitive and developmental processes
- Physical and psychological health
- Road Safety and traffic psychology

The descriptions of research specialisations available are provided as a guide only and research in other related areas is welcomed.

International Student Entry
QUT advises that international students may enrol only in full-time studies.

Further Information
For more information please contact the Faculty of Health by phone on +61 7 3138 3075 or email health.research@qut.edu.au
Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Business (Accountancy, Banking and Finance, Economics or Marketing) (IF62)

Year offered: 2009
Admissions: No
CRICOS code: 020328K
Course duration (full-time): 4 years
Domestic fees (per credit point): Commonwealth Supported Place; Full fee tuition 2008: $166 per credit point (subject to annual review)
Domestic fees (indicative): 2008: $15,936; CSP $6,092
International Fees (per semester): 2008: $9,120 per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July
QTAC code: 409322; Dfee: 409326
Past rank cut-off: 80. Dfee places were not offered last year.
Past OP cut-off: 10. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (average)
Course coordinator: Dr Michael McDonald (Human Movement Studies); Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX47 Bachelor of Applied Science (Human Movement Studies)/Bachelor of Business. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Other Majors
See also the separate entry for the following majors in this course: Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Business (Advertising, Human Resource Management, International Business, Management, or Public Relations).

Recommended Study
Any of: Mathematics C, Chemistry, Physics, Biological Science, Health Education, or Health and Physical Education.

Career Outcomes
The Bachelor of Applied Science in Human Movement Studies course provides skills for careers in a range of exercise and sports science settings such as corporate health and fitness, family and community services, the health and fitness industry, local and state government agencies, state sporting associations, rehabilitation clinics, institutes of sport, universities and colleges and personal training. Graduates of the Bachelor of Business (Accountancy) can expect to find employment in auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services. Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity. Graduates with Economics training are employed as economists and in a wide variety of related professional areas to provide strategic analysis and policy advice. Graduates of the Marketing major find employment in industry and government, marketing and research, sales management and product development and management roles. They are also employed as marketing managers and consultants in national and international business environments.

Professional Recognition
Graduates of the Bachelor of Applied Science in Human Movement Studies degree may be eligible for membership of the Australian Association for Exercise and Sports Science.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:

*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
*Economics: Economic Society of Australia.

Course Design
Students are required to complete 432 credit points comprised of 216 credit points from the Bachelor of Applied Science (in Human Movement Studies) program and 216
credit points from the Bachelor of Business program.

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

null

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

**Potential Careers:**

Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Community Health Officer, Community Worker, Corporate Secretary, Disability Services Worker, Economist, Educator, Exchange Student, Exercise Physiologist, Financial Advisor/Analyst, Financial Project Manager, Fitness Assessor/Personal Trainer, Funds Manager, Government Officer, Health Information Manager, Health Services Manager, Home Economist, Human Resource Developer, Human Resource Manager, Human Services Practitioner, International Business Specialist, Investment Manager, Manager, Manufacturer, Marketing Officer/Manager, Public Health Officer, Public Relations Officer/Consultant, Public Servant, Publishing Professional, Rehabilitation Engineer, Rehabilitation Professionals, Risk Manager, Sports Scientist, Stockbroker, TAFE Teacher, Teacher, Trainer, Youth Worker.
Bachelor of Applied Science (in Human Movement Studies)/Bachelor of Education (Secondary) (IF73)

Year offered: 2009
Admissions: No
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $3,153 (indicative) per semester
Domestic Entry: February
QTAC code: 429132
Past rank cut-off: 85
Past OP cut-off: 8
OP Guarantee: Yes
Assumed knowledge: English (4 SA)
Total credit points: 432
Course coordinator: Education Coordinator: Dr Mal Shield, Human Movement Studies Coordinator: Dr Craig Daly
Campus: Gardens Point, Kelvin Grove and Carseldine

Full-time Course structure

Generic Structure
The following is a generic structure only and not to be followed as a specific second teaching area.

Year 1, Semester 1

Graduate Certificate in Risk Management (IF88)

Year offered: 2009
Admissions: No
Course duration (external): 2 semesters
Domestic fees (indicative): 2009: $7,000 (indicative) per semester
Domestic Entry: February
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Thomas Tenkate
Campus: Kelvin Grove

No further intake
This course has been discontinued from 2009. A study area in Risk Management is available in HL38 Graduate Certificate in Health Science.

Overview
This course equips graduates with problem solving and information management skills that will enable them to apply their specialist background knowledge in the field of risk management. It is designed to draw on real issues that face professionals across a wide variety of settings.

The demand for risk managers has grown exponentially in recent times. This course provides students with opportunities to broaden their skills in this growing profession.

Entry requirements
Applicants should have a degree or equivalent in an appropriate discipline from a recognised tertiary institution.

Special entry can be considered if a student has experience and responsibility in risk management. Because the course is academically demanding and high standards of performance are expected, you would need either an extensive background in the discipline or other suitable tertiary qualifications.

Students with relevant postgraduate studies may apply for credit transfer or recognition of prior learning/experience within the rules of the University.

Course Structure
Students complete four specified units part-time over two semesters. This course is offered by external study only.

Professional Accreditation
Graduates of this course are eligible to apply for Certified Practising Risk Management (CPRM) accreditation with the Risk Management Institute of Australia.

Course Articulation
This course fullyarticulates into the Master of Health Science.

International Student Entry
This course is not available to international students.

Further information
For more information about this course, please contact the School of Public Health on +617 3138 5878 or email sph.studentcentre@qut.edu.au

Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Course coordinator: Education Coordinator: Dr Mal Shield, Human Movement Studies Coordinator: Dr Craig Daly
Campus: Gardens Point, Kelvin Grove and Carseldine

Overview
This double degree provides the skills for careers in a range of exercise and sports science settings and also the training to teach in two curriculum areas. The course is being reviewed during 2007 and the course structure for 2008 will be available on studyfinder.qut.com mid-2007.

Why choose this course?
This double degree will prepare you for a career teaching physical education with an emphasis on exercise, health, nutrition and sports science. You will also develop a theoretical background in human movement, complemented by practical skills obtained from a variety of practicum placements.

Career Options
The Bachelor of Applied Science (in Human Movement Studies) course provides the skills for careers in a range of exercise and sports science settings such as corporate health and fitness, family and community services, the health and fitness industry, local and state government agencies, state sporting associations, rehabilitation clinics, institutes of sport, universities and colleges and personal training. You will also be prepared to teach in two curriculum areas: physical education with a second teaching area in mathematics, English, health education or biology.

Professional Recognition
Graduates are eligible for registration as a teacher in Queensland. Graduates will also satisfy the requirements for membership of the Australian Association for Exercise and Sports Science (AAESS).

Other Course Requirements
blue card As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com.

additional costs There are additional costs associated with this course including the purchase of the practicum shirt (approximately $50), the attainment of a current First Aid Certificate prior to the commencement of third year. Attendance at the orientation camp is highly recommended though not compulsory (approximately $115).

computing requirement The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Recommended Study
any of Maths B, Maths C, Chemistry, Physics, Biological Science, Health Education or Physical Education.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
For detailed information about this course, please call the School of Human Movement Studies on +617 3138 3360 or email enquirieshms@qut.com

Domestic Entry: February (closing date for applications is 1 October of the previous year in which you are applying for entry. Applications submitted by 17 October 2009 will be accepted as previously advertised).
International Entry: February (closing date for applications is 1 October of the previous year in which you are applying for entry. Applications submitted by 17 October 2009 will be accepted as previously advertised).
Total credit points: 192
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Poppy Liossis
Campus: Kelvin Grove

Overview
The Master of Psychology (Educational and Developmental) prepares students to work as educational or developmental psychologists in a range of settings including schools, disability services, hospitals, employment agencies and private practice.

Offered jointly by the faculties of Health and Education, the course has been designed to meet the requirements for full registration as a psychologist in Queensland, and for membership of the Australian Psychological Society (APS) and the associated College of Educational and Developmental Psychologists. As the only course in Queensland offering advanced training in this area of specialisation, the Master of Psychology (Educational and Developmental) offers an innovative and stimulating program of coursework, practicums and research in human development and learning.

Entry Requirements
Applicants should hold an Australian Psychology Accreditation Council (APAC)-approved four years training or its equivalent from QUT or another recognised institution. A minimum requirement for eligibility for entry is a grade point average of 5 or above, two referee reports and an interview.

International students or applicants from whom English is not the first or native language require an IELTS score of 7.5 (with minimum subscores of 7.0 for listening, reading, writing and speaking) and need certification by the APAC that their degree is equivalent to APAC-approved four years training in psychology or its equivalent from QUT or another recognised institution. For applicants for whom English is not the first or native language, the Psychologists Board of Queensland website for further details - http://www.psychologyboard.qld.gov.au.

Applicants are responsible for obtaining and paying the APAC for such certification, at a cost determined by the APAC. All applicants are required to attend an interview. In the case of international applicants, this is conducted via telephone.

Undertaking the supervised psychological practice component of the course requires provisional registration as a probationary psychologist with the Psychologists Board of Queensland.

In addition to submission of an admission form (PG Form for domestic applicants, F Form for international applicants), applicants are required to submit an IX20 Questionnaire and two IX20 Referee Reports. All forms are available at the following link:

Other Requirements
blue card As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit http://bluecard.qut.com.

International Student Entry
QUT advises that international students may enrol only in full-time studies.

Further Information
For more information about this course, please contact the School of Psychology and Counselling on +617 3138 4822 or email psyc.enquiries@qut.edu.au or the Faculty of Education on +617 3138 3947 or email educationenq@qut.edu.au

Bachelor of Business/Bachelor of Health Science (Health Services Management) (IX32)

Year offered: 2009
Admissions: No
CRICOS code: 027277D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: $4,180 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409252
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and for accountancy, finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Dr Erica French (Business); Ms Melinda Service (Health)

Discipline coordinator: Jenny Nicol (Health Services Management); Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)

Campus: Gardens Point and Kelvin Grove

Overview
This double degree combines the strength of general business theory and skills as well as units specifically related to managing health services.

Why choose this course?
The degree will provide you with the theory and skills to manage change effectively in the health care system. You will gain a strong background of theory and practice to enable you to work effectively in the complex environment of health care and be influential in terms of decision making.

Career Options
Health Service Management graduates are employed in administrative and management capacities in private and public health services. Such services include public and private hospitals, Queensland Health, community health centres, group medical practices, nursing and dental services, universities and consulting firms.

Your business degree will give you a broader base of commercial knowledge, making you more attractive to employers in these environments. You also have the opportunity to major in a specific business area to strengthen your career choices. For more information on careers in business, please refer to studyfinder.qut.com

Professional recognition
Both degrees allow you to satisfy the requirements of membership for the relevant professional bodies. The Bachelor of Health Science (Health Services Management) degree may allow graduates, subject to unit selection, to satisfy the academic requirements for membership of the Australian College of Health Service Executives (ACHSE) and other professional associations.

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
* Economics: Economic Society of Australia (Queensland Division);
* Finance: Financial Services Institute of Australasia (FINSIA);
* Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
* International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
* Management - Australian Institute of Management;
* Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
* Public Relations - Public Relations Institute of Australia.

Course Design
Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Health Science program and 192 credit points from the Bachelor of Business program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,332 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 429062
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Ms Jenny Felton (Human Services); Head, Undergraduate Studies (Creative Industries) - cifug@qut.edu.au
Campus: Kelvin Grove

Overview
The course consists of 16 human services units and 16 creative industries units, and the program is integrated so that you will study both human services and creative industries units in each semester. In human services you may choose to focus on corrective, disability, youth, or child and family services. You will also study a range of professional skills and then gain practical experience through professional practice placements in government or community organisations.

The Creative Industries course allows you to combine professional practice in corrective, disability, youth or child and family services with studies from a range of creative industries second majors, including art and design history; creative and professional writing; dance; digital media; drama; fashion; film, television and screen; interactive and visual design; journalism, media and communication; or literary and cultural studies.

Career Outcomes
This double degree prepares you as a multiskilled professional for careers in child safety and a range of welfare and community services. In particular you will have a set of skills which will be suitable for areas which combine human services and creative skills, for example, community development and cultural services, and youth arts.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Human Services) comprises 192 credit points.

The Creative Industries component is made up of 96 credit points of core units and a Creative Industries major (96 credit points).

The Human Services component is made up of 144 credit points of Faculty core units and 48 credit points of units from selected Human Services units.

Professional Recognition (Bachelor of Human Services)
Graduates are entitled to apply for membership of the Australian Association of Welfare and Community Workers.(Accreditation application in process).

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Working with Children Check
Working With Children Check
As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. Application form

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

COURSE STRUCTURE - OVERVIEW

YEAR 1 SEMESTER 1

HHB114 Introduction To Human Rights And Ethics
Creative Industries Second Majors

INSTRUCTIONS FOR SECOND MAJORS/CO-MAJORS

*From 2009 Co-Majors have been renamed Second Majors

Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a second major or co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these second major or co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these second majors or co-majors and/or minors. Any unit(s) that appear in multiple second major or co-majors and/or minors can only contribute towards the completion of one of these second major or co-majors or minors.

Advertising

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB220 Advertising Theory and Practice
AMB221 Advertising Copywriting
AMB319 Media Planning

KIB225 Character Development, Conceptual Design and Animation Layout
KIB316 Virtual Environments
KIB325 Real-Time 3D Computer Graphics
KVB105 Drawing for Design
KVB106 Drawing for Animation

Art and Design History

Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

DAB325 Architecture in the 20th Century
## Communication Design

*continuing students only*

**Description:** The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production/project setting, in the application areas of web development and interactive multimedia respectively.

**Assumed Knowledge:** There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

- KIB101 Visual Communication
- KIB102 Visual Interactions
- KIB103 Introduction to Web Design and Development
- KIB104 Digital Media
- KIB205 Programming for Visual Designers and Artists
- KIB214 Design for Interactive Media
- KIB216 Advanced Web Design
- KIB230 Interface and Information Design

## Creative and Professional Writing

**Description:** The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

**Assumed Knowledge:** There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

- KWB101 Introduction to Creative Writing
- KWB102 Media Writing
- KWB103 Persuasive Writing
- KWB104 Creative Writing: The Short Story
- KWB106 Corporate Writing and Editing
- KWB107 Creative Non-Fiction
- KWB206 Youth and Children's Writing
- KWB207 Great Books: Creative Writing Classics
- KWB211 Stylistics and Poetics
- KWB303 Writing and Publishing Industry
- KWB313 Novel and Memoirs

## Dance

**Description:** This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.

**Assumed Knowledge:** Previously acquired knowledge or skill IS required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

- KDB103 Dance Technique Studies 1
- KDB104 Dance Technique Studies 2
- KDB105 Architecture of the Body
- KDB106 Dance Analysis
- KDB107 Choreographic Studies 1
- KDB108 World Dance
- KDB109 Funk, Tap and all that Jazz
- KDB110 Deconstructing Dance in History
- KDB204 Australian Dance
- KDB205 Dance in Education
- KDB225 Music Theatre Skills

## Digital Media

**Description:** Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

**Assumed Knowledge:** There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

  - OR
- KJB101 Digital Journalism
- KCB104 Media and Communications Industries
  - OR
Drama

Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KTB101 20th Century Performance
KTB103 Performing Skills 1: Character and Scene
KTB104 Performance Innovation
KTB106 Performing Skills 2: Style and Form
KTB204 Understanding Australia
KTB207 Staging Australia
KTB210 Creative Industries Management
KTB211 Creative Industries Events and Festivals
KTB305 The Entrepreneurial Artist
KTB306 Directing for Performance Events and Festivals

Entrepreneurship

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

Bachelor of Human Services/Bachelor of Justice (IX45)

Year offered: 2009
Admissions: Yes
CRICOS code: 058290F

Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)

Domestic Entry: February
International Entry: February

QTAC code: 409092
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes

Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Ms Jenny Felton (Human Services); Assoc.Prof. Geoff Dean (Justice)
Campus: Gardens Point and Kelvin Grove

Course Description
In this course students complete the requirements of two separate degrees in four years. The Human Services component of the course provides knowledge, values, ethics and skills for professional practice in human services. The Justice component involves the study of criminology, ethics, crime prevention, policy making and investigations.

Career opportunities
Career opportunities include human service worker, child and family, youth, disability and corrective services; community development; social care; child protection; youth justice; policy and service development; prevention and early intervention services; individual and systems advocacy; criminology; policing; ethics; crime prevention; justice policy and investigations.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Working with Children Check
As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. Application form

Professional Membership (Bachelor of Human Services)
Graduates are entitled to apply for membership of the Australian Institute of Welfare and Community Workers. (Accreditation application in process).

Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and for accountancy, finance, economics, and marketing majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Dr Erica French (Business) Dr Ian Renshaw (Human Movement Studies)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Overview
This double degree combines training for careers in a range of exercise and sports science settings with the strength of general business theory and skills.

Why choose this course?
This double degree will prepare you for a career in the exercise, health, rehabilitation and sports science industries, where you will work with people from a variety of professions.

This course will provide you with the necessary theoretical background and practical skills obtained from a variety of practicum placements. Practicum locations can include rehabilitation and hospital clinics, family and community services, corporate health and fitness, local and state government agencies, universities and colleges, institutes of sport, and the health and fitness industry.

Career Options
The Bachelor of Applied Science (in Human Movement Studies) course provides skills for careers in a range of exercise and sports science settings such as corporate health and fitness, family and community services, the health and fitness industry, local and state government agencies, state sporting associations, rehabilitation clinics, institutes of sport, universities and colleges and personal training.

Your business degree will give you a broad base of commercial knowledge making you more attractive to employers, even if you wish to work predominantly in the health science area. You also have the opportunity to major in a specific business area. For more information on careers in business, please refer to the Faculty of Business prospectus or visit studyfinder.qut.com.

Professional Recognition
Graduates of the Bachelor of Applied Science (in Human Movement Studies) degree are eligible for membership of the Australian Association for Exercise and Sports Science (AAESS).

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
* Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
* Economics: Economic Society of Australia (Queensland Division);
* Finance: Financial Services Institute of Australasia (FINSIA);
* Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
* International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
* Management - Australian Institute of Management;
* Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
* Public Relations - Public Relations Institute of Australia.

Course Design
Students are required to complete 408 credit points comprised of 216 credit points from the Bachelor of Applied Science (in Human Movement Studies) program and 192 credit points from the Bachelor of Business program.

Recommended Study
Any of: Maths B or C, Chemistry, Physics, Biological Science, Health Education, Physical Education, or Health and Physical Education.

Other Course Requirements
There are additional costs associated with this course including the purchase of the practicum shirt (approximately...
$50), the attainment of a current first aid certificate prior to commencement of year three and a Blue Card to work with children depending upon the practicum site. Attendance at the orientation camp is highly recommended though not compulsory (approximately $115).

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Find out more on deferment.

**Further Information**
For more information about this course, please contact the School of Human Movement Studies on +617 3138 3360 or email enquirieshms@qut.com

Course coordinator: Head, Undergraduate Studies ugenq.ci@qut.edu.au (Creative Industries component); Ms Melinda Service (Health Science component)
Campus: Kelvin Grove

No further intake
This course has been replaced by IX70 Bachelor of Health Science (Nutrition)/ Bachelor of Media and Communication from 2009. No further admissions will be accepted.

Overview
This exciting new double degrees will produce graduates who are media communication specialists with expertise in the ever-growing area of public health, nutrition and wellbeing. The degree combination will satisfy both your professional and personal needs. You will have a course and a career that is both creative and able to enhance people’s health and their lives.

The media and communications component provides both practical skills in multimedia, writing and communication combined with study in local and international media industries, media and communication industries.

The nutrition component provides the knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and e-health.

Why choose this course?
Health communication is a globally recognised and rapidly expanding field. Graduates can expect to gain employment in a range of public and private sector organisations.

Health professionals with superior communication skills and the ability to utilise the power of media technologies will make significant contributions to improving our quality of life, both locally and internationally.

Media and Communication
The course provides both practical skills in multimedia, writing and communication combined with study in local and international media and communication industries. Students combine core units in the creative industries (including practical skills in multimedia, writing and communication), with the study of media and communication, including media audiences, professional communication, new media technologies, and online communications.

Nutrition
The course provides knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and health promotion.

Career Outcomes
Graduates of the double degree may work as health communication specialists; health and nutrition writers; health promotion officers and educators; marketing and managerial roles in health and product promotions; health print and online editors; health communication managers; and e-health marketers.

Media and Communication
Graduates may work as advertising professionals; communication managers; media and cultural policy developers for government and community organisations; information officers; internet professionals; media buyers and planners; media marketers; media industry specialists; teachers and researchers; and print and online publishing professionals.

Nutrition
Graduates work as community health officers; policy officers; program evaluators; health promotion officers in community health; project officers; and consultants. These practitioners work in both public and private sectors including state and federal health departments, population health units, community health centres, divisions of general practice, non-governmental health organisations, and international health agencies.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Health Science) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from Media and Communication units and up to 24 credit points of elective units.
The Nutrition component is made up of 192 credit points of specified Health Science units.

Professional Membership
Graduates are eligible for membership of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
For more information about this course, please contact the Faculty of Creative Industries phone +61 7 3138 8114 or email creativeindustries@qut.com or the School of Public Health Student Centre on +61 7 3138 3368 or email sph.studentcentre@qut.edu.au

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

No further intake

This course has been replaced by IX70 Bachelor of Health Science (Public Health)/Bachelor of Media and Communication from 2009. No further admissions will be accepted.

Overview

This exciting new double degree will produce graduates who are media communication specialists with expertise in the ever-growing area of public health, nutrition and wellbeing. This degree combination will satisfy both your professional and personal needs. You will have a course and a career that is both creative and able to enhance people's health and their lives. The course has innovative and integrated industry placement options for practicum experience.

The media and communications component provides both practical skills in multimedia, writing and communication combined with study in local and international media industries, media and communication industries.

The public health component provides the knowledge and skills to address major health issues both nationally and internationally with a focus on assessment of a population's health needs and strategies to meet them. Students gain an understanding of health care planning, community health, health promotion, the health needs of Indigenous Australians and project management.

Why choose this course?

Health communication is a globally recognised and rapidly expanding field. Graduates can expect to gain employment in a range of public and private sector organisations.

Health professionals with superior communication skills and the ability to utilise the power of media technologies will make significant contributions to improving our quality of life, both locally and internationally.

Media and Communication

The course provides both practical skills in multimedia, writing and communication combined with study in local and international media and communication industries. Students combine core units in the creative industries (including practical skills in multimedia, writing and communication), with the study of media and communication, including media audiences, professional communication, new media technologies, and online communications.

Public Health

The course provides knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and health promotion.

The course has innovative and integrated industry placement options for practicum experience.

Career Outcomes

This double degree prepares graduates as health communication specialists; health and nutrition writers; health promotion officers and educators; marketing and managerial roles in health and product promotions; health communication managers; and e-health marketers.

Media and Communication

Graduates may work as advertising professionals; communication managers; media and cultural policy developers for government and community organisations; information officers; internet professionals; media buyers and planners; media marketers; media industry specialists; teachers and researchers; and print and online publishing professionals.

Public Health

Graduates may also work as community health officers; policy officers; program evaluators; health promotion officers in community health; project officers; and consultants. These practitioners work in both public and private sectors including state and federal health departments, population health units, community health centres, divisions of general practice, non-governmental health organisations, and international health agencies.

Course Structure

This course is made up of 384 credit points. Each component (i.e. Creative Industries and Health Science) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from Media and Communication units and up to 24 credit points...
of elective units.

The Health Science component is made up of 180 credit points of specified Health Science units and a 12 credit point elective.

**Professional Membership**

Graduates are eligible for membership of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Mr Greg Southey (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point and Kelvin Grove

Overview
A double degree in business and psychology will prepare you to understand both the business and psychological forces that impact on organisations, both nationally and internationally. You will graduate with a solid understanding of human behaviour and how to apply this to organisational settings. You will also gain research and business skills that you can apply across a range of organisational and industrial situations.

Why choose this course
The course provides a thorough grounding in the scientific bases of psychology, and deals with the research and statistical methods used in the discipline. You will complete core subjects in development, personality, social psychology, psychological disorders, learning, memory and perception. There is also the opportunity to explore subjects in contemporary areas such as counselling and family therapy, forensic psychology, addictive behaviours and traffic psychology.

The course offers you the flexibility to choose a business major in the discipline that most interests you, for example, accountancy, advertising, economics, finance, human resource management, international business, marketing or public relations.

Your studies in business are built around a core of values that focus on employability and incorporate professional, business, as well as industry links. During your studies, you will be encouraged to undertake real-world projects to help you develop your skills.

You will also develop an understanding of society and high-level communication and social research skills that are valuable in a wide range of professions. While studying, you are exposed to the range of job opportunities in external organisations and industry and will be encouraged to undertake real-world projects.

Career options
You can choose to work in various careers in industry and the corporate world such as human resources and management, banking and finance, as well as marketing and accounting. With further psychology training, you would be eligible to work as an organisational or industrial psychologist. Graduates may also work in areas such as management, counselling, training and development.

Professional membership
The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC).

To pursue a career in a professional area of psychology, you must be registered with your State Registration Board. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology, followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the...
Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

**Recommended Study**
Maths A, B or C for other majors.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaire, portfolio, audition, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Further Information**
For detailed information about this course, please call the School of Psychology and Counselling on +61 7 3138 4625 or email psyc.enquiries@qut.com

**Course Structure - Overview**

| Year 1 Semester 1 | PYB007  | Interpersonal Processes and Skills |
|                  | PYB100  | Foundation Psychology |
|                  |         | Business Faculty Core Unit |
|                  |         | Business Faculty Core Unit |

| Year 1 Semester 2 | PYB102  | Introduction to Psychology 1B |
|                  | PYB110  | Psychological Research Methods |
|                  |         | Business Faculty Core Unit |
|                  |         | Business Faculty Core Unit |

| Year 2 Semester 1 | PYB202  | Social and Organisational Psychology |
|                  | PYB210  | Research Design and Data Analysis |
|                  |         | Business Faculty Core Unit |
|                  |         | Business Faculty Core Unit |

| Year 2 Semester 2 | PYB203  | Developmental Psychology |
|                  | PYB208  | Counselling Theory and Practice 1 |
|                  |         | Business Faculty Core Unit |
|                  |         | Business Faculty Core Unit |

| Year 3 Semester 1 | PYB309  | Individual Differences and Assessment |
|                  |         | Business Faculty Major Unit |
|                  |         | Business Faculty Major Unit |

| Year 3 Semester 2 | PYB204  | Perception and Cognition |
|                  |         | Business Faculty Major Unit |
|                  |         | Business Faculty Major Unit |

| Year 4 Semester 1 | PYB304  | Physiological Psychology |
|                  |         | Business Faculty Major Unit |
|                  |         | Business Faculty Major Unit |

| Year 4 Semester 2 | PYB306  | Psychopathology |
|                  | PYB350  | Advanced Statistical Analysis |
|                  |         | Level 3 Psychology elective from List B |
|                  |         | Business Faculty Major Unit |
|                  |         | Business Faculty Major Unit |

**Notes**
* *** PYB350 is compulsory for entry to 4th year programs in psychology (eg Bachelor of Behavioural Science (Honours Psychology) and Postgraduate Diploma in Psychology)

**List A and List B Psychology Electives**

**List A Psychology Electives**
PYB054  | Psychology and Gender
PYB067  | Human Sexuality
PYB159  | Alcohol & Other Drug Studies
PYB215  | Forensic Psychology and the Law
PYB257  | Group Work
PYB260  | Psychopharmacology of Addictive Behaviour
PYB271  | Introduction to Road Safety

**List B Level 3 Psychology Electives**
PYB302  | Industrial and Organisational Psychology
PYB307  | Health Psychology
PYB350  | Advanced Statistical Analysis
PYB356  | Counselling Theory and Practice 2
PYB359  | Introduction to Family Therapy
PYB360  | Interventions for Addictive Behaviours
PYB305  | null
PYB372  | Traffic Psychology and Behaviour
PYB374  | Applying Traffic Psychology

Campus: Gardens Point and Kelvin Grove

Overview
A double degree in law and psychology offers you greater flexibility in your career. Combining skills in these two complementary areas, you will be able to apply psychological principles to legal issues and concerns.

Why choose this course
You have many opportunities to gain real workplace skills in each of your study disciplines. In psychology, students design and analyse original experiments, to enhance their research and analytical skills.

While studying, you are exposed to the range of job opportunities in external organisations and industry through careers seminars and opportunities for work experience. Students can also participate in a first-year peer mentor program and a career mentoring program.

In law, you can choose internship and legal clinic electives which provide a work experience placement to gain experience in legal firms, legal aid agencies or government departments.

Career options
With degrees in psychology and law, you will enter the work force with a solid scientific and practical base, making you suitable for positions in the development of mental health and legal policies, in research in the legal-psychological domain, and to work as either a lawyer or psychologist within legal, corporate, government, social, and clinical arenas.

You will be well placed to enter the work force in any number of work environments, including forensic areas (such as the prison service). In addition, you will have the option of pursuing your psychology training further in order to become a registered psychologist. The double degree will also allow you to work in legal environments as a solicitor, barrister, in-house counsel or government lawyer.

Outside the specialist psychology and legal environments, the skills and knowledge you have acquired will be transferable to a wide range of areas, such as business, marketing, communication and policy advisors or officers.

Professional Recognition
The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC). The Bachelor of Laws degree satisfies the academic requirements for admission to practice as a Solicitor or Barrister in all Australian States or Territories.

Many graduates wish to pursue careers in professional areas of psychology. To do so students must be registered with their State Registration Board. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Psychology (Honours) or Postgraduate Diploma in Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Honours
The Bachelor of Laws degree may be awarded with honours to students who have recorded outstanding achievement in the law component of the program.

OP Guarantee
The OP Guarantee will apply to this course.

Recommended Study
Maths A, B or C

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaire, portfolio, audition, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Head, Undergraduate Studies (Creative Industries component) - cifug@qut.edu.au; Ms Melinda Service (Health Science component)
Campus: Kelvin Grove

Overview

This exciting new double degrees will produce graduates who are media communication specialists with expertise in the ever-growing area of public health, nutrition and wellbeing. The degree combination will satisfy both your professional and personal needs. You will have a course and a career that is both creative and able to enhance people’s health and their lives.

The media and communications component provides both practical skills in multimedia, writing and communication combined with study in local and international media industries, media and communication industries.

The nutrition component provides the knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and wellbeing. The course has innovative and integrated industry placement options for practicum experience.

Why choose this course?

Health communication is a globally recognised and rapidly expanding field. Graduates can expect to gain employment in a range of public and private sector organisations.

Health professionals with superior communication skills and the ability to utilise the power of media technologies will make significant contributions to improving our quality of life, both locally and internationally.

Media and Communication

The course provides both practical skills in multimedia, writing and communication combined with study in local and international media and communication industries. Students combine core units in the creative industries (including practical skills in multimedia, writing and communication), with the study of media and communication, including media audiences, professional communication, new media technologies, and online communications.

Nutrition

The course provides knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and health promotion.

Career Outcomes

Graduates of the double degree may work as health communication specialists; health and nutrition writers; health promotion officers and educators; marketing and managerial roles in health and product promotions; health print and online editors; health communication managers; and e-health marketers.

Media and Communication

Graduates may work as advertising professionals; communication managers; media and cultural policy developers for government and community organisations; information officers; internet professionals; media buyers and planners; media marketers; media industry specialists; teachers and researchers; and print and online publishing professionals.

Nutrition

Graduates work as community health officers; policy officers; program evaluators; health promotion officers in community health; project officers; and consultants. These practitioners work in both public and private sectors including state and federal health departments, population health units, community health centres, divisions of general practice, non-governmental health organisations, and international health agencies.

Course Structure

This course is made up of 384 credit points. Each component (i.e. Creative Industries and Health Science) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from Media and Communication units and up to 24 credit points of elective units.

The Nutrition component is made up of 192 credit points of specified Health Science units.

Professional Membership
Graduates are eligible for membership of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Further Information**

For more information about this course, please contact the Faculty of Creative Industries phone +617 3138 8114 or email creativeindustries@qut.com or the School of Public Health Student Centre on +617 3138 3368 or email sph.studentcentre@qut.edu.au

**Domestic student tuition fee (Dfee) places**

Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Overview
This exciting new double degree will produce graduates who are media communication specialists with expertise in the ever-growing area of public health, nutrition and wellbeing. This degree combination will satisfy both your professional and personal needs. You will have a course and a career that is both creative and able to enhance people’s health and their lives. The course has innovative and integrated industry placement options for practicum experience.

The media and communications component provides both practical skills in multimedia, writing and communication combined with study in local and international media industries, media and communication industries.

The public health component provides the knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and health promotion. The course has innovative and integrated industry placement options for practicum experience.

Why choose this course?
Health communication is a globally recognised and rapidly expanding field. Graduates can expect to gain employment in a range of public and private sector organisations.

Health professionals with superior communication skills and the ability to utilise the power of media technologies will make significant contributions to improving our quality of life, both locally and internationally.

Media and Communication
The course provides both practical skills in multimedia, writing and communication combined with study in local and international media and communication industries. Students combine core units in the creative industries (including practical skills in multimedia, writing and communication), with the study of media and communication, including media audiences, professional communication, new media technologies, and online communications.

Public Health
The course provides knowledge and skills to address major health issues both nationally and internationally with a focus on community health, nutrition and health promotion.

The course has innovative and integrated industry placement options for practicum experience.

Career Outcomes
This double degree prepares graduates as health communication specialists; health and nutrition writers; health promotion officers and educators; marketing and managerial roles in health and product promotions; health print and online editors; health communication managers; and e-health marketers.

Media and Communication
Graduates may work as advertising professionals; communication managers; media and cultural policy developers for government and community organisations; information officers; internet professionals; media buyers and planners; media marketers; media industry specialists; teachers and researchers; and print and online publishing professionals.

Public Health
Graduates may also work as community health officers; policy officers; program evaluators; health promotion officers in community health; project officers; and consultants. These practitioners work in both public and private sectors including state and federal health departments, population health units, community health centres, divisions of general practice, non-governmental health organisations, and international health agencies.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Health Science) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from Media and Communication units and up to 24 credit points of elective units.

The Health Science component is made up of 180 credit points of specified Health Science units and a 12 credit point elective.

Professional Membership
Graduates are eligible for membership of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).
Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Potential Careers:
Diploma of Children's Services/Bachelor of Human Services (NA)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 4 years
Domestic Entry: February
QTAC code: 542412
Past rank cut-off: All qualified applicants were offered a place
Past OP cut-off: All qualified applicants were offered a place
Campus: Carseldine

Entry requirements
Applicants must apply via QTAC and satisfy the entry requirements for the Diploma of Community Services (Children's Services) at Brisbane North Institute of TAFE.

Dual TAFE/QUT Awards
This combined qualification leads to the awards of Diploma of Community Services (Children's Services) from Brisbane North Institute of TAFE and Bachelor of Social Science (Human Services) from QUT. Students undertake the first two years of study at Brisbane North Institute of TAFE and complete the degree at QUT. For further information contact Brisbane North Institute of TAFE on 131 248.

Deferment
QUT's deferment policy does not apply to this course.

Potential Careers:
Child Care Professional, Human Services Practitioner, Social Scientist, Sociologist.
Diploma of Community Welfare Work/Bachelor of Human Services (NA)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 4 years
Domestic Entry: February
QTAC code: 543432
Past rank cut-off: All qualified applicants were offered a place
Past OP cut-off: All qualified applicants were offered a place
Campus: Carseldine

Entry requirements
Applicants must apply via QTAC and satisfy the entry requirements for the Diploma of Community Welfare Work at Brisbane North Institute of TAFE.

Course outline
This combined qualification leads to the awards of Diploma of Community Welfare Work from Brisbane North Institute of TAFE and Bachelor of Human Services from QUT. Students undertake the first two years of study at Brisbane North Institute of TAFE and complete the degree at QUT. For further information contact Brisbane North Institute of TAFE on 131 248.

Dual TAFE/QUT Awards
For more information on Dual TAFE/QUT Awards please visit the QUT’s website on dual awards at dualawards.qut.com.

Deferment
QUT’s deferment policy does not apply to this course.

Potential Careers:
Community Worker, Human Services Practitioner, Social Scientist, Sociologist.
Diploma of Justice Administration/Bachelor of Human Services (NA)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 3 to 3.5 years
Domestic Entry: February
QTAC code: 542552
Past rank cut-off: All qualified applicants were offered a place
Past OP cut-off: All qualified applicants were offered a place
Campus: Carseldine

Entry requirements
Applicants must apply via QTAC and satisfy the entry requirements for the Diploma of Justice Administration at Brisbane North Institute of TAFE.

Course Outline
This combined qualification leads to the awards of Diploma of Justice Administration from Brisbane North Institute of TAFE and Bachelor of Social Science (Human Services) from QUT. Students undertake the first component of study at Brisbane North Institute of TAFE and complete the degree at QUT. For further information contact Brisbane North Institute of TAFE on 131 248.

Dual TAFE/QUT Awards
For more information on Dual TAFE/QUT Awards please visit the QUT’s website on dual awards at dualawards.qut.com.

Deferment
QUT’s deferment policy does not apply to this course.

Potential Careers:
Human Services Practitioner.
Diploma of Nursing (Pre-enrolment)/Bachelor of Nursing (NA)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 3.5 to 4 years
Domestic Entry: February
QTAC code: 555788 (SBI-Southbank/QUT-Kelvin Grove);
543788 (BNIT-Caboolture/QUT-Caboolture)
Past rank cut-off: 67* (not all applicants with this rank received an offer)
Past OP cut-off: 16* (not all applicants with this OP received an offer)
Total credit points: 192 (QUT component)
Standard credit points per full-time semester: 48
Course coordinator: Dr Alan Barnard
Campus: Kelvin Grove and Caboolture

Entry requirements
Applicants must apply via QTAC and satisfy the entry requirements for the Diploma of Nursing (Pre-enrolment) at the Southbank Institute and Brisbane North Institute of TAFE.

Note: applicants must be aged 17 years (or older) by 31 January 2008 as per TAFE Diploma of Nursing (Pre-enrolment) entry requirements.

Course outline
The Queensland University of Technology and TAFE Queensland have collaborated to offer this innovative course which provides for the transition between the TAFE Diploma and the QUT Bachelor course. This combined qualification leads to the awards of Diploma of Nursing (Pre-enrolment) from the Southbank Institute or Brisbane North Institute of TAFE and the Bachelor of Nursing from the Queensland University of Technology. Students complete their TAFE Diploma before articulating to QUT via direct entry with guaranteed credit. For more information contact the Southbank Institute on 137 248 or Brisbane North Institute of TAFE on 131 248.

Deferment
QUT’s deferment policy does not apply to this course.

Dual TAFE/QUT Awards
For more information on Dual TAFE/QUT Awards please visit the QUT’s website on dual awards at dualawards.qut.com.

Potential Careers:
Nurse.

Course duration (part-time): 2 semesters
Course duration (external): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (non-student visa holders) (subject to annual review)
Domestic Entry: February and July
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Fiona Coyer
Discipline coordinator: Dr Fiona Coyer
Campus: Kelvin Grove

No further intake

No new admissions are being accepted into this program from 2009. A study area in Intensive Care Nursing is available in NS32 Graduate Certificate in Nursing.

Overview
The Graduate Certificate in Intensive Care Nursing has been designed to provide graduates with a short, focused program to upgrade qualifications, knowledge and skills in intensive care nursing. The course will enable students to develop competence in the practice of intensive care nursing, examine major issues and trends in intensive care nursing scholarship and practice and develop an understanding of research applied to intensive care nursing practice. Students are required to undertake suitable workplace based clinical experience during the program, by maintaining employment in a level two or three intensive care unit at least 0.6 FTE.

Entry requirements
Applicants must be registered as a nurse with the Queensland Nursing Council (QNC) or the nurse regulatory authority in the student's state or territory of residence, have a degree in nursing (or equivalent) from a recognised institution, and normally have at least one year of appropriate post-registration clinical experience. Students enrolling must have had at least three months recent clinical experience in an intensive care facility and be working at least 0.6 FTE in a level two or three intensive care facility.

Applicants may be admitted on the basis of relevant experience at the discretion of the Head of School of Nursing.

All applicants should complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Course Structure
The Graduate Certificate in Intensive Care Nursing comprises four units. Three core units address topics including advanced health assessment; evidence based approaches to nursing practice in intensive care; and theory, processes and practices associated with preventing and managing common health problems experienced by clients within an intensive care environment. The fourth unit enables students to further develop knowledge and skills relevant to a particular critical care environment. These environments may include cardiac, emergency or intensive care practice settings.

The course can be undertaken by internal or external mode and mid-year entry is available.

Course Articulation
The Graduate Certificate in Intensive Care Nursing has full articulation with the Graduate Diploma in Nursing and the Master of Nursing programs.

International Student Entry
This course is not available to international students.

Graduate Certificate in Cancer Nursing (NS31)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters
Course duration (external): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Fiona Coyer
Discipline coordinator: Prof Patsy Yates
Campus: Kelvin Grove

No further intake
No new admissions are being accepted into this program from 2009. A study area in Cancer Nursing is available in NS32 Graduate Certificate in Nursing.

Overview
The Graduate Certificate in Cancer Nursing has been designed to provide graduates with a short, focused program to upgrade qualifications, knowledge and skills in cancer nursing. The course will enable students to develop competence in the practice of cancer nursing, examine major issues and trends in cancer nursing scholarship and practice, and develop an understanding of research applied to cancer nursing practice. Students are normally required to undertake suitable workplace based clinical experience during the program, by maintaining employment in an oncology/haematology setting at least 0.6 FTE.

Entry requirements
Applicants must be registered as a nurse with the Queensland Nursing Council (QNC) or the nurse regulatory authority in the student's state or territory of residence, have a degree in nursing (or equivalent) from a recognised institution, and normally have at least one year of appropriate post-registration clinical experience.

Applicants may be admitted on the basis of relevant experience at the discretion of the Head of School of Nursing.

Students not employed in a clinical setting relevant to their program may be required to undertake additional supernumerary clinical experiences to meet the requirements of the course.

All applicants should complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Course Structure
This course comprises three core units and one elective unit offered by the School of Nursing. Core units address topics including advanced health assessment, evidence based approaches to nursing practice in cancer care; and theory, processes and practices associated with preventing and managing common health problems experienced by people with oncological or haematological malignancies. The elective unit enables students to further develop knowledge and skills relevant to a particular speciality within the field of cancer care. These may include chemotherapy practice settings, palliative care services, transplant units or other selected areas of cancer practice.

This course can be undertaken by internal or external mode and may be commenced mid-year.

Course Articulation
The Graduate Certificate in Cancer Nursing has full articulation with the Graduate Diploma of Nursing or the Master of Nursing.

International Student Entry
This course is not available to international students.

Graduate Certificate in Nursing (NS32)

Year offered: 2009
Admissions: Yes
Course duration (part-time): 1 year
Domestic fees (indicative): 2009: CSP $2,081 (indicative) per semester, Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Course coordinator: Dr Fiona Coyer
Campus: Kelvin Grove

NOTE:
From 2009, the Graduate Certificate in Nursing (NS32) with study areas in:
- Acute Care
- Ageing and Dementia Studies
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric and Child Youth Health Nursing
- Women’s Health

are being offered to replace individual Graduate Certificates in:
- Aged Care (NS39)
- Cancer Nursing (NS31)
- Emergency Nursing (NS41)
- Intensive Care Nursing (NS30)
- Medical/Surgical Nursing (NS33)
- Paediatric and Child Youth Health Nursing (NS35)
- Women’s Health (NS36)

The Graduate Certificate in Community Practice (NS34) and the Graduate Certificate in Paediatric Intensive Care Nursing (NS38) have been discontinued.

Overview
The Graduate Certificate in Nursing provides graduates with a short, focused program to upgrade qualifications, knowledge and skills in particular areas of nursing practice. The course enables students to develop competence in their areas of practice, to examine major issues and trends in nursing scholarship and practice, and to develop an understanding of research applied to nursing practice.

Entry requirements
An applicant must be:
- registered as a nurse with the QNC or the nurse regulatory authority in the student’s state or territory of residence
- have gained a degree in nursing (or equivalent) from a recognised institution
- and normally have at least one year of appropriate post-registration clinical experience.

Alternatively, applicants may be admitted on the basis of relevant experience at the discretion of the Head of School of Nursing.

Applicants must provide original or certified documentary evidence for each entry requirement. For example: Queensland Nursing Council or equivalent registration; Nursing academic qualifications (if not awarded by QUT), that is, an award certificate and academic transcripts; and a supervisor signed letter or a statement of service to confirm your post-registration experience and your current employment position (where required for a study area).

All applicants should also complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Entry requirements for specific study areas are as follows:

Acute Care Nursing
Students are required to undertake suitable workplace-based clinical experience during the program to meet the requirements of the course by either maintaining employment in an acute practice setting or undertaking supernumerary clinical experience which will be organised by the School of Nursing.

Cancer Nursing
Applicants for the Cancer Nursing study area must normally be working at least 0.6 FTE in the practice setting relevant to cancer nursing. Students not working within these settings may be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

Emergency Nursing
Applicants for the Emergency Nursing study area must have at least three months of recent clinical experience in an emergency facility, and be working at least 0.6 FTE in a level four to six emergency facility.

Intensive Care Nursing
Applicants for the Intensive Care study area must also have had at least three months of recent clinical experience in an intensive care unit and be working at least 0.6 FTE in a level two or three intensive care facility.

Paediatric, Child and Youth Health Nursing
Applicants for the Paediatric, Child and Youth Health Nursing study areas must normally be working at least 0.6 FTE in the practice setting relevant to this study area. Students not working within these settings may be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

Course structure
The course structures of the Graduate Certificate in Nursing, Graduate Diploma in Nursing and Master of Nursing offer a wide range of pathways for nurses working in diverse settings, while at the same time ensuring opportunities for in-depth study to develop an advanced level of competence in selected areas of nursing practice. Students may undertake one of seven study areas in the Graduate Certificate in Nursing.

There are three recommended pathways—clinical,
professional and research from the Graduate Certificate through the Graduate Diploma to the Master of Nursing.

The Graduate Certificate in Nursing is offered part-time only in internal or external mode and so is not available to international students.

Course articulation
The Graduate Certificate in Nursing, the Graduate Diploma in Nursing and the Master of Nursing fully articulate.

Further information

Graduate Certificate in Community Practice (NS34)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters
Course duration (external): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Fiona Coyer
Discipline coordinator: Ms Fran Sanders
Campus: Kelvin Grove

No further intake
This course is being discontinued and no new admissions will be accepted from 2009.

Overview
The Graduate Certificate in Community Practice has been designed to provide graduates from nursing and other health disciplines with a short, focused program to upgrade qualifications, knowledge and skills in community health. The course is designed for registered nurses or other health professionals working in community settings to enable them to develop advanced knowledge and skills in key areas of community health practice. Students will examine major issues and trends in community health practice, and develop an understanding of research and evaluation applied to community health practice.

Entry requirements
Applicants for admission must have a degree or diploma in a health profession (or equivalent). Applicants who are registered nurses or who hold other qualifications and/or professional experience approved by the Head of School of Nursing may be admitted.

All applicants should complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Course Structure
The Graduate Certificate in Community Practice comprises three core units and one elective unit offered by the School of Nursing. Core units address topics including: principles of primary health care, including community participation, public health and health promotion; developing and maintaining collaborative partnerships in community practice; and project management and program planning, implementation and evaluation in community practice. The elective unit enables students to further develop knowledge and skills in an area of choice relevant to community health practice.

The course can be undertaken by internal or external mode and may be commenced mid-year.

Course Articulation
The Graduate Certificate in Community Practice has full articulation with the Graduate Diploma in Nursing and the Master of Nursing programs.

International Student Entry
This course is not available to international students.

Graduate Certificate in Paediatric, Child and Youth Health Nursing (NS35)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters
Course duration (external): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Fiona Coyer
Discipline coordinator: Ms Jo Ramsbotham
Campus: Kelvin Grove

No further intake
No new admissions are being accepted into this program from 2009. A study area in Paediatric, Child and Youth Health Nursing is available in NS32 Graduate Certificate in Nursing.

Overview
This course is designed for nurses working in either acute or community settings to enable them to develop competence in the practice of paediatric, child and youth health nursing. Students will examine major issues and trends in paediatric, child and youth health nursing scholarship and practice, and develop an understanding of research applied to paediatric, child and youth health nursing practice.

Students are normally required to undertake suitable workplace-based clinical experience during the program, by maintaining employment in an acute paediatric or community child or youth health setting at least 0.6 FTE. Students who are not working in a suitable clinical or community setting during the course will be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

Entry requirements
Students must be registered as a nurse with the Queensland Nursing Council (QNC) or the nurse regulatory authority in the student’s state or territory of residence, have gained a degree in nursing (or equivalent) from a recognised institution, and normally have at least one year of appropriate post-registration clinical experience.

Students who are not employed in a clinical setting relevant to their program may be required to undertake additional supernumerary clinical experiences to meet the requirements of the course.

Applicants may be admitted on the basis of relevant experience at the discretion of the Head of School of Nursing.

Course Structure
This course comprises four units. The three core units address topics including child and family health assessment; evidence-based approaches to practice in paediatric, child and youth health nursing; and theory, processes and practices associated with primary and secondary prevention and management of common health problems experienced by individuals and families within paediatric, child and youth health settings.

The choice of elective units enables students to further develop knowledge and skills relevant to particular specialities within either acute paediatric or community child and youth health settings. This course may be undertaken by internal or external mode.

Course Articulation
The Graduate Certificate in Paediatric, Child and Youth Health Nursing has full articulation with the Graduate Diploma in Nursing and the Master of Nursing programs.

International Student Entry
This course is not available to international students.

Course coordinator: Dr Fiona Coyer
Discipline coordinator: Dr Jennie Barr
Campus: Kelvin Grove

No further intake
No new admissions are being accepted into this program from 2009. A study area in Women's Health is available in NS32 Graduate Certificate in Nursing.

Overview
The Graduate Certificate in Women's Health has been designed to provide graduates from health and related disciplines with a short, focused program to upgrade qualifications, knowledge and skills in women's health promotion. The program provides opportunities to develop theoretical and practical knowledge in women's health issues, the prevention of violence in all forms against women, sexual and reproductive health, and the screening and early detection of breast cancer. Students also have the opportunity to undertake women's health field visits and professional practice in organisations within their scope of practice. The course is suitable for registered nurses and other professionals working in women's health.

Entry requirements
A bachelor degree in the health professions (or equivalent). Registered nurses who hold other qualifications and/or professional experience approved by the Head of School of Nursing may be admitted.

All applicants should complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Course Structure
This course comprises two core units, one elective unit and one special topic unit. Core units address topics including women's health issues and sexual and reproductive health. The elective and special topic units provide students with the opportunity to develop knowledge and skills in areas including health promotion, prevention of violence against women, sexual and reproductive health, and the screening and early detection of breast cancer.

This course may be undertaken by internal or external mode and can be commenced mid-year.

Course Articulation

The Graduate Certificate in Women's Health has full articulation with the Graduate Diploma in Nursing, the Master of Nursing, the Graduate Diploma in Health Science and the Master of Health Science.

International Student Entry
This course is not available to international students.

Graduate Certificate in Paediatric Intensive Care Nursing (NS38)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters
Course duration (external): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Total credit points: 48 (including 24 credit points advanced standing)
Standard credit points per part-time semester: 12
Course coordinator: Dr Fiona Coyer
Discipline coordinator: Dr Jenny Fraser
Campus: Kelvin Grove

No further intake
This course is being discontinued and no new admissions will be accepted from 2009.

Overview
The Graduate Certificate in Paediatric Intensive Care Nursing has been designed to provide graduates with a short, focused program to upgrade qualifications, knowledge and skills in paediatric intensive care nursing. The course will enable students to develop competence and examine major issues and trends in paediatric intensive care nursing and, in addition, students practise and develop an understanding of research applied to paediatric intensive care nursing practice. Students are required to undertake suitable workplace-based clinical experience during the program, by maintaining employment in a paediatric intensive care unit at least 0.6 FTE.

Entry Requirements
Applicants must be eligible for registration as a nurse with the Queensland Nursing Council, have gained a degree in nursing (or equivalent) from a recognised institution, be currently enrolled or have completed the Queensland Health Transition to Practice Intensive Care Nurse Education Program (Paediatric) within the past three years, normally have at least one year of appropriate post-registration clinical experience, have at least three months recent clinical experience in a paediatric intensive care facility and be working at least 0.6FTE in a paediatric intensive care unit. This course maybe undertaken by internal or external mode and is available for mid-year entry.

All applicants should complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Course Structure
The Graduate Certificate in Paediatric Intensive Care Nursing comprises 48 credit points made up of 24 credit points advanced standing from the Queensland Health Transition to Practice Intensive Care Nurse Education Program (Paediatric), plus 24 credit points from units offered by the School of Nursing. This course maybe undertaken by internal or external mode and is available for mid-year entry.

Course Articulation
All units successfully completed may be credited towards the Graduate Diploma of Nursing or the Master of Nursing.

International Student Entry
This course is not available to international students.

No further intake

No new admissions are being accepted into this program from 2009. A study area in Ageing and Dementia Studies is available in NS32 Graduate Certificate in Nursing.

Overview
The Graduate Certificate in Aged Care has been designed to provide graduates from health and related disciplines with a short, focused program to upgrade qualifications, knowledge and skills in aged care. The course will enable students to develop competence in the practice of aged care, examine major issues and trends in aged care policy and practice, and develop an understanding of research applied to aged care practice. The course is suitable for registered nurses and other professionals working in the field of aged care.

Entry requirements
Applicants must have a bachelor degree in the health profession (or equivalent) from a recognised institution; or alternatively, registered nurses who hold other qualifications or experience approved by the Head of School of Nursing may be admitted; and have a minimum of one year of recent experience in aged care.

All applicants should complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Course Structure
The Graduate Certificate in Aged Care comprises four core units. These units address topics including health assessment in aged care, active ageing and wellness for older people living in the community, pathologies and associated practice interventions in caring for older people experiencing ill health, and policy and practice issues pertinent to the specialist practitioner in aged care, dementia, and family care.

The course can be undertaken by internal or external mode and can also be commenced mid-year.

Course Articulation
The Graduate Certificate in Aged Care has full articulation with the Graduate Diploma in Nursing, the Master of Nursing, the Graduate Diploma in Health Science, and the Master of Health Science.

International Student Entry
This course is not available to international students.

Further Information
For more information about this course, please call the School of Nursing and Midwifery on +617 3138 3824 or email nursing.enquiries@qut.com

Part-Time Course Structure

Year 1, Semester 1
NSN801 Health Assessment in Aged Care
NSN821 Promoting Healthy Ageing

Year 1, Semester 2
NSN822 Palliation in Dementia
NSN626 Studies in Dementia
Bachelor of Nursing (Graduate Entry) (NS40)

Year offered: 2009
Admissions: Yes

International Entry: February and July
QTAC code: 425252
Past rank cut-off: 93. Admission to course is based on prior study entry requirements in addition to a rank. Please refer to Entry Requirements.
Total credit points: 192 of study + 96 credit of graduate credit
Standard credit points per full-time semester: 48
Course coordinator: Ms Jo Ramsbotham
Campus: Kelvin Grove

Overview
Nurses are an integral part of the health sector providing health care to individuals, families and communities in a wide range of settings.

Why choose this course?
QUT has the longest-running tertiary-based School of Nursing in Queensland, with many years of industry consultation and experience. This long-term and extensive collaboration and partnership provides you with unparalleled practical experience throughout your course. The QUT School of Nursing is also the largest and most established centre in Australia and has an excellent reputation domestically and overseas, with strong international links.

The course provides a good balance of nursing theory and practice, and you will undertake supporting studies in biological, behavioural and social science, and the humanities. You are supervised by academic and clinical staff considered leaders in the nursing field.

Approximately half of the learning experiences are clinically based to ensure you gain extensive practical experience as a nurse. Clinical placements are available in a range of public and private hospitals and community services throughout Brisbane and in regional and rural areas of Queensland.

Career Options
Nursing graduates have excellent employment opportunities in a variety of health care settings or health promotion agencies. These include public and private hospitals and nursing homes as well as community service areas such as community health, occupational health, domiciliary nursing services, school health, Aboriginal health, pathology laboratories, alcohol and drug dependence and the armed services.

Many nurses specialise in a specific area such as aged care, mental health, paediatrics, midwifery, intensive care, cancer, medical/surgical, community practice, emergency or women's health.

Nurses are in demand all over the world and QUT nursing graduates have been successful in obtaining employment overseas, including in Britain, New Zealand and North America.

Entry Requirements
Applicants must have completed a bachelor degree (or equivalent) within the past 10 years. Applicants with degrees (or equivalent) completed more than 10 years ago must provide evidence of graduate work experience and/or further studies since course completion with their QTAC application to receive further consideration. Please read Real Options for further information on Graduate Entry to QUT.

Students who admitted to the graduate entry program will automatically received one year of academic credit which will entitle the student to complete the degree in two years (full-time).

OP Guarantee
The OP Guarantee does not apply to this program.

Campus
This course is only available at the Kelvin Grove Campus.

Professional Membership
This course is recognised by the Royal College of Nursing, Australia (RCNA) as satisfying the academic requirements for admission as a professional member. The Bachelor of Nursing is an accredited Nursing Pre-registration course of the Queensland Nursing Council (QNC). For further information on registration requirements please refer to the Queensland Health website.

Other Course Requirements
It is a requirement of Queensland Health that all students undertaking a clinical placement in a Q Health facility complete The Essentials component of the student orientation package which is available on the Queensland Health website.

blue card As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit http://bluecard.qut.com.

additional costs The clinical practice units require students to undertake block practicums of two or more weeks duration. Students will be required to wear a uniform while on clinical practice, the cost of which is approximately $150. Students enrolling in this program are required to complete a course of vaccinations for Hepatitis B before commencing...
their clinical practice units. They are also required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

**Deferment**

QUT's deferment policy does not apply to this course.

**Domestic student tuition fee (Dfee) places**

Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply with regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

**Further Information**

Overview
Nurses are an integral part of the health sector, providing health care to individuals, families and communities in a wide range of settings.

Why choose this course?
QUT has the longest running tertiary-based School of Nursing in Queensland, with many years of industry consultation and experience. This long-term and extensive collaboration and partnership provides you with unparalleled practical experience throughout your course.

Advanced standing is automatically awarded to applicants with a completed degree in another discipline (see Bachelor of Nursing-Graduate Entry). Students with a completed Diploma of Nursing (Pre-enrolment) will automatically receive one year of advanced standing (96 credit points) and can complete the degree in two years full-time.

The course provides a good balance of nursing theory and practice, and you will undertake supporting studies in biological, behavioural and social science, and the humanities. You will be supervised by academic and clinical staff considered leaders in the nursing field. Approximately half of the learning experiences are clinically based to ensure you gain extensive practical experience as a nurse. Clinical placements are available in a range of public and private hospitals and community services throughout Brisbane and in regional and rural areas of Queensland.

Career Options
Nursing graduates are in high demand and have excellent employment opportunities in a variety of health care settings or health promotion agencies. These include public and private hospitals and nursing homes, as well as community service areas such as community health, occupational health, domiciliary nursing services, school health, Aboriginal health, pathology laboratories, alcohol and drug dependence and the armed services.

Many nurses specialise in a specific area such as aged care, mental health, paediatrics, midwifery, intensive care, cancer, medical/surgical, community practice, emergency or women's health.

Nurses are in demand all over the world and QUT nursing graduates have been successful in obtaining employment overseas, including in Britain, New Zealand and North America.

Professional Membership
This course is recognised by the Royal College of Nursing, Australia (RCNA) as satisfying the academic requirements for admission as a professional member. The Bachelor of Nursing is an accredited Nursing Pre-registration course of the Queensland Nursing Council (QNC). For further information on registration requirements please refer to the Queensland Nursing Council website.

Graduate entry
Students with a complete degree are eligible to be considered for Bachelor of Nursing - Graduate Entry program. For further details please read the separate course entry on Bachelor of Nursing - Graduate Entry.

Diploma entry
Students with a completed Diploma of Nursing (Pre-enrolment), Diploma of Nursing (Post-enrolment), or Diploma of Nursing Care (Pre-enrolment) from TAFE or Shafston Institute of Technology will receive one year of academic credit will be automatically awarded by QUT Admissions after the QTAC offer and prior to the start of classes.

If you have one the above diplomas and receive an offer, you will be able to undertake the diploma entry enrolment program that allows you to complete the Bachelor of Nursing in two years.

Other course requirements
It is a requirement of Queensland Health that all students undertaking a clinical placement in a Q health facility complete The Essentials component of the student orientation package which is available on the Queensland Health website.

blue card As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory...
requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit http://bluecard.qut.com.

**Additional costs** The clinical practice units require students to undertake block practicums of two or more weeks duration. Block practicums may be scheduled during semester breaks. Students will be required to wear a uniform while on clinical practice, the cost of which is approximately $150. Students enrolling in this program are required to complete a course of vaccinations for Hepatitis B before commencing their clinical practice units. They are also required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

**Deferment**
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Caboolture campus**
International student places are not currently offered at Caboolture campus.

Graduate entry currently is not offered at the Caboolture campus.

Graduate Certificate in Emergency Nursing (NS41)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters
Course duration (external): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Total credit points: 48
Standard credit points per part-time semester: 12
Course coordinator: Dr Fiona Coyer
Discipline coordinator: Dr Fiona Coyer
Campus: Kelvin Grove

No further intake

No new admissions are being accepted into this program from 2009. A study area in Emergency Nursing is available in NS32 Graduate Certificate in Nursing.

Overview
The Graduate Certificate in Emergency Nursing is offered in conjunction with key industry partners. Two units (24 credit points) are advanced standing from accredited programs, such as the Queensland Health Transition to Emergency Nursing program. The remaining two units (24 credit points) in the Graduate Certificate in Emergency Nursing address topics such as nursing assessment, evidence-based approaches to nursing practice in the emergency setting and the process and practices associated with managing common client presentations to the emergency settings.

Entry Requirements
Applicants must be eligible for registration as a nurse with the Queensland Nursing Council (QNC), have a degree in nursing (or equivalent) from a recognised institution, have completed the Queensland Health Transition to Emergency Nursing Program (or its equivalent) within the past three years, normally have at least one year of appropriate post-registration clinical experience, have at least three months recent clinical experience in an emergency facility, and be working at least 0.6 FTE in a level four-six emergency facility.

Applicants may be admitted on the basis of relevant experience at the discretion of the Head of the School of Nursing.

All applicants should complete the questionnaire to accompany their applications available at
http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Course Structure
The Graduate Certificate comprises 48 credit points made up of 24 credit points advanced standing from accredited programs, plus 24 credit points from units offered by the School of Nursing.

The course may be undertaken in internal or external mode and is available for mid-year entry.

Course Articulation
All units successfully completed may be credited towards the Graduate Diploma in Nursing or the Master of Nursing.

International Student Entry
This course is not available to international students.

Campus: Kelvin Grove

Overview

This four-year degree program combines the complementary areas of nursing and health services management. The clinical and practical aspects of nursing are combined with the managerial and administrative side of health care delivery to provide you with a breadth of relevant knowledge and experience.

Why choose this course?

Along with being eligible to apply for registration as a nurse with the Queensland Nursing Council (QNC), you will also be multi-skilled in the management of health services, enhancing your employment and career prospects.

This course features both theoretical and practical subjects, including clinical placements ensuring you gain extensive, hands-on experience as a nurse. The course structure provides a balance of nursing and health management subjects including behavioural sciences, mental health, professional development, finance, planning and health promotion.

Career Options

Nurses work in public and private hospitals, residential care facilities, private homes, schools, pathology laboratories, medical clinics and other community-based and private work environments.

Graduates can also seek employment opportunities in managerial roles within the health sector.

Professional Membership

This course is recognised by the Royal College of Nursing, Australia (RCNA) as satisfying the academic requirements for admission as a professional member. It is also an accredited nursing preregistration course of the Queensland Nursing Council (QNC). For further information on the requirements for QNC registration please refer to www.qnc.qld.gov.au Graduates are also eligible for membership of the Australian College of Health Service Executives (ACHSE).

Honours

A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

Other Course Requirements

The clinical practice units require students to undertake block practicums of two or more weeks duration. Students will be required to wear a uniform while on clinical practice, the cost of which is approximately $150. Students enrolling in this program are required to complete a course of vaccinations for Hepatitis B before commencing their clinical practice units. They are also required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course.

It is a requirement of Queensland Health that all students undertaking a clinical placement in a Q health facility complete ‘The Essentials’ component of the student orientation package which is available on the Queensland Health website www.health.qld.gov.au/SOP/html/Essentials_Homepage.asp

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information

For detailed information about this course please call the School of Nursing and Midwifery on +617 3138 3824 or email nursing.enquiries@qut.com

Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Campus: Kelvin Grove

Overview
This course combines the disciplines of nursing and midwifery. The program balances the development of clinical skills in nursing and midwifery with theoretical study and includes clinical placements in maternity settings, hospitals, and community facilities. The course is designed to provide graduates with the knowledge, skills and competencies to practise as registered nurses and endorsed midwives.

Note that graduates are awarded a Bachelor of Nursing and a Bachelor of Midwifery. The Bachelor of Midwifery is not offered alone as a separate course.

The course is four years full-time. Year 1 will be offered for the first time in 2008. Years 2 to 4 will be introduced progressively from 2009.

Career options
The course is designed to prepare graduates for employment as nurses or midwives. At present there are workforce shortages in both nursing and midwifery. Graduates will be able to work not only in hospital settings, but also in community and rural settings.

Registration
Registered General Nurse and Endorsed Midwife with Queensland Nursing Council.

Professional Membership
The program will satisfy the academic and educational requirements for admission as a professional member of the Royal College of Nursing, Australia, and Australian College of Midwives Incorporated.

OP Guarantee
The OP Guarantee does not apply to this course.

Other course requirements

It is a requirement of Queensland Health that all students undertaking a clinical placement in a Q health facility complete The Essentials component of the student orientation package which is available on the Queensland Health website.

Blue Card As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit bluecard.qut.com.

Additional Costs The clinical practice units require students to undertake block practicums of two or more weeks duration. Block practicums may be scheduled during semester breaks. Students will be required to wear a uniform while on clinical practice, the cost of which is approximately $150. Students enrolling in this program are required to complete a course of vaccinations for Hepatitis B before commencing their clinical practice units. They are also required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Graduate Diploma in Nursing (NS64)

**Year offered:** 2009  
**Admissions:** Yes  
**CRICOS code:** 015086K  
**Course duration (full-time):** 2 semesters  
**Course duration (part-time):** 4 semesters  
**Course duration (external):** 2 semesters (full time) or 4 semesters (part-time)  
**Domestic fees (indicative):** 2009: CSP $2,487 (indicative) per semester, Full fee tuition $6,750 (indicative) per semester  
**International Fees (per semester):** 2009: $10,000 (indicative) per semester (subject to annual review)  
**Domestic Entry:** February and July  
**International Entry:** February and July (Midwifery: Feb only) (Paediatric, Child and Youth Health: July entry is available as part-time only)  
**Total credit points:** 96  
**Course coordinator:** Dr Fiona Coyer  
**Campus:** Kelvin Grove

**Overview**

The Graduate Diploma in Nursing provide the opportunity for registered nurses to acquire an advanced level of knowledge and skills in nursing practice, and to prepare registered nurses for specialist roles in selected areas of health care. The course demonstrates a clear integration with advanced practice competencies that have been established by key professional nursing organisations and various specialty nursing groups. The course thus aims to further develop expertise in areas including advanced nursing practice in selected specialties, nursing research and scholarship, and leadership and management in health care.

The Graduate Diploma in Nursing fully articulates and is offered for domestic and international students who are eligible for registration as a nurse with the Queensland Nurses Council (QNC).

**Study areas**

The following majors are offered in this course:

- Acute Care
- Ageing and Dementia Studies
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Professional Studies
- Women's Health

Students may follow one of the following pathways - Clinical, Professional and Research.

**Entry Requirements - Domestic Applicants**

An applicant must be:

- â€¢ registered as a nurse with the QNC or the nurse regulatory authority in the studentâs state or territory of residence
- â€¢ have gained a degree in nursing (or equivalent) from a recognised institution
- â€¢ and normally have at least one year of appropriate post-registration clinical experience.

Alternatively, applicants may be admitted on the basis of relevant experience at the discretion of the Head of School of Nursing.

Applicants must provide original or certified documentary evidence for each entry requirement. For example: Queensland Nursing Council or equivalent registration; Nursing academic qualifications (if not awarded by QUT), that is, an award certificate and academic transcripts; and a supervisor signed letter or a statement of service to confirm your post-registration experience and your current employment position (where required for a study area).

All applicants should also complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

**Entry requirements for specific study areas are as follows:**

**Acute Care Nursing**

Students are required to undertake suitable workplace-based clinical experience during the program to meet the requirements of the course by either maintaining employment in an acute practice setting or undertaking supernumerary clinical experience which will be organised by the School of Nursing.

**Cancer Nursing**

Applicants for the Cancer Nursing study area must normally be working at least 0.6 FTE in the practice setting relevant to cancer nursing. Students not working within these settings may be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

**Emergency Nursing**

Applicants for the Emergency Nursing study area must have at least three months of recent clinical experience in an emergency facility, and be working at least 0.6 FTE in a level four to six emergency facility.

**Intensive Care Nursing**

Applicants for the Intensive Care study area must also have had at least three months of recent clinical experience in an intensive care unit and be working at least 0.6 FTE in a level two or three intensive care facility.

**Paediatric, Child and Youth Health Nursing**

Applicants for the Paediatric, Child and Youth Health Nursing study areas must normally be working at least 0.6 FTE in the practice setting relevant to this study area. Students not working within these settings may be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

**Entry Requirements - International Applicants**
International applicants must:
- have gained from a recognised institution a qualification equivalent, on the University’s assessment, to that of a registered nurse in Australia
- be registered or authorised to practise in their country of origin or residence
- have gained a degree in nursing (or equivalent) from a recognised institution
- and normally have at least one year of appropriate post-registration clinical experience.

Applicants for the Intensive Care study area must have current temporary or full registration as a nurse with the Queensland Nursing Council (QNC).

Applicants for the Intensive Care study area must also have had at least three months of recent clinical experience in an intensive care unit.

To apply for temporary registration with the QNC, applicants are required to submit appropriate application forms and to pay prescribed fees. Eligibility for temporary registration is assessed by the QNC. This process may take up to three months. Information is available at www.qnc.qld.gov.au

International students may enrol only in February in full-time studies and may study only onshore.

**Course Structure**

The course structures offer a wide range of pathways for nurses working in diverse settings, while at the same time ensuring opportunities for in-depth study to develop an advanced level of competence in selected areas of nursing practice.

The Graduate Diploma in Nursing consists of eight units each of 12 credit points making a total 96 credit points.

The Graduate Diploma may be undertaken by domestic students full-time or part-time in internal or external mode.

NB: Midwifery is offered in a separate Graduate Diploma in Midwifery which articulates with the Master of Nursing.

**Professional Studies**

The purpose of this area of study is to enable students who do not wish to undertake in-depth study in a particular specialty to have maximum flexibility to select a program of study relevant to their needs. The program is designed to extend and enhance existing nursing knowledge and skills; build confidence and leadership skills; provide a forum for critical examination of contemporary nursing; attain academic experience and qualifications; and foster an understanding of nursing within the broader umbrella of health care.

Graduate Diploma in Nursing students who choose this major will complete three core units, and five elective units.

The elective options enable students to customise their program of study to meet individual learning needs.

**Course Pathways/Articulation**

The Graduate Diploma in Nursing fully articulates with the Master of Nursing and is offered for domestic and international students who are eligible for registration as a nurse with the QNC.

**Further Information**

For more information about this course, please call the School of Nursing and Midwifery on +61 7 3138 3824 or email nursing.enquiries@qut.com

Graduate Diploma in Midwifery (NS68)

Year offered: 2009
Admissions: Yes
CRICOS code: 040342B
Course duration (full-time): 2 semesters
Course duration (part-time): 4 semesters
Course duration (external): 2 semesters (full-time) or 4 semesters (part-time)
Domestic fees (indicative): 2009: CSP $2,487 (indicative) per semester, Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Fiona Coyer
Campus: Kelvin Grove

Overview

The Graduate Diploma in Midwifery is designed to prepare graduates for beginning level practice as midwives. Students undertake clinical and supporting studies units to enable them to develop competence in the area of midwifery, develop a critical awareness of major issues and trends in midwifery, and develop their understanding of research applied to midwifery. Graduates from the program are eligible to apply to the Queensland Nursing Council (QNC) for endorsement authorising practice as a midwife. Inherent in these course objectives is the expectation that, on completion of the course, students will have demonstrated their ability to meet the Australian College of Midwives Competencies (2005).

