Bachelor of Medical Imaging Science

Handbook

Year	2014
QUT code	CS40
Duration (full-time)	3 years
OP	2
Rank	98
Campus	Gardens Point
Domestic fee (indicative)	2014: CSP $4,300 per Study Period (48 credit points)
International fee (indicative)	2014: $12,200 per Study Period (48 credit points)
Total credit points	288
Credit points full-time sem.	48
Start months	February
Int. Start Months	February
Deferment	You can defer your offer and postpone the start of your course for one year
Course Coordinator	
Discipline Coordinator	07 3138 1938 medicalradiations@qut.edu.au

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Physics
- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- Physics
- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Domestic Course structure

CS40 Bachelor of Medical Imaging Science (3 Year program) has been replaced by a 4 year Bachelor of Medical Imaging (CS42) for domestic students commencing in 2014.

CS40 is therefore not available to domestic students from 2014. Commencing students should see CS42 for details.

International students commencing in 2014 will undertake this 3 year program (CS40).

Sample Structure

CS40 Bachelor of Medical Imaging Science (3 Year program) has been replaced by a 4 year Bachelor of Medical Imaging for domestic students commencing in 2014.

International students commencing in 2014 will undertake the 3 year program.

Semesters

- Year 1, Semester 1
- Year 1, Semester 2
- Year 2, Semester 1
- Year 2, Semester 2
- Year 3, Semester 1
- Year 3, Semester 2

Code	Title
Year 1, Semester 1	
CSB011	Patient Care in Professional Practice
CSB012	Introduction to Medical Radiations
LQB183	Human Systematic Anatomy
PCB272	Radiation Physics
Year 1, Semester 2

Before you start this course we assume you have sound knowledge in these areas

- Physics
- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

International students who have post-secondary qualifications in Radiation Therapy may apply.

International students may be offered a place in Radiation Therapy if they have completed and met the Clinical Placement requirement. Details of your previous Radiation Therapy qualification, including clinical placements, should be included with your application.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Domestic Entry requirements Prerequisite

Completion of a degree (or equivalent) in medical science or a health science field in the past 10 years.

If you have completed your degree more than 10 years ago you must provide evidence of graduate work experience and/or further studies since course completion with your QTAC application to receive further consideration.

Completed graduate diplomas, masters and/or doctorates are the accepted equivalents.

Automatic advanced standing (credit)

If admitted to the graduate entry program you will automatically received one year of advanced standing which will entitled you to complete the degree in two years (full time).

Minimum English requirements

Students must meet the English proficiency requirements.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Mandatory Pre-course Workshops

Graduate entry students are expected to attend pre-course workshops during Orientation Week. In 2014, Orientation Week begins on 17 February.

- Maths B
- English
- Chemistry

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- Maths B
- English
- Chemistry

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Professional Recognition

The course meets the requirements for accreditation by the Australian and New Zealand Podiatry Accreditation Council. Graduates meet the requirements for registration with the Podiatry Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Podiatry Board of Australia website http://www.podiatryboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Graduates have been eligible for registration in the United Kingdom, New Zealand and some European countries and may also become members of the Australian Podiatry Association (APA) and Sports Medicine Australia (SMA).

Student registration

QUT automatically registers students enrolled in this course with the Podiatry Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Honours

A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

Further Information

For more information about this course, please call the School of Clinical Sciences on +61 7 3138 3368 or podiatry@qut.edu.au

Duration (full-time)	3 years
Duration (part-time)	6 years
Campus	Kelvin Grove
Total credit points	288
Credit points full-time sem.	48
Credit points part-time sem.	24
Course Coordinator	All course enquiries to socialwork@qut.edu.au or phone 07 3138 4697
Discipline Coordinator	07 3138 4697 socialwork@qut.edu.au

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional Practice Placements

You will gain hands-on experience in this course through two professional practice placements.

In first semester of your second year you will explore the diversity of practice methods through the Introduction to Practice. You will undertake a total of 140 hours of volunteer placement/s in a human service agency.

Your theoretical and practical studies will culminate in a 36 credit point Advanced Professional Practice placement in second semester of your third year. This placement will generally reflect your specialised service context area. You will develop a learning plan in consultation with your agency supervisor and a university staff member. During this 400-hour supervised placement in a human services agency, you will further develop your assessment and intervention skills and your own practice framework. It may be possible to undertake this 12 week placement with an overseas agency.

These professional practice placements provide many valuable opportunities for networking within the human services industry.

Service Contexts

CHILD AND FAMILY SERVICES
Child and family services units provide you with a firm grounding in theories, practices and processes essential for understanding and intervening in family life. You will be introduced to child and family welfare studies and will focus on approaches to supporting families and promoting change. You will also examine core processes and practice skills associated with interacting with children and parents, assessing family life and encouraging participation in decision making.

CORRECTIVE SERVICES
The Community and Youth Corrections unit provides the legislative framework and structures, processes and principles of the youth and criminal justice system. It explores evidence based interventions and provides practice models and assessment frameworks. It provides theory and practice skills for working with Indigenous people and examines the role of practitioners in youth Justice Services and the Department of Corrective Services. The unit's primary orientation is to provide you with a structured opportunity to analyse and understand the operation of the Queensland community and youth corrections settings with offenders and those who are at risk of offending.

DISABILITY SERVICES
Disability services units provide you with a solid foundation for understanding and evaluating the theories, principles, practices and policies underpinning services used by people with disabilities. The aim is to link the social justice, empowerment and human rights issues explored in the more generic units within the degree program to the lives of people with disabilities. You will have the opportunity to explore and evaluate the range of service models relevant to the lifestyles of people with disabilities. The units focus on the quasi-legal and policy aspects of working in disability service organisations, and address some of the ethical dilemmas inherent in human service provision to people with a disability.

SERVICES TO YOUNG PEOPLE
These units help you understand and identify the various ways youth and adolescence are understood, constructed and portrayed in mainstream media, academic literature and human services. You will critically review the situation of a diverse range of young people and will investigate the knowledge, theory and skills base of a range of contemporary practice arenas, such as juvenile justice and adolescent child protection practice, youth homelessness, youth policy analysis and development.

Professional Recognition

Graduates are entitled to apply for membership of the Australian Institute of Welfare and Community Workers.

Working with Children Check

As required by the Commission for Children and Young People and Child

Guardian Act (2000), students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. Application form

writing	6.0
reading	6.0
listening	6.0
overall	6.5

Discontinuation of course

HM43 was recoded XN53 for commencing students from 2014. Continuing students will remain in HM43.

Pathways

Graduates of HM43 Bachelor of Exercise and Movement Science can apply for admission to the XN54 Bachelor of Clinical Exercise Physiology if they wish to achieve full Exercise Physiologist status.

Professional recognition

Graduates are eleigible for membership of Exercise and Sports Science Australia (ESSA) as exercise scientists.

overall	6.5

Discontinuation of the course

LS37 was discontinued and replaced by LS47 Bachelor of Medical Laboratory Science from 2012. Continuing students should remain in LS37. If you need enrolment advice, please consult the course coordinator.

Professional Recognition

As a graduate, you will be eligible for membership of the Australian Institute of Medical Scientists (AIMS) and will have completed the academic and work placement requirements for admission as a full member. Depending on your clinical discipline(s) of employment, you will be eligible to apply for membership of various professional organisations including the Australasian Association of Clinical Biochemists, Australian Society of Microbiology, Australian Society of Cytology, Human Genetics Society of Australasia, Haematology Society of Australia and New Zealand, Australian and New Zealand Society of Blood Transfusion and Australian Society of Thrombosis and Haemostasis.

Other Course Requirements

Work Experience Program: This course includes a mandatory Summer Program between years two and three of the full-time course. During the Summer Program you will be required to undertake a minimum six-week work experience program in a practising pathology laboratory. Proof of successful vaccination against Hepatitis B must be provided at the end of first semester of the second year of the course.

Blue Card

A current blue card authorised with QUT may be required prior to commencing the clinical placement components of this course. For more information visit Blue Card and ensure that you allow adequate time for processing your application and issuing of the card in order to avoid clinical experience delays.

Further Information

For more information about this course, please call the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

Domestic Course structure

Your course

Year 1

The Bachelor of Applied Science (Medical Science) commences with a solid grounding in life sciences, mathematics, chemistry and physics. You will undertake further intensive study in human physiology, anatomy, cell and molecular biology. With QUT's practical approach to teaching, you will not only learn the theory, but gain a wealth of practical experience in QUT's state-of-the-art laboratories.

Year 2

You will proceed to the topics of biochemistry, microbiology and pathology before sampling various specialisations like immunology, haematology and histopathology. During practical classes you will learn the latest techniques used in the pathology industry and improve your skills to professional standards. At the end of the year you will be ready to undertake a six-week placement in a pathology laboratory to further develop your skills under the guidance of professionals in the workplace.

Year 3

The final year builds on the key areas of biochemistry, microbiology, immunology, haematology, histopathology and introduces immunohaematology. You will develop your skills to an advanced level and further refine your laboratory techniques to ensure that, when you graduate, you will be ready to operate confidently in the workplace. You can take advantage of QUT's close links with the pathology industry to further enhance

your employment prospects.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English
- Chemistry

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended Study: Biology.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

Depending on the units selected in final year, graduates will be eligible for membership into one or more of the following organisations: Australian Society for Medical Research, Australian and New Zealand Society for Cell and Developmental Biology, Australian Society for Biochemistry and Molecular Biology, Australian Association of Clinical Biochemists, Australian Society for Microbiology, Australian Neuroscience Society, The Endocrine Society of Australia, Society of Reproductive Biology, Australian and New Zealand Association of Clinical Anatomists, Australian and New Zealand Bone and Mineral Society, and Australian and New Zealand Forensic Science Society.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Further information

For further information, contact the School of Biomedical Sciences biomedical@qut.edu.au or 07 3138 1938.

International Course structure

Your Course

Year 1

You will undertake units covering chemistry, physics, anatomy, pathology and cell biology, providing a solid knowledge base for the topics covered later in the course. With QUT's practical approach to teaching, you will not only learn the theory, but gain a wealth of practical experience in state-of-the-art laboratories. You will also gain an introduction to the essential communication skills required for a career in the health and medical professions.

Year 2

You will have the option of choosing a major and two minors from five key biomedical scientific disciplines to align with your own career goals: anatomical sciences, cell and molecular biology, human biochemistry, human physiology and infectious diseases. You will have the opportunity to complement your studies by choosing a university wide set from a discipline outside of biomedical science, such as behavioural science, public health, human rights, entrepreneurship, mathematical sciences, international business or study a language. A minor is also available in Clinical Physiology which includes a 400 hour Clinical Physiology internship in which you will be placed in a hospital with professional clinical physiologists who will provide training in physiological instrumentation and measurement, recording, interpretation and reporting of clinical data. You will also have opportunities to gain real world experience as part of your course in Work Integrated Learning placements in biomedical research institutes and laboratories in the science industry.

Year 3

In the real world, the design and completion of successful research and/or business projects demand that individuals gather information, solve problems, work effectively as a part of a team and analyse and communicate results in a critical manner. Therefore each major in this course will culminate in a capstone unit which will require you to apply the knowledge and skills developed through your course. Capstone projects include human anatomical dissection, contemporary laboratory based research projects in biochemistry, physiology and

cell and molecular biology, and diagnosis, characterisation and development of appropriate responses to an infectious disease outbreak scenario.

Course Design

The Bachelor of Biomedical Science comprises first-year studies in chemistry, physics, anatomy, pathology and cell biology, providing a solid knowledge base for the topics covered later in the course. Units in the second and third years combine advanced studies with theoretical, practical, and problem-solving skills. Several units in the area of humanities and applied health are an integral part of the course.

The Bachelor of Biomedical Science provides the necessary knowledge and skills to enter a career in biomedical research, with integration of research design and implementation, scientific writing and communication and practical laboratory skills embedded through each year of the course.

Furthermore students will be well prepared to sit GAMSAT which is designed to evaluate mastery and use of concepts in basic science as well as the acquisition of more general skills in problem solving, critical thinking and writing. The Bachelor of Biomedical Science provides a solid grounding in GAMSAT testing areas: reasoning in humanities and social sciences, written communication, reasoning in biological and physical sciences (including chemistry, biology and physics).

Sample Structure

To fulfil the requirements of this course you must do the following:

a. complete 8 Biomedical Science core units (Year 1);
b. select and complete any 2 units from Biomedical Science List A core option units (Year 2);
c. select a Major and complete the 6 units comprising that Major (Years 2 & 3); and
d. select and complete 2 Minors to complement your Major (Years 2 & 3). You may choose to do 2 biomedical science minors, or 1 biomedical science minor and 1 university-wide minor.

- Year 3, Semester 2

Code	Title
NOTE:	
Please ensure that the Option units are from areas other than your selected Study Area A or B choices.	
Students will undertake: 8 core units (96 credit points) in Year 1.	
In Years 2 and 3, students will undertake:	
24 credit points (2 units) of Option units	
72 credit points from a Study Area A	
48 credit points from Study Area B	
48 credit points from a second Study Area B or from other areas approved by the Course Coordinator.	
The following university-wide minors are pre-approved: Entrepreneurship; Integrated Marketing Communication; Studies in Behavioural Science; Interactive and Visual Design; Journalism; Professional Writing, Publishing and Editing; Studies in Nutrition and Physical Activity; Criminology and Policing.	
If you wish to do a university-wide minor that is not in this list, please contact the School of Biomedical Sciences on 3138 1938 or email biomedical@qut.edu.au.	
Year 1, Semester 1	
LQB182	Cell & Molecular Biology
LQB183	Human Systematic Anatomy
LQB184	Biomedical Skills 1
LQB180	Biomolecules and Life Processes
Year 1, Semester 2	
LQB281	Human Health & Disease Concepts
LQB284	Biomedical Skills 2
LSB258	Principles of Human Physiology
PCB150	Biomedical Physics
Year 2, Semester 1	
Option - List A unit	
Study Area A (major) unit	
Study Area B (minor) unit 1	
Study Area B (minor) unit 2 or University-wide set unit	
Year 2, Semester 2	
Option - List A unit	
Study Area A (major) unit	
Study Area B (minor) unit 1	
Study Area B (minor) unit 2 or University-wide set unit	
Year 3, Semester 1	
Study Area A (major) unit	
Study Area A (major) advanced unit	
Study Area B (minor) unit 1	
Study Area B (minor) unit 2 or University-wide set unit	
Year 3, Semester 2	
Study Area A (major) capstone unit	
Study Area A (major) advanced unit	
Study Area B (minor) unit 1 (advanced)	
Study Area B (minor) unit 2 (advanced) or University-wide set unit

writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

This course is accredited by the Australian Institute of Medical Scientists, and, as a graduate, you are eligible for graduate membership and will have completed the academic and work placement requirements for admission as a full member.

Depending on your employment, you will be eligible to apply for membership of various professional organisations including the Australasian Association of Clinical Biochemists, Australian Society of Microbiology, Australian Society of Cytology, Human Genetics Society of Australasia, Haematology Society of Australia and New Zealand, Australian and New Zealand Society of Blood Transfusion, and Australian Society of Thrombosis and Haemostasis.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.
Some of these requirements have associated costs. Information is available from the Additional course requirements and costs website.

Pathways

As a graduate, you can pursue further studies leading to a career in medical research. Graduates are currently working as researchers in areas such as cancer diagnosis, malaria, virology, stem cells, infectious diseases, immunology, transfusion science, eye disease, reproductive medicine and molecular biology.

Further information

For more information about this course, contact the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

International Course structure

Your course

Year 1

The course commences by developing a sound knowledge and understanding of fundamental concepts that underpin medical laboratory science: cellular and molecular biosciences, anatomy, physiology mathematics, statistics, biophysics and chemistry. You will also be introduced to the local, national and global profession of medical laboratory science, and the Australian Healthcare System in the first of your professionally orientated units in the course.

Year 2

In your second year, you will explore more specialised concepts in pathology, biochemistry, microbiology, immunology, cytogenetic and molecular pathology, histopathological techniques, quantitative medical science, and quality assurance systems. In your practical classes, you will learn some of the latest techniques used in the clinical diagnostic pathology industry, giving you the opportunity to develop your skills to professional standards.

Year 3

The third year of the program allows you to further develop and refine your knowledge, understanding and practical skills to a more advanced level, and learn how they are applied in the clinical disciplines of molecular diagnostics, microbiology, chemical pathology, diagnostic endocrinology, histopathology,

cytopathology, haematology and, transfusion and transplantation science.

Year 4

In your first semester, you will undertake a semester-long work integrated learning internship in a recognised laboratory. During that time you will also complete studies in health informatics and learn how this relates to day-to-day laboratory operations. In your final semester, you will complete an elective of your choice designed to complement your learning, e.g. pharmacology, marketing, management or research techniques. You will also prepare professional plans and identify graduate opportunities, as well as further your clinical discipline specific learning in the context of intercultural health and contemporary issues in medical science.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

Working with Children Check: blue card

You'll need to apply for a blue card because you'll be working with children or young people as part of this course. There's no cost if you apply through QUT.

You will be requested to submit your blue card application form immediately after receiving your offer. You won't be able to accept your offer and enrol if you don't submit your correctly completed blue card application form on time.

How to apply for a blue card

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Professional Recognition

The course meets the requirements for accreditation by the Australian Nursing and Midwifery Council. Graduates meet the requirements for registration by the Nursing and Midwifery Board of Australia and are also eligible for membership of the Royal College of Nursing, Australia (RCNA).

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Nursing and Midwifery Board of Australia website http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Student registration

QUT automatically registers students enrolled in this course with the Nursing and Midwifery Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Caboolture campus

International student places are not currently offered at Caboolture campus.

Graduate entry currently is not offered at the Caboolture campus.

International students

Please refer to the Nursing and Midwifery Board of Australia website http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx for information on the Board's English Language Skills Registration Standard.

Further Information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Discipline Coordinator	07 3138 3824 nursing@qut.edu.au

Domestic Entry requirements

Prerequisite

Completion of a non-nursing bachelor degree (or equivalent) within the past 10 years.

If you have completed your degree more than 10 years ago you must provide evidence of graduate work experience and/or further studies since course completion with your QTAC application to receive further consideration.

Completed graduate diplomas, masters and/or doctorates are the accepted equivalents.

Automatic advanced standing (credit)

If admitted to the graduate entry program you will automatically received one year of advanced standing which will entitled you to complete the degree in two years (full-time).

International Entry requirements

Applicants must have completed a non-nursing bachelor degree (or equivalent) within the past 10 years. Applicants with degrees (or equivalent) completed more than 10 years ago must provide evidence of graduate work experience and/or further studies since course completion.

Students who are admitted to the graduate entry program will automatically received one year of advanced standing which will entitle the student to complete the degree in two years (full-time).

Working with Children Check: blue card

You'll need to apply for a blue card because you'll be working with children or young people as part of this course. There's no cost if you apply through QUT.

Students wishing to accept their offer must submit their blue card application forms:

- no later than 24 December for Semester 1 (February entry)
- no later than 24 May for Semester 2 entry (July entry)

Please submit your blue card application form immediately after receiving your offer. You won't be able to accept your offer and enrol if you don't submit your correctly completed blue card application form on time.

How to apply for a blue card

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Campus

This course is only available at the Kelvin Grove Campus.

Discipline Coordinator	07 3138 3368 podiatry@qut.edu.au

Domestic Entry requirements Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English
- Chemistry

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

nullnullnullnullnullnullnullnull

International Subject prerequisites

- Maths B
- Chemistry

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Discontinuation of the course

This course has been discontinued and was replaced by CS44 Bachelor of Podiatry from 2013. Continuing students remained in PU43.

