International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	5.0
writing	5.0
reading	5.0
listening	5.0
overall	5.5

Progression

Requirements for a guaranteed place in the following QUT Bachelor degrees:

- have an IELTS score of 6.5 or its equivalent
- fulfil the Diploma course requirements, and
- Gain a Grade Point Average (GPA) for particular courses, as indicated below:

Students must study BSD126 Marketing if they are wanting to choose either the Public Relations or Advertising major in the IF27 Bachelor of Mass Communication program

Students who successfully complete the University Diploma of Creative Industries and meet the respective faculty requirements will receive up to one year's advanced standing and be guaranteed a place in one of the available bachelor programs from the Creative Industries Faculty.

Students who achieve a grade point average of at least 4.0 (on a 7-point scale), will receive 96 credit points (two semesters) of credit (advanced standing), with four semesters to complete:

- Bachelor of Mass Communication
- Bachelor of Creative Industries
- Bachelor of Media and Communication

Students who achieve a grade point average of at least 4.5 (on a 7-point scale), will receive 96 credit points (two semesters) of credit (advanced standing), with four semesters to complete:

- Bachelor of Entertainment Industries
- Bachelor of Journalism
- Bachelor of Fine Arts (Creative and Professional Writing)
- Bachelor of Fine Arts (Film, TV and New Media Production)
- Bachelor of Fine Arts (Interactive and Visual Design) – starting in February
- Bachelor of Fine Arts (Drama)

Students who achieve a grade point average of at least 4.5 (on a 7-point scale), will receive 96 credit points (two semesters) of credit (advanced standing), with five semesters to complete:

- Bachelor of Fine Arts (Interactive and Visual Design) – starting in July

Students who achieve a grade point average of at least 4.5 (on a 7-point scale), will receive 96 credit points (two semesters) of advanced standing for six semesters to complete:

- Bachelor of Fine Arts (Animation)

Extension English Sessions

For first-semester students, these sessions take place during weeks two to eight. Other QUTIC students in University Entry Programs may join the sessions, if their timetable permits. The aims of Extension English are to improve the student's English language proficiency in speaking, listening and overall writing ability in a relaxed environment.

In addition to developing these language skills, students have the opportunity to discuss cultural issues and ask questions about studying at university.

Important Notice

This course was replaced by DE42 Bachelor of Design (Honours) from 2014. Students in DE40 must complete their course by end 2014. Students who have not completed DE40 by the end of 2014 will be transferred to DE42.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Master of Design (Urban Design) or the Master of Design (Research), provided you have met entry requirements.

Professional Recognition

This course, along with the following Master of Architecture course, has received full accreditation from the Architects Accreditation Council of Australia, and full recognition from the Australian Institute of Architects.

Domestic Course structure

Your course

Year 1

Your foundation year sets the groundwork for architecture design and theory units. Five units are common to the design degree or Faculty and these cover design, design history, design and sustainability and visual communications. You undertake two units of introductory core architecture design studios and the first unit dealing with place making.

Year 2

You participate in two design studios covering process of design, dwelling, tectonics and public spaces. Further design units which integrate technology (climate) and history/theory (culture and space) are covered and lecture-based units address history/theory (architecture in the twentieth century) and architectural technology (building construction). You complete the first two units for your second major or first minor.

Year 3

Design studios address course focus areas of digital tools and sustainability. Design units continue, integrating specific knowledge of technology (structure). Additionally there is a collaborative design unit where you work with students in other disciplines of design. Two lecture-based units address history/theory (architecture and the city), and architectural technology (building services). You complete a further two units for your second major or first minor.

Year 4

Core design studios are of an advanced level, addressing the context of buildings in the urban setting, and culminating with a design project that demonstrates the integration of knowledge accumulated through the course. You also complete two common units in design research and professional practice. You complete a further four units of your second major or four units of your second minor.

Second majors and minors

You will be able to select from two 4 unit approved minors or one 8 unit approved second major to enhance and broaden your knowledge in a related field or area of interest.

Architectural studies second major and minor options

Second Major:

A 2nd major from anywhere in QUT.

Minors:

A minor from anywhere in QUT.

*Please remember that one minor must be from outside of your course.

**Design students interested in enrolling in the Applications minor, must first consult and obtain approval from the Subject Area Coordinator/Course Coordinator

Professional Recognition

Graduates qualify for membership of the Design Institute of Australia, the professional body for Australian designers. The course is an educational member of the International Council of Societies of Industrial Design.

Domestic Course structure

Your course

Year 1

In this foundation year you learn about design process, physical and aesthetic function, an introduction to design history and the role of design professions. You undertake five units common to the design school or Faculty covering design, design history, design and sustainability and visual communication. You explore symbolic function, ergonomics and product usability as well as the use of digital media and sustainability.

Year 2

You focus on the key aspects of how products are made, computer-aided industrial design, products systems and the social and cultural issues of design. You will also commence your second major or first minor units.

Year 3

You bring together what you have learnt so far to design realistically detailed products suitable for manufacture. You also learn about working with other professionals and the practical issues of bringing products to the market. Second major or minor units continue.

Year 4

The final year sees you using applied design research to develop truly innovative product solutions. You learn about professional practice and become ready to adopt a leadership role in design. You also conclude your second major or minor studies. You are now ready to make your mark as a professional industrial designer.

Second majors and minors

You will be able to select from two 4 unit approved minors or one 8 unit approved second major to enhance and broaden your knowledge in a related field or area of interest.

Graduates qualify for membership of the Design Institute of Australia. The course is an educational member of the Interior Design/Interior Architecture Educators' Association of Australia and New Zealand.

Domestic Course structure

Your course

Year 1

The foundation year includes a diverse range of subjects in order to expose the breadth of design process and theory. Five common units cover design, design history, design and sustainability and visual communication. There are three units specific to the discipline, two concerned with core interior design studios and the other dealing with design technology.

Year 2

You complete two design studios exploring issues of inhabitation in both transitory and permanent residential situations, and discuss these relative to theory and practice of leading designers. This is supported by two units that advance understanding of interior systems and technology, alongside further topics in colour and the environment that engage issues of aesthetic and psychological perceptions of space. There is opportunity to commence second major or first minor units.

Year 3

This year departs from previous years to take a more experimental attitude to design studios. A range of topics allow you to discover differing approaches to the interior. Alongside these studios are lecture-based units addressing interior theory and environments in transition, raising issues such as gendered spaces, interiority and globalisation. A collaborative unit with other design students facilitates interdisciplinary or transdisciplinary studies. You complete two second major or minor units.

Year 4

Two semi-structured research-led design studios allow you to develop a body of work that distinguishes and advances your own design interests. Supporting this area of study are two common design units in design research and professional practice, providing a context for design practice. A further four units of second major or four units of a second minor can also be taken in this year.

Year 1

This foundation year sets the groundwork for landscape design and theory units in later years. You undertake five units common to the design degree or Faculty covering design, design history, design and sustainability and visual communication. You also complete two units of core landscape design studios and your first unit dealing with plant studies.

Year 2

Four units for the second major or minors come on stream in your second year. You participate in two key design studios covering place theory, environmental psychology and site planning. Two theory units explore landscape ecology, aspects of physical geography and a preliminary construction unit based on land grading.

Year 3

You complete two units for your second major or minor plus two landscape design studios which extend the scale and complexity of previous studios, including an emphasis on planting design and detailed design resolution. Three construction and practice units reach an advanced level. Lastly, a history and criticism unit focuses on landscape design in the past, with a critical overview of contemporary landscape design trends.

Year 4

You further expand your expertise with two units towards your chosen second major/minors. Four units are devoted to advanced landscape design studios covering a wide range of urban and regional sites and scenarios. Two of these studios contain opportunities for personal design exploration on an agreed topic. You also complete two units in design research and professional practice.

Domestic Course structure

Innovative course structure

Your design course consists of 18-20 units (240 credit points) from your primary major (architectural studies, industrial design, interior design or landscape architecture) and four units (48 credit points) that are common to all four of these majors.

You will learn alongside students from related disciplines because that's how it will be when you graduate and work in the real world of design.

Customise your degree

Eight units (96 credit points) of your course are taken outside your primary major. You will choose from one second major or two minors from any approved QUT degree.

Minors and majors allow you to tailor your studies to suit your interests and career aspirations. Minors give you breadth of knowledge from two other areas and a second major provides depth in one area. The possibilities are almost endless.

Here are some examples that might inspire ideas:

- an architecture student could take a minor in interior design and a work integrated learning minor to gain professional industry experience
- a landscape architecture student could take a language minor such as Italian to help them work overseas
- an interior design student could take a second major in industrial design to aid their ambition to design and manufacture their own range of office furniture
- an industrial design student could take a second major in mechanical or electrical engineering to give them a deeper understanding of manufacturing and production.

Your course

Year 1

Your foundation year sets the groundwork for architecture design and theory units. Five units are common to the design degree or Faculty and these cover design, design history, design and sustainability and visual communications. You undertake two units of introductory core architecture design studios and the first unit dealing with place making.

Year 2

You participate in two design studios covering process of design, dwelling, tectonics and public spaces. Further design units which integrate technology (climate) and history/theory (culture and space) are covered and lecture-based units address history/theory (architecture in the twentieth century) and architectural technology (building construction). You complete the first two units for your second major or first minor.

Year 3

Design studios address course focus areas of digital tools and sustainability. Design units continue, integrating specific knowledge of technology (structure). Additionally there is a collaborative design unit where you work with students in other disciplines of design. Two lecture-based units address history/theory (architecture and the city), and architectural technology (building services). You complete a further two units for your second major or first minor.

Year 4

Core design studios are of an advanced level, addressing the context of buildings in the urban setting, and culminating with a design project that demonstrates the integration of knowledge accumulated through the course. You also complete two common units in design research and professional practice. You complete a further four units of your second major or four units of your second minor.

Second degree

Undertaking a second major in one of the four design disciplines also gives you the option of obtaining a second degree with a minimum of further study.

After graduation, you can return to complete the remaining units from your second major to obtain a second qualification. This is usually undertaken part time while working.

Note: This is not a double degree because it is not undertaken simultaneously with the first degree.

Example

A student completes a Bachelor of Design (Honours) in Architecture with a second major in interior design. They can return to complete units in architecture and graduate with a second design degree in architecture.

* To pursue a second design degree, this second major must be an approved set of eight units from within a Bachelor of Design (Honours) primary major.

** One of these minors must be from outside the Bachelor of Design (Honours).

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Master of Design (Research), provided you have met entry requirements.

Professional Recognition

Graduates qualify for membership of the Design Institute of Australia, the professional body for Australian designers. The course is an educational member of the International Council of Societies of Industrial Design.

Domestic Course structure

Innovative course structure

Your design course consists of 18-20 units (240 credit points) from your primary major (architectural studies, industrial design, interior design or landscape architecture) and four units (48 credit points) that are common to all four of these majors.

You will learn alongside students from related disciplines because that's how it will be when you graduate and work in the real world of design.

Customise your degree

Eight units (96 credit points) of your course are taken outside your primary major. You will choose from one second major or two minors from any approved QUT degree.

Minors and majors allow you to tailor your

studies to suit your interests and career aspirations. Minors give you breadth of knowledge from two other areas and a second major provides depth in one area. The possibilities are almost endless.

- an industrial design student could take a second major in mechanical or electrical engineering to give them a deeper understanding of manufacturing and production.

Your course

Year 1

In this foundation year you learn about design process, physical and aesthetic function, an introduction to design history and the role of design professions. You undertake five units common to the design school or Faculty covering design, design history, design and sustainability and visual communication. You explore symbolic function, ergonomics and product usability as well as the use of digital media and sustainability.

Year 2

You focus on the key aspects of how products are made, computer-aided industrial design, products systems and the social and cultural issues of design. You will also commence your second major or first minor units.

Year 3

You bring together what you have learnt so far to design realistically detailed products suitable for manufacture. You also learn about working with other professionals and the practical issues of bringing products to the market. Second major or minor units continue.

Year 4

The final year sees you using applied design research to develop truly innovative product solutions. You learn about professional practice and become ready to adopt a leadership role in design. You also conclude your second major or minor studies. You graduate with an

Bachelor of Design (Honours) (Industrial Design)

honours level equivalency. You are now ready to make your mark as a professional industrial designer.

Second degree

Undertaking a second major in one of the four design disciplines also gives you the option of obtaining a second degree with a minimum of further study.

After graduation, you can return to complete the remaining units from your second major to obtain a second qualification. This is usually undertaken part time while working.

- an industrial design student could take a second major in mechanical or electrical engineering to give them a deeper understanding of manufacturing and production.

Your course

Year 1

The foundation year includes a diverse range of subjects in order to expose the breadth of design process and theory. Five common units cover design, design history, design and sustainability and visual communication. There are three units specific to the discipline, two concerned with core interior design studios and the other dealing with design technology.

Year 2

You complete two design studios exploring issues of inhabitation in both transitory and permanent residential situations, and discuss these relative to theory and practice of leading designers. This is supported by two units that advance understanding of interior systems and technology, alongside further topics in colour and the environment that engage issues of aesthetic and psychological perceptions of space. There is opportunity to commence second major or first minor units.

Year 3

This year departs from previous years to take a more experimental attitude to design studios. A range of topics allow you to discover differing approaches to the interior. Alongside these studios are lecture-based units addressing interior theory and environments in transition, raising issues such as gendered spaces, interiority and globalisation. A

Bachelor of Design (Honours) (Interior Design)

collaborative unit with other design students facilitates interdisciplinary or transdisciplinary studies. You complete two second major or minor units.

Year 4

Two semi-structured research-led design studios allow you to develop a body of work that distinguishes and advances your own design interests. Supporting this area of study are two common design units in design research and professional practice, providing a context for design practice, and ensure you graduate with honours equivalency. A further four units of second major or four units of a second minor can also be taken in this year.

Second degree

Undertaking a second major in one of the four design disciplines also gives you the option of obtaining a second degree with a minimum of further study.

After graduation, you can return to complete the remaining units from your second major to obtain a second qualification. This is usually undertaken part time while working.

Your course

Year 1

This foundation year sets the groundwork for landscape design and theory units in later years. You undertake five units common to the design degree or Faculty covering design, design history, design and sustainability and visual communication. You also complete two units of core landscape design studios and your first unit dealing with plant studies.

Year 2

Four units for the second major or minors come on stream in your second year. You participate in two key design studios covering place theory, environmental psychology and site planning. Two theory units explore landscape ecology, aspects of physical geography and a preliminary construction unit based on land grading.

Year 3

You complete two units for your second major or minor plus two landscape design studios which extend the scale and complexity of previous studios, including an emphasis on planting design and detailed design resolution. Three construction and practice units reach an advanced level. Lastly, a history and criticism unit focuses on landscape design in the past, with a critical overview of contemporary landscape design trends.

Year 4

You further expand your expertise with two units towards your chosen second

Bachelor of Design (Honours) (Landscape Architecture)

major/minors. Four units are devoted to advanced landscape design studios covering a wide range of urban and regional sites and scenarios. Two of these studios contain opportunities for personal design exploration on an agreed topic. You also complete two units in design research and professional practice, providing you with honours equivalency.

Second degree

Undertaking a second major in one of the four design disciplines also gives you the option of obtaining a second degree with a minimum of further study.

After graduation, you can return to complete the remaining units from your second major to obtain a second qualification. This is usually undertaken part time while working.

You will explore key concepts driving media and communication industries in the global new economy and be introduced to skills in your chosen professional areas of study including public relations, advertising, media and communication, journalism, and entertainment. You will apply your knowledge to communication activities and exercises which provide insight into the nature and scope of the industry sectors you will work in.

Year 2

Focusing on your major areas of study, you will undertake activities that enable you to apply your rapidly developing communication skills and knowledge of media industries. You will complete projects using industry-standard equipment and software, gaining experience in a range of tasks you will undertake as part of your professional life. You also begin to broaden your skill and knowledge base by selecting from a range of elective units.

Year 3

This capstone year focuses on the refinement of skills. Working individually and in teams, you will produce a portfolio of work, often for real-world clients, which showcases your project management, communication and creative talents. Work placement opportunities complement these activities and allow you to network

with a range of industry leaders.

Important Notice

You are required to complete two majors as part of this course. Please note that these majors will appear on your academic transcript but not on your parchment. Your parchment will reflect your course title 'Bachelor of Mass Communication'.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), Bachelor of Journalism (Honours) or Bachelor of Media and Communication (Honours), provided you have met entry requirements.

Professional Recognition

Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Communications Council and the Society of Business Communicators (SBC).

Your course

Year 1

You will explore key concepts driving media and communication industries in the global new economy and be introduced to skills in your chosen professional areas of study including public relations, advertising, media and communication, journalism, and entertainment. You will apply your knowledge to communication activities and exercises which provide insight into the nature and scope of the industry sectors you will work in.

Year 2

Focusing on your major areas of study, you will undertake activities that enable you to apply your rapidly developing communication skills and knowledge of media industries. You will complete projects using industry-standard equipment and software, gaining experience in a range of tasks you will undertake as part of your professional life. You also begin to broaden your skill and knowledge base by selecting from a range of elective units.

Year 3

This capstone year focuses on the refinement of skills. Working individually

Bachelor of Mass Communication (Advertising and Public Relations)

and in teams, you will produce a portfolio of work, often for real-world clients, which showcases your project management, communication and creative talents. Work placement opportunities complement these activities and allow you to network with a range of industry leaders.

Sample Structure

A number of changes have been made to Creative Industries courses. Units have been recoded, renamed or discontinued. To see how these changes affect you, it is recommended that you consult the tables below in conjunction with your course outline.

Year 1

You will explore key concepts driving media and communication industries in the global new economy and be introduced to skills in your chosen professional areas of study including public relations, advertising, media and communication, journalism, and entertainment. You will apply your knowledge to communication activities and exercises which provide insight into the nature and scope of the industry sectors you will work in.

Year 2

Focusing on your major areas of study, you will undertake activities that enable you to apply your rapidly developing communication skills and knowledge of media industries. You will complete projects using industry-standard equipment and software, gaining experience in a range of tasks you will undertake as part of your professional life. You also begin to broaden your skill and knowledge base by selecting from a range of elective units.

Year 3

This capstone year focuses on the refinement of skills. Working individually

Bachelor of Mass Communication (Entertainment and Public Relations)

and in teams, you will produce a portfolio of work, often for real-world clients, which showcases your project management, communication and creative talents. Work placement opportunities complement these activities and allow you to network with a range of industry leaders.

Sample Structure

A number of changes have been made to Creative Industries courses. Units have been recoded, renamed or discontinued. To see how these changes affect you, it is recommended that you consult the tables below in conjunction with your course outline.

Year 1

You will explore key concepts driving media and communication industries in the global new economy and be introduced to skills in your chosen professional areas of study including public relations, advertising, media and communication, journalism, and entertainment. You will apply your knowledge to communication activities and exercises which provide insight into the nature and scope of the industry sectors you will work in.

Year 2

Focusing on your major areas of study, you will undertake activities that enable you to apply your rapidly developing communication skills and knowledge of media industries. You will complete projects using industry-standard equipment and software, gaining experience in a range of tasks you will undertake as part of your professional life. You also begin to broaden your skill and knowledge base by selecting from a range of elective units.

Year 3

This capstone year focuses on the refinement of skills. Working individually

Bachelor of Mass Communication (Media & Communication and Public Relations)

and in teams, you will produce a portfolio of work, often for real-world clients, which showcases your project management, communication and creative talents. Work placement opportunities complement these activities and allow you to network with a range of industry leaders.

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), provided you meet the entry requirements.

Domestic Course structure

Your course

Year 1

You will establish knowledge in communication practice and theory, media research and audience analysis, and gain a strong contextual understanding of media and communication industries, products and policies in Australia and internationally. You will develop written, spoken and visual communication skills that are essential to professional employment in the creative industries. Your understanding of the social and cultural impact of emerging media technologies, media regulation and ownership will be advanced through the use of case studies, practical work and independent research.

Year 2

Using abilities developed in your first year you will continue to hone your communication skills and undertake practical activities to explore virtual communities and consumer cultures from global and multicultural perspectives. You will use the internet to investigate online identities and web-based hubs, while

actively engaging in your own content creation and contributing to a variety of web productions. Electives increase this course's flexibility and provide options to diversify your professional portfolio. You can expand your focus to other areas that complement or contrast your studies, enhancing your skills and erudition.

Year 3

In your third year you will have further opportunities to practically apply your knowledge and gain industry experience to boost your employability. Working in a team environment with industry professionals you will gain real-world experience through internships, service learning or creative industries projects. You will be a major player in the Brisbane Media Map project and form industry contacts while using your research skills to investigate Australian media outlets and audiences. You will have the opportunity to develop specialist research projects with leading scholars in media and communication.

Bachelor of Creative Industries core units (6 units)

PLUS

Creative Industries major (8 units)

PLUS

Second major (8 units) + 2 electives

OR

2 minors (4 units each) + 2 electives

Your BCI core units provide you with well-developed communication, project management and digital media skills, an up-to-date insight into the creative economy, and an appreciation of creative collaboration.

Creative Industries Work Integrated Learning (WIL) units in your final year will prepare you for your creative career as an entrepreneur, consultant, project manager or creative professional, or give you the hunger for higher degree research.

You will choose a creative industries major, and from there you may select a second major to develop a significant depth of knowledge and skill in two discipline areas. Alternatively, you might prefer to develop a wide breadth of

knowledge across three discipline areas by adding two minors to your chosen creative industries major.

Creative Industries majors are available in the following areas: Animation; Art and Design History; Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion; Film, Television and Screen; Interactive and Visual Design; Journalism, Media and Communication; Literary Studies; and Music.

Second majors are available in the following areas:

As per the above list of majors PLUS Architectural Studies, Advertising, Entrepreneurship, Games Design, Industrial Design Studies, Integrated Marketing Communication, Interior Design Studies, Landscape Architecture Studies, Marketing, Online Environments, and Public Relations.

Caboolture campus

The majority of your first year of study will be completed at Caboolture. A minimum of six units (72 credit points) of your first eight units (96 credit points) must be completed at Caboolture before course transition to Kelvin Grove campus.

Credit / advanced standing will not be granted for BCI core units. Successful applications will be granted to the course after your first year of study.

International students must apply for the Kelvin Grove offering.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), provided you have met entry requirements.

Your course

Year 1

You will undertake two BCI core units, which provide you with well-developed communication skills and teach you how leading creative industries practitioners exploit their creativity for commercial and artistic gain. Study in your majors and/or minors commences from your first semester, so you take control of your creative direction from day one.

Year 2

You will continue your studies in your major(s) and/or minor(s) and enhance your career prospects by undertaking two further BCI core units in visual communication and project management.

Year 3

You will extend your creative skills and knowledge through your majors and/or minors. The WIL program offers end-of-course units in which you can set yourself up for the creative career you desire. You will undertake at least two units that allow you to use the skills and knowledge gained during this course and assist your transition out of university. These units comprise:

- an internship program with one of our industry partners
- a creative industries project which can prepare you for work as a freelancer or consultant
- an international study tour
- an introduction to research unit which will prepare you for higher degree research study (honours, masters, PhD).

Animation

Develop skills and knowledge in the history and practices of animation including drawing, motion and 3D graphics, and real-time modelling for virtual environments.

Art and Design History

Build the expertise for a career in the arts professions including curatorial work, art criticism and administration. Your knowledge may span architecture, design, visual arts, video and culture.

Creative and Professional Writing

Explore various genres including fiction, creative non-fiction, media writing, and

corporate writing and editing. Enhance your peer-reviewing skills and understanding of the social and generic contexts of creative writing.

Dance Studies

Gain skills in contemporary dance, ballet and choreography, and an understanding of the social and historical context of dance. Previously acquired skill, knowledge and physical fitness are required.

Drama

Combine performance theory and practice. Study acting, directing, twentieth-century performance theory and practice, events management and performance innovation.

Entertainment Industries

Prepare for a career as an entertainment producer, creating and managing entertainment projects and organisations. Gain business, legal and creative skills for diverse roles across the entertainment industries.

Fashion

Learn about the history, industry and sustainability of fashion. Develop skills in fashion communication to prepare for careers in merchandising, product development, fashion styling or fashion journalism.

Film, Television and Screen

Develop a range of understandings in the theory and practice of film, television and screen. Enhance your creative, technical and organisational abilities while building storytelling and communication skills.

Interactive and Visual Design

Develop contemporary design skills for print media, websites, mobiles and computer games. Prepare for careers in marketing, web design, electronic publishing, interaction design and the creative aspects of game design.

Journalism

Choose from a range of options to develop an understanding of the journalism profession and industry. Be introduced to journalism writing styles and gain insight into specialist areas of reporting.

Literary Studies

Gain grounding in a range of works, from Shakespeare to 19th- and 20th-century literature and culture. Enhance your skills in writing and analysis, and understand social and historical contexts.

Media and Communication

Explore options to develop an understanding of the professional communication field. Develop skills and knowledge to prepare media material to build and maintain an organisation's media profile.

Music

Gain a broad understanding of music practice in contemporary social, cultural and economic contexts. Learn practical skills and theory to support a career in music within administrative, business or organisational areas.

Second majors

Second majors may be selected from the creative industries majors or from design - architectural studies, industrial design studies, interior design studies or landscape architecture studies.

Other second major options include advertising, entrepreneurship, games design, integrated marketing communication, marketing, online environments or public relations.

Caboolture students may not be able to access these additional majors at the Caboolture campus.

Minors

You can choose up to two minors from Creative Industries or other areas at QUT. These include:

- advertising, audience and user research, communication for the professions, entrepreneurship, international business, management, marketing, public relations
- architectural studies, industrial design studies, interior design studies or landscape design studies
- art, design and architecture; art history; collaborative digital design; fashion; visual arts practice

Your BCI core units provide you with well-developed communication and digital media skills, an up-to-date insight into the creative economy, and an appreciation of creative collaboration. Creative Industries Transitions units in your final year will prepare you for your creative career as an entrepreneur, consultant, project manager or creative professional, or give you the hunger for higher degree research.

You will choose a creative industries major and from there you may select a second major to develop a significant depth of knowledge and skill in two discipline areas. Alternatively, you might prefer to develop a wide breadth of knowledge across three or more discipline areas by adding to your chosen creative industries major with two minors and two electives.

Your course**Year 1**

You will undertake two BCI core units, which provide you with well-developed communication skills and teach you how leading creative industries practitioners

exploit their creativity for commercial and artistic gain. Study in your majors and minors commences from your first semester, so you take control of your creative direction from day one.

Year 2

You will continue your studies in your major(s) and/or minor(s) and enhance your career prospects by undertaking further BCI core units in visual communication and project management.

Year 3

You will continue to build your creative skills and knowledge through your majors and/or minors. The Creative Industries Transitions program offers end-of-course units in which you can set yourself up for the creative career you desire. You will undertake at least two units that will allow you to use the skills and knowledge gained during this course and assist your transition out of university. These units comprise:

- an internship program with one of our industry partners
- a creative industries project which can prepare you for work as a freelancer or consultant
- an international study tour, usually to New York, Paris, or another international creative industries city
- an introduction to research unit which will prepare you for higher degree research study (honours, masters, PhD).

Animation

You will gain skills and knowledge in the field of animation, including the history and practices of animation. You will develop practical skills in drawing, motion graphics, 3D graphics and real-time modelling for virtual environments.

Art and Design History

You will build the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. Your knowledge may span architecture, design, visual arts, and video art and culture.

Creative and Professional Writing

You will gain adequate skills and knowledge in the areas of creative or professional writing, grounded in a variety of genres, including fiction, creative non-

fiction, media writing, and corporate writing and editing. Your critical, analytical and peer-reviewing skills will be enhanced, and you will have an understanding of the social and generic contexts of creative writing.

Dance Studies

You will gain skills in contemporary dance, ballet, other popular genres and choreography, alongside an understanding of the social and historical context of ballet, contemporary dance and popular and world dance. Your critical thinking, analytical and writing skills will be developed. Previously acquired skill is required for you to undertake this major. You must be physically able, fit and have advanced skills in dance technique.

Drama

This major has a twin focus on contemporary performance making and events management. Your performance-making topics will include acting, directing, theatre history, performance theory and practice, alongside planning, producing, promoting and evaluating live events, exhibitions and festivals.

Entertainment Industries

This major will prepare you for work as a producer, creating and managing entertainment projects and organisations. You will gain business, legal and creative skills suitable for work in the entertainment industries, which include television, popular music, major entertainment events, games, radio, entertainment marketing, sports media, theme park or movie industries.

Fashion Communication

This major provides you with knowledge of the industry, to prepare you for potential careers in merchandising, fashion wholesale, fashion communication and style journalism, and fashion styling. Practical units provide options to focus on drawing for fashion, portfolio development and fashion journalism. You will learn about the history and consumption of fashion, its industry context, and the critical legal issues surrounding its production and distribution.

Film, Television and Screen

You will develop a range of knowledge in the theory and practice of film, television and screen. You will develop storytelling and communication skills, as well as creative, technical and organisational abilities. Your understanding of the industry will be enhanced by studies in the variety of aspects of film and TV

production.

Interactive and Visual Design

You will gain skills and knowledge in the domain of interactive and visual design and design for digital screens including the principles, practice and practical use of media technologies. You will progress through to studio-based units, which will situate what you have learned into a production or project-based setting in the areas of web development and interactive multimedia.

Journalism

The journalism major provides skills in a range of journalism writing styles and knowledge of specialist areas of reporting.

Literary Studies

You will gain grounding in a range of works, both literary and popular, ranging from Shakespeare to nineteenth- and twentieth-century literature and culture. You will enhance your skills in critical thinking, writing and analysis, and understand the social and historical context of the works you study.

Media and Communication

The media and communication major provides skills and knowledge to prepare media material for organisations that wish to build and maintain their media profile.

Music

A major in music provides an overview of current issues in music and sound practice and develops a broad understanding of music in social, cultural and economic contexts. It also offers students the opportunity to gain practical skills in music and sound production. The study area is particularly suited to students who wish to combine studies in music with studies in other disciplines, and/or who wish to work within the music industry in administrative, business or organisational roles.

Other major options

Majors are also available through other faculties at QUT, including advertising, entrepreneurship, game design, integrated marketing communication, marketing, online environments and public relations. These majors from other faculties can only be taken in combination with your chosen Creative Industries major. Caboolture students may not be able to access these additional majors at the Caboolture campus.

Minors

You can choose up to two minors from

Creative Industries or other areas at QUT. These include:

- advertising, audience and user research, communication for the professions, entrepreneurship, international business, integrated marketing communication, management, marketing, public relations
- animation, game design, information technology, interactive and visual design
- architectural studies; art, design and architecture; art history; collaborative digital design; fashion communication; interior design studies; visual arts practice
- creative writing, literature, modern and popular literature and culture, professional writing
- dance studies, drama, lighting design, music studies, performance events and festivals, sound design, scenography
- journalism, media and communication, screen studies, television
- Indigenous studies
- entertainment
- a range of foreign languages through the tri-university language alliance.

