Year	2023
QUT code	ID14
CRICOS	096569J
Duration (full-time)	5 years
Duration (part-time domestic)	9 years
ATAR/Selection rank	79.00
Offer Guarantee	Yes
Campus	Gardens Point, Kelvin Grove
Domestic fee (indicative)	2023: CSP \$8,200 per year full-time (96 credit points)
International fee (indicative)	2023: \$33,000 per year full-time (96 credit points)
Total credit points	480
Credit points full-time sem.	48
Start months	July, February
Int. Start Months	July, February
Deferment	You can defer your offer and postpone the start of your course for one year.

Domestic Entry requirements

Year 12 early offer scheme

If you're a current Queensland Year 12 student, you may be eligible to receive an offer for this course on the last day of Queensland Year 12, before receiving your ATAR or selection rank.

[Find out more about the QUT Year 12 Early Offer Scheme](#)

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Entry requirements

Prerequisites

Satisfactory completion of Year 12 in an Australian school system or equivalent.

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)

Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Domestic Course structure

In order to complete this course, you must complete a total of 480 credit points, made up of 192 credit points from the Bachelor of Design and 288 credit points from the Bachelor of Engineering (Honours). You will study design and engineering units in your first four years, and for the remainder of this course you will concentrate on engineering studies.

Creative Industries component

Your creative industries studies will

include:

- a design major (144 credit points), including four shared foundation units (48 credit points) and 96 credit points from the interaction design discipline
- four school-wide impact lab units (48 credit points).

Engineering component

Your engineering studies will include:

- four core units (48 credit points) and two core options (24 credit points)
- eight engineering major units (96 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering
- civil engineering
- computer and software systems engineering
- electrical engineering
- electrical and aerospace engineering
- mechatronics engineering
- mechanical engineering
- medical engineering

Study overseas

Study overseas while earning credit towards your QUT degree with one of our worldwide exchange partners.

Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in either degree area, depending on how they match with your QUT course.

Engineering component

Your engineering studies will include:

- four core units (48 credit points) and two core options (24 credit points)
- one block of 10 major units (120 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering
- civil engineering
- computer and software systems engineering
- electrical engineering
- electrical and aerospace engineering
- mechatronics engineering

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Entry requirements

Prerequisites

Satisfactory completion of Year 12 in an Australian school system or equivalent.

International Assumed knowledge

- General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Domestic Course structure

In order to complete this course, you must complete a total of 384 credit points, made up of 192 credit points from the Bachelor of Design (Interaction Design) and 192 credit points from the Bachelor of Information Technology. You will undertake the two components of the double degree concurrently.

Design component

You will complete:

- four school-wide impact lab units (48 credit points)
- the interaction design major (144 credit points), including: four shared foundation units (48 credit points) seven units (96 credit points) from the discipline.

Information technology component

You will complete:

- six core units (72 credit points)
- ten major core units (120 credit points) from one of the specified majors: computer science or information systems.

Study overseas

[Study overseas](#) while earning credit towards your QUT degree with one of our worldwide exchange partners.

Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in either degree area, depending on how they match with your QUT course.

Domestic Entry requirements

Prerequisites

- English, or literature, or English and literature extension, or English as an additional language (units 3 & 4, C)
- General mathematics, mathematical methods or specialist mathematics (units 3 & 4, C)

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

[How to meet prerequisite requirements](#)

Non-academic entry requirements

You must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

To demonstrate this you must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. Details are available from the [QTAC initial teacher education webpage](#).

If you've achieved a satisfactory result for one or more components of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the satisfactory result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at unsatisfactory after two test attempts for that component.

Overseas qualifications

We will consider equivalent overseas qualifications for admissions purposes. If you have tertiary qualifications from countries where English is not the standard language of instruction, you must provide evidence of English language proficiency.

English language proficiency

We require students to demonstrate they can speak, write, read and comprehend academic English to a specified standard.

Our English proficiency requirements for this course are:

- IELTS (Academic): 6.5 or better

overall with no subscore below 6.0

The test must have been completed within 2 years prior to the proposed course start month.

International Entry requirements

Prerequisites

You must have passed four semesters (Units 3 & 4, C) at an Australian high school level or equivalent:

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C); *and*
- at least one of General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C).

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

[How to meet prerequisite requirements](#)

Additional entry requirements

Pass the Initial Teacher Education Course (ITE) capabilities criteria.

Applicants must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

You must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. In the questionnaire you will be asked to:

- Rank a series of potentially appropriate statement responses, in order of what you think is most to least important.
- Provide two x 500 word written statements addressing the categories and indicators as outlined on the [Teacher Entry Fact Sheet](#).

QUT will send you details on how to complete the Initial Teacher Education Course (ITE) Capabilities Criteria questionnaire and submit your written statements after you have lodged an application.

If you've achieved a 'satisfactory' result for one or more components of the

Bachelor of Education (Secondary)/Bachelor of Information Technology

Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the 'satisfactory' result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at 'unsatisfactory' after two test attempts for that component.

Minimum English requirements

Students must meet the English proficiency requirements.

Domestic Entry requirements Prerequisites

- English, or literature, or English and literature extension, or English as an additional language (units 3 & 4, C)
- General mathematics, mathematical methods or specialist mathematics (units 3 & 4, C)

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

[How to meet prerequisite requirements](#)

Non-academic entry requirements

You must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

To demonstrate this you must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. Details are available from the [QUTAC initial teacher education webpage](#).

If you've achieved a satisfactory result for one or more components of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the satisfactory result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at unsatisfactory after two test attempts for that component.

Overseas qualifications

We will consider equivalent overseas qualifications for admissions purposes. If you have tertiary qualifications from countries where English is not the standard language of instruction, you must provide evidence of English language proficiency.

English language proficiency

We require students to demonstrate they can speak, write, read and comprehend academic English to a specified standard.

Our English proficiency requirements for this course are:

- IELTS (Academic): 6.5 or better

overall with no subscore below 6.0

The test must have been completed within 2 years prior to the proposed course start month.

International Entry requirements Prerequisites

You must have passed four semesters (Units 3 & 4, C) at an Australian high school level or equivalent:

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C); *and*
- at least one of General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C).

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

Additional entry requirements

Pass the Initial Teacher Education Course (ITE) capabilities criteria.

Applicants must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

You must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. In the questionnaire you will be asked to:

- Rank a series of potentially appropriate statement responses, in order of what you think is most to least important.
- Provide two x 500 word written statements addressing the categories and indicators as outlined on the [Teacher Entry Fact Sheet](#).

QUT will send you details on how to complete the Initial Teacher Education Course (ITE) Capabilities Criteria questionnaire and submit your written statements after you have lodged an application.

If you've achieved a 'satisfactory' result for one or more components of the

Bachelor of Education (Secondary)/Bachelor of Fine Arts (Creative Writing)

Successful audition

We encourage you to apply as soon as possible. As part of your application you must submit your supporting documents including audition videos (via YouTube links).

Supporting documents and audition videos

When submitting your application form, you will be required to submit your supporting documents. This should include:

- [Tertiary Dance Council personal statement \(PDF file, 46.6 KB\)](#)
- [Tertiary Dance Council physiotherapist report \(PDF file, 190.5 KB\)](#)
- you will also be required to film two audition videos and one personal statement video. These videos should be uploaded to YouTube, and URL links provided with your application.

Audition videos preparation

Your video may be shot on any device including a mobile phone. Please see [YouTube best practice guide](#) for recording on a mobile phone. When uploading videos to YouTube, be sure to set to [unlisted](#).

Personal statement video

Please cover the following points in your personal statement video:

- brief personal and dance training history
- course preference: Bachelor of Fine Arts (Dance) or Bachelor of Education (Secondary)/Bachelor of Fine Arts (Dance)
- your chosen career path (e.g. choreography, teaching, teaching artist, arts management).

Audition videos

Please demonstrate the following exercises. Exercises should be kept short and simple so that the fundamental elements of the work may be observed. Musical accompaniment is preferred. We need to see your body moving so please wear plain coloured, tightfitting clothing. If you do not own tights, please wear plain coloured bike shorts or compression pants. If you do not own a leotard please wear a plain coloured, tight fitting t-shirt or singlet. No prints please. Jazz boots or dance sneakers can be worn in jazz/hip-hop but are not compulsory.

Video one

Contemporary centre work:

- a sequence of floor work
- an exercise demonstrating movement isolations and/or spinal flexibility
- a travelling sequence.

Jazz/Hip-hop centre work:

- a short sequence including some floorwork.

Video two

Creative:

- a one-minute solo performance in a dance genre of the applicant's choice, choreographed by the applicant or another individual.

Selection criteria

The selection panel will assess your movement potential, physical suitability and alignment, sense of musicality, potential artistry and creativity, and your degree of confidence. The selection panel looks for confidence, appropriate quality and performance integrity. Demonstration of an openness to learning, self-initiative

Bachelor of Education (Secondary)/Bachelor of Fine Arts (Dance)

in the application of knowledge and skills, and a passion and commitment to a professional career in the dance industry are highly regarded.

Audition feedback

Due to the large number of applications received, we can't provide feedback to applicants.

Domestic Entry requirements Prerequisites

- English, or literature, or English and literature extension, or English as an additional language (units 3 & 4, C)
- General mathematics, mathematical methods or specialist mathematics (units 3 & 4, C)

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

[How to meet prerequisite requirements](#)

Non-academic entry requirements

You must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

To demonstrate this you must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. Details are available from the [QUTAC initial teacher education webpage](#).

If you've achieved a satisfactory result for one or more components of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the satisfactory result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at unsatisfactory after two test attempts for that component.

Overseas qualifications

We will consider equivalent overseas qualifications for admissions purposes. If you have tertiary qualifications from countries where English is not the standard language of instruction, you must provide evidence of English language proficiency.

English language proficiency

We require students to demonstrate they can speak, write, read and comprehend academic English to a specified standard.

Our English proficiency requirements for this course are:

- IELTS (Academic): 6.5 or better

overall with no subscore below 6.0

The test must have been completed within 2 years prior to the proposed course start month.

International Entry requirements Prerequisites

You must have passed four semesters (Units 3 & 4, C) at an Australian high school level or equivalent:

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C); *and*
- at least one of General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

[How to meet prerequisite requirements](#)

Additional entry requirements Pass the Initial Teacher Education Course (ITE) capabilities criteria.

Applicants must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

You must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. In the questionnaire you will be asked to:

- Rank a series of potentially appropriate statement responses, in order of what you think is most to least important.
- Provide two x 500 word written statements addressing the categories and indicators as outlined on the [Teacher Entry Fact Sheet](#).

QUT will send you details on how to complete the Initial Teacher Education Course (ITE) Capabilities Criteria questionnaire and submit your written statements after you have lodged an application.

If you've achieved a 'satisfactory' result for one or more components of the

Bachelor of Education (Secondary)/Bachelor of Fine Arts (Drama)

Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the 'satisfactory' result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at 'unsatisfactory' after two test attempts for that component.

Minimum English requirements

Students must meet the English proficiency requirements.

Domestic Entry requirements

Prerequisite subjects

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- General Mathematics, Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

How to meet prerequisite requirements

Additional entry requirements

You must successfully complete an audition.

You must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

To demonstrate this you must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. Details are available from the [QTAC initial teacher education webpage](#).

If you've achieved a 'satisfactory' result for one or more components of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the 'satisfactory' result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at 'unsatisfactory' after two test attempts for that component.

Overseas qualifications

We will consider equivalent overseas qualifications for admissions purposes. If you have tertiary qualifications from countries where English is not the standard language of instruction, you must provide evidence of English language proficiency.

English language proficiency

We require students to demonstrate they can speak, write, read and comprehend academic English to a specified standard.

Our English proficiency requirements for this course are:

- IELTS (Academic): 6.5 or better overall with no subscore below 6.0

The test must have been completed within 2 years prior to the proposed course start month.

Important dates

- Tuesday 2 August 2022

QTAC applications, [change of major or minor form](#) and the [QUT online registration form](#) open.

- 5pm Monday 26 September 2022 ([Brisbane time](#))

All applications and application forms close. Requests for applications and registrations after this date will not be considered. Make sure you allow adequate time to complete each stage of your application before application closing time.

Please note that the audition process involves pre-recording and/or uploading audition and personal statement videos to submit with your application (via YouTube URL links).

How to apply

Step 1

Apply through [QTAC](#).

Current ID24 Bachelor of Education (Secondary)/Bachelor of Fine Arts double degree students changing major must instead submit a [change of major or minor form](#).

Step 2

Complete the [QUT online registration form](#). You must have a valid QTAC number or current QUT student ID number to complete this step.

As part of the application process, you will be required to submit the following:

- supporting documentation
- two audition video YouTube links
- one personal statement YouTube link.

You must pay the non-refundable \$75 application service fee via QUTPay. If you're applying via the [Educational Access Scheme](#) or the [Centralised Assessment Selection Program](#), you are exempt from the fee.

Your application is complete once you reach the confirmation notice screen and receive your confirmation email.

Supporting documentation

When submitting your online application, you will be required to upload your supporting documentation. This should include:

- a CV (curriculum vitae) of no more than two pages, which includes your formal and informal learning and experiences in the field of music
- evidence of your highest musical achievements.

Please upload your supporting documentation as one combined file only.

Application preparation

[Music application preparation \(PDF file, 801.21 KB\)](#)

Your personal statement video should commence with an explanation of your role in the creation of your audition videos, including how you created them and your aims in creating them.

Audition feedback

Due to the large number of applications received, we can't provide feedback to applicants.

When do I find out the outcome?