Professional Recognition

The course meets the requirements for accreditation by the Australian and New Zealand Podiatry Accreditation Council. Graduates meet the requirements for registration with the Podiatry Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Podiatry Board of Australia website http://www.podiatryboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Graduates have been eligible for registration in the United Kingdom, New Zealand and some European countries and may also become members of the Australian Podiatry Association (APA) and Sports Medicine Australia (SMA).

Student registration

QUT automatically registers students enrolled in this course with the Podiatry Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Honours

A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

Further Information

For more information about this course, please call the School of Clinical Sciences on +61 7 3138 3368 or podiatry@qut.edu.au

Domestic Entry requirements

Prerequisite

Completion of a degree in medical science or a health science-related field, such as Human Movement Studies, Nursing or Biomedical Science, in the past 10 years.

If you have completed your degree more than 10 years ago you must provide evidence of graduate work experience and/or further studies since course completion with your QTAC application to receive further consideration.

Automatic advanced standing (credit)

If admitted to the graduate entry program you will automatically received one and half years of advanced standing which will entitled you to complete the degree in two and half years (full-time).

Course requirements

The following items are applicable to students who successfully enrol in this course.

Additional course requirements

Students are required to attend a compulsory program of study as part of the requirements of the foundation unit PUB442 Podiatric Medicine and Clinical Practice in the week 16 – 20 July that will involve on-campus attendance for the full 5 days. This program will prepare students for the more advanced podiatry units in the third and fourth year of the course.

Blue card

As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit http://student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Additional costs

There are additional costs associated with this course including a practicum shirt and podiatry equipment ($1000). Hepatitis B vaccination and the attainment of a current First Aid Certificate is required before beginning clinical placements.

International Entry requirements

Applicants must have successfully completed a degree in medical science or a health science-related field, such as Human Movement Studies, Nursing or Biomedical Science, in the past 10 years.

Applicants with degrees or equivalent completed more than 10 years ago must provide evidence of graduate work experience and/or further studies since course completion with their QTAC application to receive further consideration.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Honours

Many graduates wish to pursue careers in professional areas of psychology. To do so you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology)), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as a Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Professional Recognition

The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council (APAC).

Year 1 - Semester 2	
PYB102	Introduction to Psychology 1B
PYB110	Psychological Research Methods
PYB208	Counselling Theory and Practice 1
Elective	
Year 2 - Semester 1	
PYB202	Social and Organisational Psychology
PYB210	Research Design and Data Analysis
Psychology Elective (see List A or B)	
Elective	
Year 2 - Semester 2	
PYB203	Developmental Psychology
PYB204	Perception and Cognition
Elective	
Elective	
Year 3 - Semester 1	
PYB304	Physiological Psychology
PYB309	Individual Differences and Assessment
Psychology Elective (see List A or B)	
Elective	
Year 3 - Semester 2	
PYB306	Psychopathology
PYB350	Advanced Statistical Analysis
or PYB List B elective***	
Level 3 Psychology Elective from List B	
Elective	
Notes	
Electives can be studied from Lists A and B, or from other courses. The following rules apply:	
* At least 4 of the 10 electives must be chosen from the psychology electives in Lists A and B, with at least 2 of these electives from List B (this must include PYB350 for those aiming to undertake a fourth year program in psychology).	
** No more than three introductory or first year units can be undertaken as electives in PY45. Note: All List A and List B Psychology electives are counted as advanced and not first year units.	

Bachelor of Behavioural Science (Psychology)

***PYB350 is compulsory for entry to fourth year programs in psychology for example Bachelor of Behavioural Science (Honours Psychology) and Postgraduate Diploma in Psychology.

Bachelor of Biomedical Science

Handbook

Year	2014
QUT code	SC40
Duration (full-time)	3 years
Duration (part-time domestic)	6 years
Campus	Gardens Point
Domestic fee (indicative)	2014: CSP $4,200 per Study Period (48 credit points)
International fee (indicative)	2014: $13,400 per Study Period (48 credit points)
Total credit points	288
Credit points full-time sem.	48
Credit points part-time sem.	24
Start months	February
Int. Start Months	February
Course Coordinator	Enquiries to biomedical@qut.edu.au or 07 3138 1938
Discipline Coordinator	07 3138 1938 biomedical@qut.edu.au

International Subject prerequisites

- Maths B
- English
- Chemistry

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended Study: Biological Science.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional Recognition

Depending on the units selected in the final year of the course, graduates will be eligible for membership into one or more of the following organisations: Australian Association of Clinical Biochemists (AACB), AusBiotech Ltd, Australian Society for Microbiology (ASM).

Further Information

For more information about this course, please call the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

Domestic Course structure

Your Course

Year 1

You will undertake units covering chemistry, physics, anatomy, pathology and cell biology, providing a solid knowledge base for the topics covered later in the course. With QUT's practical approach to teaching, you will not only learn the theory, but gain a wealth of practical experience in state-of-the-art laboratories. You will also gain an introduction to the essential communication skills required for a career in the health and medical professions.

Year 2

More advanced studies in cell biology combine with units in physiology, biochemistry, microbiology and human rights and ethics. If you wish to proceed to postgraduate medicine studies, you will have the opportunity to attend information sessions on the GAMSAT exam.

Year 3

You will have some flexibility in subject choices to allow you to tailor the qualification to suit your desired career outcomes. You may choose to take units in medical biotechnology, clinical biochemistry, or microbiology (including parasitology) and there are also opportunities to complement your scientific studies with topics such as anatomical imaging, psychology, exercise physiology, indigenous issues or ethical issues related to gene technology.

Course Design

The Bachelor of Biomedical Science comprises first-year studies in chemistry, physics, anatomy, pathology and cell biology, providing a solid knowledge base for the topics covered later in the course. Units in the second and third years combine advanced studies with theoretical, practical, and problem-solving skills. Several units in the area of humanities and applied health are an integral part of the course.

The Bachelor of Biomedical Science provides the necessary knowledge and skills to enter a career in biomedical research, with integration of research design and implementation, scientific writing and communication and practical laboratory skills embedded through each year of the course.

Furthermore students will be well prepared to sit GAMSAT which is designed to evaluate mastery and use of concepts in basic science as well as the acquisition of more general skills in problem solving, critical thinking and writing. The Bachelor of Biomedical Science provides a solid grounding in GAMSAT testing areas: reasoning in humanities and social sciences, written communication, reasoning in biological and physical sciences (including chemistry, biology and physics).

Domestic Entry requirements

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English
- Chemistry

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended Study: Biological Science.

International Entry requirements

nullnullnullnull

International Subject prerequisites

- Maths B
- English
- Chemistry

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended Study: Biological Science.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.0

Professional Recognition

Following graduation, approximately 12 months of pre-registration training performed under the supervision of a registered pharmacist is required to meet the registration requirements of the Pharmacists Board of Queensland.

Graduates will be eligible for membership of a number of professional associations, including the Pharmaceutical Society of Australia, the Pharmacy Guild and the Society of Hospital Pharmacists of Australia.

English Language Skills (Applicable to health practitioners applying for registration)
All applicants must be able to demonstrate English language skills at IELTS academic level 7.5 or equivalent. Test results from examinations will generally need to be obtained within two years prior to applying for registration.

Other Course Requirements

You must be vaccinated for Hepatitis B and provide a post-vaccination pathological report or similar certification showing proof of immunity prior to undertaking your first clinical placement.

Blue card
A current blue card authorised with QUT may be required prior to commencing the clinical placement components of this course. For more information visit Blue Card, and ensure that you allow adequate time for processing your application and issuing of the card in order to avoid clinical experience delays.

Student registration

QUT automatically registers students in this course with the Pharmacy Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Further Information

For more information about this course, please call the School of Clinical Sciences on +61 7 3138 1938 or pharmacy@qut.edu.au

Domestic Course structure

Your Course

Year 1
You will undertake theoretical and practical studies covering chemistry, maths, anatomy and biology. You will begin practising your communication skills in QUT's pharmacy counselling room, which operates like a real pharmacy counter. You will gain an understanding of the operations of a community pharmacy, including prescription processing, product labelling, and the therapeutic use of over-the-counter (OTC) medications. You will also gain an introduction to retailing skills.

Year 2
You will undertake your first clinical placement in a real community pharmacy environment. At QUT you will expand your counselling skills and increase your knowledge regarding a range of OTC and prescription medications used to treat cardiovascular and gastrointestinal tract

disorders. You will learn how to perform pharmaceutical calculations, prepare basic pharmaceutical products and gain a deeper understanding of how drugs interact with the human body, producing their therapeutic and sometimes adverse effects.

Year 3
You will proceed to topics which provide vital information to health professionals regarding the optimal choice of drug therapy for individual patients. There is an emphasis on drugs used to treat central nervous system disorders, in addition to drugs prescribed for cancer and infectious diseases. You will learn how to prepare more complex product formulations and spend three hours per week in a community or hospital pharmacy followed by a one-week full-time clinical placement in each semester.

Year 4
You will study further specialised topics including pharmacotherapeutics, epidemiology and pharmacoeconomics. There is an emphasis on the integration and application of your studies into current pharmacy practice. A range of guest lecturers will also present material regarding social issues and current practices in women's and Indigenous health.

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.0

Professional Recognition

On graduation, students will be eligible for provisional accreditation by the Australian Institute of Radiography. Full membership requires the completion of an additional professional development year of clinical experience.

English Language Skills (Applicable to health practitioners applying for registration)
All applicants must be able to demonstrate English language skills at IELTS academic level 7 or equivalent. Test results from examinations will generally need to be obtained within two years prior to applying for registration.

Other Course Requirements

You are required to undertake clinical experience in hospital departments and private practices during the course and, as a result, will have direct patient contact during the clinical placement, and may be exposed to blood and body fluids of patients. You must be vaccinated for Hepatitis B and must provide a post-vaccination pathological report or similar certification showing proof of immunity prior to undertaking the first clinical placement.

Cardiopulmonary resuscitation (CPR) certification is also required to undertake clinical placements. In addition, you must satisfy criteria related to health status. You should declare height, physical disabilities, treatment of nervous condition, any drug/alcohol disorder, and a current immunisation status (specifically Hepatitis B).

A current Blue Card authorised with QUT may be required prior to commencing the clinical placement components of this course. For more information visit http://www.student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards and ensure that you allow adequate time for processing your application and issuing of the card in order to avoid clinical experience delays.

For more information about this course, please call the School of Clinical Sciences on +61 7 3138 1938 or medicalradiations@qut.edu.au

Domestic Course structure

Your course

Year 1

You will develop a solid grounding in anatomy and medical physics along with introductory knowledge of patient health-care needs, professional communication techniques and ethical, legal and accountability issues. Introductory studies in medical radiation and radiotherapy techniques are complemented with practical sessions using equipment in clinical departments. You will learn a range of skills including patient data acquisition, radiation dosimetry and the basic techniques of treatment delivery including beam direction and beam defining devices.

Year 2

You will progress to further studies in anatomy and pathology as well as the planning of complex techniques like photon therapy, electron therapy, and megavoltage therapy, including techniques for specific sites. The use of computer software to assist with the optimisation of isodose distributions will be covered along with issues related to the interaction of radiation with tissue, dose measurement and related quality assurance procedures. You will undertake practical exercises in hospital clinical departments along with your first clinical placement period, allowing you to gain real experience in a working environment.

Year 3

You will continue to develop your skills through clinical placements in hospitals and practical classes using equipment in clinical settings. You will cover the techniques of medical imaging used in the detection of cancer, along with future directions of three dimensional treatment planning. You will progress to more complex and specialised techniques for child patients and patients with communicable disease, along with the latest developments and techniques complementary to the modern radiotherapy treatment of cancer. You will learn important information about the biological effects of ionising radiation and the philosophy and protocol in radiation protection and quality assurance.

Bachelor of Social Work

Handbook

Year	2014
QUT code	SW04
Duration (full-time)	4 years
Duration (part-time domestic)	8 years
OP	10
Rank	79
OP Guarantee	Yes
Campus	Kelvin Grove
Domestic fee (indicative)	2014: CSP $3,100 per Study Period (48 credit points)
International fee (indicative)	2014: $12,500 per Study Period (48 credit points)
Total credit points	384
Credit points full-time sem.	48
Start months	February, July
Int. Start Months	February, July
Deferment	You can defer your offer and postpone the start of your course for one year
Course Coordinator	Enquiries to socialwork@qut.edu.au or 07 3138 4697
Discipline Coordinator	07 3138 4697 socialwork@qut.edu.au

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional Recognition

Graduates are eligible to apply for membership of the Australian Association of Social Workers (AASW).

Attendance requirements

Students are required to attend compulsory on-campus sessions each semester. This includes a requirement to attend sessions during Orientation Week. All commencing students will need to ensure they are available to attend each day from 9am to 5pm.

Other all-day workshops and classes may be held during semesters (including Saturdays) and information will be available via the class timetable.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course** requirements and costs website.

Course articulation

Students who wish to exit the Master of Social Work early may be able to receive a Graduate Diploma in Social Care (exit only course) or a Graduate Certificate in Social Care (exit only course), depending on units chosen.

Further information

For further information call the School of Public Health and Social Work +61 7 3138 4697 or email socialwork@qut.edu.au

Domestic Entry requirements

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English
- Chemistry

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

nullnullnullnullnullnullnullnullnull

International Subject prerequisites

- Maths B
- English
- Chemistry

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Professional recognition

Graduates are eligible for membership of the Dietitians Association of Australia (DAA), and may enrol in the Accredited Practising Dietitian (APD) program.

Pathways

Graduates can apply for admission to the Bachelor of Clinical Exercise Physiology should they wish to achieve full Exercise Physiologist status.

Further information

For information about this course, please call the School of Exercise and Nutrition Sciences on +61 7 3138 4831 or email exercise@qut.edu.au or nutrition@qut.edu.au

Domestic Entry requirements

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

Also assumed knowledge: one of Chemistry, Physics, Biology.
Recommended study: Health Education or Physical Education We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

nullnullnullnullnullnullnullnullnullnull

International Subject prerequisites

- Maths B
- English

Also one of Chemistry, Physics, Biology.
You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Professional recognition

The program meets the requirements for accreditation by the Australian Nursing and Midwifery Council. Graduates meet the requirements for registration by the Nursing and Midwifery Board of Australia and are also eligible for membership of the Royal College of Nursing, Australia (RCNA).

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration.

For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Nursing and Midwifery Board of Australia website http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Student registration

QUT automatically registers students enrolled in this course with the Nursing and Midwifery Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Pathways

Graduates can apply for admission to the Bachelor of Clinical Exercise Physiology if they wish to achieve full Exercise Physiologist status.

Further information

For detailed information about this double degree, please call the School of Nursing +61 7 3138 3824 or email nursing@qut.edu.au OR the School of Exercise and Nutrition Sciences on +61 7 3138 4831 or email exercise@qut.edu.au

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Professional recognition

The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council. To pursue a career in a professional area of psychology you must be registered with the Psychology Board of Australia. For this degree this currently involves completing a fifth year of study in psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as a Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Pathways

On completion of the course graduates may apply for admission to a further year of study in either the Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology.

Further information

For information about this course, please call the School of Exercise and Nutrition Sciences on +61 7 3138 4831 or email exercise@qut.edu.au OR the School of Psychology and Counselling - email psychology@qut.edu.au or phone +61 7 3138 4520

Professional Recognition

The course meets the requirements for accreditation by the Australian Nursing and Midwifery Accreditation Council. Graduates meet the requirements for registration by the Nursing and Midwifery Board of Australia and are also eligible for membership of the Royal College of Nursing, Australia (RCNA).

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Nursing and Midwifery Board of Australia website http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Graduates are also eligible for membership of the Public Health Association of Australia and the Australian Association of Health Promotion Professionals (AAHPP).

Student registration

QUT automatically registers students enrolled in this course with the Nursing and Midwifery Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

International students

Please refer to the Nursing and Midwifery Board of Australia website http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx for information on the Board's English Language Skills Registration Standard.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended Study: Maths A, B or C

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Professional recognition

The course meets the requirements for accreditation by the Australian Nursing and Midwifery Council. Graduates meet the requirements for registration by the Nursing and Midwifery Board of Australia and are also eligible for membership of the Royal College of Nursing, Australia (RCNA).

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Nursing and Midwifery Board of Australia website http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council. To pursue a career in a professional area of psychology you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as a Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Please refer to the Psychology Board of Australia website http://www.psychologyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Student registration

QUT automatically registers students enrolled in this course with the Nursing and Midwifery Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Graduates are eligible to apply to Paramedics Australasia for admission as a professional member.

Student registration

QUT automatically registers students enrolled in this course with the Nursing and Midwifery Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Other course requirements

blue card: As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit http://student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

The nursing clinical practice units require students to undertake block practicums of two or more weeks duration. Block practicums may be scheduled during semester breaks. Students will be required to wear a uniform including suitable footwear while on clinical practice. Students enrolling in this program are required to complete a course of vaccinations for Hepatitis B before commencing their clinical practice units. They are also required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

The Queensland Ambulance Service specifies the following requirements before students can undertake a clinical placement with this Service. Information outlining these requirements will be available to all prospective applicants. Students will be provided with detailed information during semester one of first year.

a) Health Assessment - One role performed by paramedics is patient transport involving the use of a commercial vehicle. This requires different medical standards than those required of a private vehicle driver. Student paramedics may be required to drive an ambulance while undertaking the clinical practice units and as such will be required to undergo an "Assessment of

Fitness to Drive a commercial vehicle" by a medical practitioner. All costs associated with health assessment are the responsibility of the applicant.

b) Criminal History - Applicants will be required to have a Police Records Check undertaken with the associated costs being the responsibility of the applicant.

c) Health Related Fitness Assessment - A large component of a Paramedic's work involves manual handling, which is defined as any activity requiring a person to lift, lower, push, pull, carry, move, hold or restrain any animate or inanimate object. Paramedics frequently perform all of these functions with patients weighing up to and over 150kg, while implementing various pre-hospital emergency care procedures. As such, students will be required to undergo a fitness assessment to ensure they possess the cardiovascular and muscular abilities to perform the role of a Paramedic.

d) Immunisations - It is a requirement for any student to be immunised against Hepatitis B before undertaking a placement in a Queensland Health facility. In addition to the above, QAS strongly advises students to be immunised against the following before undertaking a clinical placement: Tetanus, Measles, Mumps, Rubella, and Poliomyelitis.

Additional costs

For the nursing component: $550 Uniform, footwear, first aid course, hepatitis B vaccination.

For the Paramedic component: $1,200 Uniform, health and fitness assessments, criminal record check, immunisations, psychometric assessment, equipment.

Further information

For detailed information about this double degree, please call the School of Nursing +61 7 3138 3824 or email nursing@qut.edu.au or the School of Clinical Sciences on +61 7 3138 3368 or paramedic@qut.edu.au

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

Also assumed knowledge: one of Chemistry, Physics or Biology Recommended study: Health Education or Physical Education. We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors requires 4 SA in Maths A, B or C.

International Subject prerequisites

- Maths B
- English

Also one of Chemistry, Physics or Biology You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, Finance, Economics and Marketing majors also requires 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Exercise and Movement Science program and 192 credit points from the Bachelor of Business program.

Business: Students must complete the 96 credit points Business School Core Units in the Business program together with a 96 credit point Major.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Professional recognition

Business component: Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Pathways

Graduates can apply for admission to the HM44 Bachelor of Clinical Exercise Physiology should they wish to achieve full Exercise Physiologist status.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the Business Undergraduate Guidelines booklet. Other useful information can be found on the Student Services website.