International Course structure

Design your own degree

Your BCI core units provide you with well-developed communication and digital media skills, an up-to-date insight into the creative economy, and an appreciation of creative collaboration. Creative Industries Transitions units in your final year will prepare you for your creative career as an entrepreneur, consultant, project manager or creative professional, or give you the hunger for higher degree research.

You will choose a creative industries major and from there you may select a second major to develop a significant depth of knowledge and skill in two discipline areas. Alternatively, you might prefer to develop a wide breadth of knowledge across three or more discipline areas by adding to your chosen creative industries major with two minors and two electives.

Domestic Entry requirements Important information for 2014 applicants

I have listed Acting as a preference on my QTAC application

What happens next?

I have not registered for an audition.

If you have not registered for an audition and submitted the required additional entry documentation QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered for an audition and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

How do I find out my audition outcome?

I did not make it to the final recall

If you do not progress to the final recall QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I did make it to the final recall

Shortly after the 4th of December 2013 QUT will update the preference information within your QTAC application to reflect your audition outcome. You will be able to check this via QTAC's [Current Applicant online service](#) at www.qtac.edu.au/OnlineServices/OnlineServices.html#currentapplicant. If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see

one of the following statuses.

- Based on the information currently held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in this course.
- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

Prerequisites

Successful audition and previous academic achievement.

2014 registrations have closed

Registrations for the 2014 intake were due on 11 October 2013 and are now closed. If you had not registered and you are considering applying to study in 2015 we recommend you read the following information as a guide only as it details requirements for entry in 2014 and these may change prior to the 2015 intake.

Application checklist

1. Apply through [QTAC](#) (you must have a valid QTAC number or current QUT ID number* before completing the QUT Online Registration Form)
2. Complete the QUT Online Registration Form and print the confirmation page

3. Post or submit the following documentation to the Creative Industries Faculty:

- Online registration Detailed Confirmation Notice
- A current passport sized photograph
- A resume or curriculum vitae, no more than two pages long, listing any performance experience, workshop attendance or other acting work you may have done
- A copy of your most recent High School report and/or results of previous Tertiary studies
- A copy of the [QUTPay](#) confirmation page from your online credit card payment for the \$55 service charge (PLEASE NOTE: Q-Step, Aboriginal, and/or Torres Strait Islander applicants are exempt from the service fee)
- YouTube link/ DVD of your work only if you are unable to attend the first audition

Please Note: Registering plus submitting your supporting documentation with QUT is separate and in addition to listing the course as a preference with [QTAC](#)*. To successfully apply for entry into this course you are required to do both. The audition process is managed by Creative Industries Faculty; however, all offers for the course will be made through QTAC.

* If you are a current Creative Industries Faculty undergraduate student changing course or major, you must submit an [I Form](#) or [CM Form](#) as appropriate. All offers will be made by QUT Admissions instead of QTAC.

Service fee

A \$55 service fee applies to all applicants, excluding applicants who seeking admission assistance via QUT's [Q-Step](#) and/or [Oodgeroo](#) schemes. This payment is to be made via [QUTPay](#) and please ensure you print the confirmation page as you will need to attach it to your documentation.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

The first-year acting studio is the basis for your future career. You will also study voice, singing, improvisation, Alexander, combat, and movement. You will learn the foundations of organic (or method) acting which is based on a fierce commitment to emotional honesty.

Year 2

This is your development year. You will continue to refine your talent through acting studio and rehearsals, and continue your studies in voice, movement and combat. Your acting studio work is designed to address the whole artist: to bring your voice, mind, body and emotions together through a range of role and performance opportunities. You will undertake film shoots, contemporary and classical stage productions, stand-up comedy, clowning and Shakespeare. You will study complementary areas through your electives, e.g. theatre and film history.

Year 3

This is your professional year which comprises performance for both stage and screen in a variety of venues. Typically, this includes a theatre season of three plays and two film shoots. Your professional development and readiness for the industry are anchored to the real world by your connection with professional directors and management agents. You will identify relevant issues relating to your planned career and learn how to position yourself effectively for entry into an international industry. QUT Acting Showcase (also known as Industry Day) in Brisbane and in Sydney will show your stage and film work to employers, management agents, casting agents and directors.

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

You will focus on developing your eye for visual communication and on extending representation into motion graphics. You will gain a solid grounding in the history and practices of animation as a foundation to build your own creative practice. The first year will allow you to get settled in the medium of animation.

Year 2

Building on the knowledge and skills you gained in the first year, you will settle into the animation studios, where you will begin an intensive investigation into workflow, studio communication, and responses to briefs. You will study character development, conceptual design and animation layout principles and techniques. You will learn and use techniques in 3D computer graphics, modelling, shading, real-time development, UV texturing and matte painting, as you respond to assessment and develop animated elements to support your ideas. Through the processes of critical analysis, you will be encouraged to evaluate your own work,

interrogate the way you present your ideas visually and will refine it as you progress towards your vocational goal.

Year 3

You will consolidate your work by extending your understanding of the workflows of an animation studio. You will extend your knowledge of production management, and your skills in 3D computer animation, real-time computer graphics, and virtual environments. Your final year is about consolidating your eye for detail, your responsiveness to problems, your ability to research and develop ideas, in order to deliver an animated work to professional standard. You will produce a substantial work, which will be showcased to industry professionals in a public exhibition. The final year also gives you an opportunity to specialise through project work or preparation for honours or postgraduate research.

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

You will be introduced to creative writing practice and develop critical and analytical skills in reading and writing a variety of forms including fiction and poetry. Learning from lecturers and tutors with industry experience, you will both write and analyse short stories, creative non-fiction and youth writing.

Year 2

Building on the practical skills and conceptual background acquired in first-year units, you will study script writing, stylistics and poetics as well as corporate writing and how the classic and most popular novels were written. You will undertake electives in areas of interest, allowing you to tailor this course to take advantage of your strengths and vocational interests.

Year 3

You will write a sustained piece of creative work, within the genre of your choice, such as a key section of an original novel. You will be introduced to editing and developing a manuscript for a

targeted market, and the real world of the writing and publishing industry, as well as in-depth study of longer fiction and life writing. You can add to your knowledge of creative and literary studies by continuing with electives of your choice.

Domestic Entry requirements

Important information for 2014 applicants

I have listed Dance as a preference on my QTAC application

What happens next?

I have not registered for an audition.

If you have not registered for an audition QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered for an audition.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

How do I find out my audition outcome?

Shortly after the 15th of November 2013 QUT will update the preference information within your QTAC application to reflect your audition outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in this course.
- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum

entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's

[Current Applicant online service](#)

. For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

Prerequisites

Successful audition

2014 registrations have closed

Registrations for the 2014 intake were due on the 13 September 2013 and are now closed. If you had not registered and you are considering applying to study in 2015 we recommend you read the following information as a guide only as it details requirements for entry in 2014 and these may change prior to the 2015 intake.

Application checklist

1. Apply through [QTAC](#) (you must have a valid QTAC number or current QUT ID number* before completing the QUT Online Registration Form)
2. Complete the QUT Online Registration Form and print the confirmation page
3. Post or submit the following documentation to the Creative Industries Faculty:
 - Online registration Detailed Confirmation Notice
 - A current passport sized photograph
 - A resume or curriculum vitae, no more than two pages long
 - A copy of your most recent High

Bachelor of Fine Arts (Dance Performance)

School report and/or results of previous Tertiary studies

- A copy of the QUTpay confirmation page from your online credit card payment for the \$55 service charge
PLEASE NOTE: Q-Step, Aboriginal, and/or Torres Strait Islander applicants are exempt from the service fee)
- A 4" x 6" full length body shot facing front in parallel standing position in leotard and tights or swim suit (no board shorts)
- A 4" x 6" full length body shot facing the side in parallel standing position in leotard and tights or swim suit (no board shorts)
- [Tertiary Dance Council Personal Statement \(PDF, 42KB\)](#)
- [Tertiary Dance Council Physiotherapist Examination Report \(PDF, 194KB\)](#)

Please Note: Registering plus submitting your supporting documentation with QUT is separate and in addition to listing the course as a preference with [QTAC](#)*. To successfully apply for entry into this course you are required to do both. The audition process is managed by Creative Industries Faculty; however, all offers for the course will be made through QTAC.

* If you are a current Creative Industries Faculty undergraduate student changing course or major, you must submit an [I Form](#) or [CM Form](#) as appropriate. All offers will be made by QUT Admissions instead of QTAC.

Service fee

A \$55 service fee applies to all applicants, excluding applicants who seeking admission assistance via QUT's [Q-Step](#) and/or [Oodgeroo](#) schemes. This payment is to be made via [QUTPay](#) and please ensure you print the confirmation page as you will need to attach it to your documentation.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

Your first year provides a solid grounding in your practice as a dance artist. Your technique studies will commence in our Transitional Training Program, with a broad range of physical, technical and psychological approaches including core techniques classes in ballet and contemporary, showcasing your skills in two major performance seasons, and fundamentals of choreography. Studies of anatomy, conditioning, dance history and dance analysis will contextualise your practice.

Year 2

You will continue to refine your technique and performance skills with two more exciting seasons in our state-of-the-art theatre. You will advance your choreographic practice, learn to teach dance in a range of contexts, and acquire skills in portfolio and showreel preparation, applying for funding, collaborative networking, personal development, performance psychology and health management. Aesthetics and practices of current cutting edge

performance and choreography will be contextualised.

Year 3

You will acquire technical and interpretive skills to transition into the dance profession. You will engage with practising professional dance artists, feature in the mid-year and graduation showcases, undertake secondments, and have the opportunity to perform on tour overseas. You will tailor your course to your career aspirations through your electives.

Phone: +61 7 3138 8114, Email:
ci@qut.edu.au

Students commencing from 2013 should follow the standard course structure.

Additional costs

As a dance student you will be required to provide your own dancewear, dance shoes, stage makeup, knee pads and any other specialist dance needs as required.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you meet the entry requirements.

You can also apply to continue into a graduate-entry teacher education course.

Domestic Course structure

Your course

Year 1

Your first year provides a solid grounding in both technique and theory. Your technique studies will commence with a broad range of physical and conceptual approaches including in contemporary dance and genres such as ballet, funk and jazz. You will be involved in a performance work and learn the fundamentals of choreography. Your practice will be contextualised through the study of anatomy, dance history and dance analysis.

Year 2

You will continue to study contemporary dance technique and alternative genres including world dance styles such as those of Latin America. Your performance experience will be enhanced by learning how to develop and deliver workshop material related to the work. You will advance your choreographic practice and learn how to teach dance in a broad range of contexts. Aesthetics and practices of current cutting-edge performance and choreography will be contextualised. You can select nondance units from across creative industries majors and minors.

Year 3

You will tailor your course to transition into your chosen area of the dance profession. You may study a second discipline for example, drama units to become a dance and drama teacher, or advanced choreography units for a choreographic career. In your performance unit you will develop sophisticated workshop material related to the choreography. You will contextualise a dance of particular interest to you through field research.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

Your first year is strongly practical, with classes, workshops and an end-of-year production. You will investigate different aspects of theatre history, develop performance skills and will learn how to lead drama workshops in theatre, educational and corporate contexts.

Year 2

Your practical skills and conceptual understanding will be extended in the areas of devised performance and theatre in community contexts. You will develop your understanding of the Australian theatre context, its history and plays. Units in event and festival management are also available. You will begin your elective studies, choosing a second major and/or minors from creative industries or other QUT areas, allowing you to tailor this course to your vocational interests.

Year 3

In your final year there is an emphasis on your development as a collaborative and entrepreneurial theatre artist. Facilitated by specialist staff and industry

professionals, you will prepare, create and present your final production. You will acquire leadership skills in directing, apply theoretical lenses to your own creative practice, and be encouraged to undertake internships and project-based work. Those on the teaching pathway will undertake introductory studies in education. You will complete your second major, minors or electives.

Domestic Entry requirements

Important information for 2014 applicants

I have listed Fashion as a preference on my QTAC application

What happens next?

I have not registered with QUT.

If you have not registered for an audition and submitted the required additional entry documentation QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered with QUT and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

How do I find out my audition outcome?

I have not been shortlisted for an interview

If you have not been shortlisted for an interview QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have been shortlisted for an interview

Shortly after the 22nd of November 2013 QUT will update the preference information within your QTAC application to reflect your interview outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in this course.
- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

Prerequisites

Successful portfolio and interview

2014 registrations have closed

Registrations for the 2014 intake were due on 11 October 2013 and are now closed. If you had not registered and you are considering applying to study in 2015 we recommend you read the following information as a guide only as it details requirements for entry in 2014 and these may change prior to the 2015 intake.<

Application checklist

- Apply through [QTAC](#) (you must have a valid QTAC number or current QUT ID number* before completing the QUT Online Registration Form)
- Complete the QUT Online

Registration Form and print the confirmation page

3. Post or submit the following documentation to the Creative Industries Faculty:
 - Online registration Detailed Confirmation Notice
 - A current passport sized photograph
 - A resume or curriculum vitae, no more than two pages long
 - A copy of your most recent High School report and/or results of previous Tertiary studies
 - A copy of the [QUTPay](#) confirmation page from your online credit card payment for the \$55 service charge (PLEASE NOTE: Q-Step, Aboriginal, and/or Torres Strait Islander applicants are exempt from the service fee)
 - Personal statement - a typewritten personal statement outlining your reasons for applying to this particular course, indicating your personal strengths and your future ambitions (max 300 words)
 - Portfolio (submitted electronically through the online registration form)

Please Note: Registering plus submitting your supporting documentation with QUT is separate and in addition to listing the course as a preference with [QTAC](#)*. To successfully apply for entry into this course you are required to do both. The audition process is managed by Creative Industries Faculty; however, all offers for the course will be made through QTAC.

* If you are a current Creative Industries Faculty undergraduate student changing course or major, you must submit an [I Form](#) or [CM Form](#) as appropriate. All offers will be made by QUT Admissions instead of QTAC.

Service fee

A \$55 service fee applies to all applicants, excluding applicants who seeking admission assistance via QUT's [Q-Step](#) and/or [Oodgeroo](#) schemes. This payment is to be made via [QUTPay](#) and please ensure you print the confirmation page as you will need to attach it to your documentation.

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

In your first year you will gain a broad understanding and knowledge of relevant cultural contexts in which your work will be fostered. You will study a broad range of styles and genres from film and television formats. You will gain practical skills for the industry, including writing, business, and technical skills such as directing, camera, editing and sound.

Year 2

In your second year you will begin to specialise your skills in producing, writing, editing, cinematography, sound or directing. In producing you will develop skills in pitching and production, audience measurement and legal issues. In the craft areas you will work on more sophisticated, broadcast-quality equipment including digital formats and multi-camera. Those concentrating on writing will develop their knowledge of genre and further develop their writing skills. Whichever specialisation you choose, you will work with other students to create experimental productions or television programs.

Year 3

In your final year you will work on major productions, building on and refining the knowledge and skills you have learned throughout the degree. Using your specialist skills you will work in groups on documentaries, film dramas or a television series and other digital media. If you are preparing for a career in producing you will learn project management and gain real-world experience pitching your ideas. Those in craft-based specialisations will be encouraged to experiment with broadcast quality formats such as digital, mobile and Super 16 film. Writing specialists will continue to develop their dialogue skills. You will have opportunities to showcase your work to industry and undertake internships.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure Your course

Year 1

In your first year of study you will work with a variety of media in the design studios. You will develop a foundational understanding of visual communication, motion graphics, interaction design and design thinking. Through the first year you will acquire the technical skills needed to implement your designs in print and electronic media. By responding to design briefs, you will learn to target your design to a specific audience, context and purpose. In studio classes you will participate in critical reviews and discover how the practice of design critiques benefit the development of design solutions.

Year 2

In second year you will deepen your visual and interaction design skills, and consolidate your visual and creative style. Classes in second year include interface design, advanced web design, typography and illustration, and theories of visual communication. In second year you will also commence your secondary studies in an area of your choice such as

advertising, animation, architecture, art history, fashion design, film and TV, game design, industrial design, interior design, online environments, music and sound, or visual arts.

Year 3

The final year of the course includes advanced studies in visual and interaction design that will allow you to consolidate your design practice through developing an understanding of integrated project development and responses to briefs within a studio environment. Guest lecturers and master classes from industry professionals and authentic, industry-focused learning experiences, including internship options, will ensure that you are ready to join the workforce. The year will culminate in a graduating exhibition attended by industry representatives.

Frequently asked questions What should my portfolio include?

A portfolio of music/sound works that you have created. Suitable items include (but are not limited to):

- Sound design for video or websites
- Soundscapes you have recorded/engineered/produced
- Sounds created using computer software

You should include three contrasting pieces - total duration for all pieces 10 minutes maximum.

Acceptable formats are:

- Audio CD (must be able to be played in a standard CD player)
- CD-ROM (must be compatible with Macintosh and PC)
- DVD (must be able to be played in a standard DVD player)
- USB stick
- Printed screenshots of creative planning (if relevant)

Your folio must also be accompanied by written notes (maximum 200 words) that explain your precise role in each of the items (i.e. what your role/s were in the creation of the piece, how you created the piece, your artistic aims in creating the piece).

All portfolio items should be marked with your name and contact details. Please note that portfolios are not returned

Please ensure you test your CDs, CD-ROMs, DVDs or USB sticks on multiple systems, before submitting them. Failure of your media to play in the specified equipment may adversely affect your folio result.

What qualities are QUT Creative Industries looking for in the portfolio?

- Originality of approach
- Technical skill in design, recording and production
- Clear articulation of creative approach
- General sense of emotional engagement/success in storytelling
- Diversity of material presented

What should my written statement include?

Your written statement (total 2 pages maximum) should address the following 4 points:

- Your past experiences in sound design or production activities
- What sound design or designers (in movies, games, etc) inspire you
- Your ambitions during your studies and beyond
- How you think studying Sound Design at QUT will help you achieve your goals

What qualities are QUT Creative Industries looking for in your written statement?

- A strong track record in relevant sound design or production activities
- A strong potential for continued growth in your understanding and practice of sound design
- Knowledge of the QUT Creative Industries Sound Design course and how it relates to your own personal goals

You may be required for a phone interview to clarify any points in your written statement.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

You will start by learning about the fundamentals of sound and music technology and how to use them creatively to achieve artistic results. You will also begin to develop an awareness of sound as a storytelling tool. While you do not need to have traditional music skills, you will work alongside Bachelor of Music students, learning how sound is organised musically and about the dynamics of performance and presentation as they apply to sound design.

Year 2

To develop a unique set of 'crossover' sound skills you will build on the foundation studies of your first year, having a chance to pursue the pathway that best suits your future needs. You will have options to work in the fields of sound design for visual and interactive media, immersive entertainment and the recording studio.

Year 3

You will deepen your skills in sound design and production, mentored by staff and industry professionals. You will have opportunities to showcase yourself to industry through a series of creative production opportunities. You will learn about both the existing and emerging industry and have the opportunity to undertake practical projects with other talented creative artists and designers both inside and outside the University with real production outcomes.

Domestic Entry requirements Important information for 2014 applicants

I have listed Technical Production as a preference on my QTAC application What happens next?

I have not registered with QUT.

If you have not registered with QUT and submitted the required additional entry documentation QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered with QUT and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

I have not been shortlisted for an interview

If you have not been shortlisted for an interview QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have been shortlisted for an interview

Shortly after the 4th of December 2013 QUT will update the preference information within your QTAC application to reflect your interview outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in this course.

- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

Interview Location and Dates

First interview

Should your practical task be successful you will be required to attend an interview. If you are unable to attend the interviews, we will arrange a telephone interview.

Interviews will be conducted from 12 – 14 November, 2013 at the QUT Kelvin Grove Campus.

Second interview

Depending on the outcome of your first interview you may be required to attend an additional second interview from 26 – 28 November, 2013. If you are unable to attend the second interview, we will arrange a telephone interview.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)

Bachelor of Fine Arts (Technical Production)

speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

You will attend classes in stage management, lighting, sound, and the workshop areas of props, sets and costume, developing basic skills and knowledge in all areas of technical production. You will apply your knowledge on productions as bump in/out crew and production assistants. As you progress you will undertake the roles of stage managers and lighting, sound and AV operators.

Year 2

Your classes cover advanced lighting and sound technologies (including elements of design), set and costume design, stage management for dance, opera and musicals, and festival management. Classes will be aligned with production seasons within the areas of dance, acting, music and fashion. You will work on a minimum of four productions as a lighting, sound or AV operator, head electrician, fly operator, mechanist, followspot operator, assistant stage manager and/or stage and event manager. You will work with professional directors, choreographers and designers, as well as students from a variety of creative disciplines at QUT. You will also study electives in areas other than technical production.

Year 3

You will work on several QUT productions in more senior roles such as stage manager, head electrician, event/festival coordinator, sound coordinator and lighting designer. You may choose to focus on applying and developing your skills in one of these areas of live production. You will work alongside industry professionals at QUT, with first- and second-year students as your crew. You will also have the opportunity of industry secondment placements with appropriate professional companies or personnel in your area of expertise.

Domestic Entry requirements

Important information for 2014 applicants

I have listed Visual Arts as a preference on my QTAC application

What happens next?

I have not registered with QUT.

If you have not registered with QUT and submitted the required additional entry documentation QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered with QUT and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

I have not been shortlisted for an interview

If you have not been shortlisted for an interview QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have been shortlisted for an interview

Shortly after the 22nd of November 2013 QUT will update the preference information within your QTAC application to reflect your interview outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in

this course.

- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

Key dates

2014 registrations have closed

Registrations for the 2014 intake were due on 11 October 2013 and are now closed. If you had not registered and you are considering applying to study in 2015 we recommend you read the following information as a guide only as it details requirements for entry in 2014 and these may change prior to the 2015 intake.

Application checklist

- Apply through [QTAC](#) (you must have a valid QTAC number or current QUT ID number* before completing the QUT Online Registration Form)
 - Complete the QUT Online Registration Form and print the confirmation page
 - Post or submit the following documentation to the Creative Industries Faculty:
- Online registration Detailed

- Confirmation Notice
- A current passport sized photograph
- A resume or curriculum vitae, no more than two pages long
- A copy of your most recent High School report and/or results of previous Tertiary studies
- A copy of the [QUTpay](#) confirmation page from your online credit card payment for the \$55 service charge (PLEASE NOTE: Q-Step, Aboriginal, and/or Torres Strait Islander applicants are exempt from the service fee)
- Portfolio (submitted electronically through the online registration form)

Please Note: Registering plus submitting your supporting documentation with QUT is separate and in addition to listing the course as a preference with [QTAC](#)*. To successfully apply for entry into this course you are required to do both. The audition process is managed by Creative Industries Faculty; however, all offers for the course will be made through QTAC.

* If you are a current Creative Industries Faculty undergraduate student changing course or major, you must submit an [I Form](#) or [CM Form](#) as appropriate. All offers will be made by QUT Admissions instead of QTAC.

A \$55 service fee applies to all applicants, excluding applicants who seeking admission assistance via QUT's [Q-Step](#) and/or [Oodgeroo](#) schemes. This payment is to be made via [QUTPay](#) and please ensure you print the confirmation page as you will need to attach it to your documentation.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Course structure

Your course

Year 1

You will focus on beginning to develop your own art practice, working with a variety of media. Staff will help you develop your own interests and ideas. Introductory workshops will be provided in both digital and traditional art-making skills and you will also develop skills in visual analysis. You will be introduced to a wide range of art practices both in the studio and in history/theory classes.

Year 2

Building on your skills and knowledge from your first year, you will continue to develop your art practice using a range of media and your knowledge of contemporary art. Your skills in visual and textual analysis will develop, as will your understanding of national and international art. You will contextualise your art practice through presentations, discussions and supported practical experience in display and exhibition. If you want to become a teacher or art professional, you will begin undertaking specific vocational training towards your career goal.

Year 3

In your final year, you will continue to consolidate your art practice and build your understanding of its place in the Australian and international context. For those intending to become practising artists, the year will culminate in a public group exhibition. Your final year of study will allow for specialisation, helping you

enter the real world of the arts industry or in honours and postgraduate research.

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into a Creative Industries Honours course, provided you meet the entry requirements.

Domestic Course structure

Your course

Year 1

You will meet real-life entertainment producers and be introduced to their work as well as visit entertainment companies. Learning how entertainment works and how to identify the key characteristics of successful entertainment will be included in your studies. An investigation of how entertainment circulates globally will complement an analysis of global entertainment genres like soap operas and theme parks, and specific places like Hollywood and Bollywood. You will be introduced to the business, creative and legal sides of working as an entertainment producer.

Year 2

You will learn how to sell your entertainment products through marketing concepts including segmentation and management information systems, and explore marketing specialisations such as services marketing, e-marketing, and strategic marketing. You will also meet lawyers who work in entertainment and be introduced to how the legal system affects entertainment production. Working with

entertainment producers in order to learn how to balance business and creativity, and design proposals for entertainment projects is included in your second year.

Year 3

You will make contact with entertainment companies operating in Brisbane and map the sector of potential employers, as well as learn how to manage an entertainment project. Your studies in entertainment marketing will be extended and you will gain a thorough understanding of how marketing works in the various entertainment sectors. As you prepare to go out into the real world you will learn about entertainment law and legal issues including copyright, intellectual property and contract law. By the time you graduate you will also have undertaken at least one industry placement or project as part of your studies which will ensure you graduate with professional experience and network contacts.

Domestic Entry requirements Important Information for 2014 applicants

I have listed Music as a preference on my QTAC application

What happens next?

I have not registered for an audition.

If you have not registered for an audition QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered for an audition.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

How do I find out my audition outcome?

Shortly after the 15th of November 2013 QUT will update the preference information within your QTAC application to reflect your audition outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in this course.
- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers

may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places, meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

1. Apply through [QTAC](#) (you must have a valid QTAC number or current QUT ID number* before completing the QUT Online Registration Form)
2. Complete the QUT Online Registration Form and print the confirmation page
3. Post or submit the following documentation to the Creative Industries Faculty:
 - Online registration Detailed Confirmation Notice
 - A current passport sized photograph
 - A resume or curriculum vitae, no more than 2 pages
 - A copy of your most recent High School report and/or results of previous Tertiary studies
 - A copy of the [QUTPay](#) confirmation page from your online credit card payment for the \$55 service charge (PLEASE NOTE: Q-Step, Aboriginal, and/or Torres Strait Islander applicants are exempt from the service fee)

If you have indicated that you cannot

attend an audition you must also submit:

- An audition submission
- A video statement

Please Note: Registering plus submitting your supporting documentation with QUT is separate and in addition to listing the course as a preference with [QTAC](#)*. To successfully apply for entry into this course you are required to do both. The audition process is managed by Creative Industries Faculty; however, all offers for the course will be made through QTAC.

* If you are a current Creative Industries Faculty undergraduate student changing course you must submit an [I Form](#). All offers will be made by QUT Admissions instead of QTAC.

Service fee

A \$55 service fee applies to all applicants, excluding applicants who seeking admission assistance via QUT's [Q-Step](#) and/or [Oodgeroo](#) schemes. This payment is to be made via [QUTPay](#) and please ensure you print the confirmation page as you will need to attach it to your documentation.

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Music (Honours), provided you have met the entry requirements.

Domestic Course structure

Your course

Year 1

A foundation program in music concepts will provide you with an overview of contemporary developments in music and sound, along with musicianship skills. You will undertake a foundation program in music and sound production which will develop your skills with music technology and software. An intensive music studio experience will develop your skills in music and sound performance, presentation, and help you identify your creative direction.

Year 2

To develop a unique set of crossover musical skills, you will build on the foundation studies of your first year, and pursue a pathway that best suits your future needs. You will study creative performance, music and sound production, or a combination of the two. They will be accompanied by an intensive project-based study program, mentored by staff and industry professionals, which further develops your focus as an artist or creative producer. You will gain an understanding of the structure of the music industry, current industry issues, and learn how to promote yourself and organise events. You will complement your music studies by taking electives in other disciplines, or specialise further in the music and sound area.

Year 3

You will intensify your creative project work and showcase yourself to industry through a series of public performance and creative production opportunities. You will further your knowledge of the music industry via real-world learning contexts and have the opportunity to undertake projects with other talented creative artists and producers, or in partnership with related organisations. You can continue to engage more broadly with the creative industries by taking electives in other disciplines, or specialise further in the music and sound area.

Overview

The entrepreneurial nature of the Bachelor of Creative Industries makes this an ideal double degree with business. Some combinations may be particularly complementary in building related skill sets, for example film, television and screen with marketing; or creative and professional writing with public relations. Alternatively, you may be interested in pursuing a professional business career, such as accounting, finance or human resource management within a creative industries environment.

Course Design

In order to complete this course, you must complete a total of 384 credit points comprising 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Creative Industries. You will undertake the two components of the double degree

concurrently.

Business component:

You must complete the 96 credit point Business Core Units together with a 96 credit point Business Major. You will choose a major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will undertake 6 specified Business Core units and 10 Accountancy Major Core units in order to meet the professional recognition requirements.

Creative Industries component:

You will complete Creative Industries core units (96 credit points) and a Creative Industries major (96 credit points) from one of the following disciplines (Animation; Art and Design History; Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion; Film, Television and Screen; Interactive and Visual Design; Journalism; Literary Studies; Media and Communication; and Music).

Career Outcomes

Through the combination of creative industries with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration, marketing, managing or balancing the books for creative projects and businesses.

You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise in the performance, visual or production arts. Please refer to the Faculty of Business prospectus to find out more about the business majors.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on

Bachelor of Business/Bachelor of Creative Industries

professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Writers are in demand across a number of fields. The publishing and screen industries, advertising agencies, magazines and newspapers, websites, the public service and large corporations all require specialist writers with a flair for language.

This course will provide you with

opportunities to work intensively on your writing in a number of forms and genres, including novels and short stories, creative non-fiction, youth writing, media writing and poetry. In addition, it will help you build specialist writing skills for professional applications such as corporate writing, persuasive writing, editing and script writing.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Creative and Professional Writing) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Creative and Professional Writing discipline.

Career Outcomes

Graduates can work as creative or professional writers and editors in corporate, community and freelance capacities. Opportunities exist as fiction writers, corporate writers, script writers, reviewers, travel writers, feature writers, editors, journalists and publishers. Pathways exist to prepare you for further study including honours, research, or creative practice and analysis.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Important Information for Business Students

I have registered with QUT and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

How do I find out my audition outcome?

I have not been shortlisted for an interview

If you have not been shortlisted for an interview QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have been shortlisted for an interview

Shortly after the 22nd of November 2013 QUT will update the preference information within your QTAC application to reflect your interview outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently

held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in this course.

- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

2014 registrations have closed

Registrations for the 2014 intake were due on 11 October 2013 and are now closed. If you had not registered and you are considering applying to study in 2015 we recommend you read the following information as a guide only as it details requirements for entry in 2014 and these may change prior to the 2015 intake.