- QTAC applications: [outcomes](#) will be viewable from mid November
- change of major or minor applications: if you have been recalled you will receive notification on your application outcome by no later than early January

Selection process

To be considered for an offer you need to:

- Meet the ATAR/Selection Rank threshold
- Pass the audition
- Have a competitive audition score

International Entry requirements

Prerequisites

You must have passed four semesters (Units 3 & 4, C) at an Australian high school level or equivalent:

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C); *and*
- at least one of General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing

bridging courses.

[How to meet prerequisite requirements](#)

Additional entry requirements Pass the Initial Teacher Education Course (ITE) capabilities criteria.

Applicants must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

You must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. In the questionnaire you will be asked to:

- Rank a series of potentially appropriate statement responses, in order of what you think is most to least important.
- Provide two x 500 word written statements addressing the categories and indicators as outlined on the [Teacher Entry Fact Sheet](#).

QUT will send you details on how to complete the Initial Teacher Education Course (ITE) Capabilities Criteria questionnaire and submit your written statements after you have lodged an application.

If you've achieved a '*satisfactory*' result for one or more components of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the '*satisfactory*' result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at '*unsatisfactory*' after two test attempts for that component.

Successful audition

We encourage you to apply as soon as possible. As part of your application you must submit your supporting documents including audition videos (via YouTube links).

Supporting documents and audition videos

When submitting your application, you will be required to upload your supporting documentation. This should include:

- a CV (curriculum vitae) of no more than 2 pages which includes your formal and informal learning and experiences in the field of music.
- evidence of your highest musical achievements.
- you will also be required to record

two audition videos and one personal statement video. These videos should be uploaded to YouTube, and URL links provided with your application.

Audition video preparation

Your video may be shot on any device including a mobile phone. Please see [YouTube best practice guide](#) for recording on a mobile phone. When uploading videos to YouTube, be sure to set to [unlisted](#).

Personal statement video

Your personal statement video should address the following five points and be no longer than five minutes:

- your role in the creation of your audition videos, including how you created them and your aims in creating them
- your past experiences in music activities
- what sort of music you enjoy playing, making and listening to
- your ambitions during your studies and beyond
- how study music at QUT will help you achieve your musical goals.

Audition videos

You are required to submit two audition videos with your application. Present two musical pieces with a total duration of no more than 10 minutes. It is beneficial if at least one piece is your own song, composition or improvisation, or a piece that you have made a significant contribution to.

The musical pieces may comprise of:

- live performances of two contrasting pieces; *OR*
- presentation of two contrasting recorded pieces; *OR*
- live performances of one piece and presentation of one recorded piece.

If your audition video is a live performance, video of yourself performing should be included.

Live performance

You can perform on any instrument - orchestral, acoustic, amplified, electronic (eg. computer, turntable etc.), non-western (eg. sitar, djembe, etc.). You can audition on more than one instrument so long as it fits within your 10 minute total duration.

Recorded pieces

Suitable items include written and/ or performed compositions for acoustic instruments, music realised using

Bachelor of Education (Secondary)/Bachelor of Fine Arts (Music)

computer software, pop songs and other musical types, recorded/engineered/produced music, etc, that you have created or been involved in creating.

Selection criteria

The selection panel considers your creativity and originality of approach, technically and creatively appropriate skills in presentation, clear articulation of musical approach, general sense of musicality and musical engagement and the diversity of material presented.

The selection panel also looks for evidence (in your personal statement video and supporting documentation) of a strong track record in relevant music activities and knowledge of the QUT Creative Industries music course and how this relates to your own personal goals and potential for continued growth in your music understanding and practice.

Audition feedback

Due to the large number of applications received, we can't provide feedback to applicants.

Minimum English requirements

- a CV of no more than 2 pages, outlining both formal and informal learning and experiences in the field of visual arts

Portfolio preparation

[Visual arts portfolio template \(PDF file, 204.6 KB\)](#)

Your portfolio should consist of 10 digital images in a PDF or PowerPoint (.pptx) file that best demonstrate your current art achievements, working processes, commitment, and potential.

Please use the above template as a guide in developing your portfolio.

- The cover slide should include your full name.
- Each image following the cover slide of your portfolio must be placed on a plain background with a caption that includes the title, year it was produced, medium, dimensions and/or duration.
- Any videos included in your portfolio should be represented by a still image with caption and a URL link to the video on YouTube or Vimeo. When uploading videos to YouTube, be sure to set to unlisted.

Your interview

You will be assigned a Zoom interview time after your application is submitted. Interviews are conducted in English. We will advise you via email of the Zoom meeting ID that can be used to join your scheduled interview session.

During the interview you will be asked about the kinds of contemporary art and artists that interest you as well as your knowledge of contemporary art practice in general. You should also be prepared to discuss the reasons for your interest in this course.

Selection criteria

The selection panel considers your ability to think creatively and explore and develop ideas. The selection panel also looks for evidence of versatility, inventiveness and self-directed practice, and your awareness of contemporary art. We also look for applicants who can demonstrate an awareness of the unique features of our course and what it offers them as an aspiring creative practitioner.

Domestic Entry requirements

Prerequisites

- English, or literature, or English and literature extension, or English as an additional language (units 3 & 4, C)
- General mathematics, mathematical methods or specialist mathematics (units 3 & 4, C)

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

[How to meet prerequisite requirements](#)

Non-academic entry requirements

You must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

To demonstrate this you must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. Details are available from the [QTAC initial teacher education webpage](#).

If you've achieved a satisfactory result for one or more components of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the satisfactory result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at unsatisfactory after two test attempts for that component.

Overseas qualifications

We will consider equivalent overseas qualifications for admissions purposes. If you have tertiary qualifications from countries where English is not the standard language of instruction, you must provide evidence of English language proficiency.

English language proficiency

We require students to demonstrate they can speak, write, read and comprehend academic English to a specified standard.

Our English proficiency requirements for this course are:

- IELTS (Academic): 6.5 or better

overall with no subscore below 6.0

The test must have been completed within 2 years prior to the proposed course start month.

International Entry requirements

Prerequisites

Prerequisites are the subject(s) below you must meet before you are considered for entry:

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- General Mathematics, Mathematical Methods or Specialist Mathematics (Units 3 & 4, C)

Haven't completed the prerequisite subjects?

You may be able to meet the prerequisite requirements if you've completed equivalent subjects or by completing bridging courses.

[How to meet prerequisite requirements](#)

Additional entry requirements

Pass the Initial Teacher Education Course (ITE) capabilities criteria.

Applicants must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

You must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. In the questionnaire you will be asked to:

- Rank a series of potentially appropriate statement responses, in order of what you think is most to least important.
- Provide two x 500 word written statements addressing the categories and indicators as outlined on the [Teacher Entry Fact Sheet](#).

QUT will send you details on how to complete the Initial Teacher Education Course (ITE) Capabilities Criteria questionnaire and submit your written statements after you have lodged an application.

If you've achieved a 'satisfactory' result for one or more components of the Literacy and Numeracy Test for Initial

Bachelor of Education (Secondary)/Bachelor of Business

Teacher Education (LANTITE) at another institution, the 'satisfactory' result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at 'unsatisfactory' after two test attempts for that component.

Minimum English requirements

Students must meet the English proficiency requirements.

Domestic Course structure Your course

In order to complete this course, you must complete a total of 384 credit points, made up of 192 credit points from the Bachelor of Creative Industries and 192 credit points from the Bachelor of Data Science. You will undertake the two components of the double degree concurrently.

Creative Industries component

The core of the program centres on Creative Enterprise studios that offer authentic, problem-based activities, coupled with work integrated learning, skills in entrepreneurship and commercial links that engage in creative start-ups. Early in your degree, you choose 24 credit points of introductory units to experience your preferred majors, with the option to undertake defined breadth units in other relevant areas. Using this experience, you then decide upon a creative industries major.

You will complete:

- Core units - 72 credit points
- Creative Industries introductory units - 24 credit points
- A Creative Industries major - 96 credit points from one of the

specified majors including: Creative and Professional Writing; Media and Communication; Drama and Performance; Entertainment; Fashion Communication; Interactive and Visual Design; Music and Sound; and Screen Content Production.

Data Science component

You will complete 192 credit points of Data Science core units.

Study overseas

Overview

The entrepreneurial nature of the Bachelor of Creative Industries makes this an ideal double degree with business. Some combinations may be particularly complementary in building related skill sets, for example film, television and screen with marketing; or creative and professional writing with public relations. Alternatively, you may be interested in pursuing a professional business career, such as accounting, finance or human resource management within a creative industries environment.

Course Design

In order to complete this course, you must complete a total of 384 credit points comprising 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Creative Industries. You will undertake the two components of the double degree concurrently.

Business component:

You must complete the 96 credit point Business Core Units together with a 96 credit point Business Major. You will choose a major from accounting, advertising, economics, finance, human resource management, international

business, management, marketing or public relations. Accountancy students will undertake 6 specified Business Core units and 10 Accountancy Major Core units in order to meet the professional recognition requirements.

Creative Industries component:

You will complete Creative Industries core units (96 credit points) and a Creative Industries major (96 credit points) from one of the following disciplines (Animation; Art and Design History; Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion Communication; Film, Television and Screen; Interactive and Visual Design; Journalism; Literary Studies; Media and Communication; and Music).

Career Outcomes

Through the combination of creative industries with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration, marketing, managing or balancing the books for creative projects and businesses.

You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise in the performance, visual or production arts. Please refer to the Faculty of Business prospectus to find out more about the business majors.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#).

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

As with the creative industries as a whole, contemporary drama and performance are evolving to incorporate technology, cross disciplinary practice, experimentation and commercialisation.

Performance making is not limited to the theatre: performers express their ideas by creating their own works for festivals, site-specific and public events.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Drama) comprises 192 credit points.

Your business degree component

comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Drama discipline.

Career Outcomes

As a multiskilled graduate you will seek to complement your artistic career with paid employment in related areas. Graduates work as event coordinators, festival organisers and administrators. Some establish companies with other graduates to create work for the independent theatre sector. Graduates have established successful careers as playwrights, artistic directors, directors, designers or performers working across a variety of genres including physical theatre or music.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours) (Study Area A) or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

The business majors are accounting, advertising, economics, finance, financial planning, human resource management, international business, management, marketing and public relations. Accounting students will complete 10 major units and six Business School core units in order to meet professional recognition requirements.

Fine arts component

You will complete two common units (24 credit points) and a fine arts major (168 credit points) in film, screen and new media.

Study overseas

[Study overseas](#) while earning credit towards your QUT degree with one of our

worldwide exchange partners.

Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in either degree area, depending on how they match with your QUT course.

International Course structure

Your course

In order to complete this course, you must complete a total of 384 credit points, made up of 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Fine Arts. You will undertake the two components of the double degree concurrently.

Business component

The business component is made up of 96 credit points of Business School core units and 96 credit points of units from a business major. The business majors are accounting, advertising, economics, finance, financial planning, human resource management, international business, management, marketing and public relations. Accounting students will complete 10 major units and six Business School core units in order to meet professional recognition requirements.

Domestic Entry requirements Additional entry requirements

You must successfully:

- submit a portfolio
- complete an interview.

Important dates

- Tuesday 3 August 2022

QTAC applications [change of major or minor form](#), and the [QUT online registration form](#) open.

- 5pm Monday 26 September 2022 ([Brisbane time](#))

All applications and application forms close. Requests for applications and registrations after this date will not be considered. Make sure you allow adequate time to complete each stage of your application before application closing time.

You will also select an interview time to be conducted on Zoom in late September/early October.

How to apply

Step 1

Apply through [QTAC](#).

Current KK34 Bachelor of Fine Arts single degree students changing major must instead submit a [change of major or minor form](#).

Step 2

Complete the [QUT online registration form](#). You must have a valid QTAC number or current QUT student ID number to complete this step.

You will be required to upload your portfolio (one file, no larger than 10MB) and supporting documentation (a second file) to your application. You must pay the non-refundable \$75 application service fee via QUTPay. If you're applying via the [Educational Access Scheme](#) or the [Centralised Assessment Selection Program](#), you are exempt from the fee.

Your application is complete once you reach the confirmation notice screen and receive your confirmation email.

Step 3

Attend your nominated interview on Zoom. You can select your interview time through the online registration form. The meeting ID and password will be noted in your confirmation email.

Supporting documentation

When submitting your application, you will be required to upload your supporting documentation. This should include:

- a CV of no more than 2 pages, outlining both formal and informal learning and experiences in the field of visual arts

Please upload your supporting documentation as one file, and your portfolio as a second file in the application system.

Application preparation

[Visual Arts application preparation \(PDF file, 703.2 KB\)](#)

[Visual Arts portfolio template \(PDF file, 204.6 KB\)](#)

Interview dates

You will select a Zoom interview time through the online registration form. The time and date of your interview cannot be changed except in exceptional circumstances.

If you don't attend an interview, on Zoom, you won't be considered for a place in the course.

Zoom interviews

Upon successful submission of the QUT online registration form, you will receive a confirmation email including the Zoom meeting ID that can be used to join your scheduled interview session.

Portfolio and interview feedback

Due to the large number of applications received, we can't provide feedback to applicants.

When do I find out the outcome?

- QTAC applications: [outcomes](#) will be viewable from mid November. The majority of [offers](#) will be made in mid-November and final offers prior to Christmas
- change of major or minor applications: if you have been recalled you will receive notification on your application outcome by no later than early January

Selection process

To be considered for an offer you need to:

- Pass the portfolio and interview
- Have a competitive portfolio/interview score

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)

And for Accounting, Finance, Economics and Marketing majors: General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C).

International Entry requirements

Prerequisites

You must successfully:

- submit a portfolio
- complete an interview
- have completed Australian Year 12 or equivalent qualification

How to apply

Apply for this course via the [QUT Application Portal](#).