Domestic Entry requirements

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

and one of Chemistry, Physics or Biology (4, SA). We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended study: Health Education or Physical Education

International Entry requirements

nullnullnullnullnullnullnullnull

International Subject prerequisites

- Maths B
- English

Also one of Chemistry, Physics or Biology You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Pathways

Graduates can apply for admission to the HM44 Bachelor of Clinical Exercise Physiology if they should wish to achieve full Exercise Physiologist status.

Professional recognition

The Bachelor of Education (Secondary) is recognised by the Queensland College of Teachers as meeting the requirements for registration as a teacher in Queensland.

Bluecard

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks, which commence in Year 2.

The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Literacy

Students must meet the Queensland College of Teachers' literacy standards by the end of Year 3. For more information please visit AskQUT and enter 'Literacy Modules' in the FAQ.

Further information

For information about this course, please call the School of Exercise and Nutrition Sciences on +61 7 3138 4831 or email exercise@qut.edu.au OR contact the Faculty of Education on +61 7 3138 3947 or e-mail: educationenq@qut.edu.au

Domestic Course structure

This course has been discontinued. No new admissions will be accepted from 2014.

International Course structure

This course has been discontinued. No new admissions will be accepted from 2014.

Sample Structure

This course has been discontinued. No new admissions will be accepted from 2014.

INSTRUCTIONS FOR MAJORS	
Code	Title
Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a major, following semester of offer and unit requisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.	

Changes to Majors from 2012	
Code	Title
* A number of second majors have been revised. Units completed that are no longer listed will still count toward completion of the second majors.	
* Please note: Some units have been recoded, renamed or discontinued. Refer to the Equivalence Table for further information.	

Animation (KKBXMJR-ANIMATN)	
Code	Title
*Description: This major provides you with important skills in the skills, principles, concepts and history of animation. Beginning with drawing for animation and an exploration of the history of the animation industry and its practices, you will then apply this knowledge to current and emerging fields within the animation industry including motion graphics, 3D modelling and animation, real-time 3D and character animation. Through the creation of an interactive virtual environment you will be given the opportunity to refine your skills and expand your knowledge of the 3D animation industry.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
48cp from the Introductory Animation Unit Options	
KNB112	Drawing for Animation 1
Film, Screen and Animation Histories	
KNB122	Drawing for Animation 2
KNB123	Animation and Motion Graphics
KNB124	3D Animation 1
48cp from the Advanced Animation Unit Options	
KNB211	3D Animation 2
KNB212	Real-time 3D Computer Graphics
KNB221	Animation: CG Toolkit
KNB222	Virtual Environments
KNB311	Advanced Concepts in Computer Animation 1
Contemporary Issues in Screen Industries	

Art and Design History (KKBXMJR-ARTHIST)	
Code	Title
*Description: This major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this major will assist in preparing you for work as a professional in these disciplines.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
96cp from the Art and Design History Unit Options	
DAB220	Architecture, Culture and Place
DAB325	Architecture in the 20th Century
DEB202	Introducing Design History
KVB102	Modernism
KVB103	Australian Art
KVB108	Contemporary Asian Visual Culture
KVB211	Post 1945 Art
KVB212	Australian Art, Architecture and Design
KVB304	Contemporary Art Issues
KVB306	Video Art and Culture

Creative and Professional Writing (KKBXMJR-CRPRFWG)	
Code	Title
*Description: The aim of this major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide an understanding of creative writing in its social and generic contexts.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
48cp from the Introductory Creative and Professional Writing Unit Options	
KPB116	Introduction to Scriptwriting
KWB104	Creative Writing: the Short Story
KWB112	Youth and Children's Writing
KWB113	Introduction to Creative Writing
KWB115	Persuasive Writing
KWB116	Creative Non-Fiction
48cp from the Advanced Creative and Professional Writing Unit Options	
KWB207	Great Books: Creative Writing Classics
KWB211	Stylistics
KWB213	Corporate Writing and Editing
KWB303	Writing and Publishing Industry
KWB313	Novel and Memoir

Dance Studies (KKBXMJR-DANCEST)	
Code	Title
*Description: This major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.	
*Assumed Knowledge: Previously acquired knowledge or skill IS required for you to undertake this major. For health and safety reasons, admission to this major is dependent upon an appropriate level of physical fitness to prevent injury, and having no pre-existing injuries or structural/physical issues that would prevent your safe and full participation in all physical activities within its practical units. You may be required to confirm your fitness to attempt this major. If so, you must obtain a physiotherapists report and have it approved by the Dance Study Area Coordinator before you will be permitted to enrol in this major.	
48cp from the Introductory Dance Unit Options	
KDB105	Architecture of the Body
KDB106	Dance Analysis
KDB107	Choreographic Studies 1
KDB108	World Dance
KDB109	Funk, Tap and all that Jazz
KDB110	Deconstructing Dance in History
KDB120	Dance Practice 1
KDB121	Dance Practice 2
48cp from the Advanced Dance Unit Options	
KDB204	Australian Dance
KDB205	Teaching Dance
KDB225	Music Theatre Skills
KDB231	Latin Dance Party

Drama (KKBXMJR-DRAMA)	
Code	Title

Bachelor of Creative Industries/Bachelor of Human Services

*Description: The major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

48cp from the Introductory Drama Unit Options

KTB101	Understanding Theatre
KTB102	Process Drama
KTB104	Performance Innovation
KSB106	Acting Fundamentals

48cp from the Advanced Drama Unit Options

KDB225	Music Theatre Skills
KTB207	Staging Australia
KTB210	Creative Industries Management
KTB211	Creative Industries Events and Festivals
KTB213	Directing Theatre
KTB302	Postdramatic Theatre
KTB305	The Entrepreneurial Artist

Entertainment Industries (KKBXMJR-ENTINDS)

Code	Title

*Description: On completion of this major, you will be able to demonstrate the knowledge and skills required to pursue a career in the Entertainment Industry. These include an understanding of the characteristics of mainstream commercial culture that appeal to large audiences; an understanding both of business and creative processes; an ability to balance the two of these; and an awareness of historical and current Entertainment content and business.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

Either BSB126 or KPB116. BSB126 is mandatory unless you are already undertaking it as part of another study package.

BSB126	Marketing
KPB116	Introduction to Scriptwriting

Entertainment Industries Core Units:

AMB207	Entertainment Marketing
KXB101	Introduction to Entertainment
KXB102	Global Entertainment
KXB201	Entertainment Practice: Balancing Creativity and Business
KXB301	Entertainment Industries Map
LWS008	Entertainment Law
LWS009	Introduction to Law

*Note: Students who have completed a LW unit or BSB111 as a core unit in their course will be permitted to undertake KPB116 instead of LWS009. Please contact ci@qut.edu.au to arrange this variation.

*Note: AMB200 or KCB301 will be permitted to count towards this study package if completed in 2010 or earlier. KPB101 will be permitted to count towards this study package if completed in 2011 or earlier.

Fashion (KKBXMJR-FASHION)

Code	Title

*Description: This major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

48cp from the Introductory Fashion Unit Options

KFB103	Introduction to the Industry of Fashion
KFB104	Sustainability: The Materiality of Fashion
KFB107	Drawing for Fashion
KFB108	Unspeakable Beauty 1: A History of Dress and Fashion
KFB109	Unspeakable Beauty 2: Fashion and Modernity

48cp from the Advanced Fashion Unit Options

KFB205	Fashion and Style Journalism
KFB207	Contemporary Fashion
KFB209	Ragtrade: The Business of Fashion
KFB210	Fashion and Costume in Film
KFB211	Product Design and Development in the Fashion Industry
KFB305	Critical Fashion Studies

*Note: KCB203, KFB106, KFB206, KFB208, KFB304 and KVB213 will be permitted to count towards this study package if completed in 2011 or earlier.

Film, Television and Screen (KKBXMJR-FLMTVSC)

Code	Title

*Description: The aim of this major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organisational abilities as well as building story telling and communication skills.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

48cp from the Introductory Film, Television and Screen Unit Options

KPB101	Introduction to Film, TV and New Media Production
KPB105	Narrative Production

Film, Screen and Animation Histories

KPB110	The Movie, TV and New Media Business
KPB113	TV and Film Text Analysis

48cp from the Advanced Film, Television and Screen Unit Options

Approaches to Contemporary Documentary

Global Screen Industries

KPB210	Production Management for Film, TV and New Media

* Note: KPB202 and KPB203 are permitted to count towards this study package.

Interactive and Visual Design (KKBXMJR-INVISDN)

Code	Title

*Description: This major will provide you with the design concepts and principles, practical skills and working methods needed by a contemporary designer of visual and interactive media. You will learn how to design effectively for print and electronic media, Web and mobile media and computer games and become equipped with a versatile set of design practices to support you to enter careers in marketing, web design, electronic publishing, interaction design and the creative aspects of game design.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

It is recommended that you review the requisite requirements for units to ensure your unit selection enables you to successfully complete the requirements of this major. KIB120 and KIB103 are highly recommended to be undertaken as first year units as they are requisites for many advanced units, but this is not compulsory.

48cp from the Introductory Interactive and Visual Design Unit Options

KIB101	Visual Communication
KIB102	Visual Interactions
KIB103	Introduction to Web Design and Development
KIB109	Design for Interactive Media
KIB120	Graphic Design
KNB112	Drawing for Animation 1

48cp from the Advanced Interactive and Visual Design Unit Options

KIB201	Concept Development for Game Design and Interactive Media
KIB204	Web Interface Design
KIB205	Programming for Visual Designers and Artists
KIB207	Theories of Visual Communication
KIB216	Advanced Web Design
KIB231	Typography and Illustration
KIB309	Embodied Interactions
KIB314	Tangible Media
KIB315	Contemporary Issues in Digital Media

* Note: KIB104 will be permitted to count towards this study package if completed in 2011 or earlier.

Journalism (KKBXMJR-JOURNAL)

Code	Title

* Description: This second major offers you a range of options to develop an understanding of the parameters of the journalism field. The second major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this second major.

96cp from the Journalism Unit Options

KJB101	Computational Journalism
KJB120	Newswriting
KJB121	Journalistic Inquiry
KFB205	Fashion and Style Journalism
KJB103	Media Design and Layout
KJB222	Online Journalism 1
KJB224	Feature Writing
KJB239	Journalism Ethics and Issues
KJB280	International Journalism
KJB304	Sub-Editing

Literary Studies (KKBXMJR-LITSTD)

Code	Title

Bachelor of Creative Industries/Bachelor of Human Services

*Description: The aims of this major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with enhanced skills in critical thinking, writing and analysis; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.
96cp from the Literary Studies Unit Options

KWB108	Introduction To Literary Studies
KWB109	Writing Australia
KWB112	Youth and Children's Writing
KWB207	Great Books: Creative Writing Classics
KWB208	Modern Times (Literature and Culture in the 20th Century)
KWB209	Shakespeare, Then and Now
KWB210	Imagining the Americas: Contemporary American Literature and Culture
KWB308	Wonderlands: Literature and Culture in the 19th Century
KWB311	Popular Fictions, Popular Culture

Media and Communication (KKBXMJR-MEDIACM)	
Code	Title
*Description: This second major offers you a range of options to develop an understanding of the parameters of the professional communication field. The second major enables you to develop the skills and knowledge to prepare media material for organisations that wish to build, and maintain, a media profile.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this second major.	
2013 changes to this second major include:	
*the discontinuation of KCB207 Exploring New Media Worlds. Completion of this unit prior to 2013 will be permitted to count toward this study area.	
48cp from the Introductory Media and Communication Unit Options	
KCB101	Media and Communication Texts
KCB102	Media Mythbusting
KCB103	Strategic Speech Communication
KCB104	Media and Communication: Industries
KCB105	Inquiry in Media and Communication
48cp from the Advanced Media and Communication Unit Options	
KCB203	Consumption Matters: Consumer Cultures and Identity
KCB205	Professional Communication
KCB206	Internet, Self and Beyond
KCB301	Media Audiences

Music (KKBXMJR-MUSIC)	
Code	Title
*Description: This major aims to impart a broad understanding of music practice in contemporary social, cultural and economic contexts. It aims to provide students with a combination of practical and theoretical skills to support a career in music within administrative, business, or organisational areas.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
It is recommended that you review the requisite requirements for units to ensure your unit selection enables you to successfully complete the requirements of this major. KMB129 is mandatory as it is a requisite for an advanced unit (KMB252).	
48cp from the Introductory Music Unit Options	
KMB003	Sex Drugs Rock 'N' Roll
KMB004	World Music
KMB107	Sound, Image, Text
KMB119	Music and Sound Production 1
KMB122	Music and Sound Concepts 1
KMB129	Music and Sound Production 2
KMB132	Music and Sound Concepts 2
48cp from the Advanced Music Unit Options	
KDB225	Music Theatre Skills
KMB200	Music Scenes and Subcultures
KMB215	The Music Industry
KMB252	Multi-Platform Sound Design
Please note: KKB345 is permitted to count towards this study area if completed in 2010 or earlier.

Professional Recognition

Graduates are entitled to apply for membership of the Australian Community Workers Association.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Further Information

For further information contact the School of Public Health and Social Work 07 3138 4697 or email socialwork@qut.edu.au; or the School of Justice 07 3138 2707 or lawandjustice@qut.edu.au

Domestic Course structure

Both areas will be studied in each semester. In the justice component you will study areas such as criminology, policing, ethics, crime prevention, justice policy and investigations. In human services you may choose a focus on disability, youth, or child and family services.

Professional recognition

The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC).

To pursue a career in a professional area of psychology, you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology, followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Business component: Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Behavioural Science (Psychology) program and 192 credit points from the Bachelor of Business.

The course structure for the Bachelor of Behavioural Science component of the double degree comprises the main APAC-accredited psychology core programme of 12 units as well as 4 psychology electives. The psychology core allows the student to complete a 3-year APAC-accredited psychology sequence across 4 years of study. On completion of the double degree program, a student then has the option to apply for entry to a Bachelor of Behavioural Science (Honours Psychology) or the Graduate Diploma in Behavioural Science (Psychology), in order to gain provisional registration as a psychologist.

The Business major can be selected from all majors offered within the BS05 Bachelor of Business. The Bachelor of Business component consists of eight core units*; and an additional eight discipline specific units from within the chosen major, offered at Gardens Point. Students choosing the Management or Marketing majors may undertake units at the Caboolture campus.

* Please note that the Business School Core Unit BSB123 Data Analysis is not required as the Psychology content covers similar topics. MGB223 Entrepreneurship and Innovation replaces this unit.

Bachelor of Business (Honours) Year Option

Students can apply for Bachelor of Business (Honours) (BS63) once they have completed the double degree program. Please click on BS63 for more details.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the Business Undergraduate Guidelines booklet. Other useful information can be found on the Student Services website.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au OR the QUT Business School +61 7 3138 2050 or email bus@qut.edu.au

listening	6.0
overall	6.5

Professional Recognition

The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC). The Bachelor of Laws degree satisfies the academic requirements for admission to practice as a Solicitor or Barrister in all Australian States or Territories.

Many graduates wish to pursue careers in professional areas of psychology. To do so students must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Psychology (Honours) or Graduate Diploma in Behavioural Science (Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Honours

The Bachelor of Laws degree may be awarded with honours to students who have recorded outstanding achievement in the law component of the program.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au OR the Faculty of Law phone +61 7 3138 2707 or email lawandjustice@qut.edu.au

Domestic Course structure

You will study a combination of psychology and law units in the first four years, with law units only in the final three semesters.

In your first year, you will be introduced to foundation psychology along with torts and legal foundations. In your second year, you will learn social and organisational psychology, research design and data analysis, contracts, criminal law, developmental psychology, counselling and criminal responsibility.

Your third year allows some flexibility, with your choice of a psychology unit. Other compulsory topics in year three are equity, property law and trusts.

In fourth year, you can pick three electives to study alongside physiological psychology, constitutional law, evidence, psychopathology and corporate law. Years five and six are law units only, but the course allows you to choose units that interest you. You will also study administrative law, civil procedure and learn about professional responsibility. See the Bachelor of Laws online course information for more details and elective options.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English
- Chemistry

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- Maths B
- English
- Chemistry

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional Recognition

Graduates are eligible for membership of the Public Health Association of Australia (PHAA) and the Nutrition Society, and associate membership of the Dietitians Association of Australia (DAA).

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Pathways to Further Study

On successful completion of the Bachelor of Media and Communication, you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), provided you have met entry requirements.

Further information

For further information, contact the Creative Industries Faculty ci@qut.edu.au or 07 3138 8114 or the School of Exercise and Nutrition Sciences on +61 7 3138 4831 or email nutrition@qut.edu.au

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended study: Maths A, B or C

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Location

Psychology units are offered at Kelvin Grove campus and Justice units are offered at Gardens Point campus.

Course structure

In order to complete the Bachelor of Behavioural Science (Psychology) component, you must complete a total of 192 credit points consisting of:
Psychology core units (12 units = 144 credit points)
Psychology elective units (4 units = 48 credit points)

In order to complete the Bachelor of Justice component, you must complete a total of 192 credit points from the following:
Justice core units (8 units = 96 credit points)
Study Area A (8 units = 96 credit points)

Students must complete a total of 384 credit points.

Professional recognition

The Bachelor of Behavioural Science component of the program comprises a 3-year undergraduate psychology sequence accredited by the Australian Psychology Accreditation Council (APAC), completed across 4 years of study. On completion of this double degree, students have the option to apply for a 4th year program in psychology, in order to gain provisional registration as a psychologist.

At any point during your study, you can become a student member of the Australian Psychological Society. Such membership should not be confused with registration as a psychologist. To become a psychologist, you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

The Bachelor of Justice is highly regarded by the Australian Federal Police, Queensland Police Service and all law enforcement agencies, with many justice graduates gaining employment in these services.

Pathways to further study

On successful completion of the Bachelor of Behavioural Science (Psychology) (including completion of PYB350), you will be eligible to apply for entry into the Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology), provided you have achieved the required GPA.

On successful completion of the Bachelor of Justice, you will be eligible to apply for entry into the Bachelor of Justice (Honours), provided you have achieved the required GPA.

Further information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au OR School of Justice on +61 7 3138 2707 or email lawandjustice@qut.edu.au

Domestic Course structure

First year comprises foundation units to give you a solid overview of each area.

Bachelor of Behavioural Science (Psychology)/Bachelor of Justice

You will study introductory psychology, criminology, policing, interpersonal processes and skills, justice and society, and research methods. You will also develop an understanding of the criminal justice system, and learn about forensic psychology and how it relates to law.

By second year you will begin to pick study areas related to your justice major. You will expand your knowledge in social and organisational psychology, research analysis, social ethics, developmental psychology and counselling.

Third year allows you to tailor your degree to your interests. Of the eight units studied in third year, you can choose six of them from an extensive electives list. Choose from areas such as human sexuality, alcohol and drug studies, forensic psychology, psychology and gender, road safety, industrial and organisational psychology, health psychology and family therapy.

In fourth year combine four compulsory units with the other four units of your choice. Compulsory units include physiological psychology, psychopathology, Indigenous justice, and statistical analysis. You choose three justice electives and one psychology elective to complete your studies.