Application checklist

- Apply through [QTAC](#) (you must have a valid QTAC number or current QUT ID number before completing the QUT Online Registration Form)
- Complete the QUT Online Registration Form and print the confirmation page
- Post or submit the following documentation to the Creative Industries Faculty:

- Online registration Detailed Confirmation Notice
- A current passport sized photograph
- A resume or curriculum vitae, no more than two pages long
- A copy of your most recent high school report and/or results of previous tertiary studies
- A copy of the [QUTPay](#) confirmation page from your online credit card payment for the \$55 service charge (Please note: Q-Step, Aboriginal, and/or Torres Strait Islander applicants are exempt from the service fee)
- Personal statement - a typewritten personal statement outlining your reasons for applying to this particular course, indicating your personal strengths and your future ambitions (max 300 words)
- Portfolio (submitted electronically through the online registration form)

Please note: Registering plus submitting your supporting documentation with QUT is separate and in addition to listing the course as a preference with [QTAC](#). To successfully apply for entry into this course you are required to do both. The audition process is managed by Creative Industries Faculty; however, all offers for the course will be made through QTAC.

Service fee

A \$55 service fee applies to all applicants, excluding applicants who seeking admission assistance via QUT's [Q-Step](#) and/or [Oodgeroo](#) schemes. This payment is to be made via [QUTPay](#) and please ensure you print the confirmation page as you will need to attach it to your documentation.

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Your business degree will give you a broad base of commercial knowledge. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business

Bachelor of Business/Bachelor of Fine Arts (Fashion)

and Fashion) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Fashion discipline.

Career Outcomes

Our graduates have had a significant impact on the emerging Brisbane fashion scene and have successfully launched their careers internationally. Many of our graduates are entrepreneurial, starting their own labels and small businesses.

They excel as independent designers and have collaborated with larger fashion houses such as Sportsgirl. Others work as fashion stylists, international trend forecasters and product development managers, living and working in cities all over the world. Pathways to further study, including honours and research degrees, lead to diverse outcomes such as fashion curatorship and sustainability studies.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours) (Study Area A) or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Visual and interactive design plays a pivotal role in the rapidly expanding fields of contemporary communication, marketing and new technology.

This course will provide you with the conceptual understandings, practical skills and working methods required to become a creative and innovative

designer with specialist skills in designing for digital screens.

You will learn how to shape the expressive, aesthetic and communicative qualities of media technologies. You will apply design knowledge and skills to the process of creating compelling multiplatform experiences spanning physical and virtual worlds using web, public display, and mobile technologies.

As the course progresses, you will develop the ability to lead projects through all stages of design from ideation and concept development to production and publication.

Career Outcomes

This course will prepare you for a career as a designer in a range of creative industries. Graduates work in traditional design companies in areas such as graphic design, digital advertising and marketing, branding, print and television campaigns, web design and electronic publishing, interactive entertainment design, information design, interface design, usability, knowledge management, and information architecture.

They also gain employment in new industries. Games companies employ graduates to work on content production, interaction design, visual design and real-time and virtual environments modelling. Film and television production companies employ graduates to work on the design of multiplatform interactive entertainment. Multimedia design and interactive installation production is also a growth

Domestic Entry requirements Important information for 2014 applicants

I have listed Visual Arts as a preference on my QTAC application

What happens next?

I have not registered with QUT.

If you have not registered with QUT and submitted the required additional entry documentation QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered with QUT and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

I have not been shortlisted for an interview

If you have not been shortlisted for an interview QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have been shortlisted for an interview

Shortly after the 22nd of November 2013 QUT will update the preference information within your QTAC application to reflect your interview outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in

this course.

- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

This course will allow you to follow pathways into a career as a contemporary artist, art professional or art teacher. You will develop an individual art practice by working on projects in unique, open-media studios while also attending classes in modern and contemporary art history and theory. You will discover how to critically evaluate your work and the work of others through group and individual consultations.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Visual Arts) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Bachelor of Business/Bachelor of Fine Arts (Visual Arts)

Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises 192 credit points from the Visual Arts discipline.

Career Outcomes

This course will allow you to choose your career outcome. Many of our graduates become highly successful practising artists who are represented by commercial galleries and have strong careers in the commissioned and public funding sectors.

Graduates also pursue professional careers as curators or arts managers.

With specialist training in a related field, our graduates also take up positions as creative directors, visual designers and a range of other occupations in the creative industries sector. This course can be followed with a graduate-entry teacher education course, which enables you to become a qualified teacher.

Professional Recognition

Overview

This professional course links journalism with business studies and is the choice of about one-third of commencing journalism students. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs, or political and social commentary.

Course Design

In order to complete this course, you must complete a total of 384 credit points comprising 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Journalism. You will undertake the two components of the double degree concurrently.

Business component:

You must complete the 96 credit point Business Core Units in the Business program together with a 96 credit point Major. You will choose a business major

from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Accountancy students will undertake 6 Business Core units and 10 Major Core units in order to meet the professional recognition requirements.

Journalism component:

You will complete 192 credit points of Journalism discipline or specified units.

Career Outcomes

Journalism graduates are prepared for careers in both print and broadcast journalism. Opportunities also exist to become press secretaries and media officers. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs or political and social commentary. Your journalism degree will be of benefit even if you choose to pursue a career in business, as you will graduate with highly developed writing skills. Public relations students will find this particularly relevant in tasks such as editing trade and specialist publications, speech writing or in corporate communication roles.

Professional Recognition

Professional Recognition is specific to the individual majors completed in the Bachelor of Business. Further information is available at the discipline schools.

The Journalism degree is recognised by the Australian Journalists' Association (AJA) section of the Media Entertainment and Arts Alliance (MEAA).

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Journalism (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Important Notice

The last intake into IX66 was 2014. From 2015 this course has been replaced by IX86 Bachelor of Media and Communication/Bachelor of Laws (Honours). Continuing IX66 students may contact lawandjustice@qut.edu.au for any queries in relation to the law component of the degree or ci@qut.edu.au for any concerns regarding the Creative Industries component.

Course Design

In order to complete this course, you must complete a total of 528 credit points comprising 192 credit points from the Bachelor of Media and Communication and 336 credit points from the Bachelor of Laws. You will study media and communication and law units in your first year and for the remainder of this course you will concentrate on law studies.

Media and Communication component:
You will complete 192 credit points of Media and Communication discipline or specified units.

Law component:
You will complete 336 credit points of law subjects. You will have the opportunity to specialise in media law and policy, commercial law, corporate law, taxation law, medico-legal issues, alternative dispute resolution, public international law, Asian legal systems, feminist theories of law or environmental law.

Professional Recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admissions Rules, subject to final approval. It will enable you to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of

Bachelor of Media and Communication/Bachelor of Laws

the law, such as property law, family law or corporate law)

- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Pathways to Further Study

On successful completion of the Bachelor of Media and Communication, you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Domestic Course structure

You will study a combination of media and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units that are relevant to your career interests.

Overview

This course offers you a range of options in combining business knowledge with practical skills and a contextual understanding of media and communication.

The Bachelor of Media and Communication course analyses and seeks new applications for mass, niche and new media. Authentic learning opportunities such as industry placements and projects complement theoretical course content and give you the opportunity to apply your new knowledge.

QUT's Bachelor of Business develops transferable skills to help you succeed in your chosen career, think creatively and critically, communicate professionally, make ethical business decisions and work in a global context.

Course Design

You are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Media and Communication program. You will undertake the two components of the double degree concurrently.

You will undertake 192 credit points of specialist units in media and communication. Your business degree component comprises eight business core units, and eight business major units.

You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. You must complete 96 credit point Business School Core Units in the Business program together with a 96 credit point Major.

Career Outcomes

Graduates use their skills for a variety of professional functions across all industry sectors. Many work in marketing communications, public relations or corporate communications. Others apply their broad media knowledge in the media function of advertising, either as sales executives for media outlets or as media planners and buyers for advertising agencies.

Careers exist in audience and market research, collating and analysing audience data to help media outlets better understand who their audiences are and how they are interacting with their product. Graduates also find employment in media policy development in the public sector and private enterprise. Pathways exist to prepare you for further study including honours.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration—marketing, managing or balancing the books for creative projects and businesses.

The combination of media and communication with advertising, marketing or public relations provides proven professional outcomes in media sales, media marketing and promotions, and in media planning/ buying for advertising agencies. You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own

creative enterprise. Please refer to the QUT Business School prospectus to find out more about the business majors.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Pathways to Further Study

On successful completion of the Bachelor of Media and Communication, you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

The last intake into IX68 was 2014. From 2015 this course has been replaced by IX85 Bachelor of Fine Arts (Creative and Professional Writing)/Bachelor of Laws (Honours). Continuing IX68 students may contact lawandjustice@qut.edu.au for any queries in relation to the law component of the degree or ci@qut.edu.au for any concerns regarding the Creative Industries component.

Course Structure

The Bachelor of Fine Arts component is made up of 192 credit points from the Creative and Professional Writing major.

The Law component is made up of 336 credit points of law subjects.

Professional Recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are

required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law or corporate law)
- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

Professional Recognition

This course is accredited by the Australian Computer Society (ACS). ACS accreditation is internationally recognised by the Seoul Accord.

Career Outcomes

This double degree will set you up for a career in the rapidly expanding fields of contemporary communication and the application of new media technologies.

Course Structure

This course is made up of 384 credit points. Each component (i.e. Information Technology, and Interactive and Visual Design) comprises 192 credit points.

Study Areas

The Bachelor of Information Technology will not have nominated majors and minors and consequently there will not be a Study Area A shown on a graduate's parchment. Instead, it will have specialisations. The specialisation areas

that will be available for students will include:

- Business Process Management
- Data Warehousing
- Digital Environments
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

Pathways to Further Studies

In 2001, an accelerated Honours program was introduced to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Alternatively, on successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Cooperative Education

The Faculty of Science and Engineering's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you're learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Important Notice

The last intake into IX73 was 2014. From 2015 this course has been replaced by IX83 Bachelor of Creative Industries/Bachelor of Laws (Honours). Continuing IX73 students may contact lawandjustice@qut.edu.au for any queries in relation to the law component of the degree or ci@qut.edu.au for any concerns regarding the Creative Industries component.

Course Design

In order to complete this course, you must complete a total of 528 credit points comprising 192 credit points from the Bachelor of Creative Industries and 336 credit points from the Bachelor of Laws. You will study creative industries and law units in your first year and for the remainder of this course you will concentrate on law studies.

Creative Industries component:

You will complete Creative Industries core units (96 credit points) and a Creative Industries major (96 credit points) from one of the following disciplines (Animation; Art and Design History;

Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion; Film, Television and Screen; Interactive and Visual Design; Journalism; Literary Studies; Media and Communication; and Music).

Law component:

You will complete 336 credit points of law subjects.

Professional Recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and

criminal justice.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law or corporate law)
- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Domestic Course structure

You will study a combination of creative industries and law units in the first four years, with law units only in the final

years. You will also have the opportunity to choose elective units relevant to your career interests.

International Course structure

Course structure

You will study a combination of business and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units relevant to your career interests.

Important Notice

The last intake into IX74 was 2014. From 2015 this course has been replaced by IX84 Bachelor of Journalism/Bachelor of Laws (Honours). Continuing IX74 students may contact lawandjustice@qut.edu.au for any queries in relation to the law component of the degree or ci@qut.edu.au for any concerns regarding the Creative Industries component.

Course Design

In order to complete this course, you must complete a total of 528 credit points comprising 192 credit points from the Bachelor of Journalism and 336 credit points from the Bachelor of Laws. You will study journalism and law units in your first year and for the remainder of this course you will concentrate on law studies.

Journalism component: You will complete 192 credit points of Journalism discipline or specified units.

Law component: You will complete 336 credit points of law subjects.

Professional Recognition

The QUT Law course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and

territories. The QUT Law degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

QUT's journalism degree is recognised by the Australian Journalists' Association (AJA) section of the Media, Entertainment and Arts Alliance (MEAA).

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law

or corporate law)

- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Journalism (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Domestic Course structure

You will study a combination of journalism and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units that are relevant to your career interests.

Domestic Entry requirements 2012 registrations have closed.

Registration for 2012 intake was due on the 23 September 2011 and have now closed. If had not registered and you are considering applying to study in 2013 we recommend you read the following information as a guide only as it details requirements for entry in 2012 and these may change prior to the 2013 intake.

Thank you for your interest in Dance at the QUT Creative Industries Faculty. To be considered for a place you must both apply through [QTAC](#) and submit a Dance Registration Form to the Creative Industries Faculty. Please read through the following information carefully to ensure you are prepared to apply at that time.

What is the closing date for additional entry registration with Dance at QUT Creative Industries?

- Registration for the 2012 intake will close by the extended closing date of 23 September, 2011. To register for an audition, you must submit a Dance Registration Form.
- You must also apply to QTAC, where the due date for on-time applications is 30 September. See the [QTAC website](#) for more information.

What are the additional entry requirements?

You must submit the following and attend an audition:

- Academic record
- Personal statement Personal statement form is included in the Application Guide
- Photograph A current passport sized photograph ANDA full body shot, facing front in parallel, in leotard / swim suit (no board shorts)
- Physiotherapist's Report. A specialist dance or sports physiotherapist needs to assess various physical elements such as your flexibility range and history of injuries. Physiotherapist report form is provided in the Application Guide

What does the audition consist of?

There are two rounds on your day of audition. All applicants will complete round one. Those applicants successful in moving onto round two will be posted on the notice board during the lunch break.

Round One:

- a ballet class (no pointe work)
- a contemporary dance class
- a jazz class (for course code 429162 only)
- a course talk given by the Head of Dance
- a written interpretative exercise

The written exercise requires no preparation. It is a half hour session that looks at the applicant's interpretative skills and writing skills - e.g. spelling, punctuation, grammar - in response to an image presented on the day.

Round Two:

- a one minute solo in a dance genre of the applicant's choice
- This solo is an opportunity for you to dance in a genre of your own choice that you may feel better demonstrates your performance abilities - e.g. hip hop, adagio, Irish, tap. The solo is one minute long and music (if used) should be on CD. The solo may be choreographed by the applicant or someone else - e.g. teacher, guest choreographer
- a more advanced ballet and contemporary class, which includes pointe work (for course code 421822 only)
- A short impromptu talk from the auditionee on a topic given on the day (for course code 429162 1st preference only.)

What should I wear to my audition?

Ballet class:

- women: pink tights, light coloured leotard and ballet shoes. If you do not own ballet shoes, please bring cotton socks. If you do not own tights and leotard, please wear bike pants and tight, light coloured, fitting t-shirt.
- men: tights and a light-coloured singlet or t-shirt and ballet shoes. If you do not own ballet shoes, please bring cotton socks. If you do not own tights, please wear bike pants and jock strap.

Contemporary class:

- Same as above, but able to work in bare feet when required in this genre.

Solo:

- no costumes or props please. Tights and leotard only.

What do I need to bring on the day?

Please bring your dance gear and water bottle. If you bring lunch it can be stored in the fridge in the dance corridor. There are no cafes open on campus on

Bachelor of Fine Arts (Dance)/Graduate Diploma in Education (Senior Years)

weekends.

I have no formal training in classical / contemporary ballet. Can I still audition?

You are assessed on potential, but formal training would benefit applicants. The selection panel looks at you for your movement potential, alignment, sense of musicality, and your degree of confidence. Studying a different technique (e.g. jazz, tap, contemporary) will also help you develop these skills.

What do I have to do in the solo presentation?

The solo presentation is one minute (maximum), which can be improvised or choreographed by yourself or another person, in a style of your choice (e.g. Tap, Irish Dance). The selection panel looks for confidence, appropriate quality and performance integrity.

How do I apply?

There are two steps to an application for Dance at QUT:

1. You must register for an audition by submitting a Dance Registration Form to the Creative Industries Faculty by the extended closing date of 23 September 2011. This should also include a copy of the QUTpay confirmation page from your online credit card payment of the \$33 service charge. PLEASE NOTE: Q-Step and ATSI applicants are exempt from the service fee
2. You must also apply through QTAC, where the due date for on-time applications is the 30 September. See the [QTAC website](#) for more information.

Important Notice

The final intake into ED38 Graduate Diploma in Education (Senior Years) will be 2015. Students will need to successfully complete KK34 by the end of 2014 to commence ED38 in 2015.

Students entering the Graduate Diploma in Education (Senior Years) should complete the course by the end of 2016 to be considered eligible for teacher registration by the Queensland College of Teachers.

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Professional Recognition

Graduates of the Graduate Diploma in Education (Senior Years) are eligible for registration as teachers in Queensland. Graduates looking for teaching employment in other parts of Australia and overseas may be required to meet additional conditions.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Entry requirements 2012 registrations have closed.

Registration for 2012 intake was due on the 23 September 2011 and have now closed. If had not registered and you are considering applying to study in 2013 we recommend you read the following information as a guide only as it details requirements for entry in 2012 and these may change prior to the 2013 intake.

Thank you for your interest in Visual Arts at the QUT Creative Industries Faculty. To be considered for a place you must both apply through [QTAC](#) and register directly with the Creative Industries Faculty through our Online Registration Form. Please read through the following information carefully to ensure you are prepared to apply at that time.

What is the closing date for additional entry registration with Visual Arts at QUT Creative Industries?

- You must register through the Online Registration Form with the Creative Industries Faculty by the extended closing date of 14 October 2011.
- You must also apply through QTAC, where the due date for on-time applications is 30 September. See the [QTAC website](#) for more information.

What are the additional entry requirements?

You must supply the following:

Academic record - A copy of your most recent report (it does not have to be your final end-of-year grades).

Portfolio - Maximum of 20 pages of images that best demonstrate your current art achievements, working processes, commitment and potential. Consider the "Qualities" we look for (listed below) when compiling your portfolio. It may contain photographs, slides, photocopies of sketches and journal pages (showing your planning and preparation for a project), printed digital images and/or short video excerpts (no more than 2 minutes each). For a paper-based portfolio, keep pages to a maximum of A4 size and do not include large folders. If you are including CD/DVD/uploaded images, the preferred format is either as a 'PowerPoint' or .jpg files. We prefer video that can be opened in 'QuickTime' and only samples of work are required. To ensure we will be able to

open and view any digital media files, keep the file size to a minimum (i.e. under 5MB) PLEASE NOTE: We do NOT return portfolios, so do NOT include any original copies of your work or documentation.

Responses to a series of questions about your interest in visual art. These are essential. To lodge your responses, return to this site in early July to register online. Your responses to these questions are important - please answer them as specifically, carefully and informatively as possible.

- Are you planning to graduate as a studio artist, art teacher or other art industry professional? Please outline your career goals.
- What are you expecting to learn in a course of study in Visual Arts at QUT?
- Describe briefly which exhibitions and galleries you have visited in the past 12 months, and the art-related books/articles/reviews you have read, etc).
- Briefly list any group exhibitions, solo exhibitions, commissions and awards you have been included in, plus membership of art associations etc.
- What do you think is art's role in the twenty-first century? Outline briefly.

Service charge of \$33 (GST inclusive) - This is to cover the costs of administration and insurance in processing applications, and is non-refundable. The service charge can be paid by credit card online with [QUTPay](#). PLEASE NOTE: [Q-Step](#) and [ATSI](#) applicants are exempt from the service fee.

Passport style photograph

How do I apply?

To apply for this course, you must:

- Complete the Online Registration Form and print the confirmation pages;
- Post or deliver the confirmation pages with a passport-style photograph attached; a copy of your academic record; a copy of the [QUTpay](#) confirmation page from your online credit card payment for the \$33 service charge; your portfolio (unless uploaded online);
- Apply for this course through QTAC. Please see the [QTAC website](#) for more information.

Please Note: Registering with QUT for assessment of your portfolio is separate and in addition to listing the course as a preference with [QTAC](#). To successfully apply for entry into this course, you are

required to do both. The portfolio assessment is managed by QUT Creative Industries; however, all offers for the course will be made through QTAC in the 15 December 2011 offer round.

What qualities are QUT Creative Industries looking for?

- Overall, we seek indications of your ability to think creatively, to be open to new ideas and challenges, and of your potential to succeed in the course.
- We look for evidence of versatility, skill, enterprise, inventiveness and knowledge of contemporary art and culture/s. We are also looking for candidates who bring a wide range of interests and enthusiasms to their study area (e.g. film, literature, music, digital culture, etc.).
- We look at your artistic achievement - the level of investigation and familiarity with particular media, the degree of sophistication and sensitivity in handling media, evidence of industry, hard work, sustained practice and familiarity with visual media.
- We look for the degree of exploration of ideas and evidence of the development of ideas. Some carefully selected key documentation of preliminary plans, working sketches, journals and work in progress help us in this regard.
- We also look for evidence of artwork that is totally self-initiated (i.e. not necessarily part of a set study program) and an indication that you are determined to pursue art interests in a range of circumstances.

When and where are the interviews?

Shortlisted applicants will be contacted, and interviewed, during November. If you are called, you are not required to bring anything with you to this interview, but you should be prepared to respond to questions about your artwork and your future goals. Interviews are designed to further assess your suitability for the style of Visual Arts course that we offer and will also present an opportunity for you to ask any questions you may have about the course. Interviews will occur at the QUT Kelvin Grove campus.

Domestic Entry requirements 2012 registrations have closed.

Registration for 2012 intake was due on the 02 September 2011 and have now closed. If had not registered and you are considering applying to study in 2013 we recommend you read the following information as a guide only as it details requirements for entry in 2012 and these may change prior to the 2013 intake.

Thank you for your interest in Music at the QUT Creative Industries Faculty. To be considered for a place you must both apply through [QTAC](#) and register directly with the Creative Industries Faculty through our Online Registration Form. Please read through the following information carefully to ensure you are prepared to apply at that time.

What is the closing date for additional entry registration with Music at QUT Creative Industries?

- You must register directly with the Creative Industries Faculty by the 2 September 2011 through the Online Registration Form.
- You must also apply through QTAC, where the due date for on-time applications is 30 September. See the [QTAC website](#) for more information

What are the additional entry requirements and what qualities are you looking for?

- Academic record
- Photo. A current passport sized photo (for identification purposes only)
- Interview. During the interview you may be asked about: Your past experiences in music and sound activities What sort of music you enjoy playing and listening to Your ambitions during your studies and beyond How studying music at QUT will help you achieve your musical goals
- Audition: performance on instrument and/or Portfolio of music / sound works (if applicable)

1. The Interview

Qualities looked for in the Interview:

- a strong track record in relevant music and sound activities
- a strong potential for continued growth in your music and sound understanding and practice
- knowledge of QUT Creative Industries music courses and how this relates to your own personal

goals

You are encouraged to bring to your interview evidence of any musical qualifications or any other information which will assist in gauging your musicianship level (e.g. copies of AMEB theory examination results, printed reviews of performances etc).

2. The Audition

Audition requirements (all applicants)

Present two items at the audition that you believe will persuade the panel of your suitability for QUT Music and Sound (it will be of benefit if at least one is your own song, improvisation or composition). The items may comprise the following:

- performances of two contrasting pieces of music of your own choice for the panel
or
- performances of one piece of music and present one recorded piece (portfolio) for the panel to listen to at the audition,
or
- presentation of two recorded pieces (portfolio) for the panel to listen to at the audition.

Total duration: no more than 10 minutes. You may be asked to stop playing/presenting before finishing a piece - in the event that this occurs, you should not assume that this has adverse implications on the assessment of your presentation.

Live Performance

You will need to demonstrate technical fluency/competency on your instrument and a well-developed sense of musicality and engagement.

- You can perform on any instrument - orchestral, acoustic, amplified, electronic (eg. computer, turntable etc.), non-western (eg. sitar, djembe, etc.)
- You can audition on more than one instrument so long as it fits within your 10 minute audition time.

It is your responsibility to arrange your own accompaniment if you require it. You can use backing tracks on CD. Other formats may be accommodated but only by prior arrangement or you may be accompanied by a maximum of 2 other musicians. Unaccompanied performance is acceptable however if the piece(s) you are performing are not intended as solo works, accompaniment is desirable.

Bachelor of Music/Graduate Diploma in Education (Senior Years)

Qualities looked for in the Live Performance Audition:

- Creativity and originality of approach
- Technically and creatively appropriate skills in presentation.
- Clear articulation of musical approach
- General sense of musicality and musical engagement
- Diversity of material presented.

Recorded Pieces

This should consist of music/sound works that you have created or have been partly involved in creating. Suitable items include (but are not limited to) written and/or performed compositions for acoustic instruments, music realised using computer software, pop songs, soundscapes, music you have recorded/engineered/produced etc. You will be expected to advise the panel of your precise role in the recorded pieces.

- Bring a portfolio of music/sound works that you have created. Suitable items include (but are not limited to); written and/or performed compositions for acoustic instruments, music realised using computer software, pop songs, soundscapes, music you have recorded/engineered/produced etc.
- You should include one or two contrasting pieces (only one if you are also choosing to perform a live piece) - total duration for all pieces 10 minutes maximum
- Acceptable formats are: Audio CD (must be able to be played in a standard CD player) CD-ROM (must be compatible with Macintosh and PC) DVD (must be able to be played in a standard DVD player) USB Stick
- Printed scores (if relevant and only in conjunction with an audio recording or performance of the piece),
- Please ensure you test your CDs, CD-ROMs or DVDs on multiple systems before submitting them. Failure of your media to play in the specified equipment may adversely affect your folio result.
- Your folio must be accompanied by written notes (maximum 200 words) that explain your precise role in each of the items (i.e. what your role/s were in the creation of the piece, how you created the piece, your artistic aims in creating the piece)
- All portfolio items should be marked with your name and contact details. Please note that portfolios are not returned.

Qualities looked for in Recorded Pieces:

- Creativity and originality of approach

- Technically and creatively appropriate skills in presentation.
- Clear articulation of musical approach
- General sense of musicality and musical engagement
- Diversity of material presented.

How do I apply?

- Complete the Online Registration Form and print the confirmation pages;
- Post or deliver the confirmation pages with a passport-style photograph attached; a copy of your academic record; a copy of the [QUTpay](#) confirmation page from your online credit card payment of the \$33 service fee (PLEASE NOTE: Q-Step and ATSI applicants are exempt from the service fee);
- Attend an audition; and
- Apply for this course through QTAC. Please see the [QTAC website](#) for more information.

When and where are the auditions and interviews being held?

- All auditions and interviews will be held in Brisbane at the QUT Kelvin Grove campus between 26 - 29 September 2011.
- Your interview and audition will be scheduled when you lodge your online application. Please note that the time and date of your audition cannot be changed except in exceptional circumstances.

What if I am unable to attend an audition/interview?

- If you are unable to attend an interview/audition you may apply by submitting the following along with your academic record, photo, portfolio and payment by 2 September 2011:
- a written statement (total 2 pages maximum) that addresses the following 4 points: Your past experiences in music and sound activities What sort of music you enjoy playing and listening to Your ambitions during your studies and beyond How studying Music and Sound at QUT will help you achieve your musical goals

Photocopy evidence of any musical achievements or any other information which will assist in gauging your musicianship level (e.g. copies of AMEB theory examination results, printed reviews of performances, commercial CDs etc.)

- A continuous and unedited video recording of you performing your audition piece(s) or a CD of your production pieces (or both). Refer to audition requirements for recorded and live performance.

Video must be submitted on CDR or DVD-R and must include a declaration of authenticity, details of date and place of performance and details of the role of applicant if the performance involves other participants. Refer to audition requirements for recorded and live performance. Please note that videos are not returned.

- You may be required for a phone interview to clarify any points in your written statement

Can I audition on more than one instrument?

Yes but only within the duration of your 10-minute audition.

Please Note: Registering with QUT for assessment of your portfolio is separate and in addition to listing the course as a preference with QTAC. To successfully apply for entry into this course, you are required to do both. The portfolio assessment is managed by QUT Creative Industries; however, all offers for the course will be made through QTAC in the early round in 15 December 2011 offer round.

Important Notice

The final intake into ED38 Graduate Diploma in Education (Senior Years) will be 2015. Students will need to successfully complete KM32 by the end of 2014 to commence ED38 in 2015.

Students entering the Graduate Diploma in Education (Senior Years) should complete the course by the end of 2016 to

Bachelor of Music/Graduate Diploma in Education (Senior Years)

be considered eligible for teacher registration by the Queensland College of Teachers.

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Professional Recognition

This course meets the requirements for registration as a teacher in Queensland. It is recognised nationally and internationally, however additional requirements may be needed for some locations.

Pathways to further study

On successful completion of KM32 Bachelor of Music you may apply for entry to the Bachelor of Music (Honours) provided you meet the entry requirements.

Description

The Master of Architecture enables the development of advanced yet balanced understanding in architectural design and research, contextual studies, technology and science and studies for professional practice. It is the professional degree required, along with the requisite post-graduate work experience, for registration as an architect.

Professional Recognition

Graduates of the DE80 Master of Architecture meet the academic requirements for membership of the Australian Institute of Architects (AIA). Graduates who have also completed two years of practical architectural experience (at least one year postgraduate) will be eligible to undertake the Architectural Practice Examination which, if successful, will enable the graduate to be eligible for registration with any Board of Architects in Australia.

Course Enquiries

Email: egsacoordinator@qut.edu.au
This course is offered by Queensland University of Technology as part of a joint collaboration with the other ATN universities as part of the e-Grad School Australia

Part-time students

Part-time students can enrol in one or two units per semester for up to six semesters maximum.

Early Exit Options

Graduate Certificate and Diploma exit points are available following completion of four and eight units.

Advanced Standing

Students with appropriate prior qualifications and/or professional experience may apply for advanced standing of up to 48CP towards the Master of Research Management and Commercialisation. Recognition for concurrent Professional Development activities may be possible. Registered members of professional societies may be eligible to receive advanced standing for approved professional development activities completed during enrolment in the award.

Domestic Course structure

Course structure

The Master of Research Management and Commercialisation is particularly suited to current or aspiring research management leaders, administrators and active researchers in corporations, universities and the public sector. The Masters builds on the content of the Graduate Certificate and allows you to develop a deeper understanding of the context and strategic issues involved in research management and commercialisation. You can tailor the course to your needs by applying these ideas and concepts to issues of relevance to you and, where possible, undertaking assessment through workplace-based projects.

Students enrolled in the masters-level course can choose to exit with an award of Graduate Certification or Diploma following the completion of four or eight approved units.

Overview

The Doctor of Philosophy (PhD) offers the opportunity to work with an experienced supervisory research team to make a significant and original contribution to disciplinary knowledge. A PhD candidate's research must reveal high critical ability and powers of imagination and synthesis and may be, depending on discipline, demonstrated in the form of new knowledge or significant and original adaptation, application and interpretation of existing knowledge. This world-class program provides a basis for critical inquiry and welcomes collaborative and interdisciplinary research projects. A QUT PhD graduate will be equipped to seek employment in industry, research organisations and universities.

Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- A letter from an approved employer confirming the continuation of your salary; OR
- A signed Scholarship Agreement between QUT and your sponsoring agency; OR
- An accepted letter of offer from QUT for a postgraduate research scholarship; OR
- An approved external scholarship.

Location & duration

The expected duration of the Doctor of Philosophy is three to four years full-time, or six to eight years part-time. Full-time study is normally conducted on-campus at QUT. Part-time and external study options may be available depending on the project, infrastructure requirements and funding arrangements. Although QUT offers this flexibility, candidates must meet minimum attendance requirements and the university must be satisfied that adequate supervision and resources are available.

International student visas require on-campus study to be completed full-time.

Course Structure

QUT adopts a project management approach. PhD candidates work closely with their supervisory team to meet collegially reviewed milestones leading to timely submission of a thesis for

examination. QUT is proud of its record of timely completions and low attrition rates realised by this approach.

During candidature the supervisor and other key stakeholders will provide advice and direction to the candidate to encourage their participation in university scholarly activities such as research seminars, teaching and publication. The length of the thesis varies according to the topic, but should normally be no longer than 100,000 words, excluding bibliography.

Domestic Course structure

The program's supportive structure is designed for candidates to progressively accumulate new knowledge and critical tools that will enhance their practice via two year-long research projects, combined with coursework to support and frame the development of the projects.

To cater for candidates who seek to maintain a commitment to their industry responsibilities as well as to their research studies, the coursework is delivered through a series of short, intensive weekend modules and sustained online support.

By also offering elective choices from a wide range of postgraduate units, the DCI gives candidates the opportunity to tailor their course to achieve individual professional goals.

The two projects require candidates to employ advanced research strategies and applied reflective approaches in focusing on an element of their industry practice.

Through the DCI program candidates refine their professional practitioner expertise while acquiring doctoral research skills.

Areas of study available in the Doctor of Creative Industries include:

- creative practice: including the discipline areas performing and visual arts, creative writing, animation
- design practice: including the discipline areas architecture, industrial, interior, fashion and interaction design
- communication: including the discipline areas journalism, media, film and television
- innovation in professional practice in a range of government, corporate or business settings
- creative enterprise practice
- policy / cultural development and facilitation
- pedagogical practice, predominantly in tertiary settings.

International Course structure

Course structure

The program's supportive structure is designed for candidates to progressively accumulate new knowledge and critical tools that will enhance their practice via two year-long research projects, combined with coursework to support and frame the development of the projects.

To cater for candidates who seek to maintain a commitment to their industry responsibilities as well as to their research studies, the coursework is delivered through a series of short, intensive weekend modules and sustained online support.

Doctor of Creative Industries (Research)

By also offering elective choices from a wide range of postgraduate units, the DCI gives candidates the opportunity to tailor their course to achieve individual professional goals.

The two projects require candidates to employ advanced research strategies and applied reflective approaches in focusing on an element of their industry practice.

Through the DCI program candidates refine their professional practitioner expertise while acquiring doctoral research skills.

Career Outcomes

The Doctor of Creative Industries is designed for leaders and highly skilled practitioners engaged in artistic, design or professional practice (such as journalists and policy developers), creative enterprise and teaching across all fields of the Creative Industries.

Areas of Doctoral Study

- creative practice: including the discipline areas performing and visual arts, creative writing, animation;
- design practice: including the discipline areas architecture, industrial, interior, fashion and interaction design;
- communication: including the discipline areas journalism, media, film and television;
- innovation in professional practice in a range of government, corporate or business settings ;
- creative enterprise practice;
- policy / cultural development and facilitation;
- pedagogical practice, predominantly in tertiary settings.

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year when you commence in semester 1.

Course Structure

You are required to complete eight, 12 credit point units of study.

The course provides flexibility for students to complete their studies across a range of areas.

Two core units must be completed, EDP415 Engaging Diverse Learners and EDP416 The Professional Practice of Educators, along with an additional two units from any of the courses offered by the Faculty of Education. The remaining four units may be taken from a wide range of Faculty of Education units in other Faculty of Education courses including Bachelor of Education (Secondary), Bachelor of Education (Primary), Bachelor of Education (Early Childhood), Bachelor of Education (Preservice Early Childhood), and the Graduate Diploma in Education (but excluding the Primary pathway in the Graduate Diploma), OR from faculties other than the Faculty of Education.

Please note that Masters level units and teaching practicum or Field Studies units cannot be studied in this course.

Students must follow the individual course rules concerning prerequisite study when selecting units from other courses.

Students undertaking the course to meet specific Queensland College of Teachers Registration requirements may not be able to undertake non-education units.

Many students use their studies in the Bachelor of Education (Inservice) as an opportunity to gain expertise in specific areas. Students returning to the classroom after a break will often update their knowledge by undertaking preservice curriculum studies units in the early childhood, primary or specific secondary subject areas. Alternatively students may choose a suite of units related to a specific area of interest.

DETA Early Childhood Cohort

You are required to complete eight, 12 credit point units of study. Two core units

Bachelor of Education (Inservice)

must be completed, EDB200 Insights into Early Childhood Development and EDP416 The Professional Practice of Educators, together with an additional six units from the Early Childhood Studies listed on the DETA Early Childhood Cohort course structure. This course will be completed in part time and external mode only.

Course Progression

It is a student's responsibility to ensure they have met any specified pre-requisite and/or co-requisite requirements when they select their enrolment program.

Underloads

It is not expected that a student should underload – i.e. undertake fewer credit points than the standard semester load. If, however, your circumstances require you to undertake fewer units than the standard load, it may lead to difficulties in undertaking units in a timely manner later in the course.

Notes for selection of units

Internet (I-NET) The unit will be conducted through the QUT Blackboard site. Students will require access to suitable computer facilities.

Internal (INT) The unit is offered internally and students attend lectures during the semester.

Block (BLK) A block of lectures held in the January or June/July school holidays, normally 9.00-4.00pm. Assessment is finalised after completion of the block lectures.

External (EXT) The unit is offered externally.

Overloads

It is not expected that a student should overload – i.e. undertake more credit points than the standard semester load. If, however, your circumstances require you to overload you should be aware of the possible academic consequences of an increased study load.

Domestic Course structure

You are required to complete eight units in one year full time or two years part time. The course provides flexibility for students to complete their studies across a range of areas.

Two core units must be completed, Engaging Diverse Learners and The Professional Practice of Educators, along with an additional two units from preservice courses within the Faculty of

Education.

The remaining four units may be taken from a wide range of Faculty of Education preservice units or from other faculties.

Many students use their studies in the Bachelor of Education (Inservice) as an opportunity to gain expertise in specific areas. Students returning to the classroom after a break will often update their knowledge by undertaking preservice curriculum studies units in the early childhood, primary or specific secondary subject areas.

Alternatively you may choose a suite of units related to a specific area of interest such as culture and language studies, or mathematics, science and technology education studies.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

Working with Children Check: blue card

You'll need to apply for a blue card because you'll be working with children or young people as part of this course. There's no cost if you apply through QUT.

You will be requested to submit your blue card application form immediately after receiving your offer. You won't be able to accept your offer and enrol if you don't submit your correctly completed blue card application form on time.

How to [apply for a blue card](#)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Enrolling

You have 10 years to complete the Bachelor of Education (Early Childhood), including any approved leave of absence. It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Professional Recognition

The Bachelor of Education (Early Childhood) is an Australian Children's Education and Care Quality Authority (ACECQA) approved course and graduates are eligible to apply for teacher registration. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Literacy and Numeracy Standards

As part of your course, all Bachelor of Education students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' (QCT) literacy and numeracy standards in order to meet the course and QCT professional accreditation requirements. Literacy and numeracy modules have been developed as part of a student remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students may also seek support from a range of advisers across QUT. Students will also have the support of the First Year Experience Coordinator to identify the best approach for them. Information on learning support is available at the following link: <http://www.student.qut.edu.au/about/faculties-institutes-and-divisions/faculties/education/learning-support>

Part Time Study

Students who have completed a Diploma of Children's Services (Early Childhood Education and Care) or Diploma or Advanced Diploma of Children's Services, or an equivalent accredited qualification and have the following early childhood work experience will receive 144 credit points of advanced standing and may study part-time externally. This option is available to domestic students only:

- One year full-time (or equivalent) experience leading the development and implementation of the education program for a group of children in an approved service (e.g. group leader) or leading the development and implementation of the education programs in an approved service (e.g. educational leader; Family Day Care Coordinator); or
- Two years full-time (or equivalent) experience as a family day care educator in an approved service; or
- Two years full-time (or equivalent) experience supporting the development and implementation of the education program for a group of children (e.g., educator in an approved service, teacher aide working with young children Prep to Year 3 in a school); or
- Two years full-time (or equivalent) experience in school age care.

Working With Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a [Blue Card](#) to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a [Blue Card](#) immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at <http://www.student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards>.

Field Studies Units will be taken in Queensland schools and settings.

Advanced Standing

Students who have completed a Diploma of Children's Services (Early Childhood Education and Care) or Diploma or Advanced Diploma of Children's Services, or an equivalent accredited qualification will receive advanced standing for 96 credit points and can complete the course in 3 years.

Designated Units

Units with field studies are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the [Student Services website](#)

Students are required to undertake field experience placement or work integrated placements as part of the course and units which contain field studies components are recorded as designated units. Students who have not completed sufficient foundation or discipline units or who do not hold a grade point average of 4.0 or higher will be identified for academic counselling and will have their academic record reviewed, which may

result in them not being placed for practicum. Additionally, students who have not successfully completed all assessment items or on-campus components in a designated unit will not be placed for practicum.

Students need to attain a grade point average of 5.0 or higher to be placed on a Rural and Remote or International field studies setting

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Field Studies Units will be taken in Queensland schools and settings.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

Working with Children Check: blue card

You'll need to apply for a blue card because you'll be working with children or young people as part of this course. There's no cost if you apply through QUT.

You will be requested to submit your blue card application form immediately after receiving your offer. You won't be able to accept your offer and enrol if you don't submit your correctly completed blue card application form on time.

How to [apply for a blue card](#)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Career Outcomes

You will be prepared to teach in two curriculum or teaching areas in secondary schools.

Literacy and Numeracy Statement

As part of your course, all Bachelor of Education students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' (QCT) literacy and numeracy standards in order to meet the course and QCT professional accreditation

requirements. Literacy and numeracy modules have been developed as part of a student remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students may also seek support from a range of advisers across QUT. Students will also have the support of the First Year Experience Coordinator to identify the best approach for them. Information on learning support is available at the following link: <http://www.student.qut.edu.au/about/faculties-institutes-and-divisions/faculties/education/learning-support>

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards. Field Studies Units will be taken in Queensland schools and settings.

Teaching Area Combinations

Students will select one major and one minor teaching area, and these can be seen in more detail under the Course Structure tab above (subject to approval).

Majors:
English
Mathematics
History

Intermediate Geography (not to be taken with Geography major)
Intermediate Science (not to be taken with Biology, Physics, Chemistry, Earth & Environmental Science majors)

Course Structure

The Bachelor of Education is an exciting learning opportunity, which will challenge students to investigate, question, and create new knowledge about teaching and learning. The course has been designed using the principles of outcomes-based education; an educational approach that not only describes the long-term learning outcomes that are desired from the course, but which accepts that the learning pathway towards these outcomes may be different for individual students.

Students complete a total of 384 credit points of study and will specialise in two teaching areas appropriate for teaching grades 8-12 in Queensland. The teaching area studies are also referred to as discipline studies.

Students will undertake discipline studies, education-related studies and a minimum of 100 days of field study experience in a range of classrooms and other educational settings, and curriculum studies relevant to the selected teaching areas. Core education units will cover teaching and learning studies, technology studies, indigenous and sociocultural studies.

Please note that the Internship is to be taken as the final unit of study in the course, and successful completion of all other coursework is required before students can commence the final Internship unit EDB151.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student

Services website.

The course has been designed using the principles of outcomes-based education; an educational approach that not only describes the long-term learning outcomes that are desired from the course, but which accepts that the learning pathway towards these outcomes may be different for individual students.

Students complete a total of 384 credit points of study and will specialise in two teaching areas appropriate for teaching grades 8-12 in Queensland. The teaching area studies are also referred to as discipline studies.

Students will undertake discipline studies, education-related studies and a minimum of 100 days of field study experience in a range of classrooms and other educational settings, and curriculum studies relevant to the selected teaching areas. Core education units will cover teaching and learning studies, technology studies, indigenous and sociocultural studies.

Please note that the Internship is to be taken as the final unit of study in the course, and successful completion of all other coursework is required before students can commence the final Internship unit EDB151.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student

Services website.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

Working with Children Check: blue card

You'll need to apply for a blue card because you'll be working with children or young people as part of this course. There's no cost if you apply through QUT.

You will be requested to submit your blue card application form immediately after receiving your offer. You won't be able to accept your offer and enrol if you don't submit your correctly completed blue card application form on time.

How to [apply for a blue card](#)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Career Outcomes

You will be prepared to teach in two curriculum or teaching areas in secondary schools.

Literacy and Numeracy Statement

As part of your course, all Bachelor of Education students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' (QCT) literacy and numeracy standards in order to meet the course and QCT professional accreditation

requirements. Literacy and numeracy modules have been developed as part of a student remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students may also seek support from a range of advisers across QUT. Students will also have the support of the First Year Experience Coordinator to identify the best approach for them. Information on learning support is available at the following link: <http://www.student.qut.edu.au/about/faculties-institutes-and-divisions/faculties/education/learning-support>

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards. Field Studies Units will be taken in Queensland schools and settings.

Teaching Area Combinations

Students will select one major and one minor teaching area, and these can be seen in more detail under the Course Structure tab above (subject to approval).

Course Structure

The Bachelor of Education is an exciting learning opportunity, which will challenge students to investigate, question, and create new knowledge about teaching and learning. The course has been designed using the principles of outcomes-based education; an educational approach that not only describes the long-term learning outcomes that are desired from the course, but which accepts that the learning pathway towards these outcomes may be different for individual students.

Students complete a total of 384 credit points of study and will specialise in two teaching areas appropriate for teaching grades 8-12 in Queensland. The teaching area studies are also referred to as discipline studies.

EDB151 contains Field Experience and is a designated unit

Students are required to undertake field experience placement or work integrated placements as part of the course and units which contain field studies components are recorded as designated units. Students who have not completed sufficient foundation or discipline units or who do not hold a grade point average of 4.0 or higher will be identified for academic counselling and will have their academic record reviewed, which may result in them not being placed for practicum. Additionally, students who have not successfully completed all assessment items or on-campus components in a designated unit will not be placed for practicum.

Students need to attain a grade point average of 5.0 or higher to be placed on a Rural and Remote or International field studies setting.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

Working with Children Check: blue card

You'll need to apply for a blue card because you'll be working with children or young people as part of this course. There's no cost if you apply through QUT.

You will be requested to submit your blue card application form immediately after receiving your offer. You won't be able to accept your offer and enrol if you don't submit your correctly completed blue card application form on time.

How to [apply for a blue card](#)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Career Outcomes

You will be prepared to teach in two curriculum or teaching areas in secondary schools.

Literacy and Numeracy Statement

As part of your course, all Bachelor of Education students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' (QCT) literacy and numeracy standards in order to meet the course and QCT professional accreditation

requirements. Literacy and numeracy modules have been developed as part of a student remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students may also seek support from a range of advisers across QUT. Students will also have the support of the First Year Experience Coordinator to identify the best approach for them. Information on learning support is available at the following link: <http://www.student.qut.edu.au/about/faculties-institutes-and-divisions/faculties/education/learning-support>

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards. Field Studies Units will be taken in Queensland schools and settings.

Teaching Area Combinations

Students will select one major and one minor teaching area, and these can be seen in more detail under the Course Structure tab above (subject to approval).

Intermediate Geography (not to be taken with Geography major)
Intermediate Science (not to be taken with Biology, Physics, Chemistry, Earth & Environmental Science majors)

Course Structure

The Bachelor of Education is an exciting learning opportunity, which will challenge students to investigate, question, and create new knowledge about teaching and learning. The course has been designed using the principles of outcomes-based education; an educational approach that not only describes the long-term learning outcomes that are desired from the course, but which accepts that the learning pathway towards these outcomes may be different for individual students.

Students complete a total of 384 credit points of study and will specialise in two teaching areas appropriate for teaching grades 8-12 in Queensland. The teaching area studies are also referred to as discipline studies.

Students will undertake discipline studies, education-related studies and a minimum of 100 days of field study experience in a range of classrooms and other educational settings, and curriculum studies relevant to the selected teaching areas. Core education units will cover teaching and learning studies, technology studies, indigenous and sociocultural studies.

Please note that the Internship is to be taken as the final unit of study in the course, and successful completion of all other coursework is required before students can commence the final Internship unit EDB151.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student

Services website.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

Working with Children Check: blue card

You'll need to apply for a blue card because you'll be working with children or young people as part of this course. There's no cost if you apply through QUT.

You will be requested to submit your blue card application form immediately after receiving your offer. You won't be able to accept your offer and enrol if you don't submit your correctly completed blue card application form on time.

How to [apply for a blue card](#)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Career Outcomes

You will be prepared to teach in two curriculum or teaching areas in secondary schools.

Literacy and Numeracy Statement

As part of your course, all Bachelor of Education students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' (QCT) literacy and numeracy standards in order to meet the course and QCT professional accreditation

requirements. Literacy and numeracy modules have been developed as part of a student remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students may also seek support from a range of advisers across QUT. Students will also have the support of the First Year Experience Coordinator to identify the best approach for them. Information on learning support is available at the following link: <http://www.student.qut.edu.au/about/faculties-institutes-and-divisions/faculties/education/learning-support>

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards. Field Studies Units will be taken in Queensland schools and settings.

Teaching Area Combinations

Students will select one major and one minor teaching area, and these can be seen in more detail under the Course Structure tab above (subject to approval).

Majors:
English
Mathematics
History
Geography
Biology

Bachelor of Education (Secondary) - Home Economics

Physics
Chemistry
Earth and Environmental Science
Health and Physical Education
Home Economics

Minors:
Intermediate English (not to be taken with English major)
Intermediate Mathematics (not to be taken with Mathematics major)
Intermediate History (not to be taken with History major)
Intermediate Geography (not to be taken with Geography major)
Intermediate Science (not to be taken with Biology, Physics, Chemistry, Earth & Environmental Science majors)

Course Structure

The Bachelor of Education is an exciting learning opportunity, which will challenge students to investigate, question, and create new knowledge about teaching and learning. The course has been designed using the principles of outcomes-based education; an educational approach that not only describes the long-term learning outcomes that are desired from the course, but which accepts that the learning pathway towards these outcomes may be different for individual students.

Students complete a total of 384 credit points of study and will specialise in two teaching areas appropriate for teaching grades 8-12 in Queensland. The teaching area studies are also referred to as discipline studies.

Students will undertake discipline studies, education-related studies and a minimum of 100 days of field study experience in a range of classrooms and other educational settings, and curriculum studies relevant to the selected teaching areas. Core education units will cover teaching and learning studies, technology studies, indigenous and sociocultural studies.

Please note that the Internship is to be taken as the final unit of study in the course, and successful completion of all other coursework is required before students can commence the final Internship unit EDB151.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student

Services website.

Domestic Course structure

If you have chosen home economics as your major for the Bachelor of Education (Secondary) you can only choose one of the following minors as your second teaching area:

- Intermediate English
- Intermediate Mathematics
- Intermediate History
- Intermediate Geography
- Intermediate Science

International Course structure

If you have chosen Home Economics as your Major for the Bachelor of Education (Secondary) you can only choose one of the following Minors as your second teaching area:

- Minors:
- Intermediate English
 - Intermediate Mathematics
 - Intermediate History
 - Intermediate Geography
 - Intermediate Science

Sample Structure

Students are required to undertake field experience placement or work integrated placements as part of the course and units which contain field studies components are recorded as designated units. Students who have not completed sufficient foundation or discipline units or who do not hold a grade point average of 4.0 or higher will be identified for academic counselling and will have their academic record reviewed, which may result in them not being placed for practicum. Additionally, students who have not successfully completed all assessment items or on-campus components in a designated unit will not be placed for practicum.

Students need to attain a grade point average of 5.0 or higher to be placed on a Rural and Remote or International field studies setting.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

Working with Children Check: blue card

You'll need to apply for a blue card because you'll be working with children or young people as part of this course. There's no cost if you apply through QUT.

You will be requested to submit your blue card application form immediately after receiving your offer. You won't be able to accept your offer and enrol if you don't submit your correctly completed blue card application form on time.

How to [apply for a blue card](#)

International Subject prerequisites

- Maths B

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Career Outcomes

You will be prepared to teach in two curriculum or teaching areas in secondary schools.

Literacy and Numeracy Statement

As part of your course, all Bachelor of Education students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' (QCT) literacy and numeracy standards in order to meet the course and QCT professional accreditation requirements. Literacy and numeracy modules have been developed as part of a student remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students may also seek support from a range of advisers across QUT. Students will also have the support of the First Year Experience Coordinator to identify the best approach for them. Information on learning support is available at the following link: <http://www.student.qut.edu.au/about/faculties-institutes-and-divisions/faculties/education/learning-support>

Professional Recognition

Graduates are eligible to apply for teacher registration and graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-

Intermediate Mathematics (not to be taken with Mathematics major)
Intermediate History (not to be taken with History major)
Intermediate Geography (not to be taken with Geography major)
Intermediate Science (not to be taken with Biology, Physics, Chemistry, Earth & Environmental Science majors)

Course Structure

The Bachelor of Education is an exciting learning opportunity, which will challenge students to investigate, question, and create new knowledge about teaching and learning. The course has been designed using the principles of outcomes-based education; an educational approach that not only describes the long-term learning outcomes that are desired from the course, but which accepts that the learning pathway towards these outcomes may be different for individual students.

Students complete a total of 384 credit points of study and will specialise in two teaching areas appropriate for teaching grades 8-12 in Queensland. The teaching area studies are also referred to as discipline studies.

Students will undertake discipline studies, education-related studies and a minimum of 100 days of field study experience in a range of classrooms and other educational settings, and curriculum studies relevant to the selected teaching areas. Core education units will cover teaching and learning studies, technology

studies, indigenous and sociocultural studies.

Please note that the Internship is to be taken as the final unit of study in the course, and successful completion of all other coursework is required before students can commence the final Internship unit EDB151.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student Services website.

FINAL INTAKE - SEMESTER 1, 2013

The last intake of students to this course was semester 1, 2013. From 2014 the Bachelor of Early Childhood Studies will not be offered.

Enrolling

You have 10 years to complete the Bachelor of Early Childhood Studies, including any approved leave of absence. It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Professional Recognition

The Bachelor of Early Childhood Studies is an approved child care qualification with the Queensland Government Department of Education, Training and Employment (Office for Early Childhood Education and Care) and is accredited by the New South Wales Department of Community Services for employment in children's services.

Working with Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

You must hold a [Blue Card](#) to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a [Blue Card](#) and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at <http://www.student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards>.

Designated Units

Field Studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student Services website

Course Information

The Bachelor of Early Childhood Studies is accredited as a full-time, internal course. Students are not permitted to take units in external mode or study in part-time mode unless advised to do so by the ED82 Program Coordinator or by the Faculty of Education.

Sample Structure

The ED82 Bachelor of Early Childhood Studies course is in the process of being discontinued at QUT.

The units in this course are being phased out on a progressive basis, which means that if you are an out-of-step student you will need to seek course progression advice from the Faculty of Education Studies Affairs Office and check the availability of units that you need to complete your course.

From 2014 some units in the ED82 Bachelor of Early Childhood Studies course have been re-coded, or replaced with alternative units. If you are undertaking the standard course progression please refer to the ED82 Bachelor of Early Childhood Studies course progression table below.

DISCONTINUED COURSE

The last admission to this course was semester 1, 2013.

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Literacy Standards

All students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' literacy standards by the end of year 3 of their course in order to meet course and QCT professional accreditation requirements. Literacy modules have been developed as a remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students will have the support of the First Year Experience Coordinator.

Students may attempt these modules any number of times during the first three years of their program. At the end of year 3, unsatisfactory results within course work and these modules may result in a recommendation for an early exit from the four year degree.

Literacy modules can be accessed through Blackboard. Select the Community tab, then enter 'literacy modules' in the community search.

Professional Recognition

The Bachelor of Education (Secondary) is recognised by the Queensland College of Teachers as meeting the requirements for registration as a teacher in Queensland. Applicants for teacher registration in Queensland are subject to national criminal history checks. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Please note that the majority of supervised professional experience must occur in Australian Secondary school settings.

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

You must hold a [Blue Card](#) to undertake activities in any unit which involves contact with children, including the required field studies blocks.

It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Field Studies Units will be taken in Queensland schools and settings.

Teaching Area Combinations

Students will select their two teaching areas from the lists (one from Group X and one from Group Y) shown under the Course Structure tab above.

Research Pathway Option

At the end of Year 2, certain students will be invited to undertake the Research Pathway Option. This option is designed to meet the needs of students wishing to undertake research-based higher degree study in the course of their future career.

Bachelor of Education (Secondary)

The pathway is designed to develop research skills and a research-oriented, reflective approach to teaching.

Early Exit Option

Students who are unable to complete ED90 can exit with ED45 Bachelor of General Studies (288cps) on meeting specific criteria.

There is no direct entry to the Bachelor of General Studies and this course does not provide eligibility for Teacher Registration. Students wishing to exit from ED90 with ED45 should contact the Course Administration Officer on 3138 3948.

Designated Units

Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the [Student Services website](#)

Domestic Course structure Your course

Year 1 - You will develop discipline subject knowledge (content) related to your two teaching areas to prepare you for your field studies and curriculum studies units in the second year of your course. You will also be introduced to the world of teaching through two introductory education units.

Year 2 - You will be immersed in how students develop and learn and introduced to the curriculum for your two teaching areas, as well as continuing your discipline subject knowledge. You will undertake your first four-week supervised field experience in a school.

Year 3 - You will undertake your final discipline subject knowledge units and further develop your knowledge of curriculum and your ability to design teaching and learning experiences which you will be able to implement in your second four-week supervised school-based field experience.

Year 4 - You will further hone your curriculum knowledge and teaching skills to be able to develop programs for a diverse range of students. You will undertake your final two supervised field experiences in a school setting comprising a total of eight weeks and a four-week internship.

Teaching areas

Please go to the 'All course structures' link at the bottom of this page, click on it, then click on Teaching Area Choices - Discipline X and Discipline Y. To view the

available teaching areas in the Bachelor of Education (Secondary), click on the link 'Students must choose one teaching area from Discipline X, and one from Discipline Y only'. This link will expand to show you the choice of teaching areas available.

Please note that if you are interested in teaching Visual Arts, Dance, Drama or Music, you will need to first complete a three year Creative Industries Bachelor Degree or a Bachelor of Fine Arts, followed by a post graduate teaching qualification.

International Course structure

Your course

Year 1 - You will develop discipline subject knowledge (content) related to your two teaching areas to prepare you for your field studies and curriculum studies units in the second year of your course. You will also be introduced to the world of teaching through two introductory education units.

Year 2 - You will be immersed in how students develop and learn and introduced to the curriculum for your two teaching areas, as well as continuing your discipline subject knowledge. You will undertake your first four-week supervised field experience in a school.

Year 3 - You will undertake your final discipline subject knowledge units and further develop your knowledge of curriculum and your ability to design teaching and learning experiences which you will be able to implement in your second four-week supervised school-based field experience.

Year 4 - You will further hone your curriculum knowledge and teaching skills to be able to develop programs for a diverse range of students. You will undertake your final two supervised field experiences in a school setting comprising a total of eight weeks and a four-week internship.

Teaching areas

Please go to the 'All course structures' link at the bottom of this page, click on it, then click on Teaching Area Choices - Discipline X and Discipline Y. To view the available teaching areas in the Bachelor of Education (Secondary), click on the link 'Students must choose one teaching area from Discipline X, and one from Discipline Y only'. This link will expand to show you the choice of teaching areas available.

Please note that if you are interested in teaching Visual Arts, Dance, Drama or

Music, you will need to first complete a three year Creative Industries Bachelor Degree or a Bachelor of Fine Arts, followed by a post graduate teaching qualification.

IMPORTANT NOTES	
FOR CHOICE OF DISCIPLINE X, DISCIPLINE Y, CURRICULUM AND EDUCATION OPTION UNITS, please refer to the appropriate lists below.	
PLEASE NOTE THAT DISCIPLINE UNITS CANNOT BE STUDIED IN THE SAME SEMESTER AS A FIELD STUDIES UNIT, unless it is of only 9 week duration. If students do not follow the standard course progression (eg due to a fail grade, or non enrolment in units), time will be added onto the course duration, and you should contact the Course Administration Officer for progression advice, jo.wakefield@qut.edu.au	
Please note that the Internship is to be taken as the final unit of study in the course, along with EDB034 Secondary Field Studies 4, and successful completion of all other coursework is required before students can commence EDB035 Internship (Secondary). This is a University and Queensland College of Teachers requirement.	
Students must have a valid Bluecard to be eligible for Field Studies units.	
Overload - The Faculty of Education permits you to overload to 60 credit points (ie standard program plus one more unit) without faculty approval only if your grade point average is 4.0 or higher. Please note that 13 week discipline units cannot be taken in the same semester as a Field Studies unit, as you will not be able to attend classes for four weeks whilst on teaching practicum. If you intend to overload you should seek progression advice from the Course Administration Officer.	
Underload - The Faculty of Education permits you to underload to 36 credit points (ie 3 units in a semester) without faculty approval. However this will put you out of step with the standard course progression and will extend the duration of your course. If you intend to underload you should seek progression advice from the Course Administration Officer.	
Elite Athlete Program - if you are a member of the Elite Athlete Program and cannot study a full time load, please contact the Course Administration Officer for assistance.

Enrolling

You have 10 years to complete the Bachelor of Education (Primary), including any approved leave of absence.

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Professional Recognition

Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Literacy Standards

All students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' literacy standards by the end of year 3 of their course in order to meet course and QCT professional accreditation requirements. Literacy modules have been developed as a remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students will have the support of the First Year Experience Coordinator.

Students may attempt these modules any number of times during the first three years of their program. At the end of year 3, unsatisfactory results within course work and these modules may result in a recommendation for an early exit from the four year degree.

Literacy modules can be accessed through Blackboard. Select the Community tab, then enter 'literacy modules' in the community search.

Working with Children Check

Working With Children Check - As required by the Public Safety Business Agency, student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Agency.

As soon as you accept your offer and enrol in the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Agency to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-

[placements/blue-cards](#).

Field studies units will be taken in Queensland schools.

