Domestic Entry requirements

Applicants should have completed a bachelor degree, or equivalent, in a relevant area and have attained a minimum grade point average of 5 (on a 7-point scale) or its equivalent.

Applications should be made at the end of the final year of the bachelor degree or within 18 months of completing that degree.

Applicants who do not satisfy the normal entry requirements but who have demonstrated outstanding performance in the final year of the degree and/or appropriate work experience or involvement in research may be admitted at the discretion of the Executive Dean.

International Entry requirements

Applicants should have completed a bachelor degree, or equivalent, in a relevant area and have attained a minimum grade point average of 5 (on a 7-point scale) or its equivalent.

Application should be made at the end of the final year of the Bachelor degree or within 18 months of completing that degree.

Applicants who do not satisfy the normal entry requirements but who have demonstrated outstanding performance in the final year of the degree and/or appropriate work experience or involvement in research may be admitted at the discretion of the Executive Dean.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course structure

The core of the honours program is a 48 credit-point project that will provide students with the opportunity to learn about research by conducting a research project with an experienced researcher who acts as both supervisor and mentor. Students will learn about the types of processes, creativity and analytical

thinking that lead to scientific and technological advances and how to communicate such findings in a rigorous, systematic manner.

The course consists of two 12 credit point units covering advanced discipline readings and readings in biomedical science; two 12 credit point units covering research strategies; and a 48 credit point research project.

Career outcomes

The Bachelor of Biomedical Science (Honours) program is designed for graduates who have achieved at a high level (GPA 5) in their degree from a recognised tertiary institution, with major studies in a relevant discipline. The Honours qualification not only enhances your professional employability in your chosen discipline, but opens a direct pathway to postgraduate studies, qualifying you for entry into Doctor of Philosophy, Doctor of Health Science and Master of Applied Science (Research) courses.

Professional recognition

Relevant scientific professional bodies include Australasian Graduates may seek membership of various organisations as follows:

Association of Clinical Biochemists, AusBiotech Ltd, Australian Society for Biochemistry and Molecular Biology, Australian Society for Medical Research, and Australian Society for Microbiology. Eligibility for membership is based on the combination of units undertaken in the Honours degree and the Bachelor course that underpins it.

overall	6.5

Dissertation

The dissertation is one 48 credit point unit representing 50 per cent of the program. Preparation and presentation of the dissertation is completed under the guidance of a supervisor and is examined

externally.

Electives

Students undertake two 12 credit point electives. At least one elective must be a research elective selected from the nominated list of research electives. The second elective may be selected from any honours or postgraduate program offered by the University, subject to prerequisite requirements and with the approval of the student's mentor/supervisor and the Course Coordinator. Normally the elective unit is chosen from within the student's discipline area or from an area that complements or is relevant to the student's study program. For further information on available units contact the Honours Coordinator.

International Student Entry

International students may enrol only in full-time studies.

Domestic Entry requirements

Academic entry requirements

- Completed a recognised three-year psychology degree within the past 10 years with a grade point average of at least 5.0 (on a 7-point scale)
- The degree must be accredited by the [Australian Psychology Accreditation Council \(APAC\)](#) as an entry point into an honours program; e.g. PY45 Bachelor of Behavioural Science (Psychology) at QUT
- Applicants with APAC-accredited bachelor studies from an institution other than QUT must provide evidence of their eligibility to undertake an honours program at their home institution
- Applicants with overseas qualifications must provide certification from the [Australian Psychological Society](#) stating their degree is equivalent to APAC-approved, three-year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional entry requirements

- A grade of at least 4 (on a 7-point scale) for each of the APAC-accredited second and third year psychology units listed below with an overall grade point average of at least 5.3 (on a 7-point scale)

The required APAC-accredited second and third year psychology units at QUT are:

- PYB202 Social and organisational psychology
- PYB203 Developmental psychology
- PYB204 Cognition and perception
- PYB210 Research design and data analysis
- PYB304 Physiological psychology
- PYB306 Psychopathology
- PYB309 Individual differences and assessment
- PYB350 Advanced statistical analysis

Similar APAC-accredited subjects are required for studies completed at another institution.

Early closing date

Applications close on 30 September. Applications after this date will not be accepted.

Additional information

As this course is competitive and applications are pooled the grade

average(s) for entry may be higher than the minimum standard given above.

International Entry requirements

Entry to this course is competitive. To be considered for admission, candidates:

- an undergraduate degree in psychology (completed within 10 years of the year for which admission is sought) accredited by the Australian Psychology Accreditation Council (APAC) as an entry point into an APAC-accredited fourth-year program, e.g. Bachelor of Behavioural Science (Psychology).
- successfully completed an APAC-accredited advanced statistical analysis unit at third year level, e.g. PYB350 Advanced Statistical Analysis
- an overall Grade Point Average (GPA) of at least 5 (on a 7-point scale)
- a GPA of at least 5.3 across all attempts of the listed APAC accredited second- and third-year psychology units

For QUT applicants the required APAC accredited second- and third-year psychology units are:

- PYB202 Social and Organisational Psychology
- PYB203 Developmental Psychology
- PYB204 Perception and Cognition
- PYB210 Research Design and Data Analysis
- PYB304 Physiological Psychology
- PYB306 Psychopathology
- PYB309 Individual Differences and Assessment
- PYB350 Advanced Statistical Analysis

Non-QUT applicants

For applicants with an APAC-accredited bachelor award other than from QUT:

- successfully completed an APAC-accredited advanced statistical analysis unit at third year level, e.g. PYB350 Advanced Statistical Analysis
- an overall Grade Point Average (GPA) of at least 5 (on a 7-point scale)
- a GPA of at least 5.3 across all attempts of the listed APAC accredited second- and third-year psychology units

Students with overseas qualifications need certification by the Australian Psychological Society that their degree is equivalent to APAC-approved, three-year training in psychology.

Bachelor of Behavioural Science (Honours Psychology)

How to apply

You must submit the following by 30 September:

- Completed F Form
- Attached all relevant documents as requested in the F Form (eg academic transcript and award certificates)
- Attached your Australian Psychological Society (APS) letter showing the assessment outcome of your Psychological Qualifications. The Australian Psychological Society (APS) assesses the level at which an applicant's qualifications are comparable to an Australian Psychology Accreditation Council (APAC)-accredited sequence of study in psychology. To have your qualification assessed please contact APS. More information is available on the APS website: <http://www.psychology.org.au/membership/qualifications/>.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

Successful completion of the Bachelor of Behavioral Science (Honours Psychology) meets the academic requirements for provisional registration as a psychologist with the Psychology Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website:

<http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx>

Please refer to the Psychology Board of Australia website: <http://www.psychologyboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

International Student Entry

International students may enrol only in full-time studies.

Please refer to the Psychology Board of Australia website <http://www.psychologyboard.gov.au/Registration-Standards.aspx> for information on the Board's English Language Skills Registration Standard.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The honours program comprises eight units and can be completed in full-time or part-time study mode.

Core units include PYB407 Research and Professional Development Seminar and PYB401 Advanced Research Methods plus electives from advanced cognitive, organisational, counselling, developmental, and social theory. These units have three contact hours per week.

This course also includes a research component which entails an individual thesis. PYB400 Thesis is undertaken in modules throughout the program. Initially students complete a research plan which sets out the project. This is followed by collection, analysis and writing-up of the data. Contact hours for the research component are as required by the supervisor.

Year 1, Semester 2 (Feb)	
	Podiatric Therapeutics 2

Domestic Course structure

Offered on a part-time basis over two semesters, there are on-campus intensive sessions for the discussion of key content, peer review and interaction, supervised practicum in [QUT's multimillion dollar purpose-built Health Clinics](#) and assessment. These intensives will be supplemented by sophisticated online resources using interactive scenarios to simulate key dilemmas and challenges in clinical practice. A revision of the fundamental biomedical sciences related to pharmacology and pharmacotherapeutics is also incorporated at the start of the program.

To highlight the National Prescribing Service competencies to prescribe medicines and enable self reflection and assessment of podiatric therapeutic practice skills for continuing quality improvement, the units of study across the course will be accompanied by a formative portfolio where students will measure their application of developing knowledge and skills.

In the final semester you will acquire the clinical decision-making and practical skills required for prescribing scheduled medicines.

Throughout the course you will develop a portfolio so that in your podiatric practice you will be able to remain abreast of developments in the field of medication and pharmacological issues.

Domestic Entry requirements

Academic entry requirements

- A bachelor degree in a health discipline (or equivalent).

Additional entry requirements

Nursing study area

- Current registration with the Nursing and Midwifery Board of Australia.

Allied health study area

- Current registration with the Australian Health Practitioner Regulation Agency (AHPRA); or
- Recognised professional credentialing with the required professional body

International Entry requirements

Applicants for the Graduate Certificate in Chronic Health Conditions must have a bachelor degree in a health discipline (or equivalent).

Allied Health study areas

- Current registration with the Australian Health Practitioner Regulation Agency (AHPRA); or
- Recognised professional credentialing with the required professional body; or
- in the case of international applicants, with a health regulatory authority in the student's country of origin or residence.

Nursing study area

International applicants holding a non-student visa which includes study rights in Australia are eligible to apply for the Nursing Major. International applicants must be registered or authorised to practise in their country of origin or residence OR have current registration with the Nursing and Midwifery Board of Australia. The Nursing Major is not available to student visa holders.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Domestic Course structure

The Graduate Certificate in Chronic Health Conditions is offered with three study areas: nursing, allied health and public health and will appeal to health professionals working in a range of diverse settings.

All students will undertake the core unit Chronic Conditions Prevention and Management, providing the foundation for the course.

Students completing the nursing study area will focus their studies in advanced health assessment, and chronic care nursing and practice. Students undertaking the allied health or public health study areas will be able to select from a range of electives suited to their professional expertise, which may encompass studies in nutrition and dietetics, health promotion, promoting healthy ageing, epidemiology and research designs.

International Course structure

The Graduate Certificate in Chronic Health Conditions is offered with three study areas: Nursing, Allied Health and Public Health and will appeal to health professionals working in a range of diverse settings.

All students will undertake the core unit Chronic Conditions Prevention and Management, providing the foundation for the course.

Students undertaking the Nursing study area will complete studies in advanced health assessment, chronic care nursing and practice, whilst students undertaking the Allied Health or Public Health study areas will be able to select from a range of electives suited to their professional expertise, which may encompass studies in nutrition and dietetics, health promotion, promoting healthy ageing, epidemiology and research designs.

International applicants

Please note: the Nursing study area in this course is only available to international students on a non-student visa that includes study rights in Australia. Applicants will need to be registered or authorised to practise in their country of origin or residence OR have current registration with the NMBA. Please refer to the information for Australian and New Zealand applicants for details.

listening	6.0
overall	6.5

Course Structure

Students are required to complete any four units (totaling 48 credit points) from List A. Students can choose four units that make up a Study Area, or can choose units from across disciplines.

Study Areas

- Aged Care
- Emergency and Disaster Management
- Environmental Health
- Health Promotion
- Health Services Management
- Occupational Health and Safety
- Quality and Patient Safety (part-time only available)
- Risk Management (subject to review)
- Womens Health
- Cross-specialisation

Note: The four units in the Emergency and Disaster Management study area are only offered in second semester. Students enrolling part-time cannot complete the study area in consecutive semesters.

International Student Entry

International students may enrol only in full-time studies and may study only onshore.

Further Information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

Students in the Graduate Certificate in Health Science can select to complete four units from one study area or from across a range of Faculty of Health units. To complete a major, students must complete at least four units from the same study area within the Faculty of Health. Students can graduate with one specified major only.

Study areas

Study areas are offered in the following:

- Emergency and Disaster Management
- Environmental Health*
- Health Promotion
- Health Services Management
- Occupational Health and Safety*
- Quality and Patient Safety (Graduate Certificate only)
- Risk Management
- a cross-specialisation (where no study area is taken but students study across a variety of fields).

* Students wishing to complete a graduate diploma qualification in Environmental Health or Occupational Health and Safety should apply for entry into the [Graduate Diploma in Environmental Health](#) or [Graduate Diploma in Occupational Health and Safety](#) and not the Graduate Diploma in Health Science.

International Course structure

Students in the Graduate Certificate in Health Science can select to complete four units from one study area or from across a range of Faculty of Health units. - Environmental Health*
- Health Promotion
- Health Services Management
- Occupational Health and Safety*
- Quality and Patient Safety (Graduate Certificate only)
- Risk Management

Graduate Certificate in Health Science

- a cross-specialisation (where no study area is taken but students study across a variety of fields).

* Students wishing to complete a graduate diploma qualification in Environmental Health or Occupational Health and Safety should apply for entry into the [Graduate Diploma in Environmental Health](#) or [Graduate Diploma in Occupational Health and Safety](#) and not the Graduate Diploma in Health Science.

Domestic Entry requirements

A four year undergraduate degree or three years plus either an honours year or postgraduate coursework year in any discipline. Applicants who do not meet these academic requirements may be eligible to enter the course on the basis of professional activities completed in research management, research commercialisation or a related field. Such applicants are advised to contact the Course Coordinator for a ruling on eligibility, and are expected to accompany their application with a statement detailing evidence of active engagement in research.

International Entry requirements

A four year undergraduate degree or three years plus either an honours year or postgraduate coursework year in any discipline. Applicants who do not meet these academic requirements may be eligible to enter the course on the basis of professional activities completed in research management, research commercialisation or a related field. Such applicants are advised to contact the Course Coordinator for a ruling on eligibility, and are expected to accompany their application with a statement detailing evidence of active engagement in research.

Minimum English requirements

Students must meet the English proficiency requirements.

Email: egsacoordinator@qut.edu.au
This course is offered by Queensland University of Technology as part of a joint collaboration with the other ATN universities as part of the e-Grad School Australia

Part-time Students

Part-time students can enrol in one or two units per semester.

Domestic Course structure

Course structure
The Graduate Certificate in Research Commercialisation is designed to develop the skills and capacity to identify the commercial potential of your research. This includes the development and implementation of a strategy and business plan for commercialisation. You may also choose to develop skills in project managing your research, entrepreneurship or managing your research career. You can also build knowledge foundations in research and development (R&D) management and the relationship between research and commercialisation.

Discontinuation of the course

No new admissions will be accepted into this course from Semester 1, 2015. Applicants commencing in July 2014 will not be eligible for any advanced standing and must complete the full course.

Further information

For further information, contact the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

Domestic Course structure

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the cell and biomolecular sciences and areas of interest in biotechnology.

The Graduate Certificate in Biotechnology is a foundation program for people without a science degree or for those who do not have a recent background in the cell and biomolecular sciences. Fundamental aspects of cell and molecular biology, biochemistry and microbiology are covered in this first program. Successful completion of this program allows students to then specialise in more advanced aspects of biotechnology. The Graduate Certificate in Biotechnology also allows students to gain essential generic skills and attributes for successful postgraduate research and learning.

Students must commence in July and enrol in Semester 2 units first. Advanced standing may be given for this foundation program if the student has a degree or equivalent with recent and appropriate undergraduate-level knowledge and practical experience in the key areas of molecular biology, cell biology, biochemistry and/or microbiology at an advanced level. If advanced standing is granted and accepted, students can enrol directly in any of the more advanced biotechnology programs in their first semester of study.

Domestic Entry requirements

Entry requirements

Registered as a nurse with the Australian Health Practitioner Regulation Agency (AHPRA).

Study area requirements

In some study areas, applicants will need to comply with certain clinical requirements.

You will be asked to confirm that you have specific professional experience prior to enrolling in units that require workplace-based clinical practice. You will also need to maintain access to the relevant practice setting for the duration of the course. If you do not confirm your professional experience or maintain access to a relevant practice setting, you will not be able to complete the clinical assessment components required to complete units in the study area.

Please refer to study area information in the 'Units' tab for specific details.

Limited places

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Study areas

Study areas are available in the following areas:

- Acute Care
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Cross-specialisation

Additional course requirements

Acute Care Nursing

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where acutely ill patients are encountered. Examples include, but are not limited to, acute medical-surgical, rehabilitation, orthopaedic, community and residential, general practice, renal and chronic care settings.

Cancer Nursing

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where care is delivered to cancer patients. Examples include medical and radiation oncology, haematology, medical-surgical, community and aged care residential settings.

Emergency Nursing

You must:

- be currently working at least 0.5 FTE (full-time equivalent) in an emergency setting
- have a minimum of three months FTE (full-time equivalent) experience in an emergency setting.

Intensive Care Nursing

You must:

- be currently working at least 0.5 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in intensive care medicine
- have a minimum of three months FTE (full-time equivalent) experience in an intensive care unit as defined above.

Paediatric, Child and Youth Health Nursing

This study area requires you to undertake clinical practice in a paediatric, child and youth health nursing setting. Examples include acute paediatric or community health settings. If you wish to focus on issues relating to acute child and family health, you must be currently working at least 0.5 FTE (full-time equivalent) in an acute paediatric setting.

Cross-specialisation

Students complete two core units and choose two additional units from a list of electives covering more than one study area.

This option has no additional professional experience requirements.

Pathways to future study

The Graduate Certificate in Nursing fully articulates with the Master of Nursing.

International students

The Graduate Certificate in Nursing is offered part-time only in internal or external mode and is not available to international students.

Further information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Domestic Course structure

The Graduate Certificate allows students to complete four core units from their selected area of nursing practice. The following study areas are offered:

- acute care nursing
- cancer nursing
- emergency nursing
- intensive care nursing
- paediatric, child and youth health nursing
- cross-specialisation.

Acute Care Nursing

Students complete studies in advanced health assessment and nursing practice, issues and trends in acute care nursing, and critically analyse the advanced concepts that underpin this specialist area. Students will initiate plans of care to address common needs/problems experienced by clients.

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where acutely ill patients are encountered. Examples include, but are not limited to, acute medical-surgical, rehabilitation, orthopaedic, community and residential, general practice, renal and chronic care settings.

Cancer Nursing

Students develop competency in the practice of cancer nursing, examine major issues and trends in cancer nursing scholarship and practice, plan appropriate strategies/intervention for client care and develop an understanding of research applied to cancer nursing practice.

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where care is delivered to cancer patients. Examples include medical and radiation oncology, haematology, medical-surgical, community and aged care residential settings.

Emergency Nursing

Students explore the key issues, trends, and challenges in emergency nursing scholarship and develop an understanding of research applied to emergency nursing practice. Students develop skills in patient assessment,

planning, and implementation of health care in the emergency area.

You must:

- be currently working at least 0.5 FTE (full-time equivalent) in an emergency setting
- have a minimum of three months FTE (full-time equivalent) experience in an emergency setting.

Intensive Care Nursing

Students explore the theoretical, conceptual and practical knowledge required to provide effective nursing care for diverse and complex critically ill patients in the intensive care unit, an increasingly complex technological environment.

You must:

- be currently working at least 0.5 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in intensive care medicine
- have a minimum of three months FTE (full-time equivalent) experience in an intensive care unit as defined above.

Paediatric, Child and Youth Health Nursing

This program is designed for nurses working in acute or community settings to develop competency in the practice of paediatric nursing or child and youth health nursing. Students will examine major issues and trends in nursing scholarship and practice, and develop an understanding of research in this area.

This study area requires you to undertake clinical practice in a paediatric, child and youth health nursing setting. Examples include acute paediatric or community health settings. If you wish to focus on issues relating to acute child and family health, you must be currently working at least 0.5 FTE (full-time equivalent) in an acute paediatric setting.

Cross-specialisation

Students complete two core units and choose two additional units from a list of electives covering more than one study area.

This option has no additional professional experience requirements.

Discipline Coordinator	07 3138 4831 optometry@qut.edu.au

Domestic Entry requirements

Applicants for the course must hold a four year degree in optometry from a recognised School of Optometry, or have equivalent standing and have current registration as optometrists in any State or Territory of Australia or New Zealand.

Advanced standing will not apply and the course will not articulate with any currently offered course within QUT or other institution in Australia or elsewhere.

It is anticipated that The Optometry Council of Australia and New Zealand (TOC) will conduct examinations in ocular therapeutics for optometrists from overseas as they currently do for such optometrists seeking registration to practice in Australia.

Applicants are encouraged to apply early as strict quotas apply.

International Entry requirements

Applicants for the course must hold a four year degree in optometry from a recognised School of Optometry, or have equivalent standing and have current registration as optometrists in any State or Territory of Australia or New Zealand.

Course Coordinator	
Discipline Coordinator	

Domestic Entry requirements

Applicants are required to have:

- a bachelor degree or equivalent in a relevant science or allied health field (e.g. medical imaging science, biomedical science or nursing);
- a minimum of three months full-time equivalent prior supervised, hands-on clinical experience in cardiac ultrasound; and
- written proof of access to suitable clinical experience*.

*Students will need to maintain access to suitable clinical experience for the duration of the course. In accordance with the Australasian Sonographer Accreditation Registry (ASAR) Program Accreditation Guidelines, it is recommended that students be engaged in cardiac ultrasound practice for a minimum of three days/week over a two year period, full-time equivalent, in an Australian or New Zealand clinical setting.

In order to provide evidence of prior clinical experience and access to clinical experience, applicants must provide a letter from their clinical supervisor stating the following:

- that the applicant has a minimum of three months full-time equivalent supervised, hands-on clinical experience in cardiac ultrasound (at least 450 hours) at the time of application;
- that the student is rostered to train or work in cardiac ultrasound for a minimum of three days per week and/or independently performing 15 studies per week;
- the name and address of the practice where the applicant works; and
- the title and qualifications of the clinical supervisor (if a sonographer, the supervisor must also state their cardiac ultrasound qualification).

Early Closing Date

Closing date for applications is 30 November of the previous year in which you are applying for entry.

Should your application be received at QUT after the relevant closing date there is no guarantee it will be processed and may be held for the next available intake.

Minimum English requirements

Students must meet the English proficiency requirements.

Domestic Course structure

The Graduate Diploma in Cardiac Ultrasound takes two years of part-time study to complete. All students are required to attend an intensive one-week block on campus at the beginning of each semester.

The structure of this course includes:

- formal classroom components and clinical skills development sessions conducted during the intensive on-campus blocks
- comprehensive online lectures and self-assessment tutorials.

Applicants will need to maintain access to suitable clinical experience for the duration of the course.

- Health Promotion
- Risk management
- Women's health
- or a cross specialisation (where no major is taken but students study across a variety of fields).

Note: In 2010 the four units in the Emergency and Disaster Management study area are only available in second semester.

To complete a major, students must complete at least four units from the same discipline area from within the Faculty of Health.

Students can only graduate with one specified major (i.e. only one major will appear on the official academic record). Students may elect to change majors during their course as appropriate but should seek academic advice before doing so.

Students wishing to complete a graduate diploma qualification in Occupational Health and Safety should apply for entry into the Graduate Diploma in Occupational Health and Safety and not the Graduate Diploma in Health Science.

Course Structure

The Graduate Diploma in Health Science consists of eight units totally 96 credit points selected from units offered by schools within the Faculty of Health (List A units). Completion of four units (48 credit points) in an area of specialisation entitles the graduate to a Graduate Diploma in Health Science within a specific discipline, for example, Graduate Diploma in Health Science (Health Promotion).

Candidates can choose electives from a wide range of university postgraduate units, but these must be approved by the course coordinator.

Course Articulation

This course articulates fully into the Master of Health Science.

The Graduate Certificate in Health Science fully articulates into this course.

After successfully completing the equivalent of one semester of full-time study, students may exit the program with a Graduate Certificate in Health Science.

International Student Entry

International students may enrol only in full-time studies and only onshore.

Further information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

The Graduate Diploma in Health Science consists of eight units. Students can complete units from study areas or other listed Faculty of Health units.

Completion of four units from one study area entitles graduates to have their qualification awarded with their area of

specialisation. Students can graduate with one specified major only.

Select four units from List A

Study areas

Study areas are offered in the following:

- Emergency and Disaster Management
- Environmental Health*
- Health Promotion
- Health Services Management
- Occupational Health and Safety*
- Risk Management
- a cross-specialisation (where no study area is taken but students study across a variety of fields).

* Students wishing to complete a graduate diploma qualification in Environmental Health or Occupational Health and Safety should apply for entry into the [Graduate Diploma in Environmental Health](#) or [Graduate Diploma in Occupational Health and Safety](#) and not the Graduate Diploma in Health Science.

International Course structure

The Graduate Diploma in Health Science consists of eight units. Students can complete units from study areas or other listed Faculty of Health units.

Discontinuation of the course

No new admissions will be accepted for this course from Semester 1, 2015. Applicants commencing in July 2014 will not be eligible for any advanced standing and must complete the full course.

Further Information

For more information about this course, please call the School of Biomedical Sciences on +61 7 3138 1938 or biomedical@qut.edu.au

Domestic Course structure

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the cell and biomolecular sciences and areas of interest in biotechnology.

The Graduate Diploma in Biotechnology builds upon foundation concepts presented in the Graduate Certificate. The Graduate Diploma in Biotechnology offers students opportunities to pursue study in several relevant focus areas including the theoretical and practical aspects of biotechnology. It also covers the business of biotechnology, marketing, commercialisation, as well as the legal and ethical aspects of biotechnological applications.

Discipline Coordinator	07 3138 3824 nursing@qut.edu.au

Domestic Entry requirements

An applicant must be:

- registered as a nurse with the Nursing and Midwifery Board of Australia or the nurse regulatory authority in the student's state or territory of residence
- have gained a degree in nursing (or equivalent) from a recognised institution
- meet any additional requirements for the study area chosen.

All applicants must also complete and submit the [Postgraduate nursing questionnaire](#) to accompany their application.

Entry requirements for specific study areas are as follows:

Acute Care Nursing

Applicants must be employed in an acute practice setting for the duration of the course. Students are required to undertake workplace-based clinical experience in this setting as part of the course requirements.

Cancer Nursing

Applicants for the Cancer Nursing study area must normally be working at least 0.6 FTE in the practice setting relevant to cancer nursing. Students not working within these settings may be required to undertake additional supernumerary clinical experience to meet the requirements of the course.

Emergency Nursing

Applicants for the Emergency Nursing study area must be working at least 0.6 FTE in an emergency facility.

Intensive Care Nursing

Applicants for the Intensive Care study area be working at least 0.6 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in intensive care medicine.

Paediatric, Child and Youth Health Nursing

Students undertaking this study area will specialise in paediatric nursing or child and youth health nursing.

Applicants for the paediatric specialisation must be working at least 0.6 FTE in a paediatric setting.

Applicants wishing to specialise in child and youth health nursing do not need to be working in this area to undertake the course, however they will be required to undertake a clinical practicum.

International Entry requirements

Ageing and Dementia Studies, Professional Studies and Women's Health are the only majors available to international students.

International applicants must:

- have gained from a recognised institution a qualification equivalent, on the University's assessment, to that of a registered nurse in Australia
- be registered or authorised to practise in their country of origin or residence
- have gained a degree in nursing (or equivalent) from a recognised institution
- and normally have at least one year of appropriate post-registration clinical experience.

International applicants may also apply for alternative entry, on the basis of relevant experience, at the discretion of the Head of School of Nursing.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Study areas

The following majors are offered in this course:

- Acute Care *
- Ageing and Dementia Studies
- Cancer Nursing *
- Emergency Nursing *
- Intensive Care Nursing *
- Paediatric, Child and Youth Health Nursing *
- Professional Studies
- Women's Health

* Not available to international students

Students may follow one of the following pathways - Clinical, Professional and

Research.

Note: Information on Australian Government Scholarships in the area of aged care is available at: http://rcna.org.au/scholarships/government_scholarships

Course Structure

The course structures offer a wide range of pathways for nurses working in diverse settings, while at the same time ensuring opportunities for in-depth study to develop an advanced level of competence in selected areas of nursing practice.

The Graduate Diploma in Nursing consists of eight units each of 12 credit points making a total 96 credit points.

The Graduate Diploma may be undertaken by domestic students full-time or part-time in internal or external mode.

Professional Studies

The purpose of this area of study is to enable students who do not wish to undertake in-depth study in a particular specialty to have maximum flexibility to select a program of study relevant to their needs. The program is designed to extend and enhance existing nursing knowledge and skills; build confidence and leadership skills; provide a forum for critical examination of contemporary nursing; attain academic experience and qualifications; and foster an understanding of nursing within the broader umbrella of health care.

Graduate Diploma in Nursing students who choose this major will complete three core units, and five elective units. The elective options enable students to customise their program of study to meet individual learning needs.

Course

Pathways/Articulation

The Graduate Diploma in Nursing fully articulates with the Master of Nursing and is offered for domestic and international students who are eligible for registration as a nurse with the Nursing and Midwifery Board of Australia.

Further Information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Domestic Course structure

Students in the graduate diploma complete four core units from an area of interest. In addition, students elect to undertake their studies in one of three

pathway options—clinical, professional, or research. This allows students to tailor their study program to individual professional development needs.

Study areas

The following study areas are offered to domestic students:

- Acute Care Nursing
- Ageing and Dementia Studies
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Professional Studies
- Women's Health.

The following study areas are offered to international students in the Graduate Diploma and Master of Nursing:

- Ageing and Dementia Studies
- Professional Studies
- Women's Health.

Acute Care Nursing

Students complete studies in advanced health assessment and nursing practice, issues and trends in acute care nursing, and critically analyse the advanced concepts that underpin this specialist area. Students will initiate plans of care to address common needs/problems experienced by clients.

Ageing and Dementia Studies

This study area provides opportunities to engage in theoretical and practical knowledge in aged care issues, assessment skills, palliative care and dementia studies. Students examine major issues and trends in health areas affecting older people.

Cancer Nursing

Students develop competency in the practice of cancer nursing, examine major issues and trends in cancer nursing scholarship and practice, plan appropriate strategies/intervention for client care and develop an understanding of research applied to cancer nursing practice.

Emergency Nursing

Students study the key issues and develop skills in patient assessment, planning and implementation of nursing care in the emergency area.

Intensive Care Nursing

Students explore the theoretical, conceptual and practical knowledge required to provide effective nursing care for diverse and complex critically ill patients in the intensive care unit, an increasingly complex technological environment.

Paediatric, Child and Youth Health Nursing

This program is designed for nurses working in acute or community settings to develop competency in the practice of paediatric nursing or child and youth health nursing. Students will examine major issues and trends in nursing scholarship and practice, and develop an understanding of research in this area.

Professional Studies

Students complete a program of study relevant to their professional development needs. The program is designed to extend and enhance nursing knowledge and skills, build confidence and leadership skills, provide a forum for critical examination of contemporary nursing, and foster an understanding of nursing under the broader umbrella of health care.

Women's Health

Students will engage in theoretical and practical knowledge in women's health issues, sexual and reproductive health, and the screening and early detection of breast, cervical, uterine and ovarian cancers. The program will examine major issues and trends in health areas affecting women including chronic illness and mental health problems.

International Course structure

Course structure

These courses offer a variety of career pathways for nurses working in diverse settings and provide opportunities for in-depth study for advanced competence in selected areas of nursing practice. The three courses fully articulate and applicants may choose to enter at the graduate certificate, graduate diploma or masters level.

The Graduate Certificate allows students to complete four core units from their selected area of nursing practice.

Students in the Graduate Diploma and Masters programs also complete four core units from an area of interest. In addition, students elect to undertake their studies in one of three pathway options: clinical, professional, or research. This allows students to tailor their study program to individual professional development needs.

Domestic Entry requirements

Entry Requirements

To be eligible for admission, an applicant:

- will normally have a diploma level qualification with a minimum of 5 years clinical experience in cardiac ultrasound degree or a bachelor degree in a relevant science or allied health field
- must provide written proof of a minimum of three months full-time equivalent prior supervised, hands-on clinical experience in cardiac ultrasound
- must have access to suitable clinical experience for the duration of the course *

* In accordance with the Australasian Sonographer Accreditation Registry (ASAR) Program Accreditation Guidelines, it is recommended that students be engaged in cardiac ultrasound practice for a minimum of 3 days/week over a 2 year period, full-time equivalent, in an Australian or New Zealand clinical setting.

International Entry requirements

International Student Entry

This course is not available to student visa holders.

International students who already hold an Australian work visa for 2 years or more including study rights in Australia are eligible to apply for this course. The Australian work visa must cover the duration of the course

NB: New Zealand citizens may apply for entry into this course as domestic students.

To be eligible for admission, an applicant:

- will normally have a diploma level qualification with a minimum of 5 years clinical experience in cardiac ultrasound degree or a bachelor degree in a relevant science or allied health field
- must provide written proof of a minimum of three months full-time equivalent prior supervised, hands-on clinical experience in cardiac ultrasound
- must have access to suitable clinical experience for the duration of the course *

* In accordance with the Australasian Sonographer Accreditation Registry (ASAR) Program Accreditation

Guidelines, it is recommended that students be engaged in cardiac ultrasound practice for a minimum of 3 days/week over a 2 year period, full-time equivalent, in an Australian or New Zealand clinical setting.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Discontinuation of the course

This course has been discontinued and replaced by CS61 Graduate Diploma in Cardiac Ultrasound. No new enrolments were accepted into PH75 from 2013.

Professional Recognition

This course is accredited with the Australasian Sonographer Accreditation Registry (ASAR).

Further Information

For more information about this course, please call the School of Clinical Sciences on +61 7 3138 1938 or medicalradiations@qut.edu.au

Domestic Course structure

The Graduate Diploma in Cardiac Ultrasound takes two years of part-time study to complete. All students are required to attend an intensive one-week block on campus at the beginning of each semester.

The structure of this course includes:

- formal classroom components and clinical skills development sessions conducted during the intensive on-campus blocks
- comprehensive online lectures and self-assessment tutorials.

Applicants will need to maintain access to suitable clinical experience for the duration of the course.

International Course structure

Course Design

Stage 1— Graduate Diploma in Cardiac Ultrasound (PH75) takes two years of

Graduate Diploma in Cardiac Ultrasound

part-time study to complete. Students must be employed in a suitable clinical practice with access to clinical cardiac ultrasound experience for the course duration. Students outside Brisbane may complete the formal classroom component in an intensive one-week block.

Study areas

Specialised stream units are available in the areas of:

- Emergency and Disaster Management *
- Epidemiology and Research Methods #
- Health Promotion
- Health Services Management
- Occupational and Environmental Health Sciences
- Public Health Nutrition

* The units in this study area are currently only offered in second semester

Some units in this study area are only available in internal mode

There is also the option of not completing a major and choosing units from more than one stream.

Course Articulation

This course fully articulates into the Master of Public Health.

Students admitted to the Graduate Diploma in Public Health may be eligible to exit early with a Graduate Certificate in Health Science.

International Student Entry

International students may only enrol in full-time studies. PU60 international students may not enrol in the Emergency and Disaster Management Study Area, as it is available part-time only.

HLN405	Qualitative Research
HLN706	Advanced Quantitative Research Methods
HLN707	Research Methods for Health
PUN103	Advanced Epidemiology
Health Promotion	
NOTE: PUP032 and PUP038 are available only in Semester 1 and PUP034 and PUP037 are available only in Semester 2	
PUP032	Intervention Design and Theories of Change
PUP034	Advanced Studies and Practice in Health Promotion
PUP037	Health Program Evaluation
PUP038	Contemporary Health Promotion
Occupational and Environmental Health Science	
Students must complete any 4 of the following units	
PUN001	Contemporary Risk Management
PUN016	Risk Assessment
PUN301	Occupational Health and Safety Law and Policy
PUN363	Environmental Health Law
PUN465	Environmental Protection
PUN466	Communicable diseases
PUN500	Occupational Health and Safety Management
PUN620	Concepts of Environmental Health
PUP116	Ergonomics
PUP250	Occupational Hygiene
PUP415	Occupational Health
Public Health Nutrition	
HLN004	Chronic Conditions Prevention and Management
XNN001	Population Nutrition and Physical Activity Assessment
XNN001 will not be offered in second semester 2014. The replacement of XNN001 by PUP034 Advanced Studies and Practice in Health Promotion is subject to approval.	
Select 24 credit points from the following:	
HLN701	Independent Study
AND	
PUP032	Intervention Design and Theories of Change

OR	
HLN703	Project A

Domestic Entry requirements

A bachelor degree in a relevant area (or equivalent) from a recognised institution.

Applicants may be admitted on the basis of relevant work experience, other qualifications, or professional or research experience at the discretion of the Head, School of Public Health and Social Work.

International Entry requirements

A bachelor degree in a relevant area (or equivalent) from a recognised institution.

Applicants may be admitted on the basis of relevant work experience, other qualifications, or professional or research experience at the discretion of the Head, School of Public Health.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Articulation

The Graduate Diploma in Health Management fully articulates into the Master of Health Management.

Students who may be able to exit early with a Graduate Certificate in Health Management (exit-only course), depending on units chosen.

Further Information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

The Graduate Diploma in Health Management comprises four core units and either four units from a specialist study area, or four units selected from across the study areas.

Study areas

The following study areas are offered:

- Emergency and Disaster Management
- Health Services Management

- Quality and Patient Safety
- Risk Management, or
- a cross-specialisation (where no study area is undertaken but students study across a variety of fields).

International Course structure

The Graduate Diploma in Health Management comprises four core units and either four units from a specialist study area, or four units selected from across the study areas.

Study areas

The following study areas are offered:

- Emergency and Disaster Management
- Health Services Management
- Quality and Patient Safety
- Risk Management, or
- a cross-specialisation (where no study area is undertaken but students study across a variety of fields).

Sample Structure Semesters

Domestic Entry requirements

1. A recognised Bachelor degree in any discipline; or
2. A recognised Diploma (AQF Level 5 or above) in occupational health and safety with at least three years full-time equivalent (FTE) work experience in an occupational health and safety role

Limited places

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible.

International Entry requirements

A recognised Bachelor degree in any discipline

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Other course requirements

The course is offered internally and externally and all the study material and lecture recordings are made available to both internal and external students. In some units on-campus workshops are held for both internal and external students. Attendance at these workshops is not compulsory, although it is encouraged. Students, particularly external students, will need a reliable internet connection and up-to-date hardware (including a multimedia headset with microphone) and up-to-date software. Some units include pod-casts and on-line discussion forums.

International Student Entry

International students may only enrol in full-time studies on-shore, but may enrol full-time or part-time off-shore.

Course Articulation

This course fully articulates into the Master of Health, Safety and Environment.

Further information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

Students complete eight core units. The course is available full-time and part-time. Internal and external modes are available. During your studies you will examine all facets of occupational health and safety practice. You will also develop the skills to assess the relevant literature so that you can base your advice and decisions on sound evidence.

As a student you will:

- Discuss and analyse risk assessment methods including risk analysis techniques such as HAZOP, FMEA, hazard indices, fault trees, event trees, reliability analysis, statistical analysis and probability.
- Explore the impact of legislation and industrial relations on the management of OHS, including the regulation of physical, biological, and chemical hazards.
- Learn about the nature of materials in regards to failure, fire, and explosions and how to configure appropriate safety systems including storage, handling and transport of hazardous materials.
- Analyse the theory and practice of OHS management and how the structure of an organisation, its environment, and potential loss exposures contribute to risk management.
- Understand the role of ergonomics in optimising OHS and productivity, and develop skills in analysing the relationships between the worker, the work space, and the environment.
- Explore health hazards in the workplace which can result in disease and disorders, including occupational skin conditions, respiratory diseases, psycho-social stress, musculoskeletal injuries and the needs of special groups.
- Learn about toxicology and the recognition, evaluation and control of chemical and physical hazards and how to provide professional judgement in investigating, analysing, and evaluating workplace hazards.

International Course structure

Students complete eight core units. The course is available full-time and part-time. Internal and external modes are available. During your studies you will examine all facets of occupational health and safety practice. You will also develop the skills to assess the relevant literature so that you can base your advice and decisions on sound evidence.

Domestic Entry requirements

2014 applications have closed

All places available in this course have been filled and no further offers for the 2014 intake will be made. If you are considering applying to study in 2015 we recommend you apply in August as places in this course do fill quickly.

Please also read the 2014 course information, including entry requirements, fees, etc as a guide only as it details the 2014 offering and these may change prior to the 2015 intake. 2015 course information will be published in June 2014.

Academic Entry Requirements

- A bachelor degree in a relevant area (e.g. science, environmental science, nursing, health science, public health) or equivalent
- Minimum 48 credit points of basic science units (e.g. chemistry, microbiology, physics, anatomy and physiology, life science).

Limited Places

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

- A bachelor degree in a relevant area (e.g. science, environmental science, nursing, health science, public health) or equivalent

Domestic Course structure

The Graduate Diploma in Psychology can be completed in full-time or part-time (may not be available by evening study) study mode.

The course covers theoretical and practical aspects of psychology. In addition to core units that introduce the scientific bases of psychology, you can choose to complete an elective from specialised units including:

- organisational psychology

- family therapy
- addictive behaviour
- health psychology
- road safety.

If you wish to enter an accredited fourth-year program, you must complete Advanced Statistical Analysis as your elective.

Domestic Entry requirements

Academic entry requirements

- Completed a recognised three-year psychology degree
- The degree must be accredited by the [Australian Psychology Accreditation Council \(APAC\)](#) as an entry point into an honours program; e.g. PY45 Bachelor of Behavioural Science (Psychology) at QUT
- Applicants with APAC-accredited bachelor studies from an institution other than QUT must provide evidence of their eligibility to undertake an honours program at their home institution
- Applicants with overseas qualifications must provide certification from the [Australian Psychological Society](#) stating their degree is equivalent to APAC-approved, three-year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional entry requirements

- A grade of at least 4 (on a 7-point scale) for each of the APAC-accredited second and third year psychology units listed below with an overall grade point average of at least 5.0 (on a 7-point scale)

The required APAC-accredited second and third year psychology units at QUT are:

- PYB202 Social and organisational psychology
- PYB203 Developmental psychology
- PYB204 Cognition and perception
- PYB210 Research design and data analysis
- PYB304 Physiological psychology
- PYB306 Psychopathology
- PYB309 Individual differences and assessment
- PYB350 Advanced statistical analysis

Similar APAC-accredited subjects are required for studies completed at another institution.

Early closing date

Applications close on 30 September. Applications after this date will not be accepted.

Additional information

As this course is competitive and applications are pooled the grade average(s) for entry may be higher than the minimum standard given above.

Please note if you completed your psychology degree more than 10 years ago you may not gain provisional registration as a psychologist with the Psychology Board of Australia.

International Entry requirements

Academic entry requirements

- Completed a recognised three-year psychology degree
- The degree must be accredited by the [Australian Psychology Accreditation Council \(APAC\)](#)

Professional recognition

Successful completion of the Graduate Diploma in Behavioural Science (Psychology) meets the academic requirements for provisional registration as a psychologist with the Psychology Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website:

<http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx>

Please refer to the Psychology Board of Australia website:
<http://www.psychologyboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

International Student Entry

International students may enrol only in full-time studies.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The course comprises eight units and can be completed in full-time or part-time study mode.

Core units include PYB407 Research and Professional Development Seminar and one advanced research methods unit in quantitative or qualitative research such as PYB401 Advanced Research Methods, plus electives from advanced cognitive, organisational, counselling, developmental, and social theory. These units have three contact hours per week.

The course also includes a research component which entails a group thesis. PYB450 Research Thesis is undertaken in modules throughout the program. Students complete an independent review of the literature and prepare an outline for a research proposal as the basis of a

negotiated group project. For the project, students jointly collect and then independently analyse and write up the data. Contact hours for the research component are as required by the supervisor.

International Course structure

Domestic Entry requirements

Applicants for the Master of Health Science must have:

- a three-year bachelor degree (or equivalent) in a relevant area (health, psychology, social work, human services, social or biological science).

It is preferred but not essential that applicants will have a minimum of one-year relevant full-time work experience on entry to this course. Applicants may be admitted on the basis of work experience, other qualifications or research activities at the discretion of the Executive Dean.

International Entry requirements

Applicants for the Master of Health Science must have:

- a three-year bachelor degree (or equivalent) in a relevant area (health, psychology, social work, human services, social or biological science).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Structure

The course consists of at least eight (8) units offered by the Schools of the Faculty of Health (List A). The remaining four units can be taken as four elective units either from List A or List B. An array of elective units allow students to either specialise in their professional discipline or to choose a coherent group of units from more than one specialist area.

To complete a major in any of the major areas of study students must complete at least four units (48 credit points) in that discipline area.

Candidates can choose electives from a wide range of university postgraduate units, but these must be approved by the course and subject-area coordinators.

Students with a four-year degree or three-year degree with additional one-year honours may be able to obtain advanced

standing up to a maximum of 48 credit points for previous study.

Course Articulation

Student who complete the Master of Health Science may be eligible for up to one year of advanced standing in HL90 Doctor of Health Science.

After successfully completing the equivalent of two semesters full-time study, students may exit the program with a Graduate Diploma in Health Science.

After successfully completing the equivalent of one semester of full-time study, students may exit the program with a Graduate Certificate in Health Science.

The Graduate Certificate in Health Science, the Graduate Diploma in Health Science and the Graduate Diploma in Occupational Health and Safety, fully articulate into the Master of Health Science.

The Graduate Diploma in Nursing and the Master of Nursing students may apply for a maximum of 48 credit points of advanced standing (equivalent to List B) towards the Master of Health Science. No advanced standing will be granted towards the Graduate Certificate in Health Science or the Graduate Diploma in Health Science. This is in addition to any List A units completed.

Special Notes

Students can only graduate with one specified major (ie only one major will appear on the official academic record). Students may elect to change majors during their course as appropriate but should seek academic advice before doing so.

Students cannot normally enrol directly in the Masters Degree in the area of Occupational Health and Safety unless they have completed relevant undergraduate qualifications in this area to the satisfaction of the course coordinator. Special consideration may be given on an individual basis.

International Student Entry

International students may enrol only in full-time studies and may study only onshore.

Further Information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email

publichealth@qut.edu.au

Domestic Course structure

The Master of Health Science offers a flexible design that provides students with a large choice of elective units that deliver specialisation in a health science discipline, cross-specialisation or a broad understanding of health-related disciplines.

The Master of Health Science consists of 12 units. Students must complete at least eight units from the Faculty of Health. The remaining four units can be completed from a wide range of university postgraduate units, subject to course coordinator approval.

Completion of four units from one study area entitles graduates to have their qualification awarded with their area of specialisation. Students can graduate with one specified major only.

Study areas

Study areas are offered in the following:

- Emergency and Disaster Management
- Environmental Health*
- Health Promotion
- Health Services Management
- Occupational Health and Safety*
- Risk Management
- a cross-specialisation (where no study area is taken but students study across a variety of fields).

* Students wishing to complete a graduate diploma qualification in Environmental Health or Occupational Health and Safety should apply for entry into the [Graduate Diploma in Environmental Health](#) or [Graduate Diploma in Occupational Health and Safety](#) and not the Graduate Diploma in Health Science.

Start months	February Closing date for applications is 30 September of the previous year in which you are applying for entry.
Int. Start Months	February Closing date for applications is 30 September of the previous year in which you are applying for entry.
Course Coordinator	Enquiries to psychology@qut.edu.au or phone: 07 3138 4520
Discipline Coordinator	07 3138 4520 psychology@qut.edu.au

Domestic Entry requirements Academic Entry Requirements

- Completed a recognised psychology honours or 4 year degree (or higher) with a grade point average of at least 5.0 (on a 7 point scale) in the fourth year of study
- The degree must be accredited by the [Australian Psychology Accreditation Council \(APAC\)](#) as a 4 year training (or equivalent) program; eg PY09 Bachelor of Behavioural Science (Honours Psychology) at QUT
- Applicants with overseas qualifications must provide certification from the [Australian Psychological Society \(APS\)](#) stating their degree is equivalent to APAC-approved, 4 year training in psychology

Additional Entry Requirements

- 2 completed [referee reports \(PDF file, 376 KB\)](#)
- Completed [questionnaire \(PDF file, 338 KB\)](#)
- Interview - if shortlisted

Early Closing Date

Applications close on 30 September. Applications, referee reports and/or questionnaires received after this date will not be accepted.

Additional Information

It is recommended that one report be from your fourth-year thesis supervisor.

Applicants are shortlisted in priority order on the basis of their GPA, referee reports and questionnaire. Shortlisted applicants will be contacted in mid-October to attend an in-person interview at the Kelvin Grove campus in late October/early November to assess their interpersonal skills in a clinical context. Admission is based on GPA, interview, questionnaire, and referee reports.

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

Entry to this course is competitive. Applications close on 01 October. To be considered for admission you must have an [Australian Psychology Accreditation Council \(APAC\)](#) - approved four-year training (or equivalent) from a recognised institution, with a minimum grade point average (GPA) of 5 in your fourth year of study.

In addition, you will need to complete a course questionnaire and submit two confidential referee reports. It is recommended that one report be from your fourth-year thesis supervisor. Applicants will be shortlisted on the basis of their GPA and referee reports. Shortlisted applicants will be required to attend an interview.

How to apply

You must submit the following by 30 September:

- Completed F Form
- Attached all relevant documents as requested in the F Form (eg academic transcript and award certificates)
- Attach your [Australian Psychological Society \(APS\)](#) letter showing the assessment outcome of your Psychological Qualifications. The Australian Psychological Society (APS) assesses the level at which an applicant's overseas qualifications are comparable to an Australian Psychology Accreditation Council (APAC) - accredited sequence of study in psychology. To have your qualification assessed please contact APS. More information is available on the APS website: <http://www.psychology.org.au/membership/qualifications/>.
- Attach two referee reports [Master of Psychology \(Education and Development\) referee report 2014 \(PDF file, 375.53 KB\)](#)
- Attach a completed [PG Psychology Questionnaire 2014 \(PDF file, 338.17 KB\)](#)

If you are shortlisted you will be contacted for a telephone interview.

You will be notified of the outcome late December or early January.

Minimum English requirements

Students must meet the English proficiency requirements.

Master of Psychology (Educational and Developmental)

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.5

Registration Requirements

Undertaking the supervised psychological practice component of the course requires provisional registration as a probationary psychologist with the Psychology Board of Australia. The requirements of the Board (including English language requirements) are available at <http://www.psychologyboard.gov.au/index.php>

Professional Recognition

The course meets the requirements for accreditation by the Australian Psychology Accreditation Council and the Australian Psychological Society College of Educational and Developmental Psychologists. Graduates meet the requirements for registration by the Psychology Board of Australia.

Please refer to the Psychology Board of Australia website: <http://www.psychologyboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

Other Requirements

blue card As required by the Commission for Children and Young People and Child Guardian Act (2000) students must undergo a criminal history check and be issued with a Suitability Care (Blue Card) before commencing field experience/practicum in an organisation where they may work with children or young people. This is a mandatory requirement that must be met prior to undertaking any field experience/practicum program throughout your course. For more information, visit <http://student.qut.edu.au/studying/jobs-and-work-experience/work-experience-and-placements/blue-cards>.

International Student Entry

QUT advises that international students may enrol only in full-time studies.

The course meets the requirements for accreditation by the Australian Psychology Accreditation Council and the Australian Psychological Society College of Clinical Psychologists. Graduates meet the requirements for registration by the Psychology Board of Australia.

Please refer to the Psychology Board of Australia website <http://www.psychologyboard.gov.au/Registration-Standards.aspx> for information on the Board's English Language Skills Registration Standard.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au OR the Faculty of Education on +617 3138 3947 or email educationenq@qut.edu.au

Domestic Course structure

This course is offered jointly by QUT's faculties of Health and Education.

The coursework component provides training in assessment, diagnosis and intervention in the area of educational and developmental issues across the lifespan, with an emphasis on the school years. Students undertake two internships that are linked with a client base from the Catholic education system and from the [Psychology and Counselling Clinic](#) at QUT's Kelvin Grove campus. Following these internships, students undertake a further two external placements in other environments including schools, mental health and community settings.

To undertake the supervised practice, students need to provide evidence of provisional registration as a psychologist with the Psychology Board of Australia and hold a current blue card as required by the Commission for Children and Young People and Guardian Act (2000).

Important Note

This course is an online course and there is no requirement for a face-to-face session.