Domestic Entry requirements

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

nullnullnullnullnullnullnullnullnull

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	10.0
writing	10.0
reading	10.0
listening	10.0
overall	6.5

Professional Recognition

The Bachelor of Nursing /Bachelor of Midwifery double degree program meets the requirements for accreditation by the Australian Nursing and Midwifery Council (ANMC). Graduates meet the requirements for registration by the Nursing and Midwifery Board of Australia with endorsement as midwife practitioners. They are also eligible for membership of the Royal College of Nursing, Australia (RCNA)and the Australian College of Midwives.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Nursing and Midwifery Board of Australia website http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Student registration

QUT automatically registers students enrolled in this course with the Nursing and Midwifery Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Other course requirements

It is a requirement of Queensland Health that all students undertaking a clinical placement in a Q health facility complete The Essentials component of the student orientation package which is available on the Queensland Health website.

Blue Card As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Additional Costs The clinical practice units require students to undertake block practicums of two or more weeks duration. Block practicums may be scheduled during semester breaks. Students will be required to wear a uniform including suitable footwear while on clinical practice, the cost of which is approximately $150. Students enrolling in this program are required to complete a course of vaccinations for Hepatitis B before commencing their clinical practice units. They are also required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

Further information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Course Coordinator	Enquiries to hlthhonours@qut.edu.au or 07 3138 4822
Discipline Coordinator	07 3138 4822 hlthhonours@qut.edu.au

Domestic Entry requirements

Applicants should have completed QUT's Bachelor of Applied Science/Bachelor of Health Science in a relevant area or equivalent and have attained a grade point average (GPA) of at least 5 overall in the undergraduate degree.

Application should be made at the end of the final year of the pass degree or within 18 months of completing that degree.

If applicants do not satisfy the normal entry requirements but have demonstrated outstanding performance in only the final year of a degree, or their application is based on other factors including work experience or involvement in research, they may be admitted at the discretion of the Executive Dean.

International Entry requirements

Applicants should have completed QUT's Bachelor of Applied Science/ Bachelor of Health Science in a relevant area or equivalent and have attained a grade point average (GPA) of at least 5 overall in the undergraduate degree.

Application should be made at the end of the final year of the pass degree or within 18 months of completing that degree.

If applicants do not satisfy the normal entry requirements but have demonstrated outstanding performance in only the final year of a degree, or their application is based on other factors including work experience or involvement in research, they may be admitted at the discretion of the Executive Dean.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Dissertation

The dissertation is one 48 credit point unit representing 50 per cent of the program. Preparation and presentation of the dissertation in completed under the guidance of a supervisor and is examined externally.

Electives

Students undertake two 12 credit point electives. At least one elective must be a research elective selected from the nominated list of research electives. The second elective may be selected from any honours or postgraduate program offered by the University, subject to prerequisite requirements and with the approval of the student's mentor/supervisor and the Course Coordinator. Normally the elective unit is chosen from within the student's discipline area or from an area that complements or is relevant to the student's study program. For further information on available units contact the Honours Coordinator.

International Student Entry

International students may enrol only in full-time studies.

Further Information

For more information about this course, please phone on +61 7 3138 4822 or email hlthhonours@qut.edu.au

Domestic Course structure

Students complete a dissertation which is one 48 credit point unit representing 50 per cent of the program. Preparation and presentation of the dissertation is completed under the guidance of a supervisor and is examined externally.

Study areas

Health research at QUT is focused on those areas that impact significantly on the health of individuals and communities. We have a student research topic

database to help you search for research projects and supervisors in your area of interest. See our current student topics.

Key areas of research strength include:

- cancer
- chronic disease, supportive and palliative care
- environmental health
- exercise, nutrition and metabolism
- health services
- infectious diseases
- injury prevention
- mental health and wellbeing
- social determinants of health
- vision improvement
- wound and tissue restoration.

overall	6.5

Course structure

The core of the honours program is a 48 credit-point project that will provide students with the opportunity to learn about research by conducting a research project with an experienced researcher who acts as both supervisor and mentor. Students will learn about the types of processes, creativity and analytical thinking that lead to scientific and technological advances and how to communicate such findings in a rigorous, systematic manner.

The course consists of two 12 credit point units covering advanced discipline readings and readings in biomedical science; two 12 credit point units covering research strategies; and a 48 credit point research project.

Career outcomes

The Bachelor of Biomedical Science (Honours) program is designed for graduates who have achieved at a high level (GPA 5) in their degree from a recognised tertiary institution, with major studies in a relevant discipline. The Honours qualification not only enhances your professional employability in your chosen discipline, but opens a direct pathway to postgraduate studies, qualifying you for entry into Doctor of Philosophy, Doctor or Health Science and Master of Applied Science (Research) courses.

Professional recognition

Relevant scientific professional bodies include Australasian Graduates may seek membership of various organisations as follows:
Association of Clinical Biochemists, AusBiotech Ltd, Australian Society for Biochemistry and Molecular Biology, Australian Society for Medical Research, and Australian Society for Microbiology. Eligibility for membership is based on the combination of units undertaken in the Honours degree and the Bachelor course that underpins it.

Discipline Coordinator	07 3138 4520 psychology@qut.edu.au

Domestic Entry requirements

Academic entry requirements

- Completed a recognised three-year psychology degree within the past 10 years with a grade point average of at least 5.0 (on a 7-point scale)
- The degree must be accredited by the Australian Psychology Accreditation Council (APAC) as an entry point into an honours program; e.g. PY45 Bachelor of Behavioural Science (Psychology) at QUT
- Applicants with APAC-accredited bachelor studies from an institution other than QUT must provide evidence of their eligibility to undertake an honours program at their home institution
- Applicants with overseas qualifications must provide certification from the Australian Psychological Society stating their degree is equivalent to APAC-approved, three-year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional entry requirements

- A grade of at least 4 (on a 7-point scale) for each of the APAC-accredited second and third year psychology units listed below with an overall grade point average of at least 5.3 (on a 7-point scale)

The required APAC-accredited second and third year psychology units at QUT are:

- PYB202 Social and organisational psychology
- PYB203 Developmental psychology
- PYB204 Cognition and perception
- PYB210 Research design and data analysis
- PYB304 Physiological psychology
- PYB306 Psychopathology
- PYB309 Individual differences and assessment
- PYB350 Advanced statistical analysis

Similar APAC-accredited subjects are required for studies completed at another institution.

Early closing date

Applications close on 30 September. Applications after this date will not be accepted.

Additional information

As this course is competitive and applications are pooled the grade average(s) for entry may be higher than the minimum standard given above.

International Entry requirements

Entry to this course is competitive. To be considered for admission, candidates:

- an undergraduate degree in psychology (completed within 10 years of the year for which admission is sought) accredited by the Australian Psychology Accreditation Council (APAC) as an entry point into an APAC-accredited fourth-year program, e.g. Bachelor of Behavioural Science (Psychology).
- successfully completed an APAC-accredited advanced statistical analysis unit at third year level, e.g. PYB350 Advanced Statistical Analysis
- an overall Grade Point Average (GPA) of at least 5 (on a 7-point scale)
- a GPA of at least 5.3 across all attempts of the listed APAC accredited second- and third-year psychology units

For QUT applicants the required APAC accredited second- and third-year psychology units are:

- PYB202 Social and Organisational Psychology
- PYB203 Developmental Psychology
- PYB204 Perception and Cognition
- PYB210 Research Design and Data Analysis
- PYB304 Physiological Psychology
- PYB306 Psychopathology
- PYB309 Individual Differences and Assessment
- PYB350 Advanced Statistical Analysis

Non-QUT applicants
For applicants with an APAC-accredited bachelor award other than from QUT:

- successfully completed an APAC-accredited advanced statistical analysis unit at third year level, e.g. PYB350 Advanced Statistical Analysis
- an overall Grade Point Average (GPA) of at least 5 (on a 7-point scale)
- a GPA of at least 5.3 across all attempts of the listed APAC accredited second- and third-year psychology units

Students with overseas qualifications need certification by the Australian Psychological Society that their degree is equivalent to APAC-approved, three-year training in psychology.

Bachelor of Behavioural Science (Honours Psychology)

How to apply

You must submit the following by 30 September:

- Completed F Form
- Attached all relevant documents as requested in the F Form (eg academic transcript and award certificates)
- Attached your Australian Psychological Society (APS) letter showing the assessment outcome of your Psychological Qualifications. The Australian Psychological Society (APS) assesses the level at which an applicant's qualifications are comparable to an Australian Psychology Accreditation Council (APAC)-accredited sequence of study in psychology. To have your qualification assessed please contact APS, More information is available on the APS website: http://www.psychology.org.au/membership/qualifications/.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

Successful completion of the Bachelor of Behavioral Science (Honours Psychology) meets the academic requirements for provisional registration as a psychologist with the Psychology Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Psychology Board of Australia website: http://www.psychologyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

International Student Entry

International students may enrol only in full-time studies.

Please refer to the Psychology Board of Australia website http://www.psychologyboard.gov.au/Registration-Standards.aspx for information on the Board's English Language Skills Registration Standard.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The honours program comprises eight units and can be completed in full-time or part-time study mode.

Core units include PYB407 Research and Professional Development Seminar and PYB401 Advanced Research Methods plus electives from advanced cognitive, organisational, counselling, developmental, and social theory. These units have three contact hours per week.

This course also includes a research component which entails an individual thesis. PYB400 Thesis is undertaken in modules throughout the program. Initially students complete a research plan which sets out the project. This is followed by collection, analysis and writing-up of the data. Contact hours for the research component are as required by the supervisor.

Domestic Entry requirements

Applicants must have:

- A four-year degree (or equivalent) in podiatry; and
- Current registration with the Podiatry Board of Australia (or equivalent for international students).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Domestic Course structure

Offered on a part-time basis over two semesters, there are on-campus intensive sessions for the discussion of key content, peer review and interaction, supervised practicum in QUT's multimillion dollar purpose-built Health Clinics and assessment. These intensives will be supplemented by sophisticated online resources using interactive scenarios to simulate key dilemmas and challenges in clinical practice. A revision of the fundamental biomedical sciences related to pharmacology and pharmacotherapeutics is also incorporated at the start of the program.

To highlight the National Prescribing Service competencies to prescribe medicines and enable self reflection and assessment of podiatric therapeutic practice skills for continuing quality improvement, the units of study across the course will be accompanied by a formative portfolio where students will measure their application of developing knowledge and skills.

In the final semester you will acquire the clinical decision-making and practical skills required for prescribing scheduled medicines.

Throughout the course you will develop a portfolio so that in your podiatric practice you will be able to remain abreast of developments in the field of medication and pharmacological issues.

Discipline Coordinator	

Domestic Entry requirements

Academic entry requirements

- A bachelor degree in a health discipline (or equivalent).

Additional entry requirements

Nursing study area

- Current registration with the Nursing and Midwifery Board of Australia.

Allied health study area

- Current registration with the Australian Health Practitioner Regulation Agency (AHPRA); or
- Recognised professional credentialing with the required professional body

International Entry requirements

Applicants for the Graduate Certificate in Chronic Health Conditions must have a bachelor degree in a health discipline (or equivalent).

Allied Health study areas

- Current registration with the Australian Health Practitioner Regulation Agency (AHPRA); or
- Recognised professional credentialing with the required professional body; or
- in the case of international applicants, with a health regulatory authority in the student's country of origin or residence.

Nursing study area

International applicants holding a non-student visa which includes study rights in Australia are eligible to apply for the Nursing Major. International applicants must be registered or authorised to practise in their country of origin or residence OR have current registration with the Nursing and Midwifery Board of Australia. The Nursing Major is not available to student visa holders.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Domestic Course structure

The Graduate Certificate in Chronic Health Conditions is offered with three study areas: nursing, allied health and public health and will appeal to health professionals working in a range of diverse settings.

All students will undertake the core unit Chronic Conditions Prevention and Management, providing the foundation for the course.

Students completing the nursing study area will focus their studies in advanced health assessment, and chronic care nursing and practice. Students undertaking the allied health or public health study areas will be able to select from a range of electives suited to their professional expertise, which may encompass studies in nutrition and dietetics, health promotion, promoting healthy ageing, epidemiology and research designs.

International Course structure

The Graduate Certificate in Chronic Health Conditions is offered with three study areas: Nursing, Allied Health and Public Health and will appeal to health professionals working in a range of diverse settings.

All students will undertake the core unit Chronic Conditions Prevention and Management, providing the foundation for the course.

Students undertaking the Nursing study area will complete studies in advanced health assessment, chronic care nursing and practice, whilst students undertaking the Allied Health or Public Health study areas will be able to select from a range of electives suited to their professional expertise, which may encompass studies in nutrition and dietetics, health promotion, promoting healthy ageing, epidemiology and research designs.

International applicants

Please note: the Nursing study area in this course is only available to international students on a non-student visa that includes study rights in Australia. Applicants will need to be registered or authorised to practise in their country of origin or residence OR have current registration with the NMBA. Please refer to the information for Australian and New Zealand applicants for details.

Domestic Entry requirements

Applicants for the Graduate Certificate in Health Science must have a bachelor degree in a relevant area (or equivalent).

Applicants may be admitted on the basis of work experience, other qualifications or research activities at the discretion of the Executive Dean.

International Entry requirements

Applicants for the Graduate Certificate in Health Science must have a bachelor degree in a relevant area (or equivalent).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Structure

Students are required to complete any four units (totaling 48 credit points) from List A. Students can choose four units that make up a Study Area, or can choose units from across disciplines.

Study Areas

- Aged Care
- Emergency and Disaster Management
- Environmental Health
- Health Promotion
- Health Services Management
- Occupational Health and Safety
- Quality and Patient Safety (part-time only available)
- Risk Management (subject to review)
- Womens Health
- Cross-specialisation

Note: The four units in the Emergency and Disaster Management study area are only offered in second semester. Students enrolling part-time cannot complete the study area in consecutive semesters.

International Student Entry

International students may enrol only in full-time studies and may study only onshore.

Further Information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

Students in the Graduate Certificate in Health Science can select to complete four units from one study area or from across a range of Faculty of Health units. To complete a major, students must complete at least four units from the same study area within the Faculty of Health. Students can graduate with one specified major only.

Study areas

Study areas are offered in the following:

- Emergency and Disaster Management
- Environmental Health*
- Health Promotion
- Health Services Management
- Occupational Health and Safety*
- Quality and Patient Safety (Graduate Certificate only)
- Risk Management
- a cross-specialisation (where no study area is taken but students study across a variety of fields).

* Students wishing to complete a graduate diploma qualification in Environmental Health or Occupational Health and Safety should apply for entry into the Graduate Diploma in Environmental Health or Graduate Diploma in Occupational Health and Safety and not the Graduate Diploma in Health Science.

This course is offered by Queensland University of Technology as part of a joint collaboration with the other ATN universities as part of the e-Grad School Australia

Part-time Students

Part- time students can enrol in one or two units per semester.

Domestic Course structure

Course structure

The Graduate Certificate in Research Commercialisation is designed to develop the skills and capacity to identify the commercial potential of your research. This includes the development and implementation of a strategy and business plan for commercialisation. You may also choose to develop skills in project managing your research, entrepreneurship or managing your research career. You can also build knowledge foundations in research and development (R&D) management and the relationship between research and commercialisation.

Discontinuation of the course

No new admissions will be accepted into this course from Semester 1, 2015. Applicants commencing in July 2014 will not be eligible for any advanced standing and must complete the full course.

Further information

For further information, contact the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

Domestic Course structure

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the cell and biomolecular sciences and areas of interest in biotechnology.

The Graduate Certificate in Biotechnology is a foundation program for people without a science degree or for those who do not have a recent background in the cell and biomolecular sciences. Fundamental aspects of cell and molecular biology, biochemistry and microbiology are covered in this first program. Successful completion of this program allows students to then specialise in more advanced aspects of biotechnology. The Graduate Certificate in Biotechnology also allows students to gain essential generic skills and attributes for successful postgraduate research and learning.

Students must commence in July and enrol in Semester 2 units first. Advanced standing may be given for this foundation program if the student has a degree or equivalent with recent and appropriate undergraduate-level knowledge and practical experience in the key areas of molecular biology, cell biology, biochemistry and/or microbiology at an advanced level. If advanced standing is granted and accepted, students can enrol directly in any of the more advanced biotechnology programs in their first semester of study.

Domestic Entry requirements

Entry requirements

Registered as a nurse with the Australian Health Practitioner Regulation Agency (AHPRA).

Study area requirements

In some study areas, applicants will need to comply with certain clinical requirements.

You will be asked to confirm that you have specific professional experience prior to enrolling in units that require workplace-based clinical practice. You will also need to maintain access to the relevant practice setting for the duration of the course. If you do not confirm your professional experience or maintain access to a relevant practice setting, you will not be able to complete the clinical assessment components required to complete units in the study area.

Please refer to study area information in the 'Units' tab for specific details.

Limited places

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Study areas

Study areas are available in the following areas:

- Acute Care
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Cross-specialisation

Additional course requirements

Acute Care Nursing

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where acutely ill patients are encountered. Examples include, but are not limited to, acute medical-surgical, rehabilitation, orthopaedic, community and residential, general practice, renal and chronic care settings.

Cancer Nursing

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where care is delivered to cancer patients. Examples include medical and radiation oncology, haematology, medical-surgical, community and aged care residential settings.

Emergency Nursing

You must:

• be currently working at least 0.5 FTE (full-time equivalent) in an emergency setting

• have a minimum of three months FTE (full-time equivalent) experience in an emergency setting.

Intensive Care Nursing

You must:

• be currently working at least 0.5 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in intensive care medicine

• have a minimum of three months FTE (full-time equivalent) experience in an intensive care unit as defined above.

Paediatric, Child and Youth Health Nursing

This study area requires you to undertake clinical practice in a paediatric, child and youth health nursing setting. Examples include acute paediatric or community health settings. If you wish to focus on issues relating to acute child and family health, you must be currently working at least 0.5 FTE (full-time equivalent) in an acute paediatric setting.

Cross-specialisation

Students complete two core units and choose two additional units from a list of electives covering more than one study area.

This option has no additional professional experience requirements.

Pathways to future study

The Graduate Certificate in Nursing fully articulates with the Master of Nursing.

Graduate Certificate in Nursing

International students

The Graduate Certificate in Nursing is offered part-time only in internal or external mode and is not available to international students.

Further information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Domestic Course structure

The Graduate Certificate allows students to complete four core units from their selected area of nursing practice. The following study areas are offered:

- acute care nursing
- cancer nursing
- emergency nursing
- intensive care nursing
- paediatric, child and youth health nursing
- cross-specialisation.

Acute Care Nursing

Students complete studies in advanced health assessment and nursing practice, issues and trends in acute care nursing, and critically analyse the advanced concepts that underpin this specialist area. Students will initiate plans of care to address common needs/problems experienced by clients.

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where acutely ill patients are encountered. Examples include, but are not limited to, acute medical-surgical, rehabilitation, orthopaedic, community and residential, general practice, renal and chronic care settings.

Cancer Nursing

Students develop competency in the practice of cancer nursing, examine major issues and trends in cancer nursing scholarship and practice, plan appropriate strategies/intervention for client care and develop an understanding of research applied to cancer nursing practice.

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where care is delivered to cancer patients. Examples include medical and radiation oncology, haematology, medical-surgical, community and aged care residential settings.

Emergency Nursing

Students explore the key issues, trends, and challenges in emergency nursing scholarship and develop an understanding of research applied to emergency nursing practice. Students develop skills in patient assessment, planning, and implementation of health care in the emergency area.

You must:

- be currently working at least 0.5 FTE (full-time equivalent) in an emergency setting
- have a minimum of three months FTE (full-time equivalent) experience in an emergency setting.

Intensive Care Nursing

Students explore the theoretical, conceptual and practical knowledge required to provide effective nursing care for diverse and complex critically ill patients in the intensive care unit, an increasingly complex technological environment.