Languages Other Than English (LOTE) Major

Students undertaking a LOTE major will be required to attend other campuses and may be required to take language units at Griffith University or University of Queensland. Available languages are French, German, Indonesian, Japanese or Mandarin and students are required to select a specified sequence of six units (72 credit points) in language level 1-6 or 3-8. Students who have taken their LOTE to Year 12 or equivalent do not take the introductory units. Graduates with this major will be eligible to seek employment as a LOTE specialist teacher within Education Queensland, Catholic and Independent School sectors. The LOTE major is available to students at Kelvin Grove campus only.

Health and Physical Education Major

Students who commenced from 2009 will have the option of undertaking a Health and Physical Education major within the course. Students complete six health and physical education units, and undertake two field experience blocks in a health and physical education setting. Graduates completing this study area will be eligible to seek employment as a Primary Physical Education specialist teacher within Education Queensland, Catholic Education and Independent school sectors. This major is available at Kelvin Grove campus only. Entry criteria and quotas apply.

Research Minor Option

At the end of Year 2, certain students will be invited to undertake the Research minor option. This option is designed to meet the needs of students wishing to undertake research-based higher degree study in the course of their future career. The pathway is designed to develop research skills and a research-oriented, reflective approach to teaching.

Early Exit Option

Students who are unable to complete ED91 Bachelor of Education (Primary) can exit with ED45 Bachelor of General Studies (288cps) on meeting specific criteria.

There is no direct entry to the Bachelor of General Studies and this course does not provide eligibility for Teacher Registration. Students wishing to exit from ED91 B Ed

(Primary) with ED45 B Ed (General Studies) should contact the Course Administration Officer on 07 3138 3212.

Designated Units

Field Studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the [Student Services website](#)

Domestic Course structure Your course

Year 1

You will be involved in a foundation year that provides a global overview of learning and teaching. You will commence studies in curriculum and key learning areas in classroom practice as a foundation for the following years.

Year 2

You will focus on the primary years and undertake curriculum, and teaching and learning studies that explore human development, from personal and interpersonal perspectives, and prepare you for your first four-week supervised field experience in a school.

Year 3

You will further develop your knowledge of primary curriculum and explore issues in practising education, with sensitivity to sociocultural contexts. You will continue option studies and undertake your second four-week supervised school-based field experience.

Year 4

You will engage with specific aspects of learning, teaching, schools, policy and practices with almost half of your program involving you in classroom experiences including eight weeks of classroom practice and a final four-week internship that prepares you for your transition into the profession.

Majors and minors

The Bachelor of Education (Primary) offers you the opportunity to specialise in one major or one minor.

Majors

Optional majors include:

- Languages Other Than English (LOTE)
- Health and Physical Education (HPE).

Graduates with a major may seek employment as specialist LOTE or HPE teachers.

LOTE major

QUT, The University of Queensland and Griffith University have formed an Australian-first alliance to expand higher learning in a range of Asian and European languages. LOTE is available in French, German, Indonesian, Japanese or Mandarin. LOTE units in Mandarin are undertaken at QUT's Gardens Point campus. The other languages are undertaken at the other universities. The LOTE major is available only to students with Kelvin Grove as the home campus.

HPE major

Students graduating with the HPE major will be eligible for membership of the Australian Council of Health, Physical Education and Recreation.

Students apply for the HPE major after their first year of study. Entry criteria and quotas for this major will apply. This major is available only at Kelvin Grove campus.

Minors

If you do not select a major, then one minor, consisting of four units, may be selected instead.

The minors include:

- Engaging Learners
- English as a Second Language (ESL)
- Health and Physical Activity
- Indigenous Education
- Literature and Media Studies
- Literacy
- Numeracy and Mathematics
- Research (for high-achieving students)
- Studies in Inclusive Education.

You may also choose to undertake units across the range of available areas (no minor completed).

The minors are subject to unit availability .

Enrolling

You have 10 years to complete the Bachelor of Education (Early Childhood), including any approved leave of absence. It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Professional Recognition

The Bachelor of Education (Early Childhood) is recognised by the Queensland College of Teachers as meeting the requirements for registration as a teacher in Queensland. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

The Bachelor of Education (Early Childhood) is an approved child care qualification with the Queensland Government Department of Education, Training and Employment (Office for Early Childhood Education and Care), and is accredited by the New South Wales Department of Community Services for employment in children's services.

Literacy Standards

All students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' literacy

standards by the end of year 3 of their course in order to meet course and QCT professional accreditation requirements. Literacy modules have been developed as a remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Research option

At the end of Year 2, you may be invited to undertake the Research Option which is designed to meet the needs of students wishing to undertake research-based higher degree study in the course of their future career.

Working With Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

You must hold a [Blue Card](#) to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not hold a current Blue Card for field studies placements or school visits,

Field Studies Units will be taken in Queensland schools and settings.

Early Exit Option

Students who have successfully completed three of the four years (288cps) of ED92 Bachelor of Education (Early Childhood) after following the standard course progression and who are unable to complete the final year of that course, can exit the course with ED82 Bachelor of Early Childhood Studies.

Students wishing to take up this option

should contact the Course Administration Officer on 07 3138 3212.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the [Student Services website](#)

Domestic Course structure

Your course

Year 1

You will focus on yourself as a commencing early childhood educator with foundation studies and exploration of essential professional characteristics. You will be introduced to early childhood curriculum areas related to literacy, ICTs and the arts and will also engage in work-integrated learning in the form of community activities.

Year 2

You will focus on field experiences and curriculum studies in the creation of supportive learning environments for children. You will also undertake professional studies units which will focus on theory and practice relevant to early childhood settings, and consider the social and cultural implications of how education is constructed and organised.

Year 3

You will focus on field experiences, further curriculum and professional studies contextualised in practical settings for children. You will build on your knowledge to understand and value inclusive educational practices for working with diverse cohorts of young children, including those with special needs. You will complete two of the four option units which can be undertaken in a diverse range of areas.

Year 4

Your final year of study moves towards integrating the understandings you have developed with your professional practice by focusing on work-integrated learning, ethics and professionalism, and identity as a beginning practitioner. You will undertake your final two option units and your expertise in early childhood will converge to prepare you for your final field experience and internship.

Complementary options

You will have the opportunity to select complementary options (four units) in one or more of the following areas:

- Exploring the Sciences and

Environment

- Health and Physical Activity
- Integrated Arts Curriculum
- Intercultural and International Teacher
- Literature and Media Studies
- Managing Learners and Learning
- Mathematics and ICT
- Middle Years of Schooling
- Music
- Research (for high-achieving students)
- Studies in Inclusive Education
- Studies in Indigenous Education
- Visual and Performing Arts .

The complementary options are subject to availability.

Sample Structure

The ED92 Bachelor of Education (Early Childhood) course is being discontinued at QUT.

The units in this course are being phased out on a progressive basis, which means that if you are an out-of-step student you will need to seek course progression advice from the Faculty of Education Studies Affairs Office and check the availability of units that you need to complete your course.

From 2014 some units in the ED92 Bachelor of Education (Early Childhood) course have been re-coded, or replaced with alternative units. If you are undertaking the standard course progression please refer to the ED92 Bachelor of Education (Early Childhood) course progression table below.

Bachelor of Education (Early Childhood)

PLEASE NOTE THAT SOME COURSEWORK UNITS CANNOT BE STUDIED IN THE SAME SEMESTER AS A FIELD STUDIES UNIT. If you do not follow the standard course progression (eg due to a fail grade, or non enrolment in units), you may extend your course duration. If you are out of step you must contact Student Affairs for progression advice, c.hogue@qut.edu.au.

All other course requirements must have been successfully completed before commencing EDB014 Early Childhood Field Studies 4: Professional Work of Teachers - Induction into the Field and EDB015 Internship (Early Childhood) in your final semester of study. This is a University and Queensland College of Teachers requirement.

Overload - The Faculty of Education permits you to overload to 60 credit points (ie standard program plus one more unit) without faculty approval only if your grade point average is 4.0 or higher. If you intend to overload you should seek progression advice from the Course Administration Officer.

Underload - The Faculty of Education permits you to underload to 36 credit points (ie 3 units in a semester) without faculty approval. If you intend to underload you should seek progression advice from the Course Administration Officer.

You must have a valid Bluecard to be eligible for Field Studies units.

If you have advanced standing for a Diploma/Advanced Diploma in Children's Services (or equivalent) you will follow an alternative course progression.

Domestic Entry requirements

Prerequisite: Prior Study

Completion of a Diploma of Children's Services (Early Childhood Education and Care) or Diploma or Advanced Diploma of Children's Services, or an equivalent accredited qualification.

Prerequisite: Prior Work Experience

Diploma holders must also have the following early childhood experience:

- one year full-time (or equivalent) group leader experience; or
- two years full-time (or equivalent) family day care experience as an accredited provider; or
- two years full-time (or equivalent) early childhood teacher aide experience in a state preschool, prep or crèche and kindergarten association centre; or
- two years full-time (or equivalent) before and after school care experience.

Advanced Diploma holders must complete the above early childhood experience before they graduate, however if you already have this experience you are strongly recommended to provide evidence with your QTAC application.

Note: The majority of supervised professional experience must occur in Australian school settings.

Automatic Advanced Standing (Credit)

If admitted to this course you will be automatically granted advanced standing of one and half years of study (ie 144 credit points) for their completed Diploma of Children's Services (or an equivalent accredited qualification) and early childhood work experience.

If admitted on the basis of an Advanced Diploma of Children's Services and you have not supplied QTAC with evidence of their early childhood experience you will only be automatically granted advanced standing of one year of study (ie 96 credit points) and you will be required to provide evidence of your early childhood experience to QUT prior to graduation.

International Entry requirements

Prerequisites

Completion of a Diploma or Advanced Diploma of Children's Services (Early

Childhood Education and Care) or Advanced Diploma of Children's Services, or an equivalent accredited qualification.

You must also have the following early childhood experience:

- one year full-time (or equivalent) group leader experience; or
- two years full-time (or equivalent) family day care experience as an accredited provider; or
- two years full-time (or equivalent) early childhood teacher aide experience in a state preschool, prep or crèche and kindergarten association centre; or
- two years full-time (or equivalent) before and after school care experience.

Diploma holders need to provide evidence of this experience when they apply to QTAC to be eligible for entry.

Note: The majority of supervised professional experience must occur in Australian school settings.

Credit for prior learning (Advanced standing)

Students admitted to this course will be automatically granted credit of one and half years of study (ie 144 credit points) for their completed Diploma of Children's Services (or an equivalent accredited qualification) and early childhood work experience.

Students admitted on the basis of an Advanced Diploma of Children's Services and who have not supplied QTAC with evidence of their early childhood experience will only be automatically granted credit of one year of study (ie 96 credit points) and will be required to provide evidence of their early childhood experience to QUT prior to graduation.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

FINAL INTAKE - SEMESTER 1, 2013

The last intake of students to this course was semester 1, 2013. From 2014 the Bachelor of Education (Preservice Early Childhood) will not be offered.

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Professional Recognition

The Bachelor of Education (Preservice Early Childhood) is recognised by the Queensland College of Teachers as meeting the requirements for registration as a teacher in Queensland. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

The Bachelor of Education (Preservice Early Childhood) is an approved child care qualification with the Queensland Government Department of Education, Training and Employment (Office for Early Childhood Education and Care), and is accredited by the New South Wales Department of Community Services for employment in children's services.

Literacy Standards

All students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' literacy standards by the end of year 3 of their course in order to meet course and QCT professional accreditation requirements. Literacy modules have been developed as a remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students will have the support of the First Year Experience Coordinator.

Students may attempt these modules any number of times during the first three years of their program. At the end of year 3, unsatisfactory results within course work and these modules may result in a recommendation for an early exit from the four year degree.

Working With Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission. You must hold a [Blue Card](#) to undertake

activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a [Blue Card](#), and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

The majority of field studies must be taken in Australian schools.

Early Exit - Bachelor of Early Childhood - ED83

Students wishing to exit the course early with a three year full-time equivalent ED83 Bachelor of Early Childhood should apply in the semester they expect to exit using an SRX Form which is available from

<http://www.student.qut.edu.au/forms/>. To early exit students need to meet the course requirement for ED83 Bachelor of Early Childhood, which can be located at the following site:

<http://www.student.qut.edu.au/studying/courses/education>

Students wishing to complete their fourth year of study may re-apply for admission to the ED93 course at a later stage (subject to the course still being offered and/or the maximum completion time for ED93). Completion of the Bachelor of Education (ED83) course does not allow graduates to register as teachers with the Queensland College of Teachers.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the [Student Services website](#)

Domestic Entry requirements Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (English (4, SA) and Maths B (4, SA)). Recommended study: At least one of the sciences. For biochemistry, biotechnology and microbiology majors - Biology and Chemistry; for physics major - Maths C.

International Entry requirements International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies (English (4, SA) and Maths B (4, SA)). Recommended study: At least one of the sciences. For biochemistry, biotechnology and microbiology majors - Biology and Chemistry; for physics major - Maths C.

Minimum English requirements

Students must meet the English proficiency requirements.

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Course Overview

This double degree enables you to work as a science professional or pursue a career in scientific research. Alternatively, the Bachelor of Education (Secondary) prepares you to teach in two curriculum areas in secondary school. The science

majors that are most relevant if you are intending to follow a career in secondary school teaching are chemistry, ecology, geoscience, mathematics or physics.

Professional Recognition

This course meets the requirements for registration as a teacher in Queensland. It is recognised nationally and internationally, however additional requirements may be needed for some locations.

Graduates will also satisfy the requirements for membership of the relevant professional body for their chosen science major. See [Studyfinder](#) for details on the Bachelor of Applied Science majors.

Other Course Requirements Blue Card

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks, which commence in late January Year 2. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Literacy

Students must meet the Queensland College of Teachers' literacy standards by the end of Year 3. For more information please visit AskQUT and enter 'Literacy Modules' in the FAQ.

Course Design

See the Bachelor of Applied Science course information for details of major areas of study. To allow you to complete the double degree in a shorter period of time, co-majors are to be taken from the education technology program.

Domestic Course structure

See the Bachelor of Applied Science course information for details of major areas of study. To allow you to complete the double degree in a shorter period of time, co-majors are to be taken from the education technology program.

Bachelor of Applied Science/Bachelor of Education (Secondary)

- chemistry
- ecology
- geoscience
- mathematics
- physics.

Other Course Requirements Bluecard

As required by the Commission for Children and Young People and Child Guardian Act (2000), students must undergo a criminal history check and be issued with a Blue Card before commencing clinical practice/field experience/practicum in an organisation where they may work with children or young people. For more information, visit <http://student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards>.

Additional costs

There are additional costs associated with this course including the purchase of the practicum shirt (approximately \$50), the attainment of a current First Aid Certificate prior to the commencement of third year. Attendance at the orientation camp is highly recommended though not compulsory (approximately \$115).

Computing requirement

The increased and more creative use of online teaching technology in this degree requires that you have access to suitable computer facilities with a minimum equivalent of a Pentium 3 processor, 56k modem and internet access.

Literacy

Students must meet the Queensland College of Teachers' literacy standards by the end of Year 3. For more information please visit AskQUT and enter 'Literacy Modules' in the FAQ.

Further Information

For information about this course, please call the School of Exercise and Nutrition Sciences on +61 7 3138 4831 or email exercise@qut.edu.au OR contact the Faculty of Education on +61 7 3138 3947 or e-mail: educationenq@qut.edu.au

Domestic Course structure Your course

This course gives you a science degree with the same support as the Bachelor of Applied Science program. Education units provide knowledge of teaching and learning theory and practice.

International Course structure Your course

This course gives you a science degree with the same support as the Bachelor of Applied Science program. Education units provide knowledge of teaching and learning theory and practice.

Sample Structure

This course has been discontinued. It was replaced by IX18 Bachelor of Exercise and Movement Science/ Bachelor of Education (Secondary).

If you are out of step and require course progression/enrolment advice, please contact Jo Wakefield on jo.wakefield@qut.edu.au or 3138 3948.

Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers.

Working With Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a [Blue Card](#) to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a [Blue Card](#) immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Field studies units will be taken in Queensland schools.

Literacy Standards

All students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' literacy standards by the end of year 3 of their course in order to meet course and QCT professional accreditation requirements. Literacy modules have been developed as a remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students will have the support of the First Year Experience Coordinator.

Students may attempt these modules any number of times during the first three years of their program. At the end of year 3, unsatisfactory results within course work and these modules may result in a recommendation for an early exit from the four year degree.

Literacy modules can be accessed through Blackboard. Select the Community tab, then enter 'literacy modules' in the community search.

Designated Units

Field Studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student Services website

DISCONTINUED COURSE

This course has been discontinued. The final intake was semester 1, 2012.

Course Overview

This double degree enables you to work as a science professional or pursue a career in scientific research. Alternatively, the Bachelor of Education (Primary) will prepare you to teach at all levels of primary school. You may also complete a discipline and content studies major in one of the key learning areas of the Queensland school curriculum.

Enrolling

You have 11 years to complete the Bachelor of Applied Science/Bachelor of Education (Primary), including any approved leave of absence.

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Professional Recognition

This course meets the requirements for registration as a teacher in Queensland. It is recognised nationally and internationally, however additional requirements may be needed for some locations.

Graduates will also satisfy the requirements for membership of the relevant professional body for their chosen science major. See [Studyfinder](#) for details on the Bachelor of Applied Science majors.

Working with Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card. to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at <http://www.student.qut.edu.au/studying/job-and-work-experience/work-experience-and-placements/blue-cards>.

Field studies units will be taken in Queensland schools.

Course Design

Graduates from this double degree will have a science degree with the same core support and choice of major study areas as the graduates from the Bachelor of Applied Science (SC01) program. Education studies will comprise the co-major component. Field Studies units will be taken in Queensland schools.

Bachelor of Applied Science/Bachelor of Education (Primary)

Literacy Standards

All students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' literacy standards by the end of year 3 of their course in order to meet course and QCT professional accreditation requirements. Literacy modules have been developed as a remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students will have the support of the First Year Experience Coordinator.

Students may attempt these modules any number of times during the first three years of their program. At the end of year 3, unsatisfactory results within course work and these modules may result in a recommendation for an early exit from the four year degree.

Literacy modules can be accessed through Blackboard. Select the Community tab, then enter 'literacy modules' in the community search.

Designated Units

Field Studies units are designated units. Students who do not successfully complete the requirements of practicum units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student Services website

Domestic Course structure Your course

This double degree gives you a science degree with the same support and choice of major study areas as the Bachelor of Applied Science program.

Available majors include:

- biochemistry
- biotechnology
- chemistry
- ecology
- environmental science
- geoscience
- mathematics
- microbiology
- physics.

Sample Structure

The IX14 Bachelor of Applied Science/Bachelor of Education (Primary) course is in the process of being discontinued at QUT.

The education units in this course are being phased out on a progressive basis, which means that if you are an out-of-step student you will need to seek course progression advice from the Faculty of Education Studies Affairs Office and check the availability of units that you need to complete your course.

From 2014 some of the education units in the IX14 Bachelor of Applied Science/Bachelor of Education (Primary) course have been re-coded, or replaced with alternative units. If you are undertaking the standard course progression please refer to the IX14 Bachelor of Applied Science/Bachelor of Education (Primary) course progression table below.

PLEASE NOTE THAT SOME COURSEWORK UNITS CANNOT BE STUDIED IN THE SAME SEMESTER AS A FIELD STUDIES UNIT. If students do not follow the standard course progression (eg due to a fail grade, or non enrolment in units), time will be added onto the course duration, and you must contact Student Affairs for progression advice, nm.kyle@qut.edu.au.	
All other course requirements must have been successfully completed before commencing EDB024 Primary Field Studies 4: Professional Work of Teachers - Induction into the Field and EDB025 Internship (Primary) in your final semester of study. This is a University and Queensland College of Teachers requirement.	
Overload - The Faculty of Education permits you to overload to 60 credit points (ie standard program plus one more unit) without faculty approval only if your grade point average is 4.0 or higher. If you intend to overload you should seek progression advice from the Course Administration Officer.	

Underload – The Faculty of Education permits you to underload to 36 credit points (ie 3 units in a semester) without faculty approval. If you intend to underload you should seek progression advice from the Course Administration Officer.

Students must have a valid Bluecard to be eligible for Field Studies units.

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year.

Pathways

Graduates can apply for admission to the HM44 Bachelor of Clinical Exercise Physiology if they should wish to achieve full Exercise Physiologist status.

Professional recognition

The Bachelor of Education (Secondary) is recognised by the Queensland College of Teachers as meeting the requirements for registration as a teacher in Queensland.

Bluecard

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks, which commence in Year 2.

The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Literacy

Students must meet the Queensland College of Teachers' literacy standards by the end of Year 3. For more information please visit AskQUT and enter 'Literacy Modules' in the FAQ.

Professional Recognition

Graduates are eligible for registration as teachers in Queensland through the Queensland College of Teachers. Graduates looking for employment in other parts of Australia and overseas may be required to meet additional conditions.

Working with Children Check

Working With Children Check - As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Literacy Standards

All students are required to satisfactorily complete assessment criteria relating to Queensland College of Teachers' literacy standards by the end of year 3 of their course in order to meet course and QCT professional accreditation requirements. Literacy modules have been developed as a remedial action for students who do not attain satisfactory standards on the relevant literacy criterion during their assessment in the first year of their studies. Students will have the support of the First Year Experience Coordinator.

Students may attempt these modules any number of times during the first three years of their program. At the end of year 3, unsatisfactory results within course work and these modules may result in a recommendation for an early exit from the four year degree.

Literacy modules can be accessed through Blackboard. Select the Community tab, then enter 'literacy modules' in the community search.

Domestic Entry requirements 2012 registrations have closed.

Registration for 2012 intake was due on the 23 September 2011 and have now closed. If had not registered and you are considering applying to study in 2013 we recommend you read the following information as a guide only as it details requirements for entry in 2012 and these may change prior to the 2013 intake.

Thank you for your interest in Dance at the QUT Creative Industries Faculty. To be considered for a place you must both apply through [QTAC](#) and submit a Dance Registration Form to the Creative Industries Faculty. Please read through the following information carefully to ensure you are prepared to apply at that time.

What is the closing date for additional entry registration with Dance at QUT Creative Industries?

- Registration for the 2012 intake will close by the extended closing date of 23 September, 2011. To register for an audition, you must submit a Dance Registration Form.
- You must also apply to QTAC, where the due date for on-time applications is 30 September. See the [QTAC website](#) for more information.

What are the additional entry requirements?

You must submit the following and attend an audition:

- Academic record
- Personal statement Personal statement form is included in the Application Guide
- Photograph A current passport sized photograph ANDA full body shot, facing front in parallel, in leotard / swim suit (no board shorts)
- Physiotherapist's Report. A specialist dance or sports physiotherapist needs to assess various physical elements such as your flexibility range and history of injuries. Physiotherapist report form is provided in the Application Guide

What does the audition consist of?

There are two rounds on your day of audition. All applicants will complete round one. Those applicants successful in moving onto round two will be posted on the notice board during the lunch break.

Round One:

- a ballet class (no pointe work)
- a contemporary dance class
- a jazz class (for course code 429162 only)
- a course talk given by the Head of Dance
- a written interpretative exercise

The written exercise requires no preparation. It is a half hour session that looks at the applicant's interpretative skills and writing skills - e.g. spelling, punctuation, grammar - in response to an image presented on the day.

Round Two:

- a one minute solo in a dance genre of the applicant's choice
- This solo is an opportunity for you to dance in a genre of your own choice that you may feel better demonstrates your performance abilities - e.g. hip hop, adagio, Irish, tap. The solo is one minute long and music (if used) should be on CD. The solo may be choreographed by the applicant or someone else - e.g. teacher, guest choreographer
- a more advanced ballet and contemporary class, which includes pointe work (for course code 421822 only)
- A short impromptu talk from the auditionee on a topic given on the day (for course code 429162 1st preference only.)

What should I wear to my audition?

Ballet class:

- women: pink tights, light coloured leotard and ballet shoes. If you do not own ballet shoes, please bring cotton socks. If you do not own tights and leotard, please wear bike pants and tight, light coloured, fitting t-shirt.
- men: tights and a light-coloured singlet or t-shirt and ballet shoes. If you do not own ballet shoes, please bring cotton socks. If you do not own tights, please wear bike pants and jock strap.

Contemporary class:

- Same as above, but able to work in bare feet when required in this genre.

Solo:

- no costumes or props please. Tights and leotard only.

What do I need to bring on the day?

Please bring your dance gear and water bottle. If you bring lunch it can be stored in the fridge in the dance corridor. There are no cafes open on campus on

Bachelor of Fine Arts (Dance)/Graduate Diploma in Education (Senior Years)

weekends.

I have no formal training in classical / contemporary ballet. Can I still audition?

You are assessed on potential, but formal training would benefit applicants. The selection panel looks at you for your movement potential, alignment, sense of musicality, and your degree of confidence. Studying a different technique (e.g. jazz, tap, contemporary) will also help you develop these skills.

What do I have to do in the solo presentation?

The solo presentation is one minute (maximum), which can be improvised or choreographed by yourself or another person, in a style of your choice (e.g. Tap, Irish Dance). The selection panel looks for confidence, appropriate quality and performance integrity.

How do I apply?

There are two steps to an application for Dance at QUT:

1. You must register for an audition by submitting a Dance Registration Form to the Creative Industries Faculty by the extended closing date of 23 September 2011. This should also include a copy of the QUTpay confirmation page from your online credit card payment of the \$33 service charge. PLEASE NOTE: Q-Step and ATSI applicants are exempt from the service fee
2. You must also apply through QTAC, where the due date for on-time applications is the 30 September. See the [QTAC website](#) for more information.

Domestic Entry requirements 2012 registrations have closed.

Registration for 2012 intake was due on the 23 September 2011 and have now closed. If had not registered and you are considering applying to study in 2013 we recommend you read the following information as a guide only as it details requirements for entry in 2012 and these may change prior to the 2013 intake.

Thank you for your interest in Visual Arts at the QUT Creative Industries Faculty. To be considered for a place you must both apply through [QTAC](#) and register directly with the Creative Industries Faculty through our Online Registration Form. Please read through the following information carefully to ensure you are prepared to apply at that time.

What is the closing date for additional entry registration with Visual Arts at QUT Creative Industries?

- You must register through the Online Registration Form with the Creative Industries Faculty by the extended closing date of 14 October 2011.
- You must also apply through QTAC, where the due date for on-time applications is 30 September. See the [QTAC website](#) for more information.

What are the additional entry requirements?

You must supply the following:

Academic record - A copy of your most recent report (it does not have to be your final end-of-year grades).

Portfolio - Maximum of 20 pages of images that best demonstrate your current art achievements, working processes, commitment and potential. Consider the "Qualities" we look for (listed below) when compiling your portfolio. It may contain photographs, slides, photocopies of sketches and journal pages (showing your planning and preparation for a project), printed digital images and/or short video excerpts (no more than 2 minutes each). For a paper-based portfolio, keep pages to a maximum of A4 size and do not include large folders. If you are including CD/DVD/uploaded images, the preferred format is either as a 'PowerPoint' or .jpg files. We prefer video that can be opened in 'QuickTime' and only samples of work are required. To ensure we will be able to

open and view any digital media files, keep the file size to a minimum (i.e. under 5MB) PLEASE NOTE: We do NOT return portfolios, so do NOT include any original copies of your work or documentation.

Responses to a series of questions about your interest in visual art. These are essential. To lodge your responses, return to this site in early July to register online. Your responses to these questions are important - please answer them as specifically, carefully and informatively as possible.

- Are you planning to graduate as a studio artist, art teacher or other art industry professional? Please outline your career goals.
- What are you expecting to learn in a course of study in Visual Arts at QUT?
- Describe briefly which exhibitions and galleries you have visited in the past 12 months, and the art-related books/articles/reviews you have read, etc).
- Briefly list any group exhibitions, solo exhibitions, commissions and awards you have been included in, plus membership of art associations etc.
- What do you think is art's role in the twenty-first century? Outline briefly.

Service charge of \$33 (GST inclusive) - This is to cover the costs of administration and insurance in processing applications, and is non-refundable. The service charge can be paid by credit card online with [QUTPay](#). PLEASE NOTE: [Q-Step](#) and [ATSI](#) applicants are exempt from the service fee.

Passport style photograph

How do I apply?

To apply for this course, you must:

- Complete the Online Registration Form and print the confirmation pages;
- Post or deliver the confirmation pages with a passport-style photograph attached; a copy of your academic record; a copy of the [QUTpay](#) confirmation page from your online credit card payment for the \$33 service charge; your portfolio (unless uploaded online);
- Apply for this course through QTAC. Please see the [QTAC website](#) for more information.

Please Note: Registering with QUT for assessment of your portfolio is separate and in addition to listing the course as a preference with [QTAC](#). To successfully apply for entry into this course, you are

required to do both. The portfolio assessment is managed by QUT Creative Industries; however, all offers for the course will be made through QTAC in the 15 December 2011 offer round.

What qualities are QUT Creative Industries looking for?

- Overall, we seek indications of your ability to think creatively, to be open to new ideas and challenges, and of your potential to succeed in the course.
- We look for evidence of versatility, skill, enterprise, inventiveness and knowledge of contemporary art and culture/s. We are also looking for candidates who bring a wide range of interests and enthusiasms to their study area (e.g. film, literature, music, digital culture, etc.).
- We look at your artistic achievement - the level of investigation and familiarity with particular media, the degree of sophistication and sensitivity in handling media, evidence of industry, hard work, sustained practice and familiarity with visual media.
- We look for the degree of exploration of ideas and evidence of the development of ideas. Some carefully selected key documentation of preliminary plans, working sketches, journals and work in progress help us in this regard.
- We also look for evidence of artwork that is totally self-initiated (i.e. not necessarily part of a set study program) and an indication that you are determined to pursue art interests in a range of circumstances.

When and where are the interviews?

Shortlisted applicants will be contacted, and interviewed, during November. If you are called, you are not required to bring anything with you to this interview, but you should be prepared to respond to questions about your artwork and your future goals. Interviews are designed to further assess your suitability for the style of Visual Arts course that we offer and will also present an opportunity for you to ask any questions you may have about the course. Interviews will occur at the QUT Kelvin Grove campus.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound

achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

Important Notice

The final intake into ED38 Graduate Diploma in Education (Senior Years) will be 2015. Students will need to successfully complete KK34 by the end of 2014 to commence ED38 in 2015.

Students entering the Graduate Diploma in Education (Senior Years) should complete the course by the end of 2016 to be considered eligible for teacher registration by the Queensland College of Teachers.

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Professional Recognition

Graduates of the Graduate Diploma in Education (Senior Years) are eligible for registration as teachers in Queensland. Graduates looking for teaching

employment in other parts of Australia and overseas may be required to meet additional conditions.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Domestic Entry requirements 2012 registrations have closed.

Registration for 2012 intake was due on the 02 September 2011 and have now closed. If had not registered and you are considering applying to study in 2013 we recommend you read the following information as a guide only as it details requirements for entry in 2012 and these may change prior to the 2013 intake.

