The Good Universities Guide 2021

Ranked 3rd in Australia

and 17th in the world's best young universities

Times Higher Education Young Universities Rankings 2021

More Year 12 students choose QUT as a #1 preference

than any other Queensland university

First in Australia and 16th in the world for communication and media studies

QS World University Ranking by subject 2021

Most popular business degree in Queensland

in 2020 QUT's Bachelor of Business received the
most QTAC first preferences of any business degree

Ranked 1st in Queensland

for employer-student connections and 101-110
globally for graduate employability

QS Graduate Employability Rankings 2020

Life as an international
QUT student

 YouTube

Get future ready with real-world experience

We know that a bright future begins with an experience that teaches you to question, to innovate and to collaborate. As a QUT graduate, you'll be in high demand. Here's why.

Innovative course design

With industry and government partners involved in course design, our degrees reflect the latest global thinking and standards.

Practical learning, technology centred

Practise first in our industry-standard labs, workshops, studios and clinics with technology used by professionals. Or work on simulations and real projects. Practical learning starts from your very first semester in some of our courses.

Teaching staff who are industry leaders

Want to know what's happening in your industry or profession? Looking for contacts to arrange work experience? Our courses are taught by full-time academic staff alongside part-time lecturers and tutors who are working in the field. This means they'll share their real-life examples and keep you in the loop about opportunities for projects, work experience and internships.

Work integrated learning (WIL)

Work experience can make a big difference when you're applying for your dream job. We build work integrated learning units into your course so you'll have opportunities to work with an organisation in your field, build important networks and learn what your future career could really be like.

Hear from our students

Victor Daroa
Papua New Guinea
Bachelor of IT/Bachelor of Engineering (Honours)
Completed Year 12 at King's Christian College

In my time at QUT I've been given the opportunity to start up and run my own sporting club, represent QUT in sport, run as a guild international student officer and now work as a QUT ambassador. Studying at QUT is always engaging as my units are assessed with industry-best practices, ensuring I have the necessary skills and confidence required to succeed after university.

Seohyun Yoon
South Korea
Bachelor of Engineering (Honours)
Completed Year 12 at John Paul College

QUT has been a perfect place for me academically, socially and culturally. I've had various opportunities including working as a QUT ambassador and volunteering at QUT events which helped me make a lot of new friends and be active in everyday life. I'm very happy that I chose QUT as I feel like I'm constantly developing my skills and knowledge and evolving my way of thinking—not only as a student, but also generally in personal growth.

Will Xu
China
Bachelor of Business (Advertising)/Bachelor of Fine Arts (Animation)
Completed Yr 12 at St. Laurence's College

It did not take me long to make up my mind to join the talented creators at QUT. I attended Open Day and was absolutely drawn by the passion of QUTers, who have access to all the equipment and resources they need to explore not just the real world, but also the world of fantasy, creativity and all the possibilities. I have enjoyed every minute of my journey at QUT. The opportunities QUT offers have already exceeded my expectations.

Bachelor of Communication (Digital Media)	421202	70.00	
Bachelor of Communication (Entertainment Industries)	421152	70.00	
Bachelor of Communication (Journalism)	421222	84.00	
Bachelor of Communication (Professional Communication)	421132	70.00	
Bachelor of Fine Arts (Creative Writing)	421432	70.00	

EDUCATION			Required subjects
Bachelor of Education (Early Childhood)	404162	72~	English, Maths+ + +, Science*
Bachelor of Education (Primary)	404202	72~	
Bachelor of Education (Secondary)	404492	72~	English, Maths+ + +

ENGINEERING			Assumed knowledge
Bachelor of Engineering (Honours) (Chemical Process; Civil; Computer and Software Systems; Electrical; Electrical and Aerospace; Mechanical; Mechatronics; Medical)	412502	75.00	Maths+ +
Diploma in Engineering	420201	60.00	Maths+ + +