We encourage you to apply as soon as possible. As part of your application, you must submit your supporting documents including your portfolio.

Supporting documents

When submitting your application, you will be required to include your supporting documents. This should include:

- your portfolio
- a CV of no more than 2 pages, outlining both formal and informal learning and experiences in the field of visual arts

Portfolio preparation

[Visual arts portfolio template \(PDF file, 204.6 KB\)](#)

Your portfolio should consist of 10 digital images in a PDF or PowerPoint (.pptx) file that best demonstrate your current art achievements, working processes, commitment, and potential.

Please use the above template as a guide in developing your portfolio.

- The cover slide should include your full name.
- Each image following the cover slide of your portfolio must be placed on a plain background with a caption that includes the title, year it was produced, medium, dimensions and/or duration.
- Any videos included in your portfolio should be represented by a still image with caption and a URL link to the video on YouTube or Vimeo.

When uploading videos to YouTube, be sure to set to unlisted.

Your interview

You will be assigned a Zoom interview time after your application is submitted. Interviews are conducted in English. We will advise you via email of the Zoom meeting ID that can be used to join your scheduled interview session.

During the interview you will be asked about the kinds of contemporary art and artists that interest you as well as your knowledge of contemporary art practice in general. You should also be prepared to discuss the reasons for your interest in this course.

Selection criteria

The selection panel considers your ability to think creatively and explore and develop ideas. The selection panel also looks for evidence of versatility, inventiveness and self-directed practice, and your awareness of contemporary art. We also look for applicants who can demonstrate an awareness of the unique features of our course and what it offers them as an aspiring creative practitioner.

Portfolio and interview feedback

Due to the large number of applications received, we can't provide feedback to applicants.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

This course will allow you to follow pathways into a career as a contemporary artist, art professional or art teacher. You will develop an individual art practice by working on projects in unique, open-media studios while also attending classes in modern and contemporary art history and theory. You will discover how to critically evaluate your work and the work of others through group and individual consultations.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Visual Arts) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises 192 credit points from the Visual Arts discipline.

Career Outcomes

This course will allow you to choose your career outcome. Many of our graduates become highly successful practising artists who are represented by commercial galleries and have strong careers in the commissioned and public funding sectors.

Graduates also pursue professional careers as curators or arts managers.

With specialist training in a related field, our graduates also take up positions as creative directors, visual designers and a range of other occupations in the creative industries sector. This course can be followed with a graduate-entry teacher education course, which enables you to become a qualified teacher.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Domestic Course structure

Your course

In order to complete this course, you must complete a total of 384 credit points, made up of 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Fine Arts. You will undertake the two components of the double degree concurrently.

Overview

This course offers you a range of options in combining business knowledge with practical skills and a contextual understanding of media and communication.

The Bachelor of Media and Communication course analyses and seeks new applications for mass, niche and new media. Authentic learning opportunities such as industry placements and projects complement theoretical course content and give you the opportunity to apply your new knowledge.

QUT's Bachelor of Business develops transferable skills to help you succeed in your chosen career, think creatively and critically, communicate professionally, make ethical business decisions and work in a global context.

Course Design

You are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Media and Communication program. You will undertake the two components of the double degree concurrently.

You will undertake 192 credit points of specialist units in media and communication. Your business degree component comprises eight business core units, and eight business major units.

You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. You must complete 96 credit point Business School Core Units in the Business program together with a 96 credit point Major.

Career Outcomes

Graduates use their skills for a variety of professional functions across all industry sectors. Many work in marketing communications, public relations or corporate communications. Others apply their broad media knowledge in the media function of advertising, either as sales executives for media outlets or as media planners and buyers for advertising agencies.

Careers exist in audience and market research, collating and analysing audience data to help media outlets better understand who their audiences are and how they are interacting with their product. Graduates also find employment in media policy development in the public sector and private enterprise. Pathways exist to prepare you for further study including honours.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration—marketing, managing or balancing the books for creative projects and businesses.

The combination of media and communication with advertising, marketing or public relations provides proven professional outcomes in media sales, media marketing and promotions, and in media planning/ buying for advertising agencies. You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise. Please refer to the QUT Business School prospectus to find out more about the business majors.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice

Bachelor of Business/Bachelor of Media and Communication

of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Pathways to Further Study

On successful completion of the Bachelor of Media and Communication, you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

The Bachelor of Behavioural Science (Psychology) component of the program comprises a 3-year undergraduate psychology sequence accredited by the Australian Psychology Accreditation Council (APAC), completed across 4 years of study. On completion of this double degree, students have the option to apply for a 4th year program in psychology, in order to gain provisional

registration as a psychologist.

At any point during your study, you can become a student member of the Australian Psychological Society. Such membership should not be confused with registration as a psychologist. To become a psychologist, you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology)), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

The Bachelor of Justice is highly regarded by the Australian Federal Police, Queensland Police Service and all law enforcement agencies, with many justice graduates gaining employment in these services.

Pathways to further study

On successful completion of the Bachelor of Behavioural Science (Psychology) (including completion of PVB350), you will be eligible to apply for entry into the Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology), provided you have achieved the required GPA.

On successful completion of the Bachelor of Justice, you will be eligible to apply for entry into the Bachelor of Justice (Honours), provided you have achieved the required GPA.

Course Structure Information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Creative Industries program and 336 credit points for the Bachelor of Laws program. You will study creative industries and law units in your first four years and for the remainder of this course you will concentrate on law studies.

Under the Creative Industries component you will complete 8 Creative Industries core units (96 credit points) and a Creative Industries major (96 credit points) from one of the following disciplines (Animation; Art and Design History; Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion; Film, Television and Screen; Interactive and Visual Design; Journalism; Literary Studies; Media and Communication; and Music).

Under the Law component students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336

Total credit points for core units: 240
Total credit points for elective units: 96

Honours Level Units
96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons): LLH201 Legal Research, LLH206 Administrative Law, LLH302 Ethics and the Legal Profession, LLH305 Corporate Law, LLH401 Legal Research Capstone (24 cps) and two Advanced Electives in law.

Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

Career Outcomes

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

Bachelor of Creative Industries/Bachelor of Laws (Honours)

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations.

Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Course structure information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Fine Arts and 336 credit points for the Bachelor of Laws program. You will study fine arts and law units in your first four years and for the remainder of this course you will concentrate on law studies.

The Bachelor of Fine Arts component is made up of 192 credit points from the Creative and Professional Writing major.

Under the Law component students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336
 Total credit points for core units: 240
 Total credit points for elective units: 96

Honours Level Units
 96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons):
 LLH201 Legal Research,
 LLH206 Administrative Law,
 LLH302 Ethics and the Legal Profession,
 LLH305 Corporate Law,

LLH401 Legal Research Capstone (24 cps) and
 two Advanced Electives in law.

Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

Career Outcomes

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations. Career opportunities include working in general legal practice, specialist legal practice, government departments and

employment in private enterprise.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Course structure information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Media and Communication program and 336 credit points for the Bachelor of Laws program. You will study media and communication and law units in your first four years and for the remainder of this course you will concentrate on law studies.

Students will undertake 192 credit points of specialist units in media and communication (16 units). The Bachelor of Media and Communication course analyses and seeks new applications for mass, niche and new media. Authentic learning opportunities such as industry placements and projects complement theoretical course content and give you the opportunity to apply your new knowledge.

Under the Law component students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336
 Total credit points for core units: 240
 Total credit points for elective units: 96

Honours Level Units
 96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons):
 LLH201 Legal Research,
 LLH206 Administrative Law,
 LLH302 Ethics and the Legal Profession,
 LLH305 Corporate Law,
 LLH401 Legal Research Capstone (24 cps) and
 two Advanced Electives in law.

Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

Pathways to further study

On successful completion of the Bachelor of Media and Communication, you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Career Outcomes

Careers exist in audience and market research, collating and analysing audience data to help media outlets better understand who their audiences are and how they are interacting with their product. Graduates also find employment in media policy development in the public sector and private enterprise. Pathways exist to prepare you for further study including honours.

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of

Bachelor of Media and Communication/Bachelor of Laws (Honours)

careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations.

Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Course structure information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Justice program and 336 credit points for the Bachelor of Laws program.

In order to complete the Bachelor of Justice component of this course, you must complete a total of 192 credit points from the following:

Justice core units (8 units = 96 credit points)

A major in either Criminology and Policing or Policy and Governance (8 units = 96 credit points)

Under the Law component students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336

Total credit points for core units: 240

Total credit points for elective units: 96

Honours Level Units

96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons):

LLH201 Legal Research,
LLH206 Administrative Law,
LLH302 Ethics and the Legal Profession,
LLH305 Corporate Law,
LLH401 Legal Research Capstone (24 cps) and
two Advanced Electives in law.

Felxibility for your study

It may be possible for students who reside outside Brisbane City Council boundaries to undertake select units externally. When undertaking units externally, it is the student's responsibility to ensure they have access to the internet.

Please contact the Faculty of Law to discuss the possibility of undertaking units externally.

Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules.

Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

Career Outcomes

The Bachelor of Justice component of this course equips graduates for a wide variety of employment in the criminal justice, government (state and federal), law enforcement and policing and intelligence fields. Past graduates have developed successful careers in the State or Federal police services, created social and justice policies for governments, contributed to the work of advocacy centres (eg. women, youth and children's advocacy), become criminologists, and advanced into Defence, Customs and the Australian Crime Commission. Other popular career choices include corrections and human rights and anti-discrimination areas. Students are prepared for the workplace, not only by exploring the most recent theory and practice of social justice, but by including relevant general skills like problem-solving, analytical ability and applied computer skills that are relevant to the workplace.

Bachelor of Justice/Bachelor of Laws (Honours) (until 2023)

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations. Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

Study Area Criminology and Policing

The Criminology and Policing major will ensure that students acquire the skills and competencies to meet government requirements for methodological knowledge and skills sets relevant to the justice sector professional workforce. Areas of study include: Theories of Crime, Policing in Context, Crime Research Methods, Punishment and Penal Policy, and Choices of Intelligence and Security, Statistical Methods, Criminal Law in Context, Crimes of Violence, Sex and Crime, Policing Diversity, Youth Justice, Gender Crime and the Criminal Justice System, Eco Crime, White Collar Crime, Political Violence and Terrorism, Death Investigation, Drugs and Crime, Organised and Transnational Crime, Independent Study, Professional Placement, Global Justice and Human Security, Information Management and Analysis

Study Area Policy and Governance

The Policy and Governance major will cover material designed to match the selection criteria for entry level policy and political positions in government. Areas of study include: Theories of Government, Statistical Methods, Crime Research Methods, Power Government and Justice, Justice Institutions, Political Practice, Official Corruption; and Critical Policy Analysis. This major is a multi-disciplinary field. The Policy and Governance major aims to provide students with a depth of contextual

knowledge and vocational skills for entry level (AO3-5 on Queensland public sector scale) positions in policy. These skills will also target the political market including ministerial staff, staff or political parties and non-government organisations (NGOs).

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Domestic Entry requirements Prerequisites

Successful portfolio and meeting the minimum OP/Rank score.

What happens next

How do I find out my portfolio outcome?

During the week preceding 21 December, QUT will update the preference information within your QTAC application to reflect your portfolio outcome. You will be able to check this via [QTAC's Application Services](#). If you are unsure how to check your preference status there is a helpful video located on [QTAC's Check & change webpage](#).

What information will I see?

Within your Preferences tab you will see one of the following statuses:

- Based on the information currently held by QTAC you have satisfied the minimum entry requirements in order to be considered for a place in this course.
- Based on the information currently held by QTAC you have not satisfied the minimum entry requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for this course you will be considered for a place in the course in the 21 December 2017 QTAC offer round. While offers will be made from 21 Dec, a majority of offers will be made during the Major offer round on 16 January 2018. Depending on course place availability, further offers may be made in subsequent [QTAC offer rounds](#).

Please note that meeting the minimum entry requirements does not guarantee a QTAC offer will be made as there are usually more eligible applicants than places available in the program.

Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements, QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences. They can be added or amended via [QTAC's Application Services](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO

QTAC (1300 467 822) or (07) 3858 1222.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Master of Design (Research), provided you have met entry requirements.

Domestic Course structure Customise your degree

Your fashion design course consists of 17 units in your primary major and four units that are common to all six design majors (architectural studies, fashion, industrial design, interactive and visual design, interior design or landscape architecture).

An additional eight units are taken outside your primary major. After studying for a year you can:

- choose a second major (eight units from any approved QUT degree), or
- choose two minors (a minor is a specific set of four units drawn from courses throughout QUT), or
- choose one minor and four electives.

Minors and majors allow you to tailor your studies to suit your interests and career aspirations. Minors give you breadth of knowledge from two other areas and a second major provides depth in one area.

This means eight units of your course (one quarter of your degree) are taken from outside your primary major. You'll work alongside students from other disciplines because that is how it will be when you graduate and work in the real world of design. The possibilities are almost endless. Here are some examples that might inspire ideas:

- a landscape architecture student could take a language minor such as Italian to help them work
- an architecture student could take a minor in interior design and a work integrated learning minor to gain professional industry experience overseas
- an interior design student could take a second major in industrial design to aid their ambition to design and manufacture their own range of office furniture
- an industrial design student could take a second major in mechanical or electrical engineering to give them a deeper understanding of manufacturing and production
- a fashion student could take a minor in business and another in interior design to help meet their dream of launching their own concept fashion store
- an interactive and visual design student could take a second major

in advertising or marketing and work as a designer for a leading digital agency.

