

Transformation Masterclass: Designing your Transformation Roadmap

Successful organisational change begins by thinking differently, challenging the status quo and focusing on the long-term.

Begin your organisational change journey by examining contemporary perspectives on organisational capabilities, resourcing, priorities, pain-points, and culture. Learn the key concepts, frameworks and milestones critical for a successful transformation strategy and design a transformation roadmap for your organisation.

Evolve with QUTeX

Develop a deep understanding of the milestones and momentum vital for successful organisational change and future-proof your organisation with QUTeX. Gain insights and diverse perspectives on transformation strategies and apply this knowledge by commencing your transformation roadmap.

Core concepts

- Commence your transformation strategy or review your progress;
- Examine the organisational capabilities required for effective transformation and future success;
- Scrutinise your resourcing structure and pinpoint a pathway to ensure capacity for transformation;
- Identify transformation priorities and potential pain-points; and
- Explore the cultural changes needed to optimise leadership and drive the desire for change.

Who should participate?

This course gives mid to senior leaders, including learning, development and change managers, a quick-start guide to transformation strategy and an understanding of the impact of radical organisational change on people and processes.

Your expert facilitators Dr Shari Read and Professor Garth Britton

Dr Shari Read

Dr Shari Read is an award-winning educator with a special focus on human-centred, transformation, transformational leadership and future-oriented workplaces. Her research focuses on understanding how effective leaders of transformation think, what they pay attention to and their ability to see things from different perspectives.

Professor Garth Britton

Professor Garth Britton has a deep and practical understanding of the challenges of managing across cultures, building effective teams across cultural and geographic boundaries, and developing leaders who can operate in diverse and difficult conditions. His interests include organisational culture and change; organisational design and development; coaching approaches to leadership; co-design and social innovation; and researcher-practitioner collaboration in public management.
