#qutopenday

a university for the **real** world®

See for yourself what makes QUT a university for the real world ...at QUT Open Day.

BE IN DEMAND

QUT continues to outperform Queensland and Australian average rates for graduate employment. During your time at QUT you'll gain the knowledge, skills and connections to thrive in your chosen field.

GLOBAL OUTLOOK

With QUT's world-class courses and learning facilities, and programs for overseas exchange and engagement, you will be prepared to work in Australia and internationally.

CONVENIENT CAMPUSES

QUT's high-quality academic, recreational and support facilities span its three campuses at Gardens Point and Kelvin Grove in central Brisbane, and Caboolture in the north of the city.

RESEARCH WITH IMPACT

QUT researchers are working on some of the biggest challenges and opportunities facing Australia and the global community, and their research is recognised as world standard. If you have a passion for discovery and innovation, consider a QUT research degree.

LEARN FROM THE BEST

You'll be taught by award-winning teaching staff and have access to industry-standard facilities and opportunities for practical, real-world learning, ensuring you're ready to meet the demands of your industry or profession.

REAL-WORLD COURSES

As one of Australia's leading universities, we offer a broad range of degrees that can lead to a successful career. Prepare for employment in a changing world with up-to-date courses and flexible options to tailor your degree to your interests.

THE TIME OF YOUR LIFE

You will study in a culturally diverse and inclusive environment, with support, social activities and development opportunities to help you discover your place in the world and make the most of your time at QUT.

QUT Open Day

Open Day at Gardens Point campus is your best chance to talk to staff and current students from all faculties and study areas, go to seminars, check out our facilities and find out what it's like to study at QUT.

Staff and students from all study areas will be at Gardens Point campus on the day including courses based at other QUT campuses.

You can visit Kelvin Grove campus to take a tour of the campus, library, Creative Industries Precinct, Clinical Simulation Centre and QUT Health Clinics. The estimated travel time between Gardens Point and Kelvin Grove campuses is 15 minutes and you can catch the free shuttle bus. For information about tour times at Kelvin Grove campus and travelling between campuses, see page 10.

...find out what it's like to study at QUT.

Getting to QUT Gardens Point campus

The campus is centrally located in Brisbane city, alongside the City Botanic Gardens, so it's well serviced by public transport—bus, train and CityCat.

The campus is walking distance from the King George Square and Queen Street bus stations in the city, and the Mater Hill and South Bank bus stations (a short walk across the Goodwill Bridge).

You can also catch the free shuttle bus from Kelvin Grove campus. See page 10 for details.

Catch a train to South Bank Station and then walk across the Goodwill Bridge to Gardens Point campus. Or catch a train to Central Station and walk through the city to the campus.

Catch a CityCat to the QUT Gardens Point ferry terminal.

Use the journey planner to access timetables and services at www.translink.com.au or call 13 12 30. For alternative transport options visit www.qut.edu.au/open-day

If you have mobility difficulties refer to the accessibility map at www.qut.edu.au/campuses-and-facilities or contact us on 3138 2000.

Bailey Munro

Business (marketing) and creative industries (film, television and screen) student

Attending QUT Open Day was extremely beneficial. It allowed me to experience life on campus first hand and talk to students who were currently studying. This helped me to make a final decision.

Information sessions and tours at Gardens Point—morning

9.00–10.00am

Seminar/Tour	Time	Block	Level	Room
BUSINESS				
An overview of QUT business—a world-class degree	9.00–9.50am	Z	4	411

Science and Engineering Centre

QUT's \$230 million Science and Engineering Centre is a certified 5 Star Green Star building for environmental sustainability. The centre includes The Cube—one of the world's largest and most advanced digital interactive learning and display spaces. Learn more about the centre at Open Day—refer to tour times in the program.

Tours at Kelvin Grove campus

We invite you to check out facilities at the QUT Kelvin Grove campus between 9am–3pm with tours of the campus, library, Creative Industries Precinct, Clinical Simulation Centre and QUT Health Clinics.

Free shuttle bus

Catch the free shuttle bus from Gardens Point to Kelvin Grove campus and we will direct you to the meeting point for each tour. The bus will run every 15 minutes from 8am to 3.45pm.

Bus departs Gardens Point campus
Stop 95 at the cnr Alice and George Streets

Bus departs Kelvin Grove campus—two stops
Cnr Musk Avenue and Victoria Park Road (use this stop for campus tours, library tours and Clinical Simulation Centre tours)

Cnr Carraway Street and Musk Avenue (use this stop for the Health Clinics and Creative Industries Precinct)

Kelvin Grove campus facilities

Creative Industries Precinct

The Creative Industries Precinct at Kelvin Grove campus, including a new \$88 million expansion, is the most sophisticated and technically advanced creative space in Australia. Students have access to working spaces that include high-tech lecture facilities, experimental black-box theatres, advanced digital facilities, music and dance studios, production workshops, newsrooms, and multimedia and visual art spaces. Tours of the Creative Industries Precinct are offered at Open Day—refer to the schedule opposite.

Clinical Simulation Centre

The Clinical Simulation Centre immerses students in training situations using technology and equipment that simulates real-world experiences. The facility features operational hospital rooms, life-sized ambulance simulators, and multi-casualty sites that imitate a building collapse, car accident or explosion. Students use industry equipment to treat mannequins that offer a realistic patient experience with light-sensitive pupils, bodily fluid excretion, visible breathing, and tolerance to injections and infusions. Take a tour of the centre used by nursing and paramedic science students at Open Day—refer to the schedule opposite.

QUT Health Clinics

Students have the opportunity to work with real patients under the supervision of professionals in optometry, podiatry, exercise physiology, psychology and counselling, and nutrition and dietetics, using world-class facilities at the QUT Health Clinics at Kelvin Grove. Take a tour of the facilities used by podiatry and exercise students at Open Day—refer to the schedule opposite.

Why come to QUT Open Day

Kathryn Lukin

Creative industries (entertainment industries) and law student

Open Day allowed me to see the different campuses and really get a feel of what life would be like attending university in Brisbane. The best part of the event was chatting to students from all different faculties and seeing how passionate they were about their area of study. It was really motivating.

Are you the parent of a high school student? We're here to help.

We understand helping your child to make course and career decisions is much easier with the right information. Attend one of our seminars for parents at 11am or 2pm and our career counsellors will provide advice about how you can help your child as they transition from school to university.

Tips for planning your day

Open Day is all about you. There's a lot to see and do, so these are our top tips for making the most of your day.

Register online at www.qut.edu.au/open-day to stay updated and you'll go in the draw to win a MacBook. See the Open Day website for terms and conditions.

Check the best way to get to Open Day and plan your journey in advance so you arrive relaxed and ready to go. We recommend public transport or public car parks walking distance to campus as parking is extremely limited at Gardens Point campus.

Create your online day planner for all the seminars and tours you'd like to attend. See the website for details from early July 2017. Helpful hint: the busiest time of day for seminars is between 11am and 1pm and seminars can reach capacity. Avoid the crowds by planning to come earlier or later in the day.

Have your questions answered by staff and students from all study areas and faculties (including courses based at other QUT campuses) at our course information tents.

Find out about support services, scholarships, applying, accommodation and transport, and overseas student exchange opportunities through seminars or by talking with our helpful staff at the information tents.

Take a guided tour to see the campuses and facilities.