And remember—your second major or minors could be in film, creative writing, music, visual arts, drama or other disciplines across QUT.#

Your course

Year 1

- study materials, skills and processes of twenty-first century fashion design
- introduction to conceptual design practice
- develop core skills in fashion presentation
- learn about key ideas in design history and sustainability

Year 2

- focus on real-world design briefs informed by design history and industry
- learn skills in technical production and communication in the fashion industry
- start your complementary major or minor in design, business or communication
- develop professional skills in fashion presentation

Year 3

- apply research to cutting-edge design practices
- forge your creative design identity
- learn project management skills
- continue complementary studies in design, business or communication

Year 4

- work collaboratively and individually on a year-long creative design project
- showcase your project to industry professionals and the public
- develop a professional portfolio to launch your career

Second degree

Undertaking a second major in one of the six design disciplines also gives you the option of obtaining a second degree*.

After graduation, you can return to complete the remaining 12 units (or equivalent) from your second major to obtain a second qualification. This is usually undertaken part time over two years while working.

Note: This is not a double degree because it is not undertaken simultaneously with the first degree.

Example

A student completes a Bachelor of Design (Honours) (Industrial Design) with a second major in interactive and visual design.

They can then return to complete units in interactive and visual design and graduate with a second design degree in interactive and visual design.

* To pursue a second design degree, this second major must be an approved set of eight units from within a Bachelor of Design (Honours) primary major.

The choice of second majors may be limited in some disciplines.

Study overseas

Study overseas while gaining credit towards your QUT creative industries degree with one of our worldwide exchange partners. Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in a creative or non-creative discipline area, depending on how they match with your QUT course. Saving your electives for exchange will allow you the most flexibility. For more information, visit [QUT student exchange](#).

International Course structure

Customise your degree

Your fashion design course consists of 17 units in your primary major and four units that are common to all six design majors (architectural studies, fashion, industrial design, interactive and visual design, interior design or landscape architecture).

An additional eight units are taken outside your primary major. After studying for a year you can:

- choose a second major (eight units from any approved QUT degree), or
- choose two minors (a minor is a specific set of four units drawn from courses throughout QUT), or
- choose one minor and four electives.

Minors and majors allow you to tailor your studies to suit your interests and career aspirations. Minors give you breadth of knowledge from two other areas and a second major provides depth in one area.

This means eight units of your course (one quarter of your degree) are taken from

Bachelor of Design (Honours) (Fashion)

outside your primary major. You'll work alongside students from other disciplines because that is how it will be when you graduate and work in the real world of design. The possibilities are almost endless. Here are some examples that might inspire ideas:

- an architecture student could take a minor in interior design and a work integrated learning minor to gain professional industry experience
- a landscape architecture student could take a language minor such as Italian to help them work overseas
- an interior design student could take a second major in industrial design to aid their ambition to design and manufacture their own range of office furniture
- an industrial design student could take a second major in mechanical or electrical engineering to give them a deeper understanding of manufacturing and production
- a fashion student could take a minor in business and another in interior design to help meet their dream of launching their own concept fashion store
- an interactive and visual design student could take a second major in advertising or marketing and work as a designer for a leading digital agency.

And remember - your second major or minors could be in film, creative writing, music, visual arts, drama or other disciplines across QUT. #

Your course

Year 1

- study materials, skills and processes of twenty-first century fashion design
- introduction to conceptual design practice
- develop core skills in fashion presentation
- learn about key ideas in design history and sustainability

Year 2

- focus on real-world design briefs informed by design history and industry
- learn skills in technical production and communication in the fashion industry
- start your complementary major or minor in design, business or communication
- develop professional skills in fashion presentation

Year 3

- apply research to cutting-edge

design practices

- forge your creative design identity
- learn project management skills
- continue complementary studies in design, business or communication

Year 4

- work collaboratively and individually on a year-long creative design project
- showcase your project to industry professionals and the public
- develop a professional portfolio to launch your career

Second degree

Undertaking a second major in one of the six design disciplines also gives you the option of obtaining a second degree*.

After graduation, you can return to complete the remaining 12 units (or equivalent) from your second major to obtain a second qualification. This is usually undertaken part time over two years while working.

Note: This is not a double degree because it is not undertaken simultaneously with the first degree.

Example

A student completes a Bachelor of Design (Honours) (Industrial Design) with a second major in interactive and visual design.

They can then return to complete units in interactive and visual design and graduate with a second design degree in interactive and visual design.

* To pursue a second design degree, this second major must be an approved set of eight units from within a Bachelor of Design (Honours) primary major.

The choice of second majors may be limited in some disciplines.

Domestic Course structure Your course

In order to complete this course, you must complete a total of 528 credit points comprising 192 credit points from the Bachelor of Creative Industries and 336 credit points from the Bachelor of Laws (Honours). You will study creative industries and law units in your first four years and for the remainder of this course you will concentrate on law studies.

Creative Industries component

The core of the program centres on Creative Enterprise studios that offer authentic, problem-based activities, coupled with work integrated learning, skills in entrepreneurship and commercial links that engage in creative start-ups. Early in your degree, you choose 24 credit points of introductory units to experience your preferred majors, with the option to undertake defined breadth units in other relevant areas. Using this experience, you then decide upon a creative industries major.

You will complete:

- core units - 72 credit points
- creative industries introductory units - 24 credit points
- a creative industries major - 96 credit points from one of the specified majors including: Creative and Professional Writing; Media and Communication; Drama and Performance; Entertainment; Fashion Communication; Interactive and Visual Design; Music and Sound; and Screen Content

Production.

Law component

You will complete 336 credit points of core units and a mixture of law electives made up of

- 19 Core units (240 credit points)
- 1 introductory law elective* (12 credit points)
- 5 general law electives** (60 credit points)
- 2 advanced law electives (24 credit points)

*Students commencing from 2019 may select a general law elective in place of the introductory law elective

**Students commencing from 2019 have the option to complete the Law, Technology and Innovation minor or 4 non-law electives (48 credit points) or a university wide minor in place of 4 general law electives (48 credit points). Successful completion of a minor will be recognised on the academic record and/or the Australian Higher Education Graduation Statement.

Law, technology and innovation minor units

- Law and Data Analysis (LLB250)
- Law and Design Thinking (LLB251)
- Regulating Artificial Intelligence and Robotics (LLB341)
- Regulating the Internet (LLB345)

Honours-level units

Year	2023
QUT code	ID14
CRICOS	096569J
Duration (full-time)	5 years
Duration (part-time domestic)	9 years
ATAR/Selection rank	79.00
Offer Guarantee	Yes
Campus	Gardens Point, Kelvin Grove
Domestic fee (indicative)	2023: CSP \$8,200 per year full-time (96 credit points)
International fee (indicative)	2023: \$33,000 per year full-time (96 credit points)
Total credit points	480
Credit points full-time sem.	48
Start months	July, February
Int. Start Months	July, February
Deferment	You can defer your offer and postpone the start of your course for one year.
Course Coordinator	Program Director, School of Design; phone +61 7 3138 2000; email: askqut@qut.edu.au

Domestic Entry requirements

Year 12 early offer scheme

If you're a current Queensland Year 12 student, you may be eligible to receive an offer for this course on the last day of Queensland Year 12, before receiving your ATAR or selection rank.

[Find out more about the QUT Year 12 Early Offer Scheme](#)

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Entry requirements

Prerequisites

Satisfactory completion of Year 12 in an Australian school system or equivalent.

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)

Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Domestic Course structure

In order to complete this course, you must complete a total of 480 credit points, made up of 192 credit points from the Bachelor of Design and 288 credit points from the Bachelor of Engineering (Honours). You will study design and engineering units in your first four years, and for the remainder of this course you will concentrate on engineering studies.

Creative Industries component

Your creative industries studies will

include:

- a design major (144 credit points), including four shared foundation units (48 credit points) and 96 credit points from the interaction design discipline
- four school-wide impact lab units (48 credit points).

Engineering component

Your engineering studies will include:

- four core units (48 credit points) and two core options (24 credit points)
- eight engineering major units (96 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering
- civil engineering
- computer and software systems engineering
- electrical engineering
- electrical and aerospace engineering
- mechatronics engineering
- mechanical engineering
- medical engineering

Study overseas

Study overseas while earning credit towards your QUT degree with one of our worldwide exchange partners.

Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in either degree area, depending on how they match with your QUT course.

Engineering component

Your engineering studies will include:

- four core units (48 credit points) and two core options (24 credit points)
- one block of 10 major units (120 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering

Course Structure Information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Creative Industries program and 336 credit points for the Bachelor of Laws program. You will study creative industries and law units in your first four years and for the remainder of this course you will concentrate on law studies.

Under the Creative Industries component you will complete 8 Creative Industries core units (96 credit points) and a Creative Industries major (96 credit points) from one of the following disciplines (Animation; Art and Design History; Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion; Film, Television and Screen; Interactive and Visual Design; Journalism; Literary Studies; Media and Communication; and Music).

Under the Law component students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336

Total credit points for core units: 240
Total credit points for elective units: 96

Honours Level Units
96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons): LLH201 Legal Research, LLH206 Administrative Law, LLH302 Ethics and the Legal Profession, LLH305 Corporate Law, LLH401 Legal Research Capstone (24 cps) and two Advanced Electives in law.

Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

Career Outcomes

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

Bachelor of Creative Industries/Bachelor of Laws (Honours)

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations.

Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Honours Level Units
 96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons):
 LLH201 Legal Research,
 LLH206 Administrative Law,
 LLH302 Ethics and the Legal Profession,

LLH305 Corporate Law,
 LLH401 Legal Research Capstone (24 cps) and
 two Advanced Electives in law.

Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

QUT's journalism degree is recognised by the Australian Journalists' Association (AJA) section of the Media, Entertainment and Arts Alliance (MEAA).

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Journalism (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

Career Outcomes

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the

Bachelor of Journalism/Bachelor of Laws (Honours)

course. The elective units allow you to study areas of the law that match your career aspirations.

Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Course structure information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Fine Arts and 336 credit points for the Bachelor of Laws program. You will study fine arts and law units in your first four years and for the remainder of this course you will concentrate on law studies.

The Bachelor of Fine Arts component is made up of 192 credit points from the Creative and Professional Writing major.

Under the Law component students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336
 Total credit points for core units: 240
 Total credit points for elective units: 96

Honours Level Units
 96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons):
 LLH201 Legal Research,
 LLH206 Administrative Law,
 LLH302 Ethics and the Legal Profession,
 LLH305 Corporate Law,

LLH401 Legal Research Capstone (24 cps) and two Advanced Electives in law.

Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

Career Outcomes

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations. Career opportunities include working in general legal practice, specialist legal practice, government departments and

employment in private enterprise.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Course structure information

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Media and Communication program and 336 credit points for the Bachelor of Laws program. You will study media and communication and law units in your first four years and for the remainder of this course you will concentrate on law studies.

Students will undertake 192 credit points of specialist units in media and communication (16 units). The Bachelor of Media and Communication course analyses and seeks new applications for mass, niche and new media. Authentic learning opportunities such as industry placements and projects complement theoretical course content and give you the opportunity to apply your new knowledge.

Under the Law component students will complete 336 credit points of core units and a mixture of Introductory, General and Advanced Electives. Students may select up to 48 credit points of non-law electives or 48 credit points of a University-wide minor in place of four of the General Electives. Successful completion of a minor will be recognised on the Academic Record and / or the Australian Higher Education Graduation Statement.

Total Law credit points: 336
 Total credit points for core units: 240
 Total credit points for elective units: 96

Honours Level Units
 96 credit points of Honours units listed below will be used to determine the Honours Levels of the LLB (Hons):
 LLH201 Legal Research,
 LLH206 Administrative Law,
 LLH302 Ethics and the Legal Profession,
 LLH305 Corporate Law,
 LLH401 Legal Research Capstone (24 cps) and
 two Advanced Electives in law.

Professional Recognition

The QUT LLB (Hons) is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Admission to practice

If, at the end of your degree, you wish to become a legal practitioner, you will need to complete further practical legal training (PLT). QUT also offers PLT in the form of the Graduate Diploma in Legal Practice.

Pathways to further study

On successful completion of the Bachelor of Media and Communication, you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Career Outcomes

Careers exist in audience and market research, collating and analysing audience data to help media outlets better understand who their audiences are and how they are interacting with their product. Graduates also find employment in media policy development in the public sector and private enterprise. Pathways exist to prepare you for further study including honours.

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of

Bachelor of Media and Communication/Bachelor of Laws (Honours)

careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations.

Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Overview

As an extension of the undergraduate Bachelor of Justice, the Bachelor of Justice (Honours) provides an opportunity to undertake a major piece of sustained research under the supervision of a staff member, read advanced texts in justice theory, engage in small seminar discussions at an advanced level and to write advanced level essays and reports in justice related fields.

The program also offers and outstanding qualification for entry to the employment market and for promotional opportunities for those already employed, as it is demonstrated evidence of an ability to undertake major projects, to work independently, write advanced level reports and to analyse statistical data.

Entry Requirements

A Bachelor of Justice three-year degree or equivalent, with a grade point average of at least 5 (on a 7-point scale). Applicants would normally have completed the JSB273 Crime Research Methods unit (or equivalent). Students wanting to do Honours are encouraged to do JSB976 Independent Study unit (or equivalent), offered in the Bachelor of Justice undergraduate program. However other qualifications, including work experience or involvement in research, may be deemed appropriate by the course coordinator.

Course Structure

The Bachelor of Justice (Honours) is a 96 credit-point course. Students complete three (3) prescribed units (48 credit points) and a dissertation (48 credit points). The dissertation calls for students to design, develop and implement a substantial research project. Students can pursue original lines of thought, formulate and test hypotheses, develop problem-solving strategies and make structured decisions. Students are expected to demonstrate high ethical standards, awareness of sociocultural and equity issues, and professional accountability. Students should contact the Honours Coordinator to discuss thesis and supervisor.