Thank you for your interest in Music at the QUT Creative Industries Faculty. To be considered for a place you must both apply through [QTAC](#) and register directly with the Creative Industries Faculty through our Online Registration Form. Please read through the following information carefully to ensure you are prepared to apply at that time.

What is the closing date for additional entry registration with Music at QUT Creative Industries?

- You must register directly with the Creative Industries Faculty by the 2 September 2011 through the Online Registration Form.
- You must also apply through QTAC, where the due date for on-time applications is 30 September. See the [QTAC website](#) for more information

What are the additional entry requirements and what qualities are you looking for?

- Academic record
- Photo. A current passport sized photo (for identification purposes only)
- Interview. During the interview you may be asked about: Your past experiences in music and sound activities What sort of music you enjoy playing and listening to Your ambitions during your studies and beyond How studying music at QUT will help you achieve your musical goals
- Audition: performance on instrument and/or Portfolio of music / sound works (if applicable)

1. The Interview

Qualities looked for in the Interview:

- a strong track record in relevant music and sound activities
- a strong potential for continued growth in your music and sound understanding and practice
- knowledge of QUT Creative Industries music courses and how this relates to your own personal

goals

You are encouraged to bring to your interview evidence of any musical qualifications or any other information which will assist in gauging your musicianship level (e.g. copies of AMEB theory examination results, printed reviews of performances etc).

2. The Audition

Audition requirements (all applicants)

Present two items at the audition that you believe will persuade the panel of your suitability for QUT Music and Sound (it will be of benefit if at least one is your own song, improvisation or composition). The items may comprise the following:

- performances of two contrasting pieces of music of your own choice for the panel
or
- performances of one piece of music and present one recorded piece (portfolio) for the panel to listen to at the audition,
or
- presentation of two recorded pieces (portfolio) for the panel to listen to at the audition.

Total duration: no more than 10 minutes. You may be asked to stop playing/presenting before finishing a piece - in the event that this occurs, you should not assume that this has adverse implications on the assessment of your presentation.

Live Performance

You will need to demonstrate technical fluency/competency on your instrument and a well-developed sense of musicality and engagement.

- You can perform on any instrument - orchestral, acoustic, amplified, electronic (eg. computer, turntable etc.), non-western (eg. sitar, djembe, etc.)
- You can audition on more than one instrument so long as it fits within your 10 minute audition time.

It is your responsibility to arrange your own accompaniment if you require it. You can use backing tracks on CD. Other formats may be accommodated but only by prior arrangement or you may be accompanied by a maximum of 2 other musicians. Unaccompanied performance is acceptable however if the piece(s) you are performing are not intended as solo works, accompaniment is desirable.

Bachelor of Music/Graduate Diploma in Education (Senior Years)

Qualities looked for in the Live Performance Audition:

- Creativity and originality of approach
- Technically and creatively appropriate skills in presentation.
- Clear articulation of musical approach
- General sense of musicality and musical engagement
- Diversity of material presented.

Recorded Pieces

This should consist of music/sound works that you have created or have been partly involved in creating. Suitable items include (but are not limited to) written and/or performed compositions for acoustic instruments, music realised using computer software, pop songs, soundscapes, music you have recorded/engineered/produced etc. You will be expected to advise the panel of your precise role in the recorded pieces.

- Bring a portfolio of music/sound works that you have created. Suitable items include (but are not limited to); written and/or performed compositions for acoustic instruments, music realised using computer software, pop songs, soundscapes, music you have recorded/engineered/produced etc.
- You should include one or two contrasting pieces (only one if you are also choosing to perform a live piece) - total duration for all pieces 10 minutes maximum
- Acceptable formats are: Audio CD (must be able to be played in a standard CD player) CD-ROM (must be compatible with Macintosh and PC) DVD (must be able to be played in a standard DVD player) USB Stick
- Printed scores (if relevant and only in conjunction with an audio recording or performance of the piece),
- Please ensure you test your CDs, CD-ROMs or DVDs on multiple systems before submitting them. Failure of your media to play in the specified equipment may adversely affect your folio result.
- Your folio must be accompanied by written notes (maximum 200 words) that explain your precise role in each of the items (i.e. what your role/s were in the creation of the piece, how you created the piece, your artistic aims in creating the piece)
- All portfolio items should be marked with your name and contact details. Please note that portfolios are not returned.

Qualities looked for in Recorded Pieces:

- Creativity and originality of approach

- Technically and creatively appropriate skills in presentation.
- Clear articulation of musical approach
- General sense of musicality and musical engagement
- Diversity of material presented.

How do I apply?

- Complete the Online Registration Form and print the confirmation pages;
- Post or deliver the confirmation pages with a passport-style photograph attached; a copy of your academic record; a copy of the [QUTpay](#) confirmation page from your online credit card payment of the \$33 service fee (PLEASE NOTE: Q-Step and ATSI applicants are exempt from the service fee);
- Attend an audition; and
- Apply for this course through QTAC. Please see the [QTAC website](#) for more information.

When and where are the auditions and interviews being held?

- All auditions and interviews will be held in Brisbane at the QUT Kelvin Grove campus between 26 - 29 September 2011.
- Your interview and audition will be scheduled when you lodge your online application. Please note that the time and date of your audition cannot be changed except in exceptional circumstances.

What if I am unable to attend an audition/interview?

- If you are unable to attend an interview/audition you may apply by submitting the following along with your academic record, photo, portfolio and payment by 2 September 2011:
- a written statement (total 2 pages maximum) that addresses the following 4 points: Your past experiences in music and sound activities What sort of music you enjoy playing and listening to Your ambitions during your studies and beyond How studying Music and Sound at QUT will help you achieve your musical goals

Photocopy evidence of any musical achievements or any other information which will assist in gauging your musicianship level (e.g. copies of AMEB theory examination results, printed reviews of performances, commercial CDs etc.)

- A continuous and unedited video recording of you performing your audition piece(s) or a CD of your production pieces (or both). Refer to audition requirements for recorded and live performance.

Video must be submitted on CDR or DVD-R and must include a declaration of authenticity, details of date and place of performance and details of the role of applicant if the performance involves other participants. Refer to audition requirements for recorded and live performance. Please note that videos are not returned.

- You may be required for a phone interview to clarify any points in your written statement

Can I audition on more than one instrument?

Yes but only within the duration of your 10-minute audition.

Please Note: Registering with QUT for assessment of your portfolio is separate and in addition to listing the course as a preference with QTAC. To successfully apply for entry into this course, you are required to do both. The portfolio assessment is managed by QUT Creative Industries; however, all offers for the course will be made through QTAC in the early round in 15 December 2011 offer round.

Course Overview

In the Graduate Certificate in Education you will acquire knowledge and understanding of specific issues in education, develop the skills necessary to identify and evaluate these issues, provide leadership within an educational setting and acquire abilities to manage the problems identified.

These programs will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Graduate Certificate in Education does not lead to teacher registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teachers registration.

The course consists of four units (48 credit points) of study selected from the postgraduate units listed in the course. The Graduate Certificate in Education provides a two-semester part-time or one-semester full-time (subject to unit availability) postgraduate course in a range of study areas.

A 'No Major/Study Area' Graduate Certificate in Education comprises any four units of study drawn from any of the study areas listed below. Students who began studying prior to 2014 have a maximum of two (2) years to complete their course, including any leave taken. Students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation held at the Kelvin Grove Campus on the first Saturday after orientation week each semester.

Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard, and academic writing. Details will be available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about the event via email. Please make sure that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks: temora.brooks@qut.edu.au.

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year when you commence in semester 1.

Study Areas for Domestic Students

Career Development:

The field of career development has undergone significant change with the attendant demand for accountability and accreditation. Successful completion of this study area will enable you to work as a career counsellor, career teacher or career coach. The Career Development study area is recognised by Career Industry Council of Australia (CICA). This endorsement has been granted for a five year period until 2014.

Early Years:

This study area has significant importance in current education policies, nationally and internationally. Early childhood research has consistently provided evidence that the experiences and environments of children in the early years are important to strong social-emotional development and positive learning outcomes through school and into adulthood. Thus, the early years have consequences for children's health and well-being across their life course. Because of increased recognition of the importance of the early years to later outcomes, there is increased demand for highly trained professionals who can support the diverse learning needs of young children. It should enable you to develop your knowledge and understanding of current theory and research that will inform effective practice

with young children and their families in early years programs and services.

Inclusive Education:

While the understanding and application of learning theory is essential to the teaching of all students, most students with learning difficulties and disabilities require specialised instructional approaches in order to maximise their potential and achieve success. In order to address the learning, social, and behavioural needs of these students, teachers and other professionals require an understanding of theoretical models, socio-cognitive processes, current research and best practices related to supporting students with learning difficulties and disabilities. In addition, well-developed skills in consultation, collaborative problem-solving, and reporting are required. It will appeal to teachers, special education support teachers and allied professionals (e.g., Guidance Officers, social workers, and health professionals) who assist children, adolescents and adults with learning, social and behavioural challenges.

Leadership and Management:

This study area focuses on building and enhancing leadership capacity in aspiring and existing leaders. The units provide leaders with requisite knowledge and understanding of central concepts connected to leading others, leading change processes, understanding and interpreting policy, and strategic managerial skills required in planning, monitoring and evaluating organisational systems.

No Major/Study Area:

Students can choose a generic Graduate Certificate which does not provide a study area and consists of any four (4) ED61 Graduate Certificate units. This program can be tailored to suit your individual study needs and interests.

Teaching English as a Second Language (TESOL):

TESOL is a coursework award that provides students with theoretical knowledge and practical skills required to gain employment in the field of teaching English to speakers of other languages.

Please refer to the 'course structures' for study area requirements and unit availabilities.

Study Areas for International Students

The study areas below are available to international students as they are offered internally and full-time:

No Major/Study Area Graduate Certificate in Education:

Students can choose a generic Graduate Certificate which does not provide a study area and consists of any four (4) ED61 Graduate Certificate units.

Teaching English as a Second Language (TESOL)

TESOL is a coursework award that provides students with theoretical knowledge and practical skills required to gain employment in the field of teaching English to speakers of other languages. (Not available in semester 1, 2014)

Please refer to the 'course structures' for study area requirements and unit availabilities.

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester. **BLOCK:** The unit is offered in a block of lectures during the January or June/July vacation with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via the online learning platforms such as QUT Blackboard.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED61 Graduate Certificate in Education students who began studying prior to 2014 have a maximum of two (2) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED61 Graduate Certificate in Education

students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies>

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. For further information, or an application form, please refer to the following website: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

CHANGE OF STUDY AREA:

If you are a current student wanting to change your major within your current course, please refer to the following website: <https://secure.qut.edu.au/studentservices/qut/cm/>

FURTHER STUDY- EU70 MASTER OF EDUCATION:

Students wishing to apply for further study can submit a PG Form to move into the Master of Education. A link to this form can be found on the Current Students / Forms /Admissions web page. As long as the units studied fit into your new chosen study area, you can apply to have all of your ED61 units credited into EU70 Master of Education (course beginning in 2015 - subject to approval).

Graduate Certificate in Education Overview

In the Graduate Certificate in Education you will acquire knowledge and understanding of specific issues in education, develop the skills necessary to identify and evaluate these issues, provide leadership within an educational setting and acquire abilities to manage the problems identified.

These programs will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Graduate Certificate in Education does not lead to teacher registration.

The course consists of four units (48 credit points) of study selected from the postgraduate units listed in the course. The Graduate Certificate in Education provides a two-semester part-time or one-semester full-time (subject to unit availability) postgraduate course in a range of study areas. (The No Major / Study Area or TESOL Graduate Certificate only can be completed in one semester - TESOL is not available in full-

time mode in semester 1, 2014).

Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Career Development - IMPORTANT INFORMATION

The field of career development has undergone significant change with the attendant demand for accountability and accreditation. Successful completion of this study area will enable you to work as a career counsellor, career teacher or career coach. The Career Development study area is recognised by Career Industry Council of Australia (CICA). This endorsement has been granted for a five year period until 2014.

In the Career Development study area you are required to complete the following four (4) units: LCN636 Introductory Educational Counselling OR LCN618 Advanced Educational Counselling; LCN621 Career Development and Professional Practice; LCN622 Career Counselling; and LCN637 Career Development: Policy and Process Context (48 credit points).

PRIOR KNOWLEDGE: If you have previously studied an introductory counselling unit or have counselling experience, you may satisfy the prior knowledge required to study LCN618 Advanced Educational Counselling without the prerequisite of LCN636 Introductory Educational Counselling. If you do not satisfy the prerequisite, you will need to undertake the unit LCN636 Introductory Educational Counselling in your first unit of study. If you believe that you have sufficient prior knowledge to waive the requirement to study LCN636, you will need to send an email to the study area coordinator, Ms Michele Moon (m.moon@qut.edu.au), with a copy to the course administrator, Sian Rodgie (sian.rodgie@qut.edu.au) and provide certified evidence of your previous study, and/or an original or certified letter, on letterhead from your employer. This waiver must be approved BEFORE you enrol in LCN618 or LCN622.

BLOCK DATES: As part of your course, you have a 'BLOCK' unit to complete as a core unit. This unit comprises of a 4 or 5 day intensive at Kelvin Grove Campus during Queensland school holidays and BEFORE semester begins. There will also be some further work throughout the

remainder of the teaching period. If you are required to study LCN636, you should undertake it in your first semester of study. The Block dates for Career Development are as follows: 13TP1 Teaching Period – LCN636 Introductory Education Counselling: Mon 6 – Thur 9 January, 2014; Semester 2 – LCN636 Introductory Education Counselling: Mon 30 June – Thurs 3 July, 2014 and LCN618 Advanced Educational Counselling: Mon 30 June – Fri 4 July, 2014. LCN636 is also offered in internal mode in semester 1 only, attending classes on campus each week at Kelvin Grove.

13TP1: 13TP1 is a teaching period that runs in conjunction with semester 1 each year. LCN636 is offered in this teaching period because the enrolment date is earlier than it is in semester 1. As the block is run so early in the year, the earlier enrolment date enables students to be better prepared for their January block unit. 13TP1 enrolment and census dates can be found on the 'Key Dates' page on the QUT website.

It is recommended that you apply early if you plan to commence the units offered via block mode in your first semester as the block units commence prior to the start of the normal semester (eg January, and June or July).

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in. **EXTERNAL:** The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester. **BLOCK:** The unit is offered in a block of lectures during the January or June/July vacation with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via the online learning platforms such as QUT Blackboard.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED61 Graduate Certificate in Education students who began studying prior to 2014 have a maximum of two (2) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED61 Graduate Certificate in Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies>

Early Years - IMPORTANT INFORMATION

This study area has significant importance in current education policies, nationally and internationally. Early childhood research has consistently provided evidence that the experiences and environments of children in the early years are important to strong social-emotional development and positive learning outcomes through school and into adulthood. Thus, the early years have consequences for children's health and well-being across their life course. Because of increased recognition of the importance of the early years to later outcomes, there is increased demand for highly trained professionals who can support the diverse learning needs of young children. It should enable you to develop your knowledge and understanding of current theory and research that will inform effective practice with young children and their families in early years programs and services.

In the Early Years study area you are required to complete the following four (4) core units: EAN601 Investigating Curriculum and Pedagogy in Early Childhood; EAN603 Child Development in Context; EAN614 Arts and Sciences in Early Childhood; and EAN616 Language, Literacies and Communication in Early Childhood.

Early Years study area coordinator: Dr Annette Woods, annette.woods@qut.edu.au, (07) 3138 3184, Room B438.

Administration Officer: Ms Sian Rodgie, educationenq@qut.edu.au, (07) 3138 3947, Room A215.

Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation held at the Kelvin Grove Campus on the first Saturday after orientation week each semester. Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard,

and academic writing. Details will be available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about the event via email. Please make sure that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks: temora.brooks@qut.edu.au.

The Graduate Certificate in Education provides a two-semester part-time or one-semester full-time (subject to unit availability) postgraduate course in a range of study areas. (The No Major / Study Area or TESOL Graduate Certificate only can be completed in one semester - TESOL is not available in full-time mode in semester 1, 2014).

Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Inclusive Education - IMPORTANT INFORMATION

While the understanding and application of learning theory is essential to the teaching of all students, most students with learning difficulties and disabilities

require specialised instructional approaches in order to maximise their potential and achieve success. In order to address the learning, social, and behavioural needs of these students, teachers and other professionals require an understanding of theoretical models, socio-cognitive processes, current research and best practices related to supporting students with learning difficulties and disabilities. In addition, well-developed skills in consultation, collaborative problem-solving, and reporting are required. It will appeal to teachers, special education support teachers and allied professionals (e.g., Guidance Officers, social workers, and health professionals) who assist children, adolescents and adults with learning, social and behavioural challenges.

In the Inclusive Education study area you are required to complete the following four (4) core units: LCN629 Inclusive Education: Theory, policy and practice; LCN632 Understanding reading and writing difficulties; LCN634 Supporting students with social, emotional and behavioural needs; and LCN635 Supporting students with an Autistic Spectrum Disorder.

Inclusive Education study area coordinator: Dr Louise Mercer, kl.mercer@qut.edu.au, (07) 3138 3233, Room A328.

Administration Officer: Ms Sian Rodgie, educationenq@qut.edu.au, (07) 3138 3947, Room A215.

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. INTERNAL: The unit requires regular attendance at classes on Kelvin Grove campus during semester. BLOCK: The unit is offered in a block of lectures during the January or June/July vacation with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via the online learning platforms such as QUT Blackboard.

MINIMUM AND MAXIMUM UNIT

Graduate Certificate in Education (Inclusive Education)

ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED61 Graduate Certificate in Education students who began studying prior to 2014 have a maximum of two (2) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED61 Graduate Certificate in Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies>

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. Graduate Certificate in Education Overview

In the Graduate Certificate in Education you will acquire knowledge and understanding of specific issues in education, develop the skills necessary to identify and evaluate these issues, provide leadership within an educational setting and acquire abilities to manage the problems identified.

These programs will suit teachers, educators and graduates with relevant

employment experience who are seeking to make a career change within education or enhance their existing education career.

The Graduate Certificate in Education does not lead to teacher registration.

The course consists of four units (48 credit points) of study selected from the postgraduate units listed in the course. The Graduate Certificate in Education provides a two-semester part-time or one-semester full-time (subject to unit availability) postgraduate course in a range of study areas. (The No Major / Study Area or TESOL Graduate Certificate only can be completed in one semester - TESOL is not available in full-time mode in semester 1, 2014).

Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

TEFL - IMPORTANT INFORMATION

Teaching English as a Foreign Language (TEFL) is a coursework award designed to meet the needs of students seeking a course which is specifically focused on teaching English as a foreign Language.

In the TEFL study area you are required to complete three (3) TEFL core units: LCN602 (formerly CLN608) Second Language Acquisition (Discontinued); LCN610 Principles of English as a Foreign Language (EFL) Method and LCN611 Professional Practice in the EFL Context, plus one (1) TESOL/TEFL option unit.

LCN610 and LCN611 are offered in INTERNAL mode only, at Kelvin Grove Campus. They are both offered in semester 1 ONLY. Therefore, TEFL cannot be studied full-time in semester 2. Semester 1, 2014 is the last offering of these two units.

Option units can be selected from the following TESOL/TEFL units: LCN604 Second Language Curriculum Design; LCN606 Second Language Assessment; LCN608 Technology and Second Language Learning; LCN609 Language and Culture; LCN612 Sociolinguistics; and LCN614 Grammar for Second Language Teaching.

TEFL study area coordinator: Dr Lynette May, lynette.may@qut.edu.au, (07) 3138 3462, Room E125.

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester. **BLOCK:** The unit is offered in a block of lectures during the January or June/July vacation with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via the online learning platforms such as QUT Blackboard.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED61 Graduate Certificate in Education students who began studying prior to 2014 have a maximum of two (2) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED61 Graduate Certificate in Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies>

ADVANCED STANDING (Credit):

You can apply for Advanced Standing

from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. For further information, or an application form, please refer to the following website: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

CHANGE OF STUDY AREA:

If you are a current student wanting to change your study area/major within your current course, please refer to the following website:
<https://secure.qut.edu.au/student-services/qut/cm/>

FURTHER STUDY- EU70 MASTER OF EDUCATION:

Students wishing to apply for further study can submit a PG Form to move into the Master of Education. A link to this form can be found on the Current Students / Forms /Admissions web page. As long as the units studied fit into your new chosen study area, you can apply to have all of your ED61 units credited into EU70 Master of Education (course beginning in 2015 - subject to approval).

The Graduate School Program (offered to Early Years students ONLY) enables students to gain early experience in schools before their formal field experience commences. The program is strongly recommended for commencing full-time internal students and it is essential that you have a valid blue card in order to participate.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum or field studies units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the [Student Services](#)

website.

Field Studies

The majority of supervised professional experience must occur in Australian Primary and/or Secondary school settings. The final field experience unit must be completed in the last semester of enrolment in the course.

Domestic Course structure

Early Years and Primary: P-7

Early Years and Primary applicants' undergraduate degree must include successful completion of eight semester units (one year of full-time study) of discipline studies relevant to two primary learning areas at a bachelors level (or higher), with a minimum of three units required for each learning area.

N.B. Satisfaction of the two learning areas is an entry requirement only and has no influence on the course structure.

The learning areas are:

- The Arts (Dance, Drama, Music, Visual Arts)
- English
- Mathematics
- Science
- Social Science
- Technology
- LOTE (languages other than English)
- Health and Physical Education.

Primary: P-7 is only available in internal, full-time study mode. Primary: P-7 and Early Years are not available for mid-year entry.

Middle Years

Middle Years applicants' undergraduate degree must include successful completion of a minimum of six units (three quarters of one year of full-time study) in a bachelor's degree (or higher) in one nominated learning area; and successful completion of a minimum of four units (half of one year of full-time study) in another nominated learning area.

N.B. Satisfaction of the two learning areas is an entry requirement only and has no influence on the course structure.

The learning areas are:

- The Arts (Dance, Drama, Music, Visual Arts)
- English
- Mathematics
- Science
- Social Science
- Technology
- LOTE (languages other than English)
- Health and Physical Education.

Graduate Diploma in Education

This study area is available only in the external study mode. Middle Years is not available for mid-year entry.

Senior Years

Entry into Senior Years normally requires successful completion of a minimum of six units (three quarters of one year of full-time study) in a bachelor's degree (or higher) in one nominated teaching area. Applicants should also have completed a minimum of four units (half of one year of full-time study) in another nominated teaching area. It is assumed that current knowledge in the chosen teaching areas has been maintained since completion of the relevant studies.

N.B. Only the first teaching area will be listed on the QTAC offer letter and on the academic transcript.

Overview

The Graduate Diploma in Education (Early Years) is for graduates with a non-education undergraduate degree. It enables students to obtain their first teaching qualification. Early Years emphasises birth to eight years and prepares graduates to teach Prep to Year 3.

PLEASE BE ADVISED THAT Early Years will be phased-out from semester 1, 2014. There will be a teach-out of the units in this study area. If you receive an email about your recommended progression, please follow the advice of your course administrator.

Enrolling and course completion

The Queensland College of Teachers has advised that students enrolled in the Graduate Diploma in Early Years may need to complete the course by end 2015, to be assured of eligibility for teacher registration.

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year when you commence in semester 1.

Professional Recognition

The Graduate Diploma in Education is recognised by the Queensland College of Teachers as meeting the requirements for registration as a teacher in Queensland. For graduates wishing to teach elsewhere or overseas please check with your local teacher registration authority before applying for entry to the course. Applicants for teacher registration in Queensland are subject to national criminal history checks.

Working With Children Check

As required by the Commission for Children and Young People and Child Guardian Act (2000), student teachers must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you accept your offer and enrol in the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 12 weeks for the Commission to issue the Card. The application form is available at student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Designated Units

Field studies units are designated units. Students who do not successfully complete the requirements of practicum or field studies units will have their progress in the course reviewed. Please refer to the unit outlines for more information and/or the Student Services website.

International Course structure

Senior Years

It is assumed that current knowledge in the chosen teaching areas has been maintained since completion of the relevant studies. Entry into Senior Years normally requires successful completion of a minimum of six units (three quarters of one year of full-time study) in a bachelor's degree (or higher) in one nominated teaching area. Applicants should also have completed a minimum of four units (half of one year of full-time study) in another nominated teaching area.

N.B. Only the first teaching area will be listed on the offer letter and on the academic transcript.

Course Overview

ED79 Master of Education focuses on specialised study areas that are currently in demand and featuring innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teacher's registration.

ED79 Master of Education consists of eight units (96 credit points) selected from the postgraduate units listed in the course structure. Course duration is one (1) year internal or external full-time, or two (2) years internal or external part-time. Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation Certificate at the Kelvin Grove Campus on the first Saturday after orientation week each semester. Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard, and academic writing. Details will be available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about the event via email. Please make sure

that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks: temora.brooks@qut.edu.au.

Enrolling

It is imperative that you enrol in both semester 1 and semester 2 units at the start of each year when you commence in semester 1.

Study Areas for Domestic Students

Career Development:

The field of career development has undergone significant change with the attendant demand for accountability and accreditation. Successful completion of this study area will enable you to work as a career counsellor, career teacher or career coach. The Career Development study area is recognised by Career Industry Council of Australia (CICA). This endorsement has been granted for a five year period until 2014.

Early Childhood Teaching:

This study area will enable you to develop in-depth theoretical and practical knowledge and understanding of current theory and research that will inform effective practice with young children and their families in early years programs and services. This is a dedicated study area which enables qualified teachers upon completion, to become early childhood specialists, both in schools and as leaders in child care settings. Furthermore, the Early Childhood Teaching study area is recognised as a specialist early childhood qualification with Queensland Department of Communities and the Creche and Kindergarten Association (C&K).

Early Years:

This study area has significant importance in current education policies, nationally and internationally. Early childhood research has consistently provided evidence that the experiences and environments of children in the early years are important to strong social-emotional development and positive learning outcomes through school and into adulthood. Thus, the early years have consequences for children's health and well-being across their life course. Because of increased recognition of the importance of the early years to later outcomes, there is increased demand for

highly trained professionals who can support the diverse learning needs of young children. It should enable you to develop your knowledge and understanding of current theory and research that will inform effective practice with young children and their families in early years programs and services.

Inclusive Education:

While the understanding and application of learning theory is essential to the teaching of all students, most students with learning difficulties and disabilities require specialised instructional approaches in order to maximise their potential and achieve success. In order to address the learning, social, and behavioural needs of these students, teachers and other professionals require an understanding of theoretical models, socio-cognitive processes, current research and best practices related to supporting students with learning difficulties and disabilities. In addition, well-developed skills in consultation, collaborative problem-solving, and reporting are required. It will appeal to teachers, special education support teachers and allied professionals (e.g., Guidance Officers, social workers, and health professionals) who assist children, adolescents and adults with learning, social and behavioural challenges.

Leadership and Management:

This study area focuses on building and enhancing leadership capacity in aspiring and existing leaders. The units provide leaders with requisite knowledge and understanding of central concepts connected to leading others, leading change processes, understanding and interpreting policy, and strategic managerial skills required in planning, monitoring and evaluating organisational systems.

No Major/Study Area:

Students can choose a generic Masters which does not provide a study area and consists of two (2) core units and six (6) option units. This program can be tailored to suit your individual study needs and interests.

School Guidance and Counselling (option A or B):

This study area is suitable for guidance officers seeking to advance their knowledge or qualified teachers seeking a career change. The School Guidance and Counselling study area is recognised by Education Queensland, Catholic Education, and Independent Schools as a Guidance Officer qualification in Queensland schools. School Guidance

and Counselling 'Option A' will enable you to be eligible for employment from P-12. 'Option B' is mainly for guidance and counselling in a secondary school as it also meets the Career Industry Council of Australia (CICA) professional standards. This endorsement has been granted for a five year period until 2014. PLEASE NOTE: This qualification is only recognised by education employing authorities in Queensland.

Teacher-Librarianship:

This is a specialist degree that prepares teachers for professional leadership as teacher-librarians in primary and secondary schools. You may also be eligible for employment in other sectors of library and information work. To practise as a Teacher-Librarian in Australian schools, graduates also need approved teaching qualifications. The study area is recognised by the Australian Library and Information Association (ALIA) for the six year period, January 2006-December 2011. Graduates are eligible for associate (professional) membership of ALIA and may seek employment in a wide range of library and information contexts, including school libraries. The Master of Education (Teacher-Librarianship) maintains close links with the Australian School Library Association (ASLA).

Teaching English to Speakers of Other Languages (TESOL):

TESOL is a coursework award that provides students with theoretical knowledge and practical skills required to gain employment in the field of teaching English to speakers of other languages.

Please refer to 'course structures' for study area requirements and suggested course progressions.

Study Areas for International Students

When choosing a study area, international students on a student visa are restricted by the ESOS Act and their agreement with QUT. Study Areas must be offered in full-time and internal mode, as international students are required to study four (4) units per semester. The study areas below are available to international students:

Early Years Program for International Students:

This study area has significant importance in current education policies, nationally and internationally. Early childhood research has consistently provided evidence that the experiences and environments of children in the early years are important to strong social-

emotional development and positive learning outcomes through school and into adulthood. Thus, the early years have consequences for children's health and well-being across their life course. Because of increased recognition of the importance of the early years to later outcomes, there is increased demand for highly trained professionals who can support the diverse learning needs of young children. The units provide leaders with requisite knowledge and understanding of central concepts connected to leading others, leading change processes, understanding and interpreting policy, and strategic managerial skills required in planning, monitoring and evaluating organisational systems.

No Major/Study Area Graduate Certificate in Education:

Students can choose a generic Masters which does not provide a study area and consists of two (2) core units and six (6) option units.

Teaching English as a Second Language (TESOL)

TESOL is a coursework award that provides students with theoretical knowledge and practical skills required to gain employment in the field of teaching English to speakers of other languages.

Please refer to 'course structures' for study area requirements and suggested course progressions.

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester.

BLOCK: The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via online learning platforms such as QUT Blackboard.

OPTION UNITS:

As part of most of the Masters study areas, you are able to complete two (2) option units which can be selected from any units listed under any of the study areas in ED79, with the exception of field studies or practicum units. Please refer to the Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. Just select the Course Structures tab then scroll down to ED79 OPTION UNITS at the bottom of the page.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED79 Master of Education students who

began studying prior to 2014 have a maximum of four (4) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED79 Master of Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies> If you are a commencing student and wish to start in a later teaching period, you can ask for your application to be considered and reassessed for the next available semester or teaching period by emailing: qut.pgapplications@qut.edu.au. Please consult the Maximum Course Completion Times before applying.

WORKING WITH CHILDREN (BLUE CARD):

Students in Early Childhood Teaching; School Guidance and Counselling; or Teacher-Librarianship must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services / Forms webpage under Working with Children (blue card) at the bottom of the page.