Entry Requirements - Domestic Applicants

Domestic applicants must:
- be registered as a nurse with the QNC
- have gained a degree in nursing (or equivalent) from a recognised institution and
- normally have at least one year of appropriate post-registration clinical experience.

Alternatively, applicants may be admitted on the basis of relevant experience at the discretion of the Head of School of Nursing.

Applicants must provide original or certified documentary evidence for each entry requirement. For example: Queensland Nursing Council or equivalent registration; Nursing academic qualifications (if not awarded by QUT), that is, an award certificate and academic transcripts; and a supervisor signed letter or a statement of service to confirm your post-registration experience and your current employment position (where required for a study area).

All applicants should also complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Entry Requirements - International Applicants

International applicants must have current temporary or full registration as a nurse with the QNC, have gained a degree in nursing (or equivalent) from a recognised institution and normally have at least one year of appropriate postregistration clinical experience.

To apply for temporary registration with the QNC, applicants are required to submit appropriate application forms and to pay an application fee plus an annual licence fee. The QNC assesses eligibility for temporary registration. This process may take up to three months. International applicants may also apply for alternative entry on the basis of relevant experience at the discretion of the Head of School of Nursing. International students may enrol only in full-time studies.

Course Structure

Students enrolled in the Graduate Diploma in Midwifery undertake eight 12 credit point units, comprising five clinical studies units and three supporting studies units. These clinical units are designed to facilitate the development of knowledge, attitudes and skills which are commensurate with beginning practice as a midwife. A minimum of 720 hours of off-campus clinical experience is scheduled throughout the course. Clinical experience occurs in hospital settings, and a variety of community health agencies eg the family planning clinic, sexual health clinic, community support groups and childbirth education classes. The supporting studies component of the program comprises three units designed to further enhance students’ professional growth through exploration, at a postgraduate level, of the nexus between research and practice, and issues in the development of midwifery as a discipline.

Course Articulation

This course fully articulates with the Master of Nursing.

Master of Nursing (NS85)

Year offered: 2009
Admissions: Yes
CRICOS code: 012644J
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Course duration (external): 3 semesters (full-time) or 6 semesters (part-time)
Domestic fees (indicative): 2009: CSP $2,894 (indicative) per semester, Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July (Midwifery: Feb only)

Overview
The Master of Nursing provide an opportunity for registered nurses to acquire an advanced level of knowledge and skills in nursing practice, and prepare for specialist roles in selected areas of health care. The courses demonstrate a clear integration with advanced practice competencies that have been established by key professional nursing organisations and various specialty nursing groups. The courses aim to further develop expertise in areas including advanced nursing practice in selected specialties, nursing research and scholarship, and leadership and management in health care.

This course fully articulates and is offered for domestic and international students who are eligible for registration as a nurse with the Queensland Nursing Council (QNC).

Study Areas
The following majors are offered in this course:

- Acute Care Nursing
- Ageing and Dementia Studies
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Professional Studies
- Women's Health
- Midwifery *

*Only offered in the February intake.

Students may follow one of the following pathways:

- Clinical
- Professional
- Research

Entry Requirements - Domestic Applicants
An applicant must be:
- â‡¢ registered as a nurse with the QNC or the nurse regulatory authority in the student's state or territory of residence
- â‡¢ have gained a degree in nursing (or equivalent) from a recognised institution
- â‡¢ and normally have at least one year of appropriate post-registration clinical experience.

In addition candidates seeking entry to the Master of Nursing are normally required to hold an undergraduate degree in nursing (or equivalent) at a grade point average of 5 or above.

Alternatively, applicants may be admitted on the basis of relevant experience at the discretion of the Head of School of Nursing.

Applicants must provide original or certified documentary evidence for each entry requirement. For example: Queensland Nursing Council or equivalent registration; Nursing academic qualifications (if not awarded by QUT), that is, an award certificate and academic transcripts; and a supervisor signed letter or a statement of service to confirm your post-registration experience and your current employment position (where required for a study area).

All applicants should also complete the questionnaire to accompany their applications available at http://www.studentseervices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Entry requirements for specific study areas are as follows:

Acute Care Nursing
Students are required to undertake suitable workplace-based clinical experience during the program to meet the requirements of the course by either maintaining employment in an acute practice setting or undertaking supernumerary clinical experience which will be organised by the School of Nursing.

Cancer Nursing
Applicants for the Cancer Nursing study area must normally be working at least 0.6 FTE in the practice setting relevant to cancer nursing. Students not working within these settings may be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

Emergency Nursing
Applicants for the Emergency Nursing study area must have at least three months of recent clinical experience in an emergency facility, and be working at least 0.6 FTE in a level four to six emergency facility.

Intensive Care Nursing
Applicants for the Intensive Care study area must also have had at least three months of recent clinical experience in an intensive care unit and be working at least 0.6 FTE in a level two or three intensive care facility.
Midwifery
Applicants for the Midwifery strand must be registered as a nurse with the QNC.

Paediatric, Child and Youth Health Nursing
Applicants for the Paediatric, Child and Youth Health Nursing study areas must normally be working at least 0.6 FTE in the practice setting relevant to this study area. Students not working within these settings may be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

Entry Requirements - International students
International applicants must:
- have gained from a recognised institution a qualification equivalent, on the University’s assessment, to that of a registered nurse in Australia
- be registered or authorised to practise in their country of origin or residence
- have gained a degree in nursing (or equivalent) from a recognised institution
- and normally have at least one year of appropriate post-registration clinical experience.

Candidates seeking entry to the Master of Nursing are normally required to hold an undergraduate degree in nursing (or equivalent) at a grade point average of 5 or above.

Applicants for the Intensive Care or Midwifery study areas must have current temporary or full registration as a nurse with the Queensland Nursing Council (QNC).

Applicants for the Intensive Care study area must also have had at least three months of recent clinical experience in an intensive care unit.

International applicants may also apply for alternative entry, on the basis of relevant experience, at the discretion of the Head of School of Nursing.

To apply for temporary registration with the QNC, applicants are required to submit appropriate application forms and to pay prescribed fees. Eligibility for temporary registration is assessed by the QNC. This process may take up to three months. Information is available at www.qnc.qld.gov.au

International students may enrol only in February in full-time studies and may study only onshore.

Course Structure
The course structures offer a wider range of pathways for nurses working in diverse settings, while at the same time ensuring opportunities for in-depth study to develop an advanced level of competence in selected areas of nursing practice. Students may undertake one of nine different majors. For a detailed overview of the majors available, please refer to the Graduate Certificate in Nursing relevant to these areas of study.

The Master of Nursing consists of the content of the Graduate Diploma in Nursing plus a further 48 credit points.

Students who wish to graduate with a specified major in the Master of Nursing (except Professional Studies) will be required to complete the 96 credit points of the Graduate Diploma in Nursing units relevant to that major and undertake either a 48 credit point thesis or an additional 24 credit points of the remaining 48 credit points at the masters level in units also relevant to that major. These 24 credit points can be undertaken by completing relevant coursework units or a 24 credit point clinical project.

Students who wish to graduate from the Master of Nursing with a major in Professional Studies will be required to complete the 96 credit points of the Graduate Diploma in Nursing, and can then choose to complete the remaining 48 credit points at the masters level either by coursework, project or thesis. The coursework units may be selected from any postgraduate level units offered within the University for which the student has the necessary prerequisite.

The Master of Nursing may be undertaken both in the full-time and part-time in internal or external mode.

Professional Studies
The purpose of this area of study is to enable students who do not wish to undertake in-depth study in a particular specialty to have maximum flexibility to select a program of study relevant to their needs. The program is designed to extend and enhance existing nursing knowledge and skills; build confidence and leadership skills; provide a forum for critical examination of contemporary nursing; attain academic experience and qualifications; and foster an understanding of nursing within the broader umbrella of health care.

For a detailed overview of the majors available, please refer to the Graduate Certificate relevant to these areas of study.

Course Articulation
The Graduate Diploma in Nursing and the Master of Nursing fully articulate and are offered for domestic and overseas students who are eligible for registration as a nurse with the Queensland Nurses Council (QNC).

Student who complete the Master of Nursing may also be eligible for up to 96 credit points advanced standing in HL90 Doctor of Health Science.

Further Information
For more information about this course, please call the School of Nursing and Midwifery on +617 3138 3824.

QUT HANDBOOK 2009 · Page 1316
Master of Nursing Science (Nurse Practitioner) (NS86)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 2 semesters
Course duration (part-time): 4 semesters
Course duration (external): 2 semesters (full-time) or 4 semesters (part-time)
Domestic fees (indicative): 2009: CSP $2,081 (indicative) per semester, Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Course coordinator: Dr Fiona Coyer
Campus: Kelvin Grove

Overview
The Master of Nursing Science (Nurse Practitioner) course is a one-year, full-time or two-year, part-time course. Upon successful completion of the program, graduates will be able to:

- assess and treat clients in a specialty field of nursing practice and health care
- order diagnostic investigations within a specialty field of nursing practice
- prescribe medications and other interventions from a specialty field of nursing practice
- directly refer patients to other healthcare professionals
- conduct advanced comprehensive health assessments relevant to a specialist field of nursing practice
- demonstrate an ability to conduct clinical services using high-level communication skills, innovation and leadership in both autonomous and multidisciplinary modes of practice
- demonstrate the capacity to think critically and creatively in complex and unfamiliar environments.

The Master of Nursing Science (Nurse Practitioner) is accredited by the Queensland Nursing Council (QNC). Graduates will be eligible to apply to QNC for authorisation to practise as nurse practitioners in Queensland.

Entry Requirements
Applicants must:

- be a registered nurse with the Queensland Nursing Council (QNC)
- have gained a degree in nursing (or equivalent) from a recognised institution and have gained a graduate certificate in nursing (or equivalent) in the area of nominated specialty from a recognised institution;
- have a minimum of three years full-time equivalent clinical practice experience in the nominated specialty
- be employed in an advanced practice nursing role for the duration of the course.

Alternatively, applicants without the required qualifications may be admitted on the basis of relevant experience at the discretion of the Head of School of Nursing.

To be accepted into the course, applicants will need to have access to a clinical support team in their specialty field of practice. The clinical support team will normally consist of an advanced health practitioner currently practising the extended clinical skills required by the candidate in their specialty field of practice (for example, a medical practitioner or a nurse practitioner), together with an advanced practice nurse in the specialty area (for example, a clinical nurse consultant or an advanced practice nurse). This support team will work with the candidates to assist with the development and extension of practise skills in their specialty field.

Applicants must provide original or certified documentary evidence for each entry requirement. For example: Queensland Nursing Council or equivalent registration; Nursing academic qualifications (if not awarded by QUT), that is, an award certificate and academic transcripts; and a supervisor signed letter or a statement of service to confirm your post-registration experience and your current employment position.

Certified or original support letters - a letter from each of the Clinical Support Team members (two letters) and a letter from Director of Nursing - must also be provided.

All applicants should also complete the questionnaire to accompany their applications available at http://www.studentservices.qut.edu.au/pdfs/forms/pg_forms/PostgradNursingQuestion.pdf

Course Structure
The course consists of seven units - six theoretical units including an elective and an internship over two semesters. The internship will provide extended, supervised and supported clinical practice exposure to consolidate and apply coursework learning. This course may be undertaken by internal or external mode and is available for mid-year entry.

International Student Entry
The course is not available to international students.

Further Information
For further information about this course, please contact the School of Nursing and Midwifery on +61 7 3138 3824 or email nursing.enquiries@qut.com

ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Prof Michael Collins
Campus: Kelvin Grove

Overview
NOTE: This course is being replaced by the dual award program, Bachelor of Vision Science (OP45) / Master of Optometry (OP85). No new first year admissions will be accepted into OP42 from 2009; however student with advanced standing may be considered for admission into second or third years.

Optometrists examine people's eyes to protect and improve their vision and to detect and diagnose eye disease. As an optometrist, you will work with a range of complex instruments and techniques to test vision for defects such as short-sightedness, long-sightedness and astigmatism. Optometrists use their clinical judgement to treat patients in a variety of ways, including eye exercises, contact lenses, spectacles or advice on lighting and visual habits.

Why choose this course?
QUT has the only optometry school in Queensland and one of only three in Australia. Class numbers are small so you will receive individual attention from experienced lecturers.

An on-campus optometry clinic enables you to work directly with real patients, under the supervision of working optometrists.

You will gain hands-on experience throughout the course through participation in the practices of working optometrists, and in other clinical settings including a clinic for Indigenous patients and a clinic for children with impaired vision.

The QUT School of Optometry maintains strong professional and organisational links with industry. Clinical teachers come primarily from private practice settings, while many guest lectures are given by optometrists from private practice and allied disciplines such as ethics, financial, medical and pharmaceutical professions.

Career Options
Graduates are highly employable, with all students employed on graduation (2005 QUT Graduate Destinations Survey).

Graduates can work or specialise in areas such as contact lens practice, children's vision, occupational/public health optometry or low vision.

Many optometry graduates enter private practice and work initially in established practices, often with a view to future partnership or the establishment of their own practice. Graduates are also employed in government service, including hospitals, or they may enter the teaching and research fields after further study.

Professional Membership
Boards of Optometrical Registration regulate the practice of optometry in Australia. QUT graduates are eligible to apply to the Optometrists' Board of Queensland for registration to practise as optometrists in Queensland and all states and territories of Australia.

Honours
A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

OP Guarantee
The OP Guarantee does not apply to this course.

International student
Strict quotas apply for entry to this course.

Other course requirements
blue card As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com.

additional costs Ophthalmic instruments costing approximately $5000 are required for the clinical program from the beginning of the second and third years of the
Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course.

Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Find out more on Dfee.

Further Information
For detailed information about this course, please call the School of Optometry on +617 3138 5739 or email optometry.enquiries@qut.com

Graduate Certificate in Ocular Therapeutics (OP43)

Year offered: 2009
Admissions: Yes
Course duration (part-time): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $7,200 (indicative) per semester
Domestic Entry: July
International Entry: July (non student visa applicants only, not CRICOS registered)
Course coordinator: Dr Andrew Carkeet
Campus: Kelvin Grove

Overview
The Graduate Certificate in Ocular Therapeutics is designed to provide training to allow optometrists in Queensland to use a range of topical ocular pharmaceuticals for the treatment of eye disease. The design and implementation of this program has been in response to legislative changes in Queensland to allow suitably qualified optometrists to use a range of S4 drugs to treat eye disease. This course is the only local means whereby Queensland optometrists can gain a qualification in ocular therapeutics, and it will be supplementary to their normal optometric registration.

Entry Requirements
Applicants for the course must hold a four year degree in optometry from a recognised School of Optometry, or have equivalent standing and have current registration as optometrists in any State or Territory of Australia or New Zealand.

Advanced standing will not apply and the course will not articulate with any currently offered course within QUT or other institution in Australia or elsewhere.

It is anticipated that The Optometry Council of Australia and New Zealand (TOC) will conduct examinations in ocular therapeutics for optometrists from overseas as they currently do for such optometrists seeking registration to practice in Australia.

International Student Entry
This course is not available to international students.

QTAC code: 425312
Past rank cut-off: 98
Past OP cut-off: 2
Assumed knowledge: English (4, SA), Maths B (4, SA), Chemistry (4, SA), and Physics (4, SA)
Total credit points: 288
Course coordinator: Prof Michael Collins
Campus: Kelvin Grove

Overview
In 2009, the optometry program at QUT changed from a four year single degree to a five year dual degree program. The five year program will comprise of a three year Bachelor of Vision Science, followed by a two year Master of Optometry (OP85). Both degrees will need to be completed before a graduate can apply for registration as an optometrist.

This change has resulted from the profession of Optometry undergoing expansion in its scope of practice as a result of legislative amendments occurring (or pending) in all states and territories to allow appropriately trained optometrists to use therapeutic pharmaceutical agents in the practice of Optometry. The new program (Optometry) increases graduates' depth of knowledge in the areas of general and ocular pharmacology, with increasing training in the therapeutic management of eye disease.

Only the first year of the course will be offered in 2009. The second year will be offered for the first time in 2010 and the third year in 2011.

Why choose this course
QUT offers the only optometry training in Queensland and is one of only three universities in Australia to offer optometry. Because of this, optometry graduates are always in demand in other areas such as contact lens practice, children's vision, occupational/public health optometry or low vision.

Career options
Graduates are highly employable, with all students employed on graduation. Visit QUTâs Graduate Destinations Survey at www.go.qut.edu.au/courses/destinations.jsp

Many optometry graduates enter private practice and work initially in established practices, often with a view to future partnership or the establishment of their own practice. Graduates are also employed in the ophthalmic industry, or they may enter the teaching and research fields after further study.

Students may choose not to complete the Master of Optometry and exit with a three year Bachelor of Vision Science to pursue a research career (following completion of an honours year) or find employment in the ophthalmic industry rather than complete the clinical qualification.

Students must complete the Master of Optometry as well as the Bachelor of Vision Science to be eligible for registration with Boards of Optometrical Registration.

Professional recognition
Boards of Optometrical Registration regulate the practice of optometry in Australia. QUT graduates of the dual degree program are eligible to apply to the Optometristsâ Board of Queensland for registration to practise as an optometrist in Queensland. Graduates will also be able to register in all states and territories of Australia and New Zealand.

Other course requirements
Blue card As Required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com

Additional costs Ophthalmic instruments costing approximately $5000 are required for the clinical program from the beginning of second and third years of the course. Academic staff provide advice regarding the purchase of these instruments. You will also be required to undertake first aid certification before entering the clinical program.

OP Guarantee
The OP Guarantee does not apply to this course.
International Student
Strict quotas apply for entry to this course. Further information is available from QUT International Student Business Services.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course.

Potential Careers:
Optometrist.
Master of Optometry (commences in 2012) (OP85)

Year offered: 2009
Admissions: No
CRICOS code: 065379E
Course duration (full-time): 2 years
Domestic fees (indicative): 2009: CSP $3,694 (indicative) per semester
Domestic Entry: February
Total credit points: 192
Course coordinator: Dr Peter Hendicott
Campus: Kelvin Grove

Overview

NOTE: The Master of Optometry is NOT offered 2009-2011. Commonwealth-supported places will be offered from 2012.

This course is the second component of a dual award program - Bachelor of Vision Science (OP45)/Master of Optometry (OP85).

In 2008 and previous years, the Faculty of Health has offered a four year Bachelor of Applied Science (Optometry) degree. A five year dual degree program will be offered from 2009 - a three year Bachelor of Vision Science (OP45), together with a two year Master of Optometry (OP85).

This change has resulted from the profession of Optometry undergoing expansion in its scope of practice as a result of legislative amendments occurring (or pending) in all states and territories to allow appropriately trained optometrists to use therapeutic pharmaceutical agents in the practice of Optometry. The new program increases graduates' depth of knowledge in the areas of general and ocular pharmacology, with increasing training in the therapeutic management of eye disease.

Why choose this course

A graduate of OP45 Bachelor of Vision Science must also complete the Master of Optometry to be eligible for registration as an optometrist.

The course provides increased exposure to real world learning experiences both within the QUT Health Clinic, and in the workplace via the inclusion of extended clinical placements.

Case-based learning and case-based assessment will enhance the training in diseases of the eye and ocular therapeutics. Guest lecturers and practising optometrists are involved in the clinical training.

Entry requirements

The requirement for admission to the course is completion of QUT's Bachelor of Vision Science or equivalent.

Graduates of QUT's BVisSc will have automatic entry to the Master of Optometry.

Career options

Graduates are highly employable, with all students employed on graduation. Graduates can work or specialise in areas such as contact lens practice, children's vision, occupational/public health optometry or low vision, as well as general primary care clinical practice. The majority of optometry graduates enter private practice and work initially in established practices, often with a view to future partnership or the establishment of their own practice. Graduates are also employed in government service, including hospitals. A number of graduates are working in secondary clinical care environments, primarily in ophthalmology medical eye care practices. The course also provides a route to employment within the ophthalmic industry, or students may enter the teaching and research fields after further study.

Professional recognition

Boards of Optometrical Registration regulate the practice of optometry in Australia. QUT graduates are eligible to apply to the Optometrists' Board of Queensland for registration to practise as an optometrist in Queensland and all states and territories of Australia.

Students must complete the Master of Optometry as well as the Bachelor of Vision Science to be eligible for registration.

Other requirements

Ophthalmic instruments costing approximately $5000 are required for the clinical program. These should already have been purchased for the undergraduate program which precedes the Master program (Bachelor of Vision Science).

A uniform shirt (approx $40 per shirt) must be purchased for wear by all students whilst they undertake patient consultations and perform clinical eye examinations in the Optometry Clinic.

Students will also be required to maintain First Aid Certification and have a Blue Card before undertaking the clinical units.

Further information

For detailed information about this course, please call the School of Optometry on +617 3138 5739 or email optometry.enquiries@qut.com

Overview
Public health professionals make a difference to the health of populations. These courses provide opportunities to protect, promote and restore health and wellbeing in society. Students obtain core skills in epidemiology and biostatistics and gain knowledge about health systems and contemporary and challenging population health issues. This course is designed for health professionals interested in moving into the public health area, mid-career health professionals seeking advancement in their area of work and clinicians wishing to broaden their range of expertise.

Entry Requirements
Applicants must have an approved bachelor degree from a recognised institution or a basic professional qualification plus at least one year of relevant post-qualification experience and/or training.

Course Structure
The course consists of 4 core units (48 credit points) from the Master of Public Health /Graduate Diploma in Public Health. The course is offered under the auspices of the Queensland Centre for Public Health through QUT, Griffith University and the University of Queensland.

Course Pathways/Articulation
This course fully articulates into the Graduate Diploma in Public Health and the Master of Public Health.

Further Information
For more information about this course, please contact the School of Public Health on phone +61 7 3137 5878 or email sph.studentcentre@qut.edu.au

International Student Entry
International students may enrol only in full-time studies.

Graduate Certificate In Emergency and Disaster Management (PU31)

Year offered: 2009
Admissions: Yes

Course duration (full-time): Not available full time
Course duration (part-time): 2 semesters part time- Mid year entry only
Domestic fees (indicative): 2009: Full fee tuition $7,000 (indicative) per semester
Total credit points: 48

Course coordinator: Dr Thomas Tenkate
Discipline coordinator: Prof. Gerry Fitzgerald
Campus: Kelvin Grove

Entry Requirements
This course is available for mid-year entry only. Applicants must have an approved Bachelors degree from a recognised institution, or a basic professional qualification plus not less than two years of relevant post-qualification experience and/or training.

Overview
The need for education in emergency and disaster health management is increasing as a result of major incidents such as the Indian Ocean tsunami, Avian influenza, SARS and the threat of terrorist attacks. The Graduate Certificate in Emergency and Disaster Management will prepare the health workforce to plan for and respond to major incidents affecting the health and wellbeing of the community. It will also prepare students for further postgraduate study.

Course Articulation
The Graduate Certificate in Emergency and Disaster Management articulates into the Graduate Diploma and Master in Public Health and the Graduate Diploma and Master in Health Science.

International Student Entry
This course is not available to international students. The Graduate Certificate in Emergency and Disaster Management is only offered part-time. International students may enrol only in full-time studies.

Further Information
For more information about this course, please contact the School of Public Health on phone +617 3138 5878 or email sph.studentcentre@qut.com
Graduate Certificate in Environmental Health (PU32)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters
Course duration (external): 2 semesters part-time
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February

Course coordinator: Dr Thomas Tenkate
Campus: Kelvin Grove

No further intake
This course has been discontinued from 2009. A study area in Environmental Health is available in HL38 Graduate Certificate in Health Science.

Overview
This course provides the knowledge and skills required to enhance professional development in the area of environmental health and prepares students for further postgraduate study.

Entry requirements
Applicant must hold an undergraduate degree in a relevant area such as science, environmental science, nursing, health science or public health. Normally applicants must have completed a minimum of 48 credit points of basic science in units such as chemistry, physics, microbiology, anatomy and physiology, or life science.

Course Articulation
The Graduate Certificate in Environmental Health articulates into the Graduate Diploma in Environmental Health.

International Student Entry
This course is not available to international students. The Graduate Certificate in Environmental Health is only offered part-time. International students may enrol only in full-time studies.

Further information
For more information about this course, please contact the School of Public Health on phone +617 3138 5878 or email sph.studentcentre@qut.com

Course review
The Health Information Management and Health Services Management study areas are being discontinued and will not be available for commencing students from 2009.

Overview
Health Information Management
Health information management is a rapidly growing field combining elements of health, management and information technology. Health information managers plan and manage health information systems that collect, analyse, store and retrieve patient data. They perform a vital role in public health by ensuring clinical staff have an accurate, up-to-date health information system on which to base often critical decisions.

Health Services Management
Health services managers plan, evaluate, and manage the delivery of health services. Their skills are used to assess a population’s health needs, develop strategies to meet these needs, and then secure the resources needed to ensure the population’s health is enhanced.

Public Health
Public health professionals are an essential part of any health-related organisation. Their primary aim is to promote the general health and wellness of a community or population through their work in the health care sector.

Majors
Three majors in the Bachelor of Health Science - Health Information Management, Health Services Management and Public Health - have a common first year. Students are able to choose one of these majors in their second year.

Why choose this course?
Health Information Management
Health information management is a rapidly growing field combining elements of health, management and information technology. Health information managers plan and manage health information systems that collect, analyse, store and retrieve patient data. They perform a vital role in public health by ensuring clinical staff have an accurate, up-to-date health information system on which to base often critical decisions.

If you are interested in working in a managerial role liaising constantly with medical nursing and administrative staff, other health professions and the public, then health information management may be the field for you. QUT's Bachelor of Health Science (Health Information Management) is the only course of its kind offered in Queensland and one of only four in Australia.

Health Services Management
The Bachelor of Health Science (Health Services Management) is designed for people who want to join the health care industry in an administrative or managerial capacity. It is also a valuable qualification for people already working in the health industry to upgrade their management knowledge and skills. This course is the only one of its kind offered in Queensland and is one of only a few in Australia. It prepares graduates with an understanding of business principles as well as policy and planning, project management, and computing. The course is flexible and allows options for elective study areas to meet individual interests. You will have the opportunity to do project work, facilitated by lecturers with strong industry links. The mentor program matches final-year students with senior staff in the health industry providing you with excellent networking and employment opportunities.

Public Health
If you have a desire to enhance people’s lives through improved health care, then a career in public health may be for you. QUT has the longest running undergraduate public health course in Queensland. You will learn from experienced, expert staff with strong industry and international links. The three-year course will give you an understanding of public health, primary health care, community health and health promotion. You will also undertake a compulsory placement/practicum program to gain valuable professional experience and industry contacts.

Career Options
Health Information Management
Health information management practitioners work as health records administrators, clinical coders, information retrieval
managers, human resource managers, health insurance workers, project officers and public health workers. Employment areas include public and private hospitals, community health centres, large group practices, government, health departments, research organisations, commercial companies, universities, and consulting firms. The rapid growth of the health information management field means graduates are in demand and enjoy high starting salaries, average $49,750, and excellent promotion opportunities (2005 QUT Graduate Destinations Survey).

Health Services Management
Employment prospects in this field are excellent; locally, nationally and internationally. The salaries for new graduates are among the highest for any professional group. Graduates work as health service or health administration managers or officers, project officers, health insurance workers, and human resource managers. Employment areas include public and private hospitals, Queensland Health, community health centres, group medical practices, nursing and dental services, universities and consulting firms.

Public Health
Public health practitioners work as community health officers, policy officers, program evaluators, public health promoters and educators, project officers and consultants. They work in both public and private sectors including state and federal health departments, population health units, community health centres, divisions of general practice, non-governmental health organisations, and international health agencies.

Professional Membership
Health Information Management
Graduates of the Bachelor of Health Science (Health Information Management) are eligible for membership of the Health Information Management Association of Australia (HIMAA), the Clinical Coders Society of Australia (CCSA), and the Australian College of Health Service Executives (ACHSE).

Health Services Management
Graduates of the Bachelor of Health Science (Health Services Management) are eligible for membership of the Australian College of Health Service Executives (ACHSE).

Public Health
Graduates are eligible for membership of the Public Health Association of Australia (PHAA) and the Australian Health Promotion Association (AHPA).

Honours
Students who obtain high results throughout the course can study an additional one-year honours degree. Honours consists of a research component, which increases career opportunities and opens the way to further studies at PhD level.

Course design
The Health Information Management program has set units to be completed, that is, there are no opportunities to complete electives.

The Health Services Management program consists of a major in health services management, plus:
- a major in public health or
- two minors or
- one minor and four electives.

Minor/electives are available in the areas of:
- accounting and finance
- public health
- human resource management
- indigenous health
- international business
- management
- marketing
- gender issues
- science*
- general electives

The Public Health program consists of a major in public health plus the opportunity to select from one of the following minors/electives in the areas of:
- community nutrition
- indigenous health
- gender issues
- science*
- general studies in psychology
- counselling
- general electives

* Completion of the science minor is a prerequisite for entry into postgraduate courses, e.g. Graduate Diploma in Environmental Health.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
For more information about this course, please call the School of Public Health Student Centre on +61 7 3138 3368 or email sph.studentcentre@qut.edu.au

**Minor Elective Information for the Health Services Management Major**
- The course structure for the Health Services Management major consists of:
  - a major in Health Services Management

PLUS the opportunity to select from one of the following:

b) a major in Public Health (Major 2) comprised of 96cp including the following core units:
- PUB201, PUB329, PUB436, PUB461, PUB561, PUB565, PUB406, and one 12cp unit selected from the minor elective lists below.

**OR**

c) two minors (Minor 1 and Minor 2) each of which are comprised of 48cp selected from the minor electives lists below.

**OR**

d) one minor and four electives (Minor 1 and Electives) selected from the minor elective lists below. You must ensure that you satisfy all prerequisites and that only one of the four electives is at an introductory level.

Please note:

* To select a minor or elective from outside the recommended list below, you must seek approval from the Academic Affairs Officer.

* You may only select up to four minor elective units (48 credit points) from outside of the School of Public Health.

Bachelor of Health Science (Nutrition) (PU40)

Year offered: 2009
Admissions: Yes
CRICOS code: 022142D
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,775 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 425332
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA), Maths B (4, SA), and Chemistry (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. CHEMISTRY: QUT unit Introductory Chemistry as a visiting student or QUT Continuing Professional Chemistry Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Ms Melinda Service
Discipline coordinator: Ms Danielle Gallegos
Campus: Kelvin Grove

Overview
Nutritionists work with the wider population to influence dietary patterns and behaviours as well as the wider food supply. They can work in a range of settings as diverse as public health and community nutrition, indigenous nutrition and health, consumer and public health, and promotion of nutrition through the media as journalists and editors.

Why choose this course?
The study of public health with a major in human nutrition involves understanding the promotion of health, as well as the prevention of diet related disease. The course is strongly grounded in a study of scientific principles and research methods, which are then applied to influence the wider environment affecting food supply, policy and eating behaviours.

The course gives graduates an understanding of human physiology and biochemistry, public health principles and policies, health promotion principles, public health nutrition, health service and project management. Students will be expected to undertake practical placement outside the university in real world settings. This course can lead on to study or research at the postgraduate level in nutrition and dietetics, health service management, environmental health, public health nutrition and public health generally.

Professional Membership

Graduates of this three year full-time program are eligible to apply for membership of the Public Health Association of Australia (PHAA), Sports Medicine Australia (SMA), the Nutrition Society and other bodies, and Associate membership of the Dietitians Association of Australia (DAA).

Career options
Nutrition graduates can work in a variety of areas, including community health centres and public health areas; as service consultants to industry, government and both public and private institutions; in government, educational institutions, research, occupational health and the food industry.

The Bachelor of Health Science (Nutrition) also allows entry to other health-related and graduate positions.

Electives
Electives include clinical science, counselling, exercise science, health management and health promotion, public health and research.

Course structure
Year 1
You will begin to develop a theoretical knowledge base in chemistry, anatomy, food science, principles of food and nutrition and be introduced to contemporary health services and public health issues which will be relevant to you in your future careers in the health sector. Tutorials, workshops and a range of resources and activities will also facilitate the development of practical skills.

Year 2
Building on the foundational studies from your first year, you will develop a more consolidated and in-depth knowledge of biochemistry, physiology and nutritional science. You will also be introduced to nutrition in chronic disease, as well as epidemiology and evidence based practice.

Year 3
You will now apply and contextualise more the knowledge and skills gained in the first 2 years in relation to the health needs of varying population groups. You will learn the principles of project management and then actually undertake projects working with and assisting practitioners in real world settings such as community health centres, schools or business organisations. You are also able to choose electives in areas of interest to further develop your knowledge and skills in a range of areas.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Elective Lists

**Elective Lists**

You must ensure that you satisfy all prerequisites and that only one of the electives is at an introductory level.

**Clinical Science**

| LSB658             | Clinical Physiology |

**PLUS** 24 credit points selected from the following:

- LSB365 Pathology
- LSB438 Immunology 1
- LSB492 Microbiology
- LSB508 Advanced Metabolism

**Counselling**

- PYB012 is a prerequisite for this minor
- PYB007 Interpersonal Processes and Skills
- PYB208 Counselling Theory and Practice 1

**Choose two of the following:**

- PYB356 Counselling Theory and Practice 2
- PYB359 Introduction to Family Therapy
- PYB360 Interventions for Addictive Behaviours

**Exercise**

| HMB273             | Exercise Physiology 1 |

**PLUS** 24 credit points selected from the following:

- HMB274 Functional Anatomy
- HMB277 Exercise and Sport Nutrition
- HMB379 Disorders of Human Movement
- HMB381 Exercise Physiology 2

**Health Management**

| PUB480             | Health Administration Finance |
| PUB545             | Health Policy, Planning and Advocacy |
| PUB609             | Health Resource Allocation |
| PUB611             | Risk Management |

**Health Promotion**

| PUB332             | Sustainable Environments For Health |
| PUB336             | Women's Health |
| PUB406             | Health Promotion Strategies |

| PUB565             | International Health |
| PUB644             | Health Promoting Schools |

**Public Health**

| HMB333             | Child and Adolescent Health |
| PUB406             | Health Promotion Strategies |
| PUB436             | Evidence Based Practice |
| PUB545             | Health Policy, Planning and Advocacy |
| PUB648             | Diet, Nutrition and Chronic Disease |

**Research**

| PUB436             | Evidence Based Practice |
| PUB461             | Qualitative Inquiry in Public Health |
Potential Careers:
Community Health Officer, Community Worker, Educator, Nutritionist, Public Health Officer.
Bachelor of Health Science (Public Health) (PU40)

Year offered: 2009
Admissions: Yes
CRICOS code: 022142D
Course duration (full-time): 3 Years
Domestic fees (indicative): 2009: CSP $3,775 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 425372; Dfee: 425376
Past rank cut-off: 75. Dfee places were not offered last year.
Past OP cut-off: 13. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Standard credit points per full-time semester: 48
Course coordinator: Mrs Melinda Service
Discipline coordinator: Dr Alison Marshall
Campus: Kelvin Grove

Career Outcomes
Public health professionals are an essential part of any health-related organisation. Their primary aim is to promote the general health and wellness of a community or population through their work in the health care sector. Public health practitioners work as community health officers, policy officers, program evaluators, public health promoters and educators, project officers and consultants. This course gives graduates an understanding of public health, primary health care, community health and health promotion. Students can elect to take minor studies in the areas of Alcohol and Drug Studies, Community Nutrition, general studies in Psychology, Health Education, Indigenous Health, and Women's Health.

Public health practitioners work in both public and private sectors including state and federal health departments, population health units, community health centres, divisions of general practice, non-governmental health organisations, and international health agencies.

Professional Membership
Graduates are eligible for membership of the Public Health Association of Australia and the Australian Health Promotion Association.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Further Information
For more information about this course, please call the School of Public Health Student Centre on (07) 3138 3368 or email sph.studentcentre@qut.com

Public Health Major Elective Lists

Minor Elective Information for the Public Health Major
The course structure consists of:
a) a major in Public Health PLUS the opportunity to select from one of the following:

b) one minor or four electives selected from the minor elective lists below. You must ensure that you satisfy all prerequisites and that only one of the four electives is at an introductory level.

Please note:
* To select a minor or elective from outside the recommended list below, you must seek approval from the Academic Affairs Officer. Choice of minor units and electives is subject to availability.

### Community Nutrition
- PUB201 Food and Nutrition
- PUB530 Health Education and Behaviour Change
- PUB509 Nutrition
- PUB648 Diet, Nutrition and Chronic Disease

### Indigenous Health
- PUB557 Health Needs of Indigenous Australians and Other Populations
- HHB123 Indigenous Australian Culture Studies
- HHB255 Indigenous Politics And Political Culture
- HHB264 Public And Professional Ethics
- HHB265 The Just Society
- JSB371 Indigenous Justice

### Gender Issues
- PUB336 Women's Health
- PUB632 Independent Study
- PYB054 Psychology and Gender

### Science
Completion of the Science minor is a prerequisite for entry into the Graduate Diploma in Environmental Health (PU67). Seek advice regarding elective options from Dr Thomas Tenkate (ph 07 3138 5790, email t.tenkate@qut.edu.au).

### General Electives
- PUB105 Family Influences on Health and Development
- PUB480 Health Administration Finance
- PUB490 Quality Management in Health
- PUB545 Health Policy, Planning and Advocacy
- PUB611 Risk Management
- PUB644 Health Promoting Schools

### Potential Careers:
- Administrator, Community Health Officer, Community Worker, Government Officer, Home Economist, Information Officer, Manager, Policy Officer, Project Manager, Public Health Officer.

- PYB360 Interventions for Addictive Behaviours

- General Studies in Psychology
  - PYB012 is a prerequisite for this minor
  - PYB054 Psychology and Gender
  - PYB203 Developmental Psychology
  - PYB307 Health Psychology

- Counselling
  - PYB012 is a prerequisite for this minor
  - PYB007 Interpersonal Processes and Skills
  - PYB208 Counselling Theory and Practice 1
  - Choose two from the following:
    - PYB356 Counselling Theory and Practice 2
    - PYB359 Introduction to Family Therapy
Bachelor of Health Science (Nutrition and Dietetics) (PU43)

Year offered: 2009
Admissions: Yes
CRICOS code: 022143C
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $3,598 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 425442
Past rank cut-off: 96
Past OP cut-off: 3
Assumed knowledge: English (4, SA), Maths B (4, SA), and Chemistry (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
CHEMISTRY: QUT unit Introductory Chemistry as a visiting student or QUT Continuing Professional Chemistry Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Mrs Melinda Service
Discipline coordinator: Ms Danielle Gallegos
Campus: Kelvin Grove

Overview
This course will enable you to become a credentialed dietitian. The study of nutrition and dietetics involves the promotion of health, as well as the prevention and treatment of diet-related disease. It is strongly grounded in a study of scientific principles and research methods, which are then applied to influence the wider environment affecting food supply, policy and eating behaviours.

Why choose this course?
This course gives graduates an understanding of human physiology and biochemistry, public health principles and policies, health promotion principles, public health nutrition, food service and health service management, medical nutrition therapy and practice in individual case management, community nutrition and food service management. Students will be expected to undertake practical placements outside the university in hospitals, community health centres, private industry and food service institutions. These working environments are sometimes available outside the semester times and places are limited by availability of placement sites and supervisors, thus places for the course are competitive.

This course can lead on to study or research at the postgraduate level in nutrition and dietetics, health service management, environmental health, public health nutrition and public health generally.

Career Options
Graduates have excellent rates of employment with a range of opportunities available. They can provide medical nutrition therapy to clients to assist in their medical management of disease and illness in hospitals, nursing homes, community health centres and private practice. They can be food service consultants to food industries, hospitals, nursing homes and institutional catering services. They can also become community or public health nutritionists in government and non-government organisations, or researchers in their chosen area of practice.

As a health qualification, the Bachelor of Health Science (Nutrition and Dietetics) also allows entry to other health-related and graduate positions.

Professional Membership
Graduates of this four year full-time program will be professional dietitians, eligible to apply for the Accredited Practising Dietitian (APD) credential as well as membership of the Dietitians Association of Australia (DAA), the Public Health Association of Australia (PHAA), Sports Medicine Australia (SMA), the Nutrition Society and other bodies.

Electives
Elective studies are available in health promotion, counselling, clinical science, exercise science, research methods and projects.

Honours
A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

Other course requirements
additional costs Students who are required to undertake placements off campus may incur additional costs (for example travel and accommodation). Hepatitis B vaccination and Blue Card clearance are required before placement in Queensland Health and Education facilities.

blue card As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com.

OP Guarantee
The OP Guarantee does not apply to this course.

Course structure
Year 1
You will begin to develop a theoretical knowledge base in chemistry, anatomy, food science, principles of food and nutrition and be introduced to contemporary health services and public health issues which will be relevant to you in your future careers in the health sector. Tutorials, workshops and a range of resources and activities will also facilitate the
development of practical skills.

Year 2
Building on the foundational studies from your first year, you will develop a more consolidated and in-depth knowledge of biochemistry, physiology and nutritional science. You will also be introduced to epidemiology and evidence based practice.

Year 3
You will now apply and contextualise knowledge and skills gained in the first 2 years, in units focussed on potential future areas of dietetic practice, such as medical nutrition therapy, food service management and public health nutrition. Combined with health promotion, nutrition education principles and quantitative analysis for health, these units further develop important skills in researching, critical analysis and practical application. This practice will be consolidated in advanced food studies and introduction to dietetic practice.

Year 4
This year predominantly involves practice based placements which allow you to work with and assist qualified practitioners in real world settings. You will demonstrate competency by managing individual cases in hospitals and undertaking food service management and community nutrition projects in varied settings such as hospitals, community health centres, schools or business organisations throughout Queensland. Advanced dietetic management and research skills will also be applied in final year projects.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course.

Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Find out more on Dfee.

Overview
Podiatrists diagnose and treat foot and lower limb problems. They use a range of clinical, surgical, and therapeutic techniques to treat patients and may work as a member of a medical team to deliver the best overall care for a patient with diabetes, rheumatoid arthritis, sports injuries, or walking difficulties.

Why choose this course?
If you possess good communication skills and a people-oriented personality and would like to help people with foot and lower limb disorders including sport-related conditions and those in special needs groups, then you may enjoy a career in podiatry.

QUT offers the only course in podiatry in Queensland. It features an on-campus clinic where students treat patients under the supervision of experienced clinical lecturers.

Podiatry staff have excellent, established health and medical industry links and the course has a strong reputation recognised throughout Australia and overseas.

This course will prepare you with an understanding of human anatomy, biomolecular science, pharmacology, dermatology, and clinical medicine and surgery. You will also learn how to integrate aspects of podiatric surgery, physical therapy, rehabilitation and counselling into the patient interaction.

Career Options
Employment opportunities for podiatry graduates are excellent. In recent years the number of positions available exceeded the number of graduates.

Podiatry graduates work in a broad range of health care setting including private practice, hospitals or community health centres.

Professional Membership
Graduates are eligible for state registration throughout Australia and for registration in the United Kingdom, New Zealand and some European countries. Graduates may also become members of the Australian Podiatry Association (APA) and Sports Medicine Australia (SMA).

OP Guarantee
The OP Guarantee does not apply to this course.

Electives
Students are required to select three elective units that constitute a coherent body of study. The course coordinator approves electives outside the recommended list.

Electives are available in exercise studies, public health and research.

Other course requirements
blue card As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com.

additional costs There are additional costs associated with this course including a practicum shirt and podiatry equipment($1000). Hepatitis B vaccination and the attainment of a current First Aid Certificate is required before beginning clinical placements.

Honours
A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.
Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course.

Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Find out more on Dfee.

Course coordinator: Mrs Melinda Service  
Campus: Kelvin Grove  

Overview

Paramedics are employed within ambulance services to minimise pain, suffering and loss of life for patients needing pre-hospital care, emergency medical response and specialised transportation.

Why choose this course?

This course was Queensland's first degree in paramedic practice. If you are interested in a dynamic career helping to save lives, then this course may be for you.

The first year of the course provides foundation studies in the anatomy and physiology of the human body and an introduction to pathology, pathophysiology, pharmacology and clinical practice. Second and third years continue to develop the theoretical studies with increasing emphasis on clinical skills and practice with the final year involving supervised clinical practice with the Queensland Ambulance Service (QAS).

Career Options

The course is designed to provide graduates with the skills, knowledge and qualifications to pursue a career as an ambulance paramedic with agencies such as the Queensland Ambulance Service (QAS). The course includes supervised clinical practice with QAS and in other clinical settings.

Other course requirements

The Queensland Ambulance Service specifies the following requirements before students can undertake a clinical placement with this Service. Information outlining these requirements will be available to all prospective applicants. Students will be provided with detailed information during semester one of first year.

a) Health Assessment - One role performed by paramedics is patient transport involving the use of a commercial vehicle. This requires different medical standards than those required of a private vehicle driver. Student paramedics may be required to drive an ambulance while undertaking the clinical practice units and as such will be required to undergo an "Assessment of Fitness to Drive a commercial vehicle" by a medical practitioner. All costs associated with health assessment are the responsibility of the applicant.

b) Criminal History - Applicants will be required to have a Police Records Check undertaken with the associated costs being the responsibility of the applicant.

c) Blue card - as required by the Commission for Children and Young People and Child Guardian Act (2000) students must be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit www.bluecard.qut.com.

d) Manual Driver's Licence - Students will be required to hold a current manual driver's licence (provisional is acceptable) before commencing the emergency driver education course associated with the first clinical placement unit.

e) Health Related Fitness Assessment - A large component of a Paramedic's work involves manual handling, which is defined as any activity requiring a person to lift, lower, push, pull, carry, move, hold or restrain any animate or inanimate object. Paramedics frequently perform all of these functions with patients weighing up to and over 150kg, while implementing various pre-hospital emergency care procedures. As such, students will be required to undergo a fitness assessment to ensure they possess the cardiovascular and muscular abilities to perform the role of a Paramedic.

f) Immunisations - It is a requirement for any student to be immunised against Hepatitis B before undertaking a placement in a Queensland Health facility. In addition to the above, QAS strongly advises students to be immunised against the following before undertaking a clinical placement: Tetanus, Measles, Mumps, Rubella, and Poliomyelitis.

g) Psychometric assessment (prerequisite for PUB670)

You will be required to cover additional costs associated with this course including the requirements above (total cost approximately $500).

Professional recognition

Graduates from this course will be eligible for membership of the Australian College of Ambulance Professionals (ACA).

OP Guarantee

The OP Guarantee does not apply to this course.

International student entry

...
This course is not available for international student entry.

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Further information**

For more information about this course, please call the School of Public Health Student Centre on +617 3138 3368 or sph.studentcentre@qut.edu.au

Paramedic.
Bachelor of Health Science (Paramedic)- Graduate Entry (PU46)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 2 years
Domestic fees (indicative): 2009: CSP $3,764 (indicative) per semester
Domestic Entry: February
QTAC code: 425582
Past rank cut-off: 93
Assumed knowledge: Current Senior First Aid Certificate
Total credit points: 192 of study + 96 credit of graduate credit
Standard credit points per full-time semester: 48
Course coordinator: Mrs Melinda Service
Campus: Kelvin Grove

Overview
Paramedics are employed within ambulance services to minimise pain, suffering and loss of life for patients needing pre-hospital care, emergency medical response and specialised transportation.

Why choose this course?
This course was Queensland's first degree in paramedics. If you are interested in a dynamic career helping to save lives, then this course may be for you.

There is increasing emphasis on clinical skills through the course including supervised clinical practice with the Queensland Ambulance Service (QAS).

Career Options
The course is designed to provide graduates with the skills, knowledge and qualifications to pursue a career as an ambulance paramedic with agencies such as the Queensland Ambulance Service (QAS). The course includes supervised clinical practice with QAS and in other clinical settings.

Entry requirements
Completion of a degree in a health field (eg nursing, physiotherapy, occupational therapy, medicine, optometry, pharmacy, medical science, human movement studies, nutrition) in the last 10 years.

Applicants with degrees (or equivalent) completed more than 10 years ago must provide evidence of graduate work experience and/or further studies since course completion with their QTAC application to receive further consideration.

For more information QUT’s admission policies regrading graduate entry please read Real Options.

Students who admitted to the graduate entry program will automatically received one year of academic credit which will entitle the student to complete the degree in two years (full-time).

Orientation program
A one-week Orientation Program, Transition to Paramedic Studies, is conducted on campus in the week preceding the first week of semester (Orientation Week). No credit points are awarded for completing the program and there are no costs to students.

The aim of this program is to familiarise students with the significant clinical aspects of the units PUB180 and PUB280 (Foundations of Paramedic Practice 1 and 2) which students completing the full three year program complete but graduate entry students do not.

This transition program is important for students' understanding of PUB390 and PUB391 (Paramedic Management of Medical and Surgical Emergencies A and B) in the first semester of their programs and is integral to understanding of the clinical component of paramedic practice.

Other course requirements
The Queensland Ambulance Service specifies the following requirements before students can undertake a clinical placement with this Service. Information outlining these requirements will be available to all prospective applicants.

Students will be provided with detailed information during semester one of first year.

a) Health Assessment - One role performed by paramedics is patient transport involving the use of a commercial vehicle. This requires different medical standards than those required of a private vehicle driver. Student paramedics may be required to drive an ambulance while undertaking the clinical practice units and as such will be required to undergo an "Assessment of Fitness to Drive a commercial vehicle" by a medical practitioner. All costs associated with health assessment are the responsibility of the applicant.

b) Criminal History - Applicants will be required to have a Police Records Check undertaken with the associated costs being the responsibility of the applicant.

c) Blue card - as required by the Commission for Children and Young People and Child Guardian Act (2000) students must be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit www.bluecard.qut.com.

d) Manual Driver's Licence - Students will be required to hold a current manual driver's licence (provisional is acceptable) before commencing the emergency driver education course associated with the first clinical placement unit.

e) Health Related Fitness Assessment - A large component of a Paramedic's work involves manual handling, which is defined as any activity requiring a person to lift, lower, push, pull, carry, move, hold or restrain any animate or inanimate object. Paramedics frequently perform all of these functions
with patients weighing up to and over 150kg, while implementing various pre-hospital emergency care procedures. As such, students will be required to undergo a fitness assessment to ensure they possess the cardiovascular and muscular abilities to perform the role of a Paramedic.

f) Immunisations - It is a requirement for any student to be immunised against Hepatitis B before undertaking a placement in a Queensland Health facility. In addition to the above, QAS strongly advises students to be immunised against the following before undertaking a clinical placement: Tetanus, Measles, Mumps, Rubella, and Poliomyelitis.

g) Psychometric assessment (prerequisite for PUB670)

You will be required to cover additional costs associated with this course including the requirements above (total cost approximately $500).

Professional recognition
Graduates from this course will be eligible for membership of the Australian College of Ambulance Professionals (ACA).

OP Guarantee
The OP Guarantee does not apply to this program.

International student entry
This course is not available for international student entry.

Deferment
QUT's deferment policy does not apply to this course.

QUT HANDBOOK 2009 · Page 1351
Graduate Diploma in Public Health (PU60)

Year offered: 2009
Admissions: Yes
CRICOS code: 020306E
Course duration (full-time): 2 semesters
Course duration (part-time): 4 semesters
Course duration (external): 2 semesters (full-time) or 4 semesters (part-time)
Domestic fees (indicative): 2009: Full fee tuition $7,250 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Dr Thomas Tenkate
Campus: Kelvin Grove

Overview
Public health professionals make a difference to the health of populations. These courses provide opportunities to protect, promote and restore health and wellbeing in society. Students obtain core skills in epidemiology and biostatistics and gain knowledge about health systems and contemporary and challenging population health issues. This course is designed for health professionals interested in moving into the public health area, mid-career health professionals seeking advancement in their area of work and clinicians wishing to broaden their range of expertise.

This course is offered and taught conjointly by a consortium of three universities (QUT, Griffith University, and The University of Queensland). Students enrol through one of these universities and are required to complete four compulsory core units and four elective units selected from a specialised stream.

Entry Requirements
Applicants should have an approved three-year or four-year bachelor degree in health, behavioural, social or biological science from a recognised institution and not less than one year of relevant full-time professional experience.

Applicants who hold a four-year degree may be eligible for advanced standing of up to 48 credit points.

Admission on the basis of professional experience and/or research work will be considered.

Majors
Specialised stream units are available in the areas of:
- Emergency and Disaster Management
- Epidemiology and Research Methods
- Health Promotion
- Health Services Management
- Occupational and Environmental Health Science
- Public Health Nutrition

There is also the option of not completing a major and choosing units from more than one stream.

Course Structure
Full-time students in the program undertake a coursework component for two semesters (or four semesters part-time - two units per semester). The coursework comprises four core units (Part A) and four advanced elective units (Part B). Elective units will normally be selected according to choice of a stream of study.

Course Articulation
This course fully articulates into the Master of Public Health.

International Student Entry
International students may only enrol in full-time studies. International students may not enrol in the Emergency and Disaster Management Study Area, as it is available part-time only. They may enrol in this major in HL88 Master of Health Science.

Further information
For more information about this course, please contact the School of Public Health on +617 3138 5878 or email sph.studentcentre@qut.edu.au

Community Health Officer, Health Promotion Officer, Policy Officer, Project Manager, Public Health Officer.
Graduate Diploma in Health Management (PU63)

Year offered: 2009
Admissions: Yes
CRICOS code: 065614K
Course duration (full-time): 2 semesters
Course duration (part-time): 4 semesters
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Thomas Tenkate
Campus: Kelvin Grove and External

Overview
The effective management of health services is of vital importance to the community and health sector alike. In response to the need for improved health management education, the Graduate Diploma in Health Management is designed to equip students with the knowledge, competencies and professional attitudes to undertake senior managerial roles and to provide health leadership within the health sector.

Entry Requirements
Applicants must have an appropriate bachelor’s degree from a recognised institution, or other qualifications/work experience acceptable to the Head of the School of Public Health.

It is assumed that students entering this program will have a broad knowledge of health and health care, information technology, or environmental health.

Study Areas
Specialised streams of study are offered in the areas of:
- Health Services Management
- Risk Management
- Emergency and Disaster Management
- Health Technology

There is also the option of not completing a study area and choosing units from more than one stream.

Course Articulation
The Graduate Diploma in Health Management fully articulates into the Master of Health Management. Students who complete 3 of the 4 core units plus an elective will be able to exit with a Graduate Certificate in Health Management.

Course Structure
The Graduate Diploma of Health Management will comprise:

- 4 core Health Management units

plus either
. A choice of Study Area from the Study Areas listed above; OR
. 4 electives chosen from units offered across the Study Areas listed above

Further Information
For more information about this course, please contact the School of Public Health on +617 3138 5878 or email sph.studentcentre@qut.edu.au

Standard credit points per full-time semester: 48
Course coordinator: Dr Thomas Tenkate
Discipline coordinator: Dr Margaret Cook
Campus: Kelvin Grove

Overview
The design of this course is multidisciplinary. It covers occupational health and safety topics that include ergonomics, occupational health, hygiene, law and safety technology.

Entry requirements
Applicants should have a degree or equivalent in an appropriate discipline from a recognised tertiary institution.

Applicants may be considered for special entry if they have experience and responsibility in occupational health and safety. Because the course is academically demanding and high standards of performance are expected, you would need either an extensive background in the discipline or other suitable tertiary qualifications.

Students with relevant postgraduate studies may apply for credit transfer or recognition of prior learning/experience within the rules of the University.

Course Structure
Students complete eight specified units. The course is available full-time and part-time. Internal and external modes are available (within Australia only).

Course Articulation
This course fully articulates into the Master of Health Science.

International Student Entry
International students may only enrol in full-time studies and may only study on-shore.

Potential Careers:
Government Officer, Manager, Occupational Health and Safety Officer, Policy Officer.

Course coordinator: Dr Thomas Tenkate
Campus: Kelvin Grove

Overview
This course provides the knowledge and skills required for graduates to be employed as environmental health practitioners and in particular they will be eligible to practice as environmental health officers. This award provides an entry pathway into environmental health professional practice for students with undergraduate degrees in public health, nutrition, nursing and science.

Entry requirements
Applicant must hold an undergraduate degree in a relevant area such as science, environmental science, nursing, health science or public health. Normally applicants must have completed a minimum of 48 credit points of basic science in units such as chemistry, physics, microbiology, anatomy and physiology, or life science.

Course Structure
Students follow a prescribed enrolment program and are required to complete seven units in environmental health and PUN106 Population Health.

Students enrolling in external mode will be required to attend intensive practical sessions at Kelvin Grove campus for selected units in the course.

Course Articulation
This course articulates into the Master of Health Science.

International Student Entry
International students may enrol only in full-time programs in internal mode.

Further Information

Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Course duration (external): 3 semesters (full-time) or 6 semesters (part-time)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 144

Overview
The effective management of health services is of vital importance to the community and health sector alike. In response to the need for improved health management education, the Master of Health Management degree is designed to equip students with the knowledge, competencies and professional attitudes to undertake senior managerial roles and to provide health leadership within the health sector.

Entry Requirements
Applicants can come from many health related fields, but should hold a recognised degree in health, behavioural, social or biological science, or other qualifications and/or work experience acceptable to the Executive Dean. For applicants who hold a relevant four-year degree, advanced standing of 48 credit points may be available.

Study Areas
Specialised streams of study are offered in the areas of:
- Health Services Management
- Risk Management
- Emergency and Disaster Management
- Health Technology

There is also the option of not completing a major and choosing units from more than one stream.

Course Structure
The Master of Health Management will comprise three aspects:
- 4 core Health Management units
- 4 units from a Study Area
- 4 units that may comprise a further study area, electives or a dissertation component of one semester or two semesters part-time (HLN700 or HLN750-1 and HLN750-2)

Note that it is not compulsory to complete a Study Area and students may instead choose 4 units from across the Study Areas.

Course Articulation
The Graduate Diploma in Health Management fully articulates into the Master of Health Management. Students who complete 3 of the 4 core units plus an elective will be able to exit with a Graduate Certificate in Health Management.

Further Information
For more information about this course, please contact the School of Public Health on +61 7 3138 5878 or email sph.studentcentre@qut.edu.au

Study Areas
### Emergency and Disaster Management
- PUN451 Introduction To Health Disaster Management
- PUN452 Health Disaster Planning and Preparedness
- PUN453 Health Disaster Response and Recovery
- PUN454 Health Leadership in Disaster Management

### Health Services Management
- PUN211 Health Care Finance and Economics
- PUN212 Understanding Health Information (2010)
- PUN213 Introduction to Quality Management in Health (2010)
- PUN688 International Health Policy and Management

### Risk Management
- PUN001 Contemporary Risk Management
- PUN008 Risk Assessment
- PUN010 Implementing Risk Management
- PUN418 Introduction To Financial Risk Management

### Health Technology
- INN545 Introduction to Health Technology
- INN546 Major Issues in Health Technology
- INN210 Databases
- INN251 Networks
- INN255 Security
- INN271 The Web
- INN330 Information Management
- INN321 Business Process Management
- INN220 Business Analysis
- INN500 IT Project Management
- INN322 Information Systems Consulting

### Elective List

**List A Electives**
- Environmental Health
- Environmental Health Law
- Public Health Risk Assessment
  - Occupational Health and Safety
- Occupational Health and Safety Law and Management

**List B Electives**

- Occupational Health Research Methods
- Qualitative Research
- Health Statistics
- Advanced Quantitative Research Methods
- Fundamentals of Epidemiology and Research Design
- Independent Study
- Project A
- Project B
- Project
- Thesis
- Thesis (part-time)
- Thesis (part-time)

No more than 4 units may be undertaken from outside the Faculty of Health.

- Business Law and Ethics
- Financial Accounting 1
- Business/Management
- Introduction to Management
- People in Organisations
- Strategic HRM
- Consulting and Change Management
- Legal and Justice Studies
- Human Rights and Global Justice
- Philanthropy and Non Profit Studies
- Corporate Philanthropy
- Philanthropic and Nonprofit Frameworks of Governance
- Ethics for Philanthropic and Nonprofit Organisations
- Management for Philanthropic and Nonprofit Organisations
- Legal Issues for Philanthropic and Nonprofit Organisations
- Accounting and Finance Issues for Philanthropic & Nonprofit Organisations
  - Advertising, Marketing and Public Relations
- Corporate Media Strategy and Tactics
- Public Relations Management
- Public Relations Campaigns

**Potential Careers:**
- Academic, Administrator, Health Information Manager, Health Policy Officer, Health Services Manager, Public Health Officer, Public Health Program Manager, Rehabilitation Professionals, Risk Manager.
Master of Public Health (PU85)

Year offered: 2009
Admissions: Yes
CRICOS code: 009029C
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Course duration (external): 3 semesters (full-time) or 6 semesters (part-time)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
Total credit points: 144
Course coordinator: Dr Thomas Tenkate
Campus: Kelvin Grove

Overview
Public health professionals make a difference to the health of populations. These courses provide opportunities to protect, promote and restore health and wellbeing in society. Students obtain core skills in epidemiology and biostatistics and gain knowledge about health systems and contemporary and challenging population health issues. This course is designed for health professionals interested in moving into the public health area, mid-career health professionals seeking advancement in their area of work and clinicians wishing to broaden their range of expertise.

Entry requirements
Applicants should have an approved three-year or four-year bachelor degree in health, behavioural, social or biological science from a recognised institution and not less than one year of relevant full-time professional experience.

Application for Advanced Standing
Applicants who hold a four-year degree may be eligible for advanced standing of up to 48 credit points.

Admission on the basis of professional experience and/or research work will be considered.

Majors
Specialised streams of study are offered in the areas of:
- Emergency and Disaster Management
- Epidemiology and Research Methods
- Health Promotion
- Health Services Management
- Occupational and Environmental Health Science
- Public Health Nutrition

There is also the option of not completing a major and choosing units from more than one stream.

Course Structure
Students elect between three options:

(1) The first option is for full coursework, with no project or thesis component:
- four core units (Part A),
- one research methods unit (HLN405, HLN705 or HLN706) and
- seven advanced elective units (Part B)

(2) Option two is to undertake coursework with a project component:
- four core units (Part A)
- one research methods unit (HLN405, HLN705 or HLN706) and
- five advanced elective units (Part B) and
- one project unit (HLN703).

(3) Option three is coursework with a thesis component:
- four core units (Part A)
- four advanced elective units (Part B)
- dissertation component of one semester or two semesters part-time (HLN700 or HLN750-1 and HLN750-2)

Elective units (from Part B) will normally be selected according to choice of a major, or more than one stream of study where the no major option is chosen.

Course Articulation
The Graduate Certificate in Public Health fully articulates into the Graduate Diploma in Public Health and Master of Public Health and the Graduate Diploma in Public Health fully articulates into the Master of Public Health.

International Student Entry
International students may only enrol in full-time studies.

Further information
For more information about this course, please contact the School of Public Health on +617 3138 5878 or email sph.studentcentre@qut.edu.au

PUN554  Food Policy and Sustainability

Potential Careers:
Community Health Officer, Government Officer, Health Promotion Officer, Public Health Officer.
Graduate Diploma in Psychology (PY08)

Year offered: 2009
Admissions: Yes
CRICOS code: 036434K
Course duration (full-time): 2 semesters
Course duration (part-time): 4 semesters (may not be available by evening study)

Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)

Domestic Entry: February (full-time and part-time) and July (part-time only)
International Entry: February
Total credit points: 96
Course coordinator: Dr Julie Hansen
Campus: Kelvin Grove

Overview
The Graduate Diploma in Psychology provides an Australian Psychology Accreditation Council (APAC) accredited undergraduate level of training in psychology, which can be added to a previous degree in another discipline. That is, this qualification is graduate level in timing, but undergraduate level in content, and qualifies students to apply for entry into an accredited fourth year, either the Bachelor of Behavioural Science (Honours Psychology) program or the Post Graduate Diploma in Psychology. Entry into these fourth year programs is competitive and normally requires a Grade Point Average (GPA) of at least 5 in the Graduate Diploma.

Entry requirements
An undergraduate degree plus successful completion of an introductory psychology unit (QUT equivalent PYB101, PYB102 or PYB100) and an introductory research and statistics unit (for example PYB110) equivalent to those accredited in the first year of QUT’s Bachelor of Behavioural Science (Psychology) degree.

International Student Entry
QUT advises that international students may only enrol in February in full-time studies.

Further Information
For more information about this course, please contact the School of Psychology and Counselling on +617 3138 4810 or email psyc.enquiries@qut.com.

Bachelor of Behavioural Science (Honours Psychology) (PY09)

Year offered: 2009
Admissions: Yes
CRICOS code: 061159E
Course duration (full-time): 2 Semesters
Course duration (part-time): 4 Semesters (may not be available by evening study)
Domestic fees (indicative): 2009: CSP $2,739 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February only (no mid-year entry). Closing date for applications is 1 October of the previous year in which you are applying for entry (applications submitted by 17 October 2009 will be accepted as previously advertised).
International Entry: February only (no mid-year entry). Closing date for applications is 1 October of the previous year in which you are applying for entry (applications submitted by 17 October 2009 will be accepted as previously advertised).
Total credit points: 96
Course coordinator: Dr Renata Meuter
Campus: Kelvin Grove

Overview
The Honours program builds on an undergraduate Australian Psychology Accreditation Council (APAC) accredited psychology degree and provides an opportunity for advanced study and research. Successful completion of the Honours program meets the academic requirements for provisional registration as a psychologist with the Psychologist Registration Board of Queensland.

Entry requirements
Entry to this course is competitive. To be considered for admission, candidates:
- must hold an undergraduate degree accredited by the Australian Psychology Accreditation Council (APAC) as an entry point into an honours program (for example QUT's PY45 Bachelor of Behavioural Science (Psychology))
- must have with an overall Grade Point Average (GPA) of at least 5
- must have a GPA of at least 5 across APAC accredited second and third year psychology units
- must have successfully completed an APAC accredited third year statistics unit (PYB350 or equivalent).

QUT Applicants
For applicants with a QUT bachelor's award, the base level requirements for consideration for inclusion in the Honours program will be:
- a minimum GPA of 5 in the overall undergraduate degree program
- at least a pass in PYB350 Advanced Statistical Analysis (or its equivalent)
- a minimum overall GPA of 5 in the prescribed second and third year Psychology units listed below, or their equivalent. Entry is competitive based on GPA in these prescribed units:

PYB207 Research and Professional Development Seminar
PYB202 Social and Organisational Psychology (to replace PYB302)
PYB204 Perception and Cognition (to replace PYB201 and PYB303)
PYB309 Individual Differences and Assessment (to replace PYB206 and PYB311)

A change in the PY45 core sequence may have resulted in some students completing a slightly different sequence. Specifically,

PYB202 Social and Organisational Psychology (to replace PYB205 and PYB302)
PYB204 Perception and Cognition (to replace PYB201 and PYB303)
PYB309 Individual Differences and Assessment (to replace PYB206 and PYB311)

For applicants with an APAC-accredited bachelor award other than from QUT, similar requirements are expected. Certified copies of complete academic transcripts and evidence of their eligibility to undertake an honours program at their home institution must be provided with applications.

Non-QUT Applicants
For applicants with Bachelor's awards other than from QUT, similar requirements will be expected.

They will also be required to provide certified copies of complete academic transcripts and evidence of their eligibility to undertake an Honours program at their home institution.

Course Structure
The courses comprises of eight 12 credit point units. Coursework includes the compulsory unit PYB407 Research and Professional Development Seminar; plus elective units, chosen from cognitive neuropsychology, developmental psychology, counselling psychology, or organisational psychology. The research component of the program entails one research methods unit and an individual thesis. PYB400 Thesis is undertaken in modules throughout the program and initially students complete a research plan which sets out the project. This is followed by the collection, analysis and writing-up of the data. All coursework units have 3 contact hours per week. Research thesis units contact is as required by the supervisor.

International Student Entry
International students may enrol only in full-time studies.

Further Information
For more information about this course, please contact the School of Psychology and Counselling on phone +617 3138 4810 or email psyc.enquiries@qut.com

- PYB402 Counselling Psychology
- PYB403 Cognitive Neuropsychology
- PYB404 Issues in Social Developmental Psychology
- PYB405 Advanced Organisational Psychology

**Potential Careers:**
Administrator, Aged Services Worker, Community Worker, Counsellor, Disability Services Worker, Family Services Officer, Government Officer, Guidance Officer, Health Information Manager, Health Services Manager, Higher Education Worker, Human Resource Developer, Human Resource Manager, Human Services Practitioner, Information Officer, Manager, Psychologist, Public Health Officer, Public Servant, School Counsellor, Social Scientist, Youth Worker.
Master of Counselling (PY12)

Year offered: 2009
Admissions: Yes
Course duration (part-time): 6 semesters
Domestic fees (indicative): 2009: Full fee tuition $3,375 (indicative) per semester (part-time)
Domestic Entry: February
Total credit points: 144
Course coordinator: Dr Roger Lowe
Campus: Kelvin Grove

Overview
The Master of Counselling offers preparation for a specialised position in counselling for practitioners from a variety of backgrounds. It has an applied, experiential component including Clinical practice which meets the training requirements for (PACFA) registration. It also provides knowledge, understanding and skills that will contribute to the development and practice of counselling in the professional environment.

Entry requirements
An approved degree in a human service or related area, at least 2 years of work experience, access to ongoing counselling work and personal suitability. Candidates with other qualifications/appropriate work experience may be admitted subject to approval by the Head of School of Psychology and Counselling.

In addition to submission of an admission form (PG Form for domestic applicants, F Form for international applicants), applicants are required to submit a PY12 Questionnaire. All forms are available at the following website:

International Student Entry
This course is not available to international students.

Further Information

Master of Clinical Psychology (PY18)

Year offered: 2009
Admissions: Yes
CRICOS code: 052769J
Course duration (full-time): 4 semesters
Course duration (part-time): 8 semesters
Domestic fees (indicative): 2009: $2,600 (indicative) per semester: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February (closing date for applications is 1 October of the previous year in which you are applying for entry. Applications submitted by 17 October 2009 will be accepted as previously advertised).
International Entry: February (closing date for applications is 1 October of the previous year in which you are applying for entry. Applications submitted by 17 October 2009 will be accepted as previously advertised).
Total credit points: 192
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Prof Ian Shochet
Campus: Kelvin Grove

Overview
The Master of Clinical Psychology offers students the opportunity for advanced training in clinical theory, skills and research. These are three skills fundamental to the professional practice of clinical psychology and psychotherapy.

The program emphasises an integrative approach drawing upon evidence-based psychotherapies including relational psychodynamic, cognitive-behavioural, and systemic narrative therapies across the lifespan.

A psychology clinic provides practicum opportunities to work with adults, children and families in a real-world learning context. There are opportunities for supervised practica in a variety of counselling and clinical setting including the clinic and external community agencies and health settings.

Career opportunities
The course prepares graduates to work in a wide range of hospital, community and private practice settings, in areas that require clinical and psychotherapy skills, case management, management of health services, needs assessment and program evaluation, health promotion and education, and supervision.

Entry Requirements
Entry to this course is competitive. To be considered for admission, applicants should hold an Australian Psychology Accreditation Council (APAC)-approved four years training or its equivalent from QUT or another recognised institution. A minimum requirement for eligibility for entry is a grade point average (GPA) of 5 or above in fourth year, and two referee reports. Referees will be required to comment on the academic and personal suitability of the candidate and their overall level of support for the candidate's application.

Applicants are shortlisted in priority order on the basis of their GPAs. Shortlisted applicants are required to attend an interview to assess their interpersonal skills in a clinical context. In the case of international applicants, this is conducted via telephone. Admission is based on the candidate's GPA, interview and referee reports.

In addition to submission of an admission form (PG Form for domestic applicants, F Form for international applicants) applicants are required to submit a PY18/PY50 Questionnaire and two PY18/PY50 Referee Reports. All forms are available at the following website: http://www.studentservices.qut.edu.au/info/forms/

Professional recognition
The course is designed to meet the accreditation requirements of the APAC, the Australian Psychological Society College of Clinical Psychologists, and the Psychologists Board of Queensland, and provides a graduate with eligibility to apply to register as a psychologist in Queensland or any other state or territory in Australia.

Registration requirements
All students seeking registration with the Queensland Psychologists Board as a registered psychologist will be required to register as a psychologist with probationary conditions for the duration of the program.