Course Enquiries

Email: egsacoordinator@qut.edu.au
This course is offered by Queensland University of Technology as part of a joint collaboration with the other ATN universities as part of the e-Grad School Australia

Part-time students

Part-time students can enrol in one or two units per semester for up to six semesters maximum.

Early Exit Options

Graduate Certificate and Diploma exit points are available following completion of four and eight units.

Advanced Standing

Students with appropriate prior qualifications and/or professional experience may apply for advanced standing of up to 48CP towards the Master of Research Management and Commercialisation. Recognition for concurrent Professional Development activities may be possible. Registered members of professional societies may be eligible to receive advanced standing for approved professional development activities completed during enrolment in the award.

Domestic Course structure

Course structure

The Master of Research Management and Commercialisation is particularly suited to current or aspiring research management leaders, administrators and active researchers in corporations, universities and the public sector. The Masters builds on the content of the Graduate Certificate and allows you to develop a deeper understanding of the context and strategic issues involved in research management and commercialisation. You can tailor the course to your needs by applying these ideas and concepts to issues of relevance to you and, where possible, undertaking assessment through workplace-based projects.

Students enrolled in the masters-level course can choose to exit with an award of Graduate Certification or Diploma following the completion of four or eight approved units.

Domestic Entry requirements

A bachelor degree or equivalent, preferably but not necessarily in science, is required. Please contact the course coordinator for further information on the entry requirements for this course.

Note - LS86 commences in July (Module 1 entry). Students with advanced standing for Module 1 should commence in February as the Faculty does not offer sufficient units in Module 2 in second semester. Note especially that the February entry point for this course is for students with advanced standing for Module 1. It is not possible to commence Module 1 in February.

For students with advanced standing for Module 1 and who wish to enter LS86 in July, a modified program will be required and this should be discussed with the course coordinator prior to enrolment. Students should note that this may require them to study business electives only in their first semester and could lead to them having to take an additional semester to complete the requirements of their program.

International Entry requirements

Domestic Course structure

The program of study for an individual student will be decided in consultation with the course coordinator and will take into account the student's background in the cell and biomolecular sciences and areas of interest in biotechnology.

The Master of Biotechnology (Advanced) program completes the comprehensive training of students and follows successful

completion of core and optional units offered in the [Graduate Certificate in Biotechnology](#), [Graduate Diploma in Biotechnology](#) and [Master of Biotechnology](#) programs. It encompasses general medical and/or plant biotechnology. In their final semester of the program, students may undertake a supervised research project either at QUT or external to QUT. Part-time students may also elect to do a research project at their place of work, with both a workplace supervisor and a QUT supervisor. Students must discuss research project areas prior to enrolment in their final semester of study to organise a suitable project and a project supervisor(s). While there is a wide range of research project areas available, it may not always be possible for students to conduct a research project exactly in the area they desire.

Students who prefer not to undertake a research project in the final semester will undertake additional coursework units selected in consultation with the course coordinator.

Domestic Entry requirements

An applicant must be:

- registered as a nurse with the Australian Health Practitioner Regulation Agency (AHPRA)
- have a recognised degree (or higher) in nursing

In some study areas, applicants will need to comply with certain clinical requirements.

Study area requirements

You will be asked to confirm that you have specific professional experience prior to enrolling in units that require workplace-based clinical practice. You will also need to maintain access to the relevant practice setting for the duration of the course. If you do not confirm your professional experience or maintain access to a relevant practice setting, you will not be able to complete the clinical assessment components required to complete units in the study area.

Please refer to study area information in the 'Units' tab for specific details.

International Entry requirements

A completed recognised Bachelor Degree (or higher award) in Nursing OR

A completed recognised Associate Degree in Nursing AND 1 year work experience as a Registered Nurse (or equivalent) OR

Registration with the appropriate national body to practice as a Registered Nurse (or equivalent).

Study area requirements

Cross specialisation (no major) or the Chronic Health Conditions major are the options available to international students.

Note

The Master of Nursing does not lead to registration as a nurse in Australia. International students seeking registration in Australia should contact the Australian Health Practitioner Regulation Agency for further advice at <http://www.ahpra.gov.au/> or consider QUT's NS40 Bachelor of Nursing program.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Study Areas

Study areas are available in the following areas:

- Acute Care
- Cancer Nursing
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Cross-specialisation

Additional course requirements

Acute Care Nursing

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where acutely ill patients are encountered. Examples include, but are not limited to, acute medical-surgical, rehabilitation, orthopaedic, community and residential, general practice, renal and chronic care settings.

Cancer Nursing

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where care is delivered to cancer patients. Examples include medical and radiation oncology, haematology, medical-surgical, community and aged care residential settings.

Emergency Nursing

You must:

- be currently working at least 0.5 FTE (full-time equivalent) in an emergency setting
- have a minimum of three months FTE (full-time equivalent) experience in an emergency setting.

Intensive Care Nursing

You must:

- be currently working at least 0.5 FTE in a level II (two) or III (three) intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in

intensive care medicine

- have a minimum of three months FTE (full-time equivalent) experience in an intensive care unit as defined above.

Paediatric, Child and Youth Health Nursing

This study area requires you to undertake clinical practice in a paediatric, child and youth health nursing setting. Examples include acute paediatric or community health settings. If you wish to focus on issues relating to acute child and family health, you must be currently working at least 0.5 FTE (full-time equivalent) in an acute paediatric setting.

Cross-specialisation

Students complete two core units and choose two additional units from a list of electives covering more than one study area.

This option has no additional professional experience requirements.

Further Information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Domestic Course structure

This course offers a variety of career pathways for nurses working in diverse settings and provides opportunities for in-depth study for advanced competence in selected areas of nursing practice.

Students in the Masters program complete a specialised study area or a cross-specialisation of units. All students undertake research studies by choosing a project or thesis pathway. Additional electives are available to students undertaking the project pathway.

Study areas

The following study areas are offered to domestic students:

- Acute Care Nursing
- Cancer Nursing
- Chronic Health Conditions
- Emergency Nursing
- Intensive Care Nursing
- Paediatric, Child and Youth Health Nursing
- Cross-specialisation

Acute Care Nursing

Students complete studies in advanced health assessment and nursing practice, issues and trends in acute care nursing, and critically analyse the advanced concepts that underpin this specialist area. Students will initiate plans of care to address common needs/problems experienced by clients.

You must be currently working at least 0.5

FTE (full-time equivalent) in a setting where acutely ill patients are encountered. Examples include, but are not limited to, acute medical-surgical, rehabilitation, orthopaedic, community and residential, general practice, renal and chronic care settings.

Cancer Nursing

Students develop competency in the practice of cancer nursing, examine major issues and trends in cancer nursing scholarship and practice, plan appropriate strategies/intervention for client care and develop an understanding of research applied to cancer nursing practice.

You must be currently working at least 0.5 FTE (full-time equivalent) in a setting where care is delivered to cancer patients. Examples include medical and radiation oncology, haematology, medical-surgical, community and aged care residential settings.

Chronic Health Conditions

This course draws on expertise from a number of health disciplines and meets the needs of nurses who want to gain specific skills for more advanced practice opportunities, especially those working with patients who may have a range of chronic health conditions.

It also focuses on prevention and promotion of health to prevent or delay the onset of chronic health conditions.

Emergency Nursing

Students explore the key issues, trends, and challenges in emergency nursing scholarship and develop an understanding of research applied to emergency nursing practice. Students develop skills in patient assessment, planning, and implementation of health care in the emergency area.

You must:

- be currently working at least 0.5 FTE (full-time equivalent) in an emergency setting; and
- have a minimum of three months FTE (full-time equivalent) experience in an emergency setting.

Intensive Care Nursing

Students explore the theoretical, conceptual and practical knowledge required to provide effective nursing care for diverse and complex critically ill patients in the intensive care unit, an increasingly complex technological environment.

You must:

- be currently working at least 0.5 FTE in a level II (two) or III (three)

intensive care unit, as defined by the College of Intensive Care Medicine of Australia and New Zealand (CICM), Minimum Standards for Intensive Care Units; or as accredited by the CICM for training in intensive care medicine; and

- have a minimum of three months FTE (full-time equivalent) experience in an intensive care unit as defined above.

Paediatric, Child and Youth Health Nursing

This program is designed for nurses working in acute or community settings to develop competency in the practice of paediatric nursing or child and youth health nursing. Students will examine major issues and trends in nursing scholarship and practice, and develop an understanding of research in this area.

This study area requires you to undertake clinical practice in a paediatric, child and youth health nursing setting. Examples include acute paediatric or community health settings. If you wish to focus on issues relating to acute child and family health, you must be currently working at least 0.5 FTE (full-time equivalent) in an acute paediatric setting.

Cross-specialisation

Students complete core units and choose additional units from a list of electives covering more than one study area (two electives for the Thesis Strand and four electives for the Project Strand).

This option has no additional professional experience requirements.

International Course structure

Course structure

This course offers a variety of career pathways for nurses working in diverse settings and provide opportunities for in-depth study in selected areas of nursing practice.

Students in the Masters program may elect to undertake a specialist area in Chronic Health Conditions or select units from a number of elective options. The remaining studies will include the equivalent of four research-based units.

Handbook

Year	2014
QUT code	NS86
Duration (full-time domestic)	1 year
Duration (part-time domestic)	2 years
Campus	Kelvin Grove
Domestic fee (indicative)	2014: CSP \$3,600 per Study Period (48 credit points)
Dom. Start Months	February
Course Coordinator	Enquiries to nursing@qut.edu.au or 07 3138 3824
Discipline Coordinator	07 3138 3824 nursing@qut.edu.au

Domestic Entry requirements

Applicants for the NS86 Master of Nursing Science (Nurse Practitioner) will:

- have current registration as a nurse with the Australian Health Practitioner Regulation Agency (AHPRA);
- have gained a degree in nursing (or equivalent) from a recognised institution and have gained a graduate certificate in nursing (or equivalent) in the area of nominated specialty from a recognised institution;
- have a minimum of five years full-time equivalent recent clinical practice experience as a registered nurse including three years full-time equivalent experience in a specialty area and two years full-time equivalent experience at an advanced practice level in the nominated specialty area;
- provide evidence of professional leadership activity, for example, a brief curriculum vitae, evidence of conference presentations, etc;
- be employed at least 0.6 full-time equivalent in an advanced practice nursing role.

In addition to supporting evidence of meeting entry requirements, applicants will be required to provide supporting documentation from a minimum of two clinical support team members (one of which must be a nurse working in an advanced practice role) and their Executive Director of Nursing (or equivalent) that will confirm their support for the applicant to undertake the required studies. Applicants will, therefore, need to maintain their employment status for the duration of the course.

Additional Entry Requirements

Applicants must provide a fully completed [NS86 Master of Science Nurse Practitioner Additional Entry Requirements Pack](#) with their Postgraduate Admission Application Form ([PG-form](#)).

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

The course meets the requirements for accreditation by the Australian Nursing and Midwifery Accreditation Council (ANMAC). Graduates will be eligible to apply for endorsement by the Nursing and Midwifery Board of Australia to practise as a nurse practitioner in Australia.

Course Structure

The course consists of seven units - six theoretical units and an internship (24 credit points) over two semesters. The internship will provide extended, supervised and supported clinical practice exposure to consolidate and apply coursework learning. This course may be undertaken by internal or external mode. Students will be required to attend on-campus workshops normally for a total of five days scheduled during the February orientation week and the mid-semester break in September.

International Student Entry

The course is not available to international students.

Further Information

For information about this course, please call the School of Nursing on +617 3138 3824 or email nursing@qut.edu.au

Domestic Course structure

This course can be completed by internal or external mode, full-time (one year) or part-time.

Students will complete eight units of study consisting of six core units, and an internship over two units. The internship will provide extended, supervised and supported clinical practice exposure to consolidate and apply coursework learning.

Students will be required to attend an on-campus residential school each semester during the course relevant to their unit enrolment.

Domestic Entry requirements

Completion of QUT's Bachelor of Vision Science

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

Completion of QUT's Bachelor of Vision Science

Students who have not completed QUT's Bachelor of Vision Science

The Master of Optometry course provides the second component of the OP45 Bachelor of Vision Science/OP85 Master of Optometry dual degree entry-level program which leads to registration as an optometrist for practice in the optometry profession in Australia. It is not designed to provide qualified optometrists with a masters level qualification.

If you already have an optometry qualification and are seeking to practice as an optometrist in Australia, you should contact the Optometry Council of Australia and New Zealand (www.ocanz.org) regarding the assessment process for overseas trained optometrists wishing to practice optometry in Australia. If you wish to obtain an Australian optometry qualification then you will need to apply for the OP45 Bachelor of Vision Science/OP85 Master of Optometry dual degree award. Your previous overseas studies in optometry may be considered for advanced standing towards the five-year program.

Your application for OP45/OP85 should include:

- Details of your Optometry/Vision Science undergraduate degree including course overview and unit outlines.
- Details of any assessment regarding your qualifications you may have received from the Optometry Council of Australia and New Zealand

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)

speaking	6.5
writing	6.5
reading	6.5
listening	6.5
overall	7.0

Professional recognition

The dual degree program Bachelor of Vision Science/ Master of Optometry meets the requirements for accreditation by the Optometry Council of Australia and New Zealand. Graduates of the program meet the requirements for registration by the Optometry Board of Australia.

Students must complete the Master of Optometry as well as the Bachelor of Vision Science to be eligible for registration.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website:

<http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx>

Please refer to the Optometry Board of Australia website

<http://www.optometryboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

Student registration

QUT automatically registers students enrolled in this course with the Optometry Board of Australia in accordance with the Health Practitioner Regulation National Law Act 2009. Details about student registration are available from the Australian Health Practitioner Regulation Agency at www.ahpra.gov.au

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the [Additional course requirements and costs](#) website.

Further information

For information about this course, please

Domestic Entry requirements

This course requires completion of a Bachelors degree or equivalent.

For entry to the Environmental Health strand, it is also a requirement that applicants have completed a minimum of 48 credit points of basic science units in their Bachelor degree (e.g. chemistry, microbiology, physics, anatomy and physiology, life science).

PU65 Graduate Diploma in Occupational Health and Safety and PU67 Graduate Diploma in Environmental Health articulate fully into the Masters and it is expected that most applicants will enter the Masters via one of these courses.

Applicants who have completed a Bachelor degree, Graduate Certificate or Graduate Diploma (or equivalent) in the same discipline may be eligible for advanced standing.

Applicants with prior studies in Environmental Health or Environmental Science will be admitted to the Environmental Health strand in the Master of Health Safety and Environment.

Applicants with prior studies in Occupational Health and Safety will be admitted to the Occupational Health and Safety strand.

International Entry requirements

This course requires completion of a Bachelors degree or equivalent.

Study Areas

Specialised streams of study are offered in the areas of:

- Emergency and Disaster Management #
- Quality and Patient Safety
- Risk Management *

There is also the option of not completing a study area and choosing units from more than one stream.

* Some units are available only in external mode

Units in this study area are only available in second semester

Course Articulation

The Graduate Diploma in Health Management fully articulates into the Master of Health Management. Students may be able to exit early with a Graduate Diploma in Health Management or a Graduate Certificate in Health Management (exit-only course) depending on their choice of units.

Further Information

For information about this course, please call the School of Public Health and Social Work on +61 7 3138 5856 or email publichealth@qut.edu.au

Domestic Course structure

Students in the Master of Health Management complete four core units plus one of the following:

- two study areas (four units from each area)
- one study area (four units) plus four electives
- one study area (four units) plus a 48-credit-point thesis
- cross-specialisation (eight units from across the study areas)
- students with a research interest may undertake a 12-credit-point independent study, a 24-credit-point project or dissertation unit, or a 48-credit-point thesis unit.

Study areas

The following study areas are offered:

- Emergency and Disaster Management
- Health Services Management
- Quality and Patient Safety
- Risk Management
- a cross-specialisation (where no study area is undertaken but students study across a variety of fields).

Domestic Entry requirements Academic Entry Requirements

Completed a recognised degree in a human service or related area, preferably with access to ongoing counselling work. Candidates with other qualifications/appropriate work experience may be admitted, subject to approval by the Head of School of Psychology and Counselling.

Additional Entry Requirements

- Completed [questionnaire \(PDF file, 242 KB\)](#)
- Interview - if shortlisted

Additional Information

Applicants will be shortlisted based on prior studies and questionnaire. Shortlisted applicants are required to attend an interview to assess their suitability for counselling work. Admission is based on prior studies, interview, and questionnaire.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

International Student Entry

This course is not available to international students.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The Master of Counselling is offered on a part-time, evening basis over three years.

This course has an applied, experiential focus which features brief solution-focused and narrative therapies, family therapy, process-experiential therapy, group work and supervision. It provides a strong practical component and students will use the purpose-built Psychology and Counselling Clinic for clinical practice.

International Course structure

The Master of Counselling is offered on a part-time, evening basis over three years.

This course has an applied, experiential focus which features brief solution-focused and narrative therapies, family therapy, process-experiential therapy, group work and supervision. It provides a strong practical component and students will use the purpose-built Psychology and Counselling Clinic for clinical practice.

Graduates are able to apply their own interpersonal counselling 'tool kit' to support the wellbeing of clients in a number of contexts relevant to their profession.

Domestic Entry requirements Academic Entry Requirements

- Completed a recognised psychology honours or 4 year degree (or higher) within the past 10 years
- A minimum fourth year psychology units grade point average of at least 5.5 (on a 7 point scale)
- The degree must be accredited by the [Australian Psychology Accreditation Council \(APAC\)](#) as a 4 year training (or equivalent) program; eg PY09 Bachelor of Behavioural Science (Honours Psychology) at QUT
- Applicants with overseas qualifications must provide certification from the [Australian Psychological Society \(APS\)](#) stating their degree is equivalent to APAC-approved, 4 year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional Entry Requirements

- 2 completed [referee reports \(PDR file, 357 KB\)](#)
- Completed [questionnaire \(PDF file, 338 KB\)](#)
- Interview - if shortlisted

Early Closing Date

Applications close on 30 September. Applications, referee reports and/or questionnaires received after this date will not be accepted.

Additional Information

Applicants are shortlisted in priority order on the basis of their GPA, referee reports and questionnaire. Shortlisted applicants will be contacted in mid-October to attend an in-person interview at the Kelvin Grove campus in late October/early November to assess their interpersonal skills in a clinical context. Admission is based on GPA, interview, questionnaire and referee reports.

Limited Places:

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

Entry to this course is competitive. Applications close on 30 September. To be considered for admission you must have:

- [Australian Psychology Accreditation Council \(APAC\)](#) - approved four-year training (or equivalent) from a recognised institution within the past 10 years
- minimum grade point average (GPA) of 5.5 (on a 7-point scale) in the fourth-year program
- two referee reports. Referees are required to comment on your academic and personal suitability and their overall level of support for your application

Applicants are shortlisted in priority order on the basis of their GPAs. Shortlisted applicants are required to attend an interview to assess their interpersonal skills in a clinical context. Admission is based on GPA, interview and referee reports.

How to apply

You must submit the following by 30 September:

- Completed F Form
- Attached all relevant documents as requested in the F Form (eg academic transcript and award certificates)
- Attach your [Australian Psychological Society \(APS\)](#) letter showing the assessment outcome of your Psychological Qualifications. The Australian Psychological Society (APS) assesses the level at which an applicant's overseas qualifications are comparable to an Australian Psychology Accreditation Council (APAC) - accredited sequence of study in psychology. To have your qualification assessed please contact APS. More information is available on the APS website: <http://www.psychology.org.au/membership/qualifications/>.
- Attach your completed [PG Psychology Questionnaire 2014 \(PDF file, 338.17 KB\)](#)
- Attach two [Master of Psychology and Doctor of Psychology referee report 2014 \(PDF file, 356.69 KB\)](#)

If you are shortlisted you will be contacted for a telephone interview.

You will be notified of the outcome late December or early January.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.0

Professional recognition

The course meets the requirements for accreditation by the Australian Psychology Accreditation Council and the Australian Psychological Society College of Clinical Psychologists. Graduates meet the requirements for registration by the Psychology Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website:

<http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx>

Please refer to the Psychology Board of Australia website: <http://www.psychologyboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

Registration requirements

All students seeking registration with the Psychology Board of Australia as a registered psychologist will be required to register as a psychologist with probationary conditions for the duration of the program. Students should apply to the Board as soon as possible to ensure that registration is completed prior to commencement of the program.

Please refer to the Psychology Board of Australia website <http://www.psychologyboard.gov.au/Registration-Standards.aspx> for information on the Board's Registration Standards.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The coursework component of this program provides training on how to

assess and diagnose clinical presentations. It provides unique training on how to conceptualise and treat a broad range of child and adult clinical presentations from relational psychodynamic, cognitive-behavioural, and systemic narrative therapeutic approaches.

Clinical placements begin in the first semester with an internship spanning the first year. Students complete the internship under intense supervision at the specialised [Psychology and Counselling Clinic](#) at QUT's Kelvin Grove campus. During the internship, students gain experience in assessing and treating a range of clinical cases across the lifespan.

Once students are deemed competent through the internship, they continue their clinical training with external placements in hospitals, community agencies and a variety of child and adult mental health settings.

To undertake the supervised practice, students need to provide evidence of provisional registration as a psychologist with the Psychology Board of Australia and hold a current blue card as required by the Commission for Children and Young People and Guardian Act (2000).

Domestic Entry requirements

2014 applications have closed

All places available in this course have been filled and no further offers for the 2014 intake will be made. If you are considering applying to study in 2015 we recommend you apply in August as places in this course do fill quickly.

Please also read the 2014 course information, including entry requirements, fees, etc as a guide only as it details the 2014 offering and these may change prior to the 2015 intake. 2015 course information will be published in June 2014.

Academic Entry Requirements

A completed recognised 3 year Bachelor degree in any discipline other than social work with a GPA of 4.0 (or higher) on a 7 point scale.

This course is designed for graduates from other disciplines seeking a qualification in social work. It is not suitable for qualified social workers seeking additional postgraduate study.

Limited Places

QUT only offers a limited number of places in this course and these places are likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

A completed recognised 3 year Bachelor degree in any discipline other than social work with a GPA of 4.0 (or higher) on a 7 point scale.

Applicants who have a Bachelor in Social Work

This course is not designed for students who already have the equivalent of a Bachelor in Social Work. However, QUT recognizes that not all overseas social work qualifications will meet the professional requirements to gain membership with the Australian Association of Social Workers (AASW) and will consider applications from overseas qualified applicants for this course.

Applicants who are qualified Social Workers in their country of residence should also contact AASW (<http://www.aasw.asn.au/>) to determine the study they may need to undertake to be eligible for membership in Australia.

This assessment may indicate that it will not be necessary for you to complete the full two years of study and you may be eligible for some advanced standing towards your study.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

Graduates will be eligible for membership with the Australian Association of Social Workers (AASW).

Attendance requirements

Students are required to attend compulsory on-campus sessions each semester. This includes a requirement to attend sessions during Orientation Week. All commencing students need to ensure they are available to attend each day from 9am to 5pm.

Other all-day workshops and classes may be held during semesters (including Saturdays) and information will be available via the class timetable.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the [Additional course requirements and costs](#) website.

Course articulation

Students admitted to the Master of Social Work may be eligible to exit early with a Graduate Diploma in Social Care (exit only course) or a Graduate Certificate in Social Care (exit only course), depending on choice of units.

Further information

For further information call the School of Public Health and Social Work +61 7 3138 4697 or email socialwork@qut.edu.au

Domestic Course structure

The Master of Social Work consists of 16 units and can be studied full-time (two years) or part-time (four years). Students undertaking the part-time option may complete Summer Program offerings to accelerate their course completion.

The course includes a minimum 980 hours of field placements supervised by a professional social worker. These placements are undertaken over three practice units.

listening	6.0
overall	6.5

Course Structure

Students undertake a program of research and investigation on a topic approved by the Faculty Research Committee. Students may be required to undertake an appropriate course of study concurrently with the research program.

The course of study normally includes a program of assessed coursework; participation in University scholarly activities such as research seminars, teaching and publication; regular face-to-face interaction with supervisors; and a program of supervised research and investigation. The course consists of four stages: preparation, confirmation of candidature, implementation and submission of a thesis.

Course Coordination

Students undertake their program of research through one of the Faculty's schools (Human Movement Studies, Nursing and Midwifery, Optometry,

Psychology and Counselling, Public Health) or the Social Work and Human Services Academic Unit. Research expertise within the Faculty covers activities in ageing; physical activity, disability, injury and rehabilitation; health and wellbeing; human behaviour; vision; and accident research. Potential students are encouraged to contact the relevant school prior to submitting an application.

Course Duration

The length of the course will vary depending on the applicants' qualifications on admission and their progress during the course. The minimum period of enrolment in the program is:

- 1.5 years for a full-time student with a three year undergraduate degree, or
- one year for a full-time student with a four year undergraduate degree, including honours or other relevant programs (including key research methods, literature review foundations and other coursework requirements), or
- one semester for a full-time student transferring from another higher degree research program.

The maximum period of enrolment for a full-time student is 2 years or equivalent (2 EFTSL).

International Student Entry

QUT advises that international students may enrol only in full-time studies.

Further Information

For more information about this course, please contact the Faculty on +617 3138 8290 or email health.research@qut.edu.au

Domestic Course structure

Students undertake a program of research on a topic approved by the Faculty Research Committee. The course consists of four stages: preparation, research plan, implementation, and submission of thesis. Students may be required to undertake an appropriate course of study concurrently with the research program. The course of study normally includes a program of assessed coursework; participation in university scholarly activities such as research seminars, teaching and publication; regular meetings and interaction with supervisors; and a program of supervised research and investigation.

Major Study Areas

Major study areas include:

- Health Promotion
- Health Services Management and Policy Sciences
- Nursing
- Occupational and Environmental Health Sciences
- Public Health.

Advanced Standing and Articulation

Advanced standing of up to a maximum of 96 credit points may be granted to candidates who have completed an appropriate masters qualification or its equivalent.

The Doctor of Health Science will fully articulate with the Master of Health Science and students who select their program of study to be consistent with the coursework requirements for the Doctor of Health Science will be eligible for the full credit of 96 credit points.

Course Structure

Students undertake 96 credit points of coursework units and 192 research thesis credit points. The coursework is chosen from the major study areas and must be completed before proceeding to the research component.

To achieve the appropriate advanced levels students must:

- choose one of the major study areas
- complete two units in research methods
- complete one unit in theoretical frameworks
- complete four units from this major study area plus one approved elective unit or complete five units from this major study area.

Students are required to attend a compulsory residential program of two days annually during their candidature.

International Student Entry

International students may enrol in February or July in full-time studies.

Further Information

For more information about this course, please contact the Faculty of Health on phone +617 3138 8290 or email health.research@qut.edu.au

Domestic Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate masters degree or professional doctorate (by research or coursework).

Masters and professional doctorates degrees by coursework must contain a significant research component, normally no less than 25 per cent.

Holders of masters and professional doctoral by coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval.

International Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

Financial Guarantee

Acceptable forms of evidence include:

- A letter from an approved employer confirming the continuation of your salary; or
- A signed Scholarship Agreement between QUT and your sponsoring agency; or
- An accepted letter of offer from QUT

for a postgraduate research scholarship; or

- An approved external scholarship.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

The Doctor of Philosophy (PhD) offers the opportunity to work with an experienced supervisory research team to make a significant and original contribution to disciplinary knowledge. A PhD candidate's research must reveal high critical ability and powers of imagination and synthesis and may be, depending on discipline, demonstrated in the form of new knowledge or significant and original adaptation, application and interpretation of existing knowledge. This world-class program provides a basis for critical inquiry and welcomes collaborative and interdisciplinary research projects. A QUT PhD graduate will be equipped to seek employment in industry, research organisations and universities.

Entry Requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

International Student Entry

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

English language proficiency requires International applicants to meet an IELTS overall band score of 6.5 with no sub-score below 6.0.

FINANCIAL GUARANTEE

Acceptable forms of evidence include:

- A letter from an approved employer confirming the continuation of your salary; OR
- A signed Scholarship Agreement between QUT and your sponsoring agency; OR
- An accepted letter of offer from QUT for a postgraduate research scholarship; OR
- An approved external scholarship.

Location & duration

The expected duration of the Doctor of Philosophy is three to four years full-time, or six to eight years part-time. Full-time study is normally conducted on-campus at QUT. Part-time and external study options may be available depending on the project, infrastructure requirements and funding arrangements. Although QUT offers this flexibility, candidates must meet minimum attendance requirements and the university must be satisfied that adequate supervision and resources are available.

International student visas require on-campus study to be completed full-time.

Course Structure

QUT adopts a project management approach. PhD candidates work closely with their supervisory team to meet collegially reviewed milestones leading to timely submission of a thesis for

examination. QUT is proud of its record of timely completions and low attrition rates realised by this approach.

During candidature the supervisor and other key stakeholders will provide advice and direction to the candidate to encourage their participation in university scholarly activities such as research seminars, teaching and publication. The length of the thesis varies according to the topic, but should normally be no longer than 100,000 words, excluding bibliography.

Doctoral studies may be completed in any area of research interest supported by the Faculty of Health. Current areas include

- Movement coordination and control
- Injury prevention and Rehabilitation
- Fitness, health and wellbeing
- Prevention and management of chronic disease
- Physical education
- Nursing research
- Cornea and contact lens
- Optical and visual performance
- Psychological therapies and counselling
- Social, cognitive and developmental processes
- Physical and psychological health
- Road Safety and traffic psychology
- Disease prevention and management
- Environmental health
- Health services research

The descriptions of research specialisations available are provided as a guide only and research in other related areas is welcomed.

Fees

Australian citizens and permanent residents will be awarded a Research Training Scheme (RTS) place. Domestic students are not required to apply for an RTS entitlement, as it will be automatically allocated. The RTS covers tuition fees but not other study related costs. PhD Students are entitled to four years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for extension, however the University may charge fees for the period of the program, which exceeds the student's entitlement. The University determines the fee level for domestic and international students.

Domestic Course structure

Mandatory:

- Time based thesis
- IFN001 Advanced Information Retrieval Skills

Other units as agreed by student in negotiation with their supervisor and faculty.

Study areas

Doctoral studies may be completed in any area of research supported by the Faculty of Health.

Health research at QUT is focused on those areas that impact significantly on the health of individuals and communities. We have a student research topic database to help you search for research projects and supervisors in your area of interest. [See our current student topics.](#)

Key areas of research strength include:

- Cancer
- Chronic Disease, Supportive and Palliative Care
- Environmental Health
- Exercise, Nutrition and Metabolism
- Health Services
- Infectious Diseases
- Injury Prevention
- Mental Health and Wellbeing
- Social Determinants of Health
- Vision Improvement
- Wound and Tissue Restoration.

Year	2014
QUT code	PY50
Duration (full-time)	3 years
Duration (part-time domestic)	6 years
Campus	Kelvin Grove
Domestic fee (indicative)	2014: CSP \$3,100 per Study Period (48 credit points)
International fee (indicative)	2014: \$11,900 per Study Period (48 credit points)
Total credit points	288
Credit points full-time sem.	48
Credit points part-time sem.	24
Start months	February Closing date for applications is 1 October of the previous year in which you are applying for entry. Note: There will be no further intakes into this program after 2014.
Int. Start Months	February Closing date for applications is 1 October of the previous year in which you are applying for entry. Note: There will be no further intakes into this program after 2014.
Course Coordinator	Enquiries to psychology@qut.edu.au or 07 3138 4520
Discipline Coordinator	07 3138 4520 psychology@qut.edu.au

Domestic Entry requirements Academic Entry Requirements

- Completed a recognised psychology honours degree (or higher) with first and upper second class honours; or
- Completed a recognised Postgraduate Diploma in Psychology (or equivalent) with a grade point average (GPA) of at least 5.5 (on a 7 point scale)
- The degree must be accredited by the [Australian Psychology Accreditation Council \(APAC\)](#) as a 4-year training (or equivalent) program; e.g. PY09 Bachelor of Behavioural Science (Honours Psychology) at QUT
- Applicants with overseas qualifications must provide certification from the [Australian Psychological Society \(APS\)](#) stating their degree is equivalent to APAC-approved, 4-year training in psychology. Please note APS advises the average processing time is 8 weeks, therefore applicants with overseas qualifications need to seek certification by no later than July.

Additional Entry Requirements

- 2 completed [referee reports \(PDF file, 357 KB\)](#)
- Completed [questionnaire \(PDF file, 338 KB\)](#)
- Interview - if shortlisted

Early Closing Date

Applications close on 1 October. Applications, referee reports and/or questionnaires received after this date will not be accepted.

Additional Information

Applicants are shortlisted in priority order on the basis of their grade point average (GPA), referee reports and questionnaire. Shortlisted applicants will be contacted in mid-October to attend an in-person interview at the Kelvin Grove campus in late October/early November to assess their interpersonal and research skills in a clinical context. Admission is based on grade point average (GPA), interview, questionnaire, and referee reports.

Note

There will be no further intakes into this program after 2014.

Limited Places:

QUT only offers a limited number of places in this course and these places are

likely to fill early. Once filled QUT will not be making any further offers. You are therefore encouraged to apply as soon as possible after July.

International Entry requirements

Entry to this course is competitive. Applications close on 1 October. To be considered for admission you must have:

- [Australian Psychology Accreditation Council \(APAC\)](#) - approved four-year training (or equivalent) with first-class honours or second-class honours Division A from a recognised institution, or
- minimum grade point average (GPA) of 5.5 (on a 7-point scale) in the Postgraduate Diploma in Psychology (or equivalent).

All applicants must also:

- provide two referee reports
- attend an interview to assess interpersonal and research skills in a clinical context

How to apply

You must submit the following by 1 October:

- Completed F Form
- Attached all relevant documents as requested in the F Form (eg academic transcript and award certificates)
- Attach your [Australian Psychological Society \(APS\)](#) letter showing the assessment outcome of your Psychological Qualifications. The Australian Psychological Society (APS) assesses the level at which an applicant's overseas qualifications are comparable to an Australian Psychology Accreditation Council (APAC) - accredited sequence of study in psychology. To have your qualification assessed please contact APS. More information is available on the [Australian Psychological Society \(APS\) website](#).
- Attach your completed [PG Psychology Questionnaire 2014 \(PDF file, 338.17 KB\)](#)
- Attach two [Master of Psychology and Doctor of Psychology referee report 2014 \(PDF file, 356.69 KB\)](#)

If you are shortlisted you will be contacted for a telephone interview.

You will be notified of the outcome late December or early January.

Note

There will be no further intakes into this program after 2014.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	7.0
writing	7.0
reading	7.0
listening	7.0
overall	7.0

Discontinuation of the course

This course has been discontinued and no new admissions will be accepted from first semester 2015.

Professional Recognition

The course meets the requirements for accreditation by the Australian Psychology Accreditation Council and the Australian Psychological Society College of Clinical Psychologists. Graduates meet the requirements for registration by the Psychology Board of Australia.

The Australian Health Practitioner Regulation Agency (AHPRA) requires that graduates demonstrate English language skills at IELTS level 7 or equivalent before being considered for professional registration. For further information visit the AHPRA website:
<http://www.ahpra.gov.au/Registration/Registration-Process/Registration-Requirements.aspx>

Please refer to the Psychology Board of Australia website:
<http://www.psychologyboard.gov.au/Registration-Standards.aspx> for additional information on the Board's Registration Standards.

Course Articulation

The option to exit early with a Master of Clinical Psychology is available, subject to successful completion of the required units.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +617 3138 4520 or email psychology@qut.edu.au

Domestic Course structure

The doctorate comprises 24 units made up of 10 professional coursework units, eight research units and six practicum units.

To undertake the supervised practice,

students need to provide evidence of provisional registration as a psychologist with the Psychology Board of Australia and hold a current blue card as required by the Commission for Children and Young People and Guardian Act (2000).

International Course structure

Domestic Course structure

Units are subject to availability, faculties hold the final decision on students eligibility to the pre-approved units.

Course Description

The QUT Study Abroad Certificate is awarded to students who complete one semester of an approved study program. To be eligible, you must successfully complete 48 credit points with a minimum grade of 4 in each unit. These units can be used for 48 academic credit points at your home institution (subject to approval by the home institution).

What can I study?

You can select from a comprehensive range of QUT subjects and custom-design your program to suit your interests and meet the requirements of your home university. You can choose from over 2200 units, including well over 300 pre-approved units for Study Abroad and Exchange students, in Built Environment and Engineering, Business, Creative Industries, Education, Health, Law, Justice and Science and Technology.

Entry Requirements

To be eligible for the Study Abroad program you need:

- a minimum one year of full-time study at a recognised university (this criteria applies to a majority of applicants however, high school students from some countries may meet the entry requirements).
- a GPA (Grade Point Average) of 2.5 or better (on a 4-point scale) or equivalent.
- an English Language Proficiency level in accordance with QUT requirements* if English is not your first language (QUT requirements are an IELTS overall score of 6.5 with no less than 6.0 in the sub-bands, or a TOEFL score of 575, or a computerised TOEFL score of 230).

* You may be exempt from taking a formal test if your secondary or post-secondary studies were conducted entirely in English and you have passed an English language subject or one or more Communication subjects.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

General

The Bachelor of Justice equips graduates for a wide variety of employment in the criminal justice, government (state and federal), law enforcement and policing and intelligence fields. Past graduates have developed successful careers in the State or Federal police services, created social and justice policies for governments, contributed to the work of advocacy centres (eg. women, youth and children's advocacy), become criminologists, and advanced into Defence, Customs and the Australian Crime Commission. Other popular career choices include corrections and human rights and anti-discrimination areas. Students are prepared for the workplace, not only by exploring the most recent theory and practice of social justice, but by including relevant general skills like problem-solving, analytical ability and applied computer skills that are relevant to the workplace.

Course Structures

In order to complete the Bachelor of Justice, you must complete a total of 288 credit points from the following: Justice core units (8 units = 96 credit points)

Study Area A in either Criminology and Policing or Policy and Governance (8 units = 96 credit points)

Choice of:

Second major (6 units = 72 credit points) in either Criminology, Policing, Law or Psychology and 2 electives (2 units =

24 credit points)

Minor (4 units = 48 credit points) with a second minor or four electives (4 units = 48 credit points)

Electives (maximum of 8 units = 96 credit points)

Minors can be undertaken in Forensic Investigation (Justice students only), Indigenous Justice (university wide) or any other available minor.

A maximum of 96 credit points can be sourced from outside the school. Up to two units (24 credit points) may be undertaken from another institution, subject to prior approval from the course coordinator.

Diploma Entry and Advanced Standing

Students who have completed a full Diploma of Justice or Diploma of Justice Administration from an accredited Australian vocational education provider (eg TAFE-Qld) will be automatically granted for 96 credit points of advanced standing (credit) towards their degree after their QTAC offer. Students with this qualification should make further enquiries the School of Justice in regard to unit selection. Prospective students should check the Advanced Standing Precedent List

Limits on Grades of 3

A new policy concerning grades of 3 came into effect from 1 January 2009 (QUT MOPP C/5.2). With effect from this date grades of 3 are no longer considered a conceded or low pass but are classified as a fail grade. Any grades of 3 awarded prior to 1 January 2009 retain the conceded pass status and will be counted for graduation purposes up to the maximum number of grades of 3 permitted for your course. Grades of 3 incurred in units that commence after 1 January 2009 will not count towards your degree. Further information is available on the Student Services website

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted. Find out more on deferment.

Study Area Criminology and Policing

The Criminology and Policing major will ensure that students acquire the skills and competencies to meet government requirements for methodological

knowledge and skills sets relevant to the justice sector professional workforce.

Areas of study include:

Theories of Crime, Policing in Context, Crime Research Methods, Punishment and Penal Policy, and Choices of Intelligence and Security, Statistical Methods, Criminal Law in Context, Crimes of Violence, Sex and Crime, Policing Diversity, Youth Justice, Gender Crime and the Criminal Justice System, Eco Crime, White Collar Crime, Political Violence and Terrorism, Death Investigation, Drugs and Crime, Organised and Transnational Crime, Independent Study, Professional Placement, Global Justice and Human Security, Information Management and Analysis

Study Area Policy and Governance

The Policy and Governance major will cover material designed to match the selection criteria for entry level policy and political positions in government.

Areas of study include: Theories of Government, Statistical Methods, Crime Research Methods, Power Government and Justice, Justice Institutions, Political Practice, Official Corruption; and Critical Policy Analysis. This major is a multi-disciplinary field. The Policy and Governance major aims to provide students with a depth of contextual knowledge and vocational skills for entry level (AO3-5 on Queensland public sector scale) positions in policy. These skills will also target the political market including ministerial staff, staff or political parties and non-government organisations (NGOs).

Domestic Course structure

Year 1

You will complete a suite of core justice units in your first year plus one justice unit from your chosen major (Criminology and Policing or Policy and Governance). These will provide you with an introduction to the central knowledge required of a justice professional. Other study areas include intelligence, sociology, law, psychology and ethics. In this year, you will begin to acquire problem-solving, analytical and professional skills to prepare you for your second year of tertiary study, and your chosen career. You will also begin to develop general attitudinal skills relating to social justice and critical awareness, and cognitive skills such as information and information technology literacy, research and communication.

Year 2

Further developing the knowledge and skills acquired in your first year, you will focus on your chosen major from the areas of criminology and policing or policy and governance, and your other area of interest. These can be chosen from the secondary majors in either criminology and policing, policy and governance, law or psychology, undertaken with a combination of electives, which could include a minor in Indigenous justice or forensic investigation. Electives can also be chosen from outside the School of Justice and pathways will be offered to you to enable specialisation in relevant disciplines. Some units will require collaboration in group work, and you will learn important research skills and abilities in critical analysis and practical application.

Year 3

Using the skills you have built in the first two years, the third year provides you with the opportunity to choose more specialised elective units from within and outside the School of Justice. In your third year you will also have the opportunity to hone your research skills in a major independent study. You will also have the chance to form industry links in a professional placement unit, undertaking a project at an external organisation. Third-year students may also take advantage of QUT's Career Mentoring Scheme to help guide them and develop skills and industry links.

Distance Education (External) Special Entry Requirements

Entry to the distance education (external) mode of the course is restricted to students who reside in Australia outside the Brisbane City Council boundaries.

Students who reside within the Brisbane City Council may be considered under exceptional circumstances. A covering letter outlining your exceptional circumstances claim with supporting documentation must accompany your admission application form.

Other Course Requirements

It is a compulsory requirement that distance education students participate in 2 three-day attendance schools per year

in addition to the compulsory orientation attendance school for commencing students only. The compulsory attendance requirements are an integral component of the distance education course. The content/assessment undertaken at the external schools are linked to a number of individual unit's learning outcomes. When undertaking the course via distance education, it is the students responsibility to ensure they have access to a suitable law library.

Professional Recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Career Outcomes

The defining nature of the QUT Bachelor of Laws is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry. In developing the LLB the Faculty recognises that graduates are increasingly seeking a broad range of careers including, but not limited to, legal practice.

The flexible nature of the degree provides students with an opportunity to undertake a series of elective streams. These streams group legal content and legal skills units into alignment with the varied career destinations which a legal education opens to graduates and will allow you to study areas of the law that match your career aspirations.

Career opportunities include private practice as a barrister and/or solicitor; work in government departments; employment as an in-house lawyer; and a range of other occupations.

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their

degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law or corporate law)
- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of

their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Domestic Course structure

You will complete 18 compulsory law units that cover the areas of knowledge required for admission as a legal practitioner. You will also choose 14 elective units that align with your desired career path and areas of interest.

Year 1

It's important to us that your transition into first year is enjoyable and welcoming, so we've developed a suite of programs to ensure you're supported all the way. You will initially undertake a two-week intensive introductory program to get you orientated and confident with what you will be studying. This is then followed by a suite of units introducing you to foundation legal concepts. You will learn about the Australian legal system and legal principles that you will build upon in later years. You will develop important legal knowledge and skills, such as research, problem solving, legal interviewing and negotiation. You also undertake contextual units that will enhance your understanding of how the law operates in practice and provide foundation knowledge in the areas of human rights and international law. You will be introduced to ethical, international and Indigenous legal perspectives.

Year 2

You will study key legal areas such as criminal, property and constitutional law. You will build upon the knowledge gained from your first year of study and extend the range of your legal skills by practising court advocacy and document drafting. You may develop an interest in a particular area of law and will start choosing elective units for more specific skills that align with your areas of interest.

Years 3 and 4

In the final years of your degree you will learn about principles relevant to legal practice, such as court procedure, the rules of evidence and how to act for clients in an ethical and professional manner. You will further develop legal skills, such as negotiation and advocacy, and will have a better understanding of the work of lawyers as professionals and officers of the court. You may also participate in workplace learning where you can apply what you have studied in legal settings, such as in law firms, government departments or community

organisations.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to

provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law or corporate law)
- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Domestic Course structure

You will complete 18 compulsory law units that cover the areas of knowledge required for admission as a legal practitioner and will have a choice of six elective units from the range of units offered by the faculty.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended Study: At least one of Chemistry, Physics, Biology, Earth Science or Maths C.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Overview

The course is designed to cover all major areas of the law as well as allowing students to choose any of the following science majors that are offered in the Bachelor of Science (ST01) course: biology, chemistry, earth science, environmental science and physics.

Aim

You will graduate with specialised knowledge of cutting-edge technologies and extensive practical experience using the latest techniques. You have a broad range of options to choose from and the flexibility to create your own personal science degree program.

The defining nature of the QUT Law degree is its real-world applied nature which will equip you with the high quality knowledge and skills and that meet the needs of the legal profession, government, business and industry.

Career outcomes

As a graduate, you may enter legal practice with an education in both the content and process of science and data analysis that will enable you to deal with the complexities of litigation that have a scientific and technological dimension, such as inventions, trade secrets, quantitative evidence, and constitutional disputes giving rise to environmental issues. On the other hand, you may choose to follow a career path in the sciences, enhancing your opportunities in a particular discipline such as environmental science or biotechnology through your knowledge of the law.

Professional membership

Graduates will satisfy the requirements for membership in the relevant professional body for their science major. At the end of your Law degree you will have completed the necessary units for admission to legal practice in Australia.

Non-standard attendance

Field work is a requirement in some areas of science.

Domestic Course structure

The course covers all major areas of the law and allows you to choose any one of the science majors that are offered in the [Bachelor of Science](#).

To allow you to complete the double degree in a shorter period of time, the second major will be taken from the law program. It is therefore not possible to choose any of the second majors listed under the Bachelor of Science course.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional Recognition

Graduates are entitled to apply for membership of the Australian Community Workers Association.

Other course requirements

There are requirements that you will need to meet as a student in this course. You will need to identify these requirements and ensure you allow sufficient time to meet them.

Some of these requirements have associated costs. Information is available from the [Additional course requirements and costs](#) website.

Further Information

For further information contact the School of Public Health and Social Work 07 3138 4697 or email socialwork@qut.edu.au; or the School of Justice 07 3138 2707 or lawandjustice@qut.edu.au

Domestic Course structure

Both areas will be studied in each semester. In the justice component you will study areas such as criminology, policing, ethics, crime prevention, justice policy and investigations. In human services you may choose a focus on disability, youth, or child and family services.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

Recommended study: Maths A, B or C. We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- English

Recommended study: Maths A, B or C. You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional Recognition

The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC). The Bachelor of Laws degree satisfies the academic requirements for admission to practice as a Solicitor or Barrister in all Australian States or Territories.

Many graduates wish to pursue careers in professional areas of psychology. To do so students must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Psychology (Honours) or Graduate Diploma in Behavioural Science (Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Honours

The Bachelor of Laws degree may be

awarded with honours to students who have recorded outstanding achievement in the law component of the program.

Further Information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au OR the Faculty of Law phone +61 7 3138 2707 or email lawandjustice@qut.edu.au

Domestic Course structure

You will study a combination of psychology and law units in the first four years, with law units only in the final three semesters.

In your first year, you will be introduced to foundation psychology along with torts and legal foundations. In your second year, you will learn social and organisational psychology, research design and data analysis, contracts, criminal law, developmental psychology, counselling and criminal responsibility.

Your third year allows some flexibility, with your choice of a psychology unit. Other compulsory topics in year three are equity, property law and trusts.

In fourth year, you can pick three electives to study alongside physiological psychology, constitutional law, evidence, psychopathology and corporate law. Years five and six are law units only, but the course allows you to choose units that interest you. You will also study administrative law, civil procedure and learn about professional responsibility. See the [Bachelor of Laws](#) online course information for more details and elective options.

Course Update

This course will be offered in 2014, however the course structure is being redeveloped and is subject to university approval.

For course updates please visit www.qut.edu.au/coursechanges

Professional Recognition

This course is accredited by the Australian Computer Society (ACS). ACS accreditation is internationally recognised by the Seoul Accord. At the end of your Law degree you will have completed the necessary units for admission to legal practice in Australia. To become a practicing lawyer you will need to complete further practical legal training (e.g. Graduate Diploma in Legal Practice) and then apply for admission.

Career Outcomes

Graduates may develop careers in cyberlaw, intellectual property and privacy, dealing with the legal regulation of the Internet including downloading

music, mobile phone camera use or copyright issues. You may become a legal practitioner, barrister, in-house counsel, government lawyer or policy adviser. There is also increased demand for roles in edemocracy both in egovernment service delivery and political campaigning.

Study Areas

IX53 has nominated majors in Information Systems and Computer Science in the Information Technology component of the degree. There will now be a Study Area A shown on a graduate's parchment.

Pathways to Further Studies

The QUT Bachelor of Information Technology is located at Level 7 of the Australian Qualifications Framework (AQF). Eligible graduates may continue their studies in this discipline with an additional honours year in (IN10) Bachelor of Information Technology (Honours).

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law or corporate law)
- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for

Bachelor of Information Technology/Bachelor of Laws

example, working within law firms and government departments in placement electives.

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Domestic Course structure

You will study a combination of information technology and law units in the first four years, with law units only in the final year. You will also have the opportunity to choose elective units relevant to your career interests.

International Course structure

Course structure

You will study a combination of information technology and law units in the first four years, with law units only in the final year. You will also have the opportunity to choose elective units relevant to your career interests.

Sample Structure Course Updates

A number of changes have been made to Science and Engineering Faculty courses. From 2014, some units in this course have been recoded, renamed or discontinued. To see how these changes affect you, please view the course structure. Affected Study Plans have been

updated to reflect the changes. Please contact the Faculty if you have any concerns.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (English (4,SA); Maths A, B or C (4,SA)).

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies (English (4,SA); Maths A, B or C (4,SA)).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Update

This course is currently under review. The course structure is being redeveloped and is subject to university approval. For course updates please visit www.qut.edu.au/coursechanges

Course Overview

There is an ever-increasing number of criminal acts resulting from the development and use of technology (such as the Internet and mobile devices), therefore, students with a corporate systems management background have the appropriate skills and knowledge required to work on criminology and policing for these areas. Corporate systems management students also gain information systems knowledge which allows them to more effectively manage, secure and control systems and processing in justice departments.

Corporate systems management teaches students how to analyse business needs and devise IT-enabled business systems that deliver the necessary information to

the key people via the most appropriate technologies. The justice component comprises a primary major study area in either criminology or policing, which covers skills in criminology, policing, ethics, crime prevention, justice policy and investigations.

Career Outcomes

Graduates find work in justice areas including corrective services, police, Crime and Misconduct Commission, Department of Justice and Attorney-General, Federal and Family Courts and the Australian Taxation Office.

Professional Recognition

This course is accredited by the Australian Computer Society (ACS). ACS accreditation is internationally recognised by the Seoul Accord.

Cooperative Education Program

The Faculty's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you're learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the [Cooperative Education Program](#).

Domestic Course structure

Course structure

This course consists of 16 corporate systems management units and 16 justice units with both areas studied in each semester.