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or

curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. For further information, or an application form, please refer to the following website: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

CHANGE OF STUDY AREA:

If you are a current student wanting to change your major within your current course, please refer to the following website: <https://secure.qut.edu.au/studentservices/qut/cm/>

EARLY EXIT - ED61 GRADUATE CERTIFICATE IN EDUCATION:

If you wish to exit the course early with ED61 Graduate Certificate in Education you should apply in the semester that you expect to exit, using an 'SRX Form'. A link to this form can be found on the Current Students / Forms web page. If you take this option you will need to withdraw yourself from the Master of Education ED79 course (via e-Student) once the SRX form has been approved.

Career Development - IMPORTANT INFORMATION

The field of career development has undergone significant change with the attendant demand for accountability and accreditation. Successful completion of this study area will enable you to work as a career counsellor, career teacher or career coach. The Career Development study area is recognised by Career Industry Council of Australia (CICA). This endorsement has been granted for a five year period until 2014.

You are required to complete the two (2) MEd core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the four (4) Career Development core units: LCN636 Introductory Educational Counselling OR LCN618 Advanced Educational Counselling; LCN621 Career Development and Professional Practice; LCN622 Career Counselling; and LCN637 Career Development: Policy and Process Context, as well as two (2) option units. Please refer to the Course Structure of ED79 Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). As there are prerequisites and concurrent requisites involved, you will need to take great care when selecting your units. You are permitted to enrol in a minimum of one (1) unit per semester but please consult the Maximum Course Completion Times below.

PRIOR KNOWLEDGE: If you have previously studied an introductory counselling unit or have counselling experience, you may satisfy the prior knowledge required to study LCN618 Advanced Educational Counselling without the prerequisite of LCN636 Introductory Educational Counselling. If you do not satisfy the prerequisite, you will need to undertake the unit LCN636 Introductory Educational Counselling early in your study as it is a prerequisite to many of the other units. If you believe that you have sufficient prior knowledge to waive the requirement to study LCN636, you will need to send an email to the study area coordinator, Ms Michele Moon (m.moon@qut.edu.au), with a copy to the

course administrator, Sian Rodgie (sian.rodgie@qut.edu.au) and provide certified evidence of your previous study, and/or an original or certified letter, on letterhead from your employer. This waiver must be approved BEFORE you enrol in LCN618 or LCN622.

BLOCK DATES: As part of your course, you have a 'BLOCK' unit to complete as a core unit. This unit comprises of a 4 or 5 day intensive at Kelvin Grove Campus during Queensland school holidays and BEFORE semester begins. There will also be some further work throughout the remainder of the teaching period. If you are required to study LCN636, you should undertake it in your first semester of study. The Block dates for Career Development are as follows: 13TP1 Teaching Period – LCN636 Introductory Education Counselling: Mon 6 – Thur 9 January, 2014; Semester 2 – LCN636 Introductory Education Counselling: Mon 30 June – Thurs 3 July, 2014 and LCN618 Advanced Educational Counselling: Mon 30 June – Fri 4 July, 2014. LCN636 is also offered in internal mode in semester 1 only, attending classes on campus each week at Kelvin Grove.

13TP1: 13TP1 is a teaching period that runs in conjunction with semester 1 each year. LCN636 is offered in this teaching period because the enrolment date is earlier than it is in semester 1. As the block is run so early in the year, the earlier enrolment date enables students to be better prepared for their January block unit. 13TP1 enrolment and census dates can be found on the 'Key Dates' page on the QUT website.

It is recommended that you apply early if you plan to commence the units offered via block mode in your first semester, as the block units commence prior to the start of the normal semester (eg January, and June or July).

You will not need to 'register into classes' if you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester. **BLOCK:** The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via online learning platforms such as QUT Blackboard.

OPTION UNITS:

As part of most of the Masters study areas, you are able to complete two (2) option units which can be selected from any units listed under any of the study areas in ED79, with the exception of field studies or practicum units. Please refer to the Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. Just select the Course Structures tab then scroll down to ED79 OPTION UNITS at the bottom of the page.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED79 Master of Education students who began studying prior to 2014 have a maximum of four (4) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED79 Master of Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies> if you are a commencing

student and wish to start in a later teaching period, you can ask for your application to be considered and reassessed for the next available semester or teaching period by emailing: qut.pgapplications@qut.edu.au. Please consult the Maximum Course Completion Times before applying.

WORKING WITH CHILDREN (BLUE CARD):

Students in Early Childhood Teaching; School Guidance and Counselling; or Teacher-Librarianship must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services / Forms webpage under Working with Children (blue card) at the bottom of the page.

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. Master of Education Overview

ED79 Master of Education focuses on specialised study areas that are currently in demand and featuring innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teacher's registration.

ED79 Master of Education consists of eight units (96 credit points) selected from the postgraduate units listed in the course structure. Course duration is one (1) year internal or external full-time, or two (2) years internal or external part-time. Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Course Coordinator: Dr Denise Beutel, d.beutel@qut.edu.au, (07) 3138 8671, A308.

Early Childhood Teaching - IMPORTANT INFORMATION

This study area will enable you to develop in-depth theoretical and practical knowledge and understanding of current theory and research that will inform effective practice with young children and their families in early years programs and services. This is a dedicated study area which enables qualified teachers upon completion, to become early childhood specialists, both in schools and as leaders in child care settings. Furthermore, the Early Childhood Teaching study area is recognised as a specialist early childhood qualification with Queensland Department of Communities and the Creche and Kindergarten Association (C&K).

You are required to complete the two (2) MEd core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the six (6) Early Childhood Teaching core units: EAN601 Investigating Curriculum and Pedagogy in Early Childhood; EAN603 Child Development in Context; EAN614 Arts and Sciences in Early Childhood; EAN615 Mathematics in Early Childhood and EAN616 Language, Literacies and Communication in Early Childhood; with a choice of either EDN635 Field Studies in Early Childhood or EDN641 Field Studies in Early Childhood: Birth to 5 Years. There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). As there are prerequisites and concurrent requisites involved, you will need to take great care when selecting your units. You are permitted to enrol in a minimum of one (1) unit per semester but please consult the Maximum Course Completion Times below.

When undertaking the unit EDN635 Field Studies in Early Childhood OR EDN641 Field Studies in Early Childhood: Birth to 5 Years, you must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found

Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation held at the Kelvin Grove Campus on the first Saturday after orientation week each semester. Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard, and academic writing. Details will be available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about the event via email. Please make sure that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks: temora.brooks@qut.edu.au.

The Master of Education does not lead to teacher's registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teacher's registration.

ED79 Master of Education consists of eight units (96 credit points) selected from the postgraduate units listed in the course structure. Course duration is one (1) year internal or external full-time, or two (2)

years internal or external part-time. Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Course Coordinator: Dr Denise Beutel, d.beutel@qut.edu.au, (07) 3138 8671, A308.

Early Years - IMPORTANT INFORMATION

This study area has significant importance in current education policies, nationally and internationally. Early childhood research has consistently provided evidence that the experiences and environments of children in the early years are important to strong social-emotional development and positive learning outcomes through school and into adulthood. Thus, the early years have consequences for children's health and well-being across their life course. Because of increased recognition of the importance of the early years to later outcomes, there is increased demand for highly trained professionals who can support the diverse learning needs of young children. It should enable you to develop your knowledge and understanding of current theory and research that will inform effective practice with young children and their families in early years programs and services.

You are required to complete the two (2) MEd core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the four (4) Early Years core units: EAN601 Investigating Curriculum and Pedagogy in Early Childhood; EAN603 Child Development in Context; EAN614 Arts and Sciences in Early Childhood; and EAN616 Language, Literacies and Communication in Early Childhood, as well as two (2) option units. Master of Education Overview

ED79 Master of Education focuses on specialised study areas that are currently in demand and featuring innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teacher's registration.

ED79 Master of Education consists of eight units (96 credit points) selected from the postgraduate units listed in the course structure. Course duration is one (1) year internal or external full-time, or two (2) years internal or external part-time. Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Course Coordinator: Dr Denise Beutel,
d.beutel@qut.edu.au, (07) 3138 8671,
A308.

Education Research - IMPORTANT INFORMATION

This study area will encourage and enhance critical thinking in a specific area of education of interest to you and provide the research grounding in a focussed area to give you the option to progress

into higher degree study. While you may wish to pursue this area as an end in itself, you may wish to move to specific research projects either for awards within the higher education sector or as part of your work within specific organisations.

You are required to complete the two (2) MEd core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the four (4) Education Research: Theory and Practice core units: EDN612 Shaping an Educational Research Project; EDN619 Educational Research: Design, Methodology and Analysis; EDN604-1 Facilitated Study Unit; and EDN604-2 Facilitated Study Unit, as well as two (2) option units. EDN604-1 and EDN604-2 MUST be taken together, in the same semester or consecutive semesters. The two units together constitute a 24 credit point research project. Please refer to the Course Structure of ED79 Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). As there are prerequisites and concurrent requisites involved, you will need to take great care when selecting your units. You are permitted to enrol in a minimum of one (1) unit in a semester, but please consult the Maximum Course Completion Times below. At the beginning of each year, it is imperative that you enrol in BOTH semester 1 and semester 2.

Education Research: Theory and Practice study area coordinator: Dr Denise Beutel,
d.beutel@qut.edu.au, (07) 3138 8671,
A308.

Administration Officer: Ms Sian Rodgie,

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. INTERNAL: The unit requires regular attendance at classes on Kelvin Grove campus during semester.

BLOCK: The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via online learning platforms such as QUT Blackboard.

OPTION UNITS:

As part of most of the Masters study areas, you are able to complete two (2) option units which can be selected from any units listed under any of the study areas in ED79, with the exception of field studies or practicum units. Please refer to the Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. Just select the Course Structures tab then scroll down to ED79 OPTION UNITS at the bottom of the page.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED79 Master of Education students who began studying prior to 2014 have a maximum of four (4) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED79 Master of Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies> If you are a commencing student and wish to start in a later teaching period, you can ask for your application to be considered and reassessed for the next available semester or teaching period by emailing: qut.pgapplications@qut.edu.au. Please consult the Maximum Course Completion

Times before applying.

WORKING WITH CHILDREN (BLUE CARD):

Students in Early Childhood Teaching; School Guidance and Counselling; or Teacher-Librarianship must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services / Forms webpage under Working with Children (blue card) at the bottom of the page.

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. For further information, or an application form, please refer to the following website: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

CHANGE OF STUDY AREA:

If you are a current student wanting to change your major within your current course, please refer to the following website: <https://secure.qut.edu.au/student-services/qut/cm/>

EARLY EXIT - ED61 GRADUATE

CERTIFICATE IN EDUCATION:

If you wish to exit the course early with ED61 Graduate Certificate in Education you should apply in the semester that you expect to exit, using an 'SRX Form'. A link to this form can be found on the Current

Students / Forms web page. If you take this option you will need to withdraw yourself from the Master of Education ED79 course (via e-Student) once the SRX form has been approved.

Information Communication Technology (ICT) - IMPORTANT INFORMATION

This study area focuses on the different roles that technology, particularly contemporary digital technology, plays across all education sectors. The study

area introduces major frameworks for, and debates around; understanding these roles, but the main emphasis is on practical application. It is suitable for any teacher or administrator who seeks to deliberately employ technology within educational contexts.

You are required to complete the two (2) MEd core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the four (4) Information and Communication Technology (ICT) core units: CRN602 Digital Pedagogies; CRN603 Digital Perspectives; CRN604 Digital Expectancies: Innovative Practices with Emerging Technologies; and CRN605 Digital Leadership, as well as two (2) option units. Inclusive Education - IMPORTANT INFORMATION

While the understanding and application of learning theory is essential to the teaching of all students, most students with learning difficulties and disabilities require specialised instructional approaches in order to maximise their potential and achieve success. In order to address the learning, social, and behavioural needs of these students, teachers and other professionals require an understanding of theoretical models, socio-cognitive processes, current research and best practices related to supporting students with learning difficulties and disabilities. In addition, well-developed skills in consultation, collaborative problem-solving, and reporting are required. It will appeal to teachers, special education support teachers and allied professionals (e.g., Guidance Officers, social workers, and health professionals) who assist children, adolescents and adults with learning, social and behavioural challenges.

In the Inclusive Education study area you are required to complete the two (2) MED core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the four (4) Inclusive Education core units: LCN629 Inclusive Education: Theory, policy and practice; LCN632 Understanding reading and writing difficulties; LCN634 Supporting students with social, emotional and behavioural needs; and LCN635 Supporting students with an Autistic Spectrum Disorder, as well as two (2) option units. Please refer to the Course Structure of ED79 Generic (No Major/Study Area) for a full list of option units and their semester of offering. There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). You are permitted to enrol in a minimum of one (1) unit in a semester, but please consult the Maximum Course Completion Times. At the beginning of each year, it is imperative that you enrol in BOTH semester 1 and semester 2.

Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation held at the Kelvin Grove Campus on the first Saturday after orientation week each semester. Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard, and academic writing. Details will be available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about the event via email. Please make sure that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks: temora.brooks@qut.edu.au.

Master of Education Overview

ED79 Master of Education focuses on specialised study areas that are currently in demand and featuring innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teacher's registration.

ED79 Master of Education consists of eight units (96 credit points) selected from the postgraduate units listed in the course structure. Course duration is one (1) year internal or external full-time, or two (2) years internal or external part-time. Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Course Coordinator: Dr Denise Beutel, d.beutel@qut.edu.au, (07) 3138 8671, A308.

Information-Learning Connections - IMPORTANT INFORMATION

This study area enables you to extend your conceptual understandings and professional practices for learning and teaching in rapidly changing information-

rich learning environments. It will provide an opportunity for your career development across Education, Librarianship, and Information Services. Potential students include: experienced teachers and teacher-librarians; academics; instructional designers; academic developers; learning support specialists; academic, public and corporate librarians; information professionals; workplace educators.

You are required to complete the two (2) MEd core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the four (4) Information-Learning Connections core units: CRN600 Youth, Popular Culture, and Texts; LCN600 Connected Learning; LCN601 Designing Spaces for Learning; and LCN616 Inquiry Learning, as well as two (2) option units. Please refer to the Course Structure of ED79 Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). You are permitted to enrol in a minimum of one (1) unit in a semester, but please consult the Maximum Course Completion Times. At the beginning of each year, it is imperative that you enrol in BOTH semester 1 and semester 2.

Information-Learning Connections study area coordinator: Dr Mandy Lupton, mandy.lupton@qut.edu.au, (07) 3138 3283, Room L128.

Administration Officer: Ms Sian Rodgie, educationenq@qut.edu.au, (07) 3138 3947, Room A215.

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. INTERNAL: The unit requires regular attendance at classes on Kelvin Grove campus during semester. BLOCK: The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days,

usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via online learning platforms such as QUT Blackboard.

OPTION UNITS:

As part of most of the Masters study areas, you are able to complete two (2) option units which can be selected from any units listed under any of the study areas in ED79, with the exception of field studies or practicum units. Please refer to the Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. Just select the Course Structures tab then scroll down to ED79 OPTION UNITS at the bottom of the page.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

Leadership and Management - IMPORTANT INFORMATION

This study area focuses on building and enhancing leadership capacity in aspiring and existing leaders. The units provide leaders with requisite knowledge and understanding of central concepts connected to leading others, leading change processes, understanding and interpreting policy, and strategic managerial skills required in planning, monitoring and evaluating organisational systems.

You are required to complete the two (2) MEd core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the four (4) Leadership and Management core units: LCN623 Leadership Concepts, Theories and Issues; LCN624 Leading and Managing People; LCN630 Leadership, Policy and Change in Action; and LCN631 Strategic Management, as well as two (2) option units. Please refer to the Course Structure of ED79 Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation held at the Kelvin Grove Campus on the first Saturday after orientation week each semester.

Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard, and academic writing. Details will be available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about the event via email. Please make sure that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks: temora.brooks@qut.edu.au.

Master of Education Overview

ED79 Master of Education focuses on specialised study areas that are currently in demand and featuring innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teacher's registration.

ED79 Master of Education consists of eight units (96 credit points) selected from the postgraduate units listed in the course structure. Course duration is one (1) year internal or external full-time, or two (2) years internal or external part-time. Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Course Coordinator: Dr Denise Beutel,
d.beutel@qut.edu.au, (07) 3138 8671, A308.

No Major / Study Area - IMPORTANT INFORMATION

Students can choose a 'No Major / Study Area' Masters which does not provide a study area (your degree and parchment will read 'Master of Education' only) and consists of the two (2) MEd core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, and six (6) option units of your choice. Option units can be selected from any of the units offered in other study areas, except practicums. Please refer to the Course Structure tab under ED79 OPTION UNITS for a full list of option units and their semester of offering.

Domestic students are permitted to enrol in a minimum of one (1) unit in a semester, but please consult the Maximum Course Completion Times. At the beginning of each year, it is imperative that you enrol in BOTH semester 1 and semester 2.

Course Coordinator: Dr Denise Beutel,
d.beutel@qut.edu.au, (07) 3138 8671, A308.

Administration Officer: Ms Sian Rodgie,
educationenq@qut.edu.au, (07) 3138 3947, Room A215.

Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation held at the Kelvin Grove Campus on the first Saturday after orientation week each semester. Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard, and academic writing. Details will be

Master of Education (No Major / Study Area)

available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about the event via email. Please make sure that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks: temora.brooks@qut.edu.au.

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester. **BLOCK:** The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via online learning platforms such as QUT Blackboard.

OPTION UNITS:

As part of most of the Masters study areas, you are able to complete two (2) option units which can be selected from any units listed under any of the study areas in ED79, with the exception of field studies or practicum units. Please refer to the Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. Just select the Course Structures tab then scroll down to ED79 OPTION UNITS at the bottom of the page.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED79 Master of Education students who began studying prior to 2014 have a maximum of four (4) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED79 Master of Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies> If you are a commencing student and wish to start in a later teaching period, you can ask for your application to be considered and reassessed for the next available semester or teaching period by emailing: qut.pgapplications@qut.edu.au. Please consult the Maximum Course Completion Times before applying.

WORKING WITH CHILDREN (BLUE CARD):

Students in Early Childhood Teaching; School Guidance and Counselling; or Teacher-Librarianship must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services / Forms webpage under Working with Children (blue card) at the bottom of the page.

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal

teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. For further information, or an application form, please refer to the following website: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

CHANGE OF STUDY AREA:

If you are a current student wanting to change your major within your current course, please refer to the following website: <https://secure.qut.edu.au/studentservices/qut/cm/>

EARLY EXIT - ED61 GRADUATE CERTIFICATE IN EDUCATION:

If you wish to exit the course early with ED61 Graduate Certificate in Education you should apply in the semester that you expect to exit, using an 'SRX Form'. A link to this form can be found on the Current Students / Forms web page. If you take this option you will need to withdraw yourself from the Master of Education ED79 course (via e-Student) once the SRX form has been approved.

School Guidance and Counselling - IMPORTANT INFORMATION

This study area is suitable for guidance officers seeking to advance their knowledge or qualified teachers seeking a career change. The School Guidance and Counselling study area is recognised by Education Queensland, Catholic Education, and Independent Schools as a Guidance Officer qualification in Queensland schools. School Guidance and Counselling 'Option A - General' will enable you to be eligible for employment from P-12. 'Option B - Career' is mainly for guidance and counselling in a secondary school as it also meets the Career Industry Council of Australia (CICA) professional standards. This endorsement has been granted for a five year period until 2014. PLEASE NOTE: This qualification is only recognised by education employing authorities in Queensland.

School Guidance and Counselling students studying FULL-TIME ONLY (you can also study part-time), please be advised that applications close considerably earlier than all others due to compulsory block units that are held before semester begins. Full-time School Guidance and Counselling students must have their applications for 2014 in by Friday the 29 of November, 2013.

You are required to complete eight (8) School Guidance and Counselling study area core units (96 credit points):

OPTION A (General): EDN610 Professional Dialogues in Education; LCN618 Advanced Educational Counselling; LCN619 Educational Guidance and Counselling: Professional Practice; LCN620 Psychoeducational Assessment; LCN621 Career Development and Professional Practice; LCN632 Understanding Reading and Writing Difficulties; LCN633 School Guidance and Counselling Practicum; and LCN636 Introductory Education

Counselling.

OPTION B (Career): LCN618 Advanced Educational Counselling; LCN619 Educational Guidance and Counselling: Professional Practice; LCN620 Psychoeducational Assessment; LCN621 Career Development and Professional Practice; LCN622 Career Counselling; LCN633 School Guidance and Counselling Practicum; LCN636 Introductory Education Counselling; and LCN637 Career Development: Policy and Process Context.

There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). As there are prerequisites and concurrent requisites involved, you will need to take great care when selecting your units. You are permitted to enrol in a minimum of one (1) unit in a semester, but please consult the Maximum Course Completion Times. At the beginning of each year, it is imperative that you enrol in BOTH semester 1 and semester 2.

BLOCK DATES: As part of the School Guidance and Counselling study area, there are a number of units that are held in a one week BLOCK of intensive study at QUT Kelvin Grove Campus. These are usually held BEFORE semester begins. The 2014 block dates for School Guidance and Counselling are as follows:

13TP1 - LCN636 Introductory Education Counselling: Monday 6 - Thursday 9 January, 2014 (It is important to complete this unit early in your course); LCN620 Psychoeducational Assessment: Monday 13 - Friday 17 January, 2014. These block units are held in the 13TP1 teaching period, and you will be able to enrol earlier than the semester 1 enrolments open (see Key Dates).

SEMESTER 2 - LCN636 Introductory Education Counselling: Monday 30 June - Thursday 3 July, 2014 (It is important to complete this unit early in your course); LCN618 Advanced Educational Counselling: Monday 30 June - Friday 4 July, 2014; and LCN619 Educational Guidance and Counselling: Professional Practice: Monday 7 - Friday 11 July, 2014. These block units are part of the Semester 2 teaching period.

Students in School Guidance and Counselling must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland

registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services / Forms webpage under Working with Children (blue card) at the bottom of the page.

PLEASE NOTE: This qualification is only recognised by education employing authorities in Queensland.

ED79 Master of Education focuses on specialised study areas that are currently in demand and featuring innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teacher's registration.

ED79 Master of Education consists of eight units (96 credit points) selected from the postgraduate units listed in the course structure. Course duration is one (1) year internal or external full-time, or two (2) years internal or external part-time. Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Course Coordinator: Dr Denise Beutel, d.beutel@qut.edu.au, (07) 3138 8671, A308.

Studies in Literacy - IMPORTANT INFORMATION

The study area Studies in Literacy provides opportunities for participants to engage with current and historical issues

and debates and specific areas of interest within the broad domain of literacy. The core units have been designed to meet the learning needs of teachers, educators and allied professionals (e.g. development officers) who have a strong interest in the literacy development of their students and clients as well as the contributions of political, professional, private and community contexts to understandings of literacy and literacy education. Current issues such as moves to standardise literacy curriculum and assessment at a time when literacy practices are changing in everyday life will also be examined.

In the Studies in Literacy study area you are required to complete the two (2) MED core units: EDN610 Professional Dialogues in Education and EDN611 Conducting and Evaluating Educational Research, plus the four (4) study area core units: CRN601 Literacies for English Language Learners; EAN617 Functional Grammar for Reading and Writing; EAN618 Literacy Development and Performance; and LCN632 Understanding Reading and Writing Difficulties, as well as two (2) option units. (a total of 96 credit points). Please refer to the Course Structure of ED79 Masters (No Major/Study Area) for a full list of option units and their semester of offering. There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). You are permitted to enrol in a minimum of one (1) unit in a semester, but please consult the Maximum Course Completion Times. At the beginning of each year, it is imperative that you enrol in BOTH semester 1 and semester 2.

Studies in Literacy study area coordinator: Dr Beryl Exley, b.exley@qut.edu.au, (07) 3138 3267, Rm L117.

Administration Officer: Ms Sian Rodgie, educationenq@qut.edu.au, (07) 3138 3947, Room A215.

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if

you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester. **BLOCK:** The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via online learning platforms such as QUT Blackboard.

OPTION UNITS:

As part of most of the Masters study areas, you are able to complete two (2) option units which can be selected from any units listed under any of the study areas in ED79, with the exception of field studies or practicum units. Please refer to the Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. Just select the Course Structures tab then scroll down to ED79 OPTION UNITS at the bottom of the page.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED79 Master of Education students who began studying prior to 2014 have a maximum of four (4) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED79 Master of Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:
<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies> If you are a commencing student and wish to start in a later teaching period, you can ask for your application to be considered and reassessed for the next available

semester or teaching period by emailing: qut.pgapplications@qut.edu.au. Please consult the Maximum Course Completion Times before applying.

WORKING WITH CHILDREN (BLUE CARD):

Students in Early Childhood Teaching; School Guidance and Counselling; or Teacher-Librarianship must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services / Forms webpage under Working with Children (blue card) at the bottom of the page.

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. For further information, or an application form, please refer to the following website: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

CHANGE OF STUDY AREA:

If you are a current student wanting to change your major within your current course, please refer to the following website: <https://secure.qut.edu.au/studentservices/qut/cm/>

EARLY EXIT - ED61 GRADUATE CERTIFICATE IN EDUCATION:

If you wish to exit the course early with ED61 Graduate Certificate in Education

you should apply in the semester that you expect to exit, using an 'SRX Form'. A link to this form can be found on the Current Students / Forms web page. If you take this option you will need to withdraw yourself from the Master of Education ED79 course (via e-Student) once the SRX form has been approved.

Teacher-Librarianship - IMPORTANT INFORMATION

This is a specialist degree that prepares teachers for professional leadership as teacher-librarians in primary and secondary schools. You may also be eligible for employment in other sectors of library and information work. To practise as a Teacher-Librarian in Australian schools, graduates also need approved teaching qualifications. The study area is recognised by the Australian Library and Information Association (ALIA) for the five year period, March 2012 to March 2017. Graduates are eligible for associate (professional) membership of ALIA and may seek employment in a wide range of library and information contexts, including school libraries. The Master of Education (Teacher-Librarianship) maintains close links with the Australian School Library Association (ASLA).

In the Teacher-Librarianship study area you are required to complete one (1) MEd core unit: EDN611 Conducting and Evaluating Educational Research, plus the seven (7) Teacher-Librarianship core units: CRN600 Youth, Popular Culture, and Texts; IFN617 Managing and Organising Collections (formally INN533); LCN600 Connected Learning; LCN601 Designing Spaces for Learning; LCN615 Learning Hubs; LCN616 Inquiry Learning and LCN617 Children's Literature: Criticism and Practice.

There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). You are permitted to enrol in a minimum of one (1) unit per semester.

Integrated into the study area is a Situated Professional Practice (SPP) program across seven (7) of the core units. The SPP program requires 60 hours of on-site activity in library locations, and the compilation of a Professional Portfolio. The purpose of SPP and the Professional Portfolio is to provide students with opportunities to engage in authentic, real-world learning that will enable them to reflect on current professional practices, apply critical thinking and problem-solving, and make connections between theory and practice.

Students in Teacher-Librarianship must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need

Master of Education (Teacher-Librarianship)

either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation held at the Kelvin Grove Campus on the first Saturday after orientation week each semester. Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard, and academic writing. Details will be available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about the event via email. Please make sure that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks:

Students in Early Childhood Teaching; School Guidance and Counselling; or Teacher-Librarianship must have current authorisation to work with children as applicable to the State in which you will be doing practicum and site visits. For Queensland schools, you need either a blue card (if you are not a Queensland registered teacher) or an exemption card (if you are a Queensland registered teacher). This authorisation must be obtained before you can undertake your practicum or field studies units, or you may be withdrawn from the relevant unit and incur both academic and financial penalties. Application forms can be found on the Student Services / Forms webpage under Working with Children (blue card) at the bottom of the page.

ADVANCED STANDING (Credit):

You can apply for Advanced Standing from prior study at an equivalent level to Masters study. Undergraduate study or 4th year study (Honours or Graduate Diploma) are not generally considered at Masters level. Prior study must also be current. Study over 10 years old is not normally considered for Advanced Standing. If you are applying for credit for specific units, you will need to provide detailed unit/subject outlines from your previous study. You can also apply for Advanced Standing based on work or industry experience. Advanced standing is not able to be awarded for normal teaching experience. If you are responsible for an original academic work, such as creating a course and/or curriculum, or have published any original research etc. then you may be eligible for credit for work or industry experience. For further information, or an application form, please refer to the following website: <http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/credit-for-prior-learning/>

Master of Education Overview

ED79 Master of Education focuses on specialised study areas that are currently in demand and featuring innovative areas. The course has a fresh new approach to learning that values both the individual component and peer-to-peer relationships.

This course will suit teachers, educators and graduates with relevant employment experience who are seeking to make a career change within education or enhance their existing education career.

The Master of Education does not lead to teacher's registration. Please refer to ED38 Graduate Diploma of Education if you are seeking teacher's registration.

ED79 Master of Education consists of eight units (96 credit points) selected from the postgraduate units listed in the course structure. Course duration is one (1) year internal or external full-time, or two (2) years internal or external part-time. Domestic students are permitted to study one unit per semester if they wish. Please consult the Maximum Course Completion Times below.

Course Coordinator: Dr Denise Beutel, d.beutel@qut.edu.au, (07) 3138 8671, A308.

TESOL - IMPORTANT INFORMATION

Teaching English to Speakers of Other Languages (TESOL) is a coursework award that provides students with theoretical knowledge and practical skills required to gain employment in the field of teaching English to speakers of other languages.

In the TESOL study area you are required to complete one (1) MEd core unit: EDN611 Conducting and Evaluating Educational Research, plus five (5) study area core units: LCN604 Second Language Curriculum Design; LCN606 Second Language Assessment; LCN612 Sociolinguistics; LCN614 Grammar for Second Language Teaching and LCN638 Theory and Practice of Second Language Teaching and Learning, plus two (2) Postgraduate Education option units. Please refer to the Course Structure of ED79 Master of Education (No Major/Study Area) for a full list of Postgraduate Education option units and their semester of offering. There is a suggested plan for your progression through the course under 'Course Structures' ('Units' tab for prospective students). Domestic students are permitted to enrol in a minimum of one (1) unit in a semester, but please consult the Maximum Course Completion Times. At the beginning of each year, it is imperative that you enrol in BOTH semester 1 and semester 2.

TESOL study area coordinator: Dr Lynette May, lynette.may@qut.edu.au, (07) 3138 3462, Room E125.

Administration Officer: Ms Sian Rodgie, educationenq@qut.edu.au, (07) 3138 3947, Room A215.