International Student Entry
International students or applicants from whom English is not the first or native language require an IELTS score of 7.0 (with minimum subscores of 7.0 for listening, reading, writing and speaking) and need certification by the APAC that their degree is equivalent to APAC-approved four years training in psychology or its equivalent from QUT or another recognised institution. For applicants for whom English is not the first or native language require an IELTS score of 7.0 (with minimum subscores of 7.0 for listening, reading, writing and speaking) and need certification by the APAC that their degree is equivalent to APAC-approved four years training in psychology or its equivalent from QUT or another recognised institution. For applicants for whom English is not the first or native language, the Psychologists Board may consider an exemption to this policy. Please refer to the Psychologists Board of Queensland website for further details - http://www.psychologyboard.qld.gov.au.

Applicants are responsible for obtaining and paying the APAC for such certification, at a cost determined by the APAC. All applicants are required to attend an interview. In the case of international applicants, this is conducted via telephone.

International students may enrol only in full-time studies.

International Entry: February only (no mid-year entry). Closing date for applications is 1 October of the previous year in which you are applying for entry (applications submitted by 17 October 2009 will be accepted as previously advertised).
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Renata Meuter
Campus: Kelvin Grove

Overview
The Postgraduate Diploma in Psychology builds on an undergraduate Australian Psychology Accreditation Council (APAC) accredited psychology degree and provides an opportunity for advanced study and research. Successful completion of the Postgraduate Diploma in Psychology meets the academic requirements for provisional registration as a psychologist with the Psychologist Registration Board of Queensland. It provides an APAC accredited fourth year of training in psychology, similar to Honours.

Entry Requirements
Entry to this course is competitive. To be considered for admission, applicants must hold an undergraduate degree accredited by the Australian Psychology Accreditation Council (APAC) as an entry point into an Honours Psychology program, for example QUT's Bachelor of Behavioural Science (Psychology), with a minimum grade point average of 5 achieved in the second- and third-year APAC-accredited psychology units.

Applicants with a QUT Degree
For applicants with a QUT bachelor degree, the base level requirement for consideration for inclusion in the Postgraduate Diploma in Psychology program is a minimum overall grade point average of 5 in prescribed second- and third-year psychology units or their equivalent, specifically:
- PYB201 Perception
- PYB203 Developmental Psychology
- PYB205 Social Psychology
- PYB206 Personality
- PYB208 Counselling Theory and Practice

Applicants with a Non-QUT Degree
For applicants with Bachelor's awards other than from QUT, similar requirements will be expected.

Certified copies of complete academic transcripts must be provided with applications.

Course structure
The course comprises eight 12 credit point units. Coursework includes the compulsory unit PYB407 Research and Professional Development Seminar; plus elective units, chosen from cognitive neuropsychology, developmental psychology, counselling psychology, or organisational psychology. In consultation with the Course Coordinator, students also choose one cognate elective at third-year level or above. The research component of the program entails one Research Methods unit and a thesis. PYB450 Research Thesis is undertaken in modules throughout the program. Initially students will complete an independent review of the literature and prepare an outline for a research proposal. This will then form the basis of a negotiated group project, for which students independently collect, write up and analyse agreed specific components of the data. All coursework units have three contact hours per week. The contact for research thesis units is as required by the supervisor.

International Student Entry
International students may enrol only in full-time studies.

Further Information
For more information about this course, please contact the School of Psychology and Counselling on +617 3138 4810 or email psyc.enquiries@qut.com
# Full-Time Course structure

## Year 1, Semester 1
- **PYB450-1** Research Thesis (Part 1)
  - Plus ONE research methods unit selected from the following options:
    - **PYB401** Advanced Research Methods
    - **HHB232** Survey Methods
  - Plus TWO advanced psychology units selected from the following options:
    - **PYB402** Counselling Psychology
    - **PYB403** Cognitive Neuropsychology
    - **PYB404** Issues in Social Developmental Psychology
    - **PYB405** Advanced Organisational Psychology

## Year 1, Semester 2
- **PYB407** Research and Professional Development Seminar
- **PYB450-2** Research Thesis (Part 2)
- **PYB450-3** Research Thesis (Part 3)
  - Plus ONE cognate elective, at 3rd year level or above, selected from a list approved by the Course Coordinator.

## Part-Time Course structure

### Year 1, Semester 1
- **Option A**
  - Two units from the following options:
    - **PYB402** Counselling Psychology
    - **PYB403** Cognitive Neuropsychology
    - **PYB404** Issues in Social Developmental Psychology
    - **PYB405** Advanced Organisational Psychology
  - OR
  - **Option B**
    - One unit from the following options:
      - **PYB402** Counselling Psychology
      - **PYB403** Cognitive Neuropsychology
      - **PYB404** Issues in Social Developmental Psychology
      - **PYB405** Advanced Organisational Psychology
      - **HHB232** Survey Methods

### Year 1, Semester 2
- **PYB407** Research and Professional Development Seminar

## Year 2, Semester 1
- **PYB450-1** Research Thesis (Part 1)
  - AND
  - **Option A Continued**
    - One unit from the following options:
      - **PYB401** Advanced Research Methods
      - **HHB232** Survey Methods
        - OR
        - **Option B Continued**
          - One further unit from the following options:
            - **PYB402** Counselling Psychology
            - **PYB403** Cognitive Neuropsychology
            - **PYB404** Issues in Social Developmental Psychology
            - **PYB405** Advanced Organisational Psychology

## Year 2, Semester 2
- **PYB450-2** Research Thesis (Part 2)
- **PYB450-3** Research Thesis (Part 3)

### Potential Careers:
Administrator, Community Health Officer, Community Worker, Counsellor, Family Services Officer, Government Officer, Guidance Officer, Health Information Manager, Health Services Manager, Higher Education Worker, Human Resource Developer, Human Resource Manager, Human Services Practitioner, Psychologist, Public Health Officer, Public Servant, School Counsellor, Youth Worker.
Graduate Certificate in Road Safety (PY40)

Year offered: 2009
Admissions: Yes
CRICOS code: 040334B

Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Course duration (external): 1 semester (full-time) 2 semesters (part-time)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)

Domestic Entry: February (full-time and part-time; external and internal) and July (internal part-time; external full-time and part-time)
International Entry: February (internal full-time; external full-time and part-time)
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Mark King
Campus: Gardens Point and Kelvin Grove

Overview
The Graduate Certificate fosters specialist and multidisciplinary skills and knowledge in the fields of road safety, accident prevention, and traffic and transport improvements. The program is relevant not only to those already employed by government or industry, as either managers, practitioners or researchers, but also those seeking to enter these fields.

Students become conversant with real-world safety problems with input from psychology, humanities, public health, optometry, civil/mechanical/manufacturing and medical engineering staff, as well as guest lecturers from government and industry (eg state transport, police, and the insurance industry). Students undertake field study, and are able to complete workplace-based projects where appropriate. They gain experience in both individual and teamwork approaches to research, problem solving, information retrieval, and oral and written communication.

Entry requirements
For entry into the Graduate Certificate in Road Safety, applicants must possess a relevant degree from a university, an equivalent qualification relevant to road safety or two years of professional practice relevant to road safety.

For entry into the Graduate Diploma in Road Safety, applicants must possess a relevant degree from a university or a Graduate Certificate in Road Safety. Degrees suitable for entry into the Graduate Certificate and Graduate Diploma include bachelor degrees in civil engineering, psychology, and public health.

Entry with Advanced Standing
Advanced standing will be given, on a case-by-case basis, for road safety-specific units in postgraduate courses.

See the advanced standing precedent list at www.studentservices.qut.edu.au/apply/advancedstanding/a spl.jsp

Undergraduate units will not be recognised.

Course Structure
The Graduate Certificate in Road Safety consists of one core unit plus three electives while the Graduate Diploma in Road Safety consists of two core units plus six electives. The program structures are designed to be flexible and accessible. The majority of the units are delivered on a semester basis, although two electives are delivered in intensive week-long blocks at Kelvin Grove campus. The programs have recently been enhanced with the introduction of external delivery for selected units.

Currently the following units are available in external mode:

- PYP401 Introduction to Road Safety
- PYP402 Traffic Psychology and Behaviour
- PYP404 Applying Traffic Psychology
- PYP406 Road Safety Theory to

International Student Entry
International students may undertake the course in internal or external mode. Entry to the internal mode is only available in February and must be undertaken as a full-time student. The external mode is only available to students studying from overseas. On completion of the Graduate Certificate students may choose to continue their studies with the Graduate Diploma in Road Safety.

Further Information
For further information about this course, please contact the CARRS-Q Education Administrator on phone +61 7 3138 4592, email psyc.enquiries@qut.com or consult the CARRS-Q website.

Campus: Gardens Point and Kelvin Grove

Overview
Both the Graduate Certificate and Graduate Diploma in Road Safety foster specialist and multidisciplinary skills and knowledge in the fields of road safety, accident prevention and traffic and transport improvements. The programs are relevant not only to those already employed by government or industry, as either managers, practitioners or researchers, but also those seeking to enter these fields. You will become conversant with real-world safety problems with input from psychology, humanities, public health, optometry, civil/mechanical/manufacturing and medical engineering staff, as well as guest lecturers from government and industry eg state transport, police, and the insurance industry. You will undertake field study, and be able to complete workplace-based projects where appropriate. You will gain experience in both individual and teamwork approaches to research, problem solving, information retrieval, oral and written communication.

Entry requirements
A degree from a university or a three-year diploma relevant to road safety or a Graduate Certificate in Road Safety. (Suitable entry degrees include Bachelor of Civil Engineering, Psychology, Public Health.) *Candidates who have completed QUT’s Graduate Certificate in Road Safety can apply for full-time study commencing in July.

Entry with Advanced Standing
Advanced standing will be given, on a case by case basis, for road safety-specific units in postgraduate courses including QUT’s Graduate Certificate in Civil Engineering; New England/Murdoch/Edith Cowan Universities’ Graduate Certificate or Graduate Diploma in Road Safety. Undergraduate units will not be recognised.

Course Structure
The Graduate Diploma in Road Safety course consists of two core units plus six electives. The program structure is designed to be flexible and accessible. The majority of the units are delivered on a semester basis, although two are available in intensive week-long blocks. The program has recently been enhanced with the introduction of distance education delivery for select units.

Course coordinator: Dr Julie Hansen
Campus: Kelvin Grove

Overview
Whether your fascination is with people and personalities, problem solving or the workings of the brain, psychology offers a pathway to a rewarding career.

Why choose this course?
The Bachelor of Behavioural Science (Psychology) provides the first step towards a career as a registered psychologist and an excellent foundation for careers in a wide range of related areas.

The course covers both theoretical and practical aspects of psychology. Core units introduce students to the scientific bases of psychology in areas including social and developmental psychology, research methods, physiology, perception and cognition, and as well as more applied areas such as counselling, individual differences and assessment, and psychopathology. In addition, students can choose electives from specialised units including organisational psychology, forensic psychology and the law, psychology and gender, family therapy, alcohol and drugs, health psychology, and road safety. Students can also include up to seven electives in areas of interest other than psychology (e.g. human services, science, humanities, criminology, education, public health, or business) to acquire a wide range of vocational skills.

You will also develop your ability to understand and apply psychological principles to personal, social, and organisational issues, as well as high-level communication and social research skills that are valuable in a wide range of professions.

Recommended Study
Maths A, B or C.

Career Options
Psychology graduates have skills that equip them for many professional areas. The analytical, research and interpersonal skills acquired have a high degree of application in areas such as education, human resources, market research, organisational development, policing, health and human services and counselling.

You are encouraged to structure your course to incorporate elective specialisations in other areas to provide a wide choice of career options.

On successful completion of the degree you may either pursue a career in a range of vocations where your skills are valued, undertake further study to become a registered psychologist or seek postgraduate studies in psychology or other disciplines.

Honours
Many graduates wish to pursue careers in professional areas of psychology. To do so you must be registered with your state registration board. This currently involves completing a fourth year of study in psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as a Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Professional Membership
The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council (APAC).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Notes**

Electives can be studied from Lists A and B, or from other courses. The following rules apply:

* At least 3 electives must be chosen from the psychology electives in Lists A and B, with at least 1 elective from List B.

** No more than three introductory electives can be included in PY45.

*** PYB350 is compulsory for entry to 4th year programs in psychology (eg Bachelor of Behavioural Science (Honours Psychology) and Postgraduate Diploma in Psychology)

List C: Social Science Foundation Units

In your first year of study (or first two years of study for part-time students), you are required to study one compulsory Social Science Foundation Unit from the list below, and one other elective unit. The Social Science Foundation unit can be completed in either 1st or 2nd semester, depending on your choice of unit and its availability. You should enrol in an elective unit in the other semester.

null

HHB103  Contemporary Social And Community Issues
HHB104  Understanding Society: Intro. To Sociology
HHB110  Introduction To International And Global Studies
HHB114  Introduction To Human Rights And Ethics
HHB210  Indigenous Australia: Country, Kin And Culture

Potential Careers:
Administrator, Aged Services Worker, Child Protection Officer, Community Health Officer, Community Worker, Counsellor, Disability Services Worker, Exchange Student, Family Services Officer, Government Officer, Guidance Officer, Health Information Manager, Health Services Manager, Higher Education Worker, Human Resource Developer, Human Resource Manager, Human Services Practitioner, Manager, Policy Officer, Psychologist, Public Servant, Social Scientist, Youth Worker.
Doctor of Psychology (Clinical) (PY50)

Year offered: 2009
Admissions: Yes
CRICOS code: 059989G
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February (closing date for applications is 1 October of the previous year in which you are applying for entry. Applications submitted by 17 October 2009 will be accepted as previously advertised).
International Entry: February (closing date for applications is 1 October of the previous year in which you are applying for entry. Applications submitted by 31 October 2009 will be accepted as previously advertised).

Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Prof Ian Shochet
Campus: Kelvin Grove

Overview

The Doctor of Psychology (Clinical) offers students the option of a postgraduate program to develop more advanced professional knowledge and skills in clinical psychology than offered in the Master of Clinical Psychology. It includes advanced professional coursework units, specialised practical experience and an extended program of research, enabling graduates to undertake positions of greater responsibility in a broad range of clinical settings including hospitals, mental health facilities and other specialised treatment units.

The doctorate emphasises the development of applied research and clinical specialisations within an evidence-based, integrative psychotherapy framework.

Entry Requirements

Applicants must hold an Australian Psychology Accreditation Council (APAC)-approved four years training or its equivalent with First Class Honours or Honours Class IIA from QUT or another recognised institution. Alternatively, a grade point average of 5.5 or above in the Postgraduate Diploma in Psychology or equivalent course is required. Applicants are required to provide two referee reports and attend an interview to assess their interpersonal and research skills in a clinical context.

Students who are not already registered with the Psychologists Board of Queensland will be required to register with the Board as a psychologist with probationary conditions for the duration of the program.

In addition to submission of an admission form (PG Form for domestic applicants, F Form for international applicants) applicants are required to submit a PY18/PY50 Questionnaire and two PY18/PY50 Referee Reports. All forms are available at the following website: http://www.studentservices.qut.edu.au/info/forms/

Advanced Standing

Advanced standing of up to a maximum of 144 credit points may be granted to candidates who have completed an appropriate masters qualification or its equivalent. Credit will not be granted for previously completed research work.

Course Structure

The doctorate comprises 24 units made up of 10 professional coursework units, 8 research units and 6 practicum units.

Course Articulation

The Master of Clinical Psychology articulates with the Doctor of Psychology (Clinical). Doctorate students who successfully complete the requirements of the masters course may exit with a Master of Clinical Psychology.

International Student Entry

International students or applicants from whom English is not the first or native language require an IELTS score of 7.0 (with minimum subscores of 7.0 for listening, reading, writing and speaking) and need certification by the APAC that their degree is equivalent to APAC-approved four years training in psychology or its equivalent from QUT or another recognised institution. For applicants for whom English is not the first or native language, the Psychologists Board may consider an exemption to this policy. Please refer to the Psychologists Board of Queensland website for further details - http://www.psychologyboard.qld.gov.au.

Applicants are responsible for obtaining and paying the APAC for such certification, at a cost determined by the APAC. All applicants are required to attend an interview. In the case of international applicants, this is conducted via telephone.

International students may enrol only in full-time studies.

Professional Recognition

The course is designed to meet the accreditation requirements of the APAC, the Australian Psychological Society College of Clinical Psychologists, and the Psychologists Board of Queensland, and provides a graduate with eligibility to apply to register as a psychologist in Queensland or any other state or territory in Australia.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +617 3138 4822 or email psyc.enquiries@qut.edu.au

OVERVIEW
In 2009 the Humanities Program at Kelvin Grove campus will administer a number of undergraduate programs for continuing students including:

- Bachelor of Arts
- Bachelor of Social Science; and
- the Arts component of double degrees in:
  - Arts/Behavioural Science (Psychology)
  - Arts/Education
  - Arts/Laws
  - Arts/Applied Science
  - Arts/Business
  - Arts/Creative Industries
  - Arts/Justice
  - Arts/Human Services; and
  - Arts/Information Technology.

The Humanities Program will also be responsible for:

- Honours programs in Arts and Social Science
- Master of Arts Research Degree
- Doctor of Philosophy; and
- Doctor of Social Science.

These postgraduate programs will be available to commencing and continuing students in 2009.

SENIOR STAFF

*Head:* Professor C. Bean, BA MA(Hons) Canterbury, PhD ANU

*Professors:*
C.A. Trocki, BA Cleveland, MA PhD C'nell
G. Kendall, MA Camb, MSc Manc, PhD Lond

*Associate Professors:*
B.A. Adkins, BA(Hons) PhD Qld
G.J. Ianziti, BA San Fran, MA PhD Nth Car

RESEARCH

Humanities Research Program

The Humanities Research Program facilitates research with a strong social research orientation which allows the human, ethical and societal dimensions of technological, environmental, economic and political change to be assessed and responses to these changes to be identified. This is achieved through careful, critical, independent and ethical research, which contributes to better outcomes for individuals and communities and addresses issues of national and global significance.

Staff and students are offered:

- a distinctive, applied research culture, underpinned by a solid research base
- a focus on international and local issues related to the humanities and social sciences
- an ethical engagement with a wide range of public policy and practices related to government, business and the community
- strong collaborative partnerships with community, government, academic and private organizations
- cutting edge critical public debate on issues of national and international importance
- an open, people-centred and change-oriented approach
- a nurturing environment for the development of excellence in the next generation of researchers through expert mentoring and guidance by experienced researchers.

Strengths of the Humanities Research Program include:

- Expertise in topical and important areas within the social research arena including:
  - Applied Ethics
  - Asia-Pacific Studies
  - Australian Studies
  - European Studies
  - History
  - Gender Studies
  - Geography and Environmental Studies
  - International and Global Studies
  - Politics
  - Sociology
  - Social Capital

- Experience in the use of diverse research approaches, including political, sociological, applied ethics, historical and social science research approaches
- Solid links with the community, industry, business and government organizations that enable the development of collaborative research alliances
- Cross-disciplinary linkages at the local, national and international level
- A strong publication rate
Bachelor of Arts (HH01)

Year offered: 2009
Admissions: No
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester

International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
QTAC code: This course is no longer offered
Past rank cut-off: 68 (both campuses); Dfee: 68 (both campuses)
Past OP cut-off: 15 (both campuses); Dfee: 15 (both campuses)
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Keith Moore
Campus: Gardens Point and Kelvin Grove

Course Outline
The Bachelor of Arts allows you to design your degree to suit your own interests and career aspirations. You will complete 24 units of study.

* You are REQUIRED to complete:

- One multidisciplinary major (7 units) from
  International and Global Studies
  Society and Change
  Ethics and Human Rights
  Community Studies
  Australian Studies

* The remaining 17 units of study will consist of your choice from the following options:

- An additional multidisciplinary major (7 units)
- An Arts discipline major (6 units) from
  Geography
  History
  Sociology
  Political Studies
  French
  German
  Indonesian
  Japanese
  Mandarin
- An Arts minor/s in any of the multidisciplinary or discipline majors (4 units)
- A co-major, an approved university minor, or individual electives in another QUT course (up to 8 units)
- A work-based Internship (2 units)

International and Global Studies Multidisciplinary Major
The International and Global Studies multidisciplinary major is an ideal choice if you wish to work in areas that demand and value knowledge of trends and outcomes in internationalisation, understanding of cultural diversity, knowledge of world regions, cultures and societies, and skills associated with global literacy. You may choose to concentrate on 'global perspectives' or 'international studies' (Asian studies, European studies or Pacific studies). You may combine this major with language study in Indonesian, French, Japanese, German or Mandarin.

Society and Change Multidisciplinary Major
The Society and Change major provides an multidisciplinary approach to understanding the dynamics of social change with particular emphasis on the environment, change and society, societies in transition, and the individual and society. You will acquire substantive knowledge on social and cultural aspects of change, and will be challenged to take a critical and analytical approach to your study. Many of the units provide case studies of social change, and as a graduate of this major you will be equipped with transferable analytical, research and interpersonal skills that are in demand in policy, research and community work.

Ethics and Human Rights Multidisciplinary Major
The Ethics and Human Rights multidisciplinary major provides you with the opportunity to develop as a socially responsible and responsive practitioner. Dramatic changes in the human condition, such as those already emerging from globalisation and biotechnology, will be a significant feature of life in the twenty-first century. This major will equip you with understandings, skills and strategies that will enable you to address change in ways that promote the well-being of individuals and communities. The major is organised around five themes: ethical understandings and theory, human rights, identity studies, ethics and technology and ethical practice.

Australian Studies Multidisciplinary Major
The Australian Studies multidisciplinary major examines past, present and future Australia from a variety of discipline and interdisciplinary approaches. Australian studies is a contested, endless conversation and the units reflect the many perspectives which researchers now adopt in trying to understand what 'Australia' is like as a society, a nation, a place and a home to indigenous and non-indigenous citizens. The major will equip you with knowledge about Australians and Australia and its role in the world. In addition, as a graduate you will have the confidence to engage in empirical and theoretical debates about what has happened, and should happen in Australia.

Community Studies Multidisciplinary Major
In the Community Studies multidisciplinary major the 'knowledge explosion' is addressed by an open-ended teaching and learning approach to equip you to better understand the communities to which you belong from past, present and future perspectives. As you get to know how communities are structured, you will consider what holds communities together and what undermines them, and...
consider how communities can be enhanced. The major encompasses the concept of community and a detailed investigation of community processes.

Minors
All of the multidisciplinary and discipline majors in the Bachelor of Arts can also be taken as four-unit minors. Note also that all QUT faculties offer agreed sets of units as 'university minors'.

### Potential Careers:

Administrator, Community Education Officer, Community Worker, Contract Administrator, Government Officer, Higher Education Worker, Information Officer, Policy Officer, Public Servant.
Bachelor of Social Science (HH04)

Year offered: 2009
Admissions: No
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
QTAC code: This course is no longer offered
Past rank cut-off: 68 (both campuses); Dfee: 68 (both campuses)
Past OP cut-off: 15 (both campuses); Dfee: 15 (both campuses)
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Keith Moore
Campus: Kelvin Grove

Course Outline
The Bachelor of Social Science allows you to develop a range of social science skills which will equip you to address social issues and problems.

You will complete 24 units of study in this course.

* You are REQUIRED to complete:
  - One social science major (7 units) from
    Sociology
    Politics and History
    Geography and Environment
    Indigenous Perspectives and Issues
    Human Services and Social Policy
  
  and
  - Social science skills units (6 units). The choice includes interpersonal communication
    social research
    conflict resolution
    team practice
    survey methods
    social policy processes
    intervention methods

* The remaining 11 units of study will consist of your choices from the following options:

  - An additional social science major (7 units)
  - A social science minor (4 units) from Gender and Sexuality Peace and Conflict Resolution
  - A foreign language (4-6 units) from French, German, Indonesian, Japanese, Mandarin
  
  - A co-major, an approved university minor, or individual electives in another QUT course (up to 11 units)
  - A work-based internship (2 units)
  - An independent social science project (2 units)

Sociology Major
Sociology is an attempt to grapple with the issues and problems of a world experiencing change. You will study what makes us social beings and why both cooperation and conflict are recurring features of our social relationships. You will gain an understanding of the fundamental institutions of family, school, work and culture, and will be equipped to think intelligently and critically about them. You will acquire the skills of social analysis and policy development which are essential for a wide variety of professional employment.

Politics and History Major
The combination of politics and history provides a focus on the application of power in the contemporary world and also an understanding of how and why we have arrived at the social and political structures and processes that exist today. As a graduate with a politics and history background you will be equipped to enter occupations that require development and analysis of policy and administrative programs in both the public and private sectors.

Geography and Environment Major
Geography explains how and why natural environments, land use, settlement, economic activity, population and cultures vary from place to place, and how these elements interact to create distinctive and dynamic regional landscapes. The practical approach provides you with a sound basis, as a professional, for analysing human-environment linkages; population, social and cultural change; land use; settlement; and sustainable development.

Indigenous Perspectives and Issues Major
Indigenous perspectives and issues are central to the contemporary social sciences and to the creation of graduates who are skilled in the complexities of cross-cultural understanding and the acquisition of cross-cultural sensitivity. You will gain insights into Australian Indigenous perspectives and issues from the disciplines of humanities and human services, creative industries, education and justice studies. You will also develop skills associated with research ethics and protocols as they relate to Indigenous cultures and communities.

Human Services and Social Policy Major
Understanding our complex society and identifying emerging social issues and trends are key roles for human service and social policy practitioners. Community service agencies and for-profit industries seek out graduates with vocational skills that enable them to stay abreast of rapid social change and emerging trends. As a social science graduate you will be equipped to review, develop and administer social programs.
Gender and Sexuality Minor
Issues of difference and identity as they relate to the constitution of gender and sexuality are significant elements within social science investigations. This minor draws on relevant units from discipline areas such as humanities and human services, psychology, public health, justice studies and creative industries to enable you to analyse and challenge inherent presumptions about gendered/sexed bodies, as well as address the possibilities for alternative identity politics.

Peace and Conflict Resolution Minor
You will engage with important issues of contemporary global change and the way these may impact on diverse communities and individuals, conflicts that arise out of these situations, and approaches to resolving such conflicts. The units provide you with opportunities to pursue in-depth studies of human rights issues, identity issues and conflicts, and crisis intervention and resolution.

Minors
All the social science majors can also be taken as four-unit minors.
Note also that all QUT faculties offer agreed sets of units as 'university minors'.

Social Science Skills Units
Students choose a minimum of six units from the following options (with advice that they do a maximum of three at first year level)
First Year Units
HFB103 Interpersonal Communication
HFB107 Introduction To Social Research Methods
HFB110 Psychological Research Methods
HFB113 Public And Professional Ethics
HFB114 Indigenous Knowledge: Research Ethics and Protocols
HFB115 Practice Theories
HFB116 Social Work Processes and Methods
HFB117 Advanced Communication For Human Services and Social Work
HFB125 Advanced Communication For Human Services and Social Work
HFB126 Social Science Project
HFB127 Regional Field Studies (Geography)

Major Electives
Sociology Major
Introductory Unit:
HFB104 Understanding Society: Intro. To Sociology
Students must complete the Introductory Unit plus six Sociology units from the following:
HFB216 The Human Dimensions Of Space
HFB224 Qualitative Research Methods
HFB225 Political Sociology
HFB226 Consuming Cultures
HFB231 Health, Society And Environment
HFB232 Survey Methods

Minor Electives

Peace and Conflict Resolution Minor

Students choose four electives from the following units:

HBB111 Issues In International And Global Studies
HBB113 Interpersonal Communication
HBB114 Introduction To Human Rights And Ethics
HBB215 Crisis And Conflict Resolution
HBB217 Conflict Management Skills for Professionals
HBB268 Vulnerable Identities
HBB274 Human Rights: International And Regional Activism
HBB275 Human Rights: Australian Activism
JSB932 Alternative Justice Processes

Gender and Sexuality Minor

Students choose four electives from the following units:

HBB233 Sex, Gender And Society
HBB241 Gender and Globalisation
HBB267 Feminism And Ethics
HBB270 Gene Technology And Ethics
HBB315 Sex And Drugs In South-East Asia
HBB335 Bodies, Cyborgs and Cyberspace
JSN015 Women and the Australian Legal System
KW8321 Modern Times: Literature and Culture in the 20th Century
KPB343 Australian Film
PUB336 Women's Health
PYB054 Psychology and Gender
PYB067 Human Sexuality

Language Units

Refer to HH01 Bachelor of Arts for Language units

Potential Careers:

Academic, Administrator, Community Worker, Government Officer, Higher Education Worker, Information Officer, Manager, Project Manager, Public Servant, Social Scientist,
Bachelor of Arts/Bachelor of Human Services (HH10)

Year offered: 2009
Admissions: No
CRICOS code: 058397F
Course duration (full-time): 4 years
Course duration (part-time): 8 years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: Course no longer available for admission
QTAC code: Course no longer available for admission
Past rank cut-off: 69
Past OP cut-off: 15
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Iraphne Childs (Arts), Dr Phil Crane (Human Services)
Campus: Kelvin Grove

Course Structure

This course consists of 16 units each from the Bachelor of Arts and Bachelor of Human Services. The arts course structure allows you maximum flexibility to mix and match study units in a diverse range of themes including international, Australian, contemporary, historical, environmental, ethics, social change and language studies. In human services, you will acquire a range of professional skills and will specialise in a practice field from child and family services, aged services, corrective services, disability services, or services to young people.

Refer to the Bachelor of Arts (HH01) and Bachelor of Human Services (HH02) entries for further details.

Professional Practice Placements

As part of the Human Services component, you will have the opportunity to apply knowledge and skills through two supervised, professional practice placements in human service organisations.

You will first explore the diversity of practice methods through the Introduction to Practice. You will undertake a total of 140 hours of volunteer placement/s in a human service agency.

Your theoretical and practical studies will culminate in a 36 credit point Advanced Professional Practice placement in your final year. This placement will generally reflect your specialised service context area. You will develop a learning plan in consultation with your agency supervisor and a university staff member. During this 400-hour supervised placement in a human services agency, you will further develop your assessment and intervention skills and your own practice framework. It may be possible to undertake this 12 week placement with an overseas agency.

These professional practice placements provide many valuable opportunities for networking within the human services industry.

Working with Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Professional Membership (Bachelor of Human Services)

Graduates are entitled to apply for membership of the Australian Welfare and community Workers. (Accreditation application is currently in process).

Course is under review

QUT is currently reviewing the Arts programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2009 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website http://www.humanities.qut.edu.au/

Administrator, Adult/Workplace Educator, Aged Services Worker, Child Protection Officer, Community Corrections Officer, Community Education Officer, Corrective Services Officer, Disability Services Worker, Family Services Officer, Government Officer, Information Officer, Manager, Policy Officer, Public Servant, Social Scientist, Sociologist, Youth Worker.
Bachelor of Arts (Honours) (HH21)

Year offered: 2009
Admissions: Yes
CRICOS code: 020294D
Course duration (full-time): 2 Semesters
Course duration (part-time): 4 Semesters
Domestic fees (indicative): 2009: CSP $2,601 (indicative)
International Fees (per semester): 2009: $9,750 (indicative)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Professor Carl Trocki
Campus: Kelvin Grove

Overview
An Honours course provides you with not just specialisation-specific knowledge and skills, but also generic capacities that are highly valued in the labour market. An Honours year may also lead to enrolment in a higher research degree and students who do well are encouraged to apply for scholarships to undertake further study. As an Honours student you will undertake a program of focused study supervised by a member of academic staff.

Entry Requirements
Normally students will apply at the end of the final year of their pass degree. Except where otherwise specified, applicants MUST have:

* completed a bachelor degree in the relevant discipline area from QUT, or a similar degree from QUT or another university; and

* achieved a level of attainment considered by the Faculty Academic Board to be acceptable for the purposes of proceeding to an Honours degree (normally a course grade point average of 5 on a seven-point scale).

Alternatively, candidates may be accepted for admission by the Faculty Academic Board after advice from the course coordinator regarding evidence of other relevant qualifications and/or experience.

It is preferred that you contact a member of academic staff or the course coordinator to discuss supervision prior to submitting your application.

Course Structure
The course consists of three coursework units and the equivalent of five units of supervised independent study, resulting in a 15 000-18 000 word thesis. The requirements for graduating are satisfactory (or better) performance in all units. The final mark for the course is determined on the basis of marks assigned in the coursework units The Logic of Social Inquiry, Literature Review, and the advanced elective, plus the mark awarded to the thesis, with weighting being given according to the proportion of credit points within the total. The Honours thesis will be marked by two assessors, one of whom will normally be external to QUT.

Part-time Course Structure
Part-time students, and students wishing to enrol mid-year, should contact the course coordinator for advice on alternative sequences of study.

Language Students
Language students will, where appropriate, do extensive work in the Literature Review and Honours Thesis units in the target language. Where feasible the Honours thesis will be written in the target language.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

Standard credit points per part-time semester: 24
Course coordinator: Professor Carl Trocki
Campus: Kelvin Grove

Overview
An Honours course provides you with not just specialisation-specific knowledge and skills, but also generic capacities that are highly valued in the labour market. An Honours year may also lead to enrolment in a higher research degree and students who do well are encouraged to apply for scholarships to undertake further study. The Honours course contains a mix of advanced theory, research training and a research project leading to a thesis. The thesis will be completed under the guidance of an individual supervisor.

Entry Requirements
Minimum requirement for entry:
- a grade point average of 5 over all undergraduate units.
Normally students will have a QUT Social Science degree with a majority of units at second- and third-year level.

Alternatively, candidates may be accepted for admission by the Faculty Academic Board, after advice from the course coordinator regarding evidence of other relevant qualifications and/or experience.

It is preferred that you contact a member of academic staff or the course coordinator to discuss supervision prior to submitting your application.

Course Structure
Coursework provides for both disciplinary specialisation, and an interdisciplinary elective option selected in consultation with your supervisor and the course coordinator. The course consists of three coursework units and the equivalent of five units of supervised independent study, resulting in a 15 000-18 000 word thesis. The requirements for graduating are satisfactory (or better) performance in all units. The final mark for the course is determined on the basis of marks assigned in the coursework units The Logic of Social Inquiry, Literature Review, and the advanced elective, plus the mark awarded to the thesis, with weighting being given according to the proportion of credit points within the total. The Honours thesis will be marked by two assessors, one of whom will normally be external to QUT.

Note: Part-time Students
Part-time students, and students wishing to enrol mid-year, should contact the course coordinator for advice on alternative sequences of study.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

Master of Arts (Research) (HH40)

Year offered: 2009
Admissions: Yes
CRICOS code: 046055E

Course duration (full-time): 3 semesters (3-year qualified entry); 2 semesters (4-year qualified entry)
Course duration (part-time): 6 semesters (3-year qualified entry); 4 semesters (4-year qualified entry)

Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)

International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)

Domestic Entry: At any time for 3 semester program. Feb or July for 2 semester program

International Entry: At any time

Total credit points: 144 (3-year qualified entry); 96 (4-year qualified entry)
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Professor Gavin Kendall
Campus: Gardens Point and Kelvin Grove

Overview
The Master of Arts by Research is offered through the Humanities Research Program. Research topics are drawn from the various disciplines represented in the Humanities Program. Study areas available include:

* Aged Services
* Applied Ethics
* Asia-Pacific Studies
* Child and Family Services
* Disability Services
* European Studies
* Geography and Environmental Studies
* History
* Human Services
* International and Global Studies
* Languages (French, German, Indonesian, Japanese, Mandarin)
* Political Studies
* Services to Young People
* Sociology.

Entry requirements
Applicants must have a three-year bachelor degree or equivalent to enter the coursework plus research program.

To enter the research only program, applicants must have completed a three-year bachelor degree plus honours. Candidates with other four-year qualifications such as a three-year bachelor degree plus graduate diploma or a four-year double degree may also, after consultation with their supervisor and the course coordinator, enter the 96 credit point course. Such applicants whose previous study has included limited relevant research experience may be advised to enrol in a research methods unit as part of their course. They may also elect to take the 144 credit point program.

Course Structure
For those with a three-year degree, the Master of Arts (Research) normally comprises 48 credit points of coursework and a 96 credit point research project. For those with a four-year degree it normally comprises a 96 credit point research project. However, with the approval of the postgraduate studies coordinator it is possible to enrol in a 12 credit point coursework plus 84 credit point research project; or a 24 credit point coursework plus 72 credit point research project.

Research Component
The research component is usually presented as a thesis (30 000-50 000 words).

Doctor of Social Science (HH50)

Year offered: 2009
Admissions: Yes
CRICOS code: 048293G
Course duration (full-time): 6 semesters (3 years)
Course duration (part-time): 12 semesters (6 years)
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Prof Gavin Kendall
Campus: Kelvin Grove

Overview
The Doctor of Social Science will play a vital role in ensuring that humanities, social science and human service professionals will be able to continue their professional and personal development. The objective of the programme is advanced, critical and systematic reflection at doctoral level on professional practice in any or across a number of the humanities, social science and human service disciplines

Entry Requirements
. a four year degree or its equivalent with First Class Honours or Honours IIA; or
. a masters degree in a field relevant to the professional doctorate; AND
. two years of practice at an advanced level in a position of responsibility in a relevant professional setting.

Entry with Advanced Standing: Candidates with a masters degree will be eligible for credit of up to 96 credit points. Other previous study or uncredentialled learning may also gain credit.

Course Structure
The course is divided into coursework and three theses. All three theses have conference presentation/communication of research finding units attached to them. Students will first complete their coursework and their first project, as well as HHR510 before they will be permitted to work on their second project. Similarly students must complete the second project as well as HHR520 before they are permitted to begin work on their third project. The course therefore has a three-part format and students are required to pass three stages in turn to guarantee progression.

Course structure - full time

Year 1 Semester 1

HHN410 Logic of Social Inquiry
HHR551-1 Professional Practice Project 1 1/4
Elective 1

Year 1 Semester 2

HHR510 Conference Presentation 1: Networking and Presentation
HHR551-2 Professional Practice Project 1 2/4
HHR501 Social Science Methods for the Knowledge Society
Elective 3 or HHR551-4 Professional Practice Project 1 4/4

Year 2 Semester 1

HHR551-3 Professional Practice Project 1 3/4
HHR551-4 Professional Practice Project 1 4/4
HHR561-1 Professional Practice Project 2 1/4
HHR561-2 Professional Practice Project 2 2/4

Year 2 Semester 2

HHR561-3 Professional Practice Project 2 3/4
HHR561-4 Professional Practice Project 2 4/4
HHR520 Conference Presentation 2: Professional Networks

HHR571-3 Professional Practice Project 3 3/8
HHR571-4 Professional Practice Project 3 4/8
HHR571-5 Professional Practice Project 3 5/8

Year 3 Semester 2

HHR571-6 Professional Practice Project 3 6/8
HHR571-7 Professional Practice Project 3 7/8
HHR571-8 Professional Practice Project 3 8/8
HHR530 Conference Presentation 3: Academic Networks

Potential Careers:
Aged Services Worker, Child Protection Officer, Community Education Officer, Community Worker, Corrective Services Officer, Counsellor, Disability Services Worker, Family Services Officer, Government Officer, Human Services Practitioner, Policy Officer, Social Scientist, Youth Worker.
Bachelor of Arts/Bachelor of Behavioural Science (Psychology) (IF12)

Year offered: 2009
Admissions: No
CRICOS code: 053949G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: $2,739 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: Course no longer available for admission
QTAC code: Course no longer available for admission
Past rank cut-off: 74
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Standard credit points per full-time semester: 48
Course coordinator: Dr Iraphne Childs (Arts); Dr Julie Hansen (Psychology)
Campus: Kelvin Grove

Overview
In this double degree, you will complete an Australian Psychology Accreditation Council (APAC) accredited program of study in psychology and a Bachelor of Arts with a multidisciplinary major in international and global studies, society and change, ethics and human rights, community studies, or Australian studies.

Why choose this course?
The Bachelor of Behavioural Science (Psychology) provides a thorough grounding in the scientific bases of psychology, and deals with research and statistical methods that have wide applicability in psychology and other disciplines. You will complete core subjects in development, personality, social psychology, psychological disorders, learning, memory and perception. In your second and third years you are able to explore subjects in contemporary areas such as counselling and family therapy, forensic psychology, addictive behaviours and traffic psychology.

From the Bachelor of Arts you will also develop an understanding of society and the impacts of global, social, environmental and technological change. The high-level communication and social research skills you will acquire are valuable in a wide range of professions. You will gain analytical, research, report writing, communication and interpersonal skills which can be used across many disciplines.

Career Options
The analytical, research and interpersonal skills acquired through the psychology units have a high degree of application in areas such as education, business, built environment, justice studies, health and sport. Some graduates choose careers in related professional and semi-professional areas such as counselling or audiology, which may typically require further specialist study. Other possible career paths include international affairs, government, community development and public policy. You may wish to pursue careers in professional areas of psychology, which will require you to undertake further study and be registered with the State Registration Board.

Recommended Study
Maths A, B or C is recommended.

Psychology Electives
Electives include psychology and gender, human sexuality, psychopharmacology of addictive behaviour, substance abuse, forensic psychology and the law, health psychology, social psychology, occupational psychology, counselling, advanced statistical analysis, and road safety and traffic psychology.

Professional Membership
The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council. To pursue a career in a professional area of psychology, you must be registered with your State Registration Board. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology, followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Development).

Other Course Requirements
blue card As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://bluecard.qut.com.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.
Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2009 or may not be offered. Please refer to the Humanities website for up to date details on the status of this course.

Further Information
For detailed information about this course, please call the School of Psychology and Counselling on +617 3138 4625 or email psyc.enquiries@qut.com

Course Structure - Overview

Year 1 Semester 1
- PYB007 Interpersonal Processes and Skills
- PYB100 Foundation Psychology
  - BA Core Unit - Major
  - BA Core Unit (Major or Skills)

Year 1 Semester 2
- PYB102 Introduction to Psychology 1B

Potential Careers:
Administrator, Aged Services Worker, Child Protection Officer, Community Education Officer, Community Worker, Counsellor, Disability Services Worker, Educator, Family Services Officer, Government Officer, Guidance Officer, Human Resource Developer, Human Resource Manager, Human Services Practitioner, Information Officer, Manager, Policy Officer, Public Servant, Social Scientist, Youth Worker.
Bachelor of Arts/Bachelor of Business (Accountancy, Banking and Finance, Economics or Marketing) (IF30)

Year offered: 2009
Admissions: No
CRICOS code: 037539D
Course duration (full-time): 4.5 years (9 semesters)
Domestic fees (indicative): 2009: CSP $4,339 (indicative) per semester
Domestic Entry: February
International Entry: February and July
QTAC code: This course is no longer offered - see IX38 Bachelor of Arts/Business
Past rank cut-off: 72
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education Course, Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432 (192 cp in Arts and 240 cp in Business)
Standard credit points per full-time semester: 48
Course coordinator: Dr Iraphne Childs (Arts); Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Discontinuation

Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX38 Bachelor of Arts/Bachelor of Business. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Other Majors
See also the separate entry for the following majors in this course: Bachelor of Arts/Bachelor of Business (Advertising, Electronic Business, Human Resource Management, International Business, Management, or Public Relations).

Career Outcomes
- Humanities graduates find employment in areas such as government, diplomacy, higher education and public service.
- Graduates of the Bachelor of Business (Accountancy) can expect to find employment in public practice, industry and commerce or government. In public practice the main areas of specialisation are auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services. In industry and commerce, accountancy graduates are employed in management positions.
- Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity.
- Graduates with Economics training are highly sought after. They are employed as economists and in a wide variety of related professional areas.
- Graduates of the Marketing major find employment in industry and government in roles including marketing and research, sales management and product development and management. They are also employed as marketing managers and consultants in the national and international business environments.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
* All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
* Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
* Banking and Finance: Australasian Institute of Banking and Finance (AIBF).
* Economics: Economic Society of Australia (Queensland Division).

Course Design
Students are required to complete 432 credit points comprised of 192 credit points from the Bachelor of Arts program and 240 credit points from the Bachelor of Business program.

BA Course Requirements - Commencing Students
BA Course Requirements (Years 1-4)
Students are required to complete:
* One Multidisciplinary Professional Major (1 core unit + 6 units in the major)
It is suggested that they complete the Core Units Program consisting of the following:
* Two core units in first semester (from a selection of core introductory and core skills units)
(Note: one of the core introductory units will sit within the chosen Interdisciplinary Professional Major).
* Year 2: research methods unit. Students are advised to take at least two of these units.
BA Course Requirements - Commencing Students (cont.)

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may wish to:
- develop a Minor (48 credit points) in one of the interdisciplinary professional areas
- develop a Minor (48 credit points) in a disciplinary study sequence or in another QUT course
- take a series of elective units.

Students wishing to complete a full discipline studies sequence (6 units) will need to amend their core units program.

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Multidisciplinary Professional Majors
For details, refer to the Bachelor of Arts Degree (HH01).

Discipline Majors
For details, refer to the Bachelor of Arts Degree (HH01).

Minor Sequences
For details, refer to the Co-Majors entry in the Bachelor of Arts (HH01) entry as any of these are available to be taken as Minors.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

Key Terms - BA
*Multidisciplinary Professional Major - one of five interdisciplinary study sequences in the BA degree (International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies, Australian Studies), consisting of one core unit plus six further units from the appropriate list (making a total of 84 credit points).

Students must complete at least one of these to fulfil the requirements of the degree. NB - a unit may not be counted in more than one multidisciplinary professional major, discipline major or minor.

* Discipline Major - a set of six units (72 credit points) in a given discipline (Geography, History, Languages, Social Science). In Languages, this consists of six sequenced units in one Language. In other disciplines the six units must include one introductory unit to the discipline.

*Minor Study Sequence - a study sequence of any four units (48 credit points) in a given subject area. NB - a unit may not be counted in more than one minor.

* Elective Units - units selected by students to fit into their study program.
Bachelor of Arts/Bachelor of Laws (IF43)

Year offered: 2009
Admissions: No
CRICOS code: 027276E
Course duration (full-time): 5 Years
Domestic fees (indicative): 2009: CSP $3,470 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: Course no longer available for admission
International Entry: Course no longer available for admission
QTAC code: Course no longer available for admission
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528 (192 cr pts BA and 336 cr pts BLaws)
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Iraphne Childs (Arts) Dr. William Dixon Director, Undergraduate Programs (Law)
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee does not apply to this program.

Career Outcomes
This course aims to provide graduates with the ability to enter legal practice with an education in both the content of and skills related to the humanities that will enable them to deal with the complexities of litigation in areas such as commercial law, constitutional law, international law and in public policy.

Professional Recognition
The Bachelor of Laws degree covers the areas of law required for the purposes of admission to practise as a Solicitor and/or Barrister in all Australian states and territories.

Course Structure BA component - Continuing Students

BA REQUIREMENTS
Students should follow the course progression advice in the Course Summary Sheet

Course Structure BA component - Commencing Students

BA Course Requirements - Commencing Students

Students are required to complete:
* One Multidisciplinary Major (1 core unit + 6 units in the major)

It is suggested that students complete the Core Units Program consisting of the following:
*Two core units in first semester (from a selection of core introductory and core skills units)
(Note: one of the core introductory units will sit within the chosen Multidisciplinary Major)
*Year Two: research methods unit. Students are advised to take at least two of these units.

Students may also wish to include:
- an Arts minor/s in any of the multidisciplinary or discipline majors (4 units)
- an approved university minor, or individual electives in another QUT course (up to 4 units)

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points)

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Multidisciplinary Majors - Commencing Students
Students will be required to complete one multidisciplinary major from the following: International and Global Studies; Community Studies; Society and Change; Ethics and Human Rights; Australian Studies.

Discipline Sequences
Discipline Majors in the Arts degree can be chosen from the following: History; Geography and Environmental Studies; Languages (French, Indonesian, Japanese, German, Mandarin); Sociology

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

Course structure - Example of Full-time Course
### Structure

#### Year 1, Semester 1
The Law School is currently reviewing the law components of this course to continue to meet the needs of students and employers. As a result, this program may change in 2009 and is subject to final approval.

- Introductory Core unit (Major)
- 1st Year Core Skills unit (HHB116)
- Introductory Core unit (2nd Major or Minor)
- Elective Unit (General)

#### Year 1, Semester 2
- Elective Unit (Major)
- Elective Unit (Major)
- Elective Unit (Minor)
- Elective Unit (General)

#### Year 2, Semester 1
- Elective Unit (Major)
- Elective Unit (Major)
- Elective Unit (Minor)
- Elective Unit (General)

#### Year 2, Semester 2
- Elective Unit (Major)
- Elective Unit (Major)
- Elective Unit (2nd Major or Minor)
- Elective Unit (General)

### BA Core Program
For details, refer to the Bachelor of Arts (HH01) entry in the Humanities and Human Services section.

### Professional Major Study Sequences
For details, refer to the Bachelor of Arts (HH01) entry in the Humanities and Human Services section.

### Discipline Sequences
For details, refer to the Bachelor of Arts (HH01) entry in the Humanities and Human Services section.

### Minor Study Sequences in other QUT Courses
For details of Minor Study Sequences available, refer to the Co-Majors section of the Bachelor of Arts (HH01) entry in the Humanities and Human Services section as any of these are able to be taken as Minors.

#### Year 3 Semester 1
- LWB136 Contracts A
- LWB138 Fundamentals of Torts
- LWB141 Legal Institutions and Method
- LWB142 Law, Society, and Justice

#### Year 3 Semester 2
- LWB137 Contracts B
- LWB139 Select Issues in Torts
- LWB143 Legal Research and Writing
- LWB144 Laws and Global Perspectives

#### Year 4 Semester 1
- LWB231 Introduction to Public Law
- LWB236 Real Property A
- LWB238 Fundamentals of Criminal Law
- LWB240 Principles of Equity
- LWB333 Theories of Law

#### Year 5 Semester 1
- LWB332 Commercial and Personal Property Law
- LWB431 Civil Procedure
- LWB432 Evidence
- LWB434 Advanced Research and Legal Reasoning
- Law Elective

#### Year 5 Semester 2
- LWB331 Administrative Law
- LWB433 Professional Responsibility
- Law Elective
- Law Elective
- Law Elective

### Potential Careers:
Barrister, Government Officer, In-House Lawyer, Policy Officer, Public Servant, Solicitor.
Doctor of Philosophy (IF49)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 3 yrs full time
Course duration (part-time): 6 yrs part time
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Course coordinator: Associate Professor Gavin Kendall
Campus: Gardens Point and Kelvin Grove

Entry requirements
Applicants must have:

. a relevant first- or second-class Division A (upper division) honours degree; or

. an appropriate research masters degree or a coursework masters with a significant research component.

Overview
Doctoral studies are through the Humanities Research Program and focus on issues of real-world significance. These issues can have broad social ramifications or be important problems that are central to the professions with which the Humanities Research Program are aligned.

Course Structure
Doctoral studies may be completed in any area of research interest supported by the Humanities Research Program. Humanities Research Program Director and other staff are happy to discuss these or any related areas with applicants. Candidates may study full- or part-time. If candidates are full-time and hold an appropriate masters degree, they can submit their thesis or other examinable work after 24 months (36 months for a part-time student). If candidates do not hold a masters degree the period is 30 months for a full-time candidate or 42 months for a part-time candidate.

The research may be completed either by thesis or by publication.
Bachelor of Arts/Bachelor of Education (Primary) (IF82)

Year offered: 2009
Admissions: No

Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester

Domestic Entry: February
QTAC code: 409342
Past rank cut-off: 83
Past OP cut-off: 9

OP Guarantee: Yes

Assumed knowledge: English (4 SA)
Preparatory studies: English: QUT Continuing Professional Education course English Bridging. For further information contact 07 3138 2000 or email sbs.enquiries@qut.edu.au

Total credit points: 384
Course coordinator: Dr Iraphne Childs (Arts); Dr Mary Ryan (Education)
Campus: Gardens Point and Kelvin Grove

Course Structure - Continuing Students

BA Course Requirements (Years 1 and 2) (Continuing Students)

Students should have completed the following components of the degree:
The first year requirements (8 units) which include:
HHB116 Applied Skills and Scholarship
Two Foundation Units (for students who did not complete two Faculty Foundation Units in Year 1
Two to three Course Foundation Units
Two to three Elective Units

NB a minimum of four of these eight units must be chosen from units offered from the BA component of your course. In second year, a further 8 units to complete:
One Major Study Sequence chosen from the BA component of your course

AND

One Minor Study Sequence from those offered in the BA component of your course or from other Minor Study Sequences offered elsewhere within QUT.

Students must ensure that a minimum of 12 of the 16 units be chosen from units in the BA.

Course Structure - Commencing Students

BA Course Requirements (Years 1 and 2)(Commencing Students)

Students are REQUIRED to complete:
* One Interdisciplinary Professional Major (1 core introductory unit + 6 units in the major)
It is SUGGESTED that they complete the Core Units Program consisting of the following:
*Four core units in first semester (from a selection of core introductory units and core skills units)
(Note: one of the core introductory units will sit within the chosen Interdisciplinary Professional Major)
  * Two core units in second year (2 research methods units)

NB One of core introductory units will sit within the chosen Interdisciplinary Major.

Course Structure - Commencing Students (cont.)

Students must maintain a 50% enrolment in units from the BA program until they have completed 8 of those units (96 credit points).
Students may wish to
- develop a Minor (48 credit points) in one of the interdisciplinary professional areas
- develop a Minor (48 credit points) in a disciplinary study sequence or in another QUT course
- develop a Minor (48 credit points) in major Foundation units for Primary Teachings
- take a series of elective units

Students wishing to complete a full discipline studies sequence (6 units) will need to amend their core units program.
Students planning to complete a full language sequence (6 units) will need to discuss their program with the relevant Course Coordinator to ensure that their language studies begin in semester one and continue into their third year.

NB Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Key Terms in the BA - Commencing Students

* Professional Major - one of five interdisciplinary study sequences in the BA degree (International & Global Studies, Society and Change, Ethics and Human Rights, Community Studies, Australian Studies), consisting of one core unit plus six further units from the appropriate list (making a total of 84 credit points). Students must complete at least one of these to fulfil the requirements of the degree.

NB - a unit may not be counted in more than one professional major, discipline sequence, or Minor.

* Discipline Sequence - a set of six units (72 credit points) in a given discipline (Geography, History, Languages, Social Science). In Languages, this consists of six sequenced units in one Language. In other disciplines the six units must include one introductory unit to the discipline.

* Minor Study Sequence - a study sequence of any four units (48 credit points) in a given subject area.

Interdisciplinary Professional Majors - Commencing Students

For details, refer to the Bachelor of Arts (HH01) single degree.

Discipline Sequences - Commencing Students

For details, refer to the Bachelor of Arts (HH01) single degree.

Minor Sequences - Commencing Students

For details, refer to the Co-Majors section of the Bachelor of Arts (HH01) single degree.

Campus: Gardens Point and Kelvin Grove

Career Opportunities
As a graduate of this course you will receive both a Bachelor of Arts degree and a Bachelor of Applied Science degree. This combination of degrees provides a valuable foundation for a wide range of careers in areas such as government, diplomacy, higher education and public service. Opportunities in tourism, translation, and the hospitality industry are open to those with a Language major. Complementary majors chosen from Arts and Science provide an excellent background for careers in environmental management.

Course Design
A feature of the course design is the flexibility and choice it offers. Students can tailor the double degree to their career interests by combining any one of the 10 majors that are available in the Bachelor of Applied Science (SC01) degree with a specialisation chosen from a wide range of offerings in the humanities.

The program is integrated so that students will study both science and arts units in each semester.

Professional Recognition
Relevant professional bodies for the Bachelor of Applied Science (SC01) are listed under the separate entry for the course. Eligibility for membership depends on the majors undertaken.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for
updates on the status of these courses by visiting the Humanities Program website.

LQB381  Biochemistry: Structure and Function
LQB383  Molecular and Cellular Regulation

Year 3, Semester 2
LQB483  Molecular Biology Techniques
LQB484  Introduction to Genomics and Bioinformatics

Year 4, Semester 1
TWO units selected from:
LQB583  Genetic Research Technology
LQB584  Medical Cell Biology
LQB585  Plant Genetic Manipulation

Year 4, Semester 2
TWO units selected from:
LQB682  Protein Biochemistry and Bioengineering
LQB684  Medical Biotechnology
LQB685  Plant Microbe Interactions

Course structure - Major in Chemistry

Year 1, Semester 1
SCB111  Chemistry 1
Plus either:
MAB101  Statistical Data Analysis 1
Or
MAB105  Preparatory Mathematics

Year 1, Semester 2
SCB112  Cellular Basis of Life
SCB121  Chemistry 2

Year 2, Semester 1
MAB100  Mathematical Sciences 1A
SCB110  Science Concepts and Global Systems

Year 2, Semester 2
SCB123  Physical Science Applications
SCB131  Experimental Chemistry

Year 3, Semester 1
PQB312  Analytical Chemistry For Scientists and Technologists
PQB331  Structure and Bonding

Year 3, Semester 2
PQB401  Reaction Kinetics, Thermodynamics and Mechanisms
PQB442  Chemical Spectroscopy

Year 4, Semester 1
PQB502  Materials Chemistry and Characterisation
PQB531  Organic Mechanisms and Synthesis

Year 4, Semester 2
PQB631  Advanced Inorganic Chemistry
PQB642  Chemical Research

Course structure - Major in Ecology

Year 1, Semester 1
SCB111  Chemistry 1
SCB112  Cellular Basis of Life

Year 1, Semester 2
SCB120  Plant and Animal Physiology
SCB122  Cell and Molecular Biology

Year 2, Semester 1
SCB110  Science Concepts and Global Systems
Plus either:
MAB101  Statistical Data Analysis 1
Or
MAB105  Preparatory Mathematics

Year 2, Semester 2
NQB201  Planet Earth
NQB202  History of Life on Earth

Year 3, Semester 1
NQB302  Earth Surface Systems
NQB321  Ecology

Year 3, Semester 2
NQB421  Experimental Design
NQB422  Genetics and Evolution

Year 4, Semester 1
NQB521  Population Genetics and Molecular Ecology
NQB523  Population Management

Year 4, Semester 2
NQB622  Conservation Biology
NQB623  Ecological Systems

Course structure - Major in Environmental Science

Year 1, Semester 1
SCB111  Chemistry 1
SCB112  Cellular Basis of Life

Year 1, Semester 2
SCB120  Plant and Animal Physiology
SCB121  Chemistry 2

Year 2, Semester 1
SCB110  Science Concepts and Global Systems
Plus either:
MAB101  Statistical Data Analysis 1
Or
MAB105  Preparatory Mathematics

Year 2, Semester 2
NQB202  History of Life on Earth
SCB123  Physical Science Applications

Year 3, Semester 1
NQB302  Earth Surface Systems
NQB321  Ecology

Year 3, Semester 2
NQB403  Soils and the Environment
NQB421  Experimental Design

Year 4, Semester 1
NQB501  Environmental Modelling
NQB502  Field Mapping and Monitoring of Natural Resources

Year 4, Semester 2
NQB601  Sustainable Environmental Management
NQB602  Environmental Chemistry

Course structure - Major in Forensic Science

Year 1, Semester 1
SCB111  Chemistry 1
SCB112  Cellular Basis of Life

Year 1, Semester 2
SCB121  Chemistry 2
SCB122  Cell and Molecular Biology

Year 2, Semester 1
SCB110  Science Concepts and Global Systems
Plus either:
MAB101  Statistical Data Analysis 1
Or
MAB105  Preparatory Mathematics

Year 2, Semester 2
SCB123  Physical Science Applications
SCB131  Experimental Chemistry

Year 3, Semester 1
LBQ383  Molecular and Cellular Regulation
SCB384  Forensic Sciences - From Crime Scene to Court

Year 3, Semester 2
JSB979  Forensic Scientific Evidence
PQB312  Analytical Chemistry For Scientists and Technologists

Year 4, Semester 1
PQB513  Instrumental Analysis
PQB584  Forensic Physical Evidence

Year 4, Semester 2
LQB680  Forensic DNA Profiling
PQB684  Forensic Analysis

Course structure - Major in Geoscience

Year 1, Semester 1
SCB111  Chemistry 1
SCB112  Cellular Basis of Life

Year 1, Semester 2
NQB201  Planet Earth
SCB123  Physical Science Applications

Year 2, Semester 1
SCB110  Science Concepts and Global Systems
Plus either:
MAB101  Statistical Data Analysis 1
Or
MAB105  Preparatory Mathematics

Year 2, Semester 2
NQB202  History of Life on Earth
SCB222  Exploration of the Universe

Year 3, Semester 1
NQB311  Mineralogy
NQB314  Sedimentary Geology

Year 3, Semester 2
NQB411  Petrology of Igneous and Metamorphic Rocks
NQB412  Structural Geology and Field Methods

Year 4, Semester 1
NQB502  Field Mapping and Monitoring of Natural Resources
NQB513  Geophysics

Year 4, Semester 2
NQB602  Environmental Chemistry
NQB614  Groundwater Systems

Course structure - Major in Mathematics (WITH Mathematics C from Senior)

Year 1, Semester 1
MAB101  Statistical Data Analysis 1

Year 1, Semester 1
MAB111 Mathematical Sciences 1B
SCB111 Chemistry 1

Year 1, Semester 2
MAB112 Mathematical Sciences 1C
PQB250 Mechanics and Electromagnetism

Year 2, Semester 1
SCB110 Science Concepts and Global Systems
SCB112 Cellular Basis of Life

Year 2, Semester 2
MAB220 Computational Mathematics 1
PQB251 Waves and Optics

Year 3, Semester 1
MAB311 Advanced Calculus
PQB350 Thermodynamics of Solids and Gases

Year 3, Semester 2
PQB450 Energy, Fields and Radiation
PQB451 Electronics and Instrumentation

Year 4, Semester 1
PQB550 Quantum and Condensed Matter Physics
PQB551 Physical Analytical Techniques

Year 4, Semester 2
PQB650 Advanced Theoretical Physics
PQB651 Experimental Physics

Potential Careers:
Academic, Actuary, Administrator, Analytical Chemist, Astrophysicist, Biochemist, Biologist, Biotechnologist, Chemist, Chemist Industrial, Coastal Scientist, Conservation Biologist, Corporate Secretary, Database Manager, Ecologist, Environmental Health Officer, Environmental Scientist, Forensic Scientist, Geologist, Geophysicist, Geoscientist, Government Officer, Health Physicist, Higher Education Worker, Hydrogeologist, Immunologist, Industrial Chemist, Information Officer, Laboratory Technician (Chemistry), Manager, Mapping Scientist/Photogrammetrist, Marine Scientist, Mathematician, Medical Biotechnologist, Medical Physicist, Microbiologist, Molecular Biologist, Natural Resource Scientist, Network Administrator, Network Manager, Physicist, Plant Biotechnologist, Policy Officer, Population Ecologist, Programmer, Project Developer, Project Manager, Public Servant, Quantitative Analyst, Statistician, Virologist.
Bachelor of Arts/Bachelor of Education (Secondary) (IX01)

Year offered: 2009
Admissions: No
CRICOS code: 020316C
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,594 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409102
Past rank cut-off: 74
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432 (240 cr pts in the BA and 192 cr pts in the BEd)
Course coordinator: Humanities Coordinator: Dr Iraphne Childs; Education Coordinator: Dr Mal Shield
Campus: Gardens Point and Kelvin Grove

NO FURTHER INTAKE INTO THIS COURSE
This course has been replaced by a newly coded IX21 Bachelor of Arts/Bachelor of Education (Secondary) with effect from 2008.

Career Outcomes
During the Arts component you will specialise in two teaching areas relevant to the secondary school curriculum. The Education component prepares you to teach both areas across years 8 to 12.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Further Information
Faculty of Education Office
Phone: +61 7 3138 3947
Fax: +61 7 3138 3949

Phone: +61 7 3138 4563
Fax: +61 7 3138 4719

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities Program website.

### List A - Foundation Units

Students should complete two Foundation Units in first year.

- HHB106 Australian Society And Culture
- HHB114 Introduction To Human Rights And Ethics
- HHB111 Issues In International And Global Studies
- HHB110 Introduction To International And Global Studies
- HHB105 Exploring Change
- HHB104 Understanding Society: Intro To Sociology
- HHB112 Australian Politics
- HHB115 Human Identity And Change
- HHB102 The Human Condition
- HHB103 Contemporary Social And Community Issues

### List B - BA Course Foundation Units

**ENGLISH**

- KW8001 Introduction to Literary Theory and Cultural Studies
- CLB320 Studies In Language

**HISTORY**

- HHB121 Interpreting The Past

**GEOGRAPHY**

- HHB109 Australian Historical Studies
- HHB107 World Regions
- HHB127 Environment And Society

**SOCIAL SCIENCE**

- HHB123 Indigenous Australian Culture Studies
- HHB115 Human Identity And Change
- HHB104 Understanding Society: Intro To Sociology
- HHB112 Australian Politics

**LOTE:** See Note 4

**LANGUAGES:** See Note 5

- HHB071 Indonesian 1
- HHB073 Indonesian 3
- HHB081 Japanese 1
- HHB083 Japanese 3
- HHB061 French 1
- HHB063 French 3
- HHB091 German 1
- HHB093 German 3
- HHB031 Mandarin 1
- HHB032 Mandarin 2
- HHB033 Mandarin 3
- HHB034 Mandarin 4

### Education Component

#### Year 3, Semester 1

- EDB002 Teaching and Learning Studies 2: Development and Learning
- EDB031 Secondary Field Studies 1
  - Curriculum Studies IX
  - Curriculum Studies IY

#### Year 3, Semester 2

- EDB003 Teaching and Learning Studies 3: Practising Education
- EDB032 Secondary Field Studies 2
  - Curriculum Studies 2X
  - Curriculum Studies 2Y

#### Year 4, Semester 1

- EDB004 Teaching and Learning Studies 4: Inclusive Education
- EDB033 Secondary Field Studies 3
  - Curriculum Studies 3X
  - Curriculum Studies 3Y

#### Year 4, Semester 2

---

**Notes**

See Notes 1 and 2

**Part-Time Students in BA Component**

See Note 3
EDB005 Teaching and Learning Studies 5: Professional Work of Teachers
EDB034 Secondary Field Studies 4
EDB035 Internship (Secondary)
EDB007 Culture Studies: Indigenous Education

Bachelor of Arts/Bachelor of Education (Early Childhood) (IX11)

Year offered: 2009
Admissions: No
CRICOS code: 020316C
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,594 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: Course no longer available for admission
International Entry: Course no longer available for admission
QTAC code: Course no longer available for admission
Past rank cut-off: 74
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384 (192 in the BA; 192 in the B Ed)
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Iraphne Childs (Arts); Education Student Affairs Section 3138 3947, or educationenq@qut.edu.au
Discipline coordinator: Education Course Coordinator Dr Susan Walker
Campus: Kelvin Grove

NOTE: NO FURTHER INTAKE
From 2009 there is no further intake into this course.

Career Outcomes
The Arts component provides an excellent general education for future early childhood specialists. The Bachelor of Education (Early Childhood) provides graduates with the opportunity to be employed in childcare centres, kindergartens, prep year and the lower three grades of primary school.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. The Early Childhood specialisation is also approved by the Department of Communities for employment in the area of child care. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Field studies units will be taken in Queensland schools.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

Campus: Kelvin Grove

NOTE: NO FURTHER INTAKE
From 2009 there is no further intake into this course.

Career Outcomes
The Arts component provides an excellent general education for future primary school specialists. The Bachelor of Education (Primary) prepares students to teach at all levels of primary school. They may also complete a discipline/content studies major in one of the key learning areas of the Queensland school curriculum. Students may pursue language studies in this course.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Field studies units will be taken in Queensland schools.

QTAC code: Course no longer available for admission
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Course coordinator: Arts: Dr Iraphne Childs; Education: Dr Mal Shield
Campus: Kelvin Grove

Course Overview
The course consists of 16 arts units and 16 education units of which the arts component is completed first. Students are required to choose two teaching areas from English, Geography, History, Languages other than English, Social Science and General Science. A third teaching area of Film and Media Studies is permitted. The course prepares graduates to teach both areas across years 8 to 12.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working with Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card, immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

* Public Relations - Public Relations Institute of Australia.

BA Course Requirements - Commencing Students
Students are required to completed at least one of the five multidisciplinary majors (1 core introductory unit plus 6 units in the major). You will choose from International and Global Studies, Society and Change, Ethics and Human Rights, Community Studies and Australian Studies.

As well as the multidisciplinary major, students may also wish to undertake a Discipline Major in one of the following: History, Geography and Environmental Studies, Languages (French, Indonesian, German, Japanese, or Mandarin), Sociology or Political Studies.

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points).

Students may also wish to include:
- an Arts minor/s in any of the multidisciplinary or discipline majors (4 units)
- an approved university minor, or individual electives in another QUT course (up to 4 units)

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Discontinuation
This course has been discontinued.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC
offer on the basis of demonstrated special circumstances. Find out more on deferment.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

**Potential Careers:**

Bachelor of Arts/Bachelor of Creative Industries (IX39)

Year offered: 2009
Admissions: No
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester
QTAC code: This course is no longer offered
Past rank cut-off: 80
Past OP cut-off: 10
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Arts: Dr Iraphne Childs; Creative Industries: Head, Undergraduate Studies (ugenq.ci@qut.edu.au)
Campus: Kelvin Grove

Course Description
This double degree enables students to complete the requirements of two separate degrees in four years. Students complete a multidisciplinary arts major in one of the following fields: international and global studies; society and change; ethics and human rights; community studies; or Australian studies. Students also complete a Creative Industries major in; creative writing, drama, dance, interdisciplinary studies, media and communication, music, television, or visual arts.

Career Outcomes
This double degree will prepare you as a multi-skilled professional for careers in international affairs, government, public policy and community development. With your interdisciplinary knowledge, creativity and practical skills, you will also be prepared for careers in media and cultural policy development, film and video activities, the music industry, visual design and publishing, business major.

IMPORTANT NOTICE
This course code has been discontinued and will have no further intakes. Continuing students should refer to their Course Summary Sheet for enrolment information.

Creative Industries Faculty Undergraduate Open Electives

These unit offerings are current at the time of publication but are subject to change.