The justice component comprises a primary major study area in Policy and Governance or Criminology and Policing (subject to final approval) which covers skills in criminology, policing, ethics, crime prevention, justice policy and investigations.

You will also study a range of professional skills as a foundation for your career.

International Course structure

Course structure

This course consists of 16 corporate systems management units and 16 justice units with both areas studied in each semester.

The justice component comprises a primary major study area in Policy and Governance or Criminology and Policing (subject to final approval) which covers skills in criminology, policing, ethics, crime prevention, justice policy and investigations.

You will also study a range of professional skills as a foundation for your career.

Important Notice

The last intake into IX66 was 2014. From 2015 this course has been replaced by IX86 Bachelor of Media and Communication/Bachelor of Laws (Honours). Continuing IX66 students may contact lawandjustice@qut.edu.au for any queries in relation to the law component of the degree or ci@qut.edu.au for any concerns regarding the Creative Industries component.

Course Design

In order to complete this course, you must complete a total of 528 credit points comprising 192 credit points from the Bachelor of Media and Communication and 336 credit points from the Bachelor of Laws. You will study media and communication and law units in your first year and for the remainder of this course you will concentrate on law studies.

Media and Communication component:
You will complete 192 credit points of Media and Communication discipline or specified units.

Law component:
You will complete 336 credit points of law subjects. You will have the opportunity to specialise in media law and policy, commercial law, corporate law, taxation law, medico-legal issues, alternative dispute resolution, public international law, Asian legal systems, feminist theories of law or environmental law.

Professional Recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admissions Rules, subject to final approval. It will enable you to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories.

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of

Bachelor of Media and Communication/Bachelor of Laws

the law, such as property law, family law or corporate law)

- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Pathways to Further Study

On successful completion of the Bachelor of Media and Communication, you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Domestic Course structure

You will study a combination of media and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units that are relevant to your career interests.

International Course structure

Course structure

You will study a combination of media and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units that are relevant to your career interests.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also requires 4 SA in Maths A, B or C.

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, finance, economics and marketing majors also require 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course design

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

Business students will complete 96 credit points (16 units) consisting of eight Business School Core Units and an eight unit major. As the content of BSB111 Business Law and Ethics overlaps with the Bachelor of Laws, it has been replaced by MGB223 Entrepreneurship and Innovation.

Students must choose a major from:

- Accountancy
- Advertising
- Economics
- Finance
- Human Resource Management
- International Business
- Management

- Marketing
- Public Relations

For professional recognition, the Accountancy structure differs from the normal structure. Accountancy students will complete seven Business School Core Units and complete a nine unit major.

Advanced standing

You may wish to apply for advanced standing (also known as credit or exemption) for former completed studies and other assessable learning outcomes. See more at Advanced Standing

Professional recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law

electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law or corporate law)
- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Domestic Course structure

You will study a combination of business and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units relevant to your career interests.

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

Business students will complete 96 credit points (16 units) consisting of eight Business School core units and an eight unit major. As the content of BSB111 Business Law and Ethics overlaps with the Bachelor of Laws, it has been replaced by MGB223 Entrepreneurship and Innovation.

Students must choose a major from:

- Accountancy*
- Advertising
- Economics
- Finance
- Human resource management
- International business
- Management
- Marketing
- Public relations.

*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (English (4, SA) and Maths B (4, SA)).

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies (English (4, SA) and Maths B (4, SA)).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional Recognition

Graduates will satisfy the requirements for membership in the relevant professional body for their science major. See [Studyfinder](#) for details on the Bachelor of Applied Science majors.

At the end of your Law degree you will have completed the necessary units for admission to legal practice in Australia. To become a practising lawyer you will need to complete further practical legal training (e.g. Graduate Diploma in Legal Practice) and then apply for admission.

Course Design

The course is designed to cover all major areas of the law as well as allowing students to choose any of the following science majors that are offered in the Bachelor of Applied Science (SC01) course: biochemistry, biotechnology, chemistry, ecology, environmental science, forensic science, geoscience, microbiology and physics.

To complete the double degree in a shorter period of time, the co-major will be taken from the law program therefore it is not possible for students to choose any of the co-majors listed under the Bachelor of Applied Science course.

Domestic Course structure

Course structure

You will study a combination of science and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units relevant to your career interests.

Course design

Handbook

Year	2014
QUT code	IX73
Duration (full-time)	5.5 years
OP	5
Rank	92
OP Guarantee	Yes
Campus	Kelvin Grove, Gardens Point
Domestic fee (indicative)	2014: CSP \$4,400 per Study Period (48 credit points)
International fee (indicative)	2014: \$11,800 per Study Period (48 credit points)
Total credit points	528
Credit points full-time sem.	48
Start months	February
Int. Start Months	February
Deferment	You can defer your offer and postpone the start of your course for one year
Course Coordinator	Director of Undergraduate Studies (Creative Industries); Director of Undergraduate Studies Amanda Stickley (Law)
Discipline Coordinator	Director of Undergraduate Studies (Creative Industries); Jennifer Yule (Law) CI: +61 7 3138 8114; Law: +61 7 3138 2707 ci@qut.edu.au (Creative Industries); lawandjustice@qut.edu.au

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Important Notice

The last intake into IX73 was 2014. From 2015 this course has been replaced by IX83 Bachelor of Creative Industries/Bachelor of Laws (Honours). Continuing IX73 students may contact lawandjustice@qut.edu.au for any queries in relation to the law component of the degree or ci@qut.edu.au for any concerns regarding the Creative Industries component.

Course Design

In order to complete this course, you must complete a total of 528 credit points comprising 192 credit points from the Bachelor of Creative Industries and 336 credit points from the Bachelor of Laws. You will study creative industries and law units in your first year and for the remainder of this course you will concentrate on law studies.

Creative Industries component:
You will complete Creative Industries core units (96 credit points) and a Creative Industries major (96 credit points) from one of the following disciplines (Animation; Art and Design History;

Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion; Film, Television and Screen; Interactive and Visual Design; Journalism; Literary Studies; Media and Communication; and Music).

Law component:

You will complete 336 credit points of law subjects.

Professional Recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and

criminal justice.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law or corporate law)
- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Domestic Course structure

You will study a combination of creative industries and law units in the first four years, with law units only in the final

years. You will also have the opportunity to choose elective units relevant to your career interests.

International Course structure

Course structure

You will study a combination of business and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units relevant to your career interests.

Sample Structure

A number of changes have been made to Creative Industries courses. Units have been recoded, renamed or discontinued. To see how these changes affect you, it is recommended that you consult the tables below in conjunction with your course outline.

INSTRUCTIONS FOR MAJORS

Code	Title
Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a major, following semester of offer and unit requisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.	

Changes to Majors from 2012

Code	Title
* A number of second majors have been revised. Units completed that are no longer listed will still count toward completion of the second majors.	
* Please note: Some units have been recoded, renamed or discontinued. Refer to the Equivalence Table for further information.	

Animation (KKBXMJR-ANIMATN)

Code	Title
*Description: This major provides you with important skills in the skills, principles, concepts and history of animation. Beginning with drawing for animation and an exploration of the history of the animation industry and its practices, you will then apply this knowledge to current and emerging fields within the animation industry including motion graphics, 3D modelling and animation, real-time 3D and character animation. Through the creation of an interactive virtual environment you will be given the opportunity to refine your skills and expand your knowledge of the 3D animation industry.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
48cp from the Introductory Animation Unit Options	
KNB112	Drawing for Animation 1
Film, Screen and Animation Histories	
KNB122	Drawing for Animation 2
KNB123	Animation and Motion Graphics
KNB124	3D Animation 1
48cp from the Advanced Animation Unit Options	
KNB211	3D Animation 2
KNB212	Real-time 3D Computer Graphics
KNB221	Animation: CG Toolkit
KNB222	Virtual Environments
KNB311	Advanced Concepts in Computer Animation 1
Contemporary Issues in Screen Industries	

Art and Design History (KKBXMJR-ARTHIST)

Code	Title
*Description: This major equips you with the educational base necessary for a career in the arts professions, such as curatorial work, art criticism and arts administration. It offers a coherent and sequential set of units that provide a platform for a research-based study of the visual arts, design and architecture. In conjunction with further study, this major will assist in preparing you for work as a professional in these disciplines.	

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
96cp from the Art and Design History Unit Options	
DAB220	Architecture, Culture and Place
DAB325	Architecture in the 20th Century
DEB202	Introducing Design History
KVB102	Modernism
KVB103	Australian Art
KVB108	Contemporary Asian Visual Culture
KVB211	Post 1945 Art
KVB212	Australian Art, Architecture and Design
KVB304	Contemporary Art Issues
KVB306	Video Art and Culture

Creative and Professional Writing (KKBXMJR-CRPRFWG)

Code	Title
*Description: The aim of this major is to prepare students to graduate with adequate skills and knowledge in the area of creative and professional writing; to provide a thorough grounding in a variety of genres that include fiction, creative non-fiction, media writing and corporate writing and editing, thereby equipping graduates with the versatility required of professional writers; to enhance the critical, analytical and peer-reviewing skills of students; to provide an understanding of creative writing in its social and generic contexts.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
48cp from the Introductory Creative and Professional Writing Unit Options	
KPB116	Introduction to Scriptwriting
KWB104	Creative Writing: the Short Story
KWB112	Youth and Children's Writing
KWB113	Introduction to Creative Writing
KWB115	Persuasive Writing
KWB116	Creative Non-Fiction
48cp from the Advanced Creative and Professional Writing Unit Options	
KWB207	Great Books: Creative Writing Classics
KWB211	Stylistics
KWB213	Corporate Writing and Editing
KWB303	Writing and Publishing Industry
KWB313	Novel and Memoir

Dance Studies (KKBXMJR-DANCEST)

Code	Title
*Description: This major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.	
*Assumed Knowledge: Previously acquired knowledge or skill is required for you to undertake this major. For health and safety reasons, admission to this major is dependent upon an appropriate level of physical fitness to prevent injury, and having no pre-existing injuries or structural/physical issues that would prevent your safe and full participation in all physical activities within its practical units. You may be required to confirm your fitness to attempt this major. If so, you must obtain a physiotherapists report and have it approved by the Dance Study Area Coordinator before you will be permitted to enrol in this major.	
48cp from the Introductory Dance Unit Options	

KDB105	Architecture of the Body
KDB106	Dance Analysis
KDB107	Choreographic Studies 1
KDB108	World Dance
KDB109	Funk, Tap and all that Jazz
KDB110	Deconstructing Dance in History
KDB120	Dance Practice 1
KDB121	Dance Practice 2
48cp from the Advanced Dance Unit Options	
KDB204	Australian Dance
KDB205	Teaching Dance
KDB225	Music Theatre Skills
KDB231	Latin Dance Party

Drama (KKBXMJR-DRAMA)

Code	Title
*Description: The major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
48cp from the Introductory Drama Unit Options	
KTB101	Understanding Theatre
KTB102	Process Drama
KTB104	Performance Innovation
KSB106	Acting Fundamentals
48cp from the Advanced Drama Unit Options	
KDB225	Music Theatre Skills
KTB207	Staging Australia
KTB210	Creative Industries Management
KTB211	Creative Industries Events and Festivals
KTB213	Directing Theatre
KTB302	Postdramatic Theatre
KTB305	The Entrepreneurial Artist

Entertainment Industries (KKBXMJR-ENTINDS)

Code	Title
*Description: On completion of this major, you will be able to demonstrate the knowledge and skills required to pursue a career in the Entertainment Industry. These include an understanding of the characteristics of mainstream commercial culture that appeal to large audiences; an understanding both of business and creative processes; an ability to balance the two of these; and an awareness of historical and current Entertainment content and business.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
Either BSB126 or KPB116. BSB126 is mandatory unless you are already undertaking it as part of another study package.	
BSB126	Marketing
KPB116	Introduction to Scriptwriting
Entertainment Industries Core Units:	
AMB207	Entertainment Marketing
KXB101	Introduction to Entertainment
KXB102	Global Entertainment

Bachelor of Creative Industries/Bachelor of Laws

KXB201	Entertainment Practice: Balancing Creativity and Business
KXB301	Entertainment Industries Map
LWS008	Entertainment Law
LWS009	Introduction to Law
*Note: Students who have completed a LW unit or BSB111 as a core unit in their course will be permitted to undertake KPB116 instead of LWS009. Please contact ci@qut.edu.au to arrange this variation.	
*Note: AMB200 or KCB301 will be permitted to count towards this study package if completed in 2010 or earlier. KPB101 will be permitted to count towards this study package if completed in 2011 or earlier.	

Fashion (KKBXMJR-FASHION)	
Code	Title
*Description: This major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
48cp from the Introductory Fashion Unit Options	
KFB103	Introduction to the Industry of Fashion
KFB104	Sustainability: The Materiality of Fashion
KFB107	Drawing for Fashion
KFB108	Unspeakable Beauty 1: A History of Dress and Fashion
KFB109	Unspeakable Beauty 2: Fashion and Modernity
48cp from the Advanced Fashion Unit Options	
KFB205	Fashion and Style Journalism
KFB207	Contemporary Fashion
KFB209	Ragtrade: The Business of Fashion
KFB210	Fashion and Costume in Film
KFB211	Product Design and Development in the Fashion Industry
KFB305	Critical Fashion Studies
*Note: KCB203, KFB106, KFB206, KFB208, KFB304 and KVB213 will be permitted to count towards this study package if completed in 2011 or earlier.	

Film, Television and Screen (KKBXMJR-FLMTVSC)	
Code	Title
*Description: The aim of this major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organisational abilities as well as building story telling and communication skills.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
48cp from the Introductory Film, Television and Screen Unit Options	
KPB101	Introduction to Film, TV and New Media Production
KPB105	Narrative Production
Film, Screen and Animation Histories	
KPB110	The Movie, TV and New Media Business

KPB113	TV and Film Text Analysis
48cp from the Advanced Film, Television and Screen Unit Options	
Approaches to Contemporary Documentary	
Global Screen Industries	
KPB210	Production Management for Film, TV and New Media
* Note: KPB202 and KPB203 are permitted to count towards this study package.	

Interactive and Visual Design (KKBXMJR-INVISDN)	
Code	Title
*Description: This major will provide you with the design concepts and principles, practical skills and working methods needed by a contemporary designer of visual and interactive media. You will learn how to design effectively for print and electronic media, Web and mobile media and computer games and become equipped with a versatile set of design practices to support you to enter careers in marketing, web design, electronic publishing, interaction design and the creative aspects of game design.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
It is recommended that you review the requisite requirements for units to ensure your unit selection enables you to successfully complete the requirements of this major. KIB120 and KIB103 are highly recommended to be undertaken as first year units as they are requisites for many advanced units, but this is not compulsory.	
48cp from the Introductory Interactive and Visual Design Unit Options	
KIB101	Visual Communication
KIB102	Visual Interactions
KIB103	Introduction to Web Design and Development
KIB109	Design for Interactive Media
KIB120	Graphic Design
KNB112	Drawing for Animation 1
48cp from the Advanced Interactive and Visual Design Unit Options	
KIB201	Concept Development for Game Design and Interactive Media
KIB204	Web Interface Design
KIB205	Programming for Visual Designers and Artists
KIB207	Theories of Visual Communication
KIB216	Advanced Web Design
KIB231	Typography and Illustration
KIB309	Embodied Interactions
KIB314	Tangible Media
KIB315	Contemporary Issues in Digital Media
* Note: KIB104 will be permitted to count towards this study package if completed in 2011 or earlier.	

Journalism (KKBXMJR-JOURNAL)	
Code	Title
* Description: This second major offers you a range of options to develop an understanding of the parameters of the journalism field. The second major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this second major.	
96cp from the Journalism Unit Options	
KJB101	Computational Journalism
KJB120	Newsriting

KJB121	Journalistic Inquiry
KFB205	Fashion and Style Journalism
KJB103	Media Design and Layout
KJB222	Online Journalism 1
KJB224	Feature Writing
KJB239	Journalism Ethics and Issues
KJB280	International Journalism
KJB304	Sub-Editing

Literary Studies (KKBXMJR-LITSTD)	
Code	Title
*Description: The aims of this major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with enhanced skills in critical thinking, writing and analysis; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.	
96cp from the Literary Studies Unit Options	
KWB108	Introduction To Literary Studies
KWB109	Writing Australia
KWB112	Youth and Children's Writing
KWB207	Great Books: Creative Writing Classics
KWB208	Modern Times (Literature and Culture in the 20th Century)
KWB209	Shakespeare, Then and Now
KWB210	Imagining the Americas: Contemporary American Literature and Culture
KWB308	Wonderlands: Literature and Culture in the 19th Century
KWB311	Popular Fictions, Popular Culture

Media and Communication (KKBXMJR-MEDIACM)	
Code	Title
*Description: This second major offers you a range of options to develop an understanding of the parameters of the professional communication field. The second major enables you to develop the skills and knowledge to prepare media material for organisations that wish to build, and maintain, a media profile.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this second major.	
2013 changes to this second major include:	
*the discontinuation of KCB207 Exploring New Media Worlds. Completion of this unit prior to 2013 will be permitted to count toward this study area.	
48cp from the Introductory Media and Communication Unit Options	
KCB101	Media and Communication Texts
KCB102	Media Mythbusting
KCB103	Strategic Speech Communication
KCB104	Media and Communication: Industries
KCB105	Inquiry in Media and Communication
48cp from the Advanced Media and Communication Unit Options	
KCB203	Consumption Matters: Consumer Cultures and Identity
KCB205	Professional Communication
KCB206	Internet, Self and Beyond

Bachelor of Creative Industries/Bachelor of Laws

KCB301	Media Audiences
--------	-----------------

Music (KKBXMJR-MUSIC)

Code	Title
------	-------

*Description: This major aims to impart a broad understanding of music practice in contemporary social, cultural and economic contexts. It aims to provide students with a combination of practical and theoretical skills to support a career in music within administrative, business, or organisational areas.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

It is recommended that you review the requisite requirements for units to ensure your unit selection enables you to successfully complete the requirements of this major. KMB129 is mandatory as it is a requisite for an advanced unit (KMB252).

48cp from the Introductory Music Unit Options

KMB003	Sex Drugs Rock 'N' Roll
KMB004	World Music
KMB107	Sound, Image, Text
KMB119	Music and Sound Production 1
KMB122	Music and Sound Concepts 1
KMB129	Music and Sound Production 2
KMB132	Music and Sound Concepts 2

48cp from the Advanced Music Unit Options

KDB225	Music Theatre Skills
KMB200	Music Scenes and Subcultures
KMB215	The Music Industry
KMB252	Multi-Platform Sound Design

Please note: KKB345 is permitted to count towards this study area if completed in 2010 or earlier.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Important Notice

The last intake into IX74 was 2014. From 2015 this course has been replaced by IX84 Bachelor of Journalism/Bachelor of Laws (Honours). Continuing IX74 students may contact lawandjustice@qut.edu.au for any queries in relation to the law component of the degree or ci@qut.edu.au for any concerns regarding the Creative Industries component.

Course Design

In order to complete this course, you must complete a total of 528 credit points comprising 192 credit points from the Bachelor of Journalism and 336 credit points from the Bachelor of Laws. You will study journalism and law units in your first year and for the remainder of this course you will concentrate on law studies.

Journalism component: You will complete 192 credit points of Journalism discipline or specified units.

Law component: You will complete 336 credit points of law subjects.

Professional Recognition

The QUT Law course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and

territories. The QUT Law degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

QUT's journalism degree is recognised by the Australian Journalists' Association (AJA) section of the Media, Entertainment and Arts Alliance (MEAA).

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law

or corporate law)

- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Journalism (Honours), provided you have met entry requirements.

On successful completion of the Bachelor of Laws, there are a number of further study options open to you. The Bachelor of Laws meets the entry requirements for Practical Legal Training courses (for example, the QUT Graduate Diploma in Legal Practice). In addition, successful completion of the law degree will allow you to pursue postgraduate opportunities through research- and coursework-based higher degrees in law.

Domestic Course structure

You will study a combination of journalism and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units that are relevant to your career interests.

International Course structure

Course structure

You will study a combination of journalism and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units that are relevant to your career interests.

Sample Structure

A number of changes have been made to Creative Industries courses. Units have been recoded, renamed or discontinued. To see how these changes affect you, it is recommended that you consult the tables below in conjunction with your course outline.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended study: Maths A, B or C

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Location

Psychology units are offered at Kelvin Grove campus and Justice units are offered at Gardens Point campus.

Course structure

In order to complete the Bachelor of Behavioural Science (Psychology) component, you must complete a total of 192 credit points consisting of:

Psychology core units (12 units = 144 credit points)

Psychology elective units (4 units = 48 credit points)

In order to complete the Bachelor of Justice component, you must complete a total of 192 credit points from the following:

Justice core units (8 units = 96 credit points)

Study Area A (8 units = 96 credit points)

Students must complete a total of 384 credit points.

Professional recognition

The Bachelor of Behavioural Science

component of the program comprises a 3-year undergraduate psychology sequence accredited by the Australian Psychology Accreditation Council (APAC), completed across 4 years of study. On completion of this double degree, students have the option to apply for a 4th year program in psychology, in order to gain provisional registration as a psychologist.

At any point during your study, you can become a student member of the Australian Psychological Society. Such membership should not be confused with registration as a psychologist. To become a psychologist, you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in Psychology (eg Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology), followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

The Bachelor of Justice is highly regarded by the Australian Federal Police, Queensland Police Service and all law enforcement agencies, with many justice graduates gaining employment in these services.

Pathways to further study

On successful completion of the Bachelor of Behavioural Science (Psychology) (including completion of PYB350), you will be eligible to apply for entry into the Bachelor of Behavioural Science (Honours Psychology) or Graduate Diploma in Behavioural Science (Psychology), provided you have achieved the required GPA.

On successful completion of the Bachelor of Justice, you will be eligible to apply for entry into the Bachelor of Justice (Honours), provided you have achieved the required GPA.

Further information

For more information about this course, please contact the School of Psychology and Counselling on +61 7 3138 4520 or email psychology@qut.edu.au OR School of Justice on +61 7 3138 2707 or email lawandjustice@qut.edu.au

Domestic Course structure

First year comprises foundation units to give you a solid overview of each area.

Bachelor of Behavioural Science (Psychology)/Bachelor of Justice

You will study introductory psychology, criminology, policing, interpersonal processes and skills, justice and society, and research methods. You will also develop an understanding of the criminal justice system, and learn about forensic psychology and how it relates to law.

By second year you will begin to pick study areas related to your justice major. You will expand your knowledge in social and organisational psychology, research analysis, social ethics, developmental psychology and counselling.

Third year allows you to tailor your degree to your interests. Of the eight units studied in third year, you can choose six of them from an extensive electives list. Choose from areas such as human sexuality, alcohol and drug studies, forensic psychology, psychology and gender, road safety, industrial and organisational psychology, health psychology and family therapy.

In fourth year combine four compulsory units with the other four units of your choice. Compulsory units include physiological psychology, psychopathology, Indigenous justice, and statistical analysis. You choose three justice electives and one psychology elective to complete your studies.

Unit Offerings

Units in this course are offered in either Internal or External mode of delivery. All Internal units are offered at Gardens Point campus.

Professional Recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Solicitors' Admission Rules and Barristers' Admission Rules. Accordingly, it enables guarantee to satisfy the academic requirements for admission to practice as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Course Overview

Students study a combination of Justice and Law units in the first three years of the course, with the balance of units devoted to Law units only. In the Bachelor of Justice component of the course, 16 units in total, students are required to complete a suite of core units and select a Primary Major (8 units) from one of the following: Criminology and Policing, or Policy and Governance.

For further information contact

School of Justice - phone: (07) 3138 7132; fax: (07) 3138 7123; email: lawandjustice@qut.edu.au
Law School - phone: (07) 3138 2707;

email: lawandjustice@qut.edu.au

Domestic Course structure

You will study a combination of justice and law units in the first four years, with law units only in the final years. In the first year of the Bachelor of Justice component, you will complete core units that introduce you to criminology and policing, giving you a foundation for choosing your primary major. You will also develop an understanding of the criminal justice system and learn about forensic psychology and how it relates to the law.

In the second year, you will learn about criminological research skills, social ethics and the justice system, contracts, criminal law, policy and criminal responsibility. You will also begin to choose units from your justice major.

Your third year of study allows more flexibility, with your choice of three units from your major. Also in third year, you will learn about equity, property law, trusts and Indigenous justice. The number of electives you can choose increases as the degree progresses, so by year four there are five choices of units from your justice major as well as law electives. Corporate law and constitutional law feature prominently in fourth year. The final three semesters of the double degree are exclusively law including administrative law, civil procedure and professional responsibility, complemented by law elective units.

International Course structure

Course structure

You will study a combination of justice and law units in the first four years, with law units only in the final years. In the first year of the Bachelor of Justice component, you will complete core units that introduce you to criminology and policing, giving you a foundation for choosing your primary major in third year. Your primary major in either criminology or policing comprises eight units that are fundamental to criminal justice and related discipline areas. In the law component you will have an opportunity to choose elective units from a range of career streams.

New heading

New text

Overview

As an extension of the undergraduate Bachelor of Justice, the Bachelor of Justice (Honours) provides an opportunity to undertake a major piece of sustained research under the supervision of a staff member, read advanced texts in justice theory, engage in small seminar discussions at an advanced level and to write advanced level essays and reports in justice related fields.

The program also offers an outstanding qualification for entry to the employment market and for promotional opportunities for those already employed, as it is demonstrated evidence of an ability to undertake major projects, to work independently, write advanced level reports and to analyse statistical data.

Entry Requirements

A Bachelor of Justice three-year degree or equivalent, with a grade point average of at least 5 (on a 7-point scale). Applicants would normally have completed the JSB273 Crime Research Methods unit (or equivalent). Students wanting to do Honours are encouraged to do JSB976 Independent Study unit (or equivalent), offered in the Bachelor of Justice undergraduate program. However other qualifications, including work experience or involvement in research, may be deemed appropriate by the course coordinator.

Course Structure

The Bachelor of Justice (Honours) is a 96 credit-point course. Students complete three (3) prescribed units (48 credit points) and a dissertation (48 credit points). The dissertation calls for students to design, develop and implement a substantial research project. Students can pursue original lines of thought, formulate and test hypotheses, develop problem-solving strategies and make structured decisions. Students are expected to demonstrate high ethical standards, awareness of sociocultural and equity issues, and professional accountability. Students should contact the Honours Coordinator to discuss thesis and supervisor.

Articulation

The Bachelor of Justice (Honours) is an excellent pathway for entry to higher degree awards i.e. Master's Programs or Ph D.

Limits on grades of 3

A new policy concerning grades of 3 came into effect from 1 January 2009 (QUT MOPP C/5.2). With effect from this date grades of 3 are no longer considered a conceded or low pass but are classified as a fail grade. Any grades of 3 awarded prior to 1 January 2009 retain the conceded pass status and will be counted for graduation purposes up to the maximum number of grades of 3 permitted for your course. Grades of 3 incurred in units that commence after 1 January 2009 will not count towards your degree. Further information is available on the Student Services website

Overview

The Graduate Certificate in Criminology provides a tertiary qualification for students who currently work in, and those seeking employment in criminology. Through a range of teaching strategies, the program develops relevant competencies, skills and knowledge in the criminology discipline areas. The program is designed for students who have completed an undergraduate qualification, but students with extensive appropriate professional experience are invited to apply. Completion of this course facilitates entry into the Master of Justice (Criminology).

Entry Requirements

Domestic students:

A relevant and approved three year undergraduate degree from a recognised tertiary institution or a combination of extensive and appropriate professional employment and training that the Course Coordinator deems to be appropriate.

International students:

A relevant and approved three year

undergraduate degree from a recognised tertiary institution or a combination of extensive and appropriate professional employment and training that the Course Coordinator deems to be appropriate.

International Students who are considering making application to this course should be aware this program is not available in a full-time study mode. Units are available for external/on-line mode and may be undertaken off-shore in the students home country.

English Language Requirements

IELTS 6.5 (with not lower than 6 for any one band).

Course Structure

The Graduate Certificate in Criminology consists of four (4) units which comprises of:

- One (1) generic core unit (12 credit points)
- Two (2) specialist units in criminology (24 credit points)
- One (1) elective unit chosen from the Elective list (12 credit points)

Unit Offerings

Units listed in the Course Structure may not necessarily be offered each year or each semester. Prospective students are advised to contact the School of Justice for unit availability by phoning (07) 31387132 or email - lawandjustice@qut.edu.au.

Pathways to further study

A student who has successfully completed the Graduate Certificate in Criminology with a GPA of 4.0 or better, may articulate to the Master of Justice (Criminology) and receive academic credit of 48 credit points equivalent to four (4) units.

Currently enrolled QUT students in an articulating postgraduate coursework nested program (ie. completing Graduate Certificate in Criminology and moving to the next level of study) are not required to complete a Postgraduate Application (PG) form. Student Business Services send an email to your student mailbox inviting currently enrolled students to articulate to the next stage of the program - Master of Justice (Criminology).

Prospective students, not enrolled at QUT, should complete the Postgraduate Application form (PG form) available from the QUT website - <http://www.qut.edu.au/>

Overview

The Graduate Certificate in Policy and Governance will deliver the core skill set and knowledge to candidates to equip them to perform policy development and analysis, and to develop a depth of knowledge to understand their role as ethical and productive public officials. The course is closely based on the Queensland Public Service Commission's Policy Capability and Development Framework and also relates to the federal and other state government competencies' frameworks.

Course Requirements

This course consists of 4 core units.

Career Outcomes

Possible career outcomes include policy development roles in government agencies, and policy analysis roles in political or non-government offices.

Overview

This course is designed to provide opportunities for non-law graduates to undertake a program of legal study related to their professional and educational needs. It will provide graduates with specialised knowledge and of areas of the law and skills that they will be able to apply within their discipline or professional area.

Domestic Course structure

Not all elective units are available in any one year. Generally, postgraduate elective units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching. However, some core units in the project management and health law majors, and a range of elective units are currently offered for internal mode only which requires weekly attendance at Gardens Point campus.

International Course structure

The course comprises 48 credit points (four units) of coursework units. The required credit points can be accrued in two ways. Students may nominate a major from the areas available and choose units to the value of 48 credit points. Alternatively, students can complete a generic certificate by choosing any coursework units to the value of 48 credit points.

Majors include:

- Commercial Law
- Creative Industries Law
- Project Management
- Health Law

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching. However, the core units in the program are currently offered for internal mode only which requires weekly attendance at Gardens Point campus. Units offered externally are not available for off-shore study - students must be living in Australia.

Domestic Entry requirements

A completed recognised 3 year Bachelor Degree in a discipline other than Law.

Minimum English requirements

Students must meet the English proficiency requirements.

Domestic Course structure

Senior medical staff, health administrators and managers will gain specialised knowledge to excel their career and manage health law issues confidently. Choose from units including genetic technologies, conception and birth, biotechnology law, children's health, guardianship, health care economics, quality management and risk management. The two compulsory units will give you an over view of Australia's common law system and health care law and ethics. Depending on the elective units you choose, you may be taught by lecturers who literally wrote the book on health law in Australia. The Health major not available full-time if you begin in semester one (February). It's available both full-time and part-time in semester two (July).

Domestic Course structure

Designed specifically for engineers, senior managers, mining executives and contract administrators, this major will give you a powerful insight into emerging issues within exciting areas such as environmental, natural resources and energy law. You will gain knowledge of contract law, Australia's common law system and project management principles in the core units. Elective units to choose from include construction and engineering law and procurement and delivery strategies.

Overview

This Certificate course allows students to enhance their knowledge in particular areas of interest in the law. Students may select units from one of the eleven majors offered or may elect to complete the course without a major.

Entry Requirements

Domestic students:

Prospective students must either:

- hold the degree of Bachelor of Laws or equivalent from QUT or equivalent institution;
- OR
- have a professional qualification in law and at least three years of professional legal experience after first admission to practice.

International students:

Prospective students must hold the degree of Bachelor of Laws or equivalent from QUT or equivalent institution.

Course Structure

Students must undertake a total of 48 credit points (4 units). This may be achieved in one of two ways:

- Students may nominate a major from

the list below and choose 48 credit points (4 units) from that particular major; or

- Students may complete a generic course by choosing the 48 credit points (4 units) from any major.

Majors:

Commercial Transactions, Corporate Law, Criminology, Environmental Law, Health Law, Intellectual Property and Technology Law, International and Comparative Law, Media and Communications Law, Planning and Resources, Property Law, and Public Law.

NOTE: International students are normally only able to undertake a generic course.

Unit Information

Not all units are available in any one year. Generally, postgraduate units are offered on a two year rotational basis, and offered subject to staff availability and minimum enrolments being met.

Units may be offered in intensive, internal and external mode of study.

Note: Units offered in external mode are not available for off-shore study. Students who wish to enrol in units externally must be living in Australia. Only a small number of units are offered on an external basis each year.

*International students on student visas are able to enrol in a combination of intensive, external and internal units each semester. (This is subject to approval).

The course rules allows students to undertake a limited number of approved units from other schools at QUT or from other universities.

Articulation to the Master of Laws by Coursework

The Graduate Certificate in Law articulates into the Master of Laws (LW51) course.

* NOTES	
LWN048 Advanced Legal Research is strongly recommended for international students and for domestic students without an LLB.	
LWN162 Australian Common Law System is a compulsory unit for all international students to complete.	
The units listed within all majors may be subject to change.	
Schedule of Units	
Not all units are offered in any one year.	
For a schedule of unit offerings for 2011: please refer to http://www.law.qut.edu.au/study/courses/pgrad/periodmode.jsp	

Handbook

Year	2014
QUT code	LP41
Duration (full-time)	24 weeks
Duration (part-time domestic)	34 and 38 weeks
Campus	Gardens Point
Domestic fee (indicative)	2014: \$10,500 full course based on 7 units
International fee (indicative)	2014: \$21,400 full course based on 7 units
Total credit points	96
Dom. Start Months	January, March, June
Course Coordinator	Dr Allan Chay, Director Legal Practice
Discipline Coordinator	Associate Professor Allan Chay +61 7 3138 2211 a.chay@qut.edu.au

Domestic Entry requirements

A completed bachelor degree, higher award or equivalent study in law, which is approved for admission to the Australian legal profession;

or

currently studying for such as a degree, award or equivalent with no more than two units to complete by the date the course commences.

Closing dates

You should submit your application as soon as possible and by no later than the relevant closing date:

- January start: 14 December
- March start: 7 February
- June start: 14 June

Should your application be received at QUT after the relevant closing date it will be processed but it may be held for the next available start month.

International Entry requirements

A completed Bachelor Degree, higher award or equivalent study in Law, which is approved for admission to the Australian legal profession

OR

Currently studying for such as a degree, award or equivalent with no more than 2 units to complete by the date the course commences

Students who have overseas degrees will need to have their degree assessed by an Australian Legal Practitioner's Admission Board. They will assess if the degree holder is required to complete any additional undergraduate prior to admission to this course. This letter should be submitted with your QUT application.

For more information on Queensland admission requirements and assessment of overseas qualifications, please refer to the [Queensland Law Society](http://www.qldlawsonline.com.au) website.

Minimum English requirements

Students must meet the English proficiency requirements.

Important Note

This course is an online course and there is no requirement for a face-to-face session.

Course Enquiries

Email: egsacoordinator@qut.edu.au
This course is offered by Queensland University of Technology as part of a joint collaboration with the other ATN universities as part of the e-Grad School Australia

Part-time students

Part-time students can enrol in one or two units per semester for up to six semesters maximum.

Early Exit Options

Graduate Certificate and Diploma exit points are available following completion of four and eight units.

Advanced Standing

Students with appropriate prior qualifications and/or professional experience may apply for advanced standing of up to 48CP towards the Master of Research Management and Commercialisation. Recognition for concurrent Professional Development activities may be possible. Registered members of professional societies may be eligible to receive advanced standing for approved professional development activities completed during enrolment in the award.

Domestic Course structure

Course structure

The Master of Research Management and Commercialisation is particularly suited to current or aspiring research management leaders, administrators and active researchers in corporations, universities and the public sector. The Masters builds on the content of the Graduate Certificate and allows you to develop a deeper understanding of the context and strategic issues involved in research management and commercialisation. You can tailor the course to your needs by applying these ideas and concepts to issues of relevance to you and, where possible, undertaking assessment through workplace-based projects.

Students enrolled in the masters-level course can choose to exit with an award of Graduate Certification or Diploma following the completion of four or eight approved units.

Overview

The Master of Justice (Intelligence) by Coursework provides postgraduate education in the study area of Intelligence. This course extends the scope of areas presented in the Graduate Certificate program to provide a complete foundation for intelligence professionals.

Entry Requirements - Domestic and International

An appropriate undergraduate degree or equivalent with a minimum grade point average (GPA) of 4.0 (on a 7 point scale). Applicants who meet the undergraduate requirement and who have relevant professional experience may be eligible for advanced standing.

OR

A graduate certificate in an appropriate

field with a minimum grade point average (GPA) of 4.0 (on a 7 point scale).

Notes for International Students

International students may study this course in the External On-line mode in their home country. This course is not available to full-time international students wishing to study this course in Australia as it is not available as an Internal offering.

English Language Requirements

IELTS 6.5 (with no lower than 6 for any one band)

Course Requirements

The course consists of 144 credit points of study comprising of 24 credit points of core units, 72 credit points from a study area and 48 credit points of option units.

Course Requirements

This course consists of six core units, two Justice Elective Units and a choice of 4 Justice Postgraduate option units.

Advanced Standing Based on Previous Study

Students with a relevant undergraduate degree and professional experience may be eligible for advanced standing.

Early exit options

Students may be eligible to exit with a Graduate Certificate.

Unit Offerings

Units listed in the Course Structure may not necessarily be offered each year or each semester. Prospective students are advised to contact the School of Justice for unit availability by phoning (07) 31387132 or email - lawandjustice@qut.edu.au.

Pathways to further

This course articulates with the Master of Justice (Advanced) and the Doctor of Juridical Science (SJD).

Career outcomes

Graduates of this program gain the skills and knowledge to be better prepared or gain enhanced knowledge in their current roles, for example Intelligence Analysts, Security and Investigators, Australian Defence Force, Correctional Services and Federal and State Police Services.

Articulation to Master of Justice (Advanced)

Students who have successfully completed the Master of Justice with a GPA of 4.0 may be eligible to articulate to the Master of Justice (Advanced).

Overview

The Master of Justice (Advanced) provides a higher level postgraduate qualification by building on from the Master of Justice (Intelligence or Criminology). This involves undertaking a work-based thesis or supervisor supported project which enhances research analysis skills. Topics are self selected in consultation with the academic supervisor and, if relevant, the student's employer. Completion of the Master of Justice (Advanced) degree will enable articulation to a PhD or Doctor of Juridical Science research degrees.

Entry Requirements

An appropriate undergraduate degree or equivalent with a minimum grade point average (GPA) of 4.0 (on a 7 point scale). Applicants who meet the undergraduate requirement and who have relevant professional experience may be eligible for advanced standing.

Articulation

Completion of the Master of Justice (Advanced) will enable articulation to PhD or Doctor of Juridical Science research degrees.

Course Structure

The course consists of 192 credit points of study comprising of 24 credit points of core units, 72 credit points from a study area, 48 credit points of option units plus four (4) Research Thesis components of self directed study in consultation with an Academic Supervisor.

Further Information

School of Justice
Phone: +61 7 3138 7132
Fax: +61 7 3138 7123
email: lawandjustice@qut.edu.au

Career outcomes:

Graduates may aspire to management positions in the criminal justice sector, an academic career in justice, or criminology, or industry-led research positions in criminology, crime prevention, policing or security.

Domestic Course structure

The course consists of 192 credit points of study comprising of 144 credit points of course work units (eligible applicants may receive advanced standing) plus four (4) Research Thesis components of self directed study in consultation with an Academic Supervisor of self directed study in consultation with an Academic Supervisor

International Course structure

The course consists of 192 credit points of study comprising of 144 credit points of course work units (eligible applicants may receive advanced standing) plus four (4) Research Thesis components of self directed study in consultation with an Academic Supervisor of self directed study in consultation with an Academic Supervisor

Sample Structure

Master of Justice students who complete a further year of part-time study may complete an advanced research-orientated Master of Justice in the Intelligence Discipline. This involves undertaking a work-based thesis or supervisor-supported project which enhances research analysis skills. Topics are self-selected in consultation with the academic supervisor and, if relevant, the student's employer. Completion of the Master of Justice (Advanced) degree will enable articulation to PHD or Doctor of Juridical Science research degrees.

Code	Title
Course Requirements	
Upon completion of their Master of Justice course, students may be eligible for articulation into the Master of Justice Advanced and may be eligible for advanced standing based on their successfully completed coursework units.	

Master of Justice (Advanced) Intelligence

Students must successfully complete a 48-credit-point dissertation on a topic negotiated by the student with the School and supported by a full-time academic supervisor within a justice-related field or discipline.

Please refer to the Master of Justice course for course and unit information relating to the Master of Justice.

listening	6.0
overall	6.5

Overview

The Master of Laws by Coursework will deepen and broaden your legal learning, developing your critical evaluation of the law and consideration and analysis of the attitudes and values underlying it. During the course, you are expected to attain high level competence in legal research and writing on areas of conceptual difficulty. The course leads on to the Doctor of Juridical Science (subject to normal entry requirements).

Course Structure

The course structure comprises 96 credit points (8 units) of coursework units. This can be achieved in one of two ways:

1. Students may nominate a major from the list below and choose units to the value of at least 72 credit points (6 units) from that particular major. The remaining 24 credit points (2 units) can be chosen from any unit offered in the Master of Laws; or
2. Students may complete the degree with

a cross specialisation choosing all 96 credit points (8 units) from any unit offered in the Master of Laws.

Additional requirements apply to International students. Please see the international student course structure.

Majors available:
Commercial Law
Health Law (available part-time only)

Articulation

This course articulates with the Doctor of Juridical Science (SJD).

Advanced Standing

Graduates of QUT's Graduate Diploma in Legal Practice are eligible for some advanced standing towards the Master of Laws course. Please contact lawandjustice@qut.edu.au for further information.

Graduates of other Australian university-based practical legal training courses that lead to an award of a Graduate Diploma in Legal Practice are entitled to 12 credit points of advanced standing.

Persons who have successfully completed the Queensland Law Society accredited specialist assessment and are Queensland Law Society Accredited Specialists are entitled to 12 credit points of advanced standing when they enrol in the Master of Laws course.

Unit Information

Not all units are available in any one year. Generally, postgraduate law units are offered on a two year rotational basis, and are offered subject to staff availability and minimum enrolments being met.

Current unit information can be found at [Postgraduate student resources](#).

Units may be offered in block, internal or internal and external mode of study.

*International students on student visas are able to enrol in a combination of block, external and internal units each semester. (This is subject to approval)

The degree may contain up to 48 credit points in independent research projects, as approved by the Director, Graduate Programs.

The course rules allows students to undertake a limited number of approved units from other schools at QUT or from other universities (subject to meeting credit rules for the LLM).

Handbook

Year	2014
QUT code	LW51
Duration (full-time)	1 year
Duration (part-time domestic)	2 years
Campus	Gardens Point
Domestic fee (indicative)	2014: \$8,500 per Study Period (48 credit points)
International fee (indicative)	2014: \$12,800 per Study Period (48 credit points)
Total credit points	96
Credit points full-time sem.	48
Credit points part-time sem.	24
Start months	February, July
Int. Start Months	February, July
Course Coordinator	Director, Graduate Programs Sheryl Jackson
Discipline Coordinator	

Domestic Entry requirements

A completed recognised 4 year Bachelor Degree (or higher award) of Law with a minimum GPA of 4 (on a 7 point scale).

Closing dates

You should submit your application as soon as possible and by no later than the relevant closing date:

- February start: 31 January
- June start: 14 June
- July start: 30 June

Should your application be received at QUT after the relevant closing date it will not guaranteed to be processed and may be held for the next available start month.

International Entry requirements

A completed recognised 4 year Bachelor Degree (or higher award) of Law with a minimum GPA of 4 (on a 7 point scale).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Domestic Course structure

The course comprises 96 credit points (eight units) of coursework units. Students may choose units to the value of at least 72 credit points from the major. The remaining 24 credit points can be chosen from any unit from the full suite of units on offer in the Masters of Law.

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching.

International Course structure

Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. Students may nominate a major and choose units to the value of at least 72 credit points

from that particular major. The remaining 24 credit points can be chosen from any unit not included in the nominated major. Alternatively, students may complete the degree with a cross specialisation by choosing all 96 credit points from any of the majors.

Majors include:

- Commercial Law
- Health Law

LWN162 Australian Common Law System is a compulsory unit for all international students in their first semester of study.

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching. Units offered externally are not available for off-shore study - students must be living in Australia

Credit points full-time sem.	48
Credit points part-time sem.	24
Start months	February, July
Int. Start Months	February, July
Course Coordinator	Director, Graduate Programs Sheryl Jackson
Discipline Coordinator	

Domestic Entry requirements

Prospective students must have:

(i) completed the requirements for the degree of Bachelor of Laws or equivalent (as approved by Director, Graduate Programs) with a minimum GPA of 4 or equivalent;
OR

(ii) hold a professional qualification in law and have at least three years of professional legal experience after first admission to practice and also satisfy the Director, Graduate Programs, that they have the requisite ability to complete the Master of Laws by Coursework degree.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Domestic Course structure

Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. Students may nominate a major and choose units to the value of at least 72 credit points from that particular major. The remaining 24 credit points can be chosen from any unit not included in the nominated major. Alternatively, students may complete the degree with a cross specialisation by choosing all 96 credit points from any of the majors.

Majors include:

- Commercial Law
- Health Law
- Intellectual Property and Technology Law

LWN162 Australian Common Law System is a compulsory unit for all international students in their first semester of study.

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching.

International Course structure

Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. Year	2014
QUT code	LW51
Duration (full-time)	1 year
Duration (part-time domestic)	2 years
Campus	Gardens Point
Domestic fee (indicative)	2014: \$8,500 per Study Period (48 credit points)
International fee (indicative)	2014: \$12,800 per Study Period (48 credit points)
Total credit points	96
Credit points full-time sem.	48
Credit points part-time sem.	24
Start months	February, July
Int. Start Months	February, July
Course Coordinator	Director, Graduate Programs Sheryl Jackson
Discipline Coordinator	

Domestic Entry requirements

Applicants must have:

(i) completed the requirements for the degree of Bachelor of Laws or equivalent (as approved by Director, Graduate Programs) with a minimum GPA of 4 or equivalent;

OR

(ii) hold a professional qualification in law and have at least three years of professional legal experience after first admission to practice and also satisfy the Director, Graduate Programs, that they have the requisite ability to complete the Master of Laws by Coursework degree.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Domestic Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. Students may nominate a major and choose units to the value of at least 72 credit points from that particular major. The remaining 24 credit points can be chosen from any unit not included in the nominated major. Alternatively, students may complete the degree with a cross specialisation by choosing all 96 credit points from any of the majors.

Majors include:

- Commercial Law
- Health Law
- Intellectual Property and Technology Law

LWN162 Australian Common Law System is a compulsory unit for all international students in their first semester of study.

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching.

International Course structure

Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. Students may nominate a major and choose units to the value of at least 72 credit points from that particular major. The remaining 24 credit points can be chosen from any unit not included in the nominated major. Alternatively, students may complete the degree with a cross specialisation by choosing all 96 credit points from any of the majors.

Majors include:

block mode of teaching.

International

Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. International students may undertake the Commercial Law Major and choose units to the value of at least 72 credit points of Commercial Law units. International students must also complete LWN162 Australian Common Law System in their first semester of study. The remaining 12 credit points can be chosen from any unit offered in the Master of Laws.

Alternatively, International students may complete the degree with a cross specialisation by studying LWN162 Australian Common Law System, and choosing the remaining 84 credit points from any units offered in the Master of Laws.

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching.

Handbook

Year	2014
QUT code	LW51
Duration (full-time)	1 year
Duration (part-time domestic)	2 years
Campus	Gardens Point
Domestic fee (indicative)	2014: \$8,500 per Study Period (48 credit points)
International fee (indicative)	2014: \$12,800 per Study Period (48 credit points)
Total credit points	96
Credit points full-time sem.	48
Credit points part-time sem.	24
Start months	February, July
Int. Start Months	February, July
Course Coordinator	Director, Graduate Programs Sheryl Jackson
Discipline Coordinator	

Domestic Entry requirements

Prospective students must have:

(i) completed the requirements for the degree of Bachelor of Laws or equivalent (as approved by Director, Graduate Programs) with a minimum GPA of 4 or equivalent;
OR

(ii) hold a professional qualification in law and have at least three years of professional legal experience after first admission to practice and also satisfy the Director, Graduate Programs, that they have the requisite ability to complete the Master of Laws by Coursework degree.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Domestic Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. Students may nominate a major and choose units to the value of at least 72 credit points from that particular major. The remaining 24 credit points can be chosen from any unit not included in the nominated major. Alternatively, students may complete the degree with a cross specialisation by choosing all 96 credit points from any of the majors.

Majors include:

- Commercial Law
- Health Law

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching.

International Course structure

Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. Students may nominate a major and choose units

to the value of at least 72 credit points from that particular major. The remaining 24 credit points can be chosen from any unit not included in the nominated major. Alternatively, students may complete the degree with a cross specialisation by choosing all 96 credit points from any of the majors.

Majors include:

- Commercial Law
- Health Law

LWN162 Australian Common Law System is a compulsory unit for all international students in their first semester of study.

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching. Units offered externally are not available for off-shore study - students must be living in Australia.

Sample Structure Domestic

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. Students may nominate a major and choose units to the value of at least 72 credit points from that particular major. The remaining 24 credit points can be chosen from any units in the Master of Laws.

Alternatively, students may complete the degree with a cross specialisation by choosing all 96 credit points from any of the units offered in the Master of Laws.

Majors include:

- commercial law

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching.

International

Course structure

The course comprises 96 credit points (eight units) of coursework units. This can be achieved in one of two ways. International students may undertake the Commercial Law Major and choose units to the value of at least 72 credit points of

Master of Laws (Public Law)

Commercial Law units. International students must also complete LWN162 Australian Common Law System in their first semester of study. The remaining 12 credit points can be chosen from any unit offered in the Master of Laws.

Alternatively, International students may complete the degree with a cross specialisation by studying LWN162 Australian Common Law System, and choosing the remaining 84 credit points from any units offered in the Master of Laws.

Not all units are available in any one year. Generally, postgraduate units are offered on a two-year rotational basis, and are offered subject to staff availability and minimum enrolments being met. Units may be offered in internal, external or block mode of teaching.

Domestic Entry requirements

A completed recognised 4 year Bachelor Degree (or higher award) in any discipline

OR

A completed recognised 3 year Bachelor Degree in any discipline AND 1 year professional work experience in the field of intellectual property or a related area.

International Entry requirements

A completed recognised 4 year Bachelor Degree (or higher award) in any discipline

OR

A completed recognised 3 year Bachelor Degree in any discipline AND 1 year professional work experience in the field of intellectual property or a related area.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Entry Requirements

Students require a four year Bachelor degree from QUT or from another equivalent institution. Students with a three year degree require professional experience in the field of intellectual property or a related area deemed to be equivalent to one year of tertiary education, as approved by the Program Director in consultation with the Director Graduate Programs.

Overview

This course is offered in collaboration with WIPO Worldwide Academy and is designed to build on the skills and knowledge of professionals working in fields related to and allied with intellectual property law by providing;

- a deep and thorough knowledge of IP law, policy and practice relevant to IP professionals as applicable in the global environment, particularly in the Asia/Pacific region;
- competent research, written and oral skills underpinned by strong practical

knowledge of IP law;

- the ability to apply relevant IP law, policy and principles in diverse national and international contexts.

A diversity of teaching methods will be used from intensive classroom delivery and interaction to online contact. However, course content principally will be delivered through face-to-face lectures, tutorials, seminars and workshops. Particularly for WIPO taught units, students will be supported through email and chat room contact with lecturers and tutors. Each unit will be supported by a web site enabling students to access study materials and other information relating to the unit at any time of day or night.