HEALTH AND COMMUNITY			Assumed knowledge
Bachelor of Behavioural Science (Psychology)	425081	78.00	
Bachelor of Biomedical Science (Anatomical sciences; Cell and molecular biotechnology; Human biochemistry; Human physiology; Infection and immunity)	418401	72.00	Maths+ +, Biology or Chemistry
Bachelor of Clinical Exercise Physiology	425422	82.00	Maths+ +, Chemistry or Physics or Biology
Bachelor of Health Information Management	425391	72.00	
Bachelor of Human Services	425071	70.00	
Bachelor of Medical Imaging (Honours)	418182	99.95	Maths+ +, Physics
Bachelor of Medical Laboratory Science	418201	70.00	Maths+ +, Chemistry
Bachelor of Nursing	425231	87.00	Required: Proof of English proficiency^^^
Bachelor of Nutrition Science	425332	72.00	
Bachelor of Nutrition and Dietetics (Honours)	425442	96.00	Maths+ +, Chemistry
Bachelor of Pharmacy (Honours)	418512	80.00	
Bachelor of Podiatry	425222	82.00	
Bachelor of Public Health	425372	72.00	
Bachelor of Social Work	425042	72.00	
Bachelor of Sport and Exercise Science	425302	70.00	Maths+ +, Chemistry or Physics or Biology
Bachelor of Vision Science/Master of Optometry	425312	99.00	Maths+ +, Chemistry; Physics
Diploma in Health Science (Health Studies)	Not via QTAC	60.00	
Diploma in Health Science (Nursing)	Not via QTAC	60.00	

Area of study	QTAC code	ATAR	Details
---------------	-----------	------	---------

INFORMATION TECHNOLOGY			Assumed knowledge
Bachelor of Games and Interactive Environments (Animation; Game Design; Software Technologies)	418102	70.00	Maths+ + +
Bachelor of Information Technology (Computer Science; Information Systems)	418801	70.00	
Diploma in Information Technology	Not via QTAC	60.00	

LAW AND JUSTICE			Assumed knowledge
Bachelor of Laws (Honours)	417601	87.00	
Bachelor of Justice (Criminology and Policing; Policy and Politics)	417301	70.00	

SCIENCE AND MATHEMATICS			Assumed knowledge/Required subjects
Bachelor of Data Science	418871	87.00	Maths+ +
Bachelor of Mathematics (Applied and Computational Mathematics; Statistics;Operations Research)	418701	87.00	
Bachelor of Science (Biological Sciences; Chemistry; Earth Science; Environmental Science; Physics)	418011	70.00	Maths+ +
Bachelor of Science Advanced (Honours) (Biological Sciences)	418032	90.00	Prerequisite: Mathematical Methods; Biology
Bachelor of Science Advanced (Honours) (Chemistry)	418042	90.00	Prerequisite: Mathematical Methods; Chemistry
Bachelor of Science Advanced (Honours) (Earth Science; Environmental Science)	418052	90.00	Prerequisite: Mathematical Methods; Science*
Bachelor of Science Advanced (Honours) (Physics)	418072	90.00	Prerequisite: Mathematical Methods; Physics

QUT COLLEGE			Assumed knowledge
Intensive Program	Not via QTAC	60.00	
Standard Foundation Program	Not via QTAC	51.20	
Extended Foundation	Not via QTAC	51.20	

Education entry requirements

- You must have passed four semesters at Australian high school level or equivalent in English and General Mathematics, Mathematical Methods or Specialist Mathematics and at least one of Agricultural Science, Biology, Chemistry, Earth and Environmental Science, Marine Science, Physics or Psychology.
- You must have passed four semesters at Australian high school level or equivalent in English and General Mathematics, Mathematical Methods or Specialist Mathematics.

~ Relevant score and personal statement addressing suitability criteria.