Rules for selecting electives:

* you must obey any elective rules as set out in your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

Semester 1 Units

Media & Communication

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
KCB103 Strategic Speech Communication
KCB201 Virtual Cultures
KCB302 Political Communication

Communication Design

KIB108 Animation Practices
KIB201 Interactive Writing

Dance

KDB105 Architecture of the Body
KDB108 World Dance
KDB110 Deconstructing Dance in History

Fashion

KFB103 Introduction to Fashion
KFB206 Fashion and Modernity
### Journalism

- KJB101 Digital Journalism
- KJB120 Newswriting
- KJB121 Journalistic Inquiry
- KJB224 Feature Writing
- KJB239 Journalism Ethics and Issues

### Faculty

- KKB004 Indigenous Creative Industries
- KKB101 Creative Industries: People and Practices
- KKB210 Computational Arts 1

### Transition to New Professional Environments*

- KKB341 Workplace Learning 1
- KKB342 Workplace Learning 2
- KKB343 Service Learning 1
- KKB344 Service Learning 2
- KKB345 Creative Industries Project 1
- KKB346 Creative Industries Project 2
- KKB347 Becoming A Researcher: Understandings, Skills and Practices

### Music & Sound

- KMB003 Sex Drugs Rock 'n' roll
- KMB004 World Music
- KMB104 Music and Sound Skills
- KMB105 Music and Sound Technology
- KMB108 Sound Recording and Acoustics

### Film & Television

- KPB102 Film History
- KPB106 Australian Television
- KPB202 Film and Television Business Skills: Entrepreneurship and Investment
- KPB203 Australian Film
- KPB303 Critical Thinking About Television

### Performance Studies

- KTB101 20th Century Performance
- KTB204 Understanding Performance
- KTB061 Creative Industries Management
- KTB062 Creative Industries Events and Festivals

### Visual Arts

- KVB102 Modernism
- KVB104 Photomedia and Artistic Practice
- KVB110 2D Media and Processes
- KVB212 Australian Art, Architecture and Design
- KVB304 Contemporary Art Issues

### Creative Writing & Cultural Studies

- KWB101 Introduction to Creative Writing
- KWB102 Media Writing
- KWB103 Persuasive Writing
- KWB104 Creative Writing: The Short Story
- KWB105 Film and Television Scriptwriting
- KWB107 Introduction to Creative Non-Fiction
- KWB108 Introduction To Creative Non-Fiction
- KWB207 Great Books: The Literary Classics
- KWB208 Modern Times (Literature and Culture in the 20th Century)
- KWB308 Wonderlands: Literature and Culture in the 19th Century

### Semester 2 Units

#### Media & Communication

- KCB101 Communication in the New Economy
- KCB103 Strategic Speech Communication
- KCB104 Media and Communications Industries
- KCB105 Media and Communication Research Methods
- KCB202 New Media Technologies
- KCB203 Consumer Cultures

### Communication Design

- KIB202 Enabling Immersion

#### Dance

- KDB106 Dance Analysis
- KDB109 Funk, Tap and all that Jazz
- KDB204 Australian Dance

### Faculty

- KKB102 Creative Industries: Making Connections
- KKB211 Computational Arts 2

### Transition to New Professional Environments*

- KKB341 Workplace Learning 1
- KKB342 Workplace Learning 2
- KKB343 Service Learning 1
- KKB344 Service Learning 2
- KKB345 Creative Industries Project 1
- KKB346 Creative Industries Project 2
- KKB348 Becoming A Researcher: Contexts, Protocols and Impact
- KKB350 Creative Industries International Study Tour

### Fashion

- KFB106 Unspeakable Beauty: A History of Fashion and Style
- KFB207 Contemporary Fashion

### Journalism
KJB101  Digital Journalism
KJB120  Newswriting
KJB121  Journalistic Inquiry
KJB224  Feature Writing
KJB280  International Journalism
KJB337  Public Affairs Reporting

Music & Sound
KMB002  Music and Spirituality
KMB007  Introductory Ensemble
KMB105  Music and Sound Technology
KMB107  Sound, Image, Text
KMB108  Sound Recording and Acoustics
KMB205  Sound Media Musicianship

Film & Television
KPB103  Film Genres
KPB104  Film and Television Production Resource Management
KPB107  Television's Greatest Hits
KPB205  Documentary Theory and Practice
KPB206  International Cinema

Performance Studies
KTB104  Performance Innovation
KTB207  Staging Australia
KTB062  Creative Industries Events and Festivals

Visual Arts
KVB103  Australian Art
KVB104  Photomedia and Artistic Practice
KVB108  Contemporary Asian Visual Culture
KVB111  3D Media and Processes
KVB211  Post 1945 Art
KVB306  Video Art and Culture
KVB307  Theories of Spatial Culture

Creative Writing & Cultural Studies
KWB102  Media Writing
KWB104  Creative Writing: The Short Story
KWB105  Film and Television Scriptwriting
KWB106  Corporate Writing and Editing
KWB109  Ozlit
KWB204  Creative Non-Fiction: Life Writing
KWB206  Youth and Children's Writing
KWB209  Shakespeare, Then and Now
KWB307  Indigenous Writing
KWB309  Popular Fictions, Popular Culture

NOTES:
* Only one Workplace Learning unit may be completed

* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

Potential Careers:
Academic, Actor, Administrator, Advertising Professional, Art Writer, Artist, Arts Administrator, Choreographer, Community Education Officer, Community Worker, Composer, Computer Games Developer, Contract Administrator, Creative Writer, Curator, Dance Teacher, Dancer, Digital Composer, Educator, Film Composer, Film/Television Producer, Government Officer, Higher Education Worker, Information Officer, Internet Professional, Journalist, Marketing Officer/Manager, Media Industry Specialist, Multimedia Designer, Music Agent/Manager, Music Publisher, Music Sampler, Music Teacher, Music Technologist, Musical Director, Musician, Organisational Communication Specialist, Policy Officer, Post-production specialist, Public Relations Officer/Consultant, Public Servant, Publishing Professional, Recording Engineer, Song Writer, Sound and Music Producer, Sound Designer, Sound/Audio Engineer, Stage Manager, Theatre Professionals, Visual Artist, Web Designer.
Bachelor of Arts/Bachelor of Justice (IX41)

Year offered: 2009
Admissions: No
CRICOS code: 058283E
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,470 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: Course no longer available for admission
International Entry: Course no longer available for admission
QTAC code: Course no longer available for admission
Past rank cut-off: 74
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@gut.com
Course coordinator: Dr Iraphne Childs (Arts), Assoc Prof Geoff Dean (Justice)
Campus: Gardens Point and Kelvin Grove

Course Description
The course consists of 16 arts units and 16 justice units. The program in integrated so that you will study both arts and justice units in each semester. You will choose at least one multidisciplinary arts major from international and global studies, society and change, ethics and human rights, community studies, or Australian studies. In the justice component you will have the opportunity to study areas such as criminology, policing, ethics, crime prevention, justice policy and investigations.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

Potential Careers:
Administrator, Community Education Officer, Community Worker, Contract Administrator, Government Officer, Higher Education Worker, Information Officer, Policy Officer, Public Servant.
Bachelor of Arts/Bachelor of Information Technology (IX49)

Year offered: 2009
Admissions: No
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester
QTAC code: This course is no longer offered
Past rank cut-off: 73; Dfee: 68
Past OP cut-off: 13; Dfee: 15
OP Guarantee: Yes
Assumed knowledge: English (4, SA), and for games technology and security majors, Maths B (4, SA), or for all other majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Dr Iraphne Childs (Arts) Richard Thomas (IT)
Campus: Gardens Point and Kelvin Grove

Course description
In this course students complete the requirements of two separate degrees in Arts and Information Technology in four years. The focus of the arts component is social change with an emphasis on understanding societies and the impact of global, social, environmental and technological change on communities and individuals. In the IT component, there is a strong practical component with computing laboratory based units and project work comprising a significant part of the course.

Majors in the Arts component
In the Bachelor of Arts, students choose an multidisciplinary major from one of the following: international and global studies, society and change, ethics and human rights, community studies, or Australian studies.

Majors in the IT component
In the Bachelor of Information Technology, students can choose to major in business systems engineering, data bases, electronic business, games technology, information and knowledge management, information systems, IT management, intelligent systems, interactive media, network systems, security, software architecture, or web services and applications.

Career outcomes
Information technology professionals with a strong knowledge in languages, as well as deep understanding in areas such as international issues, particularly cultures, ethics and human rights, are highly valued by the information technology industry. The Arts component also provides students with a broad-based education and a range of transferable analytical, research and communication skills which will enrich studies in information technology and expand career choices.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table
If you have completed the unit(s) listed under the translated unit codes column you are not permitted to enrol in the listed new code.

Further Information
For further information regarding the IT component of this course please contact the course coordinator Mr Richard Thomas at enquiry.scitech@qut.edu.au or call 3138 2782

COURSE OVERVIEW

YEAR 1 SEMESTER 1
INB103  Industry Insights
INB250  Systems Architecture
BA  null
BA  Discipline unit

YEAR 1 SEMESTER 2
INB210  Databases
INB251  Networks
BA  Skills unit
BA  Discipline unit

YEAR 2 SEMESTER 1
INB104  Building IT Systems
Choose one unit from: Intermediate Level Elective list. This choice will replace ITB008 from 2009 course summary.
BA  Major unit (elective)
BA  Discipline or Minor unit

YEAR 2 SEMESTER 2
INB270  Programming
INB271  The Web
BA  Major unit (elective)
BA  Discipline or minor unit

YEAR 3 SEMESTER 1
IT Major Unit
IT Major Unit
BA  Major unit (elective)
BA  Discipline or Minor unit

YEAR 3 SEMESTER 2
INB301  The Business of IT
IT Major Unit
BA  Major unit (elective)
BA  Discipline or Minor unit

### ARTS UNITS

For a list of Arts Units in this Double Degree, refer to QUT Bachelor of Arts Single Degree.

### Information Systems Major

**Compulsory Units**

- INB311  Enterprise Systems
- INB340  Database Design
- INB220  Business Analysis

**IS Elective Units**

- INB312  Enterprise Systems Applications
- INB342  Enterprise Data Mining
- INB313  Electronic Commerce Site Development
- INB322  Information Systems Consulting
- INB320  Business Process Modelling
- INB124  Information Systems Development
- INB221  Technology Management

### Network Systems Major

**Compulsory Units**

- INB350  Internet Protocols and Services
- INB351  Computer Network Administration
- INB352  Network Planning and Deployment
- INB255  Security

**Electives**

- INB312  Enterprise Systems Applications
- INB365  Systems Programming
- INB353  Wireless and Mobile Networks
- INB355  Cryptology and Protocols

### Software Architecture Major

**Compulsory Units**

- INB340  Database Design
- INB371  Data Structures and Algorithms
- INB372  Software Engineering Principles

### Electives

Choose 3 Electives

- INB341  Software Development With Oracle
- INB311  Enterprise Systems
- INB312  Enterprise Systems Applications
- INB272  Interaction Design
- INB313  Electronic Commerce Site Development
- INB322  Information Systems Consulting
- INB320  Business Process Modelling
- INB365  Systems Programming
- INB370  Software Development
- INB373  Web Application Development
- INB374  Enterprise Software Architecture
- INB381  Modelling and Animation Techniques
- INB382  Real Time Rendering Techniques
- MAB281  Mathematics for Computer Graphics
  
  Note: MAB281 is only to be used as a prerequisite for INB381.

### Potential Careers:

Community Worker, Diplomat, Government Officer, Higher Education Worker, Information Officer, Policy Officer, Public Servant.
Graduate Certificate in Research Commercialisation (IX97)

Year offered: 2009
Admissions: Yes
CRICOS code: not available

Course duration (full-time): 1 semester. Subject to maximum time limit of 4 years.
Course duration (part-time): 2 semesters. Subject to maximum time limit of 4 years.

Domestic fees (indicative): 2009: $9,200 per semester
International Fees (per semester): 2009: $10,400 per semester (subject to annual review)

Course coordinator: Professor Rod Wissler
Campus: Internet

Unit sets: Justice and the Law
Unit sets: Mathematical Sciences
OVERVIEW

The QUT Faculty of Law is one of Australia's leading providers of tertiary education in Law and Justice. The Faculty is unique in housing a School of Law, School of Justice and Legal Practice Unit, all co-located on the University's inner city Gardens Point campus. The Faculty is further distinguished by its focus on education 'for the real world'. Faculty programs provide a sound balance of practical and theoretical training, facilitating the smooth transition of graduates into their chosen careers. The Faculty's real world approach is enhanced by its close liaison and collaboration with the legal and justice professions.

The Faculty consists of the School of Law, the School of Justice, the Legal Practice Unit and the Law and Justice Research Centre, with each of these areas supported by state-of-the-art facilities, including an electronic moot court, a dedicated Law Library and 24-hour student computer labs. The Faculty is a leader in online teaching, with dedicated sites providing electronic access to a variety of course materials and a broad array of Internet resources. Other tools employed by our lecturers include podcasting, Second Life and Skype. The Faculty offers undergraduate study through the Bachelor of Laws (LLB) and the Bachelor of Justice (BJus) courses. These courses can be undertaken as a single degree or as a double degree in combination with another bachelor-level course. Available double degree programs include the Bachelor of Laws in conjunction with the Bachelor of Justice or with degrees offered by other QUT faculties, including in Applied Science, Business, Creative Industries, Journalism, Information Technology and Behavioural Science (Psychology).

An accelerated Bachelor of Laws (Graduate Entry) program is also available for students who already hold a bachelor degree in another discipline. The Faculty also offers a comprehensive suite of postgraduate study options in the Law and Justice disciplines, including graduate certificate and graduate diploma courses, master degrees by coursework or research, and doctoral programs.

The School of Law prepares students for careers in law firms, government, public administration, business and other industries. In terms of undergraduate enrolments, it is the largest in Australia, enabling the QUT LLB to offer one of the most extensive sets of elective units available. The LLB electives are grouped into streams reflecting the wide variety of careers open to law graduates (graduate destination streams), and allowing students to pursue in-depth study in areas of research strength (research streams). In 2009, the LLB elective streams are as follows:

Graduate Destination elective streams
- general legal practice;
- specialist legal practice;
- advocacy and dispute resolution;
- public sector; and
- private enterprise.

Research elective streams
- property, commercial and environment;
- information and technology law;
- criminal law and criminology; and
- health law.

The School of Justice was established in response to a recommendation of the Fitzgerald Inquiry into corruption in Queensland. Graduates of the QUT Bachelor of Justice have excellent qualifications for employment in fields such as policing, justice, defence, security and social justice. Through the Legal Practice Unit, the Faculty offers the Legal Practice Course (the Graduate Diploma in Legal Practice) to law graduates who wish to satisfy the practical training requirements to be admitted as legal practitioners. The course is offered twice a year in full-time mode, and three times a year in part-time (in-practice) and part-time (general) modes. The part-time in-practice mode is specially designed for persons who are already working in private or government law offices. The part-time courses are delivered online for the convenience of persons who are working full-time or who otherwise do not wish to study on campus. The full-time course is delivered on-campus in purpose-built premises that provide every full-time student with a work station and networked PC while they are working on campus. The QUT Graduate Diploma in Legal Practice is Queensland's longest established practical legal training course and has successfully prepared over 1000 law graduates for admission as legal practitioners. The course has built a reputation for quality and for providing graduates with the set of skills they need to commence legal practice. In addition to quality teaching programs, research is a key priority for the Faculty. The focal point of Faculty research activity is the Law and Justice Research Centre (LJRC). Since its establishment in 2005, the LJRC has seen legal research at QUT rise to national and international significance in dedicated areas of strength. These areas of strength are reflected in the research programs of the LJRC, most of which have a strong multi-disciplinary focus.

Current programs are:
- Property and Environment
- E-Business and E-Government
- Intellectual Property, Knowledge, Culture and Economy
- Health Law
- Human Rights and Governance
- Consumer, Credit and Commercial Law
- Criminal Justice
- Scholarship of Higher Education Learning in Law and Justice.

One of the Centre's primary goals is to participate actively in knowledge transfer, particularly to the professions, the community, government and industry. Another key goal is to support the Faculty's capacity to conduct priority-driven research designed to answer questions of immediate and future concern to the professions. The fields of research expertise covered by our researchers embrace some of the more complex issues faced by Australian and global communities, and recognise Law's unique ability to contribute and 'value add' to a vast range of disciplines. The Faculty's postgraduate research students generally are attached to the LJRC through one of its programs and all research training is coordinated by the Centre. The Faculty has academic staff qualified to supervise research in a broad range of fields and there are currently around 70 research students enrolled.

The QUT Faculty of Law, with its real world approach and its focus on the right balance of skills and theory, consistently achieves high graduate employment rates, further supporting its position as one of Australia's leading law faculties.
SENIOR STAFF

Faculty Office
Executive Dean: Professor the Honourable M. Lavarch, LLB QIT
Administration Manager: W.A. Smith, BA(Hons) Syd, GradDipCourt & Parliamentary Reporting Canb
Assistant Dean, Teaching and Learning: M. Shirley, BA LLB(Hons) Qld, GradDipLegalPrac LLM Bond
Assistant Dean, Research: Professor W.D. Duncan, LLB Qld, LLM Lond, Solicitor

RESEARCH CENTRE

Law and Justice Research Centre

The Law and Justice Research Centre is the focal point and support structure for the research endeavours of the Faculty of Law, consistent with the Faculty's objectives and commitment to economic, cultural and social improvement through:

- Multidisciplinary collaborative approaches;
- Nationalisation and internationalisation; and
- High impact and professionally-valued research.

One of the Centre's primary goals is to participate actively in knowledge transfer, particularly to the professions, the community, government and industry. Another key goal is to support the Faculty's capacity to conduct priority-driven research designed to answer questions of immediate and future concern to the professions.

The fields of research expertise covered by our researchers embrace some of the more complex issues faced by Australian and global communities, and the areas of research strength within the Faculty are nationally and internationally competitive.

We have a solid and rapidly growing research foundation and have identified specialist groups reflected in research programs, which are domains of established research activity and strength, with strong strategic direction and potential for future growth. The programs have developed due to the existing track record and activity of their members and because of the potential of the fields for national and international significance. The range of programs recognises Law's unique ability to contribute and 'value add' to a vast range of disciplines. The programs are:

- Property and Environment
- E-Business and E-Government
- Intellectual Property, Knowledge, Culture and Economy
- Health Law
- Human Rights and Governance
- Consumer, Credit and Commercial Law
- Criminal Justice
- Scholarship of Higher Education Learning in Law and Justice.

The Law and Justice Research Centre allows the Faculty to respond to current challenges in research and research training by providing structures that offer greater collaboration and support for high quality research and encourage linking of research interest groups within an expanded Faculty research profile, and supports enhancement and sustainability of research productivity.

Bachelor of Journalism/Bachelor of Laws (IF07)

Year offered: 2009
Admissions: No
CRICOS code: 040313G
Course duration (full-time): 5 Years
Domestic fees (indicative): 2009: CSP $3,335 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July* (*July entry subject to availability)
QTAC code: 409912
Past rank cut-off: 92
Past OP cut-off: 5
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 48(Semesters 3,4,5,6,9+10), 60(Semesters 1,2,7+8)
Course coordinator: Head, Undergraduate Studies ugenq.ci@qut.edu.au (Creative Industries); Dr. William Dixon Director, Undergraduate Programs (Law)
Discipline coordinator: Professor Alan Knight (Creative Industries)
Campus: Gardens Point and Kelvin Grove

Overview
This five-year double degree in journalism and law is in high demand. It combines the practical skills and understanding of the journalism industry with the skills to work as a legal practitioner.

Career Outcomes
outcomes Graduates may find work in private practice as a barrister or legal practitioner, practise in law-related government departments or within large companies as in-house lawyers. Journalism opportunities are the same as those for graduates of the Bachelor of Journalism. See page 30 for more information.

Course Structure
The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points of Journalism-related units and 24 credit points of elective units.

The Law component is made up of 336 credit points of law subjects.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal Practitioners and Barristers Admission Rules. QUT's journalism degree is recognised by the Australian Journalists Association (AJA) section of the Media, Entertainment and Arts Alliance (MEAA).

OP Guarantee
The OP Guarantee does not apply to this program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Course structure

Year 1, Semester 1

KJB101 Digital Journalism
KJB120 Newswriting
LWB141 Legal Institutions and Method
LWB142 Law, Society and Justice

Year 1, Semester 2

KJB121 Journalistic Inquiry
KKB101 Creative Industries: People and Practices
LWB136 Contracts A

Year 2, Semester 1

KJB239 Journalism Ethics and Issues
KJB232 Radio and Television Journalism 1
KKB102 Creative Industries: Making Connections
KPB101 Foundations of Film and Television Production
LWB136 Contracts A

Year 2, Semester 2

KJB232 Radio and Television Journalism 1
KCB202 New Media 2: Applications and Implications
LWB137 Contracts B
### Year 3, Semester 1
- KJB322 Desktop Publishing And Editing
- KJB338 Radio and Television Journalism 2
- LWB138 Fundamentals of Torts
- LWB238 Fundamentals of Criminal Law

### Year 3, Semester 2
- KJB303 News Production
- KJB337 Public Affairs Reporting
- LWB139 Select Issues in Torts
- LWB239 Criminal Responsibility

### Year 4, Semester 1
- LWB231 Introduction to Public Law
- LWB236 Real Property A
- LWB240 Principles of Equity
- LWB332 Commercial and Personal Property Law
- LWB333 Theories of Law

### Year 4, Semester 2
- LWB235 Australian Federal Constitutional Law
- LWB237 Real Property B
- LWB241 Trusts
- LWB331 Administrative Law
- LWB334 Corporate Law

### Year 5, Semester 1
- LWB431 Civil Procedure
- LWB432 Evidence
- LWB434 Advanced Research and Legal Reasoning
- KWB101 Introduction to Creative Writing
- OR
  - null
  - Creative Industries Elective

### Year 5, Semester 2
- LWB433 Professional Responsibility
- Creative Industries Elective
- Law Elective Units

### Creative Industries Faculty Undergraduate Open Electives

#### Creative Industries Faculty Undergraduate Open Electives
- These unit offerings are current at the time of publication but are subject to change.
- Rules for selecting electives:
  * you must have successfully completed any pre/co-requisite units applicable
  * the offering of elective units is subject to sufficient student enrolment numbers and staff availability
  * some units are subject to quota restrictions
  * KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

### Semester 1 Units

#### Creative Writing & Cultural Studies
- KPB207 Film and Television Scriptwriting
- KWB101 Introduction to Creative Writing
- KWB102 Media Writing
- KWB103 Persuasive Writing
- KWB104 Creative Writing: The Short Story
- KWB107 Creative Non-Fiction
- KWB207 Great Books: Creative Writing Classics
- KWB208 Modern Times (Literature and Culture in the 20th Century)
- KWB209 Shakespeare, Then and Now
- KWB308 Wonderlands: Literature and Culture in the 19th Century

#### Dance
- KDB105 Architecture of the Body
- KDB108 World Dance
- KDB110 Deconstructing Dance in History

#### Fashion
- KFB103 Introduction to Fashion
- KFB107 Drawing For Fashion
- KFB206 Fashion and Modernity
- KFB208 Fashion Portfolio
- KFB209 Ragtrade: Wholesaling Fashion

#### Film & Television
- KPB102 Film History
- KPB106 Australian Television
- KPB202 Film and Television Business Skills: Entrepreneurship and Investment
- KPB203 Australian Film
- KPB303 Critical Thinking About Television

#### Interactive and Visual Design
- KIB101 Visual Communication
- KIB105 Animation and Motion Graphics
- KIB201 Concept Development for Game Design and Interactive Media

#### Journalism

Standard credit points per full-time semester: 48 (Semesters 3,4,5,6,9+10), 60 (Semesters 1,2,7+8)
Course coordinator: Creative Industries: Head, Undergraduate Studies (ugenq.ci@qut.edu.au); Dr William Dixon Director Undergraduate Law Programs
Discipline coordinator: Creative Industries: Professor Alan Knight
Campus: Gardens Point and Kelvin Grove

Overview
Media outlets operate in a regulatory environment in which changes occur rapidly and constantly. In an era where there is increasing public scrutiny of our media, the need for legal practitioners with specific media awareness has never been greater. This five-year double degree combines practical skills and contextual understanding of the media and communication industries with the skills to work as a legal practitioner.

Career Outcomes
Graduates may choose to use their combined skills to work in-house for media outlets, regulatory bodies, or in law firms with specialist interests in the media. As a lawyer you may find work in private practice as a barrister or legal practitioner, practise in law-related government departments or within large companies as in-house lawyers. Media and communication opportunities are similar to those for graduates of the Bachelor of Creative Industries (Media and Communication) course.

Course Structure
The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 144 credit points from the Media and Communication major and 24 credit points of elective units.

The Law component is made up of 336 credit points of law subjects.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal Practitioners and Barristers Admission Rules.

OP Guarantee
The OP Guarantee does not apply to this program.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Total credit points: 528
Course coordinator: IT: Mr Richard Thomas; Dr. Bill Dixon
Director Undergraduate Law Programs
Campus: Gardens Point

OP Guarantee
The OP Guarantee does not apply to this program.

Overview
An objective of this double degree is to provide graduates with the ability to practise law in light of the complex environments generated by manufacturers, data processing consultancies and private and government organisations. Alternatively, graduates can choose to practise as computing professionals specialising in legal applications or information systems.

Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Students wishing to participate in the Cooperative Education Program should be aware that they will not receive financial support as a Dean’s Scholar for the duration of the placement.

Find out more about the Cooperative Education Program.

Career Outcomes
Graduates of the Bachelor of Information Technology component may find employment as a: Programmer Systems Programmer Systems Manager Systems Designer Systems Analyst Computer Sales and Marketing Consultant Data Processing Manager

Professional Recognition
The Bachelor of Information Technology component meets the knowledge requirements for membership of the Australian Computer Society. The Bachelor of Laws component covers the areas of law required for the purposes of admission to practise as a Solicitor and/or Barrister in all Australian states and territories.

Further Information
Faculty of Science and Technology: phone +61 7 3138 2782, fax +61 7 3138 2703, email enquiry.scitech@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the “Translation Unit Codes” column you are not permitted to enrol in the listed new code.

IF38 - B InfoTech/B Laws

Course Structure 2009
The Law School is currently reviewing the law components of this course. This program may change in 2009 and is subject to final approval.

Year 1, Semester 1
INB104 Building IT Systems
INB103 Industry Insights
INB210 Databases
INB250 Systems Architecture

Year 1, Semester 2
INB270 Programming
INB251 Networks
Choose one unit from: Intermediate Level Elective list. This choice will replace ITB008 from 2009 course summary.
IT Elective Unit selected from List

Year 2, Semester 1
LWB141 Legal Institutions and Method
LWB142 Law, Society and Justice

Potential Careers:
Bachelor of Applied Science/Bachelor of Laws (IF39)

Year offered: 2009
Admissions: No
CRICOS code: 012661G
Course duration (full-time): 5 Years
Domestic fees (indicative): 2009: CSP $4,089 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419712
Past rank cut-off: 90
Past OP cut-off: 6
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528 (Note: The minimum course load per semester required for full-time enrolment may be more than 36 credit points)
Standard credit points per full-time semester: 60 (years 1 and 4), 48 (years 2, 3 and 5)
Course coordinator: Dr Perry Hartfield (Science); Dr. William Dixon Director, Undergraduate Programs (Law)
Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Emad Kiriakous (Forensic Science); Dr Gary Huftile (Geoscience); Dr Scott McCue (Mathematics); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point

Career Opportunities
As a graduate, you may enter legal practice with an education in both the content and process of science and data analysis that will enable you to deal with the complexities of litigation that have a scientific and technological dimension, such as inventions, trade secrets, quantitative evidence, and constitutional disputes giving rise to environmental issues. On the other hand, you may choose to follow a career path in the sciences, enhancing your opportunities in a particular discipline such as environmental science or biotechnology through your knowledge of the law.

OP Guarantee
The OP Guarantee does not apply to this course.

Course Design
The course is designed to cover all major areas of the law as well as allowing students to choose any one of the science majors that are offered in the Bachelor of Applied Science (SC01) course.

To complete the double degree in a shorter period of time, the co-major will be taken from the law program therefore it is not possible for students to choose any of the co-majors listed under the Bachelor of Applied Science course.

Professional Recognition
Graduates will satisfy the requirements of membership in the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details. The Bachelor of Laws component covers the areas of law required for admission as a legal practitioner and/or barrister in all Australian states and territories.

## Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

### Year 2, Semester 2
- **LQB483** Molecular Biology Techniques
- **LQB484** Introduction to Genomics and Bioinformatics
  - Either:
  - **LQB481** Biochemical Pathways and Metabolism
  - **LQB486** Clinical Microbiology 1

### Year 3, Semester 1
Select TWO units from:
- **LQB583** Genetic Research Technology
- **LQB584** Medical Cell Biology
- **LQB585** Plant Genetic Manipulation

### Year 3, Semester 2
Select TWO units from:
- **LQB682** Protein Biochemistry and Bioengineering
- **LQB684** Medical Biotechnology
- **LQB685** Plant Microbe Interactions

**Course structure - Major in Chemistry**

### Year 2, Semester 1
- **PQB312** Analytical Chemistry For Scientists and Technologists
- **PQB313** Analytical Chemistry For Industry
- **PQB331** Structure and Bonding

### Year 2, Semester 2
- **PQB401** Reaction Kinetics, Thermodynamics and Mechanisms
- **PQB442** Chemical Spectroscopy
  - Either:
  - **PQB404** Nanotechnology and Nanoscience
  - **PQB423** Process Principles

### Year 3, Semester 1
- **PQB502** Materials Chemistry and Characterisation
- **PQB531** Chemical Reactions 2

### Year 3, Semester 2
- **PQB631** Applied Molecular Science
- **PQB642** Chemical Research

**Course structure - Major in Ecology**

### Year 2, Semester 1
- **NQB302** Earth Surface Systems
- **NQB321** Ecology
  - Either:
  - **NQB322** Invertebrate Biology
  - **NQB323** Plant Biology

### Year 2, Semester 2
- **NQB421** Experimental Design
- **NQB422** Genetics and Evolution
- **NQB423** Vertebrate Biology

### Year 3, Semester 1
- **NQB521** Population Genetics and Molecular Ecology
- **NQB523** Population Management

### Year 3, Semester 2
- **NQB622** Conservation Biology
- **NQB623** Ecological Systems

**Course structure - Major in Environmental Science**

### Year 2, Semester 1
- **NQB302** Earth Surface Systems
- **NQB321** Ecology
  - Either:
  - **NQB322** Invertebrate Biology
  - **NQB323** Plant Biology

### Year 2, Semester 2
- **NQB403** Soils and the Environment
- **NQB421** Experimental Design
- **NQB423** Vertebrate Biology

### Year 3, Semester 1
- **NQB501** Environmental Modelling
- **NQB502** Field Mapping and Monitoring of Natural Resources

### Year 3, Semester 2
- **NQB601** Sustainable Environmental Management
- **NQB602** Environmental Chemistry

**Course structure - Major in Forensic Science**

### Year 2, Semester 1
- **LQB383** Molecular and Cellular Regulation
- **PQB331** Structure and Bonding
- **SCB384** Forensic Sciences - From Crime Scene to Court

Footnotes for Law Units

# Introduction to Legal Research is a two (2) hour lecture conducted in the first week only of Semester 1, 2009. It is designed to introduce students to the basics of legal research and provide an orientation to use of the Law Library. Students will be expected to undertake a library exercise in LWB141 Legal Institutions and Method using the skills and information outlined in this lecture.

* Law Elective Units - In order to satisfy the requirements for the Bachelor of Laws component of the double degree, a student is required to complete a total of 48 credit points of elective units.

Potential Careers:

Bachelor of Business/Bachelor of Laws (IF41)

Year offered: 2009
Admissions: No
CRICOS code: 006386F
Course duration (full-time): 5 Years
Domestic fees (indicative): 2009: CSP $4,171 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July* (*Subject to availability)
QTAC code: 419222
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA) and Mathematics A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 60
Course coordinator: Dr Erica French (Business); Director, Undergraduate Programs (Law)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

OP Guarantee
The OP Guarantee does not apply to this program.

Career Outcomes
The Bachelor of Laws component of this double degree covers the areas of law required for the purposes of admission to practise as a Solicitor and/or Barrister in all Australian states and territories. Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product managers and researchers. Graduates of the Human Resource Management major can expect to find employment in the public and private sectors in all areas of human resource management including recruitment, training and development, international staffing, industrial relations, pay systems and strategic human resources planning. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments, and public sector careers in foreign economic relations. Management graduates may also find employment in commercial and industrial firms, banks, insurance companies, federal, state and local government agencies, small business and in management consultancies. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers.

Other Majors
See also the separate entry for the following majors in this course: Bachelor of Business (Banking & Finance, Economics and Marketing)/Bachelor of Laws.

Professional Recognition
The Bachelor of Laws degree satisfies the academic requirements for admission to practise as a Solicitor or Barrister in Queensland.

The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership of: CPA Australia; Institute of Chartered Accountants in Australia; Chartered Secretaries Australia; Advertising Federation of Australia; Australian Association of National Advertisers; Australian Institute of Export; Australian Institute of Management; American Marketing Association; Advertising graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers.

Course Design
Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

For the Business component, students undertake 7 Faculty core units and 6 units from one of the following Majors plus 3 specialisation units.

Law Elective Units
For information on the availability of law elective units, please refer to the relevant section in the Bachelor of Laws course entry in the Faculty of Law section.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course structure
This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

Potential Careers:
Bachelor of Arts/Bachelor of Laws (IF43)

Year offered: 2009
Admissions: No
CRICOS code: 027276E
Course duration (full-time): 5 Years
Domestic fees (indicative): 2009: CSP $3,470 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: Course no longer available for admission
International Entry: Course no longer available for admission
QTAC code: Course no longer available for admission
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528 (192 cr pts BA and 336 cr pts BLaws)
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Iraphne Childs (Arts) Dr. William Dixon Director, Undergraduate Programs (Law)
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee does not apply to this program.

Career Outcomes
This course aims to provide graduates with the ability to enter legal practice with an education in both the content of and skills related to the humanities that will enable them to deal with the complexities of litigation in areas such as commercial law, constitutional law, international law and in public policy.

Professional Recognition
The Bachelor of Laws degree covers the areas of law required for the purposes of admission to practise as a Solicitor and/or Barrister in all Australian states and territories.

Course Structure BA component - Continuing Students
BA REQUIREMENTS
Students should follow the course progression advice in the Course Summary Sheet

Course Structure BA component - Commencing Students
BA Course Requirements - Commencing Students

Students are required to complete:
* One Multidisciplinary Major (1 core unit + 6 units in the major)

It is suggested that students complete the Core Units Program consisting of the following:
*Two core units in first semester (from a selection of core introductory and core skills units)
(Note: one of the core introductory units will sit within the chosen Multidisciplinary Major)
*Year Two: research methods unit. Students are advised to take at least two of these units.

Students may also wish to include:
- an Arts minor/s in any of the multidisciplinary or disciple majors (4 units)
- an approved university minor, or individual electives in another QUT course (up to 4 units)

Students planning to complete a full Language sequence (6 units) will need to discuss their program with the relevant Course Coordinator in order to ensure that they begin their Language studies in first semester and that their language units can be continued into their third year.

Students must maintain a minimum of 50% enrolment in units from the BA program until they have completed eight of these units (96 credit points)

NB: Students are required to complete 16 units in the BA component of the double degree. Of these 12 must be BA units i.e. HHB coded units.

Multidisciplinary Majors - Commencing Students
Students will be required to complete one multidisciplinary major from the following: International and Global Studies; Community Studies; Society and Change; Ethics and Human Rights; Australian Studies.

Discipline Sequences
Discipline Majors in the Arts degree can be chosen from the following: History; Geography and Environmental Studies; Languages (French, Indonesian, Japanese, German, Mandarin); Sociology

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for updates on the status of these courses by visiting the Humanities website.

Course structure - Example of Full-time Course
Structure

Year 1, Semester 1
- The Law School is currently reviewing the law components of this course to continue to meet the needs of students and employers. As a result, this program may change in 2009 and is subject to final approval.
- Introductory Core unit (Major)
- 1st Year Core Skills unit (HHB116)
- Introductory Core unit (2nd Major or Minor)
- Elective Unit (General)

Year 1, Semester 2
- Elective Unit (Major)
- Elective Unit (Major)
- Elective Unit (Minor)
- Elective Unit (General)

Year 2, Semester 1
- Elective Unit (Major)
- Elective Unit (Major)
- Elective Unit (Minor)
- Elective Unit (General)

Year 2, Semester 2

- LWB235 Australian Federal Constitutional Law
- LWB237 Real Property B
- LWB239 Criminal Responsibility
- LWB241 Trusts
- LWB334 Corporate Law

Year 5 Semester 1
- LWB332 Commercial and Personal Property Law
- LWB431 Civil Procedure
- LWB432 Evidence
- LWB434 Advanced Research and Legal Reasoning
  - Law Elective

Year 5 Semester 2
- LWB331 Administrative Law
- LWB433 Professional Responsibility
  - Law Elective
  - Law Elective
  - Law Elective

Potential Careers:
- Barrister, Government Officer, In-House Lawyer, Policy Officer, Public Servant, Solicitor.
Doctor of Philosophy (Law) (IF49)

Year offered: 2009
Admissions: Yes
CRICOS code: 006367J
Course duration (full-time): 3 Years
Course duration (part-time): 6 Years

Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged:
- 2009: $6,720 per semester (indicative)

International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)

Domestic Entry: At any time
International Entry: At any time
Discipline coordinator: Assistant Dean, Research
Campus: Gardens Point

Entry Requirements
An applicant's admission to the PhD program will depend on their academic aptitude, and the availability of supervision, infrastructure and resources needed for your course of study. Candidates would normally hold a Bachelor's degree with at least 2A Honours (or equivalent) or a Masters degree by research or a Masters degree by coursework that included substantial research.

Location and Duration
The PhD normally requires a minimum of three years of full-time study or its part-time equivalent. Study is undertaken at the Gardens Point Campus but the University may approve study at an off-campus location (multi-modal study). Although QUT offers this flexibility, there will still be minimum attendance requirements and the University must be satisfied that adequate supervision and resources are available at the external location.

Overview
The PhD offers candidates the opportunity to demonstrate their erudition in a broad field of learning and to make an original and substantial contribution to knowledge in that field.

Course Structure
Candidates will be assessed on a program of supervised research and investigation that culminates in production of their thesis. Candidates should have regular, face-to-face contact with their supervisor and participate in University scholarly activities such as research seminars, teaching and publication. The length of the thesis will vary according to the topic, but should normally be no longer than 100,000 words (excluding bibliography).

Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 48 (Semesters 3, 4, 5, 6, 9, 10) 60 (Semesters 1, 2, 7, 8)
Course coordinator: Creative Industries - Head, Undergraduate Studies. Dr. William Dixon
Law - Director, Undergraduate Programs
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee will apply to this program.

Overview
Your creative industries major will provide you with an up-to-date insight into the creative economy and an appreciation of interdisciplinarity and creative collaboration. You will also complete a creative industries second major from one of art and design history; creative and professional writing; dance; digital media; drama; fashion; film, television and screen; interactive and visual design; journalism, media and communication; or literary and cultural studies.

The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the Law degree the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Why choose this course?
This course allows you to combine your creative interest with your law qualification. Whether you choose to work in the legal fraternity or within the creative industries, you will graduate with a unique set of skills that will enhance your employment options.

Professional Recognition
The law degree component covers all the law units required for admission as a legal practitioner in Australia and is approved for the purposes of the Legal Practitionersâ and Barristersâ Admission Rules.

Career Outcomes
Graduates may use their combined skills to work in-house as a lawyer for cultural institutions, government or regulatory bodies, or in law firms with specialist interests in the creative industries. Alternatively, you may work in the legal environment as a solicitor, barrister or in-house lawyer.

If you choose to pursue a creative career, your legal knowledge will be of benefit in the process of commissioning projects, creative industries administration and contract negotiation.

Course Structure
The Law School is currently reviewing the law components of this course to continue to meet the needs of students and employers. As a result this program may change in 2009 and is subject to final approval.
From 2009 the Bachelor of Creative Industries will offer the Interdisciplinary study area only. The Creative Writing study area will continue for students currently enrolled in this course.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

Course coordinator: Ms Jenny Felton (Human Services); Assoc.Prof. Geoff Dean (Justice)
Campus: Gardens Point and Kelvin Grove

Course Description
In this course students complete the requirements of two separate degrees in four years. The Human Services component of the course provides knowledge, values, ethics and skills for professional practice in human services. The Justice component involves the study of criminology, ethics, crime prevention, policy making and investigations.

Career opportunities
Career opportunities include human service worker, child and family, youth, disability and corrective services; community development; social care; child protection; youth justice; policy and service development; prevention and early intervention services; individual and systems advocacy; criminology; policing; ethics; crime prevention; justice policy and investigations.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Working with Children Check
As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. Application form

Professional Membership (Bachelor of Human Services)
Graduates are entitled to apply for membership of the Australian Institute of Welfare and Community Workers. (Accreditation application in process).

Total credit points: 528
Course coordinator: Dr Julie Hansen (Psychology); Dr. William Dixon Director Undergraduate Studies (Law)
Campus: Gardens Point and Kelvin Grove

Overview
A double degree in law and psychology offers you greater flexibility in your career. Combining skills in these two complementary areas, you will be able to apply psychological principles to legal issues and concerns.

Why choose this course
You have many opportunities to gain real workplace skills in each of your study disciplines. In psychology, students design and analyse original experiments, to enhance their research and analytical skills.

While studying, you are exposed to the range of job opportunities in external organisations and industry through careers seminars and opportunities for work experience. Students can also participate in a first-year peer mentor program and a career mentoring program.

In law, you can choose internship and legal clinic electives which provide a work experience placement to gain experience in legal firms, legal aid agencies or government departments.

Career options
With degrees in psychology and law, you will enter the work force with a solid scientific and practical base, making you suitable for positions in the development of mental health and legal policies, in research in the legal-psychological domain, and to work as either a lawyer or psychologist within legal, corporate, government, social, and clinical arenas.

You will be well placed to enter the work force in any number of work environments, including forensic areas (such as the prison service). In addition, you will have the option of pursuing your psychology training further in order to become a registered psychologist. The double degree will also allow you to work in legal environments as a solicitor, barrister, in-house counsel or government lawyer.

Outside the specialist psychology and legal environments, the skills and knowledge you have acquired will be transferable to a wide range of areas, such as business, marketing, communication and policy advisors or officers.

Professional Recognition
The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC). The Bachelor of Laws degree satisfies the academic requirements for admission to practice as a Solicitor or Barrister in all Australian States or Territories.

Many graduates wish to pursue careers in professional areas of psychology. To do so students must be registered with their State Registration Board. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Psychology (Honours) or Postgraduate Diploma in Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Honours
The Bachelor of Laws degree may be awarded with honours to students who have recorded outstanding achievement in the law component of the program.

OP Guarantee
The OP Guarantee will apply to this course.

Recommended Study
Maths A, B or C

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaire, portfolio, audition, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course Description

This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the Law degree the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

OP Guarantee

The OP Guarantee will apply to this course.

Study Areas

IX53 will not have nominated majors and minors in the IT component and consequently there will not be a Study Area A shown on a graduate's parchment. Instead, IX53 will have specialisations. The specialisation areas that will be available for students will include:
- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Entry Requirements

Year 12 or equivalent
Prerequisites: Nil
Assumed Knowledge: English (4,SA), Maths A, B or C (4,SA)
Primary Fields: A or B
Secondary Fields: C
OP Guarantee: Yes

International Students

English language requirements
In addition to the above academic entry requirements, international students must meet the University’s English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Pathways to Further Studies

In 2001, the Faculty introduced an accelerated Honours program to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Professional Recognition

The QUT Law degree is an approved degree for the purposes of the Legal Practitioners Admission Rules.
Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Further Information**

For further information on the IT component of this course please contact the course coordinator Mr Richard Thomas at enquiry.scitech@qut.edu.au or call 3138 2782

</tbody>
</table>
You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. Enterprise Systems:
   - INB123 Project Management Practice
   - INB221 Technology Management
   - INB311 Enterprise Systems
   - INB312 Enterprise Systems Applications

2. Web Technologies:
   - INB313 Electronic Commerce Site Development
   - INB374 Web Application Development
   - INB385 Multimedia Systems
   - INB386 Advanced Multimedia Systems

3. Business Process Management:
   - INB320 Business Process Modelling
   - INB321 Business Process Management
   - INB322 Information Systems Consulting
   - INB323 Smart Services

4. Information Management:
   - INB330 Information Management
   - INB331 Management Issues for Info Professionals
   - INB332 Information Retrieval
   - INB333 Information Programs
   - INB334 Information Issues and Values
   - INB335 Information Resources

5. Data Warehousing:
   - INB340 Database Design
   - INB341 Software Development With Oracle
   - INB342 Enterprise Data Mining
   - INB343 Advanced Data Mining and Data Warehousing

6. Network Systems:
   - INB350 Internet Protocols and Services
   - INB351 Computer Network Administration
   - INB352 Network Planning and Deployment
   - INB353 Wireless and Mobile Networks

7. Software Engineering:
   - INB370 Software Development
   - INB371 Data Structures and Algorithms
   - INB372 Software Engineering Principles

8. Ungrouped:
   - INB374 Enterprise Software Architecture
   - INB204 Special Topic 1
   - INB205 Special Topic 2
   - INB304 Special Topic 3
   - INB305 Special Topic 4
   - INB306 Project 1
   - INB307 Project 2
   - INB308 Project 3
   - INB355 Cryptology and Protocols
   - INB365 Systems Programming
   - INB860 Computational Intelligence for Control and Embedded Systems

9. Digital Environments:
   - INB345 Mobile Devices
   - INB346 Enterprise 2.0
   - INB347 Web 2.0 Applications
   - INB334 Information Issues and Values
   - INB335 Information Resources

Potential Careers:
Bachelor of Corporate Systems Management/Bachelor of Justice (IX61)

Year offered: 2009
Admissions: Yes
CRICOS code: 063030F
Domestic fees (indicative): 2009: CSP $3,232,(indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester *(subject to annual review)*
International Entry: February
QTAC code: 419652
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Course coordinator: Dr Taizan Chan
Discipline coordinator: Justice Coordinator - Assoc Prof Belinda Carpenter
Campus: Gardens Point

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both corporate systems management and justice. In the corporate systems management component students are taught the interrelationship between information, technology, business and people. This component develops the knowledge and skills needed to understand and communicate business needs, select the right systems and integrate these systems to improve business performance. The justice component comprises of foundation units, after which students then focus on a primary major discipline in either Criminology or Policing. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements). Alternatively, Professional Placement is available to high achieving students, with a GPA of 5 or more, in their last semester of the justice component of the course.

Justice Majors: Criminology; Policing

Cooperative Education Program
Cooperative Education Program
The School of ITs Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Companies that QUTs Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Discipline coordinator: Dr Stephen Harrington (Media and Communication)
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee will apply to this program.

Overview
Media outlets operate in regulatory environment in which changes occur rapidly and contantly. In an era where there is increasing public scrutiny of our media, the need for legal practitioners with specific media awareness has never been greater.

This five-year double degree combines practical skills and contextual understanding of the media and communication industries with the skills to work as a legal practitioner. Your media and communication degree comprises 14 units to build your expertise in this area, alongside two creative industries foundation units.

The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the LLB the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career Outcomes
Graduates may use their combined skills to work in-house as a lawyer for media outlets or regulatory bodies, or in law firms with specialist interests in the media. Alternatively, you may work in the legal environment as a solicitor, barrister or in-house lawyer, or pursue a career in media and communication.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Discipline coordinator: Creative Industries: Professor Philip Neilson
Campus: Gardens Point and Kelvin Grove

Course Structure
The Bachelor of Fine Arts component is made up of 24 credit points of Faculty Foundation units and 168 credit points from the Creative and Professional Writing major.

The Law component is made up of 336 credit points of law subjects.

OP Guarantee
The OP Guarantee will apply to this course.

Overview
Both writers and lawyers require high-calibre sophisticated communication and language skills. You will graduate from this specialised double degree with not only advanced creative and professional writing skills, but also with a recognised law qualification.

You will be immersed in creative and professional writing practice with 14 studio units, and have a broad creative industries perspective from the two foundation units. In your first four years you will study a combination of fine arts and law units and during your fifth year you will concentrate on law studies.

The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the Law degree the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Career Outcomes
Through the combination of creative and professional writing with law, you will enhance your employability in your chosen field, whether in the legal fraternity or as a writer.

Graduates may use their combined skills to work as an in-house lawyer in the publishing industry or in law firms with specialist interest in this area. Alternatively you may work in the legal environment as a solicitor, barrister or in-house lawyer.

If you choose to pursue a creative career, your legal knowledge will be of benefit in the process of commissioning projects, creative industries administration and contract negotiation.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

- KWB304 Editing and Developing the Manuscript
- LWB242 Constitutional Law
- LWB432 Evidence

### Year 4, Semester 2
- KWB205 Creative Writing Project 1
- KWB303 Writing and Publishing Industry
- LWB334 Corporate Law
  - Law Elective

### Year 5, Semester 1
- LWB335 Administrative Law
- LWB431 Civil Procedure
  - Law Elective
  - Law Elective

### Year 5, Semester 2
- LWB433 Professional Responsibility
  - Law Elective
  - Law Elective
  - Law Elective

### Law Electives

Further information regarding Law Electives can be found at:  

### Potential Careers:
Bachelor of Business / Bachelor of Laws (IX71)

Year offered: 2009
Admissions: Yes
CRICOS code: 066414K
Course duration (full-time): 5.5 years
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July* (*Subject to availability)

OP Guarantee: Yes
Assumed knowledge: English (4, SA) and for accountancy, economics, finance and marketing majors: Mathematics A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Data Analysis for Business as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 48
Course coordinator: Dr Erica French (Business); Dr Bill Dixon (Law)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

OP Guarantee
The OP Guarantee will apply to this course.

Career Outcomes
The defining nature of the QUT Bachelor of Laws is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the LLB the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career opportunities include private practice as a barrister and/or solicitor; work in government departments; employment as an in-house lawyer; and a range of other occupations.

Advertising graduates enter the marketplace as copywriters, media planners, account executives, media representatives, product manangers and researchers. Graduates of the Human Resource Management major can expect to find employment in the public and private sectors in all areas of human resource management including recruitment, training and development, international staffing, industrial relations, pay systems and strategic human resources planning. The International Business major equips graduates for careers in companies engaged in international trade, multinational companies and financial institutions dealing with international marketing and investments, and public sector careers in foreign economic relations. Management graduates may also find employment in commercial and industrial firms, banks, insurance companies, federal, state and local government agencies, small business and in management consultancies. Public Relations graduates enter the marketplace as public relations managers and consultants, editors of trade and specialist publications, speechwriters, information officers, corporate communication officers and professionals, and special events managers.

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Public Relations - Public Relations Institute of Australia.
Course Design
Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

For the Business component, students undertake 7 Faculty core units and one major consisting of nine units.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

**Potential Careers:**
Bachelor of Applied Science / Bachelor of Laws (IX72)

Year offered: 2009
Admissions: Yes
CRICOS code: 066294B
Course duration (full-time): 5.5 years
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419712
Past rank cut-off: 91
Past OP cut-off: 6
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 48
Course coordinator: Dr Perry Hartfield (Science); Dr Bill Dixon (Law)
Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Emad Kiriakous (Forensic Science); Dr Gary Huftile (Geoscience); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point

OP Guarantee
The OP Guarantee will apply to this course.

Career Outcomes
The defining nature of the QUT Bachelor of Laws is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the LLB the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career opportunities include private practice as a barrister and/or solicitor; work in government departments; employment as an in-house lawyer; and a range of other occupations.

As a graduate, you may enter legal practice with an education in both the content and process of science and data analysis that will enable you to deal with the complexities of litigation that have a scientific and technological dimension, such as inventions, trade secrets, quantitative evidence, and constitutional disputes giving rise to environmental issues. On the other hand, you may choose to follow a career path in the sciences, enhancing your opportunities in a particular discipline such as environmental science or biotechnology through your knowledge of the law.

Course Design
The course is designed to cover all major areas of the law as well as allowing students to choose any of the following science majors that are offered in the Bachelor of Applied Science (SC01) course: Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Forensic Science, Geoscience, Microbiology and Physics.

To complete the double degree in a shorter period of time, the co-major will be taken from the law program therefore it is not possible for students to choose any of the co-majors listed under the Bachelor of Applied Science course.

Professional Recognition
Graduates will satisfy the requirements of membership in the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details.

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Potential Careers:

Bachelor of Creative Industries / Bachelor of Laws (IX73)

Year offered: 2009
Admissions: Yes
CRICOS code: 066293C
Course duration (full-time): 5.5 years
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409772
Past rank cut-off: 91
Past OP cut-off: 6
OP Guarantee: Yes
Total credit points: 528
Standard credit points per full-time semester: 48
Course coordinator: Law: Dr Bill Dixon; Creative Industries: Head, Undergraduate Studies (cifug@qut.edu.au)
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee will apply to this program.

Overview
Your creative industries core units will provide you with an up-to-date insight into the creative economy and an appreciation of interdisciplinarity and creative collaboration. You will also complete a creative industries major from one of animation; art and design history; creative and professional writing; dance; digital media; drama; entertainment industries; fashion; film, television and screen; interactive and visual design; journalism, media and communication; literary studies; or music.

The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the Law degree the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

~ These new majors will be offered in 2010 subject to University approval.

Why choose this course?
This course allows you to combine your creative interest with your law qualification. Whether you choose to work in the legal fraternity or within the creative industries, you will graduate with a unique set of skills that will enhance your employment options.

Course Design
You will study creative industries and law subjects in your first four years and for the remainder of your course you will concentrate on law studies.

The Creative Industries component is made up of 96 credit points of core units and a Creative Industries major (96 credit points).

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Career Outcomes
Graduates may use their combined skills to work in-house as a lawyer for cultural institutions, government or regulatory bodies, or in law firms with specialist interests in the creative industries. Alternatively, you may work in the legal environment as a solicitor, barrister or in-house lawyer.

If you choose to pursue a creative career, your legal knowledge will be of benefit in the process of commissioning projects, creative industries administration and contract negotiation.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

Discipline coordinator: Professor Alan Knight (Creative Industries)
Campus: Gardens Point and Kelvin Grove

OP Guarantee
The OP Guarantee will apply to this course.

Overview
This five-year double degree in journalism and law is in high demand. It combines the practical skills and understanding of the journalism industry with the skills to work as a legal practitioner.

Career Outcomes
The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the Law degree the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career opportunities include private practice as a barrister and/or solicitor; work in government departments; employment as an in-house lawyer; and a range of other occupations.

The combination of journalism with law majors can equip you for specialised journalism careers in international affairs, corporate dealings, and medico-legal issues. QUT journalism graduates can also work as journalists for newspapers, magazines, television, radio and online news services. Others seek employment successfully in public relations, media management and corporate communications.

Course Structure
You will study journalism and law units in your first four years and for the remainder of your course you will concentrate on law studies.

In the Journalism component, you will undertake two creative industries foundation units and 13 specialist units in journalism which will provide a broad range of journalism knowledge.

The Law component is made up of 336 credit points of law subjects.

Professional Recognition
The QUT Law course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT Law degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

QUT's journalism degree is recognised by the Australian Journalists' Association (AJA) section of the Media, Entertainment and Arts Alliance (MEAA).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are available in this course.

Find out more on Dfee.

Graduate Certificate in Research Commercialisation (IX97)

Year offered: 2009
Admissions: Yes
CRICOS code: not available

Course duration (full-time): 1 semester. Subject to maximum time limit of 4 years.
Course duration (part-time): 2 semesters. Subject to maximum time limit of 4 years.
Domestic fees (indicative): 2009: $9,200 per semester
International Fees (per semester): 2009: $10,400 per semester (subject to annual review)
Course coordinator: Professor Rod Wissler
Campus: Internet

Potential Careers:
Master of Research and Development Management (IX99)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 3 semesters.
Course duration (part-time): 6 semesters.
International Fees (per semester): 2009: $9,200 per semester (subject to annual review)
International Fees (indicative): 2009: $10,400 per semester
Course coordinator: Professor Rod Wissler
Campus: Internet

Entry Requirements
The minimum entry requirement for this course is a four year undergraduate degree or three years plus either an honours year or postgraduate coursework year in any discipline. Applicants who do not meet these academic requirements may be eligible to enter the course on the basis of professional activities completed in research management, research commercialisation or related fields that satisfies the course coordinator.

Graduate Certificate in Policing (JS24)

Year offered: 2009
Admissions: Yes
CRICOS code: Not required
Course duration (full-time): This course is NOT available
Course duration (external): 1 year part time
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Professor Kerry Carrington
Discipline coordinator: Dr Colin Thorne
Campus: External

Overview
The Graduate Certificate in Policing will provide a tertiary qualification for students already working in, or aspiring to work in the areas of justice which focuses on criminal behaviour. By exploring the strategies which can be used to address such behaviour within contemporary society, this course will have both a theoretical and a more practical framework. The course offers a degree of flexibility in not only choosing units relative to policing, but offers a choice of electives to suit your professional focus.

Entry Requirements
An approved three-year undergraduate degree preferably in a similar discipline area from a recognised tertiary institution or, a combination of extensive and appropriate professional employment and training that the Course Coordinator deems to be appropriate.

Course Structure
The Graduate Certificate in Policing consists of four (4) units which comprises of:
- One (1) generic core unit (12 credit points)
- Two (2) specialist units in policing (24 credit points)
- One (1) elective unit chosen from the Elective list (12 credit points)

In consultation with the Program Coordinator, students have the option of selecting a relevant Justice topic which can be undertaken as an Independent Study unit available in Semester 1 or 2.

Articulation to Master of Justice
A student who has successfully completed the Graduate Certificate in Policing with a GPA of 5.0 or better may articulate to the Master of Justice with 48 credit points of academic credit.

Graduate Certificate in Intelligence
(JS29)

Year offered: 2009
Admissions: Yes
CRICOS code: Not required
Course duration (full-time): This course is NOT available
Course duration (external): 1 year Part time
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Belinda Carpenter
Discipline coordinator: Dr Nic Chantler
Campus: External

Overview
The Graduate Certificate in Intelligence is aimed at providing tertiary pathways for students either working in the intelligence community and wishing to embark on professional studies or, students seeking employment in the intelligence community and wanting to gain relevant tertiary qualifications. Through a range of pedagogically informed teaching strategies the program develops relevant professional competencies, skills and knowledge. The program is aimed at students with existing undergraduate qualifications but can be undertaken by students with extensive professional experience where that experience is assessed as appropriate by the course coordinator.

Entry Requirements
A relevant and approved three-year undergraduate degree from a recognised tertiary institution or a combination of extensive and appropriate professional employment and training that the Course Coordinator deems to be appropriate.

Course Structure
The Graduate Certificate in Intelligence consists of four (4) units which comprises of:
- One (1) generic core unit (12 credit points)
- Two (2) specialist units in policing (24 credit points)
- One (1) elective unit chosen from the Elective list (12 credit points)

Articulation in Postgraduate Coursework Nested Programs
A student who has successfully completed the Graduate Certificate in Intelligence with a GPA of 5.0 or better, may articulate to the Master of Justice (Intelligence) and receive academic credit of 48 credit points equivalent to four (4) units.

Currently enrolled QUT students in an articulating postgraduate coursework nested program (ie, completing Graduate Certificate in Intelligence and moving to the next level of study) are not required to complete a Postgraduate Application (PG) form. Student Business Services send an email to your student mailbox inviting currently enrolled students to articulate to the next stage of the program - Master of Justice (Intelligence).

Prospective students, not enrolled at QUT, should complete the Postgraduate Application form (PG form) available form the QUT website - http://www.qut.edu.au/

Total credit points: 288
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Belinda Carpenter
Campus: Gardens Point and External

General
The Bachelor of Justice equips graduates for a wide variety of employment in the criminal justice, government (state and federal), law enforcement and policing and intelligence fields. Past graduates have developed successful careers in the State or Federal police services, created social and justice policies for governments, contributed to the work of advocacy centres (eg. women, youth and children's advocacy), become criminologists, and advanced into Defence, Customs and the Australian Crime Commission. Other popular career choices include corrections and human rights and anti-discrimination areas. Students are prepared for the workplace, not only by exploring the most recent theory and practice of social justice, but by including relevant general skills like problem-solving, analytical ability and applied computer skills that are relevant to the workplace.

Course Structures
This course consists of twenty-four (24) units - a total of 288 credit points. This comprises of:
- Nine (9) Justice Core units (108 credit points) and;
- Six (6) Primary Major units (72 credit points)
- Six (6) Secondary Major units (72 credit points)
- Three (3) Elective units (36 credit points).

Primary Major options: select one
- Criminology or
- Policing

Secondary Major options: select one
- Policing
- Criminology
- Law

- Information Technology *
- Psychology*

* External students should be aware that when selecting the secondary majors, Information Technology and Psychology units are only offered in the internal mode of study. Most Justice and Law units are available in both Internal and External mode of study.

Diploma Entry and Academic Credit
Students who have completed a full Diploma of Justice or Diploma of Justice Administration from TAFE are eligible for academic credit (96 credit points) towards their degree. This academic credit is counted as elective units in the Justice program. Students with this qualification should make further enquiries with Students Business Services or the School of Justice.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Unit offerings and locations
Because of the choices in the secondary majors offered in the Bachelor of Justice ie. Criminology, Policing, Information Technology, Law, and Psychology, units within the secondary majors may be offered at either Gardens Point or Kelvin Grove (Psychology) campus.

Secondary major units in Criminology, Policing and Law are offered in both External (EXT) and Internal (INT) mode of delivery, whereas Information Technology and Psychology are only available as Internal face to face delivery.

Notes
* Student who chooses to do an elective unit

---

QUT HANDBOOK 2009 · Page 1506
instead of JSB378 Drugs and Crime MUST do JSB375 Investigative Knowledge in semester 2, instead of an elective unit.

Only those students who will do or have completed JSB378 Drugs and Crime in semester 1 are allowed to choose an Elective unit instead of JSB375.

External students should be aware that when selecting the secondary majors, Information Technology and Psychology units are only offered in the internal mode of study. Most Justice and Law units are available in both Internal and External mode of study.

Students who undertake both majors in the School of Justice (Criminology and Policing) must select 2 x Justice units that they have NOT successfully completed in their Primary major.

Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Associate Professor Belinda Carpenter
Discipline coordinator: Dr Tara McGee
Campus: Gardens Point

Overview
As an extension of the undergraduate Bachelor of Justice, the Bachelor of Justice (Honours) provides an opportunity to undertake a major piece of sustained research under the supervision of a staff member, read advanced texts in justice theory, engage in small seminar discussions at an advanced level and to write advanced level essays and reports in justice related fields.

The program also offers and outstanding qualification for entry to the employment market and for promotional opportunities for those already employed, as it is demonstrated evidence of an ability to undertake major projects, to work independently, write advanced level reports and to analyse statistical data.

Entry Requirements
A Bachelor of Justice three-year degree or equivalent, with a grade point average of at least 5 (on a 7-point scale) in the final year of study. Applications would normally have completed the JSB273 Crime Research Methods unit (or equivalent) and JSB 976 Independent Study unit (or equivalent), which are offered in the Bachelor of Justice undergraduate program; However other qualifications, including work experience or involvement in research, may be deemed appropriate by the course coordinator.

Course Structure
The Bachelor of Justice (Honours) is a 96 credit-point course. Students complete four (4) prescribed units (48 credit points) and a dissertation (48 credit points). The dissertation calls for students to design, develop and implement a substantial research project. Students can pursue original lines of thought, formulate and test hypotheses, develop problem-solving strategies and make structured decisions. Students are expected to demonstrate high ethical standards, awareness of sociocultural and equity issues, and professional accountability. Students should contact the Honours Coordinator to discuss thesis and supervisor.

Articulation
The Bachelor of Justice (Honours) is excellent preparation for entry to higher degree programs ie. Master of Justice (Intelligence or Policing), Master of Justice (Advanced), Master of Justice (Research) or PhD.

### Overview

The Master of Justice (Intelligence) by Coursework provides postgraduate education in Intelligence. This course extends the scope of areas presented in the Graduate Certificate in Intelligence program to provide a complete foundation for intelligence professionals with careers in defence, policing, government and corporate organisations.

### Entry Requirements

Entry requirements for the Master of Justice (Intelligence):
- Bachelor of Justice or equivalent with Honours and a GPA of at least 5 on a 7 point scale or;
- an approved 4 year undergraduate degree in an appropriate field or;
- an appropriate Graduate Certificate with a GPA of 5 or above or;
- approved equivalent professional experience in combination with relevant training and skills.

### Notes for International Students

Subject to final approval, International students may be able to study this course in the External 0n-line mode in their home country. This course is not available to full-time international students wishing to study this course in Australia as it is not available as an Internal offering.

### Course Requirements

The Master of Justice (Intelligence) consists of either (8) units totalling 96 credit points. Students must complete:
- Two (2) generic core units (24 credit points);
- Four (4) specialist Intelligence units (48 credit points) plus;
- Two (2) Elective units (24 credit points).

### Articulation to Master of Justice (Advanced)

Students who have successfully completed the Master of Justice (Intelligence or Policing) totalling 96 credit points with a GPA of 5.5 or above, will be eligible for the Master of Justice (Advanced). Students cannot enrol directly into the JS53 Advanced course unless demonstrating equivalent Masters level standing from an approved institution if not completed at QUT.

### Potentially Careers:

Customs Officer, Government Officer, Information Officer, Investigator, Police Officer (Australian Federal), Police Officer (State).
Master of Justice (Policing) (JS51)

Overview
The Master of Justice (Policing) by coursework will enable you to explore specific aspects of global and local criminal behaviour and to address selected strategies or to develop strategies for addressing some of the issues canvassed. The areas of criminal behaviour covered in this course are highly relevant to contemporary society and globalisation. You will have the flexibility to undertake areas of study specifically pertinent to your professional focus through independent study.

Entry Requirements
Entry criteria for the Master of Justice (Policing):
- Bachelor of Justice or equivalent with Honours and a GPA or at least 5 on a 7 point scale or;
- an approved 4 year undergraduate degree in an appropriate field or;
- an appropriate Graduate Certificate with a GPA of 5 or above or;
- approved equivalent professional experience.
Students may be eligible for academic credit for previous studies in relevant languages, information technology or geo-political sciences (up to 24 credit points).

Course Requirements
The Master of Justice (Policing) consists of eight (8) units totalling 96 credit points. Students must complete:
- Two (2) generic core units (24 credit points);
- Four (4) specialist policing units (48 credit points) plus;
- Two (2) elective units (24 credit points).

Articulation to Master of Justice (Advanced)
Students who have successfully completed the Master of Justice (Intelligence or Policing) totalling 96 credit points with a GPA 5.5 will be eligible for the Master of Justice (Advanced). Students cannot enrol directly into the JS53 Master of Justice (Advanced) unless demonstrating equivalent Masters level standing from an approved institution.

Master of Justice (Research) (JS52)

Year offered: 2009
Admissions: Yes
CRICOS code: 020310J
Course duration (full-time): 1 Year
Course duration (part-time): 2 Years
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)
International fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Total credit points: 96
Course coordinator: Associate Prof. Belinda Carpenter
Campus: Gardens Point

Overview
You can pursue advanced postgraduate research in law enforcement, justice administration, security and intelligence, and corrections and the community. You will develop your research and analytical skills, thus advancing your career possibilities.

Entry requirements
The following persons shall be eligible to apply for admission as a student for the degree:

1 A person who has completed the requirements for the degree of Bachelor of Justice (Honours) of QUT, or
3 A person who has completed a qualification that is deemed equivalent and possesses appropriate research skills or substantial professional experience in the proposed field of research as deemed appropriate by the Course Coordinator, or
4 A person who has professional publications, etc that the Course Coordinator and the Faculty Research Committee accept as proof of a student's advanced knowledge and research ability in the proposed field of research.

Course Structure
The content value of the course is set at 96 credit points. Students will undertake applied research on an approved topic, which involves both an appropriate theoretical perspective and a specific orientation to professional practice and application. The thesis that students submit for their degree should be not less than 50,000 words and should constitute a substantial contribution to knowledge and understanding in criminology, law enforcement, intelligence and security, corrections and the community, or legal and justice policy.

Master of Justice (Advanced)  
Intelligence/Policing (JS53)

Year offered: 2009  
Admissions: Yes  
CRICOS code: Not required  
Course duration (part-time): 1 year part time  
Course duration (external): 1 year external/part time  
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester  
Domestic Entry: February and July  
International Entry: February and July  
QTAC code: Not applicable  
Total credit points: 48  
Standard credit points per part-time semester: 24  
Course coordinator: Associate Professor Belinda Carpenter  
Discipline coordinator: Dr Nic Chantler (Intelligence), Dr Colin Thorne (Policing)  
Campus: External

Overview
The Master of Justice (Advanced) provides a higher level postgraduate qualification by building on from the Master of Justice (Intelligence or Policing). With a further year of part-time study students may complete an advanced research oriented Master of Justice (Advanced). This involves undertaking a work-based thesis or supervisor supported project which enhances research analysis skills. Topics are self selected in consultation with the academic supervisor and, if relevant, the student's employer. Completion of the Master of Justice (Advanced) degree will enable articulation to a PhD or Doctor of Juridical Science research degrees.

Entry Requirements
Students will only be eligible for the Master of Justice (Advanced) if they have received a GPA of 5.5 or above for 96 credit points of postgraduate level study.

Articulation
Completion of the Master of Justice (Advanced) will enable articulation to PhD or Doctor of Juridical Science research degrees.

### Potential Careers:
Barrister, Crown Law Officer, In-House Lawyer, Solicitor.
Bachelor of Laws (LW33)

Year offered: 2009
Admissions: No
CRICOS code: 003486D
Course duration (full-time): 4 Years
Course duration (part-time): 6 Years
Course duration (external): 6 Years
Domestic fees (indicative): 2009: CSP $4,339 (indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
QTAC code: 417601 internal; 417605 external.
Past rank cut-off: 90
Past OP cut-off: 6
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Director, Undergraduate Programs Phone: 3138 2707
Campus: Gardens Point and External

OP Guarantee
The OP Guarantee does not apply to this program.

Distance Education (External) Special Entry Requirements
Entry to the distance education (external) mode of the course is restricted to students who reside in Australia outside the Brisbane City Council boundaries.

Students who reside within the Brisbane City Council may be considered under exceptional circumstances. A covering letter outlining your exceptional circumstances claim with supporting documentation must accompany your admission application form.

Other Course Requirements
It is a requirement that distance education students participate in two three-day attendance schools per year in addition to the orientation attendance school for commencing students only. The attendance schools are an integral component of the distance education course and are compulsory. When undertaking the course via distance education, it is the students responsibility to ensure they have access to a suitable law library.

Graduate Entry
A graduate of any non-Law degree completed within the last 10 years is eligible for the Graduate Entry accelerated program which is normally completed in three years full-time or five years part-time/external.

Applicants with degrees (or equivalent) completed more than 10 years ago must provide evidence of graduate work experience and/or further studies since course completion with their QTAC application to receive further consideration.

QTAC students are not required to submit an Application for Academic Credit as this will be automatically awarded by QUT Admissions after offer and prior to the start of classes.

Mid-Year Entry
Mid-year full-time entry students should note that there are two compulsory units in the summer semester. Students can alter this structure but should consult with the Law School prior to doing so.

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as a questionnaire, portfolio, audition, prior study and/or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Course structure - Full-time Program

Year 1 Semester 1
The Law School is currently reviewing this course structure to continue to meet the needs of students and employers. As a result this program may change in 2009 and is subject to final approval.

Distance Education (External) Special Entry Requirements
Entry to the distance education (external) mode of the course is restricted to students who reside in Australia outside the Brisbane City Council boundaries.

Students who reside within the Brisbane City Council may be considered under exceptional circumstances. A covering letter outlining your exceptional circumstances claim with supporting documentation must accompany your admission application form.

Other Course Requirements
It is a requirement that distance education students participate in two three-day attendance schools per year in addition to the orientation attendance school for commencing students only. The attendance schools are an integral component of the distance education course and are compulsory. When undertaking the course via distance education, it is the students responsibility to ensure they have access to a suitable law library.

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Career Outcomes
The defining nature of the QUT Bachelor of Laws is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the LLB the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career opportunities include private practice as a barrister and/or solicitor; work in government departments; employment as an in-house lawyer; and a range of other occupations.

International Fees (per semester): 2009: $9,600 (indicative) per semester *(subject to annual review)*
Domestic Entry: February and July (PT only)
International Entry: February
QTAC code: 417651 internal; 417655 external
Past rank cut-off: 91
Assumed knowledge: English (4 SA)
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24 (years 1, 4 and 5), 36 (2 and 3)
Course coordinator: Dr Bill Dixon
Campus: Gardens Point and External

OP Guarantee
The OP Guarantee does not apply to this program.

Entry Requirements
Applicants must have completed a three year Bachelor's Degree from an approved University.

Students who are admitted to the graduate entry program will automatically receive one year of advanced standing which will allow the student to complete the degree in three years full-time.

Distance Education (External) Special Entry Requirements
Entry to the distance education (external) mode of the course is restricted to students who reside in Australia outside the Brisbane City Council boundaries.

Students who reside within the Brisbane City Council may be considered under exceptional circumstances. A covering letter outlining your exceptional circumstances claim with supporting documentation must accompany your admission application form.

Other Course Requirements
It is a requirement that distance education students participate in two three-day attendance schools per year in addition to the orientation attendance school for commencing students only. The attendance schools are an integral component of the distance education course and are compulsory. When undertaking the course via distance education, it is the students responsibility to ensure they have access to a suitable law library.

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Career Outcomes
The defining nature of the QUT Bachelor of Laws (Graduate Entry) is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the LLB the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career opportunities include private practice as a barrister and/or solicitor; work in government departments; employment as an in-house lawyer; and a range of other occupations.

Full-Time course structure

Year 1, Semester 1
- LWB136 Contracts A
- LWB145 Legal Foundations A
- LWB147 Torts A
- LWB238 Fundamentals of Criminal Law

Year 1, Semester 2
- LWB137 Contracts B
- LWB146 Legal Foundations B
- LWB148 Torts B
- LWB239 Criminal Responsibility

Year 2, Semester 1
- LWB240 Principles of Equity
- LWB242 Constitutional Law
- LWB243 Property Law A
  - Law Elective

Year 2, Semester 2
- LWB241 Trusts
- LWB244 Property Law B
  - Law Elective
  - Law Elective

Year 3, Semester 1
- LWB335 Administrative Law
- LWB431 Civil Procedure

Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 54
Course coordinator: Assoc Prof Geoff Dean (Justice), Dr. William Dixon Director - Undergraduate Programs (Law)
Campus: Gardens Point

OP Guarantee
The OP Guarantee does not apply to this program.