Application Closing Date

The final closing date for applications for this course for mid-January (no late applications will be accepted). Consult: <http://www.student.qut.edu.au/about/key-dates-and-academic-calendar> for more information.

Offer Acceptance

The Faculty of Law would like to advise that if an offer is made to you for this course, that it is necessary for you to accept your offer as a matter of priority. The first unit in this course, LWN401 General Introduction to Intellectual Property Law, commences on 28 February, 2011. Therefore to ensure that you are not disadvantaged in relation to fees, visa requirements or other administrative matters, we advise that you are required to accept your offer into this course as early as possible.

Advanced Standing

Advanced Standing may be awarded to a maximum of 48 credit points where appropriate and as approved by the Program Director.

Early Exit Option

Students who successfully complete four units of the course may apply to exit early with LW61 Graduate Certificate in Intellectual Property Law. Students cannot enter the Graduate Certificate directly.

Course Structure

Course completion requires satisfactory completion of eight core units or equivalent as determined by the Program Director. This course is normally offered in the full-time mode. Part-time study is

Master of Laws in Intellectual Property

available after consultation with the Program Director.

Course Core – 96 credit points comprising:

Course Information

The next cohort for this course will commence in February and finish in October. All classes will be held in C408 (Law Library) at Gardens Point campus.

LWN401 General Introduction to Intellectual Property will be held from February to March with final assessment due in April.

LWN402 Patents and Biotechnological Inventions will be held during March with final assessment due in May.

LWN403 Copyright and Related Rights will be held in April with final assessment due in May.

LWN404 Trade Marks, Domain Names and Geographical Indications will be held during May with final assessment due in June.

LWN405 Industrial Designs and Plant Variety Protection will be held in July with final assessment due in August.

LWN406 Traditional Knowledge and other Emerging Issues; Interface between Antitrust and IP Rights will be held during August with final assessment due in October.

LWN407 Intellectual Property Management will be held during September with final assessment due in October.

LWN408 Research Project will be held during October with final assessment due in October.

equivalent as determined by the Program Director. The course is offered in full-time mode.

Each unit is delivered in a week of intensive classes (26 hours per unit) spread over two semesters (mid-February to late-October).

listening	6.0
overall	6.5

Award

- 1.1 The following rules apply to the degree of Master Justice to be obtained by research and thesis awarded by the

Queensland University of Technology, and are made with the authority of the Academic Board of this University.

1.2 For the purposes of these Rules the Course Coordinator acts as the delegate of the Dean, Faculty of Law, and the Faculty of Law Research Committee acts as the delegate of the Law Academic Board.

Admissions and Enrolment

3.1 An application for admission shall be made on the prescribed form:

- (i) The Postgraduate Research application form (PR Form) (if the applicant holds citizenship or permanent residency in Australia or New Zealand); or
- (ii) The Foreign Research application form (FR Form) (if the applicant is an international candidate).

3.2 Admission of a person as a candidate for the degree shall be at the discretion of the Course Coordinator on the recommendation of the Law Faculty Research Committee.

3.3 A person applying for admission as a candidate for the degree shall apply in accordance with the requirements of the Registrar and shall pay all prescribed fees.

3.4 A person admitted as a candidate may enrol as either a full-time student or a part-time student. International students studying in Australia on student visas may only enrol in full-time programs.

Progress Reports

4.1 The Principal Supervisor and candidate are required to report on a six monthly basis (by 30 April and 30 September) on the prescribed form on the candidate's progress and research plans. Reports shall be signed by both the candidate and by the Principal Supervisor and submitted through the Law Faculty Research Committee to the Office of Research for consideration by the Research Degrees Committee.

4.2 Where the candidate's progress is deemed satisfactory, the Research Degrees Committee shall approve continuation of candidature.

4.3 Where progress is deemed unsatisfactory, the Research Degrees Committee, on advice from the Faculty Research Committee, will normally place the candidature under review for a period of up to three months from the date that the candidate is advised in writing of the decision. The Research Degrees Committee will inform the candidate of the required remedial action to be followed taking account of the advice provided by the Principal Supervisor and the Faculty.

4.4 A report on the action taken to resolve the deficiencies in the program must be made to the Faculty Research Committee and the Research Degrees Committee may then approve continuation of candidature if these deficiencies have been redressed and progress is again satisfactory.

4.5 If progress is still unsatisfactory after the Review Period, the Research Degrees Committee, on advice from the Faculty Research Committee, shall ask the candidate to show cause why the enrolment of the candidate should not be terminated.

4.6 If a candidate fails to submit an annual report through their Principal Supervisor to Research Degrees Committee by the due date without applying, in writing, for an extension on the prescribed form two weeks prior to the due date, the Research Degrees Committee may ask the candidate to show cause why the enrolment of the candidate should not be terminated.

4.7 Upon failure of the candidate to show cause the candidate's enrolment will be terminated.

Thesis Requirements

5.1 Students undertake applied research on an approved topic, which involves both an appropriate theoretical perspective and a specific orientation to professional practice and application. The thesis submitted for the degree shall be not less than 50,000 words and should constitute a substantial contribution to knowledge and understanding in criminal justice (eg criminology, law enforcement, strategic intelligence). It shall include a title page, table of contents and bibliography, and shall otherwise comply with the University's requirements for presenting theses.

5.2 The candidate shall submit a detailed research outline to the Course Coordinator within two months of admission to candidature. The research outline should include the following:

- * The proposed title of the thesis;
- * The objectives of the program of research and investigation;
- * An outline of the proposed research;
- * The Research methods and plan;
- * The relation of the study to previous work in the same field by the candidate and others;
- * A preliminary literature review;
- * A substantial bibliography;
- * A timeline for the completion of the research
- * A copy of the Research Ethics Review Checklist
- * The proposed supervisor(s) and their credentials

* An intellectual property agreement if required

* Memo of Understanding for any external supervisor

5.3 The Law Faculty Research Committee may, upon the recommendation of the Course Coordinator vary the title of the thesis topic.

5.4 A candidate enrolled for the degree shall, at least once per semester during the period of candidature, consult with the Principal Supervisor and, where appropriate, any Associate Supervisor appointed by the Law Faculty Research Committee on the advice of the Course Coordinator.

5.5 A candidate shall submit three copies of the thesis in the form prescribed by the University for the submission of theses to the Course Coordinator not later than the end of November or May, as the case may be, in the year in which the candidate is required to complete the degree. On submission of the thesis, the candidate shall furnish a written statement to the effect that the thesis is that candidate's work alone, except where due acknowledgment is made in the text, and does not include material which has been previously submitted or accepted for a degree or diploma.

5.6 The Principal Supervisor shall recommend to the Faculty Research Committee the names of two examiners for the thesis, at least one of whom must be external to the University and neither of whom are the candidate's supervisor.

5.7 The Law Faculty Research Committee, through the Office of Research, shall refer the thesis to two examiners. Each examiner shall report, normally within two months of receipt of the thesis, whether in the examiner's opinion, the thesis is of the standard required for the award of the degree. Each examiner shall also recommend that the thesis:

- (i) be accepted
- (ii) not be accepted, or
- (iii) be accepted subject to amendments to be made to the satisfaction of the Principal Supervisor.

5.8 After both examiners' reports are received the Office of Research will forward them to the Course Coordinator, the Principal Supervisor and the candidate with an appropriate covering letter. (Until such time as the examination process is complete the identity of the examiners will be withheld from the candidate.)

Examiners in Agreement

Where both examiners recommend that the thesis be accepted (recommendations (i) or (iii)), the Course Coordinator will consult with the Principal Supervisor to

discuss any corrections or revisions that the candidate may be required to make and where revisions are required.

Where corrections or revisions are to be made to the satisfaction of the Principal Supervisor, the Principal Supervisor must certify to the Research Degrees Committee that they recommend acceptance of the thesis in fulfilment of the conditions for the award of the MJust (Research) degree.

Examiners not in Agreement

Where the recommendations of the examiners are not in agreement as to whether the thesis should be accepted for the award of MJust (Research) or as to whether the thesis may be revised, the Law Faculty Research Committee will refer the thesis to a third examiner.

Upon receipt of the third examiner's report, a majority decision shall be adopted. Where the majority decision is that the thesis be accepted or that the thesis be rejected, this shall be the decision of the examiners as the case may be. Where the recommendation of three examiners clearly differ and no clear majority exists, the Course Coordinator or nominee shall liaise with the Principal Supervisor to determine the further course of action.

Appeals

A candidate whose thesis has failed may lodge an appeal against the outcome of the examination process. The grounds for appeal may be on matters of process only, ie procedural irregularities in the conduct of the examination or documented evidence of examiner bias as evidenced by comments in the examiners reports.

An appeal must be lodged within sixty (60) days of the date of written advice from the Office of Research on the outcome of the examination. This appeal must include the specific grounds on which the appeal is based. Appeals must be submitted in writing to the Office of the Pro-Vice-Chancellor (Research and Advancement). The University Director, Postgraduate Research Studies, will determine whether a potential conflict of interest exists in relation to his/her consideration of the appeal. In cases where a conflict of interest exists, the University Director, Postgraduate Research Studies, will appoint a member of academic staff, with expertise in research candidate supervision to consider the appeal.

The University Director, Postgraduate Research Studies, or appointee will

decide whether a case exists and may seek the advice of the Faculty or school as appropriate. The appeal may be allowed or dismissed. If an appeal is allowed, the University Director, Postgraduate Research Studies, or appointee cannot recommend that the degree be awarded but shall recommend that the thesis be re-examined.

The University Director, Postgraduate Research Studies, or appointee will make a determination on the appeal as soon as practicable and will advise appellants, in writing, of the result of the appeal.

5.9 Following final acceptance of the thesis one bound copy and one electronic copy of the thesis must be submitted to the Office of Research for inclusion in the QUT Faculty of Law Library. These copies shall be in the prescribed form as set out in the University Requirements for Presenting Theses and be provided at the candidate's expense. An additional copy shall be bound at the Faculty's expense for inclusion in the Faculty Office collection. Any corrections resulting from the examiners' assessment shall be made prior to binding, and by retyping if they would otherwise be obtrusive.

Credit for Research Work Done Elsewhere

6.1 The Course Coordinator may grant credit toward the Master of Justice degree by Research for work done at another institution of similar standing. Such credit shall not be granted unless the candidate provides to the Course Coordinator:

- (i) evidence that the candidate has cancelled or terminated enrolment at the other institution, and
- (ii) a written undertaking that the candidate will not seek credit in any form or manner for work done at the other institution or any other institutions except to complete the degree at QUT.

Time for Completion Requirements

7.1 Except in special circumstances and with the approval of the Course Coordinator:

- (i) a full-time candidate shall complete all the requirements for the degree not earlier than the end of the second semester and not later than the end of the sixth semester of candidature;
- (ii) a part-time candidate shall complete all the requirements for the degree not earlier than the end of the fourth semester and not later than the end of the eighth semester of the candidature. International

students studying on student visas must be enrolled on a full-time basis.

7.2 The Course Coordinator may, upon the application of the candidate, extend any time limited by the rules by such further period as may be consistent with general University rules. Extensions of time for international students will only be made in exceptional circumstances. International students should consult the Course Coordinator and the Office of International Students if an extension of time is required.

Award of Degree

8.1 A candidate who has fulfilled the requirements of these rules and who has otherwise complied with the provisions of all statutes and other rules applicable may be admitted to the degree of Master of Justice (Research) by the University Academic Board on the recommendation of the Law Academic Board and the University Research Degrees Committee.

Domestic Course structure

Students undertake applied research on an approved topic, which involves both an appropriate theoretical perspective and a specific orientation to professional practice and application.

The thesis that students submit for their degree should be not less than 50,000 words and should constitute a substantial contribution to knowledge and understanding in the student's area of research.

International Course structure

Course structure

Students undertake applied research on an approved topic, which involves both an appropriate theoretical perspective and a specific orientation to professional practice and application.

The thesis that students submit for their degree should be not less than 50 000 words and should constitute a substantial contribution to knowledge and understanding in the student's area of research.

Domestic Entry requirements

The following persons shall be eligible to apply for admission as a student for the degree:

1.1 A person who has completed the requirements for the degree of Bachelor of Laws of QUT with at least Second Class Honours Division A, or its equivalent from another institution which, in the opinion of the Assistant Dean, Research, maintains standards comparable with those required for the award of the degree of Bachelor of Laws of QUT, or

1.1.1 A person who has completed the requirements for the degree of Bachelor of Laws of QUT at a standard of Second Class Honours Division B or a lesser standard, or its equivalent from another institution which, in the opinion of the Assistant Dean, Research maintains standards comparable with those required for the award of the degree of Bachelor of Laws of QUT, or

1.1.2 A person admitted or entitled to be admitted to practice in the State of Queensland.

1.2 Candidates falling within sub-clauses 1.1.1 and 1.1.2 must also satisfy the following to be eligible for admission:

1.2.1 Three years' professional experience in the field in which the proposed research work is to be undertaken, or

1.2.2 Satisfactory completion of an appropriate masters qualifying program stipulated by the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee. Pending satisfactory completion of a qualifying program, provisional status may be granted to the candidate, or

1.2.3 The submission of professional publications or other appropriate evidence which satisfies the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee that advanced knowledge and research ability has been acquired in the field of law in which the proposed research work is to be undertaken, and

1.2.4 The Assistant Dean, Research is satisfied of the ability of the candidate to complete the required research and thesis towards the degree.

Admissions and Enrolment

2.1 An application for admission shall be made on the prescribed form:

(i) The Postgraduate Research application form (PR Form) (if the applicant holds citizenship or permanent residency in Australia or New Zealand); or

(ii) The Foreign Research application form (FR Form) (if the applicant is an international candidate).

2.2 Admission of a person as a candidate for the degree shall be at the discretion of the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee.

2.3 A person applying for admission as a candidate for the degree shall apply in accordance with the requirements of the Registrar and shall pay all prescribed fees.

2.4 A person admitted as a candidate may enrol as either a full-time student or a part-time student. International students studying in Australia on student visas may only enrol in full-time programs.

International Entry requirements

The following persons shall be eligible to apply for admission as a student for the degree:

1.1 A person who has completed the requirements for the degree of Bachelor of Laws of QUT with at least Second Class Honours Division A, or its equivalent from another institution which, in the opinion of the Assistant Dean, Research, maintains standards comparable with those required for the award of the degree of Bachelor of Laws of QUT, or

1.1.1 A person who has completed the requirements for the degree of Bachelor of Laws of QUT at a standard of Second Class Honours Division B or a lesser standard, or its equivalent from another institution which, in the opinion of the Assistant Dean, Research maintains standards comparable with those required for the award of the degree of Bachelor of Laws of QUT, or

1.1.2 A person admitted or entitled to be admitted to practice in the State of Queensland.

1.2 Candidates falling within sub-clauses 1.1.1 and 1.1.2 must also satisfy the following to be eligible for admission:

1.2.1 Three years' professional experience in the field in which the proposed research work is to be undertaken, or

1.2.2 Satisfactory completion of an appropriate Masters qualifying program stipulated by the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee. Pending satisfactory completion of a qualifying program, provisional status may be granted to the candidate, or

1.2.3 The submission of professional

publications or other appropriate evidence which satisfies the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee that advanced knowledge and research ability has been acquired in the field of law in which the proposed research work is to be undertaken, and

1.2.4 The Assistant Dean, Research is satisfied of the ability of the candidate to complete the required research and thesis towards the degree.

Admissions and Enrolment

- (i) The Postgraduate Research application form (PR Form) (if the applicant holds citizenship or permanent residency in Australia or New Zealand); or
- (ii) The Foreign Research application form (FR Form) (if the applicant is an international candidate).

2.2 Admission of a person as a candidate for the degree shall be at the discretion of the Assistant Dean, Research on the recommendation of the Law Faculty Research Committee.

2.3 A person applying for admission as a candidate for the degree shall apply in accordance with the requirements of the Registrar and shall pay all prescribed fees.

2.4 A person admitted as a candidate may enrol as either a full-time student or a part-time student. International students studying in Australia on student visas may only enrol in full-time programs.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Progress Reports

4.1 The Principal Supervisor and candidate are required to complete a QUT Annual Report, completed online via QUT Virtual and due on 30 September as well as an informal report to the Assistant Dean Research by 30 April.

4.2 Where the candidate's progress is deemed satisfactory, the Research Degrees Committee shall approve continuation of candidature.

4.3 Where progress is deemed unsatisfactory, the Research Degrees Committee, on advice from the Faculty

Research Committee, will normally place the candidate under review for a period of up to three months from the date that the candidate is advised in writing of the decision. The Research Degrees Committee will inform the candidate of the required remedial action to be followed taking account of the advice provided by the Principal Supervisor and the Faculty.

4.4 A report on the action taken to resolve the deficiencies in the program must be made to the Faculty Research Committee and the Research Degrees Committee may then approve continuation of candidature if these deficiencies have been redressed and progress is again satisfactory.

4.5 If progress is still unsatisfactory after the Review Period, the Research Degrees Committee, on advice from the Faculty Research Committee, shall ask the candidate to show cause why the enrolment of the candidate should not be terminated.

4.6 If a candidate fails to submit an annual report through their Principal Supervisor to Research Degrees Committee by the due date without applying, in writing, for an extension on the prescribed form two weeks prior to the due date, the Research Degrees Committee may ask the candidate to show cause why the enrolment of the candidate should not be terminated.

4.7 Upon failure of the candidate to show cause the candidate's enrolment will be terminated.

Thesis Requirements

5.1 The thesis submitted for the degree shall be not less than 50,000 words and not more than 60,000 words in length and shall constitute a substantial contribution to knowledge and understanding in the area of the law and subject of the research. It shall include a title page, table of contents and bibliography, and shall otherwise comply with the University's requirements for presenting theses.

5.2 The candidate shall submit a detailed research outline to the Assistant Dean, Research within two months of admission to candidature. The research outline should address the following:

- The proposed title of the thesis;
- The objectives of the program of research and investigation;
- An outline of the proposed research;
- The Research methods and plan;
- The relation of the study to previous work in the same field by the candidate and others;
- A preliminary literature review;
- A substantial bibliography;
- A timeline for the completion of the research

- A copy of the Research Ethics Review Checklist
- The proposed supervisor(s) and their credentials
- An intellectual property agreement if required
- Memo of Understanding for any external supervisor

5.2 A candidate enrolled for the degree shall, at least once per semester during the period of candidature, consult with the Principal Supervisor and, where appropriate, any Associate Supervisor appointed by the Law Faculty Research Committee on the advice of the Assistant Dean, Research.

5.3 A candidate shall submit three copies of the thesis in the form prescribed by the University for the submission of theses to the Assistant Dean, Research in the year in which the candidate is required to complete the degree. On submission of the thesis, the candidate shall furnish a written statement to the effect that the thesis is that candidate's work alone, except where due acknowledgment is made in the text, and does not include material which has been previously submitted or accepted for a degree or diploma.

5.4 The Principal Supervisor shall recommend to the Faculty Research Committee the names of two examiners for the thesis, at least one of whom must be external to the University and neither of whom are the candidate's supervisor.

5.5 The Law Faculty Research Committee, through the Office of Research, shall refer the thesis to two examiners. Each examiner shall report, normally within two months of receipt of the thesis, whether in the examiner's opinion, the thesis is of the standard required for the award of the degree. Each examiner shall also recommend that the thesis:

- (i) be accepted
- (ii) not be accepted, or
- (iii) be accepted subject to amendments to be made to the satisfaction of the Principal Supervisor.

5.8 After both examiners' reports are received the Office of Research will forward them to the Assistant Dean, Research, the Principal Supervisor and the candidate with an appropriate covering letter. (Until such time as the examination process is complete the identity of the examiners will be withheld from the candidate.)

Examiners in Agreement

Where both examiners recommend that the thesis be accepted (recommendations (i) or (iii)), the Assistant Dean, Research will consult with the Principal Supervisor to discuss any corrections or revisions

Master of Laws (Research)

that the candidate may be required to make and where revisions are required.

Where corrections or revisions are to be made to the satisfaction of the Principal Supervisor, the Principal Supervisor must certify to the Research Degrees Committee that they recommend acceptance of the thesis in fulfilment of the conditions for the award of the LLM (Research) degree.

Examiners not in Agreement

Where the recommendations of the examiners are not in agreement as to whether the thesis should be accepted for the award of LLM(Research) or as to whether the thesis may be revised, the Law Faculty Research Committee will refer the thesis to a third examiner.

Upon receipt of the third examiner's report, a majority decision shall be adopted. Where the majority decisions is that the thesis be accepted or that the thesis be rejected, this shall be the decisions of the examiners as the case may be. Where the recommendation of three examiners clearly differ and no clear majority exists, the Assistant Dean, Research or nominee shall liaise with the Principal Supervisor to determine the further course of action.

Appeals

A candidate whose thesis has failed may lodge an appeal against the outcome of the examination process. The grounds for appeal may be on matters of process only, ie procedural irregularities in the conduct of the examination or documented evidence of examiner bias as evidenced by comments in the examiners reports.

An appeal must be lodged within sixty (60) days of the date of written advice from the Office of Research on the outcome of the examination. This appeal must include the specific grounds on which the appeal is based. Appeals must be submitted in writing to the Office of the Pro-Vice-Chancellor (Research and Advancement). The Director, Postgraduate Research Studies, will determine whether a potential conflict of interest exists in relation to his/her consideration of the appeal. In cases where a conflict of interest exists, the Director, Postgraduate Research Studies, will appoint a member of academic staff, with expertise in research candidate supervision to consider the appeal.

The Director, Postgraduate Research Studies, or appointee will decide whether a case exists and may seek the advice of the Faculty or school as appropriate. The

appeal may be allowed or dismissed. If an appeal is allowed, the Director, Postgraduate Research Studies, or appointee cannot recommend that the degree be awarded but shall recommend that the thesis be re-examined.

The Director, Postgraduate Research Studies, or appointee will make a determination on the appeal as soon as practicable and will advise appellants, in writing, of the result of the appeal.

5.9 Following final acceptance of the thesis, one bound copy and one electronic copy of the thesis must be submitted to the Office of Research for inclusion in the QUT Faculty of Law Library. These copies shall be in the prescribed form as set out in the University Requirements for Presenting Theses and be provided at the candidate's expense. An additional copy shall be bound at the Faculty's expense for inclusion in the Faculty Office collection. Any corrections resulting from the examiners' assessment shall be made prior to binding, and by retyping if they would otherwise be obtrusive.

Domestic Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate masters degree or professional doctorate (by research or coursework)

Masters and professional doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of masters and professional doctorates by coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval.

International Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

Financial Guarantee

Acceptable forms of evidence include:

- A letter from an approved employer confirming the continuation of your salary; or
- A signed Scholarship Agreement between QUT and your sponsoring agency; or
- An accepted letter of offer from QUT

for a postgraduate research scholarship; or

- An approved external scholarship.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Location and Duration

The expected duration of the Doctor of Philosophy is three to four years full-time, or six to eight years part-time. Full-time study is normally conducted on-campus at QUT. Part-time and external study options may be available depending on the project, infrastructure requirements and funding arrangements. Although QUT offers this flexibility, candidates must meet minimum attendance requirements and the university must be satisfied that adequate supervision and resources are available.

International student visas require on-campus study to be completed full-time.

International Student Entry

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

English language proficiency requires International applicants to meet an IELTS overall bandscore of 6.5 with no sub-

score below 6.0.

FINANCIAL GUARANTEE

Acceptable forms of evidence include:

- A letter from an approved employer confirming the continuation of your salary; OR
- A signed Scholarship Agreement between QUT and your sponsoring agency; OR
- An accepted letter of offer from QUT for a postgraduate research scholarship; OR
- An approved external scholarship.

Course Structure

QUT adopts a project management approach. PhD candidates work closely with their supervisory team to meet collegially reviewed milestones leading to timely submission of a thesis for examination. QUT is proud of its record of timely completions and low attrition rates realised by this approach.

During candidature the supervisor and other key stakeholders will provide advice and direction to the candidate to encourage their participation in university scholarly activities such as research seminars, teaching and publication. The length of the thesis varies according to the topic, but should normally be no longer than 100,000 words, excluding bibliography.

Fees

Australian citizens and permanent residents will be awarded a Research Training Scheme (RTS) place. Domestic students are not required to apply for an RTS entitlement, as it will be automatically allocated. The RTS covers tuition fees but not other study related costs. PhD Students are entitled to four years full-time equivalent study under these schemes. Students who exceed this entitlement may apply to QUT for extension, however the University may charge fees for the period of the program, which exceeds the student's entitlement. The University determines the fee level for domestic and international students.

Domestic Entry requirements

The Faculty of Law Research Committee may admit to candidature an applicant who:

- holds or has completed the requirements of the degree of (a) Master of Laws (coursework) or (b) Master of Justice (coursework) with a grade point average of at least 5.5 on a 7 point scale at QUT or its equivalent from another institution which, in the opinion of the Assistant Dean, Research maintains standards comparable with those required for the award of the degree of Master of Laws and Master of Justice by coursework respectively at QUT, and, an applicant must also satisfy the following
- have a minimum of two years professional experience appropriate to the proposed course of study
- demonstrate a level of research experience and potential which is deemed acceptable to the Assistant Dean, Research, for example, by the publication of articles in refereed research journals; and
- demonstrate a sufficient command of the English language to complete the proposed course of study in that language.

International Entry requirements

1. Entry Requirements

1.1 The Faculty of Law Research Committee may admit to candidature an applicant who:

(i) holds or has completed the requirements of the degree of (a) Master of Laws by Coursework or (b) Master of Justice by Coursework with a grade point average of at least 5.5 on a 7 point scale at the Queensland University of Technology or its equivalent from another institution which, in the opinion of the Assistant Dean, Research maintains standards comparable with those required for the award of the degree of Master of Laws and Master of Justice by Coursework respectively at the Queensland University of Technology;

and, an applicant must also satisfy the following:

(ii) have a minimum of two years professional experience appropriate to the proposed course of study;

(iii) demonstrate a level of research experience and potential which is deemed acceptable to the Assistant Dean, Research, for example, by the publication

of articles in refereed research journals; and

(iv) demonstrate a sufficient command of the English language to complete the proposed course of study in that language.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

1. Entry Requirements

1.1 The Faculty of Law Research Committee may admit to candidature an applicant who:

(i) holds or has completed the requirements of the degree of (a) Master of Laws by Coursework or (b) Master of Justice by Coursework with a grade point average of at least 5.5 on a 7 point scale at the Queensland University of Technology or its equivalent from another institution which, in the opinion of the Assistant Dean, Research maintains standards comparable with those required for the award of the degree of Master of Laws and Master of Justice by Coursework respectively at the Queensland University of Technology;

and, an applicant must also satisfy the following:

(ii) have a minimum of two years professional experience appropriate to the proposed course of study;

(iii) demonstrate a level of research experience and potential which is deemed acceptable to the Assistant Dean, Research, for example, by the publication of articles in refereed research journals; and

(iv) demonstrate a sufficient command of the English language to complete the proposed course of study in that language.

2. Period of Time for Completion of Program

2.1 The normal period of candidature is:

- * Full-time candidates: two years from date of commencement;
- * Part-time candidates: four years from date of commencement;

In exceptional cases the Law Faculty Research Committee may approve submission of the thesis within a shorter period.

2.2 The maximum period of candidature is:

* Full-time candidates: four years from date of commencement;

* Part-time candidates: eight years from date of commencement;

2.3 The candidate may change from full-time to part-time candidature or vice versa by making application on a prescribed form to the Faculty Research Committee through the office of the Assistant Dean, Research. International students studying on student visas are unable to alter their mode of study from full-time to part-time unless they are in their final semester of study.

2.4 A candidate who does not expect to submit his/her thesis by the maximum candidature date must apply for an extension of time on the prescribed form through the Assistant Dean, Research for consideration by the Faculty Research Committee. The application must include the reasons for the delay, written endorsement of the request for extension by the Principal Supervisor and a revised timeline for completion. Applications for extensions will not normally be considered by the Faculty Research Committee unless the reasons for the delays have been documented in previous progress/supervisor reports. Extensions will only be given in exceptional circumstances. Minor breakdown of computer equipment or absence of a Principal Supervisor are not usually considered exceptional.

3. Supervision

3.1 Supervision shall be conducted according to the QUT Code of Good Practice for Postgraduate Research Studies and Supervision (MOPP Appendix 9).

3.2 A Principal Supervisor from QUT and one Associate Supervisor shall be appointed.

3.3 The Principal Supervisor has responsibility for supervising a candidate on a frequent basis and must be a current member of the QUT staff or an emeritus professor of QUT still active in research. The Principal Supervisor shall normally have undertaken successful supervision of research degree candidates, and shall have an established research record in the area of the proposed project.

3.4 The Associate Supervisor may be a member of the QUT staff and must possess appropriate expertise in the research field and would normally be a person who has undertaken successful

supervision of research degree candidates.

4. Course Structure

The value of the course is set at 192 credit points, a dissertation of 50,000-60,000 words. Students must complete or have completed LWN048 Advanced Legal Research (or equivalent) as a requirement of this course.

Course Description

The QUT Study Abroad Certificate is awarded to students who complete one semester of an approved study program. To be eligible, you must successfully complete 48 credit points with a minimum grade of 4 in each unit. These units can be used for 48 academic credit points at your home institution (subject to approval by the home institution).

What can I study?

You can select from a comprehensive range of QUT subjects and custom-design your program to suit your interests and meet the requirements of your home university. You can choose from over 2200 units, including well over 300 pre-approved units for Study Abroad and Exchange students, in Built Environment and Engineering, Business, Creative Industries, Education, Health, Law, Justice and Science and Technology.

Entry Requirements

To be eligible for the Study Abroad program you need:

- a minimum one year of full-time study at a recognised university (this criteria applies to a majority of applicants however, high school students from some countries may meet the entry requirements).
- a GPA (Grade Point Average) of 2.5 or better (on a 4-point scale) or equivalent.
- an English Language Proficiency level in accordance with QUT requirements* if English is not your first language (QUT requirements are an IELTS overall score of 6.5 with no less than 6.0 in the sub-bands, or a TOEFL score of 575, or a computerised TOEFL score of 230).

* You may be exempt from taking a formal test if your secondary or post-secondary studies were conducted entirely in English and you have passed an English language subject or one or more Communication subjects.

What can I study?

You can select from a comprehensive range of QUT subjects and custom-design your program to suit your interests and meet the requirements of your home university. You can choose from over 2200 units, including well over 300 pre-approved units for Study Abroad and Exchange students, in Built Environment and Engineering, Business, Creative Industries, Education, Health, Law, Justice and Science and Technology.

Entry Requirements

To be eligible for the Study Abroad program you need:

- a minimum one year of full-time study at a recognised university (this criteria applies to a majority of applicants however, high school students from some countries may meet the entry requirements).
- a GPA (Grade Point Average) of 2.5 or better (on a 4-point scale) or equivalent.
- an English Language Proficiency level in accordance with QUT requirements* if English is not your first language (QUT requirements are an IELTS overall score of 6.5 with no less than 6.0 in the sub-bands, or a TOEFL score of 575, or a computerised TOEFL score of 230).

* You may be exempt from taking a formal test if your secondary or post-secondary studies were conducted entirely in English and you have passed an English language subject or one or more

Communication subjects.

If students meet academic entry requirements but do not meet English requirements please email stae@qut.edu.au for alternative entry options.

Domestic Course structure

Units are subject to availability, faculties hold the final decision on students eligibility to the pre-approved units.

BSD119	Global Business
QCD210	Professional Communication 2

International Course structure

You will complete six of the business core units as well as two units of communication.

University Diploma in Business units

- Accounting
- Economics
- Global Business
- Management
- Marketing
- Working in Business
- Professional Communication 1
- Professional Communication 2

Extension English Sessions

For first-semester students, these sessions take place during weeks two to eight. Other QUTIC students in University Entry Programs may join the sessions, if their timetable permits. The aims of Extension English are to improve the student's English language proficiency in speaking, listening and overall writing ability in a relaxed environment.

In addition to developing these language skills, students have the opportunity to discuss cultural issues and ask questions about studying at university.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, Finance, Economics and Marketing majors also require 4 SA in Maths A, B or C.

International Subject prerequisites

- English

You must have completed four semesters with sound achievement in high school or subsequent study to be considered for admission to this course (4, SA). Accountancy, Finance, Economics and Marketing majors also requires study in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Design

The Bachelor of Business degree allows you to be flexible in your chosen field of studies to suit your own needs and career aspirations. The three distinct components within the degree give you many combinations of majors and specialisations.

Students commencing the Bachelor of Business must complete 24 units of equal weighting totalling 288 credit points, comprised of:

- eight Business School Core units
- one block of eight Major Core units
- choice of one block of:
 - six Second Major units and two option (elective) units or
 - eight option (elective) units or
 - two Minors (four units each) (university or Business School or extension) or
 - one Minor (four units)(university or Business School or extension) and four

option (elective) units.

Enrolment and advanced standing

You may wish to apply for advanced standing (also known as credit or exemption) for prior completed studies and other assessable learning outcomes. See more on [Advanced Standing](#).

Gardens Point campus students: The first year program and all Business study areas are available at Gardens Point. Students commencing this course at Gardens Point campus must enrol on-line by nominating their primary major and then enrol in units according to that major. You are required to only nominate your first major to satisfy enrolment procedures. The second area of study, i.e. Second Major/Extension/Minor may be nominated at a later date. Students who have been granted advanced standing (academic credit) should nominate their second area of study (i.e. Second Major/Extension/Minor) in order to determine their enrolment program.

Caboolture campus students: The Business School Core units and the Accountancy, Management and Marketing majors are available at this campus. Students must choose first year Business School Core units at Caboolture campus but may choose units from majors from other Business disciplines at Gardens Point to complete the rest of their degree. When enrolling for the first time, students will be required to select either Accountancy, Management or Marketing as their major. After their first year, students will be able to change their major. Students may choose majors offered at Gardens Point or continue their studies at Caboolture. Business core unit availability will vary each semester. Students who wish to complete their degree in full-time mode should consult their Discipline School for specific course progression and enrolment advice. Queries regarding unit availabilities and progression can be directed to Business Student Services on bus@qut.edu.au or the Caboolture Student Centre on caboolture@qut.edu.au.

Special requirements

- For your course structure and enrolment advice see [Course Checklist](#) and follow the instructions.
- A full-time student may only enrol in units contained in the normal course program for semesters 1 and 2 in the first year of study unless in exceptional

circumstances and with the approval of the Course Coordinator.

- A part-time student may only select units from those listed for years 1 and 2 in the first two years of study.
- Students must take Business School Core units at first attempt, in the semester outlined in the structure of their chosen major.
- A student must enrol in more than one unit in any semester, unless they have the approval of the Course Coordinator.

International Students

International students must maintain a full-time study load to meet student visa requirements. International students are only permitted to enrol in units at Gardens Point campus. International students should consult the International Student Office on Level 2, B Block for advice.

Professional Recognition

Professional Recognition can be found in the individual majors of the Bachelor of Business (BS05).

Major and minor codes

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#).

Degree plus Masters Option

You can also expand your career options with a Master of Business in a complementary study area.

Bachelor of Business (Honours) year option

Refer to [BS63](#) for details.

Important Information

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#).

Other useful information can be found on the [Student Services](#) website.

Overview

If guiding financial activities in the world of business sounds like an interesting challenge, then accountancy is the right career for you. As a QUT Bachelor of Business student your Accounting major will provide you with an excellent platform for any business career. You will be offered the opportunity to study the Accountancy major together with the Professional Accounting extension* which will prepare you for professional accreditation in an interesting and respected business profession. Throughout this course you will develop key accounting concepts, problem solving skills, and critical and analytical thinking.

* Available at the Gardens Point campus only

Your degree at a glance

Year 1

Academically, you will build a base of broad business knowledge through the core units, covering all areas of business

from finance and economics through to marketing and electronic business. Generic skills in all areas will enhance your understanding of how businesses operate within the commercial and legal environment.

Year 2

You will learn how to interpret financial information and reports and gain skills in using this information for business decision making. Practical experience in using software such as MYOB and Accounting Information Systems Cycles will complement your theoretical knowledge in corporate reporting and product costing. You can start to build your professional networks and find out more about the corporate world that awaits you at boardroom seminars. You'll also start to shape your career with the selection of a second study area.

Year 3

You will draw on the knowledge gained through your major to solve real-world accounting problems such as preparing a tax return or analysing the financial statements of a client business. You'll also investigate how auditors report on the financial statements of companies, individuals and trusts. For the best chance of a top job to launch your career, attend graduate recruitment events on campus or take a work placement with one of our industry partners.

Professional recognition

Graduates who complete the accountancy major and the professional accounting extension* meet the academic component of requirements for membership of CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), the Institute of Public Accountants (IPA), as well as enrolment in their respective professional programs. Graduates are also eligible for exemptions in the qualifying program for membership of the Association of Chartered Certified Accountants (ACCA) and the Chartered Institute of Management Accountants (CIMA).

Graduates who complete only the accountancy major will need to complete additional units to meet these professional requirements. Students who complete specified units under the regulation and tax extension* will meet the academic entry requirements for registration as a tax agent with the Tax Practitioners Board.

* available at Gardens Point Campus only

Resources and Opportunity

By choosing to study the Accountancy major you will be able to access a wide range of opportunities and resources specific to your degree. Undergraduate students will have the opportunity to network with our industry partners in programs such as the Accountancy Work Placement Program, Mentor Program and the Pitcher Partners Seminar Series. These programs are all designed to make graduates job ready from day one and help ease the transition into the workforce.

You will be able to integrate your accounting knowledge through the final-year capstone projects. In this simulation, you will take the position of a professional consultant and be asked to solve unstructured problems based on those that you will encounter in your professional accounting career. You might even discover your potential for research work or an academic career with paid research work opportunities within the School, working with academic supervisors on real-world research projects, or as part of a Summer Semester Research scholarship.

Accountancy at Caboolture Campus

You are able to study and complete your Accountancy major with a second major in Marketing or Management, all at the QUT Caboolture campus. As a Business student at the Caboolture campus you will have access to all the business core units and a broad range of electives. Other Business majors or double degrees may involve study at either the Kelvin Grove or Gardens Point campus. Please check your course page for specific details.

Other majors

See also separate entries for the following majors in this course: Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing, and Public Relations.

Abbreviation

BBus(Accy)

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

overall	6.5

Overview

At QUT, we were the first to offer a comprehensive advertising degree in Australia and still lead the way in our approaches to innovative advertising education. As a Bachelor of Business student, your Advertising major will give you access to real-world learning that covers all areas of advertising operations including account management, planning, media, creative and digital. By choosing to study a unique course that offers an advertising degree taught within a business school, you will graduate with a strategic and commercial edge highly desired by employers.

Your degree at a glance

Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from management, accounting and economics through to international and electronic business. With generic skills in all areas, you'll have an understanding of how businesses operate within the commercial and legal environment. Your advertising major starts in second semester with the

question of why consumers choose the products they buy. You'll also learn how advertising works and how agencies interact with their clients, media and suppliers.

Year 2

Advertising becomes more hands-on in your second year. You learn how to write advertising that solves client's problems; How to use words and images to stir emotion and compel action. You also learn about the multitude of different media channels and how to build them into creative and cost effective media schedules. You'll also have the opportunity to personalise your degree with the selection of your second study area.

Year 3

In your third year, the focus is on being more strategic. You explore the issues surrounding being an advertising manager, such as branding and controversial advertising and compete in a case competition. You integrate digital into the advertising mix and develop a portfolio to help you get a job. And you round out your major by formulating an advertising campaign from a real-world client's brief. Working as a team, you'll research your client's advertising problem and develop creative ideas, match them to innovative media solutions and deliver a boardroom pitch to the client. Your client could be a Queensland icon such as Queensland Day, the Ekka or the Brisbane Lions, a charity such as Muscular Dystrophy, or a national consumer goods or pharmaceutical company.

Resources and Opportunities

By choosing to study the Advertising major you will be able to access a wide range of resources and opportunities specific to your degree. For example, you can access all the latest media resources and insights online at the media room. You can enter international student advertising competitions. Or learn more about the media industry with a MFA internship in Sydney or Melbourne. Or network with the advertising industry through YoungBloods, an industry club run by our graduates. . AMPed, the student association for QUT advertising, marketing and public relations students is another unique opportunity offered within the Advertising major. Through AMPed you can access industry professionals, and find out about events run by professional bodies. It's also a great way

Bachelor of Business (Advertising)

to meet your peers, and create your own career networks.

Industry links

The advertising industry is a network, and one which QUT is strongly connected to. Our School of Advertising, Marketing and Public Relations interacts with the industry, sponsoring events and drawing from the industry a talented pool of guest lecturers.

Our lecturers have worked in the industry, and bring real-world experience and in-depth theoretical underpinnings to the classroom.

Professional recognition

Choosing to study Advertising first and second major will allow you to meet the requirements for membership to the Communications Council the Australian Association of National Advertisers, Media Federation of Australia and the Australian Direct Marketing Association.

Other majors

See also separate entries for other majors in this course: Accountancy, Economics, Finance, Human Resource Management, International Business, Management, Marketing, and Public Relations.

speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

Have you ever wondered why the Reserve Bank of Australia puts up interest rates? Are the fiscal deficits and government debt a concern? Do you want to find out how businesses and governments make decisions in the most efficient and sustainable way; how unemployment, inflation, competition and government affect you? You will discover the answers to these questions and more by choosing to study the Economics major within the QUT Bachelor of Business degree. Economics is more than just a business discipline – it's a way of looking at the world. With the help of world-class economists, you will develop essential knowledge about economic behaviour, the workings of economic systems and the skills used in analysing economic and social issues in a wide range of contexts.

Your degree at a glance

Year 1

You will build a base of broad business

knowledge through the core units, from finance and accounting through to marketing and international business. With a sound background in all areas, you will have an understanding of how businesses operate within the commercial and legal environment. Your economics major begins in second semester, when you will cover consumer and producer behaviours, and interaction of the national and international economy.

Year 2

Delving further into your major, you will learn more advanced frameworks and skills to understand how production and exchange advance our welfare, the economics of market structures, and the roles of fiscal and monetary policy in an open economy. You will contemplate the interplay between government, private firms and consumers, and analyse the increasing globalisation of world trade and investment. You will also shape your future career options through the consideration of a second study area.

Year 3

Research projects will build your practical skills. In the capstone unit, you will apply economic theories learned so far to topics of current interest, such as the federal budget, Australia's taxation policy, ageing population or global warming. You will learn how to locate the data for your analysis, decide on the relevant economic theories and models, and distil this into possible solutions. This analysis will help you advise the best way forward, and give you a practical introduction to the real-world applications of economic theory.

Throughout the three years of your study, you can select units of study from the economic program on a range of topics, based on your interest, career pathway and plan for further study.

Resources and Opportunities

As an Economics student you will have the opportunity to build your disciplinary and generic skills through individual and team projects and research assignments. You can also join the Young Economists, under the auspices of the Economics Society of Australia, to exchange your ideas and to debate on current social and political issues. By applying your knowledge and skills to real world situations, you will develop your critical thinking and economic reasoning abilities, which are essential for effective decision making in business and public sectors.

Industry links

Our lecturers have a wide range of real-world experience in economics and finance, government policy making and in industry, so their teaching reflects current thinking and is based on practical situations and outcomes. These links also provide access to guest lecturers, who add their own experiences and challenges to your learning and thinking.

Professional Recognition

As a graduate of the Bachelor of Business Economics major you will meet the academic requirements for professional membership to the Economic Society of Australia.

Completing a double major will see you meet the academic requirements for enrolment in the Graduate Diploma of Applied Corporate Governance at Chartered Secretaries Australia (CSA). On completion of the Graduate Diploma of Applied Corporate Governance, you will meet the academic requirement for professional membership of Chartered Secretaries Australia and also membership of the international association, Institute of Chartered Secretaries and Administrators (ICSA) of which CSA is the Australian division. Membership of ICSA entitles members to use the post nominals of ACIS or Fellow of Chartered Institute of Secretaries (FCIS).

By choosing to study Finance as your second major you will meet the educational requirements for Associate Membership of the Financial Services Institute of Australasia (FINSIA).

Other majors

See also separate entries for other majors in this course: Accountancy, Advertising, Finance, Human Resource Management, International Business, Management, Marketing, and Public Relations.

Overview

Finance is a dynamic field, focussing on the borrowing, lending and investing of money by individuals, financial institutions, businesses and government organisations. By choosing to study the Bachelor of Business Finance major you will develop the knowledge and skills to analyse business portfolios and provide recommendations for best financial returns. This degree provides you with the opportunity to listen to real-world practitioners as they explain how the value of investments changes over time. If you are interested in corporate financial management, investment management, risk management or understanding financial markets, securities participants then the Finance major could be for you.

Your degree at a glance

Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from accounting and economics through to

marketing and international business. You will gain generic skills in all areas and an understanding of how businesses operate within the commercial and legal environment. You will begin your major with skills in interpreting economic data for business decision making. Business cycles, foreign exchange markets, terms of trade and the significance of the international economy will also be covered.

Year 2

You will build a deeper understanding of the fundamental concepts of finance – the time value of money and the effect of interest rates, diversification and its role in forming an investment portfolio, and the relationship between risk and return. The types of financial markets and instruments traded, such as shares, bonds and futures, will also be introduced. You will also choose a second study area, such as economics, accounting or further finance studies, which will help to shape your career.

Year 3

Project work and research assignments will hone your practical skills and prepare you for the workplace. You will develop valuation skills relevant to shares and derivatives. You can also act as a corporate treasurer for a semester, using data facilities in the Securities Dealing Room to gain experience in raising funds and managing the risk and cost of borrowing these funds in the face of unfolding economic scenarios.

Resources and Opportunities

QUT pioneered the use of real financial data in Queensland universities. Our Securities Dealing Room is an exclusive resource gives you the opportunity to access data from Bloomberg, providers of financial data to many of the world's financial institutions. This comprehensive set of data on companies, commodities and economics will be useful in your final year project work, and allow you to apply the theory you learn to conduct real-world financial analysis and prepare you for the workforce. You can also act as a corporate treasurer for a semester, using data facilities in the Securities Dealing Room to gain experience in raising funds and managing the risk and cost of borrowing these funds in the face of unfolding economic scenarios.

Industry links

Our finance lecturers have a wealth of experience in investment banking,

Bachelor of Business (Finance)

commercial banking, funds management and financial consulting. The school also maintains industry links through the school's advisory board, town-and-gown events and the QUT Economics and Finance Society. A direct benefit of these links is that students are provided with an opportunity gain experience in financial sector prior to graduating by completing our work integrated learning subject.

Professional recognition

As a graduate of the finance major you will meet the academic requirements for Associate Membership of the Financial Services Institute of Australasia (FINSIA).

Completing a second major will ensure you meet the academic for enrolment in the Graduate Diploma in Applied Corporate Governance at the Chartered Secretaries Australia. On completion of the Graduate Diploma in Applied Corporate Governance, students will meet the academic requirement for Professional Membership of the Chartered Secretaries Australia.

By choosing to study the Economics second major you will meet the educational requirements for Associate Membership of the Financial Services Institute of Australasia. Ordinary Membership of the Economics Society of Australia only requires that students have an interest in the area of Economics. Professional Membership of the Economics Society of Australia (Qld) requires students have held an Ordinary Membership for one year and have completed a Bachelor of Business majoring in Economics.

Overview

As a human resource management professional you will be responsible for an organisation's most valued assets – the people working there. New technologies, changing economic conditions, increasing workforce diversity and an emphasis on work-life balance are all contributing to a profound revolution in the nature of work and the challenges of managing contemporary organisations. As a student of the Human Resource Management major you will be equipped with the skills required to manage people in organisations including recruitment, performance and reward systems, employment relations and staff development. This degree will position you for a career leading the people dimensions of organisations, both strategically and operationally.

Your degree at a glance

Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from finance, accounting and economics through to marketing and electronic

business. With generic skills in all areas, you will have an understanding of how businesses operate within the commercial and legal environment. Your focus on human resources begins with a broad introduction to many of the human resource management functions and how these functions complement the strategic direction of businesses and help organisations maintain competitive advantage.

Year 2

You will build your foundation knowledge of business and human resource management, through developing a deeper understanding of individuals and groups. You will also investigate how the structure and organisation of human resources impact on organisations and their activities. You will develop skills in the implementation of human resource activities through practical work examples and case studies. You will also have the opportunity to personalise your degree with the selection of a second study area.

Year 3

In your final year you will extend and integrate your knowledge of business and human resource management using critical thinking and decision making skills to analyse, diagnose and provide recommendations for implementing organisational change, work force planning, and human resource development. You will explore and critique real-world cases and projects, applying your theoretical knowledge to develop practical strategic policy suggestions for organisations.

Resources and Opportunities

The Human Resource Management major gives you the opportunity to explore and critique real world cases and projects, applying your theoretical knowledge to develop practical strategic policy suggestions for organisation. You'll use critical thinking and decision making skills to analyse, diagnose and provide recommendations for implementing organisation change and policy interventions.

Through the Capstone unit, personal and professional development, you will acquire knowledge in the areas of self-management and the management of others to contribute to organisational performance. You will also develop personal and group skills as a way to apply the knowledge base you've gained throughout your studies in professional settings.

Industry links

Many of our teaching staff are Human Resource Management professionals aligned with industry through research and consultancy activities. These links to business also provide the opportunity for engagement with real world case studies, site visits, guest lectures and access to the latest industry thinking.

A substantial proportion of our teaching staff have extensive international and national industry and consulting experience, such as Dr Adelle Bish, Associate Professor Karen Becker and Dr Bernd Imer and many are also heavily involved in industry based CRC research with defence, utilities, and infrastructure organisations such as Dr Glen Murphy, Associate Professor Dr Artemis Chang and Professor Cameron Newton.

Professional recognition

This program enables you to join the Australian Human Resource Institute (AHRI), Australian Institute of Management (AIM) and the Australian Institute of Training and Development (AITD).

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

QUT's international business major is distinguished by an emphasis on industry skills covering trade procedures, logistics, negotiation techniques, languages, regional understanding and offshore business strategies. As a student you will gain highly desirable insight into the complexities of global regulations, management of cultural differences, knowledge of different buying preferences, global transport options, and ethical behaviours. You will learn about the international aspects of importing and exporting, communication and negotiation, accounting, logistics and marketing, and develop the strategic know how required to manage in a global commercial environment. If you are interested in how business operates in many markets around the world and would like to open yourself up to career options in global industry, consider study in the International Business Major.

Your degree at a glance

Year 1

You will build a base of broad business knowledge through the core units,

covering all areas of business from finance, accounting and economics through to marketing and management. You will develop generic skills in all areas, and gain an understanding of how businesses operate within the commercial and legal environment. You will begin your studies in international business with specific emphasis on international marketing and market entry strategies.

Year 2

You will tackle import and export management, and investigate the challenges involved in producing goods to distribute overseas. You will begin to personalise your degree with an understanding of the history, culture, accounting and business environments of countries in either Asia or Europe as your international region of expertise. Your choice of second business study area will further direct your future career options.

Year 3

You will be encouraged to immerse yourself in another culture through further regional studies, or through international exchanges. Take the opportunity to gain practical skills in cross-cultural communication and negotiation, logistics, and contemporary business strategies for Asia or Europe. Gain an overview of strategic issues facing global firms, including the different company structures that provide an advantage over competitors in the global marketplace.

Resources and Opportunities

As a student of the International Business major you will be encouraged to take up the opportunity to complete study overseas and use your learned skills in industry placements locally. Many International business students choose to undertake a language specialisation. You are eligible for this if you are a full-time or part-time student. To make full use of this opportunity your language units should commence in the first semester of your first year. All language units must normally be taken in the same language. If you are an international student you must take a language that is not your native tongue.