You must:

- be currently working at least 0.5 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in intensive care medicine
- have a minimum of three months FTE (full-time equivalent) experience in an intensive care unit as defined above.

Paediatric, Child and Youth Health Nursing

This program is designed for nurses working in acute or community settings to develop competency in the practice of paediatric nursing or child and youth health nursing. Students will examine major issues and trends in nursing scholarship and practice, and develop an understanding of research in this area.

This study area requires you to undertake clinical practice in a paediatric, child and youth health nursing setting. Examples include acute paediatric or community health settings. If you wish to focus on issues relating to acute child and family health, you must be currently working at least 0.5 FTE (full-time equivalent) in an acute paediatric setting.

Cross-specialisation

Students complete two core units and choose two additional units from a list of electives covering more than one study area.

This option has no additional professional experience requirements.

Graduate Certificate in Ocular Therapeutics

Handbook

Year	2014
QUT code	OP43
Duration (part-time domestic)	1 year
Campus	Kelvin Grove
Domestic fee (indicative)	2014: $4,400 per Study Period - Part-time (24 credit points)
Total credit points	48
Start months	July
Int. Start Months	July
Course Coordinator	Enquiries to optometry@qut.edu.au or 07 3138 4831
Discipline Coordinator	07 3138 4831 optometry@qut.edu.au

Domestic Entry requirements

Applicants for the course must hold a four year degree in optometry from a recognised School of Optometry, or have equivalent standing and have current registration as optometrists in any State or Territory of Australia or New Zealand.

Advanced standing will not apply and the course will not articulate with any currently offered course within QUT or other institution in Australia or elsewhere.

It is anticipated that The Optometry Council of Australia and New Zealand (TOC) will conduct examinations in ocular therapeutics for optometrists from overseas as they currently do for such optometrists seeking registration to practice in Australia.

Applicants are encouraged to apply early as strict quotas apply.

International Entry requirements

Applicants for the course must hold a four year degree in optometry from a recognised School of Optometry, or have equivalent standing and have current registration as optometrists in any State or Territory of Australia or New Zealand.

Advanced standing will not apply and the course will not articulate with any currently offered course within QUT or other institution in Australia or elsewhere.

It is anticipated that The Optometry Council of Australia and New Zealand (TOC) will conduct examinations in ocular therapeutics for optometrists from overseas as they currently do for such optometrists seeking registration to practice in Australia.

Applicants are encouraged to apply early as strict quotas apply.

International students on non-students visas will need to show evidence and hold a valid non-student visa with no study restrictions for the duration of the course.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

overall	6.5

Discontinuation of the course

This course has been discontinued. No new admissions are being accepted.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The Graduate Certificate in Road Safety consists of one core unit plus three electives.

The program is structured to be flexible and accessible. Most units are delivered both internally and externally. Internally delivered units run over a semester (13 weeks). Please note there are two elective units offered only as intensive week-long blocks at Kelvin Grove campus and these require on campus attendance.

International Course structure

The Graduate Certificate in Road Safety consists of one core unit plus three electives.

The program is structured to be flexible and accessible. Most units are delivered over a semester (13 weeks) and some units are available in external mode. Please note there are two units offered only as intensive week-long blocks at Kelvin Grove campus.

Course Coordinator	Enquiries to medicalradiations@qut.edu.au or 07 3138 1938
Discipline Coordinator	07 3138 1938 medicalradiations@qut.edu.au

Domestic Entry requirements

Academic Entry Requirements:

Completed degree (or equivalent) in medical radiation or a relevant allied health field (e.g. nursing, podiatry or physiotherapy).

Additional Entry Requirements:

1. At least one year of experience in a clinical role dealing with patients; and
2. Written proof of access to suitable clinical experience in medical ultrasound for the duration of the course.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Course Structure

The Graduate Diploma takes four semesters of part-time study to complete. All students are required to attend an intensive one week block of classes at the beginning of the first three semesters. Students undertake clinical experience throughout the semester.

Professional Recognition

This course is accredited with the Australasian Sonographer Accreditation Registry (ASAR).

International Student Entry

These courses are not available to international students.

Further Information

For more information about this course, please call the School of Clinical Sciences on +61 7 3138 1938 or medicalradiations@qut.edu.au

Domestic Course structure

The graduate diploma takes four semesters of part-time study to complete. All students are required to attend an intensive one-week block of classes at the beginning of the first three semesters. Students undertake clinical experience throughout the semester and need to maintain access to suitable clinical experience for the duration of the course.

Graduate Diploma in Cardiac Ultrasound

Handbook

Year	2014
QUT code	CS61
Duration (part-time domestic)	2 years
Campus	Gardens Point
Domestic fee (indicative)	2014: $4,100 per Study Period - Part-time (24 credit points)
Total credit points	96
Dom. Start Months	February Note: Applications close on 30 November of the previous year in which entry is sought. If your application is received after the relevant closing date there is no guarantee it will be processed and may be held for the next available intake.
Course Coordinator	
Discipline Coordinator	

Domestic Entry requirements

Applicants are required to have:

- a bachelor degree or equivalent in a relevant science or allied health field (e.g. medical imaging science, biomedical science or nursing);
- a minimum of three months full-time equivalent prior supervised, hands-on clinical experience in cardiac ultrasound; and
- written proof of access to suitable clinical experience*.

*Students will need to maintain access to suitable clinical experience for the duration of the course. In accordance with the Australasian Sonographer Accreditation Registry (ASAR) Program Accreditation Guidelines, it is recommended that students be engaged in cardiac ultrasound practice for a minimum of three days/week over a two year period, full-time equivalent, in an Australian or New Zealand clinical setting.

In order to provide evidence of prior clinical experience and access to clinical experience, applicants must provide a letter from their clinical supervisor stating the following:

- that the applicant has a minimum of three months full-time equivalent supervised, hands-on clinical experience in cardiac ultrasound (at least 450 hours) at the time of application;
- that the student is rostered to train or work in cardiac ultrasound for a minimum of three days per week and/or independently performing 15 studies per week;
- the name and address of the practice where the applicant works; and
- the title and qualifications of the clinical supervisor (if a sonographer, the supervisor must also state their cardiac ultrasound qualification).

Early Closing Date

Closing date for applications is 30 November of the previous year in which you are applying for entry.

Should your application be received at QUT after the relevant closing date there is no guarantee it will be processed and may be held for the next available intake.

Minimum English requirements

Students must meet the English proficiency requirements.

Domestic Course structure

The Graduate Diploma in Cardiac Ultrasound takes two years of part-time study to complete. All students are required to attend an intensive one-week block on campus at the beginning of each semester.

The structure of this course includes:

- formal classroom components and clinical skills development sessions conducted during the intensive on-campus blocks
- comprehensive online lectures and self-assessment tutorials.

Applicants will need to maintain access to suitable clinical experience for the duration of the course.

Course Coordinator	Enquiries to publichealth@qut.edu.au or phone: 07 3138 5856
Discipline Coordinator	School of Public Health and Social Work 3138 5856 publichealth@qut.edu.au

Domestic Entry requirements

Applicants for the Graduate Diploma in Health Science must have:

- a three-year bachelor degree (or equivalent) in a relevant area (health, psychology, social work, human services, social or biological science).

It is preferred but not essential that applicants will have a minimum of one-year relevant full-time work experience on entry to this course. Applicants may be admitted on the basis of work experience, other qualifications or research activities at the discretion of the Executive Dean.

International Entry requirements

Applicants for the Graduate Diploma in Health Science must have:

- a three-year bachelor degree (or equivalent) in a relevant area (health, psychology, social work, human services, social or biological science).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Study areas

Study areas are available as follows:

- Aged care
- Emergency and Disaster Management
- Environmental Health
- Health Services Management
- Health Promotion
- Risk management
- Women's health
- or a cross specialisation (where no major is taken but students study across a variety of fields).

Note: In 2010 the four units in the Emergency and Disaster Management study area are only available in second semester.

To complete a major, students must complete at least four units from the same discipline area from with the Faculty of Health.

Students can only graduate with one specified major (i.e. only one major will appear on the official academic record). Students may elect to change majors during their course as appropriate but should seek academic advice before doing so.

Students wishing to complete a graduate diploma qualifcation in Occupational Health and Safety should apply for entry into the Graduate Diploma in Occupational Health and Safety and not the Graduate Diploma in Health Science.

Course Structure

The Graduate Diploma in Health Science consists of eight units totally 96 credit points selected from units offered by schools within the Faculty of Health (List A units). Completion of four units (48 credit points) in an area of specialisation entitles the graduate to a Graduate Diploma in Health Science within a specific discipline, for example, Graduate Diploma in Health Science (Health Promotion).

Candidates can choose electives from a wide range of university postgraduate units, but these must be approved by the course coordinator.

Course Articulation

This course articulates fully into the Master of Health Science.

The Graduate Certificate in Health Science fully articulates into this course.

After successfully completing the equivalent of one semester of full-time study, students may exit the program with a Graduate Certificate in Health Science.

International Student Entry

International students may enrol only in full-time studies and only onshore.

Further information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

The Graduate Diploma in Health Science consists of eight units. Students can complete units from study areas or other listed Faculty of Health units.

Completion of four units from one study area entitles graduates to have their qualification awarded with their area of

specialisation. Students can graduate with one specified major only.

Study areas

Study areas are offered in the following:

- Emergency and Disaster Management
- Environmental Health*
- Health Promotion
- Health Services Management
- Occupational Health and Safety*
- Risk Management
- a cross-specialisation (where no study area is taken but students study across a variety of fields).

* Students wishing to complete a graduate diploma qualification in Environmental Health or Occupational Health and Safety should apply for entry into the Graduate Diploma in Environmental Health or Graduate Diploma in Occupational Health and Safety and not the Graduate Diploma in Health Science.

International Course structure

The Graduate Diploma in Health Science consists of eight units. Students can complete units from study areas or other listed Faculty of Health units.

Discontinuation of the course

No new admissions will be accepted for this course from Semester 1, 2015. Applicants commencing in July 2014 will not be eligible for any advanced standing and must complete the full course.

Further Information

For more information about this course, please call the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

Domestic Course structure

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the cell and biomolecular sciences and areas of interest in biotechnology.

The Graduate Diploma in Biotechnology builds upon foundation concepts presented in the Graduate Certificate. The Graduate Diploma in Biotechnology offers students opportunities to pursue study in several relevant focus areas including the theoretical and practical aspects of biotechnology. It also covers the business of biotechnology, marketing, commercialisation, as well as the legal and ethical aspects of biotechnological applications.

Course Coordinator	Enquiries to nursing@qut.edu.au or 07 3138 3824
Discipline Coordinator	07 3138 3824 nursing@qut.edu.au

Domestic Entry requirements

An applicant must be:

- registered as a nurse with the Nursing and Midwifery Board of Australia or the nurse regulatory authority in the student's state or territory of residence
- have gained a degree in nursing (or equivalent) from a recognised institution
- meet any additional requirements for the study area chosen.

All applicants must also complete and submit the Postgraduate nursing questionnaire to accompany their application.

Entry requirements for specific study areas are as follows:

Acute Care Nursing
Applicants must be employed in an acute practice setting for the duration of the course. Students are required to undertake workplace-based clinical experience in this setting as part of the course requirements.

Cancer Nursing
Applicants for the Cancer Nursing study area must normally be working at least 0.6 FTE in the practice setting relevant to cancer nursing. Students not working within these settings may be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

Emergency Nursing
Applicants for the Emergency Nursing study area must be working at least 0.6 FTE in an emergency facility.

Intensive Care Nursing
Applicants for the Intensive Care study area be working at least 0.6 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in intensive care medicine.

Paediatric, Child and Youth Health Nursing
Students undertaking this study area will specialise in paediatric nursing or child and youth health nursing.

Applicants for the paediatric specialisation must be working at least 0.6 FTE in a paediatric setting.

Applicants wishing to specialise in child and youth health nursing do not need to be working in this area to undertake the course, however they will be required to undertake a clinical practicum.

International Entry requirements

Ageing and Dementia Studies, Professional Studies and Women's Health are the only majors available to international studuents.

International applicants must:
• have gained from a recognised institution a qualification equivalent, on the University's assessment, to that of a registered nurse in Australia
• be registered or authorised to practise in their country of origin or residence
• have gained a degree in nursing (or equivalent) from a recognised institution
• and normally have at least one year of appropriate post-registration clinical experience.

International applicants may also apply for alternative entry, on the basis of relevant experience, at the discretion of the Head of School of Nursing.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Study areas

The following majors are offered in this course:

- Acute Care *
- Ageing and Dementia Studies
- Cancer Nursing *
- Emergency Nursing *
- Intensive Care Nursing *
- Paediatric, Child and Youth Health Nursing *
- Professional Studies
- Women's Health

* Not available to international students

Students may follow one of the following pathways - Clinical, Professional and

Research.

Note: Information on Australian Government Scholarships in the area of aged care is available at: http://rcna.org.au/scholarships/government_scholarships

Course Structure

The course structures offer a wide range of pathways for nurses working in diverse settings, while at the same time ensuring opportunities for in-depth study to develop an advanced level of competence in selected areas of nursing practice.

The Graduate Diploma in Nursing consists of eight units each of 12 credit points making a total 96 credit points.

The Graduate Diploma may be undertaken by domestic students full-time or part-time in internal or external mode.

Professional Studies

The purpose of this area of study is to enable students who do not wish to undertake in-depth study in a particular specialty to have maximum flexibility to select a program of study relevant to their needs. The program is designed to extend and enhance existing nursing knowledge and skills; build confidence and leadership skills; provide a forum for critical examination of contemporary nursing; attain academic experience and qualifications; and foster an understanding of nursing within the broader umbrella of health care.

Graduate Diploma in Nursing students who choose this major will complete three core units, and five elective units. The elective options enable students to customise their program of study to meet individual learning needs.

Course Pathways/Articulation

The Graduate Diploma in Nursing fully articulates with the Master of Nursing and is offered for domestic and international students who are eligible for registration as a nurse with the Nursing and Midwifery Board of Australia.

Further Information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Domestic Course structure

Students in the graduate diploma complete four core units from an area of interest. In addition, students elect to undertake their studies in one of three pathway options—clinical, professional, or research. This allows students to tailor their study program to individual professional development needs.

Study areas

The following study areas are offered to domestic students:

- Acute Care Nursing
- Ageing and Dementia Studies
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Professional Studies
- Women's Health.

The following study areas are offered to international students in the Graduate Diploma and Master of Nursing:

- Ageing and Dementia Studies
- Professional Studies
- Women's Health.

Acute Care Nursing

Students complete studies in advanced health assessment and nursing practice, issues and trends in acute care nursing, and critically analyse the advanced concepts that underpin this specialist area. Students will initiate plans of care to address common needs/problems experienced by clients.

Ageing and Dementia Studies

This study area provides opportunities to engage in theoretical and practical knowledge in aged care issues, assessment skills, palliative care and dementia studies. Students examine major issues and trends in health areas affecting older people.

Cancer Nursing

Students develop competency in the practice of cancer nursing, examine major issues and trends in cancer nursing scholarship and practice, plan appropriate strategies/intervention for client care and develop an understanding of research applied to cancer nursing practice.

Emergency Nursing

Students study the key issues and develop skills in patient assessment, planning and implementation of nursing care in the emergency area.

Intensive Care Nursing

Students explore the theoretical, conceptual and practical knowledge required to provide effective nursing care for diverse and complex critically ill patients in the intensive care unit, an increasingly complex technological environment.

Paediatric, Child and Youth Health Nursing

This program is designed for nurses working in acute or community settings to develop competency in the practice of paediatric nursing or child and youth health nursing. Students will examine major issues and trends in nursing scholarship and practice, and develop an understanding of research in this area.

Professional Studies

Students complete a program of study relevant to their professional development needs. The program is designed to extend and enhance nursing knowledge and skills, build confidence and leadership skills, provide a forum for critical examination of contemporary nursing, and foster an understanding of nursing under the broader umbrella of health care.

Women's Health

Students will engage in theoretical and practical knowledge in women's health issues, sexual and reproductive health, and the screening and early detection of breast, cervical, uterine and ovarian cancers. The program will examine major issues and trends in health areas affecting women including chronic illness and mental health problems.

International Course structure

Course structure

These courses offer a variety of career pathways for nurses working in diverse settings and provide opportunities for in-depth study for advanced competence in selected areas of nursing practice. The three courses fully articulate and applicants may choose to enter at the graduate certificate, graduate diploma or masters level.

The Graduate Certificate allows students to complete four core units from their selected area of nursing practice.

Students in the Graduate Diploma and Masters programs also complete four core units from an area of interest. In addition, students elect to undertake their studies in one of three pathway options: clinical, professional, or research. This allows students to tailor their study program to individual professional development needs.

Graduate Diploma in Cardiac Ultrasound

Handbook

Year	2014
QUT code	PH75
Duration (part-time)	2 years
Domestic fee (indicative)	2014: $8,200 per Study Period (48 credit points)
Total credit points	96
Credit points full-time sem.	48
Credit points part-time sem.	24
Start months	February Early Closing Date - 30 November 2012
Int. Start Months	February Early Closing Date - 1 December 2011.
Course Coordinator	Enquiries to medicalradiations@qut.edu.au or 07 3138 1938
Discipline Coordinator	07 3138 1938 medicalradiations@qut.edu.au

Domestic Entry requirements

Entry Requirements

To be eligible for admission, an applicant:

· will normally have a diploma level qualification with a minimum of 5 years clinical experience in cardiac ultrasound degree or a bachelor degree in a relevant science or allied health field

· must provide written proof of a minimum of three months full-time equivalent prior supervised, hands-on clinical experience in cardiac ultrasound

· must have access to suitable clinical experience for the duration of the course *

* In accordance with the Australasian Sonographer Accreditation Registry (ASAR) Program Accreditation Guidelines, it is recommended that students be engaged in cardiac ultrasound practice for a minimum of 3 days/week over a 2 year period, full-time equivalent, in an Australian or New Zealand clinical setting.

International Entry requirements

International Student Entry

This course is not available to student visa holders.

International students who already hold an Australian work visa for 2 years or more including study rights in Australia are eligible to apply for this course. The Australian work visa must cover the duration of the course

NB: New Zealand citizens may apply for entry into this course as domestic students.

To be eligible for admission, an applicant:

- will normally have a diploma level qualification with a minimum of 5 years clinical experience in cardiac ultrasound degree or a bachelor degree in a relevant science or allied health field
- must provide written proof of a minimum of three months full-time equivalent prior supervised, hands-on clinical experience in cardiac ultrasound
- must have access to suitable clinical experience for the duration of the course *

* In accordance with the Australasian Sonographer Accreditation Registry (ASAR) Program Accreditation Guidelines, it is recommended that students be engaged in cardiac ultrasound practice for a minimum of 3 days/week over a 2 year period, full-time equivalent, in an Australian or New Zealand clinical setting.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Discontinuation of the course

This course has been discontinued and replaced by CS61 Graduate Diploma in Cardiac Ultrasound. No new enrolments were accepted into PH75 from 2013.

Professional Recognition

This course is accredited with the Australasian Sonographer Accreditation Registry (ASAR).

Further Information

For more information about this course, please call the School of Clinical Sciences on +61 7 3138 1938 or medicalradiations@qut.edu.au

Domestic Course structure

The Graduate Diploma in Cardiac Ultrasound takes two years of part-time study to complete. All students are required to attend an intensive one-week block on campus at the beginning of each semester.