Unit offerings
Units in this course are offered in either Internal or External mode of delivery. All internal units are offered at Gardens Point campus.

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Solicitors' Admission Rules and Barristers' Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practice as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Course Overview
Students study a combination of Justice and Law units in the first three years of the course, whilst the final two years are devoted to the study of Law units only. In the Bachelor of Justice component of the course, 18 units in total, students are required to complete a suite of core units and to select a Primary major (6 units) from one of the following fields: Criminology & Policing

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

For Further Information Contact
School of Justice phone: (07) 3138 7132; fax: (07) 3138 7123; email: lawjs_enquiries@qut.edu.au Law School phone: (07) 3138 2707; fax: (07) 3138 1775; email: law_enquires@qut.edu.au

Past OP cut-off: 6
OP Guarantee: Yes
Assumed knowledge: English (4, SA)
Preparatory studies: ENGLISH: Successful completion of a year of full-time vocational or tertiary study. Information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 54
Course coordinator: Assoc Prof Geoff Dean (Justice) Dr William Dixon Dire
Campus: Gardens Point

OP Guarantee
The OP Guarantee does not apply to this program.

Unit Offerings
Units in this course are offered in either Internal or External mode of delivery. All Internal units are offered at Gardens Point campus.

Professional Recognition
The QUT Bachelor of Laws course is an approved degree for the purposes of the Solicitors' Admission Rules and Barristers' Admission Rules. Accordingly, it enables guarantee to satisfy the academic requirements for admission to practice as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Course Overview
Students study a combination of Justice and Law units in the first three years of the course, with the balance of units devoted to Law units only. In the Bachelor of Justice component of the course, 16 units in total, students are required to complete a suite of core units and select a Primary Major (6 units) from one of the following: Criminology, Policing.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admissions requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

- Standard credit points per part-time semester: 12
Course coordinator: Assistant Dean, Research
Campus: Gardens Point

Award
The SJD will be awarded subject to the Faculty of Law Academic Board receiving:

(i) a certificate of satisfactory completion of the candidate's approved course of study signed by the Principal Supervisor and the Assistant Dean, Research;

(ii) a declaration signed by the candidate that he/she has not been a candidate for another tertiary award during the tenure of his/her SJD candidature;

(iii) a declaration signed by the candidate stating original authorship of a thesis;

(iv) a certificate signed by the Principal Supervisor, and Assistant Dean, Research stating that the candidate has satisfactorily completed the examination process, including completing any revisions or re-examination required by the external examiners; and

(v) one final bound copy of the thesis in the prescribed format.

For the purposes of these Rules the Assistant Dean, Research acts as the delegate of the Dean, Faculty of Law and Faculty of Law Research Committee acts as the delegate of the Law Academic Board.

1. Entry Requirements
1.1 The Faculty of Law Research Committee may admit to candidature an applicant who:

(i) holds or has completed the requirements of the degree of
(a) Master of Laws by Coursework or (b) Master of Justice by Coursework with a grade point average of at least 5.5 on a 7 point scale at the Queensland University of Technology or its equivalent from another institution which, in the opinion of the Assistant Dean, Research, maintains standards comparable with those required for the award of the degree of Master of Laws or Master of Justice by Coursework at the Queensland University of Technology;
and, an applicant must also satisfy the following:

(ii) have a minimum of two years professional experience appropriate to the proposed course of study;
(iii) demonstrate a level of research experience and potential which is deemed acceptable to the Assistant Dean, Research, for example, by the publication of articles in refereed research journals; and
(iv) demonstrate a sufficient command of the English language to complete the proposed course of study in that language.

Overview
As an experienced legal professional, you will follow a program of applied research that relates directly to your professional and educational needs.

Course Structure
The value of the course is set at 192 credit points, a dissertation of 60,000 to 70,000 words. Students must complete or have completed LWN048 Advanced Legal Research (or equivalent) as a requirement of this course.

Further Information

Fax +61 7 3138 4253
e-mail: law.research@qut.edu.au

2. Application Procedure
2.1 An application for admission shall be made on the prescribed form (PR/FR Form) which shall involve a two-stage process.

2.2 Stage 1 of the application process must include:
* the completion of the PR Form for admission (if the applicant holds citizenship or permanent residency in Australia or New Zealand);
* the completion of the FR Form for admission (if the applicant is an international candidate);
* a certified copy of the results of the degree relied upon for admission;
* personal data;
* details of relevant research experience. (In the case of a candidate relying upon a Master of Laws by Coursework for admission, this criterion may be satisfied if the student demonstrates that they have completed the unit Advanced Legal Research at a grade of 5 or above at the Queensland University of Technology or some equivalent unit from a comparable institution during the course of their masters studies or can demonstrate other relevant research experience, eg by publication. In the case of a candidate relying upon a Master of Arts (Justice Studies) for admission, the candidate shall demonstrate that she or he has undertaken either a unit in that course or as part of the requirements for the completion of a Bachelor of Justice Studies (Honours) a unit in the area of research methodology at a grade of 5 or above or some equivalent unit from a comparable institution during the course of Masters studies or can demonstrate relevant research experience, eg by publication). Where an applicant cannot satisfy this criteria by way of completion of an advanced
research unit or publications as set out above, the applicant will be required to undertake the unit Advanced Legal Research or Advanced Information Retrieval Skills or an equivalent unit from a comparable institution during their candidature; and
* a brief outline (200-300 words) of the project to be undertaken;
* details of relevant professional experience and
* any other information the candidate considers relevant in support of the application.

2.3 Where a candidate’s qualification for admission is other than a Master of Laws from the Queensland University of Technology, or an equivalent degree, the candidate must undertake research in a field of criminology or other area of Justice Studies approved by the Assistant Dean (Research).

2.4 The application is to be approved by the Faculty Research Committee which will determine whether the applicant meets the criteria for admission or, if deficiencies exist, identify them and how they might be remedied.

2.5 Candidature shall be deemed to have commenced on the date of admission being the date stipulated in the Confirmation of Enrolment.

2.6 Within two months of commencement for full-time students (up to four months for part-time and international candidates) and after consultation with appointed supervisors, the candidate must complete and submit the Stage 2 application form (SJD2) setting out:
* the proposed title of the thesis;
* the objectives of the program of research and investigation;
* an outline of the proposed research;
* the research methods and plan;
* the relationship of the study to previous work in the same field by the candidate and others;
* a preliminary literature review;
* a substantial bibliography;
* a timeline for the completion of the research;
* a research ethics review checklist;
* the names of proposed supervisors, their qualifications and experience with relevant publications; and
* an Intellectual Property Agreement (if required).

2.7 The second stage application must be submitted to the Assistant Dean, Research for approval by the Faculty Research Committee.

2.8 If the Stage 2 application is not submitted within the time specified, the Assistant Dean, Research may, on the advice of the Faculty Research Committee and the Principal Supervisor, terminate the candidature. In exceptional cases, upon a written request stating reasons for delay, an extension of up to a further one month for full-time candidates or two months for part-time candidates may be granted to meet the requirements of Stage 2.

2.9 The Faculty Research Committee shall, as part of the approval of the Stage 2 process, confirm:
* the proposed topic of research is consistent with the aims of the School; and
* the Head of School is willing and able to provide appropriate accommodation, facilities and financial resources necessary for the proposed study for the duration of candidature.

2.10 Upon approval by the Faculty Research Committee of the Stage 2 Application the applicant will be admitted to candidature and the appointment of the supervisors shall be confirmed.

3. Studies During Candidature
A candidate for the degree of SJD is required to successfully complete a planned research program that should result in a notable contribution to professional knowledge and practice in the field of study. This contribution may be in the form of new knowledge in practice, or of significant and original adaptation, application and interpretation of existing knowledge and practice.

3.1 The candidate will pursue a thesis in accordance with Rule 10.

3.2 The planned research program will normally include
* participation in university scholarly activity such as research seminars, teaching and publication;
* regular interaction with supervisors; and
* a program of supervised research and investigation.

3.3 The course of study must enable a candidate to acquire competence in relevant methods of research and scholarship relating to the subject of the proposed investigation and to demonstrate sustained independent research effort.

3.4 The Faculty of Law Research Committee may on the recommendation of the Assistant Dean, Research, approve a variation in the candidate’s course of study and research; an application for variation must be supported in writing by the Principal Supervisor.

4. Articulation
4.1 The Doctor of Juridical Science will fully articulate with the Master of Laws (Research) and Master of Justice (Research).

5. Period of Time for Completion of Program
5.1 The expected period of candidature is:
* Full-time candidates: two years from date of commencement;
* Part-time candidates: four years from date of commencement;

5.2 The maximum period of candidature is:
* Full-time candidates: four years from date of commencement;
* Part-time candidates _ eight years from date of commencement;

5.3 The candidate may change from full-time to part-time candidature or vice versa by making application on a prescribed form through the office of the Assistant Dean, Research. International students studying on student visas
are unable to alter their mode of study from full-time.

5.4 A candidate who does not expect to submit his/her thesis by the maximum candidature date must apply for an extension of time on the prescribed form through the Assistant Dean, Research, for consideration by the Faculty Research Committee. The application must include the reasons for the delay, written endorsement of the request for extension by the Principal Supervisor and a revised timeline for completion. Applications for extensions will not normally be considered by the Faculty Research Committee unless the reasons for the delays have been documented in previous progress/supervisor reports. Extensions will only be given in exceptional circumstances. Minor breakdown of computer equipment or absence of a Principal Supervisor are not usually considered exceptional.

6. Leave of Absence

6.1 Application must be made on the prescribed form through the Assistant Dean, Research. The application must include reasons for the leave of absence, the written endorsement of the Principal Supervisor and the start and finish dates for the period of leave. If the leave is approved, the duration of the specified time will be added to the submission dates of the candidature. International students studying on student visas are not normally permitted to take leave of absence unless there are exceptional circumstances, eg bereavement. International students should consult the Assistant Dean, Research, and the QUT International Office if a period of leave is required.

6.2 The maximum period of leave of absence for which a candidate may be given approval (for any reasons) is twelve months for a full-time candidate and twenty-four months for a part-time candidate.

7. Supervision

7.1 Supervision shall be conducted according to the QUT Code of Good Practice for Postgraduate Research Studies and Supervision (MOPP Appendix 9).

7.2 A Principal Supervisor from QUT and Associate Supervisor/s shall be appointed.

7.3 The Principal Supervisor has responsibility for supervising a candidate and must be a current member of the QUT staff or an emeritus professor of QUT still active in research. The Principal Supervisor shall normally have undertaken successful supervision of research degree candidates, and shall have an established research record in the area of the proposed project.

7.4 The Associate Supervisor/s may be a member of the QUT staff and must possess appropriate expertise in the research field and would normally be a person who has undertaken successful supervision of research degree candidates.

7.5 Where the Principal Supervisor is absent from QUT for a period of three consecutive months or longer during the period of candidature, the Associate Supervisor (if that person is a QUT staff member) will normally become the Acting Principal Supervisor for that period.

7.6 If the Principal Supervisor leaves the staff of QUT, the QUT Associate Supervisor will normally fill the role of Acting Principal Supervisor immediately until a new Principal Supervisor is appointed by the Faculty Research Committee in consultation with the candidate. The formal appointment of a new Principal Supervisor must be made within three months of the original Principal Supervisor's departure.

8. Confirmation of Candidature

8.1 Within six months of commencement for full-time candidates and twelve months for part-time candidates, the candidate shall present (in consultation with his/her supervisors) a plan of the research program for the remainder of the candidature and report of the work done to that tie. The confirmation report form shall incorporate a substantial literature review and shall provide evidence of the research capacity of the candidate including the rate of progress to date. The plan shall include details of: - the title of the thesis; - evidence of the research capacity of the candidate including the rate of progress to this point; - the nature of participation in scholarly activities of the university, centre, or faculty in which the study is being undertaken; - the objectives of the program of research and investigation; - an outline of thesis structure; - a substantial literature review; - the research methods to be followed; and - a time-line for completion of the research program.

8.2 The candidate shall present the confirmation report and details of the research program at a Confirmation Seminar open to the public.

8.3 A candidate who is not able to complete a Confirmation of Candidature within the timeframe required must apply for an extension at least one month in advance of that deadline through the Assistant Dean, Research. A maximum of three months extension may be granted.

8.4 A Review Panel shall review the candidate's progress and planned research program and shall make recommendations to the Faculty Research Committee. These recommendations shall include: - An appraisal of the candidate’s progress and suitability for continuation of the program; - Documents prepared by the candidate; - A statement that the research program is of a standard required for an SJD; - A statement of whether the studies continue to be within the aims and objectives and physical and human resources of the Centre; and - A report on the candidate’s seminar.

8.5 The Faculty Research Committee will, if satisfied: - Confirm the candidature and notify the candidate; or - May require changes to the planned research program; or - If the recommendation is not to confirm the candidature, the candidate is placed under review for three months. At the end of the review period the Assistant Dean, Research, must advise the Faculty Research Committee whether the
9. Reporting

9.1 The Principal Supervisor and candidate are required to report to the Research Degrees Committee annually, by 30 September, and an interim report is required by the Faculty by 30 April, reporting on the candidate's progress and future plans. Reports shall be completed using the prescribed form and submitted through the Law Faculty for consideration by the Research Degrees Committee.

9.2 Where a candidate's progress is deemed satisfactory, the Research Degrees Committee shall approve the continuation of the candidature.

9.3 Where the progress is deemed unsatisfactory, in the Confirmation of Candidature, QUT Annual Report or other Faculty interim report, the Research Degrees Committee, on advice from the Faculty Research Committee will normally place a candidate under review for a period of up to three months from the date that the candidate is advised in writing of the decision. The candidate will be advised of the required remedial action to be followed taking into account the advice provided by the Principal Supervisor and the Faculty Research Committee.

9.4 A report on the action taken to resolve the deficiencies in the program must be made to the Faculty Research Committee and the Research Degrees Committee may then approve continuation of candidature if these deficiencies have been redressed and progress is again satisfactory.

9.5 If progress is still unsatisfactory after the review period, the Research Degrees Committee, on the advice of the Faculty Research Committee shall ask the candidate to show cause in writing why the enrolment shall not be terminated.

9.6 When a candidate's progress has been reported as unsatisfactory in any two consecutive reports during candidature, the Research Degrees Committee shall ask the candidate to show cause in writing why the enrolment of the candidate shall not be terminated.

9.7 If a candidate fails to submit an annual report through their Principal Supervisor to the Research Degrees Committee by the due date without applying, in writing, for an extension two weeks prior to the due date, the Research Degrees Committee may ask the candidate to show cause why the enrolment of the candidate should not be terminated.

9.8 If the candidate does not show cause why the enrolment shall not be terminated, the Research Degrees Committee may terminate the candidate's enrolment.

10. Thesis Guidelines

10.1 The thesis must be presented in accordance with the requirements of the University, including any accompanying declarations and in accordance with Appendix 9 of the Manual of Policies and Procedures _ Requirements for Presenting Theses (MOPP 9.13). The main body of the text should be between 60,000 and 70,000 words.

10.2 The thesis must be presented in the English language.

10.3 A candidate may submit with the thesis other kinds of relevant material (such as films, audio tape recordings, video tape recordings, CD-ROMS, software programs etc) which shall be accompanied by evidence of the extent to which the candidate has been responsible for their preparation.

10.4 An SJD degree may not be awarded on the basis of the submission of published papers.

10.5 A candidate’s name will not be placed on the graduation list until the final copies of the thesis (one bound and one electronic) are received in the Research Student Centre, Office of Research. These copies shall be in the prescribed form as set out in the University Requirements for Presenting Theses and be provided at the candidate's expense. An additional copy shall be bound at the Faculty's expense for inclusion in the Faculty Office collection. Any corrections resulting from the examiners’ assessment shall be made prior to binding, and by retyping if they would otherwise be obtrusive.

10.6 When these final copies of the thesis have been lodged with the Research Student Centre the names of examiners will be released to the candidate upon request, providing that the examiner has not indicated otherwise.

Master of Laws (LW51)

Year offered: 2009
Admissions: Yes
CRICOS code: 006380A
Course duration (full-time): 1 Year
Course duration (part-time): 2 Years
Domestic fees (indicative): 2009: Full fee tuition $8,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Director, Graduate Programs
Campus: Gardens Point

Overview
The Master of Laws by Coursework will deepen and broaden your legal learning, developing your critical evaluation of the law and consideration and analysis of the attitudes and values underlying it. During the course, you are expected to attain high level competence in legal research and writing on areas of conceptual difficulty. The course leads on to the Doctor of Juridical Science (subject to normal entry requirements).

Entry Requirements
Prospective students must have:
(i) completed the requirements for the degree of Bachelor of Laws of QUT;
OR
(ii) have completed the requirements for the award of a degree in law at another tertiary institution which, in the opinion of the Director, Graduate Programs, maintains standards comparable with those required for the award of the degree of Bachelor of Laws at QUT;
OR
(iii) hold a professional qualification in law and have at least three years of professional legal experience after first admission to practice and also satisfy the Director, Graduate Programs, that they have the requisite ability to complete the Master of Laws by Coursework degree.

In exceptional circumstances, an applicant who does not otherwise satisfy the normal entry requirements will be eligible for entry into the Master of Laws by Coursework degree in a specialist stream if he or she:
(i) has completed a Graduate Certificate in Law in a specialist stream
AND
(ii) has significant professional experience in the field of the Graduate Certificate in Law already completed;
AND
(iii) has achieved a grade point average of 5.5 in the units already completed for the Graduate Certificate in Law and whose course is approved by the Director, Graduate Programs.

Course Structure
The course structure comprises 96 credit points (8 units) of coursework units. This can be achieved in one of two ways:

1. Students may nominate a major from the list below and choose units to the value of at least 72 credit points (6 units) from that particular major. The remaining 24 credit points (2 units) can be chosen from any unit not included in the nominated major, including units listed under "additional units";
2. Students may complete a generic degree by choosing all 96 credit points (8 units) from any of the majors.

Majors available:
Commercial Law, Environmental Resources Law, Health Law, Public Law, Technology Law, Intellectual Property Law

NOTE: International students are normally only able to graduate with a generic degree.

Articulation
This course articulates with the Doctor of Juridical Science (SJD).

Advanced Standing
Graduates of QUT's Graduate Diploma in Legal Practice (LP41), who graduated from courses run in and from 2000 until the end of 2008, are entitled to 48 credit points of unspecified credit in the LW51 Master of Laws course, if they enrol in LW51 by second semester 2010.

Graduates of QUT's Graduate Diploma in Legal Practice before 2000 or after 2008 are eligible for up to 24 credit points of unspecified credit towards the Master of Laws course.

Graduates of other Australian university-based practical legal training courses that lead to an award of a Graduate Diploma in Legal Practice are entitled to 12 credit points of unspecified credit.

Persons who have successfully completed the Queensland Law Society accredited specialist assessment and are Queensland Law Society Accredited Specialists are entitled to 12 credit points of unspecified credit when they enrol in the Master of Laws course.

Unit Information
Not all units are available in any one year. Generally, postgraduate law units are offered on a two year rotational basis, and are offered subject to staff availability and minimum enrolments being met.

Units may be offered in intensive, internal or internal and external mode of study.
Note: Units offered in external mode are not available for off-shore study. Students who wish to enrol in units externally must be living in Australia. Only a small number of units are offered on an external basis each year.

*International students on student visas are able to enrol in
a combination of intensive, external and internal units each semester. (This is subject to approval)

The degree may contain up to 48 credit points in independent research projects, as approved by the Director, Graduate Programs.

The course rules allows students to undertake a limited number of approved units from other schools at QUT or from other universities (subject to meeting credit rules for the LLM).

Course structure

Students must undertake a total of 96 credit points (8 units). This can be achieved in 1 of 2 ways:

OPTION 1 Students may nominate a major from the list below and choose units to the value of at least 72 credit points (6 units) from that particular major. The remaining 24 credit points (2 units) may be chosen from any unit not included in the nominated major, including units listed under "additional units"; OR

OPTION 2 Students may complete a generic degree by choosing all 96 credit points (8 units) from any of the majors.

Note: International students may normally only be able to undertake a generic degree.

List of Majors available:

Commercial Law
LWN022 Banking and Finance Law
LWN025 Research Project 1A
LWN036 Select Issues in Intellectual Property Law
LWN048 Advanced Legal Research
LWN050 Restrictive Trade Practices Law

*NOTE:* LWN048 Advanced Legal Research is strongly recommended for international students and domestic students without an LLB.

LWN162 Australian Common Law System is a compulsory unit for all international students.

The units listed within all majors may be subject to change.

### Schedule of Units

Not all units are offered in any one year.

For a schedule of unit offerings for 2009: please refer to http://www.law.qut.edu.au/study/courses/pgrad/periodmode.jsp

### Potential Careers:

Academic, Actuary, Barrister, Crown Law Officer, Educator, Government Officer, Solicitor.
Master of Laws (Research) (LW52)

Year offered: 2009
Admissions: Yes
CRICOS code: 012654G
Course duration (full-time): 1 Year
Course duration (part-time): 2 Years
Domestic fees (indicative): $11,250 per semester (subject to annual review)
International Fees (per semester): $6,720 per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Assistant Dean (Research)
Campus: Gardens Point

2. Entry Requirements

The following persons shall be eligible to apply for admission as a student for the degree:

2.1 A person who has completed the requirements for the degree of Bachelor of Laws of QUT with at least Second Class Honours Division A, or its equivalent from another institution which, in the opinion of the Assistant Dean, Research, maintains standards comparable with those required for the award of the degree of Bachelor of Laws of QUT, or

2.1.1 A person who has completed the requirements for the degree of Bachelor of Laws of QUT at a standard of Second Class Honours Division B or a lesser standard, or its equivalent from another institution which, in the opinion of the Assistant Dean, Research, maintains standards comparable with those required for the award of the degree of Bachelor of Laws of QUT, or

2.1.2 A person admitted or entitled to be admitted to the degree of Bachelor of Laws of QUT, or

2.2 Candidates falling within sub-clauses 2.1.1 and 2.1.2 must also satisfy the following to be eligible for admission:

2.2.1 Three years' professional experience in the field in which the proposed research work is to be undertaken, or

2.2.2 Satisfactory completion of an appropriate Masters qualifying program stipulated by the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee. Pending satisfactory completion of a qualifying program, provisional status may be granted to the candidate, or

2.2.3 The submission of professional publications or other appropriate evidence which satisfies the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee that advanced knowledge and research ability has been acquired in the field of law in which the proposed research work is to be undertaken, and

2.2.4 The Assistant Dean, Research is satisfied of the ability of the candidate to complete the required research and thesis towards the degree.

3. Admissions and Enrolment

3.1 An application for admission shall be made on the prescribed form:

(i) The Postgraduate Research application form (PR Form) (if the applicant holds citizenship or permanent residency in Australia or New Zealand); or

(ii) The Foreign Research application form (FR Form) (if the applicant is an international candidate).

3.2 Admission of a person as a candidate for the degree shall be at the discretion of the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee.

3.3 A person applying for admission as a candidate for the degree shall apply in accordance with the requirements of the Registrar and shall pay all prescribed fees.

3.4 A person admitted as a candidate may enrol as either a full-time student or a part-time student. International students studying in Australia on student visas may only enrol in full-time programs.

4. Progress Reports

4.1 The Principal Supervisor and candidate are required to complete a QUT Annual Report, completed online via QUT Virtual and due on 30 September as well as an informal report to the Assistant Dean Research by 30 April.

4.2 Where the candidate's progress is deemed satisfactory, the Research Degrees Committee shall approve continuation of candidature.

4.3 Where progress is deemed unsatisfactory, the Research Degrees Committee, on advice from the Faculty Research Committee, will normally place the candidate under review for a period of up to three months from the date that the candidate is advised in writing of the decision. The Research Degrees Committee will inform the candidate of the required remedial action to be followed taking account of the advice provided by the Principal Supervisor and the Faculty.

4.4 A report on the action taken to resolve the deficiencies in the program must be made to the Faculty Research Committee and the Research Degrees Committee may then approve continuation of candidature if these deficiencies have been redressed and progress is again satisfactory.

4.5 If progress is still unsatisfactory after the Review Period, the Research Degrees Committee, on advice from the Faculty Research Committee, will ask the candidate to show cause why the enrolment of the candidate should not be terminated.

4.6 If a candidate fails to submit an annual report through their Principal Supervisor to Research Degrees Committee by the due date without applying, for an extension on the prescribed form two weeks prior to the due date, the Research Degrees Committee may ask the candidate to show cause why the enrolment of the candidate should not be terminated.

4.7 Upon failure of the candidate to show cause the candidate's enrolment will be terminated.

5. Thesis Requirements

5.1 The thesis submitted for the degree shall be not less than 50,000 words and not more than 60,000 words in length and shall constitute a substantial contribution to knowledge and understanding in the area of the law and subject of the research. It shall include a title page, table of...
Research will consult with the Principal Supervisor to accepted (recommendations (i) or (iii)), the Assistant Dean, Where both examiners recommend that the thesis be examination process is complete the identity of the examiners will be withheld from the candidate.)

Examiners in Agreement
Where both examiners recommend that the thesis be accepted (recommendations (i) or (iii)), the Assistant Dean, Research will forward them to the Assistant Dean, Research in the year in which receipt of the thesis, whether in the examiner’s opinion, the candidate’s work alone, except where due acknowledgment is made in the text, and does not include material which has been previously submitted or accepted for a degree or diploma.

5.3 A candidate shall submit three copies of the thesis in the form prescribed by the University for the submission of theses to the Assistant Dean, Research in the year in which the candidate is required to complete the degree. On submission of the thesis, the candidate shall furnish a written statement to the effect that the thesis is that candidate’s work alone, except where due acknowledgment is made in the text, and does not include material which has been previously submitted or accepted for a degree or diploma.

5.4 The Principal Supervisor shall recommend to the Faculty Research Committee the names of two examiners for the thesis, at least one of whom must be external to the University and neither of whom are the candidate’s supervisor.

5.5 The Law Faculty Research Committee, through the Office of Research, shall refer the thesis to two examiners. Each examiner shall report, normally within two months of receipt of the thesis, whether in the examiner’s opinion, the thesis is of the standard required for the award of the LLM (Research) degree.

Examiners not in Agreement
Where the recommendations of the examiners are not in agreement as to whether the thesis should be accepted for the award of LLM(Research) or as to whether the thesis may be revised, the Law Faculty Research Committee will refer the thesis to a third examiner.

Appeals
A candidate whose thesis has failed may lodge an appeal against the outcome of the examination process. The grounds for appeal may be on matters of process only, ie procedural irregularities in the conduct of the examination or documented evidence of examiner bias as evidenced by comments in the examiners reports.

An appeal must be lodged within sixty (60) days of the date of written advice from the Office of Research on the outcome of the examination. This appeal must include the specific grounds on which the appeal is based. Appeals must be submitted in writing to the Office of the Pro-Vice-Chancellor (Research and Advancement). The Director, Postgraduate Research Studies, will determine whether a potential conflict of interest exists in relation to his/her consideration of the appeal. In cases where a conflict of interest exists, the Director, Postgraduate Research Studies, will appoint a member of academic staff, with expertise in research candidate supervision to consider the appeal.

The Director, Postgraduate Research Studies, or appointee will decide whether a case exists and may seek the advice of the Faculty or school as appropriate. The appeal may be allowed or dismissed. If an appeal is allowed, the Director, Postgraduate Research Studies, or appointee cannot recommend that the degree be awarded but shall recommend that the thesis be re-examined.

The Director, Postgraduate Research Studies, or appointee will make a determination on the appeal as soon as practicable and will advise appellants, in writing, of the result of the appeal.

5.9 Following final acceptance of the thesis, one bound copy and one electronic copy of the thesis must be
submitted to the Office of Research for inclusion in the QUT Faculty of Law Library. These copies shall be in the prescribed form as set out in the University Requirements for Presenting Theses and be provided at the candidate’s expense. An additional copy shall be bound at the Faculty’s expense for inclusion in the Faculty Office collection. Any corrections resulting from the examiners’ assessment shall be made prior to binding, and by retyping if they would otherwise be obtrusive.

Potential Careers:
Graduate Certificate in Law (LW60)

Year offered: 2009
Admissions: Yes
CRICOS code: 027286C

Course duration (full-time): 1 semester (Generic course and select majors only)
Course duration (part-time): 2 semesters

Domestic fees (indicative): 2009: Full fee tuition $8,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)

Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Director, Graduate Programs
Campus: Gardens Point

Overview

This Certificate course allows students to enhance their knowledge in particular areas of interest in the law. Students may select units from one of the eleven majors offered or may elect to complete the course without a major.

Entry Requirements

Prospective students must either:
(i) hold the degree of Bachelor of Laws from QUT or a comparable institution; OR
(ii) have a professional qualification in law and at least three years of professional legal experience after first admission to practice; OR
(iii) have a bachelor's degree in another discipline and professional experience which, in the opinion of the Director, Graduate Programs equips the student for postgraduate study in law in the field of the Graduate Certificate in Law in which he or she wishes to enrol.

Course Structure

Students must undertake a total of 48 credit points (4 units). This can be achieved in one of two ways:

1. Students may nominate a major from the list below and choose 48 credit points (4 units) from that particular major; OR
2. Students may complete a generic course by choosing the 48 credit points (4 units) from any major.

Majors:

NOTE: International students are normally only able to undertake a generic course.

Unit Information

Not all units are available in any one year. Generally, postgraduate units are offered on a two year rotational basis, and offered subject to staff availability and minimum enrolments being met.

Units may be offered in intensive, internal and external mode of study.
Note: Units offered in external mode are not available for off-shore study. Students who wish to enrol in units externally must be living in Australia. Only a small number of units are offered on an external basis each year.

*International students on student visas are able to enrol in a combination of intensive, external and internal units each semester. (This is subject to approval).

The course rules allows students to undertake a limited number of approved units from other schools at QUT or from other universities.

Articulation to the Master of Laws by Coursework

The Graduate Certificate in Law articulates into the Master of Laws (LW51) course.

A student who has successfully completed the Graduate Certificate in Law and who does not hold a Bachelor of Laws degree or equivalent, may be permitted to enter the Master of Laws course if he or she achieves a minimum GPA of 5.5 in the Graduate Certificate in Law, and has the approval of the Director of Graduate Programs.

* NOTES
LWN048 Advanced Legal Research is strongly recommended for international students and for domestic students without an LLB.
LWN162 Australian Common Law System is a compulsory unit for all international students to complete.
The units listed within all majors may be subject to change.

Schedule of Units
Not all units are offered in any one year.
For a schedule of unit offerings for 2009: please refer to http://www.law.qut.edu.au/study/courses/pgrad/periodmode.jsp

Potential Careers:
Academic, Actuary, Barrister, Solicitor.
Graduate Certificate in Legal Studies (LW65)

Year offered: 2009
Admissions: Yes
CRICOS code: 040307E
Course duration (full-time): 1 semester
Course duration (part-time): 2 semesters
Domestic fees (indicative): 2009: Full fee tuition $8,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Director, Graduate Programs
Campus: Gardens Point and External

Overview
For non-law graduates or professionals working in the legal sector, the Graduate Certificate in Legal Studies will help develop professional competencies, skills and knowledge. The course provides short, focused programs to upgrade qualifications, and may lead into the Graduate Diploma in Legal Studies. On completion of this course you should be able to contribute to your employer's practical services, organisation and policy making.

Entry Requirements
An appropriate undergraduate degree from a recognised tertiary institution or Professional experience that the Course Coordinator deems to be appropriate

Advanced Standing
Students who have previously undertaken undergraduate law units (equivalent to core units in LW65) at QUT may apply for a maximum of 24 credit points for these units towards the LW65 Graduate Certificate in Legal Studies

Course Structure
Students are required to undertake 4 units (48 credit points). These units are core units taken from the Bachelor of Laws (LW33) program.

External Students
Entry to the distance education (external) mode of the course is restricted to applicants who reside in Australia outside a 30 kilometre radius of the Gardens Point campus.

It is a requirement of that distance education students participate in two three-day attendance schools per year in addition to the commencing students orientation school. The attendance schools are an integral component of the distance education course and are compulsory. When undertaking the course via distance education, it is the students' responsibility to ensure they have access to a suitable law library.

Graduate Diploma in Legal Studies (LW70)

Year offered: 2009
Admissions: Yes
CRICOS code: 040318B
Course duration (full-time): 2 semesters
Course duration (part-time): 4 semesters
Domestic fees (indicative): 2009: Full fee tuition $8,000 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Director, Graduate Programs
Campus: Gardens Point and External

Overview
For non-law graduates or professionals working in the legal sector, the Graduate Diploma in Legal Studies will help develop your professional competencies, skills and knowledge. The course provides short, focused programs to upgrade qualifications. On completion of this course you should be able to contribute to your employer’s practical services, organisation and policy making.

Entry Requirements
An undergraduate degree in any discipline (other than Law) from a recognised tertiary institution granted with a grade point average (or equivalent) of at least 4.00 or professional experience that the Course Coordinator deems to be appropriate.

Advanced Standing
Students who have previously undertaken undergraduate law units (equivalent to units in LW70) at QUT may apply for a maximum of 48 credit points for these units towards the LW70 Graduate Diploma in Legal Studies.

Course Structure
Students must undertake 8 units (96 credit points). Of these, four elective units that carry a postgraduate unit code, are taken from the Bachelor of Laws course.

IX33 Bachelor of Business/Bachelor of Information Technology
IX37 Bachelor of Business / Bachelor of Mathematics
IX49 Bachelor of Arts/Bachelor of Information Technology
IX53 Bachelor of Information Technology/Bachelor of Laws
IX54 Bachelor of Engineering (Electrical)/Bachelor of Information Technology
IX55 Bachelor of Applied Science(Study Area A)/Bachelor of Information Technology
IX56 Bachelor of Creative Industries/Bachelor of Information Technology
IX57 Bachelor of Information Technology/Bachelor of Mathematics
IX58 Bachelor of Business (Study Area A)/ Bachelor of Information Technology
IX61 Bachelor of Corporate Systems Management/Bachelor of Justice
IX62 Bachelor of Business/Bachelor of Corporate Systems Management
IX63 Bachelor of Business/Bachelor of Games and Interactive Entertainment
IX64 Bachelor of Games and Interactive Entertainment/Bachelor of Mathematics
IX65 Bachelor of Applied Science/Bachelor of Games and Interactive Entertainment
IX69 Bachelor of Fine Arts (Interactive and Visual Design) / Bachelor of Information Technology
IX72 Bachelor of Applied Science / Bachelor of Laws
SC20 Bachelor of Applied Science/Bachelor of Mathematics

Honours
IT04 Bachelor of Games and Interactive Entertainment - Dean's Scholars Program
IT06 Bachelor of Corporate Systems Management - Dean's Scholars Program
IT22 Bachelor of Information Technology - Dean's Scholars Program
IT28 Bachelor of Information Technology (Honours)
IT29 Bachelor of Information Technology (Honours) - Accelerated Program
LS50 Bachelor of Biotechnology Innovation
SC01 + SC60 Bachelor of Applied Science & Bachelor of Applied Science (Honours) - Dean's Scholars Accelerated Honours Program
SC60 Bachelor of Applied Science (Honours)

Graduate Certificate
IT73 Graduate Certificate in Information Management (Library Studies)(refer to IT43)
IT74 Graduate Certificate in Information Management (Information and Knowledge Management)
IT75 Graduate Certificate in Information Management (Records Management)
IT76 Graduate Certificate in Information Management (Web Management)
IT85 Graduate Certificate in Information Technology
IT89 Graduate Certificate in Information Technology (Wireless Games Technology)
IT90 Graduate Certificate in Information Technology (Computer Networks)
IT92 Graduate Certificate in Information Technology (Information Security)
IT93 Graduate Certificate in Information Technology (Enterprise Wide Software)
IT94 Graduate Certificate in Information Technology (Electronic Commerce)
IT95 Graduate Certificate in Information Technology (Project)
IT97 Graduate Certificate in Information Technology (Generic)
IT98 Graduate Certificate in Information Technology (Multimedia)
IT99 Graduate Certificate in Information Technology (Component Software and Web Services)
IX97 Graduate Certificate in Research Commercialisation
LS66 Graduate Certificate in Biotechnology
MA65 Graduate Certificate in Mathematical Science
PH60 Graduate Certificate in Applied Science (Breast Ultrasound)
PH62 Graduate Certificate in Lighting (on-shore)
PH63 Graduate Certificate in Lighting (off-shore)

Graduate Diploma
IT35 Graduate Diploma in Information Technology (IT Graduates)
IT37 Graduate Diploma in Information Technology
IT38 Graduate Diploma in Information Technology (Non-IT Graduates)
LS76 Graduate Diploma in Biotechnology
MA75 Graduate Diploma in Mathematical Science
PH71 Graduate Diploma in Applied Science (Medical Physics)
PH71 Graduate Diploma in Applied Science (Medical Ultrasound)
PH72 Graduate Diploma in Lighting (on-shore)
PH73 Graduate Diploma in Lighting (off-shore)
PH75 Graduate Diploma in Cardiac Ultrasound
SC71 Graduate Diploma in Applied Science

Masters Degree (Coursework)
IF98 Master of Business Administration/Master of Information Technology 1
IT40 Master of Information Technology (IT Graduates)
IT43 Master of Information Technology
IT44 Master of Information Technology (Advanced)
IT45 Master of Information Technology (Non-IT Graduates)
IT48 Master of Information Technology (Advanced)
IT53 Master of Business Process Management
IT70 Master of Information Management(refer to IT43)
IT74 Graduate Certificate in Information Management (Information and Knowledge Management)
IT75 Graduate Certificate in Information Management (Records Management)
IT76 Graduate Certificate in Information Management (Web Management)
IX99 Master of Research and Development Management
LS86 Master of Biotechnology
LS96 Master of Biotechnology (Advanced)
MA85 Master of Mathematical Science
PH80 Master of Applied Science (Medical Physics)
PH80 Master of Applied Science (Medical Ultrasound)
PH82 Master of Lighting (on-shore)
PH83 Master of Lighting (off-shore)
PH85 Master of Cardiac Ultrasound

Masters Degree (Research)
IT60 Master of Information Technology (Research)
SC80 Master of Applied Science (Research)

Doctoral
IF49 Doctor of Philosophy (Information Technology)
IF49 Doctor of Philosophy (Mathematics)
IF49 Doctor of Philosophy (Science)
IT80 Doctor of Information Technology

University wide unit sets
- Unit sets: Accounting, Economics and Finance
- Unit sets: Advertising, Integrated Marketing Communication, Logistics, Marketing and Public Relations
- Unit sets: Built Environment and Design
- Unit sets: Creative Industries
- Unit sets: Engineering
- Unit sets: Entrepreneurship, Human Resource Management and Management
- Unit sets: Natural Resource Sciences
- Unit sets: Faculty of Health
- Unit sets: Information Technology
- Unit sets: International Business, Languages, and Tourism and Entertainment Marketing
- Unit sets: International Exchange
- Unit sets: International Studies
- Unit sets: Justice and the Law
- Unit sets: Mathematical Sciences
- Unit sets: Multimedia and Technologies
- Unit sets: Physical and Chemical Sciences
- Unit sets: Science
- Unit sets: Society and Culture
- Unit sets: Urban Development and Construction
OVERVIEW

Science and technology are the engines of growth and wellbeing in modern society, so if you want to have a rewarding and exciting career then get yourself a degree from the Faculty of Science and Technology at QUT.

Graduates with degrees from the Faculty can end up in diverse professions anywhere in the world and can work as pharmacists, radiation therapists, forensic scientists, biotechnologists, industrial chemists, games designers and developers, business analysts, software engineers, IT consultants, animators, film and television special effects developers, information managers, web developers, database managers or network administrators, to name just a few. We combine teaching excellence and ground-breaking research with strong industry links and a global perspective to give you the opportunity to help us change the world.

Academic learning is complemented by strong practical components, including: laboratory programs, industry internships and student projects undertaken jointly with industry. Students have the opportunity to engage in real-world activities appropriate to their discipline, for example clinical attachments in the medical science and technology fields, or best practice training in our CISCO networking academy.

Our courses combine sophisticated knowledge and professional competence with the development of skills in problem-solving, communication and team work. We frequently consult industry leaders to ensure our courses are world-class. First year students receive special attention and our graduates are among the most employable in the world.

The Faculty is active within all of QUT’s research institutes, including:

- Institute of Health and Biomedical Innovation
- Information Security Institute
- Institute for Creative Innovation: and
- Institute of Sustainable Resources.

We help to provide global solutions in the areas of Energy, Environment, Food, Health and Information Technology.

Our researchers and lecturers are internationally renowned for their achievements in science and technology. With our first class facilities and diverse fields of study you’ll find the ideal environment to advance your educational, professional, and research goals.

The Faculty of Science and Technology has world-leading collaborations with major corporations. These links underpin our excellence in research and teaching. Just a few examples include collaboration with Bill and Melinda Gates Foundation to improve the health of children in Africa; with Syngenta Corporation to make biofuels from sugar cane; and with SAP to transform research and teaching capabilities in Universities across the Asia-Pacific region.

To fast-track your studies, we offer a Dean’s Scholars Accelerated Honours Program for high-achieving students and industry work placements which provide students with the opportunity to learn a salary while progressing through their degrees.

Double degree options are available as part of a flexible program of academic studies.

A range of courses are offered within the five multidisciplinary schools:

- School of Information Technology
- School of Life Sciences
- School of Mathematical Sciences
- School of Natural Resource Sciences; and
- School of Physical and Chemical Sciences.

The School of Information Technology offers undergraduate courses in three degrees, Bachelor of Information Technology, Bachelor of Corporate Systems Management and Bachelor Games and Interactive Entertainment as well as a wide variety of undergraduate double degrees across QUT Facilities plus studies at the Honours, Masters, PhD and Professional Doctorate levels. Students can choose a specialisation from a large range of topics including animation and computational arts, digital media, games design, software technologies, business needs analysis, electronic business, information management Information Technology project management, business process management, data warehousing and digital societies.

The School of Life Sciences offers studies in courses focussed on biomedical and medical sciences, biotechnology, microbiology, and biochemistry. The School enjoys close working relationships with industry, which in turn help to provide students with a ‘hands-on’ approach to all of its courses. The Bachelor of Pharmacy course, which is offered through School of Life Sciences, focuses on community and hospital pharmacy practice.

The School of Mathematical Sciences offers studies in applied mathematics, mathematical finance, applied statistics, scientific computation and visualisation, and operations research. There is an emphasis on the applications of mathematics, and many of the units are enriched by examples from business and industry.

The School of Natural Resource Sciences offers major studies in environmental science, ecology and geoscience, complemented by co-majors in biodiversity, and applied geology, with a clear focus on climate change.

The School of Physical and Chemical Sciences offers majors in both Physics and Chemistry with co-majors in astrophysics, forensic science and industrial chemistry. Forensic science can also be taken as a double major with chemistry, biochemistry, biotechnology or microbiology. The School also offers courses in medical radiation technology, with majors in medical imaging technology and radiotherapy technology, which lead to exciting careers as a diagnostic radiographer or radiation therapist respectively.

RESEARCH CENTRE

Information Technology Research Clusters

Information Technology at QUT employs innovative research to solve real-world problems for industry and our community.

Information Technology research is involved in a number of research collaborations with government and industry, and hosts the Microsoft QUT eResearch Centre researching smart IT tools for eResearch.

Our research expertise is clustered around the following themes:

Critical systems:
- Security-Critical Systems
- Safety-Critical Systems
- Mission-Critical Systems

The Critical Systems cluster is concerned with implementing, analysing and managing the complexity of "critical" computer-based systems, including: Security-critical systems, that protect data confidentiality, privacy and integrity, Safety-critical systems, whose failure could result in life-threatening situations (e.g., traffic control, electronic healthcare, industrial automation and robotics, etc) and Mission-critical systems, which ensure enterprise viability (e.g., decision making tools, web services, maintenance principles, planning algorithms, etc).

Cluster leader: Professor Colin Fidge
Phone +61 7 3138 2870
Email c.fidge@qut.edu.au

Enterprise systems:
- Business Process Management
- Information Systems Impact
- Knowledge Management

Enterprise Systems research aims to support the effective provisioning of IT-mediated computer services within organisations and includes Business Process Management and workflow from an integrated organisational and technical perspective, the impact information systems have on organisational success and knowledge management within organisations.

Cluster leader: Professor Guy Gable
Phone: +61 7 3138 9472
Email g.gable@qut.edu.au

Information sciences:
- Cognitive Informatics
- Information Retrieval
- Information Literacy

Research in the Information Sciences cluster explores the relationships between information, technology and users. This includes information behaviour research which looks at the cognitive and social factors that influence how users engage with online systems and information literacy and learning in academic, community and workplace settings.

Cluster leader: Professor Christine Bruce
Phone: +61 7 3138 2769
Email c.bruce@qut.edu.au

Smart tools and services:
- eResearch
- Programming Languages and Systems
- Visual and Media Computing

This research program investigates the tools, theories and practices needed to make computer based systems work intelligently and efficiently, and to align these systems more closely to human needs. Our eResearch work looks at accelerating discovery in scientific research, particularly in bioinformatics and earth sciences, through smart software tools which enable the simple and rapid analysis of vast amounts of data and which support collaboration between scientists. Research is also being pioneered in the field of computer games and other forms of interactive entertainment where the recent explosion in their use has made multimedia content-rich social environments an integral part of the way we interact with technology.

Cluster leader: Professor Paul Roe
Phone +61 7 3138 9323

Science Research Clusters

Science at QUT employs innovative research to solve real-world problems for industry and our community.

In particular, we are dedicated to tackling four major themes which represent significant challenges locally and globally. These themes are: food, energy, health and the environment.

Most of our research is multidisciplinary, involving collaborative centres, institutes and industry partners. These partnerships bring together experts from our six core discipline clusters which are illustrated below.

Applied chemistry
- Novel materials and nanotechnology
- Medicinal and forensic chemistry
- Polymers

This cluster contains organic, inorganic and polymer chemists who develop novel materials ranging from solar cells and filtration systems, through to antioxidant compounds and materials to assist wound healing. Forensic and analytical chemistry is also a focus of this group.

Cluster leader: Professor Ray Frost
Phone +61 7 3138 2407
Email r.frost@qut.edu.au

Applied physics
- Medical physics
- Environmental physics
- Applied optics and nanotechnology

This cluster conducts research into medical imaging technologies in association with the Queensland Cancer Physics Collaborative, as well as studies into particle physics, optics, lighting and nanotechnology.

Cluster leader: Professor Christian Langton
Phone: +61 7 3138 2002
Email christian.langton@qut.edu.au
Plant and industrial biotechnology

- Tropical crops and biocommodities
- Biofuels and bioprocessing
- Applied microbiology

This cluster incorporates the Centre for Tropical Crops and Biocommodities, with a focus on improving the nutritional value and disease resistance of tropical crops, the producing biofuels from agricultural waste products, and industrial fermentation and processing technologies to yield food products, fuel, or industrial chemicals.

Cluster leader: Professor James Dale
Phone: +61 7 3138 2819
Email j.dale@qut.edu.au

Biomedical sciences

- Infectious diseases
- Hormone dependent cancer
- Tissue repair and regeneration

This represents a domain within QUT’s Institute for Health and Biomedical Innovation, where scientists, engineers and health professionals work together on problems such as infectious diseases, cancer and wound healing.

Cluster leader: Professor Peter Timms
Phone +61 7 3138 6199
Email p.timms@qut.edu.au

Earth and environmental sciences

- Earth and energy systems
- Soil, air and water systems
- Biological systems

This cluster is associated with QUT’s Institute for Sustainable Resources and the national Collaborative Research Centre for Plant Biosecurity. Its members conduct research into climate change, air and water quality, animal and plant ecology, and geological systems.

Cluster leader: Professor Peter Grace
Phone +61 7 3138 9283
Email pr.grace@qut.edu.au

Mathematical sciences

- Statistical and computational methods
- Operations research
- Statistical and mathematical modelling

Members of this cluster collaborate on a wide variety of projects associated with the themes of energy, food, health and the environment. Mathematical modelling, the statistical and computational groups and operations research teams service a range of industries from the pharmaceutical sector through to forestry and energy companies.

Cluster leader: Professor Ian Turner

Email i.turner@qut.edu.au
Bachelor of Engineering (Electrical)/ Bachelor of Mathematics (IF21)

Year offered: 2009  
Admissions: Yes  
CRICOS code: 020329J  
Course duration (full-time): 5 years  
Domestic fees (indicative): 2009: CSP $3,547 (indicative) per semester  
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)  
Domestic Entry: February  
International Entry: February  
QTAC code: 419572  
Past rank cut-off: 80  
Past OP cut-off: 11  
OP Guarantee: Yes  
Assumed knowledge: English (4, SA) and Maths B (4, SA)  
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging; ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
Total credit points: 480  
Standard credit points per full-time semester: 48  
Course coordinator: Dr R Mahalinga-Iyer (Engineering); Professor Helen MacGillivray (Mathematics)  
Discipline coordinator: Dr Jason Ford (Engineering)  
Campus: Gardens Point  

Recommended study  
Chemistry, Maths C and Physics are recommended.

Career Opportunities  
Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of government and private companies. A stronger training in mathematics and statistics enhances capabilities in modelling, analysis and design.

Overview  
The program integrates both the engineering and mathematics degree. Mathematics and engineering have always had close connections, but recent advancement in mathematics and statistics are increasingly being used to help solve complex engineering problems.

Special Course Requirements  
A candidate for this course must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

Professional Recognition  
This degree meets the requirements for membership of Engineers Australia, and the coursework requirements for accredited graduate membership of the Australian Mathematical Society. Students may also become a member of the Statistical Society of Australia.

Contact Details  
Electrical Coordinator  
Dr Firuz Zare  
Email: bee.enquiries@qut.com

Mathematics Coordinator  
Professor Helen MacGillivray  
Phone: +61 7 3138 2337  
Email: h.macgillivray@qut.edu.au

Bursaries and Scholarships  
Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded on a competitive basis. Go to QUT Scholarships website. Look under Commencing Students - Faculty Scholarships.

International Student Entry  
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Further information  
Phone +61 7 3138 1993, Fax +61 7 3138 1516, email: bee.enquiries@qut.com

Deferment  
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Course structure - For students with four semesters of Senior Mathematics B and Senior Mathematics C  
For students with four semesters of both Senior Mathematics B and Senior Mathematics C (or equivalent) with an exit assessment of at least Sound Achievement in both subjects.

**NOTES:**
- Some deviations from the above course structure may be possible with the permission of the course coordinator. This is more likely to apply in the later years than the earlier years of the course.

**Potential Careers:**
- Electrical and Computer Engineer, Electrical Engineer, Mathematician, Statistician.
Bachelor of Applied Science/Bachelor of Information Technology (IF29)

Year offered: 2009
Admissions: No
CRICOS code: 020327M
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
Domestic Entry: February
International Entry: February
QTAC code: 419302; Dfee: 419306
Past rank cut-off: 72. Dfee places were not offered last year.
Past OP cut-off: 13. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 408 (Note: The minimum course load per semester required for full-time enrolment may be more than 36 credit points)
Standard credit points per full-time semester: 48
Course coordinator: Dr Perry Hartfield (Science); Ruth Christie (InfTech)
Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Emad Kiriakous (Forensic Science); Dr Gary Huftile (Geoscience); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point

Career Opportunities
The course prepares you for an increasing range of careers that involve the application of information technology to science. As a graduate of the double degree, you are also qualified for employment in the areas of software engineering and data communications.

The Bachelor of Applied Science allows multi-disciplinary programs of study to help position you within the broad range of science disciplines and qualify you as a competent professional within your chosen field.

Recommended study
At least one of the sciences. For the majors in biochemistry, biotechnology, forensic science and microbiology - Biological Science and Chemistry are recommended; for the major in physics - Maths C is recommended.

Course Design
The science component of the course offers you a choice of one of the major areas of study available in the Bachelor of Applied Science (SC01) course. To allow you to complete the double degree in a shorter period of time, your co-major will be taken from the information technology program therefore it is not possible to choose any of the co-majors listed under the Bachelor of Applied Science course.

The information technology component gives you the opportunity to undertake a combined major in Data Communications and Software Engineering. Theoretical aspects are balanced by strong practical components in both of the Science and Information Technology degrees.

Professional Recognition
Graduates will satisfy the requirements for membership in the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details. Graduates are also eligible for membership of the Australian Computer Society (ACS).

Cooperative Education Program
An optional one-year period of paid work experience in an area of information technology is available to eligible full-time students. The Cooperative Education Program is a joint venture between employers and educators to better prepare students for employment upon graduation. Companies that QUT’s Cooperative Education students have worked with include Energex, Boeing, CITEC, Global Banking and Securities Transaction, various Queensland Government departments, Dialog, TABQ, RACQ and Sun Microsystems.

Potential Careers:
**Bachelor of Information Technology/Bachelor of Laws (IF38)**

**Year offered:** 2009  
**Admissions:** No  
**CRICOS code:** 006385G  
**Course duration (full-time):** 5 Years  
**Domestic fees (indicative):** 2009: CSP $3,706 (indicative) per semester  
**International Fees (per semester):** 2009: $11,000 (indicative) per semester *(subject to annual review)*  
**Domestic Entry:** February  
**International Entry:** February  
**QTAC code:** 419622  
**Past rank cut-off:** 90  
**Past OP cut-off:** 6  
**Assumed knowledge:** English (4, SA), and for games technology and security majors, Maths B (4, SA), or for all other majors, Maths A, B or C (4, SA)  
**Preparatory studies:** MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
**Total credit points:** 528  
**Course coordinator:** IT: Mr Richard Thomas; Dr. Bill Dixon  
**Director Undergraduate Law Programs**  
**Campus:** Gardens Point  

### OP Guarantee  
The OP Guarantee does not apply to this program.

### Overview  
An objective of this double degree is to provide graduates with the ability to practise law in light of the complex environments generated by manufacturers, data processing consultancies and private and government organisations. Alternatively, graduates can choose to practise as computing professionals specialising in legal applications or information systems.

### Cooperative Education Program  
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Students wishing to participate in the Cooperative Education Program should be aware that they will not receive financial support as a Dean’s Scholar for the duration of the placement.

Find out more about the Cooperative Education Program.

### Career Outcomes  
Graduates of the Bachelor of Information Technology component may find employment as a: Programmer, Systems Programmer, Systems Manager, Systems Designer, Systems Analyst, Computer Sales and Marketing Consultant, Data Processing Manager.

### Professional Recognition  
The Bachelor of Information Technology component meets the knowledge requirements for membership of the Australian Computer Society. The Bachelor of Laws component covers the areas of law required for the purposes of admission to practise as a Solicitor and/or Barrister in all Australian states and territories.

### Further Information  
Faculty of Science and Technology: phone +61 7 3138 2782, fax +61 7 3138 2703, email enquiry.scitech@qut.edu.au

### Deferment  
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

### Unit Incompatibility/Translation Information  
Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table.  
If you have completed the unit(s) listed under the ‘Translation Unit Codes’ column you are not permitted to enrol in the listed new code.

### IF38 - B InfoTech/B Laws  
**Course Structure 2009**  
The Law School is currently reviewing the law components of this course. This program may change in 2009 and is subject to final approval.

Potential Careers:
Bachelor of Applied Science/Bachelor of Laws (IF39)

Year offered: 2009
Admissions: No
CRICOS code: 012661G
Course duration (full-time): 5 Years
Domestic fees (indicative): 2009: CSP $4,089 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419712
Past rank cut-off: 90
Past OP cut-off: 6
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths B (4, SA)

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 528 (Note: The minimum course load per semester required for full-time enrolment may be more than 36 credit points)

Standard credit points per full-time semester: 60 (years 1 and 4), 48 (years 2, 3 and 5)

Course coordinator: Dr Perry Hartfield (Science); Dr. William Dixon Director, Undergraduate Programs (Law)

Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Emad Kiriakous (Forensic Science); Dr Gary Huftile (Geoscience); Dr Scott McCue (Mathematics); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)

Campus: Gardens Point

Career Opportunities

As a graduate, you may enter legal practice with an education in both the content and process of science and data analysis that will enable you to deal with the complexities of litigation that have a scientific and technological dimension, such as inventions, trade secrets, quantitative evidence, and constitutional disputes giving rise to environmental issues. On the other hand, you may choose to follow a career path in the sciences, enhancing your opportunities in a particular discipline such as environmental science or biotechnology through your knowledge of the law.

OP Guarantee

The OP Guarantee does not apply to this course.

Course Design

The course is designed to cover all major areas of the law as well as allowing students to choose any one of the science majors that are offered in the Bachelor of Applied Science (SC01) course.

To complete the double degree in a shorter period of time, the co-major will be taken from the law program therefore it is not possible for students to choose any of the co-majors listed under the Bachelor of Applied Science course.

Professional Recognition

Graduates will satisfy the requirements of membership in the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details. The Bachelor of Laws component covers the areas of law required for admission as a legal practitioner and/or barrister in all Australian states and territories.

Footnotes for Law Units

#  Introduction to Legal Research is a two (2) hour lecture conducted in the first week only of Semester 1, 2009. It is designed to introduce students to the basics of legal research and provide an orientation to use of the Law Library. Students will be expected to undertake a library exercise in LWB141 Legal Institutions and Method using the skills and information outlined in this lecture.

*  Law Elective Units - In order to satisfy the requirements for the Bachelor of Laws component of the double degree, a student is required to complete a total of 48 credit points of elective units.

Potential Careers:

Doctor of Philosophy (Information Technology) (IF49)

Year offered: 2009
Admissions: Yes
CRICOS code: 006367J
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
International Entry: At any time
Campus: Gardens Point

Course Overview
The Doctor of Philosophy (PhD) is awarded in recognition of a candidate’s erudition in a broad field of learning and for notable accomplishment in that field through an original and substantial contribution to knowledge.

The candidate’s research must reveal high critical ability and powers of imagination and synthesis and may be in the form of new knowledge or significant and original adaptation, application and interpretation of existing knowledge.

Topics can include multidisciplinary problems suggested by external bodies, for example, industry, government and commerce, with joint supervisors from both academic and outside environments. The candidate’s doctoral work can be undertaken either on campus or at an off-campus location approved by QUT. The candidate’s PhD will be linked with one of the Faculty’s research areas.

Entry Requirements
Applicants must have a relevant first- or second-class division A honours degree or equivalent from QUT or another recognised institution.

Research Area
Areas of research interest and contact details can be obtained from the Faculty website.

Course Structure
The length of the program is generally three years full-time (including one year of provisional registration) or six years part-time (including 24 months of provisional registration).

Assessment for the doctoral award is based on a program of supervised research and investigation, culminating in a thesis.

Programs may include some coursework in support of the conduct of research and preparation of the thesis. Candidates are required to have regular, face-to-face interaction with supervisors and to participate in University scholarly activities such as research seminars, teaching and publication.

Further Information
Visit www.scitech.qut.edu.au, email infotech.research@qut.edu.au, or phone +61 7 3138 1000

Potential Careers:
Academic, Computer Games Developer, Computer Systems Engineer, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Librarian, Network Administrator, Network Manager, Programmer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Doctor of Philosophy (Mathematics) (IF49)

Year offered: 2009
Admissions: Yes
CRICOS code: 006367J

Course duration (full-time): 30 to 48 months with an honours degree; 24 to 48 months with a masters degree
Course duration (part-time): 42 to 96 months with an honours degree; 36 to 96 months with a masters degree

Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)

International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)

International Entry: At any time

Course coordinator: Associate Professor Peter Mather
Discipline coordinator: Professor Vo Anh
Campus: Gardens Point

Overview
The Doctor of Philosophy in science will suit graduates with an honours or masters degree who wish to seek highly-paid employment prospects in industry and research organisations and universities.

Entry Requirements
Candidates must have a relevant first-class or second-class division A (upper division) honours degree or an appropriate masters degree.

Course Description
When enrolling in the doctoral program, you can undertake an approved project in any field of interest supported by a Science research area within the Faculty of Science and Technology (outlined in the Faculty Prospectus).

Please note that these areas of research specialisation are given as a guide only. Staff are happy to discuss these and any related topics. Please contact the program leader of the relevant research area for further information.

You can undertake the course either full-time or part-time. If studying full-time with an appropriate honours degree, you can expect to complete your Doctor of Philosophy degree in three-and-a-half-years. Full details of the course structure are outlined in the following website: http://www.research.qut.edu.au/restdncen.

Potential Careers:
Actuary, Data Communications Specialist, Mathematician, Statistician.

Potential Careers:
Bachelor of Mathematics/Bachelor of Information Technology (IF58)

Year offered: 2009
Admissions: No
CRICOS code: 020327M
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
Domestic Entry: February
International Entry: February
QTAC code: 419552; Dfee: 419556
Past rank cut-off: 75. Dfee places were not offered last year.
Past OP cut-off: 12. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 420 (Note: The minimum course load per semester required for full-time enrolment may be more than 36 credit points)
Course coordinator: Dr Gary Carter (Mathematics), Richard Thomas (IT)
Discipline coordinator: Dr Gary Carter (Mathematics), Campus: Gardens Point

Career Opportunities
As a graduate you may find employment as a programmer, software engineer, systems programmer, technical support specialist, systems manager, systems designer, computer scientist, security analyst, systems analyst, data communications specialist, mathematician, or statistician.

Course Structure
The double degree offers a foundation in mathematics and information technology in the first year. You will then select integrated strands combining units from the areas of applicable mathematics, computational mathematics, operations research, statistics, or financial mathematics with a combined major in Data Communications and Software Engineering.

Professional Recognition
On graduation, you will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia Inc and, depending on unit selection, the Australian Society for Operations Research. Graduates of the Bachelor of Information Technology meet the knowledge requirement for admission to the Australian Computer Society.

Cooperative Education Program
An optional one-year period of paid work experience in an area of information technology is available to eligible full-time students. The Cooperative Education Program is a joint venture between employers and educators to better prepare students for employment upon graduation. Companies that QUT's Cooperative Education students have worked with include Enerex, Boeing, CITEC, Global Banking and Securities Transaction, various Queensland Government departments, Dialog, TABQ, RACQ and Sun Microsystems.

For more information visit http://coop.fit.qut.edu.au/

Mathematics Scholarships
Students enrolled in this course can apply for industry-sponsored scholarships. Mathematics equity scholarships are also awarded on the basis of socioeconomic disadvantage.

Email: g.carter@qut.edu.au

IT Course Coordinator
Mr Richard Thomas (Information Technology)
Phone: +61 7 3138 2782
Email: enquiry.scitech@qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code.

Mathematics Units
Students must complete at least 48 credit points from Level 3 mathematics units

<table>
<thead>
<tr>
<th>Level 2 Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>MAB281</td>
</tr>
<tr>
<td>MAB311</td>

</table>
MAB420 Computational Mathematics 2
MAB422 Mathematical Modelling
MAB461 Discrete Mathematics
MAB480 Introduction to Scientific Computation
MAB481 Visualisation and Data Analysis

Level 3 Units

MAB521 Applied Mathematics 3
MAB522 Computational Mathematics 3
MAB524 Statistical Inference
MAB525 Operations Research 3A
MAB533 Statistical Techniques
MAB536 Time Series Analysis
MAB613 Partial Differential Equations
MAB623 Financial Mathematics
MAB624 Applied Statistics 3
MAB625 Operations Research 3B
MAB640 Industry Project
MAB672 Advanced Mathematical Modelling
MAB681 Advanced Visualisation and Data Analysis

NOTES: For students commencing in 2004 onwards, the units MAB311 Advanced Calculus and MAB312 Linear Algebra are mandatory. The suggested locations can be swapped.

NOTE: For students commencing in 2004 onwards, the units MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics do not contribute to the mandatory 48 credit points minimum from Level 3 Mathematics units.

NOTE: All Mathematics units have 4 contact hours per week.

Bachelor of Engineering (Electrical)/Bachelor of Information Technology (IF59)

Year offered: 2009
Admissions: No
CRICOS code: 006384G
Course duration (full-time): 5 years
Domestic fees (indicative): 2009: CSP $3,585 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
QTAC code: 419512
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or Total credit points: 480
Standard credit points per full-time semester: 48
Course coordinator: Dr R. Mahalinga-Iyer (Engineering), Mr Richard Thomas (Information Technology)
Discipline coordinator: Dr Jasmine Banks (Engineering)
Campus: Gardens Point

Recommended Study
Chemistry, Math C and Physics are recommended.

Course Update
From semester one, 2009 this course will not be available for commencing students. IF59 will only be available for continuing students. New students - please refer to IX54. Please contact fit.enquiry@qut.edu.au for any enquiries.

Career Outcomes
Many graduates find employment in government instrumentalities such as communications, railways, electricity supply, hospitals, transport and in private organisations that are using electronics, electronic systems, computers and microprocessors to monitor, control, communicate and optimise processes and production.

Overview
The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This double degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Cooperative Education Program
An optional one-year period of paid work experience in an area of information technology is available to eligible full-time students. The Cooperative Education Program is a joint venture between employers and educators to better prepare students for employment upon graduation. Companies that QUT's Cooperative Education students have worked with include Energex, Boeing, CITEC, Global Banking and Securities Transaction, various Queensland Government departments, Dialog, TABQ, RACQ and Sun Microsystems.

For more information visit IT's Cooperative Education program home page at http://coop.fit.qut.edu.au/

Professional Recognition
This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Special Course Requirements
A candidate for the degree of Bachelor of Engineering (Electronics)/Bachelor of Information Technology must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the translation Unit Codes column you are not permitted to enrol in the listed new code.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Potential Careers:
Computer Systems Engineer, Electrical and Computer Engineer, Programmer, Software Engineer, Web Designer.
Bachelor of Mathematics/Bachelor of Business (Accountancy, Banking and Finance or Economics) (IF60)

Year offered: 2009
Admissions: No
CRICOS code: 027274G
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $4,002 (indicative) per semester
Domestic Entry: February
International Entry: February and July
QTAC code: 419212; Dfee: 419216
Past rank cut-off: 80. Dfee places were not offered last year.
Past OP cut-off: 10. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432

Standard credit points per full-time semester: 54 (Average)
Course coordinator: Prof Erhan Kozan (Mathematics); Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Discontinuation
Students should note that from Semester 1, 2007 this course has been renamed and recoded to IX37 Bachelor of Business/Bachelor of Mathematics. Therefore, there will be no further intake into this course, however, students who are currently enrolled, or have already been made an offer into this current course for 2007, are able to remain enrolled in it.

For course structure information on the new course, please refer to the new course.

Career Opportunities
Test Graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Graduates of the Accountancy major can expect to find employment in auditing, financial analysis, corporate secretarial functions, costing, taxation, receivership, bankruptcy, trusteeship or management services.

Graduates of the Banking and Finance major find employment in the banking area of finance which can involve retail, wholesale or international projects, the funding of operations and investment of funds in loans or liquidity.

Graduates with Economics training are highly sought after. They are employed as economists and in a wide variety of related professional areas to provide strategic analysis and policy advice.

Professional Recognition
Graduates will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia and, depending on unit selection, the Australian Society of Operations Research. Depending on the choice of major, extended major or specialisation graduates may be eligible for membership of the Economic Society of Australia (Queensland Division), Australian Institute of Management, Financial Services Institute of Australasia (FINSIA), Chartered Secretaries Australia, CPA Australia and the Institute of Chartered Accountants in Australia (ICAA).

Course Design
The course offers the opportunity to combine Mathematics with a business course majoring in Accountancy, Banking and Finance or Economics, which can be combined with an extended major in the same field, or with a double major from any of the Bachelor of Business majors, including Electronic Business.

Mathematics Scholarships
Students enrolled in this course can apply for industry sponsored scholarships. Mathematics equity scholarships are also awarded on the basis of socioeconomic disadvantage.

Course Combinations
Recommended combinations for the Business component are:
Accountancy: Extended major in Professional Accounting
Banking & Finance: Extended major in Banking, Financial Economics or Funds Management; or double major in Economics
Economics: Extended major in Financial Economics or double major in Banking & Finance.

*Please note that EFB101 Data Analysis for Business which is normally undertaken in the majors of Accountancy, Banking and Finance & Economics, is not required as the content will be covered in the statistics units from the mathematics component of the program.

Students also note that enrolment in the unit EFB326 Applied Portfolio Management is restricted to students undertaking the Financial Economics specialisation (FES) and the following extended majors: Banking (BFX); Financial Economics (FEX); and Funds Management (FDX).
Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience. Further information is available at www.deferment.qut.edu.au

Course structure

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

Potential Careers:
Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Computer Game Programmer, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Investment Manager, Market Research Manager, Mathematician, Quantitative Analyst, Risk Manager, Statistician, Stockbroker.
Bachelor of Applied Science/Bachelor of Business (IF61)

Year offered: 2009
Admissions: No
CRICOS code: 042263G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
Domestic Entry: February
International Entry: February
QTAC code: 419832; Dfee: 419836
Past rank cut-off: 80. Dfee places were not offered last year.
Past OP cut-off: 10. Dfee places were not offered last year.
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 54 (average)
Course coordinator: Dr Perry Hartfield (Science); Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

null

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

Potential Careers:
Bachelor of Applied Science/Bachelor of Education (Primary) (IF84)

Year offered: 2009
Admissions: No
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $3,694 (indicative) per semester
Domestic Entry: February
QTAC code: 409142
Past rank cut-off: 80
Past OP cut-off: 10
OP Guarantee: Yes
Assumed knowledge: English (4 SA) , Maths B (4 SA)
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr Perry Hartfield (Science): Dr Mary Ryan (Education)
Campus: Gardens Point and Kelvin Grove

Career Outcomes
The Bachelor of Applied Science allows multidisciplinary programs of study that not only help students position themselves within the broad range of science disciplines but also qualify them as a competent professional in their chosen field.

Students are equipped to undertake research after graduation if they desire. The Bachelor of Education (Primary) prepares students to teach at all levels of the primary school. Students may also complete a discipline/content studies major in one of the key learning areas of the Queensland school curriculum.

Professional Recognition
The Bachelor of Education (Primary) is recognised by the Queensland Board of Teacher Registration as meeting the requirements for registration as a teacher in Queensland. Applicants for registration as a teacher in Queensland are subject to national criminal history checks.

Course Structure for Commencing Students in 2002
Students complete 192 credit points from units in the Bachelor of Applied Science degree (meeting all of the requirements of the core program and a major study), and 192 credit points from the Bachelor of Education (Primary) program. The science units and the units EDB001, MDB383, CLB376 and EDB430 are undertaken during the first five semesters of the double degree program.

- LSB238  Cell and Molecular Biology 1
- MDB383  Using Technology In The Curriculum
- NRB270  Animal and Plant Structure and Function
- PCB242  Chemistry 2

**Year 2, Semester 1**
- CLB376  Studies Of Society And Environment Curriculum
- LSB308
- LSB338
  - Either
  - MAB101  Statistical Data Analysis 1
  - Or
  - NRB100  Environmental Science

**Year 2, Semester 2**
- EDB430  Primary Professional Practice 1: Classroom Management
- LSB408
- LSB428
- LSB657  Perspectives in Life Science

**Year 3, Semester 1**
- LSB528  Environmental Microbiology
- LSB547  Bacterial Pathogenesis and Disease Diagnosis
- LSB578  Virology
  - One Science Elective

**Year 3, Semester 2**
- CLB454  Language And Literacy Curriculum
- EDB431  Primary Professional Practice 2: Curriculum Decision Making

### Course structure - Major in Physics

**Year 1, Semester 1**
- MAB101  Statistical Data Analysis 1
- PCB101  Physical Science
- PCB107
  - Either
  - MAB131  Engineering Mathematics 1A
  - Or
  - MAB180  Engineering Mathematics 1B

**Year 1, Semester 2**
- EDB001  Teaching and Learning Studies 1: Teaching in New Times

**Year 2, Semester 1**
- MDB383  Using Technology In The Curriculum
- MAB132  Engineering Mathematics 2A
- PCB250  Physics 1
- PCB260  Physics 1A

**Year 2, Semester 2**
- CLB376  Studies Of Society And Environment Curriculum
- MAB134  Electrical Engineering Mathematics 3
- PCB361  AC Theory and Electronics
- PCB362  Physics 2

**Year 2, Semester 2**
- EDB430  Primary Professional Practice 1: Classroom Management

### Year 3, Semester 1

One Science Elective unit

- PCB561 Quantum and Condensed Matter Physics
- PCB562 Physical Methods of Analysis
- PCB8661 Experimental Physics

### Year 3, Semester 2

- CLB454 Language And Literacy Curriculum
- EDB431 Primary Professional Practice 2: Curriculum Decision Making
- MDB384 Science Education
- SPB001 Human Development and Education

### Year 4, Semester 1

- CLB413 Programming And Assessment In Language And Mathematics
- EDB432 Primary Professional Practice 3: Inclusive Curriculum
- HMB307 Health and Physical Education Curriculum (Primary)
- MDB450 Primary Mathematics Curriculum

### Year 4, Semester 2

- CLB306 Understanding Educational Practices
- EDB433 Primary Professional Practice 4: Beginning Teaching
- KKB914 Visual and Performing Arts Curriculum 1
- SPB002 Psychology of Learning and Teaching

**NOTE:** In 2002 EDB432 will be available in Semester 2 to students who do not successfully complete the requirements of the unit in Semester 1. This offering will be in external mode only.