Industry Links

There is an active internship programme with links to Brisbane companies in freight forwarding, customs and logistics as well as State government departments. The Supply Chain and Logistics Association support student placements.

Professional recognition

As a graduate of the International Business major you will be eligible for membership of the Australian Institute of Export, the Logistics Association of Australia and the Chartered Institute of Purchasing depending on units chosen.

Other majors

See also separate entries for other majors in this course: Accountancy, Advertising, Economics, Finance, Human Resource Management, Management, Marketing, and Public Relations.

Domestic Course structure

Languages option

The course structure for both full-time and part-time international business students varies depending on whether languages are selected as an option. Alternative course structures are included: one outlines the course structure if no languages are taken, the other outlines the structure for those who wish to undertake a language specialisation. If languages are taken as a specialisation, language units should commence in the first semester of the first year to maintain continuity from earlier pre-QUT language studies. All language units must normally be taken in the same language. International students must take a language that is not their native tongue.

International business major units

- Importing and exporting
- Finance for international business
- Intercultural communication and negotiation skills
- International accounting
- International logistics
- International marketing
- International business in the Asia-Pacific
- International business strategy

Overview

Management is a crucial activity in organisations of all kinds and is fundamental to success in business. The Management major will provide you with analytical, strategic and operational skills to manage the challenges of the contemporary business environment. You will develop skills in entrepreneurial thinking, decision-making, leadership, communication and negotiation, and project management. These skills can be applied in all occupations and industries, providing you the widest possible employment prospects.

Your degree at a glance

Year 1

You will build a base of core business knowledge, from finance, accounting and economics through to marketing and the global business environment. You will gain an understanding of how businesses operate within the commercial and legal environment. You will learn how organisations work and start to develop leadership and management skills.

Year 2

In your second year we will help you expand your skill set needed to become a successful manager. You will be introduced to techniques in managing operations and supply chains, helping you to create more efficient organisations. You will learn to communicate and negotiate effectively in intercultural settings, preparing you to successfully navigate an increasingly global and multicultural society. You will be stimulated to think critically and strategically, allowing you to make better decisions by investigating problems from multiple perspectives and challenging established wisdoms. You will apply all these skills in creating your own entrepreneurial business.

Year 3

In the third year you both integrate and further expand your management knowledge and skills into new areas. You will learn how to make organisations more sustainable and how to manage change processes in organisations. You will investigate how companies create growth and seek advantages over their competitors. You will develop skills in managing small- and medium-sized enterprises and family businesses. Working as individuals and in groups in your capstone unit, you will have the opportunity to develop a project management plan demonstrating your knowledge to reach the project goals and those of the organisation while addressing the challenges of time, costs, risk and resources.

Resources and Opportunities

You will not only develop the skills and knowledge needed to succeed in your first job, but the Management major also gives you the opportunity to obtain the necessary skills crucial in your further career. We will provide you with the opportunity to apply these skills in real-world cases, and even your own business or project. Our graduates find employment in a variety of roles from project manager to consultant to becoming an entrepreneur and starting their own business. If you find problem solving and motivating people to change and improve your organisation appealing, and like the challenge to become an entrepreneurial and strategic leader, this is the major for you.

Industry Links

Our international staff combine their research with their experience in industry and government. This provides you with

Bachelor of Business (Management)

the opportunity to apply cutting-edge management knowledge to real-world cases and problems. Through our networks we will invite managers and entrepreneurs to engage with you and provide you with opportunities to learn from their rich experience in managing in a dynamic business environment.

Professional recognition

As a Management graduate you will meet the requirements for membership of the Australian Institute of Management.

Studying Management at Caboolture

You are able to study and complete your Management major with a second major in Accounting or Marketing, all at the QUT Caboolture campus. As a Business Student at the Caboolture Campus you will have access to all the management and business core units, and a broad range of electives. Other Business majors or double degrees may involve study at either the Kelvin Grove or Gardens Point Campus. Please check your course page for specific details.

Overview

QUT has been a leader in marketing education for more than 20 years. Marketing creates an alignment between what consumers' value and what organisations offer. It offers techniques that help firms better understand the needs preferences and perceptions of their customers and ways of using that understanding to focus the value-creating and communication activities of the firm into areas where they will be most effective. By choosing to study the Marketing major you will gain a thorough understanding of the marketing mix, from products and services to the non-for-profit areas of business. You will learn about the fast-changing world of e-marketing and integrated marketing communications through the use of case studies from the industry. You will learn how to analyse consumer behaviour and use market research. If working locally and internationally as a business development manager, marketing communications officer, market researcher or product

manager sounds like a career for you, then choose the Marketing major within the QUT Bachelor of Business course.

You may choose to complete your business degree at Gardens Point or Caboolture campus, majoring in Marketing.

Your degree at a glance

Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from finance, accounting and economics through to international and electronic business. With generic skills in all areas, you will gain an understanding of how businesses operate within the commercial and legal environment. Your marketing major will commence in second semester, investigating why consumers buy products and how they make purchase decisions.

Year 2

Building your knowledge of consumer behaviour, you will gain skills in conducting consumer and audience research and learn how market research informs corporate and strategic decision making. You will investigate the part technology has to play in developing new products for consumers, and learn how e-marketing can help companies compete in a global market. You will also have the opportunity to personalise your degree with the selection of a second study area.

Year 3

You will round out your major by finding out how marketing decisions contribute to the strategic success of any business. Opportunities to apply your knowledge to real-world scenarios include producing a marketing plan in a simulated environment which allows you to apply your marketing decision making skills and assess the results. You may also have the opportunity to complete an industry placement to gain valuable work experience.

Resources and Opportunities

You will have the opportunity to test your skills and knowledge in a simulated environment and take a marketing plan from concept to implementation. With a team, you will create a real product, devise a detailed marketing plan and sell your product to other students at market days.

Studying Marketing at Caboolture Campus

You are able to study and complete your Marketing major with a second major in Accounting or Management, all at the QUT Caboolture campus. As a Business Student at the Caboolture Campus you will have access to all the business core units and a broad range of electives.

Other Business majors or double degrees may involve study at either the Kelvin Grove or Gardens Point Campus. Please check your course page for specific details.

Industry Links

Work placement opportunities in consultancies, corporate settings, Government and community groups are available. You'll also have access to events run by professional bodies such as the Australian Marketing Institute, as well as opportunities to create your own career networks.

Professional recognition

As a graduate of the Marketing major you may be eligible for membership of a number of professional bodies depending on your choice of major and units. If you decide to study the Marketing first and second major and extension you may meet the requirements for membership of the Australian Marketing Institute, the Marketing Research Society of Australia, the Australian Institute of Management, the American Marketing Association and the Australian Institute of Export.

Other majors

See also separate entries for other majors in this course: Accountancy, Advertising, Economics, Finance, Human Resource Management, International Business, Management, and Public Relations.

Overview

No two days are the same in the exciting and challenging world of public relations. A public relations career can take you from publicising a new movie, to launching a social media campaign, to improving relationships with customers, to developing a government safety campaign. Public relations is critical to success in business as it helps organisations build and protect their reputation and relationships with the community, employees and other stakeholders. Your public relations course brings the real world into the classroom. You will learn how to build organisational relationships, write for and liaise with the media, and make public relations decisions across the corporate, government, agency and not-for-profit sectors.

Your degree at a glance

Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from finance, accounting and economics through to marketing and global business.

With generic skills in all areas, you will gain an understanding of how businesses operate within the commercial and social environment. You will begin your studies in public relations in the second semester, with an introduction to founding principles, an overview of the profession, and an insight into the future of public relations practice in contemporary organisations.

Year 2

You will build knowledge and skills in public relations techniques, learning how to write and prepare public relations tactics and tools such as media releases, social media programs, and events for real-world clients. In doing so, you will develop a portfolio of public relations materials to show potential employers. You will also build skills in public relations planning, allowing you to identify the best practices of public relations by analysing successful public relations campaigns from Australia and around the world. You will also have the opportunity to personalise your degree with the selection of a second study area.

Year 3

Acting as an internal adviser, you will explore corporate communication issues for organisations and track contemporary issues through case studies. You will also take the role of a public relations consultant, advising a real-world client on their problem or opportunity. Working in partnership with other students to form a consulting team, you will prepare a campaign plan to present to your client. Your writing skills will be further developed through your campaign portfolio. Work placements are also available to match your interests in consultancies, government, corporate settings and community groups.

Resources and Opportunities

What is distinctive about public relations at QUT is that the course builds two career paths, taking the role of a public relations in-house practitioner and as a public relations consultant. In the role of an in-house practitioner your final year at QUT develops your skills to become a public relations manager by managing issues, responding to public opinion and working to protect reputations for real-world organisations. As a consultant, your final year at QUT involves a real-world project where you pitch an idea to a real-world client and prepare a campaign to address their needs. The practical nature of this major means that you will graduate with a portfolio of work to demonstrate

your skills to potential employers.

Industry Links

Work placement opportunities in consultancies, government, corporate settings and community groups are available. You will also have access to events run by professional bodies such as the Public Relations Institute of Australia, as well as opportunities your own career networks.

Professional recognition

This course is accredited by the industry's peak professional body, the Public Relations Institute of Australia (PRIA), which provides you with access to professional education and career opportunities. QUT maintains strong links with this body, in which a number of our teaching staff hold executive positions.

Other majors

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Domestic Course structure

Your degree at a glance

Year 1

You will build a base of broad business knowledge through the core units, covering all areas of business from finance, accounting and economics through to marketing and global business. With generic skills in all areas, you will gain an understanding of how businesses operate within the commercial and social environment. You will begin your studies in public relations in the second semester, with an introduction to founding principles, an overview of the profession, and an insight into the future of public relations practice in contemporary organisations.

Year 2

You will build knowledge and skills in public relations techniques, learning how to write and prepare public relations tactics and tools such as media releases, social media programs, and events for

real-world clients. In doing so, you will develop a portfolio of public relations materials to show potential employers. You will also build skills in public relations planning, allowing you to identify the best practices of public relations by analysing successful public relations campaigns from Australia and around the world. You will also have the opportunity to personalise your degree with the selection of a second study area.

Year 3

Acting as an internal adviser, you will explore corporate communication issues for organisations and track contemporary issues through case studies. You will also take the role of a public relations consultant, advising a real-world client on their problem or opportunity. Working in partnership with other students to form a consulting team, you will prepare a campaign plan to present to your client. Your writing skills will be further developed through your campaign portfolio. Work placements are also available to match your interests in consultancies, government, corporate settings and community groups.

Public relations major units

- Introduction to public relations
- Public relations techniques
- Public relations planning
- Marketing and audience research
- Corporate communication
- Global public relations cases
- Public relations management
- Public relations campaigns

Domestic Entry requirements Prerequisite

Must be a current Year 12 student or a student returning from a gap year who completed their Year 12 education in Australia.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also assume 4 SA in Maths A, B or C.

International Entry requirements

International students must complete Australian Year 12 studies (or equivalent including International Baccalaureate) onshore.

International Subject prerequisites

- English

Mathematics is required for accountancy, finance, economics and marketing majors.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course design

To complete the Bachelor of Business (Dean's Honours), a student must successfully complete all parts listed below:

- Eight Business School Core units (96 credit points)
- One block of eight Major Core units (Study Area A) (96 credit points)
- choice of one block of:
 - six Second Major units and two option (elective) units or

- eight option (elective) units or
- two Minors (four units each) (university or Business School or extension) or
- one Minor (four units)(university or Business School or extension) and four option (elective) units.

Study areas

Study areas for this course are Accounting, Advertising, Economics, Finance, International Business, Human Resource Management, Management, Marketing, and Public Relations.

Special Course Requirements

Minimum GPA: It is expected that students maintain a minimum GPA of 5.5. If a student does not maintain a GPA of 5.5 it will be recommended that they return to the standard program, Bachelor of Business (BS05). (A GPA of 5.5 is required for entry to the Bachelor of Business (Honours) (BS63) program).

Breaks in Study: Students wishing to apply for a break in study should contact the Director of Undergraduate Studies to determine if there is an impact to their scholarship.

Course progression: Students are expected to follow the course structure. Students wishing to deviate from the recommended course structure should contact the Director of Undergraduate Studies to determine if there is an impact to their scholarship.

Advanced standing (credit)

Advanced standing or credit for previous study is not permitted (with the exception of START QUT).

Further study

Students in the Dean's Honours (BS06) are expected to maintain a GPA 5.5 in order to be eligible for entry into the Bachelor of Business (Honours) (BS63) program.

For information on the Honours program, see the entry for BS63 Bachelor of Business (Honours) (BS63).

Professional recognition

Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. See each course major for details.

Bachelor of Business (Dean's Honours)

Campus options

This degree is available at Gardens Point campus only, however some units are offered at Caboolture campus. Students may enrol in Business units at Caboolture campus.

Abbreviation

BBus(Study Area A)

Domestic Course structure

To complete the Bachelor of Business (Dean's Honours), a student must successfully complete all parts listed below:

- (a) eight Business School core units
- (b) one block of eight major core units
- (c) choice of one block of:
 - six second major units and two option (elective) units or
 - eight option (elective) units or
 - two minors (four units each) (university or Business School or extension) or
 - one minor (four units)(university or Business School or extension) and four option (elective) units.

Special course requirements

Grade point average: Dean's Honours scholars must maintain a grade point average of 5.5 throughout their studies to retain the scholarship.

Breaks in study: Students wishing to apply for a break in study should contact the Director of Undergraduate Studies to discuss, to ensure there are no difficulties with their scholarship.

Course progression: Students are expected to follow the course structure. Students wishing to deviate from the recommended course structure should contact the Director of Undergraduate Studies to determine if there is an impact to their scholarship.

Credit for prior learning (advanced standing)

Credit for previous study (advanced standing) is not permitted (with the exception of START QUT).

International Course structure

Course design

To complete the Bachelor of Business (Dean's Honours), a student must successfully complete all parts listed below:

- (a) eight Business School Core units
- (b) one block of eight Major Core units

The Bachelor of Business (Accelerated Program) allows you to be flexible in your fields of study to suit your own needs and career aspirations. The three distinct components within the program will give you many combinations of study areas and minors, as well as opportunities to participate in internships, work placements, special topics or projects during summer.

- Eight Business School Core units (96 credit points)
- One block of eight Major Core units (Study Area A) (96 credit points)
- One Minor of 4 units selected from a

Bachelor of Business (Accelerated Program)

University-Wide unit set or a Business School extension (48 credit points)
(d) Four prescribed Option units undertaken during the Summer semester as project or research units (48 credit points)

Students should note that not all minors are timetabled in every year or semester. Hence, due to the accelerated structure of the course, it is important you confirm that the minors you are interested in will be available.

Students will study five units (60 credit points) in each of the major semesters and an additional two units (24 credit points) in the Summer semesters.

Special course requirements

Minimum GPA: It is expected that students maintain a minimum GPA of 5.5. If a student does not maintain a GPA of 5.5 it will be recommended that they return to the standard program, Bachelor of Business (BS05). (A GPA of 5.5 is required for entry to the Bachelor of Business (Honours) (BS63) program).

Breaks in study: Due to the accelerated nature of the program breaks in study are not permitted. Students wishing to take a break from study will be advised to transfer to the standard program, Bachelor of Business (BS05).

Course progression: Due to the accelerated nature of the program students are expected to follow the course structure. Students wishing to deviate from the recommended course structure will be advised to transfer to the standard program, Bachelor of Business (BS05).

Advanced standing (credit)

Due to the accelerated nature of this program, advanced standing or credit for previous study is not permitted (with the exception of START QUT).

Further study

Students in the Accelerated program (BS07) may choose to enrol in the Bachelor of Business (Honours) BS63 on completion of the degree with a GPA of 5.5.

International Course structure

Course design

The Bachelor of Business (Accelerated Program) allows you to be flexible in your fields of study to suit your own needs and career aspirations. The three distinct components within the program will give

you many combinations of study areas and minors, as well as opportunities to participate in internships, work placements, special topics or projects during summer.

- (a) Eight Business School Core units (96 credit points)
- (b) One block of eight Major Core units (Study Area A) (96 credit points)
- (c) One Minor of 4 units selected from a University-Wide unit set or a Business School extension (48 credit points)
- (d) Four prescribed Option units undertaken during the Summer semester as project or research units (48 credit points)

Students should note that not all minors are timetabled in every year or semester. Hence, due to the accelerated structure of the course, it is important you confirm that the minors you are interested in will be available.

Students will study five units (60 credit points) in each of the major semesters and an additional two units (24 credit points) in the Summer semesters.

Special course requirements

Minimum GPA: It is expected that students maintain a minimum GPA of 5.5. If a student does not maintain a GPA of 5.5 it will be recommended that they return to the standard program, Bachelor of Business (BS05). (A GPA of 5.5 is required for entry to the Bachelor of Business (Honours) (BS63) program).

Breaks in study: Due to the accelerated nature of the program breaks in study are not permitted. Students wishing to take a break from study will be advised to transfer to the standard program, Bachelor of Business (BS05).

Course progression: Due to the accelerated nature of the program students are expected to follow the course structure. Students wishing to deviate from the recommended course structure will be advised to transfer to the standard program, Bachelor of Business (BS05).

Advanced standing (credit)

Due to the accelerated nature of this program, advanced standing or credit for previous study is not permitted (with the exception of START QUT).

Further study

Students in the Accelerated program (BS07) may choose to enrol in the Bachelor of Business (Honours) BS63 on

completion of the degree with a GPA of 5.5.

Course Coordinator	Head of Studies, MECA (Creative Industries Faculty)

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Domestic Course structure Year 1

You will explore key concepts driving media and communication industries in the global new economy and be introduced to skills in your chosen professional areas of study including public relations, advertising, media and communication, journalism, and entertainment. You will apply your knowledge to communication activities and exercises which provide insight into the nature and scope of the industry sectors you will work in.

Year 2

Focusing on your major areas of study, you will undertake activities that enable you to apply your rapidly developing communication skills and knowledge of media industries. You will complete projects using industry-standard equipment and software, gaining experience in a range of tasks you will undertake as part of your professional life. You also begin to broaden your skill and knowledge base by selecting from a range of elective units.

Year 3

This capstone year focuses on the refinement of skills. Working individually and in teams, you will produce a portfolio of work, often for real-world clients, which showcases your project management, communication and creative talents. Work placement opportunities complement these activities and allow you to network

with a range of industry leaders.

Important Notice

You are required to complete two majors as part of this course. Please note that these majors will appear on your academic transcript but not on your parchment. Your parchment will reflect your course title 'Bachelor of Mass Communication'.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), Bachelor of Journalism (Honours) or Bachelor of Media and Communication (Honours), provided you have met entry requirements.

Professional Recognition

Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Communications Council and the Society of Business Communicators (SBC).

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Important Notice

You are required to complete two majors as part of this course. Please note that these majors will appear on your academic transcript but not on your parchment. Your parchment will reflect your course title 'Bachelor of Mass Communication'.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), Bachelor of Journalism (Honours) or Bachelor of Media and Communication (Honours), provided you have met entry requirements.

Professional Recognition

Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Communications Council and the Society of Business Communicators (SBC).

Domestic Course structure

Year 1

You will explore key concepts driving media and communication industries in the global new economy and be introduced to skills in your chosen professional areas of study including public relations, advertising, media and communication, journalism, and entertainment. You will apply your knowledge to communication activities

and exercises which provide insight into the nature and scope of the industry sectors you will work in.

Year 2

Focusing on your major areas of study, you will undertake activities that enable you to apply your rapidly developing communication skills and knowledge of media industries. You will complete projects using industry-standard equipment and software, gaining experience in a range of tasks you will undertake as part of your professional life. You also begin to broaden your skill and knowledge base by selecting from a range of elective units.

Year 3

This capstone year focuses on the refinement of skills. Working individually and in teams, you will produce a portfolio of work, often for real-world clients, which showcases your project management, communication and creative talents. Work placement opportunities complement these activities and allow you to network with a range of industry leaders.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Important Notice

You are required to complete two majors as part of this course. Please note that these majors will appear on your academic transcript but not on your parchment. Your parchment will reflect your course title 'Bachelor of Mass Communication'.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), Bachelor of Journalism (Honours) or Bachelor of Media and Communication (Honours), provided you have met entry requirements.

Professional Recognition

Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Communications Council and the Society of Business Communicators (SBC).

Domestic Course structure

Year 1

You will explore key concepts driving media and communication industries in the global new economy and be introduced to skills in your chosen professional areas of study including public relations, advertising, media and communication, journalism, and entertainment. You will apply your knowledge to communication activities

and exercises which provide insight into the nature and scope of the industry sectors you will work in.

Year 2

Focusing on your major areas of study, you will undertake activities that enable you to apply your rapidly developing communication skills and knowledge of media industries. You will complete projects using industry-standard equipment and software, gaining experience in a range of tasks you will undertake as part of your professional life. You also begin to broaden your skill and knowledge base by selecting from a range of elective units.

Year 3

This capstone year focuses on the refinement of skills. Working individually and in teams, you will produce a portfolio of work, often for real-world clients, which showcases your project management, communication and creative talents. Work placement opportunities complement these activities and allow you to network with a range of industry leaders.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Important Notice

You are required to complete two majors as part of this course. Please note that these majors will appear on your academic transcript but not on your parchment. Your parchment will reflect your course title 'Bachelor of Mass Communication'.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), Bachelor of Journalism (Honours) or Bachelor of Media and Communication (Honours), provided you have met entry requirements.

Professional Recognition

Depending on the choice of majors, graduates of the Bachelor of Mass Communication may satisfy the academic requirements for membership of the Communications Council and the Society of Business Communicators (SBC).

Domestic Course structure

Year 1

You will explore key concepts driving media and communication industries in the global new economy and be introduced to skills in your chosen professional areas of study including public relations, advertising, media and communication, journalism, and entertainment. You will apply your knowledge to communication activities

and exercises which provide insight into the nature and scope of the industry sectors you will work in.

Year 2

Focusing on your major areas of study, you will undertake activities that enable you to apply your rapidly developing communication skills and knowledge of media industries. You will complete projects using industry-standard equipment and software, gaining experience in a range of tasks you will undertake as part of your professional life. You also begin to broaden your skill and knowledge base by selecting from a range of elective units.

Year 3

This capstone year focuses on the refinement of skills. Working individually and in teams, you will produce a portfolio of work, often for real-world clients, which showcases your project management, communication and creative talents. Work placement opportunities complement these activities and allow you to network with a range of industry leaders.

Course Overview

This double degree will give you a broad base of commercial knowledge in business and information technology. Business is highly dependent on information technology infrastructure, so having the expertise in both makes you more attractive to employers looking for multidisciplinary staff.

Businesses look for staff who can communicate well from both the business and information technology disciplines, so having the skills and knowledge across both gives you a competitive edge over other graduates. You will have the opportunity to complement your information technology studies in either information systems or computer science with a business major in accountancy, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Career Outcomes

This double degree will give you the particular skills to acquire a role requiring knowledge in both business and information technology. These include business and systems analyst, systems manager, product manager for an information technology product, team leader for multidisciplinary staff, pre-sales consulting, after-sales support, technical manager or consultant. Future career prospects include chief financial officer, chief information officer and chief technical officer.

Study Areas

IX22 has nominated majors in Information Systems and Computer Science in the Information Technology component of the degree. There will now be a Study Area A shown on a graduate's parchment.

Professional Recognition

The Bachelor of Business degree may, subject to choice of major, allow graduates to satisfy the academic requirements for membership to a number of professional bodies. Further information is available from the discipline schools.

This course is accredited by the Australian Computer Society (ACS). ACS accreditation is internationally recognised by the Seoul Accord.

Domestic Course structure

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Information Technology program and 192 credit points from the Bachelor of Business program.

Business component:

- 8 Business School Core units (96 credit points) *
- 8 Major Core units (96 credit points)

*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

Information Technology component:

- Six (6) Core IT units (72 credit points - 48cp + 24cp Core options)
- Ten (10) Major Core units (120 credit points)

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended Study: At least one of Chemistry, Physics, Biology, Earth Science or Maths C.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

Your business degree will give you a broad base of commercial knowledge as well as the opportunity to major in a specific business area. This understanding of business makes you more attractive to employers, even if you wish to work predominantly in a science-based career.

Aim

Through the combination of science and business, you will equip yourself for an exciting career at the cutting edge of scientific innovation within a range of public, private and non-profit industries.

Career outcomes

By combining your science studies with business you will develop the entrepreneurial skills necessary to sell your abilities to a range of employers. As well as the range of science-based careers available such as a scientific modeller, engineering software developer,

scientific programmer, and computational scientist you could expect to gain employment as a consultant, marketer, or project manager within firms developing and taking scientific research to the marketplace.

Professional membership

Both degrees allow you to satisfy the requirements of membership of the relevant professional body for your chosen majors.

Non-standard attendance

Field work is a requirement of some areas of science.

Domestic Course structure

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor Science program and 192 credit points from the Bachelor of Business program.

Business component:

- 8 Business School Core units (96 credit points) *
- 8 Major Core units (96 credit points)

*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

International Course structure

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor Science program and 192 credit points from the Bachelor of Business program.

Business component:

- 8 Business School Core units (96 credit points) *
- 8 Major Core units (96 credit points)

*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also requires 4 SA in Maths A, B or C.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, Finance, Economics and Marketing majors also requires 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Career Outcomes

Electrical and computer engineers design, install and maintain electrical, electronic, telecommunications and computing systems on behalf of governments and private companies. Graduates of the Bachelor of Business are skilled in many aspects of business including: accountancy, advertising, finance, economics, human resource management, international business, management, marketing and public relations.

Overview

Students combine engineering knowledge in electronics, computer systems, telecommunications and electric power with a business course majoring in one of accountancy, advertising, economics, finance, human resource management, international business, management,

marketing or public relations.

Professional Recognition

This degree meets the requirements for membership of Engineers Australia.

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the [Bachelor of Business \(BS05\)](#).

Special Course Requirements

A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial employment/practice in an engineering environment as part of the Work Integrated Learning unit, before graduating.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Course Design

Students are required to complete 480 credit points comprised of 288 credit points from the Bachelor of Engineering program and 192 credit points from the Bachelor of Business program. Students supplement the engineering component of this program with the 96 credit point Business School Core units in the Bachelor of Business program together with a 96 credit point Major in one of the following: Accountancy, Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing or Public Relations.

Important Information

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on [Student Services](#) website.

Domestic Course structure

Students are required to complete 480 credit points comprised of 288 credit points from the Bachelor of Engineering program and 192 credit points from the Bachelor of Business program.

The business component consists of the 96 credit point Business School core units

Bachelor of Business/Bachelor of Engineering (Civil, Electrical or Mechanical)

(eight units) together with a 96 credit point major (eight units) in one of the following:

- Accountancy*
- Advertising
- Economics
- Finance
- Human resource management
- International business
- Management
- Marketing
- Public relations.

*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

International Course structure

Overview

Your Business studies will combine the broad knowledge of business practice and in depth studies in at least one business discipline area in the Bachelor of Business with the advanced quantitative skills and problem solving abilities that you will develop with the Bachelor of Mathematics.

You will develop the ability to apply mathematics, statistics, computational methods and decision science to real world problems. You will also gain understanding of the broad principles of Business at the same time as developing the skills and discipline knowledge necessary to enter the business career of your choice.

Career Outcomes

Combining business and mathematics offers diverse and sustainable career opportunities.

Business graduates are equipped to undertake sophisticated economic and financial modelling which is important in business and government decision making. Quantitative analysts are employed by the financial sector in order to optimise returns both in the short and long-term. Graduates may also become actuarial trainees in the insurance and superannuation area although further study is required in order to qualify as an actuary.

Business graduates may find employment as Accountants, Advertising Professionals, Banking and Finance Consultants, Economists, Human Resource Managers, International Business Specialists, Managers, Marketing Officers, Public Relations Officers.

Mathematics graduates are employed across a wide range of areas. These include, but are not limited to, finance, investment, data analytics, defence and national security, research, information technology, environmental science, health, management, marketing, logistics, media, and education. In addition to their knowledge and skills in mathematics, graduates are also highly valued for their analytical and problem-solving skills. Development of skills in communication, problem-solving, critical thinking and teamwork form an integral part of the course.

Favourable career outcomes for Bachelor of Mathematics graduates are likely due to the current demand for qualified statisticians and mathematicians.

Professional Recognition

Both degrees allow you to satisfy the requirements of membership of the relevant professional body for your chosen majors.

Financial Support

You should consider applying for an industry-sponsored mathematics bursary or a business scholarship to help you financially throughout your studies. For further information visit [Scholarships](#).

Domestic Course structure Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Mathematics program and 192 credit points from the Bachelor of Business program.

Business component:

- 8 Business School Core units (96 credit points) including MGB223 (see below)*
- 8 Major Core units (96 credit points)

*Please note that BSB123 Data Analysis (one of the Business School Core Units) is not required as the content of MXB107 covers similar topics. MGB223 Entrepreneurship and Innovation replaces BSB123.

*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

Mathematics component:

- 6 Core units (72 credit points), which are further divided into 4 Mathematics Core units (48 credit points), and 2 Core Option units (24 credit points) selected from an approved list.
- 10 Major Core units (120 credit points)

Mathematics Core Units

These units give you the grounding in mathematical theory and practice upon which your major units will build, and also provide an introductory taste of each of the three majors: applied and computational mathematics; decision science; and statistical science.

Core Option Units

You may choose from a wide variety of introductory units from other disciplines offered at QUT, or you may choose additional mathematics units. The additional mathematics units include a unit specially designed to assist students without a background of successful study in Mathematics C at high school; an alternative unit aimed at high achieving students that explores some interesting and unusual aspects of mathematics in some detail; and a unit introducing the field of computational and simulation science which combines mathematics, science and computing to simulate real-world problems.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (English (4, SA) and Maths B (4, SA)). Accountancy, Finance, Economics and Marketing majors require 4 SA in Maths A, B or C.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies (English (4, SA) and Maths B (4, SA)). Accountancy, Finance, Economics and Marketing majors require 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

Through the combination of science and business, you will equip yourself for an exciting career at the cutting edge of scientific innovation within a range of public, private and non-profit industries. Your business degree will give you a broad base of commercial knowledge as well as the opportunity to major in a specific business area. This understanding of business makes you more attractive to employers, even if you wish to work predominantly in a science-based career.

Professional Recognition

Both degrees allow you to satisfy the requirements of membership of the relevant professional body for your chosen majors. Please refer to the

relevant pages in this prospectus for details on your intended science major, and the QUT Business School prospectus for more information on business majors, or visit www.qut.edu.au/courses

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Discontinuation

This course code has been discontinued and replaced by IX58 Bachelor of Business/Bachelor of Information Technology.

Currently enrolled students who wish to remain in, and graduate from the existing program will be permitted to do so up to the end of 2011. From Semester 1, 2012, all students will be enrolled in the new program.

Cooperative Education Program

The Coop Ed Program is a joint venture between employers and the Science and Engineering Faculty giving you the opportunity of 10-12 months paid industry placement to better prepare you for employment after you graduate. The Coop Ed Program integrates formal study and professional experience, so you can apply what you're learning in an area relevant to your chosen path.

Some of the organisations our Coop Ed students have worked with are the Australian Tax Office, Boeing Australia, CITEC, Department of Natural Resources and Water, Dialog, EPA, Queensland Police, RACQ and UNiTAB Limited.

Find out more about the [Cooperative Education Program](#).

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Information Technology program.

Business component: Students must complete the 96 credit point QUT Business School Core Units in the Business program together with a 96 credit point Major.

Professional recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Graduates of the Bachelor of Information Technology meet the knowledge requirements for admission to the Australian Computer Society (ACS).

Unit

Incompatibility/Translation Information

Details on the translation and incompatibility of old and new units is located here:

[Undergraduate Translation Table](#)

If you have completed the unit(s) listed under the "Translation Unit Codes" column you are not permitted to enrol in the listed new code

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [QUT Business School Undergraduate Guidelines booklet](#).

Other useful information can be found on the [Student Services](#) website.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

The entrepreneurial nature of the Bachelor of Creative Industries makes this an ideal double degree with business. Some combinations may be particularly complementary in building related skill sets, for example film, television and screen with marketing; or creative and professional writing with public relations. Alternatively, you may be interested in pursuing a professional business career, such as accounting, finance or human resource management within a creative industries environment.

Course Design

In order to complete this course, you must complete a total of 384 credit points comprising 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Creative Industries. You will undertake the two components of the double degree

concurrently.

Business component:

You must complete the 96 credit point Business Core Units together with a 96 credit point Business Major. You will choose a major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will undertake 6 specified Business Core units and 10 Accountancy Major Core units in order to meet the professional recognition requirements.

Creative Industries component:

You will complete Creative Industries core units (96 credit points) and a Creative Industries major (96 credit points) from one of the following disciplines (Animation; Art and Design History; Creative and Professional Writing; Dance Studies; Drama; Entertainment Industries; Fashion; Film, Television and Screen; Interactive and Visual Design; Journalism; Literary Studies; Media and Communication; and Music).

Career Outcomes

Through the combination of creative industries with business, you will equip yourself for an exciting career in the growth area of creative industries.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration, marketing, managing or balancing the books for creative projects and businesses.

You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own creative enterprise in the performance, visual or production arts. Please refer to the Faculty of Business prospectus to find out more about the business majors.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Creative Industries (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on

Bachelor of Business/Bachelor of Creative Industries

professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#).

Other useful information can be found on the [Student Services](#) website.

Domestic Course structure

This course is made up of 384 credit points. Each component (i.e. business and creative industries) comprises 192 credit points.

The business component is made up of 96 credit points of Business School core units and 96 credit points of units from a business major. The business majors are accountancy, advertising, economics, finance, human resource management, international business, management, marketing, public relations. Accountancy students will complete 10 major units and six Business School core units in order to meet professional recognition requirements.

The creative industries component is made up of 96 credit points of core units and a creative industries major (96 credit points).

International Course structure

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Creative Industries) comprises 192 credit points.

The Business component is made up of 96 credit points of Business School core units and 96 credit points of units from a Business major. The Business majors are accountancy, advertising, economics, finance, human resource management, international business, management, marketing, public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

The Creative Industries component is

made up of 96 credit points of core units and a Creative Industries major (96 credit points).

INSTRUCTIONS FOR MAJORS

Code	Title
Please refer to the following study sequences to plan your program. You must complete 96 credit points (normally eight 12 credit point subjects) from the specified units to achieve a major, following semester of offer and unit requisites (where applicable) to determine order of enrolment. Any unit(s) that appear in these majors and/or minors and are also mandatory elsewhere in your course can not contribute towards the completion of these majors and/or minors. Any unit(s) that appear in multiple majors and/or minors can only contribute towards the completion of one of these majors or minors.	

Changes to Majors from 2012

Code	Title
* A number of second majors have been revised. Units completed that are no longer listed will still count toward completion of the second majors.	
* Please note: Some units have been recoded, renamed or discontinued. Refer to the Equivalence Table for further information.	

Bachelor of Business/Bachelor of Creative Industries

Animation (KKBXMJR-ANIMATN)

Code	Title
<p>*Description: This major provides you with important skills in the skills, principles, concepts and history of animation. Beginning with drawing for animation and an exploration of the history of the animation industry and its practices, you will then apply this knowledge to current and emerging fields within the animation industry including motion graphics, 3D modelling and animation, real-time 3D and character animation. Through the creation of an interactive virtual environment you will be given the opportunity to refine your skills and expand your knowledge of the 3D animation industry.</p> <p>*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.</p> <p>48cp from the Introductory Animation Unit Options</p>	
KNB112	Drawing for Animation 1
Film, Screen and Animation Histories	
KNB122	Drawing for Animation 2
KNB123	Animation and Motion Graphics

48cp from the Advanced Creative and Professional Writing Unit Options	
KWB207	Great Books: Creative Writing Classics
KWB211	Stylistics
KWB213	Corporate Writing and Editing
KWB303	Writing and Publishing Industry
KWB313	Novel and Memoir

Dance Studies (KKBXMJR-DANCEST)

Code	Title
<p>*Description: This major aims to provide a broad grounding in practical and theoretical aspects of dance. You will gain skills in contemporary dance, ballet, commercially driven genres, choreography and critical thinking and writing together with an understanding of the social and historical context of ballet, contemporary dance, and popular and world dance.</p> <p>*Assumed Knowledge: Previously acquired knowledge or skill IS required for you to undertake this major. For health and safety reasons, admission to this major is dependent upon an appropriate level of physical fitness to prevent injury, and having no pre-existing injuries or structural/physical issues that would prevent your safe and full participation in all physical activities within its practical units. You may be required to confirm your fitness to attempt this major. If so, you must obtain a physiotherapists report and have it approved by the Dance Study Area Coordinator before you will be permitted to enrol in this major.</p> <p>48cp from the Introductory Dance Unit Options</p>	
KDB105	Architecture of the Body
KDB106	Dance Analysis
KDB107	Choreographic Studies 1
KDB108	World Dance
KDB109	Funk, Tap and all that Jazz
KDB110	Deconstructing Dance in History
KDB120	Dance Practice 1
KDB121	Dance Practice 2
48cp from the Advanced Dance Unit Options	
KDB204	Australian Dance
KDB205	Teaching Dance
KDB225	Music Theatre Skills
KDB231	Latin Dance Party

Drama (KKBXMJR-DRAMA)

Code	Title
<p>*Description: The major offers a balance of performance theory and practice. It is designed as a learning sequence, beginning with introductory concepts and practices, through intermediate and on to advanced learning. Underpinning the major is a twin focus on contemporary performance-making and events management. Both of these areas are balanced by studies in theatre history and theory. Core topics include acting; directing; twentieth-century performance theory and practice; and events management.</p>	

<p>*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.</p> <p>48cp from the Introductory Drama Unit Options</p>	
KTB101	Understanding Theatre
KTB102	Process Drama
KTB104	Performance Innovation
KSB106	Acting Fundamentals

KTB211	Creative Industries Events and Festivals
KTB213	Directing Theatre
KTB302	Postdramatic Theatre
KTB305	The Entrepreneurial Artist

Entertainment Industries (KKBXMJR-ENTINDS)

Code	Title
<p>*Description: On completion of this major, you will be able to demonstrate the knowledge and skills required to pursue a career in the Entertainment Industry. These include an understanding of the characteristics of mainstream commercial culture that appeal to large audiences; an understanding both of business and creative processes; an ability to balance the two of these; and an awareness of historical and current Entertainment content and business.</p> <p>*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.</p> <p>Either BSB126 or KPB116. BSB126 is mandatory unless you are already undertaking it as part of another study package.</p>	
BSB126	Marketing
KPB116	Introduction to Scriptwriting
Entertainment Industries Core Units:	
AMB207	Entertainment Marketing
KXB101	Introduction to Entertainment
KXB102	Global Entertainment
KXB201	Entertainment Practice: Balancing Creativity and Business
KXB301	Entertainment Industries Map
LWS008	Entertainment Law
LWS009	Introduction to Law
<p>*Note: Students who have completed a LW unit or BSB111 as a core unit in their course will be permitted to undertake KPB116 instead of LWS009. Please contact ci@qut.edu.au to arrange this variation.</p> <p>*Note: AMB200 or KCB301 will be permitted to count towards this study package if completed in 2010 or earlier. KPB101 will be permitted to count towards this study package if completed in 2011 or earlier.</p>	

Fashion (KKBXMJR-FASHION)

Code	Title
<p>*Description: This major has been designed to offer a mix of theoretical and practical units. The theory units will develop your knowledge and understanding of the history, industry and consumption of fashion and will introduce you to the critical legal issues surrounding the production and distribution of fashion. The practical units provide you with a variety of options to develop fashion related skills focusing on textile design, portfolio development and fashion journalism.</p>	

Bachelor of Business/Bachelor of Creative Industries

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

48cp from the Introductory Fashion Unit Options

KFB103 Introduction to the Industry of Fashion

KFB104 Sustainability: The Materiality of Fashion

KFB107 Drawing for Fashion

KFB108 Unspeakable Beauty 1: A History of Dress and Fashion

KFB109 Unspeakable Beauty 2: Fashion and Modernity

48cp from the Advanced Fashion Unit Options

KFB205 Fashion and Style Journalism

KFB207 Contemporary Fashion

KFB209 Ragtrade: The Business of Fashion

KFB210 Fashion and Costume in Film

KFB211 Product Design and Development in the Fashion Industry

KFB305 Critical Fashion Studies

*Note: KCB203, KFB106, KFB206, KFB208, KFB304 and KVB213 will be permitted to count towards this study package if completed in 2011 or earlier.

Film, Television and Screen (KKBXMJR-FLMTVSC)

Code **Title**

*Description: The aim of this major is to provide students with a range of understandings in the theory and practice of film, television and screen. This study area aims to enhance creative, technical and organisational abilities as well as building story telling and communication skills.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

48cp from the Introductory Film, Television and Screen Unit Options

KPB101 Introduction to Film, TV and New Media Production

KPB105 Narrative Production

Film, Screen and Animation Histories

KPB110 The Movie, TV and New Media Business

KPB113 TV and Film Text Analysis

48cp from the Advanced Film, Television and Screen Unit Options

Approaches to Contemporary Documentary

Global Screen Industries

KPB210 Production Management for Film, TV and New Media

* Note: KPB202 and KPB203 are permitted to count towards this study package.

Interactive and Visual Design (KKBXMJR-INVISDN)

Code **Title**

*Description: This major will provide you with the design concepts and principles, practical skills and working methods needed by a contemporary designer of visual and interactive media. You will learn how to design effectively for print and electronic media, Web and mobile media and computer games and become equipped with a versatile set of design practices to support you to enter careers in marketing, web design, electronic publishing, interaction design and the creative aspects of game design.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

It is recommended that you review the requisite requirements for units to ensure your unit selection enables you to successfully complete the requirements of this major. KIB120 and KIB103 are highly recommended to be undertaken as first year units as they are requisites for many advanced units, but this is not compulsory.

48cp from the Introductory Interactive and Visual Design Unit Options

KIB101 Visual Communication

KIB102 Visual Interactions

KIB103 Introduction to Web Design and Development

KIB109 Design for Interactive Media

KIB120 Graphic Design

KNB112 Drawing for Animation 1

48cp from the Advanced Interactive and Visual Design Unit Options

KIB201 Concept Development for Game Design and Interactive Media

KIB204 Web Interface Design

KIB205 Programming for Visual Designers and Artists

KIB207 Theories of Visual Communication

KIB216 Advanced Web Design

KIB231 Typography and Illustration

KIB309 Embodied Interactions

KIB314 Tangible Media

KIB315 Contemporary Issues in Digital Media

* Note: KIB104 will be permitted to count towards this study package if completed in 2011 or earlier.

Journalism (KKBXMJR-JOURNAL)

Code **Title**

* Description: This second major offers you a range of options to develop an understanding of the parameters of the journalism field. The second major will introduce you to a range of journalism writing styles and offers an insight into some specialist areas of reporting.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this second major.

96cp from the Journalism Unit Options

KJB101 Computational Journalism

KJB120 Newswriting

KJB121 Journalistic Inquiry

KFB205 Fashion and Style Journalism

KJB103 Media Design and Layout

KJB222 Online Journalism 1

KJB224 Feature Writing

KJB239 Journalism Ethics and Issues

KJB280 International Journalism

KJB304 Sub-Editing

Literary Studies (KKBXMJR-LITSTD)

Code **Title**

*Description: The aims of this major are to prepare students to graduate with adequate skills and knowledge in the area of literary and cultural studies; to provide a thorough grounding in a range of texts, both literary and popular, ranging from Shakespeare to nineteenth and twentieth century literature and culture; to provide graduates with enhanced skills in critical thinking, writing and analysis; to provide graduates with an understanding of the social and historical context of literary and popular written texts; to provide some understanding of the major approaches in literary theory.

*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

96cp from the Literary Studies Unit Options

KWB108 Introduction To Literary Studies

KWB109 Writing Australia

KWB112 Youth and Children's Writing

KWB207 Great Books: Creative Writing Classics

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Writers are in demand across a number of fields. The publishing and screen industries, advertising agencies, magazines and newspapers, websites, the public service and large corporations all require specialist writers with a flair for language.

This course will provide you with

opportunities to work intensively on your writing in a number of forms and genres, including novels and short stories, creative non-fiction, youth writing, media writing and poetry. In addition, it will help you build specialist writing skills for professional applications such as corporate writing, persuasive writing, editing and script writing.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Creative and Professional Writing) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Creative and Professional Writing discipline.

Career Outcomes

Graduates can work as creative or professional writers and editors in corporate, community and freelance capacities. Opportunities exist as fiction writers, corporate writers, script writers, reviewers, travel writers, feature writers, editors, journalists and publishers. Pathways exist to prepare you for further study including honours, research, or creative practice and analysis.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#).

Other useful information can be found on the [Student Services](#) website.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours) (Study Area A) or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Domestic Course structure

This course is made up of 384 credit points. Each component (i.e. business and creative and professional writing) comprises 192 credit points.

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

As with the creative industries as a whole, contemporary drama and performance are evolving to incorporate technology, cross disciplinary practice, experimentation and commercialisation.

Performance making is not limited to the theatre: performers express their ideas by creating their own works for festivals, site-

specific and public events.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Drama) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Drama discipline.

Career Outcomes

As a multiskilled graduate you will seek to complement your artistic career with paid employment in related areas. Graduates work as event coordinators, festival organisers and administrators. Some establish companies with other graduates to create work for the independent theatre sector. Graduates have established successful careers as playwrights, artistic directors, directors, designers or performers working across a variety of genres including physical theatre or music.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Domestic Entry requirements

Important information for 2014 applicants

I have listed Fashion as a preference on my QTAC application

What happens next?

I have not registered with QUT.

If you have not registered for an audition and submitted the required additional entry documentation QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered with QUT and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

How do I find out my audition outcome?

I have not been shortlisted for an interview

If you have not been shortlisted for an interview QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have been shortlisted for an interview

Shortly after the 22nd of November 2013 QUT will update the preference information within your QTAC application to reflect your interview outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently

held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in this course.

- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

Prerequisites

Successful portfolio and interview

2014 registrations have closed

Registrations for the 2014 intake were due on 11 October 2013 and are now closed. If you had not registered and you are considering applying to study in 2015 we recommend you read the following information as a guide only as it details requirements for entry in 2014 and these may change prior to the 2015 intake.

Application checklist

- Apply through [QTAC](#) (you must have a valid QTAC number or current QUT ID number before completing the QUT Online Registration Form)
- Complete the QUT Online Registration Form and print the confirmation page
- Post or submit the following documentation to the Creative Industries Faculty:

- Online registration Detailed Confirmation Notice
- A current passport sized photograph
- A resume or curriculum vitae, no more than two pages long
- A copy of your most recent high school report and/or results of previous tertiary studies
- A copy of the [QUTPay](#) confirmation page from your online credit card payment for the \$55 service charge (Please note: Q-Step, Aboriginal, and/or Torres Strait Islander applicants are exempt from the service fee)
- Personal statement - a typewritten personal statement outlining your reasons for applying to this particular course, indicating your personal strengths and your future ambitions (max 300 words)
- Portfolio (submitted electronically through the online registration form)

Please note: Registering plus submitting your supporting documentation with QUT is separate and in addition to listing the course as a preference with [QTAC](#). To successfully apply for entry into this course you are required to do both. The audition process is managed by Creative Industries Faculty; however, all offers for the course will be made through QTAC.

Service fee

A \$55 service fee applies to all applicants, excluding applicants who seeking admission assistance via QUT's [Q-Step](#) and/or [Oodgeroo](#) schemes. This payment is to be made via [QUTPay](#) and please ensure you print the confirmation page as you will need to attach it to your documentation.

Important information

[Portfolio Information and preparation](#)

Interview locations and dates

Following the submission applicants will be shortlisted. We will be conducting interviews in November 2013 at the QUT Kelvin Grove campus. Should you be shortlisted you will be notified via email to your nominated email account. Only submissions that include all the above stated requirements will be processed.

Who do I contact for more information?

Please contact the Creative Industries Faculty by:

Phone: (07) 3138 8114 and press option 4

Email: ci.additionalentry@qut.edu.au

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also requires 4 SA in Maths A, B or C.

International Entry requirements

Prerequisites

Successful portfolio and interview and meet the minimum academic entry requirements.

Closing date

There are no closing dates for international applicants. We encourage you to apply as soon as you decide on the course you wish to study, to help you with visa requirements.

Application checklist

Please send the following documents along with your application form (F Form) to QUT. You may post or e-mail your application.

- All documents requested in the F form
- Current passport sized photograph
- Personal statement - A typewritten personal statement outlining your reasons for applying to this particular course, indicating your personal strengths and your future ambitions (max 300 words)
- Portfolio of your work

Please send copies only – documents will not be returned.

Important information

[Portfolio Information and Preparation](#)

Interview Locations and Dates

Should your portfolio be successful you will be required to attend an interview. If you are unable to attend the interviews, we will arrange a telephone interview.

We will be conducting interviews in November 2013 at the QUT Kelvin Grove campus.

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, Finance, Economics and Marketing majors also requires 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Your business degree will give you a broad base of commercial knowledge. This understanding of business makes you more attractive to employers, even if you wish to work predominantly as a fashion designer. You will also develop the entrepreneurial skills necessary to sell your abilities within your chosen industry, and perhaps start your own business.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business

Bachelor of Business/Bachelor of Fine Arts (Fashion)

and Fashion) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Fashion discipline.

Career Outcomes

Our graduates have had a significant impact on the emerging Brisbane fashion scene and have successfully launched their careers internationally. Many of our graduates are entrepreneurial, starting their own labels and small businesses.

They excel as independent designers and have collaborated with larger fashion houses such as Sportsgirl. Others work as fashion stylists, international trend forecasters and product development managers, living and working in cities all over the world. Pathways to further study, including honours and research degrees, lead to diverse outcomes such as fashion curatorship and sustainability studies.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Pathways to Further Study

On successful completion of this course you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours) (Study Area A) or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Domestic Course structure

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

Visual and interactive design plays a pivotal role in the rapidly expanding fields of contemporary communication, marketing and new technology.

This course will provide you with the conceptual understandings, practical skills and working methods required to become a creative and innovative

designer with specialist skills in designing for digital screens.

You will learn how to shape the expressive, aesthetic and communicative qualities of media technologies. You will apply design knowledge and skills to the process of creating compelling multiplatform experiences spanning physical and virtual worlds using web, public display, and mobile technologies.

As the course progresses, you will develop the ability to lead projects through all stages of design from ideation and concept development to production and publication.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Interactive and Visual Design) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises (192 credit points) from the Interactive and Visual Design discipline.

Career Outcomes

This course will prepare you for a career as a designer in a range of creative industries. Graduates work in traditional design companies in areas such as graphic design, digital advertising and marketing, branding, print and television campaigns, web design and electronic publishing, interactive entertainment design, information design, interface design, usability, knowledge management, and information architecture.

They also gain employment in new industries. Games companies employ graduates to work on content production, interaction design, visual design and real-time and virtual environments modelling. Film and television production companies employ graduates to work on the design of multiplatform interactive entertainment. Multimedia design and interactive installation production is also a growth

Bachelor of Business/Bachelor of Fine Arts (Interactive and Visual Design)

area in museums and other cultural institutions.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Domestic Entry requirements Important information for 2014 applicants

I have listed Visual Arts as a preference on my QTAC application

What happens next?

I have not registered with QUT.

If you have not registered with QUT and submitted the required additional entry documentation QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have registered with QUT and provided the additional entry documentation.

Thank you for registering for an audition for entry into one of the above courses at QUT. The following information will help you understand what will happen after the audition process.

I have not been shortlisted for an interview

If you have not been shortlisted for an interview QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

I have been shortlisted for an interview

Shortly after the 22nd of November 2013 QUT will update the preference information within your QTAC application to reflect your interview outcome. You will be able to check this via QTAC's [Current Applicant online service](#). If you are unsure how to check your preference status there is a helpful video located on this web page.

What information will I see?