Notes

^ Relevant score and portfolio

^^ Portfolio and interview

^^^ Bachelor of Nursing requires an evidence of English proficiency achieving IELTS score of 7 overall; speaking 7, listening 7, reading 7, writing 7 (or equivalent).

+ Audition

++ Mathematical Methods or Specialist Mathematics

+++ General Mathematics, Mathematical Methods or Specialist Mathematics

Courses with additional entry requirements (audition/interview/portfolio) have an early QTAC closing date. Additional entry application fee is free for international students.

Disclaimer

This information is correct and true at time of printing and provided as a guide. Please refer to [qut.edu.au/study/applying/international-year-12-students](#). Check course requirements for the most up to date information. You can also view the score conversion tables (including IB scores) online.

Our course offerings (including double degree options) can be viewed online at [qut.edu.au/international](#)

You must meet the minimum English language entry requirements: English, or Literature, or English and Literature, or English as an Additional Language (Units 3 & 4, C).

The equivalent Australian interstate senior English subjects or International Baccalaureate Diploma studies or the required grade in an accepted English language test may also meet the minimum English language requirement. [qut.edu.au/study/applying/international-year-12-students](#)

Pathways to QUT

Successful completion of a diploma program will guarantee you a place in the second year of selected QUT bachelor degrees. Visit [qut.edu.au/college](#) for more information.

Successful completion of	Credit towards bachelor program (advanced standing)	Bachelor program	Duration remaining to complete bachelor
Diploma in Business	96 credit points (equivalent to 1 year)	Bachelor of Business	2 years (4 semesters)
Diploma in Engineering	96 credit points (equivalent to 1 year)	Bachelor of Engineering (Honours)	3 years (6 semesters)
Diploma in Information Technology	96 credit points (equivalent to 1 year)	Bachelor of Information Technology Bachelor of Games and Interactive Environments	2 years (4 semesters)
Diploma in Creative Industries	96 credit points (equivalent to 1 year)	Bachelor of Creative Industries Bachelor of Communication Bachelor of Design (selected majors) Bachelor of Fine Arts (selected majors)	2 years (4 semesters)
Diploma in Health Science (Nursing)	84 credit points (7 units)	Bachelor of Nursing	2.5 years (5 semesters) (Feb entry)
Diploma in Health Science (Health Studies)	Up to 48 credit points (equivalent to 0.5 year)	Pathway into a range of Health bachelor programs	3-4 years depending on the chosen degree

After applying for your main bachelor course via QTAC, you can email qut.intadmission@qut.edu.au to request a pathway diploma or foundation offer. Alternatively, you will automatically receive a pathway offer if required after your results are released.

Your campuses. Your community.

Conveniently located

QUT has two inner-city campuses that put you in the middle of the action. Gardens Point is right in the city centre, beside the Brisbane River and city Botanic Gardens. Our Kelvin Grove campus is just three kilometres from the city and is part of the Kelvin Grove Village. Where you study will depend on the course you choose.

Getting here

Catch a ride to Gardens Point by ferry, train or bus, or take an easy commute to Kelvin Grove from the city and suburbs by bus. Limited parking is available at each campus. Our campuses are connected by a free shuttle bus, which is handy if you’re studying over both campuses. Even if you’re not, you can still hop on board anytime you like to use the facilities at either campus.

Our facilities

Both QUT campuses host a range of amazing facilities.

At Gardens Point you can experience the Science and Engineering Centre which is home to The Cube—one of the world’s largest and most advanced interactive learning and digital spaces. We have state-of-the-art lab facilities for everything from biomechanics and immunology to biofuels and supermolecular chemistry. We also have workshops, high-performance computing and visualisation, and simulation and virtual technology environments.

Our Creative Industries Precinct at Kelvin Grove is the most sophisticated and technically advanced creative space in Australia.

At the QUT Health Clinics you can work with real patients under the supervision of professionals.

In the Education Precinct, you’ll find learning spaces, study pods and community areas, as well as the Sphere—a digital LED globe suspended over two floors with a changing menu of innovative visual content.