Orientation

It is recommended that commencing students attend the Master of Education/Graduate Certificate in Education Orientation held at the Kelvin Grove Campus on the first Saturday after orientation week each semester. Orientation will include sessions explaining the course structure and content; discussions on relevant topics by academics and students; general discussion and question time; meetings with the study area coordinators; and sessions on the Library, QUT Blackboard, and academic writing. Details will be available on the Orientation Planner on your QUT Virtual. After accepting your offer, you will receive information about

the event via email. Please make sure that you have linked your QUT email to your personal email so you can immediately receive emails when you become a student. If you have not received any information prior to one week before the event, please contact Temora Brooks:

temora.brooks@qut.edu.au.

Course Rules

UNIT DELIVERIES:

Please ensure you select the correct teaching period, class and location code for all units you are enrolled in.

EXTERNAL: The unit will be conducted through the QUT Blackboard site and other online learning platforms. Regular access to an up-to-date computer and reliable internet access is imperative. You will not need to 'register into classes' if you study externally. **INTERNAL:** The unit requires regular attendance at classes on Kelvin Grove campus during semester. **BLOCK:** The unit is offered in a block of lectures during the January or June/July Queensland School Holidays, with attendance being over a number of days, usually Monday to Friday of a particular week. Assessment is completed during the remainder of the semester via online learning platforms such as QUT Blackboard.

OPTION UNITS:

As part of most of the Masters study areas, you are able to complete two (2) option units which can be selected from any units listed under any of the study areas in ED79, with the exception of field studies or practicum units. Please refer to the Master of Education (No Major/Study Area) for a full list of option units and their semester of offering. Just select the Course Structures tab then scroll down to ED79 OPTION UNITS at the bottom of the page.

MINIMUM AND MAXIMUM UNIT ENROLMENT:

Domestic students may enrol in a minimum of one (1) unit per semester, but please be advised that the maximum course time limits must still be adhered to (see below). If you do not enrol in at least one (1) unit, you will need to apply for a leave of absence (see below). Failure to do so may result in the system automatically withdrawing you from your course. If you wish to enrol in more than four (4) units per semester, you will need permission, in writing, from the Course Coordinator.

MAXIMUM COURSE COMPLETION TIMES:

ED79 Master of Education students who

began studying prior to 2014 have a maximum of four (4) years to complete their course, including any leave taken. Due to M.O.P.P changes, ED79 Master of Education students who began studying in 2014 have a maximum of three (3) years to complete their course, including any leave taken.

LEAVE OF ABSENCE:

If you've completed your first semester or teaching period, and you need to take a break from your studies, you can apply for a formal leave of absence:

<http://www.student.qut.edu.au/enrolment-and-orientation/enrolment/interrupting-your-studies> If you are a commencing student and wish to start in a later teaching period, you can ask for your application to be considered and reassessed for the next available semester or teaching period by emailing: qut.pgapplications@qut.edu.au. Please consult the Maximum Course Completion Times before applying.

WORKING WITH CHILDREN (BLUE CARD):

Domestic Course structure

The course consists of four stages:

1. Coursework preparation: you undertake two research methodology units - Professional Applications of Research and Conducting Innovative Educational Research. Exemption may be granted for the methodology units if you can demonstrate that you have already completed equivalent studies or have relevant research experience. During this stage, you will determine the research methods to be used in your thesis and begin work on your literature

review.

2. Confirmation of candidature: you present and justify your research proposal at a seminar attended by academic staff and your peers. Your confirmation document includes your research design and your draft literature review.
3. Implementation: you execute your research proper, collecting your data and analysing the results.
4. Submission: you finish writing your thesis and present it to a review panel for approval at a final oral seminar open to the public. Once approved, your thesis is ready to be submitted for examination.

FINANCIAL GUARANTEE

Acceptable forms of evidence include:

- A letter from an approved employer confirming the continuation of your salary; OR
- A signed Scholarship Agreement between QUT and your sponsoring agency; OR
- An accepted letter of offer from QUT for a postgraduate research scholarship; OR
- An approved external scholarship.

Location & duration

The expected duration of the Doctor of Philosophy is three to four years full-time, or six to eight years part-time. Full-time

study is normally conducted on-campus at QUT. Part-time and external study options may be available depending on the project, infrastructure requirements and funding arrangements. Although QUT offers this flexibility, candidates must meet minimum attendance requirements and the university must be satisfied that adequate supervision and resources are available.

International student visas require on-campus study to be completed full-time.

Course structure

QUT adopts a project management approach. PhD candidates work closely with their supervisory team to meet collegially reviewed milestones leading to timely submission of a thesis for examination. QUT is proud of its record of timely completions and low attrition rates realised by this approach.

During candidature the supervisor and other key stakeholders will provide advice and direction to the candidate to encourage their participation in university scholarly activities such as research seminars, teaching and publication. The length of the thesis varies according to the topic, but should normally be no longer than 100,000 words, excluding bibliography.

Fees

Australian citizens and permanent residents will be awarded a Research Training Scheme (RTS) place. Domestic students are not required to apply for an RTS entitlement, as it will be automatically allocated. The RTS covers tuition fees but not other study related costs. PhD Students are entitled to four years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for extension, however the University may charge fees for the period of the program, which exceeds the student's entitlement. The University determines the fee level for domestic and international students.

Before you start this course we assume you have sound knowledge in these areas

- Physics
- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Entry requirements

International students who have post-secondary qualifications in Radiation Therapy may apply.

International students may be offered a place in Radiation Therapy if they have completed and met the Clinical Placement requirement. Details of your previous Radiation Therapy qualification, including clinical placements, should be included with your application.

Minimum English requirements

Students must meet the English proficiency requirements.

Graduates have been eligible for registration in the United Kingdom, New Zealand and some European countries and may also become members of the Australian Podiatry Association (APA) and Sports Medicine Australia (SMA).

Student registration

QUT automatically registers students enrolled in this course with the Podiatry Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Honours

A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

Professional Practice Placements

You will gain hands-on experience in this course through two professional practice placements.

In first semester of your second year you will explore the diversity of practice methods through the Introduction to Practice. You will undertake a total of 140 hours of volunteer placement/s in a human service agency.

Your theoretical and practical studies will culminate in a 36 credit point Advanced Professional Practice placement in second semester of your third year. This placement will generally reflect your specialised service context area. You will develop a learning plan in consultation with your agency supervisor and a university staff member. During this 400-hour supervised placement in a human services agency, you will further develop your assessment and intervention skills and your own practice framework. It may be possible to undertake this 12 week placement with an overseas agency.

These professional practice placements provide many valuable opportunities for networking within the human services industry.

Service Contexts

CHILD AND FAMILY SERVICES

Child and family services units provide you with a firm grounding in theories, practices and processes essential for understanding and intervening in family life. You will be introduced to child and family welfare studies and will focus on approaches to supporting families and promoting change. You will also examine core processes and practice skills associated with interacting with children and parents, assessing family life and encouraging participation in decision making.

CORRECTIVE SERVICES

The Community and Youth Corrections unit provides the legislative framework and structures, processes and principles of the youth and criminal justice system. It explores evidence based interventions and provides practice models and assessment frameworks. It provides theory and practice skills for working with Indigenous people and examines the role of practitioners in youth Justice Services and the Department of Corrective Services. The unit's primary orientation is to provide you with a structured opportunity to analyse and understand the operation of the Queensland community and youth corrections settings with offenders and those who are at risk of offending.

DISABILITY SERVICES

Disability services units provide you with a solid foundation for understanding and evaluating the theories, principles, practices and policies underpinning services used by people with disabilities. The aim is to link the social justice, empowerment and human rights issues explored in the more generic units within the degree program to the lives of people with disabilities. You will have the opportunity to explore and evaluate the range of service models relevant to the lifestyles of people with disabilities. The units focus on the quasi-legal and policy aspects of working in disability service organisations, and address some of the ethical dilemmas inherent in human service provision to people with a disability.

SERVICES TO YOUNG PEOPLE

These units help you understand and identify the various ways youth and adolescence are understood, constructed and portrayed in mainstream media, academic literature and human services. You will critically review the situation of a diverse range of young people and will investigate the knowledge, theory and skills base of a range of contemporary practice arenas, such as juvenile justice and adolescent child protection practice, youth homelessness, youth policy analysis and development.

Professional Recognition

Graduates are entitled to apply for membership of the Australian Institute of Welfare and Community Workers.

Working with Children Check

As required by the Commission for Children and Young People and Child

Bachelor of Human Services

Guardian Act (2000), students must undergo a criminal history check and be issued with a Suitability Card (Blue Card) by the Commission.

As soon as you enter your enrolment program for the course, you must submit your Blue Card application to the QUT Student Centre immediately. You must hold a Blue Card to undertake activities in any unit which involves contact with children, including the required field studies blocks.

If you do not apply for a Blue Card immediately upon enrolment in the course and allow sufficient time for the police check and issuing of the Card, you will be unable to participate in the required activities and may need to be withdrawn from the unit(s) and incur both financial and academic penalty. It may take up to 8 weeks for the Commission to issue the Card. [Application form](#)

Discontinuation of the course

LS37 was discontinued and replaced by LS47 Bachelor of Medical Laboratory Science from 2012. Continuing students should remain in LS37. If you need enrolment advice, please consult the course coordinator.

Professional Recognition

As a graduate, you will be eligible for membership of the Australian Institute of Medical Scientists (AIMS) and will have completed the academic and work placement requirements for admission as a full member. Depending on your clinical discipline(s) of employment, you will be eligible to apply for membership of various professional organisations including the Australasian Association of Clinical Biochemists, Australian Society of Microbiology, Australian Society of Cytology, Human Genetics Society of Australasia, Haematology Society of Australia and New Zealand, Australian and New Zealand Society of Blood Transfusion and Australian Society of Thrombosis and Haemostasis.

Other Course Requirements

Work Experience Program: This course includes a mandatory Summer Program between years two and three of the full-time course. During the Summer Program you will be required to undertake a minimum six-week work experience

program in a practising pathology laboratory. Proof of successful vaccination against Hepatitis B must be provided at the end of first semester of the second year of the course.

Blue Card

A current blue card authorised with QUT may be required prior to commencing the clinical placement components of this course. For more information visit [Blue Card](#) and ensure that you allow adequate time for processing your application and issuing of the card in order to avoid clinical experience delays.

Domestic Course structure

Your course

Year 1

The Bachelor of Applied Science (Medical Science) commences with a solid grounding in life sciences, mathematics, chemistry and physics. You will undertake further intensive study in human physiology, anatomy, cell and molecular biology. With QUT's practical approach to teaching, you will not only learn the theory, but gain a wealth of practical experience in QUT's state-of-the-art laboratories.

Year 2

You will proceed to the topics of biochemistry, microbiology and pathology before sampling various specialisations like immunology, haematology and histopathology. During practical classes you will learn the latest techniques used in the pathology industry and improve your skills to professional standards. At the end of the year you will be ready to undertake a six-week placement in a pathology laboratory to further develop your skills under the guidance of professionals in the workplace.

Year 3

The final year builds on the key areas of biochemistry, microbiology, immunology, haematology, histopathology and introduces immunohaematology. You will develop your skills to an advanced level and further refine your laboratory techniques to ensure that, when you graduate, you will be ready to operate confidently in the workplace. You can take advantage of QUT's close links with the pathology industry to further enhance

Bachelor of Applied Science (Medical Science)

your employment prospects.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the [Additional course requirements and costs](#) website.

Further information

For further information, contact the School of Biomedical Sciences

biomedical@qut.edu.au or 07 3138 1938.

International Course structure

Your Course

Year 1

You will undertake units covering chemistry, physics, anatomy, pathology and cell biology, providing a solid knowledge base for the topics covered later in the course. With QUT's practical approach to teaching, you will not only learn the theory, but gain a wealth of practical experience in state-of-the-art laboratories. You will also gain an introduction to the essential communication skills required for a career in the health and medical professions.

Year 2

You will have the option of choosing a major and two minors from five key biomedical scientific disciplines to align with your own career goals: anatomical sciences, cell and molecular biology, human biochemistry, human physiology and infectious diseases. You will have the opportunity to complement your studies by choosing a university wide set from a discipline outside of biomedical science, such as behavioural science, public health, human rights, entrepreneurship, mathematical sciences, international business or study a language. A minor is also available in Clinical Physiology which includes a 400 hour Clinical Physiology internship in which you will be placed in a hospital with professional clinical physiologists who will provide training in physiological instrumentation and measurement, recording, interpretation and reporting of clinical data. You will also have opportunities to gain real world experience as part of your course in Work Integrated Learning placements in biomedical research institutes and laboratories in the science industry.

Year 3

In the real world, the design and completion of successful research and/or business projects demand that individuals gather information, solve problems, work effectively as a part of a team and analyse and communicate results in a critical manner. Therefore each major in this course will culminate in a capstone unit which will require you to apply the knowledge and skills developed through your course. Capstone projects include human anatomical dissection, contemporary laboratory based research projects in biochemistry, physiology and

cell and molecular biology, and diagnosis, characterisation and development of appropriate responses to an infectious disease outbreak scenario.

Course Design

The Bachelor of Biomedical Science comprises first-year studies in chemistry, physics, anatomy, pathology and cell biology, providing a solid knowledge base for the topics covered later in the course.

Units in the second and third years combine advanced studies with theoretical, practical, and problem-solving skills. Several units in the area of humanities and applied health are an integral part of the course.

The Bachelor of Biomedical Science provides the necessary knowledge and skills to enter a career in biomedical research, with integration of research design and implementation, scientific writing and communication and practical laboratory skills embedded through each year of the course.

Furthermore students will be well prepared to sit GAMSAT which is designed to evaluate mastery and use of concepts in basic science as well as the acquisition of more general skills in problem solving, critical thinking and writing. The Bachelor of Biomedical Science provides a solid grounding in GAMSAT testing areas: reasoning in humanities and social sciences, written communication, reasoning in biological and physical sciences (including chemistry, biology and physics).

Sample Structure

To fulfil the requirements of this course you must do the following:

- complete 8 Biomedical Science core units (Year 1);
- select and complete any 2 units from Biomedical Science List A core option units (Year 2);
- select a Major and complete the 6 units comprising that Major (Years 2 & 3); and
- select and complete 2 Minors to complement your Major (Years 2 & 3). You may choose to do 2 biomedical science minors, or 1 biomedical science minor and 1 university-wide minor.

As a graduate, you can pursue further studies leading to a career in medical research. Graduates are currently working as researchers in areas such as cancer diagnosis, malaria, virology, stem cells, infectious diseases, immunology, transfusion science, eye disease, reproductive medicine and molecular biology.

Further information

For more information about this course, contact the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

International Course structure

Your course

Year 1

The course commences by developing a sound knowledge and understanding of fundamental concepts that underpin medical laboratory science: cellular and molecular biosciences, anatomy, physiology mathematics, statistics, biophysics and chemistry. You will also be introduced to the local, national and global profession of medical laboratory science, and the Australian Healthcare System in the first of your professionally orientated units in the course.

Year 2

In your second year, you will explore more specialised concepts in pathology, biochemistry, microbiology, immunology, cytogenetic and molecular pathology, histopathological techniques, quantitative medical science, and quality assurance systems. In your practical classes, you will learn some of the latest techniques used in the clinical diagnostic pathology industry, giving you the opportunity to develop your skills to professional standards.

Year 3

The third year of the program allows you to further develop and refine your knowledge, understanding and practical skills to a more advanced level, and learn how they are applied in the clinical disciplines of molecular diagnostics, microbiology, chemical pathology, diagnostic endocrinology, histopathology,

Bachelor of Medical Laboratory Science

cytopathology, haematology and, transfusion and transplantation science.

Year 4

In your first semester, you will undertake a semester-long work integrated learning internship in a recognised laboratory. During that time you will also complete studies in health informatics and learn how this relates to day-to-day laboratory operations. In your final semester, you will complete an elective of your choice designed to complement your learning, e.g. pharmacology, marketing, management or research techniques. You will also prepare professional plans and identify graduate opportunities, as well as further your clinical discipline specific learning in the context of intercultural health and contemporary issues in medical science.

The course meets the requirements for accreditation by the Australian and New Zealand Podiatry Accreditation Council. Graduates meet the requirements for registration with the Podiatry Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit

the AHPRA website:
<http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx>

Please refer to the Podiatry Board of Australia website
<http://www.podiatryboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

Graduates have been eligible for registration in the United Kingdom, New Zealand and some European countries and may also become members of the Australian Podiatry Association (APA) and Sports Medicine Australia (SMA).

Student registration

QUT automatically registers students enrolled in this course with the Podiatry Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the [Additional course requirements and costs](#) website.

Honours

A degree with honours may be awarded to students who have recorded outstanding achievement in the four-year program.

Your Course

Year 1

You will undertake units covering chemistry, physics, anatomy, pathology and cell biology, providing a solid knowledge base for the topics covered later in the course. With QUT's practical approach to teaching, you will not only learn the theory, but gain a wealth of practical experience in state-of-the-art laboratories. You will also gain an introduction to the essential communication skills required for a career in the health and medical professions.

Year 2

More advanced studies in cell biology combine with units in physiology, biochemistry, microbiology and human rights and ethics. If you wish to proceed to postgraduate medicine studies, you will have the opportunity to attend information

sessions on the GAMSAT exam.

Year 3

You will have some flexibility in subject choices to allow you to tailor the qualification to suit your desired career outcomes. You may choose to take units in medical biotechnology, clinical biochemistry, or microbiology (including parasitology) and there are also opportunities to complement your scientific studies with topics such as anatomical imaging, psychology, exercise physiology, indigenous issues or ethical issues related to gene technology.

Course Design

The Bachelor of Biomedical Science comprises first-year studies in chemistry, physics, anatomy, pathology and cell biology, providing a solid knowledge base for the topics covered later in the course.

Units in the second and third years combine advanced studies with theoretical, practical, and problem-solving skills. Several units in the area of humanities and applied health are an integral part of the course.

The Bachelor of Biomedical Science provides the necessary knowledge and skills to enter a career in biomedical research, with integration of research design and implementation, scientific writing and communication and practical laboratory skills embedded through each year of the course.

Furthermore students will be well prepared to sit GAMSAT which is designed to evaluate mastery and use of concepts in basic science as well as the acquisition of more general skills in problem solving, critical thinking and writing. The Bachelor of Biomedical Science provides a solid grounding in GAMSAT testing areas: reasoning in humanities and social sciences, written communication, reasoning in biological and physical sciences (including chemistry, biology and physics).

Domestic Entry requirements Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English
- Chemistry

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended Study: Biological Science.

International Entry requirements International Subject prerequisites

- Maths B
- English
- Chemistry

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended Study: Biological Science.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.0

Professional Recognition

Following graduation, approximately 12 months of pre-registration training performed under the supervision of a registered pharmacist is required to meet the registration requirements of the Pharmacists Board of Queensland.

Graduates will be eligible for membership of a number of professional associations, including the Pharmaceutical Society of Australia, the Pharmacy Guild and the Society of Hospital Pharmacists of Australia.

English Language Skills (Applicable to health practitioners applying for registration)

All applicants must be able to

demonstrate English language skills at IELTS academic level 7.5 or equivalent. Test results from examinations will generally need to be obtained within two years prior to applying for registration.

Other Course Requirements

You must be vaccinated for Hepatitis B and provide a post-vaccination pathological report or similar certification showing proof of immunity prior to undertaking your first clinical placement.

Blue card

A current blue card authorised with QUT may be required prior to commencing the clinical placement components of this course. For more information visit [Blue Card](#), and ensure that you allow adequate time for processing your application and issuing of the card in order to avoid clinical experience delays.

Student registration

QUT automatically registers students in this course with the Pharmacy Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Further Information

For more information about this course, please call the School of Clinical Sciences on +61 7 3138 1938 or pharmacy@qut.edu.au

Domestic Course structure Your Course

Year 1

You will undertake theoretical and practical studies covering chemistry, maths, anatomy and biology. You will begin practising your communication skills in QUT's pharmacy counselling room, which operates like a real pharmacy counter. You will gain an understanding of the operations of a community pharmacy, including prescription processing, product labelling, and the therapeutic use of over-the-counter (OTC) medications. You will also gain an introduction to retailing skills.

Year 2

You will undertake your first clinical placement in a real community pharmacy environment. At QUT you will expand your counselling skills and increase your knowledge regarding a range of OTC and prescription medications used to treat cardiovascular and gastrointestinal tract

disorders. You will learn how to perform pharmaceutical calculations, prepare basic pharmaceutical products and gain a deeper understanding of how drugs interact with the human body, producing their therapeutic and sometimes adverse effects.

Year 3

You will proceed to topics which provide vital information to health professionals regarding the optimal choice of drug therapy for individual patients. There is an emphasis on drugs used to treat central nervous system disorders, in addition to drugs prescribed for cancer and infectious diseases. You will learn how to prepare more complex product formulations and spend three hours per week in a community or hospital pharmacy followed by a one-week full-time clinical placement in each semester.

Year 4

You will study further specialised topics including pharmacotherapeutics, epidemiology and pharmacoeconomics. There is an emphasis on the integration and application of your studies into current pharmacy practice. A range of guest lecturers will also present material regarding social issues and current practices in women's and Indigenous health.

Domestic Course structure

Your course

Year 1

You will develop a solid grounding in anatomy and medical physics along with introductory knowledge of patient health-care needs, professional communication techniques and ethical, legal and accountability issues. Introductory studies in medical radiation and radiotherapy techniques are complemented with practical sessions using equipment in clinical departments. You will learn a range of skills including patient data acquisition, radiation dosimetry and the basic techniques of treatment delivery including beam direction and beam defining devices.

Year 2

You will progress to further studies in anatomy and pathology as well as the planning of complex techniques like photon therapy, electron therapy, and megavoltage therapy, including techniques for specific sites. The use of computer software to assist with the optimisation of isodose distributions will be covered along with issues related to the interaction of radiation with tissue, dose measurement and related quality assurance procedures. You will undertake practical exercises in hospital clinical departments along with your first clinical placement period, allowing you to gain real experience in a working environment.

Year 3

You will continue to develop your skills through clinical placements in hospitals and practical classes using equipment in clinical settings. You will cover the techniques of medical imaging used in the detection of cancer, along with future directions of three dimensional treatment planning. You will progress to more complex and specialised techniques for child patients and patients with communicable disease, along with the latest developments and techniques complementary to the modern radiotherapy treatment of cancer. You will learn important information about the biological effects of ionising radiation and the philosophy and protocol in radiation protection and quality assurance.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended Study: Maths A, B or C

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the [Additional course requirements and costs](#) website.

Professional recognition

The course meets the requirements for accreditation by the Australian Nursing and Midwifery Council. Graduates meet the requirements for registration by the Nursing and Midwifery Board of Australia and are also eligible for membership of the Royal College of Nursing, Australia (RCNA).

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website:

<http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx>

Please refer to the Nursing and Midwifery Board of Australia website <http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

The Bachelor of Behavioural Science (Psychology) is accredited by the Australian Psychology Accreditation Council. To pursue a career in a professional area of psychology you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as a Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Please refer to the Psychology Board of Australia website <http://www.psychologyboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

Student registration

QUT automatically registers students enrolled in this course with the Nursing and Midwifery Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

a) Health Assessment - One role performed by paramedics is patient transport involving the use of a commercial vehicle. This requires different medical standards than those required of a private vehicle driver. Student paramedics may be required to drive an ambulance while undertaking the clinical practice units and as such will be required to undergo an "Assessment of

Bachelor of Nursing/Bachelor of Health Science (Paramedic)

Fitness to Drive a commercial vehicle" by a medical practitioner. All costs associated with health assessment are the responsibility of the applicant.

b) Criminal History - Applicants will be required to have a Police Records Check undertaken with the associated costs being the responsibility of the applicant.

c) Health Related Fitness Assessment - A large component of a Paramedic's work involves manual handling, which is defined as any activity requiring a person to lift, lower, push, pull, carry, move, hold or restrain any animate or inanimate object. Paramedics frequently perform all of these functions with patients weighing up to and over 150kg, while implementing various pre-hospital emergency care procedures. As such, students will be required to undergo a fitness assessment to ensure they possess the cardiovascular and muscular abilities to perform the role of a Paramedic.

d) Immunisations - It is a requirement for any student to be immunised against Hepatitis B before undertaking a placement in a Queensland Health facility. In addition to the above, QAS strongly advises students to be immunised against the following before undertaking a clinical placement: Tetanus, Measles, Mumps, Rubella, and Poliomyelitis.

Additional costs

For the nursing component: \$550
Uniform, footwear, first aid course, hepatitis B vaccination.

For the Paramedic component: \$1,200
Uniform, health and fitness assessments, criminal record check, immunisations, psychometric assessment, equipment.

Professional recognition

The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC).

To pursue a career in a professional area of psychology, you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology, followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Business component: Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and

unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Behavioural Science (Psychology) program and 192 credit points from the Bachelor of Business.

The course structure for the Bachelor of Behavioural Science component of the double degree comprises the main APAC-accredited psychology core programme of 12 units as well as 4 psychology electives. The psychology core allows the student to complete a 3-year APAC-accredited psychology sequence across 4 years of study. On completion of the double degree program, a student then has the option to apply for entry to a Bachelor of Behavioural Science (Honours Psychology) or the Graduate Diploma in Behavioural Science (Psychology), in order to gain provisional registration as a psychologist.

The Business major can be selected from all majors offered within the BS05 Bachelor of Business. The Bachelor of Business component consists of eight core units*; and an additional eight discipline specific units from within the chosen major, offered at Gardens Point. Students choosing the Management or Marketing majors may undertake units at the Caboolture campus.

* Please note that the Business School Core Unit BSB123 Data Analysis is not required as the Psychology content covers similar topics. MGB223 Entrepreneurship and Innovation replaces this unit.

Bachelor of Business (Honours) Year Option

Students can apply for Bachelor of Business (Honours) (BS63) once they have completed the double degree program. Please click on [BS63](#) for more details.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Professional Recognition

The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC). The Bachelor of Laws degree satisfies the academic requirements for admission to practice as a Solicitor or Barrister in all Australian States or Territories.

Many graduates wish to pursue careers in professional areas of psychology. To do so students must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Psychology (Honours) or Graduate Diploma in Behavioural Science (Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Honours

The Bachelor of Laws degree may be

awarded with honours to students who have recorded outstanding achievement in the law component of the program.

Domestic Course structure

You will study a combination of psychology and law units in the first four years, with law units only in the final three semesters.

In your first year, you will be introduced to foundation psychology along with torts and legal foundations. In your second year, you will learn social and organisational psychology, research design and data analysis, contracts, criminal law, developmental psychology, counselling and criminal responsibility.

Your third year allows some flexibility, with your choice of a psychology unit. Other compulsory topics in year three are equity, property law and trusts.

In fourth year, you can pick three electives to study alongside physiological psychology, constitutional law, evidence, psychopathology and corporate law. Years five and six are law units only, but the course allows you to choose units that interest you. You will also study administrative law, civil procedure and learn about professional responsibility. See the [Bachelor of Laws](#) online course information for more details and elective options.

Location

Psychology units are offered at Kelvin Grove campus and Justice units are offered at Gardens Point campus.

Course structure

In order to complete the Bachelor of Behavioural Science (Psychology) component, you must complete a total of 192 credit points consisting of:

Psychology core units (12 units = 144 credit points)

Psychology elective units (4 units = 48 credit points)

In order to complete the Bachelor of Justice component, you must complete a total of 192 credit points from the following:

Justice core units (8 units = 96 credit points)

Study Area A (8 units = 96 credit points)

Students must complete a total of 384 credit points.

Professional recognition

The Bachelor of Behavioural Science

component of the program comprises a 3-year undergraduate psychology sequence accredited by the Australian Psychology Accreditation Council (APAC), completed across 4 years of study. On completion of this double degree, students have the option to apply for a 4th year program in psychology, in order to gain provisional registration as a psychologist.

At any point during your study, you can become a student member of the Australian Psychological Society. Such membership should not be confused with registration as a psychologist. To become a psychologist, you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

The Bachelor of Justice is highly regarded by the Australian Federal Police, Queensland Police Service and all law enforcement agencies, with many justice graduates gaining employment in these services.

Pathways to further study

On successful completion of the Bachelor of Behavioural Science (Psychology) (including completion of PYB350), you will be eligible to apply for entry into the Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology), provided you have achieved the required GPA.

On successful completion of the Bachelor of Justice, you will be eligible to apply for entry into the Bachelor of Justice (Honours), provided you have achieved the required GPA.

Domestic Course structure

First year comprises foundation units to give you a solid overview of each area.

Bachelor of Behavioural Science (Psychology)/Bachelor of Justice

You will study introductory psychology, criminology, policing, interpersonal processes and skills, justice and society, and research methods. You will also develop an understanding of the criminal justice system, and learn about forensic psychology and how it relates to law.

By second year you will begin to pick study areas related to your justice major. You will expand your knowledge in social and organisational psychology, research analysis, social ethics, developmental psychology and counselling.

Third year allows you to tailor your degree to your interests. Of the eight units studied in third year, you can choose six of them from an extensive electives list. Choose from areas such as human sexuality, alcohol and drug studies, forensic psychology, psychology and gender, road safety, industrial and organisational psychology, health psychology and family therapy.

In fourth year combine four compulsory units with the other four units of your choice. Compulsory units include physiological psychology, psychopathology, Indigenous justice, and statistical analysis. You choose three justice electives and one psychology elective to complete your studies.

Professional Recognition

The Bachelor of Nursing /Bachelor of Midwifery double degree program meets the requirements for accreditation by the Australian Nursing and Midwifery Council (ANMC). Graduates meet the requirements for registration by the Nursing and Midwifery Board of Australia with endorsement as midwife practitioners. They are also eligible for membership of the Royal College of Nursing, Australia (RCNA) and the Australian College of Midwives.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website: <http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx>

Please refer to the Nursing and Midwifery Board of Australia website <http://www.nursingmidwiferyboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

Student registration

QUT automatically registers students enrolled in this course with the Nursing and Midwifery Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Other course requirements

It is a requirement of Queensland Health that all students undertaking a clinical placement in a Q health facility complete The Essentials component of the student orientation package which is available on the Queensland Health website.

Blue Card As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards.

Additional Costs The clinical practice units require students to undertake block practicums of two or more weeks duration. Block practicums may be scheduled during semester breaks. Students will be required to wear a uniform including suitable footwear while on clinical practice, the cost of which is approximately \$150. Students enrolling in this program are required to complete a course of vaccinations for Hepatitis B before commencing their clinical practice units. They are also required to have a current Senior First Aid Certificate or the equivalent prior to commencement of Clinical Practice 1.

The dissertation is one 48 credit point unit representing 50 per cent of the program. Preparation and presentation of the dissertation is completed under the guidance of a supervisor and is examined externally.

Electives

Students undertake two 12 credit point electives. At least one elective must be a research elective selected from the nominated list of research electives. The second elective may be selected from any honours or postgraduate program offered by the University, subject to prerequisite requirements and with the approval of the student's mentor/supervisor and the Course Coordinator. Normally the elective unit is chosen from within the student's discipline area or from an area that complements or is relevant to the student's study program. For further information on available units contact the Honours Coordinator.

International Student Entry

International students may enrol only in full-time studies.