Within your Preferences tab you will see one of the following statuses.

- Based on the information currently held by QTAC you have satisfied the Minimum Entry Requirements in order to be considered for a place in

this course.

- Based on the information currently held by QTAC you HAVE NOT SATISFIED the Minimum Entry Requirements in order to be considered for a place in this course.

What does this mean?

If you have satisfied the minimum entry requirements for one of the above courses you will then be considered for a place in the course in the 12 December, 2013 QTAC offer round. Depending on course place availability, further offers may be made in the 16 January, 2014 QTAC offer round. As more applicants will meet the minimum entry requirements than available course places meeting the minimum entry requirements does not guarantee a QTAC offer will be made. Successful applicants will only receive one offer at QTAC, to their highest eligible preference.

If you have not satisfied the minimum entry requirements QUT will not be able to offer you a place in the course. You may wish to review your QTAC course preferences; they can be added or amended via QTAC's [Current Applicant online service](#). For more information on changing preferences, you can contact QTAC Information Services on 1300 GO QTAC (1300 467 822) or (07) 3858 1222.

Prerequisites

Successful portfolio and interview.

2014 registrations have closed

Registrations for the 2014 intake were due on 11 October 2013 and are now closed. If you had not registered and you are considering applying to study in 2015 we recommend you read the following information as a guide only as it details requirements for entry in 2014 and these may change prior to the 2015 intake.

Application checklist

- Apply through [QTAC](#) (you must have a valid QTAC number or current QUT ID number* before completing the QUT Online Registration Form)
- Complete the QUT Online Registration Form and print the confirmation page
- Post or submit the following documentation to the Creative Industries Faculty:
 - Online registration Detailed Confirmation Notice

- A current passport sized photograph
- A resume or curriculum vitae, no more than two pages long
- A copy of your most recent high school report and/or results of previous tertiary studies
- A copy of the [QUTpay](#) confirmation page from your online credit card payment for the \$55 service charge (Please note: Q-Step, Aboriginal, and/or Torres Strait Islander applicants are exempt from the service fee)
- Portfolio (submitted electronically through the online registration form)

Please note: Registering plus submitting your supporting documentation with QUT is separate and in addition to listing the course as a preference with [QTAC](#)*. To successfully apply for entry into this course you are required to do both. The audition process is managed by Creative Industries Faculty; however, all offers for the course will be made through QTAC.

Service fee

A \$55 service fee applies to all applicants, excluding applicants who seeking admission assistance via QUT's [Q-Step](#) and/or [Oodgeroo](#) schemes. This payment is to be made via [QUTpay](#) and please ensure you print the confirmation page as you will need to attach it to your documentation.

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, Finance, Economics and Marketing majors also requires 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

You will graduate with not only advanced technical and creative practice skills, but also with highly developed business knowledge. You will be well equipped to work as either a creative practitioner or business professional.

You will be equipped to take advantage of the growing range of career opportunities available within the creative industries, whether that be as a creative practitioner, a business professional, or by applying your creative skills within a business environment.

This course will allow you to follow pathways into a career as a contemporary artist, art professional or art teacher. You will develop an individual art practice by working on projects in unique, open-media studios while also attending classes in modern and contemporary art history and theory. You will discover how to critically evaluate your work and the work of others through group and individual consultations.

Course Design

This course is made up of 384 credit points. Each component (i.e. Business and Visual Arts) comprises 192 credit points.

Your business degree component comprises eight business core units, and eight business major units. You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Bachelor of Business/Bachelor of Fine Arts (Visual Arts)

Accountancy students will complete 10 major units and 6 Business School core units in order to meet professional recognition requirements.

Your Fine Arts component comprises 192 credit points from the Visual Arts discipline.

Career Outcomes

This course will allow you to choose your career outcome. Many of our graduates become highly successful practising artists who are represented by commercial galleries and have strong careers in the commissioned and public funding sectors.

Graduates also pursue professional careers as curators or arts managers.

With specialist training in a related field, our graduates also take up positions as creative directors, visual designers and a range of other occupations in the creative industries sector. This course can be followed with a graduate-entry teacher education course, which enables you to become a qualified teacher.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Fine Arts (Honours), provided you have met entry requirements.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Overview

This professional course links journalism with business studies and is the choice of about one-third of commencing journalism students. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs, or political and social commentary.

Course Design

In order to complete this course, you must complete a total of 384 credit points comprising 192 credit points from the Bachelor of Business and 192 credit points from the Bachelor of Journalism. You will undertake the two components of the double degree concurrently.

Business component:

You must complete the 96 credit point Business Core Units in the Business program together with a 96 credit point Major. You will choose a business major

from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations.

Accountancy students will undertake 6 Business Core units and 10 Major Core units in order to meet the professional recognition requirements.

Journalism component:

You will complete 192 credit points of Journalism discipline or specified units.

Career Outcomes

Journalism graduates are prepared for careers in both print and broadcast journalism. Opportunities also exist to become press secretaries and media officers. The combination of journalism with business majors can equip you for specialist journalism careers in finance, international affairs or political and social commentary. Your journalism degree will be of benefit even if you choose to pursue a career in business, as you will graduate with highly developed writing skills. Public relations students will find this particularly relevant in tasks such as editing trade and specialist publications, speech writing or in corporate communication roles.

Professional Recognition

Professional Recognition is specific to the individual majors completed in the Bachelor of Business. Further information is available at the discipline schools.

The Journalism degree is recognised by the Australian Journalists' Association (AJA) section of the Media Entertainment and Arts Alliance (MEAA).

Pathways to Further Study

On successful completion of this course, you will be eligible to apply for entry into the Bachelor of Journalism (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Course Update

As of 2014, this course will only be available for IX37 continuing students. IX37 has been replaced by [IX30 Bachelor of Business/Bachelor of Mathematics](#)

Professional Recognition

Both degrees allow you to satisfy the requirements of membership of the relevant professional body for your chosen majors. Please refer to the relevant pages in this prospectus for details on the Bachelor of Mathematics and the QUT Business School prospectus for more information on business majors or visit www.qut.edu.au/study

Financial Support

You should consider applying for an industry-sponsored mathematics bursary or a business scholarship to help you financially throughout your studies. For

further information visit [Scholarships](#).

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Mathematics program and 192 credit points from the Bachelor of Business program.

Business component:
Commencing students from 2009 onwards

- 8 Business School Core units (96 credit points) including MGB223 (see below)*
- 8 Major Core units (96 credit points)

2007-2008 commencing students

- 7 Business School Core units (84 credit points)*
- 9 Major Core units (108 credit points)

*Please note that BSB123 Data Analysis (one of the Business School Core Units) is not required as the content of MAB313 Mathematics of Finance covers similar topics. MGB223 Entrepreneurship and Innovation replaces BSB123.

*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

* Please note that EFB101 Data Analysis for Business which is normally undertaken in the Majors of Accountancy, Banking & Finance and Economics, is not required as the content will be covered in the statistics units from the mathematics component of the program.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines](#).

Other useful information can be found on the [Student Services](#) website.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

Accountancy, finance, economics and marketing majors: Maths A, B or C. We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA).

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, Finance, Economics and Marketing majors also requires 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Professional recognition

The Bachelor of Behavioural Science (Psychology) component of the degree is accredited by the Australian Psychology Accreditation Council (APAC).

To pursue a career in a professional area of psychology, you must be registered with the Psychology Board of Australia. This currently involves completing a fourth year of study in psychology, e.g. Bachelor of Behavioural Science (Honours Psychology) or Postgraduate Diploma in Psychology, followed by either two years of supervised work experience or the completion of an appropriate higher degree such as Doctor of Psychology (Clinical), Master of Clinical Psychology or Master of Psychology (Educational and Developmental).

Business component: Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and

unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Course Design

Students are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Behavioural Science (Psychology) program and 192 credit points from the Bachelor of Business.

The course structure for the Bachelor of Behavioural Science component of the double degree comprises the main APAC-accredited psychology core programme of 12 units as well as 4 psychology electives. The psychology core allows the student to complete a 3-year APAC-accredited psychology sequence across 4 years of study. On completion of the double degree program, a student then has the option to apply for entry to a Bachelor of Behavioural Science (Honours Psychology) or the Graduate Diploma in Behavioural Science (Psychology), in order to gain provisional registration as a psychologist.

The Business major can be selected from all majors offered within the BS05 Bachelor of Business. The Bachelor of Business component consists of eight core units*; and an additional eight discipline specific units from within the chosen major, offered at Gardens Point. Students choosing the Management or Marketing majors may undertake units at the Caboolture campus.

* Please note that the Business School Core Unit BSB123 Data Analysis is not required as the Psychology content covers similar topics. MGB223 Entrepreneurship and Innovation replaces this unit.

Bachelor of Business (Honours) Year Option

Students can apply for Bachelor of Business (Honours) (BS63) once they have completed the double degree program. Please click on [BS63](#) for more details.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Further Information

Course Update

This course will be offered in 2014, however the course structure is being redeveloped and is subject to university approval.

For course updates please visit www.qut.edu.au/coursechanges

Study Areas

IX58 will not have nominated majors and minors for the IT component and consequently there will not be a Study Area A shown on a graduate's parchment for the Bachelor of Information Technology. Instead, the IT component will have specialisations. The specialisation areas that will be available for students will include:

- Business Process Management
- Data Warehousing
- Digital Societies
- Enterprise Systems
- Information Management
- Network Systems
- Software Engineering
- Web Technologies

The following Majors are available from the Business component: Accounting, Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing and Public Relations.

Pathways to Further Studies

In 2001, an accelerated Honours program was introduced to increase the number of Bachelor of Information Technology students continuing their studies to complete the Honours year. The program allowed selected high achieving students the opportunity to undertake one postgraduate unit in the final semester of their a BIT degree (or double degree) which would be counted both for completion of the degree and towards the Honours program. The program also provided students with the opportunity to commence their Honours studies over the Summer Semester.

An alternative to the Honours program is the Master of Information Technology (Research). Students who complete a BIT degree (or double degree) with a grade point average equal to, or greater than 5 (7 point scale) and who have decided against enrolling in an Honours program, could undertake this course. In addition, students may wish to enrol in the re-designed postgraduate coursework Masters which has ten specialisations allowing students to either extend their area of interest or specialise in other areas at the Masters level.

Business: For BS63 Bachelor of Business (Honours) please click [BS63](#) for details.

Cooperative Education

The Science and Engineering Faculty's Cooperative Education Program gives you the opportunity of 10-12 months paid industry placement during your course where you can integrate real experience with what you're learning in your degree. Companies that QUT's Coop Ed students have worked with include Energex, Boeing, CITEC, CSC Mining, Environmental Protection Agency, Dialog, UNiTAB, RACQ and many Queensland Government departments. The Coop Ed Program is available to Australian citizens and permanent residents only.

Find out more about the [Cooperative Education Program](#).

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Animation (units recoded as of 2013)	
Code	Title
*Description: This major provides you with important skills in the skills, principles, concepts and history of animation. Beginning with drawing for animation and an exploration of the history of the animation industry and its practices, you will then apply this knowledge to current and emerging fields within the animation industry including motion graphics, 3D modelling and animation, real-time 3D and character animation. Through the creation of an interactive virtual environment you will be given the opportunity to refine your skills and expand your knowledge of the 3D animation industry.	
*Assumed Knowledge: There is no specific prior knowledge required as a prerequisite to undertaking this major.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also requires 4 SA in Maths A, B or C.

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, Finance, Economics and Marketing majors also requires 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

This course offers you a range of options in combining business knowledge with practical skills and a contextual understanding of media and communication.

The Bachelor of Media and Communication course analyses and seeks new applications for mass, niche and new media. Authentic learning opportunities such as industry placements and projects complement theoretical course content and give you the opportunity to apply your new knowledge.

QUT's Bachelor of Business develops transferable skills to help you succeed in your chosen career, think creatively and critically, communicate professionally, make ethical business decisions and work in a global context.

Course Design

You are required to complete 384 credit points comprised of 192 credit points from the Bachelor of Business program and 192 credit points from the Bachelor of Media and Communication program. You will undertake the two components of the double degree concurrently.

You will undertake 192 credit points of specialist units in media and communication. Your business degree component comprises eight business core units, and eight business major units.

You will choose a business major from accounting, advertising, economics, finance, human resource management, international business, management, marketing or public relations. You must complete 96 credit point Business School Core Units in the Business program together with a 96 credit point Major.

Career Outcomes

Graduates use their skills for a variety of professional functions across all industry sectors. Many work in marketing communications, public relations or corporate communications. Others apply their broad media knowledge in the media function of advertising, either as sales executives for media outlets or as media planners and buyers for advertising agencies.

Careers exist in audience and market research, collating and analysing audience data to help media outlets better understand who their audiences are and how they are interacting with their product. Graduates also find employment in media policy development in the public sector and private enterprise. Pathways exist to prepare you for further study including honours.

If you wish to use your business knowledge more in your career, you could gain employment in arts administration—marketing, managing or balancing the books for creative projects and businesses.

The combination of media and communication with advertising, marketing or public relations provides proven professional outcomes in media sales, media marketing and promotions, and in media planning/ buying for advertising agencies. You will also develop the entrepreneurial and business skills necessary to sell your abilities to a range of employers, or start your own

Bachelor of Business/Bachelor of Media and Communication

creative enterprise. Please refer to the QUT Business School prospectus to find out more about the business majors.

Professional Recognition

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Pathways to Further Study

On successful completion of the Bachelor of Media and Communication, you will be eligible to apply for entry into the Bachelor of Media and Communication (Honours), or the Bachelor of Business (Honours) (Study Area A), provided you have met entry requirements.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Accountancy, finance, economics and marketing majors also require 4 SA in Maths A, B or C.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course design

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

Business students will complete 96 credit points (16 units) consisting of eight Business School Core Units and an eight unit major. As the content of BSB111 Business Law and Ethics overlaps with the Bachelor of Laws, it has been replaced by MGB223 Entrepreneurship and Innovation.

Students must choose a major from:

- Accountancy
- Advertising
- Economics
- Finance
- Human Resource Management
- International Business
- Management

- Marketing
- Public Relations

For professional recognition, the Accountancy structure differs from the normal structure. Accountancy students will complete seven Business School Core Units and complete a nine unit major.

Advanced standing

You may wish to apply for advanced standing (also known as credit or exemption) for former completed studies and other assessable learning outcomes. See more at Advanced Standing

Professional recognition

The QUT Bachelor of Laws course is an approved degree for the purposes of the Legal Practitioners Admission Rules. Accordingly, it enables graduates to satisfy the academic requirements for admission to practise as a solicitor and/or barrister in all Australian states and territories. The QUT LLB degree qualification is also recognised for admission purposes in West and East Malaysia, Fiji and Papua New Guinea.

Business component: Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. Details on professional recognition can be found under the individual majors of the Bachelor of Business (BS05).

Deferment

Domestic students can defer their offer in this course for one year. In exceptional circumstances up to 12 months of additional deferment may be granted.

Find out more on [deferment](#).

Law School Electives Information

Students who are enrolled in LW34 (straight law undergraduate entry) are required to undertake two contextual electives in the first year of their degree (one in each semester). Contextual electives may also be undertaken by any student as an ordinary elective within their degree. The contextual electives are:

- LWB142 Law Society and Justice
- LWB144 Law and Global Perspectives
- LWB149 Indigenous Legal Issues
- LWB150 Lawyering and Dispute Resolution.

Students who are enrolled in any of the law double degrees commence their law

electives in the second semester of their second year.

Students who are enrolled in LW35 (Graduate Entry) commence their law electives in first semester of their second year.

Law students other than Graduate Entry students can undertake 4 non-law units as electives within their law degree. Students may be particularly interested in elective options within the School of Justice which relate to human rights and criminal justice.

Important Information for Business Students

QUT Business School rules and procedures are outlined in the [Business Undergraduate Guidelines booklet](#). Other useful information can be found on the [Student Services](#) website.

Graduate Destination Streams

The Faculty of Law has identified graduate destination streams for students undertaking a law or law double degree. This means that, as students learn more throughout their degree, they can choose their elective units in the areas of law in which they become interested. Students are not restricted to choose electives from a single stream; the streams are only to provide guidance to students in making their elective choices.

- Legal Practice
- General Legal Practice (work as a lawyer across a wide range of different legal areas)
- Specialist Legal Practice (work as a lawyer specialising in a particular area of the law, such as property law, family law or corporate law)
- Advocacy and Dispute Resolution (acting for clients in court or resolving disputes through negotiation and mediation processes)
- Public Sector (work as a lawyer in a government department)
- Private Enterprise (for those students not wanting to practise as a lawyer, but perhaps work within business management, human resources, information technology etc)

As students progress towards the end of their degrees there are more opportunities to participate in subjects where they engage in 'real world learning', for example, working within law firms and government departments in placement electives.

Domestic Course structure

You will study a combination of business and law units in the first four years, with law units only in the final years. You will also have the opportunity to choose elective units relevant to your career interests.

Students are required to complete 528 credit points, comprised of 192 credit points for the Bachelor of Business program and 336 credit points for the Bachelor of Laws program.

Business students will complete 96 credit points (16 units) consisting of eight Business School core units and an eight unit major. As the content of BSB111 Business Law and Ethics overlaps with the Bachelor of Laws, it has been replaced by MGB223 Entrepreneurship and Innovation.

Students must choose a major from:

- Accountancy*
- Advertising
- Economics
- Finance
- Human resource management
- International business
- Management
- Marketing
- Public relations.

*Accounting major students complete 6 Business Core Units and 10 Accountancy major units to allow them to complete professional requirements.

Domestic Entry requirements Prerequisite

Must be a current Year 12 student or a student returning from a gap year who completed their Year 12 education in Australia.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Accountancy, finance, economics and marketing majors also assume 4 SA in Maths A, B or C.

International Entry requirements

International students must complete Australian Year 12 studies (or equivalent including International Baccalaureate) onshore.

International Subject prerequisites

- English

Mathematics is required for accountancy, finance, economics and marketing majors.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course design

To complete the Bachelor of Business (Dean's Honours), a student must successfully complete all parts listed below:

- Eight Business School Core units (96 credit points)
- One block of eight Major Core units (Study Area A) (96 credit points)
- choice of one block of:
 - six Second Major units and two option (elective) units or

- eight option (elective) units or
- two Minors (four units each) (university or Business School or extension) or
- one Minor (four units)(university or Business School or extension) and four option (elective) units.

Study areas

Study areas for this course are Accounting, Advertising, Economics, Finance, International Business, Human Resource Management, Management, Marketing, and Public Relations.

Special Course Requirements

Minimum GPA: It is expected that students maintain a minimum GPA of 5.5. If a student does not maintain a GPA of 5.5 it will be recommended that they return to the standard program, Bachelor of Business (BS05). (A GPA of 5.5 is required for entry to the Bachelor of Business (Honours) (BS63) program).

Breaks in Study: Students wishing to apply for a break in study should contact the Director of Undergraduate Studies to determine if there is an impact to their scholarship.

Course progression: Students are expected to follow the course structure. Students wishing to deviate from the recommended course structure should contact the Director of Undergraduate Studies to determine if there is an impact to their scholarship.

Advanced standing (credit)

Advanced standing or credit for previous study is not permitted (with the exception of START QUT).

Further study

Students in the Dean's Honours (BS06) are expected to maintain a GPA 5.5 in order to be eligible for entry into the Bachelor of Business (Honours) (BS63) program.

For information on the Honours program, see the entry for BS63 Bachelor of Business (Honours) (BS63).

Professional recognition

Students may be eligible for membership to a number of professional bodies depending on choice of major and unit selection. See each course major for details.

Bachelor of Business (Dean's Honours)

Campus options

This degree is available at Gardens Point campus only, however some units are offered at Caboolture campus. Students may enrol in Business units at Caboolture campus.

Abbreviation

BBus(Study Area A)

Domestic Course structure

To complete the Bachelor of Business (Dean's Honours), a student must successfully complete all parts listed below:

- (a) eight Business School core units
- (b) one block of eight major core units
- (c) choice of one block of:
 - six second major units and two option (elective) units or
 - eight option (elective) units or
 - two minors (four units each) (university or Business School or extension) or
 - one minor (four units)(university or Business School or extension) and four option (elective) units.

Special course requirements

Grade point average: Dean's Honours scholars must maintain a grade point average of 5.5 throughout their studies to retain the scholarship.

Breaks in study: Students wishing to apply for a break in study should contact the Director of Undergraduate Studies to discuss, to ensure there are no difficulties with their scholarship.

Course progression: Students are expected to follow the course structure. Students wishing to deviate from the recommended course structure should contact the Director of Undergraduate Studies to determine if there is an impact to their scholarship.

Credit for prior learning (advanced standing)

Credit for previous study (advanced standing) is not permitted (with the exception of START QUT).

International Course structure

Course design

To complete the Bachelor of Business (Dean's Honours), a student must successfully complete all parts listed below:

- (a) eight Business School Core units
- (b) one block of eight Major Core units
- (c) choice of one block of:

- six Second Major units and two option (elective) units or
- eight option (elective) units or
- two Minors (four units each) (university or Business School or extension) or
- one Minor (four units)(university or Business School or extension) and four option (elective) units.

Students who graduate from the Bachelor of Business with a GPA of 5.5 or higher will be eligible to enrol in the Bachelor of Business (Honours) (BS63).

Special course requirements

Breaks in Study: Students wishing to apply for a break in study should contact the Director of Undergraduate Studies to discuss, to ensure there are no difficulties with their scholarship.

BBus(Hons)

Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points) as per the programs of study described under the individual majors.

Unit requisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should check requisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

Grades are awarded for each of the

individual coursework units. The dissertation, which is currently given the weight of four units, is also graded. The degree is awarded at a certain level ranging from first class to third class Honours.

Important course specific enrolment advice

The Business School will provide students with up to \$600 for approved research related expenses associated with the preparation of a thesis under the Business School's Postgraduate Research Student Support Scheme. Schools may also provide additional funding assistance and/or opportunities for paid research assistant or tutoring work.

To obtain further information about the policies and procedures relating to this course, please refer to the [Business Postgraduate Guidelines](#).

Other useful information can be found on the [Student Services](#) website.

Domestic Course structure

The course is designed for total immersion in academic study for a full-time year. Therefore undertaking the honours course part-time is generally discouraged. Not all schools permit mid-year entry. The structure of the course is such that the coursework units in the first semester logically precede the research thesis, which is largely completed in the second semester.

International Course structure

Course design

The course is designed for total immersion in academic study for a full-time year. Therefore undertaking the honours course part-time is generally discouraged. Not all schools permit mid-year entry. The structure of the course is such that the coursework units in the first semester logically precede the research thesis, which is largely completed in the second semester.

Course Coordinator	Director of Higher Degree Research Studies
Discipline Coordinator	Mr Tim Hasso Business Student Services phone 3138 2050 or email bus@qut.edu.au

Domestic Entry requirements

A completed bachelor or coursework masters degree that includes a major in the area of intended study or a qualification deemed equivalent. Students must have achieved a grade point average (GPA) of 5.5 or better on a 7-point scale in the relevant degree or other qualifications and experience which is considered by the Executive Dean, QUT Business School to qualify for admission.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The Business School does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the Business School website;
2. Contact the HDR Admissions Officer within the QUT Business School. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The information will be passed onto the nominated school or supervisor.

International Entry requirements

A completed bachelor or coursework masters degree that includes a major in the area of intended study or a qualification deemed equivalent. Students must have achieved a grade point average (GPA) of 5.5 or better on a 7-point scale in the relevant degree or other qualifications and experience which is considered by the Executive Dean, QUT Business School to qualify for admission.

Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described under the individual majors.

Unit requisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should check requisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the School Honours Coordinator.

Alternative pathways

The traditional approach is to complete a fourth year after you graduate from your undergraduate degree.

Mid-year entry students

Mid-year entry students should contact the Honours Discipline Coordinator for enrolment advice and course progression

details. Mid-year entry to any major cannot be guaranteed and is subject to supervisor and unit availability.

Important course specific enrolment advice

The Business School will provide students with up to \$600 for approved research related expenses associated with the preparation of a thesis under the Business School's Postgraduate Research Student Support Scheme. Further information

For further information on this course contact the Honours Coordinator Dr Jodie Nelson on 3138 5136 or je.nelson@qut.edu.au

The Honours Discipline Coordinator is responsible for the administration of the course, including admissions, scholarships and determining the result for the year as a whole. If you have any questions about the course or any comments, the Honours Coordinator should be your first point of contact.

Domestic Course structure

The course is designed for total immersion in academic study for a full-time year. Therefore undertaking the honours course part-time is generally discouraged. Not all schools permit mid-year entry. The structure of the course is such that the coursework units in the first semester logically precede the research thesis, which is largely completed in the second semester.

Study areas

Study an in-depth project in:

- Regulation
- Accounting, accountability and performance
- Corporate governance
- Behavioural governance
- Superannuation and wealth management
- Forensics, fraud and risk management
- Accounting education

- Social enterprise
- Philanthropy
- Fundraising.

International Course structure

ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the Business School website.
2. Contact the HDR Admissions Officer within the QUT Business School. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The information will be passed onto the nominated school or supervisor.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described under the individual majors.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

Further information

For further information on this course contact the Honours Discipline Coordinator Professor Adam Clements on a.clements@qut.edu.au or Administration Officer Michelle Smith on michelle.smith@qut.edu.au

The Honours Discipline Coordinator is

Bachelor of Business (Honours) (Economics)

responsible for the administration of the course, including admissions, scholarships and determining the result for the year as a whole. If you have any questions about the course or any comments, the Honours Discipline Coordinator is your primary contact.

Available full-time only

Please note that the majors in Finance, Economics, and Philanthropy and Nonprofit Studies are not available part-time.

Important course specific enrolment advice

To obtain further information about the policies and procedures relating to this course, please refer to the [Business Postgraduate Guidelines](#).

Other useful information can be found on the [Student Services](#) website.

Pre-requisites

Although not compulsory, all QUT Bachelor of Business (Economics) and (Finance) students who are considering an Honours year are recommended to complete EFB333 Introductory Econometrics as part of their undergraduate degree.

Abbreviation

BBusHons(Eco)

Domestic Course structure

The course is designed for total immersion in academic study for a full-time year. Therefore undertaking the honours course part-time is generally discouraged. Not all schools permit mid-year entry. The structure of the course is such that the coursework units in the first semester logically precede the research thesis, which is largely completed in the second semester.

International Course structure

Domestic Entry requirements

A completed bachelor or coursework masters degree that includes a major in the area of intended study or a qualification deemed equivalent. Students must have achieved a grade point average (GPA) of 5.5 or better on a 7-point scale in the relevant degree or other qualifications and experience which is considered by the Executive Dean, QUT Business School to qualify for admission.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The Business School does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the Business School website;
2. Contact the HDR Admissions Officer within the QUT Business School. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The information will be passed onto the nominated school or supervisor.

Domestic Entry requirements

A completed bachelor or coursework masters degree that includes a major in the area of intended study or a qualification deemed equivalent. Students must have achieved a grade point average (GPA) of 5.5 or better on a 7-point scale in the relevant degree or other qualifications and experience which is considered by the Executive Dean, QUT Business School to qualify for admission.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The Business School does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the Business School website;
2. Contact the HDR Admissions Officer within the QUT Business School. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The information will be passed onto the nominated school or supervisor.

International Entry requirements

Articulation

With approval from the relevant Discipline Coordinator in conjunction with approval from the Course Coordinator, students may articulate from the Graduate Certificate in Business to a related Master of Business course, depending on the major undertaken. Students must meet the entry requirements and/or prerequisites for further study.

For more specific information about articulation, refer to the individual majors.

Domestic Course structure

Course design

Your options in the Graduate Certificate include 48 specified credit points of units in your chosen discipline, or interdisciplinary business study.

Specialisations available in the Graduate Certificate are:

- Accounting
- Applied Finance
- Human Resource Management
- Integrated Marketing Communication*
- Interdisciplinary
- International Business
- Marketing*
- Philanthropy and Nonprofit Studies
- Public Relations*
- Research Studies.

The Interdisciplinary specialisation allows you to choose four postgraduate-level business units from any discipline area, so you can mix and match to suit your personal requirements. You may choose any available postgraduate business unit provided you meet prerequisite requirements.

Integrated Marketing Communication, Marketing and Public Relations majors are also available as external courses, and are only offered on a part-time basis. The Philanthropy and Nonprofit Studies major is a part-time only course.

Overview

The specialisations you can choose in the Graduate Certificate in Business offer a targeted group of units to broaden your knowledge in your selected business discipline.

The Graduate Certificate in Business is an excellent re-introduction to tertiary learning and an opportunity to update skills or, as one-third of the Master of Business program, a pathway to higher level study.

Course Design

The Graduate Certificate in Business is effectively one-third of the Master of Business program. Graduate Certificate in Business (Accounting/insert major here) students will undertake 48 specified credit points (4 units) in their chosen discipline. This course can be undertaken either full-time (1 Semester) or part-time (2 Semesters).

Entry Requirements

Applicants for the Forensic Accounting Major must have an appropriate degree in accountancy with an overall minimum grade point average of 4.0 (on a 7-point scale).

Special Entry

Special entry without an undergraduate degree is not available for students undertaking the Forensic Accounting major.

Articulation

With approval of the relevant Discipline Coordinator in conjunction with approval

from the Course Coordinator, students may articulate from the Graduate Certificate in Business to a related Master of Business course, depending on the major undertaken. Students must meet the entry requirements and/or prerequisites for further study. Students completing the Graduate Certificate in Business (Forensic Accounting) may articulate to the:

- BS16 Masters of Business (Accounting).

Other Majors

See also separate entries for the following majors in this course: Accounting, Applied Finance, Forensic Accounting, Human Resource Management, Integrated Marketing Communication, Interdisciplinary, International Business, Marketing, Philanthropy & Nonprofit Studies, Public Relations, Research Studies.

Course Design

The Graduate Certificate in Business is effectively one-third of the Master of Business program. Graduate Certificate in Business (Human Resource Management) students will undertake 48 specified credit points (4 units) in their chosen discipline.

This course can be undertaken either full-time (1 Semester) or part-time (2 Semesters).

To ensure that the program builds on prior academic and work experience, each participant in the HRM major receives an individualised study plan. Participants are therefore required to consult with the HRM coordinator regarding development of their study plan. Any subsequent changes to the approved program will require coordinator approval. Failure to obtain approval may affect a student's course progression and impact on their eligibility to graduate.

Articulation

With approval of the relevant Discipline Coordinator in conjunction with approval from the Course Coordinator, students may articulate from the Graduate Certificate in Business to a related Master

of Business course, depending on the major undertaken. Students must meet the entry requirements and/or prerequisites for further study. Students completing the Graduate Certificate in Business (Human Resource Management) may articulate to the:

- BS16 Master of Business (Human Resource Management)

Abbreviation

GradCertBus(HRM)

Domestic Course structure

Students are required to complete 48 credit points (4 units). The course can be undertaken either full-time (1 semester) or part-time (2 semesters).

To ensure that the program builds on prior academic and work experience, each participant in the HRM major receives an individualised study plan. Participants are therefore required to consult with the HRM coordinator regarding development of their study plan. Any subsequent changes to the approved program will require coordinator approval. Failure to obtain approval may affect a student's course progression and impact on their eligibility to graduate.

International Course structure

Students are required to complete 48 credit points (4 units).

To ensure that the program builds on prior academic and work experience, each participant in the HRM major receives an individualised study plan. Participants are therefore required to consult with the HRM coordinator regarding development

Graduate Certificate in Business (Human Resource Management)

of their study plan. Any subsequent changes to the approved program will require coordinator approval. Failure to obtain approval may affect a student's course progression and impact on their eligibility to graduate.

Human Resource Management - for students with prior study in HRM

Code	Title
Students with an undergraduate HRM major are required to complete 4 units (48 credit points) from the following in consultation with the Discipline Coordinator:	
MGN421	Strategic HRM
MGN423	Contemporary Strategic Analysis
MGN431	Strategic Human Resource Development
MGN433	Managing High-Performance Organisations
MGN441	Leadership and Executive Coaching
MGN442	Self Leadership
MGN443	Talent Management
MGN505	Consulting and Change Management
MGN506	Contemporary Issues in Human Resource Management
Or other units approved by the Discipline Coordinator.	

Human Resource Management - for students without prior study in HRM

Code	Title
Students without prior study in HRM are required to complete 4 units (48 credit points) in consultation with the Discipline Coordinator. These units are typically, but not limited to:	
MGN409	Management Theory and Practice
MGN410	Employment Relations
MGN412	Organisational Behaviour
MGN440	HRM Theory and Practice

Course Design

The Graduate Certificate in Business is effectively one-third of the Master of Business program. The Graduate Certificate in Business (Interdisciplinary) is open to students who wish to construct their own program of study necessary to meet personal or professional needs. Students are required to complete 4 units (48 credit points). The course can be undertaken either full-time (1 semester) or part-time (2 semesters). There are no recommended units for the Graduate Certificate in Business (Interdisciplinary), however, students must choose postgraduate units offered by the Business School of Business, excluding the MBA program and external units prefixed "AMN". Requests to undertake units from other Faculties will be assessed on a case by case basis, although to award the Graduate Certificate in "Business" it would be expected that at least three of the four units be taken from business studies.

Articulation

As students undertaking the Graduate Certificate in Business (Interdisciplinary) may select a combination of units that

may not all relate to one discipline, it is not possible to recommend an articulation pathway.

Other Majors

See also separate entries for the following majors in this course: Accounting, Applied Finance, Forensic Accounting, Human Resource Management, Integrated Marketing Communication, Interdisciplinary, International Business, Marketing, Philanthropy & Nonprofit Studies, Public Relations, Management, Research Studies.

English language requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at:

- Submit two [referee reports \(DOCX file, 132.3 KB\)](#)

You may be required to:

- Sit the Graduate Management Admissions Test (GMAT), the worldwide standard in aptitude assessment for admission to postgraduate management programs, and achieve a minimum score of 550. [GMAT details \(PDF file, 271.8 KB\)](#)
- Attend an interview with the MBA Director or nominee

Alternative entry requirements

If you do not hold a Bachelor degree with a minimum grade point average (GPA) of 4.5 (on QUT's 7-point scale) you may be still considered for entry. You must:

- Have a minimum of 7 years full-time work experience with 6 years minimum equivalent professional work experience plus 1 year minimum full-time supervisory/management experience
- If you are seeking to articulate to the [Executive Master of Business Administration](#) you must have a minimum of 9 years full time work experience with 6 years minimum equivalent professional work experience plus 3 years minimum full-time supervisory/management experience
- Submit two [referee reports \(DOCX file, 132.3 KB\)](#)
- Attend an interview with the MBA Director or nominee

You may be required to:

- Sit the Graduate Management Admissions Test (GMAT), the worldwide standard in aptitude assessment for admission to postgraduate management programs, and achieve a minimum score of 550. [GMAT details \(PDF file, 271.8 KB\)](#)

MBA pathways

If you are seeking admission to the [Master of Business Administration](#) you

may be offered the Graduate Certificate in Business Administration. Upon completion of the Graduate Certificate in Business Administration with a GPA 4.5 (or higher) students may articulate into the Master of Business Administration.

If you are seeking admission to the [Executive Master of Business Administration](#) you may be offered the Graduate Certificate in Business Administration. Upon completion of the Graduate Certificate in Business Administration with a GPA 4.5 (or higher) students may articulate, subject to meeting the additional work experience as outlined in special entry requirements above, into the Executive Master of Business Administration.

Additional information

Work experience

Relevant work experience indicates applicants will be able to contribute to class discussion. A minimum of three years full-time equivalent professional or managerial work experience is required after the completion of an undergraduate degree. To enable us to assess your work experience, a current curriculum vitae providing details of your roles, responsibilities and achievements is required.

Referee reports

All applicants must obtain two referee reports on the referee proforma. At least one referee report should be from your current employer. The referees may choose to send the recommendations directly to QUT (fax, email and postal addresses are provided on the proforma).

[Referee Report proforma \(DOCX file, 132.3 KB\)](#)

International Entry requirements

- A completed recognised Bachelor Degree in any discipline with a minimum grade point average (GPA) of 4.5 (on QUT's 7-point scale)
- A GMAT score of at least 550
- A minimum 3 years full-time equivalent relevant managerial or professional work experience post-degree. You may be required to be available for an interview with the MBA Director to demonstrate relevant work experience.
- Submit two [referee reports \(DOCX file, 132.3 KB\)](#).

MBA pathway

Applicants seeking admission to the

Master of Business Administration

may be admitted to the Graduate Certificate in Business Administration with a minimum of 7 years work experience (6 years minimum equivalent professional work experience plus 1 year minimum supervisory/management experience). Upon completion of the Graduate Certificate in Business Administration with a GPA 4.5 (or higher) students may articulate into the Master of Business Administration.

Additional information

Graduate Management Admission Test (GMAT)

All applicants are required to undertake the GMAT. There will be no exemptions based on prior education or experience. GMAT test scores are valid for five years.

If you have already undertaken the GMAT QUT needs to see a certified copy of your Test Takers Score. If you are planning to take the GMAT, please have the results sent directly to QUT (our identification number is 1677).

[GMAT details \(PDF file, 271.8 KB\)](#)

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course design

Students must complete two MBA foundation core units, and select a further 36 credit points from the MBA core units. Please note that there are pre-requisite requirements for one of the core units.

This course is designed to prepare students for transition to the MBA program. However the Graduate Certificate structure, as a stand alone qualification, is designed to update skills and acquire in-depth knowledge in the core discipline areas of business.

Advanced standing

Advanced standing may be granted only if the course units for which the advanced standing is being sought have been completed in the last five years from an accredited business school or university (eg AACSB, EQUIS, AMBA). Advanced standing may also be granted at the discretion of the Graduate Studies Director under the following criteria:

1. The business school or university is highly ranked by an international publication or agency
2. There is a pre-existing exchange/cross-institutional agreement
3. The applicant is considered to be in the top third of his/her class cohort or has a GPA of 5.75 or more on a 7-point scale.

English language requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at:

<http://www.qut.edu.au/study/applying/english-language-requirements.jsp>

Important Note

This course is an online course and there is no requirement for a face-to-face session.

Course Enquiries

Email: egsacoordinator@qut.edu.au
This course is offered by Queensland University of Technology as part of a joint collaboration with the other ATN universities as part of the e-Grad School Australia

Part-time Students

Part-time students can enrol in one or two units per semester.

Domestic Course structure

Course structure
The Graduate Certificate in Research Commercialisation is designed to develop the skills and capacity to identify the commercial potential of your research. This includes the development and implementation of a strategy and business plan for commercialisation. You may also choose to develop skills in project managing your research, entrepreneurship or managing your research career. You can also build knowledge foundations in research and development (R&D) management and the relationship between research and commercialisation.

Course Availability

Mid-year Entry:

Students should contact the Research Discipline Coordinator for enrolment advice and course progression details. The majors in Finance, Economics, and Philanthropy and Nonprofit Studies are not available for mid-year entry due to unit availability. Mid-year entry to any major cannot be guaranteed and is subject to supervisor and unit availability.

Part-time Study:

Students should contact the Research Discipline Coordinator for enrolment advice and course progression details. Part time study in any major cannot be guaranteed and is subject to unit availability. The majors in Finance, Economics, and Philanthropy and Nonprofit Studies are not available for part-time study due to unit availability.

PhD Pathway for International Students

International students who may receive home sponsorship on the basis of a conditional PhD offer should contact the QUT Business School to discuss the possibility of a study offer that packages BS69 with the PhD prior to submitting a formal application. Conditions apply to such an offer. All other students should enrol initially in the BS69 to undertake the academic prerequisite training for potential entry to the PhD program.

Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points) as per the programs of study described under the individual majors.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where elective units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT

Handbook and obtain approval from the Subject Area Coordinator prior to enrolment.

Grades are awarded for each of the individual coursework units. The thesis, which is currently given the weight of four units, is also graded.

Important course specific enrolment advice

This course is a PhD qualifying course, and applicants are assessed as to their potential suitability for undertaking a PhD on the completion of BS69. Prior to enrolment in BS69, a supervisor and dissertation topic must be allocated. Contact with the supervisor prior to applying for entry is essential.

To obtain further information about the policies and procedures relating to this course, please refer to the [Business School Postgraduate Guidelines](#).

Other useful information can be found on the [Student Services](#) website.

Domestic Entry requirements

- A completed recognised Bachelor Degree or Masters Degree (Coursework) (or qualifications deemed equivalent) with a minimum Grade Point Average (GPA) score of 5.5 or better (on QUT's 7 point scale). This qualification must include a major in the area of intended study.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The faculty does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the QUT Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the QUT Business School website.
2. Complete the Expression of Interest to Apply for a Research Degree form, and email this to the QUT Business School HDR Admissions Officer. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The HDR Admissions Officer may ask for further information to assist with your enquiry. The information will be passed onto the nominated school or supervisor.

See also separate entries to the following majors in this course: Accounting, Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing, Philanthropy and Nonprofit Studies, Public Relations.

Further Information

The Research Discipline Coordinator is responsible for the administration of the course, including admissions, scholarships and determining the result for the year as a whole. If you have any questions about the course or any comments, the Research Discipline Coordinator should be your first point of contact.

Domestic Course structure

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the program of study.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Research Discipline Coordinator.

International Course structure

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the program of study.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should check prerequisite requirements in the unit synopsis section of the QUT Handbook and obtain approval from the Research Discipline Coordinator.

Mid-year entry

Mid-year entry students should contact the Research Discipline Coordinator for enrolment advice and course progression details. Mid-year entry to any major

cannot be guaranteed and is subject to supervisor and unit availability.

Sample Structure

Code	Title
Year 1, Semester 1	
BSN502	Research Methodology
BSN503	Research Seminar
AMN404	Readings in Integrated Marketing Communication
Option unit	
The option unit may be selected from any 12 credit point postgraduate unit offered by the School of Advertising, Marketing and Public Relations, in consultation with the School Research Coordinator.	
Year 1, Semester 2	
BSN501-1	Dissertation
BSN501-2	Dissertation
BSN501-3	Dissertation
BSN501-4	Dissertation
While enrolled in part one of the Dissertation (BSN501-1) students are required to present a seminar detailing their research proposal.

Domestic Entry requirements

- A completed recognised Bachelor Degree or Masters Degree (Coursework) (or qualifications deemed equivalent) with a minimum Grade Point Average (GPA) score of 5.5 or better (on QUT's 7 point scale). This qualification must include a major in the area of intended study.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The faculty does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the QUT Business School website. The Research Discipline Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the Business School website;
2. Complete the Expression of Interest to Apply for a Research Degree form, and email this to the QUT Business School HDR Admissions Officer. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The HDR Admissions Officer may ask for further information to assist with your enquiry. The information will be passed onto the nominated school or supervisor.

International Entry requirements

- A completed recognised Bachelor Degree or Masters Degree (Coursework) (or qualifications deemed equivalent) with a minimum Grade Point Average (GPA) score of 5.5 or better (on QUT's 7 point scale). This qualification must include a major in the area of intended study.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and

topic are well matched. The faculty does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the QUT Business School website. The Research Discipline Coordinator within each school can also assist with this process.

The HDR Admissions Officer may ask for further information to assist with your enquiry. The information will be passed onto the nominated school or supervisor.

International students who may receive home sponsorship on the basis of a conditional PhD offer should contact the [QUT Business School](#) to discuss the possibility of a study offer that packages BS69 with the PhD prior to submitting a formal application. Conditions apply to such an offer. All other students should enrol initially in the BS69 to undertake the academic prerequisite training for potential entry to the PhD program.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

The purpose of this course is to provide the basic research training for potential PhD candidates who do not possess the

Graduate Diploma in Business (Research) (Economics)

necessary research experience to gain entry into the PhD. It is offered as an alternative pathway, giving you the opportunity to pursue a research career.

Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described under the individual majors.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should refer to the course structures for information on specific unit requirements.

Important course specific enrolment advice

This course is a PhD qualifying course, and applicants are assessed as to their potential suitability for undertaking a PhD on the completion of BS69. Prior to enrolment in BS69, a supervisor and dissertation topic must be allocated. Contact with the supervisor prior to applying for entry is essential.

To obtain further information about the policies and procedures relating to this course, please refer to the Business School Postgraduate Guidelines.

Other useful information can be found on the Student Services website.

PhD Pathway for International Students

International students who may receive home sponsorship on the basis of a conditional PhD offer should contact the QUT Business School (bus.research@qut.edu.au) to discuss the possibility of a study offer that packages BS69 with the PhD prior to submitting a formal application. Conditions apply to such an offer. All other students should enrol initially in the BS69 to undertake the academic prerequisite training for potential entry to the PhD program.

Domestic Entry requirements

- A completed recognised Bachelor Degree or Masters Degree (Coursework) (or qualifications deemed equivalent) with a minimum Grade Point Average (GPA) score of 5.5 or better (on QUT's 7 point scale). This qualification must include a major in the area of intended study.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and topic are well matched. The faculty does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the QUT Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the QUT Business School website.
2. Complete the Expression of Interest to Apply for a Research Degree form, and email this to the QUT Business School HDR Admissions Officer. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The HDR Admissions Officer may ask for further information to assist with your enquiry. The information will be passed onto the nominated school or supervisor.

International Entry requirements

- A completed recognised Bachelor Degree or Masters Degree (Coursework) (or qualifications deemed equivalent) with a minimum Grade Point Average (GPA) score of 5.5 or better (on QUT's 7 point scale). This qualification must include a major in the area of intended study.

Applicants are required to nominate a supervisor and topic before submitting a formal application. Normally applications will be successful only if a supervisor and

topic are well matched. The faculty does not guarantee supervision capacity for all topics. Applicants should ensure that there is a genuine fit with the potential supervisor's research interests by looking at the interests of the researchers within the relevant school as stated on the QUT Business School website. The Research Coordinator within each school can also assist with this process.

To assist applicants to find an appropriate supervisor, applicants should:

1. Identify supervisor's research interests by looking at the interests of the researchers as described on the QUT Business School website.
2. Complete the Expression of Interest to Apply for a Research Degree form, and email this to the QUT Business School HDR Admissions Officer. This contact should include a transcript of academic records, the topic area which they wish to study, the school in which they wish to undertake their research, and if known, the name of a potential supervisor. The HDR Admissions Officer may ask for further information to assist with your enquiry. The information will be passed onto the nominated school or supervisor.

International students who may receive home sponsorship on the basis of a conditional PhD offer should contact the [QUT Business School](#) to discuss the possibility of a study offer that packages BS69 with the PhD prior to submitting a formal application. Conditions apply to such an offer. All other students should enrol initially in the BS69 to undertake the academic prerequisite training for potential entry to the PhD program.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

The purpose of this course is to provide the basic research training for potential PhD candidates who do not possess the necessary research experience to gain

Graduate Diploma in Business (Research) (Marketing)

entry into the PhD. It is offered as an alternative pathway, giving you the opportunity to pursue a research career.

Course design

Students must complete four coursework units (48 credit points) and a dissertation (48 credit points), as per the programs of study described under the individual majors.

Unit prerequisite requirements are deemed to have been satisfied upon admission to this course. Where option (elective) units may be undertaken, students should refer to the course structures for information on specific unit requirements.

Important course specific enrolment advice

This course is a PhD qualifying course, and applicants are assessed as to their potential suitability for undertaking a PhD on the completion of BS69. Prior to enrolment in BS69, a supervisor and dissertation topic must be allocated. Contact with the supervisor prior to applying for entry is essential.

To obtain further information about the policies and procedures relating to this course, please refer to the [Business School Postgraduate Guidelines](#).

Other useful information can be found on the [Student Services](#) website.

Course Availability

Mid-year entry:

Students should contact the Research Discipline Coordinator for enrolment advice and course progression details. Mid-year entry to any major cannot be guaranteed and is subject to supervisor and unit availability.

Part-time study:

Part-time students should contact the Research Discipline Coordinator for enrolment advice and course progression details. Part time study in any major cannot be guaranteed and is subject to unit availability.

PhD Pathway for International Students

International students who may receive home sponsorship on the basis of a conditional PhD offer should contact the QUT Business School (bus.research@qut.edu.au) to discuss the possibility of a study offer that packages BS69 with the PhD prior to submitting a formal application. Conditions apply to such an offer. All other students should

enrol initially in the BS69 to undertake the academic prerequisite training for potential entry to the PhD program.

Other Majors

See also separate entries to the following majors in this course: Accounting, Advertising, Economics, Finance, Human Resource Management, International Business, Management, Marketing, Philanthropy and Nonprofit Studies, Public Relations.

Overview

The Graduate Diploma of Business (Professional Accounting) provides students with a solid core in accounting studies and ensures that graduates meet the academic requirements of the Australian professional accounting bodies. This program will be fully nested within the BS16 and BS17 programs and, consequently, requires that students achieve the learning outcomes designed for the Master of Business suite.

If you are looking to change your career direction or enhance your career options, accountancy is a dynamic profession that will provide you with a sustainable, challenging and diverse range of career paths. Professional accountants are in increasing demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners.

Discipline units focus on financial and management accounting requirements, specialised applications in company accounting, audit and assurance, tax and company regulation. Core concepts and knowledge, problem-solving skills and critical and analytical thinking are developed throughout the entire course.

Course Design

Due to professional recognition requirements students must follow the prescribed course structure. Any enquiries regarding course progression can be directed to the School of Accountancy.

Professional Recognition

Graduates meet the academic component of requirements for membership of CPA Australia and Chartered Accountants Australia and New Zealand (CAANZ), and enrolment in their respective professional programs. Graduates are also eligible for exemptions in the qualifying program for membership of the Association of Chartered Certified Accountants and the Chartered Institute of Management Accountants (CIMA).

External Study

The external version of this course is only available to domestic students.

Further Information

If you have any further questions regarding this course please contact the QUT Business School Student Services Office by phone on (07) 3138 2050, via email on bus@qut.com or in person at Level 1, B Block, Gardens Point campus

Domestic Course structure

Course design

All majors within the BS16 course are available both full-time and part-time.

The Master of Business programs are available in 10 different disciplinary fields. Each discipline area within consists of 144 credit points of study comprising of core and option (elective) units.

The programs consist of two components, the Foundation Studies Component (Part A) and the Discipline component (Part B). The Foundation Studies component provides you with an introduction to your chosen discipline, along with other introductory business studies. Part B units provide discipline-based knowledge in your chosen major. Some majors give you choices to customise your study through option (elective) units or the inclusion of project work.

Further studies are available in most majors. This option gives students more flexibility to choose units of most interest to them and to diversify their knowledge in a complementary or alternative business area.

Early Exit

Students may exit from the Master of Business (BS16) at the following stages, once those particular course requirements have been met:

- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies. Completion of 96 credit point units, where a minimum of 72 credit points are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course. Due to professional recognition requirements, students exiting from the Master of Business (Professional Accounting) major must complete all of the units in the Graduate Diploma in Business (Professional Accounting) course.

Students may apply to early exit with the Graduate Certificate course upon completion of a minimum of 48 credit points, in accordance with the course requirements of the relevant business discipline area.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

Professional recognition

Graduates meet the academic component of requirements for membership of CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ), the Institute of Public Accountants, and enrolment in their respective professional programs. Graduates are also eligible for exemptions in the qualifying program for membership of the Association of Chartered Certified Accountants and Chartered Institute of Management Accountants (CIMA).

Domestic Course structure

Students are required to complete 144 credit points of units consisting of 36 credit points of compulsory units and 108 credit points of approved accounting coursework or research option units. Students will be able to access course progression advice from the School of Accountancy.

International Course structure

Example course units

- Financial Forensics and Business Intelligence
- Financial Analysis and Business Valuation
- Forensic Accounting and Investigation
- Governance Issues in Accounting
- Integrated Issues in Professional Practice
- International Accounting
- Superannuation and Wealth Management
- Taxation Law and Practice

Course Design

Students are required to complete 144 credit points of units consisting of 36 credit points of compulsory units and 108 credit points of approved accounting coursework or research option units. Students will be able to access course progression advice from the School of Accountancy.

