

# CPA Program Learning Support Workshops

For candidates who are completing the **Ethics and Governance** and/or **Australian Taxation** modules of the CPA program.

## Overview

QUTeX will run a series of workshops to provide support for candidates undertaking the Ethics and Governance and Australian Taxation modules in Semester 1, 2020.

The workshops will commence in February 2020 and will run in conjunction with the study timetable recommended by CPA Australia for students to observe when studying the module.

The CPA study guide supplied to candidates will be used as the basis of the content to be covered each fortnight.

Experienced QUT lecturers will walk CPA candidates through each chapter of the study guide and provide practical examples designed to bring the content to life, as well as providing useful tips and techniques on how to best answer the exam questions.

## Evolve with QUTeX