Articulation

The Bachelor of Justice (Honours) is an excellent pathway for entry to higher degree awards i.e. Master's Programs or Ph D.

Limits on grades of 3

A new policy concerning grades of 3 came into effect from 1 January 2009 (QUT MOPP C/5.2). With effect from this date grades of 3 are no longer considered as a conceded or low pass but are classified as a fail grade. Any grades of 3 awarded prior to 1 January 2009 retain the conceded pass status and will be counted for graduation purposes up to the maximum number of grades of 3 permitted for your course. Grades of 3 incurred in units that commence after 1 January 2009 will not count towards your degree. Further information is available on the Student Services website

Career Outcomes

The Bachelor of Justice component of this course equips graduates for a wide variety of employment in the criminal justice, government (state and federal), law enforcement and policing and intelligence fields. Past graduates have developed successful careers in the State or Federal police services, created social and justice policies for governments, contributed to the work of advocacy centres (eg. women, youth and children's advocacy), become criminologists, and advanced into Defence, Customs and the Australian Crime Commission. Other popular career choices include corrections and human rights and anti-discrimination areas. Students are prepared for the workplace, not only by exploring the most recent theory and practice of social justice, but by including relevant general skills like problem-solving, analytical ability and applied computer skills that are relevant to the workplace.

Bachelor of Justice/Bachelor of Laws (Honours) (until 2023)

In developing the LLB (Hons) the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice. The defining nature of the QUT LLB (Hons) is its real-world applied nature which will equip you with advanced knowledge and research and other skills and that meet the needs of not only the legal profession, but also government, community organisations, business and industry.

The LLB (Hons) provides students with an opportunity to advance their knowledge of law in specialised areas through the elective units offered as part of the course. The elective units allow you to study areas of the law that match your career aspirations. Career opportunities include working in general legal practice, specialist legal practice, government departments and employment in private enterprise.

Study Area Criminology and Policing

The Criminology and Policing major will ensure that students acquire the skills and competencies to meet government requirements for methodological knowledge and skills sets relevant to the justice sector professional workforce. Areas of study include: Theories of Crime, Policing in Context, Crime Research Methods, Punishment and Penal Policy, and Choices of Intelligence and Security, Statistical Methods, Criminal Law in Context, Crimes of Violence, Sex and Crime, Policing Diversity, Youth Justice, Gender Crime and the Criminal Justice System, Eco Crime, White Collar Crime, Political Violence and Terrorism, Death Investigation, Drugs and Crime, Organised and Transnational Crime, Independent Study, Professional Placement, Global Justice and Human Security, Information Management and Analysis

Study Area Policy and Governance

The Policy and Governance major will cover material designed to match the selection criteria for entry level policy and political positions in government. Areas of study include: Theories of Government, Statistical Methods, Crime Research Methods, Power Government and Justice, Justice Institutions, Political Practice, Official Corruption; and Critical Policy Analysis. This major is a multi-disciplinary field. The Policy and Governance major aims to provide students with a depth of contextual

knowledge and vocational skills for entry level (AO3-5 on Queensland public sector scale) positions in policy. These skills will also target the political market including ministerial staff, staff or political parties and non-government organisations (NGOs).

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Domestic Entry requirements

You must have a completed recognised 3 or 4 year bachelor degree not in education or in a course leading to teacher registration.

You must also have completed eight semester units (one year of full-time study) relevant to one or more learning areas in the primary school curriculum. Primary school curriculum areas are English, mathematics, science, humanities and social sciences, the arts (music, drama, dance, media arts and visual arts), languages, health, physical education and technologies.

Additional entry requirements

You must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

To demonstrate this you must complete an online questionnaire to demonstrate your motivation for and understanding of, the course and profession. Details are available from the [QTAC initial teacher education webpage](#).

If you've achieved a *satisfactory* result for one or more components of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the *satisfactory* result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at *unsatisfactory* after two test attempts for that component.

Selection ranks

You will be considered solely on the basis of the selection ranks from all of your prior degree studies plus any postgraduate studies you may have undertaken. Your other qualifications and experiences may be allocated selection ranks for entry to other QUT courses will not be considered for this course.

Overview

For graduates with a non-education undergraduate degree to obtain their first teaching qualification. The Master of Teaching (Early Childhood) prepares graduates to teach in early childhood care settings, kindergarten and Prep to Year 3 in Primary Schools.

Enrolling and course completion

You have five years to complete the Master of Teaching (Early Childhood), including any approved leave of absence.

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Professional Recognition

The Master of Teaching (Early Childhood) is an Australian Institute for Teaching and School Leadership, Queensland College of Teachers, and Australian Children's Education and Care Quality Authority approved course. Graduates are eligible to apply for teacher registration.

Literacy and Numeracy Standards

As part of your course, all Master of Teaching students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' (QCT) literacy and numeracy standards in order to meet the course and QCT professional accreditation requirements. Literacy and numeracy modules have been developed to support students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students may also seek support from a range of advisers across QUT. Students will also have the support of their Program Coordinator to identify the best approach for them.

Working With Children Check

As required by the Queensland Public Safety Business Agency, student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Agency.

As soon as you accept your offer and enrol in the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a [Blue Card](#) to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a [Blue Card](#) immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Agency to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Designated Units

Field studies units are designated units.

Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student Services website

Field Studies

The majority of supervised professional experience must occur in Australian Primary school settings. The final field experience unit must be completed in the last semester of enrolment in your course.

For more information about your field placements, please visit the Field Experience Website: www.feo.ed.qut.edu.au
You can look at the Field Studies dates on the Field Experience Calander.

You are required to nominate your *second teaching area* upon enrolment in program. We assume that you have completed at least half-year (4 QUT units) in the second teaching area through your prior higher education studies.

International Entry requirements

Entry requirements

A completed recognised 3 or 4 year bachelor degree not in education or in a course leading to teacher registration with a minimum grade point average (GPA) score of 4 on QUT's 7 point scale (where 4 is a Pass).

Your *first teaching area* has admissions prerequisites that must be met. Details are listed below for the first teaching area requirements.

You are required to nominate your *second teaching area* upon enrolment in program. We assume that you have completed at least half-year (4 QUT units) in the second teaching area through your prior higher education studies.

Additional entry requirements

Pass the Initial Teacher Education Course (ITE) Capabilities Criteria.

Applicants must demonstrate possession of key competencies outlined by the Australian Institute for Teaching and School Leadership (AITSL) as those attributes and motivations common to effective teachers.

You must complete an online

questionnaire to demonstrate your motivation for and understanding of, the course and profession. In the questionnaire you will be asked to:

- Rank a series of potentially appropriate statement responses, in order of what you think is most to least important.
- Provide two x 500 word written statements addressing the categories and indicators as outlined on the [Teacher Entry Fact Sheet](#).

QUT will send you details on how to complete the Initial Teacher Education Course (ITE) Capabilities Criteria questionnaire and submit your written statements after you have lodged an application.

If you've achieved a 'satisfactory' result for one or more components of the Literacy and Numeracy Test for Initial Teacher Education (LANTITE) at another institution, the 'satisfactory' result can be carried across with your admission application. You are not eligible to apply for a place in this course if one or more components of LANTITE remains at 'unsatisfactory' after two test attempts for that component.

Course Overview

EU70 Master of Education focuses on specialised study areas that are currently in demand and feature innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates, with relevant employment experience, who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to the Master of Teaching (Early Childhood or Primary) or the Graduate Diploma in Education (Senior Years) if you are seeking teacher registration.

EU70 Master of Education consists of twelve (12) units (144 credit points) selected from the postgraduate units. Course duration is one and a half (1.5) years internal or external full-time, or three (3) years internal or external part-time. Students have a maximum of four (4) years to complete the course.

Course Coordinator: Associate Professor Beryl Exley, b.exley@qut.edu.au, (07) 3138 3267, B434.

Study Areas for Domestic Students

Career Development:

The field of Career Development has undergone significant change with the attendant demand for accountability and accreditation. Successful completion of this study area will enable you to work as a career counsellor, career teacher or career coach. The Career Development study area is recognised by Career Industry Council of Australia (CICA).

Early Childhood Teaching:

This study area will enable you to develop in-depth theoretical and practical

knowledge and understanding of current theory and research that will inform effective practice with young children and their families in early years programs and services. This is a dedicated study area which enables qualified teachers upon completion, to become early childhood specialists, both in schools and as leaders in child care settings.

Early Years:

This study area has significant importance in current education policies, nationally and internationally. Early childhood research has consistently provided evidence that the experiences and environments of children in the early years are important to strong social-emotional development and positive learning outcomes through school and into adulthood. Thus, the early years have consequences for children's health and well-being across their life course. Because of increased recognition of the importance of the early years to later outcomes, there is increased demand for highly trained professionals who can support the diverse learning needs of young children. It should enable you to develop your knowledge and understanding of current theory and research that will inform effective practice with young children and their families in early years programs and services.

General Studies:

Students can choose a general studies Masters which does not provide a study area and consists of four (4) core units and eight (8) option units. This program can be tailored to suit your individual study needs and interests.

Inclusive Education:

While the understanding and application of learning theory is essential to the teaching of all students, most students with learning difficulties and disabilities require specialised instructional approaches in order to maximise their potential and achieve success. In order to address the learning, social, and behavioural needs of these students, teachers and other professionals require an understanding of theoretical models, socio-cognitive processes, current research and best practices related to supporting students with learning difficulties and disabilities. In addition, well-developed skills in consultation, collaborative problem-solving, and reporting are required. It will appeal to teachers, special education support teachers and allied professionals (e.g., Guidance Officers, social workers, and

health professionals) who assist children, adolescents and adults with learning, social and behavioural challenges.

Leadership and Management:

This study area focuses on building and enhancing leadership capacity in aspiring and existing leaders. The units provide leaders with requisite knowledge and understanding of central concepts connected to leading others, leading change processes, understanding and interpreting policy, and strategic managerial skills required in planning, monitoring and evaluating organisational systems.

School Guidance and Counselling (General or Career):

This study area is suitable for guidance officers seeking to advance their knowledge or qualified teachers seeking a career change. The School Guidance and Counselling study area is recognised by Education Queensland, Catholic Education, and Independent Schools as a Guidance Officer qualification in Queensland schools. School Guidance and Counselling 'General' will enable you to be eligible for employment from P-12. 'Career' is mainly for guidance and counselling in a secondary school as it also meets the Career Industry Council of Australia (CICA) professional standards.

Teacher-Librarianship:

This is a specialist degree that prepares teachers for professional leadership as teacher-librarians in primary and secondary schools. You may also be eligible for employment in other sectors of library and information work. To practise as a Teacher-Librarian in Australian schools, graduates also need approved teaching qualifications. The study area is recognised by the Australian Library and Information Association (ALIA) for the five year period, March 2012-March 2017. Graduates are eligible for associate (professional) membership of ALIA and may seek employment in a wide range of library and information contexts, including school libraries. The Master of Education (Teacher-Librarianship) maintains close links with the Australian School Library Association (ASLA).

Teaching English to Speakers of Other Languages (TESOL):

TESOL is a coursework award that provides students with theoretical knowledge and practical skills required to gain employment in the field of teaching English to speakers of other languages.

Study Areas for International Students

When choosing a study area, international students on a student visa are restricted by the ESOS Act and their agreement with QUT. Study Areas must be offered in full-time and internal mode, as international students are required to study four (4) units per semester. The study areas below are available to international students:

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in. EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. INTERNAL: The unit requires regular attendance at classes on Kelvin Grove campus during semester. BLOCK: The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days, usually Monday to Friday of a particular week (5 days attendance). Assessment is completed during the remainder of the semester via online learning platforms such as QUT Blackboard.

OPTION UNITS:

As part of your Masters study area, you are able to complete a number of option units which can be selected from any units listed under any of the study areas in EU70, with the exception of field studies/practicum units. Please refer to Master of Education (General Studies) for a full list of option units and their semester of offering: <https://www.qut.edu.au/study/courses/2015/master-of-education/master-of-education-general-studies> then select units / All course structures / EU70 OPTION UNITS.

MINIMUM AND MAXIMUM UNIT

ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course completion time must still be adhered to. In most cases you will not be able to complete your course in the maximum time with just one unit per semester (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

Students are required to adhere to the time limits for competing an award course (MOPP E4/4). EU70 Master of Education students have four (4) years to complete the course, inclusive of periods of leave of absence.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies> If you are a commencing student and wish to start in a later teaching period, you can ask for your application to be considered and reassessed for the next available semester or teaching period by emailing: qut.pgapplications@qut.edu.au. Please consult the Maximum Course Completion Times before applying.

WORKING WITH CHILDREN (BLUE CARD):

Students in Early Childhood Teaching; School Guidance and Counselling; or Teacher-Librarianship may require current authorisation to work with children as applicable to the State in which you will be doing field experience and site visits. You may need either a Blue Card, if you are not a registered teacher, or an exemption card. Teachers registered with the Queensland College of Teachers do not require a Blue Card or an exemption card when teaching at school or boarding school. However, they may require an exemption card if providing other child-related regulated services. Teachers registered in other states or countries, and students without Teachers Registration will need to apply, via the link below, for the appropriate card.

This authorisation must be obtained

before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services website: <http://www.student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards>

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level or higher to Masters study or you can apply for up to four (4) units of your 12 units from prior study at an equivalent level to Honours, Graduate Diploma, or Graduate Certificate study. Undergraduate study is not considered suitable for credit.