**NOTES**

Students with an approved LOTE background in their undergraduate degree who wish to undertake CLB334 Primary LOTE Curriculum Studies in place of CLB413 should contact the Student Affairs office on 3864 3847. CLB334 is offered internally in semester 2.

**Potential Careers:**

Bachelor of Arts/Bachelor of Applied Science (IF86)

Year offered: 2009
Admissions: No
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester
Past rank cut-off: 72; Dfee: 68
Past OP cut-off: 13; Dfee: 15
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or Total credit points: 384 (192 cp in the Bachelor of Arts and 192 cp in the Bachelor of Applied Science)
Standard credit points per full-time semester: 48
Course coordinator: Dr Iraphne Childs (Humanities); Dr Perry Hartfield (Science)
Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Emad Kiriakous (Forensic Science); Dr Gary Huftile (Geoscience); Dr Scott McCue (Mathematics); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point and Kelvin Grove

Career Opportunities
As a graduate of this course you will receive both a Bachelor of Arts degree and a Bachelor of Applied Science degree. This combination of degrees provides a valuable foundation for a wide range of careers in areas such as government, diplomacy, higher education and public service. Opportunities in tourism, translation, and the hospitality industry are open to those with a Language major. Complementary majors chosen from Arts and Science provide an excellent background for careers in environmental management.

Course Design
A feature of the course design is the flexibility and choice it offers. Students can tailor the double degree to their career interests by combining any one of the 10 majors that are available in the Bachelor of Applied Science (SC01) degree with a specialisation chosen from a wide range of offerings in the humanities.

The program is integrated so that students will study both science and arts units in each semester.

Professional Recognition
Relevant professional bodies for the Bachelor of Applied Science (SC01) are listed under the separate entry for the course. Eligibility for membership depends on the majors undertaken.

Course is under review
QUT is currently reviewing the Arts and Social Science programs to ensure they continue to meet the needs of students and employers. As a result these programs may change in 2008 or may not be offered. You can register for
updates on the status of these courses by visiting the Humanities Program website.

### Course structure - Major in Forensic Science

**Year 1, Semester 1**
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

**Year 1, Semester 2**
- SCB121 Chemistry 2
- SCB122 Cell and Molecular Biology

**Year 2, Semester 1**
- SCB110 Science Concepts and Global Systems
  - Plus either:
    - MAB101 Statistical Data Analysis 1
    - Or
    - MAB105 Preparatory Mathematics

**Year 2, Semester 2**
- SCB123 Physical Science Applications
- SCB131 Experimental Chemistry

**Year 3, Semester 1**
- LQB383 Molecular and Cellular Regulation
- SCB384 Forensic Sciences - From Crime Scene to Court

**Year 3, Semester 2**
- JSB979 Forensic Scientific Evidence
- PQB312 Analytical Chemistry For Scientists and Technologists

### Course structure - Major in Geoscience

**Year 1, Semester 1**
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

**Year 1, Semester 2**
- NQB201 Planet Earth
- SCB123 Physical Science Applications

**Year 2, Semester 1**
- SCB110 Science Concepts and Global Systems
  - Plus either:
    - MAB101 Statistical Data Analysis 1
    - Or
    - MAB105 Preparatory Mathematics

**Year 2, Semester 2**
- NQB202 History of Life on Earth
- SCB222 Exploration of the Universe

**Year 3, Semester 1**
- NQB311 Mineralogy
- NQB314 Sedimentary Geology

**Year 3, Semester 2**
- NQB411 Petrology of Igneous and Metamorphic Rocks
- NQB412 Structural Geology and Field Methods

**Year 4, Semester 1**
- NQB502 Field Mapping and Monitoring of Natural Resources
- NQB513 Geophysics

**Year 4, Semester 2**
- NQB602 Environmental Chemistry
- NQB614 Groundwater Systems

### Course structure - Major in Mathematics (WITH Mathematics C from Senior)

**Year 1, Semester 1**
- MAB101 Statistical Data Analysis 1
- MAB111 Mathematical Sciences 1B
### Year 1, Semester 2
- MAB112 Mathematical Sciences 1C
- MAB210 Statistical Modelling 1

### Year 2, Semester 1
- MAB220 Computational Mathematics 1
  One Science unit - selected from:
  - SCB110 Science Concepts and Global Systems
  - SCB112 Cellular Basis of Life

### Year 2, Semester 2
- Science elective unit
  One Science unit - selected from:
  - SCB110 Science Concepts and Global Systems
  - SCB112 Cellular Basis of Life

### Year 3, Semester 1
- Two Level 2 Mathematics units* - available units are:
  - MAB311 Advanced Calculus
  - MAB312 Linear Algebra
  - MAB313 Mathematics of Finance
  - MAB314 Statistical Modelling 2
  * Students must complete at least one of MAB311, MAB312, MAB413

### Year 3, Semester 2
- Two Level 2 Mathematics units* - available units are:
  - MAB315 Operations Research 2
  - MAB413 Differential Equations
  - MAB414 Applied Statistics 2
  - MAB420 Computational Mathematics 2
  - MAB422 Mathematical Modelling
  - MAB480 Introduction to Scientific Computation
  * Students must complete at least one of MAB311, MAB312, MAB413

### Year 4, Semester 1
- Two Level 3 Mathematics units - available units are:
  - MAB521 Applied Mathematics 3
  - MAB522 Computational Mathematics 3
  - MAB523 Introduction to Quality Management
  - MAB525 Operations Research 3A
  - MAB526 Statistical Science 3
  - MAB672 Advanced Mathematical Modelling

### Year 4, Semester 2
- Two Level 3 Mathematics units - available units are
  - MAB524 Statistical Inference

---

### Year 1, Semester 2
- MAB613 Partial Differential Equations
- MAB621 Discrete Mathematics
- MAB623 Financial Mathematics
- MAB624 Applied Statistics 3
- MAB625 Operations Research 3B

**Course structure - Major in Mathematics (WITHOUT Mathematics C from Senior)**

### Year 1, Semester 1
- MAB100 Mathematical Sciences 1A
- MAB101 Statistical Data Analysis 1

### Year 1, Semester 2
- MAB111 Mathematical Sciences 1B
- MAB112 Mathematical Sciences 1C

### Year 2, Semester 1
- MAB220 Computational Mathematics 1
  One Science unit - selected from:
  - SCB110 Science Concepts and Global Systems
  - SCB112 Cellular Basis of Life

### Year 2, Semester 2
- MAB210 Statistical Modelling 1
  One Science unit - selected from:
  - SCB110 Science Concepts and Global Systems
  - SCB112 Cellular Basis of Life

### Year 3, Semester 1
- Two Level 2 Mathematics units* - available units are:
  - MAB311 Advanced Calculus
  - MAB312 Linear Algebra
  - MAB313 Mathematics of Finance
  - MAB314 Statistical Modelling 2
  * Students must complete at least one of MAB311, MAB312, MAB413

### Year 3, Semester 2
- Two Level 2 Mathematics units* - available units are:
  - MAB220 Computational Mathematics 1
  - MAB413 Differential Equations
  - MAB420 Computational Mathematics 2
  - MAB422 Mathematical Modelling
  - MAB480 Introduction to Scientific Computation
  * Students must complete at least one of MAB311, MAB312, MAB413

### Year 4, Semester 1
- Two Level 3 Mathematics units - available units are
  - MAB521 Applied Mathematics 3
  - MAB522 Computational Mathematics 3
  - MAB523 Introduction to Quality Management
  - MAB525 Operations Research 3A
  - MAB526 Statistical Science 3
  - MAB672 Advanced Mathematical Modelling

### Year 4, Semester 2
- Two Level 3 Mathematics units - available units are
  - MAB524 Statistical Inference
### Course structure - Major in Microbiology

**Year 1, Semester 1**
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

**Year 1, Semester 2**
- SCB120 Plant and Animal Physiology
- SCB121 Chemistry 2

**Year 2, Semester 1**
- SCB110 Science Concepts and Global Systems
- MAB101 Statistical Data Analysis 1
  - Or
  - MAB105 Preparatory Mathematics

**Year 2, Semester 2**
- SCB122 Cell and Molecular Biology
- SCB123 Physical Science Applications

**Year 3, Semester 1**
- LQB381 Biochemistry: Structure and Function
- LQB386 Microbial Structure and Function

**Year 3, Semester 2**
- LQB483 Molecular Biology Techniques
- LQB486 Clinical Microbiology 1

**Year 4, Semester 1**
- LQB586 Clinical Microbiology 2
- LQB587 Applied Microbiology 1: Water, Air and Soil

**Year 4, Semester 2**
- LQB686 Microbial Technology and Immunology

---

**Course structure - Major in Physics**

**Year 1, Semester 1**
- MAB111 Mathematical Sciences 1B
- SCB111 Chemistry 1

**Year 1, Semester 2**
- MAB112 Mathematical Sciences 1C
- PQB250 Mechanics and Electromagnetism

**Year 2, Semester 1**
- SCB110 Science Concepts and Global Systems
- SCB112 Cellular Basis of Life

**Year 2, Semester 2**
- MAB220 Computational Mathematics 1
- PQB251 Waves and Optics

**Year 3, Semester 1**
- MAB311 Advanced Calculus
- PQB350 Thermodynamics of Solids and Gases

**Year 3, Semester 2**
- PQB450 Energy, Fields and Radiation
- PQB451 Electronics and Instrumentation

**Year 4, Semester 1**
- PQB550 Quantum and Condensed Matter Physics
- PQB551 Physical Analytical Techniques

**Year 4, Semester 2**
- PQB650 Advanced Theoretical Physics
- PQB651 Experimental Physics

**Potential Careers:**
- Academic, Actuary, Administrator, Analytical Chemist, Astrophysicist, Biochemist, Biologist, Biotechnologist, Chemist, Chemist Industrial, Coastal Scientist, Conservation Biologist, Corporate Secretary, Database Manager, Ecologist, Environmental Health Officer, Environmental Scientist, Forensic Scientist, Geologist, Geophysicist, Geoscientist, Government Officer, Health Physicist, Higher Education Worker, Hydrogeologist, Immunologist, Industrial Chemist, Information Officer, Laboratory Technician (Chemistry), Manager, Mapping Scientist/Photogrammetrist, Marine Scientist, Mathematician, Medical Biotechnologist, Medical Physicist, Microbiologist, Molecular Biologist, Natural Resource Scientist, Network Administrator, Network Manager, Physicist, Plant Biotechnologist, Policy Officer, Population Ecologist, Programmer, Project Developer, Project Manager, Public Servant, Quantitative Analyst, Statistician, Virologist.
Master of Business Administration/Master of Information Technology 1 (IF98)

Year offered: 2009
Admissions: No
CRICOS code: 037551G

Domestic fees (indicative): 2009: $11,500 (indicative) per semester

Total credit points: 240
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24

Course coordinator: Dr Lyndal Drennan, MBA Director.
Email: bgsbenq@qut.edu.au

Course Discontinuation

Students should note that this course has been discontinued and there will be no further intake. However, students who are currently enrolled, or have already been made an offer into this course for 2005, are able to remain enrolled in it.

Potential Careers:

Administrator, Business Analyst, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Network Administrator, Network Manager, Programmer, Systems Analyst, Systems Manager, Systems Programmer.
Bachelor of Games and Interactive Entertainment (IT04)

Year offered: 2009
Admissions: Yes
CRICOS code: 059710E
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,671 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 416102
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes

Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 288
Course coordinator: Associate Professor Ruth Christie
Campus: Gardens Point

Course Overview
The Bachelor of Games and Interactive Entertainment gives you the opportunity to join the growing industry of digital entertainment and electronic games by acquiring expertise in the development of computer games and other forms of interactive media. The course has a strong foundation in both entertainment technology and creative skills. You can choose your primary area of study, also known as your major, from:

Animation: animation and motion graphics, 3D computer graphics and computer generated art
Digital Media: mixing graphics, video, animation and sound to meet the increasingly complex world of digital entertainment
Game Design: game design tools and design processes, narrative and immersion, architecture and interior design
Software Technologies: technical aspects of computer games, games engine and tools development

You will gain experience in the whole process of game and interaction development, from identification and evaluation of ideas, creation of design concepts, critique of existing and potential products, analysis of cultural impact and industry trends, right through to the development and delivery of a final product.

Career Outcomes
Depending on your specialisation, graduates may find employment as a games/digital media programmer, game designer, simulation developer or designer, animator, film and television special effects developer, quality assurance tester, games/digital media reviewer, video game tester, sound designer, mobile entertainment and communications developer, web developer or digital product strategist.

Scholarships
If you wish to enrol in the Bachelor of Information Technology, you may like to consider our Dean's Scholars Program for OP1-2 students. If you are a female high school student, you may also apply for our âgo for IT gURLâ merit scholarships.

Find out more about the range of scholarships available.

Cooperative Education Program
The School of ITâs Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what youâre learning in your degree. Companies that QUTâs Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Professional Recognition
No professional accreditation is currently available for courses in the games and entertainment area.

Students completing the Software Technologies Major would be eligible for membership of the Australian Computer Society (ACS).

Credit for Previous Study
Domestic and international applicants may claim credit for part of the degree, on the basis of completed or partially completed studies, related to the Bachelor of IT.

International students can access advanced standing arrangements on QUT's international site.

Domestic applicants should view the credit information on the Student Services site.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.
Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Bachelor of Games & Interactive Entertainment Course structure

The course consists of four blocks of studies

Block A: Core Studies (6 units plus a 24 credit point Project completed in Semester 6)
Block B: Major (8 units) selected from Animation; Digital Media; Games Design; Software Technologies
Block C: Minor (4 units)
Block D: Electives (4 units)

The Cooperative Education Programs are replacements for general IT electives

Year 1, Semester 1
INB180 Computer Games Studies
INB104 Building IT Systems
INB103 Industry Insights
INB204 Special Topic 1

Year 1, Semester 2
INB181 Introduction to Games Production
Block B or Block C Unit
Block B or Block C Unit
Block B or Block C Unit

Year 2, Semester 1
Block B or Block C Unit
Block B or Block C Unit
Block B or Block C Unit

Year 2, Semester 2
Block B or Block C Unit
Block B or Block C Unit
Block B or Block C Unit

Year 3, Semester 1
INB379 Game Project Design
Block B or Block C or Block D Unit
Block B or Block C or Block D Unit
Block B or Block C or Block D Unit

Year 3, Semester 2
INB380 Games Project
Block B or Block C or Block D Unit
Block B or Block C or Block D Unit

Bachelor of Games & Interactive Entertainment Majors Course structure

Animation
KIB105 Animation and Motion Graphics
KIB108 Animation History and Practices
KIB225 Character Development, Conceptual Design and Animation Layout
KIB203 Introduction to 3D Computer Graphics
KIB325 Real-Time 3D Computer Graphics
KIB316 Virtual Environments
KVB105 Drawing for Design
KVB106 Drawing for Animation

Digital Media
KIB101 Visual Communication
KIB102 Visual Interactions
INB385 Multimedia Systems
INB386 Advanced Multimedia Systems
INB345 Mobile Devices
KIB230 Interface and Information Design
KIB309 Embodied Interactions
KIB314 Tangible Media

Game Design
INB281 Advanced Game Design
INB280 Fundamentals of Game Design
INB272 Interaction Design
KIB201 Concept Development for Game Design and Interactive Media
KIB202 Enabling Immersion
KIB214 Design for Interactive Media
AND Two units selected from the following:
DEB201 Digital Communication
DAB110 Architectural Design 1
DTB101 Interior Design 1
DNB101 Industrial Design 1

Software Technologies*

* Requirements for this Major is a SA or better in Queensland Maths B (or equivalent)
INB270 Programming
INB210 Databases
INB250 Systems Architecture
INB371 Data Structures and Algorithms
INB381 Modelling and Animation Techniques
INB382 Real Time Rendering Techniques
INB370 Software Development
MAB281 Mathematics for Computer Graphics

Ins011 and Ins012
Bachelor of Games & Interactive Entertainment Minors
Course structure

Students select a Minor from the following

**Animation**
- KIB105 Animation and Motion Graphics
- KVB105 Drawing for Design
- KVB106 Drawing for Animation
- KIB108 Animation History and Practices

*Advanced Animation* #
- KIB212 Animation Studio 1: Preproduction
- KIB213 Animation Studio 2: CG Toolkit
  
  #Entry into this minor is limited to IT04 students enrolled in the Animation Major, who have completed at least 96 credit points of study, and have gained an average grade of 5.0 or above across the following units from the Animation Major: KIB105, KIB108, KVB105, KVB106.

**Advanced Software Technologies #**
- INB365 Systems Programming
- INB372 Software Engineering Principles
- INB374 Enterprise Software Architecture
- INB382 Real Time Rendering Techniques
- OR
- INB304 Special Topic 3
  
  # Only available to students doing the Software Technologies major

**Digital Media**
- KIB101 Visual Communication
- KIB102 Visual Interactions
- INB385 Multimedia Systems
- INB386 Advanced Multimedia Systems

**Entrepreneurship**
- BSB115 Management
- MGB223 Entrepreneurship and Innovation
- MGB324 Managing Business Growth
  
  Plus one from the following:

  - BSB126 Marketing
  - MGB200 Leading Organisations

**Game Design**
- KIB201 Concept Development for Game Design and Interactive Media
- KIB202 Enabling Immersion
- INB280 Fundamentals of Game Design
  
  OR
  
  null

INB281 Advanced Game Design
- INB272 Interaction Design

**Legal Issues**
- LWB141 Legal Institutions and Method
- LWB136 Contracts A
  
  Two units selected from the following

  - LWB137 Contracts B
  - LWB142 Law, Society and Justice
  - LWB480 Media Law
  - LWB482 Internet Law
  - LWB486 Intellectual Property Law

**Marketing**
- BSB126 Marketing
  
  Three units selected from the following

  - AMB251 Innovation and Brand Management
  - AMB240 Marketing Planning and Management
  - AMB201 Marketing and Audience Research
  - AMB359 Strategic Marketing

**Mathematics for Games #**
- MAB100 Mathematical Sciences 1A
- MAB111 Mathematical Sciences 1B
- MAB112 Mathematical Sciences 1C
- MAB312 Linear Algebra
  
  # Students who have completed Maths C can substitute MAB100 with one of the following units: MAB311, MAB481 or MAB422

**Mobile and Network Technologies**
- INB102 Emerging Technology
- INB251 Networks
- INB350 Internet Protocols and Services
- INB353 Wireless and Mobile Networks

**Sound Design**
- KMB105 Music and Sound Technology
- KMB106 Music and Sound for Multimedia
- KMB107 Sound, Image, Text
- KMB108 Sound Recording and Acoustics

**Software Technologies**
- INB270 Programming
- INB210 Databases
- INB250 Systems Architecture
- INB371 Data Structures and Algorithms
  
  This minor is not available to students who are undertaking the Software Technologies Major

**Physics for Games**
MAB111 Mathematical Sciences 1B
PQB250 Mechanics and Electromagnetism
PQB251 Waves and Optics
Choose 1 from the following
PQB450 Energy, Fields and Radiation
PQB460 Astrophysics 1
PCB593 Digital Image Processing

Potential Careers:
Bachelor of Games and Interactive Entertainment - Dean's Scholars Program (IT04)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,671 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Course coordinator: Associate Professor Ruth Christie
Campus: Gardens Point

Course Overview
The Dean's Scholars Program is an accelerated honours program allowing completion of the Bachelor of Games and Interactive Entertainment and an honours degree in three years instead of four years. This accelerated program is designed for students with an OP 1 or 2 (or equivalent), who can also demonstrate active involvement in their school and local community activities.

The Bachelor of Games and Interactive Entertainment gives you the opportunity to join the growing industry of digital entertainment and electronic games by acquiring expertise in the development of computer games and other forms of interactive media. The course has a strong foundation in both entertainment technology and creative skills. You can choose your primary area of study from Animation and Computational Arts, Digital Media, Game Design or Software Technologies.

You will gain experience in the whole process of game and interaction development, from identification and evaluation of ideas, creation of design concepts, critique of existing and potential products, analysis of cultural impact and industry trends, right through to the development and delivery of a final product.

Who should apply?
The program is open to applicants currently undertaking Year 12 studies at a secondary school, and who achieve an OP 1 or 2 (or interstate equivalent). Applicants must be outstanding current, or returning from a gap year, Year 12 students who completed their Year 12 education in Australia.

Financial Support
Domestic students offered a place in the Dean's Scholars Program will have their undergraduate HECS paid by the Faculty and those proceeding to Honours will also receive full HECS support.

International students will have one-third of their tuition fees paid by the faculty for the undergraduate and honours programs.

Students are responsible for all other costs associated with their program.

OP Guarantee
The OP Guarantee does not apply to this program.

Deferment
QUT's deferment policy does not apply to this course.

Cooperative Education Program
The School of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Students wishing to participate in the Cooperative Education Program should be aware that they will not receive financial support as a Dean's Scholar for the duration of the placement.

Find out more about the Cooperative Education Program.

Professional Recognition
As a graduate of the Dean's Scholars Program you will be qualified for professional accreditation and employment in fields relevant to your specialisation.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table
If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code

Further Information
Please contact the course coordinator, ASPRO Ruth Christie (07) 3138 2782 or enquiry.scitech@qut.edu.au

Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Course coordinator: Dr Taizan Chan
Campus: Gardens Point

Course Overview
The Bachelor of Corporate Systems Management will give students the skills and knowledge to identify and communicate business system needs, select the right information systems and integrate these systems into organisations to improve business performance.

The course is industry relevant and flexible, with the option to focus studies on areas such as IT management, enterprise systems, IT consulting, business process engineering, and knowledge management. Students will learn about, and come to understand, the interrelationship of information technology, business and client relations.

Career Outcomes
The professional skills gained from the Bachelor of Corporate Systems Management are applicable across all business domains. Students will gain knowledge and an understanding of how to work with people and clients, operations, systems and production, while learning how to apply a strategic focus in a management role.

As a graduate, students can expect to work as a business analyst or consultant, enterprise architect, information or knowledge strategist, ICT project manager or IT infrastructure manager.

Scholarships
If you wish to enrol in the Bachelor of Information Technology, you may like to consider our Dean's Scholars Program for OP1-2 students. If you are a female high school student, you may also apply for our âgo for IT gURLâ merit scholarships.

Find out more about the range of scholarships available.

Cooperative Education Program
The School of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you're learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Professional Recognition
Recognition of the course by the Australian Computer Society (ACS) will be sought during 2007.

Credit for Previous Study
Domestic and international applicants may claim credit for part of the degree, on the basis of completed or partially completed studies, related to the Bachelor of IT.

International students can access advanced standing arrangements on QUT's international site.

Domestic applicants should view the credit information on the Student Services site.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code.

Further Information
For further information about this course, please contact the Course Co-ordinator Dr Taizan Chan (07)3138 2782 or enquiry.scitech@qut.edu.au

Bachelor of Corporate Systems Management - Dean's Scholars Program (IT06)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,801 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Course coordinator: Dr Taizan Chan
Campus: Gardens Point

Course Overview

The Dean's Scholars Program is an accelerated honours program allowing completion of the Bachelor of Corporate Systems Management and an honours degree in three years instead of four years. This accelerated program is designed for students with an OP 1 or 2 (or equivalent), who can also demonstrate active involvement in their school and local community activities.

The Bachelor of Corporate Systems Management is an industry-relevant course designed to help you understand the interrelationships between information, technology, business and people. The information professional of the future understands the benefits that cutting-edge technology can deliver. You can add value by helping organisations understand and meet their information challenges.

The course is designed to develop the knowledge and skills you need to understand and communicate business needs, select the right systems and harness these systems to improve business performance for organisations.

Who should apply?
The program is open to applicants currently undertaking Year 12 studies at a secondary school, and who achieve an OP 1 or 2 (or interstate equivalent). Applicants must be outstanding current, or returning from a gap year, Year 12 students who completed their Year 12 education in Australia.

Financial Support
Domestic students offered a place in the Dean's Scholars Program will have their undergraduate HECS paid by the Faculty and those proceeding to Honours will also receive full HECS support.

International students will have one-third of their tuition fees paid by the faculty for the undergraduate and honours programs.

Students are responsible for all other costs associated with their program.

OP Guarantee

The OP Guarantee does not apply to this program.

Deferment
QUT's deferment policy does not apply to this course.

Cooperative Education Program

The School of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree.

Find out more about the Cooperative Education Program.

Professional Recognition

As a graduate of the Dean's Scholars Program you will be qualified for professional accreditation and employment in fields relevant to your specialisation.

Unit Incompatibility/Translation Information

Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code.

Students select unit set(s) from within the Faculty of IT or from those offered by other Faculties at QUT. Alternatively, students may undertake eight elective units with the approval of the Course Coordinator.

Potential Careers:
Business Analyst, Computer Systems Engineer, Database Manager, Information Officer, Internet Professional, Manager, Network Administrator, Network Manager, Project Manager, Systems Analyst, Systems Manager, Systems Programmer, Systems Trainer, Web Designer.
Bachelor of Corporate Systems Management/Bachelor of Information Technology (IT07)

Year offered: 2009
Admissions: Yes
CRICOS code: 063028M
Course duration (full-time): 4 years
Domestic fees (indicative): $4,022 (indicative) per semester
International Fees (per semester): $10,000 (indicative) per semester
Domestic Entry: February
International Entry: February
QTAC code: 416932
Past rank cut-off: 75
Past OP cut-off: 13

Course coordinator: Richard Thomas (BIT), Dr Taizan Chan (CSM)
Campus: Gardens Point

Study Areas
IT07 will not have nominated majors and minors and consequently there will not be a Study Area A shown on a graduate’s parchment. Instead, IT07 will have specialisations. The specialisation areas that will be available for students will include:
- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Course Description
This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

Entry Requirements
Year 12 or equivalent
Prerequisites: Nil
Assumed Knowledge: English (4,SA), Maths A, B or C (4,SA)
Primary Fields: B or C
Secondary Fields: B or C
OP Guarantee: Yes

International Students
English language requirements
In addition to the above academic entry requirements, international students must meet the University’s English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Pathways to Further Studies
In 2001, the Faculty introduced an accelerated Honours program to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Cooperative Education
Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what youâre learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

- INB320 Business Process Modelling
- INB330 Information Management
- INB302 Capstone Project
  - Special Option

### IT Breadth Option Unit List

#### IT Breadth Option Units

You must complete four (4) units from the following list. You should not commence these units until you have completed INB101, INB102, INB103 and INB104.

- INB120 Corporate Systems
- INB210 Databases
- INB220 Business Analysis
- INB250 Systems Architecture
- INB251 Networks
- INB255 Security
- INB270 Programming
- INB271 The Web
- INB272 Interaction Design

### IT Specialisation Option Unit List

#### IT Specialist Option Units

You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. **Enterprise Systems:**
   - INB123 Project Management Practice
   - INB221 Technology Management
   - INB311 Enterprise Systems
   - INB312 Enterprise Systems Applications

2. **Web Technologies:**
   - INB313 Electronic Commerce Site Development
   - INB373 Web Application Development
   - INB374 Enterprise Software Architecture
   - INB385 Multimedia Systems
   - INB386 Advanced Multimedia Systems

3. **Business Process Management:**
   - INB320 Business Process Modelling
   - INB321 Business Process Management
   - INB322 Information Systems Consulting
   - INB323 Smart Services

4. **Information Management:**
   - INB330 Information Management
   - INB331 Management Issues for Info Professionals
   - INB332 Information Retrieval
   - INB333 Information Programs
   - INB334 Information Issues and Values
   - INB335 Information Resources

5. **Data Warehousing:**
   - INB340 Database Design
   - INB341 Software Development With Oracle
   - INB342 Enterprise Data Mining
   - INB343 Advanced Data Mining and Data Warehousing

Course discontinued
The Faculty of Science and Technology has discontinued this course and only IT08 continuing students can enrol. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both corporate systems management and information technology. In the corporate systems management component students are taught the interrelationship between information, technology, business and people. This component develops the knowledge and skills needed to understand and communicate business needs, select the right systems and integrate these systems to improve business performance. In the information technology component students complete a set of core units integral to all information and technology professionals and then select units in a specialized area of information technology. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you’re learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UnitAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:

Undergraduate Translation Table
If you have completed the unit(s) listed under the “Translation Unit Codes” column you are not permitted to enrol in the listed new code.

Bachelor of Corporate Systems Management/Bachelor of Games and Interactive Entertainment (IT09)

Year offered: 2009
Admissions: Yes
CRICOS code: 063029K
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,785 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 416912
Past rank cut-off: 75
Past OP cut-off: 13
Course coordinator: ASPRO Ruth Christie, Taizan Chan
Campus: Gardens Point and Kelvin Grove

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both corporate systems management and games and interactive entertainment. In the corporate systems management component students are taught the interrelationship between information, technology, business and people. This component develops the knowledge and skills needed to understand and communicate business needs, select the right systems and integrate these systems to improve business performance. In the games and interactive entertainment component students complete core units in the basics of design, games studies, professional skills and programming and then choose a major from the list below. In final year, students participate in a major group project to produce a significant piece of work using PC, mobile devices, consoles or virtual reality. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

Majors: Animation and computational arts; digital media; game design; and software technologies.

Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

## Course structure

### Animation
- KIB105  Animation and Motion Graphics
- KIB108  Animation History and Practices
- KIB225  Character Development, Conceptual Design and Animation Layout
- KIB203  Introduction to 3D Computer Graphics
- KIB325  Real-Time 3D Computer Graphics
- KIB316  Virtual Environments
- KVB105  Drawing for Design
- KVB106  Drawing for Animation

### Digital Media
- KIB101  Visual Communication
- KIB102  Visual Interactions
- INB385  Multimedia Systems
- INB386  Advanced Multimedia Systems
- INB345  Mobile Devices
- KIB230  Interface and Information Design
- KIB309  Embodied Interactions
- KIB314  Tangible Media

### Game Design
- INB281  Advanced Game Design
- INB280  Fundamentals of Game Design
- INB272  Interaction Design
- KIB201  Concept Development for Game Design and Interactive Media
- KIB202  Enabling Immersion
- KIB214  Design for Interactive Media
- AND  Two units selected from the following:
  - DEB201  Digital Communication
  - DAB110  Architectural Design 1
  - DTB101  Interior Design 1
  - DNB101  Industrial Design 1

### Software Technologies*
- * Requirements for this Major is a SA or better in Queensland Maths B (or equivalent)
  - INB270  Programming
  - INB210  Databases
  - INB250  Systems Architecture
  - INB371  Data Structures and Algorithms
  - INB381  Modelling and Animation Techniques
  - INB382  Real Time Rendering Techniques
  - INB370  Software Development
  - MAB281  Mathematics for Computer Graphics
  - OR  null
  - INB304  Special Topic 3
University Diploma in Information Technology (IT10)

Year offered: 2009
Admissions: Yes
CRICOS code: 025283M
Course duration (full-time): 2 semesters
International Fees (per semester): 2009: $7,725 (indicative) per semester (subject to annual review)
International Entry: February, June and October
Total credit points: 96
Standard credit points per full-time semester: 48
Course coordinator: Elizabeth McDade
Campus: Kelvin Grove

Abbreviation
UnivDipInfTech

Entry requirements - Academic
Successful completion of senior high school with the required grades. Students can find more country specific entry requirements at the following web site. http://www.international.qut.edu.au/apply/howtoapply/entryreqs/academic.jsp

Entry Requirements - English language
Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL iBT Overall score of 69 (at least 18 in writing and reading and 17 or more in listening and speaking) or TOEFL 525 (paper) or TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (N.B. Students should also check visa requirements).

Description
The University Diploma in Information Technology, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Information Technology. In this program, students study six first year faculty core units as well as two units of Communication which have been designed to support their other core units. Students who successfully complete these units earn full academic credit for eight units towards their degree. Graduates articulate to the second year of the Bachelor of Technology. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Course Completion
Students must obtain at least a grade of 4 (Pass) in all units.

Progression
Requirements for progression to the second year of QUT Bachelor of Information Technology:

i) fulfil the Diploma course requirements,
ii) a minimum Grade Point Average (GPA) of 4, and
iii) an IELTS score of 6.5 or its equivalent.

IT10 - University Diploma in InfoTech (Full-time course structure)
Bachelor of Information Technology (IT22)

Year offered: 2009
Admissions: No
CRICOS code: 012656E
Course duration (full-time): 3 years
Course duration (part-time): 6 years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
QTAC code: 416801
Past rank cut-off: 74
Past OP cut-off: 13
Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 288
Course coordinator: Richard Thomas
Campus: Gardens Point

Course Information
From semester one, 2009 this course will not be available for commencing students. IT22 will only be available for continuing students. New students - please refer to IT23. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Course Overview
A Bachelor of Information Technology will start you on a challenging and rewarding career path facing the changes brought about by evolving global innovations. You will have the flexibility in your course to complement your skills and knowledge with a cross-section of study areas from other disciplines and faculties.

This course offers you a wide range of options to build your information technology skill set and develop complementary skills from other professional disciplines. You will gain a strong theoretical and practical foundation to advance your career aspirations, choosing from compact and focused specialisations allowing you to hone your skills in an advanced area of information technology and other professions.

Scholarships
If you wish to enrol in the Bachelor of Information Technology, you may like to consider our Dean's Scholars Program for OP1-2 students. If you are a female high school student, you may also apply for our âgo for IT gURLâ merit scholarships.

Find out more about the range of scholarships available.

Cooperative Education Program
The School of ITs Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Professional Recognition
Graduates of the Bachelor of Information Technology meet the knowledge requirement for admission to the Australian Computer Society (ACS) as members.

Credit for Previous Study
Domestic and international applicants may claim credit for part of the degree, on the basis of completed or partially completed studies, related to the Bachelor of IT.

International students can access advanced standing arrangements on QUT's international site.

Domestic applicants should view the credit information on the Student Services site.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances. Find out more on deferment.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code.

Further Information
Please contact the Course Co-ordinator Mr Richard Thomas(07)3138 2782 or enquiry.scitech@qut.edu.au

Bachelor of Information Technology

Course Structure
From semester one, 2009 this course will not be available for commencing students. IT22 will only be available for continuing students. New students - please refer to IT23. Please contact enquiry.scitech@qut.edu.au for any enquiries.

The course structure consists of 10 IT Core Studies Units (Block A), 6 Major Units (Block...
B) if applicable, and 8 Complementary Studies Area Units (Block C). For those students who choose the Generic No Major option, students replace the major units with any 6 ITBxxx units provided they meet the prerequisites.

Eight (8) Block A units are completed in the first year, while the remaining two (2) Block A units are completed later in the course.

Block C Complementary Studies Area (8 units): Students choose the composition which may include: a second IT Major (6 units) or an approved minor (4 units) and 4 electives or 8 specified electives as approved by the Course Coordinator.

Potential Careers:
Bachelor of Information Technology -
Dean's Scholars Program (IT22)

Year offered: 2009
Admissions: No
CRICOS code: 012656E / 017323G
Course duration (full-time): 3 years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
QTAC code: 416002
Past rank cut-off: 96. Also see entry requirements
Past OP cut-off: 3. Also see entry requirements
Assumed knowledge: English (4, SA) and Maths A, B or C (4, SA)
Course coordinator: Richard Thomas
Campus: Gardens Point

Course Overview
The Dean's Scholars Program is an accelerated honours program allowing completion of the Bachelor of Information Technology and an honours degree in three years instead of four years. This accelerated program is designed for students with an OP 1 or 2 (or equivalent), who can also demonstrate active involvement in their school and local community activities.

The Bachelor of Information Technology gives you a strong theoretical and practical foundation to advance your career aspirations, choosing from compact and focused specialisations allowing you to hone your skills in an advanced area of information technology and other professions.

You will have the flexibility to complement your skills and knowledge in IT with a cross-section of studies from other disciplines.

Who should apply?
The program is open to applicants currently undertaking Year 12 studies at a secondary school, and who achieve an OP 1 or 2 (or interstate equivalent). Applicants must be outstanding current, or returning from a gap year, Year 12 students who completed their Year 12 education in Australia.

Additional Entry Requirements
Information Technology Dean's Scholars applicants are required to complete an online questionnaire which will be available at addentry.qut.com in late August. Shortlisted applicants may be required to attend an interview (in December) and will be notified of date and venue after the questionnaire closes.

The due date to submit the questionnaire is 28 September. Late submissions will be accepted up until 30 November. Submissions after 30 November will not be accepted.

Financial Support
Domestic students offered a place in the Dean's Scholars Program will have their undergraduate HECS paid by the Faculty and those proceeding to Honours will also receive full HECS support.

International students will have one-third of their tuition fees paid by the faculty for the undergraduate and honours programs.

Students are responsible for all other costs associated with their program.

OP Guarantee
The OP Guarantee does not apply to this program.

Fixed Closing Date
Applications for this program will close on 30 November.

Cooperative Education Program
The School of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Students wishing to participate in the Cooperative Education Program should be aware that they will not receive financial support as a Dean's Scholar for the duration of the placement.

Find out more about the Cooperative Education Program.

Professional Recognition
As a graduate of the Dean's Scholars Program you will be qualified for professional accreditation and employment in fields relevant to your specialisation.

Deferment
QUT's deferment policy does not apply to this course.

International Student Entry
To be eligible to enrol in the Honours program, students must demonstrate appropriate levels of achievement in the Bachelor of Information Technology course. Offers in the Honours program will be made conditionally on the student maintaining a GPA of 5.5 in the Bachelor of Information Technology component to be eligible to continue to the Bachelor of Information Technology (Honours). It is expected that many Dean's Scholars will proceed to PhD studies. However, students have the option of exiting after the Bachelor of Information Technology (2.5yrs).

New Unit Translations/Incompatibility Table
Details on the translation and incompatibility of old and new units is located here: Undergraduate Translation Table and Postgraduate Translation Table
If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Course Description

This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within IT, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

Study Areas

IT23 will not have nominated majors and minors and consequently there will not be a Study Area A shown on a graduateâs parchment. Instead, IT23 will have specialisations. The specialisation areas that will be available for students will include:

- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Entry Requirements

Year 12 or equivalent  
Prerequisites: Nil  
Assumed Knowledge: English (4,SA), Maths A, B or C (4,SA)  
Primary Fields: B  
Secondary Fields: C  
OP Guarantee: Yes

International Students

English language requirements: In addition to the above academic entry requirements, international students must meet the Universityâs English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

International entry only for students completing entire degree at QUT (i.e. not eligible for Advanced Standing)

Pathways to Further Studies

In 2001, the Faculty introduced an accelerated Honours program to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of the Bachelor of Information Technology which would be counted both for completion of the degree and towards Honours. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

The Deanâs Scholars program was introduced in Semester 1, 2006. This program provides a scholarship for OP 1 and 2 students throughout their Bachelor and Honours degrees. Students in the program are required to maintain a high GPA to continue to qualify for the scholarship each semester. Students in the Deanâs Scholars program will be able to take advantage of the Accelerated Honours program. Students in the Deanâs Scholars program will have an option to follow an accelerated pathway through the Bachelor of Information Technology, allowing them to complete the Bachelor of Information Technology course plus the Bachelor of Information (Honours) course in a total of three years.

To encourage students to enter the Deanâs Scholars program, domestic students have their undergraduate HECS paid by the Faculty and those proceeding to Honourâs level will also receive full HECS support. International students who have completed a Year 12 education in Australia and meet the entry requirements for the program will have a third of their tuition fees paid by the Faculty for the undergraduate and Honours program.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete IT23 with a grade point average equal to, or greater than 5
(7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you’re learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. Enterprise Systems:
   - INB123 Project Management Practice
   - INB221 Technology Management
   - INB311 Enterprise Systems
   - INB312 Enterprise Systems Applications

2. Web Technologies:
   - INB313 Electronic Commerce Site Development
   - INB374 Enterprise Software Architecture
   - INB385 Multimedia Systems
   - INB386 Advanced Multimedia Systems

3. Business Process Management:
   - INB320 Business Process Modelling

IT - Complementary Study Unit List

Complementary Study Units: A maximum of 96 credit points can be chosen from:

1. The list of Breadth and Specialisation units.
2. Other Information Technology units. Except INS010, INS011 or INS012. (IT23 Cooperative education students will enrol in INB300 and INB302).
3. Students can also choose from the range of CISCO units including INS350, INS351, INS352, INS353, INS354 and INS355. Please see the Course Summary Sheet for more information.
4. Undergraduate units available with other QUT faculties.

Bachelor of Information Technology (Honours) (IT28)

Year offered: 2009
Admissions: Yes
CRICOS code: 017323G
Course duration (full-time): 1 year
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Course coordinator: Associate Professor Shlomo Geva
Campus: Gardens Point

Course Overview
Through a combination of research and advanced coursework units students can pursue specialised studies in a particular area of information technology. The course offers the opportunity to develop research and development skills, work on cutting-edge technology, and have access to specialist hardware and software. As a successful Honours graduate you are eligible to start a doctoral program, and can expect to obtain a research or teaching position. A wider range of career opportunities are available.

Entry Requirements
A Bachelor of Information Technology from QUT or its equivalent, completed within 18 months prior to enrolment with a minimum grade point average of 5 on a 7-point scale or its equivalent OR demonstrated outstanding performance in the final year of the degree OR work experience or research considered appropriate by the Course Coordinator.

The 'Accelerated' Honours Program
The 'Accelerated Honours' program has been structured to provide an incentive for high achieving Bachelor of Information Technology students to continue into the Faculty's Honours Program. See course entry IT29 for further information.

Notes
Duration
Except in special circumstances as approved by the Dean, the requirements for an Honours degree must be completed within two successive years following first enrolment.

Unsatisfactory Progress
Failure to make satisfactory progress with either the course work component of an Honours program or with the dissertation, or both, may lead to exclusion from the program.

Unsatisfactory progress consists of:
- receiving a grade of less than 4 (or Satisfactory, where applicable) in one unit of the course work component.
- failure to make sufficient progress with the dissertation component, in the opinion of the Dean.

A student who is excluded from or otherwise fails to complete an Honours program will not normally be readmitted to that program.

Assessment
The minimum grade which may be credited towards an Honours degree is 4 (or Satisfactory, where applicable). A minimum of three copies of a dissertation should be presented to the supervisor for examination. Dissertations should be temporarily bound in order to facilitate the making of any revisions and editorial changes required by the examiners before final printing and binding. Dissertations will be examined by an examining committee appointed by the Dean and consisting of at least two examiners, one of whom may be external to the University. The supervisor of the candidate's work may be a member of the committee but may not chair the committee or act as the primary examiner.

Determination of Level of Honours Awards
The Faculty Academic Board will determine the level of Honours awarded. Honours degrees will be awarded at the following levels after account is taken of the candidate's performance in all units and appropriate weight applied to the dissertation:

- Honours 1 - First Class Honours
- Honours 2A - Second Class Honours, Division A
- Honours 2B - Second Class Honours, Division B
- Honours 3 - Third Class Honours

The level of Honours award is to be determined by guidelines, as follows:

- Honours 1 - GPA 6.50-7.00, or equivalent
- Honours 2A - GPA 5.50-6.49, or equivalent
- Honours 2B - GPA 4.50-5.49, or equivalent
- Honours 3 - GPA 4.00-4.49, or equivalent

A candidate who does not reach the standard required for Honours 3 remains with a pass degree.

Further Information
For further information contact the course coordinator Shlomo Geva on enquiry.scitech@qut.edu.au or visit http://www.scitech.qut.edu.au/research

- INN386 Advanced Multimedia Systems
- INN255 Security
- INN355 Cryptology and Protocols
- INN382 Real Time Rendering Techniques
- INN652 Advanced Cryptology
- INN570 Internationalisation of Software
- INN650 Advanced Network Management

**Potential Careers:**

Computer Games Developer, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Internet Professional, Journalist, Network Administrator, Network Manager, Programmer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer, Web Designer.
Bachelor of Information Technology (Honours) - Accelerated Program (IT29)

Year offered: 2009
Admissions: Yes
CRICOS code: 017323G
Course duration (full-time): 2 semesters
Domestic fees (indicative): 2009: CSP $3,700 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 96
Course coordinator: Associate Professor Shlomo Geva
Campus: Gardens Point

Course Overview

The 'Accelerated Honours' program has been structured to provide an incentive for high achieving IT undergraduate students to continue into the Honours Program. Benefits of this accelerated program are:

- you are approved to undertake a concurrent enrolment in the final semester of your IT undergraduate course, that is to say, the student may enrol in undergraduate units and Honours.
- 12 credit points will be credited towards Block 3 electives in your IT undergraduate course on the basis of coursework studies completed in IT29 Honours.
- you are able to complete a four year program within 3 1/2 years.

Through a combination of research and advanced coursework units students can pursue specialised studies in a particular area of information technology. The course offers the opportunity to develop research and development skills, work on cutting-edge technology, and have access to specialist hardware and software. As a successful Honours graduate you are eligible to start a doctoral program, and can expect to obtain a research or teaching position. A wider range of career opportunities are available.

Please note: tuition fees normally apply for Summer enrolment.

Notes

Assessment

The minimum grade which may be credited towards an Honours degree is 4 (or Satisfactory, where applicable). A minimum of three copies of a dissertation should be presented to the supervisor for examination. Dissertations should be temporarily bound in order to facilitate the making of any revisions and editorial changes required by the examiners before final printing and binding.

Dissertations will be examined by an examining committee appointed by the Dean and consisting of a least two examiners, one of whom may be external to the University. The supervisor of the candidate's work may be a member of the committee but may not chair the committee or act as the primary examiner.

Determination of Level of Honours Awards

The Faculty Academic Board will determine the level of Honours awarded. Honours degrees will be awarded at the following levels after account is taken of the candidate's performance in all units and appropriate weight applied to the dissertation:

- Honours 1 - First Class Honours
- Honours 2A - Second Class Honours, Division A
- Honours 2B - Second Class Honours, Division B
- Honours 3 - Third Class Honours

The level of Honours award is to be determined by guidelines, as follows:

Potential Careers:

Graduate Diploma in Information Technology (IT Graduates) (IT35)

Year offered: 2009
Admissions: No
CRICOS code: 018771J
Course duration (full-time): 1 years
Course duration (part-time): 2 years
Domestic fees (indicative): 2009: $7,000 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Total credit points: 96
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
This program is designed for information technology graduates who wish to update and upgrade their knowledge and skills for purposes of further career development. The course assists IT graduates to acquire specialised knowledge in an area of information technology and/or widen their knowledge into new areas of information technology.

Course is under review
From semester one, 2009 this course will not be available for commencing students. IT35 will only be available for continuing students. New students - please refer to IT43. Please contact enquiry.scitech@qut.edu.au for any enquiries

Entry Requirements
Applicants for either IT35 or IT40 must have:
a) a bachelors degree in Information Technology with a grade point average of at least 4.5 (7-point scale)
OR
b) provide other evidence of such qualifications and significant full-time IT work experience, as will satisfy the Dean of Faculty that the applicant possesses the capacity to pursue the course of study

Applicants who wish to gain entry into this course, based on IT work experience, are encouraged to complete a Graduate Equivalency Proforma.

Course Structure
Students who commenced Semester 2, 2006 or later
To graduate from the Master of Information Technology, students are required to complete 12 units, consisting of:
- 1 x Compulsory Unit â INN500 IT Project Management
- A minimum of 6 x Advanced Level 1 Units (including INN500)
- A minimum of 1 x Advanced Level 2 Units
- A maximum of 3 x Postgraduate level Elective Units selected from outside the Faculty, in consultation with the Course Coordinator

To exit the Masters course with a Graduate Diploma in Information Technology, students are required to complete 8 units, consisting of:
- 1 x Compulsory Unit â INN500 IT Project Management
- A minimum of 5 x Advanced Level 1 Units (including INN500)
- A minimum of 1 x Advanced Level 2 Units

Students who commenced Semester 1, 2004 and prior to Semester 2, 2006
To graduate from the Master of Information Technology, students are required to complete 12 units, consisting of:
- A minimum of 6 x Advanced Level 1 Units
- A minimum of 1 x Advanced Level 2 Units

To exit the Masters course with a Graduate Diploma in Information Technology, students are required to have completed 8 units, consisting of:
- A minimum of 5 x Advanced Level 1 Units
- A minimum of 1 x Advanced Level 2 Units

Articulation
Moving Between Courses
Domestic Students currently enrolled in the Graduate Diploma in Information Technology (IT35) or the Graduate Certificate (IT89, IT90, IT92, IT93, IT94, IT95, IT96, IT98, IT99), are in nested program courses. Upon successful completion of your course, domestic students will be invited to continue with the next stage of the program in the following teaching period. An email will be sent you student email account inviting you continue. If you accept the option to articulate immediately, you will not be required to complete an application for academic credit as units and grades achieved in the lower award will be transferred to the new course.

Students in the Masters course (IT40) wishing to exit with the Graduate Diploma (IT35) are required to submit an Application to Graduate Early with an Approved Exit Course (SRX) Form. These forms must be submitted by Week 13 in the semester you expect to meet the requirements for either the Graduate Diploma or Graduate Certificate.

International students wishing to change courses should consult International Student Business Services.

Further Information
Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or call 07 3138 2782

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Postgraduate Translation Table
If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code.

Potential Careers:
Business Analyst, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Multimedia Designer, Network Administrator, Network Manager, Programmer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Graduate Diploma In Information Technology (IT37)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 1 year
Course duration (part-time): 2 years
International Fees (per semester): 2009: $11,750 (indicative) per semester (subject to annual review)
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
Information technology is now firmly ensconced in society with all the other business practices that constitute modern organisations. This Graduate Diploma course has interfaculty contributions from the Faculties of IT, Business, Creative Industries and Law, matching closely to their relevant IT research areas. Recognition of the burgeoning of specialised areas within the Information Industries is reflected in the structure of this course through ten different majors:

- No Major
- Software Architecture
- Network Management
- Enterprise Systems
- Games Production
- Games Design
- Security
- Library and Information Science
- Information Management
- Digital Environments
- Executive Information Practice

The Graduate Diploma in Information Technology IT37 is an exit only option. However it is nested within the Master of Information Technology IT43 and Master of Information Technology Advanced IT44 courses. Students who complete the Graduate Diploma may return to complete the Masters at a later date and claim credit for all units completed in the Graduate Diploma.

The Graduate Diploma does not provide a pathway to follow on with a research degree (Research Masters, Professional Doctorate or PhD).

Entry Requirements
The Graduate Diploma in Information Technology IT37 is an exit only option. Students must have been enrolled in the Master of Information Technology IT43 or Master of Information Technology IT44 and opted to exit with 96 credit points.

Course Structure
Students are required to complete 96 credit points of units. All students are required to complete the specified core unit in IT Project Management. This course may be taken over two semesters full-time or four semesters part-time.

Further Information
For further information contact the course coordinator Ernest Foo on enquiry.scitech@qut.edu.au or call 07 3138 2782

IT37 - Graduate Diploma In Information Technology

Core
INN500 IT Project Management

Major Study Areas
Students choose one of the following majors (see Major option list):
- No Major
- Software Architecture
- Network Management
- Enterprise Systems
- Games Production
- Games Design
- Security
- Executive Information Practice
- Library and Information Science
- Information Management
- Digital Environments

IT37 - Major Options

A Major block has 84 credit points plus a 48 credit point Elective block

Information Technology
DO *Any IT postgraduate units not in the "Basic Unit List", such that at least one unit is of the form: INN5xx, INN6xx or INN7xx and the total unit set equals 84 credit points

Software Architecture
DO *All of these units:
INN371 Data Structures and Algorithms
INN372 Agile Software Development
INN374 Enterprise Software Architecture
INN570 Internationalisation of Software
PLUS *Units to 36 credit points from:
INN700 Introduction To Research
INN271 The Web
INN313 Electronic Commerce Site Development
INN373 Web Application Development
INN365 Systems Programming
INN600 Advanced Readings 1
INN601 Advanced Readings 2
INN602 Advanced Readings 3
INN605 Advanced Research 1
### Network Management

**DO** *All of these units:

- INN350 Internet Protocols and Services
- INN351 Unix Network Administration
- INN352 Network Planning
- INN650 Advanced Network Management

**PLUS** *Units to 36 credit points from:

- INN700 Introduction To Research
- INN353 Wireless and Mobile Networks
- INN255 Security
- INN651 Security Technologies
- INN355 Cryptology and Protocols
- INN652 Advanced Cryptology
- INN550 Computer Forensics
- INN600 Advanced Readings 1
- INN601 Advanced Readings 2
- INN602 Advanced Readings 3

### Games Production

**DO** *All of these units:

- INN180 Computer Games Studies
- INN181 Introduction to Games Production
- INN600 Advanced Readings 1
- INN601 Advanced Readings 2

**PLUS** *Units to 36 credit points from:

- INN220 Business Analysis
- INN321 Business Process Management
- INN330 Information Management
- INN311 Enterprise Systems
- INN700 Introduction To Research

### Games Design

**DO** *All of these units:

- INN180 Computer Games Studies
- INN280 Fundamentals of Game Design
- INN281 Advanced Game Design
- INN272 Interaction Design

**PLUS** *Units to 36 credit points from:

- INN181 Introduction to Games Production
- INN385 Multimedia Systems
- INN386 Advanced Multimedia Systems
- INN600 Advanced Readings 1
- INN601 Advanced Readings 2
- INN700 Introduction To Research
- KIB201 Concept Development for Game Design and Interactive Media
- KIB202 Enabling Immersion

### Enterprise Systems

**DO** *All of these units:

- INN311 Enterprise Systems
- INN312 Enterprise Systems Applications
- INN374 Enterprise Software Architecture
- INN610 Case Studies in Enterprise Systems

**PLUS** *Units to 36 credit points from:

- INN700 Introduction To Research
- INN340 Database Design
- INN342 Enterprise Data Mining and Data Analysis
- INN341 Software Development With Oracle
- INN321 Business Process Management
- INN220 Business Analysis
- INN600 Advanced Readings 1
- INN601 Advanced Readings 2
- INN602 Advanced Readings 3

### Security

**DO** *All of these units:

- INN255 Security
- INN651 Security Technologies

**PLUS** *Units to 60 credit points from:

- INN700 Introduction To Research
- INN355 Cryptology and Protocols
- INN652 Advanced Cryptology
- INN550 Computer Forensics
- MGN524 Special Topic in Management 1
- AYN410 Business Law and Ethics
- MGN433 Managing High-Performance Organisations
- MGN423 Contemporary Strategic Analysis
- GSN440 Risk Management 1
- JSN106 Analytical Methods of Intelligence

### Information Management

**DO** *All of these units:

- **INN330** Information Management
- **SPN637** Managing Knowledge in Learning Organisations
- **INN122** Organisational Databases
- **INN255** Security
- **INN335** Information Resources
- **INN220** Business Analysis

**PLUS** *One of these units:

- **INN700** Introduction To Research

### Executive Information Practice

**DO** *All of these units:

- **INN630** Evidence Based Practice
- **INN631** Executive Coaching
- **INN690** Minor Project 1
- **INN334** Information Issues and Values

**PLUS** *Six of these units:

- **GSN401** Managing in the Global Business Environment
- **GSN403** Understanding Data
- **GSN404** Financial Statements Analysis
- **GSN405** Strategic Management
- **GSN406** Human Resource Management Issues
- **GSN407** Business Communication
- **GSN408** Fundamentals of Marketing Management
- **GSN409** Organisational Behaviour 1
- **GSN410** Entrepreneurship
- **GSN412** Business Law 1
- **GSN413** Financial Management 1
- **GSN415** Understanding Leadership
- **GSN491** Economics in Business 1

### Digital Environments

**DO** *All of these units:

- **INN345** Mobile Devices
- **INN346** Enterprise 2.0
- **INN347** Web 2.0 Applications
- **INN540** User Experience
- **INN690** Minor Project 1
- **KCP402** New Media Studies

**PLUS** *IT postgraduate units to 12 credit points, not in the "Basic Unit List".

### Basic Unit List

- **INN101** Impact of IT
- **INN120** Corporate Systems
- **INN122** Organisational Databases
- **INN124** Information Systems Development
- **INN210** Databases
- **INN220** Business Analysis
- **INN221** Technology Management
- **INN251** Networks
- **INN255** Security
- **INN270** Programming
- **INN271** The Web
Graduate Diploma in Information Technology (Non-IT Graduates) (IT38)

Year offered: 2009
Admissions: No
CRICOS code: 018771J
Course duration (full-time): 2 semesters
Course duration (part-time): 4 semesters
Domestic fees (indicative): 2009: $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February, July and November
International Entry: February, July and November
Total credit points: 96
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course update
From 2009 this course will no longer be offered for commencing students and will only be available to continuing students.
Commencing students please refer to IT43. Please contact enquiry.scitech@qut.edu.au for any enquiries or call 3138 2782.

Course Overview
This program is designed for non-IT graduates who wish to broaden career opportunities by gaining a postgraduate IT qualification. The programs allow students to specialise in a wide range of areas including software engineering, data communications and information systems.

These programs aim to build on non-IT skills acquired in previous study, such as critical and analytical skills; as well as provide an IT curriculum with depth and breadth, from introductory to advanced level.

Students are encouraged to focus on those parts of the employment spectrum where cross-disciplinary qualifications are most appreciated.

Entry Requirements
Please note that this information is for continuing students only. Commencing students please refer to IT43 Master of Information Technology

Students can elect to be admitted to either the Graduate Diploma in Information Technology (IT38) or the Master of Information Technology (IT45).

Applicants for either IT38 or IT45 must have: a Bachelors degree in a discipline other than Information Technology with a grade point average of at least 4.5 (7 point scale); and have demonstrated competence with the basic skills and concepts of personal or office usage such as desktop applications, email, Internet.

Applicants are assumed to have possessed the following prerequisite skills:
- Can use and manage email facilities;
- Can create and manage a personal file system (eg. home or office computer);
- Understand how to locate and use resources on the internet;
- Familiar with the typical desktop environment: word processors, spreadsheets, etc.;
- Aware of personal computing security issues with regard to backups, viruses, password protection.

These basic skills will not be taught in class. QUT-wide resources are made available for individuals to improve their computer literacy levels.

Applicants may refer to an online Computer Literacy Self-Assessment Questionnaire for more information.

Course Structure
To graduate with a Graduate Diploma in Information Technology (IT38), students are required to have completed 8 units, including:
1 x Compulsory Unit - INN500 IT Project Management
4 x Chosen from Intermediate or Advanced Level 1 Units

Articulation
Students who complete IT38 can subsequently seek admission to IT45 and are only required to undertake an additional four units to meet the requirements for the Masters degree.

Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or call 07 3138 2782

Potential Careers:
Business Analyst, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Internet Professional, Multimedia Designer, Network Administrator, Network Manager, Programmer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Master of Information Technology (IT Graduates) (IT40)

Year offered: 2009
Admissions: No
CRICOS code: 003776E
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (indicative): 2009: $7,000 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Total credit points: 144
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview

The Master of Information Technology â with associated nested graduate diploma and graduate certificates â can be tailored for information technology graduates who wish to revise, update or extend their IT skills and knowledge.

Students may take the Master of Information Technology as a broad-based qualification or choose to specialise in a particular area such as networks, security, enterprise systems, software development, IT management or games development.

With multiple specialisations now emerging in IT, applicants with existing IT qualifications may wish to study advanced units in their own specialisation, and/or move into an entirely different study of IT.

IT graduates who are unsure about enrolling in a full Masters program may like to enrol in a Graduate Certificate or Graduate Diploma which can then be used to articulate into the Master of Information Technology (IT40).

Course Update

From semester one, 2009 this course will not be available for commencing students. IT40 will only be available for continuing students. New students - please refer to IT43. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Entry Requirements

A bachelor degree majoring in information technology with a grade point average of at least 4.5 (on a 7-point scale) OR evidence of work experience and/or training equivalent to an IT major.

Course Structure

Students who commenced Semester 2, 2006 or later

To graduate from the Master of Information Technology, students are required to complete 12 units, consisting of:

â¢ 1 x Compulsory Unit â INN500 IT Project Management
â¢ A minimum of 6 x Advanced Level 1 Units (including INN500)
â¢ A minimum of 1 x Advanced Level 2 Units
â¢ A maximum of 3 x Postgraduate level Elective Units

selected from outside the Faculty, in consultation with the Course Coordinator

To exit the Masters course with a Graduate Diploma in Information Technology, students are required to complete 8 units, consisting of:

â¢ A minimum of 6 x Advanced Level 1 Units
â¢ A minimum of 1 x Advanced Level 2 Units

Students who commenced Semester 1, 2004 and prior to Semester 2, 2006

To graduate from the Master of Information Technology, students are required to complete 12 units, consisting of:

â¢ A minimum of 6 x Advanced Level 1 Units
â¢ A minimum of 1 x Advanced Level 2 Units

To exit the Masters course with a Graduate Diploma in Information Technology, students are required to have completed 8 units, consisting of:

â¢ A minimum of 5 x Advanced Level 1 Units
â¢ A minimum of 1 x Advanced Level 2 Units

Unit Incompatibility/Translation Information

Details on the translation and incompatibility of old and new units is located here: Postgraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code.

Contact Details

For further information, please contact Dr Ernest Foo on 3138 2782 or enquiry.scitech@qut.edu.au

Potential Careers:

Business Analyst, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Internet Professional, Multimedia Designer, Network Administrator, Network Manager, Programmer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Master of Information Technology (IT43)

Year offered: 2009
Admissions: Yes
CRICOS code: 003776E
Course duration (full-time): 1.5 years
Course duration (part-time): 3 years
Domestic fees (indicative): 2009: $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July (LIS part-time only in July)
International Entry: February and July (LIS part-time only in July)
Total credit points: 144
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
Information technology is now firmly ensconced in society with all the other business practices that constitute modern organisations. This Master of Information Technology course has interfaculty contributions from the Faculties of Science and Technology, Business, Creative Industries and Law, matching closely to their relevant IT research areas. Recognition of the burgeoning of specialised areas within the Information Industries is reflected in the structure of this course through ten different majors other than the "No Major" option:

- Software Architecture
- Network Management
- Enterprise Systems
- Games Production
- Games Design
- Security
- Library and Information Science (Multi-modal)
- Information Management
- Digital Environments
- Executive Information Practice

The structure of this course is designed so that a student does not have to decide on a major until after the first semester. Elective and core units may be selected first. Students must generally complete the core unit and seven units from within their major. The only exception to this structure is in the Library and Information Science major.

Students who complete the Master of Information Technology (IT43) may return to complete the Master of Information Technology (Advanced) (IT44) at a later date and claim credit for all units completed in IT43.

Electives:
Students can generally select up to 4 electives; again, the exception is in the Library and Information Science major, where students can select no more than two electives.

Non-cognitive students are recommended to select three Basic Elective Units as their electives.

Students wishing to use the Masters program as a pathway to a PhD program within QUT are recommended to select 4 advanced research or project units as their electives. These students are also advised to enrol in INN700 Introduction to Research as part of their major.

It is possible, for students who wish, to complete dual Master degrees. Students can receive up to four units of credit for a previous Masters degree as part of their elective unit block. Thus, they are only required to complete the major and core. Students may then receive their Masters degree from the Faculty of Science and Technology in two semesters.

Students undertaking units from the MBA program (GSN units) in the Brisbane Graduate School of Business (BGSB) must meet the MBA entry requirements. Please see the BGSB website http://www.bgsb.qut.edu.au/study/mba/mbacourses/ for further information.

The Library and Information Science major is offered in multimodal delivery allowing students to complete their studies either face to face or online.

Entry requirements
To be eligible for this Masters Coursework program, students must meet one of the following criteria:

- Australian equivalent of a bachelor's degree in any discipline with a grade point average of at least 4.5 (on a 7-point scale)

OR

- Evidence of recognised prior higher learning in the field of Information and Information Technology (e.g. at least five years of relevant full-time work experience). Industry certification alone is not sufficient evidence.

Domestic students:
Domestic students who have completed an undergraduate degree (in any field) with a minimum grade point average (GPA) of at least 4.5 (on a 7-point scale) are eligible for the programs described in this proposal.

Applicants without an undergraduate degree in Information Technology (or equivalent) are recommended to select 3 Basic Elective Units as their electives. These electives are to be taken at the beginning of their studies.

International Students:
International students must complete the above requirements and also achieve an IELTS overall band score of 6.5 or more with no sub-band below 6.0.

International students with an IELTS overall band score between 6.0 and 6.5 with no sub-band below 5.0 are permitted to complete communication units offered by QUT International College as elective units within their Masters degree. These units must be successfully completed in the first semester of the Masters program.
Applicants without an undergraduate degree in Information Technology (or equivalent) are recommended to select 3 Basic Elective Units as their electives. These electives are to be taken at the beginning of their studies.

Special Entry Requirements
Library and Information Science:
- a bachelor degree in any discipline other than library and information science with a grade point average of at least 4.5 (On a 7 points scale).

Executive information practice:
- has core units from the MBA and as such must also meet the MBA entry requirements:
  o Demonstrate competency in the English language
  o Have a GMAT score of at least 500
  o Have at least three years work experience
  o At least 10 points from at least two of the three categories
    - prior work experience, academic achievement and management aptitude
  o For further information, including details regarding the allocation of points, please see the table at: http://www.bgsb.qut.edu.au/study/future/entryreq.jsp

Online Delivery
The Library and Information Science major is offered in multimodal delivery allowing students to complete their studies either face to face or online.

Course completion rules
Students should meet the following requirements before they are able to complete the Masters program:
¢ Students are required to complete 144 credit points of units.
¢ Students are required to complete the specified core unit.
¢ Students wishing to specialise must complete the specific unit requirements for a major.
¢ Students wishing to complete their postgraduate studies without a single area of specialisation must satisfy the unit requirements for graduation with no major.
¢ Students may be allowed to take up to four units of electives. These units may be selected from postgraduate units outside of the Faculty of Science and Technology.

Early exit options
Students enrolled in this course may be eligible to exit their courses with a Graduate Certificate (IT85), after successful completion of an approved 48 credit points, or with a Graduate Diploma (IT37), after successful completion of an approved 96 credit points.

Further Information
For further information on this course please contact the course coordinator Dr Ernest Foo on 3138 2782 or email enquiry.scitech@qut.edu.au

Major Options

A Major block has 84 credit points plus a 48 credit point Elective block

No Major

DO *Any IT postgraduate units not in the "Basic Unit List", such that at least one unit is of the form: INN5xx, INN6xx or INN7xx and the total unit set equals 84 credit points

ELECTIVE *Any postgraduate units to 48 credit points

Software Architecture

DO *All of these units:
INN371 Data Structures and Algorithms
INN372 Agile Software Development
INN374 Enterprise Software Architecture
INN570 Internationalisation of Software
PLUS *Units to 36 credit points from:
INN700 Introduction To Research
INN271 The Web
INN313 Electronic Commerce Site Development
INN373 Web Application Development
INN365 Systems Programming
INN600 Advanced Readings 1
INN601 Advanced Readings 2
INN602 Advanced Readings 3
INN605 Advanced Research 1
INN606 Advanced Research 2
INN607 Advanced Research 3
ELECTIVE *Any postgraduate units to 48 credit points

Network Management

DO *All of these units:
INN350 Internet Protocols and Services
INN351 Unix Network Administration
INN352 Network Planning
INN650 Advanced Network Management
PLUS *Units to 36 credit points from:
INN700 Introduction To Research
INN353 Wireless and Mobile Networks
INN255 Security
INN651 Security Technologies
INN355 Cryptology and Protocols
INN652 Advanced Cryptology
INN550 Computer Forensics
INN600 Advanced Readings 1
INN601 Advanced Readings 2
INN602 Advanced Readings 3
INN605 Advanced Research 1
INN606 Advanced Research 2
INN607 Advanced Research 3
ELECTIVE *Any postgraduate units to 48 credit points

Enterprise Systems

DO *All of these units:
INN311 Enterprise Systems
INN312 Enterprise Systems Applications
INN374 Enterprise Software Architecture
INN610 Case Studies in Enterprise Systems
PLUS *Units to 36 credit points from:
INN700 Introduction To Research
INN340 Database Design
INN342 Enterprise Data Mining and Data Analysis
INN341 Software Development With Oracle
INN321 Business Process Management
INN220 Business Analysis
INN600 Advanced Readings 1
INN601 Advanced Readings 2
INN602 Advanced Readings 3
INN605 Advanced Research 1
INN606 Advanced Research 2
INN607 Advanced Research 3
ELECTIVE *Any postgraduate units to 48 credit points

Games Production

DO *All of these units:
INN180 Computer Games Studies
INN181 Introduction to Games Production
INN600 Advanced Readings 1
INN601 Advanced Readings 2
PLUS *Units to 36 credit points from:
INN220 Business Analysis
INN321 Business Process Management
INN330 Information Management
INN311 Enterprise Systems
INN700 Introduction To Research
ELECTIVE Projects to 48 credit points
Do units to 48 credit points from:

GSN401 Managing in the Global Business Environment
GSN405 Strategic Management
GSN403 Understanding Data
GSN413 Financial Management 1
GSN404 Financial Statements Analysis
GSN416 Business Plans 1
GSN406 Human Resource Management Issues
GSN407 Business Communication
GSN409 Organisational Behaviour 1
GSN408 Fundamentals of Marketing Management
GSN415 Understanding Leadership
GSN410 Entrepreneurship

Games Design

DO *All of these units:

INN180 Computer Games Studies
INN280 Fundamentals of Game Design
INN281 Advanced Game Design
INN272 Interaction Design

PLUS *Units to 36 credit points from:

INN181 Introduction to Games Production
INN385 Multimedia Systems
INN386 Advanced Multimedia Systems
INN600 Advanced Readings 1
INN601 Advanced Readings 2
INN700 Introduction To Research
KIB201 Concept Development for Game Design and Interactive Media
KIB202 Enabling Immersion

ELECTIVE *Any postgraduate units to 48 credit points

Security

DO *All of these units:

INN255 Security
INN651 Security Technologies

PLUS *Units to 60 credit points from:

INN700 Introduction To Research
INN355 Cryptology and Protocols
INN652 Advanced Cryptology
INN550 Computer Forensics
MGN524 Special Topic in Management 1
AYN410 Business Law and Ethics
MGN433 Managing High-Performance Organisations
MGN423 Contemporary Strategic Analysis
GSN440 Risk Management 1
JSN106 Analytical Methods of Intelligence

 Library and Information Science

DO *All of these units:

INN332 Information Retrieval
INN531 Information Services
INN533 Information Organisation
INN333 Information Programs
INN530 Web Content Reliability
INN532 Information Literacy Education
INN632-1 Professional Practice
INN632-2 Professional Practice
INN632-3 Professional Practice
INN632-4 Professional Practice
INN632-5 Professional Practice
INN632-6 Professional Practice
INN330 Information Management
INN632-7 Professional Practice
INN331 Management Issues for Information Professionals

ELECTIVE *Any postgraduate units to 24 credit points

Special Entry Requirements:
- a bachelor degree in any discipline other than library and information science with a grade point average of at least 4.5 (On a 7 points scale)

Please note: July entry - part-time only

Information Management

DO *All of these units:
Digital Environments

DO  *All of these units:
INN345 Mobile Devices
INN346 Enterprise 2.0
INN347 Web 2.0 Applications
INN540 User Experience
INN690 Minor Project 1
PLUS  *IT postgraduate units to 12 credit points, not in the "Basic Unit list"
KCP402 New Media Studies
ELECTIVE  *Any postgraduate units to 48 credit points

Postgraduate IT Units

Unit List:
INN101 Impact of IT
INN120 Corporate Systems
INN122 Organisational Databases
INN124 Information Systems Development
INN180 Computer Games Studies
INN181 Introduction to Games Production
INN210 Databases
INN220 Business Analysis
INN221 Technology Management
INN230 Foundations of Information Retrieval
INN250 Computer Architectures and Systems
INN251 Networks
INN255 Security
INN270 Programming
INN271 The Web

Master of Information Technology (Advanced) (IT44)

Year offered: 2009
Admissions: Yes
CRICOS code: 053123F
Course duration (full-time): 2 years
Course duration (part-time): 4 years
Domestic fees (indicative): 2009: $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February and July
International Entry: February and July
Total credit points: 192
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Description

Information technology is now firmly ensconced in society with all the other business practices that constitute modern organisations. This Master of Information Technology course has interfaculty contributions from the Faculties of IT, Business, Creative Industries and Law, matching closely to their relevant IT research areas. Recognition of the burgeoning of specialised areas within the Information Industries is reflected in course structures that provide for ten different majors other than the "No Major" option:

- Software Architecture
- Network Management
- Enterprise Systems
- Games Production
- Games Design
- Security
- Library and Information Science
- Information Management
- Digital Environments
- Executive Information Practice

The structure of this course is designed so that a student does not have to decide on a major until after the first semester. Elective and core units may be selected first. Students must generally complete the core unit and seven units from within their major. The only exception to this structure is in the Library and Information Science major.