The structure of this course includes:

- formal classroom components and clinical skills development sessions conducted during the intensive on-campus blocks
- comprehensive online lectures and self-assessment tutorials.

Applicants will need to maintain access to suitable clinical experience for the duration of the course.

International Course structure

Course Design

Stage 1— Graduate Diploma in Cardiac Ultrasound (PH75) takes two years of

part-time study to complete. Students must be employed in a suitable clinical practice with access to clinical cardiac ultrasound experience for the course duration. Students outside Brisbane may complete the formal classroom component in an intensive one-week block.

Discipline Coordinator	3138 5856 publichealth@qut.edu.au

Domestic Entry requirements

Applicants for the Graduate Diploma in Public Health / Master of Public Health must have:

- a three-year bachelor degree (or equivalent) in a relevant area (health, psychology, social work, human services, social or biological science).

It is preferred but not essential that applicants will have a minimum of one-year relevant full-time work experience on entry to this course.

Applicants may be admitted on the basis of work experience, other qualifications or research activities at the discretion of the Executive Dean.

Applicants who hold a four-year degree may be eligible for advanced standing of up to 48 credit points subject to recency and relevance of study.

International Entry requirements

Applicants for the Graduate Diploma in Public Health / Master of Public Health must have:

- a three-year bachelor degree (or equivalent) in a relevant area (health, psychology, social work, human services, social or biological science).

It is preferred but not essential that applicants will have a minimum of one-year relevant full-time work experience on entry to this course.

Applicants may be admitted on the basis of work experience, other qualifications or research activities at the discretion of the Executive Dean.

Applicants who hold a four-year degree may be eligible for advanced standing of up to 48 credit points subject to recency and relevance of study.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Study areas

Specialised stream units are available in the areas of:

- Emergency and Disaster Management *
- Epidemiology and Research Methods #
- Health Promotion
- Health Services Management
- Occupational and Environmental Health Sciences
- Public Health Nutrition

* The units in this study area are currently only offered in second semester

Some units in this study area are only available in internal mode

There is also the option of not completing a major and choosing units from more than one stream.

Course Articulation

This course fully articulates into the Master of Public Health.

Students admitted to the Graduate Diploma in Public Health may be eligible to exit early with a Graduate Certificate in Health Science.

International Student Entry

International students may only enrol in full-time studies. PU60 international students may not enrol in the Emergency and Disaster Management Study Area, as it is available part-time only.

Further information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

The Graduate Diploma consists of eight units. Students complete four core units plus four advanced elective units.

Study areas

Specialised study areas are available in the areas of:

- Emergency and Disaster Management
- Epidemiology and Research Methods*
- Health Promotion
- Health Services Management
- Occupational and Environmental Health Sciences
- Public Health Nutrition^.

There is also the option of not completing a major and choosing units from more than one study area.

Discipline Coordinator	3138 5856 publichealth@qut.edu.au

Domestic Entry requirements

1. A recognised Bachelor degree in any discipline; or
2. A recognised Diploma (AQF Level 5 or above) in occupational health and safety with at least three years full-time equivalent (FTE) work experience in an occupational health and safety role

Limited places

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible.

International Entry requirements

A recognised Bachelor degree in any discipline

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Other course requirements

The course is offered internally and externally and all the study material and lecture recordings are made available to both internal and external students. In some units on-campus workshops are held for both internal and external students. Attendance at these workshops is not compulsory, although it is encouraged. Students, particularly external students, will need a reliable internet connection and up-to-date hardware (including a multimedia headset with microphone) and up-to-date software. Some units include pod-casts and on-line discussion forums.

International Student Entry

International students may only enrol in full-time studies on-shore, but may enrol full-time or part-time off-shore.

Course Articulation

This course fully articulates into the Master of Health, Safety and Environment.

Further information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

Students complete eight core units. The course is available full-time and part-time. Internal and external modes are available. During your studies you will examine all facets of occupational health and safety practice. You will also develop the skills to assess the relevant literature so that you can base your advice and decisions on sound evidence.

As a student you will:

- Discuss and analyse risk assessment methods including risk analysis techniques such as HAZOP, FMEA, hazard indices, fault trees, event trees, reliability analysis, statistical analysis and probability.
- Explore the impact of legislation and industrial relations on the management of OHS, including the regulation of physical, biological, and chemical hazards.
- Learn about the nature of materials in regards to failure, fire, and explosions and how to configure appropriate safety systems including storage, handling and transport of hazardous materials.
- Analyse the theory and practice of OHS management and how the structure of an organisation, its environment, and potential loss exposures contribute to risk management.
- Understand the role of ergonomics in optimising OHS and productivity, and develop skills in analysing the relationships between the worker, the work space, and the environment.
- Explore health hazards in the workplace which can result in disease and disorders, including occupational skin conditions, respiratory diseases, psycho-social stress, musculoskeletal injuries and the needs of special groups.
- Learn about toxicology and the recognition, evaluation and control of chemical and physical hazards and how to provide professional judgement in investigating, analysing, and evaluating workplace hazards.

Domestic Course structure

The Graduate Diploma in Psychology can be completed in full-time or part-time (may not be available by evening study) study mode.

The course covers theoretical and practical aspects of psychology. In addition to core units that introduce the scientific bases of psychology, you can choose to complete an elective from specialised units including:

- organisational psychology
- family therapy
- addictive behaviour
- health psychology
- road safety.

If you wish to enter an accredited fourth-year program, you must complete Advanced Statistical Analysis as your elective.

International Course structure

Domestic Entry requirements

Academic entry requirements

- Completed a recognised three-year psychology degree
- The degree must be accredited by the Australian Psychology Accreditation Council (APAC) as an entry point into an honours program; e.g. PY45 Bachelor of Behavioural Science (Psychology) at QUT
- Applicants with APAC-accredited bachelor studies from an institution other than QUT must provide evidence of their eligibility to undertake an honours program at their home institution
- Applicants with overseas qualifications must provide certification from the Australian Psychological Society stating their degree is equivalent to APAC-approved, three-year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional entry requirements

- A grade of at least 4 (on a 7-point scale) for each of the APAC-accredited second and third year psychology units listed below with an overall grade point average of at least 5.0 (on a 7-point scale)

The required APAC-accredited second and third year psychology units at QUT are:

- PYB202 Social and organisational psychology
- PYB203 Developmental psychology
- PYB204 Cognition and perception
- PYB210 Research design and data analysis
- PYB304 Physiological psychology
- PYB306 Psychopathology
- PYB309 Individual differences and assessment
- PYB350 Advanced statistical analysis

Similar APAC-accredited subjects are required for studies completed at another institution.

Early closing date

Applications close on 30 September. Applications after this date will not be accepted.

Additional information

As this course is competitive and applications are pooled the grade average(s) for entry may be higher than the minimum standard given above.

Please note if you completed your psychology degree more than 10 years ago you may not gain provisional registration as a psychologist with the Psychology Board of Australia.

International Entry requirements

Academic entry requirements

- Completed a recognised three-year psychology degree
- The degree must be accredited by the Australian Psychology Accreditation Council (APAC)
- Applicants with APAC-accredited bachelor studies from an institution other than QUT must provide evidence of their eligibility to undertake an honours program at their home institution
- Applicants with overseas qualifications must provide certification from the Australian Psychological Society stating their degree is equivalent to APAC-approved, three-year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional entry requirements

- A grade of at least 4 (on a 7-point scale) for each of the APAC-accredited second and third year psychology units listed below with an overall grade point average of at least 5.0 (on a 7-point scale)

The required APAC-accredited second and third year psychology units at QUT are:

- PYB202 Social and organisational psychology
- PYB203 Developmental psychology
- PYB204 Cognition and perception
- PYB210 Research design and data analysis
- PYB304 Physiological psychology
- PYB306 Psychopathology
- PYB309 Individual differences and assessment
- PYB350 Advanced statistical analysis

Similar APAC-accredited subjects are required for studies completed at another institution.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

Successful completion of the Graduate Diploma in Behavioural Science (Psychology) meets the academic requirements for provisional registration as a psychologist with the Psychology Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Psychology Board of Australia website: http://www.psychologyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

International Student Entry

International students may enrol only in full-time studies.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The course comprises eight units and can be completed in full-time or part-time study mode.

Core units include PYB407 Research and Professional Development Seminar and one advanced research methods unit in quantitative or qualitative research such as PYB401 Advanced Research Methods, plus electives from advanced cognitive, organisational, counselling, developmental, and social theory. These units have three contact hours per week.

The course also includes a research component which entails a group thesis. PYB450 Research Thesis is undertaken in modules throughout the program. Students complete an independent review of the literature and prepare an outline for a research proposal as the basis of a negotiated group project. For the project, students jointly collect and then independently analyse and write up the data. Contact hours for the research component are as required by the supervisor.

International Course structure

The course comprises eight units and can be completed in full-time or part-time study mode.

Core units include PYB407 Research and Professional Development Seminar and PYB401 Advanced Research Methods plus electives from advanced cognitive, organisational, counselling, developmental, and social theory. These units have three contact hours per week.

The course also includes a research component which entails a group thesis. PYB450 Research Thesis is undertaken in modules throughout the program. Students complete an independent review of the literature and prepare an outline for a research proposal as the basis of a negotiated group project. For the project, students independently collect, write up and analyse agreed specific components of the data. Contact hours for the research component are as required by the supervisor.

Sample Structure

Code	Title
Year 1, Semester 1	
PYB450-1	Research Thesis (Part 1)
Plus ONE research methods unit selected from the following options:	
PYB401	Advanced Research Methods
HLN405	Qualitative Research
BSN412	Qualitative Research and Analytical Techniques
Plus TWO advanced psychology units selected from the following options:	
PYB402	Counselling Psychology
PYB403	Cognitive Neuropsychology
PYB404	Issues in Social Developmental Psychology
PYB405	Advanced Organisational Psychology
NOTE regarding BSN412: Please consult the Postgraduate fee schedule for details of Faculty of Business unit costs http://www.studentservices.qut.edu.au/costs/schedule/table_b/index.jsp

Credit points part-time sem.	24
Start months	February, July This course will not be available from Semester 1, 2015. The last intake will be in July, 2014.
Int. Start Months	February, July This course will not be available from Semester 1, 2015. The last intake will be in July, 2014.
Course Coordinator	Enquiries to publichealth@qut.edu.au or phone: 07 3138 5856
Discipline Coordinator	School of Public Health and Social Work 07 3138 5856 publichealth@qut.edu.au

Domestic Entry requirements

Applicants for the Master of Health Science must have:

- a three-year bachelor degree (or equivalent) in a relevant area (health, psychology, social work, human services, social or biological science).

It is preferred but not essential that applicants will have a minimum of one-year relevant full-time work experience on entry to this course. Applicants may be admitted on the basis of work experience, other qualifications or research activities at the discretion of the Executive Dean.

International Entry requirements

Applicants for the Master of Health Science must have:

- *a three-year bachelor degree (or equivalent) in a relevant area (health, psychology, social work, human services, social or biological science).*

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Structure

The course consists of at least eight (8) units offered by the Schools of the Faculty of Health (List A). The remaining four units can be taken as four elective units either from List A or List B. An array of elective units allow students to either specialise in their professional discipline or to choose a coherent group of units from more than one specialist area.

To complete a major in any of the major areas of study students must complete at least four units (48 credit points) in that discipline area.

Candidates can choose electives from a wide range of university postgraduate units, but these must be approved by the course and subject-area coordinators.

Students with a four-year degree or three-year degree with additional one-year honours may be able to obtain advanced standing up to a maximum of 48 credit points for previous study.

Course Articulation

Student who complete the Master of Health Science may be eligible for up to one year of advanced standing in HL90 Doctor of Health Science.

After successfully completing the equivalent of two semesters full-time study, students may exit the program with a Graduate Diploma in Health Science.

After successfully completing the equivalent of one semester of full-time study, students may exit the program with a Graduate Certificate in Health Science.

The Graduate Certificate in Health Science, the Graduate Diploma in Health Science and the Graduate Diploma in Occupational Health and Safety, fully articulate into the Master of Health Science.

The Graduate Diploma in Nursing and the Master of Nursing students may apply for a maximum of 48 credit points of advanced standing (equivalent to List B) towards the Master of Health Science. No advanced standing will be granted towards the Graduate Certificate in Health Science or the Graduate Diploma in Health Science. This is in addition to any List A units completed.

Special Notes

Students can only graduate with one specified major (ie only one major will appear on the official academic record). Students may elect to change majors during their course as appropriate but should seek academic advice before doing so.

Students cannot normally enrol directly in the Masters Degree in the area of Occupational Health and Safety unless they have completed relevant undergraduate qualifications in this area to the satisfaction of the course coordinator. Special consideration may be given on an individual basis.

International Student Entry

International students may enrol only in full-time sutdies and may study only onshore.

Further Information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email

publichealth@qut.edu.au

Domestic Course structure

The Master of Health Science offers a flexible design that provides students with a large choice of elective units that deliver specialisation in a health science discipline, cross-specialisation or a broad understanding of health-related disciplines.

The Master of Health Science consists of 12 units. Students must complete at least eight units from the Faculty of Health. The remaining four units can be completed from a wide range of university postgraduate units, subject to course coordinator approval.

Completion of four units from one study area entitles graduates to have their qualification awarded with their area of specialisation. Students can graduate with one specified major only.

Study areas

Study areas are offered in the following:

- Emergency and Disaster Management
- Environmental Health*
- Health Promotion
- Health Services Management
- Occupational Health and Safety*
- Risk Management
- a cross-specialisation (where no study area is taken but students study across a variety of fields).

* Students wishing to complete a graduate diploma qualification in Environmental Health or Occupational Health and Safety should apply for entry into the Graduate Diploma in Environmental Health or Graduate Diploma in Occupational Health and Safety and not the Graduate Diploma in Health Science.

Domestic Entry requirements Academic Entry Requirements

- Completed a recognised psychology honours or 4 year degree (or higher) with a grade point average of at least 5.0 (on a 7 point scale) in the fourth year of study
- The degree must be accredited by the Australian Psychology Accreditation Council (APAC) as a 4 year training (or equivalent) program; eg PY09 Bachelor of Behavioural Science (Honours Psychology) at QUT
- Applicants with overseas qualifications must provide certification from the Australian Psychological Society (APS) stating their degree is equivalent to APAC-approved, 4 year training in psychology

Additional Entry Requirements

- 2 completed referee reports (PDF file, 376 KB)
- Completed questionnaire (PDF file, 338 KB)
- Interview - if shortlisted

Early Closing Date

Applications close on 30 September. Applications, referee reports and/or questionnaires received after this date will not be accepted.

Additional Information

It is recommended that one report be from your fourth-year thesis supervisor.

Applicants are shortlisted in priority order on the basis of their GPA, referee reports and questionnaire. Shortlisted applicants will be contacted in mid-October to attend an in-person interview at the Kelvin Grove campus in late October/early November to assess their interpersonal skills in a clinical context. Admission is based on GPA, interview, questionnaire, and referee reports.

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

Entry to this course is competitive. Applications close on 01 October. To be considered for admission you must have an Australian Psychology Accreditation Council (APAC) - approved four-year training (or equivalent) from a recognised institution, with a minimum grade point average (GPA) of 5 in your fourth year of study.

In addition, you will need to complete a course questionnaire and submit two confidential referee reports. It is recommended that one report be from your fourth-year thesis supervisor. Applicants will be shortlisted on the basis of their GPA and referee reports. Shortlisted applicants will be required to attend an interview.

How to apply

You must submit the following by 30 September:

- Completed F Form
- Attached all relevant documents as requested in the F Form (eg academic transcript and award certificates)
- Attach your Australian Psychological Society (APS) letter showing the assessment outcome of your Psychological Qualifications. The Australian Psychological Society (APS) assesses the level at which an applicant's overseas qualifications are comparable to an Australian Psychology Accreditation Council (APAC) - accredited sequence of study in psychology. To have your qualification assessed please contact APS, More information is available on the APS website: http://www.psychology.org.au/membership/qualifications/.
- Attach two referee reports Master of Psychology (Education and Development) referee report 2014 (PDF file, 375.53 KB)
- Attach a completed PG Psychology Questionnaire 2014 (PDF file, 338.17 KB)

If you are shortlisted you will be contacted for a telephone interview.

You will be notified of the outcome late December or early January.

Minimum English requirements

Students must meet the English proficiency requirements.

Master of Psychology (Educational and Developmental)

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.5

Registration Requirements

Undertaking the supervised psychological practice component of the course requires provisional registration as a probationary psychologist with the Psychology Board of Australia. The requirements of the Board (including English language requirements) are available at http://www.psychologyboard.gov.au/index.php

Professional Recognition

The course meets the requirements for accreditation by the Australian Psychology Accreditation Council and the Australian Psychological Society College of Educational and Developmental Psychologists. Graduates meet the requirements for registration by the Psychology Board of Australia.

Please refer to the Psychology Board of Australia website: http://www.psychologyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Other Requirements

blue card As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit http://student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

International Student Entry

QUT advises that international students may enrol only in full-time studies.

The course meets the requirements for accreditation by the Australian Psychology Accreditation Council and the Australian Psychological Society College of Clinical Psychologists. Graduates meet the requirements for registration by the Psychology Board of Australia.

Please refer to the Psychology Board of Australia website http://www.psychologyboard.gov.au/Registration-Standards.aspx for information on the Board's English Language Skills Registration Standard.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au OR the Faculty of Education on +617 3138 3947 or email educationenq@qut.edu.au

Domestic Course structure

This course is offered jointly by QUT's faculties of Health and Education.

The coursework component provides training in assessment, diagnosis and intervention in the area of educational and developmental issues across the lifespan, with an emphasis on the school years. Students undertake two internships that are linked with a client base from the Catholic education system and from the Psychology and Counselling Clinic at QUT's Kelvin Grove campus. Following these internships, students undertake a further two external placements in other environments including schools, mental health and community settings.

To undertake the supervised practice, students need to provide evidence of provisional registration as a psychologist with the Psychology Board of Australia and hold a current blue card as required by the Commission for Children and Young People and Guardian Act (2000).

Important Note

This course is an online course and there is no requirement for a face-to-face session.

Course Enquiries

Email: egsacoordinator@qut.edu.au
This course is offered by Queensland University of Technology as part of a joint collaboration with the other ATN universities as part of the e-Grad School Australia

Part-time students

Part- time students can enrol in one or two units per semester for up to six semesters maximum.

Early Exit Options

Graduate Certificate and Diploma exit points are available following completion of four and eight units.

Advanced Standing

Students with appropriate prior qualifications and/or professional experience may apply for advanced standing of up to 48CP towards the Master of Research Management and Commercialisation.
Recognition for concurrent Professional Development activities may be possible. Registered members of professional societies may be eligible to receive advanced standing for approved professional development activities completed during enrolment in the award.

Domestic Course structure

Course structure

The Master of Research Management and Commercialisation is particularly suited to current or aspiring research management leaders, administrators and active researchers in corporations, universities and the public sector. The Masters builds on the content of the Graduate Certificate and allows you to develop a deeper understanding of the context and strategic issues involved in research management and commercialisation. You can tailor the course to your needs by applying these ideas and concepts to issues of relevance to you and, where possible, undertaking assessment through workplace-based projects.

Students enrolled in the masters-level course can choose to exit with an award of Graduate Certification or Diploma following the completion of four or eight approved units.

International Course structure

Course structure

The Master of Research Management and Commercialisation is particularly suited to current or aspiring research management leaders, administrators and active researchers in corporations, universities and the public sector. The Masters builds on the content of the Graduate Certificate and allows you to develop a deeper understanding of the context and strategic issues involved in research management and commercialisation. You can tailor the course to your needs by applying these ideas and concepts to issues of relevance to you and, where possible, undertaking assessment through workplace-based projects.