Currency of prior study is also considered. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. For further information, or an application form, please refer to the following website:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

CHANGE OF STUDY AREA:

If you want to change your major/study area within your current course, please refer to the following website:

<https://secure.qut.edu.au/student-services/qut/cm/>

EARLY EXIT - EU60 GRADUATE CERTIFICATE IN EDUCATION:

If you wish to exit the course early with EU60 Graduate Certificate in Education you should apply in the semester that you expect to exit, using an 'SRX Form'. A link to this form can be found on the following page:

<https://www.student.qut.edu.au/forms#h2-7>

If you take this option you will need to withdraw yourself from the Master of Education EU70 course (via e-Student) once the SRX form has been approved. Please be advised that you will only receive a Graduate Certificate in your chosen study area if you have completed the correct four core units required for that study area. (Please refer to the EU60 structure under your EU70 study area structure in Current Students/Studying/Courses/Education/select your course and study area). If you have not completed the correct four core units you can apply for a Graduate Certificate in Education (General Studies).

Leadership and Management:

This study area focuses on building and enhancing leadership capacity in aspiring and existing leaders. The units provide leaders with requisite knowledge and understanding of central concepts connected to leading others, leading change processes, understanding and interpreting policy, and strategic managerial skills required in planning, monitoring and evaluating organisational systems.

Leadership and Management study area coordinator: Associate Professor Lisa Ehrich, l.ehrich@qut.edu.au, (07) 3138 3038, Room A318.

Administration Officer: Ms Sian Rodgie, educationenq@qut.edu.au, (07) 3138 3947, Room A215.

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year when you commence in semester 1.

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester. **BLOCK:** The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days, usually Monday to Friday of a particular week (5 days attendance). Assessment is completed during the remainder of the semester via online learning platforms

such as QUT Blackboard.

OPTION UNITS:

As part of your Masters study area, you are able to complete a number of option units which can be selected from any units listed under any of the study areas in EU70, with the exception of field studies/practicum units. Please refer to the Units or Course Structure tab (depending on whether you are looking at prospective or current student information) / EU70 OPTION UNITS.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course completion time must still be adhered to. In most cases you will not be able to complete your course in the maximum time with just one unit per semester (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

Students are required to adhere to the time limits for competing an award course (MOPP E4/4). EU70 Master of Education students have four (4) years to complete the course, inclusive of periods of leave of absence.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies> If you are a commencing student and wish to start in a later teaching period, you can ask for your application to be considered and reassessed for the next available semester or teaching period by emailing: qut.pgapplications@qut.edu.au. Please consult the Maximum Course Completion Times before applying.

WORKING WITH CHILDREN (BLUE CARD):

Students in Early Childhood Teaching; School Guidance and Counselling; or Teacher-Librarianship may require current authorisation to work with children as applicable to the State in which you will be doing field experience and site

visits. You may need either a Blue Card, if you are not a registered teacher, or an exemption card. Teachers registered with the Queensland College of Teachers do not require a Blue Card or an exemption card when teaching at school or boarding school. However, they may require an exemption card if providing other child-related regulated services. Teachers registered in other states or countries, and students without Teachers Registration will need to apply, via the link below, for the appropriate card.

This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services website: <http://www.student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards>

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study (AQF 9) or you can apply for up to four (4) units of your 12 units from prior study at an equivalent level to Honours, Graduate Diploma, or Graduate Certificate study (AQF 8). Undergraduate study is not considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. For further information, or an application form, please refer to the following website: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

CHANGE OF STUDY AREA:

If you want to change your major/study area within your current course, please refer to the following website: <https://secure.qut.edu.au/student-services/qut/cm/>

EARLY EXIT - EU60 GRADUATE CERTIFICATE IN EDUCATION:

If you wish to exit the course early with EU60 Graduate Certificate in Education

you should apply in the semester that you expect to exit, using an 'SRX Form'. A link to this form can be found on the following page:

<https://www.student.qut.edu.au/forms#h2-7> If you take this option you will need to withdraw yourself from the Master of Education EU70 course (via e-Student) once the SRX form has been approved. Please be advised that you will only receive a Graduate Certificate in your chosen study area if you have completed the correct four core units required for that study area. (Please refer to the EU60 structure under your EU70 study area structure in Current Students/Studying/Courses/Education/select your course and study area). If you have not completed the correct four core units you can apply for a Graduate Certificate in Education (General Studies).

Course Overview

EU70 Master of Education focuses on specialised study areas that are currently in demand and feature innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates, with relevant employment experience, who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to the Master of Teaching (Early Childhood or Primary - subject to approval) or the Graduate Diploma in Education (Senior Years) if you are seeking teacher registration.

EU70 Master of Education consists of twelve (12) units (144 credit points) selected from the postgraduate units. Course duration is one and a half (1.5) years internal or external full-time, or three (3) years internal or external part-time. Students have a maximum of four (4) years to complete the course.

Course Coordinator: Associate Professor Beryl Exley, b.exley@qut.edu.au, (07) 3138 3267, B434.

School Guidance and Counselling - General

This study area is suitable for guidance officers seeking to advance their knowledge or qualified teachers seeking a career change. The School Guidance and Counselling study area is recognised by Education Queensland, Catholic Education, and Independent Schools as a Guidance Officer qualification in Queensland schools. School Guidance and Counselling 'General' will enable you to be eligible for employment from P-12. 'Career' is mainly for guidance and counselling in a secondary school as it also meets the Career Industry Council of Australia (CICA) professional standards. This endorsement has been granted for a five year period until 2014. PLEASE NOTE: This qualification is only recognised by education employing authorities in Queensland.

Students in School Guidance and Counselling must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services / Forms webpage under Working with Children (blue card) at the bottom of the page.

PLEASE NOTE: This qualification is only recognised by education employing authorities in Queensland.

School Guidance and Counselling study area coordinator: Professor Marilyn Campbell, ma.campbell@qut.edu.au, (07) 3138 3806, Room A315B.

Administration Officer: Ms Sian Rodgie, educationenq@qut.edu.au, (07) 3138 3947, Room A215.

Domestic Course structure

To meet the course requirements for the Master of Digital Communication, you must complete a total of 192 credit points, made up of:

- core units (108 credit points)
- either: the project pathway, including one core unit (12 credit points), one core project unit (24 credit points) and 48 credit points of

electives (unit options)the advanced project pathway, including one core unit (12 credit points), two core project units (48 credit points) and 24 credit points of electives (unit options).

If you have a relevant prior degree you may be able to complete the course in 1 or 1.5 years. See the Requirements tab for information about eligibility.

Many of the units in this course use intensive teaching periods. These intensive teaching periods are offered over shorter durations such as 5 weeks so you can focus your study on a smaller number of units. The intensive mode means that you will have increased flexibility in fitting study around your other commitments. Access more information about intensive [teaching period dates](#) (Flexible teaching periods).

What is the difference between the Project Pathway and the Advanced Project Pathway?

You might like to consider the Project Pathway if you want to undertake an appropriately scaled project that can be completed in 24 credit points which may take the form of a scholarly or industry report on a topic, issue or problem (approximately 6000-8000 words). This could include a suitable work-based project (subject to approval). The pathway also prepares you for further study in a Master of Philosophy. Completing a 24-credit-point project also provides flexibility for you to diversify your study by completing up to 48 credit points of elective units.

The Advanced Project Pathway will give you the opportunity to undertake a more ambitious and deeper research 48-credit-point project on a suitable topic, question or problem (approximately 12000-15000 words). This pathway also prepares you for further study in a Doctor of Philosophy. Typically the Advanced Project Pathway will involve a project twice the scope and time commitment of the Project Pathway. You can also diversify your study by completing up to 24 credit points of elective units.

What is the difference between the Project Pathway and the Advanced Project Pathway?

You might like to consider the Project Pathway if you want to undertake an appropriately scaled project that can be completed in 24 credit points which may take the form of a scholarly or industry report on a topic, issue or problem (approximately 6000-8000 words). This could include a suitable work-based project (subject to approval).

The pathway also prepares you for further study in a Master of Philosophy. Completing a 24-credit-point project also provides flexibility for you to diversify your study by completing up to 48 credit points of elective units.

The Advanced Project Pathway will give you the opportunity to undertake a more ambitious and deeper research 48-credit-point project on a suitable topic, question or problem (approximately 12000-15000 words). This pathway also prepares you for further study in a Doctor of Philosophy. Typically the Advanced Project Pathway will involve a project twice the scope and time commitment of the Project Pathway. You can also diversify your study by completing up to 24 credit points of elective units.

Writing	6.0
Speaking	6.0

Domestic Course structure

The degree consists of 288 credit points. 20 of the credit points are earned through completion of a coursework unit of research training and 4 credit points through completion of a unit of training in advanced information skills for research. The remaining 264 credit points are earned by completion of a thesis. Coursework should be completed in consultation with your supervisory team.

The 20 credit point unit of research training includes a three-day study school. This study school is delivered on campus in January of Year 1 of the course. Digital activities are provided for you during the remainder of Semester 1.

Subsequently, in the second and third semesters of enrolment, you will attend

two four-day study schools. These are conducted on campus (June-July and the following January).

You are expected to develop a high level of research skill and analysis and make an original contribution to knowledge and professional practice. You will work with a supervisory team from the first semester of your candidature.

Domestic Entry requirements

You must have either:

- a completed recognised relevant honours degree (first class or second class Division A) or equivalent
- a completed recognised masters degree or professional doctorate (by research or coursework)

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

For more information on eligibility, read the [admission criteria for the Doctor of Philosophy %asset_summary_640320%](#).

Once you've started your PhD, you'll need to complete your Stage 2 milestone to be fully admitted to your course. You'll usually complete this milestone within the first three months of study.

Masters and professional doctorate degrees by coursework must have a significant research component, normally not less than 25%. Holders of masters and professional doctorate by coursework must:

- have a minimum grade point average (GPA) score of 5.0 on QUT's 7 point scale; *and*
- present evidence of research experience and potential for approval

Minimum English requirements

Students must meet the English proficiency requirements.

Domestic Course structure (Edit in the CMS)

You can enrol in one unit per semester, in addition to your Year 11 semester two and/or Year 12 semester one studies.

You can choose a unit from a different study area in each semester; for example, a science unit in Semester 2, and a business unit in the following Semester 1. This might be a good option if you are looking to study a double degree.

If you're hoping to receive advanced standing (credit) toward a degree for the units you complete, it's best to select those related to your chosen future study area. Your START QUT studies, including the grades you achieve, will be included as part of your official QUT record.

Please note enrolment in START QUT is not permitted after semester 1, year 12.

Sample Structure

Two-week intensive program where you complete about 80 hours of study, including lectures, discussion, exercises, and assessment.

Numbers in each unit are limited and will be allocated based on a first come, first served basis. Some units are limited to female students only. Some classes are limited to Aboriginal and Torres Strait Islander students only.

Overview

The Diploma in Engineering, which has intakes for international students in February, June and October, is equivalent to the first year of the Bachelor of Engineering. In this program, students study six first year faculty core units as well as two units of Communication which have been designed to support their other core units. Students who successfully complete these units earn full academic credit for eight units towards their degree. Graduates articulate to the second year of the Bachelor of Engineering. Small lectures and tutorials, additional workshops and the support of Language and Welfare Advisers provide an excellent learning environment.

Entry Requirements - Academic

Successful completion of senior high school with the required grades. Students can find more detailed country specific entry requirements at the following web site:
<http://www.qut.edu.au/international/apply>
ng

English Language Requirements

Queensland Senior English (Low Achievement) or IELTS 5.5 with no sub-score less than 5.0 or TOEFL iBT Overall score of 69 (at least 18 in writing and reading and 17 or more in listening and speaking) or TOEFL 525 (paper) or TOEFL 193 (CBT) or equivalent, or successful completion of the EAP program. (N.B. Students should also check visa requirements).

Progression

Requirements for progression to the second year of the QUT Bachelor of Engineering program:

- fulfil the Diploma course requirements,
- achieve a minimum GPA of 4.0

Course Completion

Students must obtain at least a grade of 4 (Pass) or better in all units.

Domestic Entry requirements

Advanced Standing Entry
Applicants must have a minimum of 264 credit points from core and/or architecture major units in this course.

All other applicants will need to apply for the [Bachelor of Design \(Architecture\)](#).

Selection ranks

You will be considered solely on the basis of the selection ranks from all of your prior diploma and higher studies you may have undertaken. Your other qualifications and experiences may be allocated selection ranks for entry to other QUT courses, but will not be considered for this course.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Master of Design (Urban Design) or the Master of Design (Research), provided you have met entry requirements.

Professional Recognition

This course, along with the following Master of Architecture course, has received full accreditation from the Architects Accreditation Council of Australia, and full recognition from the Australian Institute of Architects.

Domestic Course structure Customise your degree

Your architectural studies design course consists of 18 units in your primary major and four units that are common to all six design majors (architectural studies, fashion, industrial design, interactive and visual design, interior design or landscape architecture).

An additional eight units are taken outside your primary major. After studying for a year you can:

- choose a second major# (eight units from any approved QUT degree), or
- choose two minors (a minor is a specific set of four units drawn from courses throughout QUT), or
- choose one minor and four electives.

Minors and majors allow you to tailor your studies to suit your interests and career aspirations. Minors give you breadth of knowledge from two other areas and a second major provides depth in one area. This means eight units of your course (one quarter of your degree) are taken from outside your primary major. You'll work alongside students from other disciplines because that is how it will be when you graduate and work in the real world of design. The possibilities are almost endless.

Here are some examples that might inspire ideas:

- an architecture student could take a minor in interior design and a work integrated learning minor to gain professional industry experience
- a landscape architecture student could take a language minor such as Italian to help them work overseas
- an interior design student could take a second major in industrial design to aid their ambition to design and manufacture their own range of office furniture
- an industrial design student could take a second major in mechanical or electrical engineering to give them a deeper understanding of manufacturing and production
- a fashion student could take a minor in business and another in interior design to help meet their dream of

launching their own concept fashion store

- an interactive and visual design student could take a second major in advertising or marketing and work as a designer for a leading digital agency.