Electives:
Students can generally select up to 4 electives; again, the exception is in the Library and Information Science major, where students can select no more than two electives.

Non-cognate students are recommended to select three Basic Elective Units as their electives.

Advanced Research Units (Complementary Studies):
Students who enrol in the Masters Advanced program must complete four advanced research or project units. It is recommended that students complete advanced research and project units in the latter half of their course.

Students wishing to use the Masters Advanced program as a pathway to a PhD program within QUT are advised to enrol in INN700 Introduction to Research as part of their major and take INN701 Advanced Research Methodologies as an elective.

It is possible for students to complete dual Master degrees. Students can receive up to four units of credit for a previous Masters degree as part of their elective unit block. Thus, they are only required to complete the major and core. Students may then receive their Masters degree from the Faculty of Information Technology in two semesters.

Students undertaking units from the MBA program (GSN units) in the Brisbane Graduate School of Business (BGSB) must meet the MBA entry requirements. Please see the BGSB website http://www.bgsb.qut.edu.au/study/mba/mbacourses/ for further information.

Entry requirements

To be eligible for this Masters Coursework program, students must meet one of the following criteria:

- the Australian equivalent of a bachelor’s degree in any discipline with a grade point average of at least 4.5 (on a 7-point scale)
- evidence of recognised prior higher learning in the field of Information and Information Technology (e.g. at least five years of relevant full-time work experience). Industry certification alone is not sufficient evidence.

International students must complete the above requirements and also achieve an IELTS overall band score of 6.5 or more with no sub-band below 6.0.

International students with an IELTS overall band score between 6.0 and 6.5 with no sub-band below 5.0 are permitted to complete communication units offered by QUT International College as elective units within their Masters degree. These units must be successfully completed in the first semester of the Masters program.

Special Entry Requirements

Library and Information Science Major:

A bachelor degree in any discipline other than library and information science with a grade point average of at least 4.5 (On a 7 points scale).

Executive information practice major - has core units from the MBA and as such must also meet the MBA entry requirements:

- Demonstrate competency in the English language
- Have a GMAT score of at least 500
- Have at least three years work experience
- At least 10 points from at least two of the three categories
- Prior work experience, academic achievement and management aptitude
- For further information, including details regarding the allocation of points, please see the table at:
Course completion rules
Students should meet the following requirements before they are able to complete the Masters Advanced program:
- Students are required to complete 192 credit points of units.
- Students are required to complete the specified core unit.
- Students seeking a single area of specialisation must complete the specific unit requirements for a major.
- Students not seeking a single area of specialisation may graduate with no major.
- Students must complete 48 credit points of project or advanced research units.
- Students may be allowed to take up to four units of electives. These units may be selected from postgraduate units outside of the Faculty of Science and Technology.

Early exit options
Students enrolled in this course may be eligible to exit their courses with a Graduate Certificate (IT85), after successful completion of an approved 48 credit points, or with a Graduate Diploma (IT37), after successful completion of an approved 96 credit points, or with a Masters (IT43) after successful completion of an approved 144 credit points.

Further Information
For further information on this course please contact the course coordinator Dr Ernest Foo on 3138 2782 or email enquiry.scitech@qut.edu.au

IT44 - Master of Information Technology (Advanced)

Core
INN500 IT Project Management

Major Study Areas

Students choose one of the following majors (see Major option list):
- No Major (Information Technology)
- Software Architecture
- Network Management
- Enterprise Systems
- Games Production
- Games Design
- Security
- Executive Information Practice
- Library and Information Science
- Information Management
- Digital Environments

Major Options
A Major block has 84 credit points plus a 48 credit point Elective block

Software Architecture

DO *All of these units:
- INN371 Data Structures and Algorithms
- INN372 Agile Software Development
- INN374 Enterprise Software Architecture
- INN570 Internationalisation of Software

PLUS *Units to 36 credit points from:
- INN700 Introduction To Research
- INN271 The Web
- INN313 Electronic Commerce Site Development
- INN373 Web Application Development
- INN365 Systems Programming
- INN600 Advanced Readings 1
- INN601 Advanced Readings 2
- INN602 Advanced Readings 3
- INN605 Advanced Research 1
- INN606 Advanced Research 2
- INN607 Advanced Research 3
- ELECTIVE *Any postgraduate units to 48 credit points

Network Management

DO *All of these units:
- INN350 Internet Protocols and Services
- INN351 Unix Network Administration
- INN352 Network Planning
- INN650 Advanced Network Management

PLUS *Units to 36 credit points from:
- INN700 Introduction To Research
- INN353 Wireless and Mobile Networks
- INN255 Security
- INN651 Security Technologies
- INN355 Cryptology and Protocols
- INN652 Advanced Cryptology
- INN550 Computer Forensics
- INN600 Advanced Readings 1
- INN601 Advanced Readings 2
- INN602 Advanced Readings 3
- INN605 Advanced Research 1
- INN606 Advanced Research 2
- INN607 Advanced Research 3
- INS450 CCNA 1 and 2 Network Fundamentals and

Master of Information Technology (Non-IT Graduates) (IT45)

Year offered: 2009
Admissions: No
CRICOS code: 003776E
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (indicative): 2009: $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Total credit points: 144
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Update
From semester one, 2009 this course will not be available for commencing students. IT45 will only be available for continuing students. New students - please refer to IT43. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Course Overview
The Master of Information Technology with associated nested graduate diploma and graduate certificates can be tailored for non-IT graduates looking to broaden their career opportunities by gaining a postgraduate IT qualification.

Students may take the Master of Information Technology as a broad-based qualification or may choose to specialise in a particular area such as networks, security, enterprise systems, software development, IT management or games development.

With multiple specialisations now emerging in IT, applicants with existing IT qualifications may wish to study advanced units in their own specialisation, and/or move into an entirely different study of IT. It is highly recommended that students from a non-IT background commence study with a set of introductory units.

Non-IT graduates who are unsure about enrolling in a full Masters program may like to enrol in a Graduate Diploma which can then be used to articulate into the Master of Information Technology (IT45).

Entry Requirements
A bachelor degree in a discipline other than information technology with a grade point average of at least 4.5 (on a 7-point scale) AND demonstrated competence in the basic skills and concepts of personal or office computer usage.

Course Structure
With the availability of a nested graduate diploma and graduate certificates, students in the Master of Information Technology may achieve a number of awards on their pathway to a Masters.

Students may be eligible to receive a Graduate Diploma in Information Technology (IT38), after completing 96 credit points (8 units), including the compulsory unit in IT Project Management.

Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or call 07 3138 2782

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Postgraduate Translation Table
If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code.

Potential Careers:
Business Analyst, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Internet Professional, Network Administrator, Network Manager, Programmer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Master of Information Technology (Advanced) (IT48)

Year offered: 2009
Admissions: No
CRICOS code: 053123F
Course duration (full-time): 2 years (4 semesters)
Course duration (part-time): 4 years (8 semesters)
Domestic fees (indicative): 2009: $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Total credit points: 192
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Update
From semester one, 2009 this course will not be available for commencing students. IT48 will only be available for continuing students. New students - please refer to IT43. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Course Overview
The Master of Information Technology (Advanced) builds on the existing Master of Information Technology for IT graduates, with the addition of further units to enhance students’ knowledge in another discipline or add depth to an IT specialisation. As students progress through their studies, there is the opportunity to accumulate graduate certificates and a graduate diploma, depending on how students choose to focus their studies.

Entry Requirements
A bachelor degree majoring in information technology with a grade point average of at least 4.5 (on a 7-point scale) OR evidence of work experience and/or training equivalent to an IT major.

Course Structure
With the availability of a nested graduate diploma and graduate certificates, students in the Master of Information Technology (Advanced) may achieve a number of awards on their pathway to a Masters.

Students may be eligible to receive a Graduate Diploma in Information Technology (IT35), after completing 96 credit points (8 units), including the compulsory unit in IT Project Management.

Students may also be eligible to receive one or more Graduate Certificates in Information Technology, after completing 48 credit points (4 units) consisting of the four specified units in a concentrated area of study.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Postgraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code

Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or call 3138 2782
Master of Business Process Management (IT53)

Year offered: 2009
Admissions: Yes
CRICOS code: 062622A
Course duration (full-time): 1.5 years
Course duration (part-time): 3 years
Domestic fees (indicative): 2009: Full fee tuition $7,250 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Domestic Entry: February, July
International Entry: February, July
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Taizan Chan
Campus: Gardens Point

Course Overview
The Master of Business Process Management will provide graduates with the skills and knowledge to create and align information systems to effectively support business and enable business strategy.

The program examines business-IT alignment issues through appropriate theory and skill development, and provides career enhancement opportunities into senior management and governance roles.

Students may undertake study in the areas of corporate systems and business process management, IT professional services (including project management and IT consulting), enterprise architecture and systems, and information and knowledge management within business processes.

Entry Requirements
A bachelor degree with a grade point average of at least 4.5 (on a 7-point scale) AND demonstrated competence in the basic skills and concepts of personal or office computer usage.

Course Structure
Students may be eligible to receive a Graduate Certificate in Business Process Management after completing 48 credit points (4 units) consisting of the four specified units.

Students may also be eligible to receive a Graduate Certificate in Corporate Systems Management after completing 48 credit points (4 units) consisting of the four specified units.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here: Postgraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code

Further Information

Master of Information Technology (Research) (IT60)

Year offered: 2009
Admissions: Yes
CRICOS code: 020309B
Course duration (full-time): 1.5 years or 3 semesters
Course duration (part-time): 3 years or 6 semesters
Domestic fees (indicative): Aust citizens or PRs will be awarded an RTS/RTA place or a QUT sponsorship for tuition fees. If you exceed the max time, you will be charged - 2009: $6,720 per semester (indicative)
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: At any time
International Entry: At any time
Total credit points: 144
Course coordinator: Associate Professor Shlomo Geva
Campus: Gardens Point

Course Overview
The Master of Information Technology (Research) provides specialist education in information technology through a program that involves either an original contribution to knowledge or an original application of existing knowledge.

Students choose a research topic from recognised areas of research concentration within the Faculty. Research can be carried out in a research centre of the Faculty, in the student’s place of employment or in a sponsoring institution.

Entry Requirements
Applicants must have:
á an approved degree in information technology from a recognised tertiary institution or an equivalent qualification, with a grade point average of 5 (on a 7-point scale) OR
á an approved degree from a recognised tertiary institution plus evidence of professional experience and skills to satisfy the academic board that the applicant possesses the capacity to pursue the course of study. The evidence should include details of any project or research activities undertaken.

Research Areas
Areas of research interest and contact details can be obtained from the Faculty website

Course Structure
Students entering the degree with second-class honours division A (or better) in an IT-related course will often complete the degree in one year full-time. The length of the program is generally expected to be 18 months full-time (including six months of provisional registration) or three years part-time (including one year of provisional registration).

Assessment for this research masters is based on a program of supervised research and investigation, culminating in a thesis.

Programs may include some coursework in support of the conduct of research and preparation of a thesis. Candidates are required to have regular, face-to-face interaction with supervisors and to participate in University scholarly activities such as research seminars, teaching and publication.

Further Information
Visit www.scitech.qut.edu.au email infotech.research@qut.edu.au, or phone +61 7 3138 1000

Course structure

Full-time Course Structure
A program of research and investigation developed in conjunction with the Principal Supervisor and approved by the Faculty Research Committee (Workload equivalent to 48 credit points per semester)

Part-time Course Structure
A program of research and investigation developed in conjunction with the Principal Supervisor and approved by the Faculty Research Committee (Workload equivalent to 24 credit points per semester)

Potential Careers:
Business Analyst, Computer Games Developer, Data Communications Specialist, Database Manager, Electronic Commerce Developer, Internet Professional, Network Administrator, Network Manager, Programmer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Master of Information Management (refer to IT43) (IT70)

Year offered: 2009
Admissions: No
CRICOS code: 053705F
Course duration (full-time): 3 semesters
Course duration (part-time): 6 semesters
Domestic fees (indicative): 2009: $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,250 (indicative) per semester (subject to annual review)
Assumed knowledge: See Entry Requirements
Total credit points: 144
Course coordinator: Dr Helen Partridge
Campus: Gardens Point

Course is under review
From semester one, 2009 this course will not be available for commencing students. IT70 will only be available for continuing students. New students - please refer to IT43. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Course Overview
This program provides graduates with the skills to find employment in a broad spectrum of information work in public, academic and special libraries and within corporate and government information management contexts. Students will come to understand and manage the complexities of information which impact on society.

Course Structure
With the availability of a nested graduate diploma, students in the Master of Information Management may be eligible to receive a Graduate Diploma in Information Management (IT72), after completing 96 credit points (8 units), consisting of eight specified units in a concentrated area of study.

Entry Requirements
To be eligible for this course, students must have demonstrated competence in the basic skills and concepts of personal or office computer usage and must meet one of the following criteria:
- a bachelor degree in a discipline other than library or information studies with a grade point average of at least 4.5 (on a 7-point scale) OR
- evidence of recognised prior learning (e.g. at least five years of relevant full-time work experience).

Professional Recognition
The Master of Information Management is professionally recognised by the Australian Library and Information Association (ALIA).

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here: Postgraduate Translation Table
If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code

Further Information
Please contact the course coordinator Dr Helen Partridge on enquiry.scitech@qut.edu.au or call 3138 2782

### Course Overview

The Doctor of Information Technology is a professional doctorate designed for candidates to contribute towards professional practice and is appropriate for those wishing to pursue a problem within their workplace expertise. The focal problem in the professional doctorate is an application of theory to an existing significant industry problem.

### Entry Requirements

Industry experience in a field relevant to the professional doctorate and possess one of the following:  
- a four-year degree or its equivalent with first-class or second-class honours division A, or  
- a masters degree, or  
- a three-year bachelor degree and industry experience, or  
- an equivalent combination of experience and/or education and training.

Students with exemplary professional practice who do not meet one of the above criteria may still be eligible to apply and should consult the course coordinator. Before submitting an application for enrolment, potential candidates should consult the course coordinator for assistance with preparation of the appropriate application form concerning eligibility and special interests.

### Course Structure

The degree consists of 288 credit points of which up to 96 credit points are coursework, and the balance is research. Students are expected to develop a high level of research skill and analysis and make an original contribution to knowledge and professional practice. The Doctor of Information Technology will provide focused research and coursework studies in the IT's research areas.

### Research Area

Areas of research interest and contact details can be obtained from the Faculty website.

Graduate Certificate in Information Technology (IT85)

Year offered: 2009
Admissions: Yes
Course duration (part-time): 1 year
Total credit points: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Ernest Foo

Course Overview
Information technology is now firmly ensconced in society with all the other business practices that constitute modern organisations. This Graduate Certificate course has interfaculty contributions from the Faculties of IT, Business, Creative Industries and Law, matching closely to their relevant IT research areas. Recognition of the burgeoning of specialised areas within the Information Industries is reflected in the structure of this course through ten different majors:

- No Major
- Software Architecture
- Network Management
- Enterprise Systems
- Games Production
- Games Design
- Security
- Library and Information Science
- Information Management
- Digital Environments
- Executive Information Practice

The Graduate Certificate in Information Technology IT85 is an entry point that is nested within the IT43 Masters and IT44 Masters Advanced programs. Students who successfully complete the IT85 course may articulate to IT43 Masters or IT44 Masters Advanced Programs.

The IT85 Graduate Certificate in Information Technology does not provide a pathway to follow on with a research degree. However, students who graduate from the IT85 Graduate Certificate in Information Technology may articulate to the IT43 Master of Information Technology or IT44 Master of Information Technology Advanced coursework programs.

Special entry requirements
Executive Information Practice:
This major contains core units from MBA and as such must also meet the MBA entry requirements:
- Demonstrate comtency in the English language
- Have a GMAT score of at least 500
- Have at least three years work experience
- At least 10 points from at least two of the three categories
  - prior work experience, academic achievement and management aptitude
- For further information, including details regarding the allocation of points, please see refer to the table at: http://www.bgsb.qut.edu.au/study/entryreq/index.jsp

Entry Requirements
To be eligible for this program, students must meet one of the following criteria:

- the Australian equivalent of a bachelorâ’s degree in any discipline with a grade point average of at least 4.5 (on a 7-point scale)
- evidence of recognised prior higher learning in the field of Information and Information Technology (e.g. at least five years of relevant full-time work experience). Industry certification alone is not sufficient evidence.

Course Structure
Students are required to complete 48 credit points of units. Please refer to the course structures for information on specific unit requirements for each major. This course may be taken over two semesters part-time. However if the timetable permits a student may complete this course full time in one semester.

Course completion rules
Students should meet the following requirements before they are able to complete the Graduate Certificate program:

- Students are required to complete 48 credit points of units.
- Students must complete the specific unit requirements for a graduate certificate in a major.

Students undertaking units from the MBA program (GSN units) in the Brisbane Graduate School of Business (BGSB) must meet the MBA entry requirements. Please see the BGSB website http://www.bgsb.qut.edu.au/study/mba/mbacourses/ for further information.

Further Information
For further information contact the course coordinator Ernest Foo on enquiry.scitech@qut.edu.au or call 3138 2782

IT85 - Graduate Certificate In Information Technology

Major Study Areas

Students choose one of the following majors (see Major option list):
- No Major
- Software Architecture
- Network Management
- Enterprise Systems
- Games Production
- Games Design
- Security
- Executive Information Practice
- Library and Information Science
Information Management
Digital Environments

IT85 - Major Options

A Major block has 84 credit points plus a 48 credit point
Elective block

No Major

INNXXX *Any IT postgraduate units to the total of 48
credit points

Software Architecture

Any four units from:
INN371 Data Structures and Algorithms
INN372 Agile Software Development
INN374 Enterprise Software Architecture
INN570 Internationalisation of Software
INN500 IT Project Management
INN370 Software Development

Network Management

Any four units from:
INN350 Internet Protocols and Services
INN351 Unix Network Administration
INN352 Network Planning
INN650 Advanced Network Management
INN500 IT Project Management

Enterprise Systems

Any 4 units from:
INN311 Enterprise Systems
INN312 Enterprise Systems Applications
INN374 Enterprise Software Architecture
INN610 Case Studies in Enterprise Systems
INN500 IT Project Management

Games Production

INN180 Computer Games Studies
INN181 Introduction to Games Production
PLUS Any 2 units from:
INN600 Advanced Readings 1
INN601 Advanced Readings 2
INN500 IT Project Management
INN220 Business Analysis
INN321 Business Process Management

Games Design

INN180 Computer Games Studies
INN280 Fundamentals of Game Design
INN272 Interaction Design
PLUS Any 1 unit from:

INN500 IT Project Management
INN281 Advanced Game Design
INN600 Advanced Readings 1
INN601 Advanced Readings 2
KIB201 Concept Development for Game Design and Interactive Media
KIB202 Enabling Immersion

Security

INN255 Security
INN651 Security Technologies
PLUS Any 2 units from:
INN700 Introduction To Research
INN355 Cryptology and Protocols
INN652 Advanced Cryptology
INN550 Computer Forensics
MGN524 Special Topic in Management 1
AYN410 Business Law and Ethics
MGN433 Managing High-Performance Organisations
MGN423 Contemporary Strategic Analysis
GSN440 Risk Management 1
JSN106 Analytical Methods of Intelligence
JSN114 Cybercrime
MAN778 Applications of Discrete Mathematics
LWN139 Privacy Law
LWN125 Electronic Commerce Law
INN690 Minor Project 1
INN691 Minor Project 2
INN692 Minor Project 3
INN694-1 Project 1
INN694-2 Project
INN696-1 Major Project 1
INN696-2 Major Project 2
INN600 Advanced Readings 1
INN601 Advanced Readings 2
INN602 Advanced Readings 3
INN605 Advanced Research 1
INN606 Advanced Research 2
INN607 Advanced Research 3

Library and Information Science

INN690 Minor Project 1
PLUS Any 3 units from:
INN332 Information Retrieval
INN531 Information Services
INN533 Information Organisation
INN333 Information Programs
INN530 Web Content Reliability
INN532 Information Literacy Education

Graduate Certificate in Information Technology (Wireless Games Technology) (IT89)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters or 26 weeks (based on completing 2 units/sem)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Assumed knowledge: See Entry Requirements
Total credit points: 48
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
Please note: From 2009, this course is discontinued - please refer to IT85.

The Graduate Certificate in Information Technology consists of four designated units (48 credit points) which highlight career specialisations. Students can complete the program over 26 weeks part-time (based on two subjects per semester).

The GCert IT (Wireless Games Technology) is aimed at developing knowledge and skills in wireless game applications. Assumed skills include familiarity with object oriented programming in Java and/or C++.

Entry Requirements
An approved Bachelor's degree in Information Technology from a recognised tertiary institution with a grade point average of at least 4.5 (7-point scale); OR provide other evidence of such qualifications (for example Recognised Prior Learning) and significant full-time IT work experience, as will satisfy the Dean of Faculty, that the applicant possesses the capacity to pursue the course of study.

International students cannot gain direct entry into this program as it is offered on a part-time basis only.

International Student Entry
International students cannot gain direct entry into this program as it is offered on a part-time basis only.

Course Structure
Students can enrol directly in the Master of IT (IT Graduates) and gain credit for one or more graduate certificate awards while completing the program. They may exit the course with a graduate certificate (48 credit points) and/or a graduate diploma (96 credit points).

International students cannot gain direct entry to Graduate Certificates in IT as they are currently only available as part of the IT40 Masters program or as an exit point.

Graduate Certificates are offered part-time only.

Further Information
For further information contact the course coordinator Dr Ernest Foo on fit.enquiry@qut.edu.au or visit www.fit.qut.edu.au/courses/postgradcourse.
Graduate Certificate in Information Technology (Computer Networks) (IT90)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters or 26 weeks (based on completing 2 units/sem)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Assumed knowledge: See Entry Requirements
Total credit points: 48
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
Please note: From 2009, this course is discontinued - please refer to IT85.

The Graduate Certificate in Information Technology (Computer Networks) (IT90) is designed for a career in network planning and administration.

Students can complete the program over 26 weeks part-time (based on two subjects per semester).

Entry Requirements
Applicants must have a bachelors degree in Information Technology with a grade point average of at least 4.5 (7-point scale) OR provide other evidence of such qualifications and significant full-time Information Technology work experience as will satisfy the Dean of Faculty that the applicant possesses the capacity to pursue the course of study.

Assumed skills: Foundation level study of the principles of modern networking.

International Student Entry
International students cannot gain direct entry into this program as it is offered on a part-time basis only.

Course Structure
Students can enrol directly in the Master of IT (IT Graduates) and gain credit for one or more graduate certificate awards while completing the program. They may exit the course with a graduate certificate (48 credit points) and/or a graduate diploma (96 credit points).

International students cannot gain direct entry to Graduate Certificates in IT as they are currently only available as part of the IT40 Masters program or as an exit point.

The programs are offered part-time only.

Further information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or visit www.scitech.qut.edu.au/study/postgrad/
Graduate Certificate in Information Technology (Information Security) (IT92)

Year offered: 2009
Admissions: Yes
Course duration (part-time): 2 semesters or 26 weeks (based on completing 2 units/sem)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Assumed knowledge: See entry requirements
Total credit points: 48
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
Please note: From 2009, this course is discontinued - please refer to IT85.

The Graduate Certificate in Information Technology consists of four designated units (48 credit points) which highlight career specialisations. Students can complete the program over 26 weeks part time (based on undertaking two subjects per semester).

GCert IT (Information Security) are designed to provide you with training and a strong understanding of security-related issues in information technology systems. You learn about security problems encountered in computing systems, and explore measures that can be used to secure these systems. An information security background is not necessary for entry to this module.

Entry Requirements
An approved Bachelor's degree in Information Technology from a recognised tertiary institution with a grade point average of at least 4.5 (7-point scale); OR provide other evidence of such qualifications (for example Recognised Prior Learning) and significant full-time IT work experience, as will satisfy the Dean of Faculty, that the applicant possesses the capacity to pursue the course of study.

Assumed skills: Familiarity with principles of modern networking and for ITB646, assumed Maths as specified in ITB646 (see Course Structure).

International students cannot gain direct entry to Graduate Certificates in IT as they are only currently available as part of a Masters program or an exit point.

International Student Entry
International students cannot gain direct entry into this program as it is offered on a part-time basis only.

Course Structure
Students can directly enrol in the Master of IT (IT Graduates)(IT40) and gain credit for one or more graduate certificate awards while completing the program. They may also exit or graduate early from the course upon the successful completion of a graduate certificate (48 credit points) and/or a graduate diploma (96 credit points).

Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or visit www.scitech.qut.edu.au/study/postgrad/

Potential Careers:
Data Communications Specialist, Internet Professional, Network Administrator, Network Manager.
Graduate Certificate in Information Technology (Enterprise Wide Software) (IT93)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters or 26 weeks (based on completing 2 units/sem)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Assumed knowledge: See Entry Requirements
Total credit points: 48
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
Please note: From 2009, this course is discontinued - please refer to IT85.

The Graduate Certificate in Information Technology consists of four designated units (48 credit points) which highlight career specialisations. GCert IT (EWS) is for students who wish to take advantage of the programming, administration and planning opportunities offered by enterprise wide system environments.

Entry Requirements
An approved Bachelor's degree in Information Technology from a recognised tertiary institution with a grade point average of at least 4.5 (7-point scale); OR provide other evidence of such qualifications (for example Recognised Prior Learning) and significant full-time IT work experience, as will satisfy the Dean of Faculty, that the applicant possesses the capacity to pursue the course of study.

Assumed skills: Familiarity with concepts of enterprise architecture or enterprise modelling.

International students cannot gain direct entry to Graduate Certificates in IT as they are only currently available as part of a Masters program or an exit point.

International Student Entry
International students cannot gain direct entry into this program as it is offered on a part-time basis only.

Course Structure
Students can use a graduate certificate in IT to articulate or gain credit towards a Graduate Diploma and/or Masters in IT award.

Alternatively, applicants may directly enrol in the Master of IT (IT Graduates) (IT40) and gain credit for one or more graduate certificate awards while completing the program. They may also exit or graduate early from the course upon the successful completion of a graduate certificate (48 credit points) and/or a graduate diploma (96 credit points).

Further Information

For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or visit www.scitech.qut.edu.au/study/postgrad/
Graduate Certificate in Information Technology (Electronic Commerce) (IT94)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters or 26 weeks (based on completing 2 units/sem)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Assumed knowledge: See Entry Requirements
Total credit points: 48
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
Please note: From 2009, this course is discontinued - please refer to IT85.

The Graduate Certificate in Information Technology consists of four designated units (48 credit points) which highlight career specialisations.

The Graduate Certificate in Information Technology (Electronic Commerce) (IT94) provides the knowledge and skills necessary for employment in mainstream e-commerce application development.

Entry Requirements
An approved Bachelor's degree in Information Technology from a recognised tertiary institution with a grade point average of at least 4.5 (7-point scale); OR provide other evidence of such qualifications (for example Recognised Prior Learning) and significant full-time IT work experience, as will satisfy the Dean of Faculty, that the applicant possesses the capacity to pursue the course of study.

Assumed skills: Familiarity with object oriented concepts, some programming in modern languages and relational databases.

International students cannot gain direct entry to Graduate Certificates in IT as they are only currently available as part of a Masters program or an exit point.

International Student Entry
International students cannot gain direct entry into this program as it is offered on a part-time basis only.

Course Structure
Students can directly enrol in the Master of IT (IT Graduates)(IT40) and gain credit for one or more graduate certificate awards while completing the program. They may also exit or graduate early from the course upon the successful completion of a graduate certificate (48 credit points) and/or a graduate diploma (96 credit points).

Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or visit www.scitech.qut.edu.au/study/postgrad/
Graduate Certificate in Information Technology (Project) (IT95)

Year offered: 2009
Admissions: Yes
Course duration (part-time): 2 semesters or 26 weeks (based on completing 2 units/sem)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Assumed knowledge: See Entry Requirements
Total credit points: 48
Course coordinator: Dr Hamish Bentley
Campus: Gardens Point

Entry Requirements
Please note: From 2009, this course is discontinued - please refer to IT85.

An approved Bachelor degree in Information Technology from a recognised tertiary institution with a grade point average of at least 4.5 (7-point scale); OR provide other evidence of such qualifications (for example Recognised Prior Learning) and significant full-time IT work experience, as will satisfy the Dean of Faculty, that the applicant possesses the capacity to pursue the course of study.

Assumed skills: Previous study at postgraduate level. Previous research methodology study recommended.

International students cannot gain direct entry to Graduate Certificates in IT as they are only currently available as part of a Masters program or an exit point.

International Student Entry
International students cannot gain direct entry into this program as it is offered on a part-time basis only.

Articulation
Students can directly enrol in the Master of IT (IT Graduates)(IT40) and gain credit for one or more graduate certificate awards while completing the program. They may also exit or graduate early from the course upon the successful completion of a graduate certificate (48 credit points) and/or a graduate diploma (96 credit points).

Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or visit www.scitech.qut.edu.au/study/postgrad/

Potential Careers:
Data Communications Specialist, Internet Professional, Network Administrator, Network Manager, Programmer, Software Engineer, Systems Analyst, Systems Manager, Systems Programmer.
Graduate Certificate in Information Technology (Generic) (IT97)

**Year offered:** 2009  
**Admissions:** No  
**Course duration (full-time):** 1 semester  
**Course duration (part-time):** 2 semesters  
**Domestic fees (indicative):** 2009: Full fee tuition $6,750 (indicative) per semester  
**Domestic Entry:** February and July  
**Total credit points:** 48  
**Course coordinator:** Dr Ernest Foo  
**Campus:** Gardens Point and External

**IT97 is an exit option only**

Graduate Certificate in Information Technology (Multimedia) (IT98)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters or 26 weeks (based on completing 2 units/sem)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Assumed knowledge: See Entry Requirements
Total credit points: 48
Course coordinator: Dr Ernest Foo
Campus: Gardens Point

Course Overview
Please note: From 2009, this course is discontinued - please refer to IT85.

The Graduate Certificate in Information Technology consists of four designated units (48 credit points) which highlight career specialisations.

GCert IT (Multimedia) offers the opportunity to specialise in interface design, with skills in multimedia solutions.

Entry Requirements
An approved Bachelor's degree in Information Technology from a recognised tertiary institution with a grade point average of at least 4.5 (7-point scale); OR provide other evidence of such qualifications (for example Recognised Prior Learning) and significant full-time IT work experience, as will satisfy the Dean of Faculty, that the applicant possesses the capacity to pursue the course of study.

Assumed skills: Familiarity with programming and database.

International students cannot gain direct entry to Graduate Certificates in IT as they are only currently available as part of a Masters program or an exit point.

International Student Entry
International students cannot gain direct entry into this program as it is offered on a part-time basis only.

Course Structure
Students can directly enrol in the Master of IT (IT Graduates) (IT40) and gain credit for one or more graduate certificate awards while completing the program. They may also exit or graduate early from the course upon the successful completion of a graduate certificate (48 credit points) and/or a graduate diploma (96 credit points).

Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or www.scitech.qut.edu.au/study/postgrad/
Graduate Certificate in Information Technology (Component Software and Web Services) (IT99)

Year offered: 2009
Admissions: No
Course duration (part-time): 2 semesters or 26 weeks (based on completing 2 units/sem)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
Domestic Entry: February and July
Assumed knowledge: See Entry Requirements
Total credit points: 48
Course coordinator: Ernest Foo
Campus: Gardens Point

Course Overview
Please note: From 2009, this course is discontinued - please refer to IT85.

The Graduate Certificate in Information Technology consists of four designated units (48 credit points) which highlight career specialisations. The GCert IT (Component Software and Web Services) provides a firm basis for a career in web applications technology across a variety of platforms.

Entry Requirements
An approved Bachelor's degree in Information Technology from a recognised tertiary institution with a grade point average of at least 4.5 (7-point scale); OR provide other evidence of such qualifications (for example Recognised Prior Learning) and significant full-time IT work experience, as will satisfy the Dean of Faculty, that the applicant possesses the capacity to pursue the course of study.

Assumed skills: Programming skills at non-elementary level, including OO concepts, basic computer security, analysis skills (eg software engineering, systems analysis or enterprise modelling), relational database.

International students cannot gain direct entry to Graduate Certificates in IT as they are only currently available as part of a Masters program or an exit point.

International Student Entry
International students cannot gain direct entry into this program as it is offered on a part-time basis only.

Course Structure
Students can directly enrol in the Master of IT (IT Graduates)(IT40) and gain credit for one or more graduate certificate awards while completing the program. They may also exit or graduate early from the course upon the successful completion of a graduate certificate (48 credit points) and/or a graduate diploma (96 credit points).

Further Information
For further information contact the course coordinator Dr Ernest Foo on enquiry.scitech@qut.edu.au or visit www.scitech.qut.edu.au/study/postgrad/
Bachelor of Applied Science/Bachelor of Education (Secondary) (IX02)

Year offered: 2009
Admissions: Yes
CRICOS code: 020322E
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,641 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409112
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 432
Standard credit points per full-time semester: 48 (semesters 1, 6-8), 60 (semesters 2-5)
Course coordinator: Dr Perry Hartfield (Science); Dr Mal Shield (Secondary)
Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Gary Huftile (Geoscience); Dr Dann Mallet (Mathematics); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point and Kelvin Grove

Career Opportunities
The Bachelor of Applied Science allows multidisciplinary programs of study that not only help you position yourself within the broad range of science disciplines but also qualify you as a competent professional in your chosen field. You are equipped to work as a science professional or undertake research after graduation if you desire.

The Bachelor of Education (Secondary) prepares you to teach in two curriculum areas in secondary school. The science majors that are most relevant to students intending to follow a career in secondary school teaching are Chemistry, Ecology, Geoscience, Mathematics or Physics.

Recommended Study
At least one of the sciences. For the majors in biochemistry, biotechnology and microbiology - Biological Science and Chemistry are recommended; for the major in physics - Maths C is recommended.

Course Design
See the Bachelor of Applied Science course information for details of major areas of study. To allow you to complete the double degree in a shorter period of time, co-majors are to be taken from the education technology program.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Graduates will satisfy the requirements for membership of the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card. immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Computing Requirement
The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

#### Course Elective (See list)
### WITH MATHEMATICS AS A SECOND TEACHING AREA

**Year 1, Semester 2**
- MAB111 Mathematical Sciences 1B
- SCB110 Science Concepts and Global Systems
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

**Year 1, Semester 2**
- MAB112 Mathematical Sciences 1C
- MAB220 Computational Mathematics 1
- PQB250 Mechanics and Electromagnetism
- PQB251 Waves and Optics
- MAB101 Statistical Data Analysis 1
  - Or
- MAB210 Statistical Modelling 1

**Year 2, Semester 1**
- MAB311 Advanced Calculus
- PQB350 Thermodynamics of Solids and Gases

**Year 2, Semester 2**
- PQB450 Energy, Fields and Radiation
- PQB451 Electronics and Instrumentation
- PCB665 Physics 3
  - Science Elective (See list)

**Year 3, Semester 1**
- PQB550 Quantum and Condensed Matter Physics
- PQB551 Physical Analytical Techniques
- PQB651 Experimental Physics
  - Science Elective (See list)

### WITH MATHEMATICS AS A SECOND TEACHING AREA

**Year 1, Semester 1**
- MAB100 Mathematical Sciences 1A
- SCB110 Science Concepts and Global Systems
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

**Year 1, Semester 2**
- MAB111 Mathematical Sciences 1B
- MAB112 Mathematical Sciences 1C
- PQB250 Mechanics and Electromagnetism
- PQB251 Waves and Optics
- SCB222 Exploration of the Universe

**Year 2, Semester 1**
- MAB311 Advanced Calculus
- PQB350 Thermodynamics of Solids and Gases

**Year 2, Semester 2**
- PQB450 Energy, Fields and Radiation
- PQB451 Electronics and Instrumentation
- PCB665 Physics 3
  - Science Elective (See list)

**Year 3, Semester 1**
- PQB550 Quantum and Condensed Matter Physics
- PQB551 Physical Analytical Techniques
- PQB651 Experimental Physics
  - Science Elective (See list)

### WITH GENERAL SCIENCE AS A SECOND TEACHING AREA

**Year 1, Semester 1**
- MAB100 Mathematical Sciences 1A
- SCB110 Science Concepts and Global Systems
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

**Year 1, Semester 2**
- MAB111 Mathematical Sciences 1B
- MAB112 Mathematical Sciences 1C
- MAB220 Computational Mathematics 1
- PQB250 Mechanics and Electromagnetism
- PQB251 Waves and Optics

**Year 2, Semester 1**
- MAB311 Advanced Calculus
- PQB350 Thermodynamics of Solids and Gases

**Year 2, Semester 2**
- PQB450 Energy, Fields and Radiation
- PQB451 Electronics and Instrumentation
- PCB665 Physics 3

**Year 3, Semester 1**
- PQB550 Quantum and Condensed Matter Physics
- PQB551 Physical Analytical Techniques
- PQB651 Experimental Physics
  - Science Elective (See list)
Plus select TWO units from the following:

- MAB210 Statistical Modelling 1
- MAB313 Mathematics of Finance
- MAB413 Differential Equations
- MAB422 Mathematical Modelling
- MAB480 Introduction to Scientific Computation

Year 3, Semester 1

- PQB550 Quantum and Condensed Matter Physics
- PQB551 Physical Analytical Techniques
- PQB651 Experimental Physics

 Either

- MAB101 Statistical Data Analysis 1
- MAB312 Linear Algebra

Second Teaching Area - General Science

- SCB120 Plant and Animal Physiology
  Or
- SCB222 Exploration of the Universe

  * SCB120 and SCB222 are alternative units for Geoscience Major

- MDB454 Science, Technology and Society

Science Electives

Select TWO units that you have not already done from the following:

Semester 1 Units:

- NQB321 Ecology
- NQB322 Invertebrate Biology
- NQB323 Plant Biology
- SCB121 Chemistry 2

Semester 2 Units:

- NQB201 Planet Earth
- NQB202 History of Life on Earth
- NQB403 Soils and the Environment
- NQB423 Vertebrate Biology
- PQB250 Mechanics and Electromagnetism
- SCB120 Plant and Animal Physiology
- SCB121 Chemistry 2
- SCB122 Cell and Molecular Biology
- SCB123 Physical Science Applications

List 1: Curriculum Studies 1X & 1Y

Prerequisite: Normally minimum of 24 credit points of relevant discipline. Students undertaking a double Science major will undertake an education elective in addition to

- MDB010 Mathematics Curriculum Studies 1
- MDB031 Science Education Curriculum Studies 1

List 2: Curriculum Studies 2X & 2Y

- MDB021 Mathematics Curriculum Studies 2
- MDB019 Earth Science Curriculum Studies 2
- MDB022 Mathematics Curriculum Studies 2
- MDB025 Physics Curriculum Studies 2
- MDB028 Science Curriculum Studies 2

List 3: Curriculum Studies 3X & 3Y

Prerequisites: Curriculum Studies 2X & 2Y. Students undertaking a double Science major will undertake an education elective in addition to MDB033.

- MDB023 Mathematics Curriculum Studies 3
- MDB033 Science Education Curriculum Studies 3

Potential Careers:

Bachelor of Applied Science/Bachelor of Education (Primary) (IX14)

Year offered: 2009
Admissions: Yes
CRICOS code: 037540M
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,888 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409142
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr Perry Hartfield (Science): Contact Education Student Affairs Section 3138 3947, or educationenq@qut.edu.au
Discipline coordinator: Education Course Coordinator Dr Mary Ryan. Science Discipline Coordinators: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Gary Huftile (Geoscience); Dr Scott McCue (Mathematics); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point and Kelvin Grove

Career Opportunities
The Bachelor of Applied Science allows multidisciplinary programs of study that not only help you position yourself within the broad range of science disciplines but also qualifies you as a competent professional in your chosen field. You will be equipped to work as a science professional or undertake research after graduation if you desire.

The Bachelor of Education (Primary) prepares you to teach at all levels of primary school. Students may also complete a discipline/content studies major in one of the key learning areas of the Queensland school curriculum.

Course Design
Graduates from this double degree will have a science degree with the same core support and choice of major study areas as the graduates from the Bachelor of Applied Science (SC01) program. Education studies will comprise the co-major component. Field Studies units will be taken in Queensland schools.

Professional Recognition
Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Graduates will satisfy the requirements for membership of the relevant professional body for their chosen science major. See the Bachelor of Applied Science course for details.

Working With Children Check
Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card. to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card. immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at bluecard.qut.com.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Computing Requirement

The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Bachelor of Engineering (Software Engineering) (IX25)

Year offered: 2009
Admissions: No
CRICOS code: 053707D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,568 (indicative) per semester
International Fees (per semester): 2009: $11,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419502
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr R.Mahalinga-Iyer
Discipline coordinator: Dr Jasmine Banks
Campus: Gardens Point

Course Overview
The course is a collaborative program between the Faculties of Built Environment & Engineering and Information Technology which provides students with the electrical engineering and software development skills to seek employment as software engineers. The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Course is under review
The Faculty of Science and Technology is currently reviewing this course structure to continue to meet the needs of students and employers. As a result this program may change in 2009 and is subject to final approval. Further information will be available from August 2008. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Recommended Study
Chemistry, Maths C and Physics

Career Outcomes
Software Engineers create, maintain and modify computer and software programs such as operating systems or communications software. They may also evaluate and deploy new programming tools and techniques and analyse current software products. You may work in a range of occupational environments. Software engineers can work in Engineering/IT-specific industries, as well as in other organisations requiring software engineering expertise.

Professional Recognition
Professional accreditation from Engineers Australia and the Australian Computer Society is being sought.

Special course requirements
Students are required to complete 60 days approved industrial experience.

International Student Entry
International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code.

Faculty of Built Environment and Engineering: tel: +61 7 3138 1993, fax: +61 7 3138 1516, email: bee.enquiries@qut.edu.au
Faculty of Science and Technology: tel: +61 7 3138 2782, fax +61 7 3138 2703, email: enquiry.scitech@qut.edu.au

IX25 - Bachelor of Engineering (Software Engineering) - Course structure

The Faculty of Information Technology is currently reviewing this course structure to
Students are required to undertake 3 electives as follows: 2 from Electrical Engineering and 1 from Information Technology

### Electrical Engineering Electives (2 to be selected)
- Any 3rd or 4th year electrical ENB unit approved by the course coordinator.

### Information Technology Electives (1 to be selected)
- Systems Programming
- Web Application Development
- Modelling and Animation Techniques
- Real Time Rendering Techniques
- Or any 3rd or 4th year IT unit approved by the course coordinator.

### Potential Careers:
- Computer Systems Engineer, Data Communications Specialist, Electrical and Computer Engineer, Electrical Engineer, Software Engineer, Systems Programmer.
Bachelor of Applied Science/Bachelor of Information Technology (IX26)

Potential Careers:
Bachelor of Creative Industries / Bachelor of Information Technology (IX27)

Year offered: 2009  
Admissions: No  
CRICOS code: 059227E  
Course duration (full-time): 4 years  
Domestic fees (indicative): 2009: $3,332 (indicative) per semester  
International fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)  
QTAC code: 409872  
Past rank cut-off: 74  
Past OP cut-off: 13  
Assumed knowledge: English (4, SA), and for games technology and security majors, Maths B (4, SA), or for all other majors, Maths A, B or C (4, SA)  
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or Total credit points: 384  
Standard credit points per full-time semester: 48  
Course coordinator: IT: Mr Richard Thomas; Creative Industries: Head, Undergraduate Studies (ugenq.ci@qut.edu.au)  
Campus: Gardens Point and Kelvin Grove

Overview
This four-year program gives you the opportunity to allow your creative side to shine through as it complements your technical information technology skills. The integrated program consists of 16 creative industries units and 16 information technology units so that you will study both creative industries and information technology units in each semester. You will choose one information technology major from business systems engineering, databases, electronic business, games technology, information and knowledge management, information systems, information technology management, intelligent systems, security, network systems, software architecture, or web services and applications.

The Bachelor of Creative Industries emphasises the use of technology through digital media and film production in the interdisciplinary major. You can choose a creative industries Second major that will build complementary skill sets, such as digital media or film, television and screen. Alternatively, you may choose a creative industries area of interest to diversify your IT studies.

Creative Industries Second majors include art and design history; creative and professional writing; dance; digital media, fashion; film, television and screen; interactive and visual design; journalism; media and communication; literary and cultural studies.

Course Update
From semester one, 2009 this course will not be available for commencing students. IX27 will only be available for continuing students. New students - please refer to IX56. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Career Outcomes
The creative industries Second majors in this double degree have been specifically chosen for their relevance to careers in information technology. You will undertake the Bachelor of Creative Industries interdisciplinary major as well as one creative industries second major. Your information technology degree component comprises eight core units and eight units in your information technology major.

You will learn creative and technical skills within a contextual framework, so you will be well placed to build your career in digital product and new media strategy.

Course Structure
This course is made up of 384 credit points. Each component (i.e. Creative Industries and Information Technology) comprises 192 credit points.

The Creative Industries component is made up of 24 credit points of Faculty Foundation units, 168 credit points from Creative Industries interdisciplinary units.

The Information Technology component is made up of 120 credit points of Faculty core units and 72 credit points of units from an IT major.

Professional Recognition
Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

OP Guarantee
The OP Guarantee does not apply to this course.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Domestic student tuition fee (Dfee) places
Undergraduate domestic full fee places (Dfee) are not available in this course. Tuition fees are only applicable to currently enrolled students who were unable to comply regulations regarding their original Commonwealth Supported place (i.e. failure to lodge an eCAF, has consumed of other their Student Learning Entitlement etc.) and who have been invited and accepted to continue as a fee-paying student.

Further Information
For information regarding the IT component of this degree, please contact the Course Coordinator, Mr Richard Thomas.
Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code.

IX27 - Bachelor of Creative Industries/Bachelor of Information Technology Course structure

Course Structure 2009
From semester one, 2009 this course will not be available for commencing students. IX27 will only be available for continuing students. New students - please refer to IX56. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Creative Industries Second Majors

INSTRUCTIONS FOR SECOND MAJORS/CO-MAJORS
*From 2009 Co-Majors have been renamed Second Majors
Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a second major or co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these second major or co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these second majors or co-majors and/or minors. Any unit(s) that appear in multiple second major or co-majors and/or minors can only contribute towards the completion of one of these second major or co-majors or minors.

Advertising
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB220 Advertising Theory and Practice
AMB221 Advertising Copywriting
AMB319 Media Planning
AMB320 Advertising Management
AMB339 Advertising Campaigns
AMB330 Advertising Planning Portfolio
BSB126 Marketing

Animation
KIB105 Animation and Motion Graphics
KIB108 Animation History and Practices
KIB203 Introduction to 3D Computer Graphics
KIB225 Character Development, Conceptual Design and Animation Layout
KIB316 Virtual Environments
KIB325 Real-Time 3D Computer Graphics
KVB105 Drawing for Design
KVB106 Drawing for Animation

Art and Design History
Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will
assist in preparing you for work as a professional in these disciplines.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

DAB325 Architecture in the 20th Century
DAB420 Architecture, Culture and Space
DEB102 Introducing Design History
KVB102 Modernism
KVB103 Australian Art
KVB108 Contemporary Asian Visual Culture
KVB211 Post 1945 Art
KVB212 Australian Art, Architecture and Design
KVB304 Contemporary Art Issues
KVB306 Video Art and Culture

Communication Design

*continuing students only

Description: The aim of this co-major is to provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KIB101 Visual Communication
KIB102 Visual Interactions
KIB103 Introduction to Web Design and Development
KIB104 Digital Media
KIB205 Programming for Visual Designers and Artists
KIB214 Design for Interactive Media
KIB216 Advanced Web Design
KIB230 Interface and Information Design

Creative and Professional Writing

Description: The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB106 Corporate Writing and Editing
KWB107 Creative Non-Fiction
KWB206 Youth and Children's Writing
KWB207 Great Books: Creative Writing Classics
KWB211 Stylistics and Poetics
KWB303 Writing and Publishing Industry
KWB313 Novel and Memoir

Dance

Description: This co-major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.

Assumed Knowledge: Previously acquired knowledge or skill IS required for you to undertake this co-major. It is essential that you be physically able, fit and have basic knowledge in a dance technique, either ballet, jazz or contemporary to undertake the practical units.

KDB103 Dance Technique Studies 1
KDB104 Dance Technique Studies 2
KDB105 Architecture of the Body
KDB106 Dance Analysis
KDB107 Choreographic Studies 1
KDB108 World Dance
KDB109 Funk, Tap and all that Jazz
KDB110 Deconstructing Dance in History
KDB204 Australian Dance
KDB205 Dance in Education
KDB225 Music Theatre Skills

Digital Media

Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
Drama

Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the co-major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KTB101 20th Century Performance
KTB103 Performing Skills 1: Character and Scene
KTB104 Performance Innovation
KTB106 Performing Skills 2: Style and Form
KTB204 Understanding Performance
KTB207 Staging Australia
KTB210 Creative Industries Management
KTB211 Creative Industries Events and Festivals
KTB305 The Entrepreneurial Artist
KTB306 Directing for Performance Events and Festivals

Entrepreneurship

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB230 Digital Promotions
AMB240 Marketing Planning and Management
AMB251 Innovation and Brand Management
BSB115 Management, People and Organisations

Film, Television and Screen

Description: The aim of this co-major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organizational abilities as well as building story telling and communication skills.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KPB101 Foundations of Film and Television Production
KPB102 Film History
KPB104 Film and Television Production Resource Management
KPB105 Narrative Production
KPB106 Australian Television
KPB107 Television's Greatest Hits
KPB108 Media Text Analysis
KPB202 Film and Television Business Skills: Entrepreneurship and Investment
KPB203 Australian Film
KPB205 Documentary Theory and Practice
KPB206 International Cinema
KPB303 Critical Thinking About Television

Game Design
INB180 Computer Games Studies
INB181 Games Production
INB280 Games Design
INB272 Interaction Design
INB104 Building IT Systems
INB281 Advanced Games Design
KIB101 Visual Communication
KIB102 Visual Interactions

Integrated Marketing Communication
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB202 Integrated Marketing Communication
AMB208 Events Marketing
AMB220 Advertising Theory and Practice
AMB230 Digital Promotions
AMB240 Marketing Planning and Management
AMB260 Public Relations Theory and Practice
AMB261 Media Relations and Publicity
AMB331 Direct Marketing
AMB350 Sales and Customer Relationship Management
BSB126 Marketing

Interactive and Visual Design
KIB101 Visual Communication
KIB102 Visual Interactions
KIB103 Introduction to Web Design and Development
KIB104 Digital Media
KIB214 Design for Interactive Media
KIB216 Advanced Web Design
KIB230 Interface and Information Design
KIB315 Contemporary Issues in Digital Media

Journalism, Media and Communication
Description: This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB102 Media and Society: From Printing Press to Internet
OR
KJB101 Digital Journalism
KJB120 Newswriting
KCB104 Media and Communications Industries
KJB121 Journalistic Inquiry
KCB103 Strategic Speech Communication
KJB224 Feature Writing
KJB239 Journalism Ethics and Issues
KFB205 Fashion and Style Journalism
OR
KJB280 International Journalism
KCB301 Media Audiences
KCB302 Political Communication
KCB304 Managing Communication Resources
OR
KJB337 Public Affairs Reporting

Literary Studies
Description: The aims of this co-major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with enhanced skills in critical thinking, writing and analysis; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB108 Introduction To Literary Studies
KWB109 Writing Australia
KWB206 Youth and Children's Writing
KWB207 Great Books: Creative Writing Classics
KWB208 Modern Times (Literature and Culture in the 20th Century)
KWB209 Shakespeare, Then and Now
KWB308 Wonderlands: Literature and Culture in the 19th Century
KWB309 Popular Fictions, Popular Culture

Marketing
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB201 Marketing and Audience Research
AMB202 Integrated Marketing Communication
AMB240 Marketing Planning and Management
AMB335 E-Marketing Strategies
AMB340 Services Marketing
AMB341 Strategic Marketing
BSB126 Marketing

**Mathematics**

Description: This co-major aims to provide you with powerful tools for the analysis of today’s complex world and give an insight into many real-world problems of significant importance.

Assumed Knowledge: Maths B (if you do not have this you should include MAB105 as one of your first units)

MAB100 Mathematical Sciences 1A
MAB101 Statistical Data Analysis 1
MAB111 Mathematical Sciences 1B
MAB112 Mathematical Sciences 1C
MAB210 Statistical Modelling 1
MAB311 Advanced Calculus
MAB312 Linear Algebra
MAB314 Statistical Modelling 2

**Online Environments**

Choose 3 of the following units (INB122 and INB210 cannot both be taken)

INB104 Building IT Systems
INB122 Organisational Databases
INB210 Databases
INB270 Programming
INB271 The Web
INB272 Interaction Design

Choose 4 of the following INB 300-level units

INB313 Electronic Commerce Site Development
INB322 Information Systems Consulting
INB340 Database Design
INB345 Devices in the Wild
INB346 Web 2.0
INB370 Software Development
INB373 Web Application Development

**Public Relations**

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB201 Marketing and Audience Research

AMB202 Integrated Marketing Communication
AMB261 Media Relations and Publicity
AMB262 Public Relations Writing
AMB263 Public Relations Theory and Practice
AMB373 Corporate Communication
AMB374 Global Public Relations Cases
AMB379 Public Relations Campaigns
BSB126 Marketing

**Creative Industries Minors**

Please refer to the following study sequences to plan your program. You must complete 48 credit points (normally four 12 credit point subjects) from the specified units to achieve a minor, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.

**3D Visualisation**

KIB203 Introduction to 3D Computer Graphics
KIB225 Character Development, Conceptual Design and Animation Layout
KIB316 Virtual Environments
KIB325 Real-Time 3D Computer Graphics

**Advertising**

AMB220 Advertising Theory and Practice
AMB318 Advertising Copywriting
AMB319 Media Planning
BSB126 Marketing
AMB200 Consumer Behaviour

**Animation**

KIB105 Animation and Motion Graphics
KIB108 Animation History and Practices
KVB105 Drawing for Design
KVB106 Drawing for Animation

**Art History**

KVB102 Modernism
KVB103 Australian Art
KVB211 Post 1945 Art
KVB304 Contemporary Art Issues

**Art, Design and Architecture**

DAB325 Architecture in the 20th Century
DEB102 Introducing Design History

your course requirements
* you cannot select a unit that forms part of the compulsory units of your course or the compulsory units of your chosen sub-major area.
* you must have successfully completed any pre/co-requisite units applicable
* the offering of elective units is subject to sufficient student enrolment numbers and staff availability
* some units are subject to quota restrictions
* KK33, KK34, KJ32, KM32, IX07 and IX16 students ONLY are permitted to select electives from outside the Faculty of Creative Industries

Semester 1 Units

**Media & Communication**
KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
KCB103 Strategic Speech Communication
KCB201 Virtual Cultures
KCB302 Political Communication

**Communication Design**
KIB108 Animation Practices
KIB201 Interactive Writing

**Dance**
KDB105 Architecture of the Body
KDB108 World Dance
KDB110 Deconstructing Dance in History

**Fashion**
KFB103 Introduction to Fashion
KFB206 Fashion and Modernity

**Journalism**
KJB101 Digital Journalism
KJB120 Newswriting
KJB121 Journalistic Inquiry
KJB224 Feature Writing
KJB239 Journalism Ethics and Issues

**Faculty**
KKB004 Indigenous Creative Industries
KKB101 Creative Industries: People and Practices
KKB210 Computational Arts 1

**Transition to New Professional Environments**
KKB341 Workplace Learning 1
KKB342 Workplace Learning 2
KKB343 Service Learning 1

KKB344 Service Learning 2
KKB345 Creative Industries Project 1
KKB346 Creative Industries Project 2
KKB347 Becoming A Researcher: Understandings, Skills and Practices

**Music & Sound**
KMB003 Sex Drugs Rock 'n' roll
KMB004 World Music
KMB104 Music and Sound Skills
KMB105 Music and Sound Technology
KMB108 Sound Recording and Acoustics

**Film & Television**
KPB102 Film History
KPB106 Australian Television
KPB202 Film and Television Business Skills: Entrepreneurship and Investment
KPB203 Australian Film
KPB303 Critical Thinking About Television

**Performance Studies**
KTB101 20th Century Performance
KTB204 Understanding Performance
KT0801 Creative Industries Management
KT0802 Creative Industries Events and Festivals

**Visual Arts**
KVB102 Modernism
KVB104 Photomedia and Artistic Practice
KVB110 2D Media and Processes
KVB212 Australian Art, Architecture and Design
KVB304 Contemporary Art Issues

**Creative Writing & Cultural Studies**
KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB105 Film and Television Scriptwriting
KWB107 Introduction to Creative Non-Fiction
KWB108 Introduction To Literary Theory and Cultural Studies
KWB207 Great Books: The Literary Classics
KWB208 Modern Times (Literature and Culture in the 20th Century)
KWB308 Wonderlands: Literature and Culture in the 19th Century

**NOTES:**

* Only one Workplace Learning unit may be completed.
* KKB290, KKB357, KKB320, KKB330, KKB340-1 and KKB340-2 are only available to students enrolled in Creative Industries courses.

**Potential Careers:**

Advertising Professional, Animator, Artist, Arts Administrator, Composer, Computer Game Programmer, Computer Games Developer, Creative Writer, D.J, Digital Composer, Film Composer, Film/Television Producer, Information Officer, Information Security Specialist, Internet Professional, Marketing Officer/Manager, Media Industry Specialist, Multimedia Designer, Music Agent/Manager, Music Publisher, Music Sampler, Music Teacher, Music Technologist, Musical Director, Musician, Organisational Communication Specialist, Public Relations Officer/Consultant, Recording Engineer, Song Writer, Sound and Music Producer, Sound Designer, Sound/Audio Engineer, Technical Officer, Web Designer.
Bachelor of Information Technology/Bachelor of Mathematics (IX29)

Year offered: 2009
Admissions: No
CRICOS code: 059226F
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
QTAC code: 419552
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4,SA) and Maths B (4,SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Course coordinator: Dr Gary Carter (Mathematics), Mr Richard Thomas (IT)
Campus: Gardens Point

Course Update
From semester one, 2009 this course will not be available for commencing students. IX29 will only be available for continuing students. New students - please refer to IX57. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Professional Recognition
On graduation, students will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia Inc and, depending on unit selection, the Australian Society for Operations Research. Graduates of the Bachelor of Information Technology meet the knowledge requirement for admission to the Australian Computer Society.

Course Design
This double degree comprises 384 credit points with 192 credit points from Information Technology and 192 credit points from Mathematics. All majors in the Bachelor of Information Technology are available.

Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you’re learning in your degree. Students wishing to participate in the Cooperative Education Program should be aware that they will not receive financial support as a Dean’s Scholar for the duration of the placement.

Find out more about the Cooperative Education Program.

Mathematics Bursaries
Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded to Australian citizens or permanent residents on a competitive basis. Applications should be submitted by 1 December of the year preceding entry to the course. For further information see www.maths.qut.edu.au

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code.

**MAB281 is only to be used as a prereq for INB381**

**Potential Careers:**

Actuary, Computer Game Programmer, Data Communications Specialist, Database Manager, Market Research Manager, Mathematician, Network Administrator, Network Manager, Programmer, Quantitative Analyst, Software Engineer, Statistician, Systems Analyst.
Bachelor of Applied Science / Bachelor of Business (IX31)
Year offered: 2009
Admissions: Yes
CRICOS code: 042263G
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: $3,559 (indicative) per semester
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419832
Past OP cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Dr Perry Hartfield (Science); Dr Erica French (Business)
Discipline coordinator: Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations). Science Discipline Coordinator details are listed under Contact Details below.
Campus: Gardens Point

Career Opportunities
By combining your science studies with the Bachelor of Business you will develop the entrepreneurial skills necessary to sell your abilities to a range of employers. As a graduate of the Bachelor of Applied Science/Bachelor of Business, you will be able to work at the cutting edge of scientific innovation within a range of public, private and non-profit industries. As well as the range of science-based careers available, you could expect to gain employment as a consultant, marketer, or project manager within firms developing and taking scientific research to the marketplace.

Course Design
The Bachelor of Applied Science allows multi-disciplinary programs of study to help position you within the broad range of science disciplines and qualify you as a competent professional within your chosen field. You can specialise in one of the major areas of study available in the Bachelor of Applied Science course (Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Forensic Science, Geoscience, Microbiology or Physics). See the Bachelor of Applied Science (SC01) course for more details.

To allow you to complete the double degree in a shorter period of time, your co-major will be taken from the business program therefore it is not possible to choose any of the co-majors listed under the Bachelor of Applied Science course.

You can specialise in one or more of the following business majors: Accountancy, Advertising, Finance, Economics, Human Resource Management, International Business, Management, Marketing or Public Relations.

Professional Recognition
Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division).
*Finance: Financial Services Institute of Australasia (FINSIA).
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Public Relations - Public Relations Institute of Australia.

Graduates will satisfy the requirements for membership of the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

### Course structure - Major in Environmental Science

#### Year 1, Semester 1
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

#### Year 1, Semester 2
- SCB120 Plant and Animal Physiology
- SCB121 Chemistry 2

#### Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
  - Plus either:
  - MAB101 Statistical Data Analysis 1
  - Or
  - MAB105 Preparatory Mathematics

#### Year 2, Semester 2
- NQB201 Planet Earth
- NQB202 History of Life on Earth

#### Year 3, Semester 1
- NQB302 Earth Surface Systems
- NQB321 Ecology

#### Year 3, Semester 2
- NQB421 Experimental Design
- NQB422 Genetics and Evolution

#### Year 4, Semester 1
- NQB521 Population Genetics and Molecular Ecology
- NQB523 Population Management

#### Year 4, Semester 2
- NQB622 Conservation Biology
- NQB623 Ecological Systems

### Course structure - Major in Forensic Science

#### Year 1, Semester 1
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

#### Year 1, Semester 2
- SCB121 Chemistry 2
- SCB122 Cell and Molecular Biology

#### Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
  - Plus either:
  - MAB101 Statistical Data Analysis 1
  - Or
  - MAB105 Preparatory Mathematics

#### Year 2, Semester 2
- SCB123 Physical Science Applications
- SCB131 Experimental Chemistry

#### Year 3, Semester 1
- LQB383 Molecular and Cellular Regulation
- SCB384 Forensic Sciences - From Crime Scene to Court

#### Year 3, Semester 2
- JSB979 Forensic Scientific Evidence
- PQB312 Analytical Chemistry For Scientists and Technologists

#### Year 4, Semester 1
- PQB513 Instrumental Analysis
- PQB584 Forensic Physical Evidence

#### Year 4, Semester 2
- LQB680 Forensic DNA Profiling
- PQB684 Forensic Analysis

### Course structure - Major in Geoscience
### Year 1, Semester 1
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

### Year 1, Semester 2
- NQB201 Planet Earth
- SCB123 Physical Science Applications

### Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
  Plus either:
  - MAB101 Statistical Data Analysis 1
  - Or
  - MAB105 Preparatory Mathematics

### Year 2, Semester 2
- NQB202 History of Life on Earth
- SCB222 Exploration of the Universe

### Year 3, Semester 1
- NQB311 Mineralogy
- NQB314 Sedimentary Geology

### Year 3, Semester 2
- NQB411 Petrology of Igneous and Metamorphic Rocks
- NQB412 Structural Geology and Field Methods

### Year 4, Semester 1
- NQB502 Field Mapping and Monitoring of Natural Resources
- NQB513 Geophysics

### Year 4, Semester 2
- NQB602 Environmental Chemistry
- NQB614 Groundwater Systems

### Course structure - Major in Microbiology

#### Year 1, Semester 1
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

#### Year 1, Semester 2
- SCB120 Plant and Animal Physiology
- SCB121 Chemistry 2

#### Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
  Plus either:
  - MAB101 Statistical Data Analysis 1
  - Or
  - MAB105 Preparatory Mathematics

#### Year 2, Semester 2
- SCB122 Cell and Molecular Biology
- SCB123 Physical Science Applications

#### Year 3, Semester 1
- LQB381 Biochemistry: Structure and Function
- LQB386 Microbial Structure and Function

#### Year 3, Semester 2
- LQB483 Molecular Biology Techniques
- LQB486 Clinical Microbiology 1

#### Year 4, Semester 1
- LQB586 Clinical Microbiology 2
- LQB587 Applied Microbiology 1: Water, Air and Soil

#### Year 4, Semester 2
- LQB686 Microbial Technology and Immunology
- LQB687 Applied Microbiology 2: Food and Quality Assurance

### Course structure - Major in Physics

#### Year 1, Semester 1
- MAB111 Mathematical Sciences 1B
- SCB111 Chemistry 1

#### Year 1, Semester 2
- MAB112 Mathematical Sciences 1C
- PQB250 Mechanics and Electromagnetism

#### Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
- SCB112 Cellular Basis of Life

#### Year 2, Semester 2
- MAB220 Computational Mathematics 1
- PQB251 Waves and Optics

#### Year 3, Semester 1
- MAB311 Advanced Calculus
- PQB350 Thermodynamics of Solids and Gases

#### Year 3, Semester 2
- PQB450 Energy, Fields and Radiation
- PQB451 Electronics and Instrumentation

#### Year 4, Semester 1
- PQB550 Quantum and Condensed Matter Physics
- PQB551 Physical Analytical Techniques

#### Year 4, Semester 2
- PQB650 Advanced Theoretical Physics
- PQB651 Experimental Physics
Potential Careers:
Bachelor of Business/Bachelor of Information Technology (IX33)

Year offered: 2009
Admissions: No
CRICOS code: 059595C
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $4,022 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
QTAC code: 419202
Past rank cut-off: 76
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA), Maths A, B or C (4, SA)

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Course coordinator: Ruth Christie (InfoTech); Dr Erica French (Business)
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Course Update
From semester one, 2009 this course will not be available for commencing students. IX33 will only be available for continuing students. New students - please refer to IX58. Please contact enquiry.scitech@qut.edu.au for any enquiries.

Overview
This double degree will give you a broad base of commercial knowledge in business and information technology, making you more attractive to employers, even if you wish to work predominantly in an information technology position. You will have the opportunity to complement your information technology studies with a business major in accountancy, advertising, finance, economics, human resource management, international business, management, marketing or public relations.

You will combine your business studies with an information technology major of your choice. Possible combinations include finance with security, management with business systems engineering, or marketing with information and knowledge management.

Cooperative Education Program
The Coop Ed Program is a joint venture between employers and the Faculty of IT giving you the opportunity of 10-12 months paid industry placement to better prepare you for employment after you graduate. The Coop Ed Program integrates formal study and professional experience, so you can apply what you're learning in an area relevant to your chosen path.

Some of the organisations our Coop Ed students have worked with are the Australian Tax Office, Boeing Australia, CITEC, Department of Natural Resources and Water, Dialog, EPA, Queensland Police, RACQ and UNiTAB Limited.

For more information about the IT's Cooperative Education Program, please visit http://coop.fit.qut.edu.au/

Career Outcomes
Business graduates work in diverse roles in the private and public sectors in areas such as accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing and public relations. A graduate of the Bachelor of Information Technology may find employment as a programmer, systems manager, systems designer, systems analyst, computer sales and marketing consultant or data processing manager.

Professional recognition
The Bachelor of Business degree may, subject to choice of major, extended major, or specialisation, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association and the Queensland Commercial Radio Association;
*Economics: Economic Society of Australia (Queensland Division);
*Finance: Financial Services Institute of Australasia (FINSIA);
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Marketing: Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
*Public Relations - Public Relations Institute of Australia.

Graduates of the Bachelor of Information Technology meet the knowledge requirements for admission to the Australian Computer Society (ACS).
**Course Design**

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor or Information Technology program.

**Further Information**

For information regarding the IT component of this degree, please contact the Course Co-ordinator Richard Thomas - (07)3138 2782 or enquiry.scitech@qut.edu.au

**Unit Incompatibility/Translation Information**

Details on the translation and incompatibility of old and new units is located here:

Undergraduate Translation Table

If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code

### Marketing Major

**Year 1 Semester 1**
- BSB113 Economics
- BSB126 Marketing

**Year 1 Semester 2**
- BSB111 Business Law and Ethics
- BSB115 Management

**Year 2 Semester 1**
- BSB119 Global Business
- BSB124 Working in Business

**Year 2 Semester 2**
- BSB110 Accounting
- BSB123 Data Analysis

**Year 3 Semester 1**
- AMB200 Consumer Behaviour
- AMB201 Marketing and Audience Research

**Year 3 Semester 2**
- AMB202 Integrated Marketing Communication
- AMB240 Marketing Planning and Management

**Year 4 Semester 1**
- AMB335 E-marketing Strategies
- AMB340 Services Marketing

**Year 4 Semester 2**
- AMB336 International Marketing
- AMB359 Strategic Marketing

### Course structure

This course has been discontinued. Currently enrolled students should check the Course Summary Sheet (via QUT Virtual) for enrolment and unit information.

### Public Relations Major

**Year 1 Semester 1**
- BSB119 Global Business
- BSB126 Marketing

**Year 1 Semester 2**
- BSB110 Accounting
- BSB115 Management

**Year 2 Semester 1**
- BSB113 Economics
- BSB124 Working in Business

**Year 2 Semester 2**
- AMB263 Introduction To Public Relations
- AMB264 Public Relations Techniques

**Year 3 Semester 1**
- AMB201 Marketing and Audience Research
- BSB111 Business Law and Ethics

**Year 3 Semester 2**
- AMB372 Public Relations Planning
- AMB373 Corporate Communication

**Year 4 Semester 1**
- AMB374 Global Public Relations Cases
- AMB375 Public Relations Management

**Year 4 Semester 2**
- AMB379 Public Relations Campaigns
- BSB123 Data Analysis

### Information Systems Major

**Compulsory Units**
- INB311 Enterprise Systems
- INB340 Database Design
- INB220 Business Analysis

**IS Elective Units**
- INB312 Enterprise Systems Applications
- INB342 Enterprise Data Mining
- INB313 Electronic Commerce Site Development
- INB322 Information Systems Consulting
- INB320 Business Process Modelling
- INB124 Information Systems Development
- INB221 Technology Management

### Network Systems Major

**Compulsory Units**
- INB350 Internet Protocols and Services
INB351  Computer Network Administration  Web Designer.
INB352  Network Planning and Deployment
INB255  Security

Electives
INB312  Enterprise Systems Applications
INB365  Systems Programming
INB353  Wireless and Mobile Networks
INB355  Cryptology and Protocols

Software Architecture Major

Compulsory Units
INB340  Database Design
INB371  Data Structures and Algorithms
INB372  Software Engineering Principles

Electives
Choose 3 Electives
INB341  Software Development With Oracle
INB311  Enterprise Systems
INB312  Enterprise Systems Applications
INB272  Interaction Design
INB313  Electronic Commerce Site Development
INB322  Information Systems Consulting
INB320  Business Process Modelling
INB365  Systems Programming
INB370  Software Development
INB373  Web Application Development
INB374  Enterprise Software Architecture
INB381  Modelling and Animation Techniques
INB382  Real Time Rendering Techniques
MAB281  Mathematics for Computer Graphics
  MAB281 is only to be used as a prereq for INB381
null

Potential Careers:
Bachelor of Business / Bachelor of Mathematics (IX37)

Year offered: 2009  
Admissions: Yes  
CRICOS code: 059601K  
Course duration (full-time): 4 years  
Domestic fees (indicative): 2009: $3,559 (indicative) per semester  
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)  
Domestic Entry: February  
International Entry: February  
QTAC code: 419212  
Past rank cut-off: 77  
Past OP cut-off: 12  
OP Guarantee: Yes  
Assumed knowledge: English (4, SA) and Maths B (4, SA)  
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.  
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com  
Total credit points: 384  
Standard credit points per full-time semester: 48  
Course coordinator: Dr Erica French (Business); Prof Erhan Kozan (Mathematics); Dr Helen Johnson (Assistant Course Coordinator - Mathematics)  
Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)  
Campus: Gardens Point  

Career Opportunities  
Graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.  