Students may exit from the Master of Business (BS16) at the following stages, once those particular course requirements have been met:

- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students who have completed an undergraduate degree in Accounting or Commerce within the last five years, may be eligible for exemptions up to a maximum of 48 credit points. Students who have completed the CPA Program with CPA Australia in last the five years or

Overview

The management study area is designed for people from a broad range of occupations and professions who wish to enhance and further their career prospects by acquiring knowledge and skills in the area of management. Successful completion of the degree will provide the graduate with knowledge of the theoretical principles of management, and the skills to deal effectively and efficiently with real-world business problems in changing and dynamic environments. Participants will learn through practical application how to analyse business situations at strategic and operational levels, provide managerial solutions to business issues, and monitor the effectiveness of management decisions. They will learn how to effectively self-manage, to lead and manage teams and communicate competently in diverse contexts, thus gaining a competitive edge for managerial success.

Course design

Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements. Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last five years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on

exemptions, please refer to the Master of Business overview.

Some applicants may require unit substitution if they have studied equivalent or similar units in their undergraduate degree. Nominated substitution units are subject to approval by the Subject Area Coordinator.

Entry requirements (domestic and international)

An undergraduate degree or equivalent in any field with an overall minimum Grade Point Average (GPA) of 4.0 (on a 7 point scale).

Other majors

See also separate entries to the following majors in this course: Accounting, Applied Finance, Human Resource Management, Integrated Marketing Communication, International Business, Management, Marketing, Philanthropy and Nonprofit Studies, Professional Accounting, Public Relations and Strategic Advertising.

Articulation

Students who have articulated from the Graduate Certificate in Business (Applied Finance) may receive exemptions for up to 48 credit points. Students may articulate to the Master of Business Advanced (Applied Finance) program and receive up to 144 credit point of exemptions.

English Language Requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at:

Early Exit

Students may exit from the Master of Business (BS16) at the following stages, once those particular course requirements have been met:

- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business course and graduate with an approved exit course should lodge an application during the teaching

period in which they expect to complete their studies. Completion of 96 credit point units, where a minimum of 72 credit points are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Due to professional recognition requirements, students exiting from the Master of Business (Professional Accounting) major must complete all of the units in the Graduate Diploma in Business (Professional Accounting) course.

Students may apply to early exit with the Graduate Certificate course upon completion of a minimum of 48 credit points, in accordance with the course requirements of the relevant business discipline area.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

Pathways Program

International students who do not meet language requirements can complete pathways units within majors.

The Postgraduate Business Pathway program allows international students who have obtained IELTS 6.0 with no sub-band lower than 5.0, or TOEFL: 80 with at least 18 in all bands (Internet Based) or other QUT accepted English test, to enter some majors of the Master of Business and Master of Business Advanced. Students will undertake two Communication units (QCD111 and QCD211) in the first semester of their postgraduate business course. For more information please contact the QUT Business School Student Centre on 3138 1790.

Domestic Course structure

Example course units

- HRM Theory & Practice
- Consulting & Change Management
- Self-Leadership
- Managerial Economics
- Managing High Performance Organisations
- Business in Australia
- Business Process Improvement
- Business Process Management

Course design

Students are required to complete 12 units (144 credit points). Please refer to the course structures for information on specific unit requirements.

Articulation

Students who have articulated from the Graduate Certificate in Business may receive advanced standing for 48 credit points.

This major allows students who obtain IELTS 6.0 with no sub-band lower than 5.0 to undertake the Postgraduate Business Pathway program on the condition they undertake two Communication units as electives in the first semester of their Masters course.

Course design

Students are required to complete 144 credit points of units. Please refer to the course structures for information on specific unit requirements.

Other Majors

See also separate entries to the following majors in this course: Accounting, Applied Finance, Human Resource Management, Integrated Marketing Communication, International Business, Management, Marketing, Philanthropy and Nonprofit Studies, Professional Accounting, Public Relations and Strategic Advertising.

Articulation

Students who have articulated from the Graduate Certificate in Business may receive advanced standing for 48 credit points.

English Language Requirement

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at: <http://www.qut.edu.au/study/applying/english-language-requirements.jsp>

Early Exit

Students may exit from the Master of Business (BS16) at the following stages, once those particular course requirements have been met:

- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies. Completion of 96 credit point units, where a minimum of 72 credit points are within the same discipline area, and as approved by the Subject Area Coordinator, is required for completion of the Graduate Diploma course.

Due to professional recognition requirements, students exiting from the Master of Business (Professional Accounting) major must complete all of the units in the Graduate Diploma in Business (Professional Accounting) course.

Students may apply to early exit with the Graduate Certificate course upon completion of a minimum of 48 credit points, in accordance with the course requirements of the relevant business discipline area.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

Domestic Entry requirements

A completed recognised Bachelor Degree (or higher) in Accounting with a grade point average of 4.0 (on a 7 point scale).

International Entry requirements

A completed recognised Bachelor Degree (or higher) in Accounting with a grade point average of 4.0 (on a 7 point scale).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved coursework or research option units to complete the Master of Business Advanced (BS17).

Students should follow the standard course progressions outlined in the discipline specific course structures otherwise difficulties with completing the requirements of the course may be encountered. Students should contact their discipline School for course progression advice if required. Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the previous five years, may be eligible for exemptions up to a maximum of 48 credit points.

Approved exemptions will apply to introductory studies or elective components in the discipline area you are studying and are not available for specified advanced units. No exemptions will be granted for non-Business related degrees, even if some business subjects may have been completed as part of the course.

Some applicants may require unit substitution where they have studied the equivalent of some introductory units in their undergraduate qualification. Choice of unit substitution is subject to approval by the Subject Area Coordinator.

Early Exit Options

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

Pathways programs

International students who do not meet language requirements can complete pathways units within selected majors. The Postgraduate Business Pathway program allows international students who have obtained IELTS 6.0 with no sub-band lower than 5.0 or TOEFL: 550 (paper-based), 213 (computerised) or 80 with at least 18 in all bands (Internet Based) to enter some majors of the Master of Business and Master of Business Advanced on the condition they undertake two Communication units (QCD111 and QCD211) in the first semester of their postgraduate business course. This option is applicable to following Majors:

- Strategic Advertising
- Applied Finance
- Integrated Marketing Communication
- International Business
- Marketing
- Public Relations

For more information please contact the QUT Business School International Student Office on 3138 1790.

Professional recognition

Certain units may assist with preparation for the professional programs offered by CPA Australia, Chartered Accountants Australia and New Zealand (CAANZ) and the Institute of Public Accountants as part

of their respective membership requirements, and for the Chartered Financial Analysts program.

Domestic Course structure

Students must undertake 192 credit points consisting of 36 credit points of compulsory units and 156 credit points of approved accounting coursework or research option units.

International Course structure

Example course units

- Financial Forensics and Business Intelligence
- Financial Analysis and Business Valuation
- Forensic Accounting and Investigation
- Governance Issues in Accounting
- Integrated Issues in Professional Practice
- International Accounting
- Superannuation and Wealth Management
- Taxation Law and Practice

Course design

Students must undertake 192 credit points consisting of 36 credit points of compulsory units and 156 credit points of approved accounting coursework or research option units.

Students who have completed an undergraduate degree in Accounting or Commerce within the last five years, may be eligible for exemptions up to a maximum of 48 credit points. Students who have completed the CPA Program with CPA Australia in last the five years or the Graduate Diploma of Chartered Accounting with the Institute of Chartered Accountants in Australia in the last five years may be eligible for exemptions up to a maximum of 96 credit points. For further information on exemptions, please refer to the Master of Business overview.

Facilities

Full-time students are provided with modern, well-appointed office space (which includes access to a desk, computer and telephone). There are break-out areas and meeting rooms where supervisors and industry partners can meet with their students. Discussion groups and small classes are also held in the meeting rooms. These premises offer new and continuing students a work environment conducive to study and progress and demonstrate a continuing commitment to the postgraduate program.

Supervision

You will receive individual supervision by a highly qualified and experienced academic staff member who will guide you through your advanced study.

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

This major allows students who obtain IELTS 6.0 with no sub-band lower than 5.0 to undertake the Postgraduate Business Pathway program on the condition they undertake two Communication units as electives in the first semester of their Masters course.

Overview

This course is designed for people with no or limited prior knowledge in finance who wish to change career direction or enhance their career options.

You will be introduced to managerial finance and economics, and move on to more advanced, practical studies in corporate finance, security analysis, portfolio management, trading and risk management. You will graduate with an understanding of the principles and

practice of finance, and have substantial conceptual and applied finance knowledge, and be prepared for careers such as a financial adviser, investment banker, or financial or equity analyst.

You will have access to a fully equipped Securities Dealing Room on campus, the first of its kind in Queensland. Live financial data, via the Bloomberg and Datastream networks, will allow you to experience the financial markets in real time, without the risks involved in real transactions.

The course also extends your knowledge if you are a graduate from a professional association such as FINSIA and may assist with preparation for the Chartered Financial Analysts (CFA) program.

Course design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved option (elective) units. Students should follow the standard course progressions as outlined in the below course structures otherwise difficulties with completing the requirements of the course may be encountered. Students should contact the School of Economics and Finance for course progression advice if required.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

Early Exit

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit

Master of Business (Applied Finance) - Advanced

from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

Overview

In today's rapidly changing business environment, Human Resource Management (HRM) professionals are confronted with the challenges of developing organisational and workforce capability. HRM expertise is also increasingly required by line managers, who now take a more active role in the development and management of their team members.

The Human Resource Management program is designed to increase the skills of both specialists and line managers and meet the individual learning goals and career aspirations of each student. The program provides flexibility for the busy professional to complete the degree part-time, focusing on real-world work issues of personal relevance. HRM professionals will develop a broader view of the nature of business, and the relationship between how people are managed and the organisation's performance in the global context of business.

Those who are undertaking HRM activities but have a background in other professional fields will gain the enhanced people management skills they require. The major also suits the needs of graduates who wish to move into the HRM profession.

The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate option (elective) units or a

48 credit point research dissertation (conditions apply).

The program prepares graduates for careers in generalist or specialist human resource professional roles. Generalist positions include human resources assistant, officer, manager or director and these may be located in corporate and private firms as well as public institutions. Specialist positions may include those involved with employment relations, recruitment and placement consulting, training and development specialists, management and executive coaching, as well as consulting careers.

Course design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved option (elective) units.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

To ensure that the program builds on prior academic and work experience, each participant in the HRM major receives an individualised study plan. Participants are therefore required to consult with the HRM coordinator regarding development of their study plan. Any subsequent changes to the approved program will require coordinator approval. Failure to obtain approval may affect a student's course progression and impact on their eligibility to graduate.

To ensure students are provided with a selection of units that best suits their prior knowledge and experience, HRM students should contact the School of Management on 3138 2744, or email manenq@qut.edu.au.

Early Exit

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to

Master of Business (Human Resource Management) - Advanced

complete their studies.
Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

listening	6.0
overall	6.5

This major allows students who obtain IELTS 6.0 with no sub-band lower than 5.0 to undertake the Postgraduate Business Pathway program on the condition they undertake two Communication units as electives in the first semester of their Masters course.

Overview

If you are interested in advertising, promotions or communications, you should consider an Integrated Marketing Communication (IMC) major. Studies in IMC will provide you with a systematic and comprehensive understanding of the theory and research integration of marketing communication.

The course focuses on refinement of analytical skills and knowledge required for decision making in the areas of advertising, marketing and public relations. IMC focuses on the strategic integration of the functions of public relations, advertising, promotion, direct marketing, and personal selling to achieve brand equity and increase the effectiveness of promotional communications with target audiences.

You will be equipped to confront the fragmentation of mass markets, the explosion of new technologies that give consumers more control over the communication process, the emergence of global markets, and rapid changes in economic conditions within which organisations operate.

Course design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved option (elective) units. Non-standardised course progression may result in unit selection difficulties.

Students should contact the for course progression advice.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

Early Exit

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

Domestic Entry requirements

A completed recognised Bachelor Degree (or higher) in any discipline with a grade point average of 4.0 (on a 7 point scale).

International Entry requirements

A completed recognised Bachelor Degree (or higher) in any discipline with a grade point average of 4.0 (on a 7 point scale).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

This major allows students who obtain IELTS 6.0 with no sub-band lower than 5.0 to undertake the Postgraduate Business Pathway program on the condition they undertake two Communication units as electives in the first semester of their Masters course.

Overview

Rules, regulations, government policy and the diversity of cultures and consumer needs and preferences all impact on how companies do business across borders.

International business skills are in high demand. These skills incorporate ethics, sensitivity and responsiveness to local cultures in new and diverse markets, while at the same time providing the planning, decision-making and strategic management these highly competitive operations need.

The international business environment is explored across a range of business disciplines, including accounting, finance, logistics, management and marketing.

The International Business program will give you the expertise and skills to succeed in organisations both in Australia and around the world, including multinational enterprises, smaller firms operating across borders, government agencies and consulting firms that serve international companies.

The Master of Business - Advanced allows you to further your knowledge with

the selection of four approved postgraduate option (elective) units.

Course design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved option (elective) units. Non-standardised course progression may result in unit selection difficulties. Students should contact the School of Advertising, Marketing and Public Relations for course progression advice.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

Early Exit

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

Other majors

See also separate entries to the following majors in this course: Accounting, Applied Finance, Human Resource Management, Integrated Marketing Communication, International Business, Management, Marketing, Philanthropy and Nonprofit Studies, Professional Accounting, Public Relations and Strategic Advertising.

English language requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all

Master of Business (International Business) - Advanced

degrees' at:

Overview

The management study area is designed for people from a broad range of occupations and professions who wish to enhance and further their career prospects by acquiring knowledge and skills in the area of management. Successful completion of the degree will provide the graduate with knowledge of the theoretical principles of management, and the skills to deal effectively and efficiently with real-world business problems in changing and dynamic environments. Participants will learn through practical application how to analyse business situations at strategic and operational levels, provide managerial solutions to business issues, and monitor the effectiveness of management decisions. They will learn how to effectively self-manage, to lead and manage teams and communicate competently in diverse contexts, thus gaining a competitive edge for managerial success.

Course Design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved option (elective) units. Students should follow the standard course progressions as outlined in the below course structures otherwise difficulties with completing the requirements of the course may be encountered. Students should contact the School of Management for course progression advice if required.

Students who have completed an undergraduate degree in a Business related or other cognate degree directly related to the discipline area within the last five years, may be eligible for exemptions up to a maximum of 48 credit points. For further information on exemptions, please refer to the Master of Business Advanced overview.

Entry requirement (domestic and international students)

For all specialisations the entry requirements are an undergraduate degree in any field or equivalent with an overall minimum GPA of 4 (on a 7-point scale).

Early Exit

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)

Overview

This course is designed to equip you with knowledge and skills for a career in the management of philanthropic and nonprofit organisations. Whether you work in a nonprofit organisation, are a public sector manager whose service delivery is through or partnered with nonprofit organisations, or are a private sector manager who engages in business with the nonprofit sector, this major can help build professional knowledge and skills relevant to the sector. Skills critical to nonprofit management, such as problem solving, creative thinking, negotiation, ethical practices, teamwork, leadership, networking and information management are incorporated into the teaching, learning and assessment.

The Master of Business - Advanced allows you to further your knowledge in another business discipline area with the selection of four approved postgraduate option (elective) units. Alternatively a 48 credit point dissertation may be undertaken.

Course design

Students must undertake 192 credit points consisting of 48 credit points of prescribed units, Complementary Studies units (12 credit points) and 48 credit points of QUT Business School Option (elective) units followed by a choice of either a 48 credit point dissertation or 48 credit points of further elective units. Students should follow the standard course progressions as outlined in the below course structures otherwise difficulties with completing the requirements of the course may be encountered. Students should contact the School of Accountancy for course progression advice.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

Orientation

Upon enrolling in this course, it is compulsory for students to attend the ACPNS Orientation and Intensive Weekend at the Gardens Point Campus of QUT. During this weekend students will participate in a specialised orientation program and also attend the first lectures of available units.

Further information on the ACPNS Orientation and Intensive is available at <http://www.bus.qut.edu.au/research/cpns/whatweteach/orientation.jsp>.

Early Exit Options

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their

Master of Business (Philanthropy and Nonprofit Studies) - Advanced

enrolment in the original award course for a period of 2 years.

Other majors

Overview

The Master of Business (Professional Accounting) - Advanced is a two year full-time program, and like the Master of Business (Professional Accounting), is tailored to provide a formal accredited accounting qualification for graduates from non-accounting disciplines. The Advanced program offers the advantage of studying additional units in advanced topics.

If you are looking to change your career direction or enhance your career options, accountancy is a dynamic profession that will provide you with a sustainable, challenging and diverse range of career paths. Professional accountants are in increasing demand nationally and internationally by organisations throughout the commercial, public and not-for-profit sectors. Accountants can work in commerce and industry, in public or chartered accounting firms, in government organisations or as individual practitioners.

Accounting is central to every business activity, and combining an accounting qualification with an existing degree in another discipline opens up a broad spectrum of career opportunities in Australia and overseas.

Course design

Students are required to complete 192 credit points of units. Students should

contact School of Accountancy for course progression advice.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

Early Exit

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

Professional recognition

Graduates meet the academic component of the requirements for enrolment in the professional program offered by CPA Australia, the Institute of Chartered Accountants in Australia and the Institute of Public Accountants. Graduates are also eligible for exemptions in the qualifying program for membership of the Association of Chartered Certified Accountants.

Other majors

See also separate entries to the following majors in this course: Accounting, Applied Finance, Human Resource Management, Integrated Marketing Communication, International Business, Management, Marketing, Philanthropy and Nonprofit Studies, Professional Accounting, Public Relations and Strategic Advertising.

English language requirements

In addition to the above academic entry requirements, standard English language

Master of Business (Professional Accounting) - Advanced

requirements apply. See the details for 'all degrees' at:

Domestic Entry requirements

A completed recognised Bachelor Degree (or higher) in any discipline with a grade point average of 4.0 (on a 7 point scale).

International Entry requirements

A completed recognised Bachelor Degree (or higher) in any discipline with a grade point average of 4.0 (on a 7 point scale).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

This major allows students who obtain IELTS 6.0 with no sub-band lower than 5.0 to undertake the Postgraduate Business Pathway program on the condition they undertake two Communication units as electives in the first semester of their Masters course.

Overview

Postgraduate study in public relations is designed for practitioners to sharpen or further their skills, or those seeking a career change to this field. The major is designed as a systematic and comprehensive survey of the discipline of public relations. It provides an overview of the foundations of public relations theory and practice, problems and opportunities in communicating with the corporate audience, theories underpinning public opinion and mass media effects, mass media strategy and tactics, and a systematic exploration of the planning, management and evaluation of public relations campaigns.

The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate option (elective) units.

Course design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved option (elective) units. Non-standardised course progression may result in unit selection difficulties. Students should contact the School of

Advertising, Marketing and Public Relations for course progression advice.

Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

Early Exit

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. listening	6.0
overall	6.5

This major allows students who obtain IELTS 6.0 with no sub-band lower than 5.0 to undertake the Postgraduate Business Pathway program on the condition they undertake two Communication units as electives in the first semester of their Masters course.

Overview

The strategic advertising major focuses on the management of the advertising function, including consumer behaviour, advertising management, creative strategy, media strategy, campaign planning and research. As a QUT advertising graduate, you could work as an advertising manager, planning and controlling the advertising for your employer and liaising with advertising agencies. You may work as an advertising planner or researcher, or within the media as a sales representative or copywriter.

The Master of Business - Advanced allows you to further your knowledge with the selection of four approved postgraduate option (elective) units.

Overview

The Master of Business Advanced gives you the opportunity to extend the Master of Business with an additional 48 credit points usually comprised of either, a research dissertation, further coursework studies in your chosen major, or coursework studies in another business discipline, giving you the opportunity to tailor your studies to suit your interests and professional requirements. Under certain circumstances the Advanced program can also provide a pathway to doctoral-level studies in the PhD or DBA programs.

Course design

Students must undertake 192 credit points consisting of 144 credit points of prescribed units and 48 credit points of approved coursework or research option units to complete the Master of Business Advanced (BS17).

Students should follow the standard course progressions outlined in the discipline specific course structures otherwise difficulties with completing the requirements of the course may be encountered. Students should contact their discipline School for course progression advice if required. Please note, students commencing in 2015 will also be required to complete a 24 credit point project.

Early Exit Option

Students may exit from the Master of Business Advanced (BS17) at the following stages, once those particular course requirements have been met:

- Master of Business (BS16) (Study Area A)
- Graduate Diploma of Business (BS79) (Study Area A)
- Graduate Certificate in Business (BS39) (Study Area A)

Students seeking to exit early from the Master of Business Advanced course and graduate with an approved exit course should lodge an application during the teaching period in which they expect to complete their studies.

Early exit from the Master of Business course should only be used for students whose circumstances restrict them from completing the original award course. This process is not designed to allow students to obtain multiple qualifications. Students who are approved to early exit from the Master of Business course will not normally be permitted to continue their enrolment in the original award course for a period of 2 years.

English language requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at:

<http://www.qut.edu.au/study/applying/english-language-requirements.jsp>

Domestic Course structure

Students must undertake 192 credit points consisting 144 credit points discipline core and elective units, and 48 credit points of complementary studies. Please note, students commencing in 2015 will also be required to complete a 24 credit point project. Students should follow the standard course progressions as outlined in the below course structures otherwise difficulties with completing the requirements of the course may be encountered. Students should contact their respective discipline school, depending on their choice of major, for course progression advice.

Visiting students and cross-institutional enrolment

Individual units within this course are available to both visiting students and cross-institutional students. Visiting students are students who undertake units at QUT for personal or professional development. Cross-institutional students are enrolled at another institution and opt to undertake individual units at QUT as part of their program. Entry for both visiting students and cross-institutional enrolment is based on merit and applications may be rejected if the applicant does not have an educational background appropriate to the units of study applied for or if there are insufficient places remaining in the class.

International Course structure

Overview

This course is designed to equip you with knowledge and skills for a career in the management of philanthropic and nonprofit organisations. Whether you work in a nonprofit organisation, are a public sector manager whose service delivery is through or partnered with nonprofit organisations, or are a private sector manager who engages in business with the nonprofit sector, this major can help build professional knowledge and skills relevant to the sector. Skills critical to nonprofit management, such as problem solving, creative thinking, negotiation, ethical practices, teamwork, leadership, networking and information management are incorporated into the teaching, learning and assessment.

The Master of Business - Advanced allows you to further your knowledge in another business discipline area with the selection of four approved postgraduate option (elective) units. Alternatively a 48 credit point dissertation may be undertaken.

Course design

Students must undertake 192 credit points consisting 144 credit points discipline core and elective units, and 48 credit points of complementary studies. Please note, students commencing in 2015 will also be required to complete a 24 credit point project. Students should follow the standard course progressions as outlined in the below course structures otherwise difficulties with completing the requirements of the course may be encountered. Students should contact their respective discipline school, depending on their choice of major, for course progression advice.

Visiting Students and Cross-Institutional Enrolment

Individual units within this course are available to both visiting students and cross-institutional students. Visiting students are students who undertake units at QUT for personal or professional development. Cross-institutional students are enrolled at another institution and opt to undertake individual units at QUT as part of their program. Entry for both visiting students and cross-institutional enrolment is based on merit and applications may be rejected if the applicant does not have an educational background appropriate to the units of study applied for or if there are insufficient places remaining in the class.

Articulation

Students who have articulated from the Graduate Certificate in Business Philanthropy and Nonprofit Studies may receive exemptions for up to 48 credit points. Students who have articulated from the Master of Business Philanthropy and Nonprofit Studies program may receive up to 144 credit point of exemptions.

Course Coordinator	Dr Vicky Browning (MBA)
Discipline Coordinator	Business Student Services on 3138 2050 or email bus@qut.edu.au

Domestic Entry requirements

- A Bachelor degree in any field from a recognised university with a minimum grade point average (GPA) of 4.5 (on QUT's 7-point scale). Applicants for the accounting study area must have an appropriate undergraduate degree in accountancy.
- A minimum 3 years full-time post degree work experience with minimum of 2 years relevant professional work experience and 1 year minimum supervisory/management experience.
- Submit two [referee reports \(DOCX file, 106.99 KB\)](#)

Additional entry requirements

Some applicants may be required to:

- Sit the Graduate Management Admissions Test (GMAT), the worldwide standard in aptitude assessment for admission to postgraduate management programs, and achieve a minimum score of 550. [GMAT details \(PDF file, 271.78 KB\)](#)
- Applicants may be required to attend a an interview with the MBA Director to demonstrate relevant work experience.

Additional information

Work experience

Relevant work experience indicates applicants will be able to contribute to class discussion. A minimum of three years full-time equivalent professional or managerial work experience is required after the completion of an undergraduate degree. To enable us to assess your work experience, a current curriculum vitae providing details of your roles, responsibilities and achievements is required.

Referee reports

All applicants must obtain two referee reports on the referee proforma. At least one referee report should be from your current employer. The referees may choose to send the recommendations directly to QUT (fax, email and postal addresses are provided on the proforma).

[Referee Report proforma \(DOCX file, 106.99 KB\)](#)

International Entry requirements

- A recognised Bachelor degree in any field from a recognised

university with a minimum grade point average (GPA) of 4.5 on QUT's 7-point scale. Applicants for the accounting study area must have an appropriate undergraduate degree in accountancy.

- A minimum 3 years full-time post degree work experience with minimum of 2 years relevant professional work experience and 1 year minimum supervisory/management experience
- Submit two [referee reports \(DOCX file, 106.99 KB\)](#).

Additional entry requirements

Some applicants may be required to:

- Sit the Graduate Management Admissions Test (GMAT), the worldwide standard in aptitude assessment for admission to postgraduate management programs, and achieve a minimum score of 550. [GMAT details \(PDF file, 271.78 KB\)](#)
- Applicants may be required to attend a an interview with the MBA Director to demonstrate relevant work experience.

Additional information

Graduate Management Admission Test (GMAT)

All applicants are required to undertake the GMAT. There will be no exemptions based on prior education or experience. GMAT test scores are valid for five years.

If you have already undertaken the GMAT QUT needs to see a certified copy of your Test Takers Score. If you are planning to take the GMAT, please have the results sent directly to QUT (our identification number is 1677).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

This double-degree program links the breadth of general management knowledge and skills of an MBA with the depth of expertise in a chosen specialist business discipline.

The MBA component equips you with knowledge and skills across a broad range of business areas. You will also attain a higher level of strategic thinking, enhance your abilities as a manager, and advance your leadership prospects.

The specialist masters component complements your MBA by adding deep specialist knowledge and skills, preparing you well for senior roles in progressive organisations.

Course design

Students are required to complete 192 credit points of units (96 credit points from the Master of Business (Study Area A) (BS16) and 96 credit point from Master of Business Administration (GS75). Please refer to the course structures for information on specific unit requirements.

Professional recognition

Certain units offered in the Master of Business (Accounting)/Master of Business Administration may assist with preparation for the professional programs offered by CPA Australia; the Institute of Chartered Accountants in Australia; the National Institute of Accountants as part of their respective membership requirements; and for the Chartered Financial Analysts program.

Graduates completing the Master of Business (Professional Accounting)/Master of Business Administration meet the academic component of requirements for associate

membership of CPA Australia, the Institute of Chartered Accountants in Australia, and enrolment in their respective professional programs.

Graduates completing the Master of Business (Applied Finance)/Master of Business Administration may meet the academic component of requirements for Senior Associate membership of the Financial Services Institute of Australia, and maybe entitled to full ASIC RG146 Tier 1 accreditation to provide financial product advice. Graduates may also meet the academic component of the requirements for the professional level membership of the Finance and Treasury Association Limited-Certified Finance and Treasury Professional, depending on prior study and elective chosen.

Early Exit

Students seeking to exit early from BS24 may be eligible for one or more of the following awards, subject to the relevant course requirements being satisfied.

- BS39 Graduate Certificate in Business (Study Area A);
- GS87 Graduate Certificate in Business Administration;
- BS79 Graduate Diploma in Business (Study Area A);
- GS41 Graduate Diploma in Business Administration;
- BS16 Master of Business (Study Area A)
- GS75 Master of Business Administration

Students may exit with no more than one award from the MBA program and no more than one award from the Master of Business program.

Articulation

The Master of Business/MBA (BS24) may be a pathway of study into the Doctor of Business Administration (DBA) (BS25). Additional pathways may be available through consultation with the Director of Graduate Studies.

Abbreviation

MBus(SAA)/MBA

Certain units offered in the Master of Business (Accounting)/MBA may assist with preparation for the professional programs offered by CPA Australia; the Institute of Chartered Accountants in Australia; the National Institute of Accountants as part of their respective membership requirements; and for the Chartered Financial Analysts program.

Graduates completing the Master of Business (Professional Accounting)/MBA may meet the academic component of requirements for associate membership of CPA Australia, the Institute of Chartered Accountants in Australia and the National Institute of Accountants, and enrolment in their respective professional programs.

Graduates completing the Master of Business (Applied Finance)/MBA meet the academic component of requirements for Senior Associate membership of the Financial Services Institute of Australia, and maybe entitled to full ASIC RG146 Tier 1 accreditation to provide financial product advice. Graduates may also meet the academic component of the requirements for the professional level

Master of Business/Master of Business Administration (MBA)

membership of the Finance and Treasury Association Limited-Certified Finance and Treasury Professional, depending on prior study and elective chosen.

Pathways to further study

The Master of Business/MBA (BS24) may be a pathway of study into the Doctor of Business Administration (DBA) (BS25). Additional pathways may be available through consultation with the Director of Graduate Studies.

Sample Structure

This course structure was updated in 2013 to reflect changes to both the MBA program and Philanthropy and Nonprofit Studies major in the Master of Business. If you have any questions about your enrolment and progression please contact the Graduate School of Business for the MBA, and the School of Accountancy for the Philanthropy and Nonprofit Studies major.

[Certificate in Business Administration](#) with a GPA 4.5 (or higher) students can articulate into the Executive Master of Business Administration.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

QUT's Executive MBA is designed to take experienced managers to new levels as highly skilled leaders.

The concept of 'knowing one's self' lies at the forefront of the program, facilitating the development of a deep understanding of personal goals and leadership traits.

In addition to self-realisation and leadership, the unique model for this Executive MBA program integrates fundamental units with more advanced elements that include organisational transformation, entrepreneurship, governance and corporate accountability. The program culminates in an international study tour to China, honing abilities to meet the demands of a quickly changing globalised society. During the tour, participants will learn the intricacies of negotiating and conducting business in a foreign land and applying commercial expertise in a vastly different culture.

Additionally, the program offers life coaches who will help individual cohort members establish clear goals for both their chosen career paths and personal lives.

With the Executive MBA's emphasis on corporate governance and leadership, cohort members will undertake a leadership practicum by shadowing a senior executive from industry, commerce or government. They will experience first-hand how leadership issues are handled in the real world at executive level.

Course design

The Executive MBA is a prescribed program. Students are required to undertake 24 units of 6 credit points each.

Executive Master of Business Administration

The intake for the EMBA is in January and the program runs for 22 months. Classes are scheduled once every four weeks over a Friday to Sunday weekend session, with 18-21 hours of classes per weekend session each month of the program; plus one intensive session (International Study Tour). The intensive block sessions allow students to schedule some dedicated time to study with minimal interference to their business commitments.

Advanced standing

Advanced standing may be granted only if the course units for which the advanced standing is being sought have been completed in the last five years from an accredited business school or university (eg AACSB, EQUIS, AMBA).

Advanced standing may also be granted at the discretion of the Graduate Studies Director under the following criteria:

1. The business school or university is highly ranked by an international publication or agency
2. There is a pre-existing exchange/cross-institutional agreement
3. The applicant is considered to be in the top third of his/her class cohort or has a GPA of 5.75 or more on a 7-point scale.

Further information

If you have any further questions regarding this course please contact the Graduate School of Business on 3138 6874, via email on emba@qut.edu.au or on Level 5, B Block, Gardens Point campus.

English Language Requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at: <http://www.qut.edu.au/study/applying/english-language-requirements.jsp>.

Abbreviation

EMBA

Domestic Course structure

The EMBA is structured into three components:

1. The Building Foundations component that provides foundation business knowledge and skills and the opportunity to engage in personal leadership development.
2. The Multi-Disciplinary Decision Making component that provides you with a broad spectrum of knowledge and skills on business

- disciplines to equip you to make holistic and multi-disciplinary decisions in complex environments.
3. The EMBA Integration and Specialisation component provides you with the skills and knowledge that allow you to take a broader systems perspective on issues that enable you to lead and make decisions in a complex, globalised business economy.

The Executive MBA program commences in January of each year. Classes are scheduled once every four weeks over a long weekend from Friday to Sunday with the inclusion of a two-week international study tour. These intensive weekend sessions allow participants to schedule dedicated time to study with minimal interference to their business commitments.

listening	6.0
overall	6.5

Course design

Units and concentrations in the MBA have been revised and will be offered from 2013. The MBA program is now made up of four components that build on each other to provide you with an integrated and multi-disciplinary curriculum to equip you to take on the challenges and opportunities of a complex business environment. For this reason it is important students follow the guidelines in planning their study progression.

Students can also refer to the Course Checklists for enrolment information.

Guidelines for Enrolment

Please refer to the Course Structure for the list of unit codes, titles and components of the course.

Building Foundation Units:

Students commence their MBA with the Building Foundation units and specifically with GSN405 Strategic Management. Students can then choose the order of the remaining Building Foundations units, dependent on the teaching period they are offered in. Students should finish this component with GSN403 Data Analysis and Decision Making.

Multi-Disciplinary Decision Making Units:

The next component is the Multi-Disciplinary Decision Making units which provide you with a broad spectrum of business knowledge and skills to equip you to take on the challenges and opportunities of a complex business environment.

Students should complete GSN473 Corporate Governance and Accountability as the last unit in this component. GSN490 Managing Technological

Innovation and GSN415 Leadership and Complexity are also best completed towards the end of this component.

Concentrations:

GSN464 Systems Thinking for Managers should be taken as soon after completing the Building Foundations component program so that you can develop an understanding of dealing with multi-dimensional problems in complex environments.

Entrepreneurship and Innovation

Concentration: students should complete GSN430 New Venture Funding and GSN431 New Venture Growth and Transitions before enrolling in the Integrated Workplace Project capstone units.

Leadership and Strategy Concentration:

students should complete GSN460 Advanced Strategy for Global Business before enrolling in the Integrated Workplace Project capstone units.

Discipline Specific Pathway: students can seek advice from the Graduate School of Business regarding their elective choices and recommended progression.

Integrated Workplace Project:

GSN570 and GSN571 are the capstone units for the MBA and will be completed at the end of the course. They provide students the opportunity to apply all they have learned to a real world venture or organisational opportunity in a complex business environment.

If you have any questions regarding your enrolment please contact QUT Business School Student Services on 3138 2050, via email on bus@qut.edu.au or at Level 1, B Block, Gardens Point campus

Special entry

Exceptional career accomplishments may be considered in place of a Bachelor degree. Successful exceptional applicants may be admitted to the Graduate Certificate in Business Administration and may later articulate into the MBA program under existing articulation rules (i.e. achievement of a Grade Point Average (GPA) of 4.5 or greater).

Advanced standing

Advanced standing may be granted only if the course units for which the advanced standing is being sought have been completed in the last five years from an accredited business school or university (e.g. AACSB, EQUIS, AMBA). Advanced standing may also be granted at the discretion of the MBA Director under the

following criteria:

1. The business school or university is highly ranked by an international publication or agency
2. There is a pre-existing exchange/cross-institutional agreement
3. The applicant is considered to be in the top third of his/her class cohort or has a GPA of 5.75 or more on a 7-point scale.

English language requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at:

<http://www.qut.edu.au/study/applying/english-language-requirements.jsp>

Further information

If you have any further questions regarding this course please contact the QUT Business School Student Services Office on 3138 2050, via email on bus@qut.edu.au or at Level 1, B Block, Gardens Point campus.

MBA

Domestic Course structure

The MBA program is made up of four components that build on each other to provide you with an integrated and multi-disciplinary curriculum to equip you to take on the challenges and opportunities of a complex business environment.

Each MBA unit of six credit points is delivered in a seven-week module (six weeks teaching with final assessment in week seven).

1. Building Foundations

- Strategic Management
- Communicating to Influence
- Economics in Business
- Problem Framing for Creative Action
- Accounting for Decision Making
- Fundamentals of Marketing Management
- Personal Leadership and Change
- Data Analysis and Decision Making

2. Multi-Disciplinary Decision Making

- Understanding and Leading Others
- Business Law
- Entrepreneurship
- Financial Management
- Human Resources Management Issues
- Managing Technological Innovation
- Leadership and Complexity

- Corporate Governance and Accountability

3. Concentrations

Students can then add greater depth in an area of interest by choosing a concentration in Leadership and Strategy or Entrepreneurship and Innovation or a specific discipline pathway from within the QUT Business School's postgraduate offerings or from other schools and faculties at QUT.

Entrepreneurship and Innovation

- Systems Thinking for Managers
- Investment Strategies for Technology
- Negotiation Skills and Strategies
- New Venture Funding
- New Venture Growth and Transitions
- Services Innovation

Leadership and Strategy

- Systems Thinking for Managers
- Investment Strategies for Technology
- Negotiation Skills and Strategies
- Stakeholder Engagement and Media Principles
- Improving Business Operations
- Advanced Strategy for Global Business

Discipline Specific Concentration

Students have two options within this concentration. They may complete 36 credit points from a specific area of interest in a discipline or 24 credit points plus Systems Thinking for Managers and one unit from the elective component of the MBA program. Discipline areas could include Accounting, Human Resource Management, Marketing, Finance or Healthcare

If you complete the Leadership and Strategy or the Entrepreneurship and Innovation concentration the title will appear on your academic transcript.

4. Integrated Workplace Project

The final component of the MBA program is made up of two capstone units which provide you with the opportunity to apply what you have learned in the program to real opportunities in a new venture or within an organisation.

- Integrated Workplace Project 1 - Business Research Methods
- Integrated Workplace Project 2 - Organisational Opportunities and Ventures

Those students who have completed the Entrepreneurial and Innovation concentration will undertake an Entrepreneurial project and those who

have completed the Leadership and Strategy concentration or the Discipline specific pathway will engage in a Consultancy project.

International Course structure

The MBA program is made up four components that build on each other to provide you with an integrated and multi disciplinary curriculum to equip you to take on the challenges and opportunities of a complex business environment.

Each MBA unit of six credit points is delivered in a seven-week module (six weeks teaching with final assessment in week seven).

1. Building Foundations

- Strategic Management
- Communicating to Influence
- Economics in Business
- Problem Framing for Creative Action
- Accounting for Decision Making
- Fundamentals of Marketing Management
- Personal Leadership and Change
- Data Analysis and Decision Making

2. Multi-Disciplinary Decision Making

- Understanding and Leading Others
- Business Law
- Entrepreneurship
- Financial Management
- Human Resources Management Issues
- Managing Technological Innovation
- Leadership and Complexity
- Corporate Governance and Accountability

3. Concentrations

Students can then add greater depth in an area of interest by choosing a concentration in Leadership and Strategy or Entrepreneurship and Innovation or a specific discipline pathway from within the QUT Business School's postgraduate offerings or from other schools and faculties at QUT.

Entrepreneurship and Innovation

- Systems Thinking for Managers
- Investment Strategies for Technology
- Negotiation Skills and Strategies

Domestic Entry requirements

Entry requirements

- Be sponsored by their employer
- A Bachelor degree in any field from a recognised university with a minimum grade point average (GPA) of 4.5 (on QUT's 7-point scale)
- Have a minimum five years full-time post degree work experience with a minimum of three years relevant professional work experience and two years minimum supervisory/management experience in commercial or project management
- Provide a CV demonstrating relevant work experience

You may be required to:

- Sit the Graduate Management Admissions Test (GMAT), the worldwide standard in aptitude assessment for admission to postgraduate management programs, and achieve a minimum score of 550. [GMAT details \(PDF file, 271.78 KB\)](#)
- Attend an interview with the Course Coordinator or nominee

International Entry requirements

This course is open to Australian non-student visa holders with study rights who meet all other entry requirements. This course is not available to students who hold or are intending to apply for an Australian Student Visa.

This is a sponsored program, so your enrolment must be sponsored by your employer. You must be able to provide written confirmation of this support when you apply.

You should be an experienced senior project manager, with a minimum of five years' project experience.

You must satisfy at least one of these requirements:

- have an undergraduate degree or
- Graduate Management Admissions Test (GMAT) score of 500 or higher; or
- under special circumstances, demonstrate comparable capability to the satisfaction of the course coordinator at an interview.

Minimum English requirements

Students must meet the English proficiency requirements.

overall	6.5

Course Design

The Executive Master of Business (Complex Project Management) is a prescribed program. Students are required to undertake 24 units of 6 credit points each.

Early Exit Options

All participants have the option to exit the program with a Graduate Certificate in Business after successfully completing eight units, or a Graduate Diploma in Business after successfully completing sixteen units.

Domestic Course structure

The Executive Master of Business (Complex Project Management) (EMCPM) comprises 24 units of study, plus executive coaching and expanding horizons.

You have the option of:

- exiting after successfully completing 8 units, and graduating with a Graduate Certificate in Business
- exiting after successfully completing 16 units, and graduating with a Graduate Diploma in Business (Complex Project Management).

Units are delivered in teaching blocks, which are seven weeks long on average.

Units of study

The academic units of study are grouped into three phases:

A. Understanding Yourself, Others and Complexity

1. Strategic Management of Complex Projects
2. Systems Thinking
3. Self Realisation and Personal Development
4. Problem Solving in Complex Environments
5. Communicating Effectively
6. Developing and Leading High Performance Teams
7. Understanding Organisational Behaviour and Culture
8. Workplace Project #1

B. Performing for Results

1. Acquisition Strategies
2. Complex Projects and the Law
3. Financial Analysis and Decision

Executive Master of Business (Complex Project Management)

Making

4. Planning for Risk and Change
5. Managing Innovation in Technology-Based Organisations
6. Building Organisational Capability
7. Business Planning
8. Negotiation and Mediation Strategies

Important Note

This course is an online course and there is no requirement for a face-to-face session.

Course Enquiries

Email: egsacoordinator@qut.edu.au
This course is offered by Queensland University of Technology as part of a joint collaboration with the other ATN universities as part of the e-Grad School Australia

Part-time students

Part-time students can enrol in one or two units per semester for up to six semesters maximum.

Early Exit Options

Graduate Certificate and Diploma exit points are available following completion of four and eight units.

Advanced Standing

Students with appropriate prior qualifications and/or professional experience may apply for advanced standing of up to 48CP towards the Master of Research Management and Commercialisation. Recognition for concurrent Professional Development activities may be possible. Registered members of professional societies may be eligible to receive advanced standing for approved professional development activities completed during enrolment in the award.

Domestic Course structure

Course structure

The Master of Research Management and Commercialisation is particularly suited to current or aspiring research management leaders, administrators and active researchers in corporations, universities and the public sector. The Masters builds on the content of the Graduate Certificate and allows you to develop a deeper understanding of the context and strategic issues involved in research management and commercialisation. You can tailor the course to your needs by applying these ideas and concepts to issues of relevance to you and, where possible, undertaking assessment through workplace-based projects.

Students enrolled in the masters-level course can choose to exit with an award of Graduate Certification or Diploma following the completion of four or eight approved units.

Course design

The Master of Business (Research) is a three semester or 18 month program (full-time equivalent), usually involving one semester of coursework in research skills development, followed by a two semester research program culminating in the submission of a thesis of approximately 40-50,000 words.

For entry without an Honours degree, students would usually complete a semester of coursework (48 credit points) followed by a dissertation (96 credit points).

For entry with an Honours degree, and where no further coursework is prescribed at point of admission, students must complete a dissertation (96 credit points).

A grade point average of 5.0 within the prescribed coursework must be maintained in order for BS92 enrolment to continue. It is normal for coursework to be undertaken at or near commencement of study, unless the applicant has already completed more or less identical subjects previously. The subjects, completed at the Gardens Point campus, include training in qualitative and quantitative methods and in research methodology.

Candidates are expected to have regular face-to-face contact with supervisors and participate in scholarly activities such as research seminars and colloquia. Teaching and publishing are also encouraged.

Management: [Dr Artemis Chang](#)

Marketing: [Associate Professor Ian Lings](#)

Philanthropy and Nonprofit Studies: [Professor Myles McGregor-Lowndes](#)

Public Relations: [Associate Professor Ian Lings](#)

Duration

The minimum period of enrolment for a student without an Honours degree is 1.5 years full-time (one semester of coursework units and two semesters for a dissertation).

Students will require an extension to exceed the equivalent of 1.5 years full-time to complete the program. The maximum period of enrolment would be two years (full-time equivalent). If a student's candidature exceeds this time period, they may be required to pay fees. Extensions beyond two years full-time equivalent are not permitted.

Abbreviation

MBS(Research)

Domestic Course structure

The Master of Business (Research) typically involves one semester (six months) of coursework in research skill development followed by a 12-month research program which culminates in a thesis of approximately 50 000 words.

Study areas

Students can study within the following school areas:

- Accountancy
- Advertising
- Banking and Finance
- Economics
- Entrepreneurship and Innovation
- Human Resource Management
- International Business
- Management
- Marketing
- Philanthropy and Nonprofit Studies
- Public Relations.

overall	6.5

Course design

The Master of Business (Research) is a three semester or 18 month program (full-time equivalent), usually involving one semester of coursework in research skills development, followed by a two semester research program culminating in the submission of a thesis of approximately 40-50,000 words.

For entry without an Honours degree, students must complete four approved coursework units (48 credit points) and a dissertation (96 credit points) as per the programs of study described under the individual majors.

For entry with an Honours degree students must complete a dissertation (96 credit points).

The QUT Research Student Centre enrolls all research students. However any questions regarding enrolment can be directed to the Research Studies Office in the QUT Business School on 3138 1407 or bus.research@qut.edu.au

A grade point average of 5.0 within the prescribed coursework must be maintained in order for BS92 enrolment to continue. It is normal for coursework to be undertaken at or near commencement of study, unless the applicant has already completed more or less identical subjects previously. The subjects, completed at the Gardens Point campus, include training in qualitative and quantitative methods and in research methodology.

Candidates are expected to have regular face-to-face contact with supervisors and participate in scholarly activities such as research seminars and colloquia. Teaching and publishing are also encouraged

Facilities

Full-time students are provided with modern, well-appointed office space (which includes access to a desk, computer and telephone). There are break-out areas and meeting rooms where supervisors and industry partners can meet with their students. Discussion groups and small classes are also held in the meeting rooms. These premises offer new and continuing students a work environment conducive to study and progress and demonstrate a continuing commitment to the postgraduate program.

Supervision

You will receive individual supervision by a highly qualified and experienced academic staff member who will guide you through your advanced study.

Course Availability

Mid-year entry and Part-time students should contact the Research Studies Office in the QUT Business School on 3138 1320 or bus.research@qut.edu.au for enrolment advice and course progression details.

While enrolled in the Master of Business (Research) program, students are required to present a seminar detailing their research proposal and attend the School research seminars.

Other Majors

See also separate entries for the following majors in this course: Accountancy, Advertising, Economics, Entrepreneurship & Innovation, Finance, Human Resource Management, International Business, Management, Marketing, Philanthropy & Nonprofit Studies and Public Relations.

It is normal for coursework to be undertaken at or near commencement of study, unless the applicant has already completed more or less identical subjects previously. The subjects, completed at the Gardens Point campus, include training in qualitative and quantitative methods and in research methodology.

Candidates are expected to have regular face-to-face contact with supervisors and participate in scholarly activities such as research seminars and colloquia. Teaching and publishing are also encouraged

Facilities

Full-time students are provided with modern, well-appointed office space (which includes access to a desk, computer and telephone). There are break-out areas and meeting rooms where supervisors and industry partners can meet with their students. Discussion groups and small classes are also held in the meeting rooms. These premises offer new and continuing students a work environment conducive to study and progress and demonstrate a continuing commitment to the postgraduate program.

Supervision

You will receive individual supervision by a highly qualified and experienced academic staff member who will guide you through your advanced study.

Course Availability

Mid-year entry and Part-time students should contact the Research Studies Office in the QUT Business School on 3138 1320 or bus.research@qut.edu.au for enrolment advice and course progression details.

Other Majors

See also separate entries for the following majors in this course: Accountancy, Advertising, Economics, Entrepreneurship & Innovation, Finance, Human Resource Management, International Business, Management, Marketing, Philanthropy & Nonprofit Studies and Public Relations.

Overview

The Master of Business (Research) trains students in research methodology techniques and critical evaluation appropriate to their field of study through a specified program of research under academic supervision.

Students can pursue advanced studies within their discipline. Students will develop their capacity to conduct rigorous independent research, as well as undertaking advanced coursework that integrates conceptual and practical issues within their discipline.

In addition, you are trained in analysing both the literature and debate in the substantive areas of the thesis topic at an advanced level. It may also provide an entry point to a PhD program.

Course design

The Master of Business (Research) is a three semester or 18 month program (full-time equivalent), usually involving one semester of coursework in research skills development, followed by a two semester research program culminating in the submission of a thesis of approximately 40-50,000 words.

For entry without an Honours degree, students must complete four approved coursework units (48 credit points) and a dissertation (96 credit points) as per the programs of study described under the individual majors.

Course design

The Master of Business (Research) is a three semester or 18 month program (full-time equivalent), usually involving one semester of coursework in research skills development, followed by a two semester research program culminating in the submission of a thesis of approximately 40-50,000 words.

For entry without an Honours degree, students must complete four approved coursework units (48 credit points) and a dissertation (96 credit points) as per the programs of study described under the individual majors.

For entry with an Honours degree students must complete a dissertation (96 credit points).

The QUT Research Student Centre enrolls all research students. However any questions regarding enrolment can be directed to the Research Studies Office in the QUT Business School on 3138 1407 or bus.research@qut.edu.au

A grade point average of 5.0 within the prescribed coursework must be maintained in order for BS92 enrolment to continue. It is normal for coursework to be undertaken at or near commencement of study, unless the applicant has already completed more or less identical subjects previously. The subjects, completed at the Gardens Point campus, include training in qualitative and quantitative methods and in research methodology.

Candidates are expected to have regular face-to-face contact with supervisors and participate in scholarly activities such as research seminars and colloquia. Teaching and publishing are also encouraged

Facilities

Full-time students are provided with modern, well-appointed office space (which includes access to a desk, computer and telephone). There are break-out areas and meeting rooms where supervisors and industry partners can meet with their students. Discussion groups and small classes are also held in the meeting rooms. These premises offer new and continuing students a work environment conducive to study and progress and demonstrate a continuing commitment to the postgraduate program.

Supervision

You will receive individual supervision by a highly qualified and experienced academic staff member who will guide you through your advanced study.

Master of Business (Research) (Public Relations)

Course Availability

Mid-year entry and Part-time students should contact the Research Studies Office in the QUT Business School on 3138 1320 or bus.research@qut.edu.au for enrolment advice and course progression details.

BSN503	Research Seminar
Plus select two (2) Elective units:	
These elective units may be taken from any 12 credit point postgraduate unit in the specialisation area (Public Relations), subject to the approval of the School Research Coordinator.	
Plus thesis units (96 credit points)	

Other Majors

See also separate entries for the following majors in this course: Accountancy, Advertising, Economics, Entrepreneurship & Innovation, Finance, Human Resource Management, International Business, Management, Marketing, Philanthropy & Nonprofit Studies and Public Relations.

Abbreviation

MBus(Research)

Domestic Course structure

The Master of Business (Research) typically involves one semester (six months) of coursework in research skill development followed by a 12-month research program, which culminates in a thesis of approximately 50 000 words.

International Course structure

For entry without an Honours degree, students must complete four approved coursework units (48 credit points) and a dissertation (96 credit points) as per the program of study for this major.