Our students have access to study and community facilities including:

- libraries
- computing labs
- counselling and medical centres
- cultural precincts and exhibition spaces
- cafés and food courts
- bookshops and general stores
- licensed bars
- swimming pools
- fitness and sporting facilities.

Take a virtual tour of QUT’s campuses and amazing facilities

Scholarships

Receiving a QUT scholarship is a fantastic experience and privilege that will enhance your career. There are plenty of scholarships that you could be eligible for. Here are just a few of them.

SCHOLARSHIP	BENEFITS	ELIGIBILITY

If eligible, you will automatically receive the scholarship with your QUT offer letter</p> <p>Please refer to qut.edu.au/study/fees-and-scholarships/scholarships/qut-college-merit-scholarship</p>

QUT College of Excellence

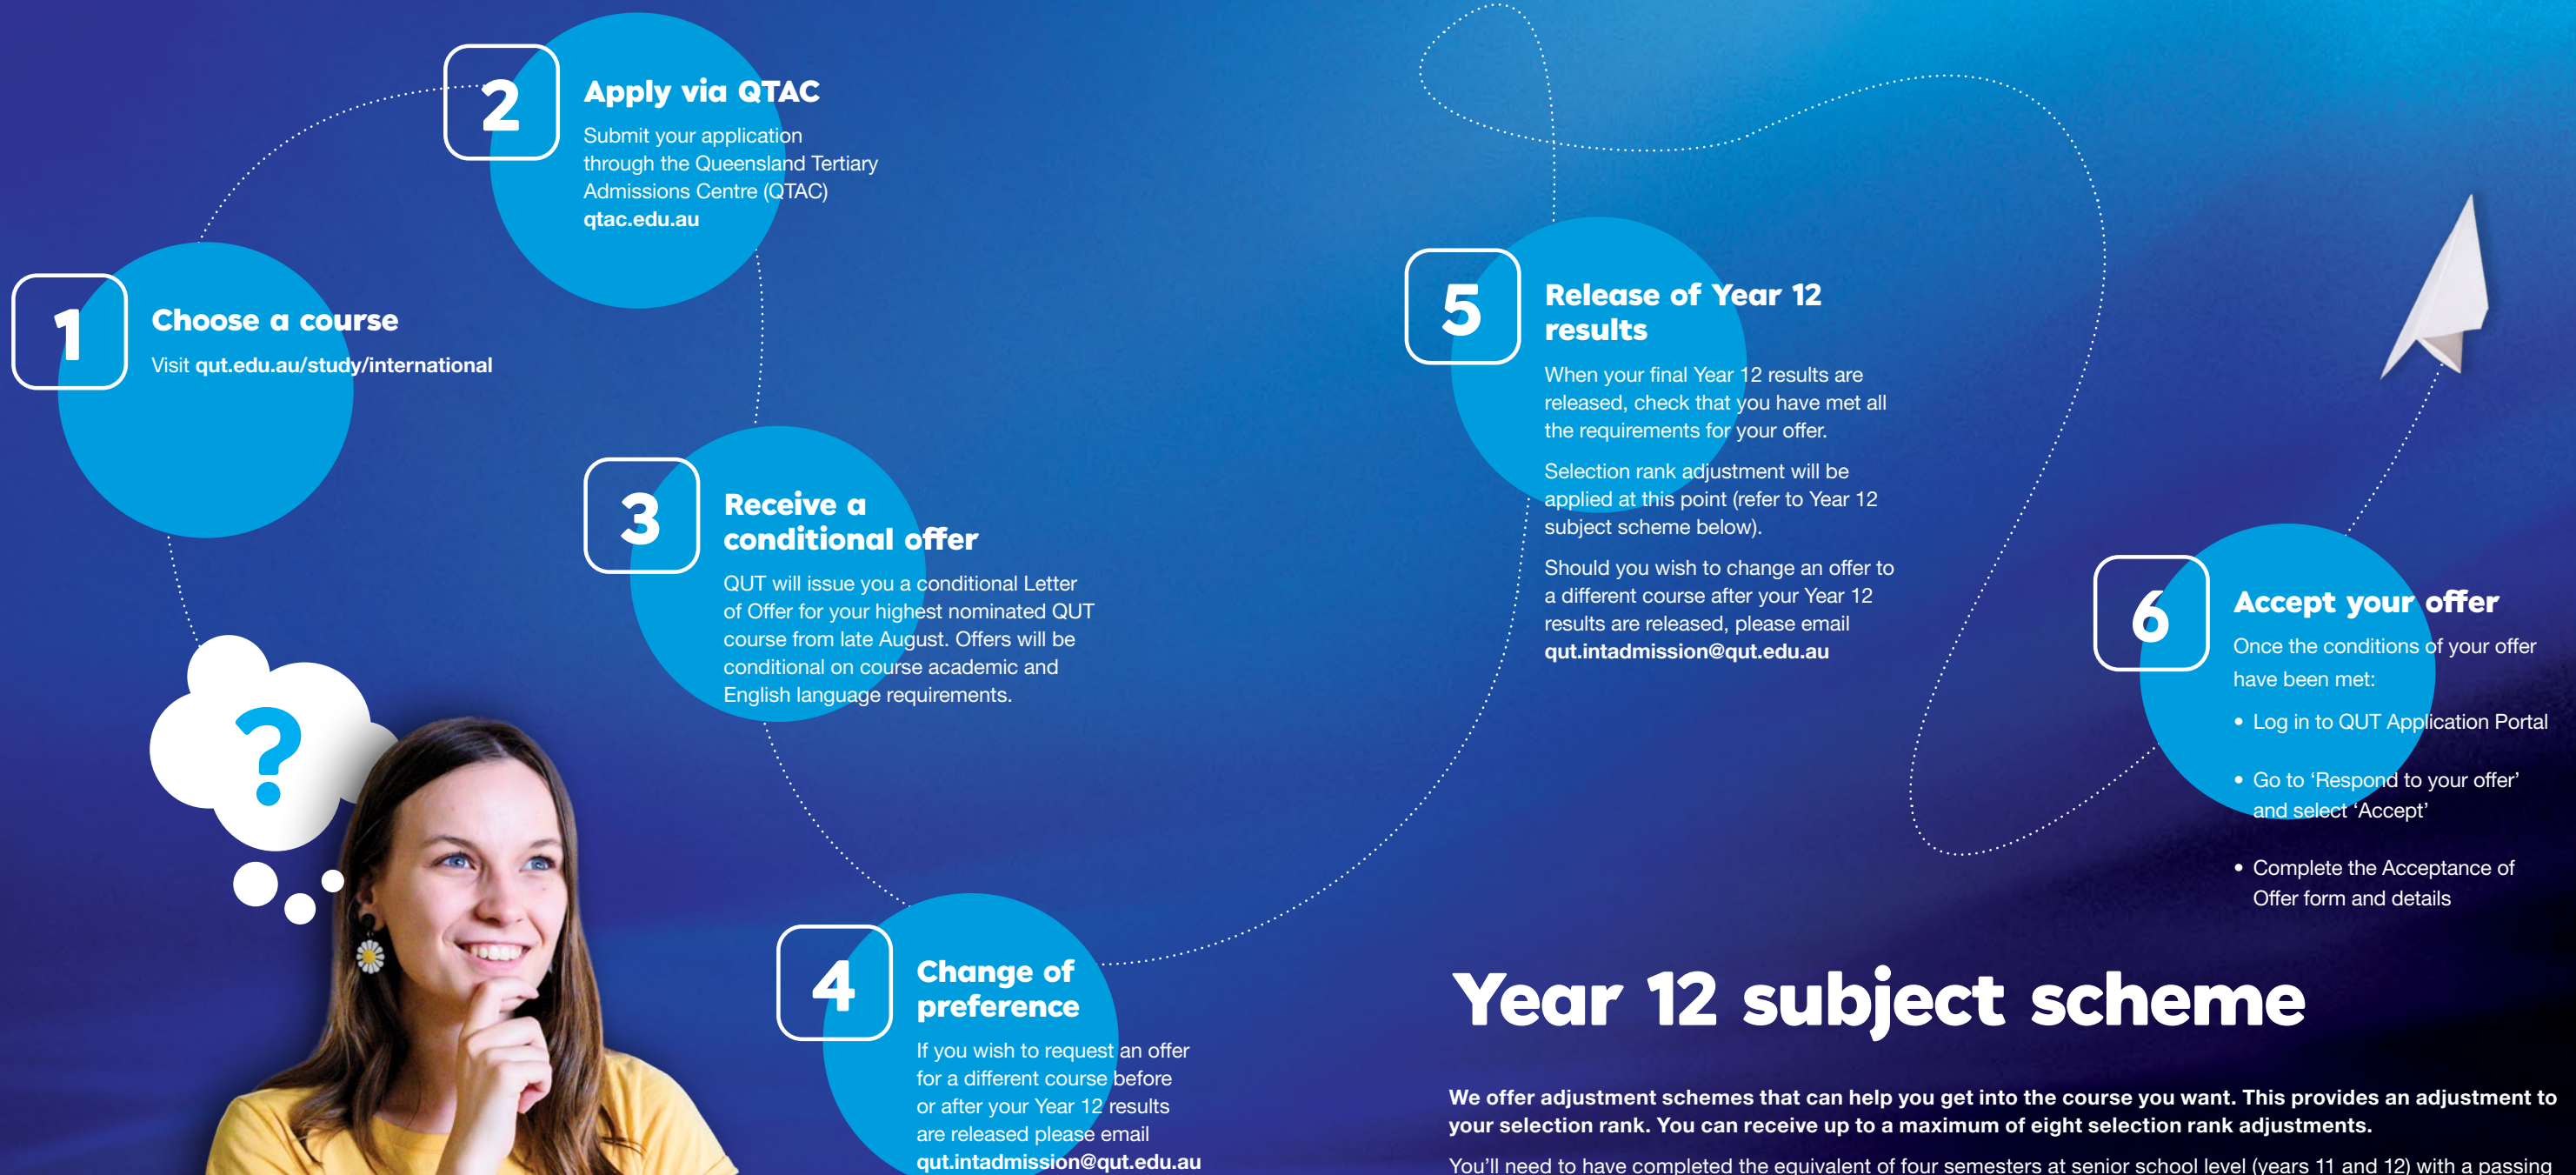

As a scholarship student, you are invited to join the QUT College of Excellence. Available to high achieving students, free membership provides personal and professional development programs to enrich your university experience.

For more scholarship information visit [qut.edu.au/international/undergraduate-scholarships](#)

Make QUT your first preference

If you like what you've seen here the next step is to apply. To make it as easy as possible, just follow the steps outlined on the following pages.

Year 12 subject scheme

We offer adjustment schemes that can help you get into the course you want. This provides an adjustment to your selection rank. You can receive up to a maximum of eight selection rank adjustments.

You'll need to have completed the equivalent of four semesters at senior school level (years 11 and 12) with a passing exit grade in specialist mathematics, physics, Languages other than English (LOTE), aerospace systems or engineering (for students who apply to study a QUT Bachelor of Engineering or related double degree) or university units (e.g. through START QUT).

You don't need to apply separately for the Year 12 subject scheme, QUT will calculate it automatically.

This scheme applies to 2021 Year 12 students applying for entry in 2022.

Check qut.edu.au/study/applying/adjustment-schemes if your course is applicable.
