

# Enterprise Leadership: Leading in the Government Context

Fast-track your understanding of government structures and processes to supercharge your public sector career and deliver exceptional public value.

The institutions which guide political life in Australia are complex. It is essential public sector managers understand the impact these institutions have on the policy work of public sector agencies.

Successful public sector managers have a clear understanding of government structures, the context in which the public sector operates, and strategies to work creatively and collaboratively.

Ensure you have the skills and knowledge to deliver public value and achieve positive outcomes.

### Evolve with QUTeX

Develop your understanding of the environment in which public sector agencies operate with QUTeX's Enterprise Leadership Program (ELP). Leading in the Government Context will teach you strategies to deliver public value through reform and the critical analyses of current frameworks.

### Who should participate?

Leading in the Government Context upskills high performing enterprise leaders in the public sector and those entering the sector from non-government and private organisations. It will particularly benefit those wanting to demonstrate political acumen and develop their managerial skills to further their government impact.

As part of QUT's Enterprise Leadership series, this course aligns to the [Leadership competencies for Queensland](#). Call our team on 07 3138 6573 to learn more, or [download the competency map](#).

### Core concepts

Via an immersive delivery, Leading in the Government Context develops participants abilities to:

### Graduate Certificate in Business (Enterprise Leadership)

Did you know that you can transform your leadership development into a postgraduate qualification?

This Enterprise Leadership module can be completed with an additional (optional) Credential unit. This provides you with the accreditation needed to go towards the completion of a Graduate Certificate in Business (Enterprise Leadership), an MBA, or an Executive MBA.

To attain this qualification, you will need to complete two core Enterprise Leadership modules (Leading Self and Others and Actioning Strategic Innovation) plus any two electives from the available Enterprise Leadership modules.