For entry with an Honours degree students must complete a dissertation (96 credit points).

Mid-year entry students

Students wishing to enrol in July should contact the Research Studies Office in the QUT Business School on 3138 1407 or bus.research@qut.edu.au for enrolment advice and course progression details.

Enrolment

The QUT Research Student Centre enrolls all research students. Any questions regarding enrolment can be directed to the Research Studies Office in the QUT Business School on 3138 1407 or bus.research@qut.edu.au

Domestic Entry requirements

Admission to the DBA course will be based on candidates having completed a minimum of five years senior level business or professional practice experience, and either:

- a Masters degree in Business Administration (MBA) with a GPA of 5.5 (on a scale of 7) or greater from QUT or another recognised institution; or
- a Masters degree in a business discipline area (e.g. Master of Business) with a GPA of 5.5 or greater from QUT or another recognised institution; or
- a Bachelor's degree in a business discipline with first or second class Honours Division A, or equivalent, from QUT or another recognised institution.

Admission is subject to these requirements, plus an interview and mutual acceptance of a study plan on a case-by-case basis, and subject to availability of a suitable supervisor.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

The DBA is a research-based qualification, designed to enable business professionals to make a substantial contribution to business practice by applying theoretical frameworks, methods and techniques towards solving contemporary and complex business problems.

This program suits business professionals who wish to improve their ability to make research-based business decisions. By undertaking the DBA, you will enhance and further develop your professional knowledge, skills and attributes while working to solve real-world problems using an empirical research framework.

You will develop your research and discipline-based knowledge and skill through the coursework units, independent research projects, and through your regular participation in

professional development workshops with other cohort candidates.

Course design

Students will complete 288 credit points consisting of:

- Discipline based coursework (48 credit points)
- Research skills training (48 credit points)
- Research project (192 credit points)

The QUT DBA can be completed in three to six years of study. The structure of the DBA program provides you with the option of maintaining full-time employment while undertaking the program. You may find that integrating your research with your work will allow you to accelerate your research phase and complete in the minimum amount of time.

If you currently hold postgraduate qualifications, such as an MBA or Master of Business, you may receive advanced standing for the first phase of the DBA program. This will enable you to start in your research skills training phase. Graduates will be positioned to be leaders within their industry with particular emphasis on research and development. Specifically, they will be able to:

- practise at a high level in a variety of organisational contexts
- apply innovative solutions to business problems and opportunities, through an understanding of new and relevant scholarship and the role and limitations of research in solving business problems
- present scholarly research to both academic and non-academic audiences.

Weekend doctoral seminars

Students will be expected to attend two intensive weekend doctoral seminars per year.

English Language Requirements

In addition to the above academic entry requirements, standard English language requirements apply. See the details for 'all degrees' at:

<http://www.qut.edu.au/study/applying/english-language-requirements.jsp>

Assumed knowledge

Applicants are assumed to have postgraduate-level knowledge of their proposed research area, or to develop such knowledge through appropriate

discipline based study in the coursework component of the degree.

Abbreviation

DBA

Domestic Course structure

The program is structured in three phases:

Postgraduate business coursework

This phase consists of 48 credit points of postgraduate discipline units. You will study up to eight coursework units and gain a firm grounding in your chosen field of management.

Research skills training

Phase 2 consists of a further 48 credit points of coursework to prepare you for your research projects. You will be taught how to approach your research using contemporary qualitative and quantitative research methods. There are three compulsory research units (36 credit points) plus an additional 12 credit points of complementary research units.

These 12 credit points may consist of:

- two eGrad School six-credit-point units, or
- one 12-credit-point QUT Business School or University research unit.

The eGrad School brings together a wide range of online activities and resources that are specifically designed for early career researchers, whatever their home university or location. Visit www.egradschool.edu.au

Research component

This phase is the core of the DBA—the research projects. This is where you will show your superior expertise in business administration and your profession. This phase consists of 192 credit points, with two options for completion:

- one DBA dissertation of approximately 50 000 words documenting the research project or projects, or
- three research papers of publishable quality. Papers are defined as journal articles, book chapters, and other forms of written scholarly works which are subject to a process of peer review similar to that of refereed journals. Each paper would be approximately 15 000 words.

Domestic Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of masters and Professional Doctorate by coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

International Entry requirements

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

Financial Guarantee

Acceptable forms of evidence include:

- A letter from an approved employer confirming the continuation of your salary; or
- A signed Scholarship Agreement between QUT and your sponsoring agency; or
- An accepted letter of offer from QUT

for a postgraduate research scholarship; or

- An approved external scholarship.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Location and duration

The PhD normally requires a minimum of three years of full-time study or its part-time equivalent. Study is normally undertaken at the Gardens Point campus but the University may approve study at an off-campus location (multi-modal study). Although QUT offers this flexibility, there will still be minimum attendance requirements and the University must be satisfied that adequate supervision and resources are available at the external location.

In general, the Business School does not support external PhD enrolment.

International Student Entry

Admission to the Doctor of Philosophy depends on an applicant's demonstrated research aptitude and the availability of supervision, infrastructure and resources needed for the proposed research project.

An applicant would normally hold:

- a relevant first or second class division A honours degree or equivalent, or
- an appropriate Masters degree or Professional Doctorate (by research or coursework)

Masters and Professional Doctorates degrees by coursework must contain a significant research component, normally no less than 25%.

Holders of Masters and Professional Doctoral by Coursework must:

- have a grade point average of at least 5.0 on a 7 point scale and
- present evidence of research experience and potential for approval

English language proficiency requires International applicants to meet an IELTS overall band score of 6.5 with no sub-score below 6.0.

FINANCIAL GUARANTEE

Acceptable forms of evidence include:

- A letter from an approved employer confirming the continuation of your salary;
OR

- A signed Scholarship Agreement between QUT and your sponsoring agency; OR

- An accepted letter of offer from QUT for a postgraduate research scholarship; OR

- An approved external scholarship.

Course Description

The QUT Study Abroad Certificate is awarded to students who complete one semester of an approved study program. To be eligible, you must successfully complete 48 credit points with a minimum grade of 4 in each unit. These units can be used for 48 academic credit points at your home institution (subject to approval by the home institution).

What can I study?

You can select from a comprehensive range of QUT subjects and custom-design your program to suit your interests and meet the requirements of your home university. You can choose from over 2200 units, including well over 300 pre-approved units for Study Abroad and Exchange students, in Built Environment and Engineering, Business, Creative Industries, Education, Health, Law, Justice and Science and Technology.

Entry Requirements

To be eligible for the Study Abroad program you need:

- a minimum one year of full-time study at a recognised university (this criteria applies to a majority of applicants however, high school students from some countries may meet the entry requirements).
- a GPA (Grade Point Average) of 2.5 or better (on a 4-point scale) or equivalent.
- an English Language Proficiency level in accordance with QUT requirements* if English is not your first language (QUT requirements are an IELTS overall score of 6.5 with no less than 6.0 in the sub-bands, or a TOEFL score of 575, or a computerised TOEFL score of 230).

* You may be exempt from taking a formal test if your secondary or post-secondary studies were conducted entirely in English and you have passed an English language subject or one or more Communication subjects.

Course Coordinator	Ken Beutel (kenneth.beutel@qut.edu.au)
Discipline Coordinator	

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	5.0
writing	5.0
reading	5.0
listening	5.0
overall	5.5

Semester Two	
BSD113	Economics
BSD115	Management
BSD119	Global Business
QCD210	Professional Communication 2

International Course structure

You will complete six of the business core units as well as two units of communication.

University Diploma in Business units

- Accounting
- Economics
- Global Business
- Management
- Marketing
- Working in Business
- Professional Communication 1
- Professional Communication 2

Extension English Sessions

For first-semester students, these sessions take place during weeks two to eight. Other QUTIC students in University Entry Programs may join the sessions, if their timetable permits. The aims of Extension English are to improve the student's English language proficiency in speaking, listening and overall writing ability in a relaxed environment.

In addition to developing these language skills, students have the opportunity to discuss cultural issues and ask questions about studying at university.

Progression

Requirements for a guaranteed place in the following QUT Bachelor degrees:

- have an IELTS score of 6.5 or its equivalent
- fulfil the Diploma course requirements, and
- Gain a Grade Point Average (GPA) for particular courses, as indicated below:

Students must study BSD126 Marketing if they are wanting to choose either the Public Relations or Advertising major in the IF27 Bachelor of Mass Communication program

Students who successfully complete the University Diploma of Creative Industries and meet the respective faculty requirements will receive up to one year's advanced standing and be guaranteed a place in one of the available bachelor programs from the Creative Industries Faculty.

Students who achieve a grade point average of at least 4.0 (on a 7-point scale), will receive 96 credit points (two semesters) of credit (advanced standing), with four semesters to complete:

- Bachelor of Mass Communication
- Bachelor of Creative Industries
- Bachelor of Media and Communication

Students who achieve a grade point average of at least 4.5 (on a 7-point scale), will receive 96 credit points (two semesters) of credit (advanced standing), with four semesters to complete:

- Bachelor of Entertainment Industries
- Bachelor of Journalism
- Bachelor of Fine Arts (Creative and Professional Writing)
- Bachelor of Fine Arts (Film, TV and New Media Production)
- Bachelor of Fine Arts (Interactive and Visual Design) – starting in February
- Bachelor of Fine Arts (Drama)

Students who achieve a grade point average of at least 4.5 (on a 7-point scale), will receive 96 credit points (two semesters) of credit (advanced standing), with five semesters to complete:

- Bachelor of Fine Arts (Interactive and Visual Design) – starting in July

Students who achieve a grade point average of at least 4.5 (on a 7-point scale), will receive 96 credit points (two semesters) of advanced standing for six semesters to complete:

- Bachelor of Fine Arts (Animation)

QUT International College

International students may upgrade to the QUT Bachelor of Information Technology through QUT International College at our Kelvin Grove campus.

The University Diploma in Information Technology is equivalent to two semesters of the Bachelor of Information Technology degree with a total of 96 credit points (48 standard credit points for a full-time semester).

In the University Diploma program, students study six degree core units as well as two English language units that have been designed to support the other core units.

Progression to the Bachelor of Information Technology

Students who successfully complete these eight units with a grade point average of 4 (on a 7-point scale) and obtain a grade of at least 4 in Professional Communication 2 are given two semesters full-time advanced standing towards their degree and are guaranteed a place in the Bachelor of Information Technology.

Students who complete the University Diploma in Information Technology are

also eligible for 96 credit points towards the Bachelor of Corporate Systems Management and Bachelor of Games and Interactive Entertainment.

Progression

- fulfil the Foundation course requirements,
- gain a grade of at least 5 (Credit) in Academic English 2 (QCF212) [Built Environment and Engineering students require a grade of 4 (Pass)]. Students progressing into SC45, ST30, ST31, HL22, HL46, HL47, NS40, OP45, PU43 plus selected double degree programs, require an IELTS score. Please refer to your QUT 'Offer Letter'.
- achieve the relevant faculty Grade Point Average (GPA) - this is calculated on final semester Level 2 units only.

If you do not meet faculty requirements you may apply to progress to a Diploma in Business, Information Technology or Creative Industries. You must:

- Successfully complete the Foundation Program
- Have a grade point average of 4.0, and
- Have at least a grade of 4 (Pass) in Academic English (QCF212)

Required Foundation Grade Point Average by Faculty

Engineering, Building and Planning - Required GPA 4.6

Business - Required GPA 4.8

Creative Industries (except Bachelor of Design) - Required GPA 4.4

Creative Industries - Bachelor of Design - Required GPA 4.6

Education - Required GPA 4.6

Health (except Nutrition & Dietetics, Psychology, Podiatry & Human Services) - Required GPA 4.6

Health - Human Services - Required GPA 4.2

Health - Nutrition & Dietetics - Required GPA 5.8

Health - Podiatry - Required GPA 5.8

Health - Psychology - Required GPA 5.0

Law (except Justice Studies) - Required GPA 4.8

Law - Justice - Required GPA 4.2

Science & Technology (except Medical Imaging Science) - Required GPA 4.6

Science & Technology - Information

Technology - Required GPA 4.8

Science & Technology - Medical Imaging

Science - Required GPA 5.8

Please refer to QUT 'Letter of Offer' for Bachelor of Pharmacy, Bachelor of Vision Science and double degree courses.

N.B. Grades in each unit are awarded on a scale from 1 to 7, with 7 being the highest.

reading	5.0
listening	5.0
overall	6.0

QC05-Stream A requires IELTS 6.0 overall and no subscore less than 5.0 or TOEFL ibt overall 80 and no subscore less than 18. QC05-Stream B requires IELTS 6.5 overall and no subscore less than 6.0 or TOEFL ibt overall 90 and no subscore less than 20.

Entry Requirements - Academic

Students must have met the academic entry requirements for their proposed postgraduate or undergraduate course.

Entry Requirements- English Language

IELTS 6.0 with no sub-score less than 5.0 or TOEFL iBT Overall score of 80 (at least 18 in all bands) or TOEFL 550 (paper) or TOEFL 213 (CBT) or equivalent, or successful completion of the EAP program (N.B. Students should also check visa requirements).

Description

The University Certificate in Tertiary Preparation is a one-semester program that enables students to receive a University certificate on successful completion. It is designed for students who may have already met the academic entry requirements for a QUT undergraduate or postgraduate degree, but who may not have met the English language and/or prerequisite requirements.*

This program provides two alternative streams:

Stream A is designed for students who have not met English and/or prerequisite requirements for their chosen undergraduate or postgraduate course. Most students may undertake one degree unit (for credit) whilst enrolled in the University Certificate in Tertiary Preparation program.

Stream B is for students who have met

English requirements but not prerequisite requirement for their degree, or who may wish to improve the standard of their academic English. These students may take one or two degree units (for credit) whilst enrolled in the University Certificate in Tertiary Preparation Program.

Both streams include intensive preparation for academic language, lateral thinking, research and presentation skills required for successful tertiary study. Small classes and dedicated staff ensure an excellent learning environment. Additional support is provided by Language and Welfare Advisers.

Alternatively, there may be some students who have already met both the academic and English requirements for a QUT degree entry, but who would prefer to undertake the University Certificate in Tertiary Preparation in order to prepare for academic study in a different tertiary environment.

*Students who require a Student Visa should check the English language requirements for a student visa from their country of origin.

Course Completion

Students must obtain at least a grade of 4 (Pass) in all units.

Progression

In order to progress to an award course, students must:

- fulfil the University Certificate in Tertiary Preparation course requirements
- gain a minimum grade of 4 (Pass) in Communication 2 or an IELTS 6.5 or equivalent,
- meet any other conditions detailed in the 'letter of offer' from Student Business Services.

Description

The aim of the EAP Advanced course is to assist international students to upgrade their English proficiency level for admission to university programs with higher English language level requirements. The course is designed to prepare students for independent study and to familiarise them with an Australian academic setting in terms of study techniques and student/lecturer relations and expectations.

Course Completion

To be eligible to receive EAP Advanced certification at the end of the course, students must complete all course requirements.

On successful completion of the course, students will receive a Completion & Attendance Certificate and a Statement of Results.

Progression

Successful completion of the EAP Advanced course, with the required overall grade of 65%, is a pathway into the following QUT award programs:

- CS45 Bachelor of Pharmacy
- CS40 Bachelor of Medical Imaging Science
- CS41 Bachelor of Radiation Therapy
- CS44 Bachelor of Podiatry
- NS40 Bachelor of Nursing (and associated double degrees)
- OP45 Bachelor of Vision Science

QC15 - IELTS Advanced

IELTS Advanced is designed to prepare candidates who have already achieved IELTS 6.5 (with no sub-score less than 6.0) or acceptable equivalent, for the IELTS Test, Academic Module. It is offered to those seeking to achieve a score of IELTS 7.0 or higher. This is a test preparation course and students must take an official IELTS test and achieve the required score.

The course will also familiarise students with an Australian academic setting in terms of study techniques and student/lecturer relations and expectations.

On completion of the IELTS Advanced program, students will take an IELTS test. For entry into programs that require a score of IELTS 7.0 or above, students must achieve this score in an official IELTS test to meet the requirements.

Entry Requirements - Academic

To be eligible for entry, applicants must have:

1. A conditional offer for a QUT degree program. Students without a conditional offer who wish to improve their academic English may also apply if they meet the English language entry requirements.

OR

2. Produce original documentary evidence of an IELTS score of a minimum 5.0 with reading and writing sub-scores of at least 5.0 (or approved equivalent). Students will also sit a placement test at the beginning of their course.

* You should check the English language requirements for a Student Visa from your country of origin.

Description

EAP Plus has been specifically developed for students who wish to commence their entry into an English for Academic Purposes course earlier. Successful applicants can enter the course at pre-intermediate level and immediately begin developing their English language and study skills in an academic context.

EAP Plus enables students to begin developing their English language and study skills in an academic context from a pre-intermediate level. The course aims to prepare students to attain the level of proficiency required for gaining entrance to, and succeeding in QUT undergraduate and postgraduate award programs. EAP Plus courses include:

- Academic reading and note-making
- Academic writing
- Listening and note-taking from lectures
- Speaking in academic settings
- Seminars and presentations
- Academic study skills
- Computing and Internet skills
- Library research

During the first 12 weeks of the EAP Plus

course, students will develop their paragraph writing, reading, listening and note-taking skills through theme-based topics at an introductory academic level, along with speaking and oral presentation skills in a highly-supported environment. Weekly grammar, paraphrasing and vocabulary development supports the reading, writing and note-taking components. Reading skills are also enhanced via extended reading practice and specific reading skills lessons.

The second half of the course will further develop independent study skills enabling students to operate effectively in an Australian academic setting in terms of study techniques and student/lecturer relations and expectations.

EAP Plus has its own internal assessment consisting of exams and assignments, and successful students will meet QUT's English language requirements.

Course Completion

To be eligible to receive EAP Plus Certificate at the end of the course, students must complete all course requirements.

On successful completion of the course, students will receive a Completion & Attendance Certificate and a Statement of Results.

Progression

Successful completion of the EAP Plus course provides a pathway into QUT undergraduate and postgraduate award programs for students who meet the academic requirements for these programs.

International Entry requirements

To be accepted into the program you must have successfully completed senior high school with the required grades. You must also have relevant vocational experience.

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	5.0
writing	5.0
reading	5.0
listening	5.0
overall	5.5

QUT International College

International students may upgrade to the QUT Bachelor of Information Technology through QUT International College at our Kelvin Grove campus.

The University Diploma in Information Technology is equivalent to two semesters of the Bachelor of Information Technology degree with a total of 96 credit points (48 standard credit points for a full-time semester).

In the University Diploma program, students study six degree core units as well as two English language units that have been designed to support the other core units.

Progression to the Bachelor of Information Technology

Students who successfully complete these eight units with a grade point average of 4 (on a 7-point scale) and obtain a grade of at least 4 in Professional Communication 2 are given two semesters full-time advanced standing towards their degree and are guaranteed a place in the Bachelor of Information Technology.

Students who complete the University Diploma in Information Technology are

also eligible for 96 credit points towards the Bachelor of Corporate Systems Management and Bachelor of Games and Interactive Entertainment.

International Course structure

University Diploma in Information Technology units

- Databases
- Building IT Systems
- Emerging Technology
- Industry Insights
- Programming
- Networks
- Professional Communication 1
- Professional Communication 2

Extension English Sessions

For first-semester students, these sessions take place during weeks two to eight. Other QUTIC students in University Entry Programs may join the sessions, if their timetable permits. The aims of Extension English are to improve the student's English language proficiency in speaking, listening and overall writing ability in a relaxed environment.

In addition to developing these language skills, students have the opportunity to discuss cultural issues and ask questions about studying at university.

Sample Structure

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended study: Chemistry, Maths C and Physics.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended study: Chemistry, Maths C and Physics.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.0

Professional Recognition

Full professional accreditation from Engineers Australia has been given for all primary majors in this course. In addition, Software Engineering also has full professional accreditation with the Australian Computer Society.

Second Majors

Depending on your choice of primary major, you may have the opportunity to undertake a second major or two minors. A second major is an established set of eight units (96 credit points) in the same discipline. A minor is an established set of four units (48 credit points) in the same discipline or from anywhere in the University. You will select your primary major, second major and/or minors after the completion of your first year.

Honours

EN40 students who meet GPA requirements are eligible to be awarded

Bachelor of Engineering with Honours. The Honours GPA requirements are set out in [MOPP – 5.2.5 Grading system – awards with honours and bachelor honours degrees](#).

Special Course Requirements

A candidate for the degree of Bachelor of Engineering must obtain at least 60 days of industrial experience/practice in an engineering environment as approved by the course coordinator.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Special Course Requirements

Students must complete 60 days approved industrial experience in an engineering environment, including 10 days specialist experience in the avionics industry as part of the Work Integrated Learning unit.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure Work Integrated Learning unit

Students must complete 60 days approved industrial experience in an engineering environment, including 10 days specialist experience in the avionics industry as part of the Work Integrated Learning unit.

Your course

Year 1

Common first-year units include the foundation of engineering mathematics, basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

A solid grounding in the basic terminology and work practices commonly employed in the aerospace industry provide an understanding of air, spacecraft flight control principles and safety aspects of aviation. Exciting wind tunnel tests and understanding of Mach number effects, fundamentals of aircraft performance, estimating range and endurance, take off and landing calculations and light envelopes also feature.

Year 3

Emphasis on the flight control systems of modern aircraft, which is one of the primary subsystems. You are introduced to methods for modelling the dynamic behaviour of aircraft, missiles and spacecraft, and criteria for stability. Systems engineering methodologies and techniques are applied to aerospace engineering projects such as design and operation of a fully autonomous micro air vehicle or rocket.

Year 4

Advanced concepts such as spacecraft guidance and navigation, orbit and altitude determination, dynamics for low earth satellites and also the dynamics of rocket ascent trajectories. Relevant RF and applied electromagnetic aerospace radio radar systems and navigation systems for aircraft are explored. You

Bachelor of Engineering (Aerospace Avionics)

undertake a one-year project and work integrated learning.

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Civil and Construction) must complete at least 60 days of industrial experience/ practice in an engineering construction environment as part of the Work Integrated Learning unit.

Second Majors and Minors

You will have the opportunity to undertake either a 2nd major or two minors (see options below).

CIVIL AND CONSTRUCTION ENGINEERING Second Major and Minor Options

Second Major:
Civil Infrastructure

Minors:

Civil and Construction Engineering minor *plus*

A minor from anywhere in QUT that is outside of the course. (see [University Wide Minors](#))

Please note: The Work Integrated Learning unit (BEB701) and the project unit (BEB801) that are required for professional recognition and were once part of an applications minor have now been moved to the core of the Engineering course.

International Student Entry

International students who are interested in mid-year entry should consult the Faculty of Built Environment and Engineering Student Services section regarding the course structure to be undertaken.

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Your course

Year 1

Common first-year units include the foundations of engineering mathematics, basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

Apply knowledge of fundamental engineering science in design areas of timber and concrete construction. Explore theoretical aspects of geotechnical and materials engineering. Your theoretical understanding is reinforced by practical experience in our laboratories. Develop skills in construction administration and project management. Engineering statistics mathematical skills also help your understanding of all aspects of engineering design.

Year 3

Increase your knowledge and skills in geotechnical engineering, construction management, law and other related construction practices. Explore steel construction. Continue to develop communication and organisational skills by writing reports, presenting seminars and working in small groups. Choose a second study area.

Year 4

Build on your third year to complete your second study area. Undertake a major project which will bring together all your previously mastered skills, and advance your communication skills in report writing and seminar presentation. You also complete your work integrated learning.

Second majors and minors

You will have the opportunity to undertake either a 2nd major or two minors (see options below).

Please refer [to the rules](#) before making your selection.

Electrical engineering second major and minor options

Second major:

- Civil Infrastructure

Minors:

- Civil and Construction Engineering minor

plus

Domestic Course structure

Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Your course

Year 1

Common first-year units include the foundations of engineering mathematics, basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

Apply your knowledge of fundamental engineering science in design areas of concrete construction. Explore the theoretical aspects of geotechnical, fluids and sustainable engineering. Your theoretical understanding is reinforced by practical experience in our laboratories. Engineering statistics mathematical skills also help your understanding of all aspects of engineering design.

Year 3

Increase your knowledge and skills in geotechnical and water engineering, and explore steel construction, highway and transport engineering. You are also introduced to environmental studies relating to population, resource management and environmental law. Continue to develop communication and organisational skills by writing reports, presenting seminars and working in small groups.

Year 4

Building on your third year by completing a major project which may be industry based will bring together all your previously mastered skills, and advance your communication skills in report writing and seminar presentation. You also complete work integrated learning. There are also additional electives to choose from.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended study: Chemistry, Maths C and Physics.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended study: Chemistry, Maths C and Physics.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.0

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Second Majors and Minors

You will have the opportunity to undertake either a 2nd major or two minors (see options below).

CIVIL ENGINEERING Second Major and Minor Options

Second Major:

Structural Engineering

Transport Engineering and Planning

Minors:

Civil Engineering minor

plus

A minor from anywhere in QUT that is outside of the course. (see [University Wide Minors](#))

Please note: The Work Integrated Learning unit (BEB701) and the project unit (BEB801) that are required for

professional recognition and were once part of an applications minor have now been moved to the core of the Engineering course.

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Civil) must obtain at least 60 days of industrial experience/practice in an engineering environment as part of the Work Integrated Learning unit.

Honours

EN40 students who meet GPA requirements are eligible to be awarded Bachelor of Engineering with Honours. The Honours GPA requirements are set out in [MOPP – 5.2.5 Grading system – awards with honours and bachelor honours degrees](#).

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Your course

Year 1

Common first-year units include the foundations of engineering mathematics, basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

Apply knowledge of fundamental engineering science in design areas of timber and concrete construction, and begin to explore theoretical aspects of geotechnical, fluids and sustainable engineering. Your theoretical understanding is reinforced by practical experience in our laboratories. Engineering statistics mathematical skills also help your understanding of all aspects of engineering design.

Year 3

Increase your knowledge and skills in geotechnical and water engineering. Explore steel construction, highway and transport engineering. Further develop communication and organisational skills by writing reports, presenting seminars and working in small groups. Choose your second study area.

Year 4

Build on your third year to complete your second study area. Undertake a major project which will bring together all your previously mastered skills, and advance your communication skills in report writing and seminar presentation. You also complete work integrated learning.

Discontinuation

From Semester 1 2010, this primary major has been discontinued. A second major in this discipline is currently under development.

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Minors

For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised engineering units.

Special Course Requirements

Students must complete at least 60 days industrial experience as part of the Work Integrated Learning unit in order to graduate.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Course Overview

The course is a collaborative program between the areas of Engineering and Information Technology which provides students with the electrical engineering and software development skills to seek employment as software engineers. The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This degree produces computer and electronic engineers especially suited for the development and application of electronic systems and computer systems in all areas of industry.

Career Outcomes

Software Engineers create, maintain and modify computer and software programs

such as operating systems or communications software. They may also evaluate and deploy new programming tools and techniques and analyse current software products. You may work in a range of occupational environments. Software engineers can work in Engineering/IT-specific industries, as well as in other organisations requiring software engineering expertise.

Professional Recognition

Full professional accreditation from Engineers Australia and the Australian Computer Society has been given for this course.

Special course requirements

Students are required to complete 60 days approved industrial experience as part of the Work Integrated Learning unit.

Honours

EN40 students who meet GPA requirements are eligible to be awarded Bachelor of Engineering with Honours. The Honours GPA requirements are set out in [MOPP – 5.2.5 Grading system – awards with honours and bachelor honours degrees](#).

Domestic Course structure Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Your course

Year 1

Common first-year units include the foundations of engineering mathematics, basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

You expand your knowledge of software development, and cover the fundamentals of analogue and digital electronics, and the approach to writing software to solve engineering problems. A mathematics unit is completed. Semester two expands on electronics circuit design, introduces fundamentals of telecommunications and networking protocols, and broadens computer programming skills.

Bachelor of Engineering (Computer and Software Systems)

Year 3

You build on your knowledge of software engineering principles, covering topics such as formal software engineering processes with an emphasis on agile methodologies, data structures and algorithms and modern software engineering practices. Microprocessors and embedded digital systems are explored. Principles of systems engineering and project management are introduced and applied through a real-world project.

Year 4

You undertake a major project which may be industry based, in which principles of software engineering learnt to date are brought together. Study also covers embedded systems and security. You also have the opportunity to take one or two electives.

Year 2

You expand your knowledge of electrical engineering, and cover the fundamentals of analogue and digital electronics, and the approach to writing software to solve engineering problems. You are introduced to fundamental concepts in electronics, telecommunications and software design. You apply these concepts and are introduced to fundamentals of electrical engineering design.

Year 3

You increase your knowledge and skills in more advanced units in control, power systems, electronics, signal processing and telecommunications. You continue to develop your communication skills by writing assignment reports and presenting seminars. You choose a second study area.

Year 4

In your final year you complete your second study area. You undertake a major project which may be industry based and brings together all your previously mastered skills and advances your communication skills in report writing and seminar presentation. You will also complete your work integrated learning.

Second majors and minors

You will have the opportunity to undertake either a 2nd major or two minors (see options below).

Please refer [to the rules](#) before making your selection.

Electrical engineering second major and minor options

Second major:

- Control Systems (previously Control and Manufacturing Engineering)
- Power and Energy Systems (previously Power Engineering)
- Signal Processing
- Telecommunications

Minors:

- Electrical Engineering minor

plus

- A minor from anywhere in QUT that is outside of the course.

Please note: The Work Integrated Learning unit (BEB701) and the project unit (BEB801) that are required for professional recognition and were once part of an applications minor have now been moved to the core of the Engineering course.

International Course structure

Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Your course

Year 1

Common first-year units include the foundations of engineering mathematics,

basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

You expand your knowledge of electrical engineering, and cover the fundamentals of analogue and digital electronics, and the approach to writing software to solve engineering problems. You are introduced to fundamental concepts in electronics, telecommunications and software design. You apply these concepts and are introduced to fundamentals of electrical engineering design.

Year 3

You increase your knowledge and skills in more advanced units in control, power systems, electronics, signal processing and telecommunications. You continue to develop your communication skills by writing assignment reports and presenting seminars. You choose a second study area.

Year 4

In your final year you complete your second study area. You undertake a major project which may be industry based and brings together all your previously mastered skills and advances your communication skills in report writing and seminar presentation. You will also complete your work integrated learning.

Second majors and minors

You will have the opportunity to undertake either a 2nd major or two minors (see options below).

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended study: Chemistry, Maths C and Physics.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended study: Chemistry, Maths C and Physics.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.0

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Second Major and Minors

You will have the opportunity to undertake either a second major or two minors (see options below).

MECHANICAL ENGINEERING Second Major and Minor Options

Second Major:

Motor Racing Engineering (previously Automotive Engineering)
Engineering Management
Heavy Mechanical Engineering

Minors:

Mechanical Engineering minor
plus

A minor from anywhere in QUT that is outside of the course. (see [University Wide Minors](#))

Please note: The Work Integrated Learning unit (BEB701) and project units (BEB801, BEB802) that are required for professional recognition and were once part of an applications minor have now been moved to the core of the Engineering course.

Special Course Requirements

A candidate for the degree of Bachelor of Engineering (Mechanical) must complete at least 60 days of industrial experience/practice in an engineering environment as part of the Work Integrated Learning unit.

Honours

EN40 students who meet GPA requirements are eligible to be awarded Bachelor of Engineering with Honours. The Honours GPA requirements are set out in [MOPP – 5.2.5 Grading system – awards with honours and bachelor honours degrees](#).

Domestic Course structure Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Your course Year 1

Common first-year units include the foundations of engineering mathematics, basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

You build your knowledge of engineering science in areas such as fundamentals of design, dynamics, fluid mechanics, manufacturing and mathematics. You also gain practical experience in our laboratories and are introduced to computational fluid dynamics (CFD). Your communication skills will also be advanced with an introduction to engineering drawing and assignment report writing.

Year 3

You increase your knowledge and skills in a number of professional areas, including

Bachelor of Engineering (Mechanical)

design, where you are introduced to solids modelling, materials and manufacture, instrumentation and control, dynamics, thermodynamics and stress analysis. You continue to develop your communication skills by writing assignment reports and presenting seminars. You choose a second study area.

Year 4

In your final year you complete your second study area. You undertake a major project which will bring together all your previously mastered skills, and advance your communication skills in report writing and seminar presentation. You will also undertake your work integrated learning.

Domestic Course structure Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Your course

Year 1

Common first-year units include the foundations of engineering mathematics, basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

Build your knowledge of fundamental engineering science in areas such as design, dynamics, fluid mechanics, manufacturing and mathematics. You are introduced to technical computing which is a specialist requirement for information technology. You gain practical experience in our laboratories and are introduced to computational fluid dynamics (CFD). Your communication skills are advanced with an introduction to engineering drawing and report writing.

Year 3

You increase your knowledge and skills in professional areas including design and thermodynamics. You are exposed to specialist areas such as electronics, microprocessors and mechatronics, operations management and machines. Throughout this level you continue to develop your communication skills by writing assignment reports and presenting seminars.

Year 4

In your final year you further your skills in specialised areas such as mechatronic systems design, instrumentation and control and computer intelligence. You also undertake an industry-based project which will bring together all your previously mastered skills, and advance your communication skills in report writing and seminar presentation. You will also complete your work integrated learning.

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Special Course Requirements

Students must obtain at least 60 days of industrial employment in an engineering environment as part of the Work Integrated Learning unit. Half of this experience must be in an industry related to Biomedical Engineering.

Honours

EN40 students who meet GPA requirements are eligible to be awarded Bachelor of Engineering with Honours. The Honours GPA requirements are set out in [MOPP – 5.2.5 Grading system – awards with honours and bachelor honours degrees](#).

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Your course

Year 1

Common first-year units include the foundations of engineering mathematics, basic principles of sustainability, electrical engineering, engineering mechanics, engineering design and engineering materials. These units provide a strong, fundamental overview of the three engineering streams: civil, electrical and mechanical.

Year 2

You build your knowledge of engineering science in areas such as fundamentals of design, dynamics, computer technology, fluid mechanics and mathematics. You are introduced to human anatomy which is a specialist requirement for medical engineering. You gain practical experience in our laboratories and are introduced to computational fluid dynamics (CFD). Your communication skills are advanced with an introduction to engineering drawing and assignment report writing.

Year 3

You increase your knowledge and skills in professional areas including thermodynamics and stress analysis. You are exposed to specialist areas such as biomedical engineering design, biofluids, biomaterials and human physiology. Throughout this level you will continue to develop your communication skills by writing assignment reports and presenting seminars. You also gain further professional learning in ethics and legislation.

Year 4

In your final year you further your knowledge in specialised areas such as modelling and simulation, biomedical instrumentation, instrumentation and control, and engineering asset

Bachelor of Engineering (Medical)

management. You undertake a major project which brings together all your previously mastered skills, and advance your communication skills in report writing and seminar presentation. You will also complete your work integrated learning.

Minors

For professional recognition you will undertake an applications minor which consists of a workplace intergrated learning unit, a project unit and two specialised engineering units.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended study: Chemistry, Maths C and Physics.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended study: Chemistry, Maths C and Physics.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.0

Career Outcomes

The degree will develop responsible professionals with a sense of social awareness, leadership skills and problem solving. QUT has very strong industry links in Process Engineering and has current practicing Process and Chemical Engineers teaching into this course which will provide opportunities for site visits, work integrated learning and research projects.

A degree in Process Engineering will equip students for a wide variety of employment. Process Engineers are predominantly employed in the following sectors/sub-sectors:

- Oil and Gas Production
- Mining
- Refining
- Mineral Processing
- Chemical and Petrochemicals
- Metal Production
- Food Processing

- Electricity Supply
- Pharmaceuticals
- Bio-process industries such as Biofuels and Waste Product Processing

Course Overview

A Process Engineer develops and optimises industrial processes to make the huge range of products on which modern society depends. Process engineering involves refining, renewing or modifying raw materials. In today's world, processing efficiently, sustainably and with a low energy footprint is key to business operations and profitability.

Professional membership

Graduates of this course will be eligible to apply for full professional membership of Engineers Australia

Minors

You will have the opportunity to undertake a minor from anywhere in QUT that is outside of the course. (see [University Wide Minors](#))

Honours

EN40 students who meet GPA requirements are eligible to be awarded Bachelor of Engineering with Honours. The Honours GPA requirements are set out in [MOPP – 5.2.5 Grading system – awards with honours and bachelor honours degrees](#).

Domestic Course structure

Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

International Course structure

Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Course Overview

The course is a collaborative program between the areas of Engineering and Information Technology which provides students with the electrical engineering and software development skills to seek employment as software engineers. The engineering component consists of studies in electronic systems engineering while the information technology component concentrates on software engineering. These studies integrate into a cohesive course which gives a wide and advanced study of modern electronic and computing systems. This degree produces computer and electronic engineers especially suited for the development and application of electronic systems and computer systems in all areas of industry.

Career Outcomes

Software Engineers create, maintain and modify computer and software programs such as operating systems or communications software. They may also evaluate and deploy new programming tools and techniques and analyse current software products. You may work in a range of occupational environments. Software engineers can work in Engineering/IT-specific industries, as well as in other organisations requiring software engineering expertise.

Professional Recognition

Full professional accreditation from Engineers Australia and the Australian

Computer Society has been given for this course.

Minors

For professional recognition you will undertake an Applications minor which consists of a Work Place Integrated Learning unit, a project unit and two specialised engineering units.

Special course requirements

Students are required to complete 60 days approved industrial experience as part of the Work Integrated Learning unit.

International Student Entry

International students must maintain an enrolment program that will allow them to complete their course within the specified timeframe of their eCoE (electronic Confirmation of Enrolment).

Domestic Course structure

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

Domestic Entry requirements 2013 questionnaires have closed

Questionnaires for the 2013 intake were due to completed on the 16 November 2012 and are now closed. If you had not submitted the questionnaire and you are considering applying to study in 2014 we recommend you read the following information as a guide only as it details requirements for entry in 2013 and these may change prior to the 2014 intake. You may also wish to consider applying for the standard entry program for 2013 entry.

Prerequisites

1. Must be a current Year 12 student or a student returning from a gap year who completed their Year 12 education in Australia.
2. Successful questionnaire

Additional entry requirements

In addition to applying through QTAC and you must also submit the [online Science and Engineering Dean's Scholars questionnaire](#) by the closing date.

Please note submitting the questionnaire with QUT is separate and in addition to listing the course as a preference with [QTAC](#). To successfully apply for entry into this course you are required to do both.

Closing date

Submit the [online questionnaire](#) with QUT by Friday, 16 November 2012.

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- Maths B
- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (4, SA). Recommended study: Chemistry, Maths C and Physics.

International Entry requirements

Prerequisite

1. Must be a current Year 12 student or a student returning from a gap year who completed their Year 12 education in Australia.
2. Successful questionnaire

Closing date

Submit the questionnaire with QUT by Friday, 16 November 2012.

Additional questionnaire

In addition to applying through QTAC and you must also submit the online Science and Engineering Dean's Scholars questionnaire (available October) by the closing date.

Please note: Submitting the questionnaire with QUT is separate and in addition to listing the course as a preference with QTAC. To successfully apply for entry into this course you are required to do both.

QTAC

Applicants will be notified via email when the questionnaire is available.

International Subject prerequisites

- Maths B
- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies. Recommended study: Chemistry, Maths C and Physics.

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.0

Please Note:

As of 2014, there will not be a separate QTAC entry point for the Science and Engineering Dean's Scholar Programs whilst the scholarship undergoes a further review.

Conditions as of 2013.

To keep a place in the Dean's Scholars program, students must:

- maintain enrolment full-time in the eligible undergraduate course
- graduate from the Bachelor of Engineering within 4 years of starting, except where you've taken a leave of absence approved by the Assistant Dean,

or there are other extenuating circumstances

- maintain a grade point average (GPA) of at least 6.0 each semester
- meet the requirements of program completion (for example work experience and work integrated learning)
- pay any costs associated with their program that aren't covered by the scholarship, including additional and repeated units
- demonstrate adequate participation in extracurricular elements of the program.

Students can:

- apply to change their course structure under exceptional circumstances. Students must apply through their academic mentor or course coordinator, and receive prior written approval from the Assistance Dean International and Engagement.
- apply [for other scholarships and bursaries](#), including ones associated with travel, as long as they are allowed to under the conditions of the other scholarship and under our [Industry sponsored student scholarships policy](#).

Financial Support as of 2013.

Successful applicants will receive:

- A scholarship of up to \$6,000 per annum, usually payable in 2 instalments of \$3,000 by the 2nd week of semester 1 and semester 2 of each year. The scholarship would apply for the full-time duration of the undergraduate degree, contingent upon students meeting the conditions of the program (refer to Conditions below). The total value of the scholarship is limited to \$18,000 for the 3 year programs and \$24,000 for the 4 year programs.

Special Course Requirements

Dean's Scholars are expected to maintain a GPA of 6.0 or above and complete 60 days of Industry experience. For a copy of the program rules and regulations please contact the [International and Engagement Portfolio](#) of the Science and Engineering Faculty.

Financial Support prior to 2013.

Students who enrol will receive a full scholarship that includes payment of all undergraduate Higher Education Contribution Scheme (HECS) monies for the bachelor program.

Professional Recognition

Full professional accreditation from Engineers Australia has been given for this course.

Course Structure

For full course structure details, please see [EN40 Bachelor of Engineering](#)

Domestic Course structure Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

International Course structure

Work Integrated Learning unit

Bachelor of Engineering students are required to complete at least 60 days of industrial experience in an engineering environment approved by the course coordinator as part of the Work Integrated Learning unit.

listening	6.0
overall	6.5

Course Overview

This degree equips you to build and apply creative, innovative IT solutions across diverse industries. A hands-on, real world based curriculum gives you the opportunity to explore a wide range of areas within IT, and gain deep understanding within your chosen area specialty, such as networking, software development, data warehousing, business processes, information management, web technologies, or digital societies. You experience an innovative, hands-on approach to learning through projects where you develop IT systems. You will be able to gain entrepreneurial skills if you wish to learn how to develop an idea into a commercial opportunity. You learn to harness your creativity and people skills to maximise the impact of your technical know-how relative to the IT marketplace. It positions you for a challenging and rewarding career within the global economy.

Course Design

Requirements for the completion of IN01 Bachelor of Information Technology (Study Area A) are as follows:

- 72 credit points (6 units) of IT Core units, which includes 24 credit points (2 units) of Option Units selected from an approved list.
- 120 credit points (10 units) of Major Core units
- 96 credit points of complementary

studies comprising of either a Second Major (8 unit set); or two Minors (4 unit set each); or one Minor (4 unit set) plus 4 elective units.

Majors

Choose your primary area of study, also known as your major, in the following specialisation areas: Information Systems or Computer Science.

Options List

The Bachelor of Information Technology Core Unit Options List comprises a range of units from which you choose to undertake two (2). You are able to undertake these options in any semester. The options include introductory units from a wide variety of disciplines offered at QUT.

Complementary Studies

Students may elect to undertake a Second Major (8 unit set), or two Minors (4 unit set each), or one Minor (4 unit set) plus 4 elective units.

Second Major:

A choice of one second major from:

- Technology Innovation and Design
- Computational and Simulation Science

Minors:

A choice of two minors from either Faculty or University Wide Options.

Professional Recognition

Professional recognition can be found in the individual majors of the Bachelor of Information Technology (IN01).

Pathways for Further Study

The QUT Bachelor of Information Technology is located at Level 7 of the Australian Qualifications Framework (AQF). Eligible graduates may continue their studies in these disciplines with an additional honours year in [\(IN10\) Bachelor of Information Technology \(Honours\)](#).

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (English (4,SA) and Maths A, B or C (4,SA)).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Overview

Computer science is the scientific and practical approach to computer-based system design, development and operation. Its subfields range from the fundamental principles of computation through to tools and techniques for IT system development and evaluation. It includes identifying and solving systems design issues associated with achieving critical properties such as correctness, efficiency, robustness, usability and security. Its application extends into specialised areas including mobile computing, artificial intelligence, robotics, and large-scale information management involving information retrieval and web search engines.

Career Outcomes

Computer Science graduates will:

- be experienced in the principles and practice of software development;
- be familiar with the principles and operation of networked systems; and
- have a sound understanding of the shared foundations underlying all modern computer-based technologies.

In addition, depending on their choice of optional study areas, they will have the opportunity to gain specific expertise in Information Security, Networks and Communications, Intelligent Systems, Data-Centric Computing, or Human-Computer Interaction.

Course Design

Your QUT Bachelor of Information Technology (Computer Science) degree consists of 288 credit points (24 units) arranged as follows:

- 72 credit points (6 units) of Computer Science Core units, which includes 2 units from a selected options list.
- 120 credit points (10 units) of Computer Science discipline units
- 96 credit points of complementary studies comprising of either a Second Major (8 unit set); or two Minors (4 unit set each); or one Minor (4 unit set) plus 4 elective units.

Computer Science Core Units

These units will engage you in understanding Computer Science from a practical approach with an understanding of a range of disciplinary and multidisciplinary perspectives. Later core units, together with the discipline specific units, will progress your learning development through experiential and enquiry based learning to apply this knowledge in practical systems development projects.

Computer Science Major Discipline Units

These units give you discipline level knowledge, skills and application competencies from introductory through intermediate, culminating with advanced graduate level units. They focus on developing your knowledge, practice and higher order thinking to an advanced level.

Complementary Studies Options

Second Major:

A choice of one second major from:

- Technology Innovation and Design Second Major
- Computational and Simulation Science Second Major

Minors:

A choice of two minors from the lists below:

- Business Process Management Minor
- Data-Centric Computing Extension Minor
- Information Systems Minor
- Enterprise Systems Minor

Bachelor of Information Technology (Computer Science)

- Human-Computer Interaction Minor
- Intelligent Systems Minor
- Mobile Applications Minor
- Networks and Security Minor
- Social Technology Minor
- Software Development for IS and Games Minor
- Technology Innovation Minor
- [University Wide Minors](#)

Professional membership

Graduates are eligible for membership of the ACS (Australian Computer Society)

Domestic Course structure

Requirements for the completion of IN01 Bachelor of Information Technology (Study Area A) are as follows:

- 72 credit points (6 units) of Information Technology Core units, which includes 24 credit points (2 units) of Option Units* selected from an approved list.
- 120 credit points (10 units) of Major Core units.
- 96 credit points of complementary studies comprising of either a Second Major (8 unit set) or two Minors (4 unit set each).

**Unit Options List - comprises a range of units from which you choose to undertake two (2). You are able to undertake these options in any semester. The options include introductory units from a wide variety of disciplines offered at QUT.*

Overview

Information systems focuses on identifying organisational requirements for applications and acquiring effective systems solutions, whether custom designed and built or selected and implemented, to meet the requirements. Skills involve the design and development of large database applications for business, as well as the purchase and implementation of packaged software addressing business problems. It does not require in-depth knowledge of computer programming but rather in-depth specialised knowledge of databases and software used in business or of the means to analyse business needs and, in partnership with the systems users, design solutions to the inefficiencies or ineffectiveness of business processes.

Career Outcomes

Information Systems graduates will have skills in design, systems thinking, stakeholder engagement and modelling and abstraction which position them to work as Business Analysts, IS Consultants, solving a range of organisational problems.

In addition, depending on their choice of optional study areas, they will have the opportunity to gain specific expertise in Business Process Management, Social Media, Mobile Application Development or Services & Solutions undertaken through complementary minors. Specific

skills in Service and Outcomes Management can be gained in the complementary minor called Service and Outcomes Management, which positions graduates for IT management roles within organisations.

Finally, further knowledge of and skills in design and innovation can be gained in the secondary major of Systems Innovation, which will lead to careers as IT innovators within enterprises, consulting companies or in their own start-ups.

Course Design

Your QUT Bachelor of Information Technology (Information Systems) degree consists of 288 credit points (24 units) arranged as follows:

a) 72 credit points (6 units) of Information Systems Core units, which includes 2 units from a selected options list.

b) 120 credit points (10 units) of Information Systems discipline units.

c) 96 credit points of complementary studies comprising of either a Second Major (8 unit set); or two Minors (4 unit set each); or one Minor (4 unit set) plus 4 elective units.

Information Systems Core Units

These units will engage you in understanding Information Systems from a range of disciplinary and multidisciplinary perspectives, expose you to the various outcomes available for pursuing studies in this field and introduce the fundamental basis for policy and practice. Later core units, together with the discipline specific units, will progress your learning development through experiential and enquiry based learning in collaborative environments.

Information Systems Major Discipline Units

These units give you discipline level knowledge, skills and application competencies from introductory through intermediate, culminating with advanced graduate level units. They focus on developing your knowledge, practice and higher order thinking to an advanced level.

Complementary Studies Options

Domestic Assumed knowledge

Before you start this course we assume you have sound knowledge in these areas

- English

We assume that you have knowledge equivalent to four semesters at high school level (Years 11 and 12) with sound achievement (English (4, SA) and Maths A, B or C (4, SA)).

International Subject prerequisites

- English

You must have achieved this study at a level comparable to Australian Year 12 or in recognised post-secondary studies (English (4, SA) and Maths A, B or C (4, SA)).

Minimum English requirements

Students must meet the English proficiency requirements.

IELTS (International English Language Testing System)	
speaking	6.0
writing	6.0
reading	6.0
listening	6.0
overall	6.5

Course Update

This course will be offered in 2014, however the course structure is being redeveloped and is subject to university approval.

For course updates please visit www.qut.edu.au/coursechanges

Why Choose This Course

This course is a collaboration between the faculties of Science and Engineering, and Creative Industries, allowing you to be taught design and technology skills from the experts in their field.

Massive cultural changes are occurring due to the advent of consumer 3D technology. This has changed the expectations and abilities of people, creating more jobs for the industry.

Queensland is leading the video game industry with figures showing the State earns more than any other from interactive entertainment. The State's game developers generate approximately \$55 million per year; a 40 per cent slice of

Australia's video games earnings, according to an Australian Bureau of Statistics report. Queensland game companies also employ almost half of the video game industry's workforce, with Brisbane becoming a hub of games talent, producing games for a worldwide audience.

Popular games titles produced in Queensland include Hellboy, Fruit Ninja, the children's game Viva Pinata Party Animals and Star Wars: The Force Unleashed.

Course Structure

The 24-unit degree comprises:

- seven (7) core units including a 24-credit-point final-year project
- eight units in your chosen major
- four units in a secondary area of study, also known as your minor
- four optional units where you can choose units from across QUT to complement your studies.

MAJORS

Choose your primary area of study, also known as your major, from:

Animation This major includes foundation studies in the production of animation and motion graphics; history of animation practices; and programming which includes object orientation, 3D computer graphics and computer generated art. You will develop skills enabling you to work in areas such as computer games, interactive media arts, web applications, sound design, adaptive music and interactive public art works.

Game Design This major provides you with hands-on game design experience, as well as knowledge of narrative and immersion (drawing the player into the game), and game-level design to provide the skills necessary to create interesting and unique game worlds.

Software Technologies This major will prepare you for careers in the game and simulation industries such as software tester, video game tester, game programmer and software tools developer. You will study technological aspects of computer games, games engine and tools development. Companies used to provide 'in-house' training for programming skills, however they are now turning to tertiary institutions to provide appropriately qualified graduates.

MINORS

- Animation
- Advanced Animation*
- Digital Media
- Entrepreneurship
- Game Design
- Legal Issues
- Marketing
- Mathematics for Games
- Mobile and Network Technologies
- Physics for Games
- Software Technologies
- Advanced Software Technologies[^]
- Sound Design

*Only available to those undertaking the animation major.

[^]Only available to those undertaking the software technologies major.

Professional Recognition

The Software Technologies major within this course is accredited by the Australian Computer Society (ACS). ACS accreditation is internationally recognised by the Seoul Accord.