And remember - your second major or minors could be in film, creative writing, music, visual arts, drama or other disciplines across QUT. #

Your course

Year 1

- three foundation units covering design, design history and sustainability
- two units in introductory core architecture design studios
- first unit dealing with place making

Year 2

- two design studio units covering the process of design, dwelling, tectonics and public spaces
- units in integrated technology (climate) and history/theory (culture and space)
- study history/theory (architecture in the twentieth century) and architectural technology (building construction)
- first two units of your second major or first minor

Year 3

- units focusing on digital tools and sustainability
- develop knowledge of technology integration (structure)
- study history/theory (architecture and the city), and architectural technology (building services)
- three units in your second major or minors

Year 4

- address the context of buildings in urban settings
- design project integrating your accumulated knowledge
- complete your second major or your second minor

Masters course

This course is designed to be followed by QUT's one-year Master of Architecture. In addition, to work as a registered architect in Australia you will need to:

- have completed two years of practical work experience (one year of which may be during your studies)
- successfully complete the Architectural Practice Examination
- apply for registration to the Architects' Board in each state or territory in which you wish to practise.

Study overseas

Study overseas while gaining credit towards your QUT creative industries degree with one of our worldwide exchange partners. Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in a creative or non-creative discipline area, depending on how they match with your QUT course. Saving your electives for exchange will allow you the most flexibility. For more information, visit [QUT student exchange](#).

- set the groundwork for your landscape design studies
- three foundation units covering design, design history and sustainability
- two units of core landscape design studios

Bachelor of Design (Honours) (Landscape Architecture)

- units in plant studies, landscape construction and visual communication

Year 2

- two key landscape design studios
- study place theory, environmental psychology and site planning
- explore landscape ecology and physical geography
- units in landscape construction and landscape horticulture
- two units from your second major or minor

Year 3

- complete four units for your second major or minor
- two landscape design studios
- focus on planting design and detailed design resolution
- combine design with landscape construction
- critique the history of landscape design and contemporary landscape design trends

Year 4

- further expand your design expertise
- study two units in advanced landscape design
- study a wide range of urban and regional sites and scenarios
- complete units in your chosen second major/minor
- study professional practice and law, and research methods

Second degree

Undertaking a second major in one of the six design disciplines also gives you the option of obtaining a second degree*.

After graduation, you can return to complete the remaining 12 units (or equivalent) from your second major to obtain a second qualification. This is usually undertaken part time over two years while working.

Note: This is not a double degree because it is not undertaken simultaneously with the first degree.

Example

A student completes a Bachelor of Design (Honours) (Industrial Design) with a second major in interactive and visual design.

They can then return to complete units in interactive and visual design and graduate with a second design degree in interactive and visual design.

* To pursue a second design degree, this second major must be an approved set of eight units from within a Bachelor of Design (Honours) primary major.

The choice of second majors may be limited in some disciplines.

Domestic Course structure

This vertical double degree is made up of DV43 Bachelor of Design (Landscape Architecture) plus DE72 Master of Landscape Architecture. You will be able to progress on to the Master of Landscape Architecture upon successful completion of the bachelor degree. The full vertical double degree normally takes 4.5 years to complete full-time (3 years for the bachelor component plus 1.5 years for Master component).

To meet the course requirements for the Bachelor of Design (Landscape Architecture), you must complete a total of 288 credit points, made up of:

- a design major (144 credit points), including four shared foundation units (48 credit points) and 96 credit points from the landscape architecture discipline
- four school-wide impact lab units (48 credit points)
- four postgraduate landscape units (48 credit points)
- complementary studies, made up of a minor, or a combination of design specialisation units and electives (unit options) (48 credit points).

To meet the course requirements for the Master of Landscape Architecture, you must complete a total of 192 credit points, made up of:

- thirteen core units (192 credit points). Three of these units (72 credit points) are 24-credit-point Studio units.

Note: The four postgraduate landscape units completed in DV43 Bachelor of Design will contribute to the Master of Landscape Architecture leaving nine core units (144 credit points) remaining.

Some units may be offered fully online or online with a face-to-face component.

Study overseas

[Study overseas](#) while earning credit towards your QUT creative industries degree with one of our worldwide exchange partners.

Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in a creative or non-creative discipline area, depending on how they match with your QUT course.

Professional Recognition

Full professional accreditation from Engineers Australia has been given for all primary majors in this course.

Complementary Studies

You have the opportunity to undertake a second major or two minors. A second major is a set of eight units (96 credit points) in the same discipline. A minor is a set of four units (48 credit points) in the same discipline. You will select your primary major, second major and/or minors after the completion of your first year.

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Honours) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Course Design

Your QUT Bachelor of Engineering (Honours) degree consists of 384 credit points (32 units) arranged as follows:

(a) First Year: Four (4) core units 48cp + two (2) Discipline Foundation units 24cp + two (2) option units 24cp (96 credit points)

(b) Major: One (1) block of eight (8) major units 96cp plus eight (8) Honours level units 96cp (192 credit points)

Honours units to consist of:

- Research methods 12cp
- Project 24cp
- 5 x Advanced major units 60cp

Available Majors are:

- Civil
- Computer and Software Systems
- Electrical
- Electrical and Aerospace
- Mechatronics
- Mechanical
- Medical, or
- Process

(c) Complementary Studies: 1 x Second Major (8 unit set) or 2 x Minor (4 unit set each) from the options specified for your chosen major. (96 credit points)

Pathways to Further Study

The (EN01) Bachelor of Engineering (Honours) is located at Level 8 of the Australian Qualifications Framework (AQF). Graduates may be eligible for discipline relevant Masters and/or Doctoral level programs.

Domestic Entry requirements Year 12 early offer scheme

If you're a current Queensland Year 12 student, you may be eligible to receive an offer for this course on the last day of Queensland Year 12, before receiving your ATAR or selection rank.

Helping you to get into your course

If you don't think your ATAR or selection rank is high enough to get into this course, you can guarantee your entry with guaranteed advanced standing by upgrading through one of the following programs which you can select as one of your QTAC preferences:

QUT College Diploma in Engineering

QUT College Diploma in Engineering graduates will automatically receive an offer to start the Bachelor of Engineering (Honours) within three weeks after completion of the diploma. You will also automatically receive 1 year (96 credit points) credit transfer and be able to complete the degree in 3 years as a full-time student.

[Find out more about the QUT College Diploma in Engineering](#)

Dual TAFE-Qld Brisbane/QUT award

If you enrol in a QTAC offer in the following dual TAFE-Qld Brisbane/QUT award you will automatically receive a QUT conditional offer in June (semester 1 QTAC offer) or October (semester 2 QTAC offer) after your enrolment at TAFE-Qld Brisbane is confirmed.

- [Advanced Diploma of Engineering](#)
- [Associate Degree in Civil Engineering](#)

Upon completion of the TAFE-Qld courses you will be able to enrol at QUT. You will also automatically receive

- 1 year (96 credit points) credit transfer and be able to complete the degree in 3 years as a full-time student if you complete the advanced diploma
- Up to 1.5 years (144 credit points) credit transfer and be able to complete the degree in 2.5 to 3 years as a full-time student if you complete the associate degree

More details will be provided in your QUT conditional offer letter.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Complementary Studies

You will have the opportunity to undertake either a 2nd major or two minors.

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Honours)(Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure

To graduate with a Bachelor of Engineering (Honours), students are required to complete 384 credit points of

Bachelor of Engineering (Honours) (Civil)

course units, as outlined below:

(a) Core units (96cp) consisting of 60 cp of first year units:

- 3 core Engineering units (36cp)
- MZB127 Engineering Mathematics and Statistics (12cp)
- An introductory unit in Engineering Mathematics (12cp) chosen from a list of two units dependant on mathematical preparedness

and 36 cp of Honours units consisting of:

- Research methods 12cp
- Capstone Project 24 cp (Standard progression is EGH400-1 and EGH400-2. EGH408 requires Study Area Coordinator approval.)

(b) Major: One (1) block of eleven (11)

major units (132cp) plus five (5)

Advanced Major Honours level units 60cp (192 credit points)

(c) Complementary Studies: 1 x Second Major (8 unit set) or 2 x Minor (4 unit set each) from the options specified for your chosen major. (96 credit points). In the case where students complete 2 minors, at least one must be from the specified list for the Study Area A.

Domestic Entry requirements Year 12 early offer scheme

If you're a current Queensland Year 12 student, you may be eligible to receive an offer for this course on the last day of Queensland Year 12, before receiving your ATAR or selection rank.

Helping you to get into your course

If you don't think your ATAR or selection rank is high enough to get into this course, you can guarantee your entry with guaranteed advanced standing by upgrading through one of the following programs which you can select as one of your QTAC preferences:

QUT College Diploma in Engineering

QUT College Diploma in Engineering graduates will automatically receive an offer to start the Bachelor of Engineering (Honours) within three weeks after completion of the diploma. You will also automatically receive 1 year (96 credit points) credit transfer and be able to complete the degree in 3 years as a full-time student.

[Find out more about the QUT College Diploma in Engineering](#)

Dual TAFE-Qld Brisbane/QUT award

If you enrol in a QTAC offer in the following dual TAFE-Qld Brisbane/QUT award you will automatically receive a QUT conditional offer in June (semester 1 QTAC offer) or October (semester 2 QTAC offer) after your enrolment at TAFE-Qld Brisbane is confirmed.

- [Advanced Diploma of Engineering](#)

Upon completion of the TAFE-Qld courses you will be able to enrol at QUT. You will also automatically receive 1 year (96 credit points) credit transfer and be able to complete the degree in 3 years as a full-time student if you complete the advanced diploma

More details will be provided in your QUT conditional offer letter.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3

& 4, C)

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Complementary Studies

You will have the opportunity to undertake either a 2nd major or two minors.

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Honours)(Electrical and Aerospace) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure

To graduate with a Bachelor of Engineering (Honours), students are required to complete 384 credit points of course units, as outlined below:

(a) Core units (96cp) consisting of 60 cp of first year units:

- 3 core Engineering units (36cp)
- MZB127 Engineering Mathematics and Statistics (12cp)
- An introductory unit in Engineering Mathematics (12cp) chosen from a

Bachelor of Engineering (Honours) (Electrical and Aerospace)

list of two units dependant on mathematical preparedness

and 36 cp of Honours units consisting of:

- Research methods 12cp
- Capstone Project 24 cp (Standard progression is EGH400-1 and EGH400-2. EGH408 requires Study Area Coordinator approval.)

(b) Major: One (1) block of eleven (11) major units (132cp) plus five (5) Advanced Major Honours level units 60cp (192 credit points)

(c) Complementary Studies: 1 x Second Major (8 unit set) or 2 x Minor (4 unit set each) from the options specified for your chosen major. (96 credit points). In the case where students complete 2 minors, at least one must be from the specified list for the Study Area A.

Domestic Entry requirements Year 12 early offer scheme

If you're a current Queensland Year 12 student, you may be eligible to receive an offer for this course on the last day of Queensland Year 12, before receiving your ATAR or selection rank.

Helping you to get into your course

If you don't think your ATAR or selection rank is high enough to get into this course, you can guarantee your entry with guaranteed advanced standing by upgrading through one of the following programs which you can select as one of your QTAC preferences:

QUT College Diploma in Engineering

QUT College Diploma in Engineering graduates will automatically receive an offer to start the Bachelor of Engineering (Honours) within three weeks after completion of the diploma. You will also automatically receive 1 year (96 credit points) credit transfer and be able to complete the degree in 3 years as a full-time student.

[Find out more about the QUT College Diploma in Engineering](#)

Dual TAFE-Qld Brisbane/QUT award

If you enrol in a QTAC offer in the following dual TAFE-Qld Brisbane/QUT award you will automatically receive a QUT conditional offer in June (semester 1 QTAC offer) or October (semester 2 QTAC offer) after your enrolment at TAFE-Qld Brisbane is confirmed.

- [Advanced Diploma of Engineering](#)

Upon completion of the TAFE-Qld courses you will be able to enrol at QUT. You will also automatically receive 1 year (96 credit points) credit transfer and be able to complete the degree in 3 years as a full-time student if you complete the advanced diploma

More details will be provided in your QUT conditional offer letter.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3

& 4, C)

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Complementary Studies

You will have the opportunity to undertake either a 2nd major or two minors.

Special Course Requirements

candidate for the degree of Bachelor of Engineering (Honours)(Mechanical) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure

To graduate with a Bachelor of Engineering (Honours), students are required to complete 384 credit points of course units, as outlined below:

(a) Core units (96cp) consisting of 60 cp of first year units:

- 3 core Engineering units (36cp)
- MZB127 Engineering Mathematics and Statistics (12cp)
- An introductory unit in Engineering Mathematics (12cp) chosen from a

Bachelor of Engineering (Honours) (Mechanical)

list of two units dependant on mathematical preparedness

and 36 cp of Honours units consisting of:

- Research methods 12cp
- Capstone Project 24 cp (Standard progression is EGH400-1 and EGH400-2. EGH408 requires Study Area Coordinator approval.)

(b) Major: One (1) block of eleven (11) major units (132cp) plus five (5) Advanced Major Honours level units 60cp (192 credit points)

(c) Complementary Studies: 1 x Second Major (8 unit set) or 2 x Minor (4 unit set each) from the options specified for your chosen major. (96 credit points). In the case where students complete 2 minors, at least one must be from the specified list for the Study Area A.