Students enrolled in the masters-level course can choose to exit with an award of Graduate Certificate or Diploma following the completion of four or eight approved units.

Sample Structure

Master of Biotechnology

Handbook

Year	2014
QUT code	LS86
Duration (full-time)	1.5 years
Duration (part-time domestic)	3 years
Campus	Gardens Point
Domestic fee (indicative)	2014: $9,700 per Study Period (48 credit points)
International fee (indicative)	2014: $13,000 per Study Period (48 credit points)
Total credit points	144
Credit points full-time sem.	48
Credit points part-time sem.	24
Dom. Start Months	February, July
Course Coordinator	Enquiries to biomedical@qut.edu.au or 07 3138 1938
Discipline Coordinator	07 3138 1938 biomedical@qut.edu.au

Domestic Entry requirements

A bachelor degree or equivalent, preferably but not necessarily in science, is required. Please contact the course coordinator for further information on the entry requirements for this course.

Note - LS86 commences in July (Module 1 entry). Students with advanced standing for Module 1 should commence in February as the Faculty does not offer sufficient units in Module 2 in second semester. Note especially that the February entry point for this course is for students with advanced standing for Module 1. It is not possible to commence Module 1 in February.

For students with advanced standing for Module 1 and who wish to enter LS86 in July, a modified program will be required and this should be discussed with the course coordinator prior to enrolment. Students should note that this may require them to study business electives only in their first semester and could lead to them having to take an additional semester to complete the requirements of their program.

International Entry requirements

A bachelor degree or equivalent, preferably but not necessarily in science, is required. Please contact the course coordinator for further information on the entry requirements for this course.

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Discontinuation of the course

No new admissions will be accepted into this course from Semester 1, 2015. Applicants commencing in July 2014 will not be eligible for any advanced standing and must complete the full course.

Further Information

For more information about this course, please call the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

Domestic Course structure

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the cell and biomolecular sciences and areas of interest in biotechnology.

The Master of Biotechnology is designed to give students further training and specialisation in general medical and/or plant biotechnology. This program follows successful completion of core and optional units offered in both the Graduate Certificate in Biotechnology and Graduate Diploma in Biotechnology.

Domestic Course structure

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the cell and biomolecular sciences and areas of interest in biotechnology.

The Master of Biotechnology (Advanced) program completes the comprehensive training of students and follows successful completion of core and optional units offered in the Graduate Certificate in Biotechnology, Graduate Diploma in Biotechnology and Master of Biotechnology programs. It encompasses general medical and/or plant biotechnology. In their final semester of the program, students may undertake a supervised research project either at QUT or external to QUT. Part-time students may also elect to do a research project at their place of work, with both a workplace supervisor and a QUT supervisor. Students must discuss research project areas prior to enrolment in their final semester of study to organise a suitable project and a project supervisor(s). While there is a wide range of research project areas available, it may not always be possible for students to conduct a research project exactly in the area they desire.

Students who prefer not to undertake a research project in the final semester will undertake additional coursework units selected in consultation with the course coordinator.

Domestic Entry requirements

An applicant must be:

- registered as a nurse with the Australian Health Practitioner Regulation Agency (AHPRA)
- have a recognised degree (or higher) in nursing

In some study areas, applicants will need to comply with certain clinical requirements.

Study area requirements

You will be asked to confirm that you have specific professional experience prior to enrolling in units that require workplace-based clinical practice. You will also need to maintain access to the relevant practice setting for the duration of the course. If you do not confirm your professional experience or maintain access to a relevant practice setting, you will not be able to complete the clinical assessment components required to complete units in the study area.

Please refer to study area information in the 'Units' tab for specific details.

International Entry requirements

A completed recognised Bachelor Degree (or higher award) in Nursing OR

A completed recognised Associate Degree in Nursing AND 1 year work experience as a Registered Nurse (or equivalent) OR

Registration with the appropriate national body to practice as a Registered Nurse (or equivalent).

Study area requirements

Cross specialisation (no major) or the Chronic Health Conditions major are the options available to international students.

Note

The Master of Nursing does not lead to registration as a nurse in Australia. International students seeking registration in Australia should contact the Australian Health Practitioner Regulation Agency for further advice at http://www.ahpra.gov.au/ or consider QUT's NS40 Bachelor of Nursing program.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Study Areas

Study areas are available in the following areas:
- Acute Care
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Cross-specialisation

Additional course requirements

Acute Care Nursing
You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where acutely ill patients are encountered. Examples include, but are not limited to, acute medical-surgical, rehabilitation, orthopaedic, community and residential, general practice, renal and chronic care settings.

Cancer Nursing
You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where care is delivered to cancer patients. Examples include medical and radiation oncology, haematology, medical-surgical, community and aged care residential settings.

Emergency Nursing
You must:
• be currently working at least 0.5 FTE (full-time equivalent) in an emergency setting
• have a minimum of three months FTE (full-time equivalent) experience in an emergency setting.

Intensive Care Nursing
You must:
• be currently working at least 0.5 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in

intensive care medicine
• have a minimum of three months FTE (full-time equivalent) experience in an intensive care unit as defined above.

Paediatric, Child and Youth Health Nursing
This study area requires you to undertake clinical practice in a paediatric, child and youth health nursing setting. Examples include acute paediatric or community health settings. If you wish to focus on issues relating to acute child and family health, you must be currently working at least 0.5 FTE (full-time equivalent) in an acute paediatric setting.

Cross-specialisation
Students complete two core units and choose two additional units from a list of electives covering more than one study area.
This option has no additional professional experience requirements.

Further Information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Domestic Course structure

This course offers a variety of career pathways for nurses working in diverse settings and provides opportunities for in-depth study for advanced competence in selected areas of nursing practice.

Students in the Masters program complete a specialised study area or a cross-specialisation of units. All students undertake research studies by choosing a project or thesis pathway. Additional electives are available to students undertaking the project pathway.

Study areas

The following study areas are offered to domestic students:

- Acute Care Nursing
- Cancer Nursing
- Chronic Health Conditions
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Cross-specialisation

Acute Care Nursing

Students complete studies in advanced health assessment and nursing practice, issues and trends in acute care nursing, and critically analyse the advanced concepts that underpin this specialist area. Students will initiate plans of care to address common needs/problems experienced by clients.

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where acutely ill patients are encountered. Examples include, but are not limited to, acute medical-surgical, rehabilitation, orthopaedic, community and residential, general practice, renal and chronic care settings.

Cancer Nursing

Students develop competency in the practice of cancer nursing, examine major issues and trends in cancer nursing scholarship and practice, plan appropriate strategies/intervention for client care and develop an understanding of research applied to cancer nursing practice.

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where care is delivered to cancer patients. Examples include medical and radiation oncology, haematology, medical-surgical, community and aged care residential settings.

Chronic Health Conditions

This course draws on expertise from a number of health disciplines and meets the needs of nurses who want to gain specific skills for more advanced practice opportunities, especially those working with patients who may have a range of chronic health conditions.

It also focuses on prevention and promotion of health to prevent or delay the onset of chronic health conditions.

Emergency Nursing

Students explore the key issues, trends, and challenges in emergency nursing scholarship and develop an understanding of research applied to emergency nursing practice. Students develop skills in patient assessment, planning, and implementation of health care in the emergency area.

You must:

- be currently working at least 0.5 FTE (full-time equivalent) in an emergency setting; and
- have a minimum of three months FTE (full-time equivalent) experience in an emergency setting.

Intensive Care Nursing

Students explore the theoretical, conceptual and practical knowledge required to provide effective nursing care for diverse and complex critically ill patients in the intensive care unit, an increasingly complex technological environment.

You must:

- be currently working at least 0.5 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in intensive care medicine; and
- have a minimum of three months FTE (full-time equivalent) experience in an intensive care unit as defined above.

Paediatric, Child and Youth Health Nursing

This program is designed for nurses working in acute or community settings to develop competency in the practice of paediatric nursing or child and youth health nursing. Students will examine major issues and trends in nursing scholarship and practice, and develop an understanding of research in this area.

This study area requires you to undertake clinical practice in a paediatric, child and youth health nursing setting. Examples include acute paediatric or community health settings. If you wish to focus on issues relating to acute child and family health, you must be currently working at least 0.5 FTE (full-time equivalent) in an acute paediatric setting.

Cross-specialisation

Students complete core units and choose additional units from a list of electives covering more than one study area (two electives for the Thesis Strand and four electives for the Project Strand).

This option has no additional professional experience requirements.

International Course structure

Course structure

This course offers a variety of career pathways for nurses working in diverse settings and provide opportunities for in-depth study in selected areas of nursing practice.

Students in the Masters program may elect to undertake a specialist area in Chronic Health Conditions or select units from a number of elective options. The remaining studies will include the equivalent of four research-based units.

Master of Nursing Science (Nurse Practitioner)

Handbook

Year	2014
QUT code	NS86
Duration (full-time domestic)	1 year
Duration (part-time domestic)	2 years
Campus	Kelvin Grove
Domestic fee (indicative)	2014: CSP $3,600 per Study Period (48 credit points)
Dom. Start Months	February
Course Coordinator	Enquiries to nursing@qut.edu.au or 07 3138 3824
Discipline Coordinator	07 3138 3824 nursing@qut.edu.au

Domestic Entry requirements

Applicants for the NS86 Master of Nursing Science (Nurse Practitioner) will:

- have current registration as a nurse with the Australian Health Practitioner Regulation Agency (AHPRA);
- have gained a degree in nursing (or equivalent) from a recognised institution and have gained a graduate certificate in nursing (or equivalent) in the area of nominated specialty from a recognised institution;
- have a minimum of five years full-time equivalent recent clinical practice experience as a registered nurse including three years full-time equivalent experience in a specialty area and two years full-time equivalent experience at an advanced practice level in the nominated specialty area;
- provide evidence of professional leadership activity, for example, a brief curriculum vitae, evidence of conference presentations, etc;
- be employed at least 0.6 full-time equivalent in an advanced practice nursing role.

In addition to supporting evidence of meeting entry requirements, applicants will be required to provide supporting documentation from a minimum of two clinical support team members (one of which must be a nurse working in an advanced practice role) and their Executive Director of Nursing (or equivalent) that will confirm their support for the applicant to undertake the required studies. Applicants will, therefore, need to maintain their employment status for the duration of the course.

Additional Entry Requirements

Applicants must provided a fully completed NS86 Master of Science Nurse Practitioner Additional Entry Requirements Pack with their Postgraduate Admission Application Form (PG-form).

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

The course meets the requirements for accreditation by the Australian Nursing and Midwifery Accreditation Council (ANMAC). Graduates will be eligible to apply for endorsement by the Nursing and Midwifery Board of Australia to practise as a nurse practitioner in Australia.

Course Structure

The course consists of seven units - six theoretical units and an internship (24 credit points) over two semesters. The internship will provide extended, supervised and supported clinical practice exposure to consolidate and apply coursework learning. This course may be undertaken by internal or external mode. Students will be required to attend on-campus workshops normally for a total of five days scheduled during the February orientation week and the mid-semester break in September.

International Student Entry

The course is not available to international students.

Further Information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Domestic Course structure

This course can be completed by internal or external mode, full-time (one year) or part-time.

Students will complete eight units of study consisting of six core units, and an internship over two units. The internship will provide extended, supervised and supported clinical practice exposure to consolidate and apply coursework learning.

Students will be required to attend an on-campus residential school each semester during the course relevant to their unit enrolment.

Course Coordinator	Enquiries to optometry@qut.edu.au or 07 3138 4831
Discipline Coordinator	07 3138 4831 optometry@qut.edu.au

Domestic Entry requirements

Completion of QUT's Bachelor of Vision Science

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

Completion of QUT's Bachelor of Vision Science

Students who have not completed QUT's Bachelor of Vision Science

The Master of Optometry course provides the second component of the OP45 Bachelor of Vision Science/OP85 Master of Optometry dual degree entry-level program which leads to registration as an optometrist for practice in the optometry profession in Australia. It is not designed to provide qualified optometrists with a masters level qualification.

If you already have an optometry qualification and are seeking to practice as an optometrist in Australia, you should contact the Optometry Council of Australia and New Zealand (www.ocanz.org) regarding the assessment process for overseas trained optometrists wishing to practice optometry in Australia. If you wish to obtain an Australian optometry qualification then you will need to apply for the OP45 Bachelor of Vision Science/OP85 Master of Optometry dual degree award. Your previous overseas studies in optometry may be considered for advanced standing towards the five-year program.

Your application for OP45/OP85 should include:

- Details of your Optometry/Vision Science undergraduate degree including course overview and unit outlines.
- Details of any assessment regarding your qualifications you may have received from the Optometry Council of Australia and New Zealand

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Professional recognition

The dual degree program Bachelor of Vision Science/ Master of Optometry meets the requirements for accreditation by the Optometry Council of Australia and New Zealand. Graduates of the program meet the requirements for registration by the Optometry Board of Australia.

Students must complete the Master of Optometry as well as the Bachelor of Vision Science to be eligible for registration.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Optometry Board of Australia website http://www.optometryboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Student registration

QUT automatically registers students enrolled in this course with the Optometry Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Master of Health, Safety and Environment

Handbook

Year	2014
QUT code	PU80
Duration (full-time)	2 years
Duration (part-time domestic)	4 years
Campus	Kelvin Grove
Domestic fee (indicative)	2014: $8,200 per Study Period (48 credit points)
International fee (indicative)	2014: $12,200 per Study Period (48 credit points)
Total credit points	192
Start months	February
Int. Start Months	February
Course Coordinator	Enquiries to publichealth@qut.edu.au or 07 3138 4831
Discipline Coordinator	07 3138 4831 publichealth@qut.edu.au

Domestic Entry requirements

This course requires completion of a Bachelors degree or equivalent.

For entry to the Environmental Health strand, it is also a requirement that applicants have completed a minimum of 48 credit points of basic science units in their Bachelor degree (e.g. chemistry, microbiology, physics, anatomy and physiology, life science).

PU65 Graduate Diploma in Occupational Health and Safety and PU67 Graduate Diploma in Environmental Health articulate fully into the Masters and it is expected that most applicants will enter the Masters via one of these courses.

Applicants who have completed a Bachelor degree, Graduate Certificate or Graduate Diploma (or equivalent) in the same discipline may be eligible for advanced standing.

Applicants with prior studies in Environmental Health or Environmental Science will be admitted to the Environmental Health strand in the Master of Health Safety and Environment.

Applicants with prior studies in Occupational Health and Safety will be admitted to the Occupational Health and Safety strand.

International Entry requirements

This course requires completion of a Bachelors degree or equivalent.

For entry to the Environmental Health strand, it is also a requirement that applicants have completed a minimum of 48 credit points of basic science units in their Bachelor degree (e.g. chemistry, microbiology, physics, anatomy and physiology, life science).

PU65 Graduate Diploma in Occupational Health and Safety and PU67 Graduate Diploma in Environmental Health articulate fully into the Masters and it is expected that most applicants will enter the Masters via one of these courses.

Applicants who have completed a Bachelor degree, Graduate Certificate or Graduate Diploma (or equivalent) in the same discipline may be eligible for advanced standing.

Applicants with prior studies in Environmental Health or Environmental Science will be admitted to the Environmental Health strand in the Master of Health Safety and Environment.

Applicants with prior studies in Occupational Health and Safety will be admitted to the Occupational Health and Safety strand.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course articulation

Students admitted to the Master of Health, Safety and Environment may exit with PU65 Graduate Diploma in Occupational Health and Safety or PU67 Graduate Diploma in Environmental Health if they have completed the prescribed units.

overall	6.5

Study Areas

Specialised streams of study are offered in the areas of:

- Emergency and Disaster Management #
- Quality and Patient Safety
- Risk Management *

There is also the option of not completing a study area and choosing units from more than one stream.

* Some units are available only in external mode
# Units in this study area are only available in second semester

Course Articulation

The Graduate Diploma in Health Management fully articulates into the Master of Health Management. Students may be able to exit early with a Graduate Diploma in Health Management or a Graduate Certificate in Health Management (exit-only course) depending on their choice of units.

Further Information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

Students in the Master of Health Management complete four core units plus one of the following:

- two study areas (four units from each area)
- one study area (four units) plus four electives
- one study area (four units) plus a 48-credit-point thesis
- cross-specialisation (eight units from across the study areas)
- students with a research interest may undertake a 12-credit-point independent study, a 24-credit-point project or dissertation unit, or a 48-credit-point thesis unit.

Study areas

The following study areas are offered:

- Emergency and Disaster Management
- Health Services Management
- Quality and Patient Safety
- Risk Management
- a cross-specialisation (where no study area is undertaken but students study across a variety of fields).

International Student Entry

This course is not available to international students.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The Master of Counselling is offered on a part-time, evening basis over three years.

This course has an applied, experiential focus which features brief solution-focused and narrative therapies, family therapy, process-experiential therapy, group work and supervision. It provides a strong practical component and students will use the purpose-built Psychology and Counselling Clinic for clinical practice.

International Course structure

The Master of Counselling is offered on a part-time, evening basis over three years.

This course has an applied, experiential focus which features brief solution-focused and narrative therapies, family therapy, process-experiential therapy, group work and supervision. It provides a strong practical component and students will use the purpose-built Psychology and Counselling Clinic for clinical practice.

Graduates are able to apply their own interpersonal counselling ‘tool kit’ to support the wellbeing of clients in a number of contexts relevant to their profession.

Start months	February Closing date for applications is 30 September of the previous year in which you are applying for entry.
Int. Start Months	February Closing date for applications is 30 September of the previous year in which you are applying for entry.
Course Coordinator	Enquiries to psychology@qut.edu.au or 07 3138 4520
Discipline Coordinator	07 3138 4520 psychology@qut.edu.au

Domestic Entry requirements Academic Entry Requirements

- Completed a recognised psychology honours or 4 year degree (or higher) within the past 10 years
- A minimum fourth year psychology units grade point average of at least 5.5 (on a 7 point scale)
- The degree must be accredited by the Australian Psychology Accreditation Council (APAC) as a 4 year training (or equivalent) program; eg PY09 Bachelor of Behavioural Science (Honours Psychology) at QUT
- Applicants with overseas qualifications must provide certification from the Australian Psychological Society (APS) stating their degree is equivalent to APAC-approved, 4 year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional Entry Requirements

- 2 completed referee reports (PDR file, 357 KB)
- Completed questionnaire (PDF file, 338 KB)
- Interview - if shortlisted

Early Closing Date

Applications close on 30 September. Applications, referee reports and/or questionnaires received after this date will not be accepted.

Additional Information

Applicants are shortlisted in priority order on the basis of their GPA, referee reports and questionnaire. Shortlisted applicants will be contacted in mid-October to attend an in-person interview at the Kelvin Grove campus in late October/early November to assess their interpersonal skills in a clinical context. Admission is based on GPA, interview, questionnaire and referee reports.

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

Entry to this course is competitive. Applications close on 30 September. To be considered for admission you must have:

- Australian Psychology Accreditation Council (APAC) - approved four-year training (or equivalent) from a recognised institution within the past 10 years
- minimum grade point average (GPA) of 5.5 (on a 7-point scale) in the fourth-year program
- two referee reports. Referees are required to comment on your academic and personal suitability and their overall level of support for your application

Applicants are shortlisted in priority order on the basis of their GPAs. Shortlisted applicants are required to attend an interview to assess their interpersonal skills in a clinical context. Admission is based on GPA, interview and referee reports.