Professional Recognition  
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:  
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.  
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program).  
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;  
*Economics: Economic Society of Australia (Queensland Division).  
*Finance: Financial Services Institute of Australasia (FINSIA).  
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management;  
*International Business - Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;  
*Management - Australian Institute of Management;  
*Public Relations - Public Relations Institute of Australia.  
Graduates of the Bachelor of Mathematics degree will be eligible for membership of the Mathematical Society of Australia, the Statistical Society of Australia, and depending on unit selection, the Australian Society of Operations Research.  

Course Design  
The course offers the opportunity to combine Mathematics with a business course.  
This course is made up of 384 credit points. Each component (i.e. Business and Mathematics) comprises 192 credit points.  

Deferment  
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.  
Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.  
Find out more on deferment.  

Mathematics Bursaries  
Students enrolled in this course can apply for industry-sponsored bursaries. These bursaries are awarded to Australian citizens or permanent residents on a competitive basis. Applications should be submitted by 1 December of the year preceding entry to the course. For further information see www.maths.qut.edu.au

<td>Advanced Visualisation and Data Analysis</td>
</tr>
</tbody>
</table>

Note: MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics do not contribute to the mandatory 48 credit points minimum from Level 3 Mathematics units.

### Potential Careers:

Account Executive, Accountant, Actuary, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Computer Game Programmer, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Funds Manager, Government Officer, Investment Manager, Market Research Manager, Mathematician, Quantitative Analyst, Risk Manager, Statistician, Stockbroker.
Bachelor of Arts/Bachelor of Information Technology (IX49)

Year offered: 2009
Admissions: No
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $2,601 (indicative) per semester
QTAC code: This course is no longer offered
Past rank cut-off: 73; Dfee: 68
Past OP cut-off: 13; Dfee: 15
OP Guarantee: Yes
Assumed knowledge: English (4, SA), and for games technology and security majors, Maths B (4, SA), or for all other majors, Maths A, B or C (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. English: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Course coordinator: Dr Iraphne Childs (Arts) Richard Thomas (IT)
Campus: Gardens Point and Kelvin Grove

Course description
In this course students complete the requirements of two separate degrees in Arts and Information Technology in four years. The focus of the arts component is social change with an emphasis on understanding societies and the impact of global, social, environmental and technological change on communities and individuals. In the IT component, there is a strong practical component with computing laboratory based units and project work comprising a significant part of the course.

Majors in the Arts component
In the Bachelor of Arts, students choose an multidisciplinary major from one of the following: international and global studies, society and change, ethics and human rights, community studies, or Australian studies.

Majors in the IT component
In the Bachelor of Information Technology, students can choose to major in business systems engineering, data bases, electronic business, games technology, information and knowledge management, information systems, IT management, intelligent systems, interactive media, network systems, security, software architecture, or web services and applications.

Career outcomes
Information technology professionals with a strong knowledge in languages, as well as deep understanding in areas such as international issues, particularly cultures, ethics and human rights, are highly valued by the information technology industry. The Arts component also provides students with a broad-based education and a range of transferable analytical, research and communication skills which will enrich studies in information technology and expand career choices.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code.

Further Information
For further information regarding the IT component of this course please contact the course coordinator Mr Richard Thomas at enquiry.scitech@qut.edu.au or call 3138 2782

COURSE OVERVIEW

YEAR 1 SEMESTER 1
INB103 Industry Insights
INB250 Systems Architecture
BA null
BA Discipline unit

YEAR 1 SEMESTER 2
INB210 Databases
INB251 Networks
BA Skills unit
BA Discipline unit

YEAR 2 SEMESTER 1
INB104 Building IT Systems
Choose one unit from: Intermediate Level Elective list. This choice will replace ITB008 from 2009 course summary.
BA Major unit (elective)
BA Discipline or Minor unit

YEAR 2 SEMESTER 2
INB270 Programming
INB271 The Web
BA Major unit (elective)
BA Discipline or minor unit

YEAR 3 SEMESTER 1
IT Major Unit
IT Major Unit
BA Major unit (elective)
BA Discipline or Minor unit

YEAR 3 SEMESTER 2
INB301 The Business of IT
IT Major Unit
BA Major unit (elective)
BA Discipline or Minor unit

#### Electives

- Choose 3 Electives
- INB341 Software Development With Oracle
- INB311 Enterprise Systems
- INB312 Enterprise Systems Applications
- INB272 Interaction Design
- INB313 Electronic Commerce Site Development
- INB322 Information Systems Consulting
- INB320 Business Process Modelling
- INB365 Systems Programming
- INB370 Software Development
- INB373 Web Application Development
- INB374 Enterprise Software Architecture
- INB381 Modelling and Animation Techniques
- INB382 Real Time Rendering Techniques
- MAB281 Mathematics for Computer Graphics

MAB281 is only to be used as a prereq for INB381

### Potential Careers:

Community Worker, Diplomat, Government Officer, Higher Education Worker, Information Officer, Policy Officer, Public Servant.
Bachelor of Information Technology/Bachelor of Laws (IX53)

Year offered: 2009
Admissions: Yes
CRICOS code: 066292D
Course duration (full-time): 5.5 Years
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419622
Past rank cut-off: 91
Past OP cut-off: 6
OP Guarantee: Yes
Assumed knowledge: English (4,SA), Maths A, B or C (4,SA)
Total credit points: 528
Standard credit points per full-time semester: 48
Course coordinator: IT: Mr Richard Thomas; Law: Dr Bill Dixon
Campus: Gardens Point

Course Description
This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the Law degree the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

OP Guarantee
The OP Guarantee will apply to this course.

Study Areas
IX53 will not have nominated majors and minors in the IT component and consequently there will not be a Study Area A shown on a graduateâs parchment. Instead, IX53 will have specialisations. The specialisation areas that will be available for students will include:
- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Entry Requirements
Year 12 or equivalent
Prerequisites: Nil
Assumed Knowledge: English (4,SA), Maths A, B or C (4,SA)
Primary Fields: A or B
Secondary Fields: C
OP Guarantee: Yes

International Students
English language requirements
In addition to the above academic entry requirements, international students must meet the Universityâs English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Pathways to Further Studies
In 2001, the Faculty introduced an accelerated Honours program to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Professional Recognition
The QUT Law degree is an approved degree for the purposes of the Legal Practitioners Admission Rules.
Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

**Deferment**

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Further Information**

For further information on the IT component of this course please contact the course coordinator Mr Richard Thomas at enquiry.scitech@qut.edu.au or call 3138 2782

IT Specialisation Option Unit List

You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. Enterprise Systems:
   - INB123 Project Management Practice
   - INB221 Technology Management
   - INB311 Enterprise Systems
   - INB312 Enterprise Systems Applications

2. Web Technologies:
   - INB313 Electronic Commerce Site Development
   - INB374 Web Application Development
   - INB385 Multimedia Systems
   - INB386 Advanced Multimedia Systems

3. Business Process Management:
   - INB320 Business Process Modelling
   - INB321 Business Process Management
   - INB322 Information Systems Consulting
   - INB323 Smart Services

4. Information Management:
   - INB330 Information Management
   - INB331 Management Issues for Info Professionals
   - INB332 Information Retrieval
   - INB333 Information Programs
   - INB334 Information Issues and Values
   - INB335 Information Resources

5. Data Warehousing:
   - INB340 Database Design
   - INB341 Software Development With Oracle
   - INB342 Enterprise Data Mining
   - INB343 Advanced Data Mining and Data Warehousing

6. Network Systems:
   - INB350 Internet Protocols and Services
   - INB351 Computer Network Administration
   - INB352 Network Planning and Deployment
   - INB353 Wireless and Mobile Networks

7. Software Engineering:
   - INB370 Software Development
   - INB371 Data Structures and Algorithms
   - INB372 Software Engineering Principles

8. Ungrouped:
   - INB204 Special Topic 1
   - INB205 Special Topic 2
   - INB304 Special Topic 3
   - INB305 Special Topic 4

9. Digital Environments:
   - INB345 Mobile Devices
   - INB346 Enterprise 2.0
   - INB347 Web 2.0 Applications
   - INB334 Information Issues and Values

Discipline coordinator: Dr Jasmine Banks (Engineering)
Campus: Gardens Point

Course Description

This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This double degree produces computer and electronic engineers especially suited for the development and application of electronic systems, including micro, mini and mainframe computer systems in all areas of industry.

Entry Requirements

Year 12 or equivalent
Prerequisites: Nil
Assumed Knowledge: English (4,SA), Maths A, B or C (4,SA)
Primary Fields: B or C
Secondary Fields: B or C
OP Guarantee: Yes

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Electronics)/Bachelor of Information Technology must obtain at least 60 days of industrial experience in an engineering environment approved by the course coordinator.

International Students

English language requirements
In addition to the above academic entry requirements, international students must meet the University’s English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Career Outcomes

Many graduates find employment in government instrumentalities such as communications, railways, electricity supply, hospitals, transport and in private organisations that are using electronics, electronic systems, computers and microprocessors to monitor, control, communicate and optimise processes and production.

Cooperative Education Program

IT&T’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you’re learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Professional Recognition

This degree meets the requirements for membership of Engineers Australia and the Institution of Radio and Electronics Engineers Australia. Graduates of the Bachelor of Information Technology component meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Pathways to Further Studies
In 2001, the Faculty introduced an accelerated Honours program to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4,SA), Maths B (4,SA)
Total credit points: 384
Course coordinator: Dr Perry Hartfield (Science), Mr Richard Thomas (IT)
Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Emad Kiriakous (Forensic Science); Dr Gary Huftile (Geoscience); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point

Course Description
The science component of the course offers students a choice of one of nine majors: Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Forensic Science, Geoscience, Microbiology and Physics. See the Bachelor of Applied Science (SC01) course information for more details. So that students can complete the double degree in a shorter period of time, co-majors are to be taken from the information technology program.

This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

Recommended Study
At least one of the sciences. For the majors in biochemistry, biotechnology, forensic science and microbiology - Biological Science and Chemistry are recommended; for the major in physics - Maths C is recommended.

Career Outcomes
Recent rapid technological advances in scientific equipment have led to a high demand for graduates qualified in both a science discipline and information technology. This double degree qualifies you for this niche area of employment. Alternatively you may pursue a career as a science professional with the added dimension of advanced technological skills. Or you may choose to work in an information technology specialist area and find that your broad range of skills makes you particularly attractive to employers in industries at the forefront of scientific discoveries. IT is now an integral part of all commercial, industrial and government activities.

Professional Recognition
Graduates will satisfy the requirements for membership in the relevant professional body for their chosen science major. See the Bachelor of Applied Science course for details. Graduates are also eligible for membership of the Australian Computer Society (ACS).

Study Areas
IX55 will not have nominated majors and minors and consequently there will not be a Study Area A shown on a graduate’s parchment. Instead, IX55 will have specialisations. The specialisation areas that will be available for students will include:
- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Entry Requirements
Year 12 or equivalent
Prerequisites: Nil
Primary Fields: B or C
Secondary Fields: B or C

International Students
English language requirements
In addition to the above academic entry requirements, international students must meet the University's English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Cooperative Education
The School of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree.
Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Pathways to Further Studies
In 2001, an accelerated Honours program was introduced to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

IT Breadth Option Unit List
You must complete four (4) units from the following list. You should not commence these units until you have completed INB101, INB102, INB103 and INB104.

- INB120 Corporate Systems
- INB210 Databases
- INB220 Business Analysis
- INB250 Systems Architecture
- INB251 Networks
- INB255 Security
- INB270 Programming
- INB271 The Web
- INB272 Interaction Design

IT Specialisation Option Unit List
You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. Enterprise Systems:
   - INB123 Project Management Practice
   - INB221 Technology Management
INB311 Enterprise Systems
INB312 Enterprise Systems Applications

2. Web Technologies:
INB313 Electronic Commerce Site Development
INB373 Web Application Development
INB374 Enterprise Software Architecture
INB385 Multimedia Systems
INB386 Advanced Multimedia Systems

3. Business Process Management:
INB320 Business Process Modelling
INB321 Business Process Management
INB322 Information Systems Consulting
INB323 Smart Services

4. Information Management:
INB330 Information Management
INB331 Management Issues for Info Professionals
INB332 Information Retrieval
INB333 Information Programs
INB334 Information Issues and Values
INB335 Information Resources

5. Data Warehousing:
INB340 Database Design
INB341 Software Development With Oracle
INB342 Enterprise Data Mining
INB343 Advanced Data Mining and Data Warehousing

6. Network Systems:
INB350 Internet Protocols and Services
INB351 Computer Network Administration
INB352 Network Planning and Deployment
INB353 Wireless and Mobile Networks

7. Software Engineering:
INB370 Software Development
INB371 Data Structures and Algorithms
INB372 Software Engineering Principles
INB374 Enterprise Software Architecture

8. Ungrouped:
INB204 Special Topic 1
INB205 Special Topic 2
INB304 Special Topic 3
INB305 Special Topic 4
INB306 Project 1
INB307 Project 2
INB308 Project 3
INB355 Cryptology and Protocols
INB365 Systems Programming
INB860 Computational Intelligence for Control and Embedded Systems

9. Digital Environments:
INB345 Mobile Devices
INB346 Enterprise 2.0
INB347 Web 2.0 Applications
INB334 Information Issues and Values

**Course structure - Major in Biochemistry**

Year 1, Semester 1
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

Year 1, Semester 2
- SCB120 Plant and Animal Physiology
- SCB121 Chemistry 2

Year 2, Semester 1
- SCB110 Science Concepts and Global Systems
  - Either
  - MAB101 Statistical Data Analysis 1
  - Or
  - MAB105 Preparatory Mathematics

Year 2, Semester 2
- SCB122 Cell and Molecular Biology
- SCB123 Physical Science Applications

Year 3, Semester 1
- LQB381 Biochemistry: Structure and Function
- LQB383 Molecular and Cellular Regulation

Year 3, Semester 2
- LQB481 Biochemical Pathways and Metabolism
- LQB483 Molecular Biology Techniques

Year 4, Semester 1
- LQB581 Functional Biochemistry
- LQB582 Biomedical Research Technologies

Year 4, Semester 2
- LQB681 Biochemical Research Skills
- LQB682 Protein Biochemistry and Bioengineering

**Course structure - Major in Biotechnology**

Year 1, Semester 1
- SCB111 Chemistry 1
- SCB112 Cellular Basis of Life

Year 1, Semester 2
- SCB120 Plant and Animal Physiology
- SCB121 Chemistry 2

Year 2, Semester 1
- SCB110 Science Concepts and Global Systems

**Potential Careers:**
Bachelor of Creative Industries/Bachelor of Information Technology (IX56)

Year offered: 2009
Admissions: Yes
CRICOS code: 059227E
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,332 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409872
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Assumed knowledge: English (4,SA), Maths A, B or C (4,SA)
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: IT: Mr Richard Thomas; Creative Industries: Head, Undergraduate Studies (cifug@qut.edu.au)
Campus: Gardens Point and Kelvin Grove

Study Areas
IX56 will not have nominated majors and minors and consequently there will not be a Study Area A shown on a graduateâs parchment. Instead, IX56 will have specialisations. The specialisation areas that will be available for students will include:
- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Course Description
This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

Entry Requirements
Year 12 or equivalent
Prerequisites: Nil
Assumed Knowledge: English (4,SA), Maths A, B or C (4,SA)
Primary Fields: B
Secondary Fields: C
OP Guarantee: Yes

International Students
English language requirements
In addition to the above academic entry requirements, international students must meet the Universityâs English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Pathways to Further Studies
In 2001, an accelerated Honours program was introduced to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code.

Cooperative Education
The School of ITâs Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what youâre learning in your degree. Companies that QUTâs Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UniTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.
Find out more about the Cooperative Education Program.

**IX56 - Bachelor of Creative Industries/Bachelor of Information Technology Course structure**

### Year 1, Semester 1
- **INB101** Impact of IT
- **INB102** Emerging Technology
- **KKB101** Creative Industries: People and Practices
- **KPB150** Foundations of Multi-platform Production
- **KVB104** Photomedia and Artistic Practice

### Year 1, Semester 2
- **INB103** Industry Insights
- **INB104** Building IT Systems
- **KCB103** Strategic Speech Communication
- **KKB102** Creative Industries: Making Connections

### Year 2, Semester 1
- **IT Breadth Option Unit**
- **IT Breadth Option Unit**
- **KKB221** Approaching Interdisciplinarity
- **SELECT:** CI Second major: First Unit

### Year 2, Semester 2
- **IT Breadth Option Unit**
- **IT Breadth Option Unit**
- **KKB222** Interdisciplinarity in Practice
- **SELECT:** CI Second major: Second Unit

### Year 3, Semester 1
- **INB201** Scalable Systems Development
- **IT Specialisation Option Unit**
- **SELECT:** CI Second major: Third Unit
- **SELECT:** CI Second major: Fourth Unit

### Year 3, Semester 2
- **INB300** Professional Practice in IT
- **IT Specialisation Option Unit**
- **SELECT:** CI Second major: Fifth Unit
- **SELECT:** Transitions to New Professional Environments Unit

### Year 4, Semester 1
- **INB301** The Business of IT
- **IT Specialisation Option Unit**
- **SELECT:** CI Second major: Sixth Unit
- **SELECT:** Transitions to New Professional Environments Unit

### Year 4, Semester 2
- **INB302** Capstone Project
- **IT Specialisation Option Unit**
- **SELECT:** CI Second major: Seventh Unit
- **SELECT:** CI Second major: Eight Unit

INB307 Project 2
INB308 Project 3
INB355 Cryptology and Protocols
INB365 Systems Programming
INB380 Computational Intelligence for Control and Embedded Systems
9. Digital Environments:
INB345 Mobile Devices
INB346 Enterprise 2.0
INB347 Web 2.0 Applications
INB334 Information Issues and Values

Creative Industries Second Majors

INSTRUCTIONS FOR SECOND MAJORS/CO-MAJORS

*From 2009 Co-Majors have been renamed Second Majors.
Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a second major or co-major, following semester of offer and unit prerequisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these second major or co-majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these second majors or co-majors and/or minors. Any unit(s) that appear in multiple second major or co-majors and/or minors can only contribute towards the completion of one of these second major or co-majors or minors.

Advertising
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB200 Consumer Behaviour
AMB220 Advertising Theory and Practice
AMB221 Advertising Copywriting
AMB319 Media Planning
AMB320 Advertising Management
AMB339 Advertising Campaigns
AMB330 Advertising Planning Portfolio
BSB126 Marketing

Animation
KIB105 Animation and Motion Graphics
KIB108 Animation History and Practices
KIB203 Introduction to 3D Computer Graphics
KIB225 Character Development, Conceptual Design and Animation Layout
KIB316 Virtual Environments
KIB325 Real-Time 3D Computer Graphics
KVB105 Drawing for Design
KVB106 Drawing for Animation

Art and Design History
Description: This co-major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this co-major will assist in preparing you for work as a professional in these disciplines.
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

DAB325 Architecture in the 20th Century
DAB420 Architecture, Culture and Space
DEB102 Introducing Design History
KVB102 Modernism
KVB103 Australian Art
KVB108 Contemporary Asian Visual Culture
KVB211 Post 1945 Art
KVB212 Australian Art, Architecture and Design
KVB304 Contemporary Art Issues
KVB306 Video Art and Culture

Communication Design
*continuing students only
Description: The aim of this co-major is to
provide you with skills and knowledge in the domain of Communication Design. The co-major provides an introduction to the principles and practice of Communication Design, and the practical use of media technologies. Foundations of Communication Design and Media Technology units provide both a practical and theoretical basis for the studio units. Design Studio units situate the knowledge and skills gained from the first-level (100 coded) units into practice in a production / project setting, in the application areas of web development and interactive multimedia respectively.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KIB101 Visual Communication
KIB102 Visual Interactions
KIB103 Introduction to Web Design and Development
KIB104 Digital Media
KIB205 Programming for Visual Designers and Artists
KIB214 Design for Interactive Media
KIB216 Advanced Web Design
KIB230 Interface and Information Design

Creative and Professional Writing
Description: The aim of this co-major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide and understanding of creative writing in its social and generic contexts.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KWB101 Introduction to Creative Writing
KWB102 Media Writing
KWB103 Persuasive Writing
KWB104 Creative Writing: The Short Story
KWB106 Corporate Writing and Editing
KWB107 Creative Non-Fiction
KWB206 Youth and Children's Writing
KWB207 Great Books: Creative Writing Classics
KWB211 Stylistics and Poetics
KWB303 Writing and Publishing Industry
KWB313 Novel and Memoir

Digital Media
Description: Online and interactive technologies now dominate creative and professional life. This co-major provides you with the opportunity to develop websites, multimedia projects, wikis and blogs, as well as allowing you to understand the guiding principals behind these new modes of communication and creative practice.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

KCB101 Communication in the New Economy
KCB102 Media and Society: From Printing Press to Internet
OR
KJB101 Digital Journalism
KCB104 Media and Communications Industries
OR
KPB106 Australian Television
KCB201 New Media 1: Information and Knowledge
KCB202 New Media 2: Applications and Implications
KCB203 Consumer Cultures
KIB101 Visual Communication
KIB103 Introduction to Web Design and Development
KVB306 Video Art and Culture

Drama
Description: The co-major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning.

Underpinning the co-major is a twin focus on contemporary performance-making and events
management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

**Entrepreneurship**

Description: To provide students with an introduction to basic business principles as well as the innovation, development, production and entrepreneurial activities required when starting a new business. Students who do the extended eight unit set will be able to supplement this with a range of broader business administration and promotional skills particularly in the marketing and management areas.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

- AMB230 Digital Promotions
- AMB240 Marketing Planning and Management
- AMB251 Innovation and Brand Management
- BSB115 Management, People and Organisations
- BSB126 Marketing
- EFB210 Finance 1
- IBB213 International Marketing
- MGB207 Human Resource Issues and Strategy
- MGB216 Managing Technology, Innovation and Knowledge
- MGB324 Managing Business Growth
- MGB222 Managing Organisations
- MGB223 Entrepreneurship and Innovation
- MGB335 Project Management

**Film, Television and Screen**

Description: The aim of this co-major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organizational abilities as well as building story telling and communication skills.

Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

- KPB101 Foundations of Film and Television Production
- KPB102 Film History
- KPB104 Film and Television Production Resource Management
- KPB105 Narrative Production
- KPB106 Australian Television
- KPB107 Television's Greatest Hits
- KPB108 Media Text Analysis
- KPB202 Film and Television Business Skills: Entrepreneurship and Investment
- KPB203 Australian Film
- KPB205 Documentary Theory and Practice
- KPB206 International Cinema
- KPB303 Critical Thinking About Television

**Game Design**

InB180 Computer Games Studies
InB181 Games Production
InB280 Games Design
InB272 Interaction Design
InB104 Building IT Systems
InB281 Advanced Games Design
KIB101 Visual Communication
KIB102 Visual Interactions
### Integrated Marketing Communication

- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

| AMB202 | Integrated Marketing Communication |
| AMB208 | Events Marketing |
| AMB220 | Advertising Theory and Practice |
| AMB230 | Digital Promotions |
| AMB240 | Marketing Planning and Management |
| AMB260 | Public Relations Theory and Practice |
| AMB261 | Media Relations and Publicity |
| AMB350 | Sales and Customer Relationship Management |
| BSB126 | Marketing |

### Interactive and Visual Design

| KIB101 | Visual Communication |
| KIB102 | Visual Interactions |
| KIB103 | Introduction to Web Design and Development |
| KIB104 | Digital Media |
| KIB214 | Design for Interactive Media |
| KIB216 | Advanced Web Design |
| KIB230 | Interface and Information Design |
| KIB315 | Contemporary Issues in Digital Media |

### Journalism, Media and Communication

**Description:** This co-major offers you a range of options to develop an understanding of the parameters of the journalism and professional communication fields. You can choose a mix of units to suit your career aspirations. If you choose to focus more on the Journalism (KJB) units, the co-major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting. If you choose to focus more on the Media and Communication (KCB) units, it has been designed to enable you to develop the skills and knowledge to prepare media material for organizations that wish to build, and maintain, a media profile.

- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

| KCB102 | Media and Society: From Printing Press to Internet |
| KJB101 | Digital Journalism |
| KJB120 | Newswriting |
| KCB104 | Media and Communications Industries |
| KJB121 | Journalistic Inquiry |
| KCB103 | Strategic Speech Communication |
| KJB224 | Feature Writing |
| KJB239 | Journalism Ethics and Issues |
| KFB205 | Fashion and Style Journalism |

### Literary Studies

**Description:** The aims of this co-major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with enhanced skills in critical thinking, writing and analysis; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.

- Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

| KWB108 | Introduction To Literary Studies |
| KWB109 | Writing Australia |
| KWB206 | Youth and Children's Writing |
| KWB207 | Great Books: Creative Writing Classics |
| KWB208 | Modern Times (Literature and Culture in the 20th Century) |
| KWB209 | Shakespeare, Then and Now |
| KWB308 | Wonderlands: Literature and Culture in the 19th Century |
| KWB309 | Popular Fictions, Popular Culture |

### Marketing

**Assumed Knowledge:** There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

| AMB200 | Consumer Behaviour |
| AMB201 | Marketing and Audience Research |
| AMB202 | Integrated Marketing Communication |
| AMB240 | Marketing Planning and Management |
| AMB335 | E-Marketing Strategies |
| AMB340 | Services Marketing |
| AMB341 | Strategic Marketing |
| BSB126 | Marketing |

### Mathematics

**Description:** This co-major aims to provide you with powerful tools for the analysis of today’s complex world and give an insight into many real-world problems of significant importance.

- Assumed Knowledge: Maths B (if you do not have this you should include MAB105 as one of your first units)
MAB100 Mathematical Sciences 1A
MAB101 Statistical Data Analysis 1
MAB111 Mathematical Sciences 1B
MAB112 Mathematical Sciences 1C
MAB210 Statistical Modelling 1
MAB311 Advanced Calculus
MAB312 Linear Algebra
MAB314 Statistical Modelling 2

Online Environments
INB104 Building IT Systems
INB122 Organisational Databases
INB210 Databases
INB270 Programming
INB271 The Web
INB272 Interaction Design

Choose 3 of the following units (INB122 and INB210 cannot both be taken)

INB313 Electronic Commerce Site Development
INB322 Information Systems Consulting
INB340 Database Design
INB345 Devices in the Wild
INB346 Web 2.0
INB370 Software Development
INB373 Web Application Development

Public Relations
Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this co-major.

AMB201 Marketing and Audience Research
AMB202 Integrated Marketing Communication
AMB261 Media Relations and Publicity
AMB262 Public Relations Writing
AMB263 Public Relations Theory and Practice
AMB373 Corporate Communication
AMB374 Global Public Relations Cases
AMB379 Public Relations Campaigns
BSB126 Marketing

Potential Careers:

Transitions to New Professional Environments Units
A maximum of 48 credit points may be taken from the following units:

KKB341 Workplace Learning 1
KKB342 Workplace Learning 2
KKB343 Service Learning 1
KKB344 Service Learning 2
KKB345 Creative Industries Project 1
KKB346 Creative Industries Project 2
KKB347 Becoming A Researcher: Understandings, Skills and Practices
KKB348 Becoming A Researcher: Contexts, Protocols and Impact
KKB350 Creative Industries International Study Tour
Bachelor of Information Technology/Bachelor of Mathematics (IX57)

Year offered: 2009
Admissions: Yes
CRICOS code: 059226F
Course duration (full-time): 4 Years
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419552
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4,SA), Maths B (4,SA)
Total credit points: 384
Course coordinator: Mr Richard Thomas (IT23), Dr Gary Carter (MA54)
Campus: Gardens Point

Course Description
The double degree offers a foundation in mathematics and information technology in the first year. You will then select integrated strands combining units from the areas of applicable mathematics, computational mathematics, operations research, statistics, or financial mathematics with a combined major in Data Communications and Software Engineering.

This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

Career Outcomes
IT is now an integral part of all commercial, industrial and government activities. A graduate may find employment as a programmer, software engineer, systems programmer, computer scientist, systems analyst, security analyst, data communications specialist, information manager, electronic commerce developer, games developer, multimedia specialist, network administrator, database manager, web developer, mathematician, or statistician.

Professional Recognition
On graduation, you will be eligible for membership of the Mathematical Society of Australia (MSA), the Statistical Society of Australia (SSA) and, depending on unit selection, the Australian Society for Operations Research (ASOR). Graduates of the Bachelor of Information Technology meet the knowledge requirement for admission to the Australian Computer Society (ACS).

Study Areas
IX57 will not have nominated majors and minors and consequently there will not be a Study Area A shown on a graduate’s parchment. Instead, IX57 will have specialisations. The specialisation areas that will be available for students will include:
- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Entry Requirements
Year 12 or equivalent
Prerequisites: Nil
Primary Fields: C
Secondary Fields: B

International Students
English language requirements
In addition to the above academic entry requirements, international students must meet the University’s English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Pathways to Further Studies
In 2001, an accelerated Honours program was introduced to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Cooperative Education
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UniTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Course Structure for Students with Four Semesters of Senior Mathematics B and Senior Mathematics C

Year 1, Semester 1
INB101 Impact of IT

### IT Breadth Option Unit List

You must complete four (4) units from the following list. You should not commence these units until you have completed INB101, INB102, INB103 and INB104.

- INB120 Corporate Systems
- INB210 Databases
- INB220 Business Analysis
- INB250 Systems Architecture
- INB251 Networks
- INB255 Security
- INB270 Programming
- INB271 The Web
- INB272 Interaction Design

### IT Specialisation Option Unit List

You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. **Enterprise Systems:**
   - INB123 Project Management Practice
   - INB221 Technology Management
   - INB311 Enterprise Systems
   - INB312 Enterprise Systems Applications
2. **Web Technologies:**
   - INB313 Electronic Commerce Site Development
   - INB373 Web Application Development
   - INB374 Enterprise Software Architecture
   - INB385 Multimedia Systems
   - INB386 Advanced Multimedia Systems
3. **Business Process Management:**
   - INB320 Business Process Modelling
   - INB321 Business Process Management
   - INB322 Information Systems Consulting
   - INB323 Smart Services
4. **Information Management:**
   - INB330 Information Management
   - INB331 Management Issues for Info Professionals
   - INB332 Information Retrieval
   - INB333 Information Programs
INB334 Information Issues and Values
INB335 Information Resources

5. Data Warehousing:
INB340 Database Design
INB341 Software Development With Oracle
INB342 Enterprise Data Mining
INB343 Advanced Data Mining and Data Warehousing

6. Network Systems:
INB350 Internet Protocols and Services
INB351 Computer Network Administration
INB352 Network Planning and Deployment
INB353 Wireless and Mobile Networks

7. Software Engineering:
INB370 Software Development
INB371 Data Structures and Algorithms
INB372 Software Engineering Principles
INB374 Enterprise Software Architecture

8. Ungrouped:
INB204 Special Topic 1
INB205 Special Topic 2
INB304 Special Topic 3
INB305 Special Topic 4
INB306 Project 1
INB307 Project 2
INB308 Project 3
INB355 Cryptology and Protocols
INB365 Systems Programming
INB860 Computational Intelligence for Control and Embedded Systems

9. Digital Environments:
INB345 Mobile Devices
INB346 Enterprise 2.0
INB347 Web 2.0 Applications
INB334 Information Issues and Values

Potential Careers:
Actuary, Computer Game Programmer, Data Communications Specialist, Database Manager, Market Research Manager, Mathematician, Network Administrator, Network Manager, Programmer, Quantitative Analyst, Software Engineer, Statistician, Systems Analyst.
Bachelor of Business (Study Area A)/Bachelor of Information Technology (IX58)

Year offered: 2009
Admissions: Yes
CRICOS code: 059595C
Course duration (full-time): 4 Years
Domestic fees (indicative): 2009: CSP $4,022 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)

Find out more about the Cooperative Education Program.
IT Breadth Option Unit List

You must complete four (4) units from the following list. You should not commence these units until you have completed INB101, INB102, INB103 and INB104.

INB120 Corporate Systems
INB210 Databases
INB220 Business Analysis
INB250 Systems Architecture
INB251 Networks
INB255 Security
INB270 Programming
INB271 The Web
INB272 Interaction Design

IT Specialisation Option Unit List

You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. Enterprise Systems:
   - INB123 Project Management Practice
   - INB221 Technology Management
   - INB311 Enterprise Systems
   - INB312 Enterprise Systems Applications

2. Web Technologies:
   - INB313 Electronic Commerce Site Development
   - INB373 Web Application Development
   - INB374 Enterprise Software Architecture
   - INB385 Multimedia Systems
   - INB386 Advanced Multimedia Systems

3. Business Process Management:
   - INB320 Business Process Modelling
   - INB321 Business Process Management
   - INB322 Information Systems Consulting
   - INB323 Smart Services

4. Information Management:
   - INB330 Information Management
   - INB331 Management Issues for Info Professionals
   - INB332 Information Retrieval
   - INB333 Information Programs
   - INB334 Information Issues and Values
   - INB335 Information Resources

5. Data Warehousing:
   - INB340 Database Design
   - INB341 Software Development With Oracle
   - INB342 Enterprise Data Mining
   - INB343 Advanced Data Mining and Data Warehousing

6. Network Systems:
   - INB350 Internet Protocols and Services
   - INB351 Computer Network Administration
   - INB352 Network Planning and Deployment
   - INB353 Wireless and Mobile Networks

7. Software Engineering:
   - INB370 Software Development
   - INB371 Data Structures and Algorithms
   - INB372 Software Engineering Principles
   - INB374 Enterprise Software Architecture

8. Ungrouped:
   - INB204 Special Topic 1
   - INB205 Special Topic 2
   - INB304 Special Topic 3
   - INB305 Special Topic 4
   - INB306 Project 1
   - INB307 Project 2
   - INB308 Project 3
   - INB334 Information Issues and Values

9. Digital Environments:
   - INB345 Mobile Devices
   - INB346 Enterprise 2.0
   - INB347 Web 2.0 Applications
   - INB334 Information Issues and Values

IX58 - Business component (Accountancy) - course structure

Potential Careers:
Bachelor of Corporate Systems Management/Bachelor of Justice (IX61)

Year offered: 2009
Admissions: Yes
CRICOS code: 063030F
Domestic fees (indicative): 2009: CSP $3,232,(indicative) per semester
International Fees (per semester): 2009: $9,750 (indicative) per semester (subject to annual review)
International Entry: February
QTAC code: 419652
Past rank cut-off: 75
Past OP cut-off: 13
OP Guarantee: Yes
Course coordinator: Dr Taizan Chan
Discipline coordinator: Justice Coordinator - Assoc Prof Belinda Carpenter
Campus: Gardens Point

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both corporate systems management and justice. In the corporate systems management component students are taught the interrelationship between information, technology, business and people. This component develops the knowledge and skills needed to understand and communicate business needs, select the right systems and integrate these systems to improve business performance. The justice component comprises of foundation units, after which students then focus on a primary major discipline in either Criminology or Policing. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements). Alternatively, Professional Placement is available to high achieving students, with a GPA of 5 or more, in their last semester of the justice component of the course.

Justice Majors: Criminology; Policing

Cooperative Education Program
Cooperative Education Program
The School of ITs Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Futher Information
Please contact the Course Co-ordinator Dr Taizan Chan (07)3138 2782 or enquiry.scitech@qut.edu.au

Discipline coordinator: Ms Ros Kent (Accountancy); Ms Gayle Kerr (Advertising); Dr Tommy Tang (Economics); Dr Robert Bianchi (Finance); Dr Robert Thompson (Human Resource Management); Mr Michael Cox (International Business); Dr Kavoos Mohannak (Management); Mr Bill Proud (Marketing); and Ms Amisha Mehta (Public Relations)
Campus: Gardens Point

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both corporate systems management and business. In the Business component students complete a set of core units to provide a broad-based introduction to business principles and a major from the list below. In the corporate systems management component students are taught the interrelationship between information, technology, business and people. This component develops the knowledge and skills needed to understand and communicate business needs, select the right systems and integrate these systems to improve business performance. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

Majors: Business: accountancy; advertising; economics; finance; human resource management; international business; management; marketing; and public relations.

Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you’re learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Futher Information
Please contact the Course Co-ordinator Dr Taizan Chan (07)3138 2782 or enquiry.scitech@qut.edu.au

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance.

Campus: Gardens Point
Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both business and games and interactive entertainment. In the Business component students complete a set of core units to provide a broad-based introduction to business principles and a major from the list below. In the games and interactive entertainment component students complete core units in introductory design, games studies, professional skills and basic programming and then choose a major from the list below. In final year, students participate in a major group project to produce a significant piece of work using PC, mobile devices, consoles or virtual reality. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

Majors: Business: accountancy; advertising; economics; finance; human resource management; international business management; marketing; and public relations. Games and Interactive Entertainment: Animation and computational arts; digital media; game design; and software technologies.

Cooperative Education Program
The School of ITâs Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what youâre learning in your degree. Companies that QUTâs Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Career Outcomes
Business graduates work in diverse roles in the private and public sectors in areas such as accountancy, advertising, banking and finance, economics, human resource management, international business, management, marketing and public relations.

Professional Recognition
The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership as follows:
*All majors: Chartered Secretaries Australia (CSA) - enrolment in the Graduate Diploma in Applied Corporate Governance;
*Accountancy: CPA Australia (associate membership & enrolment in the CPA Program), Institute of Chartered Accountants in Australia (ICAA)(enrolment in the CA Program);
*Advertising - Advertising Federation of Australia, Australian Association of National Advertisers, Australian Direct Marketing Association;
*Economics: Economic Society of Australia (Queensland Division);
*Management - Australian Institute of Management; Australian Accounting and Finance Association; Australian Institute of Training and Development, Australian Institute of Management;
*Human Resource Management - Australian Human Resources Institute, Australian Institute of Training and Development, Australian Institute of Management; Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing;
*Management - Australian Institute of Management;
*Management - Australian Institute of Management;
*Marketing - Australian Marketing Institute, Market Research Society of Australia, Australian Institute of Management, Australian Institute of Export (Qld) Ltd, American Marketing Association;
*Public Relations - Public Relations Institute of Australia.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the âTranslation Unit Codesâ column you are not permitted to enrol in the listed new code.

### Potential Careers:

Account Executive, Accountant, Actuary, Administrator, Advertising Professional, Banker, Banking and Finance Professional, Business Analyst, Certified Practicing Accountant, Corporate Secretary, Economist, Financial Advisor/Analyst, Financial Project Manager, Government
Officer, Human Resource Manager, Information Officer, International Business Specialist, Manager, Marketing Officer/Manager, Public Relations Officer/Consultant.
Bachelor of Games and Interactive Entertainment/Bachelor of Mathematics (IX64)

Year offered: 2009
Admissions: Yes
CRICOS code: 063031E
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419672
Past rank cut-off: 77
Past OP cut-off: 12
Assumed knowledge: English (4,SA), Maths B (4,SA)
Total credit points: 384
Standard credit points per full-time semester: 48
Course coordinator: Associate Professor Ruth Christie (Games and Interactive Entertainment); Dr Gary Carter (Mathematics)
Campus: Gardens Point

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both games and interactive entertainment and mathematics. In the games and interactive entertainment component students complete core units in introductory design, games studies, professional skills and basic programming and then choose a major from the list below. In final year, students participate in a major group project to produce a significant piece of work using PC, mobile devices, consoles or virtual reality. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements). In mathematics, students complete core units that provide a foundation for both study and future work in mathematics and games and interactive entertainment, and then select units from the strands in applicable mathematics, mathematical modelling, computational mathematics, operations research, statistics and financial mathematics. Students are assisted throughout their course with choices to match their career aspirations and abilities. All these strands involve project work and real-world applications.

Majors: Animation and computational arts; digital media; game design; and software technologies.

Cooperative Education Program
The School of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UniTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

### Course Structure for Students with Four Semesters of Senior Mathematics B Only

#### Year 1, Semester 1
- INB180: Computer Games Studies
- INB204: Special Topic 1
- MAB100: Mathematical Sciences 1A
- MAB101: Statistical Data Analysis 1

#### Year 1, Semester 2
- INB181: Introduction to Games Production
- INB104: Building IT Systems
- MAB111: Mathematical Sciences 1B
- MAB112: Mathematical Sciences 1C

#### Year 2, Semester 1
- INB103: Industry Insights
- MAB220: Computational Mathematics 1
- MAB312: Linear Algebra

#### Year 2, Semester 2
- MAB210: Statistical Modelling 1

#### Year 3, Semester 1
- MAB311: Advanced Calculus

#### Year 3, Semester 2
- MAB311: Advanced Calculus

---

### Bachelor of Games & Interactive Entertainment Majors

#### Course Structure

**Animation**
- KIB105: Animation and Motion Graphics
- KIB108: Animation History and Practices
- KIB225: Character Development, Conceptual Design and Animation Layout
- KIB203: Introduction to 3D Computer Graphics
- KIB325: Real-Time 3D Computer Graphics
- KIB316: Virtual Environments
- KVB105: Drawing for Design
- KVB106: Drawing for Animation

**Digital Media**
- KIB101: Visual Communication
- KIB102: Visual Interactions
- INB385: Multimedia Systems
- INB386: Advanced Multimedia Systems
- INB345: Mobile Devices
- KIB230: Interface and Information Design
- KIB309: Embodied Interactions
- KIB314: Tangible Media

**Game Design**
- INB281: Advanced Game Design
- INB280: Fundamentals of Game Design
- INB272: Interaction Design
- KIB201: Concept Development for Game Design and Interactive Media
- KIB202: Enabling Immersion
- KIB214: Design for Interactive Media
- AND: Two units selected from the following:
  - DEB201: Digital Communication
  - DAB110: Architectural Design 1
  - DTB101: Interior Design 1
  - DNB101: Industrial Design 1

**Software Technologies**
- * Requirements for this Major is a SA or better
in Queensland Maths B (or equivalent)

INB270 Programming
INB210 Databases
INB250 Systems Architecture
INB371 Data Structures and Algorithms
INB381 Modelling and Animation Techniques
INB382 Real Time Rendering Techniques
INB370 Software Development
MAB281 Mathematics for Computer Graphics
OR null
INB304 Special Topic 3

Mathematics Units

Level 2 Units
MAB311 Advanced Calculus
MAB312 Linear Algebra
MAB313 Mathematics of Finance
MAB314 Statistical Modelling 2
MAB315 Operations Research 2
MAB413 Differential Equations
MAB414 Applied Statistics 2
MAB420 Computational Mathematics 2
MAB422 Mathematical Modelling
MAB461 Discrete Mathematics
MAB480 Introduction to Scientific Computation
MAB481 Visualisation and Data Analysis

Note: MAB311 Advanced Calculus and MAB312 Linear Algebra are mandatory units.

Level 3 Units - at least 4 units must be selected
MAB521 Applied Mathematics 3
MAB522 Computational Mathematics 3
MAB524 Statistical Inference
MAB525 Operations Research 3A
MAB533 Statistical Techniques
MAB536 Time Series Analysis
MAB613 Partial Differential Equations
MAB623 Financial Mathematics
MAB624 Applied Statistics 3
MAB625 Operations Research 3B
MAB640 Industry Project
MAB672 Advanced Mathematical Modelling
MAB681 Advanced Visualisation and Data Analysis

Note: MAB523 Introduction to Quality Management and MAB621 Discrete Mathematics do not contribute to the mandatory 48 credit points minimum from Level 3 Mathematics units.

Potential Careers:

Actuary, Computer Game Programmer, Market Research Manager, Mathematician, Quantitative Analyst, Statistician.
Bachelor of Applied Science/Bachelor of Games and Interactive Entertainment (IX65)

Year offered: 2009
Admissions: Yes
CRICOS code: 063032D
Course duration (full-time): 4 years
Domestic fees (indicative): 2009: CSP $3,706 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419682
Past rank cut-off: 75
Past OP cut-off: 13
Assumed knowledge: English (4,SA), Maths B (4,SA)
Total credit points: 384
Standard credit points per full-time semester: 48

Course coordinator: Dr Perry Hartfield (Science), Associate Professor Ruth Christie (Information Technology)
Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Emad Kiriakous (Forensic Science); Dr Gary Huftile (Geoscience); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point

Course overview
In this double degree students complete the requirements for two separate degrees in four years. The course consists of units in both applied science and games and interactive entertainment. In the science component students complete a set of core units in science to support advanced level studies in specialist areas. Students select a science major as outlined below and undertake laboratory work and may participate in fieldwork. In the games and interactive entertainment component students complete core units in introductory design, games studies, professional skills and basic programming and then choose a major from the list below. In final year, students participate in a major group project to produce a significant piece of work using PC, mobile devices, consoles or virtual reality. Full time students can take part in the Cooperative Education Program, offering one year paid industry placement and credit towards their degree (subject to satisfying eligibility requirements).

Majors:
Science: biochemistry; biotechnology; chemistry; ecology; environmental science; forensic science; geoscience; microbiology; and physics.
Games and Interactive Entertainment: animation and computational arts; digital media; game design; and software technologies.

Recommended Study
At least one of the sciences. For the majors in biochemistry, biotechnology and microbiology - Biological Science and Chemistry are recommended; for the major in physics - Maths C is recommended.

Cooperative Education Program
The School of IT’s Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you are learning in your degree. Companies that QUT’s Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

Unit Incompatibility/Translation Information
Details on the translation and incompatibility of old and new units is located here:
Undergraduate Translation Table
If you have completed the unit(s) listed under the Translation Unit Codes column you are not permitted to enrol in the listed new code.

**Potential Careers:**

Bachelor of Fine Arts (Interactive and Visual Design) / Bachelor of Information Technology (IX69)

Year offered: 2009
Admissions: Yes
Course duration (full-time): 4 years
Domestic fees (indicative): 2009 CSP $3,153 (indicative) per semester
International Fees (per semester): 2009: $10,000 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 409612
Past rank cut-off: 82
Past OP cut-off: 10
OP Guarantee: Yes
Assumed knowledge: English (4 SA), Maths A, B or C (4 SA)
Total credit points: 384
Course coordinator: Head, Undergraduate Studies (Creative Industries) - cifug@qut.edu.au, Mr Richard Thomas (enquiry.scitech@qut.edu.au) (IT)
Discipline coordinator: Mr Gavin Sade (Interactive and Visual Design)
Campus: Gardens Point and Kelvin Grove

Study Areas
The Bachelor of Information Technology will not have nominated majors and minors and consequently there will not be a Study Area A shown on a graduateâs parchment. Instead, it will have specialisations. The specialisation areas that will be available for students will include:

- Business Process Management
- Data Warehousing
- Digital Environments
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Entry Requirements
Year 12 or equivalent
Prerequisites: Nil
Assumed Knowledge: English (4,SA), Maths A, B or C (4,SA)
Primary Fields: B or C
Secondary Fields: B or C
OP Guarantee: Yes

Course Description
This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within the two strands of this degree, and gain deep understanding within your chosen area speciality, such as networking, software engineering, data warehousing, business process modelling, enterprise systems, information management, web technologies, or digital societies. You will experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how in the booming IT marketplace. It positions you for a challenging and rewarding career within the global economy. Full-time students are eligible for the Cooperative Education Program; paid industry work experience with credit towards your degree. Students are also offered many other work-integrated learning opportunities where you receive first-hand industry experience.

Interactive and visual design is at the cutting edge of technological applications of creativity.

The interactive and visual design major will set you up for careers in the rapidly expanding fields of contemporary communication and the application of new media technologies.

You will be immersed in your Interactive and Visual Design major with 14 studio units, and have a broad creative industries perspective from the two foundation units. Your information technology degree component comprises eight core units and eight units in your information technology major.

International Students
English language requirements
In addition to the above academic entry requirements, international students must meet the Universityâs English language requirements of IELTS of 6.5 (with no lower than 6.0 for any one band).

Pathways to Further Studies
In 2001, an accelerated Honours program was introduced to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Deferment
QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as
questionnaires, folios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Cooperative Education**
The School of IT's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you're learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNITAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the Cooperative Education Program.

**Full time course structure**

### Year 1, Semester 1
- **INB101** Impact of IT
- **INB102** Emerging Technology
- **KIB101** Visual Communication
- **KKB101** Creative Industries: People and Practices

### Year 1, Semester 2
- **INB103** Industry Insights
- **INB104** Building IT Systems
- **KIB103** Introduction to Web Design and Development
- **KKB102** Creative Industries: Making Connections

### Year 2, Semester 1
- **IT Breadth Option Unit**
- **IT Breadth Option Unit**
- **KIB105** Animation and Motion Graphics
- **KVB105** Drawing for Design

### Year 2, Semester 2
- **INB201** Scalable Systems Development
- **IT Specialist Option**
- **KIB102** Visual Interactions
- **KIB104** Digital Media

### Year 3, Semester 1
- **INB201** Scalable Systems Development
- **IT Specialist Option Unit**
- **KIB214** Design for Interactive Media
- **SELECT:** Either **KIB230** or **KKB216**
- **KIB230** Interface and Information Design
- **KKB216** Graphical Development Environments for Media Interaction

### Year 4, Semester 1
- **INB301** The Business of IT
- **IT Specialist Option Unit**
- **KIB315** Contemporary Issues in Digital Media
- **SELECT:** Either KIB309 or KIB335
- **KIB309** Embodied Interactions
- **KIB335** Typography and Illustration

### Year 4, Semester 2
- **INB302** Capstone Project
- **IT Specialist Option Unit**
- **KIB322** Design Project
- **SELECT:** Either KIB314 or KIB338
- **KIB314** Tangible Media
- **KIB338** Print Media

**IT Breadth Option Unit List**

**IT Breadth Option Units**

You must complete four (4) units from the following list. You should not commence these units until you have completed INB101, INB102, INB103 and INB104.

- **INB120** Corporate Systems
- **INB210** Databases
- **INB220** Business Analysis
- **INB250** Systems Architecture
- **INB251** Networks
- **INB255** Security
- **INB270** Programming
- **INB271** The Web
- **INB272** Interaction Design

**IT Specialisation Option Unit List**

**IT Specialist Option Units**

You must complete four (4) units from the following list. Please ensure you have completed a minimum of 36 credit points (3 units) of IT Breadth Option Units before commencing these units. The units are grouped in areas to assist you in focusing your studies.

1. **Enterprise Systems:**

### Potential Careers:

Bachelor of Applied Science / Bachelor of Laws (IX72)

Year offered: 2009
Admissions: Yes
CRICOS code: 066294B
Course duration (full-time): 5.5 years
International Fees (per semester): 2009: $11,250 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February
QTAC code: 419712
Past rank cut-off: 91
Past OP cut-off: 6
OP Guarantee: Yes
Assumed knowledge: English (4, SA) and Maths B (4, SA)
Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com
Total credit points: 528
Standard credit points per full-time semester: 48
Course coordinator: Dr Perry Hartfield (Science); Dr Bill Dixon (Law)
Discipline coordinator: Dr Perry Hartfield (Biochemistry); Dr Marion Bateson (Biotechnology); Dr Robert Johnson (Chemistry); Dr Ian Williamson (Ecology); Dr Robin Thwaites (Environmental Science); Dr Emad Kiriakous (Forensic Science); Dr Gary Huftile (Geoscience); Dr Christine Knox (Microbiology); Dr Greg Michael (Physics)
Campus: Gardens Point

OP Guarantee
The OP Guarantee will apply to this course.

Career Outcomes
The defining nature of the QUT Bachelor of Laws is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the LLB the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career opportunities include private practice as a barrister and/or solicitor; work in government departments; employment as an in-house lawyer; and a range of other occupations.

As a graduate, you may enter legal practice with an education in both the content and process of science and data analysis that will enable you to deal with the complexities of litigation that have a scientific and technological dimension, such as inventions, trade secrets, quantitative evidence, and constitutional disputes giving rise to environmental issues. On the other hand, you may choose to follow a career path in the sciences, enhancing your opportunities in a particular discipline such as environmental science or biotechnology through your knowledge of the law.

Course Design
The course is designed to cover all major areas of the law as well as allowing students to choose any of the following science majors that are offered in the Bachelor of Applied Science (SC01) course: Biochemistry, Biotechnology, Chemistry, Ecology, Environmental Science, Forensic Science, Geoscience, Microbiology and Physics.

To complete the double degree in a shorter period of time, the co-major will be taken from the law program therefore it is not possible for students to choose any of the co-majors listed under the Bachelor of Applied Science course.

Professional Recognition
Graduates will satisfy the requirements of membership in the relevant professional body for their chosen science major. See the Bachelor of Applied Science (SC01) course for details.

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Entry Requirements
The minimum entry requirement for this course is a four year undergraduate degree or three years plus either an honours year or postgraduate coursework year in any discipline. Applicants who do not meet these academic requirements may be eligible to enter the course on the basis of professional activities completed in research management, research commercialisation or related fields that satisfies the course coordinator.

Potential Careers:
Bachelor of Applied Science (Medical Science) (LS37)

Year offered: 2009
Admissions: Yes
CRICOS code: 020331D
Course duration (full-time): 3 Years
Course duration (part-time): 6 Years
Domestic fees (indicative): 2009: CSP $3,698 (indicative) per semester
International Fees (per semester): 2009: $11,500 (indicative) per semester (subject to annual review)
Domestic Entry: February
International Entry: February and July (Conditions apply for July entry)
QTAC code: 418201
Past rank cut-off: 77
Past OP cut-off: 12
OP Guarantee: Yes
Assumed knowledge: English (4, SA), Maths B (4, SA) and Chemistry (4, SA)

Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging.
CHEMISTRY: QUT unit Introductory Chemistry as a visiting student or QUT Continuing Professional Chemistry Bridging.
ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com

Total credit points: 300
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Mr Robert Dow
Campus: Gardens Point

Career Opportunities

This course can provide a range of exciting opportunities in the field of medical science.

The degree is the preferred qualification for employment in the pathology industry as a scientist. Scientists in the pathology industry perform tests on human blood or tissue and other forms of testing in the areas of immunology, haematology, microbiology, histopathology, cytology and biochemistry. You may decide to specialise in areas such as leukaemia diagnosis, cytogenetics, stem cell manipulation, tumour diagnosis, cytological diagnosis, DNA testing or forensic testing, or proceed to a managerial position within a pathology laboratory or hospital.

The course also provides a first degree for students wishing to undertake postgraduate studies in medicine. Graduates also have the opportunity to proceed to postgraduate studies leading to a career in medical research. Graduates are currently working as researchers in areas such as malaria, virology, stem cells, immunology and molecular biology.

Special Course Requirements

1. Work Experience Program: Students are required to undertake a minimum six-week work experience program in a practising pathology laboratory. This takes place at the end of the second year in the full-time program and in a suitable vacation period during the part-time program. Proof of successful vaccination against Hepatitis B must be provided by students at the end of first semester of year two of the program.

2. Blue Card: A current Blue Card authorised with QUT is required prior to commencing the clinical placement components in this course. Please read the Blue Card information (http://bluecard.qut.com) and ensure that you allow adequate time for processing your application and issuing of the card in order to avoid clinical experience delays.

Professional Recognition

Graduates are immediately eligible for graduate membership of the Australian Institute of Medical Scientists and will have completed the academic requirements for admission as Members.

Why Choose this Course?

This is the only medical science degree in southern Queensland which is accredited with the Australian Institute of Medical Scientists (AIMS). In recent years more than 90 per cent of graduates seeking employment were successful within four months of graduation.

The course is designed in consultation with senior staff in pathology laboratories, so you'll gain advanced knowledge of new diagnostic techniques used in the workplace. QUT has state-of-the-art laboratories, allowing you to graduate with extensive experience using equipment found in industry. Medical Science students also undertake clinical placements in pathology laboratories during the course giving you a chance to use your skills in a real workplace.

Deferment

QUT allows current Year 12 school leavers to defer their undergraduate admission offer for one year, or for six months if offered mid-year admission, except in courses using specific admission requirements such as questionnaires, portfolios, auditions, prior study or work experience.

Non-year 12 students may also request to defer their QTAC offer on the basis of demonstrated special circumstances.

Find out more on deferment.

**Potential Careers:**
- Biochemist, Clinical Laboratory Scientist, Medical Scientist, Microbiologist, Operations Manager, Pathology Scientist.
Biological Science is recommended. Recommended graduates are encouraged to think beyond Australia. Development. Career opportunities exist internationally and promoting the sector as a major pillar of future economic commercialisation of new biotechnology products. Biotechnology is a global industry with many countries as commercialisation officers evaluating and financing the building new businesses from emerging technologies and industry sector as scientists, business development officers. Graduates are taking up key positions in the biotechnology research-focussed organisations are also available. projects in established enterprises. Traditional roles in working in a start up company environment or on new entrepreneurship means that graduates are comfortable outcomes into business opportunities. Graduates of the Bachelor of Biotechnology Innovation have and technology transfer. The Bachelor of Biotechnology Innovation has created a new sector in Australia and in the global marketplace. The research commercialisation in the science and technology emerging technologies into the marketplace. There is an commercialisation and the emphasis has moved to bringing millions of dollars in research innovation and competent and highly regarded scientists but has a poor potential and serve to build and strengthen local biotechnology industry. Australia already produces many commercialisation of innovations that will realise any Australian industry, and that of many other nations, it is the While research innovation is critical to the future of students form companies and operate in the company environment over the entire duration of their course. Companies invent biotechnology-oriented products or processes and formulate strategies to bring them from laboratory to the marketplace under the guidance of industry and academic mentors. Students have many opportunities to network with industry through the Student BioEnterprise Scheme and numerous Ausbiotech functions, events and conferences. Companies can also undertake industry-based or consultancy projects with an industry partner in the final year of the course. Why Choose this Course? If you'd like to work in the dynamic world of translating science discoveries into money-making enterprises, meeting people, evaluating projects, picking winners and running with them, then this course is for you! While research innovation is critical to the future of Australian industry, and that of many other nations, it is the commercialisation of innovations that will realise any potential and serve to build and strengthen local biotechnology industry. Australia already produces many competent and highly regarded scientists but has a poor history and capitalising on research outcomes. The Federal and various State Governments are investing hundreds of millions of dollars in research innovation and commercialisation and the emphasis has moved to bringing emerging technologies into the marketplace. There is an increasing demand for skilled professionals who can drive research commercialisation in the science and technology sector in Australia and in the global marketplace. The Bachelor of Biotechnology Innovation has created a new rapid pathway into the high-flying world of commercialisation and technology transfer. Graduates of the Bachelor of Biotechnology Innovation have realised outstanding job outcomes and continue to be quickly employed by industry, often successfully competing against graduates with PhDs. Bachelor of Biotechnology Innovation (LS50) Year offered: 2009 Admissions: Yes CRICOS code: 037681J Course duration (full-time): 4 years Course duration (part-time): 8 years Domestic fees (indicative): 2009: CSP $3,840 (indicative) per semester International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review) Domestic Entry: February International Entry: February and July QTAC code: 418311 Past rank cut-off: 77 Past OP cut-off: 12 OP Guarantee: Yes Assumed knowledge: English (4, SA), Maths B (4, SA) and Chemistry (4, SA) Preparatory studies: MATHS: QUT unit Preparatory Mathematics as a visiting student or QUT Continuing Professional Education course Mathematics Bridging. CHEMISTRY: QUT unit Introductory Chemistry as a visiting student or QUT Continuing Professional Chemistry Bridging. ENGLISH: Successful completion of a year of full-time vocational or tertiary study. For further information contact 07 3138 2000 or email study@qut.com Total credit points: 384 Standard credit points per full-time semester: 48 Standard credit points per part-time semester: 24 Course coordinator: Associate Professor Chris Collet Campus: Gardens Point Career Opportunities The Bachelor of Biotechnology Innovation is training the next generation of bioentrepreneurs to translate research outcomes into business opportunities. Graduates can be business-savvy scientists, or operate in the world of commercialisation and technology transfer or start up their own biotechnology-based enterprise bringing their own products to market. The emphasis on innovation and entrepreneurship means that graduates are comfortable working in a start up company environment or on new projects in established enterprises. Traditional roles in research-focussed organisations are also available. Graduates are taking up key positions in the biotechnology industry sector as scientists, business development officers building new businesses from emerging technologies and as commercialisation officers evaluating and financing the commercialisation of new biotechnology products. Biotechnology is a global industry with many countries promoting the sector as a major pillar of future economic development. Career opportunities exist internationally and graduates are encouraged to think beyond Australia. Recommended Study Biological Science is recommended.

Course Design The Bachelor of Biotechnology Innovation, a degree with Honours, was the first degree of its type in Australia and aims to provide highly trained and motivated graduates skilled in the science and business and biotechnology. Graduates undertake the same basic and advanced biotechnology science as students in other science-based courses, gaining requisite theoretical and practical skills. In this course, however, basic and advanced business units are undertaken highlighting entrepreneurial skills and biotechnology commercialisation. Integration and synthesis of the disparate disciplines is an essential component of the course. Unique to the course is the Student BioEnterprise Scheme, a proactive project-based learning exercise promoting the integration of theory and practice in business and science. Students form companies and operate in the company environment over the entire duration of their course. Students form companies and operate in the company environment over the entire duration of their course. Students form companies and operate in the company environment over the entire duration of their course. Students form companies and operate in the company environment over the entire duration of their course.

**Potential Careers:**

Biotechnologist, Biotechnology Business/Investment Analyst, Business Development Officer, Cell Biologist, Commercialisation Officer, Medical Biotechnologist, Molecular Biologist, Plant Biotechnologist, Technology Transfer Officer.
Graduate Certificate in Biotechnology (LS66)

Year offered: 2009
Admissions: Yes
CRICOS code: 054278A
Course duration (full-time): 1 semester (0.5 year)
Course duration (part-time): 2 semesters (1 year)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,750 (indicative) per semester (subject to annual review)
Domestic Entry: July (Note: Students commencing in July, enrol in Semester 2 units first) (Students are NOT able to commence LS66 in February)
International Entry: July (Students are NOT able to commence LS66 in February)
Total credit points: 48
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Mark O'Brien
Campus: Gardens Point

Entry Requirements
A bachelor degree or equivalent, preferably but not necessarily in science, is advised. Please contact the course coordinator for further information on the entry requirements for this course.

Career Outcomes
Career opportunities include employment as research and support staff in the biotechnology industry - private or public biotechnology companies, universities, CSIRO, research institutes, government departments, pathology laboratories and hospitals.

Professional Recognition
Graduates are eligible to join the AusBiotech, the Australian Society for Biochemistry and Molecular Biology, and the Australian Society for Microbiology.

Course Design
LS66 Graduate Certificate in Biotechnology is a foundation program for those people without a science degree or for those who do not have a recent background in the biomolecular sciences. Fundamental aspects of cell and molecular biology, biochemistry and microbiology are covered in this first program which comprises 48 credit points of assessed coursework. Successful completion of this program allows students to then specialise in more advanced aspects of biotechnology. The Graduate Certificate in Biotechnology also allows students to gain essential generic skills and attributes for successful postgraduate research and learning. Students must commence in July and enrol in Semester 2 units first. Advanced standing may be given for this foundation program if the student has a bachelor degree or equivalent with a recent and appropriate undergraduate-level knowledge and practical experience in the key areas of molecular biology, cell biology, biochemistry and/or microbiology at an advanced level. If advanced standing is granted, students can enrol directly in any of the more advanced biotechnology programs (LS76, LS86 or LS96) in their first semester.

Overview
LS66 Graduate Certificate in Biotechnology is the first of four nested postgraduate coursework programs in biotechnology offered by the School of Life Sciences. This particular course will suit anyone who has a recent undergraduate degree (preferably, but not necessarily in science) and who wishes to gain training in general biotechnology. LS66 Graduate Certificate in Biotechnology, a 6-month full-time foundation program, provides those students without a sound background in the biomolecular sciences the opportunity for direct entry into more advanced biotechnology streams. Science-based biomolecular science units emphasise both theoretical and laboratory skills and cover contemporary fundamental techniques underpinning the science of biotechnology.

Biochemist, Biotechnologist, Medical Biotechnologist, Microbiologist, Molecular Biologist, Plant Biotechnologist, Research Assistant, Scientist, Virologist.
Graduate Diploma in Biotechnology (LS76)

Year offered: 2009
Admissions: Yes
CRICOS code: 016975B
Course duration (full-time): 2 semesters (1 year)
Course duration (part-time): 4 semesters (2 years)
Domestic fees (indicative): 2009: Full fee tuition $6,750 (indicative) per semester
International Fees (per semester): 2009: $10,500 (indicative) per semester (subject to annual review)
Domestic Entry: July (Note: Students commencing in July, enrol in Semester 2 units first) *Also see "ENTRY REQUIREMENTS" below
International Entry: July (Note: Students commencing in July, enrol in Semester 2 units first) *Also see "ENTRY REQUIREMENTS" below
Total credit points: 96
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Mark O'Brien
Campus: Gardens Point

Entry Requirements
A bachelor degree or equivalent, preferably but not necessarily in science, is required. Please contact the course coordinator for further information on the entry requirements for this course.

*LS76 commences in July (Module 1 entry). Students with advanced standing for Module 1 should commence in February as the Faculty does not offer sufficient units in Module 2 in second semester. Note especially that the February entry point for this course is for students with advanced standing for Module 1. It is not possible to commence Module 1 in February.

For students with advanced standing for Module 1 and who wish to enter LS76 in July, a modified program will be required and this should be discussed with the course coordinator prior to enrolment. Students should note that this may require them to study business electives only in their first semester and could lead to them having to take an additional semester to complete the requirements of their program.

Professional Recognition
Graduates are eligible to join the AusBiotech, the Australian Society for Biochemistry and Molecular Biology, and the Australian Society for Microbiology.

Career Outcomes
Career opportunities include employment as research and support staff in the biotechnology industry - private or public biotechnology companies, universities, CSIRO, research institutes, government departments, pathology laboratories and hospitals.

Course Design
The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the biomolecular sciences and area of interest in biotechnology. The LS76 Graduate Diploma in Biotechnology builds upon concepts covered in the foundation program, LS66 Graduate Certificate in Biotechnology. The Graduate Diploma in Biotechnology not only offers students opportunities to pursue study in several relevant focus areas including the theoretical and practical aspects of biotechnology, but also the business of biotechnology, marketing, commercialisation, as well as the legal and ethical aspects of biotechnological applications. The Graduate Diploma in Biotechnology is comprised of 96 credit points of assessed coursework. Advanced standing may be given for the suite of units offered in the foundation program, LS66 Graduate Certificate in Biotechnology, if the student has a bachelor degree or equivalent with a recent and appropriate undergraduate-level knowledge and practical experience in the key areas of molecular biology, cell biology, biochemistry and/or microbiology at an advanced level. If advanced standing is granted, students can enrol directly in LS76 in their first semester.

Overview
LS76 Graduate Diploma in Biotechnology is one of four nested postgraduate coursework programs in biotechnology offered by the School of Life Sciences. The Graduate Diploma in Biotechnology will suit anyone who has a recent undergraduate degree (preferably, but not necessarily in science) and who wishes to gain training and advanced specialisation in general, medical and/or plant biotechnology. The program also caters for working scientists, support staff, or students involved in commercial aspects of biotechnology, who wish to update their theoretical and practical biotechnology skills for a current or future position. Science-based biotechnology units emphasise laboratory skills and hands-on laboratory experimentation feature prominently in the program, which covers contemporary techniques in biotechnology. New technology is incorporated as it becomes available. The program also offers students opportunities to pursue studies related to the business of biotechnology, marketing, commercialisation, as well as the legal and ethical aspects of biotechnological applications. LS76 Graduate Diploma in Biotechnology, a one year full-time program, builds upon the knowledge and skills base developed in the Graduate Certificate in Biotechnology and allows the student to stream into either medical or plant biotechnology or both.

If advanced standing is granted, students can enrol directly in LS86 in their first semester.

Overview
LS86 Master of Biotechnology is one of four nested postgraduate coursework programs in biotechnology offered by the School of Life Sciences. LS86 Master of Biotechnology extends the LS76 Graduate Diploma in Biotechnology program by providing additional training and specialisation in either medical or plant biotechnology or both. The program can be completed in 1.5 years full-time. The Master of Biotechnology program will suit anyone who has a recent undergraduate degree (preferably, but not necessarily in science) and who wishes to gain training and advanced specialisation in general, medical and/or plant biotechnology. The program also caters for working scientists, support staff, or students involved in commercial aspects of biotechnology, who wish to update their theoretical and practical biotechnology skills for a current or future position. Science-based biotechnology units emphasise laboratory skills and hands-on laboratory experimentation feature prominently in the program, which covers contemporary techniques in biotechnology. International Entry: July (Note: Students commencing in July, enrol in Semester 2 units first) *Also see "ENTRY REQUIREMENTS" below
Total credit points: 192
Standard credit points per full-time semester: 48
Standard credit points per part-time semester: 24
Course coordinator: Dr Mark O'Brien
Campus: Gardens Point

Entry Requirements
A bachelor degree or equivalent, preferably but not necessarily in science, is required. Please contact the course coordinator for further information on the entry requirements for this course.

*LS96 commences in July (Module 1 entry). Students with advanced standing for Module 1 should commence in February as the Faculty does not offer sufficient units in Module 2 in second semester. Note especially that the February entry point for this course is for students with advanced standing for Module 1. It is not possible to commence Module 1 in February.

For students with advanced standing for Module 1 and who wish to enter LS96 in July, a modified program will be required and this should be discussed with the course coordinator prior to enrolment. Students should note that this may require them to study business electives only in their first semester and could lead to them having to take an additional semester to complete the requirements of their program. Also, students may not be able to undertake the project component of LS96.

Career Outcomes
Career opportunities include employment as research and support staff in the biotechnology industry - private or public biotechnology companies, universities, CSIRO, research institutes, government departments, pathology laboratories and hospitals.

Professional Recognition
Graduates are eligible to join the AusBiotech, the Australian Society for Biochemistry and Molecular Biology, and the Australian Society for Microbiology.

Course Design

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the biomolecular sciences and area of interest in biotechnology. LS96 Master of Biotechnology (Advanced) completes the comprehensive training of students and follows successful completion of core and elective units offered in LS66, LS76 and LS86. It is comprised of 192 credit points of assessed coursework in general, medical and/or plant biotechnology. In their final semester of the program, students may undertake a supervised research project either at QUT or in the workplace. Students must discuss research project areas prior to enrolment in this course to select both a suitable project and a project supervisor(s) prior to entry (or as soon as possible thereafter). While the School of Life Sciences has a wide range of research project areas available, it may not always be possible for students to conduct a research project exactly in the area they desire. Part-time students may also elect to do a research project at their place of work, with both a workplace supervisor and a QUT supervisor. Alternative options are available. For students not undertaking a research project, additional coursework must be completed. Students will need to consult with the course coordinator in selecting additional coursework units. The LS96 Master of Biotechnology (Advanced) program not only offers students opportunities to pursue study in several relevant focus areas including the theoretical and practical aspects of biotechnology, but also the business of biotechnology, marketing, commercialisation, as well as the legal and ethical aspects of biotechnological applications. Advanced standing may be given for the suite of units offered in the foundation program, LS66 Graduate Certificate in Biotechnology, if the student has a bachelor degree or equivalent with a recent and appropriate undergraduate-level knowledge and practical experience in the key areas of molecular biology, cell biology, biochemistry and/or microbiology at an advanced level. If advanced standing is granted, students can enrol directly in LS96 in their first semester.

Overview
LS96 Master of Biotechnology (Advanced) is one of four nested postgraduate coursework programs in biotechnology offered by the School of Life Sciences. The LS96 Master of Biotechnology (Advanced) program offers students a complete and comprehensive training in biotechnology by extending the suite of units offered within the LS86 Master of Biotechnology program or by giving students the opportunity in their final semester of study to pursue a research project. The Master of Biotechnology (Advanced) is a two year full-time program of study commencing with the foundation suite of core units, where appropriate. The LS96 Master of Biotechnology (Advanced) program will suit anyone who has a recent undergraduate degree (preferably, but not necessarily in science) and who wishes to gain training and advanced specialisation in general, medical and/or plant biotechnology. The program also caters for working scientists, support staff, or students involved in commercial aspects of biotechnology, who wish to update their theoretical and practical biotechnology skills for a current or future position. Science-based biotechnology units emphasise laboratory skills and hands-on laboratory
experimentation feature prominently in the program, which covers contemporary techniques in biotechnology. New technology is incorporated as it becomes available. The program also offers students opportunities to pursue studies related to the business of biotechnology, marketing, commercialisation, as well as the legal and ethical aspects of biotechnological applications.