Domestic Entry requirements Year 12 early offer scheme

If you're a current Queensland Year 12 student, you may be eligible to receive an offer for this course on the last day of Queensland Year 12, before receiving your ATAR or selection rank.

Helping you to get into your course

If you don't think your ATAR or selection rank is high enough to get into this course, you can guarantee your entry with guaranteed advanced standing by upgrading through one of the following programs which you can select as one of your QTAC preferences:

QUT College Diploma in Engineering

QUT College Diploma in Engineering graduates will automatically receive an offer to start the Bachelor of Engineering (Honours) within three weeks after completion of the diploma. You will also automatically receive 1 year (96 credit points) credit transfer and be able to complete the degree in 3 years as a full-time student.

[Find out more about the QUT College Diploma in Engineering](#)

Dual TAFE-Qld Brisbane/QUT award

If you enrol in a QTAC offer in the following dual TAFE-Qld Brisbane/QUT award you will automatically receive a QUT conditional offer in June (semester 1 QTAC offer) or October (semester 2 QTAC offer) after your enrolment at TAFE-Qld Brisbane is confirmed.

- [Advanced Diploma of Engineering](#)

Upon completion of the TAFE-Qld courses you will be able to enrol at QUT. You will also automatically receive 1 year (96 credit points) credit transfer and be able to complete the degree in 3 years as a full-time student if you complete the advanced diploma

More details will be provided in your QUT conditional offer letter.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3

& 4, C)

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Complementary Studies

You will have the opportunity to undertake either a 2nd major or two minors.

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Honours)(Medical) must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure

To graduate with a Bachelor of Engineering (Honours), students are required to complete 384 credit points of course units, as outlined below:

- (a) Core units (96cp) consisting of 60 cp of first year units:
- 3 core Engineering units (36cp)
 - MZB127 Engineering Mathematics and Statistics (12cp)
 - An introductory unit in Engineering Mathematics (12cp) chosen from a

Bachelor of Engineering (Honours) (Medical)

list of two units dependant on mathematical preparedness

and 36 cp of Honours units consisting of:

- Research methods 12cp
- Capstone Project 24 cp (Standard progression is EGH400-1 and EGH400-2. EGH408 requires Study Area Coordinator approval.)

(b) Major: One (1) block of eleven (11) major units (132cp) plus five (5) Advanced Major Honours level units 60cp (192 credit points)

(c) Complementary Studies: 1 x Second Major (8 unit set) or 2 x Minor (4 unit set each) from the options specified for your chosen major. (96 credit points). In the case where students complete 2 minors, at least one must be from the specified list for the Study Area A.

Course Overview

This program has been designed to provide you with a real life exposure to a range of urban development disciplines to understand how your chosen course helps to prepare you for a rewarding career in the built environment. You have the opportunity to collaborate with your peers and teaching staff at QUT and to learn in exciting new learning environments. Throughout the course you will experience a range of site visits and fieldwork that will link the theory in lectures to everyday situations in your chosen field of study. You will learn about a range of career opportunities and professional outcomes that will enable you to optimise your experience and potential career. Your major will provide you with in depth knowledge and expertise in an urban development discipline. You will also have the opportunity to undertake a second major or two minors in an area that will broaden your urban development experience and/or complement your first major.

Course Design

Your QUT Bachelor of Urban Development (Honours) degree consists of 384 credit points (32 units) arranged as follows:

- (a) 72 credit points (6 units) of Urban Development Core units, which includes a Work Integrated Learning unit that requires completion of workplace learning.
- (b) 216 credit points (18 units) comprising one (1) major from the following:
- Construction Management
 - Quantity Surveying and Cost Engineering
 - Urban and Regional Planning

(c)

Pathways to Further Study

The (UD01) Bachelor of Urban Development (Honours) is located at Level 8 of the Australian Qualifications Framework (AQF). Graduates may be eligible for discipline relevant Masters and/or Doctoral level programs

Course Overview

The QUT Bachelor of Urban Development (Honours) degree with a primary major (Study Area A) in Construction Management is designed to provide you with 'real-life' exposure, and the knowledge and skills to prepare you for rewarding career the Construction, Development and associated industries. With the capacity, will and innovation to contribute to a better built environment, as a work-ready graduate, you will be able to apply sound judgement and expertise in practice managing complex built environments.

Course Design

Your QUT Bachelor of Urban Development (Honours) (Construction Management) degree consists of 384 credit points (32 units) arranged as follows:

- 72 credit points (6 units) of Urban Development Core units, which includes a Work Integrated Learning unit that requires completion of workplace learning.
- 216 credit points (18 units) of Construction Management discipline units
- 96 credit points of complementary studies comprising of either a Second Major (8 unit set) or two Minors (4 unit set each).

Urban Development Core Units

These units will engage you in understanding Urban Development from a range of disciplinary and multidisciplinary perspectives, expose you to the various outcomes available for pursuing studies in this field and introduce the fundamental basis for policy and practice. Later core units, together with the discipline specific units, will progress your learning development through experiential and enquiry based learning in collaborative environments.

Construction Management Major Discipline Units

These units give you discipline level knowledge, skills and application competencies from introductory through intermediate, culminating with advanced graduate level units. They focus on developing your knowledge, practice and higher order thinking to an advanced level.

Complementary Studies Options

Second Major:

A choice of one second major from:

Urban Development disciplines:

- Urban and Regional Planning Studies
- Property
- Accountancy
- Applied Economics and Finance

(additional second major choices are currently under development)

Minors:

A choice of two minors from the lists

below:

Urban Development disciplines:

- Urban and Regional Planning Studies
- Property Development
- Property Investment and Finance
- Property Valuation

Other disciplines:

- Language Minors – University Wide Options
- [University Wide Minors](#)

Special Course Requirements

You are required to obtain a minimum of 80 days of approved construction management industrial experience as part of your Work Integrated Learning core unit.

Professional Recognition

Graduates are eligible for membership of the Australian Institute of Building (AIB)

Complementary studies options

Complementary studies may be taken as a second major of 96 credit points or two minors of 48 credit points each. Experiential minors in work integrated learning as well as student exchange are also available.

Second majors

A second major provides the opportunity for you to undertake significant studies in a second urban development discipline such as Property Economics, Urban and Regional Planning, Architectural Studies, Accountancy or Applied Economics and Finance. Second majors are also designed to provide diverse professional skills and knowledge beyond the traditional reaches of the built environment curriculum and can offer a range of study options in other fields.

Minors

Minors will allow you undertake studies in a companion discipline. They are designed to provide you with introductory to intermediate level knowledge and skills in areas complementary to your studies. You can choose a minor from other built environment disciplines. There are also minors designed to distinguish students in the employment marketplace with complementary non-discipline skills and competencies that you can choose from a range of inter- and intra-faculty disciplines.

Complementary studies may be taken as a second major of 96 credit points or two minors of 48 credit points each. Experiential minors in work integrated learning as well as student exchange are also available.

Second majors

A second major provides the opportunity for you to undertake significant studies in a second Urban Development discipline such as Property Economics, Urban and Regional Planning, Architectural Studies, Accountancy or Applied Economics and Finance. Second majors are also designed to provide diverse professional skills and knowledge beyond the traditional reaches of the built environment curriculum and can offer a range of study options in other fields.

Minors

Minors will allow you undertake studies in a companion discipline. They are designed to provide you with introductory to intermediate level knowledge and skills in areas complementary to your studies. You can choose a minor from other built environment disciplines. There are also minors designed to distinguish students in the employment marketplace with complementary non-discipline skills and competencies that you can choose from a range of inter- and intra-faculty disciplines.

Pathways to further study

The (UD01) Bachelor of Urban Development (Honours) is located at Level 8 of the Australian Qualifications Framework (AQF). Graduates may be eligible for discipline relevant masters and/or doctoral level programs.

Year	2023
QUT code	ID14
CRICOS	096569J
Duration (full-time)	5 years
Duration (part-time domestic)	9 years
ATAR/Selection rank	79.00
Offer Guarantee	Yes
Campus	Gardens Point
Domestic fee (indicative)	2023: CSP \$8,200 per year full-time (96 credit points)
International fee (indicative)	2023: \$33,000 per year full-time (96 credit points)
Total credit points	480
Credit points full-time sem.	48
Start months	July, February
Int. Start Months	July, February
Deferment	You can defer your offer and postpone the start of your course for one year.

Domestic Entry requirements

Year 12 early offer scheme

If you're a current Queensland Year 12 student, you may be eligible to receive an offer for this course on the last day of Queensland Year 12, before receiving your ATAR or selection rank.

[Find out more about the QUT Year 12 Early Offer Scheme](#)

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Entry requirements

Prerequisites

Satisfactory completion of Year 12 in an Australian school system or equivalent.

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)

Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Domestic Course structure

In order to complete this course, you must complete a total of 480 credit points, made up of 192 credit points from the Bachelor of Design (Industrial Design) and 288 credit points from the Bachelor of Engineering (Honours). You will study design and engineering units in your first four years, and concentrate on engineering studies for the remainder of this course.

Design component

You will complete:

- four school-wide Impact Lab units (48 credit points)
- the industrial design major (144 credit points), including: four shared foundation units (48 credit points) eight units (96 credit points) from the discipline.

Engineering component

Your engineering studies will include:

- four core units (48 credit points) and two core options (24 credit points)
- eight engineering major units (96 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering
- civil engineering
- computer and software systems engineering
- electrical engineering
- electrical and aerospace engineering
- mechatronics engineering
- mechanical engineering
- medical engineering

Study overseas

Study overseas while earning credit towards your QUT degree with one of our worldwide exchange partners.

Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in either degree area, depending on how they match with your QUT course.

Year	2023
QUT code	ID14
CRICOS	096569J
Duration (full-time)	5 years
Duration (part-time domestic)	9 years
ATAR/Selection rank	79.00
Offer Guarantee	Yes
Campus	Gardens Point, Kelvin Grove
Domestic fee (indicative)	2023: CSP \$8,200 per year full-time (96 credit points)
International fee (indicative)	2023: \$33,000 per year full-time (96 credit points)
Total credit points	480
Credit points full-time sem.	48
Start months	July, February
Int. Start Months	July, February
Deferment	You can defer your offer and postpone the start of your course for one year.

Domestic Entry requirements

Year 12 early offer scheme

If you're a current Queensland Year 12 student, you may be eligible to receive an offer for this course on the last day of Queensland Year 12, before receiving your ATAR or selection rank.

[Find out more about the QUT Year 12 Early Offer Scheme](#)

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Entry requirements

Prerequisites

Satisfactory completion of Year 12 in an Australian school system or equivalent.

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Domestic Course structure

In order to complete this course, you must complete a total of 480 credit points, made up of 192 credit points from the Bachelor of Design and 288 credit points from the Bachelor of Engineering (Honours). You will study design and engineering units in your first four years, and for the remainder of this course you will concentrate on engineering studies.

Creative Industries component

Your creative industries studies will

include:

- a design major (144 credit points), including four shared foundation units (48 credit points) and 96 credit points from the interaction design discipline
- four school-wide impact lab units (48 credit points).

Engineering component

Your engineering studies will include:

- four core units (48 credit points) and two core options (24 credit points)
- eight engineering major units (96 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering
- civil engineering
- computer and software systems engineering
- electrical engineering
- electrical and aerospace engineering
- mechatronics engineering
- mechanical engineering
- medical engineering

Study overseas

Study overseas while earning credit towards your QUT degree with one of our worldwide exchange partners.

Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in either degree area, depending on how they match with your QUT course.

Engineering component

Your engineering studies will include:

- four core units (48 credit points) and two core options (24 credit points)
- one block of 10 major units (120 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering
- civil engineering
- computer and software systems engineering
- electrical engineering
- electrical and aerospace engineering
- mechatronics engineering

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Entry requirements Prerequisites

Satisfactory completion of Year 12 in an Australian school system or equivalent.

International Assumed knowledge

- Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
Overall	6.5
Listening	6.0
Reading	6.0
Writing	6.0
Speaking	6.0

Domestic Course structure

In order to complete this course, you must complete a total of 480 credit points, made up of 192 credit points from the Bachelor of Design (Landscape Architecture) and 288 credit points from the Bachelor of Engineering (Honours). You will study design and engineering units in your first four years, and concentrate on engineering studies for the remainder of this course.

Design component

You will complete:

- four school-wide Impact Lab units (48 credit points)
- the landscape architecture major (144 credit points), including: our shared foundation units (48 credit points) eight units (96 credit points) from the discipline.

Engineering component

Your engineering studies will include:

- four core units (48 credit points) and

- two core options (24 credit points)
- eight engineering major units (96 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering
- civil engineering
- computer and software systems engineering
- electrical engineering
- electrical and aerospace engineering
- mechatronics engineering
- mechanical engineering
- medical engineering

Study overseas

Study overseas while earning credit towards your QUT degree with one of our worldwide exchange partners.

Overseas study can be for one or two semesters (or during the semester break) and the units you take can be in either degree area, depending on how they match with your QUT course.

Your engineering studies will include:

- four core units (48 credit points) and two core options (24 credit points)
- one block of 10 major units (120 credit points)
- eight honours-level units (96 credits points).

You must choose a major from:

- chemical process engineering
- civil engineering
- computer and software systems engineering

Bachelor of Design (Landscape Architecture)/Bachelor of Engineering (Honours)

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English, or Literature, or English and Literature Extension, or English as an Additional Language (Units 3 & 4, C)
- General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

International Entry requirements

Prerequisites

Satisfactory completion of Year 12 in an Australian school system or equivalent.

International Assumed knowledge

- General Mathematics, or Mathematical Methods, or Specialist Mathematics (Units 3 & 4, C)

Minimum English requirements

Students must meet the English proficiency requirements.