How to apply

You must submit the following by 30 September:

- Completed F Form
- Attached all relevant documents as requested in the F Form (eg academic transcript and award certificates)
- Attach your Australian Psychological Society (APS) letter showing the assessment outcome of your Psychological Qualifications. The Australian Psychological Society (APS) assesses the level at which an applicant's overseas qualifications are comparable to an Australian Psychology Accreditation Council (APAC) - accredited sequence of study in psychology. To have your qualification assessed please contact APS, More information is available on the APS website: http://www.psychology.org.au/membership/qualifications/.
- Attach your completed PG Psychology Questionnaire 2014 (PDF file, 338.17 KB)
- Attach two Master of Psychology and Doctor of Psychology referee report 2014 (PDF file, 356.69 KB)

If you are shortlisted you will be contacted for a telephone interview.

You will be notified of the outcome late December or early January.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.0

Professional recognition

The course meets the requirements for accreditation by the Australian Psychology Accreditation Council and the Australian Psychological Society College of Clinical Psychologists. Graduates meet the requirements for registration by the Psychology Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Psychology Board of Australia website: http://www.psychologyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Registration requirements

All students seeking registration with the Psychology Board of Australia as a registered psychologist will be required to register as a psychologist with probationary conditions for the duration of the program. Students should apply to the Board as soon as possible to ensure that registration is completed prior to commencement of the program.

Please refer to the Psychology Board of Australia website http://www.psychologyboard.gov.au/Registration-Standards.aspx for information on the Board's Registration Standards.

Futher Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The coursework component of this program provides training on how to assess and diagnose clinical presentations. It provides unique training on how to conceptualise and treat a broad range of child and adult clinical presentations from relational psychodynamic, cognitive-behavioural, and systemic narrative therapeutic approaches.

Clinical placements begin in the first semester with an internship spanning the first year. Students complete the internship under intense supervision at the specialised Psychology and Counselling Clinic at QUT's Kelvin Grove campus. During the internship, students gain experience in assessing and treating a range of clinical cases across the lifespan.

Once students are deemed competent through the internship, they continue their clinical training with external placements in hospitals, community agencies and a variety of child and adult mental health settings.

To undertake the supervised practice, students need to provide evidence of provisional registration as a psychologist with the Psychology Board of Australia and hold a current blue card as required by the Commission for Children and Young People and Guardian Act (2000).

Int. Start Months	February
Course Coordinator	Enquiries to socialwork@qut.edu.au or 07 3138 4697
Discipline Coordinator	07 3138 4697 socialwork@qut.edu.au

Domestic Entry requirements

2014 applications have closed

All places available in this course have been filled and no further offers for the 2014 intake will be made. If you are considering applying to study in 2015 we recommend you apply in August as places in this course do fill quickly.

Please also read the 2014 course information, including entry requirements, fees, etc as a guide only as it details the 2014 offering and these may change prior to the 2015 intake. 2015 course information will be published in June 2014.

Academic Entry Requirements

A completed recognised 3 year Bachelor degree in any discipline other than social work with a GPA of 4.0 (or higher) on a 7 point scale.

This course is designed for graduates from other disciplines seeking a qualification in social work. It is not suitable for qualified social workers seeking additional postgraduate study.

Limited Places

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

A completed recognised 3 year Bachelor degree in any discipline other than social work with a GPA of 4.0 (or higher) on a 7 point scale.

Applicants who have a Bachelor in Social Work

This course is not designed for students who already have the equivalent of a Bachelor in Social Work. However, QUT recognizes that not all overseas social work qualifications will meet the professional requirements to gain membership with the Australian Association of Social Workers (AASW) and will consider applications from overseas qualified applicants for this course.

Applicants who are qualified Social Workers in their country of residence should also contact AASW (http://www.aasw.asn.au/) to determine the study they may need to undertake to be eligible for membership in Australia.

This assessment may indicate that it will not be necessary for you to complete the full two years of study and you may be eligible for some advanced standing towards your study.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

Graduates will be eligible for membership with the Australian Association of Social Workers (AASW).

Attendance requirements

Students are required to attend compulsory on-campus sessions each semester. This includes a requirement to attend sessions during Orientation Week. All commencing students need to ensure they are available to attend each day from 9am to 5pm.

Other all-day workshops and classes may be held during semesters (including Saturdays) and information wiis available via the class timetable.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the **Additional course requirements and costs** website.

Course articulation

Students admitted to the Master of Social Work may be eligible to exit early with a Graduate Diploma in Social Care (exit only course) or a Graduate Certificate in Social Care (exit only course), depending on choice of units.

Further information

For further information call the School of Public Health and Social Work +61 7 3138 4697 or email socialwork@qut.edu.au

Domestic Course structure

The Master of Social Work consists of 16 units and can be studied full-time (two years) or part-time (four years). Students undertaking the part-time option may complete Summer Program offerings to accelerate their course completion.

The course includes a minimum 980 hours of field placements supervised by a professional social worker. These placements are undertaken over three practice units.

International Course structure

Domestic fee (indicative)	Research Training Scheme funded. Tuition fees may apply for exceeding maximum time - 2014: $11,700 per Study Period (full-time)
International fee (indicative)	2014: $13,900 per Study Period (full-time)
Total credit points	
Start months	Entry is at any time.
Int. Start Months	Entry is available at any time subject to approval
Course Coordinator	Enquiries to health.research@qut.edu.au or 07 3138 8290
Discipline Coordinator	3138 8290 health.research@qut.edu.au

Domestic Entry requirements

- QUT bachelor degree (or equivalent) in health science, applied science, or other approved degree
- Minimum overall grade point average of 5 (on a 7-point scale).
- Applicants may be admitted on the basis of a submission with evidence of other qualifications at the discretion of the Academic Board.

International Entry requirements

- QUT bachelor degree (or equivalent) in health science, applied science, or other approved degree
- Minimum overall grade point average of 5 (on a 7-point scale).
- Applicants may be admitted on the basis of a submission with evidence of other qualifications at the discretion of the Academic Board.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Structure

Students undertake a program of research and investigation on a topic approved by the Faculty Research Committee. Students may be required to undertake an appropriate course of study concurrently with the research program.

The course of study normally includes a program of assessed coursework; participation in University scholarly activities such as research seminars, teaching and publication; regular face-to-face interaction with supervisors; and a program of supervised research and investigation. The course consists of four stages: preparation, confirmation of candidature, implementation and submission of a thesis.

Course Coordination

Students undertake their program of research through one of the Faculty's schools (Human Movement Studies, Nursing and Midwifery, Optometry, Psychology and Counselling, Public Health) or the Social Work and Human Services Academic Unit. Research expertise within the Faculty covers activities in ageing; physical activity, disability, injury and rehabilitation; health and wellbeing; human behaviour; vision; and accident research. Potential students are encouraged to contact the relevant school prior to submitting an application.

Course Duration

The length of the course will vary depending on the applicants' qualifications on admission and their progress during the course. The minimum period of enrolment in the program is:
• 1.5 years for a full-time student with a three year undergraduate degree, or
• one year for a full-time student with a four year undergraduate degree, including honours or other relevant programs (including key research methods, literature review foundations and other coursework requirements), or
• one semester for a full-time student transferring from another higher degree research program.

The maximum period of enrolment for a full-time student is 2 years or equivalent (2 EFTSL).

International Student Entry

QUT advises that international students may enrol only in full-time studies.

Further Information

For more information about this course, please contact the Faculty on +617 3138 8290 or email health.research@qut.edu.au

Domestic Course structure

Students undertake a program of research on a topic approved by the Faculty Research Committee. The course consists of four stages: preparation, research plan, implementation, and submission of thesis. Students may be required to undertake an appropriate course of study concurrently with the research program. The course of study normally includes a program of assessed coursework; participation in university scholarly activities such as research seminars, teaching and publication; regular meetings and interaction with supervisors; and a program of supervised research and investigation.

The course will vary depending on applicants' qualifications on admission and their progression during the

candidature. The minimum period of enrolment in the program is:

- one year for a full-time student with a four-year undergraduate degree, including honours or other relevant programs (including key research methods, literature review foundations and other coursework requirements), or
- one semester for a full-time student transferring from another higher degree research program.

The maximum period of enrolment is two years full-time or part-time equivalent.

Study areas

Health research at QUT is focused on those areas that impact significantly on the health of individuals and communities. We have a student research topic database to help you search for research projects and supervisors in your area of interest. See our current student topics.

Key areas of research strength include:

- Cancer
- Chronic Disease, Supportive and Palliative Care
- Environmental Health
- Exercise, Nutrition and Metabolism
- Health Services
- Infectious Diseases
- Injury Prevention
- Mental Health and Wellbeing
- Social Determinants of Health
- Vision Improvement
- Wound and Tissue Restoration

Major Study Areas

Major study areas include:
- Health Promotion
- Health Services Management and Policy Sciences
- Nursing
- Occupational and Environmental Health Sciences
- Public Health.

Advanced Standing and Articulation

Advanced standing of up to a maximum of 96 credit points may be granted to candidates who have completed an appropriate masters qualification or its equivalent.

The Doctor of Health Science will fully articulate with the Master of Health Science and students who select their program of study to be consistent with the coursework requirements for the Doctor of Health Science will be eligible for the full credit of 96 credit points.

Course Structure

Students undertake 96 credit points of coursework units and 192 research thesis credit points. The coursework is chosen from the major study areas and must be completed before proceeding to the research component.

To achieve the appropriate advanced levels students must:

- choose one of the major study areas
- complete two units in research methods
- complete one unit in theoretical frameworks
- complete four units from this major study area plus one approved elective unit or complete five units from this major study area.

Students are required to attend a compulsory residential program of two days annually during their candidature.

International Student Entry

International students may enrol in February or July in full-time studies.

Further Information

For more information about this course, please contact the Faculty of Health on phone +617 3138 8290 or email health.research@qut.edu.au

Domestic Course structure

Students undertake 96 credit points of coursework units and 192 research portfolio credit points. The coursework is chosen from the major study areas and must be completed before proceeding to the research component.

To achieve the appropriate advanced levels students must:

- choose one of the major study areas
- complete two units in research methods
- complete one unit in theoretical frameworks
- complete four units from the major study area plus one approved elective unit, or complete five units from the major study area
- students are required to attend a compulsory residential program of three days annually during their candidature.

A maximum of 72 credit points may be granted to candidates who have completed an appropriate masters qualification or its equivalent.

Study areas

- Health Promotion
- Health Services Management
- Nursing
- Occupational and Environmental Health Sciences
- Public Health.

Domestic Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate masters degree or professional doctorate (by research or coursework).

Masters and professional doctorates degrees by coursework must contain a significant research component, normally no less than 25 per cent.

Holders of masters and professional doctoral by coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval.

International Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

Financial Guarantee

Acceptable forms of evidence include:

- A letter from an approved employer confirming the continuation of your salary; or
- A signed Scholarship Agreement between QUT and your sponsoring agency; or
- An accepted letter of offer from QUT for a postgraduate research scholarship; or
- An approved external scholarship.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

The Doctor of Philosophy (PhD) offers the opportunity to work with an experienced supervisory research team to make a significant and original contribution to disciplinary knowledge. A PhD candidate's research must reveal high critical ability and powers of imagination and synthesis and may be, depending on discipline, demonstrated in the form of new knowledge or significant and original adaptation, application and interpretation of existing knowledge. This world-class program provides a basis for critical inquiry and welcomes collaborative and interdisciplinary research projects. A QUT PhD graduate will be equipped to seek employment in industry, research organisations and universities.

Entry Requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:
. a relevant first or second class division A honours degree or equivalent, or
. an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:
• have a grade point average of at least 5.0 on a 7 point scale and
• present evidence of research experience and potential for approval

Doctor of Philosophy (Hosted by Faculty of Health)

International Student Entry

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:
. a relevant first or second class division A honours degree or equivalent, or
. an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:
• have a grade point average of at least 5.0 on a 7 point scale and
• present evidence of research experience and potential for approval

English language proficiency requires International applicants to meet an IELTS overall bandscore of 6.5 with no sub-score below 6.0.

FINANCIAL GUARANTEE
Acceptable forms of evidence include:
- A letter from an approved employer confirming the continuation of your salary; OR
- A signed Scholarship Agreement between QUT and your sponsoring agency; OR
- An accepted letter of offer from QUT for a postgraduate research scholarship; OR
- An approved external scholarship.

Location & duration

The expected duration of the Doctor of Philosophy is three to four years full-time, or six to eight years part-time. Full-time study is normally conducted on-campus at QUT. Part-time and external study options may be available depending on the project, infrastructure requirements and funding arrangements. Although QUT offers this flexibility, candidates must meet minimum attendance requirements and the university must be satisfied that adequate supervision and resources are available.

International student visas require on-campus study to be completed full-time.

Course Structure

QUT adopts a project management approach. PhD candidates work closely with their supervisory team to meet collegially reviewed milestones leading to timely submission of a thesis for examination. QUT is proud of its record of timely completions and low attrition rates realised by this approach.

During candidature the supervisor and other key stakeholders will provide advice and direction to the candidate to encourage their participation in university scholarly activities such as research seminars, teaching and publication. The length of the thesis varies according to the topic, but should normally be no longer than 100,000 words, excluding bibliography.

Doctoral studies may be completed in any area of research interest supported by the Faculty of Health. Current areas include

- Movement coordination and control
- Injury prevention and Rehabilitation
- Fitness, health and wellbeing
- Prevention and management of chronic disease
- Physical education
- Nursing research
- Cornea and contact lens
- Optical and visual performance
- Psychological therapies and counselling
- Social, cognitive and developmental processes
- Physical and psychological health
- Road Safety and traffic psychology
- Disease prevention and management
- Environmental health
- Health services research

The descriptions of research specialisations available are provided as a guide only and research in other related areas is welcomed.

Fees

Australian citizens and permanent residents will be awarded a Research Training Scheme (RTS) place. Domestic students are not required to apply for an RTS entitlement, as it will be automatically allocated. The RTS covers tuition fees but not other study related costs. PhD Students are entitled to four years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for extension, however the University may charge fees for the period of the program, which exceeds the student's entitlement. The University determines the fee level for domestic and international students.

Credit points full-time sem.	48
Credit points part-time sem.	24
Start months	February Closing date for applications is 1 October of the previous year in which you are applying for entry. Note: There will be no further intakes into this program after 2014.
Int. Start Months	February Closing date for applications is 1 October of the previous year in which you are applying for entry. Note: There will be no further intakes into this program after 2014.
Course Coordinator	Enquiries to psychology@qut.edu.au or 07 3138 4520
Discipline Coordinator	07 3138 4520 psychology@qut.edu.au

Domestic Entry requirements

Academic Entry Requirements

- Completed a recognised psychology honours degree (or higher) with first and upper second class honours; or
- Completed a recognised Postgraduate Diploma in Psychology (or equivalent) with a grade point average (GPA) of at least 5.5 (on a 7 point scale)
- The degree must be accredited by the Australian Psychology Accreditation Council (APAC) as a 4-year training (or equivalent) program; e.g. PY09 Bachelor of Behavioural Science (Honours Psychology) at QUT
- Applicants with overseas qualifications must provide certification from the Australian Psychological Society (APS) stating their degree is equivalent to APAC-approved, 4-year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional Entry Requirements

- 2 completed referee reports (PDF file, 357 KB)
- Completed questionnaire (PDF file, 338 KB)
- Interview - if shortlisted

Early Closing Date

Applications close on 1 October. Applications, referee reports and/or questionnaires received after this date will not be accepted.

Additional Information

Applicants are shortlisted in priority order on the basis of their grade point average (GPA), referee reports and questionnaire. Shortlisted applicants will be contacted in mid-October to attend an in-person interview at the Kelvin Grove campus in late October/early November to assess their interpersonal and research skills in a clinical context. Admission is based on grade point average (GPA), interview, questionnaire, and referee reports.

Note

There will be no further intakes into this program after 2014.

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

Entry to this course is competitive. Applications close on 1 October. To be considered for admission you must have:

- Australian Psychology Accreditation Council (APAC) - approved four-year training (or equivalent) with first-class honours or second-class honours Division A from a recognised institution, or
- minimum grade point average (GPA) of 5.5 (on a 7-point scale) in the Postgraduate Diploma in Psychology (or equivalent).

All applicants must also:

- provide two referee reports
- attend an interview to assess interpersonal and research skills in a clinical context

How to apply

You must submit the following by 1 October:

- Completed F Form
- Attached all relevant documents as requested in the F Form (eg academic transcript and award certificates)
- Attach your Australian Psychological Society (APS) letter showing the assessment outcome of your Psychological Qualifications. The Australian Psychological Society (APS) assesses the level at which an applicant's overseas qualifications are comparable to an Australian Psychology Accreditation Council (APAC) - accredited sequence of study in psychology. To have your qualification assessed please contact APS. More information is available on the Australian Psychological Society (APS) website.
- Attach your completed PG Psychology Questionnaire 2014 (PDF file, 338.17 KB)
- Attach two Master of Psychology and Doctor of Psychology referee report 2014 (PDF file, 356.69 KB)

If you are shortlisted you will be contacted for a telephone interview.

You will be notified of the outcome late December or early January.

Note

There will be no further intakes into this program after 2014.

Doctor of Psychology (Clinical)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.0

Discontinuation of the course

This course has been discontinued and no new admissions will be accepted from first semester 2015.

Professional Recognition

The course meets the requirements for accreditation by the Australian Psychology Accreditation Council and the Australian Psychological Society College of Clinical Psychologists. Graduates meet the requirements for registration by the Psychology Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx

Please refer to the Psychology Board of Australia website: http://www.psychologyboard.gov.au/Registration-Standards.aspx for additional information on the Board's Registration Standards.

Course Articulation

The option to exit early with a Master of Clinical Psychology is available, subject to successful completion of the required units.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +617 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The doctorate comprises 24 units made up of 10 professional coursework units, eight research units and six practicum units.

To undertake the supervised practice, students need to provide evidence of provisional registration as a psychologist with the Psychology Board of Australia and hold a current blue card as required by the Commission for Children and Young People and Guardian Act (2000).

International Course structure

Course Description

The QUT Study Abroad Certificate is awarded to students who complete one semester of an approved study program. To be eligible, you must successfully complete 48 credit points with a minimum grade of 4 in each unit. These units can be used for 48 academic credit points at your home institution (subject to approval by the home institution).

What can I study?

You can select from a comprehensive range of QUT subjects and custom-design your program to suit your interests and meet the requirements of your home university. You can choose from over 2200 units, including well over 300 pre-approved units for Study Abroad and Exchange students, in Built Environment and Engineering, Business, Creative Industries, Education, Health, Law, Justice and Science and Technology.

Entry Requirements

To be eligible for the Study Abroad program you need:

• a minimum one year of full-time study at a recognised university (this criteria applies to a majority of applicants however, high school students from some countries may meet the entry requirements).
• a GPA (Grade Point Average) of 2.5 or better (on a 4-point scale) or equivalent.
• an English Language Proficiency level in accordance with QUT requirements* if English is not your first language (QUT requirements are an IELTS overall score of 6.5 with no less than 6.0 in the sub-bands, or a TOEFL score of 575, or a computerised TOEFL score of 230).

* You may be exempt from taking a formal test if your secondary or post-secondary studies were conducted entirely in English and you have passed an English language subject or one or more Communication subjects.

If students meet academic entry requirements but do not meet English requirements please email stae@qut.edu.au for alternative entry options.

Domestic Course structure

Units are subject to availability, faculties hold the final decision on students eligiblity to the pre-approved units.
